

SOUTH SET FOR CIVIL RIGHTS FILIBUSTER

Rescue Workers Still Digging Into Plant Ruins Over 500 Persons Reported Missing

LUDWIGSHAFEN, Germany—(AP)—Dying flames permitted rescue workers and investigators to approach the center of the I. G. Farben chemical plant where an explosion yesterday took an estimated 300 lives.

The investigation took on new significance as the Russian-licensed press in Berlin flung charges that the plant was producing war materials illegally.

American, French and German rescue workers said some persons are still alive in the smoldering wreckage. Estimates on the number of dead and injured appeared likely to remain unchanged until firemen could enter the core of the blast scene.

Mannheim police stood on their statement that 500 to 600 are missing and that most of them are presumed dead. The U. S. Army also had not changed its estimate that at least 300 were killed and 6,200 injured in Europe's greatest postwar disaster.

The major part of the plant's ruins are still to be explored. No Americans were believed killed in the explosion. Police said the plant's big administration building was destroyed so quickly that its occupants had little chance to escape. Heat and intense chemical fumes still barred firemen from the building.

Outwardly at least, the plant produced only industrial chemicals, pharmaceutical mixtures, dyes and similar products. But the Communist press in Berlin claimed that the disaster was caused by illegal production of war materials.

The Russian-controlled national Zeitung, offering no proof, said that "under French trusteeship" the Ludwigshafen plant was producing explosives for rocket bombs. The plant is located in the French zone.

Guarded comments of some Farben workers cast an air of mystery around the explosion. When French soldiers blocked German reporters from the plant, several survivors commented:

"No wonder. They've got something to hide."
Some persons who worked in the plant said they could not identify the products they were making.

The chain of blasts destroyed or damaged 18 buildings in the plant, which employed 22,000 workers. The devastation is so great that the cause may never be learned.

Late last night new explosions boomed and the flaming wreckage of the plant imperiling rescue squads trying to save trapped workers. Shortly before midnight flames still raged over a half-mile square area.

American and French soldiers with German firemen and police plunged into the blazing inferno to save trapped workers. Some wore gas masks. Others operated bulldozers to nudge paths through the wreckage.

Special efforts were being made (See EXPLOSION, Page 9)

GU'S AREN'T KIDDING ON BERLIN MANEUVERS—American troops in Berlin are carrying out extensive field exercises within shooting distance of the Soviet sector, as they get ready for anything. In Grunewald Forest, above, troops from the 16th Constabulary Squadron advance under simulated battle conditions.

Western Diplomats Enroute To Conference in Moscow

BERLIN—(AP)—U. S. Ambassador Walter Bedell Smith flew to Moscow today, carrying plans for the Western Allies' next step toward settling the current German crisis.

Smith and the envoys of Britain and France are expected to make oral overtures to Soviet Foreign Minister V. M. Molotov for settlement of the German situation. The talks may embrace the entire European problem.

Smith and Roberts had just left tri-power conferences in London. The American envoy spent yesterday with Gen. Lucius D. Clay, U. S. military governor in Germany, and informed him of the decisions arrived at in London.

Clay stated last weekend that the United States was willing to negotiate with Russia on differences in Germany, "but not under duress."

A responsible British official in London said Britain, France and the United States are ready to present to Russia their conditions for new talks "on a general European settlement" of East-West differences.

State Department officials in Washington declined to comment on the report that the proposed discussion on German problems might be broadened to an all-European basis.

Meantime, the Berlin police made a statement to the press that only his orders were binding.

In the Soviet sector, Paul Markgraf, Moscow-trained, former German war hero, did the same thing. In a broadcast to police he said "you must stand by us."

He said "We Red Army backing and we carry out Soviet orders to the letter."

Franzise Schroeder, 61-year-old woman, resident of Berlin, identified a Soviet order to dismiss Stumm. Backed by the three Western commandants, she told the Russians that Berlin was under four-power rule and she couldn't obey a unilateral command.

Three days ago the anti-Communist city government (the Chief Markgraf, who was accused (See BERLIN, Page 9)

Pampa Scouts Take Part in Rodeo Parade First Pampa Case Polio Is Reported

Pampa Scouts will participate in the fourth annual Top of Texas Rodeo and Horse Show opening parade a week from yesterday.

Boy Scouts from all Pampa troops as well as from Hopkins and Skellytown, will march in the parade. They have been asked to meet at 3:15 p. m. Wednesday in front of the Pampa Baking Company on W. Foster.

The majority of the Pampa Girl Scout troops have disbanded for the summer. However, Troops 29, 7 and 25 will combine their efforts to enter a Girl Scout float.

The leaders of these troops are Mrs. J. L. Mulanex, Mrs. Carl Stone, Mrs. Bob Bowerman, Mrs. O. L. Statton and Mrs. Roy Guthrie.

Boy Scouts from Troops 4, 14, 16, 9, 22 and 80 will be in charge of the rodeo concessions. They will sell ice cream, snow cones, peanuts, popcorn, novelties, cushions, hamburgers and cold drinks.

Explorer Post 80 will be in charge of selling souvenir programs.

I. G. FARBEN DIRECTORS ACQUITTED

NUERNBERG—(AP)—A U. S. military tribunal today acquitted all 24 directors of the giant I. G. Farben chemical combine of plotting and waging aggressive war, but convicted nine of them of looking in countries overrun by Nazis.

The Farben plant at Ludwigshafen, death trap for 300 or more Germans in yesterday's explosion, lay in smoldering ruin as the court heard the fate of the men who directed Farben.

Findings on two more counts—involving crimes against humanity—will be dealt with tomorrow.

The opinion delivered after an 11-month trial, dealt with five counts against Farben's board of directors. The court said evidence failed to support two of the counts, dealing with aggressive war.

A third count, spoliation and plunder of occupied countries, was amply proved, the judgement said, against Directors Hermann Schmitz, Georg von Schnitzler, Fritz Ter Meer, Ernst Burgerin, Paul Harfinger, Max Ilgner, Friedrich Jaehne, Heinrich Oster, and Hans Kugler.

The plunder charge dealt with Farben's activities in France, Norway, Poland and Russia, where the court found, Farben officials preceded the army and laid plans before the war to take over and operate various industries.

Such planning, the tribunal said (See FARBEN, Page 9)

Truman Asks Price Roll-Back To Level as of November '47

WASHINGTON—(AP)—President Truman asked today that Congress give him power to roll back prices on essential cost of living items to the level of prices in November, 1947, or the nearest "approximate period."

Mr. Truman sent Paul Porter, former OPA administrator, to the Capitol with details of what he wants.

The President had asked generally for anti-inflation powers in his message to the special session of Congress.

Porter went before the House Banking Committee with the President's proposals prepared in the form of a bill.

The bill proposes also limited powers between now and June 30, 1950:

1. To ration a few products in short supply.
2. Some authority over wages in the manufacture of items put under price control.
3. Restoration of war time controls over consumer credit, such as restraints on installment buying.
4. Direct authority to regulate speculation on commodity exchanges.
5. Authority to regulate bank credit.
6. Strengthening of rent control with the administration to bring de-controlled housing units back under rent ceilings if it deems it necessary.
7. Inventory control of scarce commodities which basically affect the essential industrial production, or the cost of living, and the right to ration them to industries.

Porter told reporters that a separate bill will be sent to Congress proposing the restoration of the wartime excess profits tax.

Even before the program was presented, Republican leaders had declared they would not approve such controls. Some said it would mean a "police state."

The measure Porter presented says price ceilings may be put on when:

1. The commodity is important to the cost of living, or of production.
2. The price has risen or threatens to rise at least 20 percent above the June, 1946, level or nearest representative period.
3. Regulation of the price is practicable and enforceable.
4. The public interest will be secured by such regulation.

Club Pays Tribute to Rev. Norris

Recognition of nine years' service to his church and community was paid Rev. B. A. Norris, pastor of the First Christian Church, yesterday by the Pampa Rotary Club at its weekly meeting in the Palm Room, City Hall.

The tribute, in form of a program built for and around Rotarian Rev. Norris was presented by Rev. Douglas C. Over, pastor of the First Baptist Church.

H. L. Ledrick, Gray County rancher and president of the Board of Directors, First Christian Church, spoke on Rev. Norris' accomplishments as pastor and his work in community activities. Mrs. Norris was presented in three vocal solos.

Rev. and Mrs. Norris will leave Aug. 10 for a two-year stay in Scotland where he will undertake further theological training.

Another innovation in club meetings was put into practice when Walter Rogers and Al Doucette, whose birthdays fall in July, were seated at a special table with a large birthday cake.

A short outline of progress made in final preparations for the fourth annual Top of Texas Rodeo and Horse Show was given.

Forms Available For Gold Star Pins

The Gray County Veterans Service Office in the Legion-VFW Building has received a supply of application forms for the new Gold Star Service Pins.

Jack Graman, service officer, said that according to Public Law 396, the pins are furnished without cost to the widow (or widower), the father, or the mother of any Gold Star veteran.

He said the pins would also be furnished at cost price to other members of the immediate family.

"The service officer," he added, "will be glad to assist in filling out the forms, which are very brief, and in directing them to the proper government offices."

M. J. Britten of Kingsmill Dies

Michel John Britten, 47 years old, and five-year resident of Pampa, died last night at the Worley Hospital.

Mr. Britten moved to Texas from Iowa in 1909.

He is survived by his wife, Genevieve, two daughters, Miss Pauline Britten, Amarillo, and Miss Joan Britten, Kingsmill; one son, Leroy, Kingsmill; four brothers, Mike, Joe, A. E. and Leo, all of Groom; six sisters, Mrs. F. S. Keller, Electra, Mrs. Joe Hauptert, Santa Ana, Calif., Mrs. Joe Gertz, Groom, Mrs. T. M. Keller, Amarillo, Miss Thelma E. Eken, Groom, and Miss Elizabeth Britten, Dallas.

Rosary services will be held at 8 p. m. today in the chapel of the Duengel-Carmichael Funeral Home and at 8 p. m. tomorrow in the home of Miss Thelma Britten of Groom. His body will be taken to Groom immediately following the Rosary service tonight.

Mass has been set for 9 a. m. Saturday at the St. Mary's Catholic Church in Groom. The Rev. Andrew Guante of Groom and the Rev. Francis J. Kuntz, acting pastor of the Holy Souls Catholic Church of Pampa, will officiate.

Funeral services will include F. B. LeWig and Harry Britten of Groom, Edward Prusser of Pampa, E. J. Lewis, Jr., Thomas L. Wade and J. P. Brown of Pampa.

Health Inspectors Approve Hatchery As Sanitary; Meets Health Demands

Following an inspection of the dressed chicken store and hatchery in the 300 block of S. Starkweather this week, Dr. R. Malcolm, city health officer, said:

"In my opinion, this place does not constitute a health hazard." In recent weeks, several committees of property owners living near the hatchery that occupies the old Ward Cabinet Shop have appeared before the City Commission to complain about odors in the neighborhood.

At a commission meeting about four weeks ago, the owners agreed to install forced air ventilation that would effectively remove all unavoidable odors, and to install a chopper that would grind off from dressed chickens and flush it down the sewer.

Some of the equipment ordered by the company has been slow in arriving, but it was pointed out to the commission that, except for unavoidable delays, the company

Slavs Elect Tito and His Lieutenants

BELGRADE, Yugoslavia—(AP)—Yugoslav Communists repudiated the Cominform's attacks on their leaders today by electing Premier Marshal Tito and his entire list of candidates to the party's 63-member Central Committee.

Newspapers did not give the actual vote which took place at the close of the Yugoslav party's historic conference. They did not mention whether the voting was unanimous.

Tito's reelection as party general secretary—the role Stalin fills in the Russian party—was expected momentarily. The new Central Committee's first task will be to elect officers. Balloting on the committee list went on all night, as the last item of business for a week-long party congress in Belgrade.

The Cominform—the International Communist Information Bureau—had asked Yugoslav Communists to throw out Tito and his principal lieutenants. The Russian-led organization accused the Yugoslav leader of deviating from the Marxist line and pursuing a hateful policy toward Russia.

Speakers at the party congress said these accusations were false and unjust. Delegates hailed Tito as their "glorious leader."

While affirming that they want friendly relations with the "people democracies," the Yugoslavs admitted these relations already had taken a critical turn with Bulgaria and Albania.

They dropped from their party program proposals to work for the "closest possible political, economic and social unity" with these two countries.

This action was approved because of "recent changes in relations" with the two Balkan neighbors. It was interpreted to mean that the Yugoslavs intend to drop their idea of a Balkan federation for a time.

Final Booster Trip Saturday

Arrangements for the final booster trip Saturday have been completed, Harry Kelley and Lieb Langston, booster trip chairman, announce.

Saturday's trip will cover 268 miles with its first stop at Miami and last stop at Borger. The trip will cover several towns in Oklahoma.

The boosters today are making a 182-mile trip covering seven Panhandle towns. When they return at 4:30 p. m. today, they will present their last exhibition in front of the LaNora Theater.

After meeting in front of the theater at 7 a. m. Saturday, the boosters will present a radio program from 7:15-7:30 a. m. before leaving town at 7:30.

Arrival times in other towns are: Miami, 8:15 a. m.; Canadian, 9; Higgins, 10; Arnett, 11; Shattuck, 11:50; Follett, 1:15 p. m.; Darrozzett, 1:45; Booker, 2:20; Perryton, 2:50; Spearman, 4; Stinnett, 5; Phillips, 5:55; Borger, 6:25 and Pampa 7:45.

BUT THEY GOT HER BOOKED—Marylyn Hasselbeck, picket at the United Lens plant in Dayton, Ohio, put up a good scrap before police could arrest her following a clash between 800 United Electrical Workers pickets, 217 non-striking workers returning to the plant, and 70 police.

City Health Code Violations Found

After touring downtown Pampa yesterday Ray Salmon, city health officer, discovered many food establishments of Pampa and violating parts of Section Eight of the Pampa Public Health Ordinance No. 245.

The violated section reads in part: "Garbage and waste material shall not be allowed to become a nuisance about any place or establishment but shall be placed in suitable galvanized iron or other sanitary metal cans which are kept covered with close-fitting lids."

"Prowling in garbage cans is also an offense," Salmon said. An attempt will be made to correct these two violations.

Draft Boards Are Proposed

C. H. Walker and Luther Pierson of Pampa will be two of the 526 members of Texas' 137 local draft boards Gov. Beauford Jester will submit to President Truman for approval, the Associated Press reported today.

Other members of the Texas Panhandle draft boards to be recommended by Jester are: Draft board No. 52—covering Gray, Donley, Roberts and Wheeler Counties—William E. Hodges of Clarendon, W. H. Craig of Miami and Cliff R. Weatherly of Wheeler; Draft board No. 1—covering Castro, Deaf Smith, Parmer, Randall and Swisher Counties—Robert E. Eates of Dimmitt, S. O. Wilson of Hereford, David Moseley of Friona, S. H. Condon of Canyon and Henry Teibel of Tulia.

Draft board No. 25—covering Dallam, Hartley, Moore and Sherman Counties—F. O. Lusk of Dalhart, R. C. Johnson of Dalhart, Henry H. Cullender of Hartley, Dan Farley of Luman and Arthur Ross of Stratford; Draft board No. 73 covering Hutchinson, Armstrong and Carson Counties—Fred C. Herbst of Borger, C. M. Hudson of Goodnight and T. G. Fields of Groom; Draft board No. 99 covering Ochiltree, Hansford, Hemphill and Lipscomb Counties—A. J. Kelly of Perryton, Lester D. Baumann of Perryton, Curtis A. Jones of Spearman, H. S. Wilbur of Canadian and D. B. McNamee of Higgins.

Membership on each of the 137 draft boards ranges from three to six. Inter-county boards represent from two to five counties.

Sheriff Elected by Margin of 4 Votes

HENRIETTA—(AP)—Four votes that didn't show up in an official count gave C. M. (Joe) Peden, Henrietta city marshal and candidate for sheriff, a surprise victory.

The Clay County Democratic Committee's official canvass of votes in last Saturday's Primary Election yesterday gave Peden 1,688 votes and R. W. Bray 1,684.

The unofficial count had given both candidates 1,684.

No Anti-Poll Tax Action Expected

WASHINGTON—(AP)—Anti-poll tax legislation was brought up in the Senate today and Southerners immediately began filibustering tactics.

It was evident that this first measure to get consideration in the special Congress session would draw a lot of talk, but probably no action.

The anti-poll tax legislation would outlaw payment of state poll taxes as a requirement for voting in federal elections. It has passed the House.

Senator Wherry (R-Neb) moved that the Senate consider it, saying he did so in a "hopeful spirit."

Senator Russell (D-Ga) promptly started delaying tactics. He asked a quorum call. This is a call of the roll to determine whether a majority of the Senate is present.

Senator Stennis (D-Miss) was ready to make a long speech. For several hours late yesterday it appeared a "gentlemen's agreement" might avoid a talk-fest on the politically explosive issue. Russell said Southerners would drop their fight if the Republicans would agree (A) to call up only the poll tax repealer this session and (B) to change that House-passed bill into proposed Constitutional amendment.

Since that would require ratification by 36 of the 48 states, the 11 Southern states, if they stuck together, would need only two more votes to block the measure.

Wherry, Russell, Senator Taft (R-Ohio) and other leaders of both the majority party and Dixie Democrats held numerous cloakroom conferences. But all came out saying no agreement had been reached.

"Even if we passed the poll tax we still must consider anti-lynch and FEPC," Wherry said. And Taft, chairman of the GOP Policy Committee, added: "We will take up the poll tax bill as is."

Across the House, Rep. Bender (R-Ohio), sponsor of the pending bill to outlaw poll taxes now required by seven Southern states and New Hampshire, took sharp issue with the proposed compromise.

He called any plan to substitute a Constitutional amendment for an outright law "a shabby device to evade the issue" and "a meaningless gesture."

In the Senate, there was no sign of a great Republican unhappiness over the impending filibuster.

"The Southerners are entitled to a reasonable time for debate," said Taft. He explained that sessions probably would run only until about 5 p. m. today and tomorrow.

As for next week and whether there might be night meetings if the Dixie contingent still held the floor, Taft said he didn't know.

But he recalled Mr. Truman's contention that the Republicans can pass an anti-poll tax bill if they want to and added: "We'll exhaust every parliamentary effort to do it."

The plain fact is that hours and days of time-consuming oratory by Southern Democrats will simplify matters for the Republicans leadership to carry out its formally announced promise. That is to give "consideration" to Mr. Truman's anti-inflation and other proposals and then wind up the special session "as soon as possible."

There were skirmishes on the Senate floor yesterday over both civil rights and the high cost of living.

Senator McLellan (D-Ark) said any attempt to pass a civil rights bill would cause a "political dogfight that will actually be a disgrace to the Congress of the United States."

And Russell put in that the whole drive amounts to "sheer poppycock and political bologna." He termed the poll tax bill "a political claptrap."

"We are fighting for the right to control elections in our own states," he shouted.

O. L. Statton Is New Legion Chief

O. L. Statton was elected and installed commander of the Kewley-Crossan Post No. 234 of the American Legion for the ensuing year at the last American Legion meeting.

Other officers elected were: Harold Wright, first vice-commander; Billy B. Davis, third vice-commander; J. W. Gorman, finance officer; Robert Curry, adjutant; Roy Lewis, sergeant-at-arms; Paul Hill, chaplain; Jack Graham, historian; Ed J. Dunigan, Jr., G. F. Branson and Earl Noy, trustees.

Plans were made to send nine delegates to the State Department Convention at Corpus Christi Sept. 11-14. They are: Earl Noy, W. L. Heskey, Harold Wright, Ed J. Dunigan, Jr., J. W. Gorman, Billy B. Davis, Lee Roy Francis, O. L. Statton and Ralph Kiser.

Following the business meeting the Legion post held open house for all veterans. Free drinks and barbecued chicken were provided for the recreational and fellowship get-together. The open house was one of a series of monthly free get-togethers held by the local post during the summer months.

We Saw . . .

One of the young ladies on the Top of Texas Booster Trip Tuesday holding music for the musicians with the show. Since there were so many musicians and so few girls, she had two sheets of music pinned to her back, and was holding two other sheets of music, one in each hand. The only trouble with this kind of perambulating music stand is that, when it starts laughing, it wiggles, and, when it wiggles, musicians miss notes.

It's Crystal . . . It's Heisey. Get it at Lewis Hardware Co.—adv.

Suit Filed for Runaway Ride

AUSTIN —(P)—A Corpus Christi man has sued the Austin Transit Company for \$115,000 because of the things he says happened to his wife after a bus driver forgot to let her off at the proper stop.

The suit was filed here in 126th District Court by Grady McKee Sr., on behalf of his wife, McKee, charged that his wife suffered physical and mental damage in a runaway city bus here Jan. 13.

On that day, according to McKee, 60-year-old Mrs. McKee was aboard a bus when the driver stopped, got out and left the bus unattended.

The bus started rolling down hill, Mrs. McKee rushed to the front of the bus and guided it to the curb, the plaintiff declared.

Mrs. McKee had asked the driver to let her out at a point prior to the place where he left the bus unattended, the suit holds. Thus, the plaintiff added, Mrs. McKee should not even have been on the bus when it started its driverless trip.

Bitter Reprieve
By Drexel Drake

THE STORY: Playboy Marcus Sterling owes Harry Blidie a big favor. He can't pay. His wealthy wife, Miriam, has refused him the money. Blidie calls at Sterling's home late at night to collect. Cornered, Sterling grabs his wife's diamond necklace from a wall safe in her room while she sleeps, offers it to Blidie as security. He agrees to pay up by Saturday. Sterling has also taken a note from the safe. After Blidie leaves, he sets the stage for robbery. A disconnected electric clock, set ahead to 1:30, will mark the time. Blidie, Marcus goes to Edgewater Country Club to spend the night in the lounge, attractive manager Janet Weisberg attracts him with pleasure. Janet makes no bones about wanting to break up Sterling's marriage. She threatens to "put her cards on the table with Miriam." Alone in his room, Sterling rediscovers the sealed packet he had taken from Miriam's safe. It contains \$10,000 cash and a generous note to him from Blidie.

CLIFTON is one of the unique, unsung, little known phenomena inside the bounds of New York City. Such public inattention is entirely agreeable to the man and through the door into homes spread themselves patiently among the huge brown boulders and on the luxurious slopes of Clifton.

Among certain stalwart New York names, early enrolled on the list of Clifton's homesteaders, was that of Harrison Page, whose gray-rock mansion passed on at his death to his motherless daughter Miriam, one year after her marriage to Marcus Sterling. In a not far distant Clifton villa dwelt Janet Weisberg.

Lieutenant Christopher Talent of the New York Homicide Squad nosed his spottily polished coupe to within inches of the precinct car parked at the curb. Only the telltale insignia on the car would have identified him with the police department. He was tall, his most lean, getting on toward forty without surplus flesh and his erect figure lacked both the breadth of

How Fast You Can Stop Most Important Factor

"Can you stop in time?" Not how fast you can go, but how quickly you can stop is what Colonel Homer Garrison, Jr., director of the Texas Department of Public Safety is asking in emphasizing speed as a factor in traffic accidents.

This activity is part of a continuing traffic safety education program directed by the Highway Patrol. The year-round program, emphasizing a timely phase of traffic safety each month, is being carried on simultaneously with a nationwide campaign of the National Safety Council.

Principal declines were in Kansas, down 7,450 to 292,000. Oklahoma off 3,250 to 429,200. Indiana, Kentucky and California, all down 550 barrels or less.

Texas Bands Are Prize Winners

Man and Bear Come Out Even

ST. HELENS, Ore. —(P)—This is the story of George A. Nelson and the bear, and how they came out even.

Nelson, ex-Columbia County agent, was surveying his property near here when he sighted the bear. He followed it cautiously through brush until the animal climbed a hill. His curiosity satisfied, Nelson walked away.

"That's where the story begins," Gable suggested.

"Two cars in the driveway," Talent commented. "The family's?"

"Ain't got around to that yet," Gable said. "Giving this Nelson baby a chance to get herself together. It's been hard pumping to get answers."

Berliners Get Cigaretts by Air

Although most of their food is flown into them, Berliners get other things from the Allies' aerial mercy mission. These men are unloading some of the 9,500,000 packs of American cigarettes which were flown in from Bremen by British flying boats landing on Wannasee Lake in the British sector. (Photo by NEA-Acme staff correspondent Erich Engel.)

Minister Held For Adultery

ATLANTA—(AP)—A middle-aged Baptist minister, accused of adultery and fornication, hoped for a reconciliation with the wife he left in South Carolina.

The Rev. D. A. Martin, 45, and Miss Lois Chandler were bound over to Fulton County Criminal Court in a tear-filled preliminary hearing after city detectives said the two had lived together as man and wife since March, 1947.

Tired Kidneys Often Bring Sleepless Nights

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passage with stinging and burning sometimes shows there is something wrong with your kidneys or bladder.

Baptist church in Greenville, S.C. Present at the preliminary hearing were Martin's wife, and his son, W. T. Martin, a husky, 22-year-old Furman University football player. There is also an 18-year-old daughter.

In a tense courtroom scene, Mrs. Martin rose weeping from the audience and told Judge Frank White:

"This girl has been going after him for two years. He was a fine man and a fine preacher until she ruined him. All I ever ask is for her to leave him alone and him to stay at home."

But when attorneys and Judge White that Martin was ready to leave with his family for Greenville, if he were released, the son interrupted with, "I don't know whether that's true or not."

No mention was made at the hearing of a baby which, detectives said earlier, was the child of Martin and Miss Chandler. The two allegedly abandoned the infant on a doorstep in Greenville before coming to Atlanta, the detectives said.

Martin said after the hearing that whether he rejoined his wife "is in her hands," but added, "I would be winning—it isn't for me to decide."

Asked if she would take her husband back, Mrs. Martin said, "I think so."

Women hold the balance of power and will elect the next president of the United States. —Mrs. India Edwards, women's division, Democratic National Committee.

"I PAY THE BILLS"

"—and I know what I'm talking about. Since my wife has been trading at **FURR'S** our food bills have gone down considerably . . . and believe me, I'm grateful!"

Publisher Wins Contest Based On Dispute Over His Editorial

GRANGER —(P)— H. B. Fox, publisher of The Granger News, offered a \$5 prize for the best letter on how long the editor of the Houston Chronicle could live if farmers failed to get to town with their produce.

The winner was announced today: M. E. Walter, editor of the Houston Chronicle.

Fox announced the contest two weeks ago after reading a Chronicle editorial which argued that farm-to-market roads should be financed by a tractor gasoline tax and added:

"Farm-to-market roads are beneficial to farmers but almost completely unneeded by the general public."

In announcing Walter as the winner in The News today, Fox said:

"He hasn't capitulated on the tractor gas tax for farm roads, but he has admitted farm-to-market roads are important to people in the cities."

In a postscript to his letter, Walter wrote:

"City taxes being what they are, I sure hope I win the \$5. I certainly can use it."

Fox commented:

"That got me, Editor M. E. Walter of the Houston Chronicle is the winner. I've already sent him a check. City folks usually get the best of country folks on a financial deal, and far be it from me to break the trend."

Walter's letter said in part:

"In Harris County, Houston citizens pay 70 percent of the county taxes. This means they pay 70 percent of the costs of county roads."

"Inside the city the citizens pay the entire cost of street improvements, either through assessments levied against their property or through city bond issues."

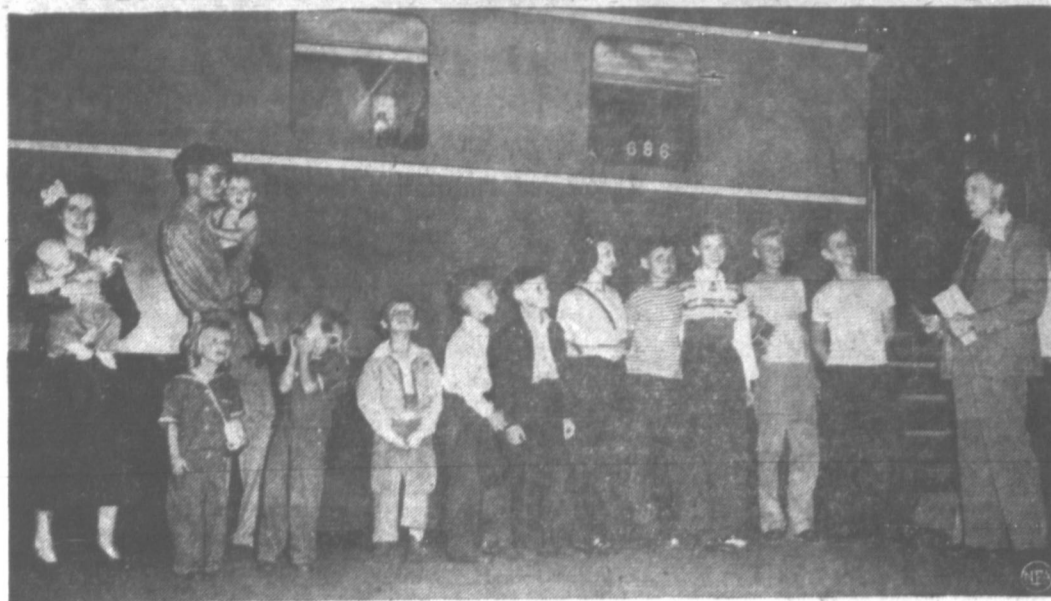

"It seems pretty obvious from this that citizens of the major cities are paying more than their share of street and highway improvements."

"Of course the farm and market roads are important to people living in the cities, just as city streets are important to farmers."

"The farmers would be in bad shape if they found city streets impassable and could not get to the places where they dispose of their produce."

"Improving farm-to-market roads will increase the value of the farms they serve to such an extent that the farmer could well afford to pay for the improvements."

Has Thirteen Kids—Thinks That's Fare Enough

Recent increase in railroad rates was bad news for Frank Roycroft, right, of Chicago. He has to buy rail, Pullman and steamship tickets for most of his 13 children. With Mrs. Roycroft, left, he's shown about to entrain for New York on the first leg of a vacation trip to County Cork, Eire. Children's ages range from five months to 21 years.

Revision Planned for Dock Compensation

AUSTIN —(P)— A revision in the workmen's compensation rates for longshoremen and harbor workers is to be considered at a public hearing before the State Board of Insurance Examiners here Aug. 3.

Casualty Insurance Commissioner J. P. Gibbs said a revision is necessary under a new federal law which increased benefits to injured employees within the provisions of the United States Longshoremen's and Harbor Workers' Compensation Act.

Gibbs said that only employees working or going aboard vessels covered by the federal act are involved.

There are 20 million sewing machines active in homes throughout the country.

Dukes Mangle Oilers 20-13 As Both Use Three Pitchers

By The Associated Press
They win them every which way in the West Texas-New Mexico League. Most times its by scoring runs in clusters but last night Abilene got the decision when Clovis just up and walked off the field.

Abilene was leading 2-1 in the last of the fifth inning when Manager John Bottarini took his club off the diamond following a decision at the plate. He has disputed the umpire calling Gus Stathos safe with the run that put Abilene ahead.

The umpires then forfeited the game to Abilene 9-0.

Leading Albuquerque was winning a slug-fest from Pampa 20-13. Together the clubs got 94 hits, Lubbock edged Amarillo 7-6 as Jackie Sullivan singled in the seventh to drive in the winning tally.

Lamesa won its second straight over Borger, beating the Gasers 7-5 by coming from behind to tie the score in the seventh and get two runs to win it in the eighth.

Sports Round-Up

By HUGH FULLERTON, JR.
NEW YORK (AP) Three of the top four money-winning races of the world—Stymie, Arm and Assault—have had to retire in recent months and get other, Clanton, is temporarily on the shelf. One explanation is the "hard" tracks that some racing plants favor in order to show faster times. Another is just plain overwork. In racing, just as in other businesses, it's quite easy for a rich guy to become overworked. The poor can't afford a breakdown. A Detroit story is that Joe Louis lost a peck of dough making side bets with a pal on a weekend golf match, then promptly won it back, plus a nice profit, the next afternoon.

—DOGGY PLACE
Bill Daly of Aberdeen, S. D., reports that the Willows Hotel at Linton, North Dakota, "probably is the only hotel at least in the Northwest, which has a private swimming pool especially built for a litter of nine golden retriever pups."

SPORTS BEFORE YOUR EYES
Reports on the Gus Leschew, Freddie Mills fight if you can call it that in London say the announcer opened with "My Lords, Ladies and Gentlemen." You can expect Harry Bahogh to try that at St. Nick's almost any night.

The Albuquerque Dukes evened the count with the Pampa Oilers last night in Oiler Park when the New Mexico visitors ran roughshod over the Oilers, 20-13, to win the second game of their scheduled three-game series.

Both clubs used three pitchers in attempting to halt their opponent's parade around the base paths, and the third pitchers for both teams were the ones charged with the win and loss. Virgil Butler, Duke lefthander, got credit for the win when he entered the contest with his teammates trailing 8-7.

Foster White was charged with the loss when he relieved Merlin Hubbard in the fifth inning. Hubbard traveled to the showers in the fifth when he retired for pinchhitter Frank Gosney. The 18-year-old rookie had come into the game in the third inning as relief for George Payte, who started the game.

LUBBOCK (AP) — Outfielder-Pitcher Chris Haskins is changing clubs in the West Texas-New Mexico Baseball League. Lubbock bought him outright yesterday from the cellar Lamesa club.

For the first five innings, the game was a thriller. The Dukes began their scoring in the second inning when they capitalized on one hit, following a pair of walks, to score two runs. Four more walks, two off Hubbard, and a double by Leonard Pili gave the visitors three more tallies in the third and shoved them into a 5-0 lead. Two more hits and two more free passes off Hubbard enabled the Dukes to score their sixth and seventh runs while starting hurler Don Cantrell was holding the Oilers scoreless.

In the fourth inning, the right-side slants of Cantrell were finally solved by the locals, and their delayed scoring punch was finally released. With one man away, Cantrell gave Joe Fortin a run and Dave Teyema free passes after Tony Range had reached base on an error on Shortstop Frank Okrie.

With the bases loaded, Bob Belford lined a hot one to Okrie. In an attempt to cut Range off at the plate, the shortstop threw low and the ball got away from Catcher Lester Muleahy, permitting Range to score. After Pinch-hitter Frank Gosney struck out, with the bases still loaded, R. C. Cantrell gave Joe Fortin a run and Dave Teyema free passes after Tony Range had reached base on an error on Shortstop Frank Okrie.

ALBUQUERQUE (AP) — The Oilers and Dukes will round out their series today beginning at 8:30 p. m. when they meet in the third and concluding game. Roy Parker will probably start on the mound for the Oilers, opposing Duke ace, Frank Shone.

Olympians Juno Stover, left, and Victoria Manolo Draves burst into song celebrating their arrival in England. The two native Californians will represent the U. S. in women's diving, Miss Draves in three-meter diving and both in the high dive.

Giants and Dodgers Continue Wins; Customers Also Return

By The Associated Press
The Burt Shotton-Leo Durocher managerial shakeup is proving a tonic to both the Brooklyn Dodgers and New York Giants.

Since kindly old Burt replaced Leo at Ebbets Field, the Dodgers have swept 11 of 15 starts. Under the fiery Durocher, the Giants have won nine of 14 games.

What's more, the customers are coming back. Some 12,000 were turned away when Durocher returned with the Giants Monday night before a sellout crowd of 33,932. The next afternoon the St. Louis Cardinals drew 21,918 through the Ebbets Field gates and yesterday they brought in 18,491. That's the best week-day business of the year in Brooklyn.

The Brooks made friends and influenced people in Flatbush by thumping the Cards yesterday, 12-4, dropping St. Louis into a third place tie with the hustling Giants. Brooklyn remains 5 1/2 games behind first place Boston.

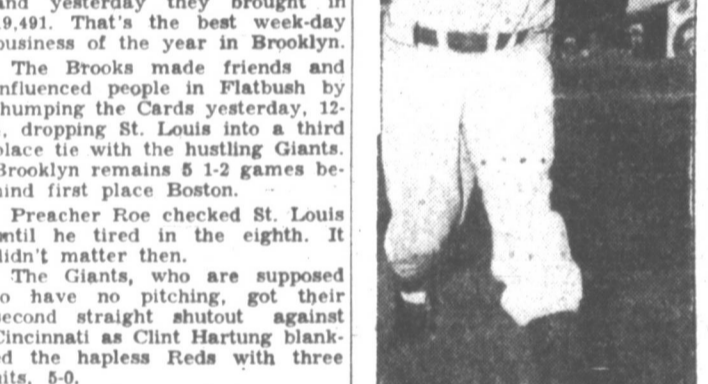

Preacher Roe checked St. Louis until he tired in the eighth. It didn't matter then.

The Giants, who are supposed to have no pitching, got their second straight shutout against Cincinnati as Clint Hartung blanketed the hapless Reds with three hits, 5-0.

Close observers of box scores probably were astonished to note the name Walker Cooper in the stolen base column. But it was true. The slow-footed Giant catcher hustled over to second while Herm Wehmeier took his windup. Durocher definitely has the club up on its toes.

Vern Bickford, now the league's top pitcher on a won and lost percentage basis, weathered two shaky innings to hurl the Boston Braves to an 8-2 victory over Pittsburgh. For Bickford it was win No. 7 against two defeats.

Eddie Sawyer's Phillies won their first game for their new manager, 9-4, over the Chicago Cubs. It was a battle of home

Catcher Roy Campanella, called up from Montreal, has made the difference to the Dodgers who have such a wealth of catchers. That, on the authority of former manager Leo Durocher now in the rival Giants camp.

Philadelphia topped Cleveland, 4-3, on a fly ball that bounced off the head of the Indians' centerfielder, Larry Doby. A single and a walk off loser Bob Lemon set the stage for Doby's version of the Babe Herman style of play. Don White's fly was misjudged

Olympic Games Open Friday; U. S. Confident of Winning

OLYMPIC STADIUM, Wembley, Eng. — (AP) — The Olympic games open today in a setting of royal pomp with the powerful United States team supremely confident of winning the greatest share of glory.

At 9 a. m. CST, King George speaks the solemn simple words that revive Olympic competition after a 12-year lapse and send 5,000 athletes from 59 nations into competition in 17 different sports.

"I proclaim open the Olympic games of 1948 celebrating the 14th Olympiad of the modern era."

A flame, lit on Mount Olympus and sped by runners across Europe and by warships over the seas, will be borne into the stadium seven minutes later to set ablaze the big white Olympic torch that will burn day and night until the games end Aug. 14.

The flame reached Dover last night. It went out, but was re-lit from a second torch carried from the sacred mountain.

Fifty thousand persons cheered as the light, symbolizing international friendship in the field of sport, was carried ashore from the destroyer Biester.

A line of traffic five miles long followed it through the night and into the morning as runner after runner passed it onwards.

At the climactic moment in the great stadium there will be a fanfare of trumpets, a royal salute of 21 guns, the release of hundreds of pigeons and the singing of the "Hallelujah Chorus" by a mighty choir.

This is the biggest of all Olympic games. The previous record was 42 nations and 3,904 athletes at Berlin in 1936.

Some 80,000 spectators bought tickets for the opening ceremonies in this stadium, which is a converted dog racing track.

Although austerity prevented the building of a completely new arena, the bright red running track and sparkling green infield made a rich setting for the parade of athletes behind their national flags.

The track, made of pulverized red tile on a base of cinders, appears lightning fast. The chief disadvantage is the shortness of the straightaway—barely enough for the 110-meter high hurdles in which the runner must ease off going around a curve.

Full scale participation in the various sports doesn't start until tomorrow, except for a short swimming program tonight.

Tomorrow brings the finals in the high jump, the 10,000-meter run and the women's discus throw. There will be two series of preliminary heats in the 100-meter, the first round of the 800-meter run.

Competition also starts July 24 by Doby for a two-run error.

Frank Shea, a New York Yankee problem child, needed help from Allie Reynolds in the ninth to blank St. Louis, 4-0.

Marino Pieretti, pint-sized Chicago hurler, performed his specialty—beating his old Washington mates—as the White Sox made it two in a row over the Senators by the same 2-1 score.

dash and 400-meter hurdles and

Grudge Bout Set—O'Dowdy vs. Hickson

Bill Hickson, personable young wrestler from Knoxville, Tenn., will meet an old rival Saturday night at the Sportatorium when he faces the rough and rowdy Pat O'Dowdy from Big Spring.

Both men are shifty and tricky. O'Dowdy has brought the fans to their feet many times with his speed in getting out of a seemingly impossible situation—and he can get rough. He wasn't given the nickname of "Rowdy" for nothing.

Hickson, due to his training in the professional boxing ring, may be a little speedier on his feet, and he has developed tricks with his legs that send his opponents spinning.

A few years ago, Hickson was screen tested for a role as "Captain Easy"—the adventurous character from the comics. He was just emerging from the light weight class then, and he didn't have the weight to look the part. He is in the lightweight class now, and is dickering for another chance at the movies.

Karl Gray, who has been wrestling in the Southwest for several years, will be making his first appearance Saturday against Henry Harrell. Harrell and Jack Carter of Auckland, New Zealand, defeated the team of George Lopez and Gil Knutson in an Australian tag match here last week. The Harrell-Carter combination had the fans on their feet most of the evening booing their dirty and illegal tactics.

What appeared to the audience as obvious favoritism on the part of Referee Art Brady didn't soothe their sense of fair play, either.

McCloud Blasts 2 Homers as Skelly Gets Win No. 22

Charlie McCloud blasted home runs in the third and fourth innings to provide the marginal difference last night in the Industrial Softball League when loop-leading Skelly bested runner-up Phillips 13-11 in a hard fought contest.

Dick Henly tossed for the winners and went the complete route, as did his mound opponent, James Shew.

Both teams had big first innings. Skelly scored seven runs in their portion of the initial frame and Phillips five tallies in the same inning. McCloud's home run with one man on gave Skelly two more in the third and both teams got three each in the fourth.

The win was Skelly's 22nd of the current season as compared with only one loss. Phillips was charged with its fourth loss of the '48 campaign while having 17 wins to its credit.

The line score:
Skelly..... 702 301 0-13
Phillips..... 500 203 0-11

blast tomorrow in basketball, fencing, the modern pentathlon, swimming, water polo and wrestling.

More than 400 athletes and officials of the American team clad in bright blue blazers and white trousers or skirts will form the most conspicuous unit of the parade.

In track and field, which is considered the principal Olympic sport, Americans are expected to win 10 to 12 championships out of a possible 24.

LANORA Starts Thurs.

See the new Bogart in "The Treasure of the Sierra Madre," starting Thursday at the LANORA. You'll be surprised at the new role that Bogart is depicted in. There is not a single woman in the complete feature.

East Texas Town of Lindale Is on a Boom—Movie Making

By MARTHA COLE
LINDALE —(P)—Lindale is on a boom—even if it is under an assumed name, behind false fronts. The town had to spread dirt over its newly paved streets and bring out its rickety old model T's and rattling model A's. But the boom was real.

A Texan was making a movie, and Lindale wasn't Lindale any more for two weeks—it was the town of Kermitt, back in the early 1930's when the hot oil troubles were scorching.

Jack Wrather, an East Texan himself, brought in his movie location company and four stars from Hollywood on a Sunday, June 11. He expects to complete the shooting in two weeks.

The town stopped business as usual and got into the movies. Everybody was asked to join in, act like ordinary townspeople and dress like townpeople. Bobby-soxers who came all dressed up got sent back home.

Lindale's population, estimated at 1,200, quadrupled overnight. Everybody in the countryside wanted in on the act. Quite a few bleary-eyed drunks wandered into town and blinked at the signs proclaiming beer 5 cents. Lindale has been dry for years.

Half of the town's main street closed up behind its false fronts while the shooting went on. Nobody got paid and nobody expected it. Wrather set up a hot dog and cold drink stand and fed the population free. In one day 1,500 hot dogs were consumed.

The movie is "Strike It Rich," a story of hot oil. Part of it is being filmed on oil land that Wrather owns. It's semi-biographical of Wrather's father, who fought for oil proration.

The script calls for a gusher to blow in. Wrather's oil production company hopes to provide the real McCoy. But if the well isn't brought in with a spectacular gush, there'll be roughnecks on hand to pump it up.

Stars of the movie are Wrather's wife, Bonita Granville, and a current Bobby-soxer favorite, Rod Cameron. With them are Don Castle, a Texan; Stuart Erwin; William Hadde and Lloyd Corrigan from Hollywood.

The film will be released in December, with its first showing at Dallas. Rest assured, Lindale will be there.

REX FRIDAY SATURDAY

On the screen Friday and Saturday, Monte Hale gives his latest picture, "Timber Trail," a class of Western you can't afford to miss. Monte Hale will be in Pampa making personal appearances at the Top o' Texas Rodeo.

GOPsters Reserve Jobs for Faithful

WASHINGTON —(P)—Republicans pasted a "Reserved for GOP" label on some 900 federal jobs.

That means hundreds of postmasters, federal judges and others whose appointments have not been confirmed face a short-lived job expectancy—if the Republicans succeed in putting Gov. Thomas E. Dewey in the White House.

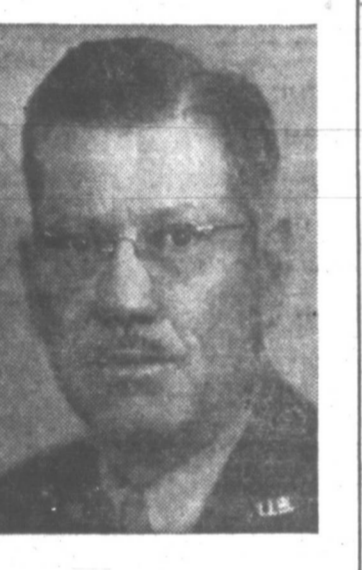

However, Mr. Truman can keep his selections in office until next year under interim appointments.

Bees must travel an average of 150,000 miles to gather a single pound of honey.

JEFF D. BEARDEN

THANKS A MILLION

To you voters of Gray County for the expression of confidence in myself you demonstrated by electing me your next County Attorney. I shall do everything in my power to merit that confidence. For my opponent I have nothing but the kindest words and wishes.

JOHN F. STUDER

Sees Democrats' 'Wave of the Future' in 1950's

Louis H. Bean, Department of Agriculture economist and statistician, who is noted for some unannounced correct political forecasts, sees the Democrats' present ebbing tide of political fortunes rising again in the 1950's, with a possible crest about 1956 and then another ebb during the 1960's. This graph shows the high and low tides of Democratic membership in the House of Representatives from 1888 to 1948, plus Bean's projection of a typical political tide for the 1950's. Note that decline of New Deal from 1936 to 1948 paralleled a typical tide line graph from "How to Predict Elections," courtesy Alfred A. Knopf, publisher.

Postoffice Plans 3 Commemorative Stamps in August

Three commemorative stamps will arrive at the Pampa Postoffice during August in honor of William Allen White, Francis Scott Key and the United States-Canada Friendship. W. B. Weathered, postmaster, announces.

William Allen White stamps will first be issued through the Emporia, Kans., postoffice Saturday. The central design is a portrait of White in an oval frame against a background of colonial design. At the base of the portrait is shown a scroll, quill pen and inkwell, symbols of authors.

The Francis Scott Key stamp will go through the Frederick Md., postoffice Aug. 9. Key's portrait will be the central design of the stamp. Draped on the left and right will be the American flags of 1814 and today. In the lower left corner is the old Key home, and in the lower right is Fort McHenry.

Rites Held for Child Killed by Dad's Truck

HALE CENTER, Tex. —(P)—A four-year-old boy who was killed when he ran to meet his father and fell under the truck his father was driving was buried at Mayfield Church, near here, Wednesday.

The child was Tommy G. Moeley, son of Mr. and Mrs. Tom Moeley of Espanola, N. M., formerly of Hale Center.

She 'Overcame' Her Illness

SANTA MARIA, Calif. —(P)—Not that the air is so much better here, but—

Mrs. Betty Whalen, 35, who said she had been traveling with a carnival show as an iron-lung invalid for three years, has given up the exhibition.

She came up for air Wednesday, police reported, to bail out of jail her husband, Thomas F. Whalen, arrested on a Phoenix warrant charging bogus checks.

"He needs me," she told officers. They reported she wasn't even breathing hard as she put down her money and led hubby home.

Suspicious Persons Prove Only Voters

OKLAHOMA CITY —(P)—When a group of men gathered outside her door, it looked mighty suspicious to Mrs. Ben Bennington, 54.

She thought they were going to molest her, and called police for help.

Prowler car officers W. B. Gates and O. E. Higginbotham raced to the scene.

But the men turned out to be the most solid of citizens—all waiting to vote in Oklahoma's primary at the polling place next door.

Smallpox Soon To Be History

NEW YORK — Smallpox is rapidly nearing eradication in the United States, according to the statisticians of the Metropolitan Life Insurance Company. Only 173 cases of the disease were reported for 1947, which is a reduction of more than 80 percent in the single year from the 356 cases for 1946, and a reduction of 98 percent in the past decade from the 11,673 cases reported in 1937.

Continued progress is shown for the first 22 weeks of 1948 with only about one third as many cases reported as during the like period of last year.

Seventeen states and the District of Columbia were entirely free from smallpox in 1947, and six other states reported only one case each. The State of Washington, which had 38 cases in 1946 through the spread of infection brought in from the Far East, was one of the states with a perfect record for 1947.

The statisticians note the effectiveness of the mass vaccination campaign in New York City last year, in which more than 6,000,000 persons were vaccinated to combat virulent smallpox introduced into the city by a merchant returning from Mexico. The program succeeded in preventing the spread of the disease beyond the 12 cases contracted before the start of the campaign.

"The complete elimination of smallpox in our country is clearly in sight," the statisticians comment. "This goal can be reached, and held, through vaccination and periodic revaccination. Unless our people are immunized, however, there is always danger that the disease may be brought in from other countries and cause a serious epidemic."

Just One Cake Of Ice, Please

SANTA BARBARA, Calif. —(P)—A young man hit the jackpot here and almost got crushed with the proceeds.

What he wanted was a 25-pound cake of ice, so he put two dimes in the vending machine.

He got his cake of ice all right—followed in rapid succession by 31 more.

Intimidated by this incipient glacier, he dodged behind his car while the ice dealers wrung their hands.

When the deluge subsided, the young man tossed one chunk in his car and drove off.

'Castor Oil' May Be Turpentine

WASHINGTON —(P)—The Food and Drug Administration has warned that some bottles labeled "Nasco brand castor oil" may contain turpentine.

The announcement said if turpentine is accidentally administered to an infant, in the dosage used for castor oil, it might cause death.

The mislabeled turpentine may appear at stores in 17 states, including Texas, the administration said.

The government has no more right to tell an employer whom he must hire than to dictate to a worker the job he must take.

—Gov. Fielding Wright of Mississippi.

Confused Korean Tells Story to Wrong Police

SEOUL —(P)—Korean police reported the story of the wrong-way Communist.

An official in the Communist South Korea Labor Party entered a police station 20 miles Northeast of Seoul and began giving astonished officers a full report on Communist activities. They promptly arrested him on a spying charge.

The officers said he must have thought he had crossed into Soviet-occupied North Korea, and believed he was giving his report to Communist-governed North Korean police.

Sheppard Field to Open Next Month

SAN ANTONIO —(P)—Sheppard Field, wartime basic training center near Wichita Falls, is expected to be reactivated at the end of August, Maj. Gen. Robert W. Douglass, Jr., commander of the indoctrination division, Air Training Command, at Lackland Air Base here, announced.

The initial strength of the Sheppard base is expected to include 4,000 permanent party personnel, 600 civilians, and 8,000 basic trainees.

Within a few months the field's strength is expected to include 5,700 permanent party personnel, 650 civilians and 18,000 trainees.

Col. Samuel C. Gurney, of Lackland Air Force Base, has been named temporary commanding officer of the installation, it was announced.

HERE'S WHY WOMEN RAVE ABOUT FAB FOR FAMILY WASH!

DEMONSTRATION shows FAB gives FABULOUS SUDS, even in hardest water!

Two washing machines were filled with hardest water. One cup of FAB was put into one washer—one cup of soap into the other. Both washers ran 7 minutes. Result! A washerbrimful of hard-working suds from FAB. Almost no suds from soap.

What is Super-Wetting Action?

See for yourself. Roll cotton sewing thread into a ball. Drop it into a glass of water. It floats; stays dry a long time.

Now drop another ball of thread into a glass of water and FAB. It sinks; becomes completely soaked at once. This test illustrates how FAB with Super-Wetting Action penetrates materials faster and more thoroughly.

Now! Get extra dirt-removing power for extra-dirty wash like grimy overalls and play clothes... with this fabulous new washday discovery from Colgate-Palmolive-Peet laboratories!

FAB with Super-Wetting Action performs wonders most women never dreamed of!

Super-Wetting Action, a new scientific washing principle. When you wash, FAB with Super-Wetting Action penetrates materials faster and more thoroughly... pushes dirt out!

New ingredient... another fabulous miracle, gets white wash whiter and colors brighter.

No soap scum... even in hardest water! Even grimmest overalls and play clothes get cleaner faster with FAB. No soap scum, even in hardest water. Clothes get whiter, cleaner!

FAB WASHES CLOTHES CLEANER THAN ANY SOAP!

FAB with Super-Wetting Action instantly penetrates materials; pushes out dirt. Washes grimmest overalls and play clothes cleaner than soap! Makes tough dirt, like the "line" on shirt collars, disappear! No "graying" soap scum... Wash is whiter, cleaner!

FAB WASHES CHEAPER... IN HARDEST WATER!

Laboratory tests prove that cup for cup, in hard water, FAB washes up to twice as much family wash as soap. Yes... FAB is up to twice as economical as soap in hard water. All of FAB washes... Nothing is wasted in soap suds!

FAB WASHES DISHES TWICE AS FAST!

No need to wipe dishes. Just wash with FAB, and rinse. FAB leaves no soap suds to polish away. Even glassware sparkles! FAB washes through grease as no soap can! Pots and pans get clean easier!

Faster And Better for all family wash and dishes

Berliners Forced to Use Bark for Fuel

Blockaded Berliners, whose food and fuel are being flown in by the U. S. Air Force, augment their meager supplies by wartime measures. This woman strips bark from a tree to use as fuel. She'll put it in her little cart and haul it home. (Photo by NEA-Acme staff correspondent Jack Chihani.)

EXPLOSION

(Continued from page one)

to prevent the flames from reaching underground storage tanks, reported to contain highly-volatile chemicals.

U.S. Army Sgt. William H. McKee of Murfreesboro, Tenn., hopped on a caterpillar tractor and pulled a line of tank cars filled with explosive fluids from the path of the fire. His buddies said he was a hero who deserved a medal.

One by one rescue workers wearing gas masks dragged out blood-smeared men and women from under beams or walls that had escaped the fire. Sometimes the person on the stretcher was still breathing. Sometimes the victim was dead, distorted by heat or discolored by chemicals.

Strong fumes from burning chemicals sent survivors reeling about the streets like blind men. Survivors were so shocked and dazed by concussion that a few could realize what had happened. Even those wounded only slightly were unable to give clear accounts of their experiences.

A woman chemist said: "I had just started washing my hands to get ready to go home when a terrible blow smashed the windows and destroyed all our laboratory equipment. I rushed out as fast as I could, and luckily enough, here I am."

BERLIN

(Continued from page one)

of abducting Berliners and purging the police force of anti-Reds. The Communist press of Berlin charged that the anti-Communist majority in the city government has planned a "bloody provocation" for today in this divided and confused center of the East-West conflict.

Hermann Matern, Communist leader, declared that the anti-Communist Social Democratic Party intended to pack the City Hall and assembly chamber with plain clothes policemen from the Western sectors under orders to provoke an incident with police from the Soviet sector.

Social Democratic leaders said the Communist charges were "too ridiculous to deserve comment."

Retiring Hero

Col. James P. Devereux, Marine Corps hero of Wake Island and four-year prisoner of the Japs, will retire Aug. 1 with 25 years of service behind him. He is now with the 1st Marine Division at Camp Pendleton, Calif. Colonel Devereux and his small Marine detachment were isolated from all help on Wake Island after the Japs attacked Pearl Harbor. They fought land troops and planes against hopeless odds for two weeks, but damaged or sank five Jap warships.

Pair Under Bond In Gun Wielding

MEMPHIS, Tenn. —(AP)—Two paralyzed war veterans from Texas were held to the federal grand jury here on charges of intent to murder in the shooting of a fellow paraplegic.

They are Wallace Rice, 28, of Amarillo, and Dow Duckworth, 20, of Gainesville. They were each ordered held on \$2,500 bond at a preliminary hearing yesterday before U. S. Commissioner Leslie Nicholson.

Rice is accused of wielding a pistol and Duckworth with readying the gun for shooting in the wounding of Richard Hicks, 31, of Kanawha, Mo.

Hicks was shot in the leg July 15 after a fight with Rice on the Lennedy Veterans Hospital sun porch.

Polio Patients in Houston at 286

HOUSTON —(AP)—The number of polio patients received at hospitals here this year stood today at 286, with nine new cases reported.

There have been 18 polio deaths here. A year ago, there had been only 27 cases and five deaths.

Parade Committee Meets Tomorrow

The Parade Committee of the fourth annual Top o' Texas Rodeo and Horse Show will meet at 10 a. m. tomorrow at the Court House Cafe, Paul Crouch, Parade Committee chairman, announced today.

Final plans for the parade, which is to be held at 4 p. m. Wednesday, will be completed at tomorrow's meeting. The committee will decide the order of the entries for the parade.

Gasoline Explosion Fatal to Amarilloan

AMARILLO —(AP)—Mrs. Brooks Altman, 29, was fatally burned and her two children were injured in an explosion of gasoline she was using to remove varnish from a floor.

Her son, Kenneth, 7, was in serious condition. Her daughter, Faye, 10, was released after treatment. The gasoline was ignited by a water heater.

GUARDSMAN TO RETIRE

DALLAS —(AP)—Lieut. Gen. Preston A. Weathered will retire Aug. 11 from command of the Texas National Guard.

Weathered, a lawyer, announced his retirement Tuesday.

ROTARY

(Continued from page one)

Horse Show, and a synopsis of what is to be expected this year, was given by Willis D. Price, president of the rodeo association, and O. W. Hampton. Rotarians were promised the best show ever given here with stock that is really "rough."

It was announced next week's guests would be members of the Hardin-Simmons Cowboy Band who are expected to take part in the program.

Club singing was led by Frank Foster and Steve Matthews presided over the business session.

Ready to Smoke Out Rioters

Practicing commando tactics, gas-masked and steel-helmeted members of Detroit's police riot squad charge through a smoke screen. They're rehearsing for public demonstration during Police Field Day.

Midwest Coops Buy Into Texas Refinery

LONGVIEW —(AP)—A substantial interest in the Premier Oil Refining Company of Texas has been acquired by three large Midwest cooperatives, Sylvester Dayson, Premier president, said.

He said the coops are the Illinois Farm Supply Company, Chicago, Midland Cooperative Wholesale, Minneapolis, and Farmers Union Central Exchange, Inc., St. Paul.

Maybe motion pictures aren't the opium of the people, but they are certainly the aspirin. —Charles Brackett, producer-writer, Paramount Pictures.

FARBEN

(Continued from page one)

ruled, constituted a "war crime." "There can be no doubt that the occupied territories were systematically plundered," the opinion said. "Farben made far-reaching plans to participate in this plunder and spoliation."

The directors, most of them now grayed and in their sixties, sat stern-faced while the court read the judgment.

Andorra, one of the two smallest republics in the world, covers 175 square miles and has a population of 5,000.

We repair all kinds of timepieces — plain and fancy — Swiss watches, chronometers, stop watches, antique clocks. Naturally, American watches, too. As a result of our long experience, you soon have a dependable, precise timekeeper.

Gallorrette, Top Mare, To Retire This Season

NEW YORK —(NEA)— Gallorrette, greatest money-winning mare of all times, will be retired after this season.

One of the gamest and most lovable of race mares, this daughter of Challenger II-Gallette, is now in seventh place behind Stylic, Armed, Assault, Citation, Whirlaway and Seabiscuit with \$402,335.

Gallorrette's first mating will be with Bull Lea, the country's leading stallion, sire of Citation, Armed, Faultless and other Calumet Farm stars.

Seven Golfers Play At Country Club

Seven members competed in a low net, low gross match when the Women's Golf Association met at the Country Club Wednesday morning. Jean Duenkel won a ball for low gross and Oak Alice Whittle won for low net.

Others playing were Floy Heath, Fern Parker, Marge Austin, Alice Howard and Alice Scheig. In a similar match on July 21 Jean Duenkel and Miriam Leuders were awarded balls for low scores. The next meeting of the Women's Golf Association will be Aug. 4 at 9 a. m.

ESA Sorority Plans for Future Social Events

The ESA Sorority met Sunday afternoon in the home of Mrs. Gran J. Payne to complete taking pictures for the 1948-1949 year book.

Final plans were made for the pre-rodéo dance to be held Friday night, July 30, at the Terrace Grill. Mesdames Lillian Kelley and Bert Arney are co-chairmen for the dance committee.

Announcements were made of the fall style show and tea to be held in early September. Mrs. Parks Brumley, chairman of the Style Show Committee, outlined preliminary plans.

From a gayly covered table centered with summer flowers, refreshments were served to the following members: Mesdames Wm. Ragdale, Guy Lemond, Jean Haw, Edwin Givens, Parks Brumley, Albert Doucette, Herman Foster, Irvin Aket, Dick Kennedy, John Nutting, Mrs. VaRue Dyson.

The Social Calendar

THURSDAY
6:30 Gray County Home Demonstration Club's picnic in City Park.
7:30 Rebekah Lodge in IOOF Hall.

FRIDAY
7:30 Builders Class of First Christian Church, Mrs. J. B. Townsen teacher, will have a watermelon picnic in City Park.

MONDAY
Lefors Home Demonstration Club with Mrs. I. F. Peterson.
8:00 Wesleyan Service Guild of First Methodist Church in home of Mrs. W. R. Putty, 928 E. Francis.

TUESDAY
2:00 Merton Home Demonstration Club with Mrs. Frank Bailey, 436 N. Warren.
7:30 Theta Rho Girls Club in IOOF Hall.

WEDNESDAY
9:00 Women's Golf Association at Country Club.
2:30 Bell Home Demonstration Club with Mrs. C. D. Arrington.

the place than to have to hunt for a hammer or a pair of pliers. Five. If you know a husband who especially excels in the handy man department, be extravagant in your admiration for his handiwork. Six. If all else fails and you can't get him out of his easy chair any other way, be hard at work on the job you want done when he gets home some Saturday afternoon. Then call him out for a little advice. When he takes over you turn into an awed and admiring sidewalk superintendent.

The Hawaiian Islands were discovered by Capt. James Cook in 1778.

B&PW Club Has Lawn Party and Watermelon Feed

The Members of the Business and Professional Women's Club were entertained Tuesday evening with a lovely lawn party at the home of Mrs. Ivan W. Howard, 1322 N. Russell.

During the discussion it was decided that would have a B&PW able at the Schneider Hotel Dining Room on Monday of each week, where the various members can come and meet one another while during the lunch hour. It was urged that members feel at ease to come and go as their time permits.

Club Meets in Coffey Home

Mrs. C. C. Coffey and Mrs. Lloyd Wells were co-hostesses to members of the Skelly-Schafer Club when they met Monday evening, July 26, in the home of Mrs. Coffey.

Firemen Give Picnic For Families and Field Officer

City Fire Department personnel entertained their wives and families with a chicken fry at Central Station last Thursday evening. The menu consisted of fried chicken, mashed potatoes, giblet gravy, salad, apple pie, ice cream, lemonade, and iced tea.

Fire department personnel had as their guest, L. O. "Doc" Bynum, industrial extension service field officer from Texas A&M College. Bynum is holding a five-week basic firemen's course at Canadian, Miami, Lefors, White Deer, Panhandle, and Pampa. During the five week course Bynum

Rebekahs Meet At Skellytown

Amarillo Rebekah Lodge No. 222 presented the floor work at the meeting of the Panhandle Circle at Skellytown, July 26.

Members present represented Amarillo Lodge No. 22, Borg Topeka, Kans., Amarillo No. 14, and Skellytown.

Refreshments of sandwiches, potato chips, pickles and iced tea were served to 81 visitors.

L. Barrett, T. A. Ingram, H. W. Gentry, James Rose, George L. Gordon, Ray Carr, R. E. Farley, Helen Scott, and one new member, Mrs. R. C. Agee.

Help relieve distress of MONTHLY FEMALE COMPLAINTS. Are you troubled by distress of female functional periodic disturbances? Does this make you suffer from pain, feel so nervous, tired—as such times? Then so try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's has a grand soothing effect on one of woman's most important organs! LYDIA E. PINKHAM'S VEGETABLE COMPOUND

will make his headquarters atmore, E. L. Gardner, Emmett Hunt, Dick Bullins, E. N. Piers, Buster Clauch, and Mrs. Mae Pirkle, Albert Fuller, L. D. Hillburn, Cecil Bryant, L. M. Rosenbalm, Vernon Pirkle, Betty Horten, and Peggy Horten.

★ WE, THE WOMEN
BY RUTH MILLETT
NEA Staff Writer

A few tips, tried and found successful, on how to get your husband to be a help about the house. One. Don't expect him to work unaided and unang. Stick around where you can hand him tools, admire his dexterity, and keep him from quitting a job before he is through. Two. Enlist some aid in bragging about what he does. Show his latest "improvement" to everyone who comes to call. Three. If he is "helpless" when it comes to building the simplest thing and many husbands are—go to the public library and take out a stack of "how to" books. You can find a book on how to do almost any job around a house. HELP LOCATE TOOLS Four. Help him keep his tools all together and in a convenient place. Nothing is more annoying to a husband! fixing things around

Procter & Gamble's Amazing New DISCOVERY means a new kind of washday!

IT'S TIDE
... you've never used anything like it!

TIDE is the kind of miracle that could happen only in this age of science. Made especially to do your whole family wash, Tide gets clothes cleaner than any soap made! But that's only part of the miracle... Tide also leaves colors brighter than any soap made! And as for your white things—no soap in the world will get them whiter than Tide. You'll be amazed! And wait till you see Tide's wonder suds! They look different, feel different... and they billow up like magic even in hardest water!

NO SOAP WILL GIVE YOU ALL THIS: The CLEANEST, BRIGHTEST, WHITEST wash you ever hung on the line!

CLEANER than any soap!
Yes, Tide gets your whole family wash cleaner—even the greatest overalls! Tide not only leaves clothes free from ordinary dirt, but actually removes dingy soap film as well. That's why a Tide wash is a cleaner wash!

BRIGHTER than any soap!
Tide actually brightens the colors that soap washings have dulled! Does it safely, too! With all its cleaning power for heavy work clothes, Tide is truly safe for all your washable colors. Try it—see for yourself!

The world's WHITEST wash!
Just wait till you see your first Tide wash! No soap ever got your shirts, sheets, towels, more dazzling white! And Tide keeps them dazzling white, week after week!

GIVES MORE SUDS—prove it in your dishpan!
Kind-to-hands suds! Longer-lasting suds than any soap in hardest water. Tide cuts grease like magic... washes dishes cleaner than any soap! No suds in the water! No cloudy film! Dishes and glassware rinse and dry sparkling clear—even without wiping!

GUARANTEE
Procter & Gamble guarantees that Tide will do everything claimed for it in this advertisement. If you are not completely satisfied, return the unused portion of your package to dealer, and the purchase price will be refunded.

TIDE'S IN-DIRT'S OUT!

TIDE WORKS EXTRA MIRACLES IN HARD WATER! OCEANS OF SUDS! NO WATER SOFTENERS NEEDED!

presenting a **REALLY NEW!**

SINGER VACUUM CLEANER

HERE IS A NEW CLEANER that really makes cleaning easier because it helps you eliminate 5 of your biggest cleaning bothers:

1. Eliminates winding of cord by hand: **CORD REWIND**—automatically reels up cord for you.
2. Eliminates wrapping cord around cleaner: **CORD REEL**—stores cord for you out of sight inside the cleaner.
3. Reduces furniture moving: **LOW, STREAMLINED HOUSING**—has greater get-under-ability—it's only 5 inches high!
4. Eliminates manual brush adjustment: **PIVOTED FLOATING BRUSH**—is always automatically in correct cleaning position.
5. Eliminates closet clutter: You hang this cleaner on the wall out of your way. It takes up no valuable floor space.

STOP IN AND SEE THE ALL NEW SINGER VACUUM CLEANER TODAY!

Diversions Built In Roberts County

Raymond Maddox is building diversions to protect the steep slopes on his farm, the Roberts County Soil Conservation District announces.

The slope-breaking diversions enable the maximum amount of water to soak into the ground and allow the excess water to drain without starting washes and gullies on the steeper land.

Spurge Moore and L. A. Maddox, Jr., also are building diversions to farm on the contour.

Three dams have been completed on Wood King's ranch for erosion control and stockwater. The main reason for the dams is to prevent further erosion and to allow the draws below to grass-over, thereby furnishing additional grazing.

The period of gestation of the Indian elephant is not accurately known but is believed to be about 18 months. It sometimes lives to be 60 years old.

Last Week's Rains Improve Texas Crops

AUSTIN —(AP)— Texas weather last week provided "a fairly good balance" between the needs of moisture for growing crops and the open weather needed for field and harvesting operations, the United States Department of Agriculture reported yesterday.

Growing crops and range feed were benefited by rains in the High Plains and Low Rolling Plains districts of the northwest, USDA reported.

Rains were needed elsewhere, however, for late feed crops and pastures. Many areas, particularly in Eastern, Central and Southern Texas, were reported becoming quite dry.

The hot dry weather favored rapid maturity of cotton. Harvest was in full swing in southern and coastal bend countries.

The ukulele is not a native Hawaiian instrument as is generally believed but was introduced to the Hawaiians by Portuguese sailors in the 18th Century.

AIF Association To Observe Its 15th Birthday

NEW YORK — The Agricultural Insecticide and Fungicide Association will observe its 15th birthday during the regular annual meeting, scheduled for Sept. 7, 8 and 9 at Spring Lake, N. J. Prominent industry and government leaders will be speakers during the session.

Highlight of the three-day meeting will be the 15th anniversary dinner the evening of the 8th, at which past and present officers of the association will be honored guests. The association since 1933 has grown from the founding group of 14 manufacturers to its present membership of 87, representing virtually all the nation's basic producers of pest, plant disease and weed control chemicals.

Among the speakers scheduled for the open meetings on the 8th and 9th are Dr. Stanley B. Freeborn of Berkeley, Calif., assistant dean of the college of agriculture, University of California; Claude L. Welch of Memphis, Tenn., National Cotton Council of America; and Eugene Butler of Louisiana, editor of the "Texas edition of Progressive Farmer" magazine.

3,140 Pounds of Pasture Grass Harvested by Gray County Farmers

Peb Everett of McLean and T. C. D'Spain of Alanreed recently have completed harvest of pasture grass seed, the Gray County Soil Conservation District announces.

Everett harvested 2,800 pounds of weeping lovegrass seed from approximately 50 acres while D'Spain had 340 pounds from 20 acres. He also had approximately 50 pounds of blue panic seed from an area of about one acre.

On both farms the grass was cut with a binder and allowed to cure in the shock for about three weeks before it was threshed with a combine. It was then cleaned by Merit Mills, Inc., of Sayre, Okla.

Both men planted the grass as part of a complete soil and moisture conservation program for their farms. Everett planted his grass in the spring of 1946 and D'Spain in 1947. Everett is a co-operator with the Gray County Soil Conservation District while D'Spain is a member of the board of supervisors of the Donley County District.

Everett secured a fairly good stand of grass the first year, and it has thickened somewhat since that time. He baled over 12 tons of hay to the acre after he finished.

Conservation Plans Approved at Meeting

Six soil and moisture conservation plans and ten applications for assistance were approved by the Gray County Soil Conservation District supervisors at the monthly meeting Friday. Approved plans cover 2,402 acres for the following cooperators: John Hamly, Hugh Castleberry, George E. Castleberry, O. C. Stokely, Monroe Seitz and Roy M. Wilson.

This week has been proclaimed as National Farm Safety Week. Newspapers and radios are carrying programs for safety prevention on the farm. So remember, be careful, a healthy man is a wealthy man. Accidents take a tremendous toll in time lost as well as loss of production. Make your farm a safe place to work.

Cotton Industry Will Be Mechanized, Says Engineer

DALLAS —(AP)— Complete mechanization in the cotton industry is in sight, a veteran agricultural engineer said Friday during an interview at the Cotton Research Congress in session here.

Basic research is under way throughout the cotton belt, from California to South Carolina, said William E. Meek of Stoneville, Miss., who heads the government's national cotton mechanization project.

Mechanical hands are being created for every phase of making the cotton crop, Meek said—from drainage; disposal of crop residue; planting, weed and insect control to defoliation and harvesting.

Meek said that mechanization was the only answer to the pressing competition of foreign fibers and synthetics.

"It is no longer a matter of convincing the farmer that he should 'bury grandpaw,'" he pointed out. "Just show him how he can save money by using a new device or chemical and he is willing. Cotton farmers are buying mechanical aids as fast as science can produce them."

Many of the bottlenecks in mechanical cotton farming already have been eliminated, he said. "Today we have harvesters that are satisfactory. We have learned to plant cotton to a stand with a machine, thereby winning a tremendous saving in labor and the amount of seed required per acre."

Weed and insect controls pose the main problems for agricultural scientists. "Some studies have shown that 29 out of 32 man-hours required to make an acre of cotton are expended on weed eradication," he said.

Flame throwers have been used with some success, but the main hope for effective and economical weed control lies with chemistry.

With mechanical and chemical aids now available, he continued, cotton farming man-hours have

AIF Association Holds Meeting In New York

NEW YORK — Farmers and home gardeners have had important new tools given to them in recent years — the many highly efficient new insecticides, fungicides and weed-killers. But like any tool used on the farm or around the home, these chemicals will do their best work only if used properly and safely, the Agricultural Insecticide and Fungicide Association warned Saturday.

With the emphasis right now on farm safety, the AIF said that pest control materials, including the poisonous ones, can be and are used with complete safety by millions of people who take certain simple precautions. The association represents virtually all of the nation's basic producers of pest, plant disease and weed control chemicals.

June shipments, totaling 9,678 carloads, dropped 3 percent from May, and 4 percent from June 1947.

Cantaloupe shipments more than tripled from May, and tomato shipments doubled. Except for mixed citrus fruit movements, up 79 percent, all others showed decreases from May. Substantial declines were registered by onions, 79 percent; grapefruit, 72 percent; and corn, 69 percent.

Grapefruit and mixed vegetable shipments more than doubled those for June 1947. Other changes over the year ranged from a 50-percent decrease in onion shipments to a 19-percent gain in movements of watermelons.

NO JAPAN PEACE PLANNED

NANKING —(AP)— U. S. Ambassador Leighton Stuart said Secretary of State Marshall authorized him to say that the United States was not considering any separate peace plan for Japan.

Among the Japanese, eel meat has been regarded as a tonic against summer lassitude.

TEXAS RAILROAD Fruit Shipments Decrease in June

AUSTIN — Rail shipments of Texas fruits and vegetables continued to decrease in June, the University of Texas Bureau of Business Research reported.

June shipments, totaling 9,678 carloads, dropped 3 percent from May, and 4 percent from June 1947.

Cantaloupe shipments more than tripled from May, and tomato shipments doubled. Except for mixed citrus fruit movements, up 79 percent, all others showed decreases from May. Substantial declines were registered by onions, 79 percent; grapefruit, 72 percent; and corn, 69 percent.

Allied Planes Are Welcome Sight

"Here comes dinner," these German youngsters could well say. They realize that most of their food these days must be flown over the Russian blockade, and this RAF supply plane, circling for a landing at Gatow Airfield, near Berlin, may be carrying their next meal. (Photo by NEA-Acme staff correspondent Jack Chitham.)

Watch Out, Mr. Ford!

Maybe this three-wheeled runabout built by Frank Mayes, Fayetteville, Ark., farmer-mechanic, will revolutionize the auto industry and maybe it won't. Anyway, it runs 55 miles an hour. Front wheels control steering and braking, while the single back wheel rolls along free. Mayes, shown at the wheel, built the car in his spare time from scrap parts.

Artist's League Calls Emperor Hirohito 'Typical Sad Sack'

NEW YORK (AP)—Emperor Hirohito has the most pity-producing face in the world and film actress Ava Gardner has the sexiest one, the Artists' League of America said.

Issuing its selection of the "ten most provocative faces in the world," the organization of painters, photographers and artists listed these choices:

"Emperor Hirohito, typical 'sad sack'...his face provokes pity.

"Amir Faisal al Saud, Saudi Arabia's foreign minister...his face provokes fear and hatred."

"Boris Karloff...a soothing, sensitive face which provokes calm."

"Winston Churchill...in some photographs, he looks like a cherub whose cheek you want to pinch. In others, you figuratively withdraw to avoid a blow. His face provokes a father image."

"Sammy Kaye...the handleader's eyes... (reveals) a twinkling warmth; they combine with other features to provoke friendliness."

"Ava Gardner...the sensuality of this movie actress' face would excite even an octogenarian."

"Ernest Hemingway...brooding, surly, it provokes annoyance."

"Candy Jones...provokes a nostalgia for the girl back home."

"Diego Rivera...confusing, comical, it provokes a reaction of 'Make up your mind, Mister.'"

"Jimmy Durante...the brightest and perkier of all unhandsome faces. It provokes chuckles."

Gary Cooper Says He'll Try Again

HOLLYWOOD (AP)—Gary Cooper indicates that he may produce more pictures. Hollywood has thought that Cooper had soured on the tedium of making his own films, but he told me on "The Fountainhead" set he may try it again.

Hollywood hears that the Rita Hayworth-Orson Welles reconciliation was largely coincidence. She happened to be at the same hotel where he went to see Darryl Zanuck and Tyrone Power about appearing in "The Prince of Foxes." Rita and Orson remain friendly, but Hollywoodites doubt if they'll ever marry.

Bette Davis had a prompt answer to rumors she was having another baby. "This has been going on once a year for 15 years," she said on the "June Bride" set. "Only once have the rumors been true."

Evelyn Keyes goes right from "Enchantment" to a new Columbia

Heart Disease Is Still Top Texas Killer

AUSTIN — Heart disease continued in the top spot as the number one killer of Texans, according to figures released by the Texas State Department of Health.

Mortality rate figures show an increase of 255 deaths from the April, 1946 figure of 1,099, as compared to the April, 1948 total of 1,354. This represents an increase of more than 18.5 percent for the comparative period.

"So-called functional heart disease is usually traceable to nervousness, infections from other parts of the body such as teeth and tonsils, a disturbed function of the thyroid gland, and to in-

fluenza," Dr. George W. Cox, state health officer, said. "And the excessive use of tobacco, coffee, tea, or other heavy stimulants is often a contributing cause."

Malfunction of the heart is a correctable condition, the health officer said, insofar as the sources of infection may be located and eliminated, as in the case of bad teeth or tonsils. Incurable organic heart ailments exist only too frequent.

Strict adherence to competent medical advice will eliminate much worry about either functional or organic heart conditions, Dr. Cox said. He added that such adherence would unquestionably reduce deaths from heart disease materially.

The survey reveals that home sewing has increased about 130 percent over the figure five years ago.

Health Officer Urges Physicals For Children

AUSTIN — With the report of 77 new cases of chicken pox, 11 cases of diphtheria, 320 cases of measles, 78 cases of polio, and 199 cases of whooping cough occurring in the state in the week between July 10-17, Dr. George W. Cox, state health officer, has made an appeal to all parents to have their children undergo a thorough physical examination before entering school next month.

The appeal was made to coincide with the announcements of the various opening dates of schools throughout the state.

"It is a medically established fact that a child's health has a direct bearing on his progress in

school," the health officer said. "It is no longer sufficient to provide the child with books and new fall clothing. Today we realize the health factor must be considered if the child is to reach his optimum level."

Dr. Cox said that since the child spends most of his time indoors with large groups of children, it is imperative that he be immunized against communicable diseases when such protection is possible. The spread of such diseases is facilitated in congested classrooms.

He said the examination should include a dental check-up and inspection of the eyes, ears, nose and throat. The best health insurance for any child is constant supervision by the family physician and dentist.

Read The News Classified Ads.—Rep. Fred Hartley (R., N. J.).

The people, the loyal and patriotic Americans, are either indifferent or yield little by little until they wake up and find the Communists have seized control. Then it is too late.

It's new! It's different! It's delicious!
