

Bond Election For City Hall To Be Asked

HOME TOWN TALK

By BEDDY

When neighbors get together and study an important community problem as a large number of Big Spring people did last night you've got good reason to look hopefully into the future and predict that this town will become stronger and stronger, even larger, and, best of all, more prosperous.

Last night's meeting was our idea of approaching a public problem. This business of getting everything all cocked and primed, then "breaking it out of a clear sky" without placing all details connected with the project before the citizenship without any delibations or coloring is no good.

It's the people's business; let them attend to it. Last night Shine Phillips, chairman of the board of city development, pointed out that it is that board's duty to receive suggestions from citizens and make recommendations to the board of city commissioners. In the city hall auditorium-fire station matter the board of city development had gone thoroughly into details and satisfied itself that the city only needed the building, but could afford to build it.

The city has a 99-year lease on the present city hall structure, which is on county property. If a new city hall were built why could the present city hall not be used for a public library and other things, such as Salvation Army headquarters?

We understand the City Federation is contemplating abandonment of its clubhouse, which contains its library. The federation is due no limit of praise for courageous efforts of many kinds for betterment of the community. But the city should not be left without any sort of library.

That is, to our way of thinking, a necessity the same as other facilities: fire protection, better streets, etc.

In designing a city auditorium care must be taken not to build too large or too small. Once built, you must use it for a long time. If you skip too much you may be sorry some day. However, more than one city has a large auditorium that is never filled.

Mr. Lamar and Mr. Clay Read expressed themselves last night at the mass meeting as favoring an auditorium of larger seating capacity than 1,200. We are sure the city commission will be glad to receive additional suggestions along this line if the local issue to provide funds for erection of the building is approved.

And it looks like that bond issue is going to be approved without delay and by a heavy majority.

Offices Surround Tourist Park Cabin Occupied by Suspects

TAHLEQUAH, Okla., May 6 (AP)—Three sheriffs and fifteen deputies surrounded a tourist park cabin near here today and after a gunfight arrested four suspects in the Leslie, Ark., bank robbery.

The suspects were heavily armed. Two of the suspects recently escaped from the Oklahoma penitentiary.

Senate Votes Not To Print Bond Refunding Measure From House

AUSTIN, May 6 (AP)—The senate today voted 16 to 10 against printing the highway bond refunding bill on a minority report.

The motion to print was made by Senator Small of Wellington. Consideration started yesterday.

Both Sides Ready For Port Arthur Death Trial

HOUSTON, May 6 (AP)—Both sides rested here today in the trial of Luther Berwick on charges of killing William Byrd, Port Arthur, at the same time Berwick's sweethearts, Miss Belle Crowe was slain.

District Meet Of WCTU In Session Here

State President Appears on Program; Dr. Hunt Speaks Tonight

First annual convention of the Sixteenth district of the Texas Women's Christian Temperance Union was held today at the Presbyterian Church, with the district president, Mrs. Thomas D. Murphy, as presiding officer. The theme of the convention was "Observance and Enforcement, Not Repeal."

Mrs. Claude de Van Watts, Austin, state president of the organization, was present and made several talks during the sessions. Among her remarks, she said that a woman was an abnormal mother and that the two strongest organizations of women in Texas today, the Texas Federation of Women's Clubs and the Parent-Teacher Association, received their training in the old W.C.T.U. and deserved to be called its daughters.

In response to a question concerning the indifference of West Texas to the organization, she replied that West Texas had always had a strong dry vote and for that reason it had not been so well worked, until recently.

Mrs. Watts said that this was her second trip to West Texas. Her first trip was during the war when she sold Liberty Bonds in Post.

The unsettled condition of the weather made the turnout of delegates to the convention smaller than was expected. Pecos, which is 20 years old and oldest organization in the district, sent no delegates. Balmorhea, the youngest union, sent Mrs. Geo. Berkstetter, Mrs. Nell B. Westerman and Mrs. N. C. Hulster.

Devotional The meeting was opened with a devotional by the Rev. John Thorns, of Coahoma. Mrs. L. B. Patterson, president of the hostess union, gave the address of welcome assisted by Mrs. W. E. Settle, treasurer of the district. Mrs. J. M. White, of Midland, made the response.

One of the most interesting features of the day's program consisted of reminiscences of Frances E. Willard, founder of the W.C.T.U. by two people in the district who had seen and heard Miss Willard talk. They were Mrs. Homer Markham of Big Spring and T. S. Nettleton, of Midland. Both made memorable talks.

Mrs. W. O. Smith, of Dallas, one of the state directors, who is in charge of facts and exhibits, gave a talk on "My Crusader Mother" which was greatly enjoyed. Mrs. George W. Davis, of Big Spring, director of publicity for the district, spoke on "Christian Citizenship."

The closing hour of the morning session was devoted to reports from the district officers and delegates of local unions. Mrs. Thomas D. Murphy, president, of Midland; Mrs. A. M. Gant, of Midland; corresponding secretary; Mrs. W. R. Settle, treasurer; and Mrs. George W. Davis, director of publicity, gave district reports; told of the need of the union for money.

Next week's program will be in charge of E. A. Eubanks.

A letter from W. C. Blankenship, superintendent of schools, thanking the club for assisting in observance of Boy's Week was read.

A communication from J. V. Bush, county agent, asking the club members to assist in obtaining for Federated Club boys record prices for their calves, to be auctioned Friday at the Government experiment farm, also was read. Club members were urged to participate in the purchasing of the animals.

Oil Well Fire Ignites Forest Shot Dislodges Kelly Joint About Ready For 'Big Shot'

GLADEWATER, May 6 (AP)—A forest fire ignited by the blazing Sinclair Number One "Coke" oil well near here yesterday was extinguished today.

Oil well fire fighters also gave the blazing gusher a seventy quart shot of nitro glycerine in an unsuccessful effort to blow out the flames.

The shot dislodged a broken Kelly joint in the well which had hindered operations. Workmen were preparing another shot for late today to again try to kill the fire.

Appellate Court Grants Man Bail

AUSTIN, May 6 (AP)—The court of criminal appeals today granted \$5,000 bail to James R. Adair, charged with killing Fritz Blank Kendall County. The trial court denied bail to Adair.

MODEST MAIDENS

"I hear Jack broke your engagement when he called last night." "Yeah, I was wearing the wrong ring."

Civic Matters Divorce Cases Lunch Topics Before Court

Condition of Cemetery Again Brought Before Club

In the absence of a regular program, an open discussion of civic matters was held today at the regular meeting of the Business Men's Luncheon club.

It was announced at the meeting that the monthly dues had been reduced from \$3.00 a month to \$2.50 a month, and that meals had been reduced from seventy-five cents to sixty cents.

Most of today's session was consumed in discussions of the proposed new city hall and auditorium. The discussion was led by W. T. Strangle, Jr., architect and City Manager V. R. Smithham.

The condition of the Mt. Olive cemetery again was brought before the club. A committee representing the club will visit the board of city development within the next few weeks in an effort to obtain aid from the city in cleaning the various plots and improving it generally.

It was announced at the meeting by C. T. Watson that the Interstate Commerce Commission examiner who held the initial hearing at Docket on the proposed Texas & Pacific Northern railway, would not make a report to the body. The report, instead, will be made by another commission representative after evidence has been placed before him, Mr. Watson declared.

Mail Pilots Found Dead

Pacific Air Transport Ship Crashes on Mountain Side

BURBANK, Calif., May 6 (AP)—Art Starbuck and Charles R. Parmater, pilots of the Pacific Air Transport mail plane, were found dead in the plane's wreckage on a mountainside near here today.

Flying northbound airmail from San Diego, they crashed in a heavy fog.

Company officials said they were communicating by radio with the ship until a few minutes before the crash, the pilots telling of the fog but not reporting inability to find a landing place.

John Whitmire Home Is Burned

Fire at 11 a. m. today destroyed the frame residence of Mr. and Mrs. John L. Whitmire, 1106 Johnson street.

The house, valued at \$3,300 was almost totally destroyed. The amount of insurance carried on the residence had not been ascertained this afternoon by Fire Marshal Jesse Heffernan.

Contents of the house, valued at \$1,300, with \$200 insurance, were damaged. Some furnishings, however, were removed before the fire gained headway.

Federal Pro Officers Join In Raids Here

Sheriff Department Aided By U. S. In Making Six Arrests

Federal officers and members of the Sheriff's department dealt a severe blow to Big Spring liquor operations Tuesday when they made six arrests. The sheriff's department, assisted by the federal operatives, swept down on tourist camps and hotels.

S. L. Everhart, operator of the Big Spring Tourist Camp, was turned over to county officers and was being held this morning pending making of \$1,000 bond set by Justice of the Peace Cecil C. Collins. He waived examining trial. He is charged with sale of intoxicating liquor. It is alleged he sold a half-gallon of alleged whisky to a federal officer.

L. W. "Shorty" Bynum, who lives on the west Bankhead highway, was arrested under \$1,000 bond. He is also charged with sale of intoxicating liquor. He waived examining trial when brought before Justice Collins.

The two men were the only ones retained by the county, following the raid.

W. E. Grace, East Third street; Jim Gantier, Hillcrest tourist camp; and Maurice Allen, of the Dew Drop Inn, were arrested by federal authorities. They will appear in federal court at Abilene.

R. T. Harris, negro porter at a local hotel, also was arrested on a charge of sale of intoxicating liquor. He was retained by federal authorities.

European Industrial Conditions Differ From U. S., Says Speaker

WASHINGTON, May 6 (AP)—Aloys Meyer, Luxembourg, president European Steel Cartel, discussed the relation of wages to economic balance at today's meeting of the International Chamber of Commerce.

He said European conditions differed from those here and that introduction of the American system of high nominal wages would be dangerous.

Sister of Cal Boykin Buried In Sweetwater

Calvin Boykin, manager of the Crawford Hotel, returned Tuesday evening from Sweetwater, where he attended funeral services of his sister, Mrs. Frank L. Roane.

Typographical Union Elects New Officers

N. J. Miller, Jr., was chosen president of Big Spring Typographical Union, No. 757, at the regular meeting at the Crawford hotel Tuesday evening.

Other officers named for the ensuing year included W. E. Yazbro, secretary-treasurer; L. J. DeLong, first vice-president; J. G. Glenn, recording secretary; J. G. Glenn, sergeant-at-arms.

Five Are Found Dead; Man Believed Slayer

BLUE MOUNTAIN, Miss., May 6 (AP)—A. W. Carter, farmer, his wife, Nora, their two children, Martha, 9, and Mary 8, and a woman roomer at the Carter's, Miss Anne Jeffries, 65, were found slain in the Carter home here today.

Authorities said Carter's body was found some distance from the others, expressing the belief Carter killed the others with a hammer, then shot himself dead with a shotgun.

The heads of all of the victims save that of Carter were crushed.

Legislature Will Not Adjourn Before May 22

AUSTIN, May 6 (AP)—The forty-second legislature will not go home before May 22, under a resolution of the house of representatives adopted 83 to 57 today.

The resolution originally provided for adjournment May 12, the date set by a constitutional amendment recently adopted by the people, but was amended to allow ten extra working days for completing certain legislation.

Ready To Challenge Atlantic

Ruth Nichols scored the drawing room for the thrills of flying, and now, with a number of women's aviation records to her credit, is planning a flight across the Atlantic.

BY W. W. DUSON

NEW YORK (AP)—Whirling propellers beckoned, Ruth Nichols from the drawing room to a career in the skies—and she's glad of it.

Already she has left a trail of broken records behind by "the new ones" opposite her name in aviation's daybook.

Now she's casting her eyes hopefully toward Europe as plans for her trans-Atlantic hop advance.

To this Ruth, N. Y., social register, and Junior League, flying was a new and appealing sport.

She took to it as she had to tennis, polo and pulling an oar on the crew at Wellesley, from which she was graduated in 1924. She remembers her there as college equestrian champion.

Her first plane ride back in 1919—she was only 18 then—cast the die of her career.

During her student days at Dobbs Ferry, N. Y., she visited Atlantic City and there paid Eddie Stinson \$10 for an air trip.

Stinson threw in a few loops for good measure; just to give her her money's worth. Thereafter she was air-minded.

Studying aviation under Captain Harry Rogers in Miami, she made her first solo flight in a hydro-aeroplane in 1923.

In 1927 the United States Department of Commerce gave her

one of the first two transport licenses issued to women, and the first mechanic's license to go to one of her sex.

When she made a non-stop trip from New York to Miami three years ago, she declared that women have a place in the air.

Furthering this conviction, she flew 12,000 miles over the United States the next year promoting the establishment of aviation country clubs. She visited 98 cities in 46 states on this tour, and had not a single forced landing.

Within the past six months, she has established new women's records for the New York-Los Angeles and return trips, and passed the altitude and speed records previously set by her sister, flying.

Large Crowd Of Citizens Favor Action

Project Thoroughly Discussed In Tuesday Mass Meeting

Following thorough discussion of the proposition a crowd of citizens which completely filled the district courtroom Tuesday evening voted unanimously to begin circulation of petitions asking the board of city commissioners to call an election for the purpose of voting on a proposed bond issue of \$200,000 with which to erect a city hall, fire station and auditorium building.

The action followed talk by a number of citizens including Rev. S. B. Hughes, L. S. McDowell, Dr. E. O. Edington, J. A. Yarbrough, Shine Phillips, B. Reagan, City Manager V. R. Smithham, Sam Lamar, E. J. Mary, Ray Wilcox, J. E. Kuykendall and others.

Mr. Phillips said the board of city development of which he is chairman had been confronted with the problem of relieving unemployment in the city. Paving, more streets was considered, but abandoned because property owners were not in a position at this time, to pay their portion of paving costs.

Auditorium "It was suggested to us that if there was a city that needed a place for its people to get together, this was it. We then began considering a city auditorium, a city hall and central fire station. We called in Mr. Smithham and Mayor Pickle, obtained figures on financial condition of the city and found that \$200,000 in bonds could be issued without increasing the tax rate or valuations. Therefore, we are recommending that such a bond issue be voted upon, with the condition, that only local labor be used at minimum wages of 40 cents per hour for unskilled labor and \$1 per hour for skilled labor, and that local materials be used insofar as possible."

"The board of city development has no iron in the fire except to relieve unemployment," he added. "We are bringing this matter before the people giving them the facts we have obtained."

Strange Heard W. T. Strangle, Jr., local architect, outlined the type of building that could be constructed at a cost of not more than \$200,000, displaying a rough sketch of exterior and interior measurements, plan and design. He said he had prepared the sketches of his own volition without obligation upon any one.

"I don't think we should build this structure unless there is a demand for it and that rests with the people," said Mr. Strangle.

The architect declared that "building material costs are now lower than at any time since the world war and that savings could be made because of this condition. Indications are, however, he added, that costs of some material soon will be on the upgrade, due to demand created by the government \$100,000,000 building program and larger eastern projects such as the Empire state building and John D. Rockefeller, Jr.'s radio village, which will call for 125,000 tons of steel."

Mr. Smithham, City Manager Smithham, with a detailed financial statement of the city before him gave figures showing how financial affairs are in such shape that the bond issue could be issued without raising the tax rate or valuations.

He also pointed out savings that would be effected in the insurance key rate and in other ways through construction of the proposed building.

Detailed statement of figures submitted by Mr. Smithham on request of the board of city development will be found elsewhere on this page.

Rev. S. B. Hughes expressed desire that an auditorium of larger capacity than 1,200 be included. He declared the bringing of large conventions to the city means business for the merchants.

Mr. Smithham said he had been advised that the San Angelo auditorium, which will seat 1,800 had been filled but twice and that many citizens there felt a smaller auditorium would have sufficed.

Why Compare? "We'll be bigger and better than San Angelo," Sam Lamar interjected.

C. T. Watson asked whether new property not now on the tax rolls would aid in making a bond issue possible without raising the tax rate. Mr. Smithham answered that five pieces of new property would reach total tax value of \$67,000 but

(CONTINUED ON PAGE 4)

SAVINGS FROM TAX PHASE, WHY PROPOSED CITY PROJECT GIVEN ANSWER

Savings that would be brought to citizens through construction of the proposed city hall, fire station and auditorium would total \$6,780 the first year, City Manager Smithham declared Tuesday night.

He based his statement on the following:

1. By having a place in the fire station to keep the 750-gallon pump in a small iron building because of lack of room in the station, total of \$1,000 saving to fire insurance policy holders within the city through 1-cent reduction in the key rate.

2. Removal of a 2-cent key rate penalty, resulting in net saving of \$2,000 a year to policy holders, which they now suffer because there is no hook and ladder truck in the city's fire fighting equipment because there is no place to put it.

3. Removal of a penalty on insurance rates totaling \$1,000 a year to policy holders because of lack of

Dinner Dance, Style Show Attract Record Number

Before the biggest crowd that has been attracted to one of the Sallie A. chorus of high school girls appeared Davenport Exclusive Shop last evening displayed fashions in women's ready-to-wear that brought gasps of admiration from the large number of women diners.

Ten beautiful young women modeled creations of every type brought from the most noted designers for the event. The Exclusive Shop was kept busy this morning meeting callers who wished to make further inspections of the many costumes shown last night.

The function of last evening was made more enjoyable by the usual effective work of Ted Leonard, director of hotel social affairs, who has shown marked ability as a designer of settings and producer of every type of social event.

The Weather

West Texas: Cloudy, probable showers in south portion tonight and Thursday. Warmer in north portion Thursday.

East Texas: Partly cloudy tonight and Thursday. Probable showers in Rio Grande valley and west.

Mother's Day May 10th

Mother will appreciate one of our practical gifts. Hosiery gloves, costume jewelry, Dresses, Shoes, Lingerie, Hats, Bags and materials for home sewing. Only a few of our suggestions.

J. & W. FISHER The Store That Quality Built 307 Main

McCamey Going After Industries

MCCAMEY, May 6 (AP)—McCamey, recently elected county seat of Upton county, is planning a development program. Property owners in McCamey heretofore have been slow to make improvements on account of a prevailing theory that really in a town founded merely on oil declined when the oil is gone.

been launched to build highways, to encourage industries to locate here and to revive irrigation and agriculture. A measure of success having come in all endeavors, the town is now being built on that basis. It now has school buildings that cost more than a half million dollars.

Highway improvements in the McCamey territory include more mileage to be paved than any other area of similar size in the state. Upton, Crane, Crockett, Pecos and Reagan, all within the McCamey territory, have voted bond issues for highway development and, within the next few months, will be well under way.

A brick plant will be built here within the next few weeks and is expected to be in operation in time to make the brick and other building material for construction of the new Upton county courthouse here.

Some advice in the immediate vicinity of McCamey is being placed under cultivation and additional areas are expected to be introduced to the plow. At present, the nearest farms of any size are nearly 100 miles east in Irion county, forty-five miles north in Crane county and ten miles south in Pecos and Crockett.

2,000 Species Of Cactus Plants In Del Rio Gardens

DEL RIO, Texas, May 6 (AP)—Finding pleasure and expecting to encounter profit from the adventure, H. C. Crawford has become the cactus king of Del Rio and soon expects to become the cactus king of the entire southwest.

Crawford has 2,000 cactus plants in all their weird shapes and adornment on his place, and expects to

have around 20,000 plants on display within a very short time. He hopes to leave Del Rio Thursday or Friday for El Paso to bring back 4,000 plants to be added to his rapidly growing cactus beds.

"They are a beautiful formation although people are just beginning to realize it," Crawford said. "For ages they have been the ruling color of the desert. Their flaming colors, violent reds, sharp violets, soft pinks, tender yellows, tiny whites and mellow pinks, are as pretty as one could hope to see. And when one has a variety of cactus in one's garden, colors of rainbow are present during the season in which they bloom. Some cactus blooms at night and close up at dawn, others open at dawn and close when the sun hits them; other bloom through the day and still others open and bloom only

during twilight, then close so soon as the moon arises." Crawford has species of cactus from south Mexico, Argentina, the West Indies, Arizona, Cuba, New Mexico, all over Texas and has one type of cactus out of Mexico he has been unable to identify. "Nor has anyone else classified it," he said.

Although many cactus plants he has in his gardens "look the same" at first glance, a closer scrutiny shows the difference between the weaves of the thorn and the shade of varying colors or tints which sets them apart.

As he builds up his garden, Crawford is experimenting with grafting. He has started the thin, round pencil cactus growing out of the prickly pear pad leaf and has other grafts under way which are, he asserts, showing splendid indications of developing a brand new series of cactus species.

There are over 200 different varieties of cactus and Crawford hopes to have them all represented in his garden.

At present he has hundreds of Texas silver tips, many of which are in rich bloom. He has one cactus weighing over 150 pounds. It was crated and hauled in from the Alpine country. He has another cactus weighing over 100 pounds and in one rock he has around 15 different species of cactus growing.

The French steamship Espagna recently carried 120 aliens being deported from the United States when it left Galveston, Texas.

Oklahomans obtain \$1,000,000,000 yearly in new wealth from the state's natural resources, the state geological survey estimates.

W. L. Moody, 3rd, Spending Million On New North Llano River Home

JUNCTION, Texas, May 6 (AP)—W. L. Moody, III, of Galveston, has built a mansion at the Johnson Park of the North Llano river, 25 miles southeast of here, and is spending nearly a million dollars in bringing the comforts of the city to the wide open range.

The home is on the 7,500-acre ranch, part in Kimble and part in Kerr county, but all the improvements except the hard-surfaced roads leading from the home to the gate six miles away, are in Kimble county. The home has seventeen rooms with bath and there is a system of air cooling.

The house, perched on a 130-foot cliff, is entered by automobiles on half

one side while on the other steps are to be cut to the divide with rocks weighing up to 300 pounds being used in the construction. The building is almost triangular in shape, a cactus on the Llano with the soft Spanish influence shown by the two patios. In the work of construction as many as 150 men were at work at one time this year. It is expected to be finished sometime in July or August.

The air is clean here, and from the home, guests look down on a plain and artificial lake upon which pleasure craft ride. Nearby deer are waiting the time they will bring forth in June the crop of cliff, is entered by automobiles on half

steel carpenter's sound against the hillside, wild turkey are hatching their young and game fish are spawning in the lake. It is far from the noise of drilling oil wells and cotton compressors but the distance is reduced by Moody who uses an airplane and has his own landing field. Moody lives in Galveston and New York. He owns interests in cotton concerns and oil fields. Though lightfoot is run on the place now, it is expected that they will be moved off in large part soon with just enough left to furnish color.

Bleeding Gum Healed

The slight sore gums is a sickening. Reliable dentists often report the successful use of Lelo's Pyorrhea Remedy on their very worst cases. If you will get a bottle and use as directed, drainage will return money if it fails. At the postoffice at Longview, Texas, Cunningham & Phillips, adv.

Just lift the FLAP to open THE HUMIDOR PACK

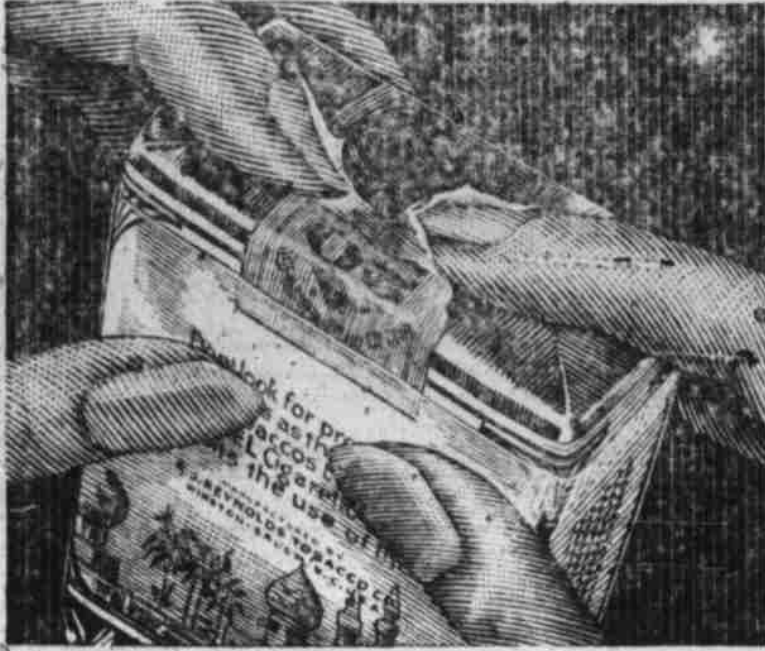

1 Do not tear Cellophane. Look for the convenient flap at the top and back of package

2 Simply lift this flap and you will break the specially devised seal

3 Hold package as shown and with your thumb push it part way out of Humidor Pack

4 To avoid tearing tin foil, slip first finger of each hand under Revenue stamp and break it

5 Help yourself to a fresh cigarette, then slide package back into its Humidor Pack

6 Close package. It guards Camels from dust and germs and provides sanitary protection

THE moment you open the new Camel Humidor Pack you begin to note the advantages of this new, scientific and sanitary method of wrapping Camel cigarettes. At once you are greeted with the delightful aroma that comes from choicest Turkish and mellowest Domestic tobaccos in prime condition. Your sense of touch also detects the freshness of Camels, for unlike moisture-robbed cigarettes Camels are pliable to the fingers. But the real difference comes when you light

a Camel and inhale its cool, fragrant smoke. Cigarettes brought to you so perfectly conditioned deserve to be kept that way in your pocket. The simplest way to insure this is to open the Camel Humidor Pack as shown above. That will keep intact the mildness and freshness that is making the whole country say: "Now I'd walk two miles for a Camel because they're twice as good." If you haven't tried Camels in the new Humidor Pack, switch over for just one day. Then go back tomorrow, if you can.

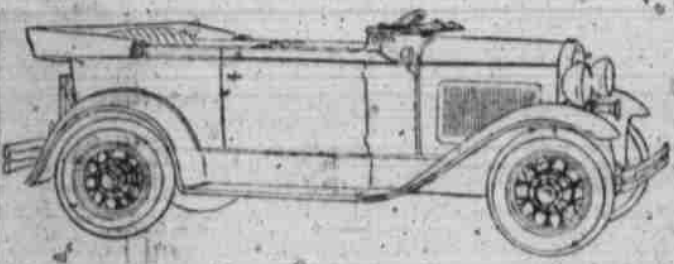

CAMELS Sntoke a FRESH Cigarette!

THE GOOD HOSTESS PROVIDES CAMELS It is the mark of a considerate hostess, by means of the Humidor Pack, to "Serve a fresh cigarette." Buy Camels by the carton—this cigarette will remain fresh in your home and

FORD BRAKES ARE UNUSUALLY EFFECTIVE

Reliability and safety due to simple design and careful construction

ONE OF the first things you will notice when you drive the Ford is the quick, effective action of its four-wheel brakes. They are unusually safe and reliable because they are mechanical, internal expanding, with all braking surfaces fully enclosed. This prevents mud, water, sand, etc., from getting between the band and drum and interfering with brake action. Other outstanding features of the Ford are the Triplex shatter-proof glass windshield, four Houdaille double-acting hydraulic shock absorbers, aluminum pistons, torque-tube drive, more than twenty ball and roller bearings, Rustless Steel, reliability, economy, and long life. You save when you buy the Ford and you save every mile you drive.

THE FORD OF LUXE PRAETON

THIRTEEN BODY TYPES \$430 to \$630

(F. o. b. Detroit, plus freight and delivery. Bumpers and spare tire extra at low cost. You can purchase a Ford on economical terms through the Authorized Ford Finance Plans of the Universal Credit Company.)

HOW'S your HEALTH?

Established in New York
By: **Large Goldstein** Academy of Medicine

BEST IN TUBERCULOSIS

It is easy to test a tuberculin arm. It is hard to test the body as a whole, and without some form of surgical help it is almost impossible to test the lungs. The only way to test the lungs is by the use of a tuberculin arm. It is a certain amount of living test, in a form of a tuberculin arm, which is injected into the body. It is a certain amount of living test, in a form of a tuberculin arm, which is injected into the body. It is a certain amount of living test, in a form of a tuberculin arm, which is injected into the body.

WE DELIVER

Federation Extends Vote Of Thanks

Program Devoted To Business With Solo by Mrs. Flewellen

The City Federation met Tuesday afternoon in its regular meeting.

Mrs. J. B. Young, treasurer reported that the cost of entertaining the sixth district convention amounted to \$285, exclusive of the two luncheons for which the guests paid their own way and that the sum had been raised.

The City Federation voted thanks to all the women who assisted financially and otherwise in making the convention such a success.

Mrs. Joyce Fisher, president read several letters she had received from district visitors, complimenting the town and the club women.

Mrs. Barnes also announced that a story hour would commence in connection with the library sometime next week, the date to be announced.

The members voted to permit the high school museum to loan the room across from the library for display of its objects of interest.

A letter was read, asking the federation to sponsor the building of an open-air amphitheater in the City Park for outdoor performances.

Mrs. Victor Flewellen, accompanied by Mrs. D. L. Thomas, sang "Have You Ever Been to Texas in the Spring", the national song of the Texas Home Garden Club written by a Texas woman.

The following women were present: Misses Bob Kubanks, E. O. Ellington, A. E. Pistoie, R. T. Peter, Mrs. Fisher, Seth Parsons, J. B. Young, John Novotny, D. Thomas, V. H. Flewellen and Miss Virginia Barnes.

PARIS LIPS—Dresses which come to pieces are a style contributing to practically all economy this spring, as members of street frocks are designed with knee-length perimeters which may be detached and worn as capes when the weather declines.

Many models have sleeves which come apart at the elbow, permitting modiste to walk abroad with long or elbow-length sleeves as the occasion demands.

At all to go into the matter with the idea that it would not increase taxes. We ought to feel like there might be probability of such an increase," said Mr. Reagan.

Mr. Smithman, pointing out some of the figures, he had quoted before Mr. Reagan came into the hall, said that "proof" as the present status of the city's finances is concerned, there will be no tax increase.

Mr. Smithman also pointed out that the city now is spending \$50 a week for what he termed "charity labor," giving 75 men \$2 for work that the city could do without, but is having done to provide the men with money to feed their families in preference to extending straight charity to them.

He said this should be taken into consideration, mentioning the amount that would be spent in this manner the five months period that would be needed to erect the proposed building.

In answer to a question as to what the city manager termed a "charity laborer," Mr. Smithman said the city's policy had been first to employ men holding poll tax receipts issued here; then to take names of other men registered at the city hall; and lastly, employment on city projects are required to register and make separate investments before employing them.

He said the present plan was to employ men because such construction work as the proposed city hall had been announced.

When Mr. Pistoie called for a vote on whether those present favored permitting the city commissioner to call a public election to be held on May 15, 1931, in favor of such a three-sided view of voting for the banquet program.

Tuesday Luncheon Club High Score Is Won by Mrs. Hodges

The Tuesday Luncheon Club met yesterday at the Settles hotel for its regular meeting with Mrs. Blinn Phillips as hostess.

Mrs. M. K. House substituted for Mrs. R. V. Middleton. Mrs. John Hodges made high score for the afternoon.

The following members were present: Misses J. Y. Ebb, M. H. Bennett, John Hodges, W. W. Inkman, Fred Keating, Harry Hurt.

Entertains for Guest Who Is Leaving For Vacation In North

Mr. and Mrs. Lee Sanders entertained Saturday evening with a party honoring Mrs. C. C. Messman who is leaving tonight for Chicago.

The house was beautifully decorated with wild flowers and cut flowers.

Mrs. J. E. Fort made high score for the women and received a silver trophy. Mr. Messman made high score for the men and won a cigar.

The club members were Mrs. Messman, Mrs. C. C. Messman, Mr. and Mrs. J. E. Fort and Mr. and Mrs. George Webb, of Odessa.

Methodist Societies Meet for Joint Study Of Book About Peace

The W.M.S. of the First Methodist church and the Ladies Aid Society met in a joint session at the church Monday afternoon to continue their studies in the book, "Toward Peace."

Mrs. F. Stripling led the devotional service. Mrs. High Duquain had charge of the lesson, "What Delays the Abandonment of War?"

The speakers were Mrs. J. B. Pickle, H. G. Keaton, W. H. Remel, V. H. Flewellen, Joe Faucett, Russell and W. G. Bailey.

At the close of the lesson the societies had separate business meetings.

Those present in addition to the women on the program were: Misses L. A. Talley, M. A. Cook, J. R. Hodges, E. W. Potter, I. H. Hamlett, R. Wentz, A. Schmitter, V. W. Latson, C. T. Watson, C. M. Watson, C. E. Tabot, T. G. Slagter, T. L. Williamson, J. M. Manuel, W. A. Miller, G. E. Freeman, W. D. McDonald, R. E. Morris, A. C. Yeager, Bob Eubanks, L. W. Croft, G. A. Hartman, Rudder, G. A. Luke.

The women will meet together again on Thursday afternoon for another lesson.

Wild Flowers Are Decorations For 31 Bridge Club

Mrs. Frank Moss delightfully entertained at bridge at her home on Nolan St. Tuesday afternoon.

The house was decorated with bouquets of gorgeous blue bell flowers.

A typical Chinese lunch was served. When the final tabulation of the scores was announced, it was found that Mrs. C. A. Eason had secured high score trophy and Mrs. Shaw, second.

Mrs. Shaw entertains the club next evening with a bridge party. The members present were: Misses C. A. Eason, J. W. Hargraves, R. R. McDonald, Opal George, W. A. Shaw, I. A. Hambrick, guests were: Mrs. Mattie Eggers and Mrs. Y. E. Gentry.

Boy Scout Troop To Honor Parents With A Banquet

The Boy Scouts of Troop 1 will give a banquet Friday night at the East Fourth Baptist Church at 8 o'clock.

The banquet will be in honor of the parents of the boys. The decorations will be red, white and blue. The menu will give a three-sided view of scouting for the banquet program.

Roses Carry Out Hostess' Color Scheme

Mrs. Emory Duff Gives Lovely Spring Party for Club and Guests

One of the prettiest spring parties of this season was that given by Mrs. Emory Duff Tuesday afternoon at her home for the Progressive Bridge Club and its guests.

The Duff home was unusually beautiful with spring flowers and an abundance of roses, the first of the season, which were brought to the hostess by a El. Worth friend.

A color scheme of yellow and green was cleverly carried out and made an especially lovely and attractive luncheon, which was served in two courses at the close of the games.

Mrs. D. M. McKeown was taken in as a new member. The guests were: Misses Charles Boyce, of Arivaca, A. B. W. Henry, R. H. Jones, M. S. McCreary, Harold Parks, Tom Slagter, Wm. C. Cudmore, H. S. Fawcett, James T. Brooks, R. E. Lee.

The club members were: Mrs. Raymond Wigg, S. L. Baker, A. E. Underwood, Y. C. Knight, T. J. Higgins, D. E. Crouser, W. M. Paul, D. C. Hamilton, E. L. Daner.

Mrs. Higgins made club high score and Mrs. Jones, visitor, high. Mrs. R. H. Jones made the first grand slam.

Cut prizes of potted begonias were given to the guests who cut high at each of the five tables. These were: Mrs. Wynn Baker, Underwood, Knight and Boyce.

Mrs. Hamilton will be the next hostess.

Oil Man Surprised With Birthday Party By Ten Friends

Friends of Mr. and Mrs. Mitchell Groves who live in Continental Camp No. 2, surprised them with a party Monday evening to celebrate Mr. Groves' birthday. The evening was spent in playing bridge.

R. L. Carpenter made high for the men and Mrs. Garrett for the women. Mrs. Carpenter brought with her ice cream and cake for the guests and she and the hostess served it to the following: Mr. and Mrs. J. A. Garrett, Mrs. J. H. Kewenick, Mrs. L. A. Talley, Mrs. Johnson, Miss Emily Bradley, Harry Miller and Walter Bradley.

CHILD STUDY CLUB TO MEET

The Child Study Club will meet Friday afternoon at 3 o'clock in the club rooms of the Settles Hotel on the 15th floor. All members are asked to be present.

Commerce Department And Fokker Officials Continue Conference

WASHINGTON, May 6 (AP)—Department of commerce and Fokker officials today continued efforts to work out maintenance problems for 35 gigantic Fokker transport airplanes which might result in the government lifting a recent ban against them carrying passengers.

(CONTINUED FROM PAGE 1)

Flowered organdies created much attention among the afternoon dresses. Mrs. Jack Kilway's modeling of a blue embroidered frock with large black hat was a hit.

Miss Adams in a pink embroidered lace dress and Miss Stewart in a point-de-point gown in green furnished another feature. Mrs. Hal Hart appeared in a green chiffon dress with egg shell moire coat.

Christine Waters was very beautiful in a creation of pink taffeta trimmed in blue with white rabbit coat.

Miss Rix Lucille Rix modeled in characteristically graceful fashion an evening gown of blue lace with a scintillating sequin coat. Dainty Mary Betty wore an apricot net dress with taffeta jacket. Kitty Caloway was in a fresh chiffon dinner dress with caplet.

Maurine Leatherwood's exotic beauty enhanced effectiveness of a yellow creole Ravine gown with extremely full skirt, net footing and large bertha collar of net.

Other striking costumes include an Alice blue satin gown and robe of chiffon and lace trim worn by Lolabel Stewart; a three-piece satiny egg shell pajama suit with imported lace trim and long princess fitted coat and a black and white three-piece pajama suit.

Girls who served as models were: Misses Lolabel Stewart, Rosalind Adams, Maurine Leatherwood, Lucille Rix, Mary Betty, Kate Caloway, Christine Walters, Marie Fawcett, Mrs. Hal Hart, Mrs. Jack Kilway.

FOLLOWS 'PAL' TO JAIL

PITTSBURGH (INS)—What is left without a "pal" Charles Woodworth, 57, asked a magistrate here who had just sent his friend and fellow panhandler for years, George O'Case, 51, to the county jail for 30 days. He told the judge that he might as well go to work. "Wouldn't he send him to the 'jug' too?" and the obliging magistrate gave in Woodworth joined his pal for the 30-day term.

POPULAR IN LONDON

LONDON (INS)—Miss Loma Worth, talented girl musician from Chicago, is being eagerly sought after by London hostesses to perform at their exclusive social parties. A cousin of the late President Harding, Miss Worth has gained a reputation during her brief stay in London as the girl who can play twelve musical instruments, including the saxophone, the accordion, and the organ.

Mrs. Bill Tate Entertains Cactus Club

Mrs. Bill Stevens and Mrs. Joe McGeath High Scorers

Mrs. Bill Tate entertained the Cactus Club yesterday afternoon with one of its prettiest parties of the season.

The house was profusely decorated with lovely wild flowers. Miniature China porcelains filled with flowers were given as favors.

Mrs. Bill Stevens made high score for members and was given a novelty case of individual powder puffs.

Mrs. Joe McGeath made high for guests and was given a beautiful silk handkerchief.

The following members and guests were present: Misses Homer Wright, Brittle Cox, Frank J. Coffey, W. W. Pendleton, Bill Stevens, Lester Short, W. E. Yarnum, Jim Sullivan, Joe McGeath and Charles McCullar.

Lucky Thirteen Girls Plan For A Hay Ride

Miss Dorothy Vandergift was hostess to the "Lucky Thirteen" Tuesday evening at the Douglas Hotel.

The club made plans for a hay ride soon. Delicious refreshments were served to the following members: Louise Flowers, Lillian Crawford, Nellie McRea, Kathryn Anthony, Mary Katherine and Louise Phillips, Jennie Dorine Rogers, Georgia Hawley and May Louise Miller.

Mrs. C. C. Messman is leaving tonight to visit her mother, Mrs. J. S. Sloane, in Chicago.

CLASS DAY POSTPONED

The Philanthropy Sunday School class of the First Methodist church will have its class day on Friday instead of Thursday as formerly announced. This will be an all-day meeting at the church, beginning at 10 o'clock.

Oil pipelines costing \$4,000,000 are being laid in the new East Texas field.

TAX PHASE—

(CONTINUED FROM PAGE 1)

shoring for 1931. The rate in valuation of property 15 per cent for non-collectible taxes the city will have at the present rate of \$1.55 per \$100 and on the present total valuation of \$7,200,000, a total income from taxes of \$102,000.

The total revenue from all sources, taxes and others, will be \$233,000.

To this is added \$19,000 cash on hand at the beginning of the fiscal year May 1.

For next year the total that must be set aside to form interest and sinking fund on present bonded indebtedness will increase \$7,600.

This will fall an additional \$5,000 in 1932 and \$11,000 in 1933.

The budget for this year lists appropriations totaling \$160,000 for operation and maintenance and \$87,000 as interest and sinking fund on present bonded indebtedness.

The surplus of the total income, left unappropriated, therefore is \$24,000.

Issuance of 40-year 5 per cent serial bonds totaling \$200,000 would call for payment the first year after issuance next year of not more than \$5,000 principal and \$10,000 interest—a total of \$15,000.

Of this \$7,000 would be handled through decrease in the annual requirement for interest and sinking fund on present bonded debt.

This would leave \$7,000 to be carried out of the unappropriated surplus of \$28,000, leaving on the books of these conservative figures a net surplus of \$21,000 after making the annual payment on the \$200,000 city hall bond issue.

As a result, the interest and sinking fund requirement, decrease \$7,000 in 1932 and \$11,000 in 1933, a total fall for the three years of \$18,000.

SAVINGS—

(CONTINUED FROM PAGE 1)

receive home-traveler's check, not having been bought because there is no place to put it.

Having of \$120 a year in that some paid for the lot on which the store was located, the \$120,000 purchase is needed.

Saving of \$300 a year on rent of quarters for the city secretary, inspector's department, for which there is no room in the city hall.

Saving of \$500 a year now paid the county for jail rent and meals for city prisoners, a jail would be included in the city hall building.

Saving of \$2,000 a year by the fire department, as a result of the fire department, not properly maintained, meaning that there is not the required number of firemen, equipped at the fire station and secondary trained. The new fire station would include living quarters and recreation quarters which would attract volunteers to stay on duty in rotation by lodging and a place for recreation—a plan very economically used by many cities.

LARGE—

(Continued from Page One)

his had not been given this consideration in his figures, thus allowing for increases in valuation of other property.

"We'll have a new railroad, too," Mr. Eason said.

Mr. Eason called on members of the audience to speak.

Dr. E. O. Ellington said that perhaps he had been a little too strong in his support of bond issues in the past but could not see why, with need of the building so obvious, it should not be built when tax levies would not be increased.

E. J. Mary, superintendent of the Cossin Oil company refinery, noting that the company paid practically all its taxes to Howard county instead of the city declared, however, that he hoped the building would be erected. He said his company was interested in athletics and suggested an effort be made to arrange the auditorium so that basketball could be played in it.

H. Clay Read said the "I object to the comparison of Big Spring with San Angelo. If San Angelo had an auditorium seating 1,800 we need one that will seat 2,000."

J. A. Tabrough, a leader among the employees of the T & P shops, said he believed practically all of that body would favor the issue, adding that they had not understood as yet why the city hall auditorium and fire station had been left off the improvement program voted in March of last year.

Mr. McDowell said that he hadn't given much thought to the project but that he favored action being taken for more reasons than one. We need to provide employment for men of our city.

There is no question of the need for an auditorium. In view of the fact that our tax levy would not grow I don't see why there ought to be any objection.

B. Reagan, who arrived late, said a city hall was needed and that the present fire station was in the most dangerous place it could be located.

"I'd like to see a lake increased to a point where it would be almost to rest a house there to own it," he added, saying he would present at the board of city development meeting when it voted to recommend the project.

"I don't believe it's safe to

listen to it!

listen to it! snap! crackle! pop! KIDDIES are fascinated with the way Rice Krispies crackle when you pour on milk or cream.

And what a flavor treat! Toasted rice bubbles. Wonderful for breakfast, lunch and supper. Fit to use in candies, macaroons. In soups. Order the red-and-green package from your grocer. Made by Kellogg in Battle Creek.
