Sundays 10c

**DR. ANTHONY P. Amarose, right, has scored what medical scientists consider to be a major breakthrough. Dr. Amarose of Albany, N.Y., has developed a method of accurately determining the sex of unborn babies. He has been correct in predicting the sex of 39 consecutive fetuses. Mrs. Frank Lorch, a medical technician, is shown with Dr. Amarose.**

## Chinese Heir Boasts Preparations to Fight

**HONG KONG (UPI)**—Red Chinese Defense Minister Lin Piao Saturday told 1.5 million people at a Peking mass rally that his country is prepared to fight in Viet Nam.

"We have made all preparations," Lin, heir apparent to Communist party Chairman Mao Tse-Tung, said as he led China's 17th national day celebrations. "We are ready for a maximum national sacrifice and all costs to support the Vietnamese people's fight to the end."

## Packaging and Aid Bills Go Before House on Monday

**WASHINGTON (UPI)**—A stripped-down "truth-in-packaging" bill will be called up for action Monday, heading up a heavy agenda for the House, which plans work on dozens of bills including an extension of federal school aid before the week's end.

Suddenly steaming ahead in an effort to adjourn no later than Oct. 22, the lawmakers scheduled an 11 a.m. Monday session, an hour earlier than usual.

Inclusion of the "fair packaging and labeling" bill on the Monday list indicated the extent to which the House Commerce Committee had diluted a tougher measure passed by the Senate.

As ready for House action the bill would require clear labeling of some 8,000 drug store and supermarket items, plus controls over the use of such terms as jumbo, giant, servings and cents-off.

However, major provisions that would have let the government regulate quantities in which items could be marketed were dropped from the bill, which was expected to pass without much trouble.

Action was slated later in the week on a major \$5.8 billion, two-year extension of the one-year-old program of federal aid to schools and high schools. In addition to extending the program, the bill orders a continuation of the popular aid to so-called "impacted" school districts, which contained a large number of children whose parents work on non-taxable federal property.

# US Commanders Expect Decisive DM Zone Battle

## American Bombers Smash Supply Lines

**SAIGON (UPI)**—American air power raked Communist ground troops in the South and bombed their supply lines in North Viet Nam as U.S. commanders prepared Saturday for a possible decisive battle along the demilitarized zone border. U.S. jets smashed at 28 Red buildup areas just north of the border.

In the South, one U.S. air strike killed 53 Communist soldiers and another mangled a Viet Cong camp 40 miles north of Saigon. But on the Saigon outskirts a tragic new air accident took a toll of casualties among civilians and military personnel at the big Tan Son Nhut airbase.

## Senate Presses Adjourment Drive

**WASHINGTON (UPI)**—Senate leaders, pressing their drive for a mid-month congressional adjournment, laid on a heavy week-long work schedule Saturday featuring controversy over President Johnson's big anti-poverty bill.

Debate on the measure authorizing the war on poverty program for another year will be marked by an effort to provide more spending than Johnson asked. The drive for additional funds is being sparked by Sen. Robert F. Kennedy, D-N.Y., and Edward Kennedy, D-Mass.

Senate Democratic Leader Mike Mansfield said he hopes the Senate will act early in the week on the \$2.5 billion poverty package. He said the week's schedule also includes a narrow appropriations bill and a start on two big education measures which would authorize \$10.6 billion in aid for schools and colleges.

Mansfield said he is still shooting for a final adjournment for Congress by Oct. 15. He said he expects to enlist the help of Senate Republican Leader Everett M. Dirksen, Ill., in scheduling a Senate session next Saturday to speed action.

## Shivers Honored At Historical Dedication

**WOODVILLE, Tex. (UPI)**—Former Gov. Allan Shivers was honored Saturday with dedication of an official Texas historical marker commemorating his long public service at his hometown.

Gov. John Connally made the dedicatory address in ceremonies at the Allan Shivers Library and Museum, and later spoke to a meeting of the Texas Institute for Small Museums.

## Four Dangerous Criminals Execute Intricate Escape

**LANSING, Kan. (UPI)**—Four convicts, including one serving a life term for murder, staged an intricate escape from the Kansas State Penitentiary Friday night.

The convicts climbed through a cellophane ceiling, crawled along an attic and used hidden tools to bore through a five-inch thick stone wall before fleeing from the prison about 15 miles from Kansas City.

They might have been working on it for several

## Bomb Explodes On Iowa State Football Field

**AMES, Iowa (UPI)**—A homemade bomb triggered to blow off under the first person to step on it exploded Saturday on the 45-yard line of the Iowa State University football field a few hours before State was to meet Nebraska.

The buried bomb detonated when a workman pushed a roller across it. Police said the bomb was rigged with two pieces of metal which were connected to a battery and which were pressed together by the weight of the roller.

## Washington News Strike Settled

**WASHINGTON (UPI)**—A newspaper pressmen's strike against Washington's three largest and two other publications was settled Saturday night hours after it started.

The only paper significantly affected was the morning Washington Post. Pressmen walked off the job there at 10:31 p.m. CST less than an hour of the way through the press run. As a result there were no home deliveries of the Post Saturday.

## Florida Awaits Inez' Next Move

**MIAMI (UPI)**—Hurricane Inez, a killer of at least 236 people in the Caribbean, Florida as early as Sunday drifted weakly over Cuba noon. They added, however, it Saturday flooding the lowlands was impossible in mid-afternoon, and following an uncertain ton to project the hurricane's course aimed generally at path beyond a few hours.

## Democrats Rally For Candidates

**Gray County Democrats** rallied to the cause of electing Dr. J. Miller of Amarillo, former district attorney, to the office of congressman from the 18th District at a barbecue held last night in the Community Bazaar on the rodeo grounds.

## Floridans Await Inez' Next Move

Scattered reports being arriving Saturday from hurricane-ravaged Haiti which pushed Inez' death toll on three Caribbean islands to 256 reported killed on the island of Guadeloupe. Havana Radio announced one casualty and sources in Haiti said 15 persons perished.

Forecasters at the National Hurricane Center in Miami said in a special 1:30 p.m. CST

**REALLY A RALLY!**—On the speakers' platform at the Democratic Rally last night in the Community Building, Granger McElhenny, candidate for 31st Judicial District judge, discusses amendments to the constitution to be voted on in the Nov. 8 election. Seated behind McElhenny are, from the left, Doc Miller, Ralph Wayne of Plainview, Sheriff Rufe Joyland and Senator Grady Hazelwood. Out of camera range are incumbent county judge Bill Craig, Siebert Worley, and Mayor Jim Nation.

## Florida Awaits Inez' Next Move

Scattered reports being arriving Saturday from hurricane-ravaged Haiti which pushed Inez' death toll on three Caribbean islands to 256 reported killed on the island of Guadeloupe. Havana Radio announced one casualty and sources in Haiti said 15 persons perished.

Center Wrap-Up

George Smith, Director Pampa Youth and Community Center

SWIM LESSON SCHEDULE ANNOUNCED - The Center has set the full swim lesson schedule until January 1, 1967.

TEEN DANCES - A full schedule of teen dances has been finalized for the rest of this year both for Jr. High-age groups and the high school groups.

CENTER MEMBERSHIPS AVAILABLE - Memberships in the Center are always available at the front office.

entitles you to full use of the pool as well as free swim lessons as scheduled.

A family membership which includes all members of the present family living at home or at college costs only \$20 per year or \$12 for six months.

LA BONITA COCK O WALK AND FURR'S LEAD VOLLEYBALL LEAGUES - The men's and the women's volleyball leagues finished their third week of competition and leaders emerged from both leagues.

PITTSBURGH (UPI) - Pub- lic relations adviser George Kelly has warned Allegheny County Democrats against buying prime television time on the eve of Nov. 8 elections.

County Democrats against buying prime television time on the eve of Nov. 8 elections. Kelly noted that the rock 'n' roll show "The Monkees" was in the prime time slot that evening and if preempted some announced might say "Instead of our usual show 'The Monkees,' we now present Allegheny County's Democratic leaders."

The Lighter Side

By DICK WEST

United Press International, WASHINGTON (UPI) - In his constant quest for new sources of energy, man has attempted to harness the tides of the ocean, the rays of the sun and the earth's underground steam.

There is, however, one potential power source that has thus far gone untapped I refer to the harnessing of bean sprouts.

Not being of a scientific bent myself, I was not aware until fairly recently that such a potential even existed. My awakening came from a short passage in an otherwise unexciting article on electricity.

A growing bean sends out currents to its bottom-most roots where cells are "most actively dividing," it said. The currents are weak, about 100 billion bean roots would be needed to light a 100-watt bulb.

That is pretty weak all right. So much so that the average person, lacking vision, probably would regard the bean stalk as an impractical power supply.

You likely would need a bean field half the size of Texas just to operate your electric toothbrush.

I would remind you, however, that the light bulb itself was an inefficient means of illumination before Edison began working on his model.

Some day, if the experiments I began this summer live up to their promise, I may become known as the Edison of the speckled butterbean.

After I read that item about bean plants producing faint currents of electricity, I planted several varieties of legumes in my backyard "victory" garden.

All Were Disappointing. The snap beans, navy beans, pinto beans and lima beans, all proved disappointing, possibly because I had one wire on AC roots and one on D.C., or perhaps I had two roots with negative charges hooked together.

However, when I would touch the wires on the speckled butterbeans, I would seem to get a slight tingle.

Income Tax Questions, Answers

Q-A friend of mine is still liable for his federal taxes even though he went bankrupt. Why does he still owe for taxes and not for anything else?

A-The law provides that although commercial debts of a legally declared bankrupt are dissolved, federal taxes remain a legally collectible debt.

Q-My husband is with the army in Viet Nam and I don't know how to answer the letter I just got regarding our tax return. What should I do?

A-Contact your local IRS office and they will give you all the help they can.

Q-I just got married. Is there any change I should make in my withholding?

A-A married taxpayer's withholding is at lower rates than a single taxpayer's, assuming other things are equal. Therefore, by notifying your employer of the change in your marital status, with the filing of a new Form W-4, your withholding may be reduced.

You also may want to take an exemption for your wife. This will reduce the amount withheld from your paycheck. However, if your wife works and claims her own exemption, then you may not claim her exemption too.

Q-I lost my refund check. What can I do?

A-Report the loss to your local IRS office. They will explain the procedure for making a claim for a duplicate check.

Q-The deductions that were disallowed when my return was audited were put in by the fellow I paid to prepare my return. Actually, I wasn't aware of them until your agent pointed them out to me. Is there anything I can do to get back at the fly-by-night who prepared my return?

A-The taxpayer is legally responsible for all of the information on his return no matter who helped him prepare it. Your experience proves the value of using only reputable and trustworthy advisors for help on a tax return. Further, when help is used, the taxpayer should carefully check every item on it himself before signing his return, since he is responsible for its accuracy.

Q-Are gardeners considered household employees for Social Security purposes?

A-If you pay a gardener \$50 or more cash wages during a calendar quarter, and an employer-employee relationship exists, then you are required to report the wages and pay the Social Security tax on them. Form 942 is used for this purpose. A gardener working for you as an independent contractor is not your employee.

Q-America's largest herd of wild buffalo - some 1,200 - roams Custer State Park in South Dakota.

Party Leaders Bet on Johnson, Not Kennedy

WASHINGTON (UPI) - The nation's 50 state Democratic party leaders are almost unanimously agreed that Sen. Robert F. Kennedy has no chance to bump President Johnson off the party ticket in 1968, according to a news magazine poll released today.

The consensus against this eventuality, provided Johnson wants renomination, was 49 to one, a copyrighted article in U.S. News & World report said.

Nor do the party's state committee chairmen, the organizers who make the Democratic machinery work, see much chance Johnson will dump Vice President Hubert H. Humphrey in favor of Kennedy, a New York senator and younger brother of the late President.

This would be an indication Johnson made a mistake in picking Humphrey in 1964, the chairmen said.

BIASCA, Switzerland (UPI) - A Belgian bus carrying British tourists collided with a car on the St. Gotthard Pass highway near here late Friday and skidded off the road into a stream.

Texas Flag on Way to Servicemen

CAMERON, Tex. (UPI) - A Texas flag and some good old country music are on their way to three Texas servicemen in Thailand.

Lt. Allen Dodson of Cameron, Lt. Joe Shawver of Sweetwater and Capt. Dave Albright of Wichita Falls wrote to their families they could tolerate monsoons, cobras and occasional short rations.

But, Dodson wrote, they need a Texas flag. And he added there was little good country music in "all of Southeast Asia."

Emily Dickinson, noted poet-ess, was born Dec. 11, 1830.

TRI-STATE TRAVEL SERVICE, INC. Suite 509, Bank of the Southwest Building 22nd & Civic Circle, Amarillo, Texas 79109 - FL 5-5685 Please Note Our New Address and Telephone Number Effective Monday, October 3rd.

COTTON JOHN'S FOLLOW THE SUN Around the World South of the Equator will depart on January 31st and will visit Tahiti, New Zealand, Australia (including the Outback), South Africa, Victoria Falls, Kruger Game Reserve, Brazil, Argentina, Chile, Peru (including the Inca Ruins), Panama, Guatemala, Mexico, returning to Amarillo March 18th.

For those not having the time to make the complete tour, it is possible to take only the South Pacific portion with an optional return through the Orient, or you could join the tour in South Africa, while a third possibility would be to take the trip around South America.

We are also planning a special tour to the WORLD'S FAIR, in Montreal, and this will depart in early August and will include visits to Quebec, New York and New England.

There will be two special departures to HAWAII in 1967 featuring air transportation and an optional return by steamship. These departures will be in late February and mid July.

SUNDAY, OCTOBER 2, 1966

3 GANA TO PAY

(Daily News Staff Photo)

**BINDWEED CONTROL** — Foster Whaley and Mrs. Thelma Bray are shown examining a patch of bindweed in Aspen Park. A public forum on "Bindweed Control" will be sponsored by Pampa Garden Club at 2:30 p.m. tomorrow in Lovett Memorial Library Auditorium. The forum is not only being conducted to inform residents of the seriousness of bindweed growth in the area, but to co-ordinate groups involved in the eradication of the plant. Whaley, Gray County agricultural agent, will give the address at the forum. Mrs. Bray is president of the local Council of Garden Clubs. At the lower left is silhouette showing the arrowhead-shape of the bindweed leaf.

The Red Cross Board and volunteers are working with the Pampa United Fund this year if anyone wants to give and you have not been contacted call the Pampa United Fund Office or the Red Cross office and someone will come for your contribution. Please, please give as best as you can and let us all work to go over the goal that has been set up for the agencies that are on the UF this year! Give your one days pay if you can and let us make this goal!

Gray County Chapter is without a chapter chairman. Len Womack and his family have moved to Dallas and they will certainly be missed. For Mrs. Womack was a Water Safety Instructor who helped with our summer swim program and who recently held a Senior Life Saving Class as well as a Part I class for instructors. We all hope that they will have a happy home in Dallas and continue their Red Cross work.

Our new Water Safety Instruc-

tors who completed their course Sept. 23rd at the Youth Center 1901 under Gilbert S. Gribble are: Rev. Clarence Reginald Bridges, Jean Marie Brown, Martha L. Hilton, Anna Lee Barton, and Jackie S. Marlair. Mr. M. B. Smith brought in an application for Water Safety Instructor certificate for his son, Phillip Nathan Smith, who is a student at Baylor University in Waco. We are indeed glad to have all of these instructors in our Water Safety program.

Mrs. V. J. Drew, Gray Lady Chairman with Mrs. A. D. Hills, Gary Lady pinned the UF pins on the guests at the Kick-off breakfast-September 28th. Several of the men brought the girls were there to draw their blood, but no mishap happened.

The new blue and white volunteer uniform and cap have been released to the manufacturers and soon you will be seeing new Red Cross dresses in our hospitals and streets. We are all anxiously awaiting the new uni-

## New Books on Shelves At Public Library

New books on the shelves of Lovett Memorial Library Oct. 3, 1966 are:

"A Certainty of Love" — Alfred Coppel; a tender novel that tells the story of two lovers, a former bomber pilot and a frail young German in her late twenties.

"The Anti-Death League" — forms and then the blue birds will be giving service to others.

Red Cross Youth with Barbara Holt as their president have set Friday mornings at 8 a.m. for their meeting date. Barbara stated to us that some of their projects were to help with the Amarillo Air Force retraining Center Party in October, to have a booth at the carnival this fall, and to sponsor a High School Fund Drive in November. They have many plans that they will be putting into effect this year. Mr. Howard Graham is their teacher-sponsor.

Amis Kingsley, a witty novel that blends espionage, science fiction, and romance in a diverting and astonishing manner.

"Death of a Doxy" — Rex Stout, Nero Wolfe's latest problem involves one of his own employes, a wealthy client, and the murdered mistress of that client, in a predicament that seems insurmountable.

"Amber Nine" — John Gardner, this time Boycie Oakes, the chicken-tiger of the British secret Service, somehow muddles through an assignment set on the enchanted shores of Italy's Lago Maggiore.

"Gift Wrapping" — Adelaide Shaw; concise simple steps how to make beautiful packages for all occasions. "Menagerie Manor" — Gerold Durrell; animals come close to being the author's best friends and he writes about them with style, verve and humor.

# Extreme Teacher Shortage Strikes Public Schools

By THOMAS HEATHAM  
 United Press International  
 CHICAGO (UPI)—The worst teachers shortage in perhaps 20 years is pinching the nation's public schools. The draft, the poverty program and low teaching salaries are some of the reasons why.

Many of America's million grade and high school students had no instructors as schools began opening their doors this month.

New York state said it had 12,000 teaching vacancies. Illinois had 4,000 unskilled jobs, eight times as many as in 1955.

Missouri faced the worst shortage in history, with 1,600 openings.

Ohio needed 2,000 teachers, Georgia 1,400, Wisconsin 1,100, Kentucky 1,000, Philadelphia 1,000, Los Angeles 8,000, Chicago, 600, Maine 50, and Connecticut 40.

Thirty school children in the isolated northern California logging community of Somers Bar had no teacher for their two-room school. Two officials were not optimistic about finding one.

Children Suffer  
 "The children just aren't

going to school, and there's not a thing we can do for them," Dr. Oliver Hodge, superintendent of Oklahoma schools for 20 years, said this fall's shortage is as bad and probably worse than any I have ever known.

"It's the most serious shortage we have had since the 1940s," Kentucky's superintendent, Dr. Harry M. Sparks, said.

There were shortages in virtually all areas of instruction, including the primary grades. But the most severe lack was in the high school

and industrial arts, where low pay drives many teachers into taking more lucrative jobs in business and industry.

"If the salaries were raised, there would be plenty of teachers," a spokesman for the U.S. Office of Education said.

National Education Association (NEA) statistics show the average salary of elementary and secondary teachers for a 10-month year is \$5,011, up about \$300 from 1962. At least five states—Louisiana, South Dakota, Arkansas, Mississippi and South Carolina—pay

#### NORMAN FRITZLER Fritzler Appointed Penney Manager

Norman L. Fritzler, formerly manager of the La Junta, Colo., J. C. Penney store for the past three years has been promoted by the Penney Company to the post of manager of the Pampa store.

The son of Mr. and Mrs. Alex J. Fritzler of Fort Collins, Colo., he has worked for the Penney Company for 20 years. He is a graduate of Fort Collins High School and former student at Colorado State University.

While in La Junta, he was active in theoyal Arch Masons, Knights Templar and Elks Club. He served as director of Lions Club, director of La Junta Chamber of Commerce, director of the Arkansas Valley Fair Board, director of La Junta R-1 School District vocational education, chairman of the Retail Merchants, president of the La Junta Quarterback Club and president of Monday Evening Club.

Mr. Fritzler and his wife, Erna May, have two children, Janice, 15, and Gary, 10, and are members of the Lutheran Church.

Mr. Fritzler was very active in the football program of the La Junta High School and did considerable work with the La Junta radio station in helping broadcast the high school football games.

**PILL PRICE**  
 LONDON (UPI)—The Ministry of Health announced Friday that Britain's national health service may charge for providing birth control pills for social reasons.

Under the health service, pills prescribed by doctors are normally free of charge. Patients who require birth control pills for medical reasons will continue to receive them free, the ministry said.

**AUDIO-VISUAL MODELS**—Scott Hall, plant engineer for Audio-Visual Research, Inc. is pictured with three of the models which the local plant manufactures and a Carterscart which it distributes for another company. Hall designed and made the scaled-down models for demonstration purposes.

### AV Research Makes Debut

From the corner of Ballard and Francis Sts. in Pampa to the school-room in Guam, Nigeria, Sweden, Spain, Hawaii, Alaska, Venezuela or Puerto Rico is quite a distance geographically speaking.

But the distance is shortened, at least in thought, when a product manufactured in Pampa is needed in these far-away places.

Audio Visual Research, Inc., a relatively new business in Pampa, has a product that is increasing in demand by 131 dealers in the United States, eight in Canada; in addition to the foreign countries mentioned previously.

In its plant on the corner of Ballard and Francis, Audio Visual Research manufactures rear projection cabinets for use with only one lens with all projectors; storage - projection units; study carrels; and overhead presentation cabinets.

All cabinets are designed and manufactured in the Pampa plant. "Nothing is nailed," according to the plant engineer, Scott Hall. "Everything is air-stapled and glued for speed and durability."

The wide-angle lens are shipped in from Pitts. Pa.; the screen comes from Blue Ash, Ohio; cabinet casters from Evansville, Ind. and the speakers from Chicago, Ill. But the complete cabinet that is shipped from the Pampa plant when assembled is the handwork of local employees.

In February, 1964, two enterprising young men, F. M. and Patrick Carter organized the company which now employs 10 men, a plant foreman; secretary and two manufacturers representatives.

There are expansion plans and the hiring of additional employees penciled for future plans by the two company officer, F. M., president and Patrick, vice president.

Mountains are composed largely of rocks made up of silicon and aluminum compounds.

### Judge Backs School, Long Hair Must Go

DALLAS (UPI)—A federal judge today denied a request for an injunction and ruled the Dallas school system was within its rights in refusing to admit three long-haired teen-age musicians until they get their hair cut.

Lawyers for the youngsters had argued their rights to a public education were constitutionally abridged by the school system's regulations. They had sought the injunction against the school board.

U.S. Dist. Judge W. M. Taylor said in a written decision "the conditions or terms upon which a public free education are granted in the high schools of Texas cannot be fixed or determined by the public themselves."

"It does not appear that the principal or Supt. W. T. White acted arbitrarily, capriciously or unreasonably in refusing to admit the minor plaintiffs to the classroom of W. S. Samuell High School."

The three teen-agers, Phil Ferrell, Steve Webb and Paul Jarvis, are members of a rock-and-roll band. They said they had a contract with their agent specifying they would not cut their hair.

**ONE-MAN SHOW** — Maurice Bernson of Canadian, well-known area artist, will be featured at the Pampa Fine Arts Association's Art Musciale Tea Oct. 9 in the Starlight Room of the Coronado Inn. Included in the private showing, for fine arts members Sunday afternoon and for the public throughout the following week, will be oils in the traditional, contemporary and avant grade techniques.

## Fine Arts Tea To Feature Works Of Talented Artisan

Pampa Fine Arts Association will feature the traditional, contemporary and avant garde art works of Maurice Bernson of Canadian in a one-man showing at an Art Musciale Tea on Sunday afternoon, Oct. 9, from two until five o'clock in the Starlight Room of the Coronado Inn.

The Sunday afternoon tea is for patron-members of the Fine Arts Association with a public showing planned for the ensuing week in The Inn.

Bernson began his artisan career in 1940 at West Texas State University (then a college) at Canyon under the direction of professor emeritus Miss Isabel Robinson. He has studied in a summer session with Grant Reynard, New Jersey artist at the Palo Duro Art Colony and winter sessions for three years at the Farnsworth School of Art on Siesta Key Sarasota, Fla. and Amagansett Art School in Sarasota with Helton Leech, artist-director.

In the spring of 1954, Bernson held a degree showing at the Cranbrook Academy of Art in Bloomfield Hills, Mich. which marked the completion of a two-year period of painting, ceramics, metal smithing and design.

Later that year, he designed

the former J. C. Daniels' home on North Duncan and executed the welded bronze sculptures for the home.

For the next few years, the Canadian artist did free lance art work for International General Electric; a book cover for Double Day and was an independent artisan with custom projects in art metal, decore and easel paintings.

From 1960 to 1963, he was engaged in special decore projects for the Phillips Petroleum Corp. at Borger, which included decore for the Borger Municipal Geodesic Auditorium.

He is currently theater technician for The Players theatrical group in Sarasota.

Bernson's several One Man Shows have included presentation of works at the following galleries: Sarasota Art Association; West Texas State Historical Museum; Oklahoma Art Center, Oklahoma City; No Man's Land Historical Galleries, Goodwell, Okla. and Art Center Galleries, Amarillo.

He has participated in national exhibitions as follows: Rockhill Nelson Galleries, Kansas City; Michigan Artists Annual and Traveling Show; Cranbrook Traveling Exhibition; Creative Galleries, New York

## Workshops In Reading Set for Teachers

Reading workshop sessions will be conducted for teachers in Pampa's seven elementary schools Oct. 4-5, according to Mrs. Marjorie Gaut, elementary education consultant.

Mrs. Gaut said Mrs. Grace Mason, an elementary educational consultant for Houghton Mifflin Co., will be in Pampa to conduct workshops on the McKee-Durr "Reading For Meaning" textbooks.

The workshop sessions will open at 9 a.m. Tuesday with a first grade demonstration for teachers at Carver. At 1 p.m., there will be a demonstration for elementary school principals in the Central Office; at 2:45 p.m. a system-wide demonstration for first grade teachers in Travis School cafeteria and at 3:45 a system-wide

MRS. GRACE MASON

workshop for second and third grade teachers in Travis cafeteria.

Wednesday's schedule has been set up for a second grade demonstration at Lamar at 9 a.m.; a third grade demonstration at Travis at 10:30 a.m.; at 1:45 fifth grade teachers will meet at Mann and at 3:45 p.m. a system-wide demonstration for fourth, fifth and sixth grade teachers in Baker School cafeteria.

Mrs. Gaut said Mrs. Mason comes highly recommended by the Houghton Mifflin Co. She was a successful elementary teacher and supervisor before joining the publishing staff. She has worked directly with the authors and has participated in state conferences and workshops in Texas Association

for improvement of Reading in all areas of Texas and in regional and national meetings on reading problems.

Nautilus is a genus of deep-sea mollusks.

Manufacture of snuff requires 18-months and involves grinding the tobacco and subjecting it to repeated fermentations according to the Encyclopaedia Britannica.

### Wall Street In Review

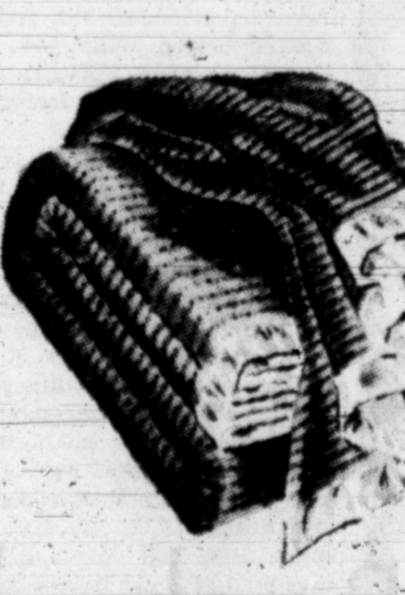

NEW YORK (UPI) — R. E. Buchsbaum of W. E. Hutton & Co. says the stock market is betting on further escalation in Viet Nam which still accounts for no dramatic change in the degree of popularity among groups and individual issues. However, this remains a highly emotional market in which most of the smaller, active traders are being whipped and finding it extremely difficult to accrue profits on balance.

Newton D. Zinder of E. F. Hutton & Co. says it appears additional peace moves could be forthcoming and the market demonstrated last week, following the U.S. de-escalation offer, that it currently regards peace in Viet Nam as a bullish development.

10 THE PAMPA DAILY NEWS SUNDAY, OCTOBER 2, 1966 59TH YEAR
Aggies Rip Tech, 35-14

COLLEGE STATION, Tex. (UPI) — Sophomore quarterback Edd Hargett passed for two touchdowns and ran for another Saturday night to lead the Texas Aggies to a 35-14 Southwest Conference victory over Texas Tech. Hargett, held to only 2 of 4 pass completions in the first quarter, bounced back with five straight successes in the second stanza, fueling a three-touchdown rally that plowed under a 7-0 Tech margin after the first quarter. It was the most points for the Aggies since a 55-0 verdict over Trinity in 1961. Hargett completed 13 of 19 passes for 204 yards, and 104 of these came in the second period. He started the action with a 3-yard strike to halfback Bob Hargrett that knotted the score 7-7 early in the second quarter. Then, two plays after taking over on the Tech 46 only minutes later after a Red Raider punt, Hargett hit halfback Larry Lee on a 34-yard bomb to the Tech 1, from where fullback Ronnie Lindsey bulled over. An interception on the Aggie 1 by safety Curley Hallman is second of the night. Aggie 39, a field goal by Warren McVea in action again and Short and the Aggies took over. Hargett responded with tosses on their own 9, Eleven-play, 19 yards to Lee and 41 yards and 19 yards later, Hargett and Tommy Maxwell before looping one over the middle to a end zone interference call end Tommy Buckman for a 24-yard gain. Against Tech let the Aggies year score.

Burris Throws Five TD Passes as Houston Wins

HOUSTON (UPI) — Quarterback Bob Burris threw five touchdowns Saturday night to lead Houston to a 35-9 victory over a befuddled Oklahoma State. Tom Beers, a tight end known for his blocking, caught three of the touchdown passes. Fullback Dick Post caught another and split end Ken Hebert caught the fifth, a 48-yarder. Burris, a 6-2 senior, completed 13 of 23 passes for 213 yards and added another 24 yards running for 227 total offense. He now has thrown 10 touchdowns passes in the Cougars' three victories. Burris' scoring passes to Beers were for 15 and 5 yards and, in the second half, as a 16-yard pass and 16 yards in the third period. He tossed five yards to Post in the second period and then the long one to the shifty Hebert in the third quarter. Hebert was Burris' favorite target, catching seven for 140 yards. He was the top receiver in the first two drives. Burris turned to Beers near the goal when Oklahoma State double-teamed Hebert. Hebert also kicked five extra points. Warren McVea, Houston's speedy flanker who has averaged 46 yards a catch on five receptions in the first two games, was used as a decoy in the first period, turning Saturday, though he completed 14 of 23 throws for 202 yards. Seymour, who caught all the scoring tosses a week ago, hauled in nine for 141 yards. But Notre Dame's points came exclusively on the ground, and the eventual victory was never in doubt after Nick Eddy scampered 36 yards for a touchdown on the Irish' fourth play from scrimmage. Later fullback Larry Conjar carried over on a 1-yard plunge. Bob Bleier bolted 12 yards for a touchdown. Frank Crinti went over on the one, and Tom Schoen returned an intercepted pass 37 yards for the final tally.

A HIT AND A MISS — Plainview hit only one of 10 passes Friday night in Pampa's 31-20 victory. Above Pat Buchanan gets one in the bread basket for an 11-yard gain and then misses another. (See other picture, page 11).

Razorbacks Win Third On Shutout Over TCU

Longhorns Down Indiana By 35-0

AUSTIN, Tex. (UPI) — The university of Texas shattered Indiana with a brutal ground and aerial attack Saturday night in a 35-0 shutout of the visiting Hoosiers. Quarterback Bill Bradley, the highly regarded Texas sophomore quarterback, directed the onslaught to two first half touchdowns before going out with an injured knee. But another impressive Texas sophomore, Andy White, proved to be just as effective in the second half when the Longhorns drove down the field in the final stanza to ice the contest. Hoosier quarterback Frank Helms scored Texas' fourth touchdown from the four and halfback Chris Gilbert slid through the Indiana line for 15 yards for the final Texas tally. Texas piled up an impressive 223 yards rushing and held Indiana to a net of 87 on the ground. Bradley completed four of seven passes for 93 yards in the feature and Demigod and White hit six of eight for 86.20 in the ninth.

Arkansas Pounds Texas Christian

FORT WORTH, Tex. (UPI) — Lighthouse Harry Jones snagged 48 and 27-yard touchdown bombs from Jan Brittenum and romped five yards for a third touchdown Saturday to pace Arkansas to a 21-0 Southwest Conference victory over Texas Christian. Texas Christian controlled the ball, but Arkansas dominated the scoreboard in racking up its 16th consecutive conference victory and its 25th regular season triumph in a successful opening bid for an unprecedented third straight championship and Cotton Bowl bid. For example, Arkansas ran only 10 scrimmage plays in the second quarter and only five in the third period while TCU surged up and down the field in a fruitless quest of a touchdown. The Arkansas defense, anchored an All-American tackle Loyd Phillips and linebacker Lee Johnson and augmented by alert defensive backs Tommy Trantham and Martin Bercher, throttled every TCU threat before the home school's second largest crowd — 44,415. Defensive end Hartford Ham-

Irish Crush Wildcats, 35-7

EVANSTON, Ill. (UPI) — Notre Dame's third-ranked Irish sputtered and stumbled to a 35-7 triumph over outclassed Northwestern Saturday, piling up all their points in a few spurts of sharp efficiency. Sophomore stars Terry Hanratty at quarterback and Jim Seymour at split end continued their brilliant passing show. But the Irish bogged themselves down frequently with mistakes and penalties. Hanratty, who passed for three touchdowns against Purdue last week, didn't score a point through the air Saturday, though he completed 14 of 23 throws for 202 yards. Seymour, who caught all the scoring tosses a week ago, hauled in nine for 141 yards. But Notre Dame's points came exclusively on the ground, and the eventual victory was never in doubt after Nick Eddy scampered 36 yards for a touchdown on the Irish' fourth play from scrimmage. Later fullback Larry Conjar carried over on a 1-yard plunge. Bob Bleier bolted 12 yards for a touchdown. Frank Crinti went over on the one, and Tom Schoen returned an intercepted pass 37 yards for the final tally.

Purdue Sprays SMU Defense With Win

LAFAYETTE, Ind. (UPI) — Purdue used Bob Griese's passes as decoys and turned sophomore fullback Percy Williams Williams plunged over from the loose for four touchdowns Saturday in a surprisingly easy 35-23 victory over previously unbeaten Southern Methodist in an intercollegiate football game. The Boiler-makers, aroused after last week's loss at Notre Dame, scored in every period for their second triumph on three games and virtually dominated the game after Mac White, SMU's stellar quarterback, was injured and saw only limited action. Purdue defenders Leroy Keys and George Catavolos picked off two of White's passes in the first period, turning one into a touchdown. Another superb defender, halfback John Charles, ran the opening kickoff back 84 yards to set up Purdue's first touchdown, with Williams plunging over from the one. Keys, who also starred

Tennessee Buries Rice Owls, 23-3

KNOXVILLE, Tenn. (UPI) — Dewey Warren, choosing his receivers carefully, tossed three short touchdowns passed Saturday as Tennessee buried the Rice Owls 23-3 in an intercollegiate contest. Warren's three on-target aerials, each from 12 yards out to Johnny Mills, Austin Denney and Walter Chadwick respectively, plus a second-period field goal by Gary Wright, were crammed into two quarters — the second and third — and Rice never recovered. The Owls drew first blood with a field goal by Frank Puska after Rice recovered the ball on Tennessee's 37-yard line when Albert Dorsey fumbled a fair catch on a punt. Rice penetrated to the Tennessee seven, but had to call on Puska for the three-pointer. Mills, a senior end who owns the Tennessee record for pass-receptions in a single game, caught Warren's pass for Vols' first touchdown. Warren, a junior from Savannah, Ga., has thrown for five touchdowns to lead Tennessee to two straight victories. A total of 44,063 fans were in the stands as Tennessee won the toss and elected to run the first quarter with a brisk north wind at its back. There were scattered clouds over the area and the temperature was in the middle 50s following a morning-long rain.

TIGERS THREATEN IN FOURTH Second-Ranked UCLA Scores 24-15 Win

LOS ANGELES (UPI) — Halfback Mel Farr ran over two key touchdowns Saturday as UCLA was given all the fight it wanted before pulling out a 24-15 victory over Missouri in the nationally televised football game of the week. With UCLA holding a 17-0 lead in the opening seconds of the final quarter, Missouri came to life to score two touchdowns and close the gap to 17-15 before Farr added his final score to put the game out of the Tigers' reach. At that point UCLA's margin of lead was Kurt Zimmerman's second period field goal, the only score of the first half. But UCLA's quarterback Gary Beban sparked a 56-yard drive in the third period and the second score resulted after a Dallas Grider pass interception. The first half was a study in futility for UCLA as the Bruins got inside the Missouri 10-yard line three times and had only a field goal to show for it. Farr almost became the goal of the game in the first half when he fumbled on the one while diving for a touchdown. But despite its powerful defense, Missouri could cross the 50 yard line only once in the first half. In the second half Beban accounted for 44 of the 56 yards on the initial scoring drive with his passes and rushing. Fullback Steve Stanley plunged the final two yards. Linebacker Grider then picked off the second of his interceptions on the passing of Missouri quarterback Gary Kombrink in the closing minutes of the third period and ran it back 28 yards to the Tiger 16. On the second play in the fourth period, Farr plunged six yards for the score. Missouri put on its only sustained drive early in the fourth period with a 59-yard march spearheaded by Kombrink's 40-yard pass to Marty Berg. And the Tigers scored on a tricky play in which Danny Sharp took a handoff and passed to Charles Weber for 12 yards. The second Missouri score came with four minutes to play when the Tigers' great defensive end Russ Washington blocked a Larry Cox punt, kicked up the ball and ran it 20 yards into the end zone. In the last minute UCLA completed a 50-yard drive with Farr racing 13 yards for the final touchdown. UCLA ran up a total of 467 yards with Beban completing 11 of 20 passes for 204 yards. Missouri was held to 135 yards, only 38 on the ground. UCLA 0 3 7 14-24 Missouri 0 0 0 15-15

Bufs Stop K-State, 10-0

BOULDER, Colo. (UPI) — Colorado stopped Kansas State's slashing ground gainers Jessie Cain and Cornelius Davis Saturday and the Buffalo offense, sputtering inside the Wildcat 20, clicked just enough for a 10-0 victory in the Big Eight Conference opener for both teams. Penalties aided the Buffalo defense and halted the Wildcats everytime they penetrated into Colorado territory. Colorado's clinching 22-yard field goal in the fourth quarter came after halfback Charles Greer returned a punt 31 yards to the K-State 30 and a Dap Kelly pass to Bill Harris moved the ball to the 15. Fullback Wilmer Cooks, who scored the second period touchdown from 11 yards out, rumbled four straight times to the 1-foot line before an offside penalty forced the Bufs' Dave Bartlett to kick for three points. The Wildcats took the kickoff and marched to the Colorado 15 before Greer picked off a Vic Castillo pass on the eight, stopping K-State's final threat. Colorado's first touchdown came on a six-play, 72-yard drive marked by a 39-yard sweep by flanker John Farler to the Wildcat 27. Quarterback Bernie McCall flipped a 16-yard pass to end Larry Plantz to the 11 and then Cooks sliced for the remaining yardage.

Harvesters Hold Back 'Mad' Dogs by 34-20

By RON CROSS Sports Editor
Plainview reminded Pampa Friday night that you don't win this week's game on last week's performance and the Harvesters became fully aware of the fact in the non-conference battle's fourth quarter. The Green and Gold found themselves trailing 20-14 with 11:45 left in the game and got scoring jaunts from halfback Gary McCarrell and Ted Heiskell to pull out a 34-20 victory. In downing the surprising Bulldogs Pampa won their second in a row, their third in four outings and broke a two-game Plainview win streak and extended their series lead to 11-8. But had it not been for the forward pass, out's and theirs, the Harvesters would have found themselves in the dog house to day. Pampa intercepted four Plainview aerials while quarterback Gary Hyatt completed two of five tosses, one a 65-yard strike on the first play from scrimmage. Gary McCarrell gathered in the Hyatt toss on his own 35 and raced to the Plainview 12 yard line before being brought down. Ted Heiskell carried to the six and McCarrell who was the night's leading ground gained with 135 yards in 14 totes, went the final six with 10:56 left to play. The Harvester tried a pass for the conversion and it failed but they had a 6-0 lead. Plainview lost 11 yards on three carries and punted to the Pampa 41. The Harvesters drove to the 23 but couldn't pick up the needed yards on a fourth and five. Pampa stormed 91 yards in seven plays just after the second period began with Ted Heiskell, having his finest night of the season with 122 yards on 19 carries, breaking loose for the final 53 lengths to score. L. D. Rowden, who toted for 82 yards, kicked the extra point and Pampa led 13-0 with 5:45 left. But here the Harvesters decided to rest a while and Plainview decided to play football. Halfback Tommy McBee raced the kickoff back 78 yards to cross the goal stripe and Tommy Roberts hit Ben Hart with the conversion to cut the margin to 13-8 with 5:33 left on the clock. Pampa moved from the 18 to the 33 where McCarrell fumbled and McBee pounced on the ball. Plainview wasted no time, moving 35 yards in seven plays with McBee scooting in the final two to score. The kick failed but at halftime Plainview went off with a 14-13 lead. The Bulldogs really embarrassed Pampa in the third period, taking the kickoff and marching 70 yards in 13 plays with Joe Don Martin going the final 14 and with 5:34 left it was 20-13. Pampa fumbled the kickoff and Plainview controlled the ball the rest of the period. During the 12-minute third quarter the Bulldogs ran 24 offensive plays to none for Pampa. But the Harvesters suddenly remembered who they were and when the Bulldogs missed a 12-yard field goal attempt as the fourth period started, so did Pampa. The Green and Gold moved the 80 yards in five plays with McCarrell rambling the final 43 around right end to score. Hyatt ran in the conversion and Pampa led 21-20 with 10:02 left. But the happy Harvesters (See PAMPA, Page 12)

# Huskers Ease By Iowa St.

AMES, Iowa (UPI) — A powerful 37-yard touchdown dash by Harry Wilson late in the fourth quarter broke open a deadlocked defensive game Saturday and gave heavily favored Nebraska a 12-6 victory over Iowa State.

# Spartans Take Illini, 26-10

CHAMPAIGN, Ill. (UPI) — Top-ranked Michigan State, aiming for its second consecutive Big Ten title, got its conference season rolling Saturday with a 26-10 pasting of butter-fingered Illinois.

# Georgia Tech Edges Clemson, 13-12

ATLANTA, Ga. (UPI) — Tailback Lenny Snow, Georgia Tech's "Mr. Touchdown," ripped off scoring jaunts of six and 40 yards in the second half Saturday to lead the 10th-ranked Yellow Jackets to a come-from-behind 13 to 12 victory over the Clemson Tigers.

# Giants Pound Pirates Twice; LA Cinches Tie

## Dodgers Need 1 Win To Clinch Pennant

PITTSBURGH (UPI) — The San Francisco Giants knocked the Pittsburgh Pirates out of the National League pennant race and kept their own chances flickering Saturday with a 5-4 and 2-0 doubleheader victory.

The sweep assured the rain-idled Los Angeles Dodgers of at least a tie for the pennant. The Giants, who moved ahead of Pittsburgh into second place, have an outside chance of catching the league leaders and forcing a playoff.

This would occur if the Dodgers lose both games to the Philadelphia Phillies in Sunday's season-ending doubleheader while the Giants beat Pittsburgh Sunday and then the Cincinnati Reds in the makeup of a rainout.

Either a Dodger win or a Giant loss would give Los Angeles its second straight pennant.

Bob Bolin pitched a one-hitter in the nightcap, narrowly missing the first no-hitter in the 57-year history of Forbes Field. Bill Mazerowski, trying to avoid an inside pitch, sent a soft liner into right field for a single in the second inning.

In the first game, Juan Marichal gave up 13 hits but hugged on for his 25th victory and his fourth of the season over Pittsburgh.

Cards 4, Cubs 3. ST. LOUIS (UPI) — St. Louis rookie Ron Willis retired Ron Santo and Ernie Banks with the bases loaded in the ninth inning Saturday to preserve Bob Gibson's 21st victory in a 4-3 triumph over the Chicago Cubs.

With the Cardinals leading 4-2, Gibson walked the bases loaded and reliever Hal Woodeshick walked Billy Williams with one out to force in a run.

But Willis, who was brought up when the minor league season ended, came in to strikeout Santo and get Banks on foul out.

Birds Rained Out. BALTIMORE (UPI) — Saturday's game between the American League champion Baltimore Orioles and the Minnesota Twins was postponed because of rain.

The two teams will play a doubleheader Sunday to make up Saturday's rainout.

A's 5, Tigers 2. DETROIT (UPI) — Jim Nash pitched a seven-hitter Saturday for the Kansas City Athletics, who beat Detroit 5-2 and dropped the Tigers into third place in the American League.

The victory was Kansas City's 11th in 17 games with Detroit this season. It left the Tigers a half game behind Minnesota in the duel for second place with only one game remaining.

Yanks 5, Chisox 3. CHICAGO (UPI) — The New York Yankees rallied for three runs in the top of the ninth inning, Saturday to score a 5-3 victory over the Chicago White Sox.

Sox starter Joel Horlen, who was tagged for his 13th loss against 10 victories, got into trouble when he hit Yankee third baseman Mike Ferraro to lead off the ninth. Pinch hitter Roy White then beat out an

then appeared on the ropes before a determined Buckeye comeback led by sophomore quarterback Bill Long's passes to end Bill Anders. Long hit 19 of 30 attempts for 157 yards and two touchdowns in the second half and it put the Bucks in scoring position with a 39-yard strike to Anders late in the first half to setup Ohio's first touchdown.

But Moore took the heart out of the Buckeye threat when he shook loose and ran untouched for a 47-yard touchdown with 4:27 remaining that put the game out of reach.

Ohio State, down 21-7 at the half, came back after the intermission to move 56 yards on a drive that saw Lon complete five passes, the last a three-yarder to halfback Arnie Fontes for a TD. Long hit Anders for a two-pointer to make it 28-15.

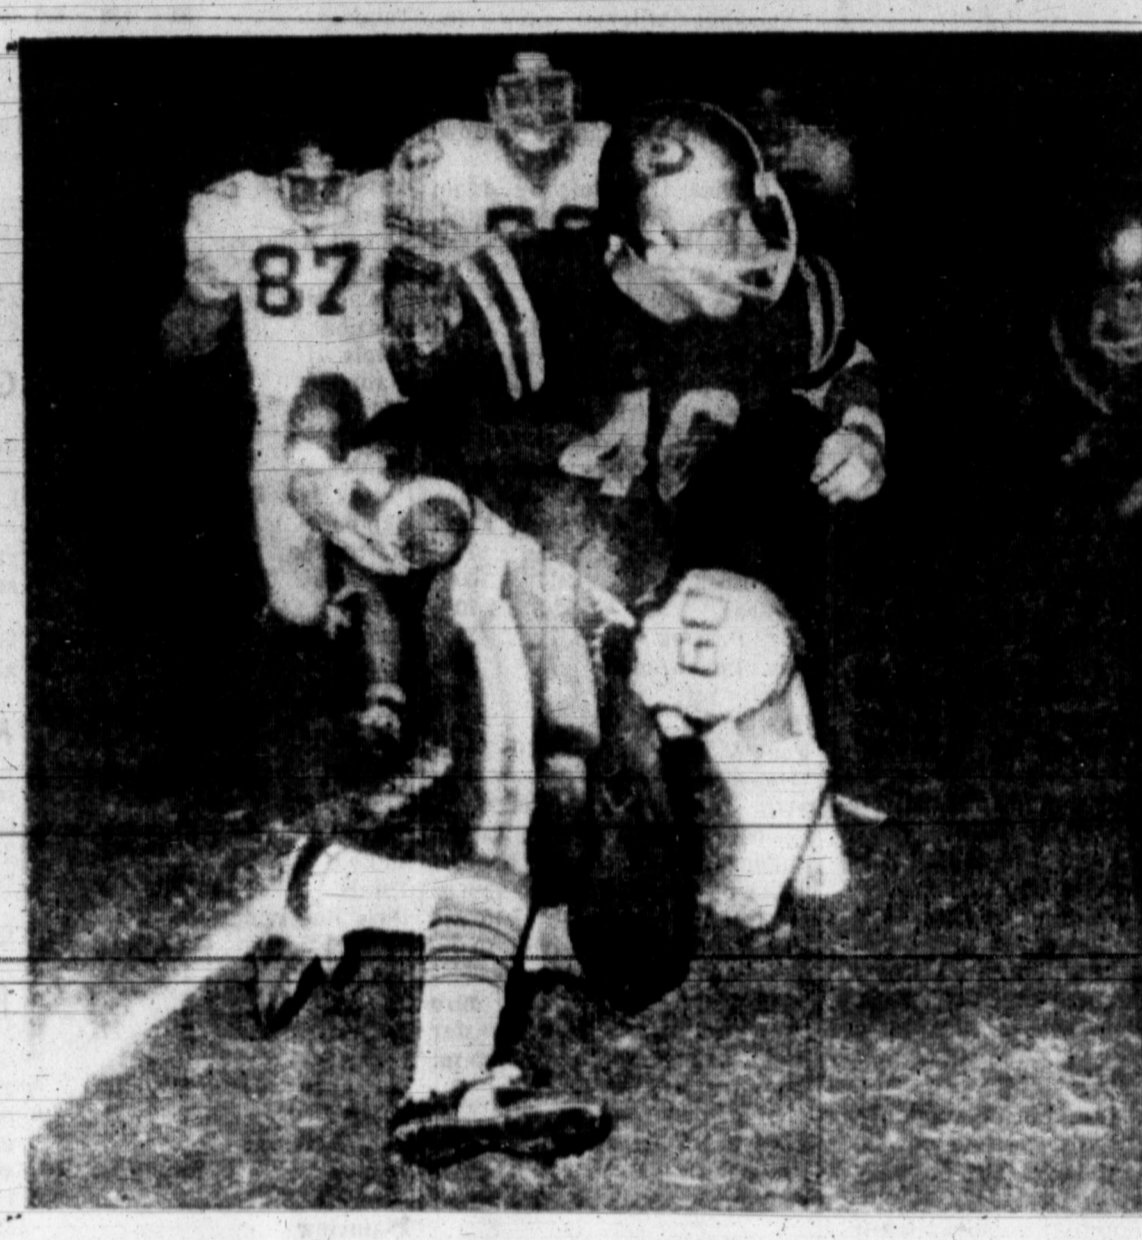

## Washington Scores Upset Victory Over Ohio St., 38-22

COLUMBUS (UPI) — Don Moore, a hard-running halfback from Tacoma, ran circles around Ohio State Saturday to lead the Washington Huskies to a 38-22 inter-sectional football upset before 80,241 fans.

Moore, a 5-9, 205-pounder, scored two touchdowns and set up a couple of others with his dazzling runs. He gained 221 yards in 30 carries in one of the finest individual performances in the huge Ohio Stadium in several years.

Temmate Jeff Jordan, a 210-lb fullback, scored three times for the Huskies, who went into the game as a two-touchdown underdog. It was Washington's second win of the season after being upset a week ago by the Air Force while the Buckeyes are 1-1 after edging Texas Christian in their opener.

Washington ran up a 21-0 lead over Ohio in the first half and

TOUCHDOWN BOUND — Pampa's Gary McCarrell is about to break loose for a 48-yard touchdown run as Plainview's Richard Watson, on ground; tries to make the tackle. Behind McCarrell is Richard Walker who couldn't make the stop either. Pampa won, 34-20. (See story, other picture, page 10.)

## Falcons Upset Middies, 15-7

AIR FORCE ACADEMY, Colo. (UPI) — Dick Hall kicked three field goals, one from 48 yards, and Sonny Litz passed for a touchdown as the Air Force Academy upset Navy 15-7 Saturday for their first interservice win over the Middies.

A record crowd of 46,801 packed Falcon Stadium to watch Hall boom field goals from 39, 29, and 48 yards.

Quarterback Litz flipped a 28-yard scoring pass to end Jim Schultz in the third period. It was the first service game played in the Rocky Mountains and the win evened the all-time series at 1-1. Navy beat Air Force 35-3 in 1960.

The Middies only score came on a first period 76-yard drive, highlighted by Terry Murray's 73-yard run. Murray plunged for the score from the 1-yard line.

Litz passed for a touchdown last week in the Falcon's 10-0 upset win over Washington.

Navy was handicapped offensively with starting quarterback John Cartwright, sidelined with rib injuries, suffered in last week's 21-3 loss to Southern Methodist. His replacement, Phil Bassi, was harassed by the Falcon line, spearheaded by a 6-4, 233-pound junior tackle Larry Cole. Cole recovered two first-period fumbles and partially blocked a Navy punt which led to Air Force's first field goal.

Navy's first half touchdown was set up by an interception by defensive halfback Bernie DeGeorge. He picked off a Litz pass at Navy's 8 after Cole recovered a Middie fumble on the 31. On Navy's first play, Murray, burst up the middle and raced 73 yards to the Air Force 3. Four plays later Murray plunged for the touchdown.

Hall, who was recruited before this season by Coach Ben Martin from the intra-mural ranks, kicked his first field goal after Cole partially deflected a Navy punt.

## Quarterbacks Meet Tuesday

The Pampa Quarterback club will hold their weekly meeting at 7:30 p.m. Tuesday.

Meetings are held in the high school cafeteria and the public is invited to come and join the club.

The film of Pampa's exciting 34-20 win over Plainview Friday night will be the feature of this week's meeting plus scout reports on Palo Duro, Pampa's next foe.

## Baylor Uses Ground Game To Subdue Cougars, 20-14

SPOKANE, Wash. (UPI) — Southall pass to George Chesire and sophomore halfback John Westbrook's 12-yard run.

Fullback Ted Gerela scored for Washington State on a one-yard plunge in the third period. Halfback Ammon McWashington put the Cougars within striking distance when he ran back the kickoff after Baylor's third touchdown for a score from his own five in the last minutes of the final period.

Baylor began its first touchdown drive on the final play of the first period after WSU's Jim Engstrom punted into the end zone.

Baylor also scored on a

A MUSEUM PIECE tractor, still in working condition, will be the focal point of the "pop art" Agriculture Show at the 1966 State Fair of Texas, Oct. 8-23 at Dallas. Owned by Hal S. Smith of Cresson, who collects and restores ancient farm equipment as a hobby, the one-cylinder tractor was manufactured around 1885. More than merely a field machine, it could also be used to power sawmills, cotton gins and threshers.

### Agriculturally Speaking

**By FOSTER WHALEY**

Most of the 1966-67 wheat crop has now been planted. The Gray County Wheat Allotment is near 100,000 acres. We seriously doubt this many acres have been planted. Much of the wheat is up to excellent stands. It will not require a great deal of moisture to make excellent wheat pasture.

Raymond Maddox, Farmer and Rancher, south of Pampa and Jerry Harland, Assistant County Agent, will attend a meeting at Plainview Monday, Oct. 3, concerning the inspection of cattle in this area for Scabies. I am told that all cattle in a 38 county area in the Panhandle, South and Rolling Plains Area are to be inspected. Presently eight counties in this area are under quarantine. The purpose is to get embargoes lifted in California and Colorado against Texas Cattle. The only area in Texas known to, have Scabies is in this 38 county area. There are to be teams working in eight counties simultaneously. A team will be composed of a representative of the Texas Animal Health Commission and a representative of the Disease Eradication Branch of the USDA. Scabies is a relatively easy thing to control. Two dippings at 10-14 day intervals are required. The infection is caused by a microscopic sized mite. More on this later.

**Grazing Diverted Acre Wheat**

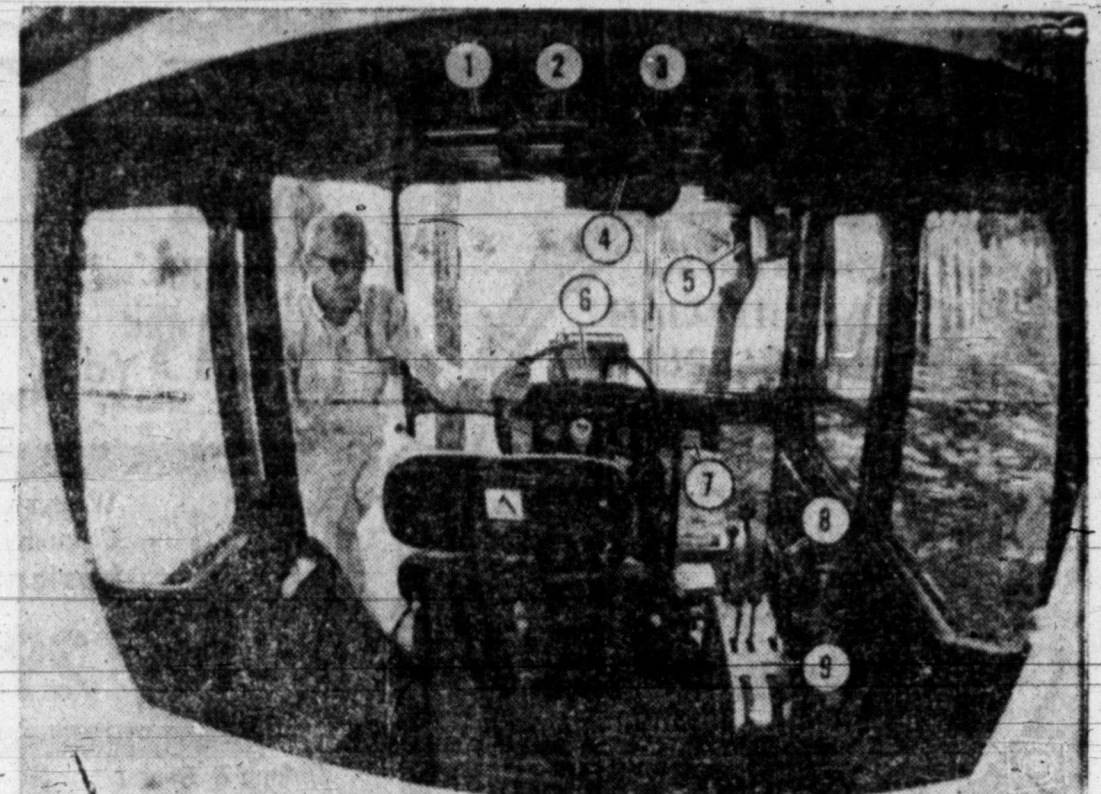

Don't overlook the fact that you can graze wheat planted on diverted acres before the usual November 1 deadline. However, you must get prior approval and it will cost a slight fee.

The County Committee has set a fee of \$1.20 per acre per month. Because we were earlier declared to be in a drought disaster area, an exception can be made. The drought status will end on Nov. 1. The date grazing is permitted as usual. Let's see just how important this can be to the most of our 350 farmers in the county. Suppose you have a 50 acre field of wheat planted on diverted acres, on Oct. 15 you get a good rain and by Oct. 21 you have excellent wheat pasture. Your diverted acres are in the middle of the field and a lot of extra electric fencing would be required. Maybe even some water hauling would be required. You could pay a fee on the 50 acres and turn in on all of it. The cost would be approximately four cents per acre, per day. This would mean you could pay about \$20 and turn in on your wheat without electric fencing or water hauling on Oct. 21.

During the past several weeks the big down-state and Gulf area newspapers have launched an all-out attack to get something moving on the local level to stop the pollution of our fresh water sources.

Those who have attended most of the hearings held on the Texas Water Plan by the Water Development Board have been amazed at the vast knowledge of water in Texas, acquired by Joe G. Moore Jr., the executive director of the Board.

At the Sept. 6 hearing in Lubbock, Joe Moore Jr. gave West Texans some timely advice. We are quoting the following remarks of his that were made on behalf of the Water Development Board. "We suggest that you conserve existing surface and ground-water supplies through elimination of waste, utilization of improved irrigation methods, improved plant stains, playa lake modifications and consideration of ground water controls at the local level. The Texas Water Development Board will support its fullest technical, administrative and financial capability any efforts of West Texans to an improving technology to the conservation and wise use of available water supplies. When faced with an impending

FUTURE FARMERS may feel something like jet pilots at the wheels of their tractors as farm equipment takes on increasing sophistication. The interior of a demonstration model futuristic tractor unveiled by Allis-Chalmers at Milwaukee, Wis., includes: 1) two-way citizens' band radio; 2) stereo tape player; 3) AM-FM radio; 4) cab air-pressure blower; 5) closed-circuit television camera; 6) television receiver; 7) electronic seed planting indicator; 8) air-conditioner and 9) tractor operating controls. Cab also is upholstered and carpeted.

## Panhandle Water Conservation News

**By FELIX W. RYALS**

During the past week the Texas Railroad Commission issued a news release scheduling a "no-unlined salt water pit" hearing for Dec. 6. The December 6 hearing has been called to hear why the Railroad Commission should not issue a statewide order banning the further use of unlined surface pits for the disposal of brine produced from oil and gas.

Gray, Carson, and Wheeler Counties have been under a "no-unlined salt water pit" order since July 1, 1962. Most of the oil and gas producers complied with the order by elimination of pits altogether or lining them. The sale water, commonly called oil field brine was then put back through injection wells to formations below the fresh water reservoir. The Railroad Commission extended the no-pit order on Nov. 1, 1963 to include Armstrong, Donley and Roberts Counties.

There are instances where the Railroad Commission has issued exceptions to the no-pit order. These exceptions were issued to permit the emptying of not more than one barrel of salt water (brine) in a pit each day. Several operators have abused this "one-barrel per pit exception" by dumping larger quantities into the unlined pits.

The Democrats and Republicans held their state conventions last week. Both parties adopted resolutions asking for more stringent action against water pollution. Both parties also back implementation of the Texas Water Plan. They will also support Constitutional Amendment No. 11, which increases the Texas Water Development Fund from 2 hundred million dollars to 4 hundred million dollars in order to provide an equitable means for reserving adequate supplies of surface water for municipal, industrial, agricultural and other

### Screwworms Cause Threat To Program

**By FELIX W. RYALS**

UVALDE, Tex. (UPI) — Dolph Briscoe Jr., chairman of the state screwworm eradication program, said today that 19 cases of screwworms were reported Sunday and Monday and the eradication program is in danger.

"This is the greatest threat to the eradication program in February, 1964," he said.

Dr. Marion Meadows, veterinarian in charge of field operations at the screwworm eradication plant at Mission, said there had been 48 confirmed cases the past week.

### Ranchers To Get Acquainted With Fancy French Beef

**By FELIX W. RYALS**

PARIS (UPI) — A group of 30 Texas ranchers have an opportunity today to get acquainted with the "Charolais" steer which produces France's most famed beef.

The group, which arrived here from Switzerland Tuesday, will make an extensive tour of the Cuyper farm in Trappes, 400 miles west of Paris—where the steers are reared.

On Thursday, the group will split in three. One group will return to the United States, another will proceed to Venice in Italy and the third to Stockholm.

uses in the river basins of the Gulf.

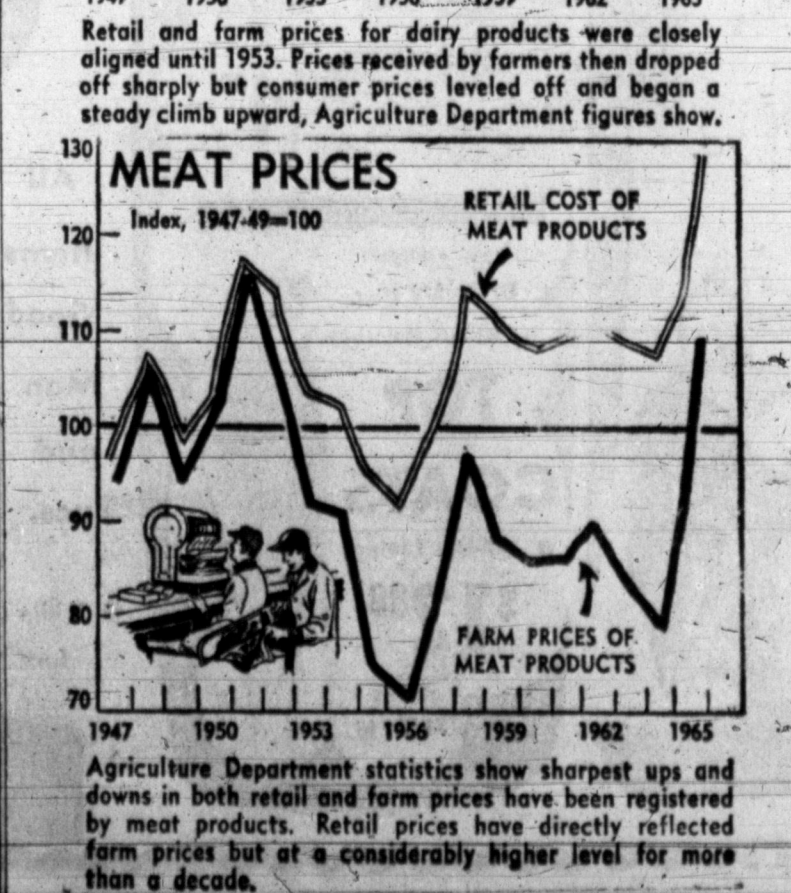

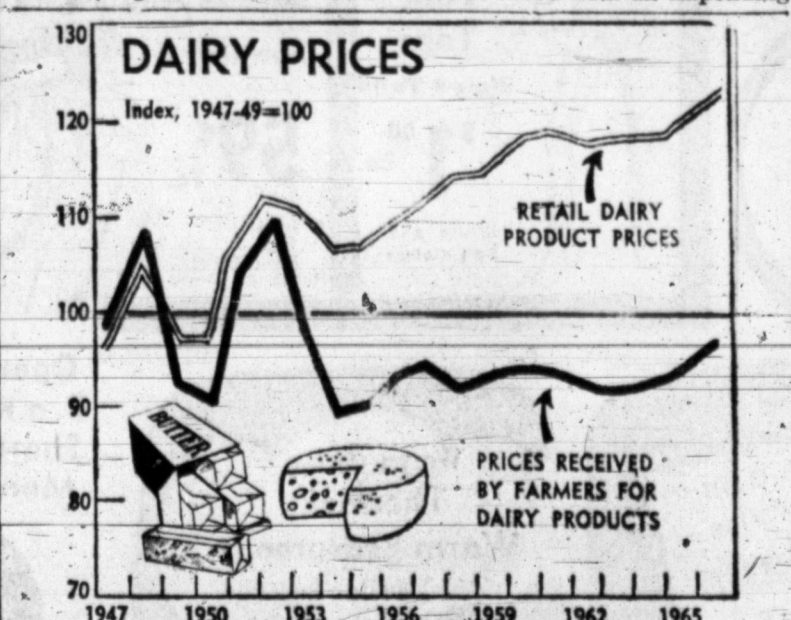

Population trends show that the drift to urban areas will continue at a great pace in most areas of Texas. This is going to compound the already difficult problem the cities are contending with.

West Texans attending the Texas Board of Water Development hearing in Lubbock on Sept. 6, were gratified to see such a large number of state legislators in attendance. Most of them did not hesitate to speak up for the West Texas and Panhandle area.

During the past several weeks the big down-state and Gulf area newspapers have launched an all-out attack to get something moving on the local level to stop the pollution of our fresh water sources.

Those who have attended most of the hearings held on the Texas Water Plan by the Water Development Board have been amazed at the vast knowledge of water in Texas, acquired by Joe G. Moore Jr., the executive director of the Board.

At the Sept. 6 hearing in Lubbock, Joe Moore Jr. gave West Texans some timely advice. We are quoting the following remarks of his that were made on behalf of the Water Development Board. "We suggest that you conserve existing surface and ground-water supplies through elimination of waste, utilization of improved irrigation methods, improved plant stains, playa lake modifications and consideration of ground water controls at the local level. The Texas Water Development Board will support its fullest technical, administrative and financial capability any efforts of West Texans to an improving technology to the conservation and wise use of available water supplies. When faced with an impending

## Carcass Data Invaluable Determining Beef Quality

**COLLEGE STATION** — Carcass traits are an additional tool that can be used in beef cattle selection along with production index, fat, chubbiness, weight per day of age and yield of closely trimmed boneless chuck, loin, rib and round. Form a production standpoint, a carcass should have a chilled carcass weight per day of age of at least 1.25 pounds for steer carcasses.

Purebred breeders are encouraged to cooperate with breed associations in their carcass evaluation programs. If this does not apply, the Extension Service will assist any producer, whether purebred or commercial, in obtaining carcass information.

Orts advises that one should never make a decision about an individual sire without having data from at least ten of the sire's offspring. Herds can also be evaluated in addition to sires.

hundredweight, fat thickness and fat thickness per hundredweight, quality grade, per cent ribeye area, ribeye area, carcass weight per day of age and yield of closely trimmed boneless chuck, loin, rib and round. The last attribute can either be actual cutout or estimated cutout using one of several formulas.

Orts says that in order to be considered desirable from a retail standpoint, a carcass should have a least 2.0 square inches of ribeye per hundredweight of carcass if eighteen months old or younger, have no more than .11 inches of fat covering over the ribeye per hundredweight of carcass, grade at least minimum choice, and yield at least 49 per cent of the carcass.

Beef carcass evaluation is not really a new procedure, as some breeders have been involved in some type of carcass evaluation for about 10 years. It involves a critical study of those attributes of the beef carcass which increase its retail value. The attributes are also genetically linked and therefore can be used as selection and breeding criteria, says the specialist.

The carcass characteristics which are normally studied are ribeye area and ribeye area per

### City Folk: Meet Farm Folk On

## Conservation Tour

SEVENTY PAMPA businessmen piled into two chartered buses and "went farming" Thursday afternoon and 70 returned to town better informed regarding extensive water and soil conservation practices in Gray County. At least the opportunity was available to become better informed through the excellent planning arrangements of the Gray County Soil Conservation District and the Agriculture Committee of the Pampa Chamber of Commerce.

— ★ —

THE CITY FOLK were introduced to crops new to the Top O' Texas area . . . among them soy beans and cotton. They were made familiar with various methods of irrigation . . . shown the differences in dryland and irrigation farming . . . the value of terracing soil to hold the rain where it falls on the land. They were told there are approximately 300 irrigation wells now in operation with 30 or 40 more to be added this year . . . and, as importantly, the businessmen learned that nowadays it takes more than a mule and a plow to make farming productive and lucrative.

— ★ —

THEY LEARNED the \$1 million industry in Gray County is produced by approximately 300 farming families.

★

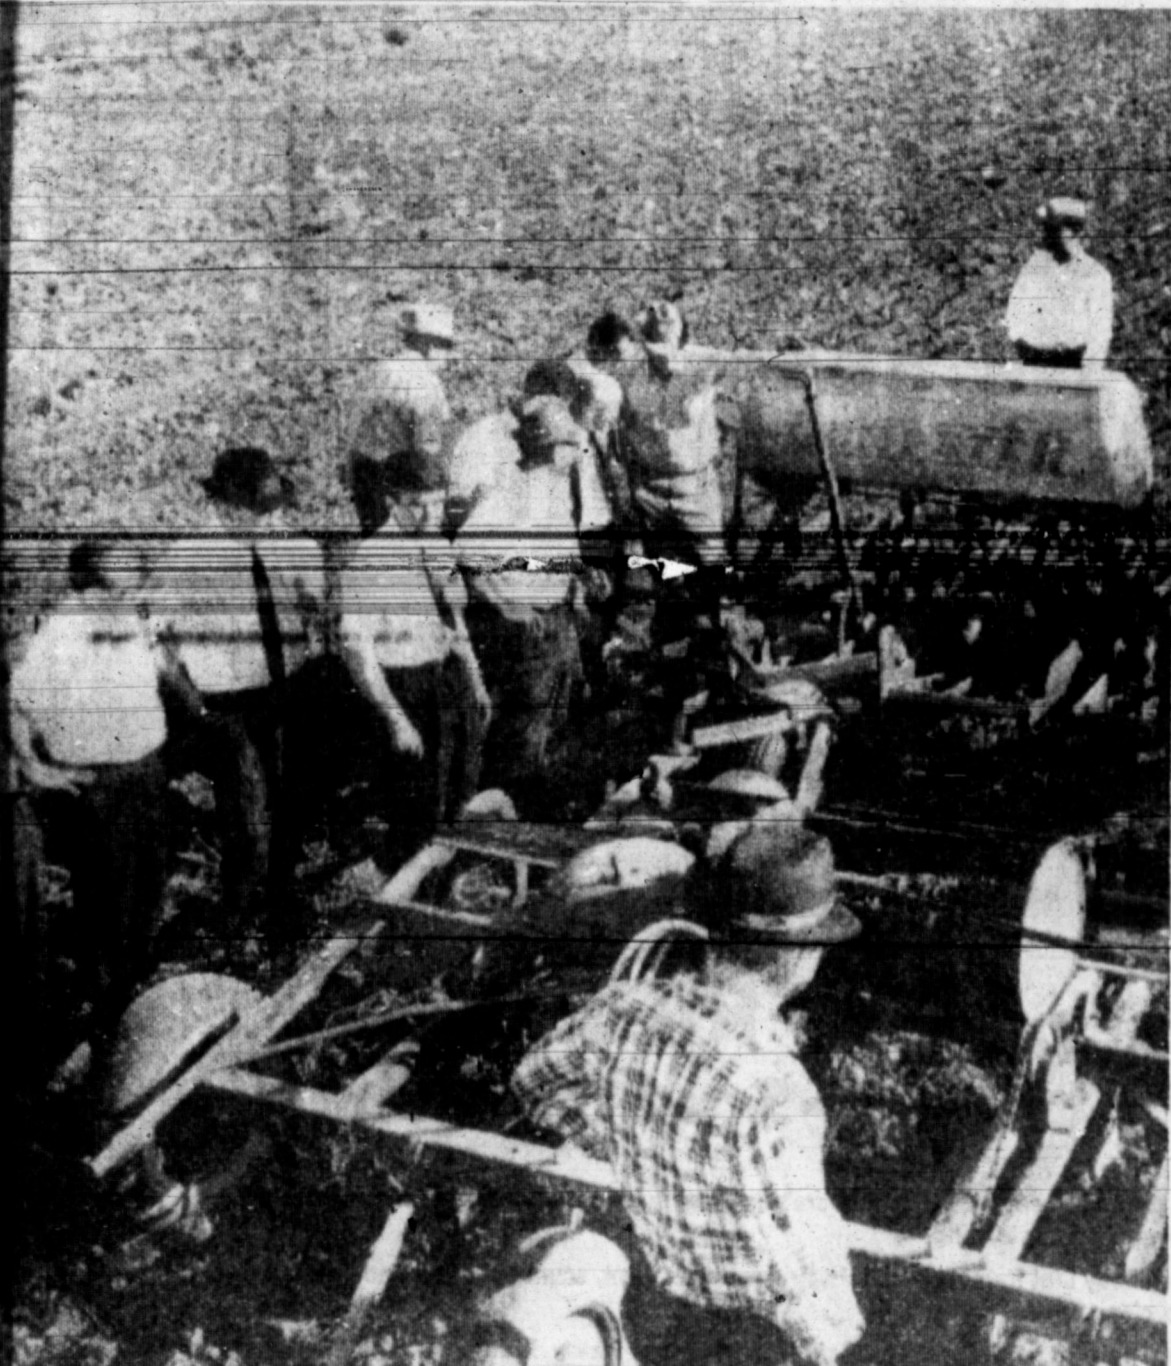

THE 70-mile three-hour look at water and land conservation practiced in Gray County was under the direction of Lynn McDaniel of the Soil Conservation office; Van Mills, range conservationist; Paul Appleton, conservation technician; Foster Whaley, Gray County agent; Jerry Harlan, assistant county agent; Curtis Schaffer, Milton Carpenter, Robert Sailor, J. D. Skaggs and the Agriculture Committee of the Pampa Chamber of Commerce.

Text, Doris E. Wilson, Staff Writer

Photos, Ken Leach, News Photographer

FARMERS AT HEART, from the left, Bill Power, John Gikas, H. V. Wilks, Bill McComas, and real-life farmer Bob Price, find the grain sorghum on the Robert and Artie Shaw farm "headed out good and ready for harvest in about two weeks." The lush-colored, double-row faize is irrigated by underground pipe that delivers water to aboveground gated-pipe.

DOUBLE DUTY Pampa businessmen take a close look at a tillage implement used by John L. B. Johnson, which enables him to plow and plant his 1600 acres mostly by himself. The 108 horsepower implement draws two sets of rod weeders and two sets of dempster drills, taking the place of two men and three standard-size tractors.

GETTING IN the mood for the farming tour, Chamber of Commerce E. O. "Red" Wedgeworth tucks a sprig of blooming alfalfa in his hatband following an inspection of the alfalfa field at the farm of Abe Lewis.

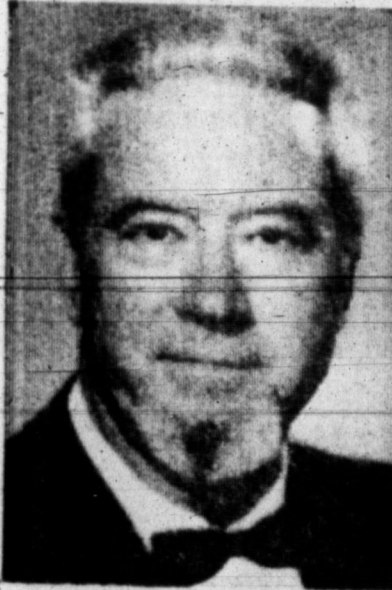

TAKING A LOOK at an irrigation pump that enables Gray County farmers to grow crops new to the Top o' Texas area and iam, and Milton Carpenter, president of the Soil Conservation District. The pump, on the D. W. Swain farm, brings water from an average depth of 300 feet to the top of the ground where it is pumped through perforated or gated pipes into the fields.

All-Out! . . . for a closer look at farming operations on the John L. B. Johnson farm.

## Dr. Bright To Be Treble Clef Club Guest Speaker

Dr. Houston Bright  
... lecturer

The Treble Clef Club is to be honored by a lecture from a distinguished West Texas State University professor, Dr. Houston Bright, who will speak on the subject of composing.

This meeting is scheduled at 7:45 p.m., Thursday in the home of Mrs. Irl Smith, 1008 N. Somerville.

Dr. Bright was selected for an Excellence Award of 1966 for his outstanding accomplishments in the classroom, as the director of the University Choral and as a composer with four pieces of choral music published in the past year.

**DODD-CAMPBELL**—The engagement and approaching marriage of Miss Tommie Jean Dodd and Ronnie Campbell is announced by Mr. and Mrs. W. A. Dodd of 2123 Williston, parents of the bride-elect. Vows will be pronounced at 8 p.m., Oct. 27, in Mary Ellen and Harvester Church of Christ. The prospective bridegroom is the son of Mr. and Mrs. J. S. Campbell of 720 E. 16th St. Both Miss Dodd and Mr. Campbell are 1965 graduates of Pampa High School.

## Mrs. Koetting Is Honored at Tea

**GROOM (Spl)**—Mrs. Herman Koetting was honored with a "Get-Acquainted Tea" at the home of Mrs. Alfred Homer recently.

Guests were registered by Miss Rita Homer and Miss Ruth Homer played organ music dur-

**KEAGY - FIEDLER**—Mr. and Mrs. Robert A. Keagy, 1807 Evergreen, announce the engagement and approaching marriage of their daughter, Jean Elizabeth, to James R. Fiedler, son of Mr. and Mrs. Kenneth H. Fiedler of Tell City, Ind. The wedding will be solemnized Nov. 26 in First Methodist Church. The bride-elect attended Southwestern State College, Weatherford, Okla., and North Texas State University where she was a member of Sigma Kappa Sorority. Mr. Fiedler is a graduate of Purdue University where he was a member of Phi Delta Tau.

## District Nine Conference of B&PW Clubs To Be Conducted in Plainview

Representatives from Business and Professional Women's Clubs in Amarillo, Borger, Brownfield, Dumas, Lockney, Lubbock, Pampa, Panhandle, Perryton, Plainview, Shamrock and Spearman will participate in the annual District Nine conference to be held at the Estacado Junior High School in Plainview Oct. 8 and 9.

This is one of a series of conferences being held over the state this fall to facilitate leadership training and to familiarize members with the various areas in which they can participate to elevate the status of women engaged in business and in the professions.

Registration for the Plainview meet will begin at 1:30 p.m. with a president's meeting scheduled at 3 p.m. and a tea at 3:30 p.m.

Mrs. Estelle Partee, El Paso, first vice president of the State Federation will be the state representative and will deliver the keynote address at a Saturday evening banquet. Mrs. Partee is head of the accounting department of the Tri-State Broadcasting Co., Inc., of El Paso and serves on the board of directors of the Aerial Tramway Co., Inc. She has been an active member in the El Paso club since 1951, and has worked in the state federation, being treasurer for two years, second vice president, and now serving as first vice president.

Sunday's agenda includes a breakfast at 7:30 a.m. under the direction of Mrs. Jan Mize of Lockney. Workshops on Personal Development, Civic Participation, World Affairs, Legislation, Public Relations and Finance and Membership will be presented to the membership agent's office for Hale County, under the leadership of Miss Doris Hoke of Plainview.

Miss Jo Ann Clements of Plainview, district director, will preside over the business meeting at which time officials for the year 1967-68 will be elected. Miss Clements, director of District Nine has served the B&PW in numerous capacities. A past-president of the Plainview Club she has served as parliamentarian, corresponding secretary, second vice president and first vice president. On the district level she has been conference chairman and a member of the state nominating committee. Miss Clements is a graduate of the Plainview High School and has been employed for several years in the county agents office for Hale County. Miss Clements is a member of the First Methodist Church and an active member of the Iva Wheeler Guild. She serves as

ing the receiving hours. Others assisting with the houseparty were Miss Marie Bohr and Mmes. Bill Bohr, Joe Paul Koetting, Martin Bailey and Mike Homer. 1 Receiving guests were Mrs. Alfred Homer, Mrs. Herman Koetting, the honoree, and her mother, Mrs. Jack Thomas of Crowell, and Mrs. Henry Koetting.

**JAHNS - STEPHENS**—Miss Carol Jane Jahns of Fort Worth and Larry Dale Stephens, serving with the U.S. Marine Corps at Beaufort, S. C., will exchange wedding vows at 7:30 p.m., Dec. 17, in Matthew's Memorial Methodist Church of Fort Worth. The bride-elect is the daughter of Mrs. John Charles Jahns of Fort Worth and the late Mr. Jahns. The prospective bridegroom is the son of Mr. and Mrs. Joe B. Stephens Sr., of 1222 N. Russell. Miss Jahns is a senior at TCU where she is a member of Delta Gamma. Mr. Stephens attended Texas Technological College where he was a member of Delta Sigma Po.

organist for a Sunday School class and for the Plainview Noon Optimist Club.

Other conference officers are Miss Evelyn Vineyard, conference chairman and Miss Lyce Kermickle, co-chairman; Mrs. Pauline Doan of Amarillo, secretary; Mrs. Dorothy Evans of Lubbock, parliamentarian, and Miss Vaneta Cross of Plainview, treasurer.

Others who will help are Miss Lucile Hughes of Dumas, resolutions committee, Miss Nell Adams of Shamrock, credentials committee; Miss Floye McDonald of Lubbock, tellers, and timekeeper, Mrs. Shirley Parker of Brownfield.

Local committee charmen are registration, Miss Mura Hays; tea, Mrs. Lillian Collins; president's meeting, Mrs. Helen Pemberton; banquet, Mrs. Ina Thofnton; publicity, Miss Mildred Tucker; corsage and motel rooms, Mrs. Gena Limer; hall decorations, Mrs. Dena Casey; photographer, Miss Doris Hoke; budget, Miss Vaneta Cross; kits and door prizes, Miss Fannie Mae Green; breakfast, Mrs. Elizabeth Riley; Sunday morning coffee, Mrs. Merele Brotherton, and hospitality, Mrs. Mamie Holloway and Mrs. Ruby Curry.

Daily News Staff Photo

**TC PRESIDENT'S COFFEE**—Presidents of the five Twentieth Century Clubs in Pampa were honored at the Annual TC President's Coffee Tuesday morning in Lovett Memorial Library Auditorium. Hostess club for the event was Twentieth Century Culture Club with Mrs. Rufe Jordan serving as general chairman. A patriotic theme was carried out in room decorations and table appointments.

Cameron Marsh, guest speaker, gave a talk entitled "The British Are Coming." Presidents honored and the clubs which they lead were, left to right, Mrs. R. A. Johnson, Allegro; Mrs. Jim Chase, Culture; Mrs. J. R. Holloway, representing Mrs. Donald S. Hauck, Forum; Mrs. Bob Andis, Twentieth Century, and Mrs. Don Morrison, Cotillion.

## KKI Conclave Fetes Guests at Ice Cream Social

Gamma Conclave of Kappa Kappa Iota entertained their husbands and children and other special guests at an ice cream social recently in Central Park.

Serving as hostesses for the event were Miss Alma Wilson, Mrs. Homer Bowers, Mrs. Willa McDaniel, Mrs. Otto Mangold and Mrs. Truett Ross.

Members and their families attending included Messrs. and Mmes. W. L. Parker, Hugh Sanders, and Stacie and Stan, Dan Johnson and Susan and David, Roy Sparkman and Carol, C. W. Stowell, Roy McMillen, J. E. Gunn, Houston Price, Wendell Watson, D. V. Biggers, L. B. Penick, Charles Meech, J. R. Poston; Mr. Homer Bowers, Mr. Otto Mangold and Cassandra, and Mmes. James Poole, Truett Ross, Marjorie Gaut, Herbert Coker, Blance Cobb, D. L. Mackie and G. M. Walls.

Special guests welcomed were Mrs. C. L. Cross, Mrs. Joe Davis, Mrs. Jim Goff, Mr. and Mrs. Price Smith and Mr. and Mrs. D. Z. Nienstel.

The conclave will meet next at 7 p.m., Oct. 24, in City Club Room.

# Pryor-Crinklaw Vows Are Pledged

Mrs. James Gordon Crinklaw Jr. and Miss Karen Allen Pryor

Floor baskets bearing arrangements of white gladioli appointed First Christian Church for the wedding ceremony yesterday afternoon at 4 o'clock uniting Miss Karen Allen Pryor and James Gordon Crinklaw Jr.

Parents of the couple are Mr. and Mrs. E. C. Pryor Sr., southeast of the city, and Mr. and Mrs. J. G. Crinklaw Sr. of 110 N. Gillespie.

Rev. J. W. Duke officiated the double-ring ceremony. Jerry P. Whitted, organist, presented nuptial selections which included "Thanks Be To Thee" by Handel, "Suite Gothique" by L. Boellman's "Rigaudon" by Campra, "Solemn Melody" by Davis and "Trumpet Voluntary" by Purcell.

Decorated in the altar and given in marriage by her father, the bride wore a formal gown of ivory slipper satin featuring an empire waist accented by a narrow bias band, topped with a short fitted long-sleeved jacket fastened at the back closing with miniature covered buttons. A band of small white flowers held her bouffant veil of ivory tulle. Carrying out the tradition of something old, new, borrowed and blue she carried a handkerchief belonging to her great-grandmother, wore a necklace which was a gift from the bride-

sories and the corsage lifted from her bridal bouquet.

The bride, a 1963 graduate of Pampa High School, was employed at the First National Bank before her marriage. Mr. Crinklaw, a 1962 graduate of Pampa High School, attended Frank Phillips Junior College. He received a BA degree from West Texas State University last spring, where he was a member of Phi Delta Theta Fraternity. The bridegroom is now associated with Shell Oil Co. in Tulsa, Okla., where the newlyweds will make their home at 1410 E. 21st Place, Canterbury Courts, Apt. 19.

Out-of-town wedding guests included Mr. and Mrs. Randy Harrison of Dallas, Mrs. Wayne Ramwater of Ripley, W. Va., Edward C. Pryor Jr. of Bryan, brother of the bride, Miss Jo Fitch of Oklahoma City, Okla., sister of the bridegroom, Miss June LeCompte of Oklahoma City, Okla., and Mrs. A. T. Cobb of Leiors.

**PRE-NUPITAL EVENTS**

Pre-nuptial courtesies extended the bride included a miscellaneous shower given on Sept. 20, in First Christian Church Parlor. Hostesses for the event were Mrs. William S. Roberts, Miss Linda Holfield and Miss Doris Halley.

Mr. and Mrs. Crinklaw, parents of the bridegroom, honored members of the wedding party at a rehearsal dinner Friday evening, given in Cibola Room of Coronado Inn.

If evergreens are in the landscaping plan for the new home, October is a good month to plant them.

# Circle Officers Elected by Central Baptist Church Woman's Auxiliary

Central Baptist WMS met recently to elect circle officers and name each circle.

The Vada Waldron Circle met in the home of Mrs. J. P. Adams. Mrs. Nolan Cole was named circle chairman. Others elected were co-chairman, Mrs. L. O. Roenfelt; Bible study, Mrs. R. E. Warren Sr.; mission study, Mrs. Hal Brown; community mission, Mrs. Richard James; social and youth representative, Mrs. Laven Greer, with Mrs. Herman Grantham as assistant; prayer chairman, Mrs. J. P. Adams; program chairman, Mrs. Tony Maples; secretary-treasurer and publicity, Mrs. Kenneth Wyatt.

Other members of the circle are Mrs. R. F. Snow and Mrs. Bill Ellis. Mrs. Warren presented the prayer calendar and Mrs. James offered the opening prayer. Mrs. Cole closed the meeting. Eleven members were present.

Doris Douthit Circle met with Mrs. T. O. Upshaw with Mrs. Clinton Forbes presenting the prayer calendar and Mrs. Ralph Prock offering the opening prayer. Officers elected were co-chairman, Mrs. Maggie Deal; Bible study, Mrs. Ralph Brock; mission study, Mrs. Virgil Landreth; program, Mrs. Ed Wells with Mrs. Bobby Stout as assistant; prayer and stewardship, Mrs. Clenton Forbes; secretary-treasurer and publicity, Mrs. Don Turner; social and youth, Mrs. Ted Lewis with Mrs. Cathrein Osborn as assistant; community missions, Mrs. R. E. Warren Jr.

Mrs. R. C. Brown, president, dismissed the ten members present with prayer.

The Nina Lou Binfield Circle met with Mrs. N. R. Lowe. Officers elected were co-chairmen, Mrs. Jim Johnston; Bible, Mrs. B. J. Chance; mission, Mrs. L. B. Paden; community missions, Mrs. N. R. Lowe with Mrs. Bill Waggoner as assistant; stewardship and prayer, Mrs. Billy Diddle; prayer, Mrs. Lyndon Sanders; youth and social, Mrs. Sam Batteas; secretary-treasurer and publicity, Mrs. Jim Johnston; other members are Mmes. G. C. Stark, Eddy Livick and J. G. Hillen. Mrs. Glen Flemming, circle chairman, closed the meeting. Eight members were present.

The Lavonia Duck Circle met in the home of the chairman, Mrs. John McGuire with Mrs. C. G. Miller presenting the prayer calendar and offering the opening prayer.

Officers elected were co-chairman, Mrs. Ed Harris; mission, Mrs. David Johnson; mission study Bible, Mrs. Wayne Cobb; prayer and stewardship, Mrs. C. G. Miller; youth and social, Mrs. Bill Fulcher; program, Mrs. Charles Dykes; secretary-treasurer, Mrs. Dean Davis; publicity, Mrs. Donnie Chism; community mission, Mrs. Willie Jackson and Mrs. W. G. Gooding.

### WSCS Circles of First Methodist Church Meet in Homes of Members

Members of the Women's Society of Christian Service of the First Methodist Church met Wednesday to conclude studies from the 1966-67 program book "Dialogue and Design".

Circle One met with Mrs. W. L. Groves, 416 Powell. The study was led by Mrs. Richard Cooke with Mmes. W. L. Waggoner and Mrs. Bob Carmichael assisting. Fourteen members attended the meeting. Mrs. Coyle Ford will hostess the Oct. 5 meeting. Mrs. Hershil Wilkes will begin the study "Christian Being and Doing".

Sixteen members of Circle Two enjoyed a study "Space and the Christian" led by Mrs. Albert Kouri, assisted by Mrs. Carl Williams. Mrs. Ed Williams closed the program with prayer. The next meeting of Circle Two will be in the home

of Mrs. W. L. Campbell, east of Pampa.

Mrs. Carleton Nance led the study in Circle Three, with Mrs. John Hessey and Mrs. Ebon Warner participating. Thirteen members and a guest, Mrs. R. B. Collingsworth, were present. Mrs. W. R. Campbell, 1200 Mary Ellen, will hostess the Oct. 5 circle meeting.

Circle Four met in the home of Mrs. John Rankin. The Program "Across the Ocean" was directed by Mrs. Charles A. Duenkel, assisted by Mmes. Audra Cary, Lee HARRAH, J. C. McWilliams, R. D. Morris, C. D. Morris, C. J. Killgo. Mrs. Harry Vanderpool took the group on a guided "tour" of famous landmarks in London, telling about each and typing them in with British Methodism. Mrs. Duenkel will hostess the next meeting of Circle Four.

### Rebekahs Have First Meeting in New Lodge Hall

CANADIAN (Spl) — The Rebekah Lodge members held their first meeting in the new lodge hall Thursday night.

The highlight of the meeting was the impressive initiation ceremony for Mrs. Chester Wootton.

Mrs. Clara Blue, noble grand presided over the business session. Plans for the silver tea to be held were completed. Mrs. Ben Jordan is in charge of the arrangements.

Those attending were Mmes. Norma Wells, Geraldine Hopkins, Mabel Teas, Carrie Moreland, Laura Lee Dickinson, Lillie Reeves, Georgia Price, Maruine Howard, Lois Bryant, Martha Newton, Flo Johnson, Pauline Rivers, Beatrice Moon, Azzie Evans, Agnes Adams, Iva Lee Morgan, Belle Hughes, Ora Wilson, Esther Bentley, Rachel Kelley, Mamie Jordan, Clara Blue and Wootton.

### Anonymous Club Enjoys Luncheon Meet in Canadian

CANADIAN (Spl) — Mrs. Wiley Wright was hostess to the Anonymous Club Wednesday. The group lunched at the Vic Mon.

Guests present were Mmes. Harry Wilbur Jr., Logan Owens, Frank Shaller, Keith Rudy and Francis Hart of Matador.

Members attending were Mmes. E. S. F. Brainard, John Glenn and Wright.

Radiators at best are not the prettiest additions to a room. You can get the best decorative effects by painting these eyesores with the color used on the walls against which they stand, suggest the National Paint, Varnish and Lacquer Association.

### Newlyweds Will Study in Germany

Mrs. Richard S. Greenwood Jr., nee Miss Mary Louise Lawrence

At a 2:30 o'clock ceremony on Saturday afternoon, Sept. 16 in St. John's Methodist Church, Dedham, Mass., Miss Mary Louise Lawrence became the bride of Richard Stephen Greenwood Jr. He is the son of Mr. and Mrs. Richard Stephen Greenwood of Danvers, Mass. Dr. John C. Wingett of East Dennis, Mass., former minister of St. John's Church, performed the ceremony. He was assisted by the present minister, Rev. Douglas Chapin Smith. Robert Kelley was organist for the service.

The bride, daughter of Mr. and Mrs. Edgar G. Lawrence of Dedham, Mass., was given in marriage by her father. She wore an empire style gown of white silk organza with a pearl scroll embroidered bodice, elbow-length sleeves, and a removable court train.

She is the granddaughter of Mrs. W. H. Brunelle and the niece of Mr. and Mrs. J. L. Bain, all of 436 Hughes.

Her mantilla of illusion had rose patterned appliques and a scalloped edging of matching lace. She carried a cascade of

white daisies, stephanotis and ivy.

Mrs. Bruce Pekkala of Amherst, Mass., was the matron of honor, and bridesmaids were Miss Sandra Dorfer of Somerville, Mass., cousin of the bridegroom, and Mrs. Grant Rudniki of Worcester, Mass.

Robert Briggs of Middleboro, Mass., served as best man and sharing usher duties with the bride's brother, Edgar G. Lawrence II, of Albuquerque, N.M., were Robert Dallesandro of New York City and Kenneth Ireland of Belfast, Ireland.

A reception followed at the home of the bride's parents.

Out of town guests at the wedding included Mrs. W. H. Brunelle of Pampa, Mrs. E. J. Schaffer of Colorado Springs, Colo.; John Lawrence of St. Louis, Mo.; Mrs. Ilse Gmelin of Hamburg, Germany, Miss Joan Brosius of Washington, D. C., Mr. and Mrs. William Michael Hoffman of Amherst, Mass., Miss Dee

Schelling of Albuquerque, N.M., and Miss Nancy Hewitt of Sacramento, Calif.

Mrs. Greenwood Jr. is a graduate of Dedham High School and of Smith College. Her husband graduated from Boston College High School and Fordham University, Mr. and Mrs. Greenwood are working toward their Ph.D. Degrees at the Four College program of the University of Amherst. They sailed Sept. 13 on the North German Lloyd liner, T. S. Bremen for study at the University of Freiburg, Germany.

The animals are coming with a pow, sowie and zoom, says Women's Wear Daily. One example: Jacques Kaplan's idea — covering a girl from head to toe with fur. The look features, among other things, lion's manes, shaggy shoulders, shaggy legs, shaggy all over. And the feet? Why they're covered with black Indian broadtail booties.

### Elizabeth Class Names Officers

Food and fellowship was enjoyed in the home of Mrs. Adie Lee Johnson, 811 Foster, Wednesday afternoon when the Elizabeth Class of Central Baptist met for covered-dish luncheon.

After eating and visiting, Mrs. Jess Hulsey brought a devotion entitled "Great Men of God," pointing out that great men of God walked by faith not by feelings. Mrs. Ethel Gower led the class in prayer.

Class officers selected to serve for the coming church year are Mrs. Jess Hulsey, president; Mrs. E. A. Baldwin, vice president; Mrs. Kate Thomas, secretary; Mrs. J. H. Jackson, assistant secretary; Mrs. C. L. Meadows, treasurer; Mrs. Marvel Rake, assistant treasurer; and Mrs. J. H. Anderson, Mrs. H. L. Crump, Mrs. Marvel Rake and Mrs. Bertha Husa, group captains.

Gifts were presented to Mrs. Pearl Hagemann, teacher and Mrs. Jess Hulsey, president. Names were drawn for secret pals.

Miss Sherrie Shaffer was welcomed as a guest.

The class voted to hold meetings on the second Tuesday of each month.

### 'Outstanding Chairman Awards' Are Received by Pampa Jaycee-Ettes

The Pampa Jaycee-Ettes held their regular business meeting in the Reddi Room at the Southwestern Public Service Bldg.

Tickets were distributed for the doll wardrobe which will be given away at the Bazaar Nov. 19. It was reported that several clubs and many individuals have notified the Jaycee-Ettes that they will participate in the Bazaar.

The Jaycee-Ettes helped in the Muscular Dystrophy drive earlier this month and are now helping with United Fund.

Mrs. Jim Barton was elected parliamentarian, due to a resignation in that office. Mrs. Charles Vaughn was appointed telephone chairman.

The following "Outstanding Chairman Awards" were presented by president, Mrs. John Warner: For the month of April, Mrs. Ross Pool, chairman of the installation banquet; May, Mrs. James Weathered, chairman of concessions for Jaycee junior champ relays; June, Mrs. Bud McVicker, chairman of the Community Fair; July, Mrs. A. J. Carubbi Jr., chairman for serving Senior Citizens; August, Mrs. Jess

Mathis, chairman for making posters for Jaycee donkey baseball game.

A special award was given to Mrs. Larry Wingert for her work as co-chairman of the Area I Summer Convention held in Pampa in June. A going-away gift was also presented to Mrs. Wingert, who is moving with her husband, to Brownsville.

Hostesses, Mrs. Jake Webb and Mrs. Wingert served refreshments to one guest, Mrs. Bennie McMullen, and members, Mmes. Jim Barton, Everett Blackwell, Nathan Lancaster, Bud McVicker, Jess Mathis, Gary Mills, Don Tinney, Charles Vaughn, John Warner, James Weathered, Jake Webb, Morris Wilson and Larry Wingert.

If nail polish is spilled on wooden furniture, wipe up immediately, being careful not to rub in. If the polish has dried, use a small amount of polish remover on a soft cloth, blotting off immediately. Then treat with a furniture wax.

### Hi-Land Christian Ladies Study Group Recently Organized

The Ladies Study Group of Hi-Land Christian Church had its first meeting in the church sanctuary Tuesday morning at 9:30 o'clock.

Mrs. Gene Segroves opened the meeting with prayer and presided over a short business meeting.

Mrs. Richard McDonald was chosen president; Mrs. Edwin East, vice president; Mrs. Sam Stone, secretary; Mrs. Carl Summers, devotional leader, and Mrs. Gene Segroves, teacher.

The group sang the hymn, "More About Jesus." A devotional entitled "Christian Hospitality" was given by Mrs. John Malloy, followed by prayer by Mrs. Stone.

Mrs. Segroves brought the lesson, "A Christian and His Bible," from the text "The Christian Life," which the group will be studying. This study will explore the various phases of Christian nurture and growth.

The meeting was closed with prayer. Nine members were present. The next meeting will be Oct. 11.

**Monthly News**

OCTOBER, 1966

**YOUR FEET ARE TRULY IMPORTANT**

Few people give any thought to their feet until they begin to be a problem. A recent survey disclosed that you are probably walking many more miles than you think.

**HOW MANY MILES DO YOU WALK DAILY?**

Dr. Scholl's Walk-Meters recorded the following:

- Housewife—8½ miles
- Sales Clerk—8 miles
- Policeman—14 miles
- Chorus Girl—7 miles
- Doctor—2½ miles
- Waiter—12½ miles
- Business Executive—1 mile
- Golfer—18 holes—8½ miles
- School Boy at play—15 miles
- Lady Shopper at Christmas—18 miles

No wonder some people have such tired feet.

**HOW TO HAVE HAPPIER FEET**

Try this for one week. Each night bathe them in luke warm water with a medicated, antiseptic foot soap to overcome the accumulated perspiration. Next run some cold water over your feet to increase circulation. Dry them and gently rub in a healing foot-balm that helps prevent future corns and callouses. The improvement will astonish you. Follow this plan at least one week in every month.

**WE HAVE MANY HELPFUL FOOT-AIDS**

We can guide your selection of good products. If you have any foot problems, which do not require a podiatrist or medical attention, visit us soon.

**Deadlines For Sunday Editions**

Deadline schedule for submitting articles to appear in the Women's Section of a Sunday edition of the Pampa Daily News follow:

Wedding Announcements — 12 noon Monday, at least one week before the wedding is solemnized. Forms are available at the Society desk.

Engagement Announcements — 12 noon Monday. Announcements accompanied with pictures are to be submitted at least six weeks prior to the wedding date and announcements without pictures submitted four weeks prior to wedding date. Forms are available at the Women's Dept.

25 and 50-year Anniversary Announcements — 12 noon Monday.

Club Reports, Birth Parties, Recitals and other articles — One day after the event occurs. Must be submitted not later than Thursday noon to appear in the next Sunday edition.

If the above deadlines are observed every effort will be made to publish articles designated for Sunday on that day. However space limitations may not always permit the publishing of all club reports, birthday parties, recitals and other such stories in a Sunday edition.

### Challenging Response to the Fact of Communism Program Heard by Club

Mrs. J. B. Townsend presented the program on "Challenging Response to the Fact of Communism" at the recent meeting of Civil Culture Club.

The club met Tuesday afternoon in Mrs. Townsend's home at 1202 E. Francis.

Mrs. Frank Grantham, president, led the business session which was opened with the pledges to the American and Texas flags. A report was given by Mrs. Emmett Osborne on the Federated Clubs of Pampa recurring advertisements for the "Texas Club Woman" and Mrs. A. B. Cross reported on plans for a rummage sale to be held Oct. 7 and 8. Those present voted not to have regular meeting on Oct. 11 since the troupe will attend the District All Board meeting at Perryton on that date.

In presenting the program, Mrs. Townsend said "These are confusing times. We need to inform ourselves and know about the happenings of the day. The largest portion of our people are ignorant of the basic fundamentals of decency, honesty and intelligence. We need to familiarize ourselves with the basic documents of our civilization, the Declaration of Independence and the Constitution of the U.S.A."

"The world is ours. Approach the task with boldness, hope and the joy of challenge in your hearts, but having a dedication to freedom and human dignity. May we be guided in teaching and living these beliefs as citizens of the greatest country on earth, America," the speaker concluded.

Mrs. L. F. Batson and Mrs. J. H. Reeves were welcomed as guests.

Members attending included Mmes. Irvin Cole, A. B. Cross, Frank Grantham, A. D. Hills, A. C. Houchin, George Neef, Emmett Osborne, C. F. Pennington, W. C. Scott, Katie Vincent and Chester Williams.

The next meeting of the club will be on Oct. 25 in the home of Mrs. H. W. Waters, 1445 N. Russell.

Sleepwear for women is going frankly feminine after the past few years of kinky fashions. Manufacturers are stressing gently gored long shifts in delicate colors with long icing.

### School Officials To Speak at First P-TA City Council Study Course

E. E. Shelhamer Dr. John Damron Eural Ramsey

... to speak at P-TA City Council study course

Dr. John D. Damron, E. E. Shelhamer and Eural Ramsey will speak at the Pampa P-TA City Council's study courses, which will be held Thursday morning from 9:30 until 11:30, in the Stephen F. Austin School auditorium. Mrs. Forrest Hills has announced the title of the first session will be "Understanding Your Local School District." The remaining five sessions will be held weekly at different schools.

Dr. John Damron, superintendent of Pampa Independent Schools, will speak on the division of school districts. Dr. Damron has been a teacher, principal and was recently named Educator of the Month by TSB Editorial Advisory Board. He is also a Mason, Rotarian and member of the First Baptist Church. Dr. Damron is married and has one son and one daughter. He has lived in Pampa since August.

E. E. Shelhamer will present a talk on the "Duties and Functions of the Board of Education." Mr. Shelhamer is president of the board of education, past president of the Rotary Club and was recently elected president of the Pampa Chamber of Commerce. He is married and has lived in Pampa for 30 years.

Following the coffee break, Eural Ramsey, coach of the Pampa Harvesters, will discuss the football program and its importance in the school curriculum. Mr. Ramsey played football at Texas Tech and also in the U.S. Air Force. He is a member of the First Baptist Church, Lions Club and Masonic Lodge. Mr. Ramsey is married, has two children and has resided in Pampa for eight years.

A nursery for pre-school children will be provided during the study courses. Mrs. James Moritz is study course chairman for Stephen F. Austin.

Each P-TA member who attends four or more sessions will receive a study course certificate.

### Officers Elected By Willing Worker Band

The Ladies Willing Worker Band of the Church of God held its monthly meeting Thursday evening in the Fellowship Hall of the church. The meeting was called to order by the president, Mrs. E. E. Willis.

A scripture reading was given by Mrs. T. C. Kitchens. "Know Only To Him" was sung by Mrs. Frank Johnson, accompanied by Mrs. Blake Laramore.

Mrs. Willis gave a summary of the years activities. Mrs. Laramore read the minutes of the previous meeting and the treasurer's report. The meeting was turned over to the pastor, Rev. Olin Wright, for the election of officers for the coming year.

Those elected were Mrs. Jerry Smith, president; Mrs. Tom Teague, vice president; Mrs. Frank Johnson, secretary-treasurer, and Mrs. E. E. Willis, reporter.

The meeting was adjourned by Mrs. Smith. Refreshments were served to Mmes. Olin Wright, Olin Harris, Earnest Berry, G. I. Riley, Blake Laramore, T. C. Kitchens, Shelby Ruff, Frank Johnson, Earnest Willis, Tom Teague, and Jerry Smith, M. V. Watkins, Roy Henderson, Rosa Bearden and Lou Gifford.

Soak a shag rug in lukewarm soap or detergent suds before laundering. Then wash it with clean suds in an automatic washer.

### O. D. Handleys Entertain Guests

SKELLYTOWN (Sp) — Mr. Ledbetter, Crede Smith, Edd Harmon, Charles Dowlearn and daughter Mollie, entertained recently with a cook out fish fry in their yard at the Skelly Schafer Camp.

Guests attending were Messrs. and Mmes. C. W. Mullins, Bill

### Looking Back on the Hottest Of Summer's Style-Setters

By WALTER LOGAN

The double breasted blazer developed into almost a uniform and was worn everywhere — Southampton and Palm Beach, traditional society playgrounds, have set the style in men's resort wear for years, largely because they are so rich and social they can lead instead of following.

So, with a farewell to summer — and a preview of resort fashions next winter and spring — here is a report on what was new, daring, different and pace setting from the exclusive Maidstone Club in Southampton to the improbable L'Oursin discotheque in Southampton.

The double breasted blazer developed into almost a uniform and was worn everywhere — Southampton and Palm Beach, traditional society playgrounds, have set the style in men's resort wear for years, largely because they are so rich and social they can lead instead of following.

Some blazers were in corduroy with epaulets but definitely not Mod and in silk. For cocktails and parties they were worn with collar and tie and for less formal occasions with white turtle neck sweaters or knitted shirts. There were a few Ascots, but many shirts were open at the throat.

The teen-agers were perhaps the most conservative on earth and they also were in blazers, mostly double breasted. There was hardly a trace of Mod and few if any of the very wide neckties seen increasingly on college campuses.

Only at the beach — where the California influence was strong — did the teen-agers break with conservatism. They wore surfers, flowered prints but mostly they wore cut down blue jeans. The Old Guard which still dresses for the beach wore coats, ties, white pants, black and white shoes and Rolls-Royces.

**Spectacular Colors**

Colors were the most Men strolling down the placid streets of East Hampton, where you can rent a house with 10 master bedrooms for \$15,000 for a three-month season, wore bright colored pastel trousers with a classic knit shirt or a long sleeve button down shirt. Many of the pastels were corduroy. There were lots of madras pants.

Everyone seemed to be in leather sandals although, as the day wore on, the shoe uniform seemed to change either to white moccasins or loafers and a most invariably without socks. The Old Guard was in whites (with socks) and two-tone shoes.

## Dear Abby.... Dad Is Shunning His Responsibility

**DEAR ABBY:** Our boys are 12 and 14, and I have been after my husband for nearly two years to tell them the facts of life. He says his father never told him anything. All he knows he picked up from his friends and he turned out O.K. Could my husband be right?

**DEAR MOM:** Possibly. It's all right for kids to learn the facts of life from other kids, as long as the other kids didn't pick them out of the gutter. Tell hubby either to provide the boys with some good books on the subject or offer to answer any and all questions. And he had better hurry, or it will be like giving fish a bath.

**DEAR ABBY:** Five years ago my mother passed away and dad was left alone and heartbroken at 63. Two years later he married a 58-year-old widow. He told us that he was marrying Celia for "companionship"—that nobody could ever take mamma's place. Well, here is a sample of the "companionship" he has had to far: In the winter, instead of accompanying dad to Palm Springs, Celia goes to Chicago to stay with her grandchildren so her daughter can go to Florida for two months with her husband.

In the summer, Celia goes to Duluth, Minn., with another daughter who stays there for the hay fever season.

When Celia is home with dad, she plays cards with the "girls" at least three days a week.

Dad is retired and has nothing to do, but he's too sweet to complain. Is this your idea of "companionship"? Any sugges-

tions will be appreciated.  
**HIS CONCERNED DAUGHTER**  
**DEAR DAUGHTER:** For all I know, your father and Celia may be seeing as much of each other as they wish. If your father isn't happy with what he bought, tell him to write to me.

**DEAR ABBY:** Is it ever proper, when in the company of a woman to ask, "Are they real?" To use an old phrase, "It's fun to be fooled, but it's more fun to know."

**LIKES FUN**  
**DEAR LIKES:** Pearls, yes: Everything else, no!

**DEAR ABBY:** Can you tell me in simple language how psychiatry helps a person? Far as I can see it only opens old wounds and makes matters worse.

**MAN OF FEW WORDS**  
**DEAR MAN:** Life is full of disappointments, personality conflicts, heartaches and frustrations, which call for one adjustment after another. People differ in their ability to adjust. By allowing troubled ones to discuss their emotions frankly, the reasons for their insecurity, guilt, frustrations and hostilities come to light and are frequently minimized. Sometimes just knowing that others have experienced the same emotion can bring blessed relief.

Troubled? Write to Abby, Box 69700, Los Angeles, Calif. 90069. For a personal reply, enclose a stamped, self-addressed envelope.

For Abby's booklet, "How to Have a Lovely Wedding," send \$1 to Abby, Box 69700, Los Angeles, Calif. 90069.

## Buying TV Remains Thoughtful Process

**By AILEEN SNODDY**  
**Newspaper Enterprise Assn.**  
There is more to buying a television set than arranging for the financing. In fact, price alone should never be the deciding point when purchasing a set. Prices can be confusing since they range from less than \$100 for a small-screen black-and-white set to more than \$2,000 for a home entertainment system that includes color television, stereo and tape cartridge player. Quality color television sets will range from \$400 to \$800 this year.

As a guide to a sounder approach to this home entertainment investment, design engineers for Packard Bell Electronics Corp. in Los Angeles give these tips:

—Compare the square inches of actual picture provided by the television screen. By Jan. 1 all manufacturers must specify television sizes according to the actual viewing area, rather than the size of the picture tube. This is a Federal Communications Commission requirement. For models made before that time, check actual square inches of viewing area.

—Ask about the voltages used on the picture tube. It determines the brightness and clarity of your picture. The higher the voltage, the better the picture. The set you buy should have at least 1,000 volts for each diagonal inch of viewing area. The present 25-inch set, for example, should have approximately 25,000 volts for a well-defined picture.

—Automatic color control and automatic noise inverter are important for good color reception. Preset fine tuning allows setting of the channel once and does away with constant fiddling with the set.

—Check noise level. Turn to an unused channel in your area. If there are little dots of snow, the ratio between noise and picture is good. If you see big snowflakes, the ratio is out of whack.

—Basic controls should be easy to reach.  
—Consider the furniture styling of a table model or a console. A television set now is a

functional part of a room's decor and should be bought with its appearance in mind.

—Check the cabinetry for craftsmanship. Is the styling attractive? Is the finish clean and rich? Do the appointments, such as grill cloth, blend with the rest of the set? Is the design something you can live with as a fine piece of furniture for a number of years?

—Don't let the electronics terminology confuse you. Transistors are smaller than tubes and permit use of printed circuits. This is a space-saver. Transistors cut down on heat and thus lengthen the life of parts. Solid state means the electronics are encapsulated within a solid device. A current battle in the industry is between the manufacturers of hand-wired sets and manufacturers of printed circuitry sets. The main problem has been the lack of servicemen trained to repair sets with printed circuits.

Since more servicemen are trained to do this, part of the problem is solved. Lab tests of the two types of wiring so far have not revealed any drastic difference in set quality (with all quality factors being equal) between them.

### Mrs. Moseley Hosts WSCS in Canadian

**CANADIAN (Spl)** — Mrs. P. D. Moseley was hostess to Circle II of First Methodist Church WSCS in her home Tuesday morning.

Mrs. Bob Lewis gave the devotional on "Prayer for Peace." Mrs. Russell Shaw gave the "Thought for the Day." Mrs. Charles Teas gave the program, "Design for Missions."

# MISS DEB

... answers questions about Junior Miss etiquette, grooming and interests.

Q. I saved my summer job money for some new fall clothes. Can you give me a few clues on the latest fall fashions?

A. Sure can! The A-line's the big line this year for dresses, skirts, jumpers, even wide-legged slacks. The straight-A-dress, the low-belted A-jumper, hip-hugging skirts and beel-bottom trousers add up to the A-plus look for fall. In dainty prints, vivid stripes and soild colors, they'll blend with last year's blouses and sweaters to put you on the right fashion track for back-to-school.

Q. My school purse from last year is holding together all right. But the leather is so dull and drab it looks prehistoric. How can I make it presentable for this year?

A. A little polishing will bring

it up to date! Whether it's a big shoulder bag or a little clutch, start by dusting it with dry tissues. Then go over the surface again with dampened tissues. Let dry. Next, using fresh tissues folded over three times in to pads, apply saddle soap or neutral shoe polish. Let it dry, and polish with fresh tissues. It will have a like-new shine — and the polishing helps water-proof leather purses too.

Q. This year, I have a desk of my own at home and I want to organize it the best possible way for studying. Can you suggest a plan?

A. Think spacious. A good desk lamp, a dictionary and plenty of pencils is all you need on top of your desk. Keep supplies in drawers and textbooks on shelves where you can reach them as you need them. Accessories you make yourself will help keep desk top and drawers organized all through the school year. A container made from a soup or soft drink can covered

## The 'Wet Look' on Campus

THE HEAD-TO-TOE sparkle of vinyl will be the coed's uniform this semester. All vinyl coat (left) has flap pockets and contrasting trim. Space-age hat offers unique protection in inclement weather and avant-garde styling any time. Boots in the new wet look come in white with blue and yellow patches or red and blue patches. Striking black and white vinyl coat (right) and matching shiny black boots and sport hat combine to complete this chic costume. Semihigh pull-on boots have thick pile lining. Vinyl coats from U.S. Rubber, boots are Eskilooos and hats are by Commodore.

By HELEN HENNESSY  
Women's Editor  
Newspaper Enterprise Assn.  
NEW YORK (NEA) — Coeds will shine this season — fashionably if not scholastically. They will be wearing vinyl in rain or fair weather and everywhere from sporting events to the Student Union.

chic... merely for inclement weather. And there are coats in stripes, prints, plaids and solids, daytime dresses and suits, slacks and jackets all styled for casual daytime wear.

Eskilooos, boots made of Royalon, a vinyl fabric that doesn't chip, scuff or crack, will dot the campus scene in red, black and white and in all lengths. And the total vinyl look will be topped off with hats from perky caps to large, floppy brims. Vinyl is "in" on campus from head to toe, rates top grades this semester in that special course—fashion.

Vinyl is no longer considered

### School and You

By SUSAN LIGHT  
Newspaper Enterprise Assn.  
DEAR MRS. LIGHT — Please discuss the following:  
Our school won't allow running on the playground during free time, recess, or lunch time although there is no playground equipment whatsoever. There are painted games on the asphalt, but these are covered by dirt of snow and slush a good part of the year.

ANSWER: All things considered, I imagine the teachers are crawling the walls with the children!  
I know from experience that 150 second graders on a well-equipped, supervised playground can have a high accident rate where they are permitted to run wild. Yet children do need this physical activity and the benefits are usually worth the risk.

Is it any wonder the students are "crawling the walls"? What can parents do to correct this situation?  
There are 1,000 students, grades 1 through 8.

In your case, however, I am certain that safety is the reason for the seemingly unreasonable rules. With a thousand children of assorted ages using the playground every day—even in shifts — the incidence of

—WORRIED MOTHER

### First Methodist WSCS Starting New Bible Study

WSCS of First Methodist Church will begin their Bible study Oct. 5. The study, "Christian Being and Doing," will cover the books of James and I Peter.

By focusing upon the words of two of the often neglected New Testament books, both written in times of crisis in church life, the study book seeks to arouse today's Christian to new depths of Christian conviction, new seriousness in Christian action.

The Book of James was written in a time of moral decline, when professions of faith were failing to find fulfillment in deeds of love. James deals directly with the false assumption that one can have faith without works, or be worthy of the name of "Christian" without a life of obedience.

James speaks of such contemporary problems as snobbery, malicious gossiping, money-madness, and weak resignation to society's ills, as well as such basic problems as the meaning of human suffering, the origin of evil, and the nature of Christian discipleship.

I Peter, which follows James in that grouping of New Testament books called the Catholic Epistles, takes us back to the very foundation of Christian faith. It examines the meaning of our baptism and our life within the community of faith, reminding us that Christian doing can only take place where there is Christian being.

### WSCS Meets In Methodist Parlor

GROOM (Sp) — The Woman's Society of Christian Service met in the parlor of First Methodist Church recently with the president, Mrs. Manuel Ruthardt, presiding.

Mrs. George Latta brought the devotional. Mrs. Van Earl Steed conducted the program in the absence of Mrs. E. H. Cooper.

Members present included Mrs. N. B. Helton and Mrs. Mrs. Crim Goodlett, hostesses; and Mmes. George Latta, Manuel Ruthardt, Cleo Schaffer, Curtis Schaffer, Phil Farley, E. L. Littlefield, James Lanier, Crim Goodlett, Ray Elmore, Van Earl Steed, E. R. Hess, Carlos Roberts, J. W. Angel, N. B. Helton, O. R. Major and C. A. Morrow.

All of these solutions cost money, unfortunately. Being a taxpayer myself, I'm generally cautious about arbitrarily advocating anything that will increase taxes. But in your situation I feel that it's either put up or fork up.

# Hip-Huggers, Poor Boys for Little Men

THE ROPE TRICK seems to have been less than successful here (left) but his fashion tricks are a smash hit. The button-down shirt is Paisley-patterned cotton knit. It is perfect with the bias cut, hip-hugger slacks of cotton corduroy. And what could be more in than the belt with wide loops? The young man (right) believes in the sartorial splendor of a double knit cotton suit. The coordination begins with the pant color which is picked up in a pair of ribbed bands at the neck and lower edge of the white poor boy sweater. The pant is half-boxer style, elasticized at the waist for perfect fit. It's completely tubular and scrubable. These designs are by Donmoor.

## B&PW Club Has Social Meet

The Business and Professional Women's Club held its regular monthly social Tuesday evening in the City Club Room with Mrs. H. F. McDonald presiding. Mrs. McDonald urged every member to make plans to attend the District Conference in Plainview on Oct. 8 and 9. Mrs. M. E. Powers introduced Mrs. Tampa Douglass, who presented the program on Nutrition. Guests attending were Miss Martha McMullen, the club's "Girl of the Month," and Meses Virgil Howell, Vernon Stuckey, Tom O'Rourke, A. L. Weatherred, A. C. Parsley and Tampa Douglass. Thirty-three members were present.

## Covered-Dish Meeting Enjoyed by Auxillary

A covered-dish dinner meeting was enjoyed by DMF Auxillary of Cities Service Gas Co. recently. Mrs. Ray Sutton and Mrs. Charles Tate were hostesses for the event held in Cities Service Recreation Hall. Mrs. Clint Stewart, president, presided over a brief business session. Next meeting of the group is slated for Oct. 18 in the home of Mrs. Bob Brandon. Members attending included Meses Clyde Martin, E. E. Campbell, Meredith Meeker, James Owenby, Glenn Giblin, Clint Stewart, Ralph Paxson, H. H. Kessinger, Ray Sutton, Dave Kerns, J. G. Gambill, Charles Elshimer and Charles Tate. Mrs. Charles Tate Jr. and daughter Kristie of Montrose, Colo., were welcomed as guests.

## Cleaning Tip

NEW YORK (UPI) — Here's a new use for old turkish towels: cut and stitch them into mittens for washing venetian blinds. Home-cleaning experts say the rough terrycloth surface makes your hands perfect tools for sudsing off both sides of each slat in a single motion.

# Mrs. Fred Haiduk of White Deer Will Preside at NCCW National Convention

Mrs. Fred Haiduk, national director

To preside at the second general session of the thirty-third National Convention of the National Council of Catholic Women being held Oct. 5-8 in Miami Beach, Fla., will be Mrs. Fred Haiduk of White Deer, third vice president of NCCW and national director representing the Catholic women's organizations of the San Antonio Province on the national board of the council.

At this session of the convention, the 5,000 delegates from affiliates of the National Council throughout the United States will hear a development of the convention theme "The New Pentecost" in a discussion of "Vatican Council II Speaks to Family Life".

Mrs. Haiduk will introduce the Rev. John J. O'Sullivan, professor of Moral Theology, Saint Paul Seminary, St. Paul, Minn., who will speak of the family life apostolate as outlined in the Decrees of the Vatican Council. Three prominent Catholic couples, Dr. and Mrs. Charles O'Neil, Bryn Mawr, Penn., Mr. and Mrs. Daniel Callahan, New York and Drs. George and Dazelle Simpson of Miami, Fla., will "react" to Father O'Sullivan's speech, discussing the problems of modern society affecting family life.

Following a dialogue between the reactor panel and Father O'Sullivan, Mrs. Haiduk will open the discussion to permit questioning of the speaker and panel by the convention delegates.

Mrs. Haiduk will complete her four year term as national director at the Miami convention. She was elected to represent the San Antonio Province which includes all of the dioceses in the state of Texas except the diocese of El Paso and the diocese of Oklahoma City-Tulsa in Oklahoma, at the thirty first national convention held in Detroit in November, 1962. Mrs. Haiduk will preside at the San Antonio Province caucus to be held the first convention day. At this caucus nomina-

tions will be made for her successor as national director. Election of national officers will be by all of the convention delegates on the third convention day with the new directors and new national officers to be presented to the delegates at the banquet which will conclude the convention. There are 27 members on the national board with half being elected in alternate convention years. Mrs. Haiduk will be hostess to the delegates from the San Antonio province at the provincial luncheon to be held on October 8 in the Mona Lisa Room of the Hotel Eden Roc. All delegates and moderators from the San Antonio province attending the convention have been invited by Mrs. Haiduk to attend the luncheon where province projects for the coming year will be discussed. During her four year term of office, Mrs. Haiduk has attended and addressed diocesan conventions of all of the councils in the province. Recognizing the need for an exchange of ideas within the province, she called and presided at the first provincial meeting of diocesan presidents and moderators held in Austin in 1965. Mrs. Haiduk has held many of-

fices in council work from the parish to the national level. She served two terms as president of the Amarillo DCCW and for two years was National Vice Chairman of the NCCW Committee on Rural Life. She is now serving her sixth term on the Advisory Committee for St. Anthony's School of Nursing in Amarillo. After serving on the national board for two years, at the thirty-second national convention held in Washington, D.C. in November, 1964, Mrs. Haiduk was elected by the board to serve as third vice president of the National Council. As third vice president, she has been a member of the executive committee, meeting to direct the national staff on council matters between the annual board of directors meeting. As vice president of NCCW in January, 1966, she attended the first joint meeting of the executive committees of the National Councils of Catholic Men and Women to discuss the relevancy of the goals of the two councils to the post-conciliar Church. The publication of the well received Grass-roots Ecumenism Kit is the first joint project sponsored by the two national councils. Mrs. Haiduk envisions further cooperation in projects between the two groups. Mr. and Mrs. Haiduk are members of Sacred Heart parish, White Deer. Mr. Haiduk is owner and operator of a grain and stock farm in the Panhandle community. They have two children: Harry, a member of the faculty of West Texas State University, Canyon and Myrna, Mrs. Al Brorman of Bega, a graduate of St. Anthony's School of Nursing, Amarillo. The province of San Antonio covers an area of 292,000 square miles and includes the dioceses of Amarillo, Austin, Corpus Christi, Dallas, Fort Worth, Galveston-Houston, Oklahoma City-Tulsa, San Angelo, Brownsville, the newly created diocese of Beaumont and the archdiocese of San Antonio.

# What Did LBJ Do to Deserve This?

NEW YORK (NEA) — You wonder just how far they (you know who "they" are) will be allowed to go. "Washington is for the Birds" (Reprise) is the latest let's laugh - at - President Johnson and all the Birds album. It can best be described as clever bad taste.

What makes the trend alarming is the use of the actual voices of the people involved, altered by sneaky editing into lines they never meant to say, and meanings they never intended. Where Vaughn Meader's "First Family" was a funny album in which actors were billed as impersonators of the Kennedy clan, "Washington is for the Birds" and an earlier album, "Welcome to the LBJ Ranch," use the voices of the President, his family, senators, the vice president, and others, apparently, who have ever spoken a political word recorded by sound equipment.

struction of Music From the Past as Performed by the Inmates of Lalo Schiffrin's Demented Ensemble as a Tribute to the Memory of the Marquis de Sade" (Verve), Andre Kostelanetz conducts "Today's Golden Hits" in a listenable album (Columbia).

Best Classical Albums — Montserrat Caballe is very much in her element singing "Songs of Enrique Granados" (RCA Victor). Andre Previn adds further proof to the belief that he is a fine classical conductor with a sensitive treatment given Rachmaninoff's Symphony No. 2 (RCA Victor). He conducts the London Symphony Orchestra. Mahler's Symphony No. 9 is given a fine reading by

Leonard Bernstein and the New York Philharmonic (Columbia). Klemperer conducts Beethoven's "Missa Solemnis" (Angel). Best Vocal Albums — Van McCoy's first album, "Nighttime Is Lonely Time" (Columbia), introduces a young man who truly can wear the mantle of Nat King Cole. A very good singer, The Beatles keep growing as "Revolver" (Capitol) proves; listen to the baroque background in "Eleanor Rigby" and the 12-tone Far Eastern influence in "Love You To" and "Tomorrow Never Knows." Sinatra fans will enjoy "Sinatra at the Sands" (Reprise), a two-record set with 18 Sinatra songs and some Count Basie instrumentals. Lainie Kazan (MGM) is a singer in the Striesand mold who proves her power in Gerishwin's beautiful "I Loves You, Porgy." "The Fantastic Las Vegas" (Columbia) make nice sounds and have delightfully accented diction.

## The Mature Parent Brain Knowledge Valued Over Emotional Kind

By MRS. MURIEL LAWRENCE Newspaper Enterprise Assn.

The experience I am going to use to try to illustrate the difference between brain-knowledge and the supreme kind — emotional knowledge — belongs to a woman I know who is under psychoanalytic treatment. As a child, she had a very disappointed time. Because her father had deserted her mother, her mother had to send her away to school at seven in order to work and support her. At 18 she married an alcoholic who could not keep his promises to stop drinking during their 25 years of marriage. After his death, she knew herself to be a disappointed woman but where this knowledge ended was in her brain. Several weeks ago, her overworked physician - employer took a vacation. Before leaving, he told her to refer any patients calls to a pinch-hitting colleague instead of divulging his vacation phone number. But one afternoon, in response to an hysterical patient's pleas and threats, she gave him her employer's number. Disturbed, frightened by her compliance with the patient's demand, she reported her feelings to her psychoanalyst. He said: "It is very hard for you to impose disappointment on anyone, isn't it? I wonder why." That did it. In a flood of tears, in a great swell of that supreme knowledge — the emotional kind — she knew why she'd given her employer's phone number to the hysterical patient. The brain knowledge of herself as a disappointed person broke free of its confines in her heart, her blood, her intestines, her memories — so that she knew herself to be a disappointed person in a totally new and different way. She had acquired emotional knowledge of herself. She knew that she'd not been able to inflict disappointment on the hysterical patient because her own disappointments had been so bitter, so pointed. It is Sigmund Freud's great contribution that he discovered the difference between brain knowledge and emotional knowledge.

## Ruth Millett Gals, Here's 'Price Tag' on Romanée

BY RUTH MILLETT  
Newspaper Enterprise Assn.  
washing-machine company  
has just sent me a booklet  
called "The Bride's Guide to  
Home Laundry" with a picture  
on the cover of a man feeding  
his bride a bite of wedding  
cake.

It just occurs to me that if a  
girl were sent a number of such  
down-to-earth booklets, before  
marriage, she might not be in  
such a romantic haste to get to  
the altar.

Little thought does the aver-  
age girl give to the fact that if  
along with love and romance  
marriage is washing and iron-  
ing, scrubbing and waxing,  
scouring and polishing, and get-  
ting food from the store to the  
stove to the dinner table and  
off again.

In fact, I'll bet there's not a  
bride in the world who ever

said "I do," realizing all the  
while the truth of the first state-  
ment in the "Bride's Guide to  
Home Laundry," which is:  
"When you return from your  
honeymoon you'll be faced al-  
most immediately with two  
homemaking chores — cooking  
your homecoming meal and  
washing all the soiled clothes  
that accumulated on your trip."

Reading a booklet that starts  
out like that before marriage  
would make many a young girl  
pause to wonder just what she's  
hurrying into.

And what if she read some  
other booklets — just as honest  
in their approach with titles  
such as: "Yes, You Can Learn  
to Plan and Cook 730 Nourishing  
Meals a Year," Or "How to  
Make Your Trousseau Last  
Five Years" or "How to Work  
an Eight-Hour Day at the Of-  
fice" and a "Four-Hour Day at  
Home and Still Keep Smiling."

## Ceramic Tile Meets Decorating Demands

By AILEEN SNOODY  
Newspaper Enterprise Assn.  
NEW YORK (NEA) — A ma-  
terial used by the ancient Egyp-  
tians to decorate their buildings  
is experiencing a revival in the  
home. This is ceramic tile and  
the term includes glazed wall  
tile, ceramic mosaics for floors  
and walls and quarry tile for  
floors.

Like so many building prod-  
ucts for the home, ceramic tile  
is undergoing a metamorpho-  
sis. Sometime during the last  
7,000 years ceramic tile became  
pale and wan in design and col-  
or when compared to its ances-  
tors unearthed by archaeologists  
in royal tombs and cities.

In the United States a trend  
for many decades was for tile  
manufacturers to make only  
"safe" tiles in neutral, go-  
with-anything colors. How-  
ever, the growing interest in  
better, more colorful design for  
home decorating is having its  
effect on this industry as it has  
had in the carpeting, drapery  
and upholstery fabrics and fur-  
niture fields.

A spokesman for the Tile  
Council of America explains  
how times have changed.

"Take the matter of shape. Cer-  
amic tiles do come in oldhat,  
square shape but now they are  
also available in triangular,  
rectangular, hexagonal shapes  
or contoured like the tiles of  
Moorish Spain. Such tiles allow  
a professional decorator or an  
amateur home designer to put  
together interesting patterns  
that spruce up an otherwise dull  
dining room, foyer floor or wall.

Some ceramic tiles remain  
flat but others are three-  
dimensional or flat with a  
three-dimensional effect when  
installed in a combination of  
shapes and colors.

The range of colors, too, has  
changed. The Tile Council ex-  
plains. Even though dull  
pastels are popular, bright  
hues such as cobalt-blue and  
fire-engine-red are in demand.  
These are in step with the grow-

DECORATIVE CERAMIC tile comes in many shapes and colors now to add touches of elegance to the home. The dining area (left) has a floor design made possible through use of some triangular-shaped tiles. Rectangles, hexagons and octagons also are available for floor and wall designs. Firms offer new kitchen and bathroom theme tiles (right) and tiles with some design like the two at bottom left for people to make their own customized patterns.

ing use of more color through-  
out the home. Large-sized wall  
tiles, for example, have bright-  
ly colored surfaces. Many de-  
signs are recognizable, from  
abstract Chinese symbols to  
Currier & Ives prints or Delft  
designs. Glazes may be bright  
gloss or matte finish, or un-  
glazed for the floor, and contrib-  
ute to the overall design effect.

Behind the growing use of  
such tiles in the home is the  
boom in remodeling. This \$15-  
billion-a-year business tends to  
perpetuate. Even though dull  
pastels are popular, bright  
hues such as cobalt-blue and  
fire-engine-red are in demand,  
used to perk up floors in living  
rooms, dens and outside. Deco-  
rative murals as panels to as the American homemaker  
break up a wall of windows or wants more than ever to be sur-  
rounded by beauty.

rooms, dens and outside. Deco-  
rative murals as panels to as the American homemaker  
break up a wall of windows or wants more than ever to be sur-  
rounded by beauty.

## POLLY'S POINTERS Youthful Dressmaker Needs Zipper Advice

By POLLY CRAMER

Newspaper Enterprise Assn.  
Polly's Problem  
DEAR POLLY — I am 12  
years old and am making my  
first dress. It needs a long zip-  
per and my mom does not have  
a zipper foot to her sewing ma-  
chine. Can anyone tell me how  
to put in a zipper without this  
attachment?

—GAYLE  
DEAR POLLY — My Pointer  
is for pregnant or obese ladies.  
Take a wire coat hanger, pull  
it out double so the hook re-  
mains on one end. This is most  
useful for picking up most any-  
thing that has fallen on the  
floor. This gadget is also use-  
ful for reaching things on closet  
shelves. I want to thank the  
reader who sent the solution for  
perspiration odor in clothes. I  
used the deodorant soap and it  
certainly does work.

—ELIZABETH  
DEAR POLLY — I want to tell  
A Constant Reader, who has  
trouble with the birds eating the  
cherries off her tree, that for  
many years we used tin cans to  
solve this problem. We removed  
the paper label, punched a hole  
near the top of the side and used  
a fine wire to fasten cans to the  
upper branches of the tree. We  
usually put two or three on an  
average-sized tree. Leave the  
wire long and loose enough so  
the cans will blow in the breeze.  
Now that we are in the day and  
age of aluminum foil, I find the  
foil pans or trays (that frozen  
foods have come in) work even  
better. Sometimes I fasten two  
onto the same wire and they  
jingle when blowing, but I think  
it is the sun's reflection on the  
bright metal, rather than the  
noise, that frightens the birds  
away.

—ANOTHER CONSTANT  
READER  
DEAR POLLY — In Japan,  
they tie several large, turrey  
pieces of material or old fur  
scraps in the higher branches  
of their cherry trees and the  
wind moves them so they look  
like cats and scare the birds  
away. It works real well here in  
Colorado.

Mrs. J. M. Grange  
Entertains at Coffee  
SKELLYTOWN (Sp1) — Mrs.  
J. M. Grange entertained Tues-  
day morning with a coffee in  
her home. Games were conduct-  
ed by Mrs. Kirk Holt.

Guests attending were Mmes.  
Robert Germany, Silas Paul,  
Ethel Hunt, Winired Simmons  
and son Terry, D. S. Snapp,  
Clifford Coleman, L. H. Snapp,  
Ruby Forrester, Howard  
Moore, Irvin Brown, Kirk Holt  
and Kate Hudson.

### Hemphill County Republican Women Schedule Rally

CANADIAN (Sp1) — The Hem-  
phill County Republican Women's  
Club met Monday afternoon in  
the home of Mrs. Betty Hen-  
nard with 12 members and one  
guest present.

Plans were made to hold a  
rally at 2:30 p.m. on Oct. 15 at  
the corner of Third and Main  
prior to opening the Republican  
Headquarters in the Hoover  
building.

Those present were Mrs. Ra-  
chel Snyder, a guest, and mem-  
bers, Mmes. Georgia Kelley,  
Sandra Mathers, Nellie McMor-  
die, Joan Osborne, Betty Hen-  
nard, Janet Parnell, Pearl Stan-  
ford, Sarah Ramp, Mabel Teas,  
Lucille Wright, Della Ann Rudy,  
and Gail Waterfield.

### St. Paul Methodist Joy Circle Meets

Mrs. Jim Holcomb was host-  
ess to the Joy Circle of St. Paul  
WCS on Wednesday morning at  
9:30 a.m. The program on "New  
Focus on Mission" was given  
by Mrs. Nyle Franklin.

Plans for the year were dis-  
cussed. Of immediate interest  
was final arrangements made  
for the Training Bee to be held  
at St. Paul Methodist Church on  
Friday, Oct. 14, from 11 a.m. to  
1:30 p.m. Tickets are on sale  
for \$1 each and are available  
from any WCS member.

# Pampa Theaters Observe National Movie Month

October has been proclaimed National Movie Month by all segments of the film industry and the event is extending right into Pampa, according to Arville Hayes, manager of the Pampa theaters, who announced his theaters are joining with thousands of motion picture houses across the country in the celebration of the new cinema season.

Sponsored by the recently merged National Association of Theater Owners and backed by all the major film producers, who have made available the release of quality product, the month-long event is designed to remind the movie-goer that motion pictures at theaters are his best entertainment choice, and to reveal a number of the star-studded hits headed this way.

Big movie screens here and throughout the land will take on a special luster as theater operators like Hayes deck their showcases with finery and open doors to a festival of earmarked and specially selected entertainment in film fare.

Reasoning that autumn marks the beginning of renewed activities in education, sports, television, social life and in many businesses, such as automobiles, fashions and newly designed products from numerous other enterprises, the motion picture industry points out that movies have a "new" programming, too, which Americans have been conditioned to expect.

Coinciding with the movie month celebration is a "pride in presentation" drive, the show manager here said, which aims to remind area residents of the

JERRY LEWIS AND JANET LEIGH here are a romantic two on a couch in the new Columbia Pictures release, "Three On a Couch."

## Hollywood Terms Lewis Picture Big

A "Jerry Lewis picture" is, in the usual Hollywood parlance, "big." It is big because no Jerry Lewis picture has ever grossed less than \$5,000,000 and because the star himself is achieving increasing international importance as a creative movie-maker in England and France, for example, Jerry Lewis is not regarded as just another comic or clown; he is highly regarded as one of the ablest men in the business—as an actor, as a producer, director, writer, singer, dancer — by the critics.

Currently, at the Capri Theatre, Jerry Lewis brings his many talents to "Three On a Couch," also starring Janet Leigh in Columbia color. "Three On a Couch," which Lewis produced and directed, a Columbia Pictures release, and it is a "big" production, in greater meaning of the word than the anticipated audience response.

"Three On a Couch" has what generally are considered "production values." These include not only the stars, but their co-stars—Mary Ann Mobley, former Miss Israel; Gita Golaf, former Miss Israel and runner-up for the Miss World title; Leslie Parrish, former NBC "color television" girl; James Best, making his bow in comedy. There are an impressive number of extras and atmosphere people in certain scenes, beautiful wardrobes for the actresses, lush sets, etc.

There are an unusual number of locations for a Lewis film. Shooting was done in Arcadia near the Santa Anita race track at a giant shopping center complex in West Los Angeles, at a rodeo arena, and on the San Francisco waterfront.

Producer-director Lewis required four sound stages on the Columbia lot, including the two newest stages in Hollywood — Nos. 15 and 16, whose use he initiated with his production.

The San Francisco location involved use of one of the famed President Lines' largest ship and filming at the shopping center necessitated roping off an entire city block. An entire floor of medical offices was built on stage 15 for the "going away" party scene, while three apartments were constructed on the huge stage 16.

"Three On a Couch" was filmed from a screenplay by Bob

### BOOKS

In the same series is "The Playbook of Science Fiction and Fantasy" (Trident \$5.95); Selections from Playbook of imaginative tales of vanguard science and strange and sometimes horror-laden events. Some of the authors are Bradbury, Sturgeon, Shekley, Clarke, Pohl, Finney, Tenn.

**How to Learn Languages and What Languages to Learn**, by Mario Pei (Harper & Row \$5.95); Here is much valuable information for anyone interested in acquiring a foreign language. Pei, one of the world's foremost linguists, tells how he came by his amazing mystery of languages and how he believes others should approach the task of adding to their language skills.

His advice seems to boil down to choosing the language or languages that you need or wish to learn — then work, work, work. He surveys the chief languages and gives pertinent notes on each.

The Bride's Magazine Cookbook, by the editors of bride's Magazine (Harper & Row \$5.95); For beginners in the kitchen. The basic techniques of cooking, step-by-step illustrations, and 300 can't-fail recipes for dishes from appetizers to desserts.
