Doc Severinsen Stage Band Festival Set Tomorrow

600 Band Members Entered in Contest

By TEX DEWESE

Approximately 600 members of stage bands from 21 high schools will be in Pampa tomorrow for the first annual Doc Severinsen Stage Band Festival under sponsorship of the Pampa Chamber of Commerce and Pampa Band Boosters Club.

Stage bands from cities in Texas and Oklahoma will be competing all day long for top awards and trophies in four divisions from Class-A through Class-AAAA.

(Schedule of their appearance for judging will be found on Page 3 of today's Pampa News).

The judging at Pampa High and Robert E. Lee auditoriums will run from 8 a.m. until 4 p.m. and will be open to the public with no admission charge.

will be for visiting band members and will be conducted by the band contests will be followed by an hour-long clinic from 5 to 6 p.m. in Robert E. Lee auditorium. The clinics Severinsen and five NBC orchestra members who also serve as contest judges.

The Paschal High School Show for a stage special that will wind up the festival. Bands from several surrounding towns and cities are coming to watch the contest judging and attend the concert, although they have not entered the competition. Among them will be high school bands from White Deer, Claud, McLean and Perryton.

There will be a dinner for all high school band directors at 6:30 p.m. tomorrow in Jackson's Cafeteria, Coronado Center.

Early tomorrow morning, at 7:30 a.m. there will be a breakfast briefing session at Coronado Inn for Doc Severinsen and his staff.

(See FESTIVAL, Page 3)

The NBC All-Stars, in addition to Severinsen, who is lead trumpet player and assistant to Skitch Henderson on Johnny Carson's Tonight Show, include Herbie Harper, trombonist with NBC's Hollywood Orchestra; Derek Smith, pianist; Bobby Rosengarden, percussionist; Bobby Haggard, bass fiddler; and Tommy Newsum, tenor saxophonist. All the judges but Harper are from the NBC music staff in New York City.

Severinsen was due to arrive in Pampa this afternoon in time for a night rehearsal with the Pampa High Concert Band.

Harper was to arrive at Amarillo Airport at 5 p.m. and the New York members of the NBC All-Stars are due in at 9:45 p.m.

The judges and entertainers from New York will be met in Amarillo and brought to Pampa by members of the general committee. Harper, a brother of Mrs. Joe Tooley of Pampa, was to be met by the Tooleys.

The day's activities will be climaxed at 8 p.m. tomorrow with a Grand Concert in the Pampa High School Field House.

The concert will consist of four parts.

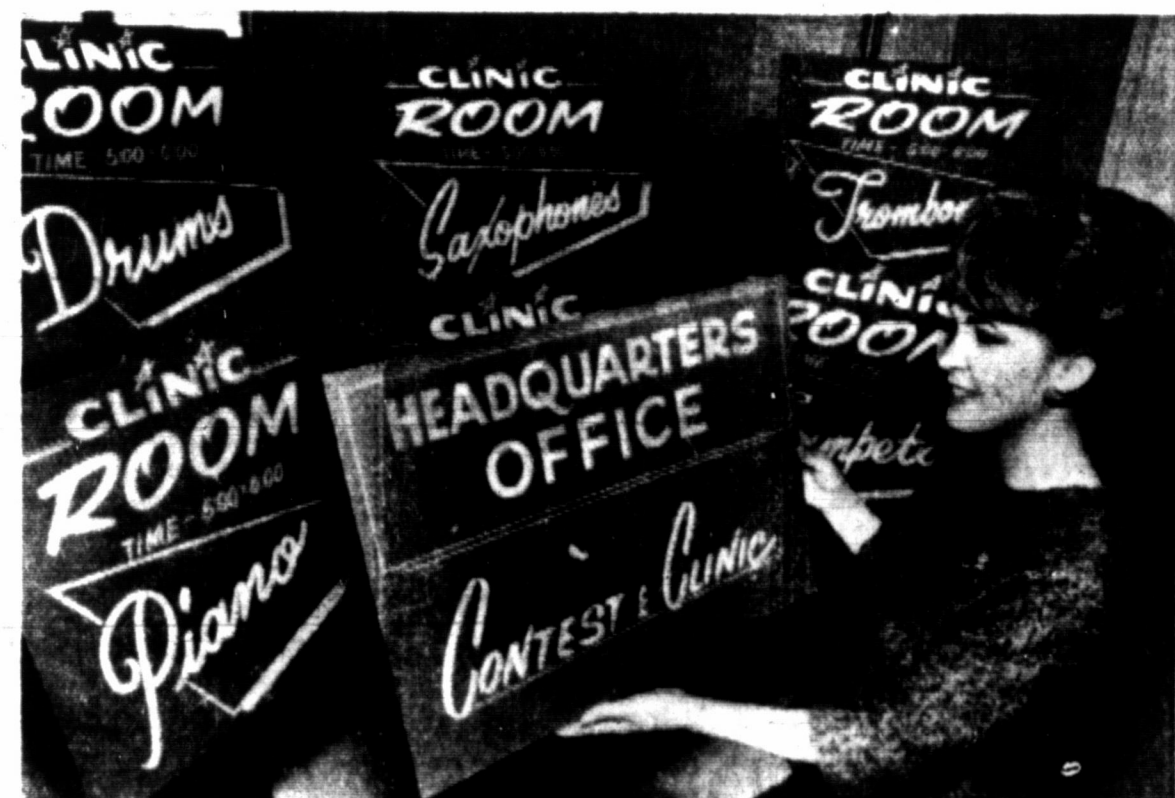

In Part I, Doc Severinsen and his trumpet will be featured with the Pampa High Concert Band, directed by Harris Brinson. Severinsen will appear in two trumpet solo numbers, "Portrait of a Trumpet" (Nestico) and "Carnival of Venice" (Staiger).

The Collegians, West Texas State University Stage Band, will appear in Part II, playing "Satin Doll," "Bag of Bones," "Stella" by Starlight, and "Theme and Variations in Jazz."

Part III of the evening concert will be one of the highlights of the festival with presentation of awards by Doc Severinsen to winners of the stage band contests.

Part IV will be turned over entirely to Severinsen and his All Stars from the NBC Tonight Show.

Japanese Airliner Down With 133 Feared Dead

YOU GO THAT-A-WAY — There'll be no chance of band directors, clinicians or visiting bandmen getting lost at Robert E. Lee Junior High School tomorrow when the band clinic sessions start. Sharon Allen, 1228 Duncan, looks over the signs that will tell them where to go whether their interest be in trumpet, saxophone, piano, trombone or drums. The separate clinics are scheduled from 5 to 6 p.m.

SHE CHICKENED OUT

Live Audience Hears Suicide Try Stalled

NEW YORK (UPI) — A radio interviewer stalled a would-be suicide for 15 minutes Thursday night in a radio conversation heard by thousands of listeners in the New York area.

The despondent housewife finally agreed to disclose her telephone number and police rushed to her home in Staten Island before she had carried out her suicide threat.

The interviewer, Long John Nebel, said the woman had telephoned him before, early Wednesday during his midnight to 5 a.m. EST show, and told him she wanted to take her life but had "chickened out."

"I told her, 'You call me when you feel the urge again,'" Nebel said.

She was the first caller Thursday night on the 7:45 to 8 p.m. telephone interview program. Nebel also conducts on WNBC. Nebel said she asked if he remembered her.

"You know, I chickened out," she said. "Well, this is it."

"I realized I had trouble on my hands," Nebel said. "So I wrote a note to my director, Ken Regan, to tell the police to listen in and instead of taking six or seven calls as I usually will during the 15 minutes I stayed with her. I dropped the commercials."

The woman, who was never identified on the air, told Nebel she had not left her home in a year, that her 19-year-old son had just joined the Navy and that she was depressed. She said she was afraid to tell her husband that a doctor had

Weatherman Says Fair And Warm

Pampans, with their eyes on tonight's basketball game and tomorrow's Doc Severinsen Band Competition, will have a weekend to enjoy both events and any other pursuits they desire.

The weatherman sees nothing but fair and warm weather through Sunday.

After an overnight low of 25, the mercury was headed for the 50s this afternoon Thursday; the temperature was 41, breaking the two-week cold spell. Saturday we can expect a spring-like 60 degrees which should remove the remainder of the snow in the area.

Southerly winds and clear skies combined today to bring Texas its warmest temperatures in more than two weeks.

Early morning temperatures ranged from the 20s in West Texas to the 40s in the lower Rio Grande Valley.

The U. S. Weather Bureau said more relatively warm weather would prevail at least through Saturday.

Presidio recorded 65 degrees Thursday and it reached 58 at Laredo and San Antonio, compared with Wichita Falls high of 42.

If it comes from a hardware store we have it. Lewis Howe, Adv.

Bucket Brigade Set for Tomorrow

All signs are expected to read "Go" for the March of Dimes "Bucket Brigade" tomorrow, following its postponement twice because of inclement weather.

Some eight men's service clubs will man their stations at business intersections throughout the city from 9 a.m. until 3 p.m. according to John Warner, city chairman for the M.O.D. drive.

Participating organizations and their locations are Optimists, Cuyler and Foster; Top o' Texas Kiwanis, Kingsmill and Somerville; Evening Lions, Cuyler and Francis; Pampa Key Club, Kingsmill and Frost; and Pampa Jaycees, Cuyler and Kingsmill.

Also Downtown Kiwanis, Browning and Ballard, Rotary, Hobart and Brown; and Noon Lions, Kentucky and Hobart.

The annual event is staged in behalf of the March of Dimes campaign against birth defects.

FIRST BASE FOR DEFENSE

Unexpected Facts Shaken From Prosecution Witness

MIAMI (UPI) — It happens in the best of prosecution families. You're running right along, making your case with your best witnesses, and you've got some damaging testimony going and suddenly the defense gets hold of one of your good and telling witnesses and shakes some unexpected facts out of him.

Well, not exactly unexpected. In the case of Howard D. Walker, manager of the Miami branch of the Allen-Parker Co. He did know Vincent Callagrine, one well And Callagrine is a name the defense has been bringing up with almost every one of the 14 witnesses to date.

The prosecution in the Mossler murder case has been implying that co-defendant Can-

dace Mossler, the glamor girl grandmother and former model, had first tried to convince police a burglar killed her multimillionaire husband and then, when they said it didn't look like burglary, had brought up his habit of picking up "boy friends."

The prosecution had brought in handyman Roscoe Brown, a Mossler employe for 17 years, to testify Candy phoned him long distance after the murder urging him to tell police he didn't wash off, before the murder, a sink surface on which co-defendant Melvin Lane Powers' palmprint was found just after the murder.

And Brown said she also told him to say he heard Callagrine.

To 'Eat Like A Pig' Good for You

BERKELEY, Calif. (UPI) — In one sense, a man who eats like a pig may be better off than his fellow human beings.

Nutritionally speaking, cattle and pigs eat more vitamins than humans because of the pre-mixed food they are given by ranchers.

Dr. George M. Briggs, a University of California nutritionist, says controlled feeding means healthier animals.

Noting that some foods for humans are fortified with such vitamins as riboflavin, niacin and others, he proposes that "with the availability of low-cost manufactured vitamins, we could do this on a much larger scale very cheaply and effectively to insure complete protection against vitamin deficiencies for humans."

"Many complications will keep this from happening overnight, but the idea is a promising one."

Worst Single Air Disaster in History

By KIM WILLENSON
United Press International

TOKYO (UPI) — An All Nippon Airways Boeing 727 jet airliner with 133 persons aboard crashed into Tokyo Bay tonight only four minutes from a landing in perfect weather. All aboard were feared dead in the worst single airplane disaster in history.

The plane carrying 126 passengers from a northern Japan snow festival and a crew of 7 fell into the bay seven miles from Tokyo as the veteran World War II pilot was circling for a routine landing.

A search boat of the Maritime Safety Agency sighted several chairs and articles of clothing floating in the water at 11:40 p.m. (9:40 a.m. EST) and they were identified as coming from the missing plane.

Search ships operating with spotlights and an occasional flare from American planes overhead converged on the scene southeast of Tokyo and found the wing of the plane floating in the water where a light mist hovered just above the surface.

At 11:50 p.m., the agency said its search boat spotted the floating body of a man and a book explaining how to use lifesaving equipment aboard the plane.

It was the fourth fatal crash of a Boeing 727 three-jet airliner within a year and already Japanese officials were reported raising questions about the safety of the sleek aircraft in widespread use on airlines in the United States.

The official news agency Tass said telemetric signals from Luna-9 will help scientists gain information about the moon's age and surface vital to the landing of a man on the lunar surface. Thursday's space feat was the first soft landing of man-made instruments on the moon.

While Tass set no target date for a Russian manned moon landing, the agency predicted Soviet spacemen would be flying to planets by 1976. The Soviets must first complete successful space docking techniques such as carried out in the last American Gemini launch.

Since the United States does not expect to attempt a soft landing before next May, the Soviet achievement may have pushed the Russians ahead of America in the race to the moon. The United States hopes to land a man on the moon by 1970.

Luna-9 set down gently on the moon's surface near the "Ocean of Storms" region after flying 225,000 miles in about three and a half days. It landed with its package of instruments intact and began transmitting radio signals back to earth.

MOSCOW (UPI) — The Soviet Union today received historic scientific information, and possibly television pictures, from instruments aboard its Luna-9 space station, the first "research laboratory" on the moon.

Texas Political Pot Is Beginning to Boil

AUSTIN (UPI) — Republican T. E. Kennerly of Houston appeared today to have his party's nomination for governor in the bag, unless the last few days for filing turn up a surprise candidate.

Gov. John Connally already has an opponent for the May 7 Democratic primary in Houston oilman Stanley Woods, who campaigned Thursday at Mercedes.

In other political developments, Atty. Gen. Waggoner Carr formally paid his \$1,000 filing fee to enter the Democratic primary. His opponent is Jack Willoughby, a 36-year-old Houston advertising man.

U. S. Sen. John Tower, R-

Tex., has no GOP opponent and already is making campaign speeches. He was in Houston Thursday night for the only woman among 31 state senators.

Woods visited several Rio Grande Valley cities in his bid to beat Connally, who was busy at the state capitol with a news conference. Connally told newsmen his visit to Washington Wednesday gave him a chance to clear up misunderstandings about administration of the Camp Gary Job Corps Training Center.

and the other judges and persons directly connected with the staging of the contests and concert.

Harry Vanderpool, general chairman on arrangements for the festival and concert tomorrow, said some 200 persons have been working on the project.

A 75-man team will go into the Pampa High Field House early in the morning to get it ready for the night show.

"No work could be done on this," Vanderpool said, "because of the Amarillo-Pampa basketball game there tonight. But, everything will be ship-shape by curtain time tomorrow night."

Members of the National Stage Band contest executive committee are:

Harry Vanderpool, general chairman; Floyd Watson, finance chairman; Dallas F. DeWeese, public information chairman; Warren Hasse, public information co-chairman; E. L. Henderson, arrangements chairman; Jim O'Connor, housing chairman; John Brewer, Band Boosters president; E. O. Wedgeworth, chamber of commerce manager; and Harris Brinson, high school band director.

Important Tax Deadline Feb. 10

Employees in Texas have an important tax deadline on Feb. 10.

That is the last date for all employees who received cash tips of \$20 or more last month to report them to employers for tax withholding purposes, Richard White, Administrative Officer for Internal Revenue in Pampa, said today. IRS Form 4070 may be used for this purpose.

New laws passed in 1965 require all employees receiving \$20 or more in cash tips a month to report them to their employers by the 10th day of the following month. This tip income now counts toward Social Security and Railroad Retirement benefits.

White said that the Revenue Service has available upon request a pocket-sized booklet to help those taxpayers required by law to report income from tips to their employers every month.

The booklet explains the law's requirements, provides space to record each day's tips for 12 months, and has over a year's supply of the Forms 4070 needed to make monthly reports of tip income to employers.

The booklet on tips is Document 5635, "Employee's Daily Record of Tips and Report of Tips to Employer." Employers, unions and other organizations may obtain bulk quantities of the booklet for distribution by writing the District Director of Internal Revenue, 1600 Patterman Street, Dallas, Texas 75201.

Small quantities of both the form and the booklet are available at the local office of IRS, Room 303, Combs-Worley Bldg., 120 W. Kingsmill.

Pampans Slightly Hurt in Wrecks

Two Pampans were slightly injured in traffic accidents Thursday.

In one accident, 11-year-old Tony Meaker, 1029 S. Sumner, was injured as he was walking near the intersection of Crawford and Nelson. A car driven by Sammie Dean Morgan, 1037 S. Banks, came around the intersection and struck Meaker, causing a minor injury to his right knee. Morgan said his windshield was fogged with frost and he did not see the boy.

In the other accident, William Darrell Luster, 1033 S. Banks, received minor injuries when his car collided with another, then hit a light pole. The second car, driven by Joeldine Kiser Elliott, Lefors, suffered only \$30 damage.

Luster's car received \$1,500 damage, police estimated. There was \$50 damage to the light pole.

Both of the injured were treated at Highland General Hospital and released.

The state brought on Walker after Brown. He told of the calls Candy made to him instructing him that Brown had an incredibly bad memory that needed straightening out before he became a witness and that he never washed the kitchen where the palmprint was found.

At that point, the defense took over Walker and suddenly he was saying that rich Jacques Mossler, with a \$250,000 mansion in Houston, had lived for a year in a one-bedroom apartment at the Allen-Parker building here with young, dark, handsome Caitagrine, a newcomer with no banking experience, who had been put to work in a Mossler bank at a salary greater than many men who had been there for years and furnished a rent-free apartment.

Warning Issued On Roadside Firearm Shooting

Shooting a rifle or other weapon along, across from, or upon roadways in Gray County will mean trouble for the would-be marksman.

That word came today from the Gray County sheriff's office on the heels of an incident in which two men were fined \$25 each on charges of discharging firearms along a public roadway.

The two were Jerry P. Gibbons, 605 W. Plains, and Jerry D. Dawns of Groom.

The two were apprehended by sheriff's officers and game warden Buck Williams south of Kingsmill. The area has been the site of recent cattle stealing activities.

Because of the extreme concern of Gray County stockmen in catching the person or persons who have been killing and stealing cattle from county ranches, Sheriff Rufe Jordan said that anyone firing a firearm on county roads will be apprehended.

The horse was man's fastest means of transportation until the invention of the locomotive.

Firemen Called To Same House Twice

Pampa firemen were called twice Thursday evening to the Ray Welch home, west of the city, to put out a fire in a double garage at the home.

Considerable damage was caused by the fire the first time firemen were called. The smoldering fire broke out again later in the evening and firemen were called to put out the blaze.

Dear Abby... My Goodness, Don't Make an Ash of Yourself

DEAR ABBY: There are 365 days in the year, right? So will you please tell me why my sister had to pick the day of my wedding anniversary for her wedding date? Don't tell me she forgot, because she was my maid of honor and she knew perfectly well that that was my wedding date.

Now all of my future wedding anniversaries will have to be shared with her. That just burns me up!

BURNED UP IN CLEVELAND
DEAR BURNED: Even though you are burned up, don't make an ash of yourself by voicing your disapproval.

DEAR ABBY: About four years ago my sister-in-law gave us an old beat-up baby bed that she'd had in her basement for ten years.

My husband sanded it down, painted it and fixed it up like new, and we used it until our baby was four years old. Then we traded it along with a lot of other odds and ends on a new set of bedroom furniture for the child's room. My sister-in-law heard about it and demanded that we get the baby bed back for her. (She had no use for it, she just wanted to start trouble.) Of course, by then it was too late. Well, she has a very big mouth, so she spread it all over the family and different ones took sides, and now there are lots of hard feelings. I admit I should have asked her before getting rid of it, but honestly, Abby, I had no idea she wanted it back. How can I patch up this mess?

FAMILY ROW
DEAR FAMILY: Ask her how much she thinks the bed was worth, and insist that she take the cash. Even if it's expensive, it will shut her big mouth, and that's worth something.

DEAR ABBY: One of my best

friends has a heart as big as this world. She knows what it's like to be forsaken, so she has been attempting to provide a home for forsaken animals. How can I tell her tactfully that she cannot keep a house full of cats? Abby, the odor is indescribable. She works, the house is closed all day, the smell comes through the walls. The odor clings to her clothing. Whew! I am afraid she will lose her job. These cats have not been "doctored" and they are producing more cats, which in turn produce still more cats; cats which have never seen the outdoors! Her kindness to these poor creatures is misplaced. Her nose must be numb. What can be done?

HER FRIEND
DEAR FRIEND: Both the Department of Public Health and the Humane Society should be called to investigate the living quarters of your friend. And a mental examination is very much in order for her. She has a "good" heart, but I fear the trouble is in her head, poor soul.

CONFIDENTIAL TO WORRIED MOTHER IN AUGUSTA, GA.
Don't worry. If an American serviceman wants to marry a Vietnamese girl, he must first obtain the permission of his commanding officer. His fiancée is then checked for security by the U.S. Embassy in Saigon. She must also be cleared by the Vietnamese police, which issues certificates of "good conduct" to approved prospective brides. A very small percentage of American G.I.'s actually marry native girls.

Knits Are the Salvation of Traveling Women

FOR JETTING SET — Italian creativity and American know-how are combined in Donna Paula couture knits by Seymour Jacobson. These handsome knits are designed and made in Italy to American figure proportions. Sleeveless, shapely dress (left) has a matching long coat. These are co-ordinated in color and design by means of horizontal stripes at neckline of dress and waistline of coat. Jacket dress (center) has striped front panel and turtle neck collar. The exquisite detail of the dress (right) is answered by that of the short jacket—bow for bow, facing for facing.

By HELEN HENNESSY
Women's Editor
Newspaper Enterprise Assn.
NEW YORK (NEA) — Seymour Jacobson, a man responsible for a handsome line of knits made in Italy but sized to the American figure, believes that knits are now a way of life.

"They are the salvation of women who travel to and from every climate," he said. "But you shouldn't think knits are 'doctored' and they are producing more cats, which in turn produce still more cats; cats which have never seen the outdoors! Her kindness to these poor creatures is misplaced. Her nose must be numb. What can be done?"

So important is this rapport between Rome and New York that he uses an electronic tape system on which his voice gives the intonations and mood. These tapes jet into Rome with verbal corrections. And when necessary, Mr. Jacobson jets there himself. Every detail is gone over on hand machines and colors and color combinations are styled in the inspiring Italian atmosphere where trained knitters have the tradition of centuries of fine workmanship.

The knits have an ageless look — neither too young nor too mature — although they run from size 8 up to 18.

Knits can be the basis of every career or traveling woman's wardrobe. Italian knits have

long been fashion favorites here because of the dramatic colors and smart designs. Now the only stumbling block has been removed — sizing for American women.

Pampa High School Campus News
By VIRGINIA DEWITT

The Pampa High Band is making final preparations for its duties as host to the Doc Severinsen National Stage Band Contest tomorrow.

Over 20 stage bands from various parts of the country will journey to Pampa to participate in the contest. Paschal High School Stage Band of Fort Worth, last year's winner, will defend its title against some of the best bands in this area. The Swing Kings, Pampa's stage band, will not enter the competition. They will, however, play for the judges' criticisms and comments.

Tomorrow a concert featuring Doc Severinsen, lead trumpet for the Skitch Henderson "Tonight Show" orchestra, his "Tonight Show All Stars," the Pampa High Concert Band and the West Texas State University Band will climax the contest. Tickets for the concert are on sale at the city banks.

Speech contestants returned home with second place honors from the Perryton Speech Tournament last weekend.

The girls' debate teams won first and second place. First place winners were Jane Hiatt and Mary Hom, while Gwen Brunson and Jeannie Prock won second. The boys' debate team, advanced to the finals.

Linda Hubbard won first in girls' persuasive, Venita Turcotte won first in girls' extemporaneous, Susan Root won first in girls' prose reading and Vicki Martin won second in girls' prose reading.

Cheri Akst advanced to the finals in girls' poetry reading, and Gary Jarrard made the finals in boys' extemporaneous speaking. Mrs. Don Myers and David Heath are the speech teachers.

Since Tuesday a number of boys, 32 in all, are sporting new football jackets and letters.

Two-year lettermen are Roy Harper, Joey Roden, Jimmy Moore, Lewis Meers, Jerry Wright, David Taylor, Larry Eckroat, Dan Patterson, Billy Quarles, Woodie Leonard, Gary Jarrard, Teddy Bird and Billy Stokes, seniors; and James Matney, junior, according to Eural Ramsey, head football coach.

One year lettermen are Berry Craig, Johnny Lofton, Jon Windsor, Lynn Abbott, and J. T. Winters, seniors; and L. D. Rowden, Ted Heiskell, Bruce Gunn, Gary McCarrell, Doc Cornutt, Jack Williamson, David Smith, Billy Scribner, Glen Lewis, David Martindale, Larry Keyser, Terry Trol and Bobby Holt, juniors.

Also receiving letters and jackets were managers Randy Carmen, Mike Carr, Randy Harris, David Nolter and Larry Stephens.

Board members of Key Club chose Tommy Rose, sophomore, to run for lieutenant governor of Division 16, said Jerry Masterson, vice president. One duty of Lieutenant Governor is to turn in a monthly report to National Key Club headquarters.

In 1964 Mike Wise, senior, served as Lieutenant Governor of District 16. George Snell is Key Club president, and Warren Hasse is adult sponsor.

Tri-Hi-Y will name its sweetheart and best citizen at the Annual Tri-Hi-Y Sweetheart Banquet Feb. 12 at Jackson's Cafeteria. Club members elected their sweetheart and best citizen by secret ballot, according to Viva Kay Bailey, president.

The best citizen must be a senior, while the sweetheart may be of any classification. The two girls are honored because of the outstanding contributions they have made to the club.

Last year Sherrell Lee, 1965 graduate, was best citizen and Pam Martin, senior, was elected sweetheart.

This Sunday's Lesson ...And You

By REV. NORRIS ONSTEAD Phillips' First Baptist Church

LESSON TEXT: Genesis 1:26-31; Psalm 8; Matthew 12:1-18; Acts 10: 34 - 35; Hebrews 2:1-9

EMPHASIS: "God created man in his own image, in the image of God created he him; male and female created he them." Genesis 1:27

LESSON BACKGROUND: Last week ended four lessons about God. Now, in our studying the general theme, "What Christians Believe," we study six lessons about man.

YOUNG PLUMBERESS FENGATE, England (UPI) - Fifteen-year-old Janet Peach is quitting school at Easter to become a plumber as an employe in her father's business.

NO RUSH DALLAS (UPI) - Officials at Southern Methodist University decided today that "Rush Week" is nothing to get in a hurry about.

The Weekly Message Of Inspiration

ROY PATTERSON, Pastor
St. Paul Methodist Church

"AS HE THINKS IN HIS HEART"

Proverbs 23:7

With this thought from the writer of Proverbs as a background, let us look at the world in which we live. We could, of course, boil this down to "as he thinks so is he." In addition to this I would like for us to be reminded of the words of Paul in Philippians 2:5, when he says "Let this mind be in you, which was also in Christ Jesus."

I think there was never a time when the mind of man was more disturbed than today. Things in our world are changing so fast one hardly knows what are the latest facts. Billy Graham's latest book, **World Aflame**, is true also of the individual. Then some stabilizing force must come to play in the mind of individuals. Well, we who are christians know the answer. If one has the mind of Christ all is solved. However, even here in christian America, we know that a great many people never expose themselves to the mind of Christ.

Peoples' minds are being molded by some force. I believe that it is time to put the Church in it's proper place, as motivating force, and also a process of molding through the educational program that is relevant to our times. If this is to happen, then as church people the church must have a regular place in our program. Let's be found in the church of our choice—studying, praying, working, thinking that we may be what we should be.

What is molding your MIND?

Unknown Leads In Hope Open

PALM SPRINGS, Calif. (UPI) — Harold (Catfish) Kneece, who fishes for the fun of it but plays golf as if his life depended on it, carried a four-stroke lead into the third round of the \$100,000 Bob Hope Desert golf classic today and gave the touring PGA pros something to shoot at.

The 31-year-old Kneece from Aiken, S.C., who has had many high finishes but never has won a tournament, fired five birdies and just one bogey in posting his second straight four-under-par 68 Thursday for a 36-hole total of 136.

However, with three rounds left to play in this 90-hole, five-day marathon tournament, at least 20 pros were close enough to Kneece to make it a battle to the finish.

Jack McGowan, the first-round leader, Jack Rule and Dick Sikes were all tied at 140. McGowan who had an opening round 66, skied to a 74 Thursday while Rule added a 68 to his first-round 72, and Sikes matched his first-round 70.

All four desert courses over which the Hope Classic is played, Indian Wells, Eldorado, Bermuda Dunes and La Quinta, are par-72 layouts. Each of the 127 pros still in the competition play one round at each course and then the top-70 and ties finish off the five-day event at Indian Wells on Sunday.

Arnold Palmer, the Los Angeles Open winner on the tour this year, and Don Massengale, who upset the form when he won the Bing Crosby two weeks ago, were among seven players tied at 141. Defending champion Bill Casper, who won the San Diego Open, was in a group of seven deadlocked at 142.

Ken Venturi, winner of the Lucky International, matched par once again Thursday and was all even at 144 after two rounds.

Harvesters Host Sandies In Important District Contest

Braves, Milwaukee Both Have Problem

By MILTON RICHMAN
NEW YORK (UPI)—Nothing is completely one-sided. Outside the courtroom, lawyers like to kid about that by telling each other, "there always are equities on both sides of a problem."

This also holds true for the current conflict between the state of Wisconsin and the Atlanta Braves which, if nothing else, has at least reduced that tiresome squabble between the NCAA and the AAU to a mere backseat argument.

The first point that should be made about the Braves, and has been made over and over again, is that they are far from jolly-white in the manner that they grabbed their hat and coat in Milwaukee and made a bee-line for Atlanta. They rate no applause for that.

But, as they say down at the mint, let's have a look at the other side of the coin.

Those forces opposing the Braves' departure from Milwaukee and insisting that the

National League expand immediately so as to include their city, show some distinct signs of tattered gray.

Different Sounds

On one hand, for example, attorneys for the state of Wisconsin argue that baseball is a monopoly; on the other hand, they are petitioning for a franchise which would make them part of the same monopoly they are condemning. Occasionally, the state of Wisconsin becomes so overzealous in its effort to have a team in Milwaukee this year that nothing else in the world seems to matter. Not even the like judging from the official transcript of circuit court proceedings last Dec. 23.

"The basic argument which we make is that monopoly must operate reasonably," declared one of the state's attorneys. "And if it does operate reasonably, then we suggest to the court it can live."

"On the contrary," continued the attorney, "if baseball will

continue to insist that there is no way that it can live and operate reasonably, then it may be that it shall have to be destroyed because business, any business, whether it be baseball or any other business, has no right to say to the state of Wisconsin or to this court, we have the right to disobey the law."

And the day before that before Milwaukee Circuit Court Judge Elmer W. Roller, the state's attorney made this statement:

"In any event, of course it's possible, practical to stock a club and a club, your honor, which is comparable to the Braves."

That one takes the cake.

Valuable Crew

Granted the Braves were no world-eaters last season when they finished fifth, but does the state of Wisconsin honestly think that ball players like Hank Aaron, Joe Torre, Tony Cloninger and Felipe Alou simply grow on trees?

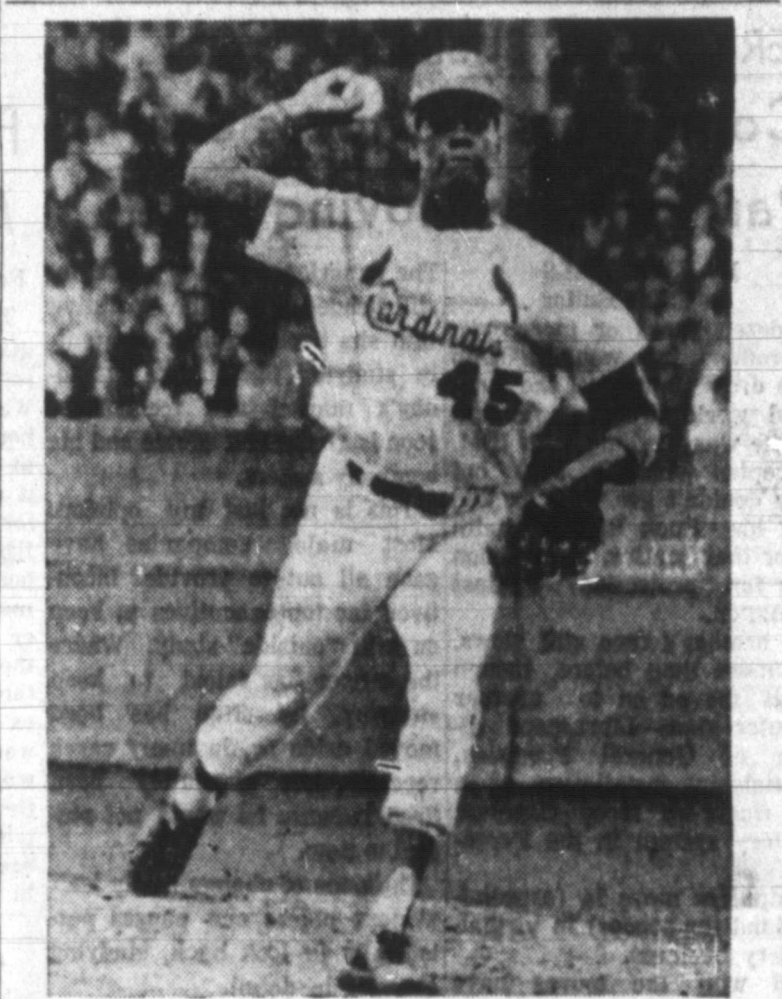

Where do they propose a new team in Milwaukee would get players like these? From the Mets or the Astros? Forget it. And the Dodgers aren't about to hand over Sandy Koufax or Don Drysdale, either.

Then there's still another aspect in which the state of Wisconsin comes off no better than the Braves. The state's litigation is being financed by money from Wisconsin taxpayers. Most of them already have said good-bye to the Braves.

The natural question now arises, who would benefit most from a new franchise in Milwaukee or a small group of wealthy sportsmen, who have suddenly discovered that baseball is a grand old game?

Nine Seniors Playing In Last Home Game

By RON CROSS
News Sports Editor

Amarillo's Golden Sandies, who've had a tiger in their tank all season, will try to put the skids to Pampa's 'go-go' offense, starting at 8 p.m. tonight in this important 3-4A cage contest, not the least of which is the fact nine seniors will be bidding good-bye to the home site.

Tonight's clash will be the last regular-scheduled home game for Pampa, tied for first place in second half district play with Monterey, both of whom sport 5-0 records.

Pampa also has its longest winning streak of the season going, seven games, and will be shooting for revenge and their 21st victory in 25 seasonal outings.

The Sandies triumphed 72-63 earlier in the season at Amarillo.

Amarillo won first half play in 3-4A but disaster has struck the Sandies once this second half. Monterey decided Amarillo at Lubbock and the Sandies are in third place with a 3-1 reading.

A Pampa victory would set the stage for a showdown battle Tuesday night at Lubbock with the hot shooting Plainsmen, who defeated the Harvesters at Pampa.

Should Pampa shoot down Amarillo, Monterey and final league foe, Tascosa, then the Harvesters and Sandies would hold a one-game playoff to decide the district champion.

Nine seniors will be looking to close out their home careers on a winning note and Gary Crossland, Kenneth McWilliams, David Cain, Mike Wise, David Frasier, Doug Altom, Lynn Heller, Bill Turner and Morris Johnson, will probably have a lot to say about who goes home happy tonight.

But the Sandies are one of the most feared clubs in the league. They carry a 19-2 season mark, having lost only to the Plainsmen and in a tournament game in El Paso in their 21 outings.

Like Pampa the Sandies have been scoring more and giving up less.

Amarillo has averaged 64.4 points per game in league action and have given up but 58.3 points per game in 12 league meetings.

For the season the Sandies are averaging 68.8 points a game while giving up 50.8.

Pampa is scoring at a 53.6 per game clip in 13 conference games and has one of the tightest defenses in the league, having given up but 604 points for a 46.4 defensive average.

When it comes to scoring the Sandies have several who can. They have the league's second leading scorer in 6'1 Charles

Pampa Eighth Only Winner In Four Games

Pampa Junior High teams won only one of four games Tuesday with Pampa eighth grade being the only winner.

Lee ninth and eighth grade teams fell to White Deer, the ninth losing, 48-42 and the eighth falling, 53-44.

Gary Parrish hit 13, Jim Hollis 12 and John Epperson 10 for Lee ninth.

Wheeler and Cries paced White Deer with 14 and 11 points respectively.

Lee eighth had its five game winning streak broken despite a 15 point output by Lewis Brantley. Hassler led White Deer with 26 points.

Pampa ninth was a 58-35 victim to Dumas and trailed 38-20 at halftime.

Dan Carlton paced Pampa with 13 points and McInturf had 12 for Dumas.

Pampa eighth continued their winning ways, dumping the Demons, 43-26 after leading only 13-11 at the half.

Cliff Gage hit 15 and Larry Katara 10 for Pampa. Wess had 13 for the losers.

Red Birds Have Many Problems on Bench

By SANDY PADWE
Newspaper Enterprise Ass'n.

PITCHING — The Cardinals have built a new stadium, and now they're rebuilding the team that will occupy it. Bob Gibson, a 20-game winner last season when the Cards slipped from world's champs to seventh, will be the No. 1 starter on a relatively young pitching staff. The youngsters like Larry Jaster, Don Dennis, Nelson Bries and Dennis Aust all have exceptional potential. Ray Sadecki slipped from a 20-game season to 6-15 last year and Curt Simmons was 9-15. Trades brought Art Mahaffey and Al Jackson who will battle Bob Purkey, Tracy Stallard and Ray Washburn for starting jobs. Hal Woodeshick is a capable reliever man, backed up primarily by Don Dennis. **RATING—C plus.**

INFIELD — Two years ago it was the million-dollar infield of White, Javier, Groat and Boyer. Today, only Javier remains. Replacing White will be either George Kernek or speedy Bobby Tolan, both rookies. Tolan also plays the outfield. Kernek was a power hitter in the minors last year. Jerry Buchek has a good chance for the shortstop job and former Met Charley — **C plus.**

OUTFIELD — Speed is the main asset. Ex-Phillie Alex Johnson, who hit .294 last sea-

son, could easily join them. Defensively, that is one of the best outfields in the majors. Offensively, they're steady hitters in the 290-300 class. **RATING—A**

CATCHING — Tim McCarver is one of the best and he'll be backed up by Pat Corrales who came to the Cardinals in the deal with the Phillies. Dick Ricketts may be the No. 3 man.

BENCH — Mike Shannon can even fill in at catcher in addition to the infield and outfield. Bob Skinner hit .309 in 90 games last year and is a valuable pinch-hitter. Dal Maxvill and Phil Gagliano are competent infielders and Tito Francona has plenty of power. **RATING—C plus.**

SUMMARY — There probably won't be many games separating the first and eighth place teams in the National League this season. The Cardinals, however, have too many questions on the pitching staff and in the infield. In this year's National League race, there is no room for the slightest doubt. **Prediction—8th.**

The Lighter Side

By DICK WEST
United Press International

WASHINGTON (UPI)—The snow, the Viet Nam situation and the Senate filibuster alone were enough to make it a dismal day in the capital Wednesday.

On top of that, another crisis suddenly loomed up with the House of Representatives convened at noon.

Rep. Howard H. Callaway, R-Ga., reported that the stamp machines in the federal building at Columbus, Ga., were refusing to accept the new copper-coated quarters.

A number of alarming questions immediately flashed across my mind.

Would this escalate into fratricidal warfare between the Post Office Department and the U.S. Mint? Would coffee, candy and cigarette machines join the rebellion?

Spot Check

Close to panic, I rushed into the corridor and dropped one of the new 25-cent pieces into the nearest machine. To my relief, a soft drink bottle slid out, along with 15 cents change.

That convinced me that the machine uprising in Columbus was a localized revolt. But I was still gripped by the oppressive atmosphere that has

Wendell Watson Delegate To National Parley

Wendell Watson, biology teacher at Pampa High School, is in Dallas as a Texas delegate to the South Central Regional Conference of the National Education Association's Department of Classroom Teachers.

While in Dallas, Watson, a state board member of Texas Classroom Teachers Association, will also attend a bi-annual TCTA Board meeting held Thursday at the Sheraton-Dallas Hotel.

The DCT meet will draw classroom teachers from seven states: Texas, Oklahoma, Louisiana, Arkansas, Missouri, Kansas, and Nebraska.

Teaching demonstrations, professional speakers, school visitations, and discussion groups on professional problem of teachers will highlight the meeting.

Theme for the Conference is "Opportunity for Responsibility."

The Texas delegation will officially host their out-of-state colleagues at a Southwestern Party tonight. Watson will also be a host at several meal functions.

MAPAI POST FOR MEIR
JERUSALEM, Israel (UPI)—Premier Levi Eshkol's Mapai party Thursday night formally named former Foreign Minister Mrs. Golda Meir as the party's secretary general. Mrs. Meir, 67, resigned recently from the government and was replaced by Abba Eban.

Wall Street Chatter

By United Press International

NEW YORK (UPI)—Martin Bache & Co. again points out its belief that sudden selling squalls will be more prevalent this year than last with a resultant increased wariness on the part of the more aggressive speculators.

NUCLEAR TEST
WASHINGTON (UPI)—The Atomic Energy Commission conducted another low-yield underground nuclear test Thursday at its Nevada test site, the fourth announced this year. A low-yield test has the explosive force of less than 20,000 tons of TNT.

I.O. Hooper of W. E. Hutton & Co. says that if there is to be a correction at this point the gamior issues might easily decline two or three times as much as the issues used in compiling the Dow-Jones industrial average.

IPSWICH, England (UPI)—The council here is going to do some checking with experts in the future before it sells any more of its paintings. A painting brought \$2,590 at a local auction. It later was sold at Sotheby's for \$6,720.

Stop right there. Let's see which big car gives you the most for your money—and the longest warranty.*

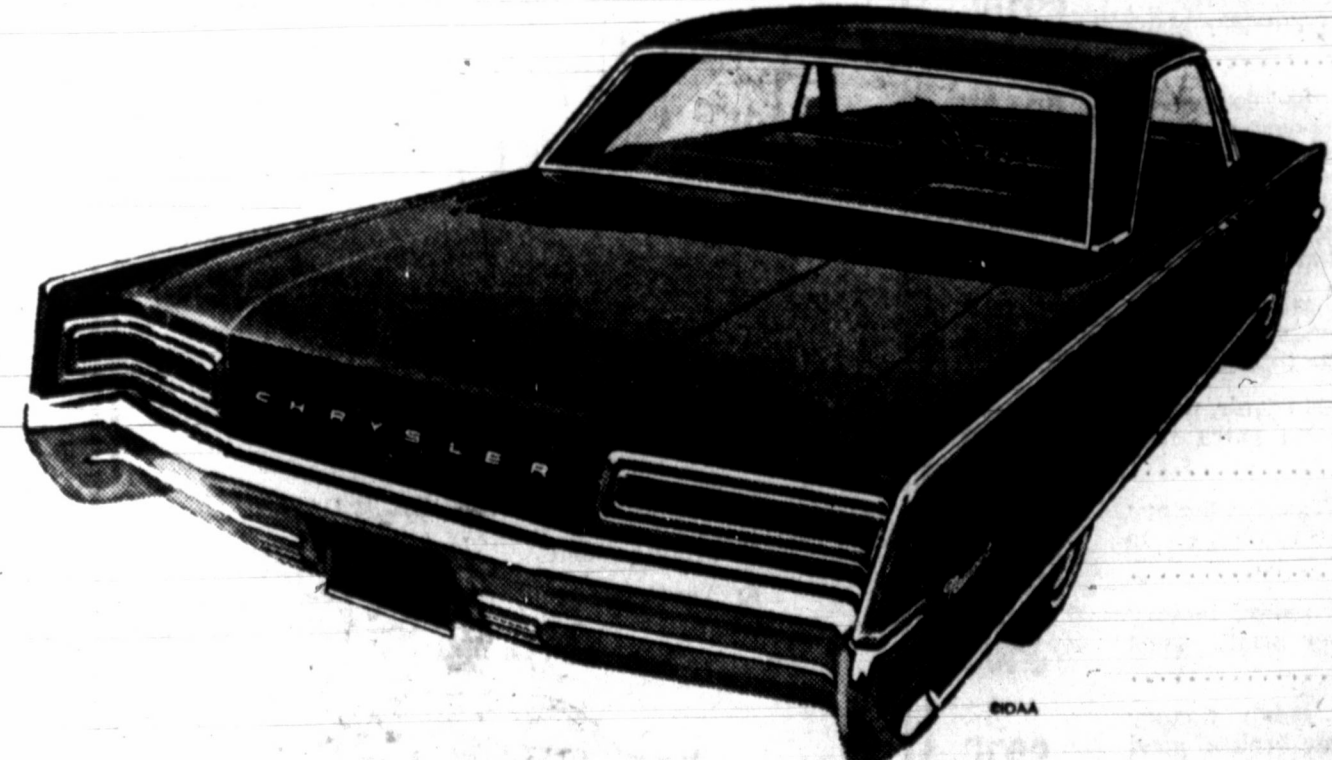

Make	Wheelbase	Overall Length	V-8 Engine Cubic Inch Displacement	Base Monthly Payments	Difference Per Month
CHRYSLER NEWPORT	124"	219.0"	383	\$65.80	—
FORD GALAXIE 500	119"	210.0"	289	\$58.32	\$7.48
CHEVROLET IMPALA	119"	213.2"	283	\$58.45	\$7.35

BASIS OF COMPARISON—All models are two-door hardtops equipped with V-8 engine, automatic transmission, power steering, power brakes, radio and heater. Monthly payments have been computed on manufacturer's suggested retail price, 1/3 down and 36 monthly payments. Not included are the extras you pay for on practically any new car: whitewall tires, deluxe wheel covers, destination charges, state and local taxes, interest, insurance, and licensing fees.

***CHRYSLER'S 5-YEAR/50,000-MILE ENGINE AND DRIVE TRAIN WARRANTY WITH THIS COVERAGE:** Chrysler Corporation warrants, for 5 years or 50,000 miles, whichever comes first, against defects in materials and workmanship and will replace or repair at a Chrysler Motors Corporation Authorized Dealer's place of business, without charge for required parts and labor, the engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excluding manual clutch), torque converter, drive shaft, universal joints, rear axle and differential, and rear wheel bearings of its 1966 automobiles, provided the owner has the engine oil changed every 3 months or 4,000 miles, whichever comes first, the oil filter replaced every second oil change and the carburetor air filter cleaned every 6 months and replaced every 2 years, and every 6 months furnishes to such a dealer evidence of performance of the required service, and requests the dealer to certify (1) receipt of such evidence and (2) the car's then current mileage.

And now, about the warranty. Chrysler's is the only one that covers the engine and drive train for 5 years or 50,000 miles.
