

PAMPA CHAMBER OF COMMERCE

(Daily News Staff Photo)

SINE DIE — E. E. Shelhamer, newly-installed president of the Pampa Chamber of Commerce, right, presents a plaque of appreciation to retiring president and his wife, Mr. and Mrs. Norman C. Henry, at last night's annual membership banquet in Robert E. Lee Junior High School.

New CoC Officers Welcomed at Banquet

It was a glittering gathering in Robert E. Lee Junior High last night that bid welcome to new officers of the Pampa Chamber of Commerce at its annual membership banquet.

Approximately 400 members and guests attending were served dinner by members of Robert E. Lee home economics students and cafeteria personnel with dinner music provided by Maxine Milliron, at the organ, and Jerry Lambright, drummer.

After dinner entertainment

Lake Dedication Plans Completed

United States Department of the Interior Secretary Stewart L. Udall will be the featured speaker at the dedication of Sanford Dam and Lake Meredith at 3:30 p.m. Tuesday, Nov. 1, at the Vista Point in the Sanford-Yake Recreation Area.

Commissioner Floyd E. Dorn of the Bureau of Reclamation will serve as master of ceremonies with talks scheduled by Texas Governor John Connally, Congressman George Mahon, and Congressman Walter Rogers. The climax of the event will be the unveiling of two dedicatory plaques by Congressman Rogers, Mrs. A. A. Meredith, and Secretary Udall.

An entertaining program has been scheduled and the public is invited to attend. The Borger High School Band will present a concert starting at 3 p.m. at the same time a boat show is being staged on Lake Meredith by the Borger Boat and Ski Club and the Amarillo Yacht Club. The event will be saluted by planes from Reese Air Force Base as they stage a fly-over at 3:20 p.m. The colors will be presented by the Borger National Guard. Traffic will be directed by the National Park Service, Texas Department of Public Safety, and the Hutchinson County Sheriff's Department.

Sanford Dam and Lake Meredith are a part of the Canadian River Project which will provide municipal and industrial water to member cities of the Canadian River Municipal Water Authority. Water will be delivered at Pampa, Amarillo, Borger, Plainview, Lubbock, Slaton, O'Donnell, Tahoka, Levelland, Lamesa and Brownfield following completion of the aqueduct system.

The Bureau of Reclamation started construction of Sanford Dam in 1962 and completed it in 1965.

Series of Fires Kill 43 Men Aboard Aircraft Carrier

USS Oriskany Gutted By Searing Flames

SAIGON (UPI) — A series of explosions and fire ripped through the 7th Fleet attack carrier USS Oriskany today killing 43 men and injuring 16 others in the worst naval tragedy of the Viet Nam War.

The fire, touched off by an explosion in a hanger bay containing photo reconnaissance flares that will burn under almost any conditions, boiled through five decks in the forward section of the 42,600-ton carrier. At least two helicopters were destroyed and a number of jets damaged.

Some of the men were trapped below decks and died in their bunks. It was the worst naval tragedy of the Viet Nam War.

Firemen, damage control and demolition experts ignored their own safety and darted into thick, choking smoke and flames so hot it melted steel girders to drag out bombs, rockets and planes.

Other sailors wheeled fighter-bombers out of danger and still others dove into a nearby officers' quarters and dragged out pilots overcome by heat and smoke.

They were too late for some of the other flyers who had flown through enemy fire over North Viet Nam just a few hours before and died in bed.

The fires were fed by magnesium, the chemical used to make photo flares. It burns with a searing heat and is extremely difficult to extinguish.

Two helicopters were destroyed and a number of A-1 Skyhawks, the swift jets that strike Communist targets in North Viet Nam daily, were damaged.

The aircraft carrier tragedy occurred shortly before President Johnson paid a 90-minute visit to Cam Ranh Bay to chat with a few of the 325,000 American men now serving in Viet Nam. Johnson flew back to Manila after his unannounced visit.

No heavy ground fighting was reported today but U.S. Army 1st Air Cavalry Division troops aided by air strikes killed 48 Viet Cong Tuesday in a two-hour running battle 100 miles east of Saigon that ended only when Communist remnants fled into the hills.

'Petticoat Insurrection' Gets Aid From F.T.C. Investigation Report

By United Press International — The housewives insurrection stretched from Hawaii to New England today.

Petticoat rebels fought their war against high food prices with pickets, motorcades, telephone campaigns, and the ultimate weapon—the boycott. New groups of disgruntled mothers were formed as some successes—chiefly in the Southwest—were reported.

In Atlanta 20 women picketed at least five supermarkets Tuesday. Their signs proclaimed "Housewives, Arise," and "We've had it."

There were these related developments:

—In Washington, the Federal Trade Commission (FTC) reported that farmers and processors got their share of a recent 7 per cent jump in bread and milk prices, but that retailers' markups were double and triple the steps at the farm and processor levels. The FTC said "growing consumer resistance... may induce retailers to intensify price competition and curtail the promotional competition which has substantially raised retail distribution costs over the past decade."

Centaur Rocket Proves Mastery Of Orbit Launch

CAPE KENNEDY (UPI) — A Centaur rocket restarted its engines in space for the first time today and to prove it finally has mastered the orbital launching technique needed to keep Surveyor spacecraft flying to the moon next winter and spring.

It was a significant milestone in American rocketry and qualified the hydrogen-fueled upper stage for the most difficult lunar and planetary launches.

It also reinforced U.S. plans to use bigger hydrogen rockets to send Apollo astronauts to the moon.

The high-powered Centaur, making its last test flight, showed its adaptability to high energy liquid hydrogen fuel in weightless orbit by firing the second time to kick a test payload into deep space.

For today's stop-start test, the Centaur upper stage carried a 1,600-pound dummy Surveyor lunar lander and was aiming toward a "paper moon," an imaginary point 226,000 miles away where the moon will be on Jan. 24.

The shot was the first of two on today's busy launching schedule. A new breed of communications satellite was aiming for a launch tonight toward a message relaying station 22,300 miles above the Pacific Ocean.

The Centaur mission was a full-scale rehearsal for the Surveyor 3 which could be launched Jan. 24 although a February firing date is more likely.

Centaur began its all-important test 12 minutes late today at 5:12 a.m. CST when an Atlas booster propelled it into the still dark sky on the first leg of its 36-minute test.

As the rocket rose toward a heavy blanket of clouds above the cape, it passed a bright glow over the launch site. Two minutes later, Centaur control reported that the 113-foot space machine was on course, shooting toward a preliminary orbit about 100 miles above earth.

About nine and a half minutes after launch, the 47-foot Centaur stage zipped into its "aiming" orbit and cut off its engines to set the stage for the crucial restart test about 23 minutes later.

WEATHER

PAMPA AND VICINITY—Continued fair and mild with little change in temperature through Thursday. High today and Thursday mid 80s, low tonight lower 40s. Northwesterly winds eight to 12 m.p.h.

Jury Selection in Sheppard Trial Moves at Good Pace

CLEVELAND (UPI) — It was touch and go today whether a jury could be empaneled by nightfall in the second trial of Dr. Samuel H. Sheppard.

Ten jurors had been seated temporarily during the first two trial days, compared with only three during the same period in the 1954 trial in which the handsome young brain surgeon was convicted of the bludgeon murder of his pregnant wife.

Although only two more were needed to complete the temporary panel, each side then will begin exercising its pre-emptory challenges to throw out those whom the judge had declined to dismiss "for cause."

Each side is allowed four pre-emptories. Veteran courtroom observers who watched the temporary seating said it was

Johnson Makes Secret Visit to South Viet Nam

CAM RANH BAY, Viet Nam

(UPI) — President Johnson made a massively protected secret visit to Viet Nam today to talk to American troops and solemnly pledge to them "we shall never let you down nor your fighting comrades."

The President flew into the well protected Cam Ranh Bay supply base on the coast, utilizing a visit to Corregidor island in the Philippines as a cover for the sudden flight. He spent two hours and 24 minutes with Gen. William C. Westmoreland, the U.S. commander in Viet Nam, and men at the base.

First, he surprised Westmoreland by conferring a Distinguished Service Medal on him. Then, from a platform, perspiring in the tropic heat, the President told the assembled troops:

"I just couldn't come to this part of the world and not come to see you. I give you this pledge. We shall never let you down nor your fighting comrades nor the hundreds of millions of Asians. One day the whole world will know that what you have done here was worth the price."

He visited hospitalized servicemen and toured the base in a jeep. "You have the prayers of a grateful President and a grateful nation," he said. "We believe in you. And when peace comes we will receive you in your homeland with great thanks and with great pride."

This scene of his historic visit was a huge air base and seaport built by American forces over the past year. The area is considered secure from Viet Cong attack although there has been combat only 20 miles away.

The President, wearing a tan twill zipper jacket, a shirt and trousers that comprise his favorite Texas ranch costume, flew to Cam Ranh Bay from Sangley Naval Air Station just west of Manila.

The President left Sangley at 2:45 p.m. (2:45 a.m. EDT) and landed in Viet Nam at 4:34 p.m. The Commander-in-Chief of the 325,000 U.S. forces fighting in Viet Nam was met by Westmoreland, South Viet Nam's Premier Nguyen Cao Ky and Chief of State Nguyen Van Thieu.

Johnson returned to Manila this evening, landing at 8:47 p.m. (8:47 a.m. EDT). He will spend the night there and then resume his 25,000-mile Far Eastern tour, going to Thailand Thursday.

While on the ground in Viet Nam, the President inspected an honor guard representing all American armed services, conferred the Distinguished Service Medal on Westmoreland and bestowed a number of other decorations, visited the 12th Air Force Field Hospital and walked through two wards of wounded servicemen.

One Juror Still Needed in Trial

By **TEX DEWEESÉ** — One more juror still was needed as court reconvened at 1:30 p.m. today in the rape trial of Tom R. Vessels, 29, in 31st District Court here.

District Attorney Bill Waters and Defense Attorney James R. Bowers were able to agree on only 11 men after trying all day Monday and Tuesday and through three hours and 20 minutes of a special court session last night.

Judge Lewis M. Goodrich called the night session in an attempt to complete a jury so the taking of testimony could start this morning. All jurors selected so far are men.

When the last man on the special venire was excused at 10:20 p.m., Defense Attorney Bowers renewed his motion for a change of venue, but the motion was overruled by Judge Goodrich. The judge immediately ordered 40 more names drawn from the jury wheel and told Sheriff Rufe Jordan to have the additional veniremen in court ready for jury service at 1:30 p.m. today. Juror No. 10 was accepted by

both sides at 2:35 p.m. Tuesday. Thirty-five consecutive veniremen were examined before Juror No. 11 was agreed upon at 9:30 last night.

At that hour only six of the original panel of 196 veniremen called remained. They were dismissed one after another after stating they had either already formed an opinion as to guilt or innocence or were opposed to capital punishment.

One hundred and two veniremen were examined out of the entire list before 11 jurors were seated. The others were excused from jury service because of being over 60 years old, for health reasons or because of absence from the county. Two of the original veniremen called were listed as deceased.

The 11 jurors selected until court went into session this afternoon were:

Lou Troja, 2330 Navajo, clothing salesman; Marion F. Williamson, 1809 N. Wells, machinist; E. J. Windom, McLean, mechanic; D. E. Robbins, 600 N. Sloan, oil field pumpjack; S. A. Dunham, 2128 N. Summer, oil company of.

(See TRIAL, Page 3)

trial on Monday and during the endless examination of each of the approximately 196 veniremen, who were called to sit in judgement of Tom R. Vessels, his mother has sat on the front row bench in 31st Judicial District Court facing her son. The tension and strain is evident on the face of the attractive, aurn-haired, 48-year-old mother or Vessels. She is a practical nurse, married to a Fort Worth plumber, W. G. Freeman; the mother of another son and two daughters, all of whom are with her.

At times she has exchanged glances with her accused son or sat tense and motionless with her face buried in a handkerchief. She has penetratingly watched a juror as he testified as to his ability to judge the case. At other times, she has sobbed uncontrollably and has

Destiny's Pawns Take Their Places In Trial

By **DORIS E. WILSON**
News Staff Writer

How hideous sometimes is the finger of fate that seems to move people, as pawns in a chess game, into positions where none wants to be.

This hideous finger began moving last April 28, when an alleged crime was committed against a young and attractive housewife, a member of a well-respected Pampa family. A crime so ghastly, so alien to this usually friendly Top o' Texas town that it immediately wrapped itself in a blanket of fear and revulsion.

Most of the pawns that will play out this "game" of life or death are in place. The presiding judge, the two attorneys, 11 jurors to date, witnesses, and the families involved. None are where they want to be.

Russian Luna May Be Only Half Success

MOSCOW (UPI) — Russia's Luna 12 satellite spun noisily in orbit around the moon today beeping back scientific data to earth but apparently not the photographs needed by Soviet scientists to plot future cosmonaut landings on the lunar surface.

The Kremlin, however, typically delayed any details of the Soviet space shot. First reports came from British scientists who said the satellite successfully swung into orbit at 11:47 p.m. (2:17 p.m., CST), Tuesday.

Tass, the Soviet news agency, confirmed the orbiting late this morning, saying instruments aboard the craft were for studying "near lunar space" and functioning normally. No mention was made of any picture-taking mission of Luna 12.

NEGOTIATE FINE

PITTSBURGH (UPI) — Andrew Loskoch, 23, told police Magistrate John J. Fiorucci Tuesday that he shinnied up a utility pole behind a state liquor store to get away from three men who were chasing him.

Police had arrested him on a malicious mischief charge. Fiorucci fined Loskoch \$10 on a charge of disorderly conduct. "But I have only \$6," said Loskoch.

"Then we'll make it \$5. That gives you \$1 to get him," Fiorucci said. "But I live in Minnesota." Loskoch said. He paid the fine.

National Window

By LYLE WILSON
United Press International
From the 89th Congress just ended emerged an authentic Mr. Republican, maker of party policy and keeper of the party conscience.

The new Mr. Republican is Sen. Everett McKinley Dirksen of Illinois, Senate Republican leader. He is a conservative. But Dirksen is not vulnerable to the smear campaign in which the liberals attempt to identify all conservatives as members of the John Birch Society, as putative Kluxers or merely as enemies of the republic.

Dirksen had an increasingly vital role in the passage of all major federal civil rights legislation to emerge from recent Congresses until toward the end of the recent session. Dirksen rejected the Johnson administration's 1966 civil rights drive for open housing. He objected that open housing would be an unconstitutional invasion of the rights of home owners. Dirksen stood pat in the Senate and the 1966 civil rights bill died there.

However much Eastern soft-boiled Republicans may grieve and protest, Dirksen established as party policy a rejection of federal law to impose open housing. Dirksen can bear the responsibility for knocking down LBJ's 1966 civil rights bill. Over their years in Congress, Dirksen's record on civil rights is better than Johnson's.

Dirksen has been substantially consistent in supporting civil rights. Johnson has been on all sides of the question, with both big feet firmly planted.

Republican platforms quibbled on compulsory unionism until Barry M. Goldwater imposed higher standards of truth in platform writing. The 1964 Republican platform pledged constant opposition to any form of unregulated monopoly whether in the area of business or of labor.

That adequately covered the monopoly of compulsory unionism. When Dirksen killed 14-B he acted in conformity with that party platform. The 1964 platform also pledged the full implementation and faithful execution of civil rights legislation and, further, to assure equal rights and opportunities guaranteed by the Constitution to every citizen.

In that 1964 pledge was the party authorization for Dirksen to proceed against open housing in the 1966 civil rights bill. He argued that open housing would invade the constitutional rights of some citizens, notably white owners of private property. The Republican commitment against such excesses in the name of civil rights is established now, however much Dirksen's soft-boiled party colleagues may moan and groan.

Dirksen smartly executed another party coup this year. He made a big Republican thing in the Senate of his foredoomed effort to amend the Constitution in favor of prayer in the public schools. He wanted a record vote and he got it. Three Republicans and 34 Democrats voted against prayer and some of them must answer up for that in this campaign. Dirksen merits a loud cheer or, at least, a get well card sent to Walter Reed Army Medical Center.

HOUSE SAVED
N E WCASTLE-UPON-TYNE, England—Arthur Whitby lives in a nonhouse. Nowhere in the official records of the town could there be found a record of his house.

This bureaucratic slip-up saved Whitby's domicile. A demolition crew came to tear it down. The Council Estate Office maintained "There is no record of such a house." Arguments by the wreckers that they had seen the house were ignored.

HONDA-DRIVING RICHIE GINTHER streaks by a rambling assortment of tents, trailers, station wagons and vans strewn about the Watkins Glen circuit. Some 30,000 people roughed it during the U.S. Grand Prix.

U.S. Grand Prix Marked By Much Frolic, Little Trouble

By BOB COCHRAN and DAVE BURGIN
Newspaper Enterprise Assn.
WATKINS GLEN, N.Y. (NEA) — The symbol of the fun, it seemed, was a 20-foot tree from which dangled hundreds of beer cans. A beer tree, if you will. The cans, of course, are empty. Who at such a festive event as the United States Grand

"These youngsters," the cop explained, fighting off a smile, "disrobed and danced around a fire. They got pretty stiff sometimes. So I don't think we'll have any more trouble with them. Word spreads quickly." The influx begins about three days before the race, held on Sunday. Watkins Glen has more than its share of motels for a town of 3,000, but space for the

lucky ones could get into the pits to mingle with famed drivers, designers and mechanics. Word spreads through tents and trailers quickly, however. At race time, they all take up strategic positions near the track to see Jimmy Clark, Dan Gurney, John Surtees, Jack Brabham and Graham Hill negotiate hairy turns and maneuver down the straights. It all APPEARS to be grand fun. We, sadly enough, forgot to take our tent.

SPINOFFS: Lenthic, makers of a men's cologne called Onyx, has come up with a bright idea. The company is advertising through international racing, offering the unique Onyx trophy for the fastest lap at the U.S. Grand Prix. Wisely spent nonautomotive money can help racing, especially the not-so-rich sports car world. Honda of Japan also is on the right track. Honda race cars (American Richie Ginther is chief driver) have shown well on the Grand Prix circuit. "Another year or two," Ginther said, "and Ferrari and Ford will have to make room."

HOW ABOUT KILTS
PRESTWICK, Scotland—Porters at the airport refused to add Scottish Highland bonnets to their uniform on the grounds "airport porters in New York don't wear cowboy hats."

Mailing Morale Costs Much Money

By TOM TIEDE
Newspaper Enterprise Assn.
FORT LEE, N. J. (NEA) — Every evening Linda Galoardi, age 20, of this city, writes several pages of airmail letters to Pvt. John Riley, age 22, at Ti Anh, Viet Nam.

Each letter costs her eight cents. Frequently she wraps up four or five pound packages — oatmeal cookies, small cakes, sour-milk donuts — and sends them to her infantry-enlisted boy friend. They cost her "about \$5" apiece.

If she sends 365 such letters in the coming year and two such packages a month — which she insists she will — she will spend nearly \$150 on postage alone to mail morale to Pvt. Riley during his 12-month tour of the war.

"Gee," she observes, "it's expensive." With countless Americans now sending thousands of pounds of mail every day to soldiers in southeast Asia (some 5,000 more tons are expected before Christmas) the total tab for statesiders is millions of dollars.

Because of this cost, many families must keep mail to GI relatives at a minimum. And a few people — say the wife of a Pvt. E-2 earning \$97.50 a month — cannot afford any packages whatsoever. Linda Galoardi thinks it's a shame. "So," she says, "some

of my friends and I have gotten together a petition in northern New Jersey. It asks that some kind of legislation be passed in Washington to eliminate the postage on mail being sent to servicemen in the war. The signatures and enthusiasm generated have been encouraging. Signatures? "More than 2,000 of them so far." Enthusiasm? "Even the post office people are signing," she giggles. The petition argues that no warfront soldier should be kept from maximum homefront mail because of economic reasons. It also implies that, since the Unit-

ed States is now spending \$2 billion a month toward increasing the machinery to wage the war, it can also afford some money toward increasing the morale to wage it.

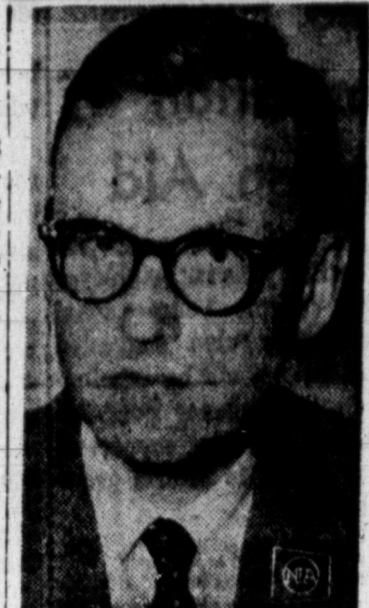

From time to time similar petitions have circulated throughout the country. Unfortunately for the campaigners, none has ever raised dust. So it has been with any conceived legislation on the subject.

Rep. Dominick Daniels (D-N.J.), for example, placed a bill (HR 13071) before the House last February. His aides say, frankly, "It got nowhere fast." Daniels' proposal, which would eliminate postal charges on first-class letters and parcels (five pounds or less) not exceeding 60 inches in length and girth, "hasn't a chance this session," his office says. "We're not optimistic about next session, either."

The trouble is, according to representatives of the House Post Office Committee, there has been no popular backing for such a law.

"This kind of minor legislation," says one House aide, "must have the support of many large groups. As of now it appears nobody cares one way or the other."

Except Linda Galoardi, of course. "I intend to keep harping," she says. How?

WILLIAM P. Bundy, our Far Eastern affairs expert in the State Department, will play a key role after the Manila conference concludes when he flies to Japan and Nationalist China to inform the leaders of those countries on developments of the meeting.

Prix, would want to waste a drop? Watkins Glen, a bright, clean, little town in New York's Finger Lakes and wine-producing region, has become a sort of fall Fort Lauderdale of the north.

The difference is that the 40,000 or so young people who come to see the world's greatest race drivers perform generally behave themselves. They come to see the cars, the drivers, the race and to talk race talk. It is a common bond that makes the usual forms of trouble-making — rioting, vandalizing and carousing — a bore.

"Believe it or not," said a local police lieutenant, "There still is such a thing as good, clean fun for young people. For having 20,000 young people thrown together in tents, trailers and cars in a 10-acre area, we have surprisingly little trouble."

Last year the worst thing that happened was the arrest of 30 "nudies."

ROBOT CHEMIST capable of performing 120 laboratory tests in an hour has been developed by Warner-Lambert Pharmaceutical Co. The six-foot, table-top, automated unit can perform medical research and disease diagnosis tests at a rate up to 40 times faster than manual methods and is expected to go far toward relieving a shortage of medical technologists. Once programmed, it can repeat a single test for days efficiently and can be switched over to a new test in less than five minutes. Industrial quality control and water-pollution monitoring operations are among practical applications forecast.

The Family Lawyer

Taxing the Jackpot.
Have you won any radio or TV jackpots lately? Collected any door prizes? Earned a bonus for the Suggestion-of-the-Month at the office?
In each of these cases, you will have to share your good fortune with Uncle Sam. Each of these items must be included in your gross income at tax time.

True, not all winnings are taxable. Certain scholarships and fellowships are exempt. So are awards bestowed, without any special initiative by the recipient, for "religious, charitable, scientific, educational, artistic, literary, or civic" achievement. Nobel and Pulitzer prizes are illustrations of this exemption. But miscellaneous forms of recognition, not fitting into any of the above-listed categories, are taxable.

Thus, an award to the "most typical family" in a community did not qualify for an exemption. Neither did an award for 25 years of continuous employment with the company.

In another case, hoping for an exemption, a man described as a "civic" achievement prize he won in a fishing contest. Genially but firmly, the court said no. The judge commented that the man's argument "merits the smile it was no doubt intended to evoke."

How does the government place a valuation on your booty? If you win cash, the valuation is obvious. But if you win merchandise or services, the tax must be calculated according to the "fair market value" of the prize.

That could mean the regular retail price. But in hardship cases, the valuation may be set lower. For example:

A man of moderate means won an ocean cruise on a luxury liner. After a court hearing, his prize was valued at less than the retail price of the cruise, since it was an extravagance in which he would not normally indulge.

In another case, the winner of an expensive automobile was taxed not on the original cost of the car but on its resale value.

And what if you simply can't afford it or don't want to pay the tax on it? You always have one final alternative that will let you off scot-free:

Turn the prize down. A public service feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard.

MOONLIGHTING
LONDON (UPI) — A shapely female civil servant had to work part time as a belly dancer because of the government's low pay, the Civil Servants Clerical Association said today.

General Secretary Len Wines claimed most low-scale government employees doubled as nightclub attendants, waiters and ice cream delivery men to boost their meager incomes.

"But boredom also plays a part," said Wines. "In fact I've been told the belly dancer-typist has now left the service altogether for show business."

matter of fact

The brewing industry in the United States, which produces about 90 million barrels of beer a year, owes much to the founding fathers and early colonial patriots. William Penn built the first brewery in Pennsylvania in 1683. Samuel Adams, the "Father of the Revolution," was a brewer. Others who fostered the industry include Thomas Jefferson, Patrick Henry, Benjamin Franklin, James Madison and George Washington, who had his own brewery at Mount Vernon.

Winter of Decision on Playing Due Koufax

NEW YORK (UPI)—This will be the winter of decision for Sandy Koufax, and sometime in the next 90 days he must make up his mind whether he'll quit or continue playing baseball for a living.

Hardly a day goes by that some unimpeachable source, supposedly closer than anyone to Koufax, isn't quoted as saying he has pitched his last game and will announce his retirement shortly.

They're all guessing," said the Dodgers' 30-year-old lefty. "How can they know what I'm going to do when I don't know myself yet?"

Koufax sounded in excellent spirits over the phone from his home in Studio City, Calif. He was much more relaxed than he was two weeks ago and only once did he show even the slightest annoyance.

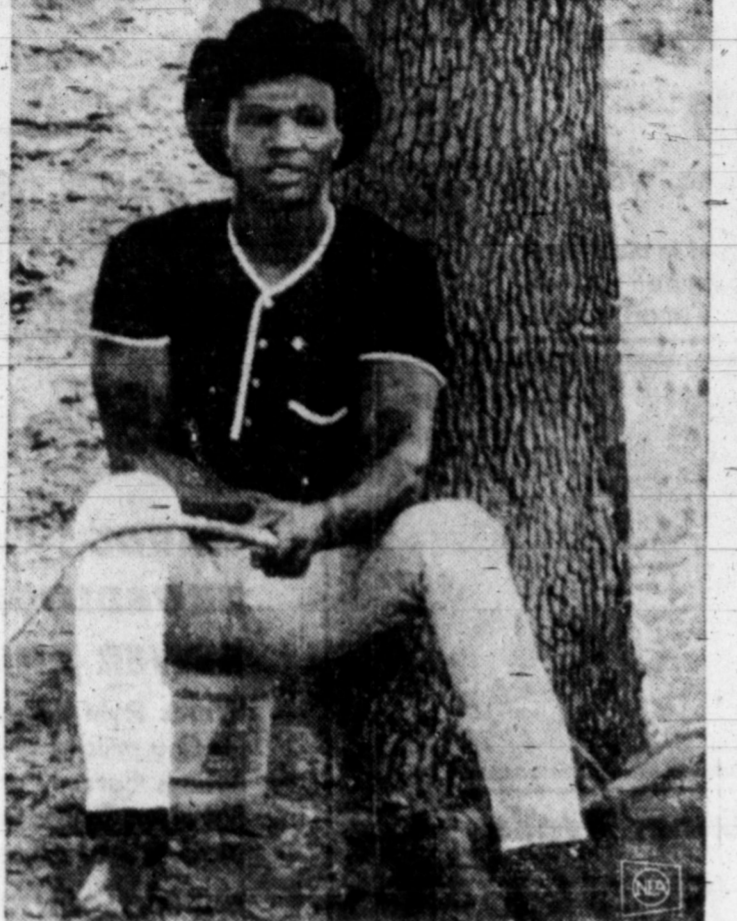

"I don't even want to answer them," he said, referring to all those who have written he's about to quit. "Honestly, right now I don't know what I'm going to do. There is no definite answer I could give anyone now. When and if the time comes I ever do decide to quit, I would make the announcement in the proper way."

What Koufax meant by that is that he'd call a regular press conference and let everyone know he's going to quit. Koufax generally does what he says he will, but quitting is another matter. He talked about it as far back as a year ago, but he only said he "might." He never said he would definitely.

Many talk about quitting their jobs and the vast majority never do. There are some dreary, painful nights President Johnson probably wishes he could chuck the whole business, but things usually look much better to him the next morning.

Purdue, Bradley Get 1-Year Terms For Infractions

NEW YORK (UPI)—Purdue and Bradley have been placed on probation for one year each by the NCAA for infractions involving basketball players while a similar two-year ban on Southern Methodist has been terminated.

HOPING FOR a big catch is Cleveland Williams who will meet Cassius Clay for the heavyweight championship Nov. 14 in Houston. The "Big Cat" has been training on the ranch of his manager Hugh Benbow in Yoakum, Tex.

Orioles, Dodgers World Series Cut Shared Heartily

NEW YORK (UPI)—The Baltimore Orioles and Los Angeles Dodgers were as lavish with money in buying up their World Series loot as they were stingy with runs in playing for it.

SURPRISE PLAYS DUE?

Stallings Has Cry Towel

By United Press International—Coach Gene Stallings urged odds-makers to make his Texas Aggies at least 21-point underdogs in Saturday's game with Arkansas and the Razorbacks were warned A&M is "loaded with surprise plays."

76ers Riding Win Streak

By United Press International—It would take a basketball fan with a long memory to rattle off the fact that the Philadelphia 76ers are riding a 15-game winning streak.

Ortiz, Ramos Will Fight

Again for Lightweight Title

MEXICO CITY (UPI)—The riot-torn lightweight title fiasco between Carlos Ortiz and Sugar Ramos was tentatively rescheduled today for Jan. 29 without the principals, the promoter of the World Boxing Council knowing which—if either—will be the defending champion.

Something Special Being Cooked Up For Arkansas

DALLAS (UPI)—This is a public warning to the University of Arkansas to polish its anti-witchcraft defense.

Irish Offense Is Best in Nation

NEW YORK (UPI)—Notre Dame, top ranked in the nation, has added on extra laurels by taking the top spot nationally in total offense.

'Horns Looking Forward to Game With Harvesters

By RON CROSS
Sports Editor

Caprock, Pampa's next opponent, here Friday night, is big, fast and have the surprise team of in district 3-4A.

The Longhorns, who surprise a desire they would rather beat Pampa than anyone, were upset last week by Borger, 14-9 and know they must beat Pampa to stay in contention for the north zone title.

For the season the Longhorns are 5-2 and in a pre-season poll were picked to have only a so-so record.

Coach John McGuire, who has done football wonders at the school uses eight lettermen and three youngsters who played on the B team last fall.

The Steers, who were without their best running back against Borger last week, gave the ball away four times, three times on fumbles and once on a pass interception.

Shades of Pampa! Steve Alston, the Steers 160-pound halfback missed last week's game but is expected to be back in action Friday night.

Caprock averages 181 pounds per man in the line and 160 pounds per man in the backfield, with only their backfield being lighter than Pampa's.

In north zone statistics released Tuesday Pampa is second in the league in team total offense with 432 yards, an average of 216 per game, but the Harvesters are 0-2 in league play.

Defensively the Harvesters are dead last, with 559 total yards gained against them, an average of 279.5 per contest.

Fullback Ted Heiskell is the zone's leader in rushing with 36 carries and 207 yards and halfback L. D. Rowden is fourth with 97 yards in 13 carries.

Heiskell is also the zone's total offense leader with 207 total yards an average of 103.5 per contest.

Rowden is the kicking leader with one kick for 45 yards and James Matney is second with two kicks for 79 yards, an average of 39.5 per game.

In the south zone no one surprises Tascosa is the leader through one game with 383 total offensive yards, leading Coronado, Plainview and Palo Duro, who have played two games.

Shockers Host Caprock B

Pampa's Shockers, with some new recruits, will try to break a two game losing streak Thursday when they travel to Amarillo to meet the Caprock B at 4 p.m.

The Shockers are 1-7 but played Monterey off its feet last week before losing 21-19.

In Junior High action this week, Lee ninth (2-5) will shoot for their second straight win when they travel to Borger Houston at 4 p.m. Thursday.

Lee eighth will try to get on the win column for the first time in six outings when they host Houston at 4 p.m. Thursday. Houston won the first outing 8-6.

Lee seventh (2-3) shoots for their third consecutive victory when they host Houston at 4 p.m. Friday. Houston triumphed 20-0 in the first meeting of the teams earlier in the season.

Pampa Junior High ninth (1-1) will try for their second victory when Perryton comes to town at 4 p.m. Thursday. Perryton blanked the Reapers, 18-0 in their first game of the season.

PJH eighth (1-3-1) plays at Perryton at 4 p.m. Thursday and will try to avenge a 14-0 loss dealt them by the junior Rangers this season.

PJH seventh (3-0-2) the most successful team in town, will shoot for their fourth straight victory when they host Borger Austin at 4 p.m. Friday. The two teams tied 6-6 earlier in the season.

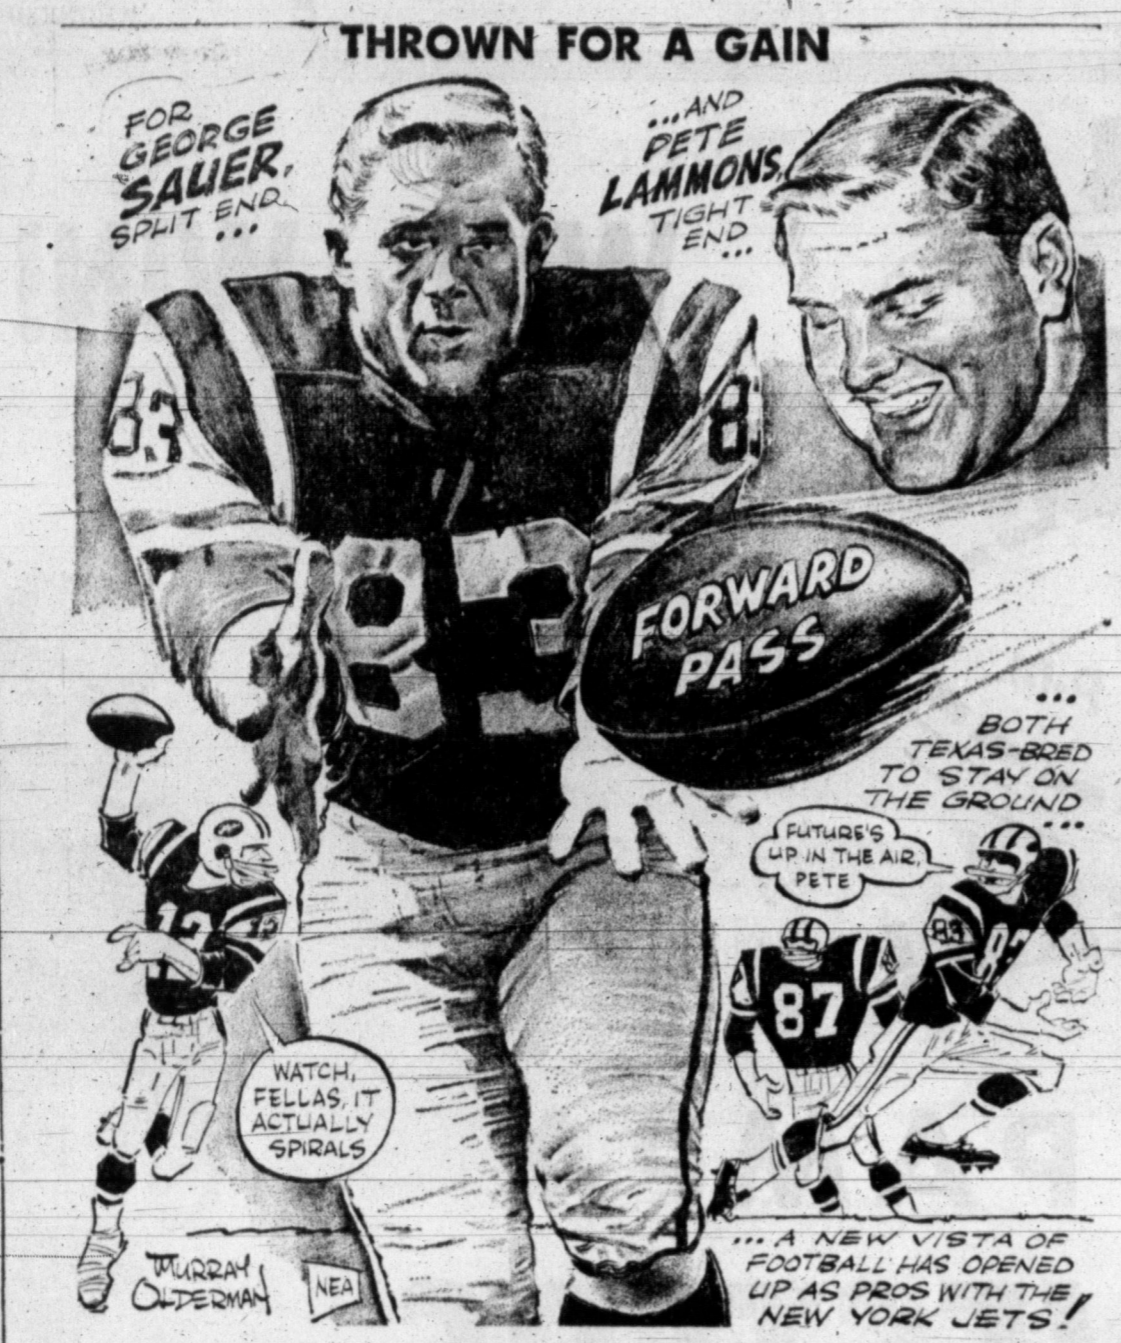

OLD TIMERS DAY
NEW YORK (UPI)—Jockeys Eddie Arcaro and Jimmy Stout will join Carry Back, the three-year-old champion of 1961, at Aqueduct's "Old Timers Day" Saturday, Nov. 5, it was learned Tuesday.

Arcaro retired in 1961 after a 30-year career while Stout, now a racing official, is a three-time winner of the Belmont.

KNIPP'S RECORD PRESS
PARIS (UPI)—Middleweight weightlifter Russel Knipp of the United States broke his own world record in the press with a lift of 337.3 pounds Tuesday in an international contest.

Knipp, who weighed 163 pounds going into the competition, set the previous record of 336.2 pounds July 23.

Showdown Games Loom in Class A

By United Press International
A half dozen showdown games for district leadership headline this week's Class A Texas schoolboy football schedule and in one of them Seagraves could become the first team in the state to clinch a playoff berth.

The Eagles, boasting a 6-1 season record, meet undefeated Tahoka in a District 5 showdown and by winning could assure themselves of a playoff spot since their only remaining opponent, Coahoma, has already lost two games. Tahoka, however, would need still another triumph to make the grade.

Other games in which undisputed leadership will be at stake with the winner favored to march on into the playoffs include Crosbyton at Spur in District 4, Merkel at Rotan in 6, Waco Robinson at Rosebud in 22, Troy at Rogers in 24 and Hempstead at Magnolia in 26.

Some for Certain
Seven districts already have undisputed leaders—Sonora in 8, Goldthwaite in 9, Crowell in 11, Groveton in 21, Hull-Daisetta in 25, Tidehaven in 28 and George West in 31. Hallsville in 19 also owns a half game undisputed lead but must clear Troup (2-0) Nov. 4.

Sudan and Springlake vie for a share of the lead in District 3 where Kress also sports an untarnished record.

Sudan, Tahoka, Sonora, Crowell, Hallsville and Troy are among the 13 perfect record teams still left in Class A. Spur, tarnished by a 21-21 tie with Petersburg last week, is one of three unbeaten but tied teams. Spur won its game on penetrations as far as district play is concerned.

Other Unbeaten Listed
Other surviving unbeaten-untied teams are White Deer, Crowell, Keller, Porney, Van Alstyne, Honey Grove, Garrison and Sabinal. Dublin and Stockdale are unbeaten but tied along with Spur.

Some of these teams may be in for rough going this week. Second-ranked White Deer, for example, plays once-beaten Wheeler, ninth-ranked Sudan meets twice-beaten Springlake, fifth-ranked Crowell plays Wichita Falls Hirsch's B team; Garrison plays twice-beaten Hemphill, and Stockdale meets twice-beaten, once-tied Nataia.

Top-ranked Forney, playing at nearly a point-a-minute pace with a 47-point average, may be able to keep that pace against Ferris, sixth-ranked Keller may be able to keep its 40.3-point pace against Boyd, and 10th-ranked Honey Grove could better its 34.1-point pace against Bells. White Deer is averaging 42.7 points per game.

PARIS (UPI)—Middleweight weightlifter Russel Knipp of the United States broke his own world record in the press with a lift of 337.3 pounds Tuesday in an international contest.

Knipp, who weighed 163 pounds going into the competition, set the previous record of 336.2 pounds July 23.

10TH YEAR THE PAMPA DAILY NEWS WEDNESDAY, OCTOBER 26, 1966 7

WALKER WINS
LONDON (UPI)—British heavyweight Billy Walker, 192, stopped Jose Menno, 188, of Argentina in (45 of the 10th round at London's Royal Albert Hall Tuesday night.

Sixty Seconds is Not Long Enough for Williams

NORMAN, Okla. — From a two-way starter at Ardmore, Okla. to a 50-second specialist at Oklahoma has become Chuck Williams' lot. But he likes it.

He likes it so well that he reduced his weight from 218 to 193 ("I feel better and it made me faster") and spent several days in a hospital to get a childhood heart murmur checked out. He will probably snap the ball back on all Sooner punts against Colorado Saturday at Boulder.

"All I do now is snap and cover," says Williams, "but as long as it helps, I'm ready."

He was a little too ready against Oregon. On his first play in college football, he fired his fast ball through holder Bob Warmack's hands on a kick for extra point.

"I thought I'd lost my job," the confesses. "I knew the next one had to be good or they'd be looking for somebody else."

They found somebody else to do the conversion snaps but Williams' snapping speed, so impressed the coaches that today he does the long, leveled 14-yard shots back to punter Tom Stidham. He's a cog in the Sooner punting game.

It takes one of Williams' long snaps only six or seven tenths of a second to reach Stidham's hands. That's two-tenths faster than the other centers do it and means that Stidham can toe the ball with the enemy rush two yards farther back.

On the day Oklahoma defeated Iowa State 31-11 at Ames, Williams was on his back in an Oklahoma City hospital undergoing extensive heart tests.

"It was the first football game I'd missed playing since the fourth grade," he reports wist-

fully. "I listened to it on radio."

Back in action against Texas, he celebrated by spiraling a perfect fourth quarter snap then sprinting down under Stidham's punt to kill the ball on the Texas 6. Cashing that field position for a field goal, Oklahoma moved ahead 15-3.

"Tom hangs that ball pretty high. I was fresh," he belittles only snapped well but hustled down beneath one kick to roll that effort. "Besides, what our coaches teach us becomes a part of our personalities. Don't give up or quit. Do your job and

give 100 percent. Or they'll find somebody else."

Although Williams plays only briefly, his parents drive to all the games and will probably be in Boulder Saturday. "I told Dad to stay home and watch the Texas game on TV but he said, 'Nope, this is the year.'"

Against Kansas Williams not only snapped well but hustled down beneath one kick to roll that effort. "Besides, what our coaches teach us becomes a part of our personalities. Don't give up or quit. Do your job and

he says proudly. Sometimes Williams and Stidham get booed at Norman. On fourth down and short yardage when our kicking team goes in, some of the stadium quarterbacks boo. They want us to go for it. But that doesn't worry us much."

What does a center see when he bends over to pass the ball? Banked masses of fans, flags whipping in the breeze upside down, the electric scoreboard flashing?

Bowling Breaks By Gil

GIL BURGUND

As a starter lets brag a bit about Amarillo and the number of leagues and teams that are bowling.

Amarillo ranks sixth in the state of Texas and also deserves credit for a fine junior program under the leadership of Edith Green. I have forgotten all the figures but Amarillo is doing alright.

Bowling dropped all over the nation for a year or so but it has again started to climb in popularity and we are all expecting great things again in the bowling world.

We really have a record to mention to, the Engine Parts team of Ralph Chlum, Doc Rutledge and John Hazle had the grand total of 399 for a team game in the Classic. I think that deserves a medal or something, probably crying towels would be more appropriate. I am considering letting them bowl with the Bantams.

Splits were picked up right and left and as a starter Zorah Thornton picked the 4-10 and the 6-7 the same night. Juanita Bell the 6-8-10, Twila Gariepy 5-10, Joe Veazy in the juniors, the 4-7-10 and Stan Cable the 6-7. These are just a few noticed and remembered. Leta Carruth had an all spare game going until the ninth, too bad she spoiled it.

Leona Welsh took top honors in the first Wednesday a.m. pot game and from all the fun everyone had I'm sure this will be a steady feature event.

Max Williams in the juniors just missed a triplicate 106-107-106, and also this week we have a new King of the Hill, Billy Robbins finally defeated Danny Winters who managed to hold the title three weeks.

Mike Nesbit had his ups and downs with 176-111-191.

On the league tally sheet Ken Weaver came out to look like Ken Never and I'm betting it was because he didn't want to claim the 92 series he rolled.

Jerrie Parson also had a near miss on an 87-98-87 series. Jo Ann Cansler was all smiles the other night, she led Jerry by one pin on series.

Steve Rodgers is all for learning tiddle de winks after bowling a believe it or not 50 game but don't give up Steve, Mike Nesbit also had a 98.

Jeannie Dykes couldn't quite beat hubby Charles on series so did the next best thing, she tied his series.

Steve Harmon is becoming quite a threat to Lonnie Harmon for top honors in the family. He rolled a nice 193 game and 508 in the Juniors.

Bobbie Bell, with a 107 average, came up with a 109-109-107 and Achsa Duncan with a 103 average had 103-102-100 just to show how constant they could be. Then Larry Parker proved it can happen the other way too by having a 99 and a 204 in the same series.

This is going to have to take care of all the news this week as time is running short and so just all Go-Go bowling and see you at the lanes.

NEW SCHOLARSHIPS

NEW YORK (UPI)—Twenty additional \$1,000 post-graduate scholarships will be awarded to outstanding scholar athletes, the National Collegiate Athletic Association announced Monday.

The new awards boost the total scholarships to 70, with 33 going to former football players, 15 to basketball and 22 for all other sports.

BIG BEAR

NEW YORK (UPI)—Gale Sayers of the Chicago Bears became the first repeat winner of the Mennen Fastback of the Week award Monday, achieving it with a 93-yard touchdown on a kickoff return in Sunday's 17-10 victory over the Los Angeles Rams.

Chuck Howley of the Dallas Cowboys remains in front for the Fastback of the Year award, an automobile that will go to the player with the longest individual scoring effort during the 1966 season.

FACE TRUTH

WICHITA FALLS, Tex. (UPI) — The fire department has installed 96 new alarm boxes and false alarms have declined sharply.

Preston Jones, communications engineer for the fire department, said 95 per cent of the old alarms were false.

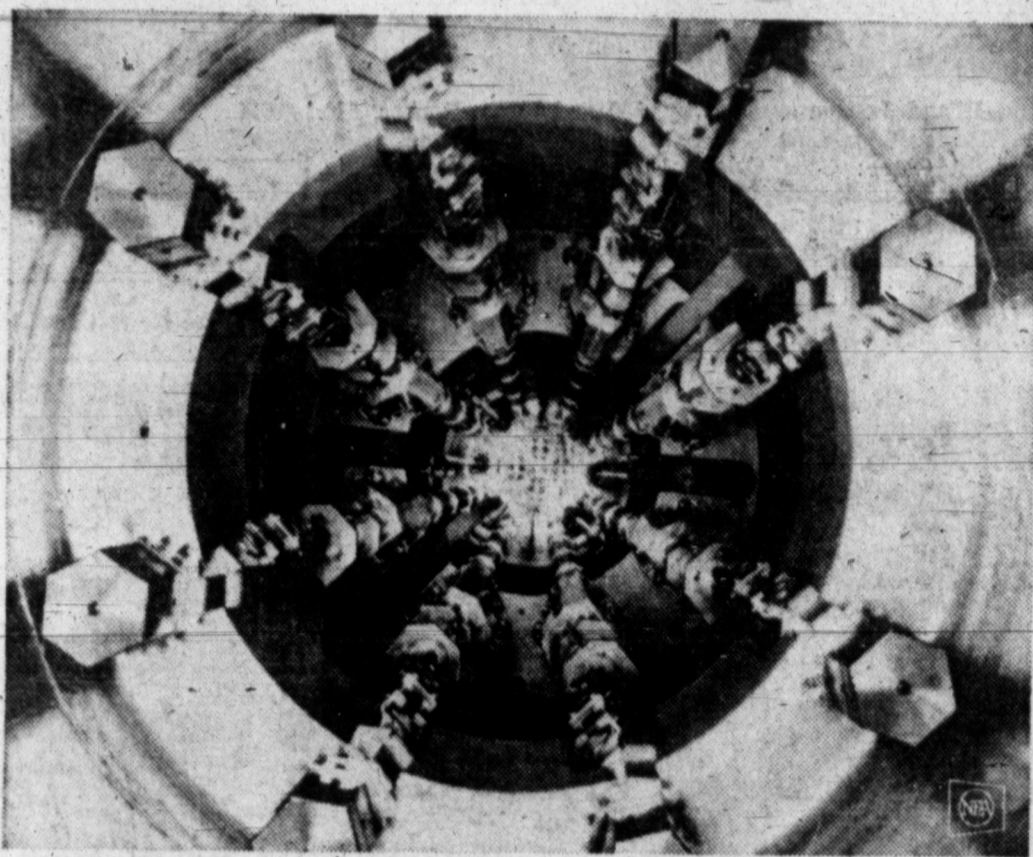

Each of the new boxes has a telephone receiver connected to a central switchboard. The operator can question callers about the fire they are reporting.

"When people have to talk to you," Jones said, "they become a lot more hesitant of telling an untruth."

THE HEART OF A NUCLEAR REACTOR at Long Island's Brookhaven National Laboratory is on view in this unusual photo. Safety devices lining the sides of the access shaft can drive rods swiftly alongside the reactor core to absorb neutrons, halting the chain reaction and immediately dropping a "hot" reactor back to subcritical state.

Wall Street Chatter

NEW YORK (UPI) — Jay F. Gershtoff of First Hanover Corp. says he would consider limited initial purchases of high quality blue chip stocks that have been depressed and also consider select oil, tobacco and utility stocks.

Sylvan Epstein of Thomas & McKinnon says at their recent lows many popular growth stocks had achieved downside objectives but will still need to build the bases necessary for any new sustainable uptrend.

Robert H. Stovall of E.F. Hutton & Co. Inc. says the chances of "a peace play" look too great between now and the elections for the bears to make much progress, but after the elections, if the peace offensive turns into further war escalation, "it could be a different story," he adds.

Life of a deer ranges from three to 15 years, depending on the species.

It has been said that fireworks are as old as civilization.

Sunday is Final Performance of '66 Prison Rodeo

HUNTSVILLE — The fifth and final performance of the 1966 series of the Texas Prison Rodeo will come to a close here Sunday, Oct. 30, with the presentation of Roy Acuff, the "King of Country Music."

The popular singer, with a national reputation spanning more than 34 years, was a regular on the "Grand Ole Opry" for 25 years.

Joining Acuff in the final rodeo series will be Leon Adams, celebrated rodeo showman.

PRISON RODEO STAR ROY ACUFF, known the world over as the "King of Country Music," will headline the final performance of the 35th Annual Texas Prison Rodeo in Huntsville on Sunday, October 30. Acuff will sing many of the songs of "Grand Ole Opry" days during his performance. Inmate entertainment groups, in addition to wild convict rodeo contests will also be on the bill of fare for the closing event, beginning at 2 p. m.

whose specialty is riding horses "Roman Style" and doing a unique act with Brahma bulls. Another crowd-pleaser is Candy Barr, former night club entertainer and ex-inmate. Candy will offer several vocal salutes with her own style of improvisation.

To help round out the fast-moving two-hour show held in the prison stadium, the program includes a host of inmate entertainment groups.

The rodeo begins at 2 p. m., and the pre-rodeo inmate musical show starts at 1 p. m.

Since this performance will give convict cowboys their last chance to get "in the money," rodeo officials predict the rodeo contests will surpass any of this year's series.

Albert Moore, veteran rodeo director, says, "The final show should be the best this year. Our injuries have been minor and that coupled with spirited stock means that fans can look forward to an exciting show from beginning to end."

Net proceeds from ticket sales go to pay for inmate rehabilitative services not furnished by the State.

STICKS PASSENGER
FRESNO, Calif. (UPI) — Cab driver Harold Davis has some good advice for his fellow cabbies: "Don't pick up a butter-fingered man with a four foot snake"

It took Davis, his boss and a Humane Society officer nearly an hour Sunday night to pry loose a young-broa constrictor which slipped out of its owners hands and wound itself around the front seat springs in the cab.

Police, Fire Chiefs Provide Clues To Lessen Hazards of Halloween

By DORIS E. WILSON
News Staff Writer

With pseudo-witches, goblins, batmen and ghosts gathering forces for appearances around town on Halloween, Chief of Police Jim Conner and Fire Chief Ernest Winborne today outlined precautionary measures to keep the accent on fun and frolic and thus, lower the chances of Halloween pranks ending up the evening with their names on a police blotter... or as a personal injury or death statistic.

The mixing of very young children with darkness and street traffic, flimsy costumes and candlelight pumpkins, masks that slip over faces to block vision or suffocate; these are the things that give rise to the precautionary warnings issued by the chiefs of police and fire.

Conner said that according to the National Safety Council accidents occur when young children are inadequately supervised, allowed to wander into strange neighborhoods or sent out trick-or-treating in hazardous costumes and masks.

"Halloweeners are constantly in a hurry, they get overtired and take chances," the police chief said. "Before the evening's adventure begins, review with your children the pedestrian safety rules, they should follow to stay safe from autos. See that youngsters of all ages travel in groups. Never send pre-schoolers out without the supervision of an adult and confine their route to the four sides of a single block so there is no need to cross streets."

The police chief further cautioned: "Boundaries and curfews should be set up for the older kids, too. Regardless of age, they shouldn't be allowed to roam all over town at late hours."

Commenting on the fire hazards of Halloween, Chief Winborne advised: "Fire is still one of the most common Halloween hazards. Parents should not allow their children to wear paper clothing, avoid flimsy or loosely woven fabrics, flammable wigs or whiskers. Look for a flameproof label, if you buy a costume."

As an added word of caution, Winborne said, "Don't let your children carry candles or matches. Provide them with flashlight—or battery lantern."

The National Safety Council in an article on "Family Safety" last year recommended, instead of buying masks, painting the faces of children as funny masks. The article stated that in addition to being colorful and comfortable, the made-up face allows full vision.

The police and fire chief both agree that Halloween is a child's night for make-believe and fun, not injury and death.

Ruby Counsel May Try To Get Bond OK

DALLAS (UPI) — Phil Burleson—an attorney for Jack Ruby—said recently he may attempt to have Ruby released on bond when the Texas Court of Criminal Appeals makes a final decision on its reversal of Ruby's death sentence.

Burleson said the defense was hesitant to make an application for bond because of Ruby's "backtime" in the Dallas County jail.

"As I understand it, the judge can give backtime, but if there is a break of as much as a day between jail and the penitentiary he cannot," Burleson said.

Ruby has been in jail since Nov. 24, 1963—the day presidential assassin Lee Harvey Oswald was shot to death in the basement of the Dallas police department.

If Ruby was convicted at a new trial and given a prison sentence, rather than a death sentence, he would probably be given credit for the time he has already served.

The Texas Court of Criminal Appeals received a brief from Dist. Atty. Henry Wade last week contesting the reversal of Ruby's conviction and ordering a new trial outside Dallas County.

Ruby was convicted of murder with malice in Dallas March 14, 1964 and given the death penalty.

CLEANUP CAMPAIGN
SHIRLEY, England—Francis Farrow, as his contribution to a "keep our roads clean" campaign, erected in his garden a lamppost for the exclusive use of his poodle, Brandy.

High Food Costs Change National Eating Habits

PRINCETON, N.J. (UPI)—A woman in the South reported serving grits and rice rather than pork chops.

In the West, a housewife is making do with oleomargarine rather than butter.

A family in the Northeast rarely eats broiled meats any more, and another woman buys lesser grade canned vegetables to save a dime.

And countless children throughout the United States are drinking powdered milk rather than fresh milk.

Across the nation, according to a survey made public today, high food costs have forced Americans to change both their shopping and eating habits in a constant battle to stretch their food dollars.

The survey was conducted Oct. 7-11 from a nationwide sample by Opinion Research Corp. of Princeton for the

National Association of Manufacturers.

Among the findings: —84 per cent were "concerned" about inflation. —67 per cent said they have been hurt by rising costs. —35 per cent said they are financially worse off now than a year ago.

Perhaps the most startling statistic to arise from the survey was that 61 per cent said the rising prices had changed their shopping habits. Only 5 per cent answered "yes" to the same question when it was posed in May, 1966.

50TH
YEAR

Dear Abby... This Girl Really Tops the Cake!

DEAR ABBY: A long time ago I was told that if an unmarried girl slept on a piece of wedding cake she would get a husband. Well, Abby, I have slept on a lot of wedding cake instead of eating it, and I'm still not married. Have you any suggestions?

DEAR WORRIED: Yes. Next time, eat the wedding cake and sleep on your stomach.

DEAR ABBY: I am the only gal in an office of 10 men. I do all the secretarial work, book-keeping, telephone answering, greeting of customers, etc. Needless to say I am very busy. One of the wives of an employee in the office sends all her monthly bills and personal letters to the office with her husband for me to stamp and mail. We have no stamp machine, so I must go to the postoffice for stamps, which I apply and seal myself. I've offered to buy this man a roll of stamps for his family, but he said they didn't "need" any. The wife doesn't work, plays golf, and has more time than I have. What should I do?

DEAR GRIPED: Tell the pre-GRIPED

Is There Sense in the Small Boom?

By ROBERT COCHNAR

Newspaper Enterprise Assn. NEW YORK (NEA) — The lissome chick snuggles up to her boy friend as he puts his Aston Martin DB-6 with the real leather seats through a racing change. "My," she breathes, "but you smell good."

"You like it?" he asks. "Its Stinkeray's 'Gung-Ho' extra dry. I rather enjoy its rare blend of bergamont and sandalwood with acitrus topnote and delicate, foliage-like, leathery bottom note. Subtle and very masculine."

Ah, yes. You can imagine such a conversation, can't you? It may yet come to that for men are indeed holding learned discussions about the advantages of one cologne over another. Naturally, the manufacturers are beside themselves with joy.

When Dana's cologne came to a status symbol on the campus a couple of years ago mainly because it was expensive, the scent boom was on. There are now some 300 different products on the market with more, much more, to come. Interestingly, the traditional makers and distributors of men's toiletries have had to share the growing market with newcomers, heretofore, did not know a citrus base from a third base. Jewelry firms, hat makers, belt makers have made competition keen.

It would seem, however, that a lot of manufacturers care more about artsy-craftsy packaging and fat advertising campaigns than they do about the stuff they put in their elegant bottles. As a result, the man faken in by a neat package may wind up smelling like coal tar or yesterday's celery stew. And this disturbs the old-line perfumers who are interested mainly in the product.

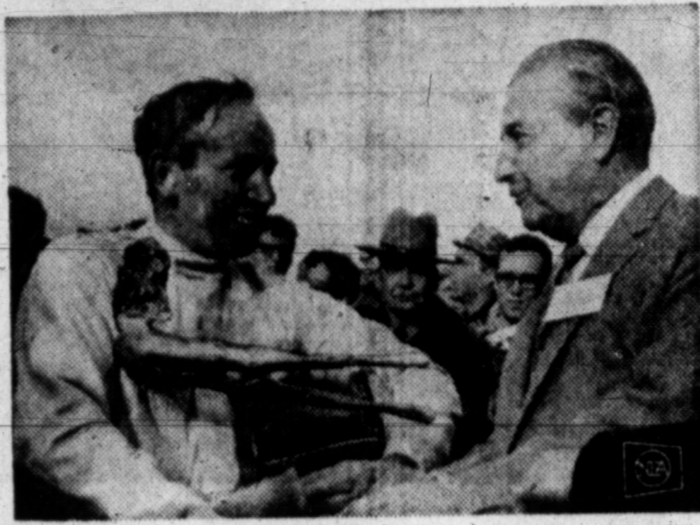

Says A. G. Hurlstone, chairman of the board of Lenthier, a proud British firm which has watched unhappily as plenty of second-class operations flooded the American market with a cacophony of smells:

"These people are trying to

sell something very personal. After all, a man puts cologne on his face; he doesn't wash his socks with it. A lot of the new distributors haven't realized that long-term success is measured by repeat sales.

"A cologne or lotion is very much like a painting," Hurlstone continued. "The artist, or manufacturer, must blend a great many elements and create one, long-lasting impression. If that impression is pleasing, the artist, or manufacturer, is successful. If it is not, he loses."

Despite the plethora of smells commercially available, the scent business is very risky. A maker can, Hurlstone explained, devise something that will

A. G. HURLSTONE, right, presents race driver John Surtees with the first edition of the Onyx Trophy which will be awarded annually to the driver of the fastest lap at the U.S. Grand Prix.

sell wildly for a year and then sales will dwindle to nothing. "We, whose only business is cosmetics, have got to present the public with a product which will always be popular. If we don't, we might just as well pack up."

Lenthier's own men's cologne (Onyx) is the result of years of testing and experimenting. It has so far been successful in Europe but that doesn't mean it will take America by storm. "There's just no telling," Hurlstone said. "We have done the best we can. But we're not particularly looking for giant sales this year. We also want to sell our product 20 years from now."

Central Baptist WMU Circles Meet In Members' Homes for Bible Study

Circles of Central Baptist WMU met recently for Bible study in members' homes.

VADA WALDRON CIRCLE met in the home of Mrs. Floyd Cockrell with Mrs. J. P. Adams presenting the prayer calendar and offering the opening prayer. Mrs. Nolan Cole, chairman, conducted the business meeting and Mrs. R. E. Warren Sr., conducted the Bible Study "Missionary Message of the Bible." Mrs. Chris Burt of Canyon was welcomed as a visitor. Others present were Mmes. Bob Hulst, Tony Maples and L. O. Roenfeldt.

LAVONIA DUCK CIRCLE met in the home of Mrs. Norman Burgess with Mrs. C. G. Miller presenting the prayer calendar and offering the opening prayer.

Mrs. Wayne Cobb was in charge of the Bible study with Mmes. L. E. Harris, W. G. Gooding, Jerry Edgar, Dean Davis and Charles Dyke participating on the program. Mrs. Johnnie McGuier, chairman, presided. Mrs. Harris closed the meeting with prayer.

Mrs. Clinton Forbes was hostess to ANNITA FARAZIER CIRCLE with Mrs. T. O. Upshaw, circle chairman, in charge. Mrs. Weldon Holly was welcomed as a new member. Mrs. Forbes presented the prayer calendar and offered the opening prayer. Mrs. Ralph Prock conducted the Bible study. Those present were, Mmes.

Maggie Deal, Prock, Upshaw, Holly, Ed Wells and Forbes.

KESSIE MAE SEARIGHT CIRCLE met in the home of L. A. Baxter with eight members present. Mrs. Hugh Sanders presented the prayer calendar and Mrs. Cecil Williams conducted the Bible study with Mrs. Virgil Holloway and Mrs. Dale Roth taking parts. Those present were Mmes. Baxter, Roth, I. C. Decker, Sanders, Don Barker, Don Rosenback, Holloway and Williams.

Mrs. Leon Brown was hostess to LILLIE MAE HUNDLEY CIRCLE with Mrs. Charles Ter-

rell presenting the prayer calendar and Mrs. Brown offering the opening prayer. A short business meeting was conducted by Mrs. J. H. Garrett, chairman, who also conducted the Bible study. Each one present took part on the study. Those present were Mmes. Garrett, Terrell, Grace NeCase, Doyle Beckham and J. B. Minyard. Mrs. Terrell closed the meeting with prayer.

BENIFIELD CIRCLE met with Mrs. Bill Diddle who presented the prayer calendar and offered the opening prayer. Mrs. J. B. Chance was in charge of the Bible study with everyone present taking part. Others present were Mmes. L. Paden, G. C. Stark, Joe Elliot, N. R. Lowe and J. B. Hill. Mrs. Glen Flemming closed the meeting with prayer.

Cream, Lotion Make Hands Party Perfect

HANDS ARE CONSTANTLY stealing the spotlight. To make your hands party perfect after weeks of gardening, first mate duties sailing and built-up blisters from golfing, regular applications of your favorite hand cream are recommended. Gobs of hand lotion or cream on the palms and backs of your hands are essential for keeping skin smooth and supple.

Mrs. Prince Gives Club Program

"Holiday Foods, Christmas Lights and Decorations" was the demonstration given by Mrs. Mildred Prince to Worthwhile Home Demonstration Club members recently. The group met in Southwestern Public Service Co. Reddy Room. Those enjoying the event included Mmes. Boyd Brown, J. L. Carlton, N. B. Cué, Pearl Ferguson, W. G. Kinzer, Max Louvier, Lester Reynolds, C. B. Rogers, O. G. Smith, N. L. Welton and Roy Tinsley. Welcomed as guests were Mmes. Gary Frasier, Larry Hutson, W. A. Mardie, Eva Richardson, Bert Smith and B. J. Diehl. Mrs. Boyd Brown will be hostess for the next meeting of the club, slated for 2 p.m. Nov. 4, in her home 12 miles east of town.

Sorry Sal

... is now a merry gal. She cleaned her carpets with Blue Lustre (America's new favorite), using the electric shampooer that rents for \$1 a day. Blue Lustre leaves nap open colors are restored. Cleans wall-to-wall, or just traffic paths and spots. Available at Pampa Hardware Company, 120 N. Cuyler, MO 4-2451.

13 P-TA Schedules Third Session of Study Course

The third session of the P-TA study course will meet from 9:30 to 11:30 a.m. Thursday in Woodrow Wilson Elementary School Auditorium. Theme for the session will be "Today's Foods for Today's Fitness."

First speaker will be Mrs. H. S. Prince, Home Service advisor of Southwestern Public Service Co., who will stress the importance of proper food preparation in special diets.

Miss Vermell Meador, R.N., director of nurses at Highland General Hospital will discuss the different types of diabetes. Mrs. Alfred Willis, housewife and member of St. Vincent's P-TA, will present a personal account of the affects of diabetes.

Following the coffee break, Mrs. Bob Steger, R.N., head of O. B. at Highland General Hospital, will speak on P.K.U. The testing of newborn infants for P.K.U., a disease which causes mental retardation.

The fifth participant will be Mrs. D. V. Hayter, dietician at Highland General Hospital and life member of the Texas Congress of P-TA. She will explain the ways diet affects health and beauty.

A nursery will be provided for pre-school children.

Astrological Forecast

By CARROLL RIGHTER

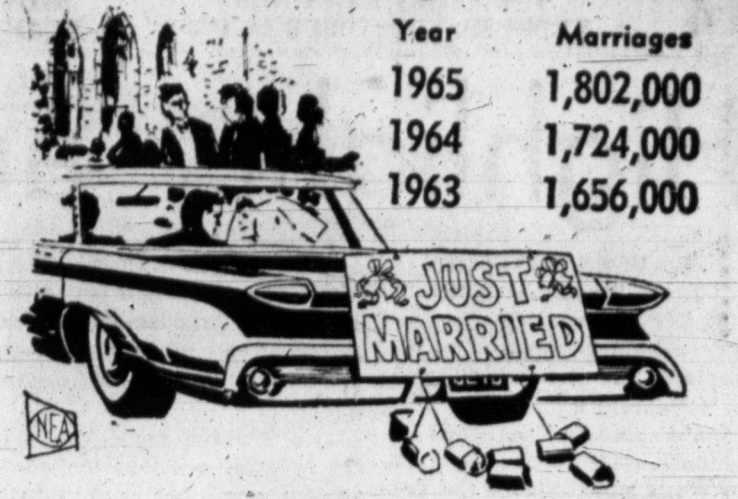

FOR THURSDAY, OCT. 27.
GENERAL TENDENCIES: The incoming Full Moon brings into the open any difference of opinion between you and others and it is necessary that you use the least of judgment in order to prevent a deeper disagreement from taking place—and this applies in the affairs of state and nations as well as where specific individuals are concerned.
ARIES (Mar. 21 to Apr. 19):—If you step out into the world of activity, you can make great progress and thus avoid the possible wrangling at home. Don't expect more than is rightfully yours. Then home affairs ameliorate, also.
TARIUS (Apr. 20 to May 20):—Although the tasks before you seem interminable, planning your work early makes it easy. Do the dull ones first so that you get them behind you and have something to look forward to in doing the rest. Relax in the evening.
GEMINI (May 21 to June 21):—Your good pals could lead you into spending more than you had anticipated for pleasure, but a little will power helps much. They need not know if your bank balance is a little low. Smile more.
MOON CHANGES (June 22 to July 21):—Ordnance methods are best since experimentation could prove very expensive, as being too forceful with others, as well as avoid credence, get ideas from higher-

you is in a tizzy and could be unkind. Rise above such temporary annoyance.
CAPRICORN (Dec. 22 to Jan. 20):—Leave home early so that you will avoid the argument that is going on there and you accomplish a great deal in the outside world. Take care where property matters are concerned. Avoid losses.
AQUARIUS (Jan. 21 to Feb. 19):—You have to take a little extra care in walking and driving or you could get into some accident today that is best avoided. Make sure you get right change when dealing with others. Remain poised at all times.

PISCES (Feb. 20 to Mar. 20):—You feel that money will buy your way out of most anything, but this is not so, so stick to whatever is according to the Golden Rule and all is fine. Don't forget to make that repair to property that is so vital.
IF YOUR CHILD IS BORN TODAY... he, or she, will be one of those young individuals who "early" will "know" just a great desire for the luxuries of life that the nature could become almost ruthless if you do not teach to consider the property and rights of others. Give spiritual training for greater happiness throughout the lifetime. The field of merchandising is especially good here. Banking is also a good line or stock market.

In the language of gloves a woman means "I am shocked" when she strikes her hand with a glove, fashion historians report.

American Marriages Increase

An increase in marriages is keeping pace with the nation's population growth, reflecting the growing numbers of people reaching marriageable age each year. In 1965, the marriage rate at 9.3 per 1,000 population, including military personnel overseas, was the highest since 1956.

Highlights and Sidelights From the State Capital

By VERN SANFORD
 Texas Press Association
 AUSTIN, Tex. —Texans will vote on 16 proposed amendments to the State Constitution on November 8.

—No. 1 would double the tax on water development fund from \$200,000,000 to \$400,000,000 and broaden its uses to include water filtration, treatment and transportation facilities.

—No. 7 would repeal the poll tax (already nullified by federal court decision) and substitute annual voter registration.

—Increase elected judges of the Court of Criminal Appeals from three to five (No. 9).

—Exempt agricultural lands in urban areas from full-value taxation (No. 1).

—Provide that taxes or bonds voted by school district will not be invalidated by changes in boundaries (No. 10).

—Remove limitations on voting by armed services personnel (already invalidated by federal court) (No. 14).

—Set legislator's term beginning on opening day of regular lawmaking sessions (No. 16).

—Remove Arlington State College from the permanent university fund (No. 3). Authorize Legislature to pass laws to accomplish the following:
 —Create airport authorities (No. 2).
 —Set terms of conservation district directors up to six years (No. 4).
 —Provide a statewide retirement system for employees of counties and subdivisions (No. 5).
 —Permit benefit payments to survivors of law officers, prison guards and firemen killed on duty (No. 6).
 —Ease voting restrictions for those who have recently moved (No. 12).
 —Permit major counties to consolidate some governmental functions and make contract with each other for services (No. 13).
 —Authorize acceptance of private or federal funds for aid to physically and mentally handicapped (No. 15).

—Factor permits production of 3,179,115 barrels a day, compared with 3,154,384 for October. Figure for November last year was 2,884,856 at 28.4 per cent. In taking the action, Commission noted strong demands for gasoline and kerosene and declining crude oil stocks.

—COURT SPEAKS — Dallas County district attorney asked the court of Criminal Appeals to reconsider its ruling that Jack Ruby, convicted slayer of presidential assassin Lee Harvey Oswald, must get a new trial. Supreme Court declined to reconsider its opinion that the City of Dallas could order a movie to be advertised as not suitable for youngsters.

—Reversing the lower courts, the Supreme Court ordered a new trial of a Burnet County couple's suit concerning the method of computing interest on a loan from Fredericksburg loan association. In a Seguin case, the high court agreed that a school district can reassess invalid values it places on property.

—BOLLWORM DEADLINE EXTENDED — Agriculture Commissioner John White extended until October 30 the cotton harvest and plow-up deadline for 17 Zone 4 counties under the pink bollworm control law.

—INDUSTRIAL \$\$\$ — Texas is one of four states still without some type of statewide industrial financing. Texas Industrial Commission is pushing hard for the Legislature to submit a Constitutional amendment to allow municipalities to issue revenue bonds to build facilities and lure industry. Bonds would be retired by rent from the industry.

—HIGHWAY RECORDS SET — October contract lettings will set two highway department records. Bids totaling some \$50,000,000 will be the largest in the department's history. And the \$12,000,000 Dallas Interstate Highway 635 project will be the largest single project, moneywise, let by the department.

 Paid Pol. Adv. Dee Miller for Congress Committee, Wiley Reynolds and F. M. Buster—Carter Co. Chairman

Texas Congressman Sees Tax Hike as Probable

WASHINGTON (UPI) — Chairman George H. Mahon, D-Texas, of the House Appropriations Committee, says a tax increase is a probability for 1967.

Rising government spending and the needs of the Viet Nam war, he said, would likely bring the increase. He forecast also that U.S. troop commitments to the war would rise from 331,000 to more than 400,000.

Mahon's prediction came as two government officials warned that continued inflationary pressure in the economy might require the tax hike as a dampener.

The Texas Democrat made the prediction in remarks prepared for a speech to the Lubbock, Texas, Chamber of Commerce tonight. He said the "seeds of large and growing spending programs were sown" in the 89th Congress which adjourned Saturday.

Commander Says War Far From Being Finished

WASHINGTON (UPI) — Amid the sounds of hope and optimism rolling in from the Philippines, the words most clearly heard in Defense Department and some diplomatic quarters in Washington were those of Gen. William C. Westmoreland.

"The war is far from over," the U.S. commander in Viet Nam told the seven-nation conference in Manila.

His command looks for the Communists to try again to start a major offensive, despite the thwarting of their recent efforts. More allied troops would be needed in time.

Authorities noted hopeful signs reported from various quarters—Manila, the United Nations, in some circles here—and conceded there could be impending changes in Hanoi's policy that could lead to a settlement.

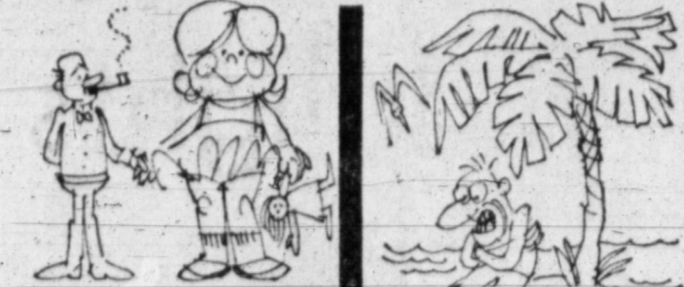

But Westmoreland, and superiors here who endorse his judgment and fulfill his requests, have to look at the facts as they now stand. These facts show the enemy has been building up, in the face of intense air and artillery pounding and Marine ground action, for a long-expected attack south of the demilitarized zone (DMZ), the six-mile band dividing the two Viet Nams.

There are two or three enemy divisions in and about the DMZ. One, the 314B, was mauled by the Marines in July and August but has been rebuilt.

Nothing is known of U.S. troop shipment plans for coming months and budget preparations for next year suggests that Washington is banking on the conflict's grinding to a halt—not just yet.

SCIENCE SKETCHES

A MASCULINE father is a more important factor in a little girl growing into a feminine woman than is a very feminine mother, reports a University of Wisconsin woman psychologist. She also points out that a girl's father must also be affectionate with her mother.

SCIENTISTS from Columbia University have discovered a layer of abnormally cold water 30 to 40 feet thick on the bottom of the Caribbean Sea.

WITHIN the next decade 50 per cent of the steel produced in America will be made by the basic oxygen technique, predicts Charles J. Haines, chairman of Chemetron Corporation, Chicago. At present only 17 per cent of ingots poured in the U.S. are produced by this method.

Irish Sectional Bridge Tournament Scheduled in Shamrock, Nov. 4-6

Shamrock will host the Fifth Annual Irish Sectional Bridge Tournament on Friday, Saturday and Sunday, Nov. 4, 5 and 6, sponsored by the Chamber of Commerce. The tourney will be held in the National Guard Armory with an expected attendance of 500-700 persons.

Mrs. I. C. Mundy is tournament chairman and William F. Holmes is co-chairman.

"If local bridge players will participate, we can easily pass the 200-table mark this year," Mrs. Mundy said. "Shamrock has a large number of players who should participate because they are capable players and could help retain some of the trophies to be awarded here in this community." The tournament chairman added.

Participation fee is \$2.50 for all events except the open pairs which will be \$3. Master points will be awarded in all events in accordance with the regular ACBL schedule for sectional tournaments. Trophies will be awarded the winners.

Refreshments will be served after each session. Coffee and doughnuts will be served at the morning session, and a free buffet will be served Sunday between the afternoon and evening events.

Shamrock chamber of commerce is in charge of publicity and out-of-town players may make motel reservations by contacting Mrs. Neva Neely, chamber secretary. Mrs. Mary Pace is trophy chairman. The hospitality committee is comprised of Mr. and Mrs. Tom Deck, chairmen and members of the Irish and McLean duplicate clubs.

Tournament directors are John and Sue Emery of Wichita Falls. Members of the rules and ethics committee are: Ed Theus and Carolyn Eook, both of Oklahoma City, Okla.; Carrel Myers of Altus, Okla.; Wilma Hill of Hereford, Janet Warner of Pampa, and Lester Dewey of Amarillo. Members of the partnership committee are Mrs. F. Holmes, Mrs. Alma D. Wood and I. C. Mundy.

OUT OF DEATH
WARREN, Pa. (UPI) — Two 26-foot boats weighed anchor Tuesday and moved out of an airplane hangar at Warren Airport.

City Manager Victor Miller granted the owners permission to store the boats in the hangar before learning the boats plus 12 airplanes simply would not fit. After a three-hour wrangle, the boat owners moved out. Both boats had flying bridges.

Television in Review

By RICK DU BROW
 United Press International
HOLLYWOOD—It has long been a comment of many television people that the rapid expansion of satellite communications will so-jeddy make it possible to watch a war "live" in one's home.

With the imminent launching of a Pacific satellite, scheduled for today, the predictions suddenly become immediate as many viewers wonder whether the near future will actually find "live" video broadcasts of the Viet Nam war beamed directly into American homes.

After all, a guest speaker recently told a radio-television meeting in Chicago: "It is not too far in the future that the so-called 'armchair strategist' will be able to watch a war actually being fought from his chair in the living room"—depending upon "whether or not society is ready for it."

And a network told the meeting "live coverage from the battlefields of Viet Nam will be a technical possibility" within a year.

Predictably, the black humor satires soon began to appear along with the obvious wisecracks. And some distraught parents of boys serving in Viet Nam have wondered whether they would have to face the ordeal of possibly seeing their sons killed before their eyes.

What, actually, does this latest, satellite development mean? How will the television Viet Nam coverage be affected?

According to William B. McAndrew, president of NBC News, the editing process—a critical factor often overlooked because of television's frequent use of the word "live"—should allay many fears.

THERE'S NO DOUBT that this sign notes the truth. The billboard, in front of an engineering firm in Indianapolis, speaks for itself.

Cheapest car of all time was Andrew Carnegie, noted philanthropist, was born Nov. 25, 1835.

Age Boy To Stand Trial for Murder Charge

DENVER (UPI)—A teen-aged boy who police alleged strangled his 9-year-old playmate, then hid her body while searchers combed two states, was ordered Monday to stand trial for first degree murder.

The Colorado Supreme Court by a narrow 4-3 vote said the youth, Brett Lange, 14, of suburban Aurora, Colo., should stand trial for the slaying.

A district court judge dismissed a murder charge against the youth last August after defense attorneys argued the boy should be treated as a juvenile offender.

The high court ruled the judge did not have the power to dismiss the murder charge and to order the case tried before juvenile authorities.

The science of dynamics is the branch of physics concerned with the study of the laws of force and motion.

The Lighter Side

By DICK WEST
 United Press International
WASHINGTON (UPI)—You'll never know what a big job cleaning up after Congress is. Not if you depend on me to tell you.

The reason is that shortly after the 89th Congress vanished into the night, disaster appeared.

Part of the crew that is cleaning up after Congress made a sweep through the House press gallery and, mistaking it for trash, threw away my most valuable possession.

What they discarded was my "rainy day file"—the material I had squirreled away to write about after Congress adjourned.

Foremost among the missing items was a fact sheet on what a big job cleaning up after Congress is.

Only someone in my line of work can appreciate what it means to lose a rainy day file. In my line of work, it rains nearly every day.

When I entered the press gallery that miserable morning and saw that the file was gone.

VOTE FOR DEE MILLER
 For Congressman
 Paid-Pol. Adv.-Dee Miller for Congress Committee, Wiley Reynolds and P. M. "Buster" Carter Co. Chairmen

I felt as though I had just been blizzited by Cleveland linebucker.

A treasure trove of historical, assembled over a period of and political data, painstakingly assembled over a period of years, wiped out. And not a dime of insurance.

By grim coincidence, the missing documents included a list of some of the odd things that other people have insured.

Also among the more prized specimens in the collection were these priceless papers:

—A complete compilation of all the benefits—fringe and otherwise—to which U.S. senators are entitled.

—A copy of a speech in which Rep. Paul A. Fino, R.N.Y., urged his colleagues to "stop pussyfooting around and use some horse sense."

—A senatorial demand for an investigation of the Hawaiian goose preservation program.

—An inventory of the contents of the cornerstone of the Rayburn Building.

And countless other records of equal scope, depth and variety. The worst part of all is trying to get adjusted to working at a desk with the bare top sticking out. I could go out and buy a few reams of prefabricated litter; but it wouldn't be the same.
