

Chaos Hits Storm Riddled Atlantic

By United Press International
In Rockbridge County, Va., a man led his family from their burning home, dashed back in to save his parakeet and five-string banjo, and then stood by while the house burned to the ground.

The baby was finally delivered by a state trooper, who stalked a mile through six foot drifts to reach the house.

Two fire trucks were stuck in a snowdrift a few hundred yards away.

In Cincinnati, Ohio, the temperature reached freezing and the good burghers cheered. It was the first time in 2 1/2 weeks the temperature had gotten that high.

In the nation's capital, the manager of a car rental agency announced that more than 200 of his cars were missing. "Some of them we know are buried around National Airport," he said. "It may be days or weeks before we find the others."

On Gobbler's Knob, the fabled Punxsutawney, Pa., groundhog poked his head above ground, saw his shadow and predicted six more weeks of winter weather.

Residents of the eastern United States, continued shivering and shoveling themselves out of the worst winter in years. Today, it looked like they'll make it.

The snow in many areas was still as high as an elephant's eye, but one by one roads were being cleared, schools were being opened again, and families stranded by towering drifts were being brought out to civilization.

There were no sidewalks in Oswego, N.Y., today, but slim canyons with eight-foot-high snow towering on either side showed the city was slowly coming back to life after bearing its worst snow storm in memory.

Near Madonna, Md., Army helicopter pilot Maj. H. Beecher Dierdorff, 34, died Wednesday when his craft crashed while attempting to reach a snowed-in home where a young woman was expecting a baby. It was Dierdorff's fifth mercy mission in two days.

Viet Nam Soldier Asks Mom to 'Send Me a Gun'

SAINT JO, Tex. (UPI)—Airmen 2C Tommy Thompson wrote his mother, Mrs. Wilbur Thompson and asked her to send him a pistol so he could defend himself from the Viet Cong.

"Mother," he wrote from Viet Nam, "you asked me if there is anything you could send me with the next money order. Tell Daddy to buy me a .22 caliber pistol and send it to me.

"If you probably want to know why I want it I will tell you. Last night, the Viet Cong got onto the base. I had to sit in a bomb shelter and if they had gotten in, we would all have died. We didn't have time to check out our weapons."

"If you have a private gun, you can keep it in your locker."

"It's not good getting shot at and not being able to shoot back."

EMERGENCY SESSION CALLED

Chicago Educators Meet To Curb School Violence

CHICAGO (UPI)—Two junior high school students were stabbed by a schoolmate in a quarrel over a spitball.

CHUCKLES — Costumes for the Pampa Lions Club Minstrel Show, to be held March 11 and 12, bring chuckles to Bob Rogers, chairman of the costume committee (left), and Jim Manley, a singing specialist for the show. Rogers, 1706 Duncan and Manley, 101 E. 27th, are completing their preparations for the annual show.

CONTEST, CONCERT SATURDAY

Severinsen and NBC All-Stars Due Friday

Carl (Doc) Severinsen and his NBC All-Stars will arrive in Pampa tomorrow afternoon and night to act as judges and clinicians in Saturday's First Annual Stage Band Festival.

Severinsen will first arrive at mid-afternoon in order to go through a rehearsal with the Pampa High Concert Band.

Herbie Harper, a native son of the Panhandle who was graduated from Amarillo High in 1936, will arrive at Amarillo Airport from Los Angeles at 5 p.m.

Harper is a brother of Mrs. Joe Tooley of Pampa and currently plays with the NBC Orchestra on the West Coast. He is a trombonist.

Other judges in the Stage Band contests are scheduled to arrive at Amarillo from New York tomorrow night.

They include Tommy Newsom, tenor saxophonist; Derek Smith, pianist; Bobby Rosengardner, percussionist; and Bobby Haggard, bass fiddler, all members of the Skitch Henderson Orchestra with the Johnny Carson Tonight Show on NBC television. All will be met at the airport by

members of the Top O' Texans. Severinsen and the five NBC All-Stars will act as judges in the stage band contests which begin at 8:30 a.m. and run until 4 p.m. Saturday. Class A and AA bands will be judged in Pampa High School auditorium and Class AAA and AAAA will be judged at Robert E. Lee Junior High auditorium.

Free clinics for band members are scheduled from 5 to 6 p.m. A grand concert featuring Doc Severinsen, the Pampa High Concert Band, West Texas State University stage band and a last half program by Severinsen and the All-Stars will begin at 8 p.m. Saturday in the Pampa High Field House.

Approximately 300 to 600 good reserved seats for the concert still were left today in the field house which seats 3,000. Tickets are on sale at \$1.50 and \$2 in the lobbies of Pampa's two banks. If any are left, there will be a box office sale at the field house prior to Saturday night's performance.

Twenty-one high school stage bands are entered in the contest which is sponsored jointly by the Pampa Band Boosters Club and the Pampa Chamber of Commerce.

UN To Negotiate Viet Nam Peace

707 COMMUNISTS DIE

Second Highest Red Death Toll Taken in Battle

SAIGON (UPI)—At least 707 Viet Cong and North Vietnamese troops have been killed in "Operation Masher" led by the U.S. 1st Cavalry Division, an American military spokesman said today. It marked the second highest Communist death toll of the war.

Hundreds of American, South Vietnamese and South Korean troops have been participating in the coastal sweep 300 miles northeast of Saigon since last Friday.

Cavalrymen today reported killing 12 Viet Cong, bringing the Army's toll to 514 confirmed dead. The South Vietnamese have accounted for 118 and the ROK forces another 75.

The highest previous enemy death toll was 699 in the U.S. Marines' "Operation Starlight" last August.

Plane Crash

Two Americans, the pilot of a U.S. Air Force OIE Birdog plane and a passenger, were killed when the aircraft crashed while on a reconnaissance mission in "Operation Masher."

In the same area, a U.S. Marine F8 jet fighter crashed during the Leathernecks' "Operation Double Eagle." The pilot parachuted safely and was picked up by a rescue helicopter from the 7th Fleet carrier USS Valley Forge.

Informed sources in Saigon reported today there may be as many as 10 North Vietnamese regiments, some 15,000 to 20,000 men, now operating in South Viet Nam. The presence of seven regiments from the North has been confirmed.

Sources also said the North Vietnamese took advantage of the 37-day pause in U.S. air raids to construct as many as 10 new surface-to-air (SAM) missile sites.

Red Buildup

The Communists were said to have worked day and night during the bombing lull to rebuild roads and bridges along with a new airfield capable of handling MIG jets. The Hanoi regime's air force numbers about 70 planes.

A U.S. spokesman said late today the name of "Operation Masher" was being changed to "White Wing." This may have indicated the beginning of a new phase of the operation but the spokesman gave no reason for the name change.

It Smells Like I 'Bean' Here Before

POWELL, Wyo. (UPI)—Some like it hot, some like it cold but nobody likes bean soup when it's two weeks old, especially if there's two tons of it.

The beans have been "cooking" at Powell since a smoldering fire broke out in a storage bin two weeks ago. Firemen have been adding water to the "soup" every day.

This week a sign appeared on the edge of town: "Entering Powell: This Town Is Not Dead, It Just Smells That Way."

Parley In Geneva Holds Key

UNITED NATIONS, N.Y. (UPI)—Security Council members today began private discussions seeking agreement on resumption of the Geneva conference as a means of ending the Viet Nam war.

The United States scored a tactical victory in the Council Wednesday when Jordan's ballot put the Viet Nam conflict on the agenda for debate with the scant nine affirmative votes necessary for approval.

Russia and Bulgaria opposed the move and France, Mali, Nigeria and Uganda abstained. Because the move was a procedural question, the Soviet vote did not count as a veto. Immediately after the vote, Ambassador Akira Matsuji of Japan, Council president for February, suggested that informal, private discussions be started "to consider the most appropriate manner of conducting the debate."

Highly placed Western diplomats said such private discussions might consume 10 or 15 days before the council is called into public session again.

This procedure was said to have been suggested by Chief S. O. Adebjo, Nigerian ambassador, with the support of his African colleagues from Mali and Uganda. It was the procedure followed last fall when U.S. Ambassador Arthur J. Goldberg as Council president, held the members in private talks until agreement was reached on the Kashmir dispute between India and Pakistan.

The issue, even more thorny this time, centered on reconvening the Geneva conference which divided and neutralized the former French Indo-China in accords reached in 1954 and 1962.

The Soviet Union and Britain are co-chairmen of the Geneva conference. Russia thus far has rebuffed British overtures to join in issuing a call for new Geneva talks, reflecting the reluctance of Communist China or North Viet Nam to participate in a new round of negotiations.

WEATHER

PAMPA AND VICINITY—Clear to partly cloudy with continued warming tonight and tomorrow. Low tonight mid-20s, high tomorrow mid-40s. Saturday outlook: more of the same.

If it comes from a hardware store we have it. Lewis Howe. Adv.

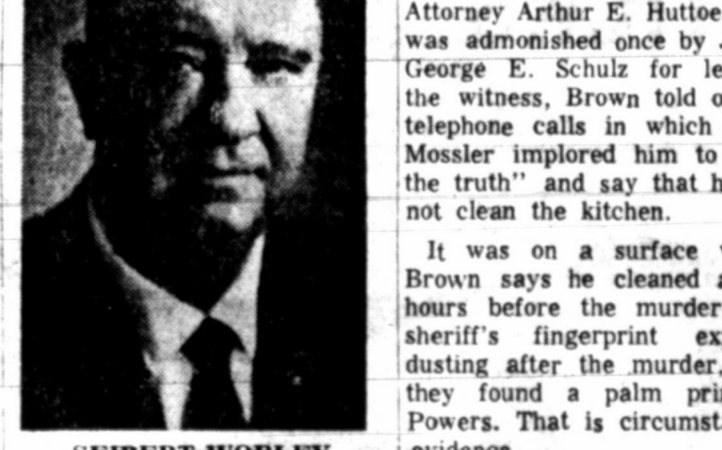

NEGRO HANDYMAN State Presents Key Witness' Testimony

MIAMI (UPI)—Mrs. Candace Mossler grimaced and whispered nervously to her attorney today when a Negro handyman calmly uttered the testimony which the state regards as the key in its attempt to send her and her darkly handsome nephew and alleged "lover," Melvin Lane Powers, to the electric chair.

Testifying as the fifth state witness in the 1st day of the trial, Roscoe Brown, a 17-year employe of the Mosslers, told how he scrubbed kitchen surfaces with soap and water the afternoon before the post-midnight stab-murder of multimillionaire Jacques Mossler, 69, Candy's husband.

Seibert Worley Formally Enters State Rep. Race

With the formal announcement today that Seibert Worley would seek the nomination for state representative in the new 84th

SEIBERT WORLEY...demo candidate.

District, the race became a two-way contest.

So far, Worley, a Democrat will oppose Malouf Abraham, a publican, for the seat vacated by Grainger McIlhany who has announced his candidacy for judge of the 13th Judicial District.

Worley, three-term mayor of

Who Will Succeed Mao Tse-Tung In Red China?

By LEON DENNEN
Foreign News Analyst
Newspaper Enterprise Assn.
NEW YORK — (NEA) — Mao Tse-tung just turned 72, and as the custom in Red China's imperial Marxist-Leninist society, no official celebrations marked the occasion.

Only a conference of top army commanders paid public tribute to the infallible leader by telling the Chinese soldier that he could learn to cope with an American nuclear attack by studying Mao's teachings.

"People armed with Mao Tse-tung's teachings and thinking have the greatest combat power," the commanders said, according to Hsinhau, Peking's official press agency.

Assuming that Mao's teaching and thinking are more powerful than a nuclear bomb, he is, after all, mortal. Diplomats from Communist East Europe also report that he is a very sick

man. Even if he lives to a ripe old age he will be forced, in the normal course of biological de-

terioration, to relinquish his arduous post as China's supreme leader in another few years.

Who, then, will succeed Mao Tse-tung? And what guarantee is there that Maoism, like Stal-

inism in Russia, will continue as the ideological trend in Red China?

According to East European diplomats, there is evidence that Mao is facing increasing opposition from younger elements among China's Communist rulers. They are disgruntled over his failure to achieve an economic breakthrough and by Peking's growing isolation in the Red world.

Mao's leadership has not been a conspicuous success since he seized power in 1949. His imperialist policies have been checked in Southeast Asia primarily because of President Johnson's decision to make a stand in Viet Nam. As a result, he also suffered serious rebuffs in relations with the governments of the nonaligned Asian and African nations.

Peking's ideological quarrel with Moscow has suddenly taken (See CHINA, Page 3)

man. Even if he lives to a ripe old age he will be forced, in the normal course of biological de-

terioration, to relinquish his arduous post as China's supreme leader in another few years.

Rotarians Hear Retirement Talk

The problems of retirement was the subject of a talk before the Pampa Rotary Club by senior active member Hugh Peoples yesterday in the Coronado Inn. Peoples said that individuals should make the right kind of plans for retirement so that he won't become a liability to himself, his family, or society. The speaker recently retired from the grocery business and is now a realtor.

A new member, Doll L. Doubit, was introduced to the club by Floyd Watson. His classification will be oil well coring.

Fred Tinsley, son of Mr. and Mrs. Fred Tinsley, 1916 Evergreen, was named Junior Rotarian for the month of February. Fred, a senior at Pampa High School, is a member of the student council, the golf team and is sports editor of the 'Little Harvester'.

The annual 'Ladies Night' banquet will be held on Feb. 15 at the Coronado Inn, according to club president Loyal Davies.

China

(Continued From Page 1)

en a dramatic turn in favor of the Russians. Even Cuba's Fidel Castro has deserted Red China's camp.

All this does not mean, of course, that when Mao goes younger men or more "liberal" Communists will at once take the helm in China. That is not the way changes occur in a Red dictatorship.

As far as it can be predicted, Mao's immediate successor will come from the membership of the all-powerful Politburo which consists of the supreme leader's closest comrades-in-arms. As of today, the leading contenders for the job are Liu Shao-chi, the top ideologist after Mao, Premier Chou En-lai and Teng Hsiao-ping who serves as general secretary of China's Communist party.

Obituaries

Mrs. H. T. Beckham Funeral services for Mrs. H. T. Beckham, 71, of 417 Doucette, who died at 11:20 a.m. yesterday in a local hospital following a lengthy illness, will be at 2 p.m. tomorrow in Central Baptist Church. Rev. T. O. Upshaw will officiate. Interment by the side of her husband who preceded her in death on Jan. 30, 1964, will be in Fairview Cemetery under direction of Carmichael-Whitely Funeral Directors.

Mrs. Beckham was born Jan. 17, 1895, in Calvert. She was married to H. T. Beckham on June 24, 1917, in Palmer. The couple moved to Pampa from Palmer in 1926. Mrs. Beckham was a charter member of Central Baptist Church.

Survivors include three sons, Harold T., Doyle H. and George H. Beckham, all of Pampa; four daughters, Mrs. Howard Ogle of Amarillo, Mrs. Edith Wallace of Albuquerque, N. M., Mrs. B. J. Bills of San Diego, Calif., and Mrs. D. M. Firestone of Lancaster, Ontario, Canada; three sisters, Mrs. Midget Wright of Houston, Mrs. E. E. Fechner of Longview and Mrs. E. A. Donathon of Oklahoma City, Okla.; two brothers, Lewis O. Cox of Amarillo and James A. Cox of Kermesville, N. C., and 16 grandchildren.

Pallbearers will be Carl Sexton, James Baird, L. C. Yager, Laven Greer, John Mitchell and R. D. Ratliff.

COLLECTION DAY, TODAY

legislator to keep informed and abreast of the merits or demerits of all of the issues. I understand that during the last session, some 1,906 bills were introduced and that there will probably be a greater number during the next session.

"As mayor and citizen, I realize that the legislative body, as a whole, will not be interested in the problems of our area, unless these problems are called to their attention.

"It certainly will not be my intention to slight either the large city or small community interests at the expense of the other, but to focus my attention on the benefits of all concerned, be they small, medium or large towns."

What's the best 5-letter word for fertilizer?

1	2	3	4	5
N	I	P	A	K

And for wheat — NIPAK 45.

Get better wheat crops and earn bigger profits. Topdress your wheat with Nipak 45 right now — for greater yield and higher protein. Nipak 45 — 45% nitrogen fertilizer from Urea — gives you one-third more nitrogen per pound than any other form of solid nitrogen fertilizer — which enables you to handle less fertilizer and cover more ground in less time. Nipak 45 is uniformly prilled, too. It flows easily, won't cake, clog — or corrode your equipment. Nipak also dissolves in the soil moisture and moves quickly to the root zone where it stays put until your crops need it. So for more grow power, ask your local Nipak dealer about Nipak 45. He can help you plan a complete fertilizer program because he can provide a complete fertilizer service.

Chevrolet Impala Sport Sedan with Body by Fisher

JET-SMOOTHER THE CHEVROLET WAY

We fussed over parts no bigger than your thumbnail to smooth Chevrolet's ride. We added new bushings, softened body-to-frame mounts, again put in soft-acting shock absorbers and soft-working coil springs at every wheel.

By soft, though, we don't mean mushy. Chevrolet's Way makes for a smooth, solid ride. Very steady on curves. A bump jumps from the Wide-Stance wheels to the supple springs and

shocks—and pffft! It all but disappears. And so does, we hope, the last of anybody's reasons for buying a more expensive car.

Shocks and coil springs are matched to every body style for a Jet-smoother ride.

Soft contoured new Strato-bucket front seats come standard in Super Sports for relaxing comfort on every trip.

The powerfully smooth new Turbo-Jet V8 is available in all '66 Caprice, Impala SS, Impala, Bel Air and Biscayne models.

Eight features now standard for your added safety: Seat belts front and rear • Padded instrument panel • Padded sun visors • Outside mirror (use it always before passing) • Shatter-resistant inside mirror • Two-speed electric wipers for better visibility in a downpour • Windshield washers • Backup lights.

All kinds of cars, all in one place... at your Chevrolet dealer's: Chevrolet • Chevelle • Chevy II • Corvair • Corvette

Astrological Forecast

By CARROLL RIGHTER

FOR THURSDAY, FEB. 3

GENERAL TRENDS: A day and evening of separations and changes that require that you be alert to what others expect of you and to do along with them. You are able instead of backing away. A good arrangement could be made if you act in any way to an improving or expanding fashion. Charm shines with a big smile.

ARIES (Mar. 21 to Apr. 19) — Being cheerful and entertaining with those you meet will be productive of best results. A from time shown away from you. That particular project you have been working on can meet with success at this time.

Taurus (Apr. 20 to May 20) — Finding a letter was to operate will make you happier and improve your earning capacity. You can get rid of tensions if you change like a bull in a china shop.

GEMINI (May 21 to June 21) — Collecting particular items that will be of assistance to you is smart in a.m. Problems can be handled cleverly. Allies satisfied. Your reports can be completed better if you make a few calls.

MOON CHILDREN (June 22 to July 21) — Some what you need to do in order to increase assets, property. Some big business person gladly gives you the benefit of his or her experience. Open your eyes to greater opportunity.

LEO (July 22 to Aug. 23) — You have to show more cooperation with others if you are in reach. The personal aims you dash at this time. You are highly magnetic now. Make the most of this fine virtue and get ahead fast.

VIRGO (Aug. 24 to Sept. 23) — Find the best system for operating in the future and you will be that pretty, noseless. These reports is as far as your telephone. Don't hesitate to call as quickly as you can. This will speed along.

LIBRA (Sept. 24 to Oct. 23) — You have to show good faith that you are out for their interests as well as your own if you want cooperation from them now. One in particular can be most helpful to you. Chartered personal aim is with an steady breeze.

SCORPIO (Oct. 24 to Nov. 21) — Some thoughtless person could easily destroy your good name with higher-ups if you aren't. Keep clear of any such. Be absolutely above par where matters of

Stitch and Chatter Club Has All-Day Meeting in Wheeler

WHEELER (Sp.) — The Stitch and Chatter Club met recently in the home of Mrs. Sue Ivey for an all day meeting. A quilt was quilted for the hostess and luncheon was served at noon.

Those attending were Mmes. Lucille Whiteley, Annie Sivage, Edye Williamson, Bessie McCartney, Agnes Traylor, Grace Burks, Clara Childress, Etta Crouch, Florence Wilson, Clara Smith, One new member, Susie Pendleton, and the hostess, Mrs. Sue Ivey.

That Special Glow

The iridescent look is easy to achieve without buying specially formulated face powder. Mix white baby powder with your own face powder to get that special glow.

credit are encouraged. Pay bills on time. — **SAVING** — Nov. 22 to Dec. 21 — New outlets are possible to you now but they require a good deal of study first. Follow through on your end of any agreements made. Your methods of operating have to be improved somewhat.

CAPRICORN (Dec. 22 to Jan. 20) — You have to plan your time properly if you want to be rid of all those obligations in a wise and efficient manner. You have to change attitude somewhat if you want to please more. Be kindly.

AQUARIUS (Jan. 21 to Feb. 18) — Give more attention to that partner who is acting up a storm since there are many things you have forgotten to do. Then all is well. Study reports of others too. If you want to get ahead intelligently.

PISCES (Feb. 19 to Mar. 20) — Getting alone, shop sometime in better order that will also please those around you will bring greater harmony into the picture. Keep those promises made quietly. Come to better understanding with everyone.

Dear Abby....

Father and Daughter Are Both Like Kids

DEAR ABBY: Our daughter, who lives in another state, was having a little trouble with her husband, so she and her four kids came back home to live with her Pa and me. She stayed five weeks and then her husband came and got her. They went home again as everything was patched up. My husband never did know the real reason why she came home. He didn't ask so nobody told him. He must have found out some way because I got a letter from my daughter saying her father had sent her a bill for \$140 for room and board while she was here. He said that if her husband did not pay it he'd turn it over to a lawyer; that he could collect, too, because after a woman gets married, her husband is supposed to support her, not her father. That's not all. My daughter got mad and had the police pick up her father for driving without a license. (He hasn't had one in six years, and she knew it.) Which was worse? Sending a daughter a bill, or sicking the police on a father?

IN THE MIDDLE

DEAR IN: You all sound like a bunch of kids to me. I think your daughter inherited her father's brains and they deserve each other.

DEAR ABBY: I am 15 years old. Many times I have started to write a letter to you about my problem, but I always end up throwing it in the wastepaper basket. I have finally summed up my problem with these three questions. (1) What is a friend? (2) How do you get friends? (3) How do you keep them?

FRIENDLESS

DEAR FRIENDLESS: A friend is someone who likes you and wants nothing of you but friendship. He doesn't like you less when you're crabby, moody or mean. He understands you. He can tell you when he thinks you're wrong without worrying about losing your friendship. And he forgives you without making a big deal out of it. You "get" friends by being the kind of person you want for a friend. You "keep" them by continuing to be that kind of person.

DEAR ABBY: A friend's daughter was recently married. They are very social people in town, so I went overboard on the wedding gift, but I was foolish because when all the gifts were displayed there were no cards with the gifts, so no one knew who gave what. I think this was a dirty trick. Or is this something new to protect cheap-skates?

WONDERING

DEAR WONDERING: It's nothing new, and it is proper to display wedding gifts with the givers' cards removed. It's neither to "protect cheap-skates" nor to deflate show-offs. It's one of the rules of etiquette which makes sense.

DEAR ABBY: I can sympathize with the captain's wife, whose husband always reprimanded her in the presence of guests, and added insult to injury by capping it with "... and I don't want to have to call your attention to it again!"

I had the same problem with my husband. The first time it happened I was puzzled and hurt, but didn't make an issue of it. I just kept silent. The

Winners of Art Exhibit Named

The annual State Citation Art Exhibition sponsored by Gov. John B. Connally and the State Democratic Executive Committee was held in the Fine Arts Building at West Texas State University in Canyon on Jan. 15. The 300 entries came from all over the 31st Senatorial District. The three top winners in this contest will compete in the state contest to be held in February.

Sixteen paintings represented Gray County in the contest in Canyon. Mrs. George Hofess' work in pastels, "Maharani," received honorable mention in the Canyon exhibit.

The paintings by Gray County artist were hung at the Coronado Inn upon their return to Pampa on Jan. 16. The local Gray County Young Democrats sponsored the hanging and judging of the Gray County exhibit. Judges were Mrs. Fred Sloan and Mrs. W. J. Chambers, Gray County winners were Mrs. George Hofess' "Maharani", first; Mrs. Bill Deaton's, "Reflections", second and Mrs. Earnest Wilkinson's "Morning Orders" third. Mrs. John Sweeney's "Central Park in Pampa" received honorable mention.

Fire Fighters

NEW YORK (UPI) — Small, cheap aerosol fire extinguishers selling for about \$2 have been mixed by the National Fire Protection Association as almost worthless. Holding a pint of liquid, they are no more effective than a pitcher of water, the association reported.

next time, I let him say about six words, then I turned to one of the guests and began a conversation, ignoring my husband completely. Then I turned back to my husband in pretended dismay and said, "Oh, darling, were you speaking to me? I wasn't listening. I thought you were talking to the dog. Would you please repeat what you said?"

Of course he didn't.

Sincerely,
RUTH

Turkey Gets Special Iceberg Treatment

TURKEY ICEBERG MOUSSE is different.

By GAYNOR MADDOX
Newspaper Enterprise Assn.
If you enjoy slightly offbeat concoctions, try this turkey iceberg mousse. It's a conversation piece. But good eating.

TURKEY ICEBERG MOUSSE
(Serves 8)

1 head western iceberg lettuce
1 cup turkey or chicken broth or consommé
1 1/2 to 2 cups diced cooked turkey
1 small onion, cut into chunks
1 cup mayonnaise
2 tablespoons lemon juice
3/4 teaspoon salt
3 envelopes gelatin
1/2 cup water
1 cup whipping cream
Whole cranberry sauce

Core, rinse and drain lettuce. Remove 3 outer leaves; shred enough remaining lettuce to make 2 cups, tightly packed. Refrigerate remainder with outer leaves in plastic bag or saran. Place shredded lettuce in blender container with broth; whirl until smooth. Add turkey, onion, mayonnaise, lemon juice and salt; whirl until smooth. Mix gelatin and water; heat, stirring, until dissolved. Blend with turkey mixture. Chill until mixture mounds softly on spoon. Meanwhile, whip cream until stiff. Fold into turkey mixture. Turn into 5 1/2- or 6-cup mold. Chill until firm. Unmold on serving platter. Tear reserved outer lettuce leaves; use as garnish for mold along with cranberry sauce. Pass additional sauce if you wish.

Lacy Cookies for Valentines

VALENTINE COOKIES with lacy edges.

By GAYNOR MADDOX
Newspaper Enterprise Assn.
Lace on heart-shaped cookies? Of course, when they are special for Valentine's Day. The lacy edges are made with very thin strips of dough pressed into the backs of the cookies.

What sweetheart could resist such delicious blandishments?

VALENTINE COOKIES
3 cups sifted flour
1 teaspoon baking powder
1/4 teaspoon salt
1/2 cup margarine
1-3 cup sugar
1/2 cup light corn syrup
1 egg
2 ounces unsweetened chocolate, melted

For a quickie Spiced Banana Milkshake, in a mixing bowl beat two large ripe bananas until smooth; add 1 pint vanilla ice cream that has been softened along with 1/4 teaspoon cinnamon, 1/2 teaspoon vanilla and a dash of salt; blend well. Add two cups cold milk. Pour into glasses or cups and serve immediately.

Sift flour, baking powder and salt together. Blend margarine, sugar, corn syrup, egg and melted chocolate in mixing bowl. Blend in sifted dry ingredients, about one-third at a time, beating well after each addition. Chill until easy to handle. Remove from refrigerator about one-third at a time and roll out on lightly floured board or cloth to 1/8-inch thickness. Cut into heart shapes. Cut 1/8-inch strips from dough. Shape around hearts, making scallops and pressing strips into backs of cookies. Place on ungreased cookie sheet. Bake in 400-degree (hot) oven 8 to 10 minutes. Decorate with confectioners' sugar icing. Makes about 5 dozen (2-inch) cookies.

'Stir up a chill-chaser that's a gourmet's delight! Heat one can condensed cream of mushroom or cream of celery soup with an equal amount of milk. Blend in 1/2 cup shredded Swiss cheese and continue heating until cheese melts.

Food Buying Guide
By United Press International
The following guide to the nation's food shopping buys for the forthcoming weekend was prepared by the U.S. Department of Agriculture and Interior for United Press International.

WASHINGTON (UPI) — Fresh vegetables and fruits are arriving from the South and the Southwest, augmented by hot-house production. Meats, and poultry continue to be in good supply, and fish prices are steady. According to report of the Agriculture Department's Consumer and Marketing Service, this weekend will offer a well-rounded choice for main-dish selections.

One factor to consider for this weekend, or maybe the next, is the cold snap which has hit many areas of the nation. Right now it is too early to ascertain the effects on meat products, but it did do some damage to the southwest Texas and Florida citrus areas. Oranges, apples, tangerines,

Salad Treat

Television in Review

By RICK DU BROW

United Press International
HOLLYWOOD (UPI) — WE
READ THE NETWORK
PRESS RELEASES:

From CBS-TV: "Bill Bixby
of 'My Favorite Martian'
lectures on show business to
aspiring performers."
There's nothing like learning
from the great ones.

From NBC-TV: "I've always
believed that one of
man's greatest assets is having
control of his own time," said
Bill Cullen. "So I guess when
people hear about my signing
for two NBC shows, they will
think I'm going against my own
outlook on life."

No, as a matter of fact I
didn't think about it at all.
From the same press
release: "My biggest prob-
lem (said Cullen) is that people
hear about the shows and then
think, 'Why doesn't he give
other young, poor guys a
chance?'" No, as a matter
of fact I didn't think about it
at all.

Correction Please

From NBC-TV: "Correc-
tion, please. NBC International
Enterprises, within a nine-day
period, has sold more than
1,500 hours of programming to
Latin American television sta-
tions. Among the programs sold
is 'Richard Boone' (not 'Daniel
Boone' as stated in story
released Jan. 20)."

Yes, let's get that straight,
please.

We read the private press
releases too:

From James Drury, star of
NBC-TV's "The Virginian":
"Three years ago I was
nominated for the Hollywood
Women's Press Club's annual
Sour Apple Award, but lost out
to someone else. But, like
whisky, people, even actors,
mellow with time. Just to prove
it, I'm inviting you and your
date to be my guest at a real
western barbecue on the main
street of Medicine Bow, Wyo-
ning (locally called the back lot
of Universal City Studios). . . .
I liked you better the old
way."

Notes to watch television by:
Jackie Gleason's CBS-TV
hour this Saturday is entitled
"The Gridiron Follies," and is
a musical-comedy recollection
of the Jack Oakie-type films
Hollywood turned out in the
1930s. . . . With Arnold Stang
featured as a scholar, Gleason
portrays a football star who
tries desperately to pass his
college exams—so he can be
eligible for the big game.

Peter Falk, star of televi-
sion's "Trials of O'Brien"
series and a pretty fair country
pool player, will be a commen-
tator of the CBS billiards
classic on the network's
"Sports Spectacular" show
Feb. 13. . . . Same day, Gen.
Curtis Lemay, the former Air
Force chief of staff, hunts
grouse on the Scottish moors on
ABC-TV's "The American
Sportsman" series.

"Harvey" on TV
James Stewart headlines
CBS-TV's Thursday night movie
Feb. 24 in "Harvey," the
famous onetime Broadway
comedy about a fellow whose
friend and companion is an
invisible six-foot-tall rabbit.
The presidents of the U.S.

You, Your Child and School

By DAVID NYDICK

United Press International
Many college students are at
the beginning of a new school
term. They should try planning
their studies on a long term
basis.

George Stevens' film classic,
"A Place in the Sun," an
adaptation of Theodore
Dreiser's "An American Trage-
dy," is scheduled for NBC-TV's
Saturday night movie slot
March 12, although the produ-
cer is trying in court to halt the
showing because of impending
cui's for time and commercials,
alleging these will amount to a
"rape of a creative effort."
John Secundari and Helen
Jean Rogers, producers of
ABC-TV's "Saga of Western
Man" specials, are planning for
next year a series of documen-
tary hours about the attempts
of modern man to come to
grips with increasing urbaniza-
tion. . . . NBC-TV's planned new
game show with a top prize of
\$50,000, "The Big Money"
featuring physical rather than
mental prowess, is expected to
start in mid-April.

Several increasingly frantic
calls to the building engineer
failed to correct the tune.
Finally a hotel guest called to
explain the situation in Spanish,
and that call got things fixed.

TALKED HIS LANGUAGE
DALLAS (UPI) —The record
got stuck Tuesday night carry-
ing piped-in music at the
Sutler-Hilton Hotel. For half
an hour, the same half dozen
piano notes serenaded patrons
in restaurants, passers by in
elevators and strollers in the

lobby.
Several increasingly frantic
calls to the building engineer
failed to correct the tune.
Finally a hotel guest called to
explain the situation in Spanish,
and that call got things fixed.

papers and projects, an exam-
ination schedule with the areas
to be covered and specific
dates of when items will be
due. It also is helpful to obtain
any instructions or outlines
relative to particular require-
ments.

Different instructors will use
different approaches and teach-
ing techniques. Some may
emphasize lectures, others may
encourage discussions and still
others may involve several
techniques throughout the term.
It may be valuable to have
some idea of how the particular
instructor likes to work.

An attempt should be made
to find out when the instructor
is available for individual
conferences. Also, it is impor-
tant to determine how an
appointment can be arranged.
It is usually helpful to have
an early meeting with an
instructor to discuss ideas for
particular projects. The meet-
ing can be used to discuss the
student's ambitions and what
he hopes to gain from the
course.

The student should use his
good judgment in arranging
any meeting. He must deter-
mine if the particular instruc-
tor is willing and has the time
to just chat or if he prefers a
more structured meeting. If
possible, the student should
have some ideas and some

STORK CLUB TO GO

NEW YORK (UPI) —The old
Steak Club, a playground for
cave society, when there was a
cave society, will be demolished
to make way for another kind
of playground, a vest pocket
park.

William S. Paley, chairman
of the board of the Columbia
Broadcasting System, an-
nounced Tuesday he bought the
property between 5th and
Madison Avenues on 53rd Street
to build a park in honor of his
father, the late Samuel Paley,
founder of the Congress Cigar
Co.

specific questions which can be
discussed. In this way he will
be ready for either type of
meeting.

Louella Parsons Reported Ill

HOLLYWOOD (UPI) —Louella
Parsons, 85, was confined in
a nursing home Tuesday when
rival Hollywood gossip colum-
nist Hedda Hopper died of
pneumonia.

The two had feuded intermit-
tently for 30 years before
ending their quarrel in recent
years.

Miss Parsons, who had
reported the Hollywood scene
for nearly four decades, has
been in failing health for the
past three years.

A spokesman at the nursing
home said the columnist, known
as "Lolly" to friend and foe
alike, was "doing just fine."

Meteors sometimes follow one
another so quickly their lumin-
ous streaks give the impression
of rainfall, hence the term
"meteor shower."
"Milk is the children's wine
and wine is the old man's
milk," said Sir Wilyham Oslar,
19th century physician.

Foreign Commentary

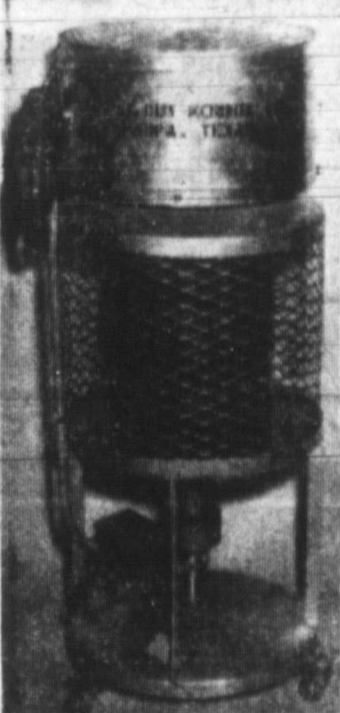

By PHIL NEWSOM
 UPI Foreign News Analyst
 political ramifications which it was feared could spread. There is a saying that revolutions devour their sons. In Algeria there had been six "historic" leaders of the Algerian revolution. By a series of power plays, five of these had been eliminated as of June 19, 1965. On that date, Ahmed Ben Bella, the last, was eliminated by his trusted commander of the Algerian armed forces, Col. Houari Boumediene. Boumediene's take-over had both economic and political repercussions. Under Ben Bella's haphazard economic management, there had been mounting unrest both within 265,000-man Algerian labor federation and among 600,000 peasant families whose promised aid had not been forthcoming. That unrest continues. Ben Bella's increasingly bombastic attacks against the United States had brought those relations to a new low. Like President Gamal Abdul Nasser of the United Arab Republic, Ben Bella actively supported Congolese rebels in direct opposition to U.S. policy and despite the fact that literally millions of Algerians depended for their living upon U.S. surplus foods.

Business Highlights

By United Press International
DETROIT—General Motors reported earnings of \$2.126 billion or \$7.41 a share for 1965 on sales of \$20.7 billion. The earnings gain was 23 per cent and the worldwide sales rose 22 per cent.

NEW YORK—Steel production gained 0.2 per cent last week, according to the American Iron & Steel Institute. It was the smallest weekly gain of the new year.

NEW YORK—Aluminum Co. of America had a 20 per cent gain in earnings in the fourth quarter of 1965 over a year earlier to 88 cents a share. Earnings for the whole year were up 25 per cent to \$3.41 a share or a total of \$75,588,000.

WASHINGTON—Labor Secretary Willard Wirtz says President Johnson's war on poverty

Red Press Says Resumption Of Bombs Expected

WASHINGTON (UPI)—The director of the U.S. Information Agency said today the non-Communist press around the world generally has recognized resumption of U.S. bombing of North Viet Nam as "inevitable."

"World opinion has universally, with the exception of the Communist states, welcomed the peace offensive and recognized the President's good faith in trying to bring about an end to hostilities," Leonard H. Marks said in an interview. "The world press generally was skeptical that Hanoi and Peking would respond by calling the fighting off and

will require an increase in the \$1.25 an hour minimum wage. However, the secretary did not prescribe a new level.

BOURNE END, England. (UPI)—W. H. White asked for a reduction in his property taxes on the grounds that the place outside his home where a lamppost and telegraph pole are located "seems to be the meeting place for all the dogs in the area." The request was turned down.

sitting down at the conference table," the USIA boss added.

"Since the resumption of the bombing," Marks said, "the world press (except the Communists) has recognized that the United States did everything possible and that resumption of the bombing was inevitable." He said some editors "deplored" the bombing renewal but still accepted its inevitability.

Marks declined to say what advice he personally gave the President or National Security Council on the bombing resumption.

The USIA chief also reported that the Russians have been increasing propaganda activities in many part of the world, concentrating on Asia, Latin America and Africa.

Radio Waves Used To Control Bugs

WASHINGTON (UPI)—Government researchers are using high intensity radio waves, infra-red and ultraviolet light waves and sound waves to bombard bugs in search of new pest control methods, two scientists said today.

Dr. S. O. Nelson of the Agricultural Research Service and Dr. J. L. Seubert of the Fish and Wildlife Service predicted "significant developments" from the projects. They told an international scientific symposium the possibilities of using electromagnetic and sonic energy to control pests are receiving increasing attention because of concern about the effects of chemical pesticides on human and animal health.

"It is difficult to know what practical methods may be developed using these sources of energy, but a few successful methods have already been employed," they said in a joint

paper for delivery at the symposium sponsored by the National Academy of Sciences. Among experimental successes already achieved, they listed:

Use of high-intensity radio waves to treat insect-infested woodwork in houses.

"Blacklight" traps which attract insects with invisible ultraviolet light waves. In one test, such lights proved highly effective in coping with tobacco hornworm moths.

Control of insects in stored wheat and other grains by atomic radiation.

HUNGRY HORSE

Snowballs Hurlled To Route Guests From Path of Fire

ATLANTIC CITY, N.J. (UPI)—Police threw snowballs at motel windows early today to awaken guests and rout them from the path of a million-dollar, general alarm fire that destroyed a landmark hotel in this resort city.

Patrolmen used their whistles to awaken some guests at motels near the burning Teplitzky's Hotel, but others slept on. The order then went out for police to hurl snowballs at the windows wake the sleeping motel guests.

Sparks from the fire hit the famous seaside boardwalk and threatened the nearby motels. But the 150 firemen who fought the blaze managed to contain it to the 110-room Teplitzky, which was closed for the season.

Only a janitor was in the old four-story hotel when the fire broke out shortly before 1 a.m. EST. He escaped and no injuries were reported. The stable contends his horses are adequately fed.

Rambling With Red RON CROSS

Friday night nine Pampa seniors will be playing their home game in Harvester Fieldhouse and coach Terry Culley would like to see the fans out en masse to help pay tribute to these fine athletes.

Pack The Stands

"I would like to see our stands packed Friday night when we play Amarillo. Not only will it help us in our laying but the fans would be paying a great tribute to these youngsters who've given them 100 per cent effort for three years," Culley said. "We've got a real good chance now for this last half title and the more fans we get out and the more cheering they do the better will play," Culley observed. "What about the improvement of the Harvesters? "Well, the dapper coach said, I think we've improved overall. Our defense was much better against Plainview and our shooting is getting much better." "In their last two outings the Harvesters have nested the 50 per cent mark. The only way seniors David Cain, Mike Wise, Kenneth McWilliams, Doug Alton, Gary Crossland, David Frasher, Lynn Heller, Gary Turner and Robert Johnson might get in another game at Harvester Fieldhouse would be for Pampa to win the second half district title and then win a coin flip from the Sandies to play the playoff game here. But then, Pampa hasn't won too many coin flips. Although they've hit in double figures five straight times (Williams six in a row) Mike Wise and Steve Williams still aren't averaging in the double figure bracket in conference scoring. But the Sandie game Friday could be the charm. Both are averaging 9.9 points a contest for 13 games. David Cain continues to lead the Pampa scoring with a 10.9 league average. Big Dave hasn't scored in double figures in his last two contests but maybe he's saving up for the Sandies and Monterey.

Wells Is High

The Sandies will bring a lot of talent to town. Probably some of the best they've had in years. They have the league's second best scorer in Charles Wells who carries a 15.5 average and two other Sandie players are in the top 15. Jim Harp has an 11.8 average and Don Faulk will carry a 10.7 mark into the Pampa contest. Amarillo hit an amazing 54 per cent from the field in the first encounter this season, connecting on 27 of 50 shots. Pampa hit 46 per cent from the floor on 23 of 49 shots. If the Harvesters can get three straight games of 50 per cent from the field, they hit 50.9 per cent against Caprock and an even 50 against Plainview, the Sandies are in trouble.

Sandie, Harvester Game Is Toss Up

By RON CROSS Everyone refused to go out on a limb today and pick the favorite in the Pampa-Sandie clash Friday scheduled for 8 p.m. in the Harvester Fieldhouse. One way of looking at Friday's star-studded attraction is to put yourself in the place of Charles Wells, the Sandies brilliant 6'1 forward. Wells possesses an accurate eye and is averaging 15.5 points per contest in 12 conference games this season. He has a rugged but sure touch on tap-ins, which while not as sensitive as the Harvester's David Cain is nearly as effective. Wells has a lot of help with two other teammates listed in the top 15 in scoring in district 3-4A. Jeff Harp carries a 11.8 average while Dennis Faulk comes in at 10.7. Faulk scored 15 against Pampa in the Sandies 73-62 victory earlier in the season and Wells was held to nine points and Harp nine. Bill Jordan had the hot hand for Amarillo with a 22 point output against the Harvesters. Pampa coach Terry Culley thinks it'll take some hot shooting, good defense, and a field-house full of Pampa fans Friday night to halt the Sandies. Pampa has mowed down sev-

McGowan, Putter Take Lead in Hope Open Golf

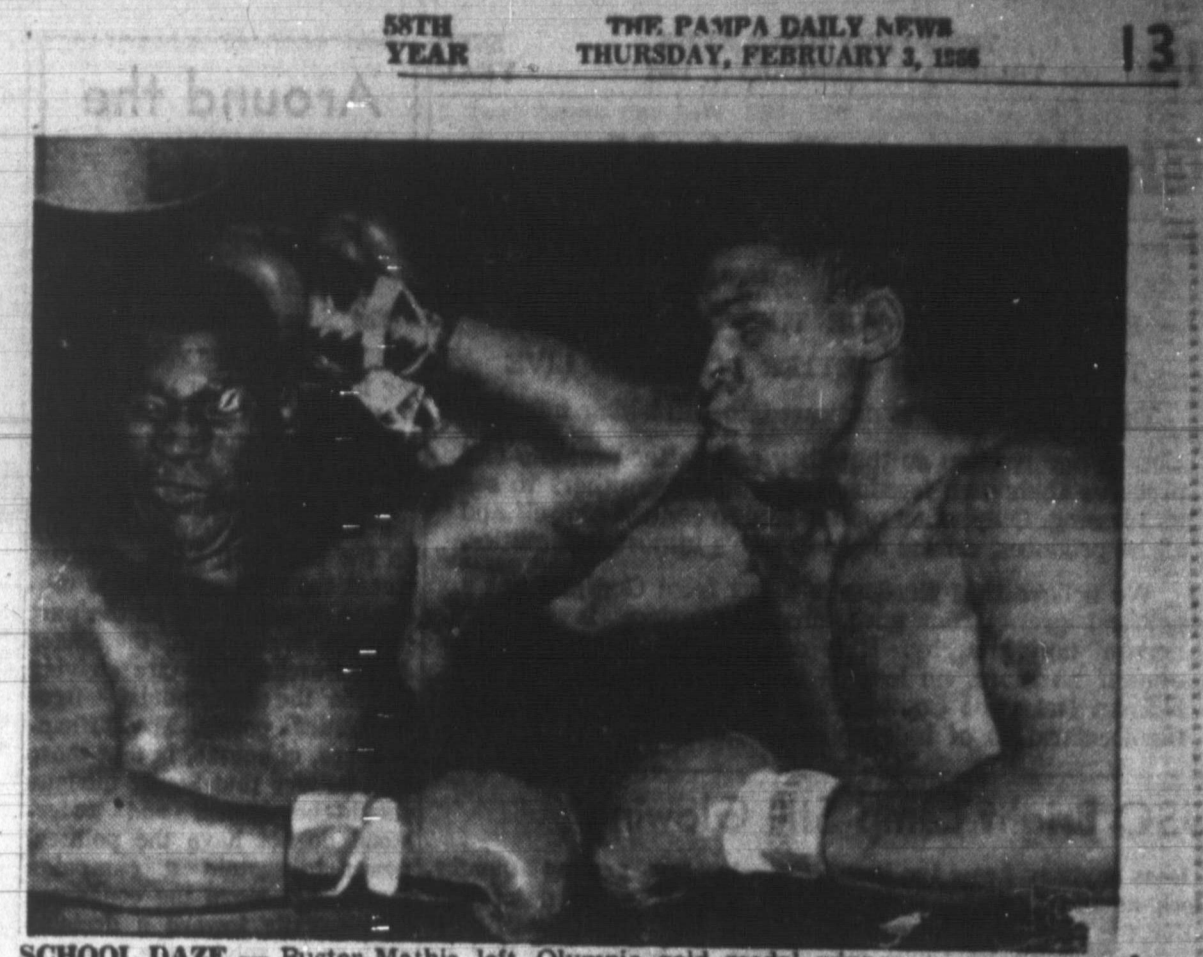

PALM SPRINGS (UPI) — Jack McGowan, a tiny pro out of Largo, Fla., who has had putting troubles in three previous stops on the PGA winter tour this year, paced a field of 128 professionals into the second round of the \$100,000 Bob Hope Desert Golf Classic today. But close on his heels as the big field teed off in the second round of the five-day 90-hole event were two other veterans who have been almost as unsuccessful with their putters as McGowan, Joe Taylor of Charleston, W. Va., and Al Bessellink of Grossinger, N.Y. McGowan, who won \$28,771 last year but has made only \$487.50 this year, wielded the first round's hottest putter as he made seven birdies against a single bogey en route to an Escondido Course-record-tying 66, six under par. Taylor, the head pro at the Berry Hills Country Club in Charleston, who plays only on the winter tour, almost matched McGowan, carding a five-under-par 67 at Indian Wells while Bessellink, who won some money in the Los Angeles Open and the Bing Crosby but failed to make the cut a week ago in the Lucky International when his putting went sour, carded a 67 on the same course.

Packers, Browns Share Title Loot

NEW YORK (UPI) — The Green Bay Packers and the Cleveland Browns are receiving the second largest shares in the 33 years of the National Football League's championship game, it was announced today by Commissioner Pete Rozelle. The Packers, who whipped the Browns 23-12 in the title game Jan. 2, will receive \$7,819.91 each. Cleveland players each earned \$5,288.83. The large shares are second only to the 1964 championship when the Browns received \$8,052.82 and the Baltimore Colts \$5,571.40. Green Bay voted 59 player shares while Cleveland voted 49. The title game grossed \$2,383,086, including \$1.8 million from network TV and radio, marking the second straight year that revenues exceeded \$2 million. The NFL-Bert Bell player benefit plan received \$525,000 from the game and \$375,000 went into the pension plans for coaches and miscellaneous club personnel. The net receipts from the game were \$1,180,941.80 after deduction of taxes, stadium rental, game operation expenses and the pension fund contributions. The player's pool, which represents 70 per cent of the net, came to \$828,659.26 with \$100,000 of this figure allocated for second place teams and \$75,000 for third place clubs. Baltimore, which finished second in the Western Conference, voted 50 shares worth \$982 each and the third place Chicago Bears voted 55 shares worth \$681.82 each.

Pitchers Key To A's Drive?

By SANDY PADWE Newspaper Enterprise Assn. PITCHING — The A's surprised everyone at the end of last season by reaching a level of respectability which was just a dream in the spring. Jern (catfish) Hunter, a 19-year-old rookie, finished 8-8. Roland Sheldon was 10-8, Fred Talbot, 10-12. If those three continue their improvement and lefty John O'Donoghue can lower his ERA (3.89) a bit, Kansas City will have its best starting staff in years. The bullpen remains a strongpoint with John Wyatt, Jim Dickson (a rookie who appeared in 68 games), Jack Aker (best ERA on the club with 3.18) and Wes Stock. An added starter may be Lew Krausse who had a very strong winter in the Venezuelan League. Rating—C plus. INFIELD — It's amazing when you realize that Wayne Causey, the most respected member of the A's, may have a tough time cracking the starting infield if Alvin Dark decides to use Bert Campaneris at shortstop. Campaneris had an excellent year in 1955, batting .270 and stealing 51 bases. He literally can play every position and did in one game. Ken Harrelson is set at first base. He led the club in home runs (23) and RBI (66) last season. Talented Dick Green is at second and steady Ed Charles is at third again. Rating—B. OUTFIELD — Jose Tartabull hit .312 in half a season after his recall from the minors and stole 11 bases. He finally appears ready for daily major league play and will be in center- or left field, depending where Campaneris plays. If he is used in the outfield, Campaneris would be in center field. Mike Herahberger is set for right field. Tom Reynolds, a .237 hitter as a rookie, is the swing man. Rating—C. CATCHING — Bill Bryon showed promise last year, hitting .252 with 14 home runs, but defensively he does not rate with Phil Roof who was obtained from Cleveland for Jim Landis. Roof's problem is hitting. He doesn't. Rene Lachemann, who hit nine home runs in his rookie year, will be the third catcher if he

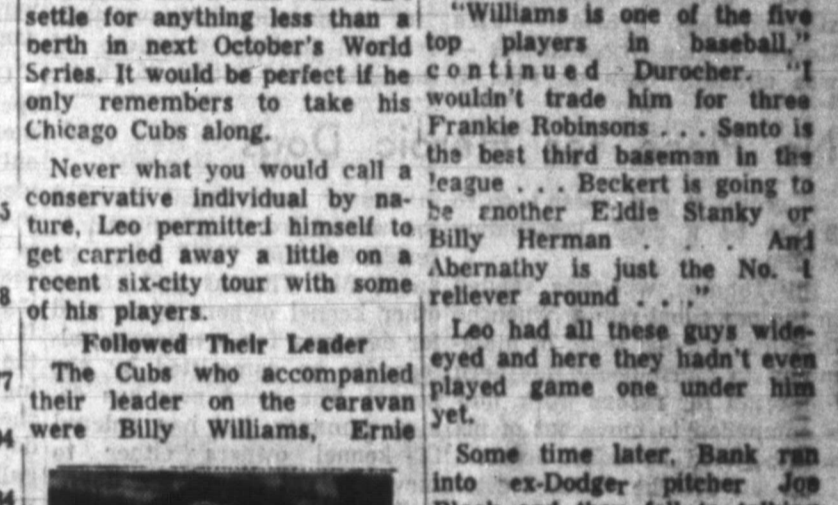

SCHOOL DAZE — Buster Mathis, left, Olympic gold medal winner, is a professional heavyweight now and is learning to take as well as give. Buster has "slimmed down" to 266 pounds and has looked impressive, except for a few moments.

'Lip' High on Cubs Ellsworth, Williams

By MILTON RICHMAN NEW YORK (UPI) — Don't give Leo Durocher any of that Brooklyn jazz about waiting until next year. He can't even wait until next month. Leo's sudden enthusiasm is easy enough to understand when you consider he's on the verge of resuming his managerial career after a 10-year lapse and that prospect to him is roughly the equivalent of a presidential pardon. Durocher's tremendous eagerness to get going is such that he sounds like a man who won't settle for anything less than a berth in next October's World Series. It would be perfect if he only remembers to take his Chicago Cubs along. Never what you would call a conservative individual by nature, Leo permitted himself to get carried away a little on a recent six-city tour with some of his players. Followed Their Leader The Cubs who accompanied their leader on the caravan were Billy Williams, Ernie Banks, Ron Santo, Dick Ellsworth, Glenn Beckert, Ted Abernathy and George Altman. It didn't take Leo long to shift into high gear once he started talking to his various audiences. "Rule out Sandy Koufax, and you tell me where there is a left-hander better than Ellsworth?" he inquired loudly. Ellsworth, sitting nearby and hearing the remark, nudged the fellow next to him and said, "wow, I wish the season started tomorrow!" "Williams is one of the five top players in baseball," continued Durocher. "I wouldn't trade him for three Frankie Robinsons... Santo is the best third baseman in the league... Beckert is going to be another Eddie Stanky or Billy Herman. And Abernathy is just the No. 1 reliever around..." Leo had all these guys eyed and here they hadn't even played game one under him yet. Some time later, Bank ran into ex-Dodger pitcher Jop Black and they fell to talking about Durocher and how much he might mean to the Cubs. "He's a good manager, all right," said Black, "but he's so magician. He can't go out there and do the pitching and hitting for you. Sure Leo is smart, but the most difference any manager can make is six or seven games to a ball club." If you happened to catch Durocher on one of those network night-time shows the other night, then you heard him say essentially the same thing. Discourse On Mets Only he said it about the Mets instead of the Cubs.

Baylor Paces Lakers By Stumbling Royals

By United Press International Elgin Baylor climaxed a brilliant second-half performance by making two free throws with 14 seconds remaining to give the Los Angeles Lakers a 119-118 victory over the Cincinnati Royals Wednesday night in a National Basketball Association game. Cincinnati called time out with 13 seconds left and then inbounded the ball to Oscar Robertson, the game's high scorer with 44 points. Robertson, however, missed a jump shot with seven seconds left and Jerry West of the Lakers took the rebound. Los Angeles then ran out the clock. Baylor scored 29 points, including 23 in the second half. West added 23 and Rudy Larusso 20 for Los Angeles, while Jerry Lucas had 26 for Cincinnati and led both teams in rebounding. The victory extended Los Angeles' Western Division lead to 5 1/2 games over second-place San Francisco, which was idle Wednesday night. In other NBA action, St. Louis defeated Philadelphia 95-89 and Detroit topped Boston 99-93.

Warriors Host Bronchos Friday

Miami, a scrambling basketball team all season will try to gain a notch in state basketball circles Friday night when the Warriors host unbeaten Briscoe in a conference match. The Bronchos of coach Don Johnson are unbeaten in 25 season contests and are looking for Miami to be No. 26. Two losers all season will get together at Lefors when the Pirates host Mobeette in what could turn out to be the best game in the area Friday night. White Deer, losers of two in a row, host tough conference foe Memphis in a pair of games, starting at 7 p.m. In other area action Friday McLean journeys to Clarendon for a conference outing and Canadian goes to Wellington for a league test. Groom, with mighty Jerry Roberts, the area's leading scorer, try Dodson at Dodson Friday in a twinbill, starting at 7 p.m. and Wheeler goes to Kelton for a pair of games. Four games were being played by Pampa teams this afternoon.

Pampa Junior High ninth and eighth grade cage teams played host to Dumas in a pair of games that started at 4 p.m. Lee eighth and ninth grade teams went to White Deer for a twin bill.

ROWING TEAM NEW YORK (UPI) — The National Rowing Foundation agreed Wednesday to underwrite the expense of sending a complete team to the world rowing championships at Bled, Yugoslavia, in September. It will mark the first time the United States has had complete representative at the world championships.

ARM-ED AND READY — Barry Clemens (10) of the New York Knicks gets an arm up as he tries to block the pass from Mel Counts of the Boston Celtics.

At last count, 47 former National Basketball Association players were coaching varsity college cage teams.

Deadline Set For Entries in Tot Cage Tournament

IJ SPTS 1-18 DEADLINE SET Deadline for entries in the Third Annual Tot O' Texas basketball tournament is February 14 at noon, according to George Smith, tourney director. With defending champion Cock o' Walk slated back to defend its title and such teams as Borger Independents and Graham Plow of Amarillo to try and ward off the champs a successful meet is in the making. Entry fee for each team is \$15 per club, and all fees have to be mailed to George Smith, P.O. Box 1164, Pampa, Texas. All games in the tournament will be played under the 1965-66 NCAA official basketball rules.

AFTER THE DARK — Comes the light. The Kansas City A's hope to climb out of the American League cellar this year behind their new manager Alvin Dark, right. A's owner Charley Finley is on the left.

The Pampa Daily News

A Watchful Newspaper

EVER STRIVING FOR THE TOP O' TEXAS TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

USO Bright Lamp Still Glowing

Does anybody know I'm here? Does anybody care? For the past quarter century, one organization has been giving a resounding "Yes" to these questions asked by millions of lonely American servicemen. That organization is the USO.

Twenty-five years ago, the war clouds were still on the distant horizon over Europe, but they were drawing ominously closer. Thousands of young Americans were being drafted and transplanted from their homes.

To fill the need for some kind of civilian facilities in towns adjacent to military posts and in leave areas where servicemen could go after duty hours, five religious and welfare agencies which had operated separately in World War I drew together — the YW and YMCAs, National Catholic Community Service, National Jewish Welfare Board and the S-1/vation Army. They were later joined by the National Travelers Aid Association.

The uniquely American institution they created — the United Service Organizations — was officially born on Feb. 4, 1941. In the coming months, USO clubs of every description — with or without benefit of charter — began springing up all over the country.

Entertainers, well-known and unknown, joined the cause. These "soldiers in grease paint," as Variety called them, later carried live entertainment all over the world.

The USO nearly dissolved after World War II, but war in Korea brought it back. Today, as it celebrates its 25th anniversary, it can point to clubs in 128 communities in the United States and 37 points overseas where servicemen can go to rendezvous or relax, write letters, listen to music, get information and help in personal problems.

Last year, 700 USO entertainers gave 4,000 performances to a military audience totalling 2.5 million. Their "stages" ranged from Arctic icecaps to the decks of aircraft carriers, from hospital wards to the backs of trucks.

In 1941, the USO enlisted "for the duration." No one then dreamed that the duration of the need would last for 25 years.

No Place for Heroic Dogs

It seems it just doesn't do to try to be a good, law-abiding citizen. Bill Thomas, who was saluted in the news last winter when he took his sled-dog team of malamutes to storm-bound northern California for rescue work, now is compelled to move out of his neighborhood by court order.

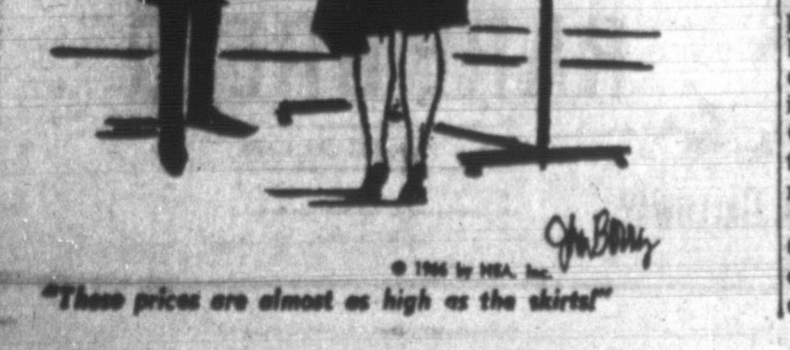

It's not that he violated established laws or government zoning, when he moved in. The political officials just changed the laws and zoning on him.

Mr. Thomas, like a lot of other animal lovers, raises his dogs as a hobby. He purchased his home on the outskirts of Orange, Calif., because it was not in the city and was zoned for agriculture, permitting him to have a kennel. There were several other kennels in the area.

But, a few months after he moved in, the "powers that be" in county government changed the zoning from agricultural to residential use. Next thing he knew, Mr. Thomas and some other kennel owners were sued for damages for a nuisance, alleged to be committed by the kennel. The court now has denied damages, but has ordered the kennel owners either to move or get rid of the dogs.

"I refuse to sell my dogs," Mr. Thomas said. "My wife, Jeanie, my son Randy, my daughter Suzie and our 10 dogs will stick it out together. I will just have to find a new place where we can all live. But first I have to sell my house.

"Unless you've raised and trained and loved dogs like we have, you wouldn't understand." And we're afraid we'll never understand the "justice" of governmental planning (control) of individuals' property.

These prices are almost as high as the skirts

Around the World

By ROBERT MORRIS THE PAPER BULLET

The Senate Internal Security Subcommittee has been pursuing its inquiry into Soviet penetration of the Caribbean and, in particular, of the Dominican Republic. The evidence unearthed is impressive and clearly shows the extent of intrigue not only on the part of the Communists, whom the western world is otherwise courted, but on the part of Juan Bosch and the other Juan Bosches who are striving to ride the Communist tiger to political power. The difficulty there, of course, is that those who believe that Soviet intrigue should be known and understood do not have the political power to sustain a campaign that would move the consensus substantially toward a decisive attitude for solving the problem. The Communists are showing weaknesses that could readily be exploited.

Contemporaneously, with the reading of the testimony of the Subcommittee witnesses of December 9 and 16, I have before me a copy of Otis Carney's new book, "The Paper Bullet." The Subcommittee report and this excellent book present a dramatic juxtaposition between reality and fiction that makes "The Paper Bullet" glow with actuality.

Otis Carney is a master with his character sketches. His dramatic personae are people we all have known and read about not only in the unfolding series of geopolitical tragedies over the years but in our own periphery of life. Otis moves his protagonist, Monica Ruiz, the wife of a leader of a Latin American country beset by Communist plotting, through a veritable Greek tragedy that would do justice to Sophocles.

Of course, the overtones all spell out the outrageous treatment that was accorded not only to Madam Nhu but to President Diem and his brother-in-law in 1963. But the book is broader than a chronicle of that debacle, which is now taking its toll in American lives. It is an incisive portrayal of the great sickness that is plaguing the western world today. It should be read, for Otis Carney does with his novel what the gallant Marguerite Higgins did with her war reporting. They both bring us the truth.

Hunt for Truth

BY H. M. HUNT THE BIG CHANGE IN THE SUPREME COURT

For many years, thoughtful Americans who believe in our Constitutional Republic have been deeply concerned about the Supreme Court. The fear that the Supreme Court, whose primary duty is to guard the Constitution, is actually undermining and even destroying it. There is considerable evidence to justify their concern.

This modern trend in the Supreme Court is not simply due to the lack of judicial experience and occasional obvious bias of some of the present justices. It is the result of a change in our basic concept of what law, particularly Constitutional law, is. Once it was universally accepted that law had a fixed and constant meaning, that it was objective. Nowadays many of our citizens think of law as like a piece of paper blown hither and yon by a shifting wind.

Until 1937, the majority of Supreme Court Justices believed in objective law. When the President or Congress took any action clearly contrary to the Constitution by the standards of objective law, the Supreme Court overruled them, declaring their act unconstitutional.

From 1937 until 1953 the Supreme Court, backing away from objective law, was still not fully committed to its present doctrine of making the Constitution say anything that might seem convenient for the moment. The Court followed a hands-off policy, hesitating to declare any act unconstitutional.

Now the big change is complete, and since 1953 the Court has been striking down any law or act it does not like, reading its dislikes into the Constitution. Our Republic cannot stand too much of that kind of treatment of its founding document.

Greek story teller Aesop: "It is easy to despise what you cannot get."

Chill At The Back Of The Room

TVA in the Atomic Age

(The Wall Street Journal) News that the Tennessee Valley Authority will accept bids shortly on a giant nuclear power station suggests that it is about time Congress took a new look at its creature. For the act of Congress creating TVA some three decades ago—before atomic power became a practical reality—provided, first, for development of the Tennessee River in the interest of navigation and flood control and, second, for the generation and disposition of hydroelectric power.

Although the public long ago may have become resigned to watching TVA's unchecked expansion from hydroelectric plants, run by water power from its dams, to coal-fired steam plants, it may want to know how come TVA wants to get into the nuclear power business as well, and by what authority.

It would be hard for TVA to contend that it wants to run a nuclear plant to provide a "yardstick" against which performance of private utilities' atomic power units could be measured. By now everybody knows that the TVA yardstick for power production costs is phony, since this Government-owned corporation doesn't pay localities taxes as private utilities do. It makes payments "in lieu of taxes," their size based not on what local assessors think it should pay but on what TVA deigns to dole out.

Moreover, there is a question whether a TVA nuclear plant would be in line with its assigned task of aiding the proper development and use of resources in the seven-state area where it operates. TVA buys almost 5 per cent of the nation's soft coal output; the Southeast's coal producers, understandably, would not take kindly to a Government operated competitor using atomic fuel.

In the days when TVA got its capital for building power generating and transmission facilities from Congressional appropriations, Congress could at least renew the Authority's operations. Now, however, power operations are financed through the issuance of electric power bonds, so Congress is not regularly obligated to check up on a governmental corporation which produces almost 10 per cent of all electricity generated in the U.S.

Sooner or later somebody ought to ask just how big this operation, subsidized by all the people, reasonably ought to be allowed to get. And before TVA adds nuclear power to its empire would be a good time for Congress to determine whether or not its over-blown operations have not become fissionable.

EVERYBODY'S BUSINESS Productivity vs. Pay Boost In Spotlight With 'Blackmail'

By KIRK WELLS Business Editor There's news from across the water that should surprise no one. . . but what ultimately results might have far-reaching and long-lasting results, even unto our children.

The socialist (Labor Party) economic minister, George Brown, is trying to gear "permitted" wage increases to productivity and output. A revolutionary concept for the British, it is designed to keep the country solvent while giving the nation a competitive edge on its European rivals. Success of the idea is cornerstone of Labor's economic planning.

Brown hoped that the policy would be adopted voluntarily, through cooperation of industry and unions. It hasn't worked out that way. His laws would give government compulsory power to back up the policy.

The principle of gearing wages to production is sound. The only "real wage" increase an employe can get is that which comes by increased production. In the long run any other increase creates inflation which eats up buying power.

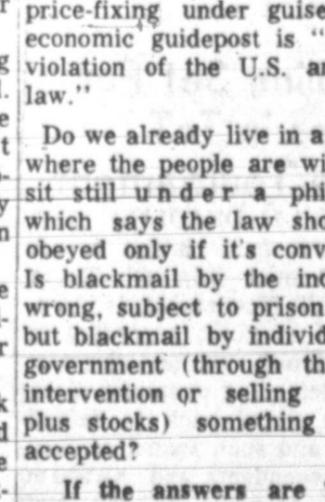

Wit and Whimsy

Smith—I wear the trousers in my home. Friend—Yeah, but right after supper I notice you wear an apron over them.

Speaker — A bride wears white, as a symbol of happiness, for her wedding day is the most joyful in her life. Why doesn't the fellow who says "I'm no speechmaker," let it go at that instead of giving a demonstration.

Salesman — Care to buy a nice letter-opener, sir? Man — Don't need one. I'm married.

Our unfortunate experience is that a day off is generally followed by an off day.

The word "Quakers" was originally a sort of slang word used derogatorily about the members of the Society of Friends. It came into use as early as 1647 and described the physical appearance of religious emotion which was characteristic of early Friends.

The American Way

By HARRY BROWNE \$112 billion One hundred, twelve billion dollars.

That's the amount of the proposed federal budget. \$112 billion. Do you realize what that means? That figure equals over \$2,000 per American family. And that's the amount each family will have to pay — in income taxes, excise taxes, corporation taxes, tariffs, etc.

Over \$2,000 for your family. Is it worth it? Are you getting what you want from this thing we call "government"? Was it your intention to spend \$100 of that money for gifts, bribes and "loans" to people like Tito of Yugoslavia and a hundred other dictators around the world? When you worked so hard to earn your income, did you have in mind spending a portion of it to reward the Watts district for calling our attention to their "plight" through the Los Angeles riots?

Did you have a portion of your pay earmarked to subsidize electricity bills around the country? To subsidize sales of commodities to Communist and other foreign countries? To force unions on unwilling employers? To reward less ambitious workers for not working? To draft unwilling youths who have other things to do with their lives and send them to die in a war that is none of our business? These are a few of the places

where your \$2,000 will go. Don't be fooled into thinking that most of this is only temporary — that the cost is only so high as long as there is a war on. For there will always be a war of some kind because it's good for business. Not necessarily good for private enterprise business, but very good for "government" business.

Without that war in Vietnam, the politician would have a much harder time justifying the taking of \$112 billion of our money. Wars have always been a help to governments. Randolph Bourne called wars "the health of the state."

The income tax propaganda tells us that Justice Holmes said he enjoyed paying his taxes — because with them, he was buying civilization. Has government brought civilization to Vietnam and to those who have been killed there? Has it brought harmony and civilization to labor relations? Did it create civilization in Watts or Selma?

And those many billions for protection and "natural defense" — are they buying protection? Has the draftee who is sent to die been protected by his taxes? Instead of defending us, our "government" thrusts us into the middle of every petty brawl in the world.

Actually, there is only one form of protection we are buying. Those of us who pay taxes are buying protection from our own government, who would otherwise put us in jail for not buying our freedom.

With the figures flying around in the air today, this is a good time to stop and reflect upon the nature of this thing we call "government". IS it protecting you? IS it promoting your welfare?

Or is it merely a tool by which the "ins" protect their own interests at the expense of the "outs"? Think about it. \$112 billion.

The Almanac

By United Press International Today is Thursday, Feb. 3, the 34th day of 1966 with 331 to follow.

The moon is between its first quarter and full phase. The morning star is Venus. The evening stars are Mars, Jupiter and Saturn.

In 1913, the income tax, or 16th Amendment to the Constitution, became law with ratification by the 36th state, Wyoming.

In 1917, the United States broke diplomatic relations with Germany following that nation's announcement of unrestricted submarine warfare.

In 1924, Woodrow Wilson, the 28th President, died at his home in Washington.

In 1963, the American tanker "Marine Sulphur Queen" disappeared with 39 men aboard while carrying molten sulphur from Beaumont, Tex., to Norfolk, Va.

A thought for the day—U.S. journalist Horace Greeley: "The illusion that times that were better than those that are has pervaded all ages."

Persons with angina should take this as a warning and avoid precipitating a heart attack by cutting out smoking, keeping weight within the normal range and getting plenty of exercise in the form of walking, cycling or swimming, but not tennis or any competitive sport.

Anyone with angina should have a thorough examination to rule out such other causes of chest pain as pleurisy, cardiac neurosis, diseases of the liver-gall bladder or spine, and diaphragmatic hernia.

Once the diagnosis is established, long-acting nitrates give the best relief. Dipryridamol, pronethalol, gri seofulvin and pronethalol are also helpful in some victims. These are all prescription drugs and your doctor should help you find the one that works best for you.

Q—What causes albumin? A—I assume you mean albumin in the urine. This may be found in various diseases of the kidneys, in women with toxemia of pregnancy (eclampsia), in persons with heart failure and in diseases of the bladder. The treatment would depend on the cause.

Q—Doctors always examine the urine but rarely the stool. When is a stool examination necessary? A—Stool examinations should be done often but are inconvenient to do outside a hospital. In all cases of suspected food poisoning, amebiasis, infestation with tapeworm and other parasites, stool examinations should be made to identify the culprit. Stools become clay-colored when jaundice is due to an obstruction of the bile passages and black as coal when there is massive bleeding in the upper digestive tract. In lead poisoning, small amounts of lead may be found in the stool. Stool examinations are done routinely by most specialists in gastrointestinal disease.

Highlights and Sidelights From the State Capital

By VERN SANFORD
Texas Press Association
 AUSTIN. (Sp) — Gov. John Connally is going along with forecasts that a "substantial amount" of new government spending in the next fiscal period is "almost inevitable."
 However, Connally declined to join in predicting specific new taxes. He called such forecasts "premature" although the Committee on State and Local Tax Policy earlier had indicated it agrees with the predictors.
 It's almost inevitable that we are going to be looking at increased expenditures in a substantial amount," Connally told a press conference. "But I don't want to try to estimate the magnitude of a tax program, if any, or the expenditures."
 Meanwhile the tax policy committee held its first meeting, ordered Texas Research League studies on impact of sales tax adjustment and an unusual appraisal of how to equalize the widely-varying state property tax.
 Rep. Ben Atwell of Dallas, committee chairman, reported that all members of the panel seemed to feel that more revenue will be necessary when the

Legislature writes the new budget for Texas government operations next year.
 Atwell said the committee will be taking a reading on revenue which could be obtained from raising the sales tax rate (now two per cent) and removing various exemptions.
 These exemptions apply to food, drugs, farm machinery, alcoholic beverages, industrial and agricultural fuel and power. Atwell doubts that the legislature will tamper with the food, medicine and farm implements. He expressed a personal preference for a rate hike if new money is mandatory.
 Committee also is going to study the likely effect of income taxation and corporation tax formula adjustments.
 As a possible method of equalizing the property tax, the committee will evaluate results of assigning each county its equitable share of the ad valorem loan on the basis of estimated fair market values. Voters would have to approve such a procedure by Constitutional amendment.
 Citizens of some counties now are paying seven times as much tax on property with the same

value as do citizens of other counties.
LEGAL SERVICES — Harold Jones of Wichita Falls is chairman of the newly chartered Texas Bar Foundation to raise funds for expansion of the State Bar's program of legal services to the poor.
 Philip Brin of Longview is vice chairman and Associate Justice T. Gilbert Sharp of Brownsville, 13th Court of Civil Appeals, is secretary.
DRAFT RULES TIGHTENED — Young Texans served draft orders no longer can get them cancelled by joining reserve or national guard units. Col. Morris Schwartz, State Selective Service director, announces.
 A man still can enlist in regular active-duty forces after receiving his draft orders — if he can be signed up before induction date, Schwartz said.
 New policy reached Texas draft boards from National Selective Service Headquarters where it was adopted on recommendation of the Assistant Secretary of Defense for manpower.

CANDIDATES ANNOUNCE — In a press conference at the Capitol, Stanley C. Woods, 43, of Houston and State Rep. Bill Holmwood, 37, of Grand Saline announced as team candidates for Governor and Lieutenant Governor respectively.
 Judge Joe Greenhill announced his candidacy for re-election as Associate Justice of the Texas Supreme Court.
COURTS SPEAK — Third Court of Civil Appeals here upheld the State Banking Board in granting a charter to Northline State Bank of Houston, thus reversing the decision of District Judge Tom Reavley of Austin. Airline National Bank of Houston brought suit claiming there was no public necessity for a new bank.
 State Supreme Court declined to give special consideration to adequacy of legal services rendered a Robstown couple by the Nueces County legal aid office in a suit where they stand to lose their home.
 Court of Criminal Appeals sustained the death sentence conviction of Walter Lee Sirois in the rape of a Houston woman.

CONNALLY TO SOUTH AMERICA — Governor Connally is considering a week's tour of major South American countries starting Feb. 21 to drum up participation in San Antonio's 1968 HemisFair.
 He said he hopes to visit presidents of Venezuela, Brazil and Argentina — and perhaps Chile and Peru — and ask their cooperation in staging HemisFair exhibits. Connally doubles as commissioner general of the "Fair of the Americas."
 "We are running out of time," Connally told a press conference. "The fair is scheduled to open in April of 1968. Exhibits must be built in a little over two years. Once the line is broken, I think they (all the major South American countries) will come in."
TOURIST SEMINARS SET — Texas businesses will get tips on how they can get a bigger share of \$30,000,000,000-a-year U.S. vacation market in series of tourist seminars scheduled for 20 Texas communities Mar. 7-May 13.
 University of Texas Department of Distributive Education and Texas Tourist Development Agency will co-sponsor the meetings in places yet to be selected.
 Clinics are mainly designed for groups which have direct contact with tourists, including police, hotel, service station and restaurant personnel. Interested communities and groups should correspond with Texas Tourist Development Agency here.

OIL AND GAS ARGUMENTS — Oil and gas operators in 15 West Texas counties have been given a chance to show why they shouldn't be ordered to stop using open lined surface pits for salt water disposal.
 Texas Railroad Commission set Feb. 24 for hearings on fields in Young and Archer Counties. A March 10 hearing has been set on fields in Hemphill, Swisher, Hale, Cochran, Dawson, Gaines, er Andrews, Martin Bailey, Hale, Cochran, Dawson, Gaines, Hockley, Lynn, Terry and York Counties.
 Hearings are a part of the commission's activity in the water pollution control field. Chairman Ben Ramsey says such hearings now are consuming 40 per cent of the time of the commission's field inspectors.
WATER RIGHTS MAY BE CANCELLED — At a March 15 meeting in Austin, the Texas Water Rights Commission proposes to cancel water rights for all who fail to exercise them by that date. Only five rights are scheduled to be heard at this time.
 This is the first of more than 200 hearings expected to be held in 1966 as the state moves to erase "paper rights" to use stream water. Then the state will be able to show how much water really is available for future use in Texas rivers.
POLICE REPORT COMPLETE — Out of almost 300 police agencies employing 9,000 officers, less than half have established formalized minimum requirements for employment. So states the Texas Commission on Law Enforcement Officer Standards and Education.
 In addition, less than a fourth of the agencies require any sort of formal training before officer assignment.
SOME WIN, SOME LOSE — Some Texas cities have been adversely affected by the recent closing and reduction of 126 military bases in the nation. But this may turn out to benefit other communities in need of airport equipment.
 Texas Aeronautics Commission will act as a go-between for communities seeking surplus property.
 Austin and Abilene both had Nike facilities declared excess recently and Belville and Huntsville lost Naval Reserve installations. Towns interested in securing the surplus equipment should contact the Aeronautics Commission.
INTEREST EARNINGS UP — Texas state government now has \$228,800,000 in time account deposits.
 State Treasurer Jesse James estimated the money will earn \$9,100,000 this year at four per cent interest.
 James said the interest will average at \$762,832 a month, or

more than \$25,000 a day. Total exceeds that of recent years.
SHORT SNORTS — U. S. Development Administration has opened a nine-state regional office here. Two district judges have power to appoint and remove Bexar County grand jury bailiffs, but county commissioners set their pay and car allowances, Atty. Gen. Waggoner Carr said in an official opinion.
 A \$34,051 federal grant for Head Start program in Brownwood Independent School District has been approved by Gov. Connally to aid 120 pre-school children. Connally has re-appointed Roy L. McKinney Jr., Denison as Interstate Compact Commissioner for the Red River. Elton B. Evans has been named district engineer of the Texas Highway Department District 9, composed of an eight-county area around Waco. Texas Water Development Board has announced that Brown and Root, engineering consulting firm in Houston, is participating in the formulation of the Statewide water plan.

Quotes in the News

BY UNITED PRESS INTERNATIONAL
UNITED NATIONS — U.N. Ambassador Arthur Goldberg, replying to a French contention that the Viet Nam conflict should be dealt with by the nuclear powers in Geneva.
 "The choice before us is not whether to deal with the problem in the Security Council or in Geneva but whether to deal with it at all. The door to Geneva, at least for the time being is closed. Do we wish also to close the door at the United Nations? What will the people of the world say if we do?"

MOSCOW (UPI) — The Soviet military newspaper Red Star in an article about Viet Nam:
 "Leaning on the fraternal aid and support of the Soviet Union and other Socialist countries, North Viet Nam will be able to stand up for itself."
MIAMI (UPI) — Candace Mossler, when investigating officers asked who had a motive for murdering her millionaire husband, Jacques Mossler, outlining his background:
 "My husband was a business man, a vicious business man, and in the business world you do make enemies."

WASHINGTON — Leonard H. Marks, head of the U.S. Information Agency, commenting on world opinion regarding resumption of U.S. bombing against North Viet Nam:
 "World opinion has universally—with the exception of the Communist states—welcomed the peace offensive and recognized the President's good faith in trying to bring about an end to hostilities."
TREASURY SECRETARY HENRY H. FOWLER, who together with Schultz appeared before the House Ways & Means Committee Tuesday, took issue with the Republican view.
 Fowler told the House panel it would be wrong to characterize the present economy as inflationary.

JOHNSON PREPARES TO DEFEND BUDGET
WASHINGTON (UPI) — The Johnson administration prepared today to defend its new budget against GOP charges that current fiscal policies fostered inflation and would tumble the nation's economy into a recession in 1967.
 Budget Director Charles L. Schultz, on the congressional firing line for the second consecutive day, was summoned to testify before the Joint Congressional Economic Committee.
 Republican members of the House-Senate panel said in a joint statement Tuesday that inflation was a fact of life now and the administration was refusing to combat it.
 Instead of imposing restraints on the economy now, they said, the new budget would only foster inflation.
 "A recession next year is a likely reaction to present inflationary excesses," the GOP members said. "The tendencies toward recession will be strengthened since failure to take action to halt inflation will force the administration to slam on the fiscal and monetary brakes later this year."
 Treasury Secretary Henry H. Fowler, who together with Schultz appeared before the House Ways & Means Committee Tuesday, took issue with the Republican view.
 Fowler told the House panel it would be wrong to characterize the present economy as inflationary.

Wall Street Chatter

By United Press International
NEW YORK (UPI) — Kenneth B. Smilen and Kenneth Safian of Purcell, Graham & Co. say the market still seems to be in the process of forming an important top, but in the nearer-term there are enough areas of strength to justify trading.
 Stanley Heller & Co. says it suspects the current bullish convictions regarding the market's future will intensify the

pattern of buying on any reaction. The firm says once the primary uptrend is resumed it would anticipate an even greater expansion of trading activity than exhibited earlier this month.
 Standard & Poor's says the favorable trends in corporate earnings and dividends, together with the reasonable level of current appraisals, continue to justify a constructive investment policy.

HEALTHY BONUS
FT. MONMOUTH, N.J. (UPI) — S. Sgt. Harlan F. Cunningham will use his \$9,558 re-enlistment bonus to buy a new house. The bonus was believed to be the largest paid in this country under a new incentive program.
 Cunningham, an electronics instructor at the U.S. Army Signal School signed up for a new hitch Wednesday. His bonus was only \$18 under the record paid a serviceman in Viet Nam recently.

SMALL BUSINESS BREAK — WASHINGTON (UPI) — GOP members of the House Select Committee on Small Business want the Defense Department and other big-spending government agencies to give a better break to the nation's small businesses.
 Rep. Arch A. Moore Jr., W.Va., ranking Republican on the panel, complained Tuesday that the federal small business administration has withdrawn its representatives from Defense Department procurement centers, thereby reducing the chance of contract awards to small businesses.

INTEREST EARNINGS UP — Texas state government now has \$228,800,000 in time account deposits.
 State Treasurer Jesse James estimated the money will earn \$9,100,000 this year at four per cent interest.
 James said the interest will average at \$762,832 a month, or
