A. C. Walker, head of the Howard County Abstract company, ifrst came to Big Spring in 15.2 when yet a more boy. The tow? was very small and the people were of a rough but upright sori and the surrounding seriiory was wild expanse undeveloped. Land was selling at a dollar ap acre with forty years to pay for it, that is if one fortieth of the payment ould be paid down.

Five executives of Continental Oil Commany reached here today on a tour of the Company's production properties during which they will travel more than 12,000 miles and remain on the road approximately two months. The group plans to visit 756 Company leases, 4,100 wells, and 11 natural pasoline plants distributed over 10 states. Members of the tour are, from left to right, E. J.
