## 'Moderate' Steel Hike Gets Johnson Approval

WASHINGTON (UPI)—The White House said today the \$2.75 a ton price increase announced by U. S. Steel Corp. was acceptable under wage-price guidelines. It called on Bethlehem and Inland steel to pull their boasts back to a similar level.

The administration's position was stated at the White House by Chairman Gardner Ackley of the Council of Economic Advisers after he discussed the U. S. Steel announcement with President Johnson.

Ackley said: "The United States Steel Corporation's announcement of its price adjustments (some up, some down) indicates an effort to meet the nation's problem of price stability."

"Although the increase in structural steel will likely bring the company somewhat more revenue than the decrease in sheets will cost them, it appears that the net gain in company revenue is less than one-tenth of 1 per cent and therefore inconsequential."

"I would hope and expect that Bethlehem and Inland, who have already acted, would adjust accordingly to meet competition and thus well serve the national interest."

In announcing the "selective" price increase in Pittsburgh, U. S. Steel expressed hope of administration acceptance. It said it was hoping to govern its price increase at the \$5 a ton hike imposed by Bethlehem and Inland would damage the domestic economy.

U. S. Steel's action came as government agencies prepared to carry out the administration order to not to honor federal-state contracts with steel companies which had raised their prices. The order had been directed at the \$5 a ton increase set by Bethlehem and Inland steel companies.

## Murder Charges Filed In Civil Rights Death

TUSKEGEE, Ala. (UPI)— Authorities held a "race-quoit" old man on a murder charge today in the shooting of a Negro civil rights worker whose 1,500 fellow students staged an angry march on City Hall.

Officers released no word from Marvin Segrest, a white tenant, on the slaying which took place at a gasoline service station at about 10 p.m. Tuesday in a Negro town on the fringe of Alabama's Black Belt.

March 25 about 100 miles to the west near Lowndesboro, Ala. Segrest said the service station's rest rooms had been desegregated for some time as have most public facilities in Tuskegee. But investigators said Young apparently sought to use an employees' rest room inside the station.

## LBJ To Ask For Additional Cash For Viet War

WASHINGTON (UPI)— President Johnson will go to Congress after it resumes session next week for a whopping \$13 billion in extra funds to finance the war in Viet Nam during the current fiscal year.

"This amount is far larger than has been mentioned in the past for Johnson's planned supplemental defense appropriation request for the fiscal year ending June 30."

It will raise total military appropriations for this fiscal year to well above \$62 billion, the highest figure since World War II.

It also gives a foretaste of what can be expected in defense spending requests in the budget Johnson will submit to Congress for the fiscal year which starts July 1.

When the President submits his supplemental request, Americans will get the clearest picture so far of the cost of the military expansion programs started last summer when U. S. ground troops began pouring into South Viet Nam.

That action, along with the air campaign already under way, triggered an increase in the size of the U. S. armed forces, increased maintenance costs, created a need for greater military production and stepped up construction needs.

Since appropriations include large sums for long-term production items such as ships and aircraft, they are not all spent during a 12-month period. The defense spending estimate for the current fiscal year now stands at \$53 billion. Johnson's new budget is expected to call for something less than \$60 billion.

## Bid Requirements For Lake Meredith Concession Told

The Department of the Interior, seeking a qualified concession operator for the Frith Fortness site at the Sanford Recreation Area, today released a prospectus outlining the requirements for the construction and operation of the proposed facilities.

Located in Hutchinson County, the 44,000-acre recreation area includes the 13-mile long Lake Meredith formed by Sanford Dam. The area is about 20 miles north of Amarillo in the central part of the Texas Panhandle and is administered by the National Park Service.

Planned under a two-phase program, the construction of the facilities is estimated to require an investment of \$865,000. It is expected that Phase I will be started within three months after the concession contract is signed and completed within eighteen months. Phase II started within three months after the contract is signed. The successful applicant must be prepared to finance the cost of facilities that include, under Phase I, a 30-unit motel with terrace and swimming pool; a 75-seat restaurant; 2,500 square foot floating dock with sales facilities; 100-slip floating dock with fueling facilities and boat moorings; boat trailer parking area for 50 boats; and rental and charter boats.

Phase II improvements will include an additional 100 slips. (See BID, Page 3)

## Clear Skies, Sunny Days To Continue

Panhandle skies were sunny and clear today and are expected to continue that pattern through Thursday with temperatures on the mild side in Pampa and vicinity.

The mercury headed into the mid-50s this afternoon after an unofficial low of 23 degrees in Pampa early today. Yesterday's high was 53.

Post-sundown temperatures are expected to slide through the night into the low 20s by tomorrow morning.

Thursday is expected to be warmer than today with a predicted high in the mid-60s. The outlook for Friday, the weatherman says, is for continued mild and partly cloudy.

The Panhandle was more fortunate than much of Texas this forenoon with clouds, fog and light rain covering central and south portions of the state. A five-day forecast calls for temperatures up to 14 degrees above normal with light to moderate precipitation across the state.

100 YEARS OF SERVICE — The story of the Salvation Army's long tenure of service is told locally on ten billboards erected in the Pampa area. Shown in the accompanying photo are Claude Gadd, Pampa manager of Pan-Tex Outdoor Advertising and Capt. Robert Tilton, commander of the local Salvation Army post. The billboards donated by Outdoor Advertising, all carry the same message, "A Century of Service to God and Man."

## Harold Comer In Running for Judge

Pampa attorney Harold L. Comer today became the fourth Gray County Democrat to announce his candidacy for county judge.

A resident of Gray County for more than 23 years, Comer was born in Loneview, and moved to Pampa with his parents, Mr. and Mrs. C. L. Comer, in 1942.

A 1961 graduate of Pampa High School, he received a BA degree in government and history from Texas A&M in 1955. He graduated from University of Texas Law School in 1958 with an LL.B. degree.

After four years with the U.S. Army Judge Advocate General Corps, during which he attained the rank of captain, Comer established his present law practice in Pampa in 1963.

Comer is vice president of the Gray County Bar Association and a member of the State Bar Association.

He is a member of the First Christian Church and is active in various Pampa civic organizations. Comer is chairman of the local 1966 March of Dimes Campaign.

Married, Comer, his wife Jean and their two children reside at 1221 Hamilton.

In a statement announcing his candidacy, Comer said:

## Viet Nam Peace Hopes Dealt Near Fatal Blow

WASHINGTON (UPI)— Hopes for early progress toward peace in Viet Nam appeared today to have been dealt a damaging though not necessarily fatal blow by Hanoi's first direct reaction to the U.S. bombing pause.

The North Vietnamese Foreign Ministry, in a tough statement broadcast by Hanoi Radio Tuesday, labeled the suspension of U.S. air attacks a "trick" to further what it called "a deceptive peace campaign."

It was considered highly unlikely in Washington that the United States would regard this as the final word on the subject from the Communists. No similar direct rejection has been received through third party diplomatic channels, and the United States was continuing its efforts to generate more world pressure on Hanoi and Peking.

Neither the White House nor the State Department would comment on the Hanoi statement, which also reaffirmed demands that the war be settled entirely on Communist terms. Administration experts (See PEACE, Page 3)

## Ben Jack Cage May Be Brought Back to Texas

RIO DE JANEIRO (UPI)— Fraud police pulled in Texas fugitive Ben Jack Cage for questioning Tuesday, and a few hours later it was reported that he had left Brazil in a New York bound airliner.

The newspaper Jornal do Brasil published pictures of Cage being questioned at fraud police headquarters. Jornal reporter Fernando Pinto said police told him the American had been under arrest since noon Monday on suspicion of diamond smuggling.

Police denied, however, that Cage had been arrested.

The report that Cage had left the country could not be confirmed immediately. If it proved true, it would not necessarily mean he was returning to the United States. The plane in which he was said to be traveling stops in Peru and Panama on its way to Miami and New York.

## Traffic Congestions Of 'Fantastic' Size Grip Largest City

NEW YORK (UPI)— Traffic congestion of fantastic proportions forced the city today to institute a voluntary plan for staggered working hours for the duration of the \$100 million a day subway-bus strike already in its fifth day with no end in sight.

The only bright spot in the gloomy situation was Mayor John V. Lindsay's report that negotiations between the city's Transit Authority (TA) and the second string leadership of Michael J. Quill's Transport Workers Union (TWU) was "starting to work constructively."

"The negotiators worked most of the night and moved," said Lindsay on his 70-block morning walk to City Hall during which he received many compliments, such as "good job" and "keep it up" from pedestrians.

Quill and eight other top union brass were prisoners of the city for contempt of a court order for resumption of public transit service. Quill suffered a possible heart attack shortly after he was jailed Tuesday and remained in serious condition in Bellevue Hospital.

Traffic Commissioner Henry A. Barnes asked employers with businesses between 14th and 59th street in Manhattan to release workers this afternoon in four shifts staggered according to four geographical areas.

Barnes said he hoped this would ease the evening outpouring of cars which poured into the city's business heart this morning at about the same rate as Tuesday — 50 per cent higher than usual. The commissioner reported happily that more drivers were carrying passengers than previously — indicating progress in car pooling.

Lindsay left his office shortly after 7 a.m. (CST) to go to the Hotel Americana, scene of the strike negotiations, at the request of Dr. Nathan Feinsinger, chairman of the three-man mediation panel. Meetings were scheduled throughout the day.

NEW YORK (UPI)— Mike Quill was hospitalized, negotiations were frustrated, losses were mounting beyond calculation and this crippled city was desperately weary today of its subway-bus strike that still seemed endless.

The power plays continued. The Transit Authority (TA) was to go into court again, this time seeking heavy daily fines against the striking Transport Workers Union (TWU) for ignoring an anti-strike injunction. The TA hoped to squeeze the union into settling.

The court hearing was scheduled for 2 p.m. EST. But the union vowed it would lower its demands by not "one cent" now that Quill, its president, was in a city hospital — the prisoner of his adopted city.

Arrested on live television for defying the injunction, Quill went to jail defiantly "to rot" Tuesday and came out two hours later, white-faced, unconscious, on a stretcher, the victim of a possible heart attack. He remained in Bellevue Hospital today, alternating between consciousness and unconsciousness, fed intravenously.

Sixty of his fellow New Yorkers telephoned the hospital to wish him ill. "Give him the wrong medicine," one advised. "Why isn't he in the prisoners' ward?" another demanded.

The strain of the strike showed on the faces of the citizenry. They were tired of improvising, tired of walking, tired of waiting. The glamor was gone from the thing.

Neither the White House nor the State Department would comment on the Hanoi statement, which also reaffirmed demands that the war be settled entirely on Communist terms. Administration experts (See PEACE, Page 3)

But Robert L. Coats of San Francisco, Democratic state chairman, said Reagan would be an "extremely tough candidate."

Reagan, who switched his registration from Democratic to Republican in 1962, was California co-chairman in 1964 of the Citizens for Goldwater-Miller, a campaign group for GOP presidential standardbearer Barry M. Goldwater.

In his formal announcement, Reagan suggested establishment of a "Creative Society" in California, apparently as a rival to President Johnson's "Great Society."

"A great society must be a free society, and to be really great and really free, it must be a creative society calling on the genius and power of its people. Legislation alone can't solve our problems, nor will they disappear under a shower of tax dollars."

## Brown Shrugs Off Reagan's Chances

LOS ANGELES (UPI)— Republican Ronald Reagan, an old-timer in the movies but a newcomer to politics, today steered a course he hoped would put him in the governor's chair of the nation's most populous state.

Reagan, 54, formally announced his candidacy Tuesday night for the Republican nomination as California governor in the state's June primary.

The announcement, at a special premiere of a 30-minute television broadcast shown over 16 California stations, brought mixed reaction both from fellow Republicans and from Democrats.

Gov. Edmund G. Brown, 60, Democrat expected to bid for a third term, shrugged off Reagan's candidacy in a television interview, predicting any Democrat could win the November general election.

But Robert L. Coats of San Francisco, Democratic state chairman, said Reagan would be an "extremely tough candidate."

Reagan, who switched his registration from Democratic to Republican in 1962, was California co-chairman in 1964 of the Citizens for Goldwater-Miller, a campaign group for GOP presidential standardbearer Barry M. Goldwater.

In his formal announcement, Reagan suggested establishment of a "Creative Society" in California, apparently as a rival to President Johnson's "Great Society."

"A great society must be a free society, and to be really great and really free, it must be a creative society calling on the genius and power of its people. Legislation alone can't solve our problems, nor will they disappear under a shower of tax dollars."

NEW YORKERS ON THE MOVE — New Yorkers used their feet and ingenuity to get around the transit strike which shut down the city's bus and subway systems. Some tried bicycles and roller skates. New mayor John Lindsay, practicing what he preached, walked four miles from home to office on the first business day of the strike. Others stepped up the pace for a little roadwork.

**NEW OFFICERS** — At a recent installation dinner, James B. Dailey, right, received the realtor of the year award. Helen Brantley, left, received the salesman of the year award for having sold the most real estate, as well as having completed more educational courses and regular attendance at sales meetings. Genevieve Henderson, center, received the designation of certified master broker for having successfully completed the required courses of intensive real estate study presented by the Real Estate Institute of the Texas Real Estate Association. The 1966 officers installed at the meeting were Henry Gruben, president; Hugh Peeples, first vice president; Al Schneider, second vice president; Joe Dickey, treasurer; Joan Courtney, secretary; and Board of Directors, John Lee Bell, Lindy Houck, Betty Meador and Jim Morris.

### National Window

By LYLE WILSON  
**United Press International**  
Paul McKalip of the Tucson (Ariz.) Daily Citizen has focused some well deserved attention on recent proceedings in Judge E. R. Thurman's Maricopa County Superior Court.

All good citizens had a stake in what went on. The judge had set himself up as a censor on the publication of events taking place in open court.

Fortunately for all, the Arizona State Supreme Court on Tuesday issued a peremptory writ of prohibitions to end the proceedings. Fortunately because if judges could get away with what Judge Thurman sought to do, they could get away with anything.

Judge Thurman got himself into this trouble last Dec. 7 during a habeas corpus hearing relating to one Donald Chambers, who was charged with murder. A jury was being selected at the time to try Chambers. One newspaper reporter was present.

**Bans Accounts**  
Thurman told the reporter he wanted nothing published about the hearing which would prejudice jurors then being selected. Evidence presented during the hearing including an offering from the prosecuting attorney purporting to show that Chambers' finger print had been found at the murder scene.

Newspapers printed the story of the hearing and told of the bias in the minds of the

finger print evidence. Defense Attorney Shepard Weinstein sought from Judge Thurman an order requiring the reporters and editors of the offending papers to show cause why they should not be cited for contempt.

Judge Thurman signed the order on Dec. 23. Meantime, the habeas corpus proceedings failed. Chambers changed his plea from innocent to guilty shortly after his trial began. Chambers was sentenced to life imprisonment.

Editors of the Phoenix Gazette and Arizona Republic said that accounts of the habeas corpus hearing were published because the public has a right to know—and newspapers have a right to open court.

**Coin's Other Side**  
The dispute between the newspapers with Judge Thurman lies outside the controversy now current with respect to newspaper reporting on criminal trials. Just published by Macmillan is "The Press in the Jury Box," which raises such questions as this:

"Did Bruno Hauptmann kill the Lindbergh baby or did the press make us think so?" "The dust cover describes this book as 'an angry, documented, provocative examination of the daily assaults on justice when the press takes on the paper stories that appear in the wake of sensational crime establishing an ineradicable bias in the minds of the

**ADA ADVICE**  
WASHINGTON (UPI) — Americans for Democratic Action (ADA) believes the Johnson administration should raise taxes if it cannot finance the Great Society and the war in Viet Nam.

Rep. Don Edwards, D-Calif., ADA national chairman, told a news conference Tuesday the increasing cost of the war should not be permitted to strangle the Great Society in its infancy."

**AMMAN AIRPORT**  
AMMAN, Jordan (UPI) — The government Monday approved construction of a new international airport here at a cost of \$15.4 million. A French company has submitted an offer to build it.

jurors." Perhaps the book is a bit hysterical.

The point to be remembered about the proceedings in Judge Thurman's court is that the question is whether a judge may forbid factual publication of what transpires in open court. There were no colorful stories in this instance. There was no assault on justice.

In issuing its writ of prohibition against Judge Thurman's order, the state Supreme Court said a formal opinion would follow later. It is to be hoped the judge reads it closely.

Judges should have the good sense not to become censors of events occurring in open public and thereby infringing on the public's right to know.

**PLEDGES PRANK**  
LOS ANGELES (UPI) — Pledges from about 17 University of Southern California fraternities Monday left about 500 fraternity members hungry by stealing their evening meals and distributing them to needy persons in the Watts riot area. The pledges reported they

**HEAVY WEIGHT**  
TOTTERDOWN, England (UPI) — Sixteen-year-old Ann Advid was treated in a hospital Monday for a strained neck suffered while combing her hair.

**Coke Stevenson Facing Charges Of Hit and Run**  
AUSTIN (UPI) — Police today charged the head of the state Liquor Control Board with leaving the scene of an accident following a collision Monday night at an Austin intersection.

Patrolman Joe Echols said he traced the automobile to Stevenson's home after a witness described the car and gave him the license number.

Echols said Stevenson's automobile was heavily damaged. The other car, owned by Thomas B. Harris, sustained about \$300 damage when it was knocked about 20 feet from where it was parked, Echols said.

## Free Course On Tax Preparations Scheduled Jan. 11

A free course in basic income tax form preparation will be held Jan. 11 at the Lovett Memorial Library Auditorium.

Conducting the class will be Pampa Internal Revenue agent Richard White, and Walter L. Colwell and Jerry G. Davis, both members of the Panhandle Chapter of Certified Public Accountants which is co-sponsoring the class with the Internal Revenue Service.

The class will begin at 7 p.m. and will be two hours long, featuring an actual working session where sample income tax forms 1040 and 1040A will be filled in with the help of experts.

All material for the course is being provided by the Internal Revenue Service. The course is designed to help taxpayers in the basic income tax form preparation and will not deal with unusual tax problems.

Topics to be covered include preparation of tax forms for the typical family with income primarily from salary, dividends and interest, and with typical deductible expenses such as charitable contributions, interest and medical expenses.

The classes are being held as a public service to give the typical taxpayer enough background to prepare his own tax return with confidence that he is paying neither too little or too much tax.

## Doug Altom Is Optimists Nominee for Young Texan

Doug W. Altom has been nominated for the Troy Post Award as Young Texan of the Month for the North Texas District of the Optimist Club of America.

Douglas, 18, son of Mr. and Mrs. Garner H. Altom, 2500 Charles, Pampa, was nominated for the award by the Pampa Optimist Club. He is a senior at Pampa High School.

The young nominee has built an enviable record as a scholar, athlete, musician, student leader and participant in church affairs, according to the recommendation made by George Massie, of the local Optimists.

Three times in the 10th, 11th and 12th grades, Douglas was Carnival King for all-school carnival. He was elected "Best All-Around Boy" in the 9th grade, Sophomore Class Favorite, and, in his senior year, All School Favorite Boy.

## Pampan Found Bleeding On Bus Dies in Dumas

Donald Merle King, 38, 1140 Prairie Drive, died Tuesday afternoon at Dumas Memorial Hospital where he was rushed after being found in the restroom of a bus with razor blade cuts on the wrists and throat.

He was pronounced dead by Dr. Byron W. Wright.

King has purchased a bus ticket in Amarillo Tuesday morning to Las Animas, Colo. Relatives said they thought he was enroute to the Veterans Administration Hospital at Fort Lyons near Las Animas.

King was discovered by a passenger, Clifford Berheiner of Corpus Christi, who opened the rest room door when the bus stopped at the Dumas bus depot.

Berheiner told police that King slumped to the floor when the door was opened. A blood-covered razor blade was found in the washbasin.

Relatives in Pampa said King had left the city Christmas day, presumably bound for Amarillo. They had not heard from him since.

King was born in Pampa and graduated from Pampa High School in 1946. He then attended Rollins College at Winter Park, Fla.

He was a veteran of World War II and had worked as a clerk for several oil companies in the Pampa area but had been unemployed for several months.

He was a member of the Pampa Christian Science Church and Masonic Lodge 966.

Survivors include his mother, Mrs. Bonnie M. King of Pampa; brothers, Warren and John of Pampa, Thomas of Moses Lake, Wash., Albert King of Canyon and a sister, Mrs. Arrangements are pending with Carmichael-Whitley Funeral Directors in Pampa.

## Kiwanians To Install Officers At Thursday Banquet

Pampa Kiwanians will install their 1966 officers at the annual installation banquet Thursday at 7 p.m. in the Coronado Inn Starlight Room.

Installing officer will be Lt. Gov. Loyd Williams of Division VI, Texas-Oklahoma District of Kiwanis International. The new officers are:

Jack W. Nichols, president; Boyd Taylor, first vice president; Joe Fischer, second vice president and Jerry Davis, secretary-treasurer.

To be installed as club directors are: J. W. Doke, Ralph Reid, Carlton Nance, Clyde Organ, Dr. Royce Laycock, Ed Vickers and James Manley.

Manley will be master of ceremonies at the installation. Invocation will be given by Sam Begart and Pledge of allegiance will be led by Evert Carnon.

Musical entertainment will be provided by Jack Frost of the Trinity Baptist Church, Lubbock.

## Air Train Chief To Address Annual Chamber Banquet

Lt. Col F. D. McGowan will be the featured speaker at the first 1966 general membership meeting of the Pampa Chamber of Commerce.

Colonel McGowan is commander of the Strategic Air Command radar bomb scoring train now located at Heaton Switch outside Pampa. He will, with film and slides, brief chamber members and guests on the mission of SAC and the specific mission of his unit.

After his briefing, the colonel will answer questions from the audience on Air Force and SAC-related subjects.

The meeting to be held at the Coronado Inn Starlight Room Monday at noon, will be open to the general public. Reservations, at \$1.50, may be made through the Chamber of Commerce office.

Red Wedgworth, general manager of the Pampa chamber, advises members to bring their wives to this meeting, since the subject matter will be of interest to them as well as to the members themselves.

## Aviation Group To Meet Friday

The Aviation Committee of the Pampa Chamber of Commerce will meet at 10 a.m. Friday to discuss needed improvements at the Perry Lefors Field as suggested by the recent Federal Aviation Agency survey.

The meeting, to be held in the Chamber of Commerce conference room in the Hughes Bldg., will be under the direction of Wynn Veale, chairman of the committee.

## Winners of Gift Awards Announced

Five Pampa area shoppers had a happier Christmas this year as the result of a program sponsored by the Downtown Merchants Association.

The five each received a group of gifts valued at \$50 to \$75. The gifts were displayed in a downtown window with each shopper permitted to register for the privilege of receiving them.

Those who were lucky were: Vivian Locker, 1101 Charles; Lynn Lively, 1212 Hamilton; Gladys Holder, 332 N. Davis; Edith Mae Barnett, PO Box 252, Skellytown; and Mrs. Holly Gray, 1236 Williston.

## Fire Damages Fence

A fence at 620 N. Nelson was slightly damaged by a grass fire Tuesday noon. It is believed the fire, which did no other damage, was started by children playing in the area, city firemen said.

Meteors sometimes follow one another so quickly their luminous streaks give the impression of rainfall, hence the term "meteor shower."

## Obituaries

**Wilbur Ray Fulton**  
Funeral arrangements for Wilbur Ray Fulton, 73, who died at 8:10 a.m. today in his home in Miami, are incomplete with Carmichael-Whitley Funeral Directors.

Mr. Fulton was born Sept. 17, 1892, in Muscatine, Iowa. He married the former Pearl May Lard in 1913 in Miami. The couple made their home in Shattuck, Okla., for 42 years, moving to Miami last September.

Mr. Fulton was a retired employe of the Santa Fe Railway Co., going to work for the company in 1911 and retiring in Feb., 1952. He was a member of Shattuck First Methodist Church.

Survivors include his wife, Mrs. Pearl May Fulton of the home; two daughters, Mrs. Darlene Toland of El Paso and Mrs. Gwendolyn Cross of Basking Ridge, N. J.; one sister, Mrs. Gwendolyn Cramer of Austin, and two grandchildren.

## State to Ask Death Penalty For James Cross

AUSTIN (UPI)—Dist. Atty. Tom Blackwell will ask the jury in the trial of James C. Cross Jr., 23, of Fort Worth to send the handsome accused slayer of two University of Texas coeds to the electric chair.

Blackwell filed a motion Tuesday to qualify jurors on the death penalty. The legal maneuver was done to comply with the new Texas Code of Criminal Procedure, which requires the prosecution to give written notice at least 15 days prior to the trial.

Cross has been held in Travis County jail since last Aug. 6 when he was charged with strangling Susan Rigby and Shirley Ann Stark, both of Dallas.

He is scheduled to go on trial Feb. 14 before Dist. Judge Mace Thurman Jr.

## Plagued Day And Night with Bladder Discomfort?

Unwise eating or drinking may be a source of mild but annoying bladder irritations — making you feel restless, tense and uncomfortable. Doan's Pills often help by being promptly acted in two ways: 1) their soothing effect to ease bladder irritation; and 2) a mild diuretic action through the kidneys tending to increase output of the 15 miles of kidney tubes.

And if restless nights, with nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery — don't wait — try Doan's Pills. With their speedy pain-relieving action, Doan's Pills work promptly to ease torment of nagging backache, headache, muscular aches and pains. So get the same happy relief that millions have enjoyed for over 40 years. For convenience, use Doan's Pills large size. Get Doan's Pills today!

## No City Elections Scheduled in 1966

With the growing interest and publicity concerning the upcoming Gray County elections, Pampa voters were reminded today that there will be no city elections this year.

Under provisions of the Charter amendment approved by voters last August and the subsequent city ordinance, Pampa's city elections will be held annually beginning in April 1967.

At that time, all four city commission positions and that of mayor will be voted on. However, the commissioners for Wards 2 and 4 will be elected for one-year terms.

After 1967, commissioners from Wards 2 and 4 will be elected for two-year terms in each even-numbered year starting in 1968.

The mayor and commissioners from Wards 1 and 3 will be elected for two-year terms in odd-numbered years beginning next year.

## Youth Injured In High School PE Wrestling Event

Bruce Ginn, 17, Pampa High junior, was injured Tuesday while wrestling during a physical education period at the school.

The boy was taken to Highland General Hospital where a preliminary diagnosis was given as dislocation of the 5th and 6th vertebrae. Doctors are continuing to take X-rays and other tests.

Son of Mr. and Mrs. Bruce A. Ginn, south of Pampa, young Bruce was participating in a general physical education class when the accident occurred.

According to school officials, it was a "freak accident" in that the boy, though wrestling, was not thrown or in a tight hold. "He merely rolled over to the edge of the mat and stayed there," one witness said.

## Obituaries

**Wilbur Ray Fulton**  
Funeral arrangements for Wilbur Ray Fulton, 73, who died at 8:10 a.m. today in his home in Miami, are incomplete with Carmichael-Whitley Funeral Directors.

Mr. Fulton was born Sept. 17, 1892, in Muscatine, Iowa. He married the former Pearl May Lard in 1913 in Miami. The couple made their home in Shattuck, Okla., for 42 years, moving to Miami last September.

Mr. Fulton was a retired employe of the Santa Fe Railway Co., going to work for the company in 1911 and retiring in Feb., 1952. He was a member of Shattuck First Methodist Church.

Survivors include his wife, Mrs. Pearl May Fulton of the home; two daughters, Mrs. Darlene Toland of El Paso and Mrs. Gwendolyn Cross of Basking Ridge, N. J.; one sister, Mrs. Gwendolyn Cramer of Austin, and two grandchildren.

WEDNESDAY, JANUARY 6, 1966

Dear Abby....

## She Was Roped in By Sheet-Hanging Friend

DEAR ABBY: Two years ago my neighbor asked if she could hang a few sheets on my clothesline. I said all right. Then she started hanging all sorts of colored garments, rugs, blankets, etc., on my line. She will not put up a clothesline in her yard because she doesn't want it cluttered. Occasionally, I did not mind, but now it has become an everyday occurrence. I don't want to take down my line because I need it for my own use. She's added two lines of her own to my pole so now she feels that she can use her lines any time. I am very much upset over this. It's caused many family arguments because my husband will not tell them it's annoying. We don't want hard feelings. Please tell me how to discourage this practice?

HAVE HAD IT  
DEAR HAVE HAD IT: Remind your neighbor that she asked permission to hang a "few sheets" on your line, and you think she's gone a bit too far. Face it, you are really upset with yourself for lacking the backbone to set your neighbor straight. Don't blame your husband for refusing to run interference for you. That's not his line.

DEAR ABBY: Maybe I should not complain because my fiancé says he loves me a lot and I

know he never even looks at another girl, but here's my problem. Now that deer hunting season is here he says he'll see me after the season is over. He is so crazy about hunting, he goes every minute he has off from work. Abby, everyone says I'm a fool to wait for him to come to see me when he feels like it. I think if he really cared for me he'd see me on weekends during the deer season, don't you? Should I tell him he can either find time for me or he can find someone else?

SECOND CHOICE  
DEAR SECOND: If you're sure the only kind of deer your fiancé is interested in is the four-legged kind, you're lucky. Don't challenge him to find another "deer" unless you want to go hunting for a new boy friend.

DEAR ABBY: In a recent article, you said the boy's mother should set up restrictions in the absence of the girl's mother doing so. We had the same situation a few years ago. Our son, at 17, was going steady with an 18-year-old girl. He, too, practically "lived" at her house. We tried everything we could think of to keep them from seeing so much of each other. We talked to our son. We limited the use of our car. But the girl used her mother's car,

# In the Swim for Resort Wear

1966 SWIM FORECAST — Pastel tropical prints will dot the seascape for resort '66. Beachbreaker cover-up (left) zips all the way in front, has raglan sleeves and double-yoke back treatment. Matching, sleek-fitting two-piece maillot swimsuit has teardrop cutout in the foam-lined, natural bra. Color combos in these designs by Jantzen are in banana, powder blue and hemp.

so that didn't work. In desperation I phoned the girl's mother and begged her not to let our son come over so much. I told her he had a lot of school left and would be in no position to marry for several years. All to no avail. The girl's mother said they were "good kids," she "trusted" them, and they were "in love."

Well, a few months after our son turned 18 he informed us that the girl was pregnant. Our son is now 20. His education is finished as he had to get a job at 18 to support a family. They have two children now and they are miserable. His wife is a sloppy housekeeper. The only time the floor gets scrubbed is when he does it. He has to take care of the babies when he gets home from work at night. She complains that there isn't enough money and they do not have a decent car, etc. I blame early dating, going steady, and the girl's parents.

GRIEVING MOTHER

# Gardening News

By THELMA BRAY

As we move into another new year many of us are making news years resolutions. A poem entitled "My Purpose" and written by Thomas Dekker seems to summarize, in a beautiful way, most of the resolutions anyone might want to make.

"To awaken each morning with a smile brightening my face;

To greet the day with reverence for the opportunities it contains;

To approach my work with a clean mind;

To hold ever before me, even in the doing of little things, the Ultimate Purpose toward which I am working;

To meet men and women with laughter on my lips and love in my heart;

To be gentle, kind, and courteous through all the hours;

To approach the night with weariness that ever woe sleep, and the joy that comes from work well done—

This is how I desire to waste wisely my days."

If you have not sent away for the new seed and nursery catalogues, do so without delay. These catalogues are fascinating publications and are well worth close study.

When making out your seed orders, keep chiefly to varieties of known performance—kinds that have done well for you before, or that are known to thrive in your locality. But be venturesome—some enough to try a few of the new kinds of flowers and vegetables offered in the catalogues, the varieties the seedsmen term "novelties." By growing some of the season's novelties you will add zest and

fun to your gardening. Seed catalogues need attention first, but send, too, for the catalogues of nurserymen if this spring you intend to plant any trees, shrubs, evergreens, fruit trees or bushes, roses, perennials or other plants, that you will buy as plants rather than as seeds.

Early ordering is an essential here as it is with seeds. It is of the utmost importance to set out plants at the right times for their kinds; too-late planting is a frequent cause of distress or failure. Only by placing your orders early can you be sure that the nurserymen will be able to deliver at the most favorable times for planting.

But only from reliable dealers and expect to pay fair prices. Plants offered in sensational worded advertisements, especially when apparently low priced, are very apt to be inferior and disappointing.

Do remember it is more satisfactory to buy from our own local nurserymen, seedmen and florist when possible.

Addresses of some reliable companies where catalogues may be obtained are: George W. Park Seed Co., Inc., Greenwood, South Carolina 29647

Brooks-King Vows Spoken in Canadian CANADIAN (SP) — First Christian Church of Canadian was the setting for the Dec. 22 wedding uniting Miss Paulette Brooks, daughter of Mr. and Mrs. B. B. Brooks of Canadian, and Buddy King, son of Mr. and Mrs. Paul King, also of Canadian.

Rev. Myrl Powers read the vows at 6 o'clock the evening of Dec. 22 with only close relatives of the couple present.

For her wedding the bride chose a two-piece street-length gown fashioned of white lace accented by ivory accessories.

The couple is making their home in Canadian where the bridegroom is associated with his father in the King Drilling Company.

interstate Nurseries, 216 E. Street, Hamburg, Iowa 51640 Stark Brothers Nurseries and Orchard Co., Box 716, Louisiana, Mo. 63353 W. Atlee Burpee Co., Clinton Iowa 52733 Gilbert H. Wild and Son, Inc., Sarcoxie, Missouri Henry Field Seed and Nursery Co., 964 Oak St., Shenandoah, Iowa 51601 Spring Hill Nurseries, Tipp City, Ohio. All the above catalogues are free for the writing.

The Wayside Catalogue, consisting of 224 pages, may be ordered for one dollar from the Wayside Gardens, 70 Mentor Ave., Mentor, Ohio 44060.

## Astrological Forecast

By CARROLL RIGTER

THURSDAY, JAN. 6  
GENERAL TENDENCIES: Today's full moon can be beneficial for making changes where your property interests are concerned and in lines of expression that concern some new arrangements pertaining to a better awareness and understanding of what your emotional life would like to have from you, and vice versa. Avoid over-emotionalism.

ARIES (Mar. 21 to Apr. 19) — You have to plan your time more wisely if you don't want to get business and home affairs all mixed up. Get credit matters nicely improved. Don't give too much importance to the things that are unimportant.

TAURUS (Apr. 20 to May 20) — You need to give more thought to the data that you require so that your regular routines operate more efficiently in the future. Get those letters written that must be dictated from a new angle. We wish you well.

GEMINI (May 21 to June 21) — You have to think along more abundant lines and do what is necessary to have a greater income if you are to have some of the luxuries you desire. Be ethical. Get rid of that antiquated budget you are following.

MOON CHILDREN (June 22 to July 21) — Search for those new interests that can make your life more affluent and satisfying now. Greater sociability is needed. Group activities are fine. State your aims to the right persons.

LEO (July 22 to Aug. 23) — Handle all private worries without delay and well, or there is more trouble. Don't drag others into it either, who are not concerned. Don't permit petty annoyances to bother you. Be gifted, be big.

VIRGO (Aug. 24 to Sept. 23) — Listen to what allies, pals have to suggest instead of criticizing, since these ideas can be very helpful to you. Getting out to that social affair is good. Much that is fine can come of it.

LIBRA (Sept. 24 to Oct. 23) — Be loyal to your friends even though others may criticize them severely. Also, do nothing that will reflect on your own good name. It is for your own good.

SCORPIO (Oct. 24 to Nov. 23) — With all these fine ideas coursing through your mind, don't procrastinate in doing something constructive about them. Show talent, be positive. Have a more stable and solid philosophy of life than heretofore.

SAGITTARIUS (Nov. 24 to Dec. 23) — Be very sure to get your bills paid, other obligations met that are more or less "young matters." Try to do whatever is especially nice so that mate will be highly pleased.

CAPRICORN (Dec. 24 to Jan. 20) — Doing what will bring you more cooperation from associates is wise today. Get rid of opposition. Testing any agreements you have made with others can prove to be of great benefit to you.

AQUARIUS (Jan. 21 to Feb. 19) — Getting work done with greater zeal is possible now and you please those who work by side with you. A co-worker will finally understand what you desire should be done. Then all goes well.

PISCES (Feb. 20 to Mar. 20) — Making sure that your recreation is more along oceanic lines is necessary now, and be loyal to your good friends. A little gift to one you like very much is wise. Come to better terms than in the past.

**LOOK MA—NO STOP LIGHTS!**—Slowly, but steadily, nonstop highways are snaking along, particularly in the traffic-congested East. Newsmap above shows how nonstop links between cities are lengthening. You can now buzz along the 435 miles of the nation's most crowded highways between Boston and Washington without pulling up for a red light. The same goes for the long stretch between Boston and Salysville, Ky., via Cleveland, Cincinnati and Lexington. The Western motorist enjoys fewer "all-go" routes, but one notable run is the uninterrupted traffic flow between St. Louis and Wichita Falls, Tex.

**Quotes in the News**

**By United Press International**  
WASHINGTON — Sen. Richard B. Russell, D-Ga., asserting that the 13-day pause in bombing-raids over North Viet Nam has run too long:  
"I think one week was long enough. I wouldn't want to be the next Naval pilot to fly over one of those SAM (missile) sites."  
TUSKEGEE, Ala. — A band of angry Tuskegee Institute students, demanding action after a fellow-student was allegedly shot by a local white man: "This is the time for strong action . . . (not) regrets."  
UNITED NATIONS, N.Y. — Communist Chinese Foreign Minister Chen Yi, reaffirming the hard-line Communist position on the war in Viet Nam during an interview in Peking: "Firm opposition to the U.S. policies of aggression and war is in the fundamental interests of the people of the world."  
LOS ANGELES — GOP gubernatorial hopeful Ronald Reagan made this comment: "A great society must be a free society, and to be truly great and really free, it must be a creative society calling on the genius and power of its people. Legislation alone cannot solve our problems, nor will they disappear under a shower of tax dollars."  
FAT POLICY  
HOUSTON (UPI) — A Houston business executive has taken out what the American General Life Insurance Co. believes is the biggest life insurance policy ever written on an individual—\$1 million.  
American General declined to say who it was written for but admitted the annual premium is more than \$147,000.  
Sarah Bernhardt was born Oct. 23, 1845.  
"WHY NOT?"  
FOLSOM, Calif. (UPI) — The Folsom Observer, a newspaper at the state prison here, asked convicts about their New Year's resolutions and one inmate said:  
"I resolve to take my case to every court in the country. And if this fails, I resolve to start all over again. Why not? I've got plenty of time."  
Weight limit for middle-weight boxers is 160 pounds.

**CUT YOUR OWN TAXES: 3**  
**Much of Income Nontaxable**

By RAY DE CRANE  
NEA Special Writer  
Unless it is expressly exempt by law, all income you receive is taxable and as such must be reported on your income tax return. Some income is fully exempt; some is exempt in part. Here are examples of taxable income:  
Salary — Wages — Tips — Bonuses — Interest — Net rents — Hobby income — Royalties — Alimony (taxable to wife, deductible by husband) — Business

Social Security payments — Unemployment compensation — Veterans' benefits — Workmen's compensation — Subistence, uniform and quarters allowances for armed forces personnel — Military mustering out pay. There are special rulings in almost every circumstance which can make part of a payment taxable or nontaxable. For example, the widow who receives death benefit payments from her husband's employer may exclude up to \$5,000 of the

able but the owner has the option of reporting the annual interest or of waiting until the bond is redeemed. At that time the amount is the difference between the purchase price and the redemption price; for example, the \$6.25 which has been earned on a \$25 bond which was purchased for \$18.75.  
All interest received on a savings account, regardless of how small, should be reported. Even though it may be listed as a dividend, the amount received for

ness and professional net income — Gambling winnings (deduct losses only to the extent of winnings) — Directors fees, jury duty fees — Dividends (subject to \$100 exclusion) — Supplementary unemployment benefits — Severance pay.  
Here are examples on nontaxable income:  
Accident and health insurance proceeds — Casualty insurance proceeds — Life insurance proceeds — Gifts, bequests, inheritances — Railroad Retirement annuities of clergymen — Scholarship and fellowship grants — death benefit from income. Note that interest received is taxable, but interest received on bonds issued by a municipality, state or political subdivision thereof is specifically exempt from tax. That would include bonds issued by a port authority, toll road commission and state industrial development bonds. Also interest received on life insurance paid by reason of death of a spouse is excludable up to \$1,000 annually.  
Interest received on U.S. government Series E bonds is tax-

deposits in a credit union or a savings and loan association is treated as interest.  
The dividends received on life insurance policies generally are not taxable. They are regarded as a partial return of your own money which has been paid in premiums. However, if the dividends are permitted to remain on deposit with the insurance company the amount earned on them is treated as taxable interest.  
Note that alimony paid in accordance with a court order is taxable to the wife and deductible by the husband. Child support payments made under the court order, however, are neither taxable nor deductible. If such payments constitute the chief support of the child, the divorced husband lists the child as a dependent on his return. In this way an \$1,800 yearly support payment may entitle the father to a single dependency credit worth \$600 on his return.  
NEXT: Employee's business expense.)

FAN LOYALTY  
BATON ROUGE, La. (UPI) — The Downtown Lions Club never had any doubts about who would win the Cotton Bowl football game.  
The club ordered thousands of Louisiana State University "victory" car tags a full week ahead of the game even though undefeated Arkansas was expected to run away with the contest. LSU won 14-7.  
The license plates, which say "LSU Tigers, Cotton Bowl Champs '66," will be sold for \$1 apiece with the money going to the club's program for blind children.

**SMATHERS IN HOSPITAL**

WASHINGTON (UPI)—Sen. George A. Smathers, D-Fla., who announced earlier this week that he would not be a candidate for re-election in 1968, entered Georgetown University Hospital here Tuesday for further medical tests.

Smathers told a news conference in Miami Monday that he was suffering from an ailment that is "serious, complex, but not incurable." Friends have reported that the 52-year-old lawmaker was concerned over a hernia of the diaphragm.

**GOP HIRES NEWSMAN**

WASHINGTON (UPI)—House Republicans have hired former Washington newsman Robert T. Hartmann to help "turn the lights back on so the public can see what is really happening."

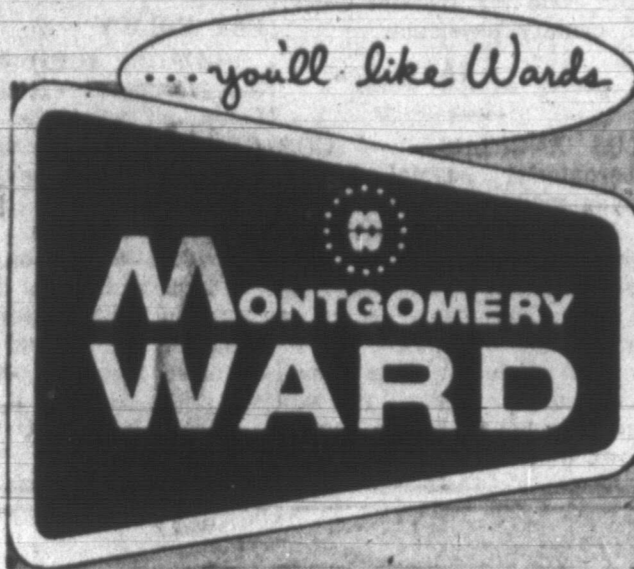

Hartmann, a former Washington bureau chief of the Los Angeles Times, was named Tuesday as editor for the House Republican Conference, comprising all GOP members. His duties will be to help with publicity, speech-writing and research, party sources said.

**matter fact**

Oberammergau, a village in Bavaria, is famous for its wood-carving industry and the Passion Play presented every 10 years. Amateur actors are chosen from the inhabitants of the village and the entire community becomes involved in the spectacle. The play, which originated in 1634 in gratitude for the end of a local plague, involves 124 speaking parts. The auditorium seats 5,000 spectators, more than the population of the village.

## Television In Review

By RICK DU BROW  
United Press International  
HOLLYWOOD (UPI)—Life along Russia's Volga River was the subject Tuesday night of a "CBS Reports" hour which the network said involved both cooperation and harassment by the Soviets. It was no cotton-candy travelogue.

It was, on the other hand, hardly what American journalism would call a crusading document, or an expose—but in view of its frank comments about various aspects of Soviet society, one cannot help but wonder about the reaction of the Russians, who have proven themselves sensitive to U.S. television.

The program's publicity described it as "a comprehensive, searching look at the Russia few Americans have seen or know much about—the villages and cities along the banks of her greatest river, the 2,300-mile Volga. Filmed over a two-month period, the broadcast probes some of the Soviet Union's vast and complex problems..." The producer was Gene Deporis, with Marvin Kalb as the reporter and writer.

The harassment referred to by the network was specifically mentioned in the program. In addition, there were pointed comments concerning such areas as Soviet economic "backwardness," apartment house construction, roads, conformity and displays of "organized affection."

There was also a comment about the fact that in a "classless society," a river steamer offered three classes of travel. Another segment dealt with a top steelworker who, as a leader at his factory, had an apartment, television set, a country home and a car. "CBS Reports" said he offered the information that most workers have such apartments (his was private, strictly for his own family)—but the program then discounted this allegation by noting how many heared apartments are in use.

The program also took note of pleasant aspects of life along the Volga as well as some improving areas of Soviet society. There were shots of a beach, of singing on a riverboat, of a production of "My Fair Lady."

From a production viewpoint, this was an especially fascinating hour of "CBS Reports"—for the subject was one that was almost ideal for a documentary. It offered a chance to see something new—and in a country of unique interest to Americans. It offered a chance to combine a study of essentials with a look at beautifully photographed scenery that was important to the basic structure of the hour.

Very frankly, I cannot remember ever being bored by any video show that gave me the opportunity to see a part of the world I had never seen before. But this hour was able to accomplish tasks on a number of levels—and in color for those fortunate enough to see the program that way. NBC-TV, by the way, announced some time ago that it will present a one-hour color program filmed in the Siberian city of Irkutsk under a formal agreement with the Soviet Union.

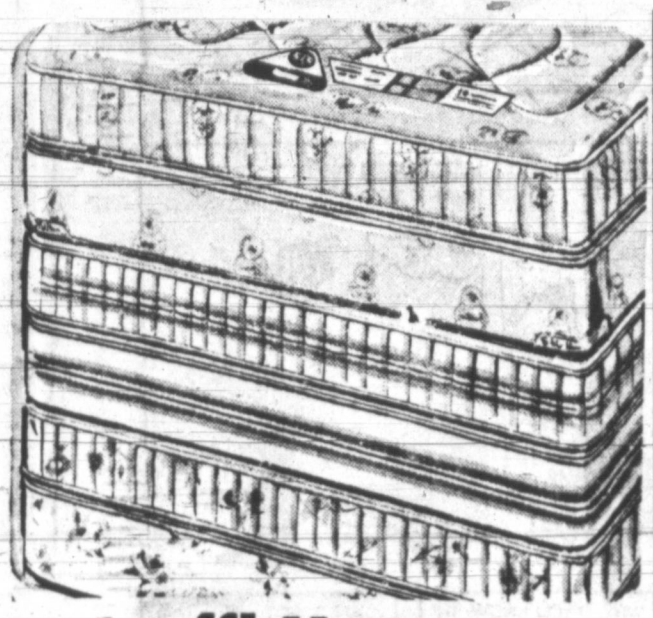

**DOUBLE SWITCH**  
CORPUS CHRISTI, Tex. (UPI)—Two men scheduled to be sent to prison walked out of the Nueces County Jail and two persons who had served out fines and were to be freed were kept there, sheriff's deputies admitted today.

A search has been underway for the fugitives since they were mistakenly freed last Friday.

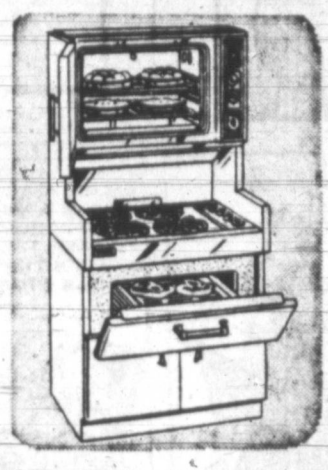

Sheriff's deputies said the other two men, who were mistakenly detained were released after the error was discovered.

**RAFT AT HEARING**  
NEW YORK (UPI)—George Raft, star of scores of Hollywood gangster films, made a brief and unexpected appearance Tuesday before a federal grand jury investigating money deals of the Cosa Nostra.

The jury was investigating the purchase and sale of stocks by the Cosa Nostra crime family of Vieto Genovese, now serving a 15-year jail term on narcotics charge.

# Highlights and Sidelights From the State Capital

**By VERN SANFORD**  
Texas Press Association

One of the big sleeper battles on the Texas political scene during 1966 will be for control of the state Democratic party machinery.

Some observers think this brewing struggle is behind the fuss between U. S. Sen. Ralph Yarborough and Gov. John Connally. Few think Yarborough has any intention of running against Connally for governor, as some have suggested.

But there is every reason to believe that Yarborough will be the key figure in any all-out liberal Democratic effort to wrest control of the State party committee from hands of the governor's friends.

Shifting population patterns and legislative redistricting tend to shorten long odds against a liberal victory in this year's conventions. Half the 6,000-plus delegates to the September state Democratic convention will come from 12 major counties where liberals are gathering strength.

Furthermore, the big counties will have more members on state party committees. This because of the Senate redistricting act, which adds senatorial representation in Baxar, Dallas, and Harris Counties.

A personality clash at the top leadership level is necessary to whip up enthusiasm for convention warfare. The feud between Connally and Yarborough most likely will provide the spark that sets off the 1966 ver-

sion of a familiar state Democratic fight.

Stakes are high, for not only is the party committee an effective power base but a powerful instrument in the process by which delegates are selected to the future (1968) presidential nominating convention.

Not since the administration of Coke Stevenson has a Texas governor lost control of the state Democratic party machinery.

**BIG SAVINGS AIDED**—State Finance Commission has adopted new regulations, effective Jan. 1. Rules allow higher interest to depositors with big savings accounts and an interest break for late depositors in Texas chartered savings and loan associations.

Old rules required uniform interest rates for all savings accounts in the associations. This new variable interest order, still partially subject to approval by

the Federal Home Loan Bank Board, is aimed at placing the state-chartered savings associations in a better competitive position with banks and federally-chartered savings associations.

One provision would allow "time account certificates" for investors who will keep \$1,000 or more in savings for at least a year.

Other regulations would provide for paying a full month's dividend on money deposited by the 20th of the month instead of the 10th and for a full month's dividends on money withdrawn during the last three business days of a dividend period.

Under state regulation, associations have no ceiling on the dividends they may vote. However, interest returns have been running about 4 1/2 or 4 3/4 per cent.

Federal regulations adopted in

December have boosted allowed dividends up to 5 1/2 per cent on time deposits.

**GIANT PARKS PLAN IN OFFING**—Most extensive state parks and recreation plan in Texas history may be submitted to the Legislature next year, says Governor Connally.

He may ask the lawmakers to approve a \$25,000,000 to \$50,000,000 land purchase program for parks during the next biennium. Total budget for parks this biennium is only \$5,400,000. However, that is more than has been spent on the system for the past 10 years.

In mid-December Connally said he will tour the state during 1966 discussing needs and plans — including an "expansive and ambitious" parks-recreation development.

State Parks and Wildlife Department announced recently that additional facilities are being planned for all types of outdoor recreation including boating, fishing, water skiing, canoeing, swimming, sailing, bicycling, sightseeing, horseback riding, golf, hunting, "rock hounding" and nature study.

**CONNALLY APPOINTS**—Governor Connally has appointed A.

L. Dear, executive vice president and general manager of the Palestine Savings and Loan Association, as a member of the Upper Neches Municipal Water Authority.

Dear, 54, succeeds Eugene Fish of Palestine, for a term expiring Jan. 1, 1971. Fish was one of the men who pushed Lake Palestine to a reality, but died before it could be completed.

**BOAT REGISTRATIONS DUE SOON**—More than 200,000 motorboats are subject to registration by April 1 under Texas' new Water Safety Act, so warns State Highway Engineer D. C. Greer.

Present certificates expire on March 31.

New law authorizes the motor vehicle division of the Texas Highway Department to issue certificates for boats operating in state waters. Same division handles license and title procedures for autos.

Renewal notices covering boats already registered under a brochure outlining the Water Safety Act. Under its provisions, state game wardens now have

full authority, for the first time, to enforce water safety statutes.

New registrations will cover a two-year period. Fees range from \$3 for boats less than 16 feet long, to \$12 for those 40 feet and larger.

Safety equipment requirements include lighting, horns, bells, fire extinguishers and flame arresters. Also required are rear view mirrors on boats towing skiers.

**BUILDING GAINS**—November building throughout Texas increased seven per cent, despite a traditional decline during the 11th month.

A report from the UT Bureau of Business Research also shows total construction for the month came to \$133,631,000, a figure exceeded only during August and in Nov., 1964. Texas building during 1965 did NOT set a record. Record belongs to 1964.

U. S. Department of Commerce sees a nationwide 11 per cent increase in non-residential building for 1966, but only a "small advance" in private housing construction.

**COUNTIES ATTACK PROBLEMS**—Texas counties may get busy planning to solve their complex problems on a

regional scale with state and federal aid.

Atty. Gen. Waggoner Carrr paved the way with an opinion saying the State Health Department is authorized by a 1961 act to "arrange planning assistance" when counties request it.

Cities and counties may pool problems and resources in a broad planning program under an act passed last spring.

Health Department has served as the administering agency for small cities in the past, and will continue this function. Federal funds are available for part of the cost — normally two-thirds for cities and up to three-fourths for cities in depressed areas.

Although no Texas county has a master plan in effect, some have been awaiting the green light from the attorney general, so the federal agencies could provide the needed money.

Bexar, El Paso, Ector, Grayson, Jefferson, Nueces, Harris, Tom Green, Orange, Tarrant, Dallas, Denton and several other counties with rapidly changing areas are expected to join the program. Applications are made to the Health Department.

**SHORT SNORTS**—Governor's

budget office has compiled an excellent summary of state services, spending and trends. . . U. S. Department of Agriculture reports citrus movements from the Rio Grande Valley during Christmas week were heaviest of the season.

## Story Aids Boys Home in Clovis

CLOVIS, N.M. (UPI)—Donations including a 16-room building have been received by the Clovis Youth Ranch as a result of a recent United Press International news story.

The ranch was founded by Odell Parrish last year for youngsters from broken homes.

Due to lack of funds it had only room for seven girls until it received a 16-room building from Amarillo, Tex., dentist Dr. W. A. Maddox on Christmas Eve.

In addition, money from all parts of the nation and throughout the world have poured in since the story was published. Included has been money from servicemen in Viet Nam who read the story in Stars and Stripes.

## Hollywood Report

**By VERNON SCOTT**  
UPI Hollywood Correspondent

**HOLLYWOOD (UPI)**—Praise be! Jackie Gleason, the great one, revives "The Honey-mooners" this Saturday night with the original cast.

The magnificent fat man has corralled Art Carney to reprise his role as sewer worker Ed Norton, and Audrey Meadows to play the long-suffering Alice Kramden.

Gleason, naturally, will slip back into his bus driver's uniform as that irascible knucklehead, Ralph Kramden.

Even the old dilapidated Kramden apartment will be rebuilt exactly as it was nine long years ago when last "The Honey-mooners" was filmed in New York City.

Saturday Night's CBS-TV offering will be beamed from Gleason's new headquarters, the Miami Beach Auditorium, with 2,000 persons in the audience.

What's more, it will be a musical version of television's classic characters—perhaps the most memorable comedy show in the history of television. Only 39 half-hours were preserved on film, the balance were taped and lost to posterity.

Still, those 39 segments have been run so many times that even the great one is overwhelmed by public response.

And Jackie's as delighted as anyone that Kramden rides again, even if it is only for a single outing.

"Kramden is just as big, verbose and sentimental as ever," Gleason said, chucking with anticipation. "And Norton is beautiful. During rehearsals Art Carney had me breaking up just as he used to."

"As for Audrey, she looks better than she did 10 years ago. We haven't been together since the spring of 1956, but we no sooner said hello than it seemed as if we'd never been

apart. The same old easy-going relationship was there.

"The title of the show is 'The Adoption,' and if the audience doesn't weep and laugh, then I give up. It's really a touching bit."

Gleason's usual format, "The American Scene Magazine," will be abandoned for this night only.

## Business Highlights

**WASHINGTON**—Talk of price controls on steel was heard in official government circles after Bethlehem Steel Corp. posted a \$5 increase in the price of structural steel.

**WASHINGTON**—The Department of Health, Education and Welfare has proposed making exhaust purifying devices for cars and trucks mandatory all over the country starting with 1968 models. This would add \$15 to \$50 to the cost of cars.

**NEW YORK**—A group of economists quizzed by the National Industrial Conference Board says business conditions will be even better generally this year than in 1965. Contrary to the forecasts in recent years, they look for the biggest gains in 1966 to come in the second half.

**WASHINGTON**—New factory orders in November rose 1 per cent over October to a new record in spite of somewhat lower military orders. Factory shipments rose 2 per cent, the Commerce Department reported.

**AUGUSTA, Me.**—Nine New England power companies have adopted and if the audience formed a Co. to build a \$100 million nuclear power plant in Maine to be interconnected with the extra high voltage transmission lines running through Massachusetts to Connecticut.

Greek Royal Guardsmen proudly wear bouffant skirts, tasseled garters and white tights.
