

# Legend of Walt Disney Began in Obscure Kansas City Garage

HOLLYWOOD (UPI) — An obscure young cartoonist sat in a modest Kansas City, Mo., garage workshop one afternoon in the early 1920s and watched with fascination as a brass little mouse walked across his drawing board.

The almost penniless artist, a farm boy named Walter Elias Disney, called the mouse Mortimer. When the tiny rodent

began making daily appearances, he decided the name was too formal and changed it to Mickey — Mickey Mouse.

Mickey was to become the squeaky-voiced model for hundreds of animated barnyard characters who would carry Walt Disney to fame and enormous wealth.

Disney, who died at the age of 65 Thursday of acute circulatory

failure, went on to create the fabulous Disneyland amusement park and produce a long series of family-type motion pictures.

**29 Academy Awards**

Disney won 29 Academy Awards and more than 700 citations from presidents, kings and queens. At the news of his death, messages of condolence came in from around the world.

Disney died at St. Joseph

Hospital in Burbank, just across the street from his sprawling studio. He had undergone surgery there last Nov. 21 for the removal of his left lung, on which doctors discovered a tumor which had caused an abscess.

Disney was released but readmitted Dec. 5 — his 65th birthday — for a "routine post-operative checkup."

Hospital officials and studio spokesmen declined to say if the tumor was malignant.

Disney was born Dec. 5, 1901 in Chicago. Later, the family moved to a farm near Marceline, Mo., where young Disney later said he developed a love for farm animals.

Disney began drawing as a small boy and recalled that a barber liked the drawings so

well he displayed them in his shop window and gave the boy free haircuts in exchange.

Disney's boyhood idol was Charlie Chaplin, whom he frequently impersonated on amateur programs at local vaudeville houses.

During World War I Disney tried to enlist but was turned down because of his age. At 16, however, he became a Red

Cross ambulance driver and was sent to France.

After the war he went to work for a Kansas City advertising firm, then began a \$35-a-week job as a cartoonist for a firm there which made slides for projection on theater screens.

Disney had mild success with his own animated cartoon company before coming to (See DISNEY, Page 3)

## Acquitted Coppolino Awaiting Second Murder Trial in Jail

FREEHOLD, N.J. (UPI) — Dr. Carl A. Coppolino, acquitted here of murdering his best friend, flies under guard today to Florida, where he will be "free as a bird" — on bail — to await a second murder trial in his first wife's death.

It took a Monmouth County jury of 10 men and two women Thursday to find him innocent of the alleged New Jersey murder. The Florida case may go to trial in February, according to state atty. Frank Schaub.

The 34-year-old anesthesiologist

and hypnotist was back in the county jail Thursday night. He had been behind bars since July 23, when he was arrested in Sarasota on charges of first degree murder. Returning to Sarasota today, he will be free on the \$15,000 bail previously posted.

The New Jersey charge resulted from the death on July 30, 1963, of retired Army Lt. Col. William E. Farber, 52, Dr. Coppolino's friend and neighbor. The defense in the nine day trial contended Farber died of natural causes — a heart attack.

Apparently the jury agreed with this contention by defense attorney F. Lee Bailey. The prosecution contended he had been strangled — and depended on the gripping story of Farber's widow, Marjorie, 52, the doctor's self-admitted mistress, to show that Dr. Coppolino had leaned his whole weight over a pillow placed on

the colonel's face and neck. The jury decided not to believe Mrs. Farber, who said the doctor had kept her in a "walking trance" to get her to conspire with him to do away with her husband. She said that when she balked at injecting him with poison, the doctor came in and killed him.

Superior Court Judge Elvin R. Simmill had written a "memo to news media" after the jury started deliberating Thursday afternoon directing them not to interview or converse with jurors after the jury was discharged. But apparently some jurors decided to converse without any attempt being made to start them off. The results were ludicrous.

Word began floating around town after nightfall what the reports were so diffuse with each talkative juror that nothing could be held credible.

## Author Expected To Break Silence Over New Book

NEW YORK (UPI) — Historian William Manchester is expected to break his silence today on Jacqueline Kennedy's determination to stop publication of his book about the assassination of President Kennedy.

Manchester, the man hand-picked by the Kennedy family to set down the events of November, 1963, has been criticized by the President's widow, who has vowed to seek an injunction to keep "The Death of a President" from being published by Harper & Row Publishers, Inc., and serialized in Look Magazine beginning Jan. 10. Mrs. Kennedy charges Manchester with breach of contract.

She contends that the book in its present form makes public emotional and intimate reactions to the assassination which would embarrass her and her children. Manchester, who returned from Europe this week, had maintained silence on the dispute.

Bennett Cerf, the publisher and television panelist, said Thursday that Mrs. Kennedy is sensitive to a passage describing Lynson B. Johnson's taking over the presidential plane after Kennedy was shot in Dallas.

Cerf, who said he wishes his Random House was publishing Manchester's book, read an unedited version of the manuscript and described it as "a wonderful book which will sell a million copies."

## City Commissioners Hear Paving Bids

Pampa's city commissioners were in a study session at Coronado Inn this noon considering four bids of four contractors submitted last Tuesday in an overall paving program that includes 140 blocks of unimproved streets.

The commissioners heard a detailed analysis of the bids by Merriman & Barber, consultant engineers. City Manager Jim White, Public Works Director R. B. Cooke and City Engineer Mack Wofford.

In the bidding on Tuesday, Lewis Construction Co. of Dumas was low bidder at \$553,600 for construction costs. Added to this figure would be \$97,433.60 fiscal agent's fee, engineering fee of \$53,233.39 and \$14,445 for drainage structures and miscellaneous costs. This would bring the total project cost to \$718,716.

City Manager Jim White told commissioners that he, the city engineer and public works director and the consulting engineers all were agreed on a recommendation that the low bid be accepted and that the project cost was well below what had been anticipated.

"When we set out on this program," White said, "we hoped it would offset some of the financing costs and that is what has happened."

The city manager said property owners had originally been told the maximum cost of their share of the paving would be \$5 a front foot and not more than \$4 for side street footage.

The overall project figures, it was stated, shows the cost will be only \$4.30 a front foot for 89,000 lineal feet and \$3 a foot for 36,700 lineal feet on side street footage.

At this rate, property owners' share of the overall paving

project is estimated at \$492,800.

When credit is allowed for \$10,433 worth of existing curb and gutter, the property owners total share is reduced to \$482,367 and the total of all costs to the city, \$236,359.89.

It was explained that property owners may pay their assessments in cash or in three yearly installments at 7½ percent interest on the unpaid balance.

Based on experience in paving just three or four blocks at a time over the past several years, City Manager White said the overall project now contemplated will affect savings of approximately 14 per cent of front foot property owners and 25 per cent (See BIDS, Page 3)

## Top U.S. Officials To Review Conflict

WASHINGTON (UPI) — President Johnson says the "tide of battle was turned" in Vietnam but the end of the bloody conflict is not yet in sight.

SAIGON (UPI) — U.S. B-52 bombers and a Navy guided missile cruiser blasted Communist hideaways and supply routes along Vietnam's demilitarized zone (DMZ), military spokesmen said today.

## Top General Wants More Viet. Troops

MANILA (UPI) — Gen. William C. Westmoreland, commander of U.S. forces in Vietnam, said today greater effort is required if the free world is to win the war.

He said more troops, more civilian workers and more economic aid were needed.

Asked by newsmen for specific figures, Westmoreland said: "There are too many imponderables to make any precise estimate. We will need more resources, however."

## Odessa Lawyer Says Assistance Only 'Tentative'

PAMPA, Tex. (UPI) — Warren Burnett, an Odessa attorney, said Thursday he "tentatively" agreed to aid in the appeal of Thomas Ray Vessels, 29, who has been sentenced to die for the April 28 rape of a Pampa housewife.

"I tentatively agreed to help him with his appeal," Burnett said. "He doesn't have any money with which to employ an attorney."

Following notification of Burnett's entry into the case, Judge Lewis M. Goodrich set 2 p.m. Dec. 22 for hearing of any motions prepared for the convicted rapist.

Burnett said he learned of Vessels' plight through the American Civil Liberties Union (ACLU).

"They are involved in it only in that they notified me he needed help," Burnett said. "I am not a member of ACLU."

The ACLU apparently became involved when pleas for assistance were made by Vessels' mother and step-father, Mr. and Mrs. W. P. Freeman of Port Worth.

They are reportedly on their way to Odessa to confer with Burnett.

The Odessa attorney, who, at 24, was once the youngest district attorney in the state, came into the legal limelight in 1962 with his defense of an 18-year-old admitted shotgun slayer of his 18-year-old girlfriend.

Burnett was named that year, at age 24, by Life magazine as one of the most important young men and women in the United States for his "courtroom strategy and persuasive arguments."

## Hoffa Halts Wildcat Strike In His Honor

DETROIT (UPI) — Teamsters president James R. Hoffa, faced with an eight-year prison term — rallied his truckers around him Thursday ending a wildcat strike that one teamster said was a funeral.

"Jimmy's dying, we're all dying. You are allowed to take a day off for a funeral," the trucker said after Hoffa's home local voted to stage the walkout.

"I don't intend to die," Hoffa told 6,000 cheering union faithful, and asked them to go back to work.

"Be patient, be firm, but return to work. Don't take the law into your own hands or you're going to hurt me. Don't do it, please. I ask you in the name of Jimmy Hoffa that you return to work as quickly as possible. Don't take a vote, just believe me."

The truckers apparently did. They roared their approval and reported back to work.

The sporadic strike, which had little direct impact on the public, ended when Hoffa flew from Chicago at the request of

Detroit Mayor Jerome P. Cavanaugh.

The work stoppage appeared to involve only long-haul truck drivers despite claims by union officials that up to 85 per cent of the Detroit area's 37,000 teamsters participated.

About 2,000 rebellious truckers walked off the job in Milwaukee and others failed to show up for work in Atlanta and Savannah, Ga.

Hoffa, making his first public appearance since his 1964 jury-tampering conviction was upheld by the Supreme Court Monday, pictured himself as an innocent victim of a vicious vendetta by the federal government and the press.

He pounded the podium castigating the jurors, judges and justice department who contributed to his conviction.

Hoffa, 53, indicated he was preparing a new appeal on his jury-tampering conviction and made it clear he intends to remain at the helm of the 1.7 million-member union even if he goes to prison.

## Demo Governors Jar Administration

WHITE SULPHUR SPRINGS, W. Va. (UPI) — Democratic governors jarred President Johnson today by blaming a wave of anti-administration sentiment for Republican gains in the November national elections.

They demanded a greater voice in the formulation of national party policies in the domestic area and expressed the view that without that voice, Johnson faces "a very rough race" for reelection in 1968, if he runs against an "acceptable" Republican.

An extraordinary frank review of the 1966 elections as seen by almost a score of Democratic governors was given at midnight after the state executives had met for nearly three hours.

Their spokesman was Gov. Harold E. Hughes of Iowa, chairman of the Democratic caucus in the National Governors' Conference.

### Dear Abby... Adults Should Act In Mature Manner

DEAR ABBY: My wife and I are tired. We rented a beautiful apartment (not cheap) which does not rent to couples with small children. That's one of the reasons we took this place. The people directly above us have their grandchildren over three and four afternoons a week. They are three little kids, under six years old, and you never heard such commotion. They chase each other around knocking things over, screaming and yelling and thumping and bumping. I have pounded my ceiling with a broom handle, and even got out some pots and pans and banged them together to give them a taste of their own medicine, but it didn't help.

I complained to the manager. He told me to talk to the landlord. I talked to the landlord. He told me to complain to the manager. We have a three-year lease and like this apartment. What do we do now?

**STUCK:** DEAR STUCK: The "kids" are under six years old. What's your excuse? Mature, reasonable grown-ups do not "give people a taste of their own medicine" in the manner you describe. Go upstairs, knock on their door and talk with the adults.

**DYING:** DEAR DYING: Nothing. Perhaps in time the mother will reconsider and give you another chance, but personally, I think you're dead in that league. There is a good lesson to be learned from this. Don't put anything in writing that could incriminate or demean you.

**MOON CHILDREN:** (June 22 to July 21) — Any contracts you may have, whether oral or written, should be kept to the letter. Show that you are a generous and cooperative person. Much social fun can be had later. Some friends you think a great deal of them.

DEAR ABBY: A few days ago a girl was standing near me in the hall at school while I was repeating to some of the guys a poem I'd heard. It was a little, short thing. The girl asked me if I would write it out for her so I did.

Well, the girl's mother got hold of it in some unintentional way and read it. I guess I should mention, the poem was in rather poor taste. I called the girl the next day, and her mother answered the phone and said I was never to call or see this girl again.

I like this girl at lot and she likes me. We are both very up set over this incident. I called and apologized to the mother, but she won't let us see each other. What should I do?

**DYING:** DEAR DYING: Nothing. Perhaps in time the mother will reconsider and give you another chance, but personally, I think you're dead in that league. There is a good lesson to be learned from this. Don't put anything in writing that could incriminate or demean you.

**DEAR ABBY:** Because of you, my Christmas is a lot merrier this year. Last year my husband was driving me crazy sitting around the house doing nothing. He had just retired at age 65, was in good health, and didn't know what to do with himself. He'd worked hard all his life and never had time to cultivate any hobbies.

I kiddingly suggested he write to you. And he did. You told him to offer his services to some volunteer group, and you named a few. He called the Crippled Children's Society, and they gave him the names of some handicapped children who needed transportation to and from the therapy clinic. He has never been happier.

Aren't men peculiar? They'll listen to advice from a stranger, but just let their wives tell them the same thing and they'll say she's off her rocker. Merry Christmas, Abby!

# Carnival Air To Dominate at PHS

Pampa High Schools' All-School Carnival will be staged tomorrow beginning at 7 p.m. in the high school cafeteria.

The carnival theme will be centered around the entertainment capitol of New Orleans' Bourbon Street, according to carnival chairman, Larry Franklin.

Highlighting the event will be the naming of the carnival king and queen. Nominees are Ann Monroe, Linda Watson, John Braly and Doc Cornutt, seniors; Jennifer Cunningham Gail Craddock, Dwight Rogers and Dickie Henley, juniors; Susan Smith, Mary Bearden, Phil Long and Jay Johnson, sophomores. Coronation will be held in the auditorium at the end of the carnival.

For the most appropriate and original booth, prizes in the amounts of \$10, \$7.10 and \$5 will be given for first, second and third places.

Booths will range from the Future Nurses, French Theatre playing "Tonsils a la Mode" and the high school Red Cross chapter's "Blues on Bourbon" night club to shuffle board and picture-taking booths of National Honor Society and Future Teachers Club.

Spanish Club will sell cascarones and the French Club will sell ice cream. Future Homemakers plan a cake walk and Tri-Hi-Y will sell candy apples. The senior class will sponsor the traditional Red Garter Saloon.

Key Club members will form a cleanup squad after the carnival.

# Legalization Of Death?

By LOUIS CASSELS  
United Press International

Legalization of mercy killing has been advocated in one of America's leading religious journals.

In an article published by the Christian Century, Mrs. Mary McDermott Shideler challenged the moral arguments usually advanced against Euthanasia.

Mrs. Shideler, the wife of faculty member at Iowa State University, is a respected lay theologian who frequently writes for the Christian Century.

Her interest in mercy killing was stimulated by grim personal experience. Her mother died in lingering agony, after pleading in vain with her family to put her out of her misery.

Mrs. Shideler asked herself: Why should we refuse? And she concluded that the reasons were not good enough.

"Ostensibly, our attitude toward the 'coup de grace' is the product of our commitment to the principle that human life is sacred," she said.

"But we allow—and justify—so many exceptions to that principle that it is now not much more than a convenient slogan.

"Most contemporary societies condone warfare, as well as killing in self-defense and the defense of others. Many people approve of capital punishment (for the record, I am not one of them). Few of us will condemn the explorer or sportsman who dies in the course of a suicidally dangerous adventure."

Actually, said Mrs. Shideler, the principle that life is intrinsically holy can be used in defense of mercy killing.

The reason most frequently given by religious people for opposing euthanasia, she said, is that "when God is ready to take persons like my mother to himself, they will die, but we must not anticipate his will."

**Natural Death**  
Thus it might be said that "it was death which was 'natural' for her, and her artificially

maintained life which was unnatural."

Mrs. Shideler concluded that the real reason why society categorically rejects mercy killing is not moral but practical.

"No one is willing to give or take responsibility for these decisions. In effect, we are behaving irresponsibly. We are so afraid that someone will make a wrong decision that we take refuge in the maxim that because we can keep these persons alive, we must—a maxim that has been reached not by intelligent and compassionate study but by default..."

## Presbyterians Plan Special Observance

Christmas tide brings with it special Christmas Music at the First Presbyterian Church—the sound of children's voices and the lighting of the Advent Candles.

Sunday, Dec. 13, the congregation will worship at 8:30 and 11 a.m., when the pastor, Rev. Don Hauck, will use the Magnificat of Mary and the third chapter of Paul's letter to the Galatians as the textual basis for a sermon entitled "Christmas—a Schoolroom of Faith." Ruling Elder James Brown will assist with both worship services.

The Sanctuary Choir under the direction of Tommy Neugent will sing, "Sing Noel." Elders and deacons will be ordained at the 11 a.m. worship service.

At 7 p.m. the children's departments and the junior high young people will present a special service of choral speaking and songs, at which time all of the younger children will bring their white gifts for the Amarillo Children's Home.

The senior High will meet at the W. A. Morgan home, 1938 Evergreen, for Christmas caroling at 6 p.m. Wednesday.

**CHRISTMAS MUSIC**—A brass quartet from Pampa High School and Sanctuary Singers of the First Methodist Church are in rehearsal for a special Christmas music service to be presented at 6:15 Sunday in the church. Wesley Youth Choir and an orchestra from West Texas State University will join the quartet and singers in the program.

### Chancel Choir To Present Cantata For FB

The Chancel Choir of the First Baptist Church will present "The Song of Christmas" a cantata by Roy Ringwald at the Sunday evening seven o'clock worship service.

The cantata will be under the direction of Sam Allen, minister of music.

Narrating the continuity with scripture will be Jerard Sims. Soprano soloists will be Mrs. Mack Hiatt and Mrs. George Smith. The alto soloist will be Miss Donna Flynn. Tenor soloist will be Jim Johnson and Terry Scogist, baritone soloist.

Before the Chancel Choir presents the cantata, the Carol Choir, under the direction of Mrs. Hester Branham, will present a cantata for junior voices, "Lo, a Star" by Robert Graham.

Traditional Christmas hymns will be sung by the congregation at the eleven o'clock morning worship. Rev. J. R. Manning, as assistant pastor, will be in the pulpit and preach from the subject, "Christmas Words" with a text taken from Matthew 2:10. Sam Allen will sing the tenor solo, "Sweet Little Jesus Boy" by MacGimsey. Miss Eloise Lane, organist, will play "Unto Us a Child Is Born" a German Carol for the offertory.

### Missionary To Relate Experiences

Members of The Calvary Baptist Church, 824 S. Barnes, will have the opportunity to hear the experiences of Miss Mildred Crabtree, a missionary of the Southern Baptist Convention to Africa.

Miss Crabtree, a native of the Plains of Texas, was born and reared in the Stratford area. She attended Wayland College and received a B.A. Degree from Baylor University in 1944. She was appointed to the mission field in 1946 where she has been serving as principal of a Secondary School for Girls in Agbor, Nigeria.

Miss Crabtree is coming to assist in the foreign missions emphasis by the church and will have charge of the morning worship service at 11 a.m. Every member of the church will want to share in this time of inspiration and learning. Everyone is invited to attend. The foreign mission emphasis is an annual undertaking by the co-operating Southern Baptist Churches of Pampa and throughout the nation as well as others in all parts of the world.

**MOVED FIRE**  
STERLING, Colo. (UPI)—Firemen, arriving at the scene of an alarm, could not find the fire. No false alarm—it's just that the woman whose car had caught fire drove away while it was still smoking.

# Christmas Is Awesome Time

By RALPH W. LOW, D.D.  
The simple stories of Christ's birth, the legends that have grown up about his coming and the blessed traditions that warm our hearts and our homes are the evidence of a more profound fact. Underneath it all is the insistence that God is with us. It's not only the awareness of the living God but the presence of God. That's the comfort and the haunting terror of it all.

So shepherds upon a hillside heard a message and went into Bethlehem. There is no record of what happened to them after that moment except that they went back to care for their sheep. They must have talked over the story in all the years to come as they wondered about

their part in it all. They were involved. So Magi came from distant countries to see a little child and talk of the coming of a new king among men. They couldn't really understand the full meaning of this little life, nor for that matter could Mary and Joseph. All of them could ponder these things. Yet they were involved.

For God was involved. That's the message of Christmas and it ought to be that which echoes through the carols, the festival atmosphere and the rejoicing of our households.

This year the festival of Christmas comes appropriately on Sunday. And Sunday is kept as the Christian's day of worship because of Easter. It all belongs together, the Manger and the Cross, the birth and the new life, the beginning and the new understanding of the human creature.

There's so much to understand, so much we can't know, so much to ponder. Let's sing the carols, rejoice with our families and remember that

we're keeping the festival of God's involvement with our lives. That ought to send us into Christmas with joy and back to our work as new people. The world is waiting for that message to shine through all of our involvements. Even through us, men can understand that God is involved!

## St. Paul To Hear Yule Music Story

The Christmas Story in song will be presented by the choir of St. Paul Methodist Church Sunday morning at the morning worship hour. Under the direction of Mrs. Robert Eubank, the adult choir will sing, "O Holy Night" for an anthem. Mrs. Lois Fagan, organist, will be accompanist. Joel Combs, chairman of the official board, will serve as narrator for the program, which will also include hymns by the congregation. The children's group will sing, "Knock, Knock, at the Stable Door" by Grime, and "Away in a Manger." Solists will be Mrs. M. H. Hood and Jim Holcomb.

At the evening hour there will be a decorated tree with treats for the children, a filmstrip, "How We Got Our Christmas Carols" and a hymn-sing, according to the pastor, Rev. Roy Patterson. The commission on education will be hosts for an informal social hour following the program. Recorded music will be played.

On Christmas Sunday morning, a "come and go" communion service will be held from 8 to 10 o'clock, the pastor has announced. This will take the place of the regular church school and worship service.

## First Christian To Present Yule Pageant Sunday

Rev. J. W. Duke of the First Christian Church, has chosen for his morning worship sermon topic, "Reporter of Truth" taken from Luke 2:8-11.

The choir, under the direction of Miss Rosemary Lawlor accompanied by Mrs. John Gill, will do the anthem "While Shepherds Were Watching" (David Williams).

This Sunday for evening worship the children of the church will present a Christmas Pageant "Unto Us a Son Is Given." Reader will be Rev. J. W. Duke with the junior choir directed by Mrs. Stan Hill accompanied by Mrs. Danny King, organist.

There will be a final pageant rehearsal on Sunday afternoon at 4 p.m. in the sanctuary of the church. The pageant will be presented at 7 p.m. The pageant director is Mrs. Robert LaFon. The Education Committee asked all members who ordered books to please stop by the education office in the Church and pick them up.

## Scientists' Golden Text

"God hath spoken once; twice have I heard this; that power belongeth unto God."

This will be the Golden Text of this week's Lesson-Sermon titled, "Is the Universe, Including Man, Evolved by Atomic Force?" to be read in all Christian Science churches this Sunday.

## "Enchanted Tree" Rites Planned At Harrah Church

For the Third Sunday of the Advent Season, Harrah Methodist Church, continues to prepare for the Christ's birth at both of this Sunday's services. At the 10:55 Morning Worship Service, Rev. Walter G. White sermon will be "Oh, No Room For Christ?", and the two choirs, children's and adult, will sing special Christmas music.

In the morning service, Rev. White will receive into church membership a youth class, who has been taking instruction in Methodism for the past month.

At the 6:30 o'clock Evening Vesper Service the congregation will participate in "The Enchanted Tree" program as well as a "Christmas Candle-lighting Service". A tall, ugly, barren tree will stand in front of the church whereby every person worshipping will advance as did the Three Wise Men and hang their gifts of money upon its branches. This will transform the ugly limbs and make it "The Enchanted Tree". Too, each worshiper attending will be given a candle which will be lighted during the "Candlelighting Service".

All three choirs of Harrah Methodist Church, Children, Youth and Church Choirs will offer Christmas selections for this worship hour under the direction of Miss Peggy Patrick. Many will want to attend, and are thereby welcome to this service by this invitation.

## The Wisdom Of God

- Gen. 1:1 In the beginning God created the heaven and the earth.
3. And God said, Let there be light; and there was light.
5. a, b, And God called the light Day, and the darkness he called night.
7. And God made the firmament and divided the waters which were under the firmament from the water, which were above the firmament; and it was so.
8. And God called the firmament Heaven.
10. And God called the dry land earth.
11. And God said, Let the earth bring forth grass, the herb yielding seed, and the fruit tree yielding fruit after his kind, whose seed is in itself, upon the earth: and it was so.
15. And let them be for lights in the firmament of the Heaven to give light upon the earth; and it was so.
16. And God made two great lights: the greater light to rule the day, and lesser light to rule the night: He made the stars also.
21. And God created whales, and every living creature that moveth, which the waters brought forth abundantly, after their kind, and every fowl after his kind: and God saw that it was good.
- Gen. 1:25 And God made the beast of the earth after his kind, and cattle after their kind, and everything that creepeth upon the earth after his kind: And God saw that it was good.
27. So God created man in His own image in the image of God created he him: male and female created He them. In chapter 38 of the book of Job beginning at verse 1. Then the Lord answered Job out of the whirlwind; and said who is this that darkenth counsel by words without knowledge? Gird up now thy loins like a man; for I will demand of thee, and answer thou me. Where wast thou when I laid the foundations of the earth. 6. Whereupon are the foundations thereof fastened? or who laid the cornerstone thereof? 7. When the morning stars sang together, and all the sons of God shouted for joy.
- Psalms 104:24 O Lord, how manifold are thy works! In wisdom hast thou made them all: the earth is full of thy riches.
- Jer. 10:12 He hath made the earth by His power. He hath established the world by His wisdom, and hath stretched out the heavens by His discretion.

EVER STRIVING FOR THE TOP O' TEXAS  
TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities. We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

## Spending by Governments

Total expenditures by all levels of government in the United States—federal, state and local—climbed to \$206 billion in fiscal 1966, Congressional Quarterly reports. This was up \$9.5 billion from the previous year. Total government revenues for fiscal 1965 came to \$202.9 billion—up \$10.5 billion from fiscal 1964. This and other information was made public in three studies issued by the U.S. Bureau of the Census. The federal government had revenues from its own sources totaling \$125.8 billion, state governments had \$38.5 billion in such revenues and local governments had \$38.6 billion. When funds transferred from one level of government to another are taken into account, the figure for the federal government remains constant; however, the state and local figures become \$42.8 billion and \$53.8 billion. The federal government had expenditures on its own functions totaling \$119 billion, state governments had \$31.3 billion in such expenditures and local governments had \$55.6 billion. When funds transferred from one level of government to another are taken into account, the expenditure figure for the

## Star of Peace: Symbol of Hope

President Johnson's announcement that he will ask the new Congress for an additional \$9 billion to finance the next six months of the Vietnam war is especially saddening at this season of Christmas. Defense Secretary McNamara's announcement at the same press conference that this country will pour other millions or billions into producing the advanced Minuteman III missile to counter an unexpected Russian buildup of ICBMs can only make one wonder if mankind has learned anything at all in the past 2,000 years. Does anyone, on either side of humanity's ideological divide, actually contemplate using these terrible nation-obliterating weapons? If they are reserved, as America and Russia and even Red China have pledged they are solely for purposes of deterrence and retaliation, why cannot rational men invent some other sort of safeguard to remove this mutual fear of attack? If the killing in Vietnam can be halted for four days at Christmas, and if it can be held down to non-nuclear levels for the other 361 days of the year, why cannot rational men end it entirely?

## The Space Pact — a Step to Peace

It is ironic that the moon and other celestial bodies, where nobody lives (that we know of), and the space around them, are now preserved from nuclear warfare. On earth, only Antarctica, which is but slightly less inhospitable than the moon, is similarly off limits to human military rivalry and ideological ambition. The refining of nuclear weapons still continues by means of underground tests and, indeed, France and China still claim their sovereign right to pollute the earth's atmosphere by exploding nuclear devices above ground. The arms race has entered a new stage, with Russia

## Four Million New Jobs

In the face of heavy taxation and government controls, independent business men still are providing jobs and creating new opportunities. The Chicago Tribune News Service wire the other day carried this short item: "Independent business men created almost four million jobs last year at a cost of about \$7,000 invested for each new job, according to statistics compiled by the National Federation of Independent Business." And the only tax involved was the amount of taxes paid by the job holders and the independent

These days pigs live high on the hog due to the new scientific ways of raising them. Instead of the ugly pig sty of yesteryear, the porkers are now raised entirely indoors with heated quarters in the winter and cold shower baths in summer. Food is piped into feeding troughs directly from storage tanks outside. And when a pig gets thirsty, he just pushes his snout against a button on a fountain to get a drink. The new system benefits the farmer since it requires less manpower and the climate control saves about 30 pound of feed for every 100 pounds of weight gained. The experiments have proved that pigs can be raised more profitably and easier indoors than out. One of the profitable factors is that when the pigs are six months old and weigh about 200 pounds, they are shipped to market. The old method took longer to raise them.

Today's smile: "That's a horrid word," said a mother to her small son. "Where in the world did you learn it?" The youngster answered: "From Santa Claus." "Santa Claus," exclaimed the mother. "Yes," said the youngster. "Santa Claus said it when he visited our school and one of the boys put some tacks on his chair."

That familiar gentleman who visits your home every month, the meter reader, is about to be out of a job because of automation. A Connecticut firm has developed a machine that permits reading household meters at a remote station. It is now being given a test run in the Nutmeg State and when perfected will work on all kinds of household meters. Popular music really pays off for those who write the hit tunes. Royalties to the American Society of Composers, Authors & Publishers (ASCAP) last year totaled \$33 million. That melon was split up among the members.

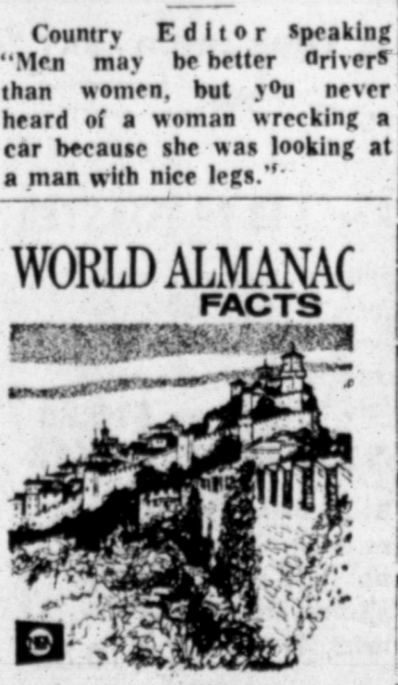

Thoughts while shaving: James A. Garfield, who later became President of the U. S., is credited with the well-known and oft-quoted definition of a university: "Mark Hopkins at one end of a log and a student at the other." Garfield said it during an address at Williams College in 1872. Hopkins had been a teacher and later president of the college and his influence on his students, including Garfield, was tremendous. Computers have widened their usefulness in industry, according to a survey. Firms that once used the electronic brains only in administration and finance are now relying upon them for the correct answers in sales forecasting, production scheduling, controlling distribution, and solving engineering and research problems. Five nations account for more than 50 per cent of the world's commercial fish catch. They are Peru, Japan, Red China, the Soviet Union, and the United States. Peru accounts for the largest amount, 17 per cent of the world's catch. The U. S. accounts for about five per cent.

## WORLD ALMANAC FACTS

San Marino is the smallest republic in the world and claims to be the oldest in Europe. Founded in the Fourth Century A.D., it is completely surrounded by Italy and is about half the size of Washington, D.C. According to The World Almanac, the 1962 population was estimated at 17,000. San Marino uses Italian or Vatican money but has its own stamps and coins.

Yuletide Gifts to Make Life a Cinch NEW YORK (EA) — As we were saying, what makes Christmas shopping so arduous is trying to find unusual presents for friends and relatives.

Today's informative report covers gifts from the home appliance department. To our way of thinking, nothing is more unusual than the home appliances for sale nowadays. Consequently, this list is not meant to be complete in any way, but merely indicate the wide variety you can find by spending a week or two in the appliance stores.

AUTOBROIL: Prepare dinner on the way back from the supermarket. This compact little marvel can do a complete leg of lamb without halting auto television, radio, stereo tape or telephone. Mix 'n' match colors with AutoFridge and Auto-Spall. A tiny down payment, and you need never go home again.

BIRD-OFF: Are there doves in your kitchen? This amazing little mop cleans up after them in a jiffy.

ELECTROTHUM: Give your library that cultured, well-read look with Electro-Thum. Looks like a quiet desk drawer but actually seethes with energy. Dog-eared pages, underlines random passages, frays bindings in a trice. Available in walnut, mahogany or imitation.

XMAS CARD SEPARATOR: Automatically reads Yuletide messages from well-wishers and addresses greeting card to those you've neglected on your own card list.

DIAL-A-SCENT: Over 1,000 fragrances in this tabletop, computerized, push-button dispenser. Give broccoli that rich, tangy smell of a whisky sour. Get dad into a nostalgic romantic mood by coming to dinner in essence of New Packard.

DISPOSABLE REFRIGERATOR: Put an end forever to the muss, fuss and bother of having to defrost.

LUXURY HANDS: Are mom's hands to rough and red for evening wear? Luxury Hands slip on like gloves, yet look like skin. Available in three finishes: velvet, satin, mink.

ROASTARAMA: Hands on me steel rack holds meat or fowl of any size. Just set timer, and finished roast wheels itself out of oven and across kitchen to electric carving knife. Saves dozens of extra steps throughout the year.

## Train New Breed of Police To Win Thais, Curb Reds

By RAY CROMLEY NEAR UDON, Thailand (NEA) — The Thai police sergeant was earnestly pointing to a series of charts showing how a baby is born and how it is positioned in the mother's body just before birth. The policeman was talking to would-be self-consciousness, then ask questions. There were about 20 in the class.

This was part of a new Thai program for halting the steady spread of communism in the northeast. These policemen would be trained in guerrilla fighting. Their ability to use firearms would be improved. They would learn more efficient police techniques. But that would be only the beginning.

These men were part of a group being taught that to be effective against the Communist underground, a policeman must be regarded by his villagers as a friend—not an enemy. This is a new concept here.

So these men are being taught how to help deliver babies. They are being taught how to help build schools, dig wells. They're learning elementary medicine and first aid in order to help villagers where doctors aren't readily available.

But most important of all, these police are being taught not to use a club or stick too quickly in dealing with villagers who aren't criminals. They're being schooled in the idea that friendliness from a policeman pays off. It inclines people to talk more about where Communist organizers and guerrillas are and what they're doing.

(There is no danger these policemen will be turned into criminal coddlers.) After they've finished their classroom work, these police will be sent to test their abilities in a village. They'll be watched by instructors to see how well they've gotten the picture.

On graduation, they'll be sent back to beats in rural Thailand villages to apply the new methods.

In some country areas, police methods have been so harsh they play into the hands of the Communists, who win friends by promising to do away with the present police.

This reporter has seen the dramatic change in some rural villages in South Vietnam where DIET DISH: Modern design and atomic age engineering combine to make this beautiful china plate that pulverizes fork and turns food radioactive after second mouthful.

HOT HI-FI SATELLITE: Not getting the most out of your home music center? This is just what the doctor ordered. Looks like a television antenna, but is actually a powerful jamming device that shuts off every radio, tape deck, record player and television in the neighborhood.

MAGIC MOMENT: Small electronic applicator and economy-sized jar of cream — and poof! — 96-hour underarm protection. Set and forget. Complete freedom from bathing for a full week.

BATTERY-OPERATED BATTERY: You simply plug it in and it does the rest.

## HUNT FOR TRUTH

By H. L. HUNT  
A WEDEMAYER REPORT  
In my television interview with Mery Griffin, currently being shown, I quoted A. C. Wedemeyer, Maj. Gen. U.S.A. (ret.), of Rockville, Maryland. Following is a transcript of telephone call from Gen. Wedemeyer, to HLH prior to interview and read by HLH during the interview.

President Chiang Kai-shek of Nationalist China authorized General Wedemeyer to express his willingness, in fact his enthusiasm, to assist the United States in the Vietnam combat operations. I asked General Wedemeyer about the military capability of the Nationalist Chinese and he informed me that they have approximately 650,000 American trained and equipped ground forces. These include ground forces, air and a limited sea force, all of which have the most modern American equipment.

Gen. Wedemeyer stated that in his judgment all of the participants in the Southeast Asia Treaty Organization should be fighting side by side with the Americans in Vietnam. He pointed out that the SEATO Charter calls for mutual and proportionate contribution, both economic and military, whenever the Southeast Asia area is threatened by aggression.

In Vietnam we have an aggression by North Vietnamese forces prompted and supported by Red China. The participants in SEATO have not made a commensurate contribution to the military effort in Vietnam and it is believed that diplomatic and economic pressures should be employed to compel them to do so.

He pointed out this striking example: although South Korea was never invited to join SEATO, nevertheless that gallant anti-communist country has contributed approximately 40,000 men to the Vietnam theater. There have been only token forces contributed by members of SEATO other than the United States. Also, here we have Nationalist China, although not invited to join SEATO, willing and anxious to help against the common aggressor.

# Pampa, Monterey Do Battle Tonight

LUBBOCK — Pampa and Monterey meet in the first game of a district 3-4A doubleheader, beginning at 7 o'clock tonight in Lubbock Coliseum.

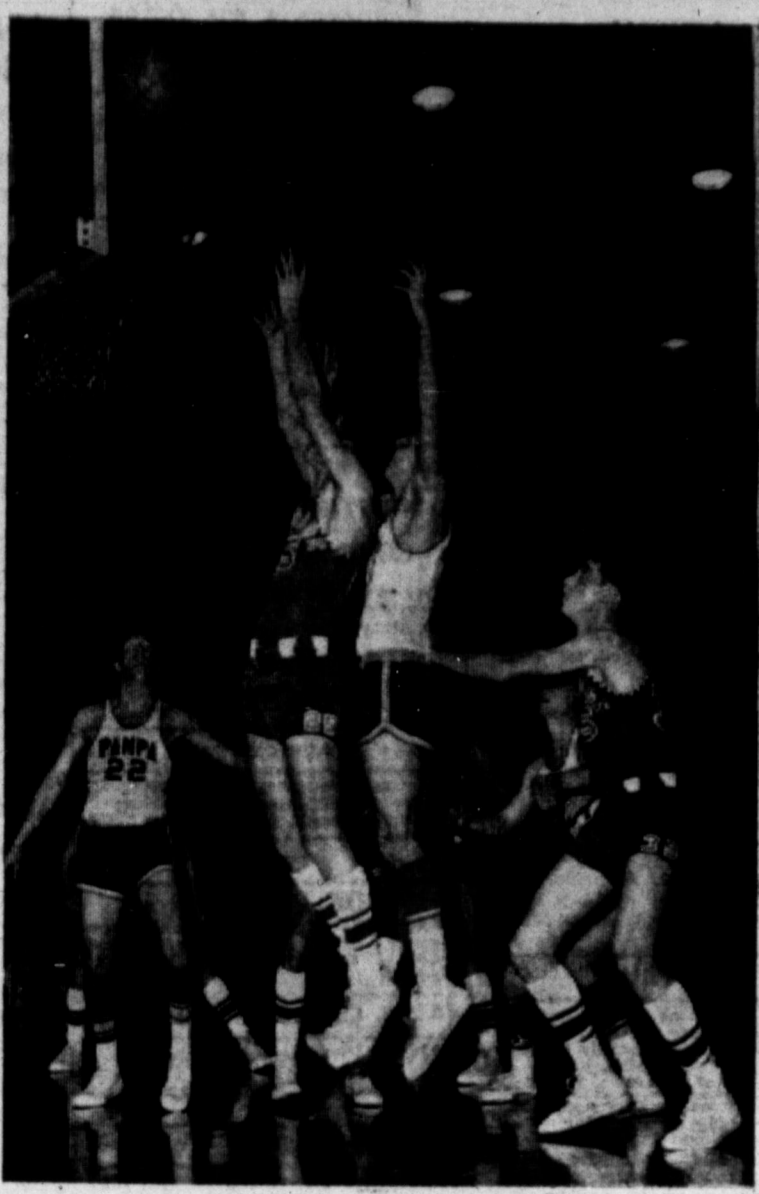

Tasosa and Lubbock high meet in the second contest, scheduled to get underway at 8:30 p.m.

The Harvesters are tied with Amarillo and Tascosa for the top spot in the league race, all with 2-0 records. Monterey is 1-1 and was picked as the pre-season favorite to repeat as league champions.

Pampa has a 10-game winning streak going and the Harvesters are averaging 70.8 points per game while limiting the opposition to 52.5 points per game. In conference play Pampa is averaging 62 points per contest while limiting foes to an even 52 points per game.

Monterey is 9-3 and has a 59.2 offensive average through 12 games while giving up 50.2 defensively. Through two league games the Plainsmen have averaged 51 points per contest while limiting foes to 48 per game.

The B teams from both schools meet in a 5:30 p.m. game in Monterey Fieldhouse.

**QUITE A REACH** — Pampa's Rick Foster (in background) and Plainview's Bryan Fagan (25) go high in the air for a rebound. No. 22 is Pampa's Jim Cornutt. The Harvesters meet Lubbock Monterey in Lubbock at 7 p.m. tonight.

# Torres, Tiger Battle in Garden

NEW YORK (UPI)—Light heavyweight champion Jose Torres, with one eye on Cassius Clay, will make the fourth defense of his title tonight at Madison Square Garden against soft-spoken but determined Dick Tiger, the two-time former middleweight champion.

Torres will bring into the ring a seven year advantage in age, a three-inch edge in reach and is expected to have a 10-round advantage in weight. Torres figures to come in between 174 and the division maximum of 175 pounds while Tiger is expected to be about 165 at the weigh-in.

**Torres Favored**

Torres, 30, a native of Puerto Rico who now lives in New York, is an 11-to-5 favorite over Tiger, 37, of Nigeria. Torres has a 39-1-1 record while the veteran Tiger has a 54-15-3 mark.

White Torres has been confidently predicting he'll win every round before scoring a knockout that will win him "Fighter of the Year" honors and lead to a shot at heavyweight champion Clay. Tiger has been quietly preparing for his first fight in the 175-pound bracket.

"I've always treated my opponents like gentlemen out of the ring," Tiger claims, "only inside the ring do I try to beat them, not by bad talk outside."

Annoyed by Torres' boasts, Tiger commented, "When Torres says he will win every round from me before he knocks me out, he is talking like Clay. Only Clay can predict rounds and talk the way he does and get away with it. Neither Torres nor any other man can walk the same road."

But as long as boasts are being made, Tiger gets one in of his own with one of his usual understatements.

"I'll be happy to knock him out," he said, "and I think it can happen."

# Miami Tournament Hits Second Round

MIAMI — Briscoe and Miami became the only two teams to score opening tournament sweeps Thursday when the boys' and girls' teams from both schools tallied victories.

The annual tournament entered its second round today with the Briscoe and Allison girls, Briscoe and Wheeler boys, Follett and Miami girls and Darrouzett and Miami boys playing semi-final matches.

Thursday Briscoe found Higgins trying to stall but pulled out a 29-11 victory. Briscoe led 8-1, 16-5 and 27-10 at the quarter marks.

Helen Puryear paced Briscoe with 12 points and Cathy Phelps hit nine for the losers.

Briscoe's boys led 30-24 after three quarters but stalled off Higgins, 46-43. Bill Walker led the Briscoe scoring with 19 points while Jerry Steinlehit 17 for Higgins.

Allison's girls built up a 22-6 halftime margin and sailed to a 32-16 victory over Wheeler's lassies. Diane Kelly paced Allison with 16 total points and Sybil Richerson hit 11 for Wheeler.

The Wheeler boys led 21-12 at halftime and only 27-20 at the three-quarter mark but downed Allison's lads, 35-31.

Willard Hunter paced the Wheeler scoring with 15 points and Howard Lohberger paced Allison with 15 points also.

Follett girls led by one, 18-17 over Darrouzett but found the range in the second half for a 48-34 victory.

Lynn Sinclair paced Follett with 23 points while Kathy Howell hit 19 for the losers.

In the boys game Darrouzett, defending district champs piled up a 43-23 halftime margin and sailed to an easy 78-45 victory

# Cards Eye Top Spot, Browns Want Second

By United Press International — The St. Louis Cardinals will be out for a share of the top spot in the East Saturday, but Cleveland would be happy by just being No. 2.

The Browns meet the Cardinals in St. Louis and a Cleveland win would shoot the Browns into the National Football League playoff bowl in Miami if Philadelphia is beaten or tied by Washington Sunday, and Cleveland Philadelphia win, the two clubs tie for second and Philadelphia goes to the Playoff Bowl since the Browns went more recently.

But the Cardinals also must win in order to gain a possible spot in Dallas, depending on the outcome of the Cowboys-New York Giants game on Sunday. A Dallas win or tie would eliminate St. Louis from the Eastern Conference title race. If Dallas wins and St. Louis wins or ties, the Cardinals would have to settle for the Playoff Bowl and Dallas would be on its way to the NFL Championship game against Green Bay.

In other NFL action, all scheduled for Sunday, Minnesota (4-8-1) is at Chicago (4-7-2), Los Angeles (8-5) hosts Green Bay (11-2), Baltimore (8-5) plays at San Francisco (6-5-2), Washington (7-6) hosts Philadelphia (8-5) and Pittsburgh (4-8-1) is at Atlanta (3-10).

The main thing the Cardinals will have to worry about is their offense. Since veterans quarter-

back Charley Johnson was injured last month, the Cardinals have not been able to get on the scoreboard as often as they would have liked.

Substitute signal-caller Terry Nofsinger inherited the starting roll and has found difficulty getting the St. Louis offense rolling. Rookie halfback Johnny Roland has had a few good games since Johnson's injury, but he will need help from the plays at San Francisco (6-5-2).

## NEW MEXICO, KANSAS NEXT

# Tough Weekend for TW

Slick Texas Western, the defending NCAA champions who haven't conceded the No. 1 spot to UCLA yet, now must prove this weekend that the Miners deserve the No. 2 post they now own.

Coach Don Haskins' Miners, boasting a 50 mark, will host unbeaten and seventh-ranked New Mexico (4-0) tonight and then travel to Chicago Stadium Saturday night to meet unbeaten and ninth-ranked Kansas (6-0). Those two games will test the mettle of the second-ranked Miners.

When Texas Western marched to a 28-1 season last year and the NCAA title, the Miners just ripped New Mexico 67-64 in a regular season game and then had to go to double overtime to edge Kansas 81-80 in the NCAA Midwest regional finals.

In any other season with five of the top seven players back from the previous campaign, Texas Western would be a shoe-

in for the No. 1 spot in the United Press International ratings. But this is the year Lew Alcindor arrived at UCLA and he's made the Bruins a runaway choice for the top post. But Texas Western beat the top team in last year's ratings, Kentucky, in the NCAA finals and the Miners still consider themselves the team to beat.

While Texas Western was awaiting its key weekend of action, two of the nation's top 10 teams, fifth-ranked Louisville and 10th-ranked Cincinnati, were victorious.

Louisville routed Bellarmine 104-55 as Wes Unseld scored 25 points and grabbed 50 rebounds while Cincinnati barely edged Wake Forest 59-58. Thirteenth-ranked Houston beat Idaho State 111-85.

Texas Western has its familiar cast that was so impressive in the tournament last year — Bobby Joe Hill, Dave Latin, Nevil Shed, Willie Worsley and Willie Cager.

Louisville had little trouble boosting its record to 5-0 against Bellarmine. The Cardinals grabbed a 50-20 halftime lead and then coasted the rest of the way.

While Unseld played his usual solid game for the Cardinals, he got a big assist from flashy sophomore Butch Beard, who poured in 26 points to take high scoring honors. Three other Cardinals, Jerry King with 19, Fred Holden 11 and Joe Liedtke 10, also hit in double figures.

Cincinnati grabbed a 48-35 lead in the second half on Wake Forest but then had to hang on for a one-point victory. Cincinnati, which is 4-6, got 13 points from Mike Rolf although 6-foot-9 Rick Roberson was the key player as he grabbed 20 rebounds. Cincinnati outrebounded Wake Forest 45-28 and that was the key to the game. Paul Long scored 20 points to lead Wake Forest.

# Lee, PJH Ninths Win Cage Game

Ninth grade teams from both Lee and Pampa Junior posted victories Thursday while eighth grade teams from the two schools were beaten.

Lee ninth rallied to down Dumas ninth, 47-42 with Tom Hawkins pacing the scoring with 15 and Louis Brantly adding 12. Cases and Durkie hit 12 each for the losers.

Lee eighth trailed most of the way and lost a 33-27 decision to Dumas. Barry Kihnerman led Lee with eight points and Doug Thompson had seven.

Pampa Junior High eighth lost 41-29 to a much taller Perryton team.

Mike Jordan's 10 points was high for Pampa eighth while Tim Bush hit 12 and Larry O'Brian eight for the winners.

Pampa Junior High ninth led 37-28 at halftime and downed Perryton, 48-41.

Jim Warren's 20 points and Cliff Gage's 13 paced Pampa scoring.

# Jets, Boston Play Saturday

By United Press International — The New York Jets, who started out the season like they were going to run away with the American Football League's Eastern Division title, are left with the role of spoilers Saturday when they face the Boston Patriots.

Boston is the surprise leader in the East with an 8-3-2 record and needs only a tie against New York to clinch the pennant. The Buffalo Bills (8-4-1) still could win the title if they beat Denver on Saturday and Boston loses to New York.

**Other Games**

In other Sunday games, the Houston Oilers are rated even with the Miami Dolphins and the San Diego Chargers are rated three points better than the Kansas City Chiefs, who already have clinched the Western Division crown.

The Patriots and Jets played to a 24-24 tie earlier in the season as Joe Namath rallied New York from a 17-point deficit in the fourth quarter. Namath completed 23 of 16 passes for 338 yards and two touchdowns in that game, but he has been badgered by blitzes and victimized by interceptions since then.

# Will Roger Be Another Robinson

NEW YORK (UPI)—Baseball's 1966 inter-league trading period is over and already the second gusher is are at it.

—Will Roger Maris be next year's Frank Robinson?

—Are the Dodgers going to try and stand pat with their pitching staff and not replace Sandy Koufax?

—Can the Yankees trade their way back into contention?

—Did the Pittsburgh Pirates deal reserves for a pennant?

Those were some of the questions being batted around in the baseball world after the inter-league trading deadline ended for another year at 3 a.m. EST time today.

Three trades were made on the final day and two of them were just hours before the deadline. In the major last minute deal, the Cincinnati Reds gained a Robinson instead of giving one up this time when

# Pre-Conference Baseball Slate Lists 3 Teams

Getting pre-conference baseball games is getting to be a problem for Pampa baseball coach Bobby Stephens.

Most of the other 3-4A schools will be playing pre-conference games with other schools of the same class, getting the needed experience before league action opens.

day's column and if you are wondering who the second letter was from it was McLean citizen Ted Raines, who was disagreeing with our selection of Sherrill Bottoms of White Deer as Coach of the Year.

At the annual meeting of coaches, principals and superintendents of district 3-4A in Amarillo Tuesday the basketball schedule for 1967-68 was just reversed and coaches picked their district team, offense and defense.

The results, bad as they are, appear in Sunday's addition of the News. I think, dear readers, you'll be just a little shocked.

The Texas Queens, a girls cage team from Pampa will make their debut Monday in Mobeetie.

The Queens, coached by Pampa Youth and Community Center Director George Smith, play Mobeetie High School girls team, beginning at 8:20 p.m.

A 7 p.m. game will feature the Mobeetie faculty against an outsider team, not yet named.

The two games is sponsored by the Mobeetie PTA and home made ice cream will be served with half of the gate going to Pampa youths and half for the Mobeetie PTA.

Smith named his traveling squad with Sue Bischel, Ruth Bloomer, Gloria Davis, Annette Wyatt, Betty Helm, Sue Satterguards.

Forwards are Dorothy Moring, and Vickie Stone.

Other games are scheduled with Sunray, Dumas and Amarillo.

The San Angelo-Houston Spring Branch AAAA championship football game will be aired over KPND Saturday, beginning at 1:45 p.m. with Warren Hasse and Dick Risenhoover handling the action.

Letters To Santa Claus

Dear Santa, My name is Stan Knight Organ and I am 3 years old. Mom says I've been a good boy all year and that you will come to see me and my little brother while we sleep. Please bring me a big tractor to ride on and motorcycle. I would like to have a table and chairs. Bring my little brother Steve Karem who is almost 2 a tractor. Bring us both some cowboy hats. Please visit my cousins Jerry, Patrick and Kathryn and take them some nice things. I would like for them to have a wagon but only if they want one. Also go by Jay and Jill's house and give them what they want. Bring all 5 of my cousins cowboy hats and be sure they have a very happy Christmas. You are in my prayers every night and I hope you and your reindeer have a nice and safe trip. Be careful, I love you. Stan Knight Organ age 3 Steve Karem Organ age 2 P.S. We don't live in Pampa but we know you will find us.

Pampano to Appear In OU Recital

NORMAN, Okla.—Beryl Nash, Pampano senior at the University of Oklahoma, will be featured in a recital at 8:15 p.m. Monday, Dec. 19, in Holmberg Hall Auditorium. Miss Nash, an organist, will play "Concerto No. 3 in B minor" by Walther, "Prelude and Fugue in D major" by Bach, "Chorale No. 3 in A minor" by Franck, "Prelude and Fugue in B major, Op. 7" by Dupre, "Episodic" by Copland and "Paganini" by Sowerby. There is a recital part of the final examination for the bachelor of music degree. Miss Nash is a member of Mu Phi Epsilon music organization, the Chamber Choir and the University Chorale. She serves as accompanist for a number of university music groups. She is the daughter of B. R. Nash, 1201 Garland.

Girl Scout Cadettes Plan Yule Caroling

A Christmas caroling party is being planned by Girl Scout Cadettes in Pampa on Dec. 22, from 6 to 8 p.m. at the Girl Scout Little House. Two girls from each troop were elected to represent them at a planning meeting held Oct. 22 and Dec. 10. On Dec. 22, the girls will meet at the Little House, divide into groups and go caroling. After the caroling, the girls will return to the Little House for refreshments and some more singing. Each troop represented will have a different responsibility, such as transportation, refreshments, hostess, clean-up, decorations, etc. The event is being planned and carried out by the girls themselves, under the supervision of Mrs. Richard Stowers, cadette adviser for this event. Girls in grades 7, 8, and 9 are eligible to be Cadettes. They have the opportunity to meet new and challenging situations and to share their skills with new and younger girls.

LI INS FILLERS Grover A. Whalen, New York official greeter for many years, was called the founder of ticker tape parades.
