PICKETING THE PICKETS, some students at Central Commercial High in New York give their opinions on their teachers' staying away from the classrooms.

NEW YORKERS MILITANT

Teachers Defy Supreme Court

NEW YORK (UPI)—New York's striking teachers today defied a State Supreme Court order to end their "illegal" four day work stoppage which has plunged the nation's largest public school system into chaos. The city goes to court on still another legal front, seeking contempt citations which could jail three union leaders for a month each and cost the United Federation of Teachers \$10,000 in fines for each day of the strike. The hearing was scheduled for 9:30 a.m. EDT.

Michigan School Troubles Extend Into More Areas

DETROIT (UPI)—The threat of more mass teacher resignations hung over several Michigan districts today as more school boards went to court to force striking teachers back to class. More than 400,000 children in 24 school districts were still on an unexpected summer vacation as the teachers' strikes neared the end of their second week. Most of the work stoppages were now centered in the Detroit area, including the city of Detroit and its 300,000 public school children.

Pampa Officer Blasts City's Police Policies

By RON CROSS

Charles LaFever, Pampa policeman since 1962, took a poke at Pampa city administration policies in his letter of resignation, dated Sept. 7. In his letter to Police Chief Jim Conner, LaFever said: RE: CHARLES LAFEVER NOTICE OF RESIGNATION "To Whom It May Concern: I wish to give notice of my resignation, the effective date to be September 15, 1967. I am not resigning my job to take a better-paying one either, because I am taking quite a cut in monthly salary and I am having to move approximately 500 miles at my own expense. My reason for resigning is because it seems that all promotions are based more on a personal basis than by the qualifications of the individual taking the test. I informed Lt. George Wallace and Lt. P. E. Bailey this date (September 7, 1967) that I was resigning and was informed by them that I could work until the 15th day of September, 1967. They were also informed of the above reason for my resignation. LaFever said he gave verbal notice of his resignation on Sept. 2 and turned his written resignation in Sept. 7. Pampa police did not acknowledge LaFever's resignation until yesterday when quizzed by a Pampa News reporter. Police Chief Jim Conner is on vacation this week and when contacted by phone Thursday morning said he had been told LaFever had resigned but had not seen the letter. "As far as I am concerned he resigns in good standing. He just wasn't satisfied here," Conner said. LaFever's last day with the

\$1.55 Million Treasury Bills Reported Lost

NEW YORK (UPI)—A routine company audit at a Wall Street brokerage house has revealed one of the largest losses in the history of the financial district — \$1.55 million in U.S. Treasury bills.

The FBI reported Wednesday it is conducting a worldwide hunt for the negotiable bills that disappeared from Hayden, Stone, Inc.

The bills, ranging in denomination from \$1,000 to \$500,000, mature Oct. 26 and are labeled "pay to bearer." Banks and financial houses throughout the world have been notified to be on the lookout for the bills.

The loss is covered by insurance, a company spokesman said.

The bills were missed during an audit Aug. 23 and the FBI and police were given the serial numbers Tuesday. The bills were last seen July 27.

"They'll probably stay hidden for a few years until the publicity dies," a police investigator said.

Pope May Not Have Surgery This Month

VATICAN CITY (UPI)—Pope Paul VI almost certainly will put off surgery for prostate trouble until after an historic synod of bishops next month, informed Vatican sources said today.

The Vatican mentioned the possibility of an operation Wednesday in the first signed medical bulletin issued since the 69-year-old Roman Catholic pontiff came down Sept. 4 with infection of the kidneys, bladder and urinary tract.

Vatican sources said that if and when the papal physicians decided to go ahead with surgery the Pope appeared certain to put it off until after the close of the synod, a new "senate" of bishops the Pope set up to help him govern the church.

The synod opens Sept. 29 and is scheduled to end Oct. 24. The synod secretary, Polish-born Msgr. Wladyslaw Rubin, told newsmen two days ago he expected the Pope to preside over the opening of the synod and to attend various other meetings through Oct. 24 despite his illness.

If it comes from a hardware store we have it. Lewis Hdwe. (Adv.)

\$70 Billion War Bill Awaits LBJ Signature

Rider Could Affect British Arms Trade

WASHINGTON (UPI)—Congress has approved President Johnson's record \$70 billion defense money bill after tacking on a "Buy America" amendment that could scuttle a major arms deal with Britain.

The Senate passed the measure on a 74-3 vote Wednesday and sent it along to the White House after upholding a House amendment forbidding construction of U.S. Navy vessels in foreign shipyards.

The amendment overrules an administration decision to allow Britain to bid on constructing seven minesweepers for the U.S. Navy at a cost of \$60.7 million.

Defense Secretary Robert S. McNamara had warned before the vote that the amendment was "not in the national interest." It could undercut an Anglo-American arms deal calling for Britain to buy eight times as much U.S. military equipment as the United States would buy from England.

The U.S.-British arms arrangement called for Britain to buy \$2.6 billion worth of military equipment including 50 F111A (TFX) fighter-bombers while the United States purchased \$350 million worth of equipment from British manufacturers.

But Senate managers of the legislation, looking at the 233-144 vote by which the House affirmed its "Buy America" amendment on Tuesday, decided there was little point in sending the bill back to a joint conference committee for more wrangling.

Sen. Richard E. Russell, D- (See CONGRESS, Page 3)

AND THEY GREW AND GREW — Troy Ritter, 13, of Groom is shown with his pumpkins which just kept growing and growing. One of the pumpkins weighed 80 pounds, the other 66. Troy's pumpkins will be exhibited in the Gray County booth at the Tri-State Fair in Amarillo Sept. 17 through 23.

NORTH VIET HIT

U.S. Bombers Pound Big Communist Guns

SAIGON (UPI)—America's biggest bombers streaked into North Vietnam today and pounded the big Communist guns hammering U.S. Marines guarding South Vietnam's frontier, military spokesmen said. They also announced American battle deaths in the Vietnam war had passed the 13,000 mark.

"In South Vietnam jungles a U.S. Leatherneck patrol used rifles and then fists in smashing a Viet Cong ambush, killing 15 guerrillas. In one of their infrequent thrusts into North Vietnam, Air Force B52 Stratofortresses dropped hundreds of tons of bombs nine miles deep into the Communist country. Their two raids climaxed a massive U.S. air, land and sea attack against the North Vietnamese artillery trying to destroy Con Thien and other Marine outposts holding back 35,000 Communist invasion troops.

The fight by the outnumbered 5,500 U.S. Marines and Allied troops on the shell-pocked North-South Vietnam border accounted for many of the 242 Americans reported killed in action last week. It was the highest U.S. battle death toll since the week ending July 8.

It raised to 13,129 the number of U.S. servicemen killed in action in the war. South of Saigon, in the swampy Mekong Delta, troops of the U.S. Army 9th Infantry Division aided by government soldiers fought a series of running fights with the Viet Cong Wednesday, spokesmen said. The Americans suffered seven men killed and 21 wounded.

Aided by air strikes, helicopters pouring out machine gun fire and their artillery, the U.S. troops reported killing at least 69 of the Communists.

In raiding North Vietnam Wednesday, U.S. jets streaking north of Hanoi bombed the vital northwest rail lines linking the capital to Communist China. Their bombs broke the line in two places, 69 and 79 miles northwest of Hanoi, spokesmen said.

Most of Wednesday's raids however concentrated on the Communist supply line to the 35,000 North Vietnamese force on the DMZ front. The pilots reported hitting cargo barges, roads, rail lines, bridges and supply dumps.

Pampa Officials Get Briefing on Sales Tax Law

Municipal officials from Pampa and other cities in Region 9 of the Texas Municipal League were brought up to date on Texas' new city sales tax law at a meeting in Amarillo last night.

Steve Matthews, former Pampa city manager and now executive director of the Texas Municipal League, reported that to date 13 cities had scheduled local option elections on the one percent sales tax before Oct. 1.

Mayor Jim Nation stated recently Pampa has no present plans for calling a local election.

Under the law, cities electing to impose the sales tax would apply a one percent tax to the same articles now covered under the state's two percent tax on sales.

Pampans attending last night's meeting included City Manager Jim White, Police Chief Jim Conner, Fire Chief Ernest Winborne, R. B. Cooke, public works director, and Allen Vickery, sanitation department superintendent.

Small Sikkim Border Fight Still Lingers

By A. K. DAS
GANGTOK, Sikkim (UPI)—An Indian spokesman said today Indian troops had killed or wounded about 300 Communist Chinese troops in clashes on the Sikkim frontier and the Indians had suffered 80 casualties, including dead and seriously wounded.

The high casualty figure emphasized the serious nature of the border clash in Nathula Pass leading from the Himalayan kingdom into Tibet. Peking regarded the situation so serious it threatened air raids against the kingdom.

Sikkim was mobilizing its meager resources to meet the threat. India, which is charged with Sikkim's defense, ordered a blackout while Sikkim's civil defense organization went into action. Its chief function would be to enforce the blackout.

A 300-man palace guard is largely ceremonial. An Indian spokesman said the Chinese fired only three shells at Nathula Pass this morning and that the Indians did not

return the fire. It was the fourth consecutive day of shelling at the pass, 14 miles northeast of the capital. The spokesman said he based his casualty announcement on "preliminary battle reports."

The Indians honored their treaty pledge to protect Sikkim despite a Chinese Communist radio broadcast warning the air raids would come unless the Indians had ceased firing by today.

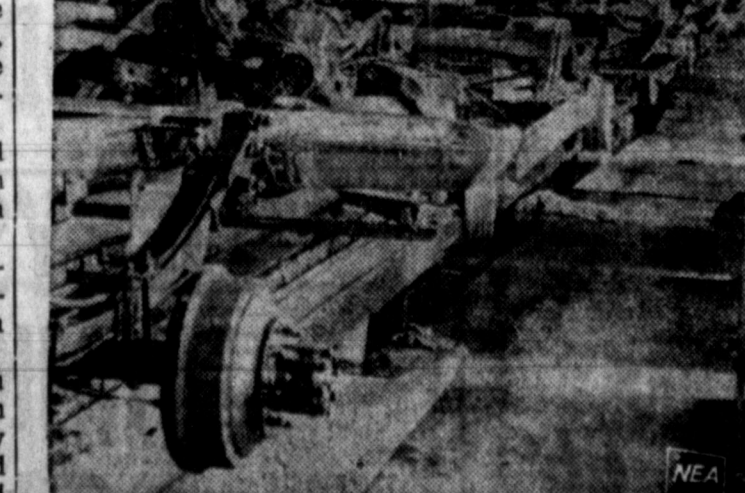

"None of you will survive an air attack by us," the broadcast said. Down from Nathula Pass to Gangtok came the sound of Chinese howitzers, mortars and artillery. Indian sources said some of the Communist shells were hitting well into Sikkim.

They aid Indian troops were counter-firing "very successfully." They said the fire destroyed "a large number" of Chinese fortifications.

Earlier the Indians reported their battle positions lay high (See SIKKIM, Page 3)

WEATHER

Clear to partly cloudy, with widely scattered thundershowers this afternoon through Friday. High today will be in the upper 70s, low tonight in the mid 50s. IDLE AUTO PLANTS with partially completed cars left on the assembly line was the scene as 160,000 United Autoworkers struck Ford factories in 25 states. The union, demanding higher wages and guaranteed income, and Ford officials both indicated early settlement was unlikely. Above is the St. Paul, Minn., assembly plant.

Whites Retaliate In Milwaukee

MILWAUKEE, Wis. (UPI)—Rioting whites, angered by 17 consecutive days of open housing demonstrations, hurled bricks and bottles at Negro motorists and police on the South Side late Wednesday night and early today.

Police retaliated with tear gas and gunshots in the air. Thirty-two whites were arrested and at least three persons were injured as police virtually shut off a six-block area—closing taverns and restaurants and forcing mobs of young persons to disperse.

A sea of shattered glass and bricks and a grey fog of tear

gas and smoke covered 16th Street, where the mobs had gathered to cheer "white power" marchers who had converged on the mansion of Roman Catholic Archbishop William E. Cousins.

The marchers again demanded the removal of the Rev. James E. Groppi, the firebrand white Catholic priest who has led Negro open housing demonstrators since Milwaukee's latest racial turmoil began Aug. 28, just a month after rioting on the Negro North Side.

The Archbishop again refused to discipline Groppi, whose militants confined their Wednesday night march to the predominantly Negro North Side, just as they did Tuesday night.

A captain of Groppi's black commandoes, Dwight Benning, said of the white riot, "this was part of our strategy."

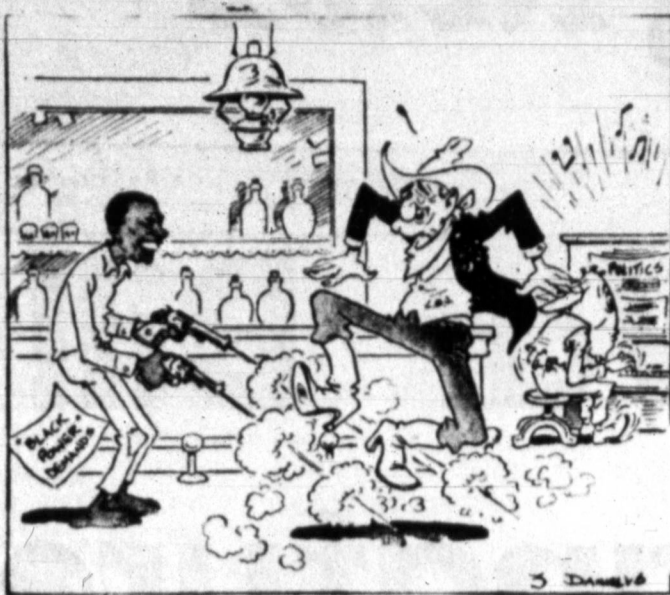

"We're trying to provoke them (whites) into violence without our being there," Benning said.

Benning said the Negro demonstrators were trying to show that the white mobs, with conviction, then we can do the same thing. We want to walk, march, sing, pray and fight for what is ours."

A splinter group of whites marched to several South Side churches, pausing in silent prayer "for the conversion of Father Groppi." Among the leaders was the Rev. Russell Witon, chaplain at the Roman Catholic St. Alphonsus Hospital in nearby Port Washington.

"I cannot in conscience tell you I agree with what Father Groppi is doing," Father Witon said. "If he's able to march with conviction, then we can do the same thing. We want to walk, march, sing, pray and fight for what is ours."

THE AMERICAN WAY

Wall Street Chatter

NEW YORK (UPI)—Winslow, of the argument since there has been no important liquidation and the price trend is still upward.

Thomson & McKinnon says the market should be viewed as having successfully undergone a downside test. The next logical development, the analyst says, should be a test of the summer rally highs and a further upswing of the Dow Jones industrial average to around 950-960.

Hayden, Stone Inc. suggests that investors continue to keep some buying power in reserve to buy certain issues during periods of minor price weakness. The company advises that any broad scale buying activity should be deferred until the market establishes a firmer consolidation base.

W.E. Hutton & Co. says that those who were expecting a sharp change in the nature of the market after Labor Day so far have been disappointed. The analyst, however, says that so far the bulls have had the best

Pampan Presides In First Meeting Of Mineral Society

Milo Carlson of Pampa presided recently for the first meeting of Canadian River Gem and Mineral Society in Borger. Members discussed the rock show slated Oct. 21 and 22 and saw a slide program on the Alibates National Monument.

Mrs. Doris Barkley explained land formations and development of rocks native to the area in presenting her talk on the national monument. Her slide collection included several pictures of crystals and flint.

Robert Ryan of Buna was listed as a new member.

ROYAL UNCONCERN is expressed by Moroccan Crown Prince Sidi Mohammed, 4, son of King Hassan II, at his first official engagement—inauguration of a new housing project. The action is in the direction behind him is looking, but the little prince sees more interesting things elsewhere.

Apprehension Made on Foot By Policeman

Pampa policeman Dorman Lewis proved to be fleet of foot Wednesday night and won a race.

Police had received a call that a fight was in progress at the Tea Room Lounge and Lewis, and Lt. Preston Bailey answered the call.

When they arrived on the scene one man broke and ran and Lewis chased him five blocks down S. Gray where the man made it to the roof of the Lightfoot Hotel.

"But Lewis wasn't to be caught short. He climbed to the roof and arrested Terry Dean, 22, of Mesquite.

Loggins was charged with drunkenness and disturbing the peace, and was fined \$50. He was placed in city jail.

Officer

(Continued From Page 1)

Department is Friday and he will move to Waxahachie where he will join the police department there.

It has been known for some time LaFever was displeased over having been bypassed for sergeant twice.

City Manager Jim White said he had no comment other than, "As far as I'm concerned he quits in good standing with the department here."

Previous to coming to Pampa LaFever was with the Amarillo Police Department for seven years.

Day-shift Lt. George Wallace said at first Wednesday that he had heard LaFever was resigning but wasn't sure. Later Wallace said he had given LaFever's letter to City Manager White.

Small Damage Is Caused By Fire

A fire last night caused heavy damage to Apartment number seven of the Connelley Apartments, and resulted in injuries to one occupant.

Earl Guinn, 38, was listed in fair condition at Highland General hospital with second degree burns around his hands, face, arms, and legs.

The building is located at 722 W. Kingsmill. Firemen answered the call at 12:56 a.m.

Boy Injured When He and Car Collide

A young Pampa boy, seven-year-old Clayton Lewis Reed, of 309 S. Gray, was only slightly injured Thursday morning after he ran into a car.

According to Pampa policeman S. R. Belt, a car driven by Christine H. Dacus, 29, of 1013 S. Somerville, was going north in the 500 block of S. Cuyler and didn't see the young boy who ran into the driver's side of the car.

The youth suffered only a scratched elbow and continued on his way to school.

Delinquent Suspects Released From Jail

Two Pampa Negro youths were released from city jail today after spending the night in jail for investigation of being juvenile delinquents.

According to a Pampa police report the two youths were arrested by city policeman Dorman Lewis, Lt. Preston Bailey and Roger Scott.

The report stated the pair were involved in a scuffle with a white youth in front of the Busy Bee Cafe, 410 Maple about 9:25 p.m. Wednesday night.

Gray County Juvenile Officer Bill Leonard talked with the boys Thursday morning and then released them to their parents.

Suspended License Brings Charges

Bond of \$500 was set by Justice of Peace Ed Anderson Thursday morning for Terry Lee Parr, 29, of 1015 E. Denver.

Police said that by noon to charged with driving while license suspended.

Parr was arrested Wednesday at 6:45 p.m. in the 1000 block of Denver by Pampa Police-man Lt. Bill Seawright.

Dick Hoake Finds Three Money Bags

If anybody is missing three money sacks, with First National Bank printed on the front they may pick them up at the Pampa Police Department.

Dick Hoake, Pampa, gave the three sacks to policeman S. R. Belt this morning after finding them under the Hobart St. underpass.

Police said that by noon today they had had no calls about the three empty sacks.

Suit Brought Over Dog Biting Child

An old rule-of-thumb in journalism is that when a dog bites a boy it's not news, but if a boy bites a dog it is. But a suit filed with the 31st Judicial District Clerk has put a different slant on it.

David Young, of Hemphill County, has filed a \$12,500 suit against Vertye Hughes Rose of Gray County for allegedly allowing her dog to run at large in the city limits contrary to city ordinances, resulting in an attack on David Todd Young, age four, and resulting in serious bodily injuries to his face and neck.

Texans Get In Teal Hunt Rush

AUSTIN (UPI) — A total of 14,271 Texans have been issued permits to take part in the experimental teal hunt Sept. 22-30, the Parks and Wildlife Department said today.

This is a 36 per cent jump in permits and reflects a growing interest in the hunt for the small speedy duck, a spokesman said.

Harris County led requests for permits with 3,567, and Jefferson County requests totaled 2,150. Dallas County residents were mailed 1,065 permits and 586 came from Chambers County.

The season is part of a three-year experiment to determine if the teal could stand the added pressure of an early hunt. This is the final year.

Sikkim

(Continued From Page 1)

above the Chinese, giving them an advantage. There were no fresh reports on casualties. Earlier reports from New Delhi and Peking listed a total of more than 130 men killed or wounded.

Indian spokesmen said the Chinese resumed firing today after a night-long lull in the fighting the Indians had hoped might extend indefinitely.

At New Delhi, Indian Defense Minister Swaran Singh said his nation wanted to restore peace to the area. The propaganda organs of Chinese Communist Party Chairman Mao Tse-tung gave little sign of peace to come.

In 1620, 149 pilgrims set sail from England for the New World.

Obituaries

Mrs. George B. Kiser

Funeral services for Mrs. George B. Kiser, 842 E. Locust, will be held at 4 p.m. Friday at the Duenkel Funeral Home Chapel, with the Rev. Walter G. White, pastor of Harrah Methodist Church, officiating. Burial will be in Fairview Cemetery.

Palbearers will be Orvel Walls, Mitchell Phillips, Fred Conners, Jim Conners, Harold Conners and Billy Daniels.

Mrs. Kiser died at 2 a.m. today at Casa Del Nursing Home.

She had moved to Pampa in March from Lubbock, where she had lived for 22 years. She was born Jan. 1, 1893, at Greenville, Tex.

Survivors include one brother, W. C. Pullen, Clovis, N.M.; one nephew Robert Dale Pullen, Pampa; one niece, Mrs. Sally Hankins, Detroit, Mich.; and a sister-in-law, Mrs. Jewel Lyles, Pampa.

John W. Lilly

Funeral services for John W. Lilly, 312 N. Gillespie, will be held at 9:30 a.m. Friday in the Carmichael - Whalley Funeral Directors, Inc., Colonial Chapel, with Rev. Charles M. Spicer, pastor of the Church of the Nazarene officiating.

The body will be sent to Nacogdoches, where other services will be held Saturday afternoon.

Mr. Lilly died at 2:35 p.m. Wednesday at Highland General Hospital, where he had been for three days.

Mr. Lilly had lived here for eight years and was a member of the Methodist church. He was born Dec. 3, 1919, in Nacogdoches.

Survivors include his wife, Bessie; one son, Gerald, in the Navy; two daughters, Mrs. Betty Martin, Houston, and Mrs. Sheila Wolf, Lufkin; father, Tom Lilly, Nacogdoches; one sister, Mrs. Loraine Hodges, Houston; and eight grandchildren.

Congress

(Continued From Page 1)

Ga., chairman of the Senate Armed Services Committee, called the House action "a grievous mistake." He said it would not help American shipyards, as claimed, and "it is going to injure the image of this nation."

Sen. John G. Tower, R-Tex., said the United States cannot maintain good relations with Britain "if we are going to pull this kind of doublecross on them."

Sens. William Proxmire, D-Wis., and Daniel B. Brewster, D-Md., both from shipbuilding states, praised the action.

Sen. Wayne Morse, D-Ore., siding with the House, called the arms arrangement a "secret deal" and said it is time Congress stopped such "Extra constitutional conduct."

Russell agreed with Morse that Congress should know more in advance about such arms deals. But he said the current arrangement is "highly favorable to the overall economic interests of this nation."

Teachers

(Continued From Page 1)

stoppage an illegal strike. He ordered teachers back to work.

The UFT, which seeks higher salaries and greater authority in school affairs, immediately announced it would defy the order and continue the picketing.

A meeting that lasted three hours until almost midnight Wednesday failed to produce any tangible improvement in the impasse. School Board President Alfred A. Giardino said it appeared the walkout would continue for "many, many days."

Students for the first time became actively involved Wednesday. In midtown Manhattan, a group of high school students picketed the picketing teachers. The students carried signs which said "Teach Now, Talk Later," and "I Want to Graduate in June." Others sported "Whatever Happened to School?" lapel buttons.

Very miscellaneous.

Ike Contributes Museum Items to Ft. Sam Houston

SAN ANTONIO (UPI) — Ft. Sam Houston, the place where Dwight David Eisenhower met Mamie Doud, has among the military history of its museum some of the things "Ike" used in his Army days.

Eisenhower sent the museum cavalry boots, one of his five-star general insignia, the lieutenant's insignia he once wore, and some Army clothing.

"Ike" met Mamie at the officers' club at Ft. Sam Houston.

Budget

(Continued From Page 1)

ated \$184,675.96 will be given the general fund compared to the estimated \$162,656.03 for 1967. The salary fund estimate for 1968 is \$298,991.23 compared to \$276,950.13 for 1967. The permanent improvement fund estimate for 1968 is \$110,000.00 compared to \$35,000.00 of 1967.

Lenning said the jump in the permanent improvement fund was due to the fact courtrooms would be air conditioned in 1968.

The jury fund estimate stayed the same, \$5,000 as usual and there will be no funds for interest and sinking in 1968.

The estimates include funds for all four county precincts.

Pampans Say UFOs Seen

Pampa Police Department reported today that four or five persons reported seeing unidentified flying objects last night in the north part of Pampa.

According to the report both Pampa radio stations received calls also.

The report stated officers were "too busy" to check out the calls.

August Accidents Up Over Last Year

Accidents in the city of Pampa were up during the month of August of this year as compared to August of 1966.

Last month 55 motorists had accidents with 21 injuries. For the same period a year ago only 40 accidents occurred with 14 injuries.

For the first seven months of 1967 police have investigated 380 accidents where two lives have been lost and 137 persons injured.

During the same period for 1966 there were 390 accidents with two persons killed and 102 injuries.

Special Education Rotary Club Topic

Otto Mangold reported on the importance of Special Education to the educational system in Pampa, at a meeting of the Pampa Rotary Club yesterday in the Coronado Inn.

A teacher of this phase of education at Pampa High School, Mangold said that he has 10 students under his supervision who attend classes in the morning and are actively employed in the afternoon.

"We try," he said, "to help each child reach his highest level of capability."

Mangold was introduced by Bill Ledbetter.

The Lighter Side

By DICK WEST
 WASHINGTON (UPI)—Several organizations in this country maintain congressional rating systems to help us confused laymen appraise our lawmakers. Which is mighty thoughtful of them.

If, however, you compare their scoresheets you encounter certain contradictions. Congressmen who get high marks from one group receive low grades from another—and on the same subjects.

This may leave a layman more confused than ever.

It was for this reason that I recently began keeping my own scorecard. In my first interim report last June, I put Congress on probation for legislative deficiency but gave it an "A" in rhetoric and composition.

Steam Rises

I reasoned that no Congress that had a member who could describe a presidential message as being "a lot of hot air mixed with some watered-down proposals" could be all bad.

In fact, I went so far as to predict that congressional influence on American speech and letters would enable the United States to regain the world's mixed metaphor championship. My prediction was promptly challenged by Jack Loughner, managing editor of the San Francisco Daily Commercial News.

"In my chauvinist way, I feel the title never has left our shores," Loughner wrote.

He said the record was set some years ago by the late James V. McSheehy, a San Francisco city official who declared that a certain issue "is water over the bridge and now it is coming back to haunt us."

Very well. Maybe the title does already reside in this country. But McSheehy's record no longer stands.

Animal Oriented

It was broken just a few weeks ago by Fred V. Heinkel, head of the Midcontinent Farmers Association. In commending President Johnson for reducing dairy imports, Heinkel said: "We would have had milk running out our ears if the President had not taken the bull by the horns."

Furthermore, Heinkel undoubtedly was influenced by such congressional phrasemakers as Representatives Gerald R. Ford, R-Mich., and Samuel L. Devine, R-Ohio.

Said Ford: "If Lincoln were alive today he would be turning over in his grave." Said Devine: "The image of this country has gone downhill as the result of sotheaded thinking."

I'm not certain that Ford's assertion was original, but certainly a downhill image is enough to cause entombed rotations by any resurrected President.

As Congress returns from its Labor Day recess, it will be interesting to see if it can continue to enrich our language. Meanwhile, as the Trojans used to say "Don't take any wooden horses."

TIGHT SQUEEZE
 LONDON (UPI)—Add tight dungarees to the list of teen-age risks. They can cause sniffles and possibly pneumonia, a government commission reported Wednesday.

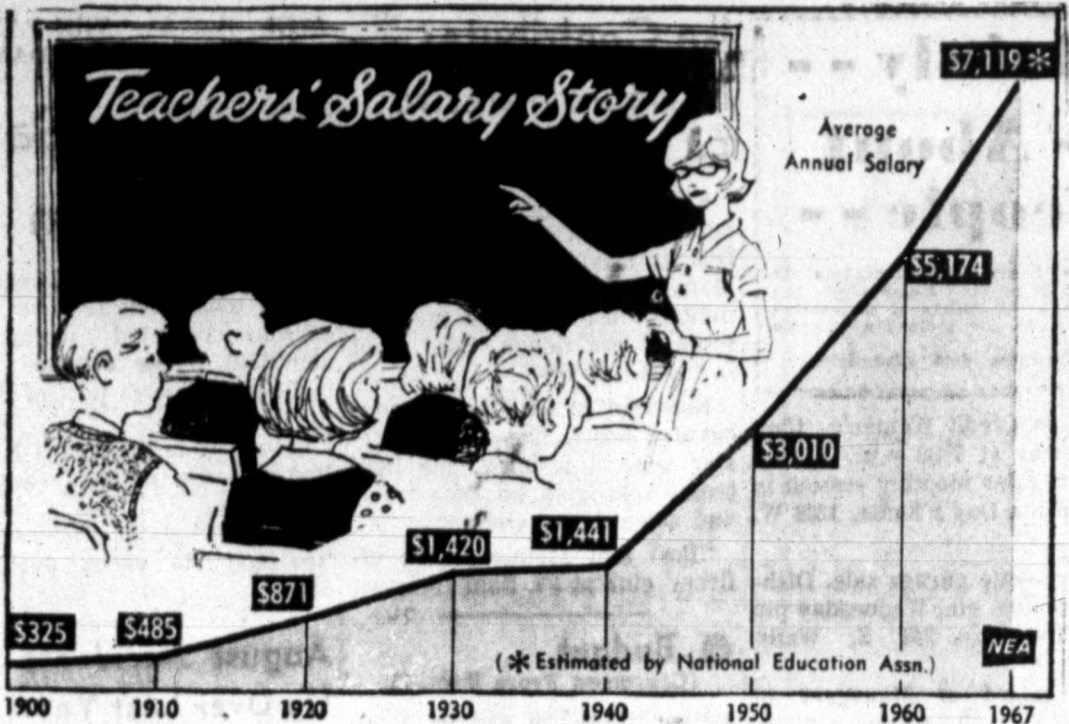

Trouble is, tight jeans offer no insulation in windy conditions. There's no room for a layer of warm air to protect the wearer from the wet and cold," a spokesman said.

A history of salaries that were low in relation to training required has erupted into strikes and walkouts by teachers in recent years as they seek higher wages and benefits. The information above, from the U.S. Office of Education, shows the range of teacher salaries from the turn of the century to a 1967 estimate by the National Education Assn. The figures shown are average annual salaries for all instructional personnel, including classroom teachers, principals, supervisors, librarians and counselors.

Long Abandoned Mine to be Re-Opened

DENVER (UPI)—The old Dolph E. Simic, Denver consulting geologist and an official of Denver Mining and Milling Corp., made the announcement. He was named president and general manager of operations.

Simic said the property, which includes 26 patent claims, "is considered in the industry as potentially one of the foremost silver-lead mines in the state." The properties extend over a five-mile area in a southwesterly direction three miles west of Idaho Springs.

Simic said Mining and Milling would pour \$100,000 into rehabilitation of the mine, which is expected to go into production within the next several months.

Proven ore reserves of northern Canada's vast nickel mines contain nearly 10 million tons of nickel and copper.

Medical Program Has 'Sleeper' Bill That Is Costing Millions

WASHINGTON (UPI)—The Senate Finance Committee is investigating reports of possible abuses in the new Medicaid program involving payments to some individual doctors of as much as \$110,000 during the first 16 months of operation.

One of the biggest "sleeper" bills ever approved by Congress, Medicaid enables states to institute health care programs for welfare recipients and other needy persons who are not eligible for Medicare because they are not old enough.

Under the program, the federal government pays upwards of 50 per cent, sometimes more, of the cost of treating these persons.

The program provides payments for inpatient-hospital services, laboratory fees and X-rays, skilled nursing home care and physicians' services.

While the first year's cost of the program originally was estimated at \$248 million, it ended up closer to \$1.5 billion.

Medical Program Has 'Sleeper' Bill That Is Costing Millions

WASHINGTON (UPI)—The Senate Finance Committee members have been informed about possibly excess payments under the California Medicaid program.

According to Carol Mulder, director of California Health Care Services, 1,200 of the state's 20,000 physicians shared almost half of the \$167 million paid to California doctors under Medicaid since January 1966.

Mulder said some doctors got as much as \$110,000 while the whole 1,200 got an average of \$70,000. Many of the doctors involved practiced near slum areas where many welfare recipients lived.

Insurance Firms Will Invest In Ghetto Housing

WASHINGTON (UPI) — The life insurance industry announced Wednesday it will invest \$1 billion in ghetto housing which normally is too risky for loans at conventional interest rates.

The announcement, made at the White House, was applauded by President Johnson. He called the investment plan an "historic contribution" to the welfare of America and suggested that other sectors of the private economy follow the lead.

Gilbert W. Fitzhugh, board chairman of Metropolitan Life Insurance Co., and chairman of a special insurance industry committee on urban problems, said the investment would be made under federal mortgage insurance protection.

Fitzhugh's announcement came at a large White House conference which brought together major life insurance company executives, governors, mayors, cabinet officers and House and Senate members of both parties.

Fitzhugh said life insurance firms would divert immediately from their normal investments \$1 billion "for investment in the city core area to improve housing conditions and to finance job creating enterprises."

The \$1 billion will be subscribed to by the insurance companies on a pro-rated basis according to their assets. For example the share of the two largest companies, Metropolitan and Prudential, is expected to run at least 200 million each.

Gov. Bartlett Is Against Tolls On Inland Waterways

ASHEVILLE, N.C. (UPI) — Oklahoma Gov. Dewey Bartlett won unanimous approval Wednesday of his two major suggestions at the Southern Governors Conference.

The conference adopted Bartlett's resolution opposing "waterway tolls or user charges for or in any amount."

Bartlett said he was concerned about proposals to establish a federal toll on such inland waterways as the one planned for 1970 up the Arkansas River to Tulsa.

The resolution said "discriminatory and destructive waterway tolls or user charges" would be "a radical reversal of long established free waterways policy."

Riot Study Due

The conference also accepted Bartlett's suggestion that a discussion of riot control problems be requested at the national governors' conference next month.

Bartlett was out of the room when the subject came up, but Gov. Hulett C. Smith of West Virginia made the motion for him.

The Southern governors will request Gov. William Guy of North Dakota, chairman of the National Governors' Conference, to make room on the national group's agenda for the discussion.

Has Statewide Plan

Bartlett led such a discussion at the Southern Governors' meeting, emphasizing his statewide plan for controlling disturbances.

The request to Guy calls for talks on legal aspects of statewide law enforcement, use of federal troops and national guardsmen, and new equipment for use by state and local police and guardsmen in riot situations.

As a member of the resolutions committee, Bartlett also had a hand in drafting proposals on National Guard reorganization, an interstate national guard compact, and strong state action to control violence.

November Draft Calls for 22,000

WASHINGTON (UPI) — The Defense Department has called for a November draft of 22,000 men, 5,000 more than the October quota but 3,000 less than September's schedule.

All of the November draftees, like those in September and October, will go into the Army, the department said Tuesday, adding that the increase of 45,000 men in Vietnam will be met with no substantial increase in the army.

The highest draft quota in recent months was 29,000 in August. Last February the draft dipped to a low of 10,900.

COOK'S TOUR

By JEANNE LESEM, UPI Food Editor
 NEW YORK (UPI)—Americans, Britons and Canadians talk a lot about reducing diets but relatively few go on them. Three national surveys of consumers and their attitudes toward sugar belied the widespread impression that at least half the population is struggling to control thickening waists. The U.S. study, by Roper Research for Sugar Information, Inc., showed that only 10 per cent of the men and women questioned were dieting and only two-thirds of the diets were for weight reduction or weight control. Another 10 per cent said they dieted from time to time.

The British study, by Contimart, Ltd., with David de Boinod Associates for the British Sugar Bureau showed that 15 per cent of the men and women surveyed were dieting. The Canadian survey, by MRC, Ltd., for The Canadian Sugar Institute, questioned housewives only, and indicated that fewer than 10 per cent of the household members were dieting.

The studies turned up interesting insights into eating habits and some misconceptions about sugar and its effect on diet and weight control. Seventy per cent of the Americans, 75 per cent of the British and 82 per cent of the Canadian thought sugar was essential to a well-balanced diet. (Refined sugar is not essential but it is important, says the Nutrition Foundation, a non-profit research organization supported by the food and allied industries. Sugar improves the taste of many foods and is rich in energy-producing carbohydrate calories which are necessary for a well-balanced diet.)

The U.S. survey indicated that most Americans either don't know or overestimate the calorie count of sugar. Only 7 per cent of the consumers questioned knew that one teaspoon of sugar contains 18 calories. Forty-six per cent overestimated—some guessing as high as 50 to 99 calories per teaspoon.

Between-meal snacks such as nuts and popcorn, and starchy foods such as potatoes got most of the blame for overweight from the bulk of the Americans and British who were questioned. Only 10 per cent of the Americans and 14 per cent of the British thought that sugar and sugar-sweetened foods should be avoided in dieting. The Canadian survey, which dealt solely with sugar consumption, made no dietary comparisons.

Dieting or not, 77 per cent of the British and 85 per cent of the Canadians said they'd never used artificial sweeteners, but half the Americans said they'd used them at some time. More than half the Americans and the British said they preferred sugar to artificial sweeteners.

The Americans said they were influenced chiefly by taste. The British considered sugar a natural or purer food.

Grape Chiffon Pie Is Economical

By GAYNOR MADDOX, NEA Food Editor
 Today every housewife is acutely aware of rising food costs. By January, prices may be back to their August 1966 peak, according to market analysts.

GRAPE CHIFFON PIE—seasonal treat.

Peppy Meat Balls Feed Hungry Crowd

Newspaper Enterprise Assn. Meat balls with character, that is what these are. Made with ground beef, cooked rice, seasonings and bound with slightly beaten eggs, each one holds a cube of Cheddar cheese. They are cooked in a zesty tomato sauce flecked with mushrooms. The rice absorbs the flavor of the meat and adds to the compact texture.

This is a perfect all-in-one meal for a crowd. It is a good suggestion for a back yard or patio party, can be cooked indoors on the stove, then carried outdoors to the hungry guests waiting under the trees. No smoke gets in their eyes, just savory meat balls in their stomachs.

PEPPY MEAT BALLS WITH RICE

- 1½ pounds ground beef
- 2 eggs, slightly beaten
- 2 cups cooked rice
- 1 cup chopped onion
- ¼ cup Parmesan cheese
- 1½ teaspoons salt
- ¼ teaspoon pepper
- ½ teaspoon garlic powder
- 12 cubes (¾-inch) sharp

- Cheddar cheese
 Shortening or vegetable oil
 2 cans (8 oz. ea.) tomato sauce with mushrooms
 2 cups water
 1 tablespoon sugar
 ½ teaspoon oregano

Combine beef, eggs, rice, onion, Parmesan cheese, salt, pepper and garlic powder. Mix well. Form into 12 balls. Insert a cheese cube in the center of each meat ball. Brown in shortening. Drain. Blend tomato sauce with water, sugar, and oregano. Heat to boiling, add meat balls, cover, reduce heat and simmer 30 minutes or until done. Six servings. Serve with hard crusty garlic bread, corn on cob, and watermelon.

To keep up the nutritional and enjoyment standards of family meals under the circumstances, the housewife will have to rethink her marketing and menus. She can save money and balance out rising prices in many cases if she watches local newspaper ads for food specials and then plans her meals accordingly.

Also, if she buys fruits and vegetables when they are in full season and abundant, she can keep her food costs lower than if she buys only by "impulse." Foods in plentiful supply are usually lower-priced.

Within the next few weeks, for example, Emperor grapes will be in abundant supply in your markets. So use this delightful fruit in bowls, in pies and other ways while the prices are in your favor.

- GRAPE CHIFFON PIE
- 1 envelope unflavored gelatin
 - ¼ cup cold water
 - 3 eggs, separated
 - ½ teaspoon salt
 - 2-3 cup sugar
 - ½ cup milk
 - 1½ teaspoons pure vanilla extract
 - 1½ cups seeded Emperor grapes
 - 1 baked 9-inch pie shell
 - ½ cup heavy cream
 - 1 tablespoon sugar
 - Seeded Emperor grapes for garnish. . . .

Soften gelatin in cold water. Set aside. Beat egg yolks in top of double boiler. Add salt and 1-3-cup of the sugar. Blend in milk. Stir and cook over hot wa-

ter until mixture coats a metal spoon. Add softened gelatin. Mix well. Cool over ice water until the mixture begins to thicken. Fold in vanilla and grapes. Beat egg whites until they stand in soft peaks; gradually beat in remaining 1-3-cup sugar. Fold into custard. Turn into a baked 9-inch pie shell. Chill until firm and ready to serve. Sweeten cream with 1 tablespoon sugar and spread over pie. Garnish with Emperor or seeded grapes. Six servings.

Famous Americans use Holly Sugar.

BETTY CROCKER OF GENERAL MILLS

General Mills buys Holly Sugar by the carload. It's available to not-so-famous Americans in 5 and 10 lb bags.

Area Official Explains Food Refrigeration

Hesitation to refrigerate food in an opened can is part of a persistent fallacy," says Miss Jimmie Lou Waincott, Gray County home demonstration agent.

This belief is held by some homemakers who think cans of food should be emptied as soon as the can is opened or at least before the remainder of the food is refrigerated, she said. Cans and foods are sterilized during canned food preparation, the agent reminds. However, the dish into which the food might be emptied, although washed, contains microorganisms which could contribute to food deterioration or spoilage. A few acid foods may dissolve a little iron from the can. Miss Waincott says, but this is not harmful.

"But, whether the food is in its original can or another container, the principal precaution is to keep food cool and covered. The agent also recommends storing canned foods in a dry place at a moderately cool temperature," she said. Rust or a dent can do not indicate spoilage, Miss Waincott points out, unless the can shows evidence of leakage. Some foods may contain naturally occurring sulphur compounds which produce dark discoloration on the insides just as cooked egg discolors silverware. This sulfid stain is entirely harmless, the agent advises.

Food Buying Guide

The following guide to the nation's food buys for the weekend was prepared by the Departments of Agriculture and Interior for United Press International

WASHINGTON (UPI)—As many schools peel out a schoolbell welcome this week, we welcome the approach of fall with an array of abundant meats, poultry, fruits and vegetables.

Among this cheerful variety of foods are "A" for apples, plentiful in some areas; "B" for bountiful bacon, and "C" for cabbage and cantaloupe.

Other possible boosters-for-budgeting and great for indoor as well as outdoor cooking are broiler-fryers, turkeys, potatoes, onions, tomatoes and in some areas, green peppers. Add to your shopping list of plentiful, lettuce, ham and grapes, probable good buys this week.

Dial Is Freed By Brazil, Denies Smuggling Charge

OKLAHOMA CITY, Okla. (UPI) — Ralph E. Dial, just home from a 19-month stay in a Brazilian prison for smuggling radioactive ore, said Tuesday "I probably were several reasons" for his arrest, but it primarily was due to "politics."

Dial, tanned and healthy-looking, spoke with newsmen after being greeted by a swarm of relatives at the airport.

"Atomic minerals have been a political football in Brazil for a number of years," Dial said. "I was not smuggling anything."

Dial was sentenced to a three-year term last year for smuggling tantalite ore, and to a consecutive four-year term for bribery of customs officials.

The bribery conviction was reversed last month and Dial was pardoned last week for the smuggling conviction.

"It's great to be back," Dial said. "I'm going to take a little rest. I'm completed exhausted."

Asked whether the long stay in prison had affected his health, Dial joked, "I think I have enough stamina to make it to my car."

Dial said it was too early to decide whether he might return to Brazil and declined to say whether he planned any further attempts to clear his record.

Three other Americans convicted with Dial escaped last

DRT Will Keep Alamo Free of Admission Fee

LUBBOCK, Tex. (UPI) — The Daughters of the Republic of Texas decided Wednesday to keep the Alamo, where heroes died to keep Texas free, open to the public free of charge.

The board for the DRT voted unanimously to turn down a recommendation that admission be charged during HemisFair '68.

The fee was recommended because of the anticipated large crowds at the fair which would increase costs of maintaining the Alamo.

The DRT operates the historical shrine on the income from a gift shop near the Alamo.

DALLAS (UPI) — The director of American Airlines' Stewardess College in Fort Worth will be a judge in the 1967 Miss Teenage America Pageant.

Miss Millie Alford, television personality Dick Clark, and three other persons not yet named will judge the more than 60 national candidates in the Dallas pageant Nov. 4-11.

Vietnam Runner-up Candidate Faces Manipulation Charge

SAIGON (UPI) — Truong Dinh Dzu, the South Vietnamese presidential election runner-up, said Wednesday he would refuse to obey an order to appear in criminal court to answer charges of illegal money manipulation.

Dzu, the moon-faced lawyer who ran as a "peace candidate," charged the summons was an attempt by President-elect Nguyen Van Thieu and Prime Minister Nguyen Cao Ky, the vice president-elect, to "destroy me because I am popular."

Court sources said that the summons had been delivered just a few hours before Dzu told newsmen he would not appear. The summons set Friday as the date of the hearing. The sources said the charges could bring a five-year prison term on conviction.

Earlier in the day Dzu and five other of the 10 defeated civilian presidential candidates announced they had formed an "opposition bloc" against Thieu. They claimed they would speak for "all citizens who do not want to be oppressed by the government of a minority."

A source at the public

prosecutor's office said that the summons was part of "routine judicial procedure which started well before the presidential election." He said that there was no political motivation at all.

Dzu last year denied charges that he sought bribes from individuals accused of violating South Vietnamese law.

Chesapeake Bay is the largest inland bay in the United States.

Quotes From The News

By United Press International
WASHINGTON — A member of the House Ways & Means Committee, speaking about the President's proposed tax increase:

"How can you ask a working man with five kids to pay 10 percent higher taxes when oil millionaires are socking away billions in federal subsidies through the oil depletion tax credit?"

FREEHOLD, N.J. — The Rev. George J. Hafner, a Roman Catholic priest suspended and threatened with excommunication, describing the masses held in homes that eld in part to his bishop's action:

"We sing folk songs and improvise prayers . . . we pass the bread and wine around and discuss the problems of the day."

Russell Witon, after leading a countermarch against his Rev. James E. Groppi, whose open housing demonstrations have provoked violence in the city's South Side:

"I favor open housing, but I wouldn't want any trash moving in here."

MILWAUKEE — The Rev. George Romney, commenting on published reports the Michigan governor would announce his candidacy for the Republican nomination within three weeks:

All About Women

Wanda Mae Huff, Women's Editor

Dear Abby

by Abigail Van Buren

DEAR ABBY: A kid named Allen came over to see me because my parents think I'm too young to date. I'm 14, but am very mature for my age. Well, when my father met Allen he told me he didn't want to see him around again unless he had a shave and a haircut. It so happens that Allen plays with a baseball and he HAS to wear his hair like that. But I told him what my father said anyway, and about that time the band broke up, so Allen got his haircut.

Now, my father says he does not like Allen because he never stands up when an older person comes into the room, and he doesn't look clean, and he dresses like a freak, and blah, blah, etc. My father is just looking for things to pick at because he doesn't like him.

How can I get my father to realize that the way a guy looks is none of HIS business. Allen is a good kid and I like him. Please help me.

DEAR LIKES: The way a "guy" looks may be none of your father's business, but the

Upsilon Chapter Discusses Area Convention Dates

Upsilon Chapter of Beta Sigma Phi met Sept. 11, in the home of Mrs. Price Smith for their first regular meeting of the year, and discussed the area convention in Amarillo, which is set for Sept. 30 to Oct. 1.

During the business session, letters were read from the Executive Director of Girlstown, U.S.A., Marshall Cooper, thanking the chapter for its support of Girlstown.

The president, Mrs. Charles Potter, reminded the chapter to make plans to attend the Northwest Area Convention in Amarillo Sept. 30 and Oct. 1.

Mrs. D. L. Hinkle was elected Upsilon Chapter's Valentine Sweetheart.

For the program, Mrs. Weldon Carter reviewed the book "The Listener" by Taylor Caldwell.

Hostesses were Mrs. Price Smith and Mrs. Charles Potter. The serving table was decorated in a football theme with a miniature goal post and football in the center, flanked on one side with a football helmet and on the other side with a yellow mum corsage which was presented to Mrs. Carter for receiving an honorable mention in International's Poetry Contest. Green and gold were colors used in decorations.

Refreshments were served to Mmes. Robert Brogdon, Jack Eyrd, Fred Epperly, Kenneth Freeman, Scott Nisbet, James Owensby, Tommy Richardson, Bonnie Sharp, Jack Stafford, B. L. Stephens, Charles Swart Jr., Potter, Hinkle, Carter and Smith.

NEW WAY TO BE SUDDENLY SLIM, COMFORTABLE, TOO

Los Angeles:—Are you a woman whose figure is on the good side but might look perfect? You'll be thrilled by the new easy way science has discovered for you to become Suddenly Slim and yet completely comfortable. If you're more than 15 pounds overweight, then this idea is not for you. If your weight problem falls within this range, then you can realize a new, smoother figure today, without diet or exercise.

Suddenly Slim is an all-new kind of 4-oz. girdle constructed of science fibers. One startling innovation is the sheer nylon front panel. This is permanently stiffened by a science process and cannot give or sag. It's surrounded by a slimming action border. A featherstitched panel down each side of this girdle will contour your hips if they are a problem.

The girdle itself is of a "wonder" Lycra spandex blend. It's a new power net consisting of nylon, acetate and spandex. It is so comfortable, but has such slimming strength, it gives your figure everything that's possible with a foundation.

"Suddenly Slim" in both girly and panty versions, is the peak achievement of the California designer-genius, Olga. They are available in our area at

Board Managers Of P-TA District Meet Here Monday

The district 19 board meeting of Parent-Teachers Association is slated for 9:30 a.m. Monday in Hospitality Room of Citizens National Bank. The board of managers will be guests of district 19 for lunch.

Board managers will give a prepared report on their plan of work for the coming year and will introduce new officers and chairmen. Council P-TA presidents are also expected to attend, according to Mrs. Lou Nichols, Pampa City Council P-TA president.

Mrs. Euran Pruitt of Borger is president of district 19. Oct. 19, the district plans a P-TA workshop in Gruver.

POLLY'S POINTERS

Woman Adopts System For Ironing Chores

By POLLY CRAMER

Newspaper Enterprise Assn. DEAR POLLY — When I have quite a bit of ironing to do I sort the clothes out according to whom they belong and do one member of the family's ironing all at once. This seems to make it go faster.

The last time I cleaned my kitchen cabinets I relined the shelves and drawers with oil cloth instead of shelf paper. I fastened it down with thumbtacks and now all I need do is wipe it off.

—MRS. R. M.

DEAR POLLY — After cutting out applique designs that I will be putting on something I had the problem of keeping them smooth until I was ready to do the work. Finally I hit on the idea of placing these cutouts between the foam rubber sides of two place mats.

—MRS. E. L. S.

DEAR POLLY—Send a bunch

Astrological Forecast

By CARROLL RICHTER

FOR FRIDAY, SEPT. 15
GENERAL TENDENCIES: The early morning is good for getting in touch with whoever is able to give you the push in the right direction; later, you find much confusion at least and possibly intentional deception by yourself or others enters the picture, unless you are very careful of yourself and watchful of others. Keep poised.

ARIES (Mar. 21 to Apr. 19) — During a.m. you find a new system that is very workable, but be careful later someone does not cause you to sever relations with a good friend. Avoid the social in p.m. Go after personal aims yourself.

Taurus (Apr. 20 to May 20) — An associate is very cooperative during a.m. but take care you safeguard your reputation later in the day. You feel you should get recognition from the public. Be patient and it will come through later on.

GEMINI (May 21 to June 21) — Be alert to whatever is happening around you during morning, but avoid a new contact later who can spell trouble for you. Study into kinds of data is fine. However, do not commit yourself to anything you're not sure of.

MOON CHILDREN (July 22 to July 31) — There are some strong influences that could lead you into wrong channels, so be on your guard. Conservative attitude is best. Don't touch on any topics with men that could lead to something petty.

LEO (July 22 to Aug. 23) — Use tact in discussing important matters with associates and don't be so suspicious of their motives, either. If you have been having trouble with friends, be kindly. Do not start any arguments.

VIRGO (Aug. 23 to Sept. 23) — All that work ahead of you can be best handled by going at it efficiently and not worry. Live about the gripes of co-workers. They may need your help. Concentrate on your wardrobe. See that it is really up-to-date.

LIBRA (Sept. 23 to Oct. 23) — A little frivolity is good for you today since it can relieve pent-up emotions, tensions. Make your friends happy. Try not to argue with anyone you like very much or something adverse could occur. Be kind, courteous.

SCORPIO (Oct. 23 to Nov. 21) — Avoid arguing with men over some idea you have in mind and for which you want backing. Cooperation. They just don't "dig" it. Be calm and poised, though. Allow them to sleep over it and then all is fine.

SAGITTARIUS (Nov. 22 to Dec. 21) — Important you drive with almost care and go over any reports, bills, etc., for any possible errors. An associate is very disturbed. Try to be of real assistance instead of criticizing.

CAPRICORN (Dec. 22 to Jan. 20) — Concentrating upon whatever is of practical nature is wise now, and be sure you rid yourself of the obsolete. Seek advice from seasoned persons in business. Show you appreciate their good judgement.

AQUARIUS (Jan. 21 to Feb. 19) — Being at your charming best can gain you the prestige in social affairs that you have long coveted. Endeavor to give your appearance those last-minute touches that spell good grooming. Be at your best.

PISCES (Feb. 20 to Mar. 20) — Get into matters of confidence in a.m. and then impress others that you are a particularly good worker. One you know needs financial backing and you should be eager to give it. Show that you are a good and intelligent person.

IF YOUR CHILD IS BORN TODAY... he, or she, will be one of those persons who can make big headway in life because there is a special sensitivity to the desires of others to put their talents to work and the ability to tell them what to do. Teach to be objective, though, and keep from getting hurt feelings. The fine director, teacher, etc., are here.

V. J. Drew, Elmer Fisher, Charles Lanehart, Perry Moore, J. G. Morrison, Leon Patterson, Tom Perkins, Geo. Waistad and Bruce Richart.

Delta Kappa Gamma Has First Meeting

Eta Delta Chapter, Delta Kappa Gamma, met Sept. 9 in Lovett Library. Miss Millie Bird Richey, president, presided during the joint business and program agenda.

Rhetta Sue Durham, delegate to the state Delta Kappa Gamma convention, explained the convention held in Fort Worth in June. Convention keynote speaker, Miss Lisa Sergio, an American analyst of current affairs, stated Americans educate for freedom by educating in depth and said education in depth is using as a challenge the three T's — Thinking Things Through.

Miss Richey, also a delegate to the state convention, gave several recommendations for local chapters to encourage member transfers, set up state conventions for three years and have at least eight meetings annually. She also suggested members give critical analysis of personal values, continue to relate programs to program focus and continue February as scholarship month.

Mrs. Laura Pennick, program chairman, introduced Mrs. Faye Bean, who gave an explanation of the research committee which plans a personal research file on each chapter member.

Mary Reeve, music director for the program, led the group in a session of Music is Fun, in which each member learned to play an instrument from the rhythm band. New versions of old favorites were used for the audience participation singing.

Mrs. Hazel Poole, Delta Kappa Gamma member who toured in Europe this summer, presented a program of her travels with slides and comments on each.

Hostesses Mrs. Mary Ann Best, chairman; Lalar Wilkerson, Ruth Zeigler, Beverly Whittle and Inez Montgomery served refreshments from a table decorated with a Fall theme.

Kappa Kappa Iota Members Discuss Summer Activities

Kappa Kappa Iota members met recently in the home of Mrs. John Best and discussed their summer activities which ranged from camping, to exciting trips, to attending summer school.

Those present were Mmes. Paul Keim, John Best, Henry Gruben, Jerry Peurifoy, Frank Anderson, J. Gary Kastor, Ouida Heipner, Jim Gardner, Melvin Cardwell, Bill Cornman, W. L. Veale, Paul Duidit, Darrell

Class Party Honors Residents of Home

CANADIAN — Residents of the Edward Abraham Memorial home here were entertained recently with members of the Hustlers Sunday School class of the Methodist church acting as hostesses.

Mrs. C. J. Hoobler played several songs. Others appearing on the program were Mrs. Winifed Bauer, Cindy Waterfield and Junior Knezevich.

Members of the home attending were Mrs. Helen Tepe, Mrs. H. M. Petree, Mrs. Rhoda Prater, Mrs. Ada Rackley, Mr. and Mrs. Doc Haralson, W. A. Kessie Sr., Mike Nolan, John Fundt, Miss Martha Harrington, Mrs. Charlotte Meller, Mrs. Iola MacMurdo, Mrs. Lillian Brunelle, Mrs. Annie O'Laughlin, Mrs. Charlotte Squire, Mrs. Bob Dilley, Mrs. Mattie Harbour, Roy Hodges, Robert Terry, Walter Anglin, Eugene Watson and James Tiner.

City Council P-TA Leaders Introduce Representatives

The City Council P-TA met recently in the B. M. Baker School auditorium for a regular session.

After Mrs. N. L. Nicholl, City Council president, called the meeting to order, Mrs. Robert Smith gave as a devotional, "God Gives Us the Joy of Creation." Mrs. Troy Bennett read the treasurer's report and Calvin Hogan, communications.

D. V. Biggers, Mrs. Nicholl and Mrs. Bennett submitted the budget for approval.

Austin P-TA Hears Reports On Committees

Stephen F. Austin Parent-Teacher Association officers and chairman met recently at Pampa Country Club to hear committee reports.

With Mrs. Paul Howard, president, presiding, reports were given by Mrs. C. E. Steele, treasurer, and Mrs. Roy Sparkman.

Mrs. Ben Fallon presented program books for the year. Mrs. Jimmy Hayes explained the year's budget and members accepted her report.

Members also adopted the program schedule presented by Mrs. James Frasier, vice president. D. V. Biggers, school principal, explained the club had recently purchased a tape recorder for the school.

The next P-TA meeting is to be at 7:30 p.m. today with Rev. Dan Cameron, pastor of First Baptist Church, as speaker. His speech topic is "Who Is My Neighbor?"

Others attending were Mmes. Royce Laycock, John Damron, David Johnson, Jerald Sims, John McCausland, Jerry Black, William L. Pendleton, Haldane Suttle, John Ellis, Alvin Soukup, Bob Carmichael, Bruce Riehart, Robert Eastman and special guest, Mrs. N. L. Nicholl, City Council P-TA president.

Upsilon Chapter Discusses Area Convention Dates

DEAR ABBY: A kid named Allen came over to see me because my parents think I'm too young to date. I'm 14, but am very mature for my age. Well, when my father met Allen he told me he didn't want to see him around again unless he had a shave and a haircut. It so happens that Allen plays with a baseball and he HAS to wear his hair like that. But I told him what my father said anyway, and about that time the band broke up, so Allen got his haircut.

Now, my father says he does not like Allen because he never stands up when an older person comes into the room, and he doesn't look clean, and he dresses like a freak, and blah, blah, etc. My father is just looking for things to pick at because he doesn't like him.

How can I get my father to realize that the way a guy looks is none of HIS business. Allen is a good kid and I like him. Please help me.

DEAR LIKES: The way a "guy" looks may be none of your father's business, but the

Mrs. Gene Barber and Joe Page made a motion for the council, adopt plans for education for family living.

Mrs. Nicholl introduced Dr. John Damron, superintendent of schools. Each principal introduced those representing their schools.

Stephen F. Austin principal is D. V. Biggers. Representatives are Mmes. John Damron, John Spearman, James Frazier, Audra Cary, Jonny Quarles and Paul Howard.

B. M. Baker, principal Carl Jones, attended with representatives Mmes. J. T. Lambright,

Mrs. Clemens Speaks To Lutheran Women

The Lutheran Ladies Aid had Mrs. B. T. Clemens as guest speaker for its first meeting after a summer recess. Mrs. Clemens' subject was "Faith."

Hostesses were Mme. Jesse Thompson and Harold Bruington. Members attending were Mmes. Joy Thomas, Lloyd Brummett, J. P. Carlson, Melvin Clark, Melvin Herring, A. M. Stroebel, George Sturgill, W. M. Willet, Art Ziebarth, Thompson and Ervington.

GREENBELT DAM recently completed five miles north of Clarendon is awaiting rainfall along its watershed to expand the shore lines of Lake Clarendon behind it. The photograph shows the water that already has formed behind the dam on Salt Fork of the Red River. Water from the lake is now being delivered to Childress and Quayah by the Greenbelt Municipal and Industrial Water Authority.

Pay Raises May Be Key to Get Game Wardens

By JAMES T. YOUNG
AUSTIN (UPI)—A 17 percent pay raise—to \$468 monthly—may be the key to a six year recruiting battle by the Texas Parks and Wildlife Department to fill game warden vacancies.

The department presently has 45 vacancies in its game warden ranks, but can cut that to 10 if the present crop of trainees successfully completes the one semester educational course at Texas A&M.

The bait of more money has helped trim that margin this year, although the pay hike did not become effective until Sept. 1. The department—which holds two recruiting campaigns annually—had its biggest list of applications in 1967, and part of that credit must go to the early speculation that a pay raise was in the legislative mill.

However, deputy director Bob Mauermann of the department feels money was not the sole incentive for the new trainees. An intensified program aimed at rural areas paid big dividends, he said.

For the first time, the department concentrated its recruiting in small towns and used local wardens to the fullest in hopes of attracting the outdoorsman to the department.

In the past, the heaviest recruiting was aimed at metropolitan areas, and the department found it attracted too many so-called city boys who had never seen a deer or picked up a rifle.

Foreign Commentary

By HENRY SHAPIRO.
MOSCOW (UPI)—At least two rumors are gaining widespread circulation abroad in connection with the forthcoming 50th anniversary of the Russian Revolution Nov. 7.

Largely the product of wishful thinking is the conviction that writers Andrei Sinyavsky and Yuli Daniel, sentenced last year to seven and five year terms in labor camps, respectively, will be freed shortly.

There is also the impression that because of the jubilee character of the year the Kremlin is sweeping many of its most serious problems under the rug and come the end of the celebrations, a Pandora's box of troubles will be pried open.

Is there any justification for these beliefs?

It is true that it has almost become traditional both in Czarist and post-revolutionary history to grant liberal amnesties on the occasion of landmark dates.

Proclaimed Amnesty

The amnesty proclaimed in 1953 soon after Stalin's death brought the release of thousands of criminals. The measure was separate from the decrees providing for the review of the cases of political offenders, most of whom were freed, exonerated and rehabilitated.

It is also plausible to believe that the Kremlin this year, more than at any other time, would prefer to present to the world a picture of domestic harmony and tranquility.

This, however, does not mean that Soviet leaders are closing their eyes to immediate critical problems and are tolerating those threatening the regime.

Anniversary year or no the Kremlin did not hesitate shifting the powerful Central Committee secretary and politburo from the secretaryship to the

Television In Review

By VERNON SCOTT
UPI Hollywood Correspondent
HOLLYWOOD (UPI)—Forty years ago Grauman's Chinese theater opened on Hollywood Boulevard and as legend has it, Norma Talmadge stepped out of her limousine premier night only to find herself mired in wet cement.

Accompanied by owner Sig Grauman, who recognized a good gimmick when he saw it, she signed her name in the goo. That same premier, included Mary Pickford, and Douglas Fairbanks who followed suit.

Since then the famed theater has been the foot and hand imprints of Hollywood's greatest stars.

It has become a major tourist attraction on the seedy old boulevard, allowing tourists to measure their own paws and foot sizes with the gentry of movieland.

More than 150 stars have imbedded their names in the special cement in the theater's forecourt down through the years—everyone from Harold Lloyd to Frank Sinatra.

Not just any leading man or starlet qualified. Although some of the names have become vague to the present generation, the cement has become a record of the past.

Usually the celebrity had to have a hit picture going at Grauman's. And the imprinting ceremony was always good for a zap of publicity in the local newspapers.

But most of the great ones are there, excepting Charlie Chaplin and Greta Garbo, who never won Oscars either.

Tom Mix made the scene back in 1927 and his horse Tony added his hoof imprints. Gene Autry and Champion did the same in 1949.

Jimmy Durante's schnoz is imprinted there, as are Eddy Grable's legs. Sonja Henie left a skate imprint. Al Jolson settled his knees into the cement in his old familiar "Mammy" pose.

The late Monte Woolley made a mess of his beard by imprinting it into his particular square of concrete.

Not to be outdone by Durante,

Bob Hope's nose is enshrined in the forecourt concrete, and Bing Crosby drew a few musical notes along with his autograph.

But only oldtimers will recognize or recall such well-known names as Pola Negri, Norma Shearer, Wallace Beery, Rebe Daniels, Ann Harding, Bill Hart (with his gun imprint) and May Robson.

Occasionally a premier is held at the old theater and nostalgia sweeps the first-nighters as they walk across the famous names of stars who preceded them.

Almost a quarter of the stars of the past who had their moment of glory in Grauman's forecourt are dead. On premier nights one sees the names of Cooper, Bogart, Monroe, Gable, Barrymore, Harlow, Laughton and MacDonal.

Fleeting is their fame, even enshrined in cement. Their only real claim to immortality lies in vaults of old celluloid, a notoriously fragile material.

Shirley Temple Fast Candidate

WASHINGTON (UPI)—I was talking the other day with a worried Democrat, which the way things have been going lately, could be almost any Democrat.

This particular Democrat was worried about Shirley Temple, who is running for Congress as a Republican in California.

"How are we going to get people to vote against Shirley Temple?" he asked mournfully. "It's like getting people to vote against the flag or indoor plumbing or mom's apple pie."

Although I try to maintain a nonpartisan viewpoint, I can't stand to see grown men cry. So I sought to comfort him.

Lollypop Backlash

"There, there, old fellow," I said, patting his head. "It may not be as bad as all that. You Democrats may be able to capitalize on the lollypop backlash."

"The lollypop backlash?" he queried, spirits brightening. "What's that?"

I explained to him that back in the 1930s all of the little girls who took dancing lessons were forever being compared, favorably or unfavorably, to Shirley Temple.

"My wife, for instance, can't tell her left foot from her right unless she's wearing different colored shoes. Yet her mother used to say she was 'a regular Shirley Temple.' In fact, her mother still says that."

Because of Shirley Temple, thousands of ungainly grade schoolers were forced to practice tap steps when they would rather have been skipping rope, playing post office or engaging in other girlish pursuits.

And once a year, at the spring recital, they had to get their hair curled and trip out on the stage and hop - the - shuffle through a couple of choruses of "The Good Ship Lollypop."

Female Opposition

As a result, thousands of little girls grew up hating Shirley Temple. To this very day, they cringe at the mention of her name.

"That is what I mean by the lollypop backlash," I said.

My Democratic friend, however, was not entirely reassured. "A backlash is always a negative thing," he said. "We need a positive factor, a candidate who can out-Shirley Shirley."

"Ideally, we should have an actress who would stir up nostalgia among older voters, and is known to the younger generation through television."

"She should have a wholesome image, having played in family pictures that tugged the heartstrings and left the audience with a warm glow. In private life, she should be untouched by Hollywood scandals," he said.

"The only actress I know who meets all of those qualifications is Lassie," I replied.

"You know," he said, snapping his fingers, "I never thought of that."

Wall Street Chatter

NEW YORK (UPI)—Bache & Co. Inc. says the first six months of 1968 could be a boom period with strike-deferred auto production and strike-hedge steel buying making major contributions. The analyst suggests a cautiously constructive stance toward the market with a selective blend of low multiple quality stocks sprinkled with some attractive "performance" issues.

Spear and Staff Inc. says that for the near term third quarter earnings will disappoint many investors. Until they are "old hat" on Wall Street, the company says, rallies may be perfunctory and short-lived.

The Dines Letter says the market is not yet overbought but considering the Ford Motor Co. strike the analyst "cannot rule out another test of the August lows." Should this occur, the company says, investors would find themselves with an excellent buying area.

Salt is mined below the marshes and bayous along the coast of Louisiana. Some of the largest of these rock salt mines extend under the sea.

Players, Alumni Just Have to Hope for Best

By BUD WILKINSON

No football team is as good as the alumni hope. Neither can the old grads wish a team into being better than it really is. It is true that "If wishes were horses, beggars could ride and equally true that if wishes were players all alumni could have the kind of team they are sure they deserve.

But it isn't that way. Alumni, particularly those inclined to back their teams with courage and enthusiasm, would be better off to evaluate them realistically. Almost every alumnus wants to know how good his team really is. You can judge for yourself, and have fun doing

it. You can size up your team, and its opponents, in the way coaches do. If you study them closely, you may be surprised at how expert you become. You can base your evaluation on just four considerations, which may surprise you:

First, how good are your linebackers? Second, how good is your offensive center? Third, do you have an adequate passer? Fourth, do you have a breakaway runner?

There are other key questions, but if you answer the above four you'll have a very accurate idea of the strength of your team. Answer them about your opponents, and you

will know how well you can expect to do against them. These four criteria offer evaluations of utmost importance to any team.

Linebacking is the key to the most important part of football. Offense may be more glamorous, but no team can use its offense until it gets the ball. It can get it in only two ways — by stopping the other team, or receiving a kickoff. It's obvious which is more desirable.

Generally, the defensive secondary must be able to prevent the long pass, and the line must prevent the opponent from maintaining possession simply by using running plays. Linebacking makes

the difference between adequate and inadequate defense — between winning and losing.

Linebackers must read the play quickly and react fast enough to stop it. They must be tough enough to tackle with sufficient force to knock the ball carrier back. If he falls forward, he will gain extra yards which will result in first downs.

Finally, they must be fast enough to cover the fastest man in the opposing backfield on pass plays. Every offense has plays designed to test the speed of the linebackers. Add this up, and you understand why good linebackers are the essential ingredient for a sound defense.

The offensive center gives the biggest clue to the quality of the attack. If he can block, he middle offers the fastest, quickest spot to hit. It means, too, that the defense has to protect the middle and will not be as strong wide and deep. If the center can't block, the defense can thinly protect the middle and gain strength to the flanks and in the secondary.

The offense must be able to throw reasonably well, and one way to judge this is to watch the team in practice, when it's trying — its passing game under no pressure. How many passes does it com-

plete? The team that can't throw efficiently in practice certainly can't hope to in competition.

The breakaway threat, or lack of it, is the easiest evaluation because its presence or absence is most obvious. If your blockers get your runner six yards past the line and it results in an eight-yard gain, your team is in trouble. The breakaway runner, once conveyed past the linebackers, goes all the way for six points.

From these four considerations you should gain an excellent evaluation of your team. Remember that defense is most important, since

it gets you the ball and that linebackers are the heart of the defense. Remember that the offensive center is the core of the blocking that makes the normal offense go. Remember that you must be able to pass adequately, and that the breakaway runner makes the difference.

If you want to go beyond that, consider the kicking game. If your team has a good one it will keep good field position and make it difficult for the other team to score. This may mean the worst you will do is tie. And, as coaches know — you don't get fired for ties.

Top Four Hang Close in AL Race

By United Press International

There were still four teams crowding the launching pad Wednesday night as the countdown in the tense American League pennant race reached 15.

But the Chicago White Sox came ever so close to finally fizzling out for good.

The four contenders in the 1967 pennant scramble—Minne-

sota, Boston, Detroit and Chicago—all won Wednesday night to keep the status quo in the tight race.

With just 15 games remaining for each club, Minnesota and Boston are still tied for first place. Detroit is one game back and Chicago is three games out.

But Chicago, which is now only a longshot with three games to make up over three

teams in the final 15 games, had to play the longest 1-0 night game in American League history before finally edging Cleveland in 17 innings.

Sox Pull It Out

A loss would have dropped Chicago four games out and just about finished its flickering pennant hopes since Minnesota had already edged Washington 3-2. Detroit had whipped Balti-

more 6-1 as the White Sox were struggling in the scoreless duel. Boston topped Kansas City 4-2 in a day game.

Gary Peters of Chicago and Sonny Siebert of Cleveland matched each other for 11 innings with Peters allowing one hit and Siebert only four. Orlando Pena followed Siebert and blanked the White Sox for three more before Bob Tiefen-

auer came on. He lasted 1-3 doublings in Ed Strouds, who ran for Howard, and Tony Oliva banged into the fence chasing the ball.

Chance then replaced Kaat and, after giving up a sacrifice fly which narrowed the score to 3-2, struck out Mike Epstein and Cap Peterson to end the game.

Al Kaline got three hits including a homer and scored three runs making it easy for Fred Valentine then Mickey Lolich to stop the California 6-4.

Orioles and gain his sixth straight victory.

The Red Sox snapped a 1-1 tie with three runs in the eighth inning, two scoring on Rico Petrocelli double, to turn back the A's. John Wyatt took the victory in relief of Lee Stange while Jack Aker took the loss.

In the only other American League game, New York edged Pittsburgh 2-1. Pittsburgh routed Cincinnati 11-3. Philadelphia blanked St. Louis 3-0 and Los Angeles whipped San Francisco 6-5.

The Yank rallied for four runs in the sixth to beat California. The tie-breaking run scored when Mickey Mantle walked with the bases loaded.

In the National League, New York nipped Atlanta 2-1. Pittsburgh routed Cincinnati 11-3. Philadelphia blanked St. Louis 3-0 and Los Angeles whipped San Francisco 6-5.

The Yank rallied for four runs in the sixth to beat California. The tie-breaking run scored when Mickey Mantle walked with the bases loaded.

KERBEL TOOK CHANCE

Szymakowski Paying Off

CANYON, Tex. (UPI)—Dave Szymakowski was no great shakes as a high school football player, but West Texas State University coach Joe Kerbel saw a lot of potential in him, so Szymakowski was offered a scholarship.

Kerbel's instinct paid off—Szymakowski was the 11th leading receiver in the nation last year. He is expected to be even better this season.

Kerbel put the youngster at

Bucks, Clarendon Tilt Top Game On Friday Card

By A Staff Writer

Top O' Texas area prep footballers face their second test of the season Friday with the Clarendon at White Deer and Lefors at Canadian tilts the headlines.

Class E Lefors put up a stout defense before losing to Class A Wheeler, 31-12. Two pass interceptions and a punt runback spelled the difference.

Canadian, hit by the flu bug four days before the season opened, lost to class B Booker, 28-0.

But the Wildcats will be at full strength for their bout with the Pirates. Canadian has been picked to dethrone White Deer in District 1-A.

White Deer, an easy 36-0 winner over Boys Ranch last week, faces a stiff test in Clarendon, which tied a tough Memphis team 0-0 last Friday.

The Bucks are strong but many people believe they aren't as tough as last year. However, their defense again seems to be the strong point.

Wheeler will cross over into Oklahoma where the Mustangs are expected to have little trouble in handling Erick, a weak Class C Oklahoma team. Erick lost, 26-0 to Sayre Friday.

The Mustangs will, however, be without the services of last year's scoring leader Fred Goad. The Wheeler fullback was injured in the Lefors game after scoring two touchdowns to take the area scoring lead for 1967.

McLean, a surprise, hosts Memphis. The Tigers opened last week by holding Shamrock to a close 3-0 score.

The Tigers are inexperienced but appear to have come up with a tough defense to offset their offensive weakness.

Miami, entering the eight-man football wars this year, will try to get on the winning track when they host Gage, Okla.

The Warriors fell, 34-6 to a surprisingly strong Tyrone, Okla. team last Friday.

Perryton a strong 21-0 winner over Pampa last week takes on Woodward, Okla. at Perryton. Woodward lost to Altus, Okla. 29-0 Friday.

Groom, which lost a 21-16 heartbreaker to Vega last week, tackles Claude at Claude. The Mustangs are strong and expected to win their Class A conference.

Seaver Keeps On Breaking Pitching Marks

By United Press International

Even with the poor support of the last place New York Mets, Tom Seaver seems to break a club record every time he goes to the mound.

The 22-year-old rookie right-hander did it again Wednesday night when, needing a victory to set a club record and three strikeouts to equal another, he accomplished both by hurling the Mets to a 4-1 victory over Atlanta.

Seaver scattered four hits and struck out eight Braves to raise his season total to 147, an all-time high for the club. The triumph his 14th in 26 decisions, broke Al Jackson's mark set in 1963 and the strike out total eclipsed by five the old mark of 142 set by Jackson in 1963.

Seaver lost his bid for a shutout against the Braves Wednesday night when Cleve Boyer walked in the second inning and scored on Rico Carty's triple. The Mets scored single runs in the fourth and ninth innings to hand Braves starter Pat Tavris his eighth setback in 22 decisions.

Elsewhere in the senior circuit, Philadelphia shutout league-leading St. Louis 3-0; Pittsburgh clobbered Cincinnati 11-3, and Los Angeles defeated San Francisco 6-3. Chicago and Houston were not scheduled.

In the American League, Boston and Minnesota remained in a first-place tie as the Red Sox beat Kansas City 4-2, while the Twins nipped Washington 3-2. Third-place Detroit remained one game behind, defeating Baltimore 6-1, while fourth-place Chicago had to play 17 innings against Cleveland to score a 1-0 victory over the Indians.

Right-hander Larry Jackson pitched a two-hitter and Bill White clouted his eighth homer to lead Philadelphia to its shutout victory over the Cardinals. It was Jackson's 35th career shutout. Dick Hughes was tagged with the loss, his sixth in 20 decisions.

NO-HIT PITCHER JOE BORLEN of the Chicago White Sox is literally ushered off the field, left, by a Comiskey Park attendant who joined players congratulating Joe. At right, Borlen displays his form in the flawless performance against Detroit.

Royal Likes His Offensive Show

By United Press International

Texas coach Darrell Royal could look out on his practice field Wednesday and smile, but a glance at his injured list was enough to make anyone cry.

Quarterback Bill Eradley and running back Chris Gilbert led the Orange team to a 29-7 victory in a game scrimmage. Eradley hit 10 of 14 passes for 145 yards on 31 carries.

But the injury list was another matter. Royal announced Wednesday that wingback Greg Lott, sophomore tailback Pat Sheehan and safety Scooter Monzingo would be out for the season.

Lott, a two-year letterman, injured his knee against Arkansas last season and it hasn't responded to treatment. Sheehan injured his shoulder and Monzingo broke his arm in spring practice, and neither has recovered sufficiently.

Classic Golf Field Ready

PHILADELPHIA (UPI)—A top flight field of golfers, minus one big noise, thunders into the backstretch of the 1967 major pro golf summer tour today when the third annual Philadelphia Golf Classic begins at the suburban Whitmarsh Valley Country Club.

A field of 143 pros and one amateur tee off today in the quest for the \$22,000 first prize in the 72-hole tournament over the par 72, tight and tricky 6,708-yard course.

Only U.S. Open champion Jack Nicklaus, who has won twice here since the Classic was started in 1963 under a different name, and Tom Neiporte, winner of the Bob Hope Classic, are missing from the 22 players who have won the first 33 tournaments on pro golf's traveling road show.

The Thunderbird tournament at Upper Montclair, N.J. next week and the Atlanta (Ga.) Golf Classic the following week remain in the major summer tournaments.

Meeting Set For Red Raider Club

An organizational meeting to form a Red Raider Club in Pampa is scheduled for 8 p.m. Thursday in the Hospitality Room of Citizens Bank.

Lonnie Johnson, temporary chairman of the club, said everyone is invited to join the club and "only requirements are you be a Texas Tech booster."

"We don't care where the person graduated from college, or if he did, even if its Oklahoma," Johnson said.

Harvesters Host To Tough Demons Friday

By RON CROSS

Pampa jumps from the frying pan into the fire when they host AAA Dumas at 7:30 p.m. on Harvester Field Friday.

The Harvesters, a 21-0 loser to Perryton, take the team favored in pre-season polls to win the AAA state championship.

Perryton was figured to finish second to the Demons in the 1-AAA chase but gave signs last Friday they might not.

Dumas opened the season Saturday by being tied or tying, however you want to look at it. Palo Duro, who wasn't figured to make even a ripple in District 3-4A this season.

That picture, however, has changed quite a bit now.

Dumas wasn't tied by a so-so football team. They were tied by a good football team, made better by grabbing off the cream of the crop when Carver school closed down.

The Demons return a starter at every position except fullback but the Demons run an offense that doesn't always require the brute force of a fullback.

They will run a spread formation thus counting on more speed and quickness.

They have both.

Steve Burks, a 170-pound senior with 9.8 speed and a bona fide All-State candidate, means one of the halfback slots with Mike Slagle, a defensive regular and part-time offensive regular at the other.

Quarterbacking is no problem for the Demons for they have two year starter Glen Enner back at that position. The 175 pounder moved his club well Saturday night but mistakes kept popping up to slow him down.

Another regular back is 197-pound Ronnie McInturff who can and does play either fullback or end, which ever the situation calls for.

The Pampa Daily News

A Watchful Newspaper

EVER STRIVING FOR THE TOP O' TEXAS TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license, nor anarchy. It is control and sovereignty of oneself.

Financing Our Destruction

Who is financing the riots? And where is all the money coming from? These are questions which an increasing number of people, finally awakening to the fact that there is something basically and critically wrong in this country, are beginning to ask.

There are those who, failing to understand what communism intrinsically is and seeing an international conspiracy at the root of every outburst, will tell you that the funds to finance the riots are being smuggled into the country from Russia, Red China, Cuba, or whatever country happens to be wearing the "bad guy" black hat at the moment.

This being recognized and admitted, and since dollars, of themselves, know no political or geographical loyalty, it should be just as evident that some of our foreign aid dollars taken by force from American tax payers and currently being passed out to some 100 foreign governments, are without doubt finding their way back into this country to finance dissension and strife.

But that, we believe, is an over-simplification of the problem. In fact, there is mounting evidence that a large percentage, if not the major part, of funds being used by individuals and organizations interested in cheating misunderstanding, fill-in, and strife between the various races are coming from our own government in the form of "welfare" payments and support of so-called social action groups.

Moreover, accumulating evidence points to the conclusion that much of this money is being provided via the federal government's many tentacles and multitudinous "War on Poverty" programs.

Dividing the Pie

Americans whose incomes are in the form of wages and salaries pushed their share of the total national income to 71 per cent in 1966, reports the Northwestern National Life Insurance Company.

Even allowing for the slipperiness of the term "Gross National Product", by which such things are gauged and the amount of "income" which is not income at all, but taxes, the size of the slice of the "economic pie" going to workers cannot be considered meagre.

In actual dollars, workers collected a massive \$43.3 billion. This was up \$40.5 billion from 1965 and accounted for four-fifths of the total increase in the country's \$610-billion national income in 1966.

Such a huge share of the economic pie would have been unthinkable at the turn of the century, when "compensation of employees" represented only 51 per cent of the nation's total income of a mere \$17.5 billion.

Sharing the remainder of the national income in 1966 were businessmen, farmers, professional people, rental property owners and those who lent their savings - The "Capitalists", large and small their share was 40 per cent in 1900 but only 29 per cent in 1966.

Together these are the economic groups which produce the new goods and services.

It is a well known fact, as thoroughly documented by J. Edgar Hoover in his book "Masters of Deceit," that the budgets of foreign communist government provide funds for subversion and agitation in other countries as does, incidentally, our own.

PAINLESS THEFT

President Johnson presented to Congress the details of a proposed tax increase that is supposed to be in effect for a limited period of about two years. The purpose of this new governmental attachment of U.S. citizens' property is to pay for a war no citizen or legislative body voted for, while continuing the forceful transfer of property from the productive segment of the population to the non-productive segment.

If Congress approves the President's tax proposal, individual taxpayers will figure their total federal income tax and add a neat ten per cent to arrive at the amount due next April 15th. This will be a real shocker for many, who in the past have found that the amounts withheld from wage and salary checks left them with little extra to pay. Better yet, many taxpayers found that the amounts withheld were more than enough to pay the previous year's tax.

Ever since the enactment of the withholding provision, the government has found it relatively easy to increase expenditures and tax rates with a minimum of taxpayer resistance.

Many people have told me that they would never be able to pay their federal income tax bill if they had to pay the full amount just once a year. So they succumb to painless theft and submit to the convenient and sly method, allowing their employers to deduct most of their taxes from their wage and salary checks.

I see by the papers that Philadelphia police are using 50 raceless patrol dogs to chase criminals. Criminals vanish when the dogs appear, possibly because the criminals—or "disadvantaged" as the case may be—know that the dogs are not firing blanks.

In 1913 the average American man, woman, and child would have paid 28 cents to Uncle Sam. In 1918 at the height of World War I, each would have paid \$11.10. In 1931, to 1933, the amount dropped to \$3.36 per person.

It is a well known fact, as thoroughly documented by J. Edgar Hoover in his book "Masters of Deceit," that the budgets of foreign communist government provide funds for subversion and agitation in other countries as does, incidentally, our own.

Venezuela To Use Upcoming OAS Meeting To Pressure U.S. To Take Lead In Preventing Castro Export of Subversion

PAUL SCOTT

WASHINGTON — As the fifth anniversary of the October 1962 missile crisis nears, the unresolved Cuban problem is rising again to plague President Johnson, as it did the Kennedy administration.

The Venezuelan government, angry at the President for not taking the lead in curbing Castro's growing export of subversion to Latin America, has decided to force a new Cuban showdown.

At the forthcoming September 22-24 meeting here of foreign ministers of the Organization of American States, Venezuelan authorities plan to make the U.S. "fish or cut bait" by demanding support for a four-point anti-Castro program.

As outlined in a confidential memorandum circulated among the 20 other OAS members, the Venezuelan program calls for: 1. Establishment of an international screen of air-naval surveillance around Cuba.

2. U.S. military air to protect Latin American nations from clandestine landings of Cuban-trained guerrillas by air and sea.

3. A commercial-trade boycott of Cuba with whatever economic and diplomatic pressure is necessary to end free-world trade with Castro.

4. A cutoff of all air flights, telephone, telegraph, and other communications with Cuba.

The document highlights Venezuela's specific problem by pointing out that nearly 1,000 of these Cuban-trained terrorists and agents are now in Venezuela, although only a small number, about 200, have so far become active inside that strifetorn nation.

STRANGE U. S. POLICY — The State Department, in line with the administration's "don't rock the boat" policy toward Cuba, is privately opposing three of Venezuela's four proposals. The President so far has authorized only support for "establishing an international screen of surveillance around Cuba."

Despite the Defense and State Department's public attempts to play down the significance of new Soviet military shipments to Cuba, administration insiders say State-Defense officials are privately concerned about the build-up and the changes being made in Castro's air defenses.

HUNT FOR TRUTH

By H. E. MURPHY

MORE FEDERAL REGULATION Abolition of the Electoral College by a constitutional amendment providing for direct voting for president and Vice President would inevitably bring heavy pressure for national laws governing qualifications for voters.

President could well result in enlarged regulatory control over political parties by the federal government. State lines would be less important in the conduct of campaigns than they are now.

Establishment of a national voting law for the presidential election would also threaten state control over voting for representatives, senators, and possibly state and local officials. Furthermore, direct voting for

Far superior to the proposal to abolish the Electoral College is the SJR-86 Plan for reform of the system. The voters of every congressional district would name one presidential elector, and two electors would be chosen at large from each state.

Pull Up A Chair

By FRANK JAY MARKEY

A color stylist says a person's preference for a particular color reveals many personality traits. For example: if you like green the chances are very good you like nature and the out-of-doors; you are also even-tempered, well-balanced and moderate in almost everything you do.

Today's smile: A brash salesman encountering a receptionist received the customary reply to his inquiry: "Mr. Jones is not in." "In that case, I'll wait," said the salesman. He waited an hour and becoming impatient asked: "When will Mr. Jones be in?" The receptionist smiled sweetly as receptionists do, and said: "About the middle of the week. He's in New York at an industry meeting."

The idea of using an "x" to mark a paper or legal document instead of a signature for those who cannot read or write dates back to the early Saxons. They placed a cross after all signatures to symbolize Christ's cross. Those who couldn't write only marked the cross to show their good faith. The custom has prevailed to this day.

Thoughts while shaving: Sol Kahn, a New York jeweler, holds the unusual distinction of being the world's champion ear piercer. In the past 42 years he says he has pierced the ears of 900,000 persons, mostly women, who wanted to wear earrings.

Venezuela may get some unsolicited help from smoldering Cuba and New York, which are planning to converge on Washington and demonstrate during the OAS conference. More than 10,000 are expected. Their leaders call it tragically ironic for the U.S. to oppose Soviet-supported guerrilla warfare in Vietnam while dragging its feet on Russian-backed subversion in this hemisphere.

CUBAN FLASHES — Castro's chief guerrilla embarkation port is La Coma, Cuba, which has a large Soviet military garrison. The port is also in one of the four areas ringed by SAMs.

Another Cuban guerrilla training base is near the Soviet-controlled airport at San Julian, 90 miles southeast of Havana. Soviet-built cargo planes are reported using the field to fly guerrillas to Bolivia, where they are air dropped in mountain valleys. In order to publicize their opposition to the Johnson administration's Cuba policy, several of the Florida-based exile groups have hired a Washington public relations firm with close connections to the Republican national headquarters.

CRACKING DOWN — If the strike in the copper industry continues for another week, the Johnson Administration will go to court for a national-emergency-strike injunction.

The Department of Defense is preparing to ask the White House for this move to end the two-month-old strike which has nearly depleted supplies of copper in several defense-related industries.

Country Editor speaking: "Those things you had put away until you needed them and then couldn't be located when you did, have a way of turning up at a time when you can't remember why you saved them."

The Doctor Says:

By DR. WAYNE BRANDSTADT

Annoying Head Noises

Head noises may occur in persons of any age but they are more commonly heard and more continuous in persons who are past 50 and who have hardening of the arteries. They are aggravated by worry and nervous tension so, if the noises make you tense, you have the makings of a vicious circle.

To readers who wonder whether exposure to noise or sitting under a hair dryer could cause or aggravate the condition, the answer is no.

In some persons ringing in the ears occurs only when they have a cold. In this case the cause is the swelling that obstructs the eustachian tubes that may accompany a cold. In some persons a pulsating noise is heard only when they are in bed or lying on the left side. In them the heart beat is amplified by the bed springs and transmitted through the pillow.

In a few persons the noises they complain of can be heard by others — usually a spouse or the doctor. In them the cause has been shown to be a malformation of a blood vessel in the skull. When the head noises are associated with dizziness and nausea the victim may have Meniere's disease.

If the cause can be found and removed the problem is solved but if the cause is hardening of the arteries, as it is in the vast majority of cases, there is little that can be done in the way of treatment. A short course of a tranquilizer may help the victim to adjust to the annoyance. Nicotinamide may improve his circulation. Potassium iodide has been used for many years to treat this condition but there is no evidence that it is effective.

Reports of improvement with this or other drugs are hard to evaluate because the condition often improves with time even though it doesn't completely disappear. Furthermore, many victims learn after awhile to disregard their head noises and go about their daily tasks just as though nothing had happened.

Wit and Whimsy

Judge — What is the defendant's reputation for veracity? Witness — Excellent, your honor, I've known him to admit that he'd been fishing all day and hadn't got a single bite.

Teacher — Where is the English Channel? Student — I don't know; we can't get it on our television set.

Two men were discussing a mutual acquaintance. Hank — Nice fellow, but have you noticed how he always lets his friends pick up the dinner tab? Harry — Yes, he has a terrible impediment in his reach.

Youth Delegates Air Views About Current Events

AUSTIN (UPI) — More than 70 per cent of the delegates to the Texas Youth Conference believe Americans respect Peace officers and that unemployment was the major cause of youth crime.

On other questions, the results showed: —58 per cent believed there is a different system of justice for the privileged and underprivileged.

—68 per cent are not afraid to be on the streets of their cities alone at night. —90 per cent were not afraid to speak to strangers because of a fear of crime.

Card of Thanks 1 MRS. C. C. DODD

Words cannot express the thanks and deep feelings of the family for the warm friendship and kindness expressed in the effort, food, flowers, cards, and calls in honor of the late Mrs. C. C. Dodd of 1418 N. Russell street, Pampa, Texas.

The Dodd family The McKinnon families The Brock's family.
