Blood Banks In Louisiana Lack **Needed Supply**

NEW ORLEANS (UPI)-Blood officials say Louisiana, like most other states, faces a crucial supply of the precious substance unless blood donors

And ironically, according to medical director Dr. Leslie Bryant of the New Orleans Blood Bank, as insurance and Medicare cover more and more of the costs for blood, fewer and fewer donors show up to give

The reason blood donations are falling off, Bryant says, is a psychological one.

Before Medicare and improved medical insurance began covering most of the cost for transfusions, relatives and neighbors would willingly go to the blood bank and replace blood needed for their friend's or relative's operation.

But now that medicare and medical insurance pay for the blood, donors feel less obligation to replace it.

Bryant says the only charge for blood is for the expense of handling and replacing it. If blood is replaced, the only expense is its handling.

Former Pampan Dies in Odessa

Mrs. A. A. Roach, 48, former Pampa resident, died in Odessa at 3 a.m. today after a

lengthy illness. Funeral services will be held at 2 p.m. Friday in St. John's Episcopal Church in Odessa with burial in an Odessa cem-

Mrs. Roach lived here about 25 years ago and moved to Odessa from Pampa.

She is survived by her husband, of Odessa; a son, Bill Roach of Huntington Beach, Calif., and a daughter, Martha Roach of the home.

Mrs. Roach, the former Mary Price, was born in Shamrock.

Strike

(Continued From Page 1) one out of every 10 American workers is dependent-directly or indirectly-on the industry. So when Detroit sneezes, America catches cold.

Within minutes of the 12:01 a.m. strike call today several trucking firms that haul supplies into Ford's Detroit area plants began laying off drivers. Ford gets supplies-ranging from steel ingots to pencils and paper clips—from 20,000 firms. Last year Ford bought \$7.9 billion worth of supplies to help put 20 per cent of the nation's automobiles on the road.

Miss Wainscott **Gives Pampans** Flour Warning

Beware of instant flour When baking with instant flour, take two level tablespoons out of each cup of flour called for by the recipe, says Jimmie Lou Wainscott, Gray County home demonstration agent.

A full measure of instant flour in a cake or cookie recipe, designed for regular flour, may alter the shape, texture and flavor of the final product, she said. "Instant flour is processed with steam or hot water after regular milling to make tiny granules stick together as larger particles. This takes up less space in a measuring cup. Therefore, instant flour mixes more readily with water without forming lumps and is a handy product for making gravy," she explained.

In baking, instant flour weighs more per cup and takes up liquid faster than regular flour, leaving too much flour for the dough in relation to the tiquid. For example, in popovers, the batter doesn't contain enough for the product to

'pop" properly. The Agricultural Research Service suggested improving taste and appearance of pastry by adding more fat to the dough. Some companies making instant flour suggest extra fat be added to the product to help overcome the tendency of instant flour to soak up water.

Livestock Show **Revised Ruling** Is Announced

Sifting of fat steers and calves will be done on a percentage basis in future Top O'Texas Junior Livestock shows, according to Rex McAnelly, chairman of the agriculture committee of the show. The ruling is one of several new revisions of the rules and regulations for the show recently published by the committee.

Upshot of the ruling is that an estimated 70-75 calves and fat steers will be sold as opposed to 90-100 in the past. Mc-Anelly pointed out, however, that the figure is not definite and that percentages will be determined by the show superintendent prior to the show.

Dates for the show have been set for March 4-5-6. Revisions of the rules and regulations have been sent to vocational agriculture teachers and county agents in Gray, Roberts, Carson, Whee er. Hemphill, and Ochiltree

Reagan Plans 5-State Tour

SACRAMENTO, Calif. (UPI) -Gov. Ronald Reagan touched off a new wave of presidential speculation today by unveiling plans for a five-state speechmaking tour next month.

The Republican governor said he was making the tour-to Kentucky, Iowa, Kansas, Texas and Illinois-with some reluc-

tance. He acknowledged that the new round of speeches, primarily at GOP fund-raising events, would raise further questions about his presidential aspirations.

"This might be," he told a Tuesday news conference, "and for some time I almost became neither a hawk nor a dove but a chicken in this, and didn't want to face the speculation and said

'Let's not do it.' " But he said he was urged to increase his speechmaking activities by U.S. Sen. George Murphy, R-Calif., and Rep. Bob Wilson, R-Calif., chairman of the Senate and House campaign committees.

"I just decided it was ridiculous to let this speculation -which is not going to stop anyway-keep me from doing the party chores which I think should be done."

Reagan has repeatedly denied he is a serious contender for the GOP presidential nomination next year. But he plans to run as a "favorite son" in homestate California and will not pull his name from the ballots in open primary states such as Oregon, Nebraska and

DeGaulle Seeks Closer Relations With Communists

WARSAW (UPI)-President Charles de Gaulle arrived in Warsaw for a week of talks and traveling he hopes will bring closer relations between France and the Communist bloc.

Warsaw's streets were decorated with banners proclaiming Polish - French friendship in World War II and newspaper editorials praised the visit as a boost for peaceful coexistence. His visit will take him to northern and southern Poland and into the disputed Western territories beyond the Oder-Niesse. He is expected to support Poland's claim to the

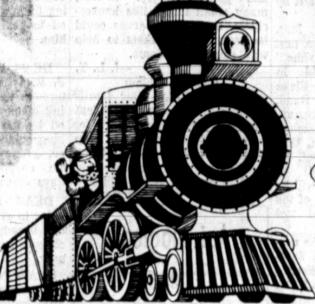

former German territories. De Gaulle was greeted at Warsaw's Okecie Airport by his host, President Edward Ochab, and Premier Josef Cyrankiewicz. Polish party leader Wladys-law Gomulka also was on hand.

The annual Stokes' family german, Alvin Stokes, Mary Wins Scholarship

The families will meet in 1968 Hobart Street Park here.

MISS JANELL ELLIS ...wins scholarship

Pampans' Daughter For Fall Semester

Miss Janell Ellis, 18, daughter of Mr. and Mrs. C. N. Ellis of 1104 Christine, has received a \$350 scholarship from Lubbock Christian College for the fall school term.

The scholarship was awarded on the basis of American College Test scores. Miss Ellis will receive \$87.50 per semester and must maintain a gradepoint average of 3. in 12 academic hours to receive the award the subsequent semesters.

She graduated in May from Pampa High School and was a member of the Future Teachers of America Club, Spanish Club and Tri-Hi-Y, and participated in choir.

A native Pampan, she is a member of the Church of Christ at Harvester and Mary Ellen. She plans to major in education and business and get a teaching certificate.

7 Desalted Water May Irrigate

South Texas Crops In Future

FREEPORT, Tex. (UPI) - Grua said. One of the Freecrops may be fed on water that was once saltwater, an engineer | FISHERMEN RESCUED said Tuesday.

But Charles Grua, resident Freeport, said much work is still to be done on perfecting desalting processes for municipal water. Then research can turn to the farm water problem, he said-and the possibilities are greater in South Tex-

The chief hurdle is the cost. The Freeport desalting plant turns saltwater into usable water at a cost of \$1 per 1,000 gallons, Grua said.

There are plans for a plant in the Los Angeles, Calif, area that could produce 50 million gallons a day at 30 cents per 1,000 gallons. Grua said the goal is to have

desalting in the Rio Grande Valley that can be done at a cost of 25 to 30 cents per 1,000 gallons. "I know of no one who is

presently engaged in desalinization for agriculture research in this area, but I could see that maybe in the next five or 10 years desalinization plants could be used in agriculture,

Walcott Murder Hearing Slated

GEORGETOWN, Tex. (UPI) County Judge Sam V. Stone plans to hold a hearing later this week on a request that James Wolcott, 16, be tried as an adult for the slayings of his parents and sister.

Wolcotto has been held on juvenile charge since his parents, Dr. and Mrs. Gordon Wolcott, and his 17-year-old sister were found shot to death in their home.

County Atty. Tim Maresh filed a request with Stone asking he waive jurisdiction in the case and certify Wolcott as an adult.

Stone said he would probably hold the hearing Thursday or Friday "if everything gets done

'Buster Brown' Is Native Resident Of Austin, Texas

AUSTIN, Tex. (UPI) - He once traveled the country as Buster Brown, but 54-inch Johnny Clifton has long since left his dog "Tige" and turned to a quiet family life.

Clifton, 78, lives with his 48 Inch-tall wife and family in a sprawling home in a quiet Austin neighborhood.

Small chairs and cut-down couches decorate the living room, and they like to tell of their "king" sized bed," which is normal size to their normalsized neighbors.

Clifton toured the country from 1913 to 1925 with a dog "Tige," dressed in the clothes that made the old Buster Brown comic strip famous. A shoe company paid his salary. Wife Ends Travels

It was his wife who brought an end to his continent-wide travels after he met her in Clovis N. M., while traveling through

the area. "That traveling was not family man's life," the 65-yearold Mrs. Clifton said.

They were married and set tled in Austin, producing a family that has brought researchers from as far away as Johns Hopkins University in Balti-

Their daughter, Mrs. Clarence Swensen, is also a midget, and she too carried the "little people" forward by having two midget daughters. The offspring of midgets usually are full-

The Cliftons and Swensens spent a week at the Baltimore hospital last year undergoing numerous tests in research to determine the causes of midgets. They said they were asked to return this year for more

Family Life Happy Their size, which keeps them from leading an absolutely normal life, has not stopped either family from being successful or

After their marriage, Mrs. Clifton opened a sandwich shop near the University of Texas. A few years later, they sold out and opened a dry

cleaning plant. Except for three years of traveling in the summer with "Midget City" from 1934 to 1936, the Cliftons have stayed in Austin.

YEAR

His friends might have aptly called him "Father Shipton," the 20th-century counterpart of England's famous Mother Shipton of the 1600's who foretold such wonders as the steam engine, the submarine and the airplane. As far back as 1911 he predicted and accurately described radio, radar, the direction finder, space travel, germ warfare, germicidal rays, microfilm, two-way TV, artificial silk and wool, stainless steel, fluorescent lighting, night baseball and a lot of other things beyond man's comprehension at that time. Also, during his lifetime he edited and published more than 50 periodicals rangradio-TV and even sex. Needless to say, this modern Jules

Quotes From The News

By United Press International James E. Groppi, the Roman Catholic priest leading civil rights demonstrations in Milwaukee, denouncing city alder-

"Some day Christ is going to appear before the aldermen in black skin and he is going to say, 'I needed a home and you would not let me in-burn in hell'."

DETROIT-Walter P. Reuther, president of the United Auto Workers, felling newsmen how negotiations with auto industry officials were going prior to the scheduled strike tonight at Ford 31 Motor Co.:

"I think in all honesty that we have to report to you that we are really just marking time."

MONTGOMERY, Ala.-Alabama Gov. Lurleen Wallace, commenting on a restraining order issued by a three-judge 32B federal court preventing enforcement of a new state law which would have allowed school classes to choose the race of their teachers:

"I want the people of Alabama to know that the ary injunction . . . without serving any complaints on us 854 W. Foster and without giving us the right to be heard."

1st

B&R Plans to Move.....

Work is in Full swing at our new location to be at 1415 N. Hobart. The two stores on S. Cuyler and the appliance store on N. Holbart will be consolidated into one building.

We have decided to discount the merchandise at the present locations an sell all merchandise possible as opposed to the huge expense of moving all our stock to the new location Our customers now have a great opportunity for bigger saving on famous brand of furniture, appliances & electronics.

Merchandise will be sold as opposed to the Huge cost of moving our sent stock to our ocation

LISTED BELOW ARE JUST A FEW OF THE MANY ITEMS ON SALE!
