WHITE DEER MAKES PLANS — Civic leaders in White Deer are deep in plans for an observance during the first weekend in August. It will include the Seventh Annual Stampede Aug. 4, 5 and 6 and special ceremonies on Aug. 6 for dedication of six historical markers in the White Deer area. Shown here with one of the markers to be placed are four of the men assisting with plans for the three-day celebration. They are, left to right, Postmaster Winfield Powers, Donnie Below, secretary of the White Deer Riding Club; Felix Ryals, Lions Club president, and High School Principal David Grayson. Powers and Grayson are co-chairmen on general arrangements.

U.S. Deplores New France Nuclear Test

Vessels Trial Is Postponed Until Late in October

By RAY RODGERS — District Judge Lewis M. Goodrich Friday granted a request of Attorney Rowdy Bowers to postpone the trial of accused rapist Tom R. Vessels to October 24. The request was granted after Bowers told the court he had not had sufficient time to prepare a defense. He said he specifically needed additional time to obtain Vessels' armed service record.

Bowers is the court-appointed attorney to defend the 24-year-old Pampa man accused of attacking and criminally assaulting a young Pampa housewife last April 28.

The trial for Vessels originally was set for July 25 in Gray County's 31st District Court here.

District Attorney Bill Waters only last Wednesday filed a motion in district court to seek the death penalty for Vessels. Under Texas' new code of criminal procedure, a motion must be filed with the court at least 10 days prior to the scheduled trial, setting forth that the prosecutor intends to qualify jurors on the death penalty.

In addition to the Pampa charge, Vessels has been indicted by a Randall County grand jury in Canyon on a charge of assault with intent to commit murder and has been charged with rape in Wheeler County. However, he has not been indicted by a grand jury on the Wheeler charge.

Vessels is now confined in Potter County jail at Amarillo awaiting a psychiatric examination ordered by the court at the request of defense counsel.

The accused man was charged and indicted by the Gray County grand jury after he allegedly entered the home of a Pampa housewife posing as a utility company service man, and according to the indictment, raped her twice and stabbed her five times.

He was arrested exactly two weeks to the day after the Pampa criminal assault, when an Amarillo housewife furnished officers a description of his car

Kid's Eye View Of City Parks

ST. LOUIS (UPI) — Sixth grader Gary Niswonger's school essay on "Why I Like Parks" read: "You can get a girl, throw her in the mud and have a laugh or two." Fifth grader Joan Simpson had some poetic ideas. "A park is a pillow in the city," she wrote. "It rests the mind and secures the thought. The trees hide the sky, yet it's hovering over you." Sixth grader Perry Baker found this advantage: "In a park, I can yell all I want to and not get into trouble."

US Issues Statement Condemning Bomb

WASHINGTON (UPI) — The United States officially deplored the French nuclear test explosion in the Pacific Saturday and urged that every nation join the existing test ban treaty. The State Department issued a statement voicing regrets that France had set off an above-ground blast at a remote South Seas site. A spokesman also confirmed that the United States had stationed Navy ships in the area "to observe the tests."

"This is quite open, routine and to be expected," he told newsmen. "Our ships are instructed to stay well in international waters and they are a good distance from the test site."

The official statement of reaction said: "As a party to the limited test ban treaty, the United States government is opposed to any testing of nuclear weapons in the prohibited environments; that is, the atmosphere, under water or outer space."

"The U.S. government regrets that France has resumed nuclear testing in the atmosphere."

Neither the French nor Chinese Communists have signed the treaty.

In calling on France and all nations to become participants in the pact, the U.S. statement commented: "We consider the treaty to be an international instrument of great importance and it is our policy to work toward universal adherence."

"We continue to hope that France as well as the other countries which have not yet done so will adhere to the treaty and join in the efforts to extend the ban on testing to include underground nuclear tests."

"The treaty, as it now stands, permits tests under ground such as at this country's Nevada test site."

"The Chamber of Commerce will preside. The colors will be presented by a color guard from Boy Scout Troop 14, with Don Loshner as scout master. The invocation will be delivered by Rev. M. B. Smith.

The fireworks display, produced by the Chamber of Commerce, will be held at 8 p.m. with music provided by the Catalinas, a local combo.

A new feature of the program this year will be the drawing for three cash door prizes of \$25, \$15 and \$10 for those seated in the stands.

To be eligible for the drawing, a slip must be signed when entering the stands. The slips will be placed in a ticket hopper for the drawing. The winners must be in the stands for the program.

A short patriotic program will be presented at 8:45 p.m., with a brief address by Travis Lively, Norman Henry, president of the Chamber of Commerce.

De Gaulle told a cabinet meeting Saturday the U.S. air raids against Hanoi and Haiphong fuel depots would make solution of the Viet Nam War more difficult. His exact words were not made known but a government spokesman said after the session France "condemns" the Hanoi-Haiphong attacks.

Diplomats said the possibility of a Johnson-De Gaulle meeting might be raised by U.S. Ambassador Charles E. Bohlen, who returns to Washington on Tuesday for consultations with President Johnson.

"Tito called for a 'humane' solution to problems within the Yugoslav League (party) of Communists. His remarks were in a closing speech Friday to the party Central Committee on the Adriatic island of Brioni and released by the Tanjug news agency Saturday.

In a statement to the same meeting, Rankovic denied responsibility for secret police "bugging" of homes and offices of top government officials. This was one of the primary reasons the vice president was removed from power.

Rankovic already has been forced to resign his top party posts and an investigative committee has proposed that his resignation as vice-president be accepted. (See TITO, Page 3)

Reward Offered For Slayer of Air Stewardess

SEATTLE (UPI) — United Air Lines, Inc. Saturday offered a reward of \$10,000 for information leading to the arrest and conviction of the assailant who beat stewardess Lonnie Trumbull to death and left her roommate, Lisa Wick, critically injured.

The airline is announcing its reward offer in an advertisement appearing in the Sunday edition of both major Seattle newspapers.

Miss Trumbull and Miss Wick, both 20, were savagely beaten about the head while sleeping in their Queen Anne Hill apartment ten days ago.

The advertisement asks anyone possessing pertinent information to submit it to either the nearest law enforcement agency or to United's, Seattle office.

United has set a deadline of Aug. 1 for receiving such information.

Homicide Detective Sgt. Herb Arnold said he thinks the dead impetus may help in solving the case.

He said it may aid the police in picking up some information that someone had previously considered too unimportant but which may really have significant value.

Also, he said the reward may be sufficient incentive to bring forward someone with information he may previously have been afraid to give.

Independence Day Celebration Starts

Monday is the Fourth of July, and with the arrival of this holiday, Pampans will celebrate the anniversary of the signing of the Declaration of Independence by rest, travel or attendance at the fireworks display tomorrow night at Recreation Park.

Holiday participants can expect hot weather through Monday, with clear to partly cloudy skies. High is expected to be in the mid-90's and the low near 70 with no prospects of showers. Southerly winds of 10 to 20 miles per hour are forecast.

High Saturday was 94, with a low yesterday morning of 72.

The fireworks program, sponsored by the Pampa Chamber of Commerce, is scheduled to begin at 8 p.m. with music provided by the Catalinas, a local combo.

A new feature of the program this year will be the drawing for three cash door prizes of \$25, \$15 and \$10 for those seated in the stands.

To be eligible for the drawing, a slip must be signed when entering the stands. The slips will be placed in a ticket hopper for the drawing. The winners must be in the stands for the program.

A short patriotic program will be presented at 8:45 p.m., with a brief address by Travis Lively, Norman Henry, president of the Chamber of Commerce.

De Gaulle told a cabinet meeting Saturday the U.S. air raids against Hanoi and Haiphong fuel depots would make solution of the Viet Nam War more difficult. His exact words were not made known but a government spokesman said after the session France "condemns" the Hanoi-Haiphong attacks.

Rogers Predicts Approval of Auto Safety Measure

Congressman Walter Rogers of Pampa predicted Saturday in Washington the House Committee on Interstate and Foreign Commerce will approve a meaningful, effective, workable auto safety bill "not later than July 20."

Rogers, ranking majority member of the committee, said members of the 33-Congressman panel will concentrate this week on researching legal questions and other implications of proposed sections of the bill.

"Although the Senate has passed a bill and sent it to the House, there is a great deal of controversy among House members as to the effectiveness and practical application of a number of its provisions," Rogers said.

"Having held lengthy hearings during which witnesses were heard on all sides of the issue, the House Commerce (See ROGERS, Page 3)

THREE BIG DAYS IN AUGUST Dignitaries Invited To White Deer Event

By TEX DEWESE — WHITE DEER (Sp1) — The weekend of Thursday, Friday and Saturday, Aug. 4, 5 and 6, is going to be a big one in White Deer.

Those are the dates for the seventh annual White Deer Stampede and Rodeo, sponsored by the White Deer Riding Club and Lions Club.

The highlight of the big three-day weekend will come on Saturday, Aug. 6, when six historical markers and medallions will be dedicated in special ceremonies.

Prominent state dignitaries and political leaders will be invited to participate in the final day of the program on Saturday which is expected to be one of the most eventful days in White Deer and Carson County history.

The identification of historical places and buildings in White Deer with markers and medallions is part of a statewide program launched by the Texas Historical Society and now in its sixth year.

The historical markers to be dedicated are: The City of White Deer plaque to be mounted on the standard of the white deer state at Main and Third Ave.

Judge J. C. Jackson's general store—first supply store for early settlers at Main and U. S. Hwy. 60.

N Bar N ranch house—Southeast of White Deer, one of the oldest houses in the Texas Panhandle built in 1887 and used first as headquarters for the English Cattle Syndicate.

First Presbyterian Church—Built in 1909 and the only church for area Protestants until 1921. Carson County Polish Settlers—Plaque to be mounted in stone on the grounds in front of Sacred Heart Catholic Church and commemorating migration of Polish settlers to White Deer in 1909 from South Texas.

Last Big Cattle Drive to Montana—Commemorating a five-month trail drive of cattle by 100 cowboys in 1892. To be mounted on pole on Hwy 60 east of White Deer marking the spot where the Tom Coffee drive of 2,500 head of cattle to Montana began.

White Deer's Seventh Annual Stampede is being planned by Ray Armstrong, president of the White Deer Riding Club, and Lions Club members.

There will be rodeo performances at 8 p.m. daily. Rodeo entries will be received up until noon Aug. 4 at the White Deer Builders and Supply office.

A street parade is planned for (See RODEO, Page 3)

Milk Prices Jump in Pampa

Milk prices took another jump in Pampa during the weekend from 51 cents to 57 cents for a half gallon carton in retail stores. The increase for home delivery in most instances was 4 cents for a half-gallon.

Milk prices have increased again. The price hike was placed on the cost per quart and was reflected in milk prices across the state.

The increase took effect in area towns in the Panhandle after producers in Amarillo decided to raise prices to meet rising costs of production, said Marvin Holman, Sealtest representative for Pampa.

Sealtest has increased its half-gallon prices by four cents to 57 cents for homogenized milk.

Representatives of Goldsmith Dairy in Pampa reported that they have increased prices for half gallons by four cents on home delivery and six cents in stores.

The average price for homogenized milk in Pampa is now 57 cents still among the lowest in the Panhandle, said Holman. Prices range from 57 cents in

Pampa and Amarillo to 61 cents

paid dairy farmers. Elmer P. Moyer, manager of the Borden Co. in Amarillo, said the increase was to offset increased costs paid to the producer.

George M. Clarke, executive vice-president of the Dairy Products Institute of Texas, stated that the increase per quart took

the increase in consumer prices was blamed on prices

Selective Service System To Be Studied

SAN ANTONIO, Tex. (UPI) — President Johnson appointed a 20-member National Advisory Commission Saturday to make a fullscale study of the Selective Service System.

Its recommendations, in six months, could point to major overhaul of the draft law next year.

Johnson's goal, the Texas White House said, is to assure "fairness and uniformity" in calling young men into the armed forces. But a spokesman said it was "coincidental" that the move came at a time of mounting complaints that the present system is unfair to non-students and poor boys and is not administered uniformly by

local draft boards. Press Secretary Bill D. Moyers said the blue ribbon group, headed by former Assistant Atty. Gen. Burke Marshall, would build upon a two-year study that has been completed by the pentagon and current hearings by the House Armed Services Committee.

Moyers said Johnson felt that the House report, which called for a reshifting of emphasis to draft 19 and 20 year-olds ahead of older men, both had been "very valuable."

"But in his opinion they both point to the need for a review of older men, both had been

employment conditions" and goals. "5. Any other factors deemed relevant by the commission." Moyers said that based upon his study the commission would make recommendations to Johnson on such matters as: "1. Methods of classification and selection of registrants." "2. Their qualifications for military service." "3. Grounds for deferment and for exemptions." "4. Procedures for appeal and the protection of individual rights." "5. Organization and administration of the selective service system at the national, state and local levels."

State Business Activity Hits All-Time High for Five Months

AUSTIN (UPI) — A research firm Saturday reported an almost unprecedented high level of Texas business activity, exceeded only by an upswing of more than six years that ended during World War II.

The Bureau of Business Research of the University of Texas said business activity rose 2 per cent in May, the 63rd consecutive month in a steady climb.

"The first five months have been prosperous ones for Texans, resulting in high employment and high earnings," the report said. "There is no sign of an end to the upswing."

The problems of the nation's housing industry may develop into a threat, however, the re-

Office to Close At Noon July 4th

The business office of the Pampa Daily News will close at noon tomorrow and the paper will go to press early in order that employees may be with their friends and families for the remainder of the Fourth of July holiday. Regular hours will be resumed on Tuesday.

'Theft' Is County's Most Common Juvenile Violation

By LARRY HOLLIS
Daily News Reporter

According to statistics, the most common offense of juveniles is theft in Gray County.

"In fact," stated Bill Leonard, county juvenile officer, "it's the highest percentage-wise in the state."

Of all youngsters admitted to training schools, 82.8 per cent of the cases have involved theft. Vandalism ranks second.

A juvenile is a boy aged 10 to 17 years, or a girl 10 to 18 years old. The most frequent ages for the committing of an offense by juveniles is 15 to 16 years of age.

The seriousness of an offense is determined according to the individual involved, Leonard said. A repeated frequency of offenses may be more serious than one major offense.

A juvenile usually commits an offense without premeditation, Leonard said.

"One alone probably won't do anything," he explained. "But two or three together, or even more, are more likely to do so as they know they'll be backed up."

When a juvenile is apprehended, usually by an officer of the law, he is brought to the police station. Parents or guardians are then contacted in all cases.

After that, said Leonard, the procedure varies. The offender is sometimes warned and then released in the custody of his parents or guardians. Sometimes voluntary or court probation results. And in serious cases, a juvenile may be sent to a state training school (reformatory) or other such institution.

The juvenile court in Gray County is composed of the County Court, under Bill Craig, and the District Court, under Judge Lewis M. Goodrich.

Hearings may be held to determine if a juvenile is delinquent. At this informal session, the background of the child is discussed and considered, along with his offenses. The case will vary from one individual to another.

"We do not sit down and say 'You've violated the law. You are a criminal,'" Leonard explained. Instead, the age, background and potential of the offender is considered.

If the judge finds the child to

be delinquent, he may be placed on probation under a parent or guardian or other adult. Or he may be placed in a training school or another home.

At all times, the best interest of the child is considered, Leonard stated. A child may remain a ward of the state until he is 21, even though he has passed the age of a juvenile.

A juvenile cannot be convicted of a crime as such. No fines or sentences are levied. Only in cases of liquor or traffic offenses, which involve a different set

of laws, may the juvenile be fined or sentenced.

At times a bond may be attached to parents if a juvenile is declared delinquent and placed on probation. Parents forfeit the bond if their child violates probation, Leonard said.

Parents are responsible for juvenile destruction of property. In this case, a civil action by the injured party may be filed against the parents.

Juvenile offenses are basically a result of "lack of respect for other people," said Leonard.

Center Wrap-Up

George Smith, Director
Pampa Youth and Community Center

If you are still unenrolled in Swim Lessons for the summer, you had better enroll now. There are no beginners or polywog classes left, but there are some Advanced Beginners, Intermediates and Swimmers. Courses still available. Classes and their time schedules are as follows:

- 9:00 Advanced Beginners
- 10:00 Swimmers
- Red Cross Swim Lessons for the three sessions are listed below and are \$1.
- June 20-July 1
- 9:00 Adv. Beg. Inter.
- 10:00 Swimmers Adv. Beg.
- July 3-15
- 9:00 Adv. Beg. Inter.
- 10:00 Swimmers Adv. Beg.
- July 18-29
- 9:00 Adv. Beg. Inter.
- 10:00 Swimmers Adv. Beg.

The Junior and Senior Life Saving Course has now been scheduled for the Pampa area and will be held at the Youth Center Aug. 1-12. Classes will meet from 9-11 a.m. with Pete Erwin as instructor. Cost of the course will be \$2 per child. If you are interested in working on any waterfront at Scout camps, City Pools, Country Clubs, etc. you need to have your Junior and Senior Life Saving badges. There is a definite need for qualified Life Guards in and around the Pampa area so sign up today to make you better qualified for a job tomorrow or next summer.

Center memberships are always available at the front office. There is no foundation to the rumor that the Center was not taking any further memberships. This is never true for we have never limited our memberships. The Center has three types of memberships. A Sustaining Membership which is

usually used by businesses and persons wishing to make a donation to the Center that is renewed yearly. A family membership, which includes all members of the present family living at home or at college and who are not married. Family memberships are \$20 per year or \$12 for six months. All memberships run for 1/2 year or one year from the date of purchase so that you receive full benefit from the memberships.

If you are interested in competitive swimming, the Center has a Dolphin Swim Team that fills that capacity. The Dolphins attend several swim meets throughout the State and are at present practicing for several meets during the summer months. The Dolphins work out daily from 4:30 to around 6 p.m., and on Saturday mornings from 10:12 a.m. No Sunday work-outs are held. Coach Donald Klepper is interested in more swimmers, so if you are interested come by and talk it over with him.

CATHOLICS DISAPPOINTED
WARSA (UPI)—Thousands of Catholics were disappointed Thursday night when Polish Primate Stefan Cardinal Wyszynski was forced to stay away from a service celebrating the third anniversary of the coronation of Pope Paul VI.

About 5,000 worshippers were in St. John's Cathedral when they were informed "priestly duties" would keep the cardinal in Gniezno, where he also is archbishop.

KEEP GEORGES VIEW
WASHINGTON (UPI)—Congress wants to make sure that the view you see in 1966 from George Washington's front porch is "approximately" the view George himself saw when he lived there.

The Senate approved and sent to the White House Thursday a House-passed bill to preserve the view from Mount Vernon in approximately the same condition it was in when George Washington resided there. The measure provides for acquisition of about 1,186 acres of land plus scenic easements.

New Books on Shelves At Public Library

New books on the shelves of Lovett Memorial Library July 5, 1966.

Ejection—Hans Habes: a fictionalization of the crucial Evian Conference (at which the Third Reich would sell its Jews to the nations of the world) until now carefully buried in the pages of history.

Surgeon U.S.A.—Frank G. Slaughter: the story of a dedicated surgeon who gave up a brilliant career to serve in the army during World War II. Under pressure from politicians and protocol, he manages to remain true to his own hunches and to his Hippocratic oath.

This Time in Twilight—Anthony Tuttle: man against man, against father, man opposing woman, all in this exciting novel about Gordon Kingston, an engineer sent to build a dam in Twilight Canyon.

Promise Morning—Charles Mercer: eight men and women join in a desperate flight toward safety in Uganda, pursued by post-independence Congolese revolutionists.

The Old Trade of Killing—John Harris: a tale concerning a search for a tin chest of treasure twenty years after it disappeared in the Northern Sahara during a British retreat before Alamein.

The Seasons Hereafter—Elizabeth Ogilvie: an island off the coast of Maine is the set-

Moses Variety Marks Birthday

M. E. Moses Co. variety store, 105 N. Cuyler, is joining with 40 other Moses stores in Oklahoma and Texas to observe the company's 42nd anniversary of its founding.

Ken Womack, manager of the Pampa store, said the current observance will continue in Pampa throughout this week.

Customers will find the manager and the ten full time and six part time store employees attired in costumes befitting the days 42 years ago when the first Moses store was opened at Paducah in Cottle County, Texas.

Today M. E. Moses Co. operates 39 stores in Texas and one in Mangum, Okla.

Moses, a native Texan, started his business with a \$1,500 stake and two employees in that first store in Paducah. Today there are more than 500 employees in Moses stores.

Moses and his wife, Marie, are president and vice president of the corporation of which they are sole owners. They have resided in Dallas since 1935.

"All of us working in the store here are having fun, and our customers are having fun, too," Womack said, "and of course we have a lot of enticing anniversary offerings and giveaways for them."

A LOT OF BULL
DUFF, Colo. (UPI)—It was clearly a case of hit-and-run. Roland A. Uber, 41, said he hit an Angus steer while driving and had to run when he stepped out of his car, because the angry animal chased him.

Negro Air Pilot Was Navy-Trained

OAKLAND, Calif. (UPI)—Garfield T. Byrd is a co-pilot aboard a twin-engine Pacific Air Lines Martin 404.

In a way, Byrd is as much a pioneer in aviation as the early pilots who flew by the seat of their pants.

Byrd is a Negro.

"There aren't many Negro airline pilots. Some civil rights spokesmen say the lines have only about a dozen Negro flyers. Airline officials reply that they are 'equal opportunity employers' but can't find enough qualified Negro pilots."

Qualifications are one thing Byrd has plenty of.

He came to Pacific in 1964, after serving as a Navy flight instructor and pilot of patrol planes. He piled up 5,000 hours aloft.

Since then he has flown all Pacific's routes on the West Coast, in piston-engine Martins and jet-prop F27s. Now he wants to train for the new Boeing 727 jets that Pacific hopes to have in service soon.

Income Tax Questions, Answers

EDITOR'S NOTE—This column of questions and answers on federal tax matters is provided by the Pampa office of the U.S. Internal Revenue Service and is published by The News as a public service to taxpayers.

Q—How long do you have to check someone's income tax return?

A—The basic statute of limitation for assessment in income tax is three years from the later of the date the return was filed or the date the return was due. In some cases the period is longer. When there is fraud or failure to file a return, there is no limitation.

Q—I lost my refund check. What can I do?

A—Report it to your local IRS office. They will give you the forms to use in certifying the loss and making a claim for another check.

Q—When is the highway tax on trucks due?

A—The regular period for the Highway Use Tax on vehicles ends June 30 of each year, and the return, Form 2290, is due by August 31.

Q—I'm attending a convention this summer as a delegate from my church. Will by expenses be deductible?

A—If you are attending as a duly elected delegate and not solely as a member of your church, then your unreimbursed out-of-pocket travel expenses directly connected with the convention are a deductible charitable contribution if you itemize deductions. Keep adequate records to substantiate your expenses and do not include any personal expenses such as sightseeing. If your wife and children go along, their expenses are not deductible.

The United States has a total of 27,480 miles of inland waterways.

Red Cross News

By LIBBY SHOTWELL

The first session of our swim program is over. Parents and friends were invited to come and watch the boys and girls go through their paces. It is amazing the children who learn to breathe, back float and coordinate their stroke with their breathing and kick in ten short lessons. Possibly it is the fine WSI and aides we have that have helped so well each day. Our instructors at the Youth Center were Carolyn Estes and Scott George with Mrs. Bill Caswell and Mrs. A. E. McLennan, aides who worked with the post-wogs and beginners. Mrs. Estes taught the 11 a.m. beginner class also. Dana Martin, Karen McKirrey, Toni McLennan and Patti McQueary also worked as aides at the Youth Center Pool. The following were given certificates for completing the swimmer course at the Youth Center Pool—Dana Garrett, Mike Whitley, and Steve Hopkins. These boys and girls are eligible to buy their swimmer patch to wear on their bathing suit. The following intermediates passed at the Youth Center Pool: Pat Garrett, Michael Bradford, Mark Williams, Kathy Gallman, Bert Morrison, Donald Mills, Curt Morrison, Zake Parker, Susan Burnham, Ladelle Smith. The advanced beginners who received their certificates at the Youth Center Pool were Ted Atwood, Sidney Mauldin, Pamela McCabe, Tonya Houck, Brenda Roberts, Terry McCBride, Barbara Whitley, Beverly Bradford, Frank Nelson, Teresa Akst and Don Robertson. The beginners who received their certificates were: Cindy Morehead, Vinnie Todd, Cynthia Williams, Bobby Wood, Kathleen Fitzgerald and Annette Keeton.

Next week we will give the names of those who have passed at the City Pool.

There will be classes in swimming at the City Pool beginning July 4th! There will not be classes at the Youth Center Pool. Mr. Terry Culley, the coordinator of our swim program with Mrs. Libby Shotwell, decide that we should have our classes at the City Pool because the weather man might send rain and the children would miss too much of their work. Instructors in water safety at the City Pool will be Betty Bailey, Bobbie Womack and Scott George.

Tuesday evening the Handicapped Class will continue at the Youth Center Pool with Miss Marian Neslage in charge of the class. Marian is a WSI and is working with Mr. and Mrs. Jack Hilton. Hilton will not be present the 5th so Miss Neslage with her aides will continue with the class.

Word was received this week that our chapter chairman, Mrs. Ruth Kirk at McLennan had married P. J. Boles and they were moving to Quannah. Ruth has been such a wonderful chairman for Red Cross that we hate to see her move but we wish them all the happiness in the world.

Our list of requests from the military continue and will all during the summer. If you are a service man's family and need help, come to the Red Cross.

TOO LIBERAL

SAN DIEGO, Calif. (UPI)—William Godfrey, who won the Democratic nomination for Congress from the 36th District in the June 7 primary, reregistered as an independent Wednesday, stating that the Democratic party was "too liberal."

Monthly News

JULY, 1966

ADULTS NEED BOOSTER SHOTS.
Even though during childhood some adults were vaccinated against communicable diseases, this protection does not last forever.

TETANUS IMMUNITY ABOUT THREE YEARS.
Five years is considered the utmost limit for protection against this most dangerous killer. Any accident or opening in the skin exposes you. Booster shots every three to five years are an absolute must.

TIME OF POLIO IMMUNIZATION UNCERTAIN.
Salk shots or Sabin oral vaccine give adequate protection for some years. But, both types require a booster about a year after the initial protection series.

INFLUENZA PROTECTION ONLY A YEAR.
A booster shot may be required after about a month. If an epidemic is predicted and routinely each fall, a flu vaccination is considered helpful by many physicians.

FOREIGN TRAVELERS BE CAREFUL.
Smallpox shots are needed every three years. Typhoid prevention requires an annual booster after the primary three inoculations. Typhus and Yellow Fever protection is needed in some countries.

CONSULT YOUR PHYSICIAN.
He will give you more information and if necessary administer the preventives that can save your life.

Pampa Police Investigate 2 Weekend Thefts

Pampa police investigated two burglaries that occurred between Friday night and Saturday morning.

J. H. Clabaugh, 2518 Duncan, reported that a burglar took \$126 in cash and a travel clock worth \$15 from his house some time between 11:30 p.m. Friday and 6:20 a.m. Saturday.

Entry was made through an unlocked door. The burglar had walked through some mud in the backyard and left tracks on the floor in every room he visited.

The burglar took \$60 from a billfold and \$15 from a purse. He then removed \$21 in dimes from a plastic dime bank and a plastic container.

Police discovered fingerprints on the plastic dime bank.

Panhandle Industrial, 423 S. Gray, was burglarized and ransacked sometime between 5 p.m. Friday and 7:45 a.m. Saturday.

The burglar pried the tin back on a sliding door and removed the locking pin. He then went through the desk in one office and kicked off the door leading to the main offices.

He ransacked one office and left the account office scattered with files and ledgers over the floor.

He took a money box containing several checks and \$190.44 in cash.

Rogers

(Continued From Page 1)

Committee is preparing to resume exhaustive executive sessions in an effort to present the best possible bill for consideration by the full House, Congressman Rogers said.

The Congressman described the committee's objective as to draft legislation that is "fair, effective, and reasonable — and with teeth in it."

"The House Commerce Committee is probably the most knowledgeable group on Capitol Hill in this field," Rogers said.

The Pampa congressman was a member of the committee's Subcommittee on Traffic Safety which, in the mid-1950's, was the first Congressional body to study the problem. "A number of helpful suggestions made by the Subcommittee later were adopted by the automobile industry, including safety belts," Rogers stated.

The research and study to be undertaken in the coming week by committee members should prove to be of great value when the Committee reconvenes its deliberations, according to Rogers.

"With legislation of such importance to every citizen, whether he drives or not, and of such potential impact on an industry employing directly or indirectly one of every six Americans, the Committee's clear responsibility is to recommend the most judicious bill it is possible to devise," Rogers said.

Celebration

(Continued From Page 1)

ed by the Barnett Fireworks Company of Enid, Okla., will start at approximately 9 p.m. It is scheduled to last 35 minutes.

Pampa Key Club will decorate the grandstand at Recreation Park for the display. The club will also put out flags in front of various businesses early in the morning and take them down during late afternoon.

To enable most employees to have an extra day off for the holiday to spend with their family, most stores will be closed Monday, as well as other businesses. Banks also will close for the holiday.

In addition, all city, county, state and federal offices will be closed in observance of Independence Day, except for the police and fire departments.

No window service will be provided at the Pampa post office tomorrow, though holiday mail collections will be made as usual.

The post office lobby will remain open for box patrons. There will be no home delivery of mail, although special delivery service will be maintained.

The Pampa News business office will close at noon. The paper will go to press early.

To enjoy the free-time offered by the holiday, many Pampans will visit Lake McClinton or Lake Meredith for boating, fishing, swimming and picnicking. Others will take trips to sport areas or visit relatives and friends.

Many have already begun to travel and have joined the throngs of motorists on highways throughout the nation over the holiday weekend, and others will take to the roads later.

The National Safety Council in Chicago has estimated that as many as 510 to 610 Americans would die as a result of holiday travel.

Drivers Cited In Auto Wrecks

Charges were filed in two accidents, one on Friday and one on Saturday.

Michael Lewis Schims, 2131 Christine was charged with failure to yield right-of-way Saturday afternoon after his pickup was in collision with a car driven by Aldie Brown Andrews, 819 S. Talley.

Schims' pickup received \$175 damage, and the other vehicle received \$75 damage.

Earlene R. Mendenhall, McCloud Okla. was charged with unsafe backing Friday afternoon after her car was in collision with a car driven by Lou Ogden Geerdes, 1052 Varmon Dr., who was attempting to park. Geerdes' car had \$85 damage.

Spray Planes Due to Work in Ochiltree County

PERRYTON (Sp) — Spraying planes are expected to begin work Wednesday on some 45,000 acres included in an Ochiltree County grasshopper control program.

Douglas Smith, Ochiltree County agricultural agent, said eight planes are expected to arrive Tuesday afternoon.

The planes he stated, will be directed by white markers on fences and assistance from a six-man ground crew.

July Fourth Celebration is Set at Perryton

PERRYTON (Sp) — The Perryton Lions Club is sponsoring a July Fourth celebration tomorrow at Fryer Lake.

A fireworks display is scheduled for 8:30 p.m. and during the day there will be a fishing rodeo and games and contests.

A baseball game between the Jaycees and Lions club is set for 3 p.m. and a sky-diving picnic is scheduled at 4 p.m.

Picnic facilities are available at the park and area families are urged to spend the holiday in recreation and entertainment.

Phillipine Panel To Determine US Debt to Soldiers

Viet Premier Says Commies Will Soon Fall

WASHINGTON (UPI) — A joint U.S.-Phillipine panel sits down at a bargaining table in Manila Tuesday, hoping to determine just what the United States owes Phillipine soldiers who fought against the Japanese more than 20 years ago.

The question of World War II benefits for Phillipine veterans has been one of the more troublesome in the up and down relations between the United States and its former Far East protectorate.

Except for Phillipine Veteran Associations, which put a \$300 million price tag on the benefits, few are willing to predict just how much they will cost the United States.

Conservative and reliable estimates, however, put a final settlement at \$20 million a year — on an open end basis.

The problem is so to speak, fraught with problems.

Phillipinos fought with the United States in bona fide outfits. But what about the units which, during Japanese occupation, dissolved into troublesome guerrillas operating in the jungle?

The economic aspects are likely to be just as troublesome.

After the war, when veteran benefits were first considered, Washington agreed to pay the Phillipine soldier one peso for every dollar paid American soldiers.

Business

(Continued From Page 1)

ness capacity with a 14 per cent increase in May. El Paso up 6 per cent, Fort Worth 7 per cent, Dallas up 1 per cent, Lubbock up 3 per cent, San Antonio up 3 per cent and Wichita Falls up 18 per cent.

Amarillo unchanged

Waco showed a 16 per cent decrease in business activity from April to May, while Tyler was down 2 per cent, Fort Arthur down 13 per cent, Houston 9 per cent, Laredo 4 per cent and Amarillo unchanged.

Comparison of the first five months of 1966 showed an increase of 9 per cent statewide over the comparable 1965 period. The indexes for the 20 cities show 19 rises and only 1 decline.

Among the state's largest cities, Dallas led with an index average of 11 per cent above the first five months of 1965, San Antonio was up 10 per cent, Houston 9 per cent and Fort Worth 7 per cent.

El Paso had a drop off of 3 per cent in the 1966 period compared to 1965.

Crude oil production rose 6 per cent in May, an unusually large month-to-month rise, the report said. It was 7 per cent above the average monthly production during 1965-59, the highest level since June 1957, when the production was 15.2 per cent above the average.

Sales of life insurance rose 9 per cent in May, to the highest rate of May sales in the history of the index. It was 11 per cent above May 1965.

Total retail sales in Texas declined 3 per cent in May, with sales of durables off 2 per cent and non-durables down 4 per cent.

Total electric power use in the state declined 2 per cent in May. Industrial electric power use dropped 1 per cent, with commercial and domestic power use contributing the remainder of the decline.

Milk

(Continued From Page 1)

place generally throughout the state Friday, and some earlier.

He added that the higher price had been long overdue.

The increase was not completely uniform, as the price per quart varied from one to three cents across the state.

Pillers said that many agricultural economists felt that an immediate increase would deter large future price increase.

Gray Roads To Get Resurfacing

The Texas Highway Department has announced the resurfacing of 153 miles of highways, located in parts of Gray, Carson, Hemphill, Roberts, Hutchinson, Hamford, Lipscomb and Ochiltree counties is to begin on July 11.

G. K. Reading, supervising resident engineer, said the project is a maintenance contract and the work will consist of applying a new coat of asphalt and aggregate to existing highways. The work is expected to be completed by Aug. 15, weather permitting.

J. H. Straif and Sons, Inc. of Tye, Texas, is the contractor on the project. The amount of the contract is \$260,000.

Reading said traffic will be routed through the areas of construction. The public is requested to cooperate in obeying warning signs.

Powell, Pampa, DWI second offense, \$250 and court costs; Lee Medley, Pampa, DWI second offense, \$250 and court costs; Arce Phillip Gooden, Pampa, two counts of DWI second offense, \$250 fine on one and five years probation on the other; Jim Ray Woods, Pampa, five years probation on burglary; Zonie Mac Lynn, Pampa, theft five year probation; and Eula N. Watie, Pampa, theft, five years probation.

AOA to Meet In Amarillo

The Panhandle Post of the American Ordnance Association will meet Tuesday, July 19, at the Tascosa Country Club in Amarillo.

Guest speaker will be Lt. Com. John W. Cape, USN Nuclear Branch, Radiation Division, Defense Atomic Support Agency, who will speak on "The Worldwide Fallout Situation Today."

Commander Cape's experience includes assignments as engineering officer, operations officer, weapons officer and executive officer on various Navy vessels and he was an instructor in Naval Science at the U.S. Naval Academy.

The meeting will be preceded by a social hour and buffet dinner, with the social hour starting at 7:30 p.m. and dinner at 8:30 p.m.

Obituaries

Keith Sherman Sweet

Graveside services for Keith Sherman Sweet, who was born in Pampa on April 3, 1966, were held yesterday at 2:30 p.m. in the Stratford Cemetery. Rev. Dwayne Bennett, pastor of Independent Baptist Church of Stratford, officiated. Services were under direction of Carmichael - Whatley Funeral Directors.

The infant died Friday morning in Highland General Hospital.

Survivors include the mother, Mrs. Zozell Sweet of Gruver; the father, Ronald Sweet, serving with the U. S. Navy, and grandparents, Mr. and Mrs. D. Hudson of Gruver and Mrs. Mildred Sweet of Pampa.

The chalice symbolizes faith in Christian art.

'Theft' Is County's Most Common Juvenile Violation

By LARRY HOLLIS Daily News Reporter

According to statistics, the most common offense of juveniles is theft in Gray County. "In fact," stated Bill Leonard, county juvenile officer, "it's the highest, percentage wise, in the state."

Of all youngsters admitted to training schools, 62.8 per cent of the cases have involved theft. Vandalism ranks second. A juvenile is a boy aged 10 to 17 years, or a girl 10 to 18 years old. The most frequent ages for the committing of an offense by juveniles is 15 to 16 years of age.

The seriousness of an offense is determined according to the individual involved, Leonard said. A repeated frequency of offenses may be more serious than one major offense.

A juvenile usually commits an offense without premeditation, Leonard said. "One alone probably won't do anything," he explained. "But two or three together, or even more, are more likely to do so, as they know they'll be backed."

When a juvenile is apprehended, usually by an officer of the law, he is brought to the police station. Parents or guardians are then contacted in all cases. After that, said Leonard, the procedure varies. The offender is sometimes warned and then released in the custody of his parents or guardians. Sometimes voluntary or court probation results. "And in serious cases, a juvenile may be sent to a state training school (reformatory) or other such institution."

The juvenile court in Gray County is composed of the County Court, under Bill Craig, and the District Court, under Judge Lewis M. Goodrich. Hearings may be held to determine if a juvenile is delinquent. At this informal session, the background of the child is discussed and considered, along with his offenses. The case will vary from one individual to another.

"We do not sit down and say, 'You've violated the law. You are a criminal,'" Leonard explained. Instead, the age, background and potential of the offender is considered.

If the judge finds the child to

be delinquent, he may be placed on probation under a parent or guardian or other adult. Or he may be placed in a training school or another home.

At all times, the best interest of the child is considered, Leonard stated. A child may remain a ward of the state until he is 21, even though he has passed the age of a juvenile. A juvenile cannot be convicted of a crime as such. No fines or sentences are levied. Only in cases of liquor or traffic offenses, which involve a different set

of laws, may the juvenile be fined or sentenced.

At times a bond may be attached to parents if a juvenile is declared delinquent and placed on probation. Parents forfeit the bond if their child violates probation. Leonard said, "Parents are responsible for juvenile destruction of property. In this case, a civil action by the injured party may be filed against the parents. Juvenile offenses are basically a result of 'lack of respect for other people,'" said Leonard.

Center Wrap-Up

George Smith, Director Pampa Youth and Community Center

If you are still unenrolled in Swim Lessons for the summer, you had better enroll now. There are no beginners or polywog classes left, but there are some Advanced Beginners, Intermediates and Swimmers Courses still available. Classes and their time schedules are as follows: These are Center swim lessons and are free to Center members and \$3 to non-members.

August 1-12
9:00 Advanced Beginners
10:00 Swimmers
Red Cross Swim Lessons for the three sessions are listed below and are \$1.

June 20-July 1
9:00 Adv. Beg. Inter.
10:00 Swimmers Adv. Beg.
July 5-15
9:00 Adv. Beg. Inter.
10:00 Swimmers Adv. Beg.
July 18-29
9:00 Adv. Beg. Inter.
10:00 Swimmers Adv. Beg.

The Junior and Senior Life Saving Course has now been scheduled for the Pampa area and will be held at the Youth Center Aug. 1-12. Classes will meet from 9-11 a.m. with Pete Erwin as instructor. Cost of the course will be \$2 per child. If you are interested in working on any waterfront at Scout camps, City Pools, Country Clubs, etc. you need to have your Junior and Senior Life Saving badges. There is a definite need for qualified Life Guards in and around the Pampa area so sign up today to make you better qualified for a job tomorrow or next summer.

Center memberships are always available at the front office. There is no foundation to the rumor that the Center was not taking any further memberships. This is never true for we have never limited our memberships. The Center has three types of memberships: A Sustaining Membership which is

usually used by businesses and persons wishing to make a donation to the Center that is renewed yearly. A family membership which includes all members of the present family living at home or at college and who are not married. Family memberships are \$20 per year or \$12 for six months. All memberships run for 1/2 year or one year from the date of purchase so that you receive full benefit from the memberships.

If you are interested in competitive swimming, the Center has a Dolphin Swim Team that fills that capacity. The Dolphins attend several swim meets throughout the State and are at present practicing for several meets during the summer months. The Dolphins work out daily from 4:30 to around 6 p.m., and on Saturday mornings from 10-12 a.m. No Sunday workouts are held. Coach Donald Klepper is interested in more swimmers, so if you are interested come by and talk it over with him.

CATHOLICS DISAPPOINTED - WARS (UPI) — Thousands of Catholics were disappointed Thursday night when Polish Primate Stefan Cardinal Wyszynski was forced to stay away from a service celebrating the third anniversary of the coronation of Pope Paul VI.

About 5,000 worshippers were in St. John's Cathedral when they were informed "priestly duties" would keep the cardinal in Gniezno, where he also is archbishop.

KEEP GEORGES VIEW WASHINGTON (UPI) — Congress wants to make sure that the view you see in 1966 from George Washington's front porch is "approximately" the view George himself saw when he lived there.

The Senate approved and sent to the White House Thursday a House-passed bill to preserve the view from Mount Vernon "in approximately the same condition it was in when George Washington resided there." The measure provides for acquisition of about 1,186 acres of land plus scenic easements.

A LOT OF BULL BLIFF, Colo. (UPI) — It was clearly a case of hit-and-run. Roland A. Uber, 41, said he hit an Angus steer while driving and had to turn when he stepped out of his car, because the angry animal chased him.

New Books on Shelves At Public Library

New books on the shelves of Lovett Memorial Library July 5, 1966.

Fiction:
"The Mission" — Hans Habe; a fictionalization of the crucial Evian Conference (at which the Third Reich would sell its Jews to the nations of the world) until now carefully buried in the pages of history.
"Surgeon U.S.A." — Frank G. Slaughter; the story of a dedicated surgeon who gave up a brilliant career to serve in the army during World War II. Under pressure from politicians and protocol, he manages to remain true to his own hunches and to his Hippocratic oath.
"This Time in Twilight" — Anthony Tuttle; man against man, son against father, man opposing woman, all in this exciting novel about Gordon Kingston, an engineer sent to build a dam in Twilight Canyon.
"Promise Morning" — Charles Mercer; eight men and women join in a desperate flight toward safety in Uganda, pursued by post-independence Congolese revolutionists.
"The Old Trade of Killing" — John Harris; a tale concerning a search for a tin chest of treasure twenty years after it disappeared in the Northern Sahara during a British retreat before Alamein.
"The Seasons Hereafter" — Elizabeth Ogilvie; an island off the coast of Maine is the set-

ting for the author's latest novel of romance and drama. Woven throughout the plot are beautiful scenes of Maine and glimpses of the demanding lives of the Maine fishermen.

"The Kremlin Letter" — Noel Behn; a novel about "the Virgin," the code name of an American military intelligence agent whose special talents include a total-recall memory, a fatal attraction for beautiful women, the ability to let other people die in his place, and an overwhelming ambition to make a lot of money.

Non-fiction:
"Billy Graham" — John Pollock; the authorized biography of one of America's leading evangelists, Graham has opened his files, his mind, and his heart to the author.
"David Sarnoff" — Eugene Lyons; extraordinary story of an immigrant boy who became an industrial giant, as head of RCA and pioneer in electronics and communications, he has probably affected our daily lives more than anyone since Edison.
"Khrushchev" — Edward Crankshaw; the career of the wily, self-made man who rose from peasant origins to be a determining force in world affairs, parallels the whole history of post-revolutionary Russia.
"500 Miles To Go" — Al Bloemker; history of the Indianapolis Speedway from Ray Harroun to Jim Clark.
"Fitness After Forty" — Eric Taylor; a new intelligent approach to health through exercise and diet.
"The Amateur Archaeologist's Handbook" — Maurice Robbins.
"Bea From Both Ends of His Leash" — Richard A. Wolters; filled with humorous anecdotes and vivid hunting and fishing incidents, this is nature writing at its best.
"Lodestone and Evening Star" — Ian Cameron; the epic voyages of discovery — 1493 B.C.-1896 A.D.
"Youth and the Hazards of Affluence" — Grahame B. Blaine, Jr.; a guide to coming of age in the affluent society.
"Sleeping Without Pills" — Dr. M. N. Pai.
"New Horizons in Education" — Pan American's guide to schools and universities abroad.

Income Tax Questions, Answers
EDITOR'S NOTE — This column of questions and answers on federal tax matters is provided by the Pampa office of the U.S. Internal Revenue Service and is published by The News as a public service to taxpayers.

A — How long do you have to check someone's income tax return?
A — The basic statute of limitation for assessment in income tax is three years from the later of the date the return was filed or the date the return was due. In some cases the period is longer. When there is fraud or failure to file a return, there is no limitation.

Q — I lost my refund check. What can I do?
A — Report it to your local IRS office. They will give you the forms to use in certifying the loss and making a claim for another check.

Q — When is the highway tax on trucks due?
A — The regular period for the Highway Use Tax on vehicles ends June 30 of each year, and the return, Form 2290, is due by August 31.

Q — I'm attending a convention this summer as a delegate from my church. Will by expenses be deductible?
A — If you are attending as a duly elected delegate and not solely as a member of your church, then your unreimbursed out-of-pocket travel expenses directly connected with the convention are a deductible charitable contribution if you itemize deductions. Keep adequate records to substantiate your expenses and do not include any personal expenses such as sightseeing. If your wife and children go along, their expenses are not deductible.

The United States has a total of 27,480 miles of inland waterways.

Moses Variety Marks Birthday
M. E. Moses Co. variety store, 105 N. Cuyler, is joining with 40 other Moses stores in Oklahoma and Texas to observe the company's 42nd anniversary of its founding.

Ken Womack, manager of the Pampa store, said the current observance will continue in Pampa throughout this week. Customers will find the manager and the full time and six-part time store employees attired in costumes befitting the 42 years ago when the first Moses store was opened at Paducah in Cottle County, Texas.

Today M. E. Moses Co. operates 39 stores in Texas and one in Mangum, Okla.

Moses, a native Texan, started his business with a \$1,500 stock and two employees in that first store in Paducah. Today there are more than 500 employees in Moses stores.

Moses and his wife, Marie, are president and vice president of the corporation of which they are sole owners. They have resided in Dallas since 1935.

"All of us working" in the store here are having fun, and our customers are having fun, too," Womack said, "and of course we have a lot of enticing anniversary offerings and giveaways for them."

Negro Air Pilot Was Navy-Trained

OAKLAND, Calif. (UPI) — Garfield T. Byrd is a co-pilot aboard a twin-engine Pacific Air Lines Martin 404.

In a way, Byrd is as much a pioneer in aviation as the early pilots who flew by the seat of their pants.

Byrd is a Negro. There aren't many Negro air-line pilots. Some civil rights spokesmen say the lines have only about a dozen Negro flyers. Airline officials reply that they are "equal opportunity employers" but can't find enough qualified Negro pilots.

Qualifications are one thing Byrd has plenty of.

He came to Pacific in 1964, after serving as a Navy flight instructor and pilot of patrol planes. He piled up 5,000 hours aloft.

Since then he has flown all Pacific's routes on the West Coast, in piston-engine Martins, a jet-prop F77s. Now he wants to train for the new Boeing 727 jets that Pacific hopes to have in service soon.

Red Cross News

By LIBBY SHOTWELL

The first session of our swim program is over. Parents and friends were invited to come and watch the boys and girls, go through their paces. It is amazing the children who learn to prone float, back float and coordinate their stroke with their breathing and kick in ten short lessons. Possibly it is the fine WSI and aides we have that have helped so well each day. Our instructors at the Youth Center were Carolyn Estes and Scott George with Mrs. Bill Caswell and Mrs. A. E. McLennan, aides who worked with the poli-wogs and beginners. Mrs. Estes taught the 11 a.m. beginner class also. Dana Martin, Karen McKirarey, Toni McLennan and Patti McQueary also worked as aides at the Youth Center Pool. The following were given certificates for completing the swimmer course at the Youth Center Pool—Dana Garrett, Mike Whitley, and Steve Hopkins. These boys and girls are eligible to buy their swimmer patch to wear on their bathing suit. The following intermediates passed at the Youth Center Pool: Pat Gark, Michael Bradford, Mark Williams, Kathy Gallman, Bert Morrison, Donald Mills, Curt Morrison, Zake Parker, Susan Burnham, Ladelle Smith. The advanced beginners who received their certificates at the Youth Center Pool were Ted Atwood, Sidney Mauldin, Pamela McCabe, Tonya Houck, Brenda Roberts, Terry McBride, Barbara Whitley, Beverly Bradford, Frank Nelson, Teresa Akst and Don Robertson. The beginners who received their certificates were: Cindy Morehead, Vickie Todd, Cynthia Williams, Bobby Wood, Kathleen Fitzgerald and Annette Keeton.

Next week we will give the names of those who have passed at the City Pool.

There will be classes in swimming at the City Pool beginning July 4th! There will not be classes at the Youth Center Pool. Mr. Terry Culley, the coordinator of our swim program with Mrs. Libby Shotwell, decided that we should have our classes at the City Pool because the weather man might send rain and the children would miss too much of their work. Instructors in water safety at the City Pool will be Betty Bailey, Bobbie Womack and Scott George.

Tuesday evening the Handicapped Class will continue at the Youth Center Pool with Miss Marian Neslage in charge of the class. Marian is a WSI and is working with Mr. and Mrs. Jack Hilton. Hilton will not be present the 5th so Miss Neslage with her aides will continue with the class.

Word was received this week that our chapter chairman, Mrs. Ruth Kirk at McLean had married P. J. Boles and they were moving to Quannah. Ruth has been such a wonderful chairman for Red Cross that we hate to see her move but we wish them all the happiness in the world.

Our list of requests from the military continue and will all during the summer. If you are a service man's family and need help, come to the Red Cross.

TOO LIBERAL - SAN DIEGO, Calif. (UPI) — William Godfrey, who won the Democratic nomination for Congress from the 36th District in the June 7 primary, reregistered as an independent Wednesday, stating that the Democratic party was "too liberal."

Monthly News
JULY, 1966

ADULTS NEED BOOSTER SHOTS.
Even though during childhood some adults were vaccinated against communicable diseases, this protection does not last forever.

TETANUS IMMUNITY ABOUT THREE YEARS.
Five years is considered the utmost limit for protection against this most dangerous killer. Any accident or opening in the skin exposes you. Booster shots every three to five years are an absolute must.

TIME OF POLIO IMMUNIZATION UNCERTAIN.
Salk shots or Sabin oral vaccine give adequate protection for some years. But, both types require a booster about a year after the initial protection series.

INFLUENZA PROTECTION ONLY A YEAR.
A booster shot may be required after about a month. If an epidemic is predicted and routinely each fall, a flu vaccination is considered helpful by many physicians.

FOREIGN TRAVELERS BE CAREFUL.
Smallpox shots are needed every three years. Typhoid prevention requires an annual booster after the primary three inoculations. Typhus and Yellow Fever protection is needed in some countries.

CONSULT YOUR PHYSICIAN.
He will give you more information and if necessary administer the preventives that can save your life.

Pampa Police Investigate 2 Weekend Thefts

Pampa police investigated two burglaries that occurred between Friday night and Saturday morning.

J. H. Clabaugh, 2518 Duncan, reported that a burglar took \$126 in cash and a travel clock worth \$15 from his house some time between 11:30 p.m. Friday and 6:20 a.m. Saturday.

Entry was made through an unlocked door. The burglar had walked through some mud in the backyard and left tracks on the floor in every room he visited.

The burglar took \$60 from a billfold and \$45 from a purse. He then removed \$21 in dimes from a plastic dime bank and a plastic container.

Police discovered fingerprints on the plastic dime bank.

Panhandle Industrial, 423 S. Gray, was burglarized and ransacked sometime between 5 p.m. Friday and 7:45 a.m. Saturday.

The burglar pried the tin back on a sliding door and removed the locking pin. He then went through the desk in one office and kicked off the door leading to the main offices.

He ransacked one office and left the account office scattered with files and ledgers over the floor.

He took a money box containing several checks and \$190.44 in cash.

AOA to Meet In Amarillo

The Panhandle Post of the American Ornithological Association will meet Tuesday, July 19, at the Tascosa Country Club in Amarillo.

Guest speaker will be Lt. Com. John W. Cane, USN, Nuclear Defense Atomic Support Agency, who will speak on "The Worldwide Fallout Situation Today."

Commander Cane's experience includes assignments as engineering officer, operations officer, weapons officer and executive officer on various Navy vessels and he was an instructor in Naval Science at the U.S. Naval Academy.

The meeting will be preceded by a social hour and buffet dinner, with the social hour starting at 7:30 p.m. and dinner at 8:30 p.m.

Bloodmobile Due In Perryton Aug. 2

PERRYTON (Sp.)—A bloodmobile from Wichita, Kan., will be in Perryton Tuesday, Aug. 2, to accept blood from donors for shipment to Red Cross hospitals in Viet Nam.

Nurses and volunteer workers already are being briefed in assistance methods needed when the bloodmobile arrives.

The principal cigar tobacco producing areas in the United States are Connecticut, Massachusetts, Pennsylvania, Ohio, Florida, Georgia and Wisconsin.

Rogers
(Continued From Page 1)

Committee is preparing to resume exhaustive executive sessions in an effort to present the best possible bill for consideration by the full House," Congressman Rogers said.

The Congressman described the Committee's objective as to draft legislation that is "fair, effective, and reasonable — and with teeth in it."

"The House Commerce Committee is probably the most knowledgeable group on Capitol Hill in this field," Rogers said.

The Pampa congressman was a member of the committee's Subcommittee on Traffic Safety which, in the mid-1950's, was the first Congressional body to study the problem. "A number of helpful suggestions made by the Subcommittee later were adopted by the automobile industry, including safety belts," Rogers stated.

The research and study to be undertaken in the coming week by Committee members should prove to be of great value when the Committee reconvenes its deliberations, according to Rogers.

"With legislation of such importance to every citizen, whether he drives or not, and of such potential impact on an industry employing directly or indirectly one of every six Americans, the Committee's clear responsibility is to recommend the most judicious bill it is possible to devise," Rogers said.

July Fourth Celebration is Set at Perryton

PERRYTON (Sp.)—The Perryton Lions Club is sponsoring a July Fourth celebration tomorrow at Fryer Lake.

A fireworks display is scheduled for 8:30 p.m., and during the day there will be a fishing rodeo and games and contests.

A baseball game between the Jaycees and Lions clubs is set for 4 p.m. and a sky-diving show is scheduled at 4 p.m.

Picnic facilities are available at the park and area families are urged to spend the holiday in recreation and entertainment.

Obituaries

Keith Sherman Sweet
Graveside services for Keith Sherman Sweet, who was born in Pampa on April 3, 1906, were held yesterday at 2:30 p.m. in the Stratford Cemetery. Rev. Dwayne Bennett, pastor of Independent Baptist Church of Stratford, officiated. Services were under direction of Carmichael - Whatley Funeral Directors.

The infant died Friday morning in Highland General Hospital.

Survivors include the mother, Mrs. Zoell Sweet of Gruver; the father, Ronald Sweet, serving with the U. S. Navy, and grandparents, Mr. and Mrs. Z. D. Hudson of Gruver, and Mrs. Mildred Sweet of Pampa.

The chalice symbolizes faith in Christian art.

Business
(Continued From Page 1)

United Press International count late Saturday showed at least 168 persons dead in traffic since the holiday toll began. The National Safety Council said the count was 11 ahead of last year's Fourth of July toll.

The Breakdown:

Traffic	168
Drownings	47
Planes	12
Miscellaneous	22
Total	249

California led the nation in traffic deaths with 20, followed by Illinois with 11, Ohio with 9, Michigan with 6 and North Carolina, Texas and Indiana with 7.

With holiday traffic reports still coming in, traffic deaths continued to spiral in Texas this week with the death toll running 11 per cent above last year's record pace; the Department of Public Safety reported Saturday.

Milk
(Continued From Page 1)

place generally throughout the state Friday, and some earlier. He added that the higher price had been long overdue. The increase was not completely uniform, as the price per quart varied from one to three cents across the state. Pilers said that many agricultural economists felt that an immediate increase would deter large future price increases.

Phillipine Panel To Determine US Debt to Soldiers
WASHINGTON (UPI)—A joint U.S.-Philippine panel sits down at a bargaining table in Manila Tuesday, hoping to determine just what the United States owes Philippine soldiers who fought against the Japanese more than 20 years ago.

The question of World War II benefits for Philippine veterans has been one of the more troublesome in the up and down relations between the United States and its former Far East protectorate.

Except for Philippine Veterans Associations, which put a \$300 million price tag on the benefits, few are willing to predict just how much they will cost the United States.

Conservative—and reliable—estimate, however, put a final settlement at \$20 million a year—on an open bid basis.

The problem is so, to speak, fraught with problems.

Filipinos fought, with the United States in bona fide outfits. But what about the units which, during Japanese occupation, dissolved into troublesome guerrillas operating in the jungle?

The economic aspects are likely to be just as troublesome.

After the war, when veteran benefits were first considered, Washington agreed to pay the Philippine soldier one peso for every dollar paid American soldiers.

Viet Premier Will Soon Fall
HOI AN (UPI)—Premier Nguyen Cao Ky Saturday predicted the Communist government of North Viet Nam would fall "within a few months."

Observers considered the statement largely one for "domestic consumption and morale boosting." They said they did not believe it reflected any new intelligence reports on the Hanoi regime.

It was noted, however, that Ky's statement coincided with another optimistic remark on the war made by Gen. William C. Westmoreland, commander of U.S. forces in Viet Nam. The general told newsmen in Saigon that for the first time that he felt the Allies were winning the war.

Ky, who presided over a meeting of Quang Nam province civilian and military leaders, said the Hanoi regime was in for rough sailing as a result of stepped-up American bombing of North Viet Nam's industrial heartland around Hanoi and Haiphong.

He said the North Vietnamese leaders are now afraid of three things: Defeat soon on the battlefield, that the North Vietnamese people will rise up and overthrow them and that U.S. power and South Vietnamese determination to resist aggression will prevent the Viet Cong from maintaining the war much longer in the South.

A spokesman for Ky later told newsmen that his remark that the Hanoi régime would fall "within a few months" could be interpreted to mean anywhere from three to six months.

Yugoslavia numbering about 7.6 million or 40 per cent of the population.

So is Svetislav Stefanovic, the secretary of the ministry of the interior, who has been dismissed as being "directly responsible" for electronic bugging of conversations of "the highest leaders" in Yugoslavia.

English language excerpts of Tito's speech issued late Saturday by Tanjug carried a parenthetical paragraph pointing out that both Rankovic and Stefanovic "are of Serbian nationality."

Tito
(Continued From Page 1)

ident of the republic he accepted.

The ousted 56-year-old Tito deputy, who has supervised secret police matters directly and indirectly in Yugoslavia for 20 years, has also asked for a full investigation of his own case.

The ruling 19-member executive committee of the Central Committee ordered one to begin immediately.

Tito himself got to the core of Yugoslavia's major problem in his closing speech to the 115-member Central Committee.

The aging but active leader assailed nationalist deviations which had appeared in the ranks of Yugoslav Communists.

Rankovic is a Serb, the largest national group in

Rodeo
(Continued From Page 1)

5 p.m. Saturday, Aug. 6, in downtown White Deer.

Preliminary arrangements for the big White Deer celebration were set in motion at a meeting of Carson County residents in the White Deer high school cafeteria. Another meeting is scheduled for next Thursday to check committee progress.

Mrs. Ralph Randal of Panhandle is chairman of the Carson County Historical Society which has been instrumental in arranging for the historical markers in the White Deer area.

TALKS TO RESUME
SALISBURY, Rhodesia (UPI)—Anglo-Rhodesian peace talks will resume Monday morning, it was announced Saturday. A British spokesman said it was unlikely that Oliver Wright, a member of the British team, would be back from London consultations for the resumption; but he was expected to return in the early part of the week.

Celebration

Pampa's Club will decorate the grandstand at Recreation Park for the display. The club will also put out flags in front of various businesses early in the morning and take them down during late afternoon.

To enable most employees to have an extra day out for the holiday to spend with their family, most stores will be closed Monday, as well as other businesses. Banks also will close for the holiday.

In addition, all city, county state and federal offices will be closed in observance of Independence Day, except for the police and fire departments.

No window service will be provided at the Pampa post office tomorrow, though holiday mail collections will be made as usual.

The post office lobby will remain open for box patrons. There will be no home delivery of mail, although special delivery service will be maintained.

The Pampa News business office will close at noon. The paper will go to press early.

To enjoy the free-time offered by the holiday, many Pampans will visit Lake McClellan or Lake Meredith for boating, skiing, fishing, swimming and picnicking. Others will take trips to resort areas or visit relatives and friends.

Many have already begun to travel and have joined the throngs of motorists on highways throughout the nation over the holiday weekend, and others will take to the roads later.

The National Safety Council in Chicago has estimated that as many as 510 to 610 Americans would die as a result of holiday travel.

Drivers Cited In Auto Wrecks

Charges were filed in two accidents, one on Friday and one on Saturday.

Michael Lewis Sulins, 2131 Christine, was charged with failure to yield right of way Saturday afternoon after his pickup was in collision with a car, driven by Archie Brown Andrews, 819 S. Talley.

Sulins' pickup received \$175 damage, and the other vehicle received \$75 damage.

Earlene R. Mendenhall, McClellan, was charged with unsafe backing Friday afternoon after her car was in collision with a car driven by Lou Ogden Geerdes, 1052 Varnum Dr. who was attempting to park. Geerdes' car had \$65 damage.

Gray Roads To Get Resurfacing

The Texas Highway Department has announced the resurfacing of 153 miles of highways located in parts of Gray, Carson, Hemphill, Roberts, Hutchinson, Hansford, Lipscomb and Ochiltree counties is to begin on July 11.

G. K. Reading, supervising resident engineer, said the project is a maintenance contract and the work will consist of applying a new coat of asphalt and aggregate to existing highways. The work is expected to be completed by Aug. 15, weather permitting.

J. H. Strain and Sons, Inc. of Tye, Texas, is the contractor on the project. The amount of the contract is \$260,000.

Reading stated traffic will be routed through the areas of construction. The public is requested to cooperate in obeying warning signs.

Spray Planes Due to Work in Ochiltree County

PERRYTON (Sp.)—Spraying planes are expected to begin work Wednesday on some 45,000 acres included in an Ochiltree County grasshopper control program.

Douglas Smith, Ochiltree County agricultural agent, said eight planes are expected to arrive Tuesday afternoon.

The planes he stated, will be directed by white markers on a six-man ground crew.

Rebels Score 23 To Rip Perryton

Jones, Harper Homer

By RON CROSS
News Sports Editor
PERRYTON — Home runs by Larry Jones and Roy Harper paced the Pampa Rebels to a come-from-behind 23-6 victory over Perryton Saturday.

The win was the eighth in 12 starts for Pampa and ran their conference record to 5-3, second to Dumas, whom the Harvesters meet Wednesday in Optimist Club Park at 7:30 p.m.

It looked for a while as if Perryton might extend Pampa's road losses to five instead of the Rebels gaining their first road victory.

Perryton led 5-3 after two innings and 5-4 after three before Pampa struck for 10 runs in the fourth and six in the seventh. Roy Harper picked up the win for the Rebels, pitching the third, fourth and fifth innings, after Bill Harris, making his first start, was touched for five runs on five hits in the first two innings.

Rick Foster finished up and was touched for no runs, one hit and walked five, the same as Harper, who won his third game in five outings.

The Rebels scored three times in the first inning when Achord walked and Hyatt and Foster singled with Achord cut down at third on Hyatt's single.

Jones then poked his homer, a three-run shot about 365 feet from home plate.

Perryton came back to score twice in the bottom of the first when after one was out, Beck singled, Brown popped out, Hargrove singled and Barnes was safe on an error, scoring Beck, Koehn singled to score Hargrove.

The Rangers collected three runs in the second when Koehn walked, Doors grounded out as did Rorabough did the same, but Beck singled, Brown singled and a Pampa error let in two runs to make it 5-3.

Pampa scored one in the third on Hyatt's single, Foster's sacrifice and Stephens' single.

The Rebels really went to town in the fourth.

Price bunted safely, Turcotte tripled for one run and Harper homered for two more. Achord reached first on an error, Hyatt singled and Foster doubled to score both runners, Stephens was out. Jones walked, Sanders singled and Price laid down another perfect bunt to load the bases. Turcotte walked to force in a run, Harper singled across two more to push Pampa in front 14-5.

Perryton's final run came in the bottom of the fourth on a single, an error and two walks.

Another Pampa tally came in the fifth on Jones' two out double and a single by Sanders.

Two more crossed in the sixth when Foster reached first on an error after two were out, Henley reached on an error and two wild pitches scored both runners.

Six big runs came across in the seventh when Price, Turcotte and Olier walked, and Hyatt singled two runs in with one out, an error scored another and Foster singled, Henley doubled, Jones walked and Price singled home Henley.

Ace Fuller, a 300-pound defensive tackle, is the heaviest rookie signed by the Houston Oilers of the American Football League.

THERE'S A PUTTING THEORY to fit every golfer, including a few way out styles. From left, Ken Venturi demonstrates the conventional stance and grip; Dean Refram puts 'croquet' style; Wes Ellis holds his putter crosshand; Terry Dill, takes the wide stance.

King Takes First Crown In Wimbledon Tennis Finals

WIMBLEDON (UPI) — Billie Jean King won her first Wimbledon singles title Saturday with a 6-3, 3-6, 6-1 masterpiece victory over Brazil's Maria Bueno who completed her sweep past the two top-rated women players in the world.

The Allamora, Calif., resident who shares the No. 1 U.S. ranking with Nancy Richey of Dallas, was the fourth seed in the Wimbledon, but she rocketed past defending champion Margaret Smith of Australia in straight sets Thursday and past second-seeded Miss Bueno for the title.

King was a terror at the net and demonstrated the new forehand shot that has enhanced her reputation as the premier volley artist among the women. She was in trouble only in the second set when she had trouble with her own service and handling Miss Bueno's.

But once Billie Jean regained her poise, she swept the three-time Wimbledon titlist off the court. Miss Bueno won in 1959, 1960 and 1964 and was runner-up last year when Miss Smith won her second title.

Mrs. King churned out volleys and smashes like a machine and kept Miss Bueno at bay throughout most of the match. Her speed and stamina were too much for the Brazilian, who holds a narrow edge in their nine clashes.

This was Mrs. King's fifth Wimbledon and her second time in the final.

Spuzich Holds 1-Shot Lead

CHASKA, Minn. (UPI) — Sandra Spuzich, who has never won a tournament since joining the pro tour four years ago, Saturday took a one-stroke lead over Mickey Wright and Carol Mann after the third round of the U. S. Women's Open Golf championship.

Miss Spuzich, playing with Miss Wright, lost an opportunity to go two strokes ahead when she missed a five-foot putt on 18 and had to settle for a bogey.

The four-time open champion hit her tee shot on 10 into the woods. She teed off again, this time on her third shot, cleared the woods and landed in the middle of the fairway. She chipped on and sank the putt for a bogey five.

Miss Mann, the defending champion who was two strokes off the pace after Friday's round, pulled into a tie with Miss Wright at 226 by shooting a 3-over 75.

Ed Reulbach of the Chicago Cubs pitched a double shutout against the Brooklyn Dodgers on Sept. 26, 1908.

Palmer Wants British Open

MUIRFIELD, Scotland (UPI) — Arnold Palmer, calling it "one of the most vital battles" of his career, Saturday began practice for next week's British Open.

Palmer flew to Scotland for his first look at the 6,887-yard, par 71 Muirfield course. He said business in the United States had prevented him from getting here sooner.

Palmer, who lost the U.S. Open playoff to Billy Casper after blowing two big leads, said he felt his game was coming along well.

"I know some things are lacking in my golf," Palmer said, "but I am hitting the ball reasonably well. It is very vital to me to win this championship after losing the U.S. Open the way I did."

Palmer, favored Jack Nicklaus, defending champion Peter Thomson of Australia and Gary Player of South Africa all took practice swings Saturday.

Meanwhile, Bob Falkenburg of Los Angeles, former Wimbledon champion, appeared to be only non-exempt American to qualify for the Open.

Falkenburg shot a 71 to go with Friday's 68 for a 36-hole total of 139. He went out in 38 with three bogeys, but came back in 33 with a pair of birdies.

The other Americans had much less success on Luffness and Gullane courses, Frank Purcell of Roxford, Calif., ran into bogey trouble and shot a 71 for a 149. Mike Hadlock of Los Angeles, who appeared to have a good chance of qualifying after Friday's 70, came in with a 75 for a 145.

Paul Bell of Naples, Fla., shot 79 for a 153 and Sam Applebaum skied to an 80 for a 156. George Fazio of Philadelphia fired a 72 and that gave him a 147. Jack Bradley of Houston scored 75 for 149. Herb Macusen of Lansing, Mich., had a 70 but still had to settle for 151 and Bill Castleman of White Sulphur Springs, W.Va., shot 77 for 158.

Tom Fraser of Philadelphia and Matt McBride of Chicago withdrew.

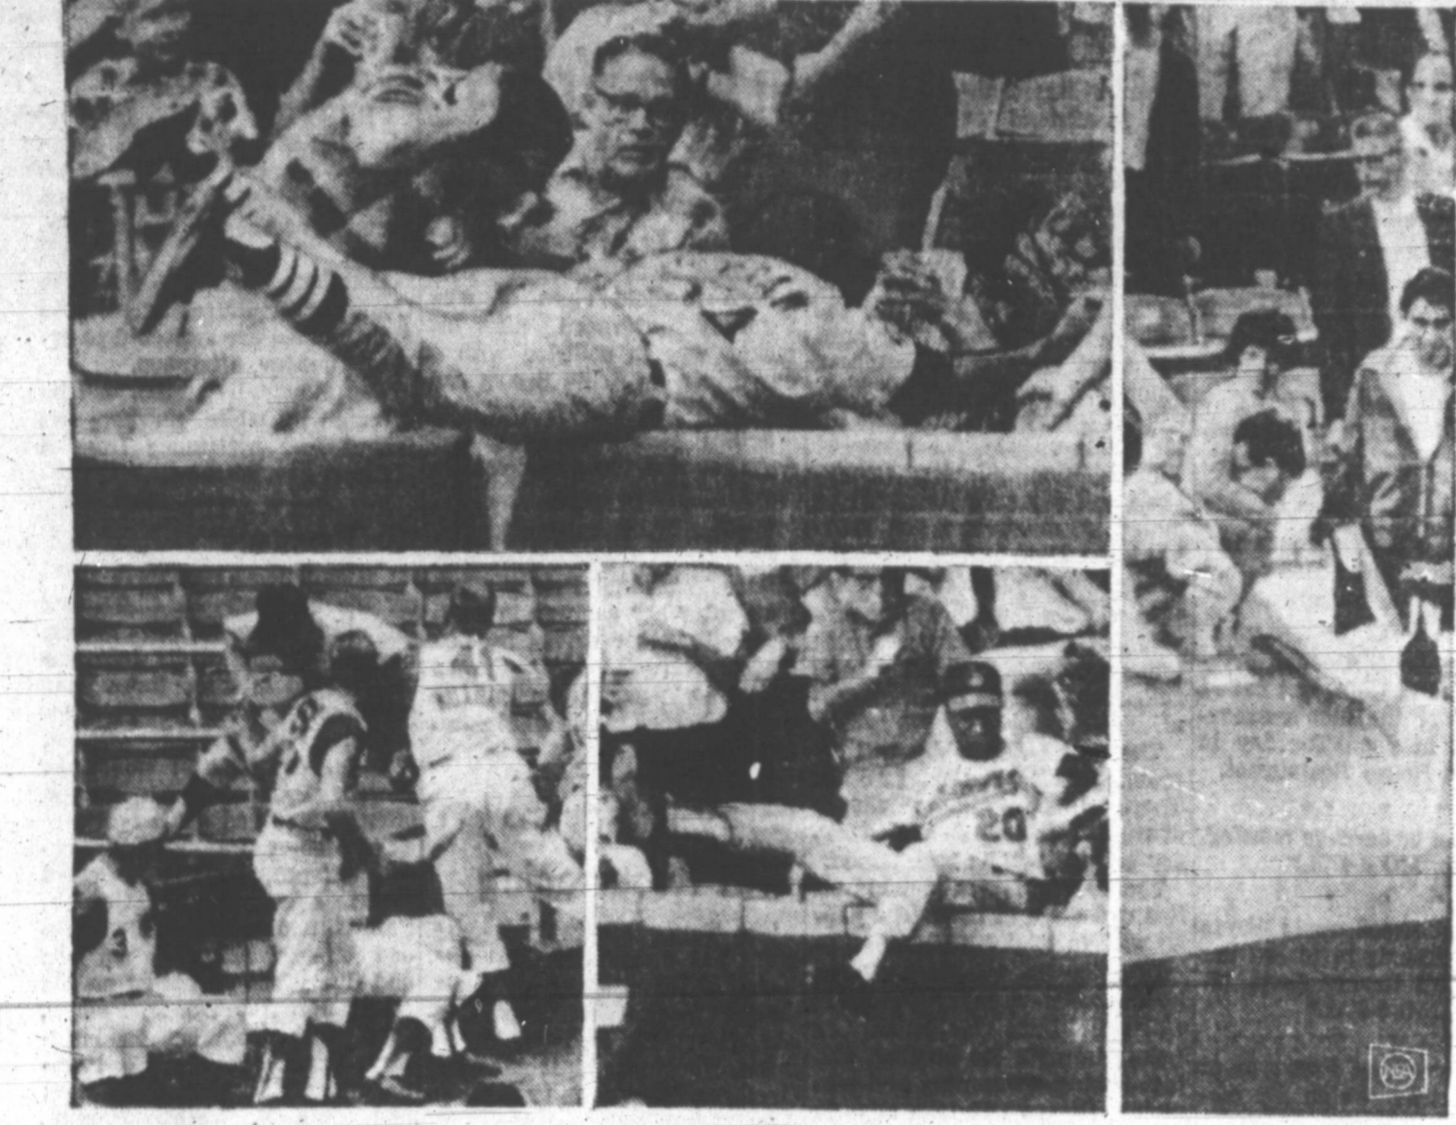

Indications pointed to a cutoff score of 145 or 146.

YOUNG'S SHUTOUTS
CINCINNATI (UPI) — Cy Young pitched only 34 shutouts in 288 National League victories.

That total has been exceeded by Warren Spahn off the pace after Friday's round, pulled into a tie with Miss Wright at 226 by shooting a 3-over 75.

and really didn't have to explain what had happened to his teammates. They knew just by looking at him.

Westrum wasn't happy about what he had just done.

THE CURRENT RAGE among major league outfielders, it seems, is to take to the stands to catch a fly ball. Two of these four outfield acrobats were successful—San Francisco's Len Gabrielson and Baltimore's Frank Robinson (bottom left and center). Tommy McCraw (top) of the White Sox and Rick Reichardt of the Angels had to settle for nice tries.

Giants, Pirates Lose; Mantle Clouts Two More

Braves 3, Giants 1

SAN FRANCISCO (UPI) — Felipe Alou, connecting for his fourth hit of the game, smashed a two-run homer in the 10th inning Saturday to carry the Atlanta Braves past the league-leading San Francisco Giants 3-1.

It marked Alou's 18th home run of this season, but his first with a man on base.

Alou, who twice had singled and doubled in four previous trips, belted one over the center field fence at the expense of reliever Frank Lirio, after pinchhitter Gene Oliver singled.

Tigers 7, A's 3

DETROIT (UPI) — Two-run homers by Willie Horton and Al Kaline lifted the Detroit Tigers to a 7-3 victory over the Kansas City Athletics Saturday.

Horton's homer, with Kaline aboard via a walk, snapped a 2-2 tie in the fifth inning against loser Paul Lindblad, Kaline's homer, his 16th of the year and third in the last three games, was hit with Norm Cash aboard in the seventh after the A's had cut Detroit's lead to 4-3.

Dick McAuliffe led off the game with a solo homer, his 13th, for Detroit's first run and Horton tripled and scored on

Phils 12, Cubs 9

PHILADELPHIA (UPI) — Richie Allen hit two homers including a two-run blast during a nine-run explosion in the sixth inning Saturday to lead the Philadelphia Phillies to a 12-9 triumph over the Chicago Cubs.

Allen, who wound up with a 4-for-5 day with two homers and two singles, collected two hits during the nine-run sixth inning that wiped out a 6-2 Cub lead.

Allen led off the sixth inning with a single off starter Dick Ellsworth, who apparently tired in the 100 degree heat, and gave up hits to the first five batters in the inning before being lifted. Allen then came up later in the inning and blasted a two-run homer to complete the scoring in the inning.

Chisox 6, Bosox 0

CHICAGO (UPI) — Tommie Agee and Lee Elia homered in support of Joe Horlen's six-hit pitching Saturday night to spur the Chicago White Sox to a 6-0 win over the Boston Red Sox.

Elia hit his third homer of the season after a double by Jerry Adair in the second and Agee knocked starter Jose Santiago's first pitch of the third inning into the left field seats for his seventh round-tripper.

Tribe 5, Calif. 2

CLEVELAND (UPI) — Homers by Joe Azcue and Leon Wagner backed the seven-hit pitching of Sonny Siebert Saturday night and carried the Cleveland Indians to a 5-2 triumph over the California Angels.

Siebert, becoming Cleveland's winningest pitcher in picking up his ninth victory against three loss, hurled the fourth straight complete game tossed by Indians pitchers.

Cleveland went ahead 1-0 in the second when Max Alvis walked, stole second and scored on Pedro Gonzalez' single to center.

Astros Win Pair

HOUSTON (UPI) — A triple by Lee Maye, who earlier had socked a two-run homer, triggered a four-run seventh inning rally Saturday which snapped a 4-4 tie and carried the Houston Astros to an 8-5 victory over the Cincinnati Reds in the opener of a day-night doubleheader.

The Astros won the second 6-3 for a three game win streak.

Birds Win Pair

BALTIMORE (UPI) — Boog Powell singled in the deciding run in the eighth inning to give the Baltimore Orioles a 2-2 victory and their second straight doubleheader sweep of the Minnesota Twins Saturday night after Frank Robinson's 20th homer sparked a 6-5 triumph in the opener.

Westrum tried to break the news as gently as he could but there are certain types of news that will be received hard no matter how the bearer tries to soften the blow.

"We're optioning you to Jacksonville, John," said Westrum.

Lewis blinked at the announcement and for a split second it seemed as though he hadn't even heard it.

Lewis Says Goodbye, Leaves Mets Quietly

NEW YORK (UPI) — They say you never can tell in baseball and if you don't believe it, let's just take the case of Johnny Lewis.

Until 6:25 p.m., Friday, looked like any other day to him.

He had a light meal late in the afternoon and before setting out for Shea Stadium, his wife said she would like to go along and see the ball game.

It seemed like a good idea to the Mets' outfielder because the weather in the city was hot and

sticky and it was bound to be cooler at the ball park.

So they drove to the ball park and parked at the entrance. Mrs. Lewis going to her seat with the other baseball wives while her husband headed for the Mets' clubhouse.

Once inside, he changed from his civvies into his uniform, noting that a left-hander, Woody Fryman, was scheduled to pitch for the Pirates. That meant, Lewis, a left-handed hitter, wasn't likely to start.

He sat around the big table in

the clubhouse chatting idly with Leon Jones, another outfielder, when suddenly he was told manager Wes Westrum would like to see him in his private office.

Lewis didn't think too much about it. True, he was hitting only .299, but there were others hitting even less. Like Ed Kranepool, 205, Johnny Stephenson, 197, Ron Swoboda, 196, and Roy McMillan, 163.

Lewis walked into Westrum's office and the Met manager shut the door.

Westrum tried to break the news as gently as he could but there are certain types of news that will be received hard no matter how the bearer tries to soften the blow.

"We're optioning you to Jacksonville, John," said Westrum.

Lewis blinked at the announcement and for a split second it seemed as though he hadn't even heard it.

"I think I can hit up here," he said finally.

"I know I'll," Westrum agreed, "but we'd like you to go down there learn the strike zone and get straightened out, and then we'll bring you back."

Standing there, still in his uniform, Lewis again insisted he thought he was capable of hitting major league pitching. He wasn't arguing so much as he was trying to make a point.

Westrum, however, had the averages in front of him on his desk. They showed Lewis had been in 52 of the Mets' 70

games, had collected only 29 hits in 139 times up, had struck out 33 times and no matter how long you kept studying it, his batting average still was .209.

The who's thing with Lewis took five minutes.

When it was all over, the 26-year-old outfielder who once was considered the brightest prospect in the entire St. Louis Cardinals' chain, walked slowly out of Westrum's office.

He went back to his locker, started to take his uniform off

and really didn't have to explain what had happened to his teammates. They knew just by looking at him.

Westrum wasn't happy about what he had just done.

"It hurts me every time I have to do it," he said.

Lewis said goodbye quietly to some of the Mets' players still in the clubhouse. He didn't have much else to say other than that he hoped to be back some day.

Larry Doesn't Mind \$33 Bump

Ralston Beaten By Santana

EIGHT SECONDS on the bull is usually all Larry Mahan needs to break into the prize money. But in bull riding perhaps roughest of all rodeo events, eight seconds can be an eternity.

By SANDY PADWE
DENVER (NEA)—Larry Mahan is the Arnold Palmer of the rodeo set.
Of course, he doesn't fly his own twin-engine jet—only a single-engine propeller craft, the Comanche 250.
"But that's the difference when you're the leading money winner in the Bull Riding Division of the Rodeo Cowboys Association."
A year ago, Mahan won \$24,000 on the rodeo circuit, \$18,105 alone for bull riding. Palmer makes that much on a good day. He also has been known to blow that much on a bad day.
It takes Larry Mahan nearly 365 days to make that kind of cash.

"The rodeo season lasts all year," he said. "I think I was home (Brooks, Ore.) a total of one month last year. Now, that I've got the plane it makes things a little easier."
After hours anyway.
During working hours there is nothing easy about Larry's profession. He's got the scars and bruises to prove it.
"Yes," he said, "bull riding is

about the most dangerous of all the rodeo events. To win the kind of money I did, you have to get on a lot of bulls."
The object is to stay on the bull for eight seconds—if you can. "I stayed on about 60 percent of my bulls that long last year," Mahan said.
"The other times... well... you know what happens."
It's during those other times that the danger rises. "A lot of bulls know when they've thrown you," Larry said, "and they'll try to turn on you. Others will

stop and go right out of the ring. They average about 1,500 pounds, but I've ridden some bigger. One was 2,100 pounds. I stayed on him five seconds."
Even when the rider stays on for the maximum of eight seconds, he has the problem of getting off the bull safely. "Usually, you try to time it at the peak of a jump," Larry said. "Then you just get far out of the way as possible and let the clowns take over. They get the bull's attention while the rider gets out."
There have been times when Larry didn't get away fast enough. In 1964, a bull stepped on him, breaking his jaw. The bull, quite aptly, was named "Stonehead."

"When my injuries come," Mahan said, "they seem to come all at once. For one week this year I ached so much I was wondering if I would be able to get on a bull again."
"Most of the time I feel like a football player who goes through a tough game. You just

get used to it, and take what's coming."
This has been a productive year so far for Larry. In addition to the bull riding, he has been entering the saddle and bareback bronc events.
"I've got nearly \$12,000 so far," he said. "And I'll be riding on the average of five days a week from here on."
At that rate, each bump is worth \$33.
The only time it doesn't hurt is when Larry Mahan stops at the bank.

WIMBLEDON, England (UPI)—Dennis Ralston, the first American to reach the men's finals here since Chuck McKinley won in 1963, was soundly whipped by favored Manuel Santana of Spain, 6-4, 11-9, 6-4, Friday.
Santana thus became the first Spaniard ever to win a Wimbledon men's title.
Santana, a former Madrid ballboy who had dreamed of this moment for 12 years, dispatched the 23-year-old Ralston from Bakersfield, Calif., in one hour, 50 minutes despite suffering a wrenched back in the second set.
Ralston, who struggled with an erratic service throughout the match, had taken a 4-1 lead in the second set but Santana broke the Yank's service in the seventh game and squared the set by holding service in the eighth game despite the back injury.

The top-ranked American, whose temper has in the past cost him dearly in his bid to become the top amateur in the world, managed to check himself in the 19th game when an apparent bad call proved the turning point of the match.
Serving at 9-9 and 15-15, he hit a tremendous overhead smash to the sideline which he thought was in play. A linesman, however, ruled the ball out and, although Ralston managed to curb his temper, he was so shaken that he double faulted twice to give Santana the service break he needed. The Spaniard served the game-winning set at love winding it up with an ace.
Santana, surprise winner of the U.S. Championships last year at Forest Hills, prior to which he was not considered a good grass player, broke the Yank in the third game of the final set when Ralston netted a backhand coming in and cautiously held his advantage to the end.
"Twelve years ago when I was a ball boy I dreamed of winning the Wimbledon title and today I got my chance," said the 28-year-old Spaniard. "It's been a long road to get there, but when Princess Margaret congratulated me in Spanish with the words 'muy bueno,' I knew the hard work was worth it."

Ruth Jensen won five professional golf tournaments in 1964.
First baseman Norm Cash of the Detroit Tigers played an entire game on June 27, 1963, without getting one fielding chance.

"SWING ALONG WITH TED"

Will It Be Bucs And Birds?

By TED WILLIAMS
hoopla has been given over to the Dodgers and the Giants but the Pirates keep burrowing in from their current form, the little birds from Baltimore look like a winner. Frank Robinson may turn out to be an even bigger threat than the Dodgers need a winning Dye-Brinks robbery. The Orioles seem to have everything going for them. Their pitching will be the final answer but as of now they look good. There have always been teams that suddenly jells and they look good. The Giants are ways been teams that suddenly jells and they look good. The Pirates, runs, batted in and still wind up as of this writing, have Starway down in the cellar. And there are teams that have great pitching but nothing else and they still wind up losers. It's the combination of everything that suddenly jells together and whammo - the team wins the flag.

The Twins are having a tough time getting untracked and a hurt Sam McDowell can only hurt the Indians even more. The White Sox are blowing too cold when they should be hot and tough at times their pitching has been superb it's not enough. The Tigers are a good dark horse but their pitching at this point isn't up to Baltimore. Enough good pitching from the Orioles combines with their really strong batting order to fill them through for the flag.
And the Yankees? Well, the superstitious person hates to rance out the Yanks until they are mathematically eliminated. Despite their fine beginning over 61,000. Perhaps baseball when Ralph Hook took over, isn't as bad off as the pro-pro their batting has again failed to come through in the games that have to be won.
As for the National League, Sox set a new rookie record for the Pirates are a pretty good team to win the flag. All the

Travelers To Hog All-Star Selections

TULSA, Okla. (UPI)—The Arkansas Travelers will dominate the Texas League all-star team which faces the Houston Astros at Turnpike Stadium, home of the Dallas-Fort Worth Spurs, next Thursday night.
League president Hugh Finerty said Saturday that despite the loss of one Arkansas pitcher to the team because he had been transferred to the Pacific Coast League, the Travs still would have five representatives on the team to three each for Albuquerque, Amarillo, and El Paso and two each for Austin and Dallas-Fort Worth.
The Travs' Chuck Taylor, a right-handed pitcher, was replaced by a southpaw, Fred Norman of Dallas-Fort Worth.
Amarillo's Buddy Hacken will manage the club, which hopes to give the league its fourth victory in five all-star meetings with the Houston team.
The makeup of the 18-player squad:

Tom Button (.321), Amarillo, 1b; Roy Majtyka (.277), Arkansas, 2b; Doug Rader (.300), Amarillo, 3b; Steve Huntz (.270), Arkansas, ss; Leo Posada (.310), Amarillo, Floyd Wicker (.306), Arkansas, and Don Wilkinson (.278), El Paso, outfielders; Danny Breeden (.279), Arkansas, Tom Egan (.239), El Paso, catchers; Glen Clark (.308), Austin, Winston Llenas (.304), El Paso, and Willie Crawford (.266), Albuquerque, utility.
The pitching staff had been named Friday. It included Don Wilson (.11-1), and Bill Larkin (10-6), Albuquerque; Pat House (9-5), Austin; Jim Ellis (5-2) and Norman (4-4), Dallas-Fort Worth; Ron Cayll (9-4), Amarillo, and Wayne Granger (3-0), Arkansas.
The Chicago White Sox, while finishing last in batting with a .228 team average, won the American League pennant in 1906.

Have you ever returned to a burglarized home?
It's a sickening feeling at best! Especially when—for only a few cents a week—you could have safeguarded your jewelry, important papers, and other valuables against theft, fire, or flood in one of our convenient safe deposit boxes. And burglars love these vacation months!

FACE-SAVING, to Boston catcher Bob Tillman, means catching a foul pop just as it is about to hit a spectator who makes himself a pretzel trying to get out of the way. Or perhaps it was Tillman's stern look that made the spectator duck.

WHY NOT! BE THE BEST DRESSED MAN IN TOWN?
We carry the largest stock of men's wear in Gray County. Finest lines, latest styles, and newest colors. With our quality suits you will maintain that well-dressed look for a long time. Come in, let us help you pick out your wardrobe. We give you friendly courteous service, years of experience, and expert alterations.

Agriculturally Speaking

By FOSTER WEALEY Gray County Agent Recently we have had numerous calls from cotton farmers and other concerned farmers about aerial spraying of sorghum crops for weeds close by a field of cotton.

an amendment to the laws affecting the application of Agriculture Chemicals by aircraft was to go into effect on Jan. 1, 1966. In brief I will quote this regulation. "No person may disperse, or cause to be dispersed, from any aircraft, any material or substance in a manner that creates a hazard to persons or property on the surface."

National Window

EDITORS: Lyle Wilson is resuming his column, National Window, this Friday (July 1). The articles normally will move Saturday morning for Monday PM's, Tuesday morning for Wednesday PM's and Thursday morning for Friday PM's. His first column follows.

By LYLE WILSON United Press International. Today begins a bright, new fiscal year (fiscal 1967) in which the politicians in Washington have all of that bright, new money to spend to keep the voters happy and to keep themselves in office. It is the greatest shell game on earth, better for the politicians than owning the only wheel in town or taking a cut from the biggest, permanent, floating crap game.

The somewhat befuddled voters have been led to believe that all of the costly freebies bestowed upon them by the politicians are, in fact, a form of free lunch. If some citizens dimly suspect that someone some day must pick up the tab, they take another whiff of make-believe and relax in sweet, dreamy confidence that the tab will be picked by somebody else, a rich bloke, preferably.

This, of course, is utter baloney. It is the little guys, the common man type, the Joe in overall with a wife and kids, a jalopy and a mortgage who pays most of the taxes and who, ultimately will pick up the tab for the politicians' spending spree.

The fiscal year that ended at midnight Thursday night was fiscal '66. President Johnson and the Congress kept the freebie faith by going in hock for about \$6.5 billion. The President had about \$100 billion to spend, give or take a couple, but that would not support the government and people of the United States in the style to which they have become accustomed.

Since the Kennedy-Johnson-Humphrey administrations took over in 1961 they have spent about \$62.5 billion. But that wasn't enough. The K-J-H administrations borrowed an additional \$36.4 billion for spending beyond income and so it was that LBJ had to ask Congress this session to hike the temporary public debt limit to \$330 billion so that the U.S. government could continue to borrow money to pay its bills.

Gray County SCD News

By LYNN McDANIEL Are you using every drop of irrigation water efficiently?

Proper management of irrigation water depends upon three main factors: determining when to irrigate, how much water to apply and how to apply it in the most efficient manner.

Lets look first at the pre-plant irrigation. It is generally agreed that this is the most important irrigation.

In pre-plant irrigation, we should fill the soil reservoir or root zone. For most soils in our area, the root zone is about six feet deep and each foot holds 1 1/2 to 2 inches of water.

Failure to apply enough to fill the root zone will tell on us at harvest. On the otherhand we should be careful not to apply excess water that ends up in a neighbor's lake and evaporates or penetrates beyond the root zone, leaching nutrients with it.

In actually irrigating crops, we are primarily interested in the top two feet of the root zone. It's from the top 24 inches that the plant receives about 60 percent of its moisture and nutrients.

The farmer can determine how much moisture he needs through a simple feel test of the soil. By taking samples from varying depths and squeezing them in the hand, one can tell approximately how much moisture is in the soil at that time.

Soil which leaves a damp impression on the hand is 75 to 100 percent full of water, while soil which balls up and remains firm when bounced a few times in the hand is 50 to 75 percent filled. But if the soil merely crumbles when squeezed, there is a need for moisture.

In crop irrigation we should try to time our irrigation so as to cover the entire field before plants on the dry side start hurting for lack of moisture, or by the time the moisture level dries to 50 percent.

To keep adequate control of irrigation water, an adequate furrow must be made to carry the stream. On sloping land, the size of the furrow stream is limited by the slope and the texture of the soil. On level rows, the size of the furrow stream is limited only by the size of the furrow that can be obtained as erosion is not a problem.

With a known length of run and a known quantity of water, one can easily calculate how long he needs to water to obtain the needed application, rather than guess at the rate and time. The technicians of the local Soil Conservation Service office will be happy to aid in the design of an irrigation system which could help cut irrigation cost and make each drop go just a little further.

Wall Street In Review

NEW YORK (UPI) — Bradbury K. Thurlow of Winslow, Cohn & Stetson believes market psychology is such that if the Dow Jones industrial average penetrates the May low, it could very well trigger a sharp decline which would probably extend below the 1965 low of 832 in "massive" selling.

Bache & Co. says the step-up in bombing of North Viet Nam is another addition to the many uncertainties facing investors. Although the market is technically stronger than it was in the April-May decline, there is no way to judge the psychological deterioration that has developed in recent weeks and the burden of proof now rests with the bulls, the company says.

Edward F. Underwood of Mitchum, Jones & Templeton says the concept of so-called "conservative investments, such as bonds, blue chips" and savings and loan accounts, is not applicable to the present market and says these are not hedges against inflation. He feels that the emphasis has shifted to action stocks and will continue to be concentrated on these issues because "there is no other place to go."

ROME MEETING ROME (UPI)—Italian President Giuseppe Saragat met with U.S. Ambassador to Italy G. Frederick Reinhardt Thursday.

Panhandle Water Conservation News

By FELIX W. RYALS Manager of PWCD

The way we treat our fresh water sources is alarmingly similar to the way we treat that part of our body known as the alimentary canal. We just dump everything into our alimentary canal and go flithly on our way. We get by with this for a while and then all of a sudden it begins to hurt. We treat our fresh water streams the same way.

In 1964, Dr. Luther Terry, the Surgeon General of the U.S. issued the following statement. "In some communities, everything goes down the drain—domestic wastes, industrial wastes, storm sewer drainage from run-off. In other places, the domestic and part of the industrial wastes are dumped into a common sewer which may or may not go through a sewage treatment plant, while the storm sewer effluent and some manufacturing wastes are dumped directly into rivers. This uncontrolled disposal was bad enough when the total quantity of wastes was much less than it is today, but the increase of industrial wastes has made it intolerable."

A number of people today wonder why all the fuss over water. They just don't see any connection between polluted water and the virus epidemics common to our country today.

At the National Conference on water pollution held in 1960 the following question came up for study. "What will happen to people if they drink detergent-contaminated water for 25 or 30 years? Former U.S. Surgeon General LeRoy had the following to say about the intake of detergents by humans. "They are not killing us or making us critically ill. But how does the human body react to steady doses of diluted chemicals? What happens if the concentration increases, either suddenly or gradually? We cannot say we know the answers."

Sanitation scientists see detergents as a clue to much wider hazards of the many petrochemical by-products now gushing into water supplies in ever increasing quantities.

The need for more water has been one of the big news items in recent years. Most of us in the Panhandle area are conscious that our cities are using enormous quantities of water each day. How many of us really give any thought to where this water goes once we have used it. In Amarillo some of the water is reclaimed and used by industry.

Water scientists have discovered that many water purposes can be served by water that is less than drinking water pure. Science researchers have found that treated sewage effluent, which is clear water, contains valuable crop nutrients. While the effluent cannot be piped into community water mains for general use, it could be channeled into irrigation systems. This is being done with success at Kerrville, Texas as well as several cities in California. The municipal sewage wastes at Kerrville, for the past 31 years have been used to augment slender water resources of the area. Sludge, which provide many communities with more unwanted wastes, is also diluted and fed into the irrigation system of the Kerrville city farm.

Studies were undertaken at the Arizona Agricultural Experiment Station in 1957 to determine if some beneficial use might be made of sewage effluent. These studies have shown conclusively that city sewage effluent can provide an efficient, practical and inexpensive source of irrigation water for the production of small grains for forage. At the present time barley, oats, and wheat are being grown under effluent irrigation water. No effluent fertilizer has been used on the fresh irrigation plots since the experiment was started; however, chemical fertilizer and synthetic effluent were used. The sewage-effluent crops have produced the best winter pasture forage, green-chopped feed, cut feed, as has harvested grain, in wheat, oats and barley.

The big problem in making use of sewage effluent for irrigation is in the lack of public acceptance. Tests by soil scientists indicated that when properly processed, compost made from sewage is as safe for growing food as compost made from animal manure. This practice of using compost from sewage effluent has been in use in Europe for many years, but has yet to find more than token acceptance in the United States.

Time and necessity may eventually make us realize that we

have been wasting another national resource in our desire to destroy all wastes. If the projected sewage plants that are to be built, to take care of the pollution problems, could be so constructed as to divert the effluent to uses other than the domestic water supply, we will have taken a positive step in the direction of maintaining clean, pure streams.

Vice-President Resigns from Sun

PHILADELPHIA — Samuel H. Williston of Los Altos, Calif., retired June 16 as vice president of two Sun Oil Company subsidiaries, Cordero Mining Co. and Sperry-Sun Well Surveying Co., after 44 years of service to Sun. The announcement was made by Senior Vice President Jno. G. Pew.

Mr. Williston, a widely known figure in mining circles, has served Sun and its subsidiaries in many capacities—in both North and S. America.

Inventor, geologist and executive, he has become a recognized spokesman for the mining industry in Washington. He also served as consultant or executive for several periods for various agencies of the Federal Government.

He has been an official of numerous national and state mining associations, and is a member of a number of scientific societies.

He was instrumental in developing the original gyroscopic well surveying instruments that resulted in formation of Sperry-Sun in 1928, but soon was doing land and lease work and then geological work for Sun Oil along the West Coast.

He became vice president and general manager in 1936 and 1941, respectively, of Horse Heaven Mines and Cordero Mining Company, two Sun mercury mining subsidiaries which merged in early 1947. It also was in 1947 that Mr. Williston became vice president of Sperry-Sun.

Petroleum Directors Hold Meet at Corpus

CORPUS CHRISTI — The American Association of Petroleum Landmen's Directors met recently at Corpus Christi, with 650 delegates and their wives in attendance. Addressing the various sessions were T. D. Barrow, director of Humble Oil and Refining Co., Houston; Dr. Kenneth W. Olin, University of Texas management professor; George Bush of Zapata Offshore Oil Co.; Texas U. S. Senator John Tower; Clarence Hinkle, Roswell attorney; and Hugh White, National Aeronautics and Space Administration representative.

"The success of the United States petroleum industry in meeting future energy demands is dependent upon Federal leasing policies in the high potential areas of the Continental Shelf," Barrow told landmen of the United States and Canada recently.

He continued by observing that "the conclusion is inescapable that we are entering an era in which close harmonious cooperation of the oil industry and the government will be requisite to the industry's growth. Dr. Olin told the landmen "professional status is never granted—it is only achieved through lengthy, sustained effort."

He continued by naming the most important aspect as "the development of a body of knowledge required of all practitioners and which for the most part can be acquired only by lengthy rigorous formal education and specialized training."

The Austin professor continued by observing that the "Petroleum Land Management curriculum" for which he is faculty advisor at Texas is only one aspect of a "more comprehensive educational effort."

Area Drilling Intentions

Table with columns: INTENTIONS (CARBON COUNTY, PANHANDLE COUNTY, COLLINGSWORTH COUNTY, DALLAM COUNTY, WHEELER COUNTY, HUNT COUNTY, HEMPHILL COUNTY, LIPSCOMB COUNTY, OSAGE COUNTY, OCHILTREE COUNTY, SHERMAN COUNTY, PUTNER COUNTY) and COMPLETIONS (CARBON COUNTY, PANHANDLE COUNTY, COLLINGSWORTH COUNTY, DALLAM COUNTY, WHEELER COUNTY, HUNT COUNTY, HEMPHILL COUNTY, LIPSCOMB COUNTY, OSAGE COUNTY, OCHILTREE COUNTY, SHERMAN COUNTY, PUTNER COUNTY). P. C. KLAERNER thirty year man

30 YEARS — P. C. (Smokey) Klaerner, veteran employe of Gulf Oil Corp., recently completed 30 years of service with the company. He has been employed as a roughneck, roustabout and lease pumper in Louisiana, South Texas and in Pampa since 1960. He and his family reside at 418 N. Hill.

Browning Retires From Keweenaw Oil

The retirement of Fred H. Browning of Keweenaw Oil Company was announced by J. M. Harbison, Vice President of Keweenaw in Tulsa. The retirement was effective July 1, 1966.

Mr. Browning has served Keweenaw since October 1, 1958 as pumper in the Morse District. Previously, he had been employed by Keweenaw as roustabout and pumper in the Morse District from January, 1931, to December, 1936.

Mr. Browning's hobbies are traveling, hunting and fishing. He and his wife, Louise, live in LeFlore. They have four children and thirteen grandchildren.

Petrolane Gas Names Manager

Earlton W. Albright Jr. has been named Regional Wholesale Manager for Petrolane Gas Service, Inc., according to Leonard Andrews, Executive Vice President.

In addition to heading wholesale sales activities in Texas, New Mexico, Okla., Arkansas and Louisiana, Albright will function as General Manager of Petrolane Universal, Mark Transport Co., and La-Tex Supply Co., subsidiaries of Petrolane. He will be responsible for marketing, supply and transportation in the five states. Albright formerly was vice president and manager of Butane Supplies Inc. in Tyler. He and his wife, Mildred, and three children live at 914 Neches, Tyler.

Petrolane Gas Serv., Inc., is the nation's largest and oldest independent distributor of L.P. Gas and related appliances. The company operates over five hundred retail and wholesale outlets in thirty-two states plus extensive foreign holdings.

Boy Scouts Learn Skills, Have Fun at Camp Kiowa

DIRTY WORK — All is not completely fun, as these boys find out when it's their turn for "K. P." duty. Eddie Admanson, left, 1003 Scott, washes out a garbage can while Thomas Fisher, 241 Miami, scrubs. In the background, John Worley, left, 2407 Duncan, and Tommy Greenwood, 1935 Grape, carry a can back to its place.

The Pampa Daily News

SUNDAY, JULY 3, 1966

COME SUMMER, many Boy Scouts leave home to attend camping sessions at Camp Kiowa near Canadian for a week of varied activities. They swim, go canoeing, learn to tie knots and practice other activities required of scouts.

DURING THE DAY, the boys spend their time in having fun, attending meetings, participating in training sessions and practicing scouting techniques.

BUT THEY do not rush around all day long, without a break in routine. There are moments of leisure when they can rest, read letters from home, sleep or eat. And each boy must help keep the camp clean and orderly.

THEY CAMP in tents, build campfires, hike about the area, discuss findings with associates and observe the trappings and make-up of everything around them as they live with nature during the session at Kiowa. And while they may study many things on their own, they receive any needed aid and instruction from the camp directors and assistants.

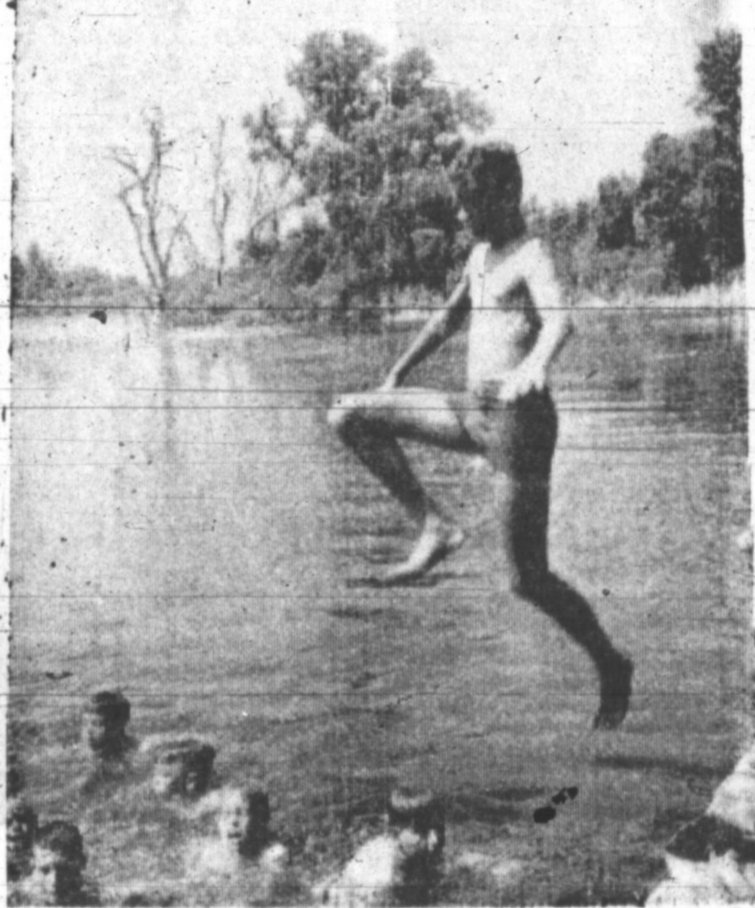

THIS SUMMER approximately 800 boys will have attended Camp Kiowa sessions by the second week of July. Each participating troop spends six and one-half days at the camp. The boys come from parts of Oklahoma to take part in this experience of scouting. David Agnew of Shamrock has served as camp director of the activity, assisted by older Scouts, such as John Curry and Fred Tinsley of Pampa. Both cooks, Mrs. Helen Lunsford and Mrs. L. H. Anderson, are from Pampa.

CANOEING ALONG — Preparing to embark on a canoe cruise, Wayne Utzman, left, 2901 Rossgood, gets set to push his canoe off for a trip across the lake. Meanwhile, Todd Wassell, Star Route 2, paddles toward shore to land his canoe.

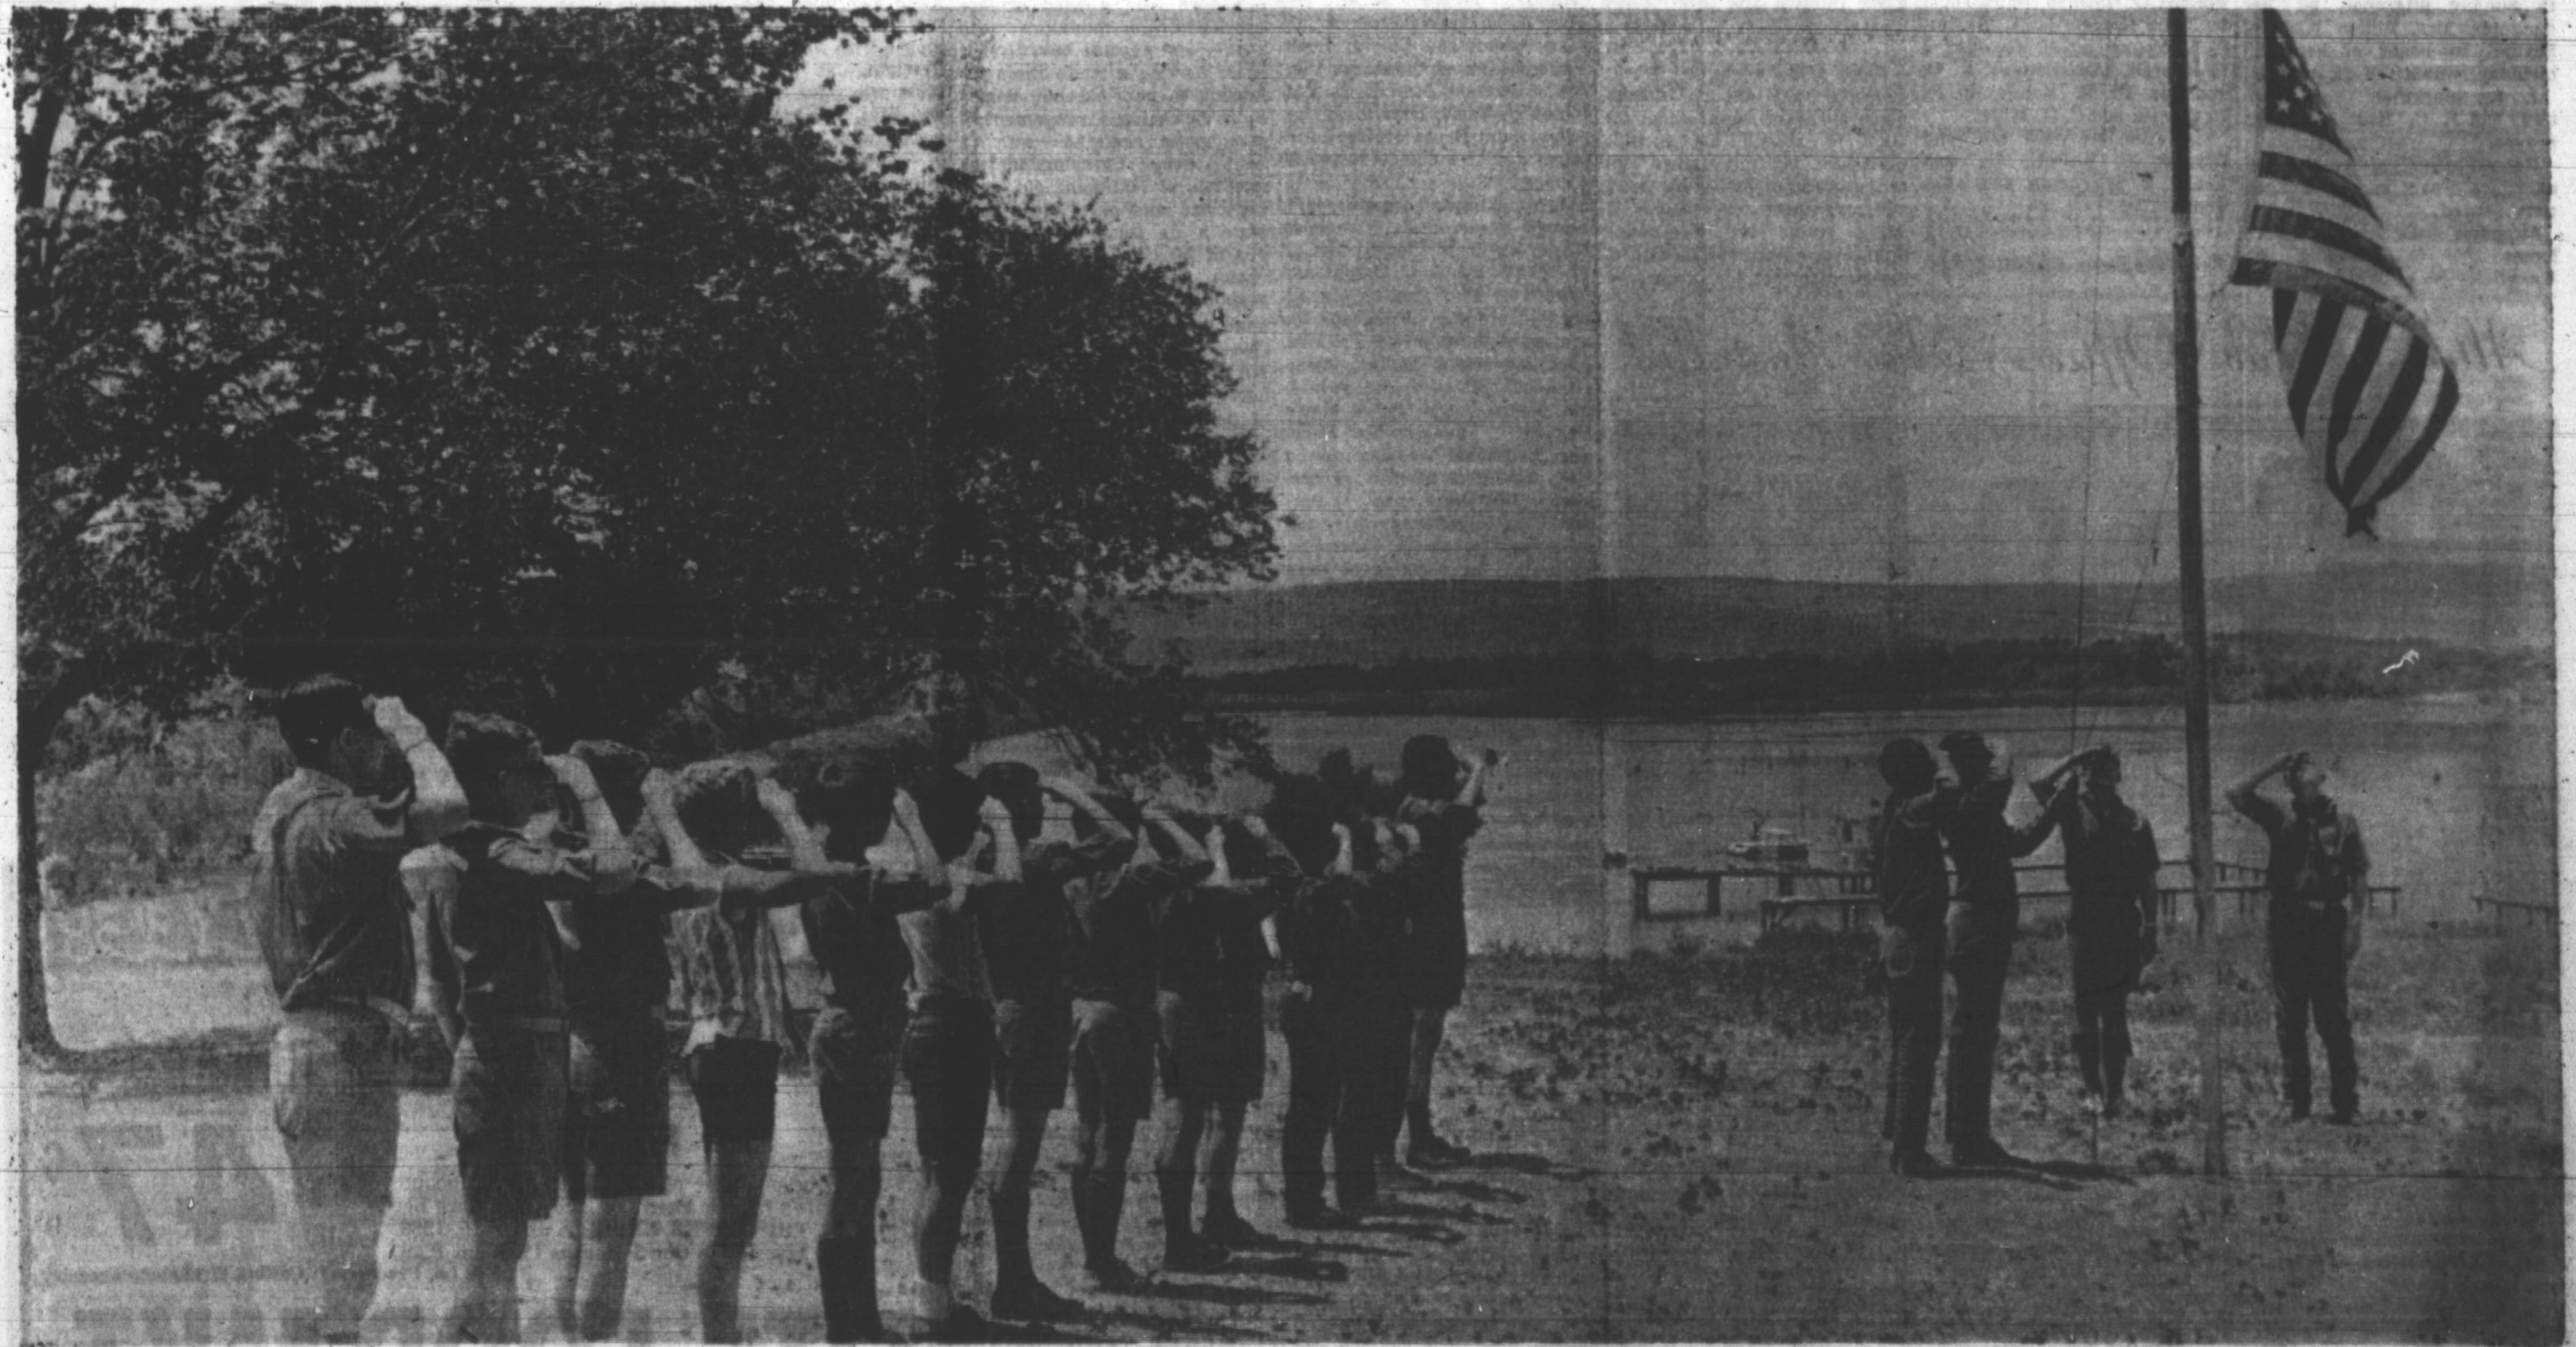

ALL TIED UP — One of the things a Boy Scout should learn is how to tie a knot. Practicing the various methods of "knotsmanship" are Kenneth Allen, left, 1206 E. Francis, and Larry Lawley, 421 E. Kingsmill.

WATCH OUT BELOW — Swimming is one of the most important scouting activities—and probably one of the most popular with the boys. One scout jumps into the lake to join his companions swimming below.

MOMENTS OF LEISURE — During a break in the day's activities, many take a little time to spend for leisure. Resting in their tent, Gene Thompson, left, 1912 Dogwood, reads a message from home while Chuck Lanehart, 2222 Chestnut, munches on some cookies.

FLAG CEREMONY — Scouting teaches boys to honor their country and God. To demonstrate their love of country, Scouts honor the United States flag during one of the ceremonies. The boys, members of Troop 80, sponsored by the First Methodist Church, attended one of the sessions at Camp Kiowa. Shown in the left corner of the picture is Ken Baker, assistant scoutmaster of Troop 80, while Tom Dunn, scoutmaster, is standing at the right end of the line.

EDDY - BROWN - Mr. and Mrs. Tommy G. Eddy at 2128 N. Christy announce the engagement and approaching marriage of their daughter, Annette, to Terry J. Brown, son of Mr. and Mrs. Joe F. Brown of 112 N. Faulkner. Miss Eddy, a 1965 graduate of Pampa High School, attended Texas Woman's University, Denton. Mr. Brown, a 1964 graduate of Pampa High School, is now attending Commonwealth College of Science in Houston. Wedding vows will be exchanged on Sept. 24.

BEARD - MADERIA - The engagement and forthcoming marriage of Miss Linda Kay Beard to William Brent Maderia is announced by Mr. and Mrs. Leldon Foy Beard of Rosenberg, parents of the bride-elect. The prospective bridegroom is the son of Mrs. G. B. Hogan of 914 N. Somerville and Charles F. Maderia of Richmond. He is the great-grandson of William B. (Uncle Billy) Frost of 1105 Charles. An early September wedding is planned by the couple.

Phi Sigma Alpha Chapter Finishes Lecture Series

Texas Alpha Lambda Chapter of Phi Sigma Alpha met Tuesday evening in the home of Mrs. Kenneth Butler, 410 N. Gray, with the president, Mrs. James R. Braxton, in charge.

Guests were welcomed and Mrs. Braxton told the history of the sorority that was founded in 1960 by Mrs. Dorothy Ross, wife of Walter Ross who founded Beta Sigma Phi. The local Phi Sigma Alpha Chapter was chartered in May 1964.

Mrs. James Lewis read the secretary's report and Mrs. Hugh Peoples gave the treasurer's report.

Those present discussed fall projects and also discussed providing aid for a Pampa High School student during her junior and senior years.

The last two parts of the "Inventory of Personality" series were presented by Mrs. Butler and Mrs. Truett Wilborn. The program consisted of a series of lectures prepared by William R. Parker Ph. D. of the University of Redlands, Calif. The series has been composed of lectures on "Depression," "Human Relations," "Health," "Guilt," "Femininity and Masculinity," "Dependency Needs," "Ego" and "Self-Image." Mrs. Butler presented the portion on "Ego" and Mrs. Truett presented "Self Image."

Following the program refreshments were served to two guests, Mrs. W. B. Caldwell and Mrs. B. G. Rape and members not mentioned above, Mmes. Dave Rejus, L. K. Tomlin and C. Wayne Couch.

The group will meet next the third Tuesday in September.

TEL Class To Honor Husbands At Supper Meet

SKELLYTOWN (Sp) - TEL Sunday School Class of Skellytown First Baptist Church met Friday evening in the home of Mrs. Oscar Gould for a covered-dish supper. Invocation was given by Mrs. Myrtle Spence.

After the meal a business meeting was conducted by the class president. Devotional was given by the class teacher, Mrs. Barney Mills.

Gifts were presented to the hostess from each member attending.

The next meeting will be July 29 in the home of Mrs. Cecil Pearce, in the form of a covered-dish lawn supper, with the members' husbands as guests.

Attending were Mmes. Della Gasaway, Pauline Jordan, Myrtle Thompson, Bill Price, Barney Mills, Myrtle Spence, R. T. Davis, and two guests - Mrs. Edna Dunivin and Mrs. Virgil Weaver.

Don't press a stained fabric. Pressing may set it. Instead, place a Turkish towel under the stain to absorb the spotting materials, put the stained side of the fabric down on the towel, and use clean cheesecloth to apply water or drycleaning fluid. Work from the outside of the stain toward the center.

Couple United in Impressive Ceremony

Mrs. Edwin Booth Patterson Jr., nee Miss Betty Lou McWilliams

Double-ring wedding vows were pledged yesterday evening in St. Matthew's Episcopal Church by Miss Betty Lou McWilliams, daughter of Mr. and Mrs. J. C. McWilliams of 1318 Mary Ellen, and Edwin Booth Patterson Jr. of Oklahoma City, son of Mr. and Mrs. E. B. Patterson of Tulsa, Okla.

Rev. Sam Bryan Hulsey officiated the ceremony at 7:30 o'clock. Jerry Whitten, organist, presented music from Symphony No. 1, by Louis Vierne, "I Call to Thee" by J. S. Bach and "Aria" by Flor Peeters preceding the ceremony. Following the seating of the mothers, Mrs. Fred Zimring of Dallas, violinist, accompanied by Mr. Whitten, played "Jesu, Joy of Man's Desiring" by J. S. Bach.

The traditional wedding march was presented as the processional. Jim Daily sang "O Perfect Love" by Barney after the bride was given in marriage. Following the pledging of vows, the "Lord's Prayer" was repeated in unison and Mrs. Zimring and Mr. Whitten played Handel's "Thanks Be to Thee." Henry Purcell's "Trumpet Voluntary" was presented as the recessional.

Three-tiered candelabra with trailing ivy marked the bridal aisle leading to the altar which was appointed with two column pedestals holding urns of white China mums. Brass altar vases filled with white mums, flanked on either side by spiral candelabra entwined with ivy, formed the background for the ceremony.

Escorted to the altar and given in marriage by her father with the "her mother and I" vow, the bride was lovely in an original formal-length gown fashioned of silk crepe and hand-clipped chantilly lace. The Empress Josephine styled gown featured a high rise empire look with an easy sheath skirt. The molded bodice was of the chosen lace and featured a scalloped neckline and long fitted lace sleeves that extended to form petal points over the hands. A narrow bias fold defined the lines of the empire bodice. The elegant easy sheath skirt fell from the empire line in soft gathers at each side front and extended across the back, creating additional fullness. A removable lace mantle train, delicately outlined in scallops, fell from the shoulderline to chapel length. Her bouffant veil fell in tiers from an organza pill box enhanced with a band of lace encrusted with miniature seed pearls and crystal beads. The bride carried a white Bible belonging to her parents topped by a cascading arrangement of Stephanotis centered with a white orchid. Carrying out the tradition of something old, new, borrowed and blue, the bride wore a six pence in her shoe, gift of Mr. and Mrs. Sharon Nance, wore her maternal grandmother's gold wedding band on her right hand and carried an heirloom handkerchief, gift from Mrs. C. W. Henry. Her only jewelry was a single-strand of pearls, gift from the bridegroom.

Attired in floor-length gowns fashioned of hot pink silk crepe with empire styling, rounded necklines and elbow-length sleeves, bridal attendants were Mrs. Frank Krystiniak of Houston, cousin of the bride, matron of honor, and Miss Carol McWilliams of Seattle, Wash., bride's cousin, and Miss Nancy Kay Kennedy of Nacogdoches, bridesmaids. They carried crescent bouquets of pink carnations and lemon leaves.

Milton H. Berry of Tulsa, Okla., served as best man to the bridegroom while groomsmen were Ben L. Kline Jr., of Oklahoma City and Joseph Clyde McWilliams Jr., brother of the bride. Serving as ushers were Mr. Kline, Mr. McWilliams and another brother of the bride, Kenneth R. McWilliams.

Starlight Room of Coronado Inn was the scene of the reception held following the ceremony. Miss Jo Claire Wilkerson provided a program of background organ music throughout the receiving hours. The bride's table, covered with a floor-length white satin cloth, was centered with an elevated white cherub candelabra holding a mass arrangement of white spider chrysanthemums and trailing smilax. Appointing the table was the four-tiered wedding cake which was decorated with white day lilies and hot pink roses on alternating tiers and topped with white wedding bells.

Presiding at the refreshment table was Mrs. John Edwards and Mrs. Pattie Day while guests were registered by Mrs. J. C. McWilliams Jr. Prior to departing on a wedding trip to points of interest in Colorado and Acapulco, Mexico, the new Mrs. Patterson donned a three-piece suit of white raw silk. Black and white accessories and the orchid lifted from the bridal bouquet completed her traveling costume.

Mrs. Patterson, a graduate of Pampa High School, is also a 1966 graduate of Southern Methodist University with a Bachelor of Music Degree. At SMU she was a member of Zeta Tau Alpha Sorority, Mu Phi Epsilon music sorority, Alpha Lambda Delta scholastic honorary sorority and a member of the Student Senate. Mrs. Patterson is an alumnus of Cascadia Hall and the University of Tulsa where he received a Bachelor of Science Degree in Petroleum Engineering. His college activities included being a member of Kappa Alpha fraternity and the Engineers Club. He is now a member of AIME, professional petroleum engineering society.

First Pentecostal Holiness Church Is Setting for Edwards-Smithee Wedding

Amid a setting of baskets of gladioli and candelabra, vows were recited uniting Miss Deanna Louise Edwards in marriage to Millard Chesley Smithee.

The bride is the daughter of Mr. and Mrs. Morgan Edwards, 640 N. Zimmers. The bridegroom is the son of Mr. and Mrs. Willard Smithee, 828 E. Beryl.

Rev. Albert Maggard, pastor, officiated at the single-ring ceremony June 14 at 7 p.m. in First Pentecostal Holiness Church in Pampa.

Organist Mrs. Albert Maggard played "Whither Thou Goest." Candlelighters were Misses Susan and Pamela Welch.

Given in marriage by her father, the bride wore a white lace dress, with white lace gloves. She wore a white net veil and carried a bouquet of white carnations on a white Bible.

Miss Winona Pritchard served as maid of honor. Bridesmaids were Misses Nettie and Loretta Edwards, sisters of the bride. The attendants wore yellow two-piece suits with white gloves and yellow net hats. They carried carnation bouquets.

Best man was Philip Albert Elmsmeier, Jr. Ushers were Steve Edwards and Gary Pritchard.

After the ceremony, a reception was held in the home of the bride's parents. Wedding bells adorned the table, and the white sheet wedding cake was decorated with large yellow roses. Miss Kathy Hollowell served at the punch bowl and registered the guests. Miss Shirley Farber served the cake.

Out-of-town guests were Mr. and Mrs. John Allen of Amarillo.

For a honeymoon trip to Amarillo, the bride chose a blue A-line dress and wore a corsage of white carnations. The couple are residing at 712 Lefors.

Mrs. Smithee is a 1966 graduate of Pampa High School. Mr. Smithee, a 1964 graduate of Pampa High School, graduated last year from Midwest Bible Institute in Webb City, Mo.

PRE-NUPRIAL EVENTS

A shower for the bride was given at the home of Mrs. Elmer Pritchard, 2005 Hamilton. Hostesses were Mmes. M. L. Lunsford, L. O. Thornton, Bill Thorton, Albert Maggard and Floyd Baxter.

Texas Manufacturer Receives First Place In National Contest

AUSTIN - One of Texas' oldest manufacturers, the Adams Extract Company of Austin, has been awarded the first place national award in the polyethylene division for its unique plastic squeeze bottle container for food colors.

The container, which allows a drop by drop measuring of food colors, won out over some 150 national entries in this division. John G. Adams and Fred Adams Jr. received the plaque and blue ribbon for the award at ceremonies in Austin recently.

Ray Wells, Glenn Radcliff, Harold Wright, Frank Stallings and Laura Belle Cornelius sharing hostess duties, a patio brunch given in the home of Mrs. Charles Brauchle co-hosted by Mrs. Ed Williams and Miss Mary Ellen Williams on June 16 and the bride's luncheon given by the bride's mother in the Cibola Room of Coronado Inn yesterday morning.

FREEDOM OF CHOICE IS YOUR PRIVILEGE.

In this wonderful country of ours all of us are guaranteed many rights and privileges not enjoyed everywhere. We can worship whom we please, speak our minds without fear and our property cannot be seized without due process of law. When we are sick, we can select the particular physician we prefer. We are not regimented or owned by the state. Another one of your many freedoms is the right to choose the particular pharmacy you want to fill your prescriptions. When a physician prescribes a medicine he can either phone the particular pharmacy you wish or you can bring the prescription to that pharmacy yourself. May we be your personal pharmacy? YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours? Gray County HD Council Sees Skit On Beautification

Gray County Home Demonstration Council met recently at the Court House Annex east of town.

Mrs. B. M. Rogers, vice chairman, presided over the business meeting. Fares were voted for the delegates who will attend the state convention at Corpus Christi in September.

A skit showing the need to keep our city and parks clean was presented by Mmes. Ruby Wylie, G. B. Hogan and Nolan Cole.

Miss Lou Ella Patterson, HD agent, announced that she would be retiring the last of August. Other members and guests present were Mmes. Polly Bryant, Boyd Brown, N. B. Cude, Lawrence West, W. G. Kinzer, J. C. Payne, Cecil Carter, Robert Bruce, Walter Elliott, Boyd Smith, J. Lloyd Laramore, A. M. Nash, L. E. Fennell, J. Don Huffaker, Ray Robertson, Marvin Rowan, H. L. McLaughly, Tom Carver, L. D. Rider and Bert Smith.

Lecture Given By Mrs. J. Sweeney To Garden Club

Pampa Garden Club met recently in the home of Mrs. John Sweeney at 916 Christine.

Mrs. W. R. Campbell, president, presided over the meeting. The Club Collect was led by Mrs. Sweeney.

Committee chairmen gave their reports. Mrs. Thelma Bray reported that chrysanthemums had been planted in parks and iris at Robert E. Lee Junior High. Mrs. R. E. Warren, Jr. reported that "Garden Club" signs on highways leading into Pampa had been repainted by Mrs. Roy Sparkman.

Mrs. Sweeney presented a lecture and demonstration on "Foliage Arrangements." Plans for a rummage sale in October were discussed.

Coffee and cake were served by Mrs. Sweeney and Mrs. Lee Moore.

Twenty-four members attended. The next meeting will be held at 9:15 a.m. July 11 in the home of Mrs. H. H. Boynton at 1035 S. Hobart.

Mrs. Erwin Feted At Birthday Party

Mrs. Pearl Erwin, 918 Twiford, was given a surprise party Sunday afternoon by her daughter, Mrs. Lillian Wade of Snyder, in honor of her 89th birthday, which fell on June 26.

J. R. Sparkman read scripture, and R. C. Brown led the prayer.

Refreshments of angel food cake, ice cream and fruit punch were served.

Attending the party were Mmes. M. E. Wells, L. E. Wakefield, R. E. Warren, A. H.

McPeak, G. C. Stark, J. B. Hillburn, W. O. Grace, Minnie Erwin, W. G. Gooding, Della Tucker, Lella Gomer, L. A. Baxter, F. E. Young, J. A. George, J. V. Kidwell, Sam Battaes, L. O. Ronfeldt, D. R. Henry, H. E. Fitzgerald and C. G. Miller.

Also attending were Mr. and Mrs. R. C. Brown, Mr. and Mrs. J. R. Sparkman and Miss Monnie Gill.

Altrusa Club Officers Are Installed

ALTRUSA OFFICERS - Installed as 1966-67 officers of Altrusa Club of Pampa in ceremonies conducted Monday evening were, front row, left to right: Mrs. Libby Shortwell, immediate past-president; Mrs. Irene Smith, president, and Mrs. Lora Dunn, vice president. Shown left to right back row, are Mrs. Leah Behrman, Mrs. Marie Fitzgerald and Mrs. Mabel Hukill, directors; Miss Evelyn Mason, corresponding secretary; Mrs. Marian Jameson, recording secretary; and Miss Ila Pool, treasurer.

Mrs. Irene Smith was installed as president of Altrusa Club of Pampa for the ensuing club year in installation ceremonies Monday evening led by Mrs. Lalar Wilkerson.

The club met in Coronado Inn with 32 members and one guest attending.

Each in-coming officer was installed by her out-going counterpart who presented those being installed with the manuals of office and a long-stemmed red rose taken from a bouquet which centered the head table.

Preceding the installation ceremony Mrs. Shortwell gave the president's farewell address and charged all those present to continue the successful work of the club.

Mrs. Smith was installed and presented the president's gavel by Mrs. Libby Shortwell, outgoing president. Others installed included Mrs. Lora Dunn, vice president, installed by Mrs. Smith, Mrs. Marian Jameson recording secretary, installed by Mrs. Evelyn Mas-

on; Miss Mason, corresponding secretary, installed by Mrs. Dunn; Mrs. Ila Pool, treasurer, installed by Mrs. Jameson; Mrs. Marie Fitzgerald, director, installed by Mrs. Louise Sewell; Mrs. Leah Behrman, director, installed by Miss Lou Ella Patterson and Mrs. Mabel Hukill, hold-over director.

Following the installation ceremonies, Mrs. Shortwell was presented a past-president's pin with a gavel guard, by Mrs. Emily Coston.

Sanitation and Spraying Will Help Keep Disease-Carrying Insects to a Minimum

NEW YORK — Of the hundreds of thousands of insect species that are known to scientists you may wonder why half of them have to invade your home.

Of course, this is exaggerated, but the mere presence of a single insect in the home usually calls for immediate action. Some of these pests sting or bite but according to the Department of Health, Education and Welfare, the chief way insects endanger human beings is by carrying disease germs.

They claim that some insects — flies and cockroaches, for instance — pick up disease organisms as they walk over filthy materials and leave them on food, dishes or cooking utensils. Mosquitoes may themselves become infected, and transmit disease to humans when they bite. And ticks may pass disease germs from parent to offspring through the egg and actually become reservoirs of certain diseases such as Rocky Mountain spotted fever.

Good sanitation and proper use of insecticides will offer protection against insects that carry disease. Here are some recommendations offered by specialists at Geig Chemical Corporation.

Store and dispose of refuse properly; eliminate rubbish and other insect breeding places around the home; keep animal shelters and runs clean and wastes packed up, drain or fill in areas where there is standing water; keep weeds cut in the vicinity of the house; store food and cooking items properly; screen houses and other living areas; use a surface insecticide on baseboards or areas where crawling insects frequent. Ants and cockroaches will develop special "runs" inside the home.

Space sprays — the type that can be sprayed into the air, such as Fly Tox, should be used for flying insects like flies, mosquitoes and gnats; support your health department in community-wide insect control programs.

— Store and dispose of refuse properly; eliminate rubbish and other insect breeding places around the home; keep animal shelters and runs clean and wastes packed up, drain or fill in areas where there is standing water; keep weeds cut in the vicinity of the house; store food and cooking items properly; screen houses and other living areas; use a surface insecticide on baseboards or areas where crawling insects frequent. Zmotony-Johnson Vows Are Pledged

—Photo by Smith's Studio

Mrs. Kenneth George Johnson nee Miss Linda Kathleen Zmotony

The bride, a 1962 graduate of Pampa High School, attended Texas Technological College. She was employed as a stewardess by Trans-Texas Airlines.

Mrs. Shirley Sanders, wearing a street-length frock fashioned of buttercup yellow satin brocade, attended as matron of honor. Mrs. Sanders carried a crescent bouquet of yellow gladioli flowers.

Dale Fannon of Fort Worth served as the bridegroom's best man.

A pyramid arrangement of summer flowers centered the bride's table at the reception held following the pledging of vows in First Methodist Church Parlor. The table, covered with a blue net cloth over white, was appointed with the three-tiered wedding cake which was sprinkled with flowers and topped with a cluster of satin wedding bells. Mrs. Tommy Seitz of Amarillo presided at the punch bowl while Mrs. Mickey Miller served the cake. Mrs. D. R. Fannon of Fort Worth was guest registrar.

Prior to departing on a wedding trip to the Hawaiian Islands, the Far East and Japan, the new Mrs. Johnson donned a three-piece suit fashioned of white eyelet and wore the gardenia corsage lifted from her bridal bouquet.

THE WINNER — Frank Smith, (right), owner of Smith's Quality Shoes presents a Kodak Movie Camera and projector to Steve Clark, son of Mr. and Mrs. E. M. Clark, 2132 Coffee, Pampa.

Steve was second winner in the national Poll Parrot Sur-Prize Party Contest.

Congratulations to Steve from Smith's Quality Shoes. We hope he will have many years of pleasure from this prize.

Gray County 4-H Dress Revue Tea, Style Show Slated

The Gray County 4-H Dress Revue Tea and Style Show will be Friday, July 8, at 4 p.m. in Lovett Memorial Library. Leaders, parents, and the public are invited to see the girls model their garments. Mrs. Paul Bowlers will narrate the style show. The tea is given annually for the girls by Home Demonstration Club women.

Contestants will turn in their garments and record books to the assistant home demonstration agent, Miss Gail Sims, by noon Thursday, July 7. At 1:30 p.m. on Friday the girls will be judged with their garments on at the Courthouse Annex.

Ribbons will be presented to contestants after the style show and the junior and senior representatives to the district contest will be announced.

Save Time This Summer With One Step Floor Care

Summer months are active months — a time for fun and informal entertaining. The kids are home, the weather is good, and housewives are looking for ways to free more time for casual living.

Unfortunately, house odd chores are often multiplied during this season. Open windows draw more dust, traffic in and out of the house is at a maximum. Among other things, this requires more frequent floor maintenance.

Since beautiful summer days are no time to be scrubbing and polishing floors, how can this job be made easier? A cork company suggests using one of the new "improved" floor care products that cleans while it waxes. While the one-step concept itself is not new, a recent technological breakthrough has made it possible to achieve superior durability and gloss with a clean-and-polish product. This means greater resistance to scuffing and black marks and a shine that matches the best available with conventional self-polishing waxes.

Homemakers have also found that cleaning power is improved as a result of the breakthrough. The same ingredients that form a more durable wax film work with the built-in detergent to loosen soil and grease spots. Once loosened, the dirt particles cling to the wax applicator until they are rinsed out in the mop bucket.

The hardest part of floor maintenance is getting a resilient floor ready to wax. This is where a one-step, clean-and-polish product saves valuable time and effort.

With a self-polishing wax, it takes an average of three minutes to sweep the floor, 18 more to wax and rinse it, 12 for the floor to dry, and six minutes to apply the new coat of polish. Total time: 39 minutes.

Floor care time is cut in half with a clean-and-polish wax since the wash, rinse, and let dry cycle is eliminated. Sweeping the floor then applying the wax takes only 20 minutes. (The applicator picks up the dirt while it lays down a hard, glossy wax film.) Total time: 19 minutes less than with a self-polishing wax that doesn't clean.

Here is my story: At 43 I was suddenly widowed. A year later a friend invited me out to dinner. He said he and his wife were being divorced. To make a long story short, for 11 years we ate and drank at all the little out-of-the-way places. I cooked dinners for him at my place, and we even week ended together.

Well, my friend is still married and living with his wife. Since giving me the gate he has become the steady companion of another widow (younger). Yes, my friends warned me, too, but I just wanted to be "left alone." And I certainly was. Sign this — "FIFTY-FIVE AND ALONE!"

Choose Lipstick Shade To Provide Flattery

If you are planning to wear one or more of fashion's exquisite yellows this year, be sure to recognize the various tones of this sunlit shade, and choose lipstick colors that will provide the most flattery.

According to beauty authority Max Factor, yellows look fresh, clear and becoming when worn with shimmering iridescent lipsticks. If your costume is pale yellow, keep it in its delicate realm by wearing an ultraluminous iridescent lipstick in the coral, pink or honey colors. When you wear the true yellows, bring the warmth of this shade into your face with iridescent lipstick in the soft ture reds.

The more brilliant orange-yellow cosmetics become wonderfully and appropriately alive with lipsticks in the sunny orange-red tones. Become acquainted with yellow, and enjoy wearing it with your lips luminous and highlighted with the provocative sparkle and sheen or iridescence.

The look is young, fashionable and marvelously attractive.

Women will need more than the usual help when putting on and taking off coats by fall and winter — if a trend shapping up in showrooms of piece-setting designers catches on. The trend: back-buttoned coats and suit jackets. Only the agile stand a chance of handling the chore solo.

PHILLIPS - DANISLAUS — Miss Fern Marie Phillips will become the bride of A-2C John Peter Danislaus on July 15, according to an engagement announcement made by Mr. and Mrs. Joy Phillips of White Deer, parents of the bride-elect. The prospective bridegroom is the son of Mrs. Nina Belickis of Cincinnati, Ohio. Miss Phillips is a 1965 graduate of White Deer High School. Airman Danislaus, a 1963 graduate of Purcell High School of Cincinnati, is now serving with the U.S. Air Force stationed at Amarillo Air Force Base. First Baptist Church of White Deer will be the scene of the wedding.

Dear Abby... Passes Will Only Drive Him Away

DEAR ABBY: I had a speaking acquaintance with an attractive, but shy, man for two years. He is 37 and I am 26. He has never asked me out, but whenever we'd meet at a church doings or on the street he seemed glad to see me. About a year ago I got my nerve up and called him on the telephone just to talk. I couldn't get him to say much. About a month later I heard that he was joining the religious life. My heart broke.

After 10 months I heard that he was back home and had to give up the religious life, because of illness. I wrote him a letter, welcoming him home and invited him to a small party. He wrote back and declined. I want so much to know him better. How long should I wait before I start in again? I'd give anything to get him interested in me.

DEAR ABBY: I had a mild discussion with my wife because she insists on referring to me as him while conversing with others. Example: "Before I married him," I have to remind her many times that my name is Harry, not him.

I think it shows a lack of respect to use him and her instead of the person's given name. I will be very much interested in your comments. Thank you.

HARRY, NOT HIM

DEAR HARRY: I agree with you. If your wife's problem is a short memory, remind her which name is on your pay-check.

DEAR ABBY: You gave that young woman who was going with a married man and wished people would "leave her alone" a million dollars worth of advice when you said, "Don't worry, they will. Including your married-in-in."

Here is my story: At 43 I was suddenly widowed. A year later a friend invited me out to dinner. He said he and his wife were being divorced. To make a long story short, for 11 years we ate and drank at all the little out-of-the-way places. I cooked dinners for him at my place, and we even week ended together.

DEAR ABBY: After working for a very competent physician for 12 years I have observed that the average citizen acquires his "M.D." with more speed and less expense than the best doctor. In our office we get hourly calls from patients who say "I have a virus, please have the doctor come up on my lunch hour and give me a shot."

Abby, what this country needs is a side-walk booth, operated on the same principle as a cigarette machine.

Social Scientists' Report Reveals Who Marries Whom Among Americans

NEW YORK — The average teen-age girl will marry a man two or three years older than she, with at least as much formal education, and quite similar physically — although he'll be several inches taller.

What's more, the beautiful girl is likely to marry the handsome boy and Plain Jane will wed Plain John, reveals a report on social scientists' findings about who marries whom.

And when a girl finds her future husband, he's likely to be living close to her own backyard.

But many of the statistics are changing. The age gap between bride and groom, for instance, is narrowing little by little. And while currently a boy tends to have more schooling than the girl he marries, educational differences, like the age difference, seem likely to diminish. The tendency to marry someone who lives close by is also weakening, and the girl who goes to college is more likely to meet her future husband on the campus.

When it comes to religion, the probability is that both bride and groom will be of the same faith. But while less than 10 percent of Protestant or Jewish marriages are mixed, Catholic intermarriages run to about 30 percent. The "very young bride" and the older one are more likely to marry outside their faith than brides between 17 and 29.

In values and attitudes, too, the trend to similarity continues. "Marriages occur only rarely between the girl who loves children and the man who despises them, or between the girl who has demonstrated against the policy in Vietnam and the boy who is a member of Young Americans for Freedom," the articles disclose. "and contrary to popular belief, the emotionally stable girl does not marry the clearly neurotic boy."

After all the matching has been accomplished, what are the chances of divorce? Is it more likely to occur when one or both partners are teenagers, among city-dwellers than among country-dwellers. When the two partners have known each other less than two years and have been engaged for less than six months, when the marriage is disapproved of by family and friends, when the two partners are sharply dissimilar in background. And while a girl can't prevent divorce by moving from the city to a farm, she can take the other factors into consideration and increase her chances of being happily married to the same man for life.

Even if her marriage is among the one in four that ends in divorce, the fact that two-thirds of all divorced women remarry indicates that all is not bleak.

These research findings show that a girl ought to explore her reasons for wanting to marry someone utterly different. Is she trying to impress her friends and relatives with her own independence of non-conformity? Does she long to be taken away from an unhappy or stuffy situation? (She may be looking for a lifeboat or a fire escape rather than a mate.) Is she (probably subconsciously) trying to hurt her parents, to "pay them back" for all the restrictions (real or imagined) they've ever placed on her? The figures don't show whether what weakens marriages between basically different partners is the actual differences or the motivations that caused the couple to marry.

If a girl does decide to defy the statistics and marry a romantic stranger for the right reasons, he may offer a splendid marriage. "Differences between partners can make life much more interesting and stimulating than a high degree of sameness, provided that the differences exist on a foundation of affection and understanding plus some similarity," the report points out.

Wedding Rites Read in Miami Church

Mrs. Calvin L. Litchfield (Bault's Studio) nee Miss Ruth Ann Cunningham

First Methodist Church in Miami was the scene of the wedding of Miss Ruth Ann Cunningham and Calvin L. Litchfield on Friday evening at 7 o'clock.

The bride is the daughter of Mr. and Mrs. Joe J. Cunningham of Miami. Mr. and Mrs. Homer L. Litchfield of Clovis, N.M., are the parents of the bridegroom.

The double-ring ceremony was performed by Rev. R. L. Willingham, pastor of Grand Avenue Methodist Church in McAlester, Okla.; recently of Clovis, N.M., before a setting of twin arrangements of white gladioli and red carnations and candelabra bearing white tapers. These arrangements flanked the communion table which was appointed with the cross and Holy Bible opened at the Book of Ruth.

Mrs. Wiley Bailey of Mobeetie, organist, played traditional wedding music and accompanied C. E. Haynes who sang "Whither Thou Goest" and "More." The "Lord's Prayer" was repeated in unison by the couple and guests.

The bride, given in marriage by her father with the "her mother and I" avowal, wore a formal wedding gown of bougie satin fashioned with a sweetheart neckline, fitted bodice and bell-shaped sleeves trimmed with wide French alencon lace. A detachable scalloped train enhanced with trim of the chosen lace, added graceful fullness to the A-line skirt. She wore the traditional blue garter, an heirloom gold bracelet that had belonged to her maternal grandmother and borrowed from an aunt, with a penny in her shoe placed there by her father. Her elbow-length veil of illusion, fashioned by the bride's mother, was attached to a white cabbage rose. She carried

a white bride's Bible topped with a bouquet of carnations centered with a glabella. Mrs. Toby Cunningham of Panhandle served her sister-in-law as matron of honor. Miss Saranne Montgomery was maid of honor and Misses Nancy Cowan of Muncay and Libby Sloan of Ruidoso, N.M., were bridesmaids. They wore identical sleeveless, floor-length dresses of red crystal-peau-de-soie with shoes to match and long white gloves. Each carried a single long-stemmed white carnation. Their headpieces were of red net attached to a red cabbage rose.

Serving as best man was Paul Whitten of Clyde. Groomsman were Gus Guthrie of Abilene, Curtis Norris of Clovis, N.M., and Toby Cunningham, brother of the bride, of Panhandle. Ushers were Kenneth Strawn of Abilene, Tommy Sloan of Rochester and Bruce Buntin and Al Dougherty of Clovis, N.M.

Ring bearer was Danny Cunningham, nephew of the bride of Panhandle. Misses Kay Litchfield of Roswell, N.M., niece of the bridegroom, and Nikki Cunningham of Panhandle, niece of the bride, served as flower girls. They wore red polished cotton A-line dresses with white eyelid pinafores trimmed with tatted lace, white lace halo hats and white gloves.

Misses Phyllis Litchfield of Roswell, N.M., niece of the bridegroom and Jo Lynn Flowers registered the guests.

Mrs. Cunningham, mother of the bride, wore a beige two-piece dress of bonded lace. She wore matching accessories and a green cymbidium orchid. Mrs. Litchfield wore a light blue linen suit with white accessories and a white cymbidium orchid.

Fellowship Hall of the church was the setting for the reception held following the vows. The bride's table, covered with a white linen cloth, was centered with an arrangement of red carnations. The three-tiered wedding cake was topped with a miniature bride and groom. Alternating at the punch bowl was Misses Judy Sessions of Lovington, N.M. and Cheryl Gill. Serving cake was Miss Gail Oglesby of Abilene and Mrs. Dan Turner of Dallas. Others assisting were Mmes. Kint Philpott, Ed Schmidt and Dan Graham, aunts of the bride, and Mrs. W. R. Holland.

For traveling, the new Mrs. Litchfield donned a two-piece white linen dress with white accessories. Her corsage was the glabella lifted from the bridal bouquet. After a short honeymoon the couple will live at 1713 Highland in Abilene.

Mrs. Litchfield will be a junior at McMurry College next fall, majoring in elementary education. She is a member and corresponding secretary of TIP and a member of the Student Education Association. Mr. Litchfield, a 1965 graduate of McMurry College with a Degree in Business Administration in Accounting, attended Texas Tech in Lubbock, doing post graduate work and is now associated with Retail Credit Company in Abilene. He was a member of IHR Social Club and the Student Senate.

PRE-NUPTIAL EVENTS - Miss Sylvia Jacques, Julie Landers, Sandy Scaramell, Judy Sessions, and Libby Sloan, all students of McMurry College, were hostesses to a lingerie shower in Abilene honoring the bride. Mmes. William E. O'Loughlin, R. J. Bean, Miles O'Loughlin, W. H. Craig, S. J. Montgomery and Miss Adelia Craig honored the bride with a miscellaneous shower; a bridesmaids' luncheon, the day of the wedding was given by Mrs. Toby Cunningham in Panhandle, and the rehearsal dinner honoring the wedding party was given the evening preceding the wedding rites, hosted by the bridegroom's parents in Fellowship Hall of First Methodist Church.

TOPS Members Exchange Recipes

Lots Pounds Off TOPS Club met Monday evening for its regular meeting.

During the social hour the members exchanged favorite recipes. The meeting was climaxed by celebrating the first anniversary of the club. Low calorie suit drinks were served.

Mrs. Ray Ramey won the weekly fruit basket.

Next week's meeting will be held Tuesday, July 5, due to Monday being a holiday.

Orange Can Now Be Worn by All

If this year's young, sun-drenched orange is finding its way into your wardrobe, take full advantage of the important fashion color by choosing the correct make-up shades.

Once, orange was a hue only a fortunate few could wear. Now, women of every coloring — redheads, blondes, brunettes and brownettes — may enjoy its sunlit beauty.

Do not choose a foundation make-up that contains yellow tones, or you may look jaundiced in orange. Instead, blend on a beige foundation touched with rose tones to create a soft, lovely warmth to your complexion. Of great importance is the lipstick you wear. Choose an ultra-flattering ultralucet cream lipstick shade from the color palette of orange-red range, according to your coloring and the orange shade or tint of your costume.

For exciting effects, overlay the lipstick color with one of the popular honey or beige shades.

To create highlights use the new ultralucet cream iridescent lipstick. Cheek coloring should harmonize with the lipstick color, and eye make-up applied with drama.

Astrological Forecast

By CARROLL RICHTER

FOR SUNDAY, JULY 3

GENERAL TENDENCIES: You can combine your long-range plans with a better understanding just how you can make them work on practical levels in the days ahead but it is up to you to take action to achieve your results or you miss out on a very fine opportunity. Let those about you who are deeply spiritual.

ARIES (Mar. 21 to Apr. 19) — You are now cognizant of how to integrate yourself into the good graces of others or highly evolved philosophical thinkers. Ideal day for meditation. Handle well deals that are making them.

TAUROS (Apr. 20 to May 20) — If you remain calm and undisturbed, you are able to handle well any emergency that may arise today. Look at them objectively. Reading can open the gate to the greater success than heretofore possible.

GEMINI (May 21 to June 21) — Your intuition will now very successfully come in dealing with Rigelva, an utilize them to the full. You are able to handle obligations very clearly. This also concerns your wife, as husband.

SCORPIO (Oct. 23 to Nov. 21) — After attending services of your church you find that you have the wonderful wisdom revealed to deal with "disturbances" more effectively. Contact those with whom you can discuss the ideas you have in mind.

LEO (July 23 to Aug. 31) — Plan to assist those who are deserving and require your help. Spend some time and energy in acquiring more Florida health. The idea is to keep busy today, though if it is Sunday, this will keep you busy over the busy week ahead.

VIRGO (Aug. 23 to Sept. 22) — Showing devotion to those persons who truly have your interests at heart is not only wise but a duty — and this could be your parents. Spend some time at preferred recreation. Relax, be happy.

LIVRA (Sept. 23 to Oct. 22) — Your interest should be centered at home and with family so that you make all more cheerful and attractive around you. Show that you can be amusing, invite guests in — show your devoted love to life.

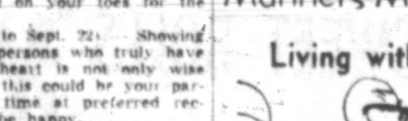

SCORPIO (Oct. 23 to Nov. 21) — Listening to fiscal sermons and making truth your philosophy can make your future in this life brighter and all fears leave you. Be with charming friends later. Much enjoyment can come of this.

SAGITTARIUS (Nov. 22 to Dec. 21) — Concentrating upon how to achieve greater abundance can be helped through the good auspices of a clever expert you know. Cultivate individuals who are very successful. Plan to healthy property.

CAPRICORN (Dec. 22 to Jan. 20) —

Manners Make Friends

Living with People

Television in Review

By RICK DU BROW. United Press International. Hollywood (UPI) — Travel may be broadening, but the Hollywood trade unions wish that some television series would stay closer to home.

NBC-TV's "I Spy" series had definite impact on the industry this past season with its location shooting in such places as Hong-Kong, Japan and Mexico.

But now video too is growing impatient with its costs and current forms. It knows it has gone stale, and it also is seeking more scope, flavor and even realism — ironically, in part, to counteract the factors that it once forced the movies to turn to for survival.

Inevitable, in fact, is a very good word because international is the way television is going — like everything else. Pretty soon, when enough communication satellites are positioned around the world, we will be smack in the middle of instantaneous around-the-globe video.

But, the unions here are not only with Early Bird satellite programs, but with such foreign-filmed entertainment series as "Secret Agent," "The Avengers," "The Baron," "Continental Showcase" and the forthcoming "Hippodrome."

But, the unions here are not only with Early Bird satellite programs, but with such foreign-filmed entertainment series as "Secret Agent," "The Avengers," "The Baron," "Continental Showcase" and the forthcoming "Hippodrome."

Further more, while the unions must deal with an essentially independent group of movie producers since the ladeout of the great studios, television is quite different. For the time being, at least, there are only three major networks, and the ability to apply pressure on so few is quite obvious.

Another Independence Day

Tomorrow is the Fourth of July. Not since 1953 has an Independence Day found this nation with so many of its young men so much of its common treasury, involved in the deadly business of a shooting war in a far-off, foreign land.

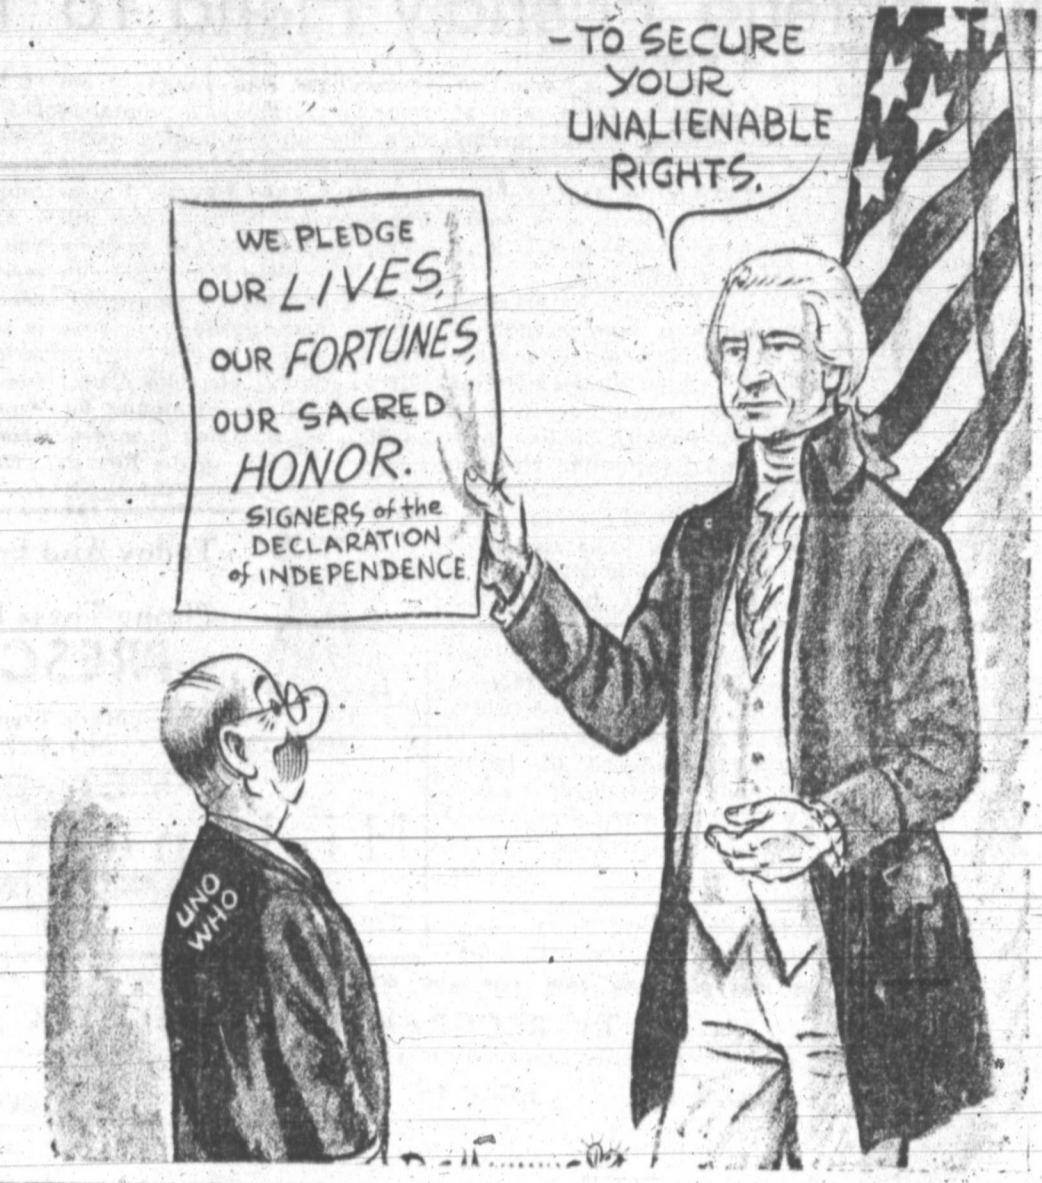

Thirteen years ago, however, the Korean War was grinding to a close. Months of frustrating negotiations were to result in a few weeks in an armistice which, if it did not solve the military stalemate, at least brought the fighting to an end.

Today in Viet Nam, there is no prospect of armistice nor any negotiations in progress that hold out even the hope of armistice. No one—presidents, premiers, secretaries and generals not excepted—knows when such negotiations will begin, as they must, or when peace will finally come to Viet Nam, as it must.

Nevertheless, there are a few faint signs and indications of something like peace on the horizon. It depends upon which direction men look, and which direction they turn their energies.

The Soviets, for instance, though they do not share our desires for a free and democratic Viet Nam, appear to be sincerely interested in a cessation of hostilities. For Viet Nam is a fuse and a fuse leads to the powder keg of World War III.

This Is The Collateral We Put Up—

Backstage Washington

Humphrey, in Inner White House Councils, Often Is Peacemaker Rather Than 'Hawk'

WASHINGTON—It will be news to Vice President Humphrey's scornful liberal critics, but he is far from a "hawk" in inner White House councils.

While publicly supporting President Johnson's embattled foreign policies unswervingly, Humphrey in backstage administration deliberations almost invariably is the foremost exponent of restraint and moderation.

On occasion, the Minnesotan's firmly-voiced "dovish" counsel is followed.

A graphic instance occurred at a recent White House discussion of Senator Frank Church's report on his trip to Europe for a first-hand study of the explosive NATO controversy.

The Doctor Says:

By DR. WAYNE BRANDSTADT
Early Immunization Vital
To Assure Polio Protection
Although poliomyelitis vaccine can be given at any time of the year, it is rarely given in the summer and autumn (the polio season) because if the child should fail to develop his immunity in time and come down with the disease, someone is sure to blame the vaccine.

It is especially important to see that all children between the ages of 2 months and 6 years get this protection. The oral combined vaccine against all three of the prevalent poliomyelitis strains has been proved to be safe. It will give the child immunity within a week after it is taken.

Q—Is a hot cereal really better for a child than a cold cereal?
A—One 10-year-old boy has had alopecia areata since September. The only comment our doctor made was that the hardest thing for mom and dad was not to worry about it. Isn't there anything we can do for this condition?

It's Up To You

By HOWARD KERSHNER
HONOR ESSAY
Clarence N. Shoemaker, Jr., a local elementary school principal in Pampa, Idaho, is a freedom fighter par excellence. His activities brought him and the Pampa Public Schools high honor from the Freedom Foundation at Valley Forge a few weeks ago, in the form of the George Washington Honor Medal Award.

Mr. Shoemaker wrote the following essay on "Faith of Our Fathers," which won for him personally the George Washington Honor Medal Award. America would be saved if everybody who believed in these sentiments would work as hard for them as Clarence Newell Shoemaker, Jr. Here is Mr. Shoemaker's essay, in slightly abbreviated form:

America was built on the first words of the Mayflower Compact. "In the Name of God, Amen."

In the year 1776, on July 4, our forefathers expressed their hopes and purposes in the Declaration of Independence. This is the most important statement of a national purpose ever made.

matter of fact

Lamb, the flesh and carcass of a young sheep, is eaten all over the world, since there is no objection to its use on religious grounds. But the United Kingdom is the only country in the northern hemisphere consuming any large quantity of lamb and mutton, the flesh of more mature sheep. An average of 22 pounds per capita is consumed annually in the United Kingdom, as compared with four pounds in the United States.

THE GUEST PEN: Civilization Is Threatened

By MILDRED PROGAR
All around us we hear of the terrible things about to befall the human race. We have wars and threats of more wars. We have lack in the midst of the greatest scientific era of mankind. Some people over the world are starving to death and others are living in doubt and fear. In short, civilization is threatened. . . a civilization that is at the same time bursting with its own magnificent potential.

HOW TO ADDRESS OUR LAW MAKERS

You may wish to write your senators and representatives in Washington and Austin. Here are their addresses:

(FEDERAL)
Rep. Walter Rogers, House Office Bldg., Washington 25, D. C.
Sen. Ralph Yarborough, Senate Bldg., Washington 25, D. C.
Sen. John Tower, Senate Office Bldg., Washington 25, D. C., Texas.

(STATE)
Rep. Grainger McWhany, Wheeler Sen. Grady Hazelwood, Amarillo, Texas.

The Almanac

Today is Sunday, July 3, the 184th day of 1966 with 181 to follow.

The moon is between its full phase and last quarter. The morning stars are Venus and Saturn.

The evening star is Mercury, American author and drama critic John Mason Brown was born on this day in 1900.

On this day in history: In 1892, after two days of demonstrations workers at the Carnegie Steel Co. in Homestead, Pa., went on strike. The strike ended November 20, 1892, after seven guards and 11 strikers and spectators had been fatally shot.
