

Water Plan Up For Review At Amarillo Meet

Delegations from Pampa and other Panhandle and West Texas cities will be on hand in Amarillo Wednesday when a Texas Water Development Board team discusses the proposed \$3.7 billion Texas Water Plan and the planned development of the Canadian River Basin at a public hearing.

The hearing, at the Herring Hotel in Amarillo, will begin at 9 a.m.

Spokesmen for the delegations will listen to the board's briefing on the Plan and file a request for further study as it relates to West Texas.

Water conservation officials and others in West Texas declare the area has been slighted in the state board's planning for water development in the next 50 years.

In addition to the hearing on the Texas Water Plan and the proposed development of water resources in the Canadian River Basin, officials from the Texas Water Pollution Control Board will conduct a hearing on water quality in the basin at Wednesday's meeting. Water quality testimony may be given at the same time as other aspects of the Texas Water Plan are discussed.

The Texas Water Plan has been described by Gov. John Connally as "bold and imaginative" and is considered by internationally-known water authorities "the most comprehensive and far-reaching in the world."

From Lake Meredith The TWP proposes meeting all estimated in-basin requirements for municipal and industrial water, using in-basin supplies of ground water and in-basin surface water supplies from Lake Meredith and possibly a few other small impoundments.

Irrigating irrigable lands in the basin with economically available supplies of ground water, estimated to be 1,442,300 acres by 2020. It is also proposed to investigate possible out-of-basin sources of surface water that can be economically developed and delivered to the basin for augmentation of in-basin supplies of ground water for irrigating additional irrigable lands — estimated 538,300 by 2020, which would require up to 1.1 million acre-feet of imported water annually.

The Plan also calls for beginning action required to obtain imported water that can be made economically available to irrigators of the basins, including the planning of the required regulating storage facilities (probably underground), distribution and delivery systems, and institutional and organizational needs; and making feasibility investigations of salt cedar-control projects in the upper part of the basin for the salvage of water wasted through this non-beneficial use by plants.

Development of the water resources in the Canadian River Basin is part of the Texas Water Development Board's plan to develop and conserve the State's water resources through the year 2020 when there will be an estimated 30,500,000 persons living in Texas.

53 Reservoirs Planned The mammoth statewide water plan calls for the construction of 53 reservoirs in the next 50 years. Also included in the Texas Water Plan is a 960-mile north-south diversion system to meet the rising water requirements of growing Texas. The diversion system will have its origin in the water-rich Sulphur River Basin where water from reservoirs in the basin will serve as the basic supply for the State Water Project.

Planning has been based on a healthy increase in population in the basin. Population of the basin in 1960 was 187,631. This figure is expected to increase to about 287,700 by 2020. Amarillo, the first rank-city in population, is expected to increase from its 1960 population of 137,969 to 327,000 in 1990 and to 434,000 in 2020. Other cities in the basin are expected to share in the state's growth.

The key to the entire Texas Water Plan is the construction of the State Water Project (SWP). The 960-mile project extends from Northeast Texas, with connections from the Red River to the Rio Grande utility canals through pump stations and the natural channels of the Trinity, Brazos, and Colorado basins along the way.

The origin of the system is in the Sulphur River Basin where water from proposed reservoirs, from Lake Texoma and from a proposed enlargement of the Texarkana Reservoir will flow into the Trinity River

through the Forney Reservoir and the East Fork of the Trinity. It is estimated that by the year 2020 some 2,405,000 acre feet of water will enter the Project system from the upper source basins.

Project water will flow down the natural channel of the Trinity for about 70 miles, then be diverted into Richland Reservoir and then Tehuacana Reservoir through a conduit to the Brazos River and flow about 170 miles to the vicinity of San Felipe. At this point it will be pumped over the divide into the Colorado River.

After flowing about 16 miles in the Colorado River channel, the water will again be diverted near Garwood to Palmetto Bend, the headend of the 90-mile Coastal Aqueduct which transports water along the Gulf Coast to the lower Rio Grande Valley. Project water will flow through Confluence Reservoir near Victoria and a line-regulating reservoir, distributing water for irrigation, industrial use, municipal use on an exchange basis, the bays and estuaries, and wildlife refuges.

The State Water Project would include deliveries of 300,000 acre-feet per year to Matagorda Bay and 300,000 acre-feet per year to San Antonio Bay. These quantities in conjunction with necessary channeling to permit better circulation of Gulf water would provide a means for optimizing salinity conditions in the bays.

Will Cost \$1.5 Billion It is estimated that the cost of the State Water Project will be \$1,564,000,000. The Texas Water Plan had its beginning in August 1964 when preparation of planning on a comprehensive water plan for the State was begun by the Texas Water Commission, now the Texas Water Rights Commission. The planning function was later assigned to the Texas Water Development Board, and the TWDB began its work on the Plan on Sept. 1, 1965. The Plan was geared to the optimum utilization of the State's water resources to meet projected needs for water for all purposes.

In addition to the Texas Water Development Board and the Texas Water Commission, who were assigned primary responsibility for development of the comprehensive Texas Water Plan, other State agencies have participated in its formulation. The Texas Water Rights Commission, State Department of Health, Parks and Wildlife Department, Texas Highway Department, State Archeologist, the Planning Agencies Council, Texas, Texas Railroad Commission contributed their resources, their staffs, and information during the planning effort.

'Best Interests of All' River authorities, water districts, cities, and local political entities with an interest in water contributed to the water development program to assure the Plan's compatibility with the best interests of all parts of the State.

The State's colleges and universities, especially Texas A&M University, University of Texas, and Texas Technological College made available their vast research capabilities. Private groups, businesses, and industrial and agricultural associations contributed staff, information, and advice essential to the successful completion of the plan. Consultants participated in the study and analysis of major elements of the plan, and federal agencies concerned with water development in Texas cooperated and gave assistance during the planning process.

Illinois Officials Consider Guard For King's March

Recount Battle Back In Court Again Tomorrow

Principals will march back on stage at 2 p.m. tomorrow in 31st District Court here for another round of the legal battle to determine who will be the Democratic nominee for Gray County judge — incumbent Bill Craig or A. J. Carubbi Jr.

Tomorrow's rehearing will be for the purpose of introducing evidence to show whether or not enough Republicans voted illegally in the June 4 Democratic runoff primary to change the election results.

Craig was declared winner of that primary by a margin of only 8 votes. The Gray County Democratic Executive Committee polled the election count and certified Craig had received 1,785 votes and Carubbi, 1,777.

Carubbi asked for a recount, alleging at least 71 Republicans who voted in the May 7 GOP primary also cast ballots in the June 4 Democratic runoff in violation of Texas election laws. Judge Lewis M. Goodrich, at a hearing on Carubbi's petition June 15, ruled against Carubbi, held the votes were legal, and dismissed the case.

Carubbi took the case to the Court of Appeals in Amarillo where the three-man panel reversed the Goodrich decision, held that if Republicans did vote in both primaries, the votes were illegal and ordered the ballot boxes opened. The court ruled that any illegal ballots should be subtracted from the totals of each candidate.

Last Wednesday, Judge Goodrich granted a six-day continuance of the case at the request of Craig's attorney after the appellate court had amended its petition requiring that direct evidence be presented that illegal ballots were cast.

Atty. Frank Baughman of Amarillo, Carubbi's chief counsel, will be in court for tomorrow's rehearing. Craig will be represented by Atty. Bill Kolius of Amarillo and co-counsel Harold Comer of Pampa.

If it comes from a hardware store we have R. Lewis Hdwe. (Adv.)

AF Planes Resume Fight On Mosquitoes

DALLAS (UPI)—Air Force planes resumed their attack on the Culex mosquito today in an effort to wipe out the pest which has caused five deaths and 81 cases of St. Louis encephalitis.

N.M. Troopers Arrest McLean, Groom Suspects

TUCUMCARI — Three men from New York are being held in Tucumcari jail awaiting extradition to Carson County. The men were arrested Sunday in New Mexico in connection with two burglaries in McLean and one in Groom, early Sunday morning.

Names of the men were not released. Two Phillips 66 stations were burglarized in McLean and a feed and grain store in Groom. Approximately \$115 was taken from Glass Service Station in bills and change from a money sack and soft drink machine.

About five dollars and blank checks were taken in a burglary of Stewart's station, both in McLean. Burglars got only a typewriter in the break-in at Groom. Yes Mexico State Troopers stopped the three men on a traffic violation first and saw the typewriter and blank checks in the car. A search of the vehicle disclosed a money sack believed taken in one of the McLean burglaries.

Pampa Woman and Soldier Die In Separate Accidents Near City

Funeral services will be held at 2 p.m. Tuesday for 17-year-old Sheila Jean Kidd, Pampa, killed early Sunday morning in a two-car crash five miles east of White Deer. Another Panhandle area accident, this one a one-car turnover claimed the life of a Ft. Bliss soldier.

Mrs. Kidd, the daughter of Mr. and Mrs. Paul E. Stewart, 2217 N. Wells, was a passenger in a car driven by her husband, Donnie. Their car collided with a vehicle driven by Nannie Bell McLean, 70, Pampa, on U.S. 60.

According to the highway patrol the crash was head-on. Mrs. McLean was listed in satisfactory condition at Highland General Hospital while Kidd was in fair condition at Northwest Texas Hospital in Amarillo. Mrs. Kidd was taken to Highland General Hospital by Duengel ambulance but was being transferred to the Amarillo hospital when she died.

The Kidd's two-year-old son was with his grandparents in Pampa while his mother and father were in the process of moving from Pampa to Panhandle. Gaitley George Garcia, 19, was killed when he lost control of his car and it overturned five miles west of Alameed on U.S. 66.

His wife, Marie, 20, is in fair condition at McLean hospital. The Patrol said Garcia lost control of his car on the rain-slick highway. The vehicle left the road, went through a fence and overturned pinning Garcia underneath. Rev. Roy Patterson of St. Paul Methodist Church will officiate at the Kidd services in Duengel Chapel. Burial will be in Fairview Cemetery.

Survivors, besides Mrs. Kidd's husband and son, include her father-in-law, (See PAMPA, Page 3)

Scientists Order Orbiter To Dip Low For Photos

PASADENA, Calif. (UPI)—U.S. space scientists, hoping to salvage part of the first lunar orbiter mission, today commanded the spacecraft to start snapping pictures of potential landing sites on the moon.

The 850-pound flying photographic laboratory was eased into a new orbit Sunday and was not dipping as low as 36 miles above the lunar surface at its perilune, or low point. The first picture-taking from the new orbit was scheduled for 4:15 a.m. CST today, covering the vicinity of Mare Fecunditatis, one of the moon's seas.

Telesopic charts and other spacecraft photographs of the moon indicate this area—designated as site No. 1—is pocked with various lunar features such as a highland plain and numerous craters. On the succeeding low swoop, at 4:40 a.m. CST, Orbiter's functioning moderate resolution camera was to be pointed at a highland area along the southern shoreline of Mare Tranquillitatis.

Despite the apparent loss of the high resolution camera, Orbiter project officials at Jet Propulsion Laboratory here hoped to compensate by possibly having the moderate resolution camera photograph a much broader area than planned. Clifford H. Nelson, project manager for National Aeronautics and Space Administration who predicted the mission would still be 75 per cent successful, said the moderate resolution lens should show the steepness of slopes.

While these pictures would be useful, it was the high resolution camera—designed to capture details the size of a card table—that would have cinched orbiter's primary task of photographing detailed closeup pictures of nine possible landing sites for Apollo astronauts.

Nelson said a slightly redesigned Lunar Orbiter 2, set for early November, would have to fill in the high resolution pictures gap.

Apollo, Titan Set For Orbit

CAPE KENNEDY (UPI)—America's two mightiest rockets are scheduled for launch this week to orbit eight military communications satellites and hurl an unmanned Apollo spaceship three-quarters of the way around the world.

All-White Cicero Is Demonstration Site

CHICAGO (UPI)—State and county officials today studied the possibilities of calling off the Illinois National Guard for Martin Luther King's scheduled march into all-white Cicero.

Hundreds of Chicago police held back thousands of cursing, screaming white youths Sunday when forces from the King "northern crusade" carried their open housing demands into the east end area. King has announced that next Sunday he will take the protest to Cicero, where National Guard troops had to be called up 15 years ago to put down rioting against Negroes.

Chicago police would not be able to protect the marchers in Cicero and the Cicero police force is considered inadequate to cope with a demonstration such as Sunday's. Sheriff Richard Ogilvie last week joined Cicero officials in asking Gov. Otto Kerner for a callup of the guard if King's marchers come.

"The request still stands," Ogilvie said today, "but I intend to reinforce the request, if necessary, by Friday. I would think that we will know by Friday what the Cicero situation will be—whether it will change by then. This would permit enough time for the guard to be called out for a Sunday march."

Cicero officials said their request for a callout still stands. Kerner met in his Chicago office with officials of various church and race groups. An aide said King's organization was not represented and that King had left the city for Atlanta.

"This meeting had been on the schedule long before the recent marches," the aide said. A driving rain helped reduce the number of whites who turned out to shout at the marchers Sunday.

Cong Terrorists Mount Attacks As Vietnamese Election Nears

SAIGON (UPI)—Viet Cong terrorists killed a woman and six children today while attacking a Mekong Delta outpost and a grenade was tossed into a jeep containing five Americans in Saigon. All five were hurt in the blast.

They were but two of 15 terror attacks mounted by the Communists in little more than 24 hours and followed a weekend rash of 22 such incidents which began with the grenading of a U.S. non-commissioned officers club in Da Nang.

The latest in the whirlwind of Communist terror acts came in what South Vietnamese officials termed a deliberate attempt to upset the coming national election—which Premier Nguyen Cao Ky has vowed to carry out even if it means his own blood.

In an attack on a South Vietnamese Regional Forces post 71 miles west-southwest of Saigon, Viet Cong raiders inflicted "light" casualties on the troops but also killed the woman and six children and wounded two more children and two other women.

In Saigon three terrorists on a bike hurled a grenade into a

Pampans Take Pride in Home Ownership

A special "Salute" to the homeowners in the Pampa area! Their taste in homemaking would make any community proud. Homes in the Top O' Texas depict the prosperity that Pampa enjoys.

Pampa homes will always stand as a challenge to other communities. You, Mr. and Mrs. Homemaker, are indeed to be congratulated for the way you keep adding to your home's comfort and beauty.

Some are fortunate enough to have the ready cash needed to keep homes the way they want them, while others must operate their homes within a limited budget. Local financial institutions can and will finance many

types of home construction or improvements. If you fell your home is not up to par and in need of repairs or modernization, consult any local contractor or building material firm. Tell them your wish

es and they will supply you with the latest materials, dependable labor and best possible service. I. all at a price to fit your budget.

Now is the time to build that extra room, sun porch, both, new kitchen, patio, install central heating or air conditioning. Pampa merchants are proud of the part they have had in making your homes more enjoyable. Therefore, it is with pleasure they honor you this week with a "Harvest of Values."

Check the "Harvest of Values" advertised in today's issue of the Pampa Daily News, and shop stores displaying "Harvest of Values" posters for special bargains you can't afford to miss.

Scouting Scoops

By MRS. G. J. BOYD

Come on out! Out for a picnic, out for a cook-out, out for a hike, out to go camping or just simply out to enjoy the beauty of nature. But, come on, let's go out somewhere.

Hiking has been described as "walking with good will." Walk with an easy stride, take time to stop, look and listen, learn to see your surroundings.

The troop can make it a special hike to look for leaves, rocks, flowers, birds, stars or anything else that the girls can think of.

Three requirements to make your hiking more enjoyable are: 1. eat a sack lunch while you're out; 2. take only what you need, your lunch, a first aid kit, a notebook, a camera, a compass, etc.; and 3. wear practical and comfortable clothes. Hiking is certainly not the place to wear a new outfit of clothes or break in a new pair of shoes.

By starting small and learning simple skills before you try anything big, the troop doesn't need elaborate equipment to enjoy the outdoors. In fact, it is much more fun to "rough it" and see what the girls can make for themselves.

There are five things which all Girl Scouts should know. Learn how to build fires and fireplaces, how to tie knots, how to lash, how to use camping tools and how to be safe and courteous outdoors. All are equally important.

Read your Girl Scout Handbook for directions, illustrations and suggestions for campcraft and being in the out-of-doors. Also check at the library for other books on campcraft and other related materials.

Camp Mel Davis is the site for most of the Girl Scout camping in this area. A picture of the Scouts working to make Mel Davis an enjoyable camping site appeared in the paper last week. Cathy Deist,

Debbie McKendree, Paula Bremer and Jean Neslage were shown loading cleaning supplies under the supervision of Mrs. T. M. Whitely. Mrs. Whitely wishes to thank these girls, also Mr. Raymond Laycock and daughter Chrissy and Mrs. Jackson Black and daughter Janet for their willing and capable assistance during the clean-up.

Use of a chart: Moving Toward Maturity, shows a range or growth from early childhood toward adult maturity, pre-Brownie to post-Senior. Merely for the sake of example growth is somewhat arbitrarily divided into four phases: Physical, Intellectual, Social and Emotional. These four phases are the basic steps and stages which every human passes. Scouting is an outlet which helps children acquire self-confidence and a system of values.

New for Kitchens

A new small electric appliance combines a can opener and an ice crusher in one compact unit. The opener is equipped with a stainless steel removable cutting wheel designed to open all sizes and shapes of cans, including dent ones.

The ice crusher unit makes chips from cubes, and empties them into a tray that is part of the unit.

Iridescent Shadow Adds Glow to Eyes

HIGHLIGHT AND ENHANCE the eyes with iridescent radiance. To create a delicate, changing quality that picks up and reflects the color of the eyes and the glow of the skin use iridescent beige or misty white eye shadow creme color. It imparts a veil of color with a finish that is lustrous.

Tiny Ones Take Finance Study In Test Project

MODESTO, Calif. — About 125 first and second graders attend summer school to discuss goods and services, production, income and savings — or economics, pure and simple.

The simplified economics course is a pilot program at Fremont School. There is no testing. Students are graded on class participation.

There is "very little writing because many cannot spell the words they think of," said the teacher, Mrs. Carolyn Kerl. She said the course and the ideas are good.

"It gives the children a chance to think, to verbalize, to contribute, to participate — although it is over the heads of some of them," Mrs. Kerl said.

She now recommends the course for second graders, but not for first because "the attention span is short with little children and even a single year makes the difference."

But the students for the most part are attentive, she reported. They listen and they respond.

The course is called "Our Working World — Families at Work." Dr. Lawrence Senesh of Purdue University wrote the resource texts three years ago to test whether significant ideas in the social sciences can be made meaningful to children in the primary grades.

Astrological Forecast

By CARROLL RIGNER

FOR TUESDAY, AUGUST 23

GENERAL TENDENCIES: Until Nightfall interesting communications from a distance can bring you some very desirable and favorable offers, and general details in a mood to be less resistant and more cooperative. So make full use of this good time. However, the evening finds all kinds of problems in effect so use caution, restraint.

ARIES (Mar. 21 to Apr. 20) — Day hours are best for finding new interests that can be lucrative and interesting, but be sure tonight to fulfill all obligations. High inspiration is yours—take very good use of it without delay.

Taurus (Apr. 20 to May 20) — Pleasing those you admire is fine during the day, but don't be negative in the evening or invoke jealousy. Be exacting in carrying out duties. This reserves time for cultural or fun matters in p.m.

GEMINI (May 21 to June 21) — An associate gives the backing you need in a most gracious way and you must show appreciation. They get busy in d.l. I take at home. Get yourself on even keel. See that your wardrobe is just right.

MOON CHILDREN (June 22 to July 21) — Broad-minded individuals will labor along with you very cooperatively during day, so get much accomplished. Then find more charming apparel for yourself. Have a quite happy evening. Do you? what you like.

LEO (July 22 to Aug. 23) — Be a little more tractable with others and you will find you get along very much better. Light amusements are best since they also save you money. Evening should be spent rather quietly with the one you love.

VERGO (Aug. 23 to Sept. 22) — Concentrating upon training an upward in proficiency and other assets you own is wise, but be very diplomatic with kin in p.m. Get rid of whatever has proven to be a dud. Replace with new investments.

LIBRA (Sept. 23 to Oct. 23) — You are now able to get usual things to suit you in some worthwhile, constructive plans you have in mind. Seek for greater comfort and harmony. Call others early for evening's entertainment.

SCORPIO (Oct. 23 to Nov. 21) — If you spend a little extra money, you are now able to get surroundings more charming and comfortable, and value to your property. Buy personal accessories you need. Then do little favors for friends.

SAGITTARIUS (Nov. 22 to Dec. 21) — Getting appearance improved is wise during day as well as putting your house in order, and do nothing tonight to jeopardize your good name. Make progress during day. Evening should be spent quietly.

CAPRICORN (Dec. 22 to Jan. 20) — Romance or other personal enjoyment is possible during the day, so take time out for such. Evening study into whatever is puzzling will bring results. One who is influential gives support you need.

AQUARIUS (Jan. 21 to Feb. 19) — Lay out the fine suggestions of a universal who has your interests at heart and put them in operation quickly. Be sure to pay obligations in p.m. Some group activity will bring fine benefits during day, also.

PISCES (Feb. 20 to Mar. 20) — An influential woman will assist you to greater things if you state your aims in an honest, direct way. You know your true position with others accurately during day. Study whatever is puzzling tonight.

IF YOUR CHILD IS BORN TODAY...

He or she will be one of those wonderful youngsters who is full of love and affection for everyone and you must teach him to be careful not to be so impulsive and glib or your progeny will go through life getting hurt by others. Other languages besides English should be learned here, as well as different philosophies, and much travel is denoted in the chart for greatest success.

The Women's Page

PEGGY JO ORMSON Editor

2 THE PAMPA DAILY NEWS MONDAY, AUGUST 22, 1966 59TH YEAR

Dear Abby....

Bench Warmer Will Have His Chance

DEAR ABBY: This is for "Bench Warmer's Mother."

Dear Lady,

I am a 12-year-old Little Leaguer and if your son is in the same kind of league I am in, there may be a reason why he isn't playing much. The boys are 10, 11, and 12 years old. The 10-year-olds are there mostly to learn, so they don't get to play much. The 11-year-olds get to play a little more, but the 12-year-olds do most of the playing because they have had more practice and are naturally the best players.

But those 12-year-olds waited two years, warming the benches themselves before they got to play. I really got steamed when you said, "All the coaches and managers want to do is win." Listen, lady, that's all the players want to do. So if your kid is a benchwarmer, give him time. He'll play. Sincerely yours,

LITTLE LEAGUER

DEAR ABBY: My husband coached Little League baseball for four years, and this is his last season because he just can't take any more abuse from the parents of the kids. We talked to about a dozen fathers, trying to get someone who would help with the boys, and without exception, they were all too "busy" or they just didn't care.

You wouldn't believe the excuses we heard! So I — yes, a mother — took a team. And we won the pennant, too. Sincerely,

MOTHER AND COACH

DEAR ABBY: Show me a kid who can't hit, throw or catch, and I'll show you a father who has never taken the time to play "catch" with his son. Then, too, there are always the kids who don't show up for practice half the time.

And when they do, they stand out in the field with both hands in their pockets, blowing bubble gum and watching the birds. Baseball is like anything else. If you want to be good, you've

got to practice. And if you're good, you'll play!

VOICE OF EXPERIENCE

DEAR ABBY: Here in Fort Wayne, Ind., a wonderful man named McMillin organized the Wildcat League, which has only one requirement—the boy has to want to play baseball. The emphasis is on sportsmanship, not on winning. Every boy is given a chance to bat and field in every game. Their motto is, "Just Do Your Best."

Once a year several major league players come to town to give the boys pointers on how to bunt, pitch, field, etc. Last year some Detroit Tigers were here for Wildcat Day, and left saying they thought it was the greatest thing that ever happened to baseball for young kids. I agree. I have two sons in Wildcat and if they lose a game they don't come home with long faces. Anybody wanting to organize a Wildcat League in his community may write to Wildcat Office, 1302 East Creighton Ave., Fort Wayne, Indiana. Sincerely, MRS. E.H.

Troubled? Write to Abby, Box 69708, Los Angeles, Calif. 90069. For a personal reply, enclose a stamped, self-addressed envelope.

What's behind the closed door?

Clean GAS Cooking.

No way around it, broiling creates smoke. But there is a way to keep it out of your kitchen. Close the broiler door and let the GAS flame consume the smoke. Closed-door broiling is just one of many reasons why GAS cooking is cleaner and cooler.

The Name GAS MAKES THE BIG DIFFERENCE ... COSTS LESS, TOO!

Pioneer Natural Gas Company

DEAR ABBY: Re Bench Warmer's Mom: The Little League program is designed to (1) develop competitive sportsmanship in young boys, (2) improve their baseball ability. The practice sessions are arranged so that all the boys are given equal time. But the games are played to win.

Party To Mark Conclusion Of Reading Program

CANADIAN — A party will be given in the Canadian Library for more than 100 children who have participated in the reading program this summer, according to Mrs. Ed Barker, assistant librarian.

The party is planned for 2 p.m. Aug. 23 downstairs in the library.

All children, who have read 12 accredited books or more during the summer, will receive a certificate.

Vandals Throw Oil, Bleach

Extensive damage to carpeting, bed linens, a bedside table, walls and windows was reported to city police early Sunday morning by Dave Barton, 113 Lowry.

According to a police report, Mrs. Barton returned home early Saturday evening to find rocks had been thrown through a bathroom window and a bedroom window. Oil and bleach had been thrown through the holes in the windows causing extensive damage to furnishings.

Mrs. Rosa Bearden, 1017 S. Hobart, returned to her car, parked in the 1100 block Gwendolyn around 9:35 p.m., Sunday to find a left front window had been broken in the door of her car.

Dumas Man's Body Pulled From Lake

The body of Andrew Joseph Maghe, 37, Dumas, was pulled from Lake McClellan about 10:30 p.m., Sunday, some two hours after he drowned in the lake.

Maghe's body was taken to Carmichael - Whitley Funeral Home where it will be taken to Henryetta, Okla. for burial.

Members of the Pampa Fire Department and Gray County Sheriff's Deputies assisted in dragging operations at the lake.

The man reportedly went into the lake near East Bluff after a minnow bucket. He went under the water and never came up.

mony on the Plan and the role of West Texas, the High Plains, and the Trans-Pecos in the Plan will be heard.

Joe G. Moore Jr., executive director of the TWDB, and Donald B. Yarbrough, general counsel, head the hearing teams. Assistant chief engineers C. R. Baskin and Lewis B. Seaward head the technical staff teams taking part in the hearings.

Moore also serves as chairman of the Texas Water Pollution Control Board. Several staff members from the TWPCB attend the basin hearings to take part in water quality hearings which are held simultaneously with those on the Texas Water Plan.

Garage Sale, Tuesday through Saturday, 304 Anne.

Cash Taken From White Deer Cafe

Approximately \$110 in cash, a portable television set, and an undetermined amount of money from a vending machine were netted in a burglary of Ellen's Cafe in White Deer.

Entry was gained sometime between 10:30 p.m. Sunday and 4 a.m. today, by breaking out a side door window, reaching in and unlocking the door.

Carson County Sheriff John Nunn is conducting an investigation of the thefts.

Obituaries

Harry Wiley
Funeral services for Harry Wiley, 61, of 316 Tignor, were to be held at 2 p.m. today in Carmichael - Whitley Colonial Chapel with Rev. Roy Patterson, pastor of St. Paul Methodist Church officiating. Burial was to be in Memory Gardens under direction of Carmichael-Whitley Funeral Directors.

Mr. Wiley died Saturday afternoon in Highland General Hospital following a two-month illness.

Survivors include his wife, Mrs. Nora Wiley of the home; one daughter, Mrs. Danny Malone of Pampa, and one foster sister, Mrs. Charles Mathews of Memphis.

Mrs. Lora Beatrice Johnson
A rosary will be read at 7:30 p.m. today for Mrs. Lora Beatrice Johnson of 512 N. West St. in Duenkel Funeral Home Chapel with Rev. William V. Brannan, C.M., of St. Vincent de Paul Catholic Church officiating.

Funeral services will be at 10 a.m. tomorrow in St. Vincent de Paul Catholic Church, officiated by Rev. Brannan. Burial will be in Fairview Cemetery under direction of Duenkel Funeral Home.

Mrs. Johnson, 73, died Friday morning while visiting relatives in Selma, Calif.

The family requests that all memorials be given in the form of donations to the Heart Fund. Pallbearers will be George Dillman, Emil Urbanczyk, Delbert Bryant, Alvis Soukup, Bob Jewel and Vaughn Pitmon.

Ansel Lee Hogan Sr.
Funeral services for Ansel Lee Hogan Sr. of 901 E. Albert will be at 4 p.m. tomorrow in Carmichael-Whitley Colonial Chapel with Rev. Joe Hawn, pastor of Calvary Baptist Church officiating. Interment will be in Memory Gardens under direction of Carmichael-Whitley Funeral Directors.

Mr. Hogan died at 12:12 a.m. today in Worley Hospital following a three-month illness. Born Aug. 28, 1896, in Coryell County, he married Miss Anna Langford in Childress in 1922. A resident of Pampa for five years, he retired in September of 1961 as an insulator for Phillips Chemical Co. He was a member of the First Baptist Church of Etter.

Survivors include his wife of the home; three sons, L. D. Hogan of Pampa, A. L. Hogan Jr. of Sweeney and Melton W. Hogan of LaPue, Calif.; one daughter, Mrs. H. W. Sanders of Hollis, Okla., two brothers, Manuel and Jewel Hogan, both of Odessa; three sisters, Mrs. Dewey Garmes of Pearl, Mrs. Enock Verdell and Mrs. Deward Jones both of Odessa, 11 grandchildren and three great-grandchildren.

William N. Adams
William N. Adams, 62, 35-year resident of Skellytown, died at 7:30 p.m. Saturday in Bristol Hospital, Dallas.

Funeral services will be at 2 p.m. tomorrow in Carmichael-Whitley Colonial Chapel with Rev. Eugene Brand and Rev. George E. Turrentine, both of Lubbock, officiating. Masonic graveside rites and burial will be in Memory Gardens under direction of Carmichael-Whitley Funeral Directors.

Mr. Adams was born Nov. 24 in Freestone. A machinist for Skelly Oil Co., he was a past worshipful member of the White Deer Masonic Lodge. Mr. Adams was a charter member of Skellytown Lions Club, a 32nd Degree Mason, and a member of the Methodist Church, Skellytown Masonic Lodge, Eastern Star and Oddfellow Lodges and of the Skellytown City Council.

Surviving are the wife, Mrs. Tempest Adams of the home; one daughter, Mrs. Tommy Lyon of Dallas; one sister, Mrs. Mary Martin of Silsbee, and two sons, Clyde Prince, Frank Hewen Lyon of Dallas.

Pallbearers will be Keith Johnitt, Creed Smith, Jack Cornwell, Gene Harlan, E. E. Crawford and Everett Huffines. Employees of Skelly Oil Co. Gasoline Dept. will serve as honorary pallbearers.

Memorials may be given in the form of donations to Boys Ranch or to favorite charities.

Burglars Hit Four Vendors

Vending machines at two service stations on the Amarillo highway were the objectives in two burglaries occurring over the weekend.

Investigating officer, Deputy Sheriff D. L. Day, reported entries to the Hudson Service Station and the Shamrock Service Station were gained by breaking door windows and reaching in to unlock the doors.

An undetermined amount of money was taken from the Coke, candy and cigarette machines at the Shamrock station. No money was gained from the cigarette machine at the Hudson Service Station, according to the investigating officer.

A small storage shed at the back of the Shamrock station was also entered, but nothing was reported missing.

Autos Crash; Driver Cited

A car driven by Kenneth H. Searl, 803 Scott and a car driven by Joe Lynn Frank, Wail Street, were in collision in the 200 block of Brown at 1:18 a.m. Sunday, according to a police report.

Police cited Searl for driving to the left of the roadway.

The Searl car had approximately \$150 damage with the Frank's car incurring \$350 damage.

Police report Calvin Flenory, 509 Maple, after turning a corner in the 400 block S. Oklahoma, skidded in deep mud into a 15-foot elm tree belonging to Wallace Clark, 544 Oklahoma.

The accident occurred at 7:10 a.m. Sunday.

Flenory, 59, and Charley Butan, 14, a passenger, were treated for minor injuries in Highland General Hospital and released.

Estimated damage to the Flenory car was \$400 with an estimated \$50 cost to replace the uprooted tree.

Flenory was cited by police for not having a Texas Drivers' license and failure to control speed to avoid an accident.

Bicycle Thefts Continue In City

Charlie Wilkerson, 1823 Chestnut, reported to city police the theft of two bicycles stolen from his home Saturday night.

Reported missing are a gold Stingray with chrome fenders, leopard seat and a black and chrome three-speed Schwinn bicycle.

Bobby Potter, 1905 Sumner, reported a bicycle taken from the front yard of his home sometime Saturday evening. Missing is a red, boys' 28-inch bicycle, (manufacturer unknown), with a white seat and light, a padlock under the seat.

Justice Officiates Marriage Rites

Justice of Peace Nat Lunsford performed four marriage ceremonies during the weekend.

On Friday afternoon, ceremonies were performed for Jimmie R. Carter and Brenda Sue Stewart, both of Pampa; Bobby J. Wakefield and Judy Radale Brown, also of Pampa.

Saturday, Thomas L. Adams and Thelma May Adams, both of Lefors; John Garza and Sharon D. Tackett, both of Pampa, were married by Judge Lunsford.

Bond Set for Lewis

Louis Bull Lewis, 1300 1/2 Alcock, was arraigned in Justice of Peace court Sunday morning for unlawfully carrying firearms.

Lewis was stopped by city police at the intersection of Murphy and Talley around 4 p.m. Saturday following a reported sound of a gunshot.

Judge Nat Lunsford set bond at \$500.

NEED A CAR THAT WORKS ON LABOR DAY? RENT A FORD FROM US.
(We're just a few minutes away.)

You say your family car is out of commission? Or too crowded? Or you simply don't own a car? Well, that's no reason not to go places over the long Labor Day weekend. Just see us. We'll send you packing in a dashing new Ford Galaxie, or a Falcon, or a Mustang, or a Fairlane (or any Ford that suits your mood and your pocketbook).

It doesn't cost all that much, and we include insurance in the price. So give us a call.

And move out smartly.

THE MAN, THE CLUB, THE BALL — Earl Davis shows son, Ricky, the ball and the club he used to shoot an ace last week at Pampa Country Club. Earl drilled the ball 110-yards at the par 3, fifth hole for his first hole-in-one in five years of golfing.

TIGER PRINTS — The 1966 edition of the Groom Tigers, who will work on a record of 10 victories and no defeats in 1965. Front row, from left, Tony Britten, Hal Howerton, Johnny Burgin, Gary Pool, Ron Britten, John Britten, Ran Babcock, Denny Ashford, Don Blackwell, Gary Britten, Jerry Littlefield, Jim Babcock. Second row, Kenneth Britten, James Cummings, Ron Fields, Don Britten, Jim Britten, Terry Roberts, Larry Brown, Sandy Ham, Mike Helton, Dan Conrad, Denny Babcock, Tim Homes, Third row, Bob Pool, Ken Burger, Kerry Jones, Lynn King, Steve Boyce, Dickie Conrad, Keith Fields, Bobby Goodlett, Kyle Black.

BASEBALL ROUNDUPS

Koufax Wins 20th Game

By United Press International — Sandy Koufax is great only because of an arthritic left elbow. Without it, he'd be super. The million dollar arm on the \$125,000-a-year southpaw won its 20th game of the season, limiting St. Louis to six hits and fanning 10 Sunday in a 4-1 Los Angeles victory. Elsewhere in the National League, Pittsburgh whipped Chicago 8-1, Houston bombed Cincinnati 11-0, San Francisco topped Atlanta 9-4 and New York beat Philadelphia twice, 6-5 and 5-1.

Johnson in the first to even the count at 1-1. Jim Lefebvre drove home a run with a single across two with a single and sacrifice fly. Veale Gets Win — Bob Veale's two-hit pitching and an 18-hit attack enabled the Pirates to hold on to first place by a one percentage point over San Francisco. Veale retired 18 straight following Billy Williams' first-inning homer. Roberto Clemente slammed his 21st home run for Pittsburgh and teammates Willie Stargell, Jesse Gonder and Manny Mota collected four hits apiece. The Giants cracked out 11 hits, with Jim Ray Hart highlighting the offense with a three-run homer. Hart, who also had a single, drove in four runs. Tito Fuentes, Willie Mays, Len Gabrielson, Jay Alou and Hal Lanier each accounted for one RBI against the Braves. Bob Priddy, working the fifth and sixth innings, raised his slate to 5-3. Dave Giusti, a one-time big league third base prospect, drove in six runs and hurled a six-hit shutout as the Astros ran their home winning streak against Cincinnati to 9-0. Giusti cleared the bases twice with three-run doubles in winning his 13th game in 23 decisions and helping Houston sweep the four-game series.

The Mets crippled Philadelphia's pennant chances with the twin-bill sweep, sending the Phils six games off the pace. In winning their 54th and 55th games, the Mets surpassed their greatest season of 1964 when they won 53. With the opener tied 4-4 in the eighth, Jim Hickman pinch hit a two-run homer to provide Bill Hepler with his third victory against two losses. In the nightcap, Tug McGraw, recently recalled from the minors, limited the Phils to two hits in winning his second game in seven decisions. The windup was just the start for Earl Wilson. That's one explanation for the startling sudden success of the former Boston hurler who couldn't reach the 500 level any of the last three years with the Red Sox but is now the winningest righthander in the Wilson went from Boston to Detroit with a 5-3 record last June Sunday he improved that mark to 15-9 with a 8-4 win over league-leading Baltimore that was supported by five Tiger home runs, including Wilson's fifth of the year. Elsewhere, Chicago edged Cleveland 3-2, Boston beat Minnesota 5-4, New York topped Kansas City 7-3, and Washington defeated California 7-4. Al Kaline's 23rd homer tied the game 2-2 after the Orioles scored twice in the top of the first. Jim Northrup's 13th, with a man on, gave Detroit a 4-2 lead in the third and the Tigers broke it open in the fourth with solo home runs off loser Wally Bunker by Wilson, Dick McCaulliffe and Norm Cash. The triumph left second place Detroit 12½ games in back of Baltimore and 2½ games in

Graduation Losses May be Downfall For Groom Tigers

By RON CROSS Sports Editor — GRROOM — Graduation losses have hit defending champion Groom pretty hard and new coach Richard Edleman is the first to admit it. "It is going to be hard to replace the boys we lost, especially Jerry Roberts," Edleman said. The ne Groom coach, replacing Ronnie Mills, who went to Panhandle after one term as the

Tigers head man, has six starters back from the 1965 club that bled over 10 straight opponents. Last year the Tigers had one of the better defensive clubs in the Panhandle, giving up but 7.3 points per contest while scoring an average of 23.3 per game. Back from the '65 club are guards Sandy Ham, a 170-pound senior and Dickie Conrad, a 155-pound senior and tackle Keith

Fields, a 200-pound junior. All three are to-year lettermen. Three of the four backfield starters return in speedy Jerry Littlefield, a 140-pound half-back, Kerry Jones, 165-pound quarterback and hard-charging fullback, 190-pound Lynn King. All are seniors and Littlefield and Jones are to-year lettermen and King has three football letters. All toll 12 lettermen return and Edleman has Kyle Black, 135-pound senior and 130-pound Jimmy Britten, another senior to fill the one spot open in the backfield. Line-wise Steve Boyce, 204-pound tackle with two letters, Mike Helton, a junior at 160 pounds and Ken Burger, a 180-pound sophomore will probably fill the end positions and Larry Brown, a 165-pound senior is ticketed for action at center. After these 12 boys the ranks are a little thin with the remaining youngsters having only B team experience. Edleman figures Lefors to be exceptionally tough this year, saying, "They have what it takes, good size, real good speed and they are really going to want to avenge last season losses." "Right now we don't look too good, our passing is back, we don't have a whole lot of speed and we're not deep at all," Edleman advised. As far as the good points Edleman listed good size in his returning lettermen and the fact that Groom is known for its good athletes. "I just hope e don't get ahead of ourselves. We'll just play 'em one at a time," the new coach said. OBSERVATION — If the Tigers can stay away from the injury by their most certainly have could repeat their 1965 season. The Groom-Lefors game should be the battle of the year in Panhandle area football.

Three-Week Layoff And Mickey Still Wins Western

MUKWONAGO Wis. (UPI) — Mickey Wright didn't have to take a philosophy course back at school to learn that the rich get richer. Without it, he'd be super. Simple mathematics told her today after her one-stroke victory in the 37th annual Women's Western Open golf tournament, despite a three-week layoff, that the \$1,500 first place prize as peanuts compared with the \$10,000 pot of gold she earned a shot at in the \$32,000 Women's World Series of Golf starting Sept. 1 at Springfield, Ohio. Miss Wright, who conceded that the World Series as the incentive for her victory Sunday picked up her third Western title in five years with a final round 76 and a four-round total of 302.

She beat back challenges from Australian Margie Magtaker, who threatened the upset of the tour, and veteran Jo Ann Prentice, who lost the title on the final hole. Miss Wright, 31, Dallas, had led the first two days of the Western, but fell one stroke behind Miss Prentice in the third round. "This as the incentive," said Miss Wright. "All of us are looking ahead to the World Series."

Frank Howard, Ken McMullen, and Paul Casanova, who had four hits, homered as Washington topped California. Fred Valentine's two-run double in the first off Angel starter Ramon Lopez, who lost his first major league decision, gave the Senators a quick 2-0 lead but Bobby Knoop's 15th homer evened the score in the second. Phil Ortega (9-11) benefited from the three Washington homers.

Footballers To Take Physicals

Pampa Harvester varsity and Shocker footballers check out some equipment at 5 p.m. today and start organized conditioning drills. The squad will then take physicals at 7 p.m. at the Medical and Surgical Clinic. No boy will be allowed to participate in workouts until the physicals are taken, according to head coach Eural Ramsey. Friday the footballers check-out pads and start working in earnest.

Fritch Successfully Defends Pamcel Title

Margery Fritch successfully defended her Ladies PAMCEL golf title Sunday with Betty Ellis as runner-up. Pam Turek on the handicap trophy at the Celanese golf course.

Morrall Comes Back To Haunt Detroit Teammates

By United Press International — Now Harry Gilmer knows what kind of summer it's been for Bill DeWitt. De Witt, owner of the Cincinnati Reds, has suffered in silence this season as his decision to ship Frank Robinson to Baltimore has been called the most "brilliant" move in baseball since the Boston Red Sox sent a pitcher-outfielder named Babe Ruth to the New York Yankees in 1919. Gilmer's first major decision after he was named Detroit Lions' football coach last year was to choose whether Milt Plum or Earl Morrall as his first string quarterback. He chose Plum. It's been called the worst decision in Detroit since they decided to make the Edsel. To make it even worse, Gilmer decided a two-quarterback system can't work and he shipped Morrall to the New York Giants in a three-year deal with the Cleveland Browns. Gilmer had to watch Sunday along with 46,811 fans in the Yale Bowl as Morrall completed 14 of 20 passes for 185 yards and a touchdown to lead the Giants to a 17-7 triumph over the Lions—and Morrall did it even though rookie offensive tackles Francis Peay and Don Davis were having problems

Wall Wins ICO To Edge Ellis

HARTFORD, Conn. (UPI) — Art Wall Jr. had the largest purse of his career and a new tournament record today after his winning performance in the 15th annual Insurance City Open (ICO). Wall, who led the \$100,000 tournament all the way, shot a steady three-under-par 68 over the Wetherfield Country Club course Sunday to pick up the \$20,000 first prize. His four round total of 266 was two strokes under the ICO record set in 1958 by Jack Burke. Wes Ellis Jr., hitting "quite a few bad shots," closed with a 70 Sunday to finish two strokes behind Wall. The Pampa Daily News

A Watchful Newspaper

EVER STRIVING FOR THE TOP O' TEXAS TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself no more, no less.

Conformity in Schools

Independent, private institutions of "higher learning" are almost non-existent nowadays, and the threat to the independence that still is retained by those that hang out the "private and independent" sign is increasing.

The threat comes from the government, which offers more and more financial assistance to private institutions. It is a rare case when one of them has the courage to turn down the cash proffered.

The rationale behind acceptance of government funds for the operation of private institutions—particularly when they are religiously connected institutions—still is a bother to those who are in charge of deciding policy for some of those places of learning.

The Southern Baptists, for instance, who insist on adherence to the rules that go with separation of church and state, reported again this year at the church convention that the committee studying policy on the question of acceptance of federal funds could not reach a decision.

Tulane University's president, Herbert E. Longenecker, warned in a speech recently at Stanford University that private universities are threatened not only by "ill-defined relationships with government, (but also) by competition from tax-supported institutions for private gifts."

Bureaucracy Harms Market

Recently, when the federal government began throwing its weight around threatening and coercing the automotive industry, automobile sales fell off alarmingly and, consequently, production. Reacting, the stock market went into a nose dive.

The economy of a nation, of indeed the world, is an extremely sensitive mechanism. Meddle with it in one place, and the economy is affected all down the line in ways that no human being can predict in advance.

Hunt for Truth BY M. L. HUNT YOUTH FREEDOM SPEAKERS

We see the same pattern being repeated with reference to the drug industry.

The "drug industry," observes the Wall Street Journal, "is understandably disturbed by the Food and Drug Administration's regulations concerning the content and labeling of vitamin and mineral supplements and other dietary substances."

The Paul de Haen Co., a drug information service, tells the story in one of its bulletins: "National introductions of new medicines by American drug companies declined sharply during the first six months of 1966 to the lowest point in 25 years."

The bulletin then went on to trace the trend in a summary of new products produced in the

Pull Up A Chair

By FRANK JAY MARKEY

Don't be startled if you pass a department store window one of these days and see the mannequins displaying the fashions by walking around and perhaps even winking at the window shoppers. We saw a new creation the other day called the "Computer Woman," and it's the closest thing yet to a real-life doll.

Today's smile: A judge asked the culprit before him: "Why did you strike your wife?" The accused answered: "Well, she had her back to me, and the back door was open, so I thought I'd take a chance."

The late George M. Cohan once told us his secret for maintaining good health was a two-mile walk each day. When in New York he would hike through Central Park, but when he was playing on the road he'd take long strolls in the old neighborhoods he had known as a youngster when he played every sizable city in the country with his family, the Four Cohans.

Thoughts while shaving: A world calendar of events showed there are only 88 days in the year that are not celebrated as holidays somewhere. We don't know what country has the most holidays, but Soviet Russia has the fewest.

The trend, however, is the opposite of what would please Dr. Longenecker. "The continued trend," he said, is "toward conversion of private college and universities to 'public' status."

Surveys show the average American family spends five hours a day watching TV. Makes us wonder what's the matter at our house. We can't get an hour to read the newspapers. . . Of course it's going to cost a lot of money to land an astronaut on the moon, but it might turn out to be worth it.

Country Editor speaking: "The best way to double your money is to fold it once and keep it in your pocket."

The Nation's Press

"You could write a book about how I agree with the leaders of the ADA and the disagreements wouldn't amount to more than a footnote." Vice President Hubert Humphrey recently told a reporter.

Construction, these young people are fiercely determined to fight fire with truth and reason. Nearly everyone wants to do something, but somehow just do not get started. They are proud of youth and will encourage them, but far more important, they will listen, and youth will become a "spark plug" for liberty.

Broken Reins

Backstage Washington

ROBERT ALLEN

PAUL SCOTT

WASHINGTON — With the Johnson Administration doing nothing about De Gaulle's repeated affronts and increasingly costly and harmful hostilities, it's time for Congress to take the lead and give the haughty Frenchman a bluntly jarring dose of his own medicine.

This is a joint resolution sponsored by Representative Vernon Thompson, R-Wis., member of the Foreign Affairs Committee, directing President Johnson to take immediate and forceful action to require France to resume payments on its World War I debt of more than \$6,500 billion.

Approval of Thompson's measure by the potent committee would virtually ensure its overwhelming passage by the House. That in turn would go a long way in impelling similar adoption by the Senate.

These views are hardly heretical or controversial. Nevertheless, ADA, which regularly dispenses leftist crackpottery under the guise of scholarship, rejects as "simplistic" the notion that communism has designs on Southeast Asia.

ADA's idea of a proper foreign policy is that the United States negotiate with the Viet Cong, end the bombing of North Viet Nam, and "de-escalate" the war in Viet Nam — in other words, that we renounce the commitment of the last three American Presidents and that we leave the Vietnamese people at the mercy of the Communists.

ADA's disenchantment with Humphrey springs from his belief that the South Vietnamese be allowed to choose their own government. They also angrily reject the analogy, which Humphrey made while addressing ADA's 19th annual convention last week, that "Saigon is as close to this ballroom tonight as London was in 1940."

faulted debt. Similarly, there is not a single cogent reason why the Johnson decisively to compel that.

Calling the turn — The administration's pusillanimousness in dealing with De Gaulle's persistent anti-U.S. intransigence is humiliating. As Representative Thompson pertinently points out, it is not only harmful to the U.S., but shameful and degrading.

"For nearly 50 years," says Thompson, "the U.S. has done more for France than any nation has ever done for another. France has grown strong with a stable currency because of unbounded American generosity and help. Twice our country has saved France from subjugation at great cost in lives and treasure."

"In the light of such ingratitude, the time has long passed when De Gaulle should receive the special treatment accorded to a friendly ally or grateful and sincere associate. The time has come to deal with him on the same terms he deals with us — cold turkey and no favors."

Senator Ernest Gruening, D-Alaska, chairman of the Subcommittee on Foreign Aid Expenditures, brought this astonishing fact to light during the Senate's consideration of the new multi-billion dollar foreign aid authorization bill.

During the discussion, Gruening pointed out that although military assistance to the prosperous NATO allies was supposed to have ended, tens of millions of dollars are still being spent for that.

The Doctor Says:

By DR. WAYNE BRANDSTADT

Side Effects Probable From All Modern Drugs. Q—I am crippled with arthritis. I have been taking Decadron for years. It has made my skin thin and caused fluid retention and moonface, so now I am trying to get along on Tandearil alone.

Q—What could cause me to have hypertrophic arthritis at the age of 29? A—Although hypertrophic or osteoarthritis is most common in persons who are over 50 it does occur in the mid 20s. The arthritis process may be accelerated by repeated injuries to a given joint. Heredity may also be a factor.

Q—I have arthritis of the neck. Limbering up exercises help to relieve the pain. Are these exercises generally harmful or helpful? A—I assume you do not have the acute febrile stage of arthritis during which rest is beneficial.

Q—What causes enlargement of the heart? Can anything be done for it? A—Enlargement of the heart may be caused by high blood pressure, diseased heart valves, chronic bronchitis, emphysema overactivity or underactivity of the thyroid and severe vitamin B deficiency.

Shut Off the Oil

(The Chicago Tribune) Oil for the communist war machine of North Viet Nam arrives aboard Soviet and Polish tankers at Haiphong, the north's major port.

At the cost of several pilots and planes, their bombs knocked out a sizable number of storage tanks, but the communist tankers and other supply ships continue to move unimpeded into Haiphong to discharge their cargoes.

But mining the approaches to Haiphong—so far opposed by the administration—is not the only method of closing the port, as Sen. Thurston Morton (R-Ky.) pointed out recently in an address at McCormick Place.

What indeed? The 7th Fleet sails unchallenged in the China Sea and the Gulf of Tonkin. Not even a Soviet tanker would risk being sunk or boarded by the Navy were Washington to impose a blockade.

fact

The word "Quisling" which has become synonymous with "traitor," is traceable to Vidkun Quisling, a World War II Norwegian army officer and fascist. He collaborated in the April 1940 German invasion of Norway.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinking) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation 270. At all drug counters.

North Hobart Conoco Recommends Preventive Measures To Decrease Car Trouble In Winter

With the advent of winter, comes the awesome and dreaded winter driving, icy streets, sleet and snow all add to the hazardous driving, so why should the average motorist, especially the women, be plagued with car trouble? Car manufacturers have provided the latest aids to make winter driving as comfortable as possible. But when the driving sleet and heavy morning traffic begin to wear on the mother's nerves, there's too much to con-

Preventive Maintenance For TV Is Recommended By Bud McVicker

Many expensive television repair bills are caused by a neglect or postponement of minor service problems. At the moment you first notice a change in the quality of your picture you should consult a qualified professional who not only cares about your television set, but also cares about your well being as a customer.

Bud McVicker knows that money does not come easy so he whole heartedly suggests that in order to cut down on high, unexpected repair bills his customers try to maintain a period of preventative maintenance.

By preventative maintenance he means to set aside at least one time of the year when it is convenient to have your TV set cared for. Usually the better time is when you plan your vacation. By doing this you give the technician ample time to thoroughly inspect and take care of the many problems that could arise from costly repairs. Bud McVicker and his staff firmly believe that "Haste makes waste," especially in an intricate instrument such as your television.

Remember, to save money and frustration, call Bud McVicker TV service, MO 5-4001, or come by and visit them at 300 West Foster. They service all brands of color television.

Old Settlers' Reunion Set In Mobeetie

MOBEETIE — Mobeetie is making plans for a gala celebration on Labor Day, Sept. 5 when it hosts its annual Old Settlers' Reunion.

Plans for the day include an Old Fiddlers' Contest; entertainment by Henry Johnston, The Miami Stompers and others.

Over 200-pound-of-free-barbecue beef will be served on the former courthouse lawn, under the arbor and in the jail. Those who are unable to go through the serving line will be served by the Mobeetie Junior Class.

Master of ceremonies will be Harry Wofford and Chuck Hogan. A memorial service will be conducted for older timers who have passed away since last year.

Paul J. Morris, superintendent of schools, points out that Mobeetie is sometimes called a ghost town, but its citizens extended a cordial invitation to come and see its modern trend. "Just like in 1880," he said, "it still has the best water, the best garden soil, the most trees of any place in the Panhandle; the largest gas well; good churches; Lions' Club; and a modern 12-grade school where students get a lot of individual attention."

A to Z Rental Expands Line With Diggers

The A to Z Rental Center, 1541 North Hobart, has expanded its line of products to better serve the growing needs of the community.

A to Z Rental Center recently acquired several Ditch Witch ditching machines. The models include the M-3 and the J-4. The J-4 trencher is a four wheel riding type with hydraulic steering. The J-4 is equipped to dig up to five feet deep at widths from four to twelve inches. It's easily accessible control panel, riding comfort and extremely good visibility makes it tops with the man who rides this machine. This trencher is able to cross asphalt streets and most any kind of soil. The hydraulic control permits machine speed and digging speed to be perfectly matched for real digging efficiency. The digging chain drive is mechanical for full power delivery when digging. You can raise or lower the back fill blade in seconds and backfill with the blade straight or angle it either direction.

The M-3 is manually guided and has sufficient horse power to dig two feet deep at widths up to ten inches. The self propelled Ditch Witch digs straight line trenches at standard digging speeds of 1 1/2 to 6 FPM or can be equipped with a high speed sprocket to dig at speeds of 20 FPM or more. One Ditch Witch digs straight line man and one machine can easily dig from 150 to 300 feet per hour. The M-3 has the ruggedness to dig under extremely adverse conditions in all kinds of soil: rocky, gumbo, hard-baked clay or caliche.

Glenn Wingham, owner of A to Z Rental Center, will be happy to give complete information and instruction on any of the items rented from his store. Glenn feels a small

Lefors' Schools Sets Starting Date for Classes

LEFORS — August 31 has been set as the starting date for classes in Lefors. Buses will run regular routes and luncheon will be served in the school cafeteria that day, school officials have announced.

New teachers, added to the school system this year, are Mrs. Thelma McClung, who will teach seventh and eighth grade English; Tony McGowan, new band director; Mrs. Barbara Baker, new high school English teacher; and Mrs. Johnnie Sybert of Pampa, school nurse.

The name of the West African nation of Dahomey meant "Belly of Dan," in honor of a 17th century king who ate his victims, says National Geographic.

Otis Nace Qualifies As Star Club Member

Otis Nace, 829 North Nelson, has qualified as a member of the 1966 Star Club of New York Life Ins. Co.

The Star Club is composed of New York Life's outstanding agents and is based upon 1965-66 sales records.

As a member of the club, Nace has qualified to attend this year's educational conference tomorrow through Thursday near Arlington.
