GAVEL EXCHANGE — E. D. Daugherty, left, retiring president, turns the presidential symbol of office over to Newton M. Cox, installed as Miami Chamber of Commerce president at a banquet held last night in the Miami High School cafeteria.

Miami Chamber Initiates Third Year of Work

By DORIS E. WILSON
News Staff Writer
MIAMI — Pampa's northeast neighbors, the valley town of Miami, held its second annual Chamber of Commerce installation banquet last night and invited back its organizer to install the new officers.

E. O. Red Wedgeworth, manager of the Pampa Chamber of Commerce, who assisted with the organization of the Miami Chamber of Commerce two years ago, installed Newton M. Cox as president; Charles Bryant Jr. as vice president; Charles Woodfin, treasurer and Frances Lyons, secretary.

New directors are E. D. Daugherty, retiring president; Ed Haynes, Bill Tolbert, Gene Hodges and Wood Pond.

In charging them with duties, Wedgeworth said, "Communities don't just happen, they are built."

"A chamber of commerce requires members. Take inventory of your community. Try to find out the things you need to do that are not already being done," he continued. "Get ideas from your membership. Give them an opportunity to help build the program. If they write the program, they will help underwrite it."

In closing remarks Wedgeworth said, "A chamber of commerce is your opportunity to help repay a community that has been good to you."

Pampa's First Methodist Church pastor, the Rev. Harry Vancorpoel, as guest speaker, commended the membership upon the town's friendliness and neighborliness.

He recommended the word "serendipity," coined many years ago by Hugh Walpole, as a guideline for living.

"Literally, it is unexpected good things happening in the most unlikely places," he said. "There is a lot of serendipity in life when you come to think about it," Wedgeworth said.

"America was discovered this way, as was puffed rice, nylon and even Dennis the Menace. There is opportunity all around you if you have the eyes to see and the ears to hear. The opportunities are right here where you live if you are on your toes," he continued. "Approach life with hope, optimism and great expectation . . . and believe in serendipity."

Miss Jaunita Haynes played piano selection during the dinner hour.

The Eighth Grade Girls' Choir, dressed in colonial costumes and directed by Mrs. Miles O'Loughlin, presented a series of songs.

City Asked To Study Income Tax Proposal

Mayor Jim Nation today asked Pampa city commissioners to study a Texas Municipal League proposal for enactment enabling legislation by the Texas Legislature to allow cities to hold local option elections on a municipal income tax.

City Manager Jim White supplied the commissioners at today's meeting with a letter from Walter W. McAllister, president of the TML, in which McAllister urged Pampa city officials, along with city officials and city councilmen in other Texas cities and towns, to determine what local action they think should be taken to create "a broad-based municipal revenue source."

The TML president points out in his letter that the City of El Paso and its mayor, Judson F. Williams, have taken the initiative among Texas cities and gone on record by letter and resolution to ask the 1967 Texas Legislature to take action to enable cities to provide "additional sources of revenue at the local level to meet the multiplying demand for growth, expansion and capital improvements."

At the recent conference of the Texas Municipal League, the TML board went on record in favor of seeking approval of the plan by the State Legislature.

The Texas Municipal League president urges cities to take local action on "what many believe to be the major municipal issue facing the State."

In his letter, Mayor Williams of El Paso, stated:

"We in municipal government, recognize that the property tax has been, is, and will continue to be the work-horse of municipal taxation in Texas. We do not wish or expect its replacement or substitution."

"If, however, local responsibilities are to continue to be met without a massive transfer of local burdens to the federal level, the property tax must be supplemented and supported by permitting cities to make use of other local revenue sources."

The gist of the Texas Municipal League proposal is to have the State Legislature enact a law which would permit cities to call a vote of their people to decide whether the property tax should be supplemented by a city income tax.

It is understood the proposal would permit a one per cent municipal income tax limit and cities could ask voters to approve a percentage less than one per cent, but not more than one per cent.

Council Wraps It All Up in Hurry

City commissioners wrapped things up in a hurry at today's regular meeting in City Hall. It took just 14 minutes to dispose of all business on hand.

In that time the commissioners accepted a \$5,500 bid of Al Schneider for Lot 5, Block 2 of the Highway Addition, okayed an ordinance making N. Somerville a through street at the intersection of Cook, approved legislation for installing a traffic light at the intersection of N. Somerville and Hobart streets and tabled action on filling a vacancy on the City Traffic Commission.

City Manager Jim White told the commissioners he thought the N. Somerville extension through to N. Hobart would be ready to open for traffic between the Christmas and New Year holidays.

LBJ Marks Beginning Of Fourth Year

AUSTIN, Tex. (UPI) — President Johnson marked the beginning of his fourth year in office today in a subdued fashion.

The Chief Executive, recuperating rapidly from two operations, planned another quiet day of work and rest at the LBJ Ranch. No official visitors were scheduled on the anniversary of the assassination of John F. Kennedy.

Acting in his behalf, Johnson's naval aide, Cmdr. Worth Hobbs, was placing a wreath on the Kennedy grave today at Arlington National Cemetery.

Painful memories were being revived with published reports questioning Warren Commission findings that Lee Harvey Oswald acted alone on Nov. 22, 1963.

Sound of Assassin's Gunfire Still Echoes Across Country

WASHINGTON (UPI) — The assassination, there was little formal ceremony planned.

Sen. Robert Kennedy and other members of the family were expected to make quiet visits to the Kennedy grave in Arlington National Cemetery.

President Johnson's naval aide, Cmdr. Worth Hobbs, was to place a wreath on the grave.

In Hyannis, Mass., the Rev. William D. Thomason was to celebrate the third memorial Mass at St. Francis Xavier Church, where John Kennedy attended services for many years.

Otherwise it was a day of memories which, but for the revival of the circumstances of

his death, centered on the grace, style and excitement of the Kennedy presidency.

Swept away in the mystique growing up around the dead President—and now his brother, Robert—were recollections of a JFK legislative program stalled in Congress, a program rescued by the man that succeeded him, Lyndon B. Johnson.

On the eve of his third anniversary, a poll showed that Americans believed 5-1 that history would accord John Kennedy greater standing than Johnson.

Johnson's press secretary, Bill D. Moyers, said there would

Washington Assured UN Will Reject Reds

Goldberg Puts OK On Study Committee

WASHINGTON (UPI) — The United States is convinced that Red China's own intransigence is one of the principal factors at work to keep her out of the United Nations.

Thus Washington is certain that a proposed U.N. study of whether Peking should be seated in the world organization will disclose that Red China is unwilling to accept membership on a basis agreeable to a majority of U.N. members.

It is this conviction, officials said, that made it possible for Ambassador Arthur J. Goldberg to endorse establishment of the study committee Monday.

The committee study was proposed by Italy and five other nations. Its apparent intent is to try to work out a formula for "two Chinas" in the United Nations, with Peking taking a seat while Nationalist China (Formosa) remains in the organization. The committee is to study the situation "in all its aspects," taking into account "the political realities of the area," and recommend "an equitable and practical solution." It is to report back to the General Assembly by next fall.

If the committee should find Peking willing to change its attitude toward the organization and the Nationalist government, the United States then would probably be obliged to go along with the deal, officials said.

Still Support Formosa

But they emphasized that under no circumstances would the United States agree to any solution that involves the expulsion of Chiang Kai-shek's Formosa regime from the United Nations.

In his speech endorsing creation of the study committee, Goldberg said there was "no conceivable justification" for expelling Nationalist China from the United Nations.

Actually, Johnson administration officials expect Peking to hang itself and save the United States the trouble of fighting its admission to the United Nations again next year.

The Chinese Communists repeatedly have condemned the United Nations as a tool of the United States, contending that it must be "purged of its imperialist elements" before they would join, and refused to renounce the use of force in the settlement of its claim to Formosa.

Salvation Army Installs Advisory Board Officers

Pampans have a right to expect the Salvation Army to be unique in its social service and ministry in the community.

Maj. Rodolph Lanier of Dallas told listeners at the Salvation Army's annual installation of officers and advisory board members last night in Coronado Inn.

"It is the Army's mission to fill in the gap and work with civic leaders and other community groups among the people," he said.

Major Lanier, general secretary and second in command of the Salvation Army in Texas, installed the following advisory board officers:

J. Kirk Duncan, chairman; Don P. Lane, vice chairman; Paul Crossman, treasurer, and Sam Begert, treasurer.

New directors installed were: Mrs. Raymond Harrah, J. E. Leverich, Frank D. Smith, Paul Crossman, Gene W. Lewis, H. Raeburn Thompson, Floyd E. Imel, Charles B. Cook, George B. Cree Jr., E. L. Green Jr., Don R. Lane, Dr. Julian Key, Aubrey Steele, John Lee Bell and John Damron.

Chairman Duncan urged Pampans to support the Army's annual Christmas Fund drive by contributing to the Army's kettles in Downtown Pampa and Coronado Center during the pre-Christmas holidays.

Contributions are used to provide Christmas food baskets and clothing for the needy.

Major Lanier was introduced by Capt. Robert Tritton, head of the local Army post. Dinner music was played by Jerry Whitten at the organ. Invocation was given by Rev. J. W. Duke, minister of First Christian Church, and the benediction by Rev. Monroe Woods Jr., pastor of St. Mark's Methodist Church.

Battles Rage In Highlands

SAIGON (UPI)—Sharp new fighting broke out today in the rugged jungles of South Vietnam's Central Highlands where hundreds of North Vietnamese troops overran and virtually wiped out an American platoon Monday.

Fresh combat was reported on two fronts between American troops in Operation Paul Revere and North Vietnamese troops along the Cambodian border some 235 miles north of Saigon.

Both battles were reported still under way. American losses were described as light.

In one of the new actions, a company—up to 200 men—of the U.S. 25th Infantry Division's 3rd Brigade fought a Communist force of unknown size about 12 miles west-southwest of Plei Djeng.

The fighting was near a Communist jungle cemetery where American troops killed 166 North Vietnamese Saturday. First reports said three Communists were killed in the new action.

In the fighting Monday, a 21-man platoon from the 1st Air Cavalry Division was overwhelmed by successive Communist human wave assaults after a four-hour battle. Only three members of the platoon survived and a sister cavalry platoon was reported to also have taken heavy casualties.

Aided by heavy air and artillery strikes, the lost platoon killed 102 of the North Vietnamese before the end came.

The Americans called down artillery fire on their own positions as their defense perimeter dwindled before the Communist onslaught with small arms and mortars.

Officials said three Americans survived—one of them by playing dead in the jungle clearing about 200 yards from the border where the surrounded platoon made its heroic last stand.

The fighting raised to 700 the number of Communists slain since Operation Paul Revere— one of three major allied thrusts to thwart an expected Communist monsoon offensive—was launched Oct. 18.

In a second major battle-ground, Operation Attleboro, along the Cambodian frontier in war zone C, 60 miles northwest of Saigon, units of the U.S. 25th Division killed 15 members of a Communist force in a three-hour fight. It raised to 1,079 the number of Communists slain in Attleboro, America's largest operation of the war.

The monsoon rains that have pelted Viet Nam for almost two weeks again limited air strikes against North Viet Nam Monday, but pilots nevertheless hit coastal targets and some military sites near the inland bastion of Dien Bien Phu.

Aided by heavy air and artillery strikes, the lost platoon

Man Pleads Guilty To Ambush Of James Meredith

HERNANDO, Miss. (UPI)—In Mississippi, a white man stood up and pleaded guilty to gunning down a Negro.

In New York, the Negro spoke up, talking a bit proudly about Southern justice and the white man's guilty plea.

It was a strange ending to a strange story.

Five and a half months ago, Aubrey James Norvell, the white man, rose from ambush and fired a shotgun blast at James Meredith, the young Negro who had been trying to prove that members of his race could march without fear through Mississippi.

On Monday, Norvell, 40, a former Memphis hardware salesman, pleaded guilty to assault and battery with intent to kill in the June 6 incident. He was sentenced to five years imprisonment with three years suspended because of his war record and past character.

Commenting on the sentencing, Meredith said local authorities had promised him that Norvell would be prosecuted. He added: "Southern people mean what they say and do what they say they are going to do."

Norvell had been scheduled to go on trial in Desoto County Circuit Court today. He still faces a charge of aiming, pointing and discharging a firearm at N.Z. Trout, a special highway patrolman who was guarding Meredith at the time of the shooting.

Norvell was allowed to remain free in \$25,000 bond until he begins serving his two-year term Dec. 2 in the prison at Parchman, Miss.

Meredith was not seriously wounded by the shotgun pellets that sprayed him as he walked down U.S. 51 on the second day of his "Mississippi freedom march."

While Meredith recovered from the shooting, Dr. Martin Luther King and other civil rights leaders led the march to Jackson, where Meredith rejoined the trek to the state capitol.

Food Aid to India Faces Interruption

WASHINGTON (UPI)—Shipments of American wheat to hungry India, normally almost continuous under the old "Food for Peace" program, will be interrupted some time next January.

The Texas White House said Monday that the United States is holding up a decision on any new commitments in food aid to India until after a team of agricultural experts completes a current study mission.

The last shipment of wheat under an existing agreement is scheduled to leave for India in December. After that, there will be a supply gap—and Indians say it will come at the leanest part of an exceptionally bad agricultural year.

Stocks are down to about one month's supply, indicating there might be a serious food shortage in February, when the troubled government of Prime Minister Indira Gandhi faces a general election.

India had asked the United States for an additional 2 million tons of wheat last August. New Delhi had hoped the request would be granted and shipments made before the end of 1966 to head off the shortage.

But White House Press Secretary Bill D. Moyers said Monday that any new commitments "will depend on the facts which emerge" from the study now under way. "He made the statement when asked about reports that President Johnson was delaying action until he gets the word on India's present plans to meet its grain emergency."

Indians are disturbed at the delay, apparently not so much at the lack of action, but because the United States has been slow in keeping New Delhi

Rockefeller, Romney Agree on Strategy

DORADO BEACH, P.R. (UPI)—Michigan Gov. George Romney basked in the Caribbean sunshine today, keeping to himself any thoughts he may have about becoming the 1968 GOP presidential nominee.

Romney met informally with New York Gov. Nelson A. Rockefeller at this luxury island resort spa Monday to talk over future Republican strategy in the light of sweeping Nov. 8 election gains. Then the two vacationing governors chatted with newsmen. They said they did not discuss Republican presidential candidates for 1968 although Rockefeller has declared Romney would make a formidable GOP standard-bearer.

Romney stressed, "Nobody else is going to make the decision I have to make. I am not going to make the decision on whether to be a candidate until I think it is time."

He admitted, however, the fact some persons close to him are already working to secure his nomination "maybe indicates I ought to take a look...I can't control what millions of people are going to do."

Clad in canary yellow trousers and a sports shirt, Romney declared he and Rockefeller were in complete agreement on the path the GOP should take to mend its fences and get a Republican back into the White House in 1968.

He also predicted California Governor-elect Ronald Reagan would adopt increasingly moderate policies as he faced the problems moderate GOP governors have already had to confront.

Romney said it was only semantics that made it appear he and Rockefeller had different ideas about the best way to achieve victory in 1968. He said his statement the party needed "leadership" did not really differ from Rockefeller's contention the primary need was "consensus."

Question of Semantics

"I simply said I wouldn't use the word 'consensus' because of its association with someone else (President Johnson), but agreement means the same as consensus," Romney explained.

Rockefeller then interjected, "Let's use the word 'agreement.'"

The New York governor, wearing russet trousers and a blue, open-necked shirt, sat at Romney's side during the news conference. Romney did most of the talking.

To Whom It May Concern -

This is to make public that the Jeff Ward Insurance Agency of Amarillo, is offering to the employees of Marie Foundation a Group Hospitalization Program, which has been approved by Great Southwest Life Insurance Company of Dallas, Texas.

I trust this message will clear up any misunderstanding on this group enrollment. Listed below are some of the special features of the group plan.

1. Incontestable after two years for pre-existing diseases or physical conditions.
2. Pays full benefits at all ages.
3. Old Line, Legal Reserve Protection.
4. Pays in full regardless of any other insurance.
5. World-wide hospital coverage.
6. Pays full benefits for female diseases.
7. 31 days of grace for premium payments.
8. No reduction in benefits at any age.
9. You do not lose your coverage if you change employment or are unemployed.
10. Covers injuries sustained at work as well as away from work.
11. No usual waiting period.

Food

(Continued From Page 1) have been made with more advanced warning. Since 1953, India has received nearly \$3 billion worth of agricultural commodities under the easy terms of the Food for Peace program.

Rambling With Red RON CROSS

Remember the names of Gary and Bobby Wilhelm, Pete and Manny Perez, Kenneth Woods, Charles Snider and James Sulder, Billy and Bobby Campbell, Duggie Jamison, Carl McClure, Billy Pavoliska and Dickie James.

There is the possibility these great Golden Glovers of the past will be back for one more crack at each other.

Bobby Wilhelm, one of the best, if not the best Golden Glover to ever step inside the ring is trying to arrange a charity boxing tournament for the 17-18-19 of December in the old High School gym.

The proceeds, that's ALL the proceeds will go to the Christmas Fund Drive so some little boy or girl will have as happy a Christmas as most of us will have.

Wilhelm has issued a call to all former Golden Glovers, who have not boxed in the last four years to call him Ron Cross at the Pampa Daily News or Warren Hasse at KPND.

The matches would be held on Saturday night, Sunday afternoon and Monday night.

When Amarillo's Soccer team played the Harvesters Saturday the visitors represented 11 different countries.

Players were from England, Ireland, Chile, Brazil, France, Morocco, West Indies, Venezuela, Peru, Malta and Germany.

Charles Didway, father of Curtis, one of our Pampa Junior High coaches, is editor of the Post Dispatch.

In his column, "Thursday to Thursday," he comes up with this sound reasoning:

Post is the No. 1 rated high school football team in the state of Texas.

To prove this Didway says, "Post downed Floydada, 40-14 giving Post a 26-point edge over Floydada and a 19-point edge over Tulsa, who beat Floydada, 17-7. Tulsa edged Littlefield, 15-14, which makes Post 20 points better than Littlefield. Littlefield romped Lubbock Coronado 40-15, so Post is 45 points better than Coronado."

Coronado lost to Monterey by only 12-8 so the Antelopes have a 39-point edge on Monterey, which lost to Odessa Permian, 17-7 making Post a 29-point better team than Permian. Now Odessa knocked off top-ranked San Angelo, 12-6, giving Post a 35-point edge of San Angelo.

Tasoca No. 1? Tasoca beat Permian by only 6-0 and Post is 29 points better than Permian which gives Post a 23-point margin over Tasoca.

Tahoka beat Post, 6-3, so they're 26 points ahead of Tasoca. Tahoka lost to Seagraves, 18-12, which puts Seagraves 32 points ahead of Tasoca and Coahoma, one of this year's "forgotten teams" clobbered Seagraves. Where does it stop?

To me this proves one thing, Mr. Didway is a lot smarter than his son. He never came up with anything as interesting as this.

Groom Shooting For Second Regional Title

By A Staff Writer GROOM — Winning is getting to be a habit at Groom. The Tigers won the class B Region II football title last season and seem bent on doing the same thing this year.

The Tigers of coach Richard Eddleman won district 5-B Friday night by thumping Lefors, their second straight title — and meet Chillicothe Friday in Shamrock for the bi-district title.

But injuries continue to plague the Tigers and they lost another front-line player Friday making for a total of four for the season, including two ends, a halfback and tackle.

Latest out-of-the-season case was starting left end Bobby Godlett, who suffered a shoulder separation.

Eddleman isn't sure what he will do about another starter but said that guard Randy Ham might move to Godlett's end position and 140-pound senior Bob Brooks will probably move to the guard spot.

The Tigers, 6-3-1, will be meeting an Eagle team that has won nine in a row after losing their opening battle to Crall, 22-8.

The lighter Eagles have a fast, dangerous offense and have given up only one point on defense than has Groom.

Chillicothe has scored 296 points, an average of 29.6 points per game and given up 98, an average of 9.8 per contest.

Groom has totaled 214 points, an average of 21.4 per contest while giving up 99, an average of 9.9 per game.

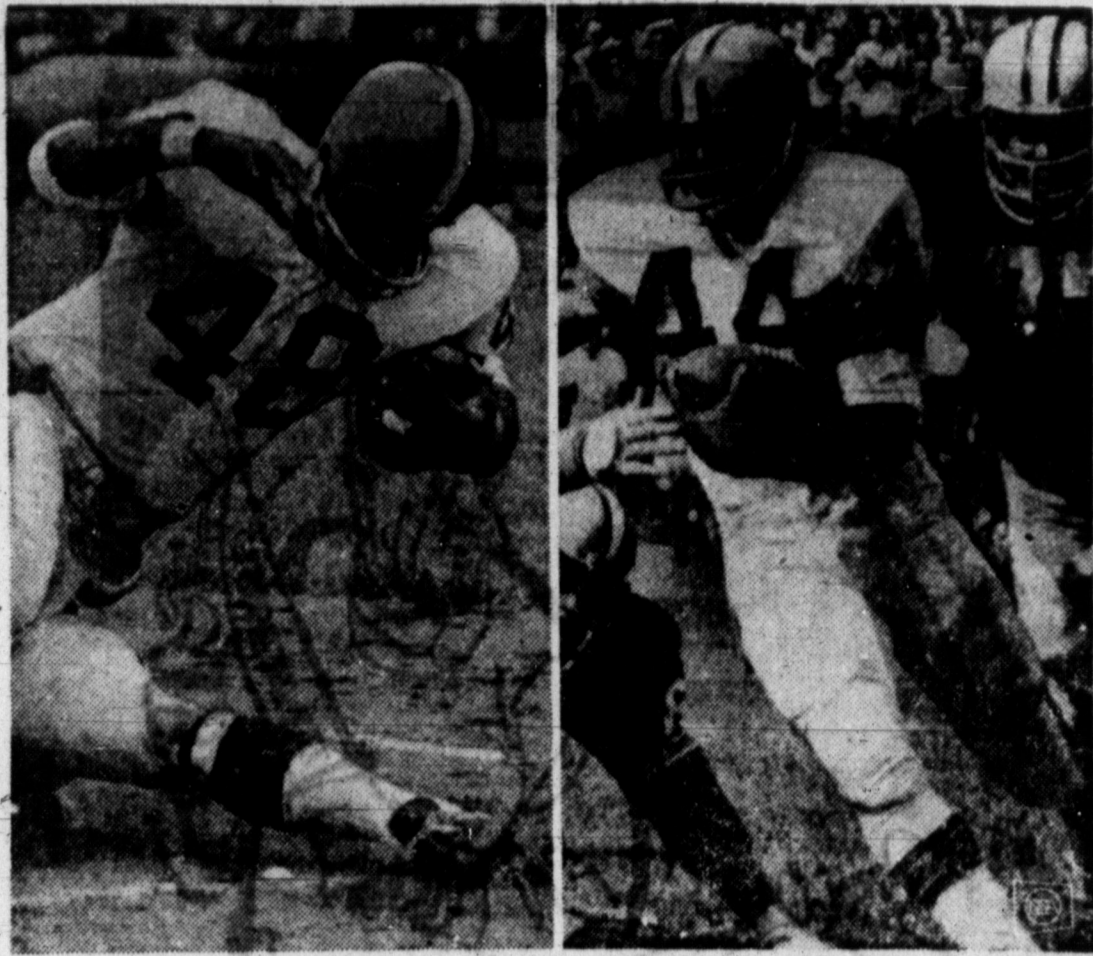

The Eagles weigh only 160.5 pounds per man in the line compared to 169.2 pounds per man for Groom and 154 pounds per man in the backfield to Groom's average weight of 157.2 pounds per man.

Groom halfback Jerry Littlefield has apparently shook off all injury problems. He scored three times last week, and now has a total of 11 touchdowns and 76 points for the season.

Quarterback Kyle Black scored twice to run his season total to nine touchdowns and 64 total points.

The Eagles are blessed with the return of 10 starters, including halfback Eddie Hunter, an all-district player last year, who has run across 18 touchdowns, good for 123 points and over 800 yards rushing.

Also back is quarterback Sam Bevins, a 144-pound junior, who has tallied 66 points and has thrown for eight more. His favorite target is end Dan Baker, a returning starter, who has caught six of the passes and has caught only one point Hunter, who has caught the other two.

OFF AND RUNNING for the Cleveland Browns are Ernie Green, left, and Leroy Kelly. Brown and Kelly have been running so well for the Eastern Division champions that the Browns really haven't missed superstar Jim Brown, who retired before the start of this season.

Hogs Wait to See What Ponies Do Against TCU

By United Press International Arkansas' season is over but the Hogs are holding off answering bowl invitations until they find out who has been chosen for the Cotton Bowl.

"Southwest Conference rules do not permit Arkansas to accept a bowl invitation as long as we retain any chance to represent the conference in the Cotton Bowl," Coach Frank Broyles said.

"We can appreciate their position," Broyles said, "and will wait to see what happens."

At Fort Worth, Texas Christian's Horned Frogs watched Monday the loss to Rice and held a short, light workout.

Coaches praised the performances of halfback Ross Montgomery and defensemen Mike Bratcher, Danny Cross and John Richards.

The Frogs meet Southern Methodist at home Saturday. They have precedent on their side as the last time SMU won

at Fort Worth was by 34-0 in 1945.

Southern Methodist, just one victory away from an SWC championship, had two key defensive players injured.

John LaGrone suffered a slightly sprained knee against Baylor last Saturday. But he was expected to play against TCU.

Billy Bob Stewart bruised his hip but he will be ready for action, too.

Mac White, SMU's starting quarterback, was moving better Monday. He missed last week's game. Coach Hayden Fry said White might be ready for TCU.

Most of Baylor's injured players were given a good chance of being ready for action in the Bear's season - ender against Rice Saturday.

Only halfback John Westbrook and defensive end Raymond Deutch were considered doubtful for the Owl game.

The Bears heard scouting reports on Rice Monday, then worked an hour against Rice formations.

In Houston, Rice quarterback Robby Shelton will be ready for Baylor, Coach Jess Neely said.

Shelton, with a knee injury, played only one down against Texas Christian Saturday.

The Owls worked an hour in shorts.

Texas A&M Coach Gene Stallings complained Monday that injuries were hurting his Aggies. A&M meets Texas Thursday.

"We have a bunch of folks who are on the doubtful list for the Texas game," Stallings said.

Missing Stars Notre Dame will be without its brilliant sophomore quarterback, Terry Hanratty, for the Southern Cal encounter and star halfbacks Nick Eddy and Bob Gladiux and center George Goeddeke also are listed as "very doubtful."

In addition, USC's morale was lifted by an invitation to the Rose Bowl.

Alabama, Nebraska and Georgia Tech, the nation's only unbeaten-untied major colleges, ranked third, fourth and fifth, respectively.

Alabama was awarded two first place votes while Nebraska, its opponent in the Sugar Bowl, received three.

Georgia Tech, bound for the Orange Bowl versus Florida, drew one first place nomination while the other went to sixth-ranked UCLA, a 147-point victory over Southern Cal last week. UCLA, which finished its season with a 9-1 mark, was passed over for the Pasadena classic in favor of the Trojans.

Harvesters Face Quanah, Coyotes In Weekend Clash

By RON CROSS Sports Editor A two-day road trip is on tap for Pampa's High School cagers, this weekend at Quanah.

Friday night and Wichita Falls Saturday night.

The Harvesters, with one victory in one outing already under their belts, looked anything but inexperienced Saturday at Hereford.

Terry Culley's junior-laden squad hit 42.3 per cent from the field and added 22 of 26 free shots to completely dominate the game.

Quanah could prove tough but Wichita Falls shapes up as being the toughest opponent on the road trip.

Quanah has a victory in one outing, a 56-46 decision over Boys Ranch last Friday.

But coach J. T. Bailey, back to his first year of coaching since 1961, has no starters back, but returns eight lettermen and starts two seniors, same as Pampa.

Quanah was paced last week by center Garry Williams, a 6'4" junior who tallied 14 points and forward Bill Ghoeson, a 6'1" junior, who had 14 markers also.

The Coyotes return two starters, 6'2" center Ken Cummins, a senior — and David Smith, a 6'0" senior forward.

But the Coyotes will start a senior ball club, same as Hereford did last week against Pampa and have two good seniors as substitutes.

Culley named senior forward Rick Foster as Harvester of the Week. Foster tallied 17 points at Hereford and paced the Harvesters in rebounds. The 6'2 senior was also a standout on defense.

Culley said he was pleased and a little surprised at his team's remarkable showing.

"For our first game we played quite a bit better than I thought," Culley said, adding, "We hit well from the free-throw line and didn't make as many mistakes as I thought. We did make mistakes though."

Culley pointed out the play of junior Georget Bailey, who tallied 28 points, high for both teams. Foster, senior returning starter Steve Williams, who added 11 points, despite getting three quick fouls and Carl Lang Jr., who hit five of five from the floor.

Pampa's Shockers, who made new coach Bill Brown's debut a successful one, play at 6 p.m. both Friday and Saturday nights with the varsity games beginning at 8 p.m. both nights.

Pampa and Plainview are the only 3-A clubs to start off the cage season with victories.

Plainview downed Levelland Lobos, 62-57 while all three Lubbock clubs took losses.

Midland nipped Monterey, the pre-season favorite, 40-35; Midland Lee ripped Lubbock, 80-55 and Lubbock Coronado fell to Abilene Cooper, 62-41.

Plainview plays Big Spring tonight and the Tascosa Rebels open tonight at Levelland while Caprock visits Tulla tonight.

Friday Borger plays Wichita Falls Rider. Amarillo is at Permian for a tournament, Palo Duro hosts a tournament, Tascosa plays in an El Paso tournament, Caprock is in a tournament at Midland Lee, Plainview is in the same tournament and Saturday Borger plays at Quanah.

WHITIE DEER — Coach Sheriff Bottoms was relieved and were his unbeaten Bucks probably were also when McLean became the first team to push across a touchdown on the Buck defense.

"I think the pressure was beginning to get to us a little," Bottoms said, adding, "I think we might have been starting to think we couldn't be beat and McLean played us a good, tough game."

If they haven't already, the Bucks had better start worrying about Spur, whom they play at Plainview and a team that is unbeaten, but has been tied once.

Spur has scored more points than the Bucks and have a formidable defense to go with a most potent offense.

They have eight starters back from a year ago and average 167.3 pounds per man in the line and 152 pounds per man in the backfield, which includes two all-district players.

Spur's Larry Powell, 196-pound fullback has totaled 151 points and 1,161 yards. He was an all-district player last year, but made it at guard.

The other all-districter is halfback E. J. Patterson, 165-pound senior who has scored 116 points and has over 1,000 yards rushing.

Right tackle Roy Bilberry, a 171-pound senior was a second team all-district player in 1965 and is showing every sign of being on the first team this season.

Spur has tallied 392 points in their 11 games an average of 35.6 per contest while giving up 78 for an average of 7.1 per contest.

Now that they've played 10 games the Bucks have given up 20 points, an average of only 2 per contest while scoring 372, an average of 37.2 per game.

Bucks Well, To Play Spur In Plainview Friday

By MIKE GERALD City Editor

WHITIE DEER — Coach Sheriff Bottoms was relieved and were his unbeaten Bucks probably were also when McLean became the first team to push across a touchdown on the Buck defense.

"I think the pressure was beginning to get to us a little," Bottoms said, adding, "I think we might have been starting to think we couldn't be beat and McLean played us a good, tough game."

If they haven't already, the Bucks had better start worrying about Spur, whom they play at Plainview and a team that is unbeaten, but has been tied once.

Spur has scored more points than the Bucks and have a formidable defense to go with a most potent offense.

They have eight starters back from a year ago and average 167.3 pounds per man in the line and 152 pounds per man in the backfield, which includes two all-district players.

Spur's Larry Powell, 196-pound fullback has totaled 151 points and 1,161 yards. He was an all-district player last year, but made it at guard.

The other all-districter is halfback E. J. Patterson, 165-pound senior who has scored 116 points and has over 1,000 yards rushing.

Right tackle Roy Bilberry, a 171-pound senior was a second team all-district player in 1965 and is showing every sign of being on the first team this season.

Spur has tallied 392 points in their 11 games an average of 35.6 per contest while giving up 78 for an average of 7.1 per contest.

Now that they've played 10 games the Bucks have given up 20 points, an average of only 2 per contest while scoring 372, an average of 37.2 per game.

Bottoms was a happy man Monday night, mainly because his Bucks got through the McLean game without injury.

"That's the first game in this year that I can remember us coming out without an injury," Bottoms said.

The only black mark on the Spur record came in a district game with Petersburg, who tied the champs, 21-21 but Spur won the game on penetrations.

Only Three Major Bowl Berths Open

ATLANTA (UPI)—Only three of the major post-season bowl berths still are open today and they are expected to remain that way until at least Saturday.

The host spot in the Cotton Bowl, which will go to either Southern Methodist or Arkansas, depends on the outcome of the SMU-Texas Christian game.

Saturday. The Bluebonnet Bowl will wait until the Cotton Bowl is filled to pick its remaining rival. And the Liberty Bowl is shopping for a team.

The Cotton Bowl selected seventh-ranked Georgia (8-1) Monday, but ran into a roadblock when Arkansas was upset last Saturday by Texas Tech.

If 13th-ranked SMU (7-2) beats or ties TCU, the Mustangs get the bid as the Southwest Conference champions. A TCU victory would vault 14th-ranked Arkansas (8-2) back into the Cotton Bowl.

Bluebonnet Spot Open Which ever one of those two which doesn't go to the Cotton Bowl is the probable opponent for 16th-ranked Mississippi (7-2) in the Bluebonnet Bowl.

The Liberty Bowl picked Miami (Fla.) (6-2-1) Monday, but bowl President Bud Dudley said he wanted to wait before making his other selection.

"We now are in the process of matching Miami against another nationally known team," Dudley said.

There were few surprises Monday when the bowl choices were officially announced.

Warriors Host Darrouzett Five MIAMI — Coach Don Warren's Miami Warriors continued to make the most out of the basketball season with a double win over Quail.

The Miami girls won their sixth against two losses with an easy 46-21 victory. Beverly Weiss paced the Miami attack with 35 points and Debbie Thompson chipped in seven.

In the boys game Miami trailed 22-20 at halftime but rallied for a 38-35 victory with Ken Gill and Jimmy Moore scoring 11 points each.

The Warriors play Darrouzett in a double-header tonight at Miami.

UCLA'S GARY BEBAN, one of the top collegiate quarterbacks in the country, will be watching instead of playing football for some time to come. Beban cracked a fibula in his right ankle as the Bruins beat Stanford, 10-0, 2 weeks ago, and missed the big game with USC last week. Beban's loss didn't hurt UCLA's chance of getting into the Rose bowl. That's Kathy Bloch lugging Gary's crutch.

Socialism in Saskatchewan

For a period of 20 years, Saskatchewan was experiencing the greatest economic boom in her history. Saskatchewan received only a handful of new factories. After 18 years of Socialism there were fewer jobs in manufacturing than existed in 1945 — this despite the investment of \$500 million in crown corporations.
