

Pope Goes Directly Before Council Upon Return

ROME (UPI) — Pope Paul VI told the Ecumenical Council today his historic pilgrimage to the United Nations had increased the responsibility of the Roman Catholic Church to the cause of world peace.

council fathers who are debating the church's relationship to the modern world.

working charity—also material charity.

pilgrimage to the New World and flew back to Rome, he seemed to have initial assurances from the United States and Russia that his unprecedented plea for peace and nuclear disarmament did not fall on deaf ears.

plane en route home, thanking him for the welcome to America. "We invoke upon your excellency, your family and all citizens of your great country choicest favors and blessings of almighty God," the message said.

tant statements ever made before the United Nations in its 20 years.

of the 36th president who later fought back tears as she and other Kennedy family members met Pope Paul.

"Things and actions are what they are, and the consequences of them will be what they will be; why then should we desire to be deceived?" —Bishop Joseph Butler

Foreign Commentary

By WALTER LOGAN, United Press International. Outlook from the foreign news cables:

Both Britain and the United States intend to go slow on earlier plans for nuclear sharing within NATO. Diplomats in London say there are second thoughts on the advisability of reviving shelved plans for the U.S. idea of a multi-nation NATO nuclear surface force and the British suggested Atlantic nuclear force. One reason is that revival would block an agreement with Russia against the spread of nuclear weapons. The other is a lack of agreement among the allies on the scope of such a force. It is likely to be decided at the annual NATO conference in December.

UP AND COMING:
A bright future is predicted in Moscow for Mikhail Zimyanin, the ex-deputy foreign minister who recently captured the top political job as editor of Pravda—Russia's most important newspaper. Zimyanin, 51, who was ambassador to Czechoslovakia only six months ago—is "clearly on his way up" according to Western diplomats. They say he is "quick, intelligent and forthright, a man who carries weight in party circles." A less significant point—he is one of the few Pravda editors with previous newspaper experience. He was once a cub reporter in his native Byelorussia.

DARK FUTURE:
American officials in Europe are expressing more and more anxiety about the future of the international tariff negotiations called the "Kennedy round."

Astrological Forecast

By CARROLL RIGHTER

FOR WEDNESDAY, OCT 6

GENERAL TENDENCIES: A very peculiar day and evening one in which the adoption of an attitude of philosophy and using your best judgment to solve problems adds you greatly, but if you get carried in accidental or argumentative conditions, you can suffer much loss or have unfortunate estrangements. Be careful.

ARIES (Mar. 21 to Apr. 19) — Forget going out for recreation and concentrate on getting business, property and personal affairs in better order. Being forceful could be very bad. Show poise, wisdom and tact.

Taurus (Apr. 20 to May 20) — Strive for more harmony in your home and be sure to get all accomplished outside that you had planned. Get information from authorities that you need. Don't make a moment.

GEMINI (May 21 to June 21) — Be very careful while driving. You get into a lot of unnecessary trouble. Monetary matters in mind can be very successful. Show intellect. Don't be forceful with others.

MOON CHILDREN (June 22 to July 21) — Reaching personal goals is quite easy if you apply yourself, but take care you are not over-extended.

LEO (July 22 to Aug. 23) — Be interested in the welfare of others instead of trying to force them to your own will. These practical and private talks with others. These will bring excellent results. "Hating" with those who hate little else to do. Gain greater prestige in outside world. Forget the social — its boring.

SCORPIO (Oct. 23 to Nov. 21) — Looking into new outlets is fine now, but be sure you do not let higher-ups in so doing. An error could be made on the job-to-day. Indirectly. Profit by same.

SAGITTARIUS (Nov. 22 to Dec. 21) — Carrying through with contracts, promises made is first before looking into anything new today. You want backing from others. This is fine, but see to it that you who give backing in some way.

CAPRICORN (Dec. 22 to Jan. 20) — Having a talk with someone who seems out some very important points that need backing over. Don't let them be pinned down to minute detail. Let the conversation flow naturally.

AQUARIUS (Jan. 21 to Feb. 19) — Support co-workers now instead of permitting partners to waste time talking over what is relatively unimportant. Improve state of health. See that clothing is spotless. Have fun later.

PISCES (Feb. 20 to Mar. 20) — A good day for contacting those you like and going off for some happy recreation that is wholesome and interesting. Find new hobbies. Be full of cheer and joy.

Wall Street Chatter

NEW YORK (UPI)—Bache & Purcell, Graham & Co. believe the long-term trend of the market is on the upside but that the short-term direction seems to be on the downside.

News that businessmen are buying tools at a brisk rate adds to trader optimism and the economic outlook remains favorable. Thus, investors should expect some profit-taking and at the same time be alert for investment opportunities during the rest period.

Winslow, Cohe & Stetson says it sees no signs of deterioration in the markets technical strength but that the quality of leadership can be questioned. Historically speaking, this can persist for many months but usually is the sign of a speculative "blowoff" movement.

LOSERS DIVORCE SUIT
DETROIT (UPI) — Thomas Edwards, divorced by his wife for ignoring their children to spend time drag racing, lost a custody bid in the final divorce settlement.

Edwards told Judge Victor Baum he would concede custody of the children to his wife but wanted to keep the family garage Baum told him to take his dragster elsewhere. He gave Mrs. Edwards the garage.

Television In Review

By RICK DU BROW
United Press International
HOLLYWOOD (UPI)—Notes to watch television by:

The programs, Telephone wiretapping of private conversations and illegal "bugging" are the subjects of an hour NBC-TV documentary entitled "The Big Ear" Oct. 31. "ABC Scope" takes a half-hour look next Saturday at the problems posed in America by private ownership of 50 million guns. Another one-hour documentary, "The Great Love Affair," a light-hearted pictorial essay on the automobile in contemporary America, airs on CBS-TV Oct. 12. NBC-TV's "Today" show offers science-fiction writer Ray Bradbury and French singer Charles Aznavour as guests Tuesday, with cartoonist Jules Feiffer turning up Wednesday and Bernard Hollowood, editor of the British magazine "Punch," next Friday.

Three network television series with man-on-the-run themes — "The Fugitive" (ABC), "Run For Your Life" (NBC) and "A Man Called Shenandoah" (ABC) — seem to be meeting with early popular success this season. On the other hand, CBS-TV's "Slattery's People," about a state legislator, is reported a very iffy proposition to get through the season. Same network's Ed Sullivan Show has Peter Sellers as a guest Sunday. A major ABC-TV special about the eastern United States (with Robert Preston as host) and a major CBS-TV audience-involvement broadcast, "The National Citizenship Test," will run into each other head-on Nov. 9 for 10-11 p.m. EST, another example of regrettable planning.

Wynn and Family

NBC-TV's "Ringling Bros. and Barnum & Bailey Circus" special, with Ed Wynn as host — accompanied by his three granddaughters — is set for Nov. 18. CBS-TV's "Perry Mason" stars Noah Beery as an eccentric millionaire accused of murder Oct. 24. Weekly "Variety" puts the situation of NBC-TV's "Bell Telephone Hour" beautifully: "For sheer stimulation, the Manhattan phone director has more to offer than one of these Bell musicals. Even more to the sorry point is the show's consistent knack for distilling bland mash from exotic talent." Or, as I suggested a while ago, the chief problem with the "Telephone Hour" may be that no one has told its principals yet that the show has transferred from radio to television.

Some of the team that produced NBC-TV's "The Louvre" will offer a very different kind of documentary Nov. 28—a one-hour story about the failure to save many victims of uremic poisoning even though a major medical breakthrough has already been achieved. Same network's Oct. 17 "Catholic Hour" presents a dramatization of "The Death of Ivan Ilych," Tolstoy's short story of a Russian judge who, on his deathbed, questions the validity of his life and values. Dept. of Creative Thinking: The title of CBS-TV's Dec. 22 National Geographic special, about a young woman who spent five years in Tanzania making the first comprehensive study of apes in their natural environment, has been changed from "Miss Goodall in Africa" to "Miss Goodall Among the Apes"...me Tarzan, you CBS.

Approved Anti-Poverty Projects Mean \$1-Million

AUSTIN (UPI) — Approval of seven anti-poverty projects by Gov. John Connally Friday is expected to bring some \$1 million to workers in the communities involved.

The largest project was a \$278,870 federal grant to San Antonio, for a Neighborhood Youth Corps project to employ 532 school youths.

A federal grant of \$198,493 was given to Denton to pay 252 persons to serve as foster grandparents to 328 mentally retarded children in the Denton State School. A similar project in San Antonio will use \$98,135 in federal funds to hire 55 persons to act as foster grandparents to 350 children who must be hospitalized over a period of time.

Other approved projects were:

Starr County — A \$209,230 federal grant to employ 240 out-of-school youths in a six-month program.

Zapata County — A \$113,650 of 115 out-of-school youths from project, involving employment of 115 out-of-school youths from low-income families at \$1.25 per hour.

Dallas — A \$21,515 grant to the Community Action Committee of Dallas for a six-month program to attack causes of poverty in the city.

Kingsville — A \$6,855 grant to the Kleberg County Community Action Committee to develop a "broad-based attack" on causes of poverty in the area.

FRONT SEAT DRIVERS

SAN FRANCISCO (UPI) — It is now possible for every man, woman and child in the United States to ride in the front seat of a car, according to the American Automobile Association (AAA).

The AAA says there are now 2.6 persons for each passenger car registered in the United States — and estimates the ratio will drop to 1.9 persons for each auto by 1975.

Work Train Wreck Kills 81 Africans

Frenzied Survivors Kill, Wound Two White Railroadmen

DURBAN, South Africa (UPI)—Rescue workers toiled through the night to free survivors from the twisted wreckage of a derailed work train in which at least 81 Africans were killed and 130 injured.

Frenzied survivors killed one white railroadman and wounded another in confusion of rescue operations.

The derailment was described as the worst railroad disaster in South African history. Three cars of the packed train left the rails at 6 p.m. Monday but the accident went unreported for more than three hours.

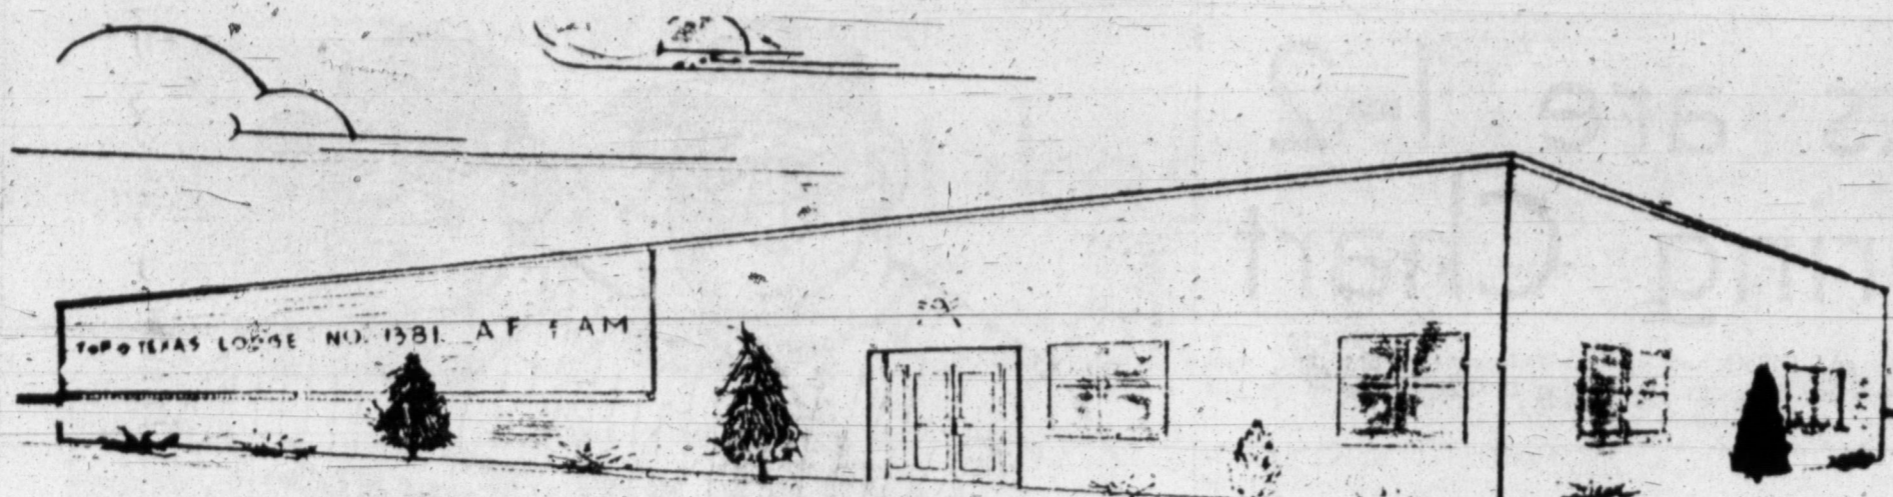

The slain white man, a signalman identified as W. Hart, 20, was hacked to death when he tried to help the injured, railway officials said. His assistant was attacked by a near berserk mob and hospitalized with broken ribs and other serious injuries.

The three cars jumped the rails as the Natal North Coast Line train was en route from Durban to the African township of Kwa Mashu with more than 1,500 workers aboard.

Authorities said an infuriated mob of 500 Africans rushed to the scene but was dispersed by police reinforcements aided by police dogs.

The three coaches were dragged on their sides for a distance of 350 yards. Victims who fell under the wheels were strewn up and down the tracks.

J. P. Ugo, general manager of South African Railways, said a full inquiry would be made. Officials were unable to determine the cause of the derailment. The engineer said only he heard a "terrible noise" and then a bump before he stopped the train. The conductor said "there was a terrific crunching noise and then the vans (cars) overturned."

NEW MASONIC HOME — Reproduced here is an architect's drawing of the new lodge building being constructed by Top O' Texas Masonic Lodge 1381 on Kentucky St., west of the Pampa Convalescent Home.

Ground for the \$60,000 structure was broken last Friday. The one-story brick and block building is expected to be completed by Dec. 1.

FAST RESPONSE ESSENTIAL

Rights Official Fears Northern Attitudes

(Picture Coverage Planned) WASHINGTON (UPI)—A federal civil rights official said today he was "gravely concerned about whether white residents of Northern cities could respond fast enough to the changes in race relations required by the nation's commitment to equality.

Calvin Kittle, acting director of the U.S. Community Relations Service, made the statement in a speech prepared for the opening session of the annual conference of United Press International Editors and Publishers.

"The need is to get the Negro out of the ghetto. The bigger need is to get rid of the ghetto," Kittle said.

He said Americans have shown an almost unbelievable ability to change their attitudes on civil rights issues in recent years. But he added:

"If I take a good, hard look in particular at white urban Northerners and contemplate their reactions as the race problem closes in on them personally; if I consider the nature and urgency of the changes we are yet to make — looking ahead, I can become gravely concerned about our ability to change fast enough."

Troopers Block School Bus Attempt Again

CRAWFORDVILLE, Ga. (UPI) — State troopers again blocked Negro students who tried to board white school buses today in this troubled town where the Ku Klux Klan has threatened to go into action.

Twenty-eight Negro youngsters who tried to board the buses were out-manuevered by the troopers who ringed the students immediately.

The moment the Negroes gathered to walk to the buses, 15 troopers encircled them preventing the Negroes from moving toward the buses.

The Negroes dispersed when the buses pulled out to take white pupils to schools in neighboring counties. The demonstrators said they would go later to Tallapoosa County's white school to hold a "read-in" on the school lawn.

Ku Klux Klan grand dragon Calvin Craig of Atlanta, already under charges for twisting the arm of a 17-year-old Negro, Monday night threatened to turn the Klan loose in this North Georgia town.

Pumpkin-Ensilage Carotin Used For Skin Treatment

KENILWORTH, N.J., Oct. 4 (UPI)—Carotin, obtained from ensilaged pumpkins, given by mouth and applied locally, has been used successfully in the treatment of most of 68 cases of eczemas and other skin diseases by two Russian medical researchers, according to the first issue of *Astracta Dermatologica*.

(Carotin is the general term for carotenes, the red and orange pigments found in carrots and other vegetables. They are called "provitamins" because they may be converted into Vitamin A in the body.)

The new journal, designed to provide bimonthly abstracts from the world's medical literature of special interest to dermatologists, is prepared and published by Excerpta Medica Foundation, The Hague, under a grant from Reed & Carnrick, Kenilworth pharmaceutical manufacturer.

Abstracts *Dermatologica* will be made available to American dermatologists as a professional service by Reed & Carnrick. The first issue contains abstracts from 10 countries, including Russia and Hungary.

The carotin from ensilaged pumpkins used in the Russian study is a homogeneous mass containing 25 to 35 milligrams of crystalline carotin per milliliter. It was given internally in a dose of 20 to 40 drops twice daily and rubbed on the skin in ointment form.

The abstract notes: "Apparent cures or considerable improvement was observed in 16 of 19 patients with eczema (including infant eczema), in 24 of 33 patients with microbial eczema, in 4 patients with seborrheic eczema, and in 6 of 7 patients with various manifestations of hyperkeratosis of the skin."

The researchers are M. A. Karagezyan and A. A. Borisova. They are affiliated with the Medical Institute of Krasnodar and published their findings in *Vestnik Dermatologii i Venerologii*.

Southern Solons Set For Rights Bill Talk

WASHINGTON (UPI)—Southern Democrats were scheduled today to take up the talk barrage against President John

'Non-Suit' Granted In Sanity Bid

TYLER (UPI)—Smith County Judge R. S. Burress Monday granted a defense request for a non-suit in a hearing to determine the mental condition of Dr. Harold Eidinoff, 56, who has been committed to a state mental hospital the past six years.

Eidinoff has been trying to get a sanity hearing because he claims he is now sane and should be freed. The hearing was scheduled Monday but the prosecution succeeded in getting Burress to rule the hearing would determine only whether Eidinoff was "mentally ill" instead of "sane" or "insane."

Defense attorneys lost a motion that the issues be confined to the sanity angle, then requested the non-suit, which means the El Paso doctor must start all over in his bid for a sanity hearing. Under the law, insanity and mental illness are not synonymous. A person could be mentally ill from extreme age but would not be necessarily insane.

In recent weeks, Eidinoff has been at the Smith County jail at Tyler, where he was sent on a change of venue from Rusk. Original requests for the sanity hearing were filed in Cherokee, so further attempts at freedom will begin there. Eidinoff shot attorney Ted Address to death in 1959, at the El Paso International Airport. He charged Address, showed nude pictures of Dr. and Mrs. Eidinoff.

son's bill to nullify state "right to work" laws.

Republican opponents of the bill, led by Senate GOP Leader Everett M. Dirksen, Ill., began what Dirksen called "attenuated discussion" Monday.

And starting today, said Dirksen, there would be quorum calls, which would force supporters of the bill to produce at least half the Senate while opponents must produce only a "talking team"—a basic filibuster maneuver.

The bill would repeal section 14(b) of the Taft-Hartley Act, thus voiding laws which forbid the union shop in 19 states.

Dirksen talked for 3 hours and 15 minutes Monday. Then Sen. Milward L. Simpson, R-Wyo., did a short stint against it before an early 4:27 p.m. recess.

Other congressional news: TRANSPORTATION: Sen. Joseph D. Tydings, D-Md., was scheduled to introduce legislation to find new methods of public intra-urban transportation. He said his bill was intended "to help meet the transportation needs, not of the mid-60s, but the mid-70s and 80s." The measure is identical to one introduced in the house by Rep. Henry S. Reuss, D-Wis.

Farwell Man Dead

In Car-Truck Crash

CLOVIS, N.M. (UPI)—Calvin E. Blaine, 40, of Farwell, Tex., was killed early Monday in an automobile-truck collision on N.M. 18 at an intersection just west of Clovis.

State Police said the auto in which Blaine was riding may have pulled out from a side road into the path of a north-bound truck driven by Richard Goar, 67, of Clovis.

Hospitalized at Clovis with minor injuries were Goar and Marie Goforth, 31, of Texico, N.M., who was riding with Blaine.

Atheist May Appear At Hearing

AUSTIN (UPI)—Madalyn Murray, an atheist whose lawsuit resulted in the Supreme Court's decision to ban prayers in public schools, may appear at her extradition hearing Wednesday.

Secretary of State Crawford Martin said Mrs. Murray wants to attend the hearing.

"She is free on bond in San Antonio and there is nothing to stop her," he said.

The hearing is to decide whether Gov. John B. Connally will order Mrs. Murray back to Maryland for trial on a charge of assaulting a Baltimore police sergeant. She also faces a one-year contempt sentence in Maryland.

A habeas corpus hearing is set for Friday in San Antonio. Attorneys for Mrs. Murray, 46, may ask the courts to allow her to stay in Texas if Connally orders her returned to Maryland. Such a request could keep her out of Maryland for at least another six months—until the court ruled on the request.

Mrs. Murray is accused of assaulting a police sergeant who went to her home in Baltimore to investigate a complaint she helped get the daughter of a Jewish family to leave her religion and her parents.

AMA Advises On Medicare

CHICAGO (UPI)—The American Medical Association (AMA) has turned back proposals for an organized boycott of the federal Medicare program but advised physicians they could refuse to cooperate with the program individually.

Meeting in an extraordinary special session for only the seventh time in AMA history, the house of delegates voted against having the group's 206,000 members act "in concert" against Medicare.

"I don't think we should boycott, not a Waterloo," said Dr. Milford O. Rouse, chairman of the house of delegates and an opponent of the program.

Wheeler Backs are 1-2 On Area Scoring Chart

The same school is represented but the player's name is different as Wheeler again has the area's scoring leader, in fact the high-flying Mustangs have the top two scoring leaders in the Panhandle.

Bobby Vanpool, second last week, came up with three touchdowns for the Mustangs Friday night for a total of eight and one conversion and a total of 50 points.

Vanpool wrestled the lead from teammate Tom Smith, who failed to score and has five touchdowns and five conversions for 40 points.

Both Wheeler and White Deer have four top scorers apiece in the top 13 and the Bucks have the No. three and four scorers.

Vernon Marlar scored three times in the Bucks' Friday night victory to take over third place from teammate Randy Elliott. Marlar has six touchdowns for

36 points and Elliott has five touchdowns for 30 points.

Groom's Larry Lamberson moved three notches to fifth place and has scored four times and has three conversions for 30 points.

Probably the player deserving the most credit for being able to stay in the top 10 is White Deer's Johnny Mooney who has not scored a touchdown.

But Mooney has 12 points, all on one point conversions.

Conference games and winning streaks will be on the line Friday night.

Wheeler (4-0) hosts Follett (3-1-1) in a league game the same as Groom (3-0-1) who hosts Booker (1-2) and Miami (2-1) plays a league game at their homecoming affair against Darrouzett (2-0-1).

In district 2-A White Deer (4-0) plays host to Claude (2-1-1); McLean (2-2) hosts Gruver (2-2); and Canadian (0-4) plays host to Panhandle.

SOUTHALL ON SIDELINES

Baylor Hurting; Horns Have 4 on Injured List

By United Press International

Baylor coach John Bridgers Tech is going to find that out. Like most of the other conference teams, Arkansas had a light drill Monday. The Razorbacks familiarized themselves with Baylor's pro-style offense and defense in a no-contact drill in sweat clothes. Coach Frank Broyles praised fullback Bobby Nix for his blocking in the TCU game and said he lines, with a broken ankle. He is the SWC's leading passer—now out for the season because of a jarring tackle he was given in the Florida State game.

We're not daisies, Texas would have Nix carrying the ball later on. Things are just going too well now to warrant a change.

Texas Tech, still breathing deeply from the scare it got Monday but did little hard work in preparation for TCU. The varsity worked out in sweat pants under the lights.

Quarles, Harper Are Harvesters of Week

The Pampa Harvesters are doing it in two's now.

Seniors Bill Quarles and Roy Harper have been picked as co-Harvesters of the Week by Pampa High School football coaches.

Both youngsters have played outstanding football in Pampa's four contests and this is Harper's second time to gain the award.

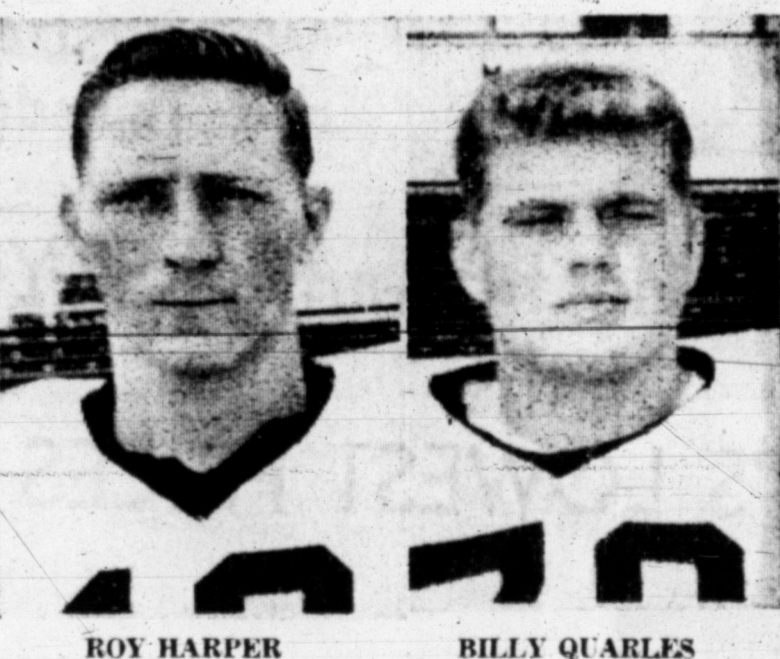

Quarles is a 240-pound tackle and the heaviest man on the Pampa squad while Harper, the Pampa field general, is 165-

pounds of scrambling quarterback.

Quarles has been probably the Harvesters most dependable offensive lineman and has come back strong this year after laying out of football his junior year.

Quarles lettered in his sophomore season.

Harper is the 3-4-A scoring leader with three touchdowns and a two-point conversion. He is also Pampa's second leading round gamer only to Joey Rod-

ROY HARPER BILLY QUARLES

Sisler Says No To Front Office Job

CINCINNATI, Ohio (UPI)—George Sisler and brother of Rochester General Manager George Sisler Jr., and former major league pitcher Dave Sisler, was as disappointed at his firing as he was in the final showing of his team.

"I think in my own mind I should have been given one more year to get this ball club going," Sisler, told United Press International.

Also mentioned was former Giant manager Leo Durocher. Sisler, a 44-year-old former major league player, was given his walking papers by Reds President Bill De Witt Monday at a brief meeting between the two.

Sisler had just finished piloting the Reds to a disappointing fourth place finish after keeping them in contention for the National League pennant right up to the last week of the season.

The Reds' organization, but Sisler said later he certainly would accept another major league managerial post if one was offered him.

The outspoken Sisler, son of Hall of Fame first baseman

Nebraska Moves Into Top Spot; Longhorns Second

NEW YORK (UPI)—Nebraska, the Big Eight champion for two straight years, Tuesday was rated the No. 1 team in the nation by the United Press International Board of Coaches for the first time in the school's history.

The undefeated Cornhuskers climbed from a third place rating to the top by piling up an overall total of 317 points compared with 298 for runnerup Texas. The Longhorns, however, nailed down more first place votes than did Nebraska, 19 to 12.

Arkansas, second to National Champion Alabama in 1964, ascended one notch from fourth to third by running its regular season winning streak to 15 from a 28-0 blanking of TCU.

Michigan State jumped from seventh to fourth and Georgia vaulted into fifth place from 11th.

Notre Dame a loser to Purdue in its second game of the campaign began to make its way back up the ladder, moving up three positions to sixth, while the Boilermakers tumbled from the top spot to seventh as a result of a 14-14 tie with SMU.

Southern California was eighth, Alabama ninth and Mississippi State and Oregon couldn't be separated for 10th place.

Wyoming, Michigan, Missouri, Louisiana State, Duke, West Virginia and Florida were rated 12 through 18th and Auburn, Ohio State and Kentucky were tied for 19th.

Nebraska, ranked sixth in the final ratings of 1964 with the nation's sixth most productive offense, edged ahead of Texas by virtue of its 35-point-per-game average and a stonewall defense that blanked Iowa State 44-0 last Saturday.

NEW YORK (UPI)—The second weekly United Press International major college football ratings with first place votes and won-lost records in parentheses:

Team	Points
1. Nebraska (12) (3-0)	317
2. Texas (19) (3-0)	298
3. Arkansas (1) (3-0)	239
4. Mich. State (2) (3-0)	202
5. Georgia (3-0)	174
6. Notre Dame (1) (2-1)	160
7. Purdue (2-0-1)	153
8. Southern Cal. (2-0-1)	70
9. Alabama (2-1)	50
10. (tie; Oregon) (3-0)	
Miss. State (3-0)	45
Second 10-12. Wyoming 25;	
13. Michigan 20; 14. Missouri	
18; 15. Louisiana State 15; 16.	
Duke 13; 17. West Virginia 12;	
18. Florida 11; 19. (tie) Auburn,	
Ohio State and Kentucky 6.	

(Others receiving votes: Army and Navy.)

PISTONS SIGN BUNTIN

DETROIT (UPI)—The Detroit Pistons of the National Basketball Association Monday announced the signing of their No. 1 draft choice, Bill Buntin, a center from the University of Michigan.

SEEING DOUBLE—ON THE HORIZON

Twins to Play It Honest And Nat Water Down Infield

MINNEAPOLIS, ST. PAUL (UPI)—The Minnesota Twins are going to play it honest in the World Series opening Wednesday.

"That's the way the boss wants it," Dick Ericson, the Twins' head groundskeeper, disclosed. "So that's the way it's going to be."

The boss is Sam Mele, the manager of the American League champions.

That means the Twins will do nothing in the way of changing their infield in an attempt to thwart the base-running speed of their World Series opponents.

the Los Angeles Dodgers.

This will be something new to Los Angeles' "gang of thieves." Because of their unexcelled base-running heroics, the Dodgers have had to put up with a lot of obstructions.

Some clubs water the infield heavily, put a base of sand on the basepaths or slant the base-

lines so that bunted balls roll foul instead of staying in fair territory when they play the Dodgers.

"There will be no gimmicks like that in Metropolitan Stadium (the home of the Twins), Ericson promised.

ers have had to put up with a lot of obstructions.

lines so that bunted balls roll foul instead of staying in fair territory when they play the Dodgers.

"There will be no gimmicks like that in Metropolitan Stadium (the home of the Twins), Ericson promised.

Horns Defense Will Prove Real Test for Pampa

By RON CROSS

News Sports Editor

When Pampa meets Caprock Thursday night in Amarillo the Harvesters will hope to extend a winning streak of their own instead of trying to break one of somebody else's.

Pampa and the Longhorns will be meeting for the third time in the history of the two schools and thus far Pampa has won both previous meetings.

Pampa won 14-7 in 1963 and 30-25 last year. Based on play in 1965, Caprock would have to be considered the favorite.

The Longhorns have the first winning record in the school's history, 2-1-1 and probably the best defense that coach John McGuire has ever had.

Last year the Horns were 3-7 and held three district foes to single touchdown victories.

The Longhorns return more lettermen, 17, than any team in the district. Two of them are two-year lettermen.

They have one of the district's top ground gainers in fullback Tom Maxwell, a 175-pound senior with two years of football beneath his belt.

Maxwell churned for 122 yards on 24 carries against Borger, beaten 14-6 by the Horns.

Pampa has the district's top scorer in quarterback Roy Harper, who has three touchdowns and one conversion for 20 points.

Pampa will go into the game with a 1-3 season record and 1-1 district mark while Caprock is 1-1 also in league play.

Fight Results

By United Press International

LONDON — Emile Griffith 154, New York, stopped Harry Scott, 160½, England (7) (non-title); Billy Lotte, 191, South Africa stopped John Handrickson, 179, England (3).

1. Jimmie was a shy little kid when he started out as a newspaperboy. He didn't have much "get up and go". In fact, he was even a little afraid of meeting and talking to folks on his route.

2. Within a couple of weeks, Jimmie got over some of his bashfulness. He enjoyed chatting with customers when making collections. He's learned the value of money from first-hand experience.

We watched Jimmie grow!

3. In competition with other boys, Jimmie is finding out how to "sell" and conduct a business of his own. He wins extra rewards. He makes greater route profits. He even carries his own insurance.

Note to Subscribers: Please have your money ready when your Newspaperboy makes his collections. It will save him time and will also help him maintain his profits.

TWO MOURNERS DEAD

Accident Funeral Delayed By Accident

TEXARKANA, Tex. (UPI) — The hearse carrying the body of a 63-year-old gunshot victim to Macedonia Cemetery Monday never got there. Burial was postponed after a truck jackknifed into the funeral procession, killing two mourners.

Six other persons were injured in the accident and another wreck caused by the first accident on Texas Highway 59 about six miles south of Texarkana.

Plans to bury Wallace Gullledge, who died Friday in an accidental shooting, were postponed.

The first accident resulted when a motorist stopped in the opposite lane of traffic upon seeing the funeral procession.

Highway patrolman Paul Boone said a truck driver jammed on the brakes to avoid that car and his big tractor trailer jackknifed into the third and fourth cars behind the hearse.

Marsha Lynn Ottwell, 16, granddaughter of Gullledge, was killed instantly. Her uncle, Clint Ottwell, 31, driver of the third car, also was killed.

Then a gasoline truck slowed for the wreckage and Mrs. Martha Cox of Tyler, was injured when her car rammed the back of the truck.

Seriously hurt in the first accident were the truck driver, Billie Jeff Robbins of Hoxie, Ark., and Mrs. Lucy Milke of Texarkana, supervisor of schools for Miller County.

Also injured were Mrs. Anita Ottwell, wife of the dead driver, Mrs. Otto Triplett, 39, and Mrs. Bessie Fraser, 41, all of Texarkana.

The highway patrolman said about 15 vehicles were in the slow-moving funeral procession. It had left from services for

Welch Says 'Country One Big Insane Asylum Today'

OKLAHOMA CITY (UPI) — Robert Welch, founder of the John Birch Society, said Monday night that the civil rights movement and various government programs were indicative of this nation's "insanity."

"Not only is the country one vast insane asylum today, but they are letting the worst inmates run the place," Welch told a group of about 500 persons.

Welch listed as proof of the United States' "insanity" the civil rights movement, foreign aid, pornography and such government programs as urban renewal.

He described the Korean and Viet Nam conflicts as "sham," play-acting wars where both sides are directed by the same influences.

The civil rights movement, Welch said, "has been planned, promoted and controlled by the Communists for Communist purposes." He said however, that 95 per cent of all persons supporting the movement do so for idealistic reasons.

"If 20 per cent of the American people realize that the civil rights movement is part of the communist conspiracy, it would collapse in three months," Welch said.

Helps Solve 3 Biggest FALSE TEETH Worries and Problems

A little FASTEETH applied on your dentures does all this: (1) Holds false teeth more firmly in place; (2) Holds them more comfortably; (3) Lets you bite up to 35% harder without discomfort. FASTEETH powder is effective, non-acid, won't stain. No gummy, gooey, pasty taste or feeling! Avoid embarrassment. Get FASTEETH at all drug counters.

Progress Made Against Ugliness

WASHINGTON (UPI) — President Johnson, reporting on the federal attack on nationwide ugliness, says "concrete progress" is being made to improve and preserve the beauty of America.

Johnson made the remarks Sunday in a statement accompanying a report on administration beautification efforts in cities and suburbs, highways and countryside and streams.

In his statement, the President noted his concern for the fate of the nation's natural

beauties in his State of the Union message and repeated it at the White House conference on natural beauty and "in other messages, in speeches and in great detail in much of my correspondence."
