

**Steve McQueen:
A Passion
for
Racing**

ABOARD A TRIUMPH, Steve McQueen takes a break from filming "The Sand Pebbles" on Taiwan.

DAVE BURGIN
NEW YORK (UPI)—There was a buzz of excitement at the Chantelair Restaurant here when Rene Dreyfus, the owner, learned that Steve McQueen would be a guest for lunch.

"It's wonderful," said Rene. "And would you ask Mr. McQueen if he'd bring a photo of himself for our wall?"

McQueen, although a superfan used to such trappings, was deeply flattered. Rene Dreyfus, once a top racing driver and winner of the Grand Prix of France, runs a restaurant catering to motorsports enthusiasts and the walls are hidden with pictures of such drivers as Juan Fangio, Jack Brabham, Dan Gurney and Jimmy Clark.

And now Steve McQueen. "Now I'm no expert on cars and driving," McQueen freely admitted. "But, hell, it's the greatest sport and it gives me the greatest satisfaction."

He says that if he weren't an actor he'd be a driver. He was here to push his new film, "The Sand Pebbles," for 20th Century Fox. "I'm glad I did the picture," he said, "even if the overtime shooting schedule prevented me from doing the film I'm burning to do, 'Day of a Champion'."

He explained that "Champion" was to be the definitive movie of auto racing—the kind of film the professionals won't laugh at, as they have at the schlock Hollywood cranks out and calls racing films.

"But I'll do it some day. I have got a camera car locked in a garage on the Warner Brothers lot and Jack Warner promised he wouldn't let anyone use it."

McQueen doesn't race cars or motorcycles for the publicity. Professional drivers who have seen him turn a circuit say he

is a serious, dedicated enthusiast who could be a professional. He isn't playing a game. He knows what he's doing and he knows what his car is doing, too.

And McQueen can field-strip a Ferrari in his living room, to his wife's dismay, and get it back in smooth working condition.

McQueen will do almost anything for a ride. When he was visiting in England, John Cooper, who makes those beautiful Cooper-Maserati formula racers let him drive a Junior around Brands Hatch. Cooper wouldn't let just anybody do that.

During our lunch chat, Roy Bamford, head of Aston Martin in the United States, table-hopped over and asked McQueen why he didn't care for the Aston Martin he had tested at Riverside, Calif.

"Well, I thought the ratio between fourth and fifth gears was a bit long," he said. "It really crumpled during the changes. And the steering is too

light," McQueen went on, in great technological detail, while Bamford nodded.

McQueen has done his share of racing. He was a team driver for BMC at Sebring and in 1964 was a member of the U.S. team in the International Six-Day Trial Motorcycle Races in Germany.

The first three days he won bonus points towards the Gold Medal but at the end of the third day, he turned off the course to avoid hitting a spectator and cut up his face, banged his leg and wrecked his bike. He had to withdraw.

Another time, in California, "I was in a bike race when the guy in front of me spun and I ran over his bike. I wound up in a tree with a gashed face, loose teeth and a broken thumb."

"I was afraid to go home," he said. "My manager happened to be there when I finally did. He and my wife took one look at my bloody face and thought my career was over. But plastic surgery fixed me up."

McQueen is convinced that California is the best place for automotive shots. "These young Californians know their machinery," he says. Detroit has had to produce the kind of big-displacement engines the kids want. Now the kids are becoming interested in handling qualities, so the manufacturers soon will be producing good street machines."

With Steve McQueen in the cockpit, "Day of a Champion" should be quite a film.

WHEELING
SPINOFFS: Do you drive one World?" as compiled by John

Track? His new list includes the following in order: Rolls-Royce, Lancia and Peugeot. Interestingly three of the "Seven Best" cars are German and Cadillac is the only American entry.

In 1966, President Johnson named the first Negro woman to a federal district judgeship in New York—Mrs. Constance Baker Motley.

ANSWER TO ICE on roads in winter may be these tiny metal cylinders that are the vital cores of studs for snow tires. They increase starting traction 71 per cent and stopping traction 30 per cent. The secret is hardness, say the developers, Firth Sterling Inc. of Pittsburgh, since the tungsten carbide metal is almost as hard as the diamond on this technician's finger.

Local Student Will Present Senior Recital

CANYON — Senior Dean Hearn from Pampa will be presented in his senior recital Monday, Feb. 6, at 4 p.m. in the Fine Arts Building auditorium at West Texas State University. The program is open to the public.

Hearn, a clarinetist, will perform three major selections in partial fulfillment of the graduation requirements for the Bachelor of Music Education degree. He is the son of Mr. and Mrs. Spence Hearn, 600 N. Somerville in Pampa.

He will be assisted by Mrs. Nancy Rath, Amarillo junior, as piano accompanist. Also appearing on the program will be his wife, Mrs. Elyse Hearn, San Antonio sophomore, flute; and Richard Rath, Pampa graduate, oboe, who will play Debussy's "Aubade."

Hearn, a student of Rowie Durden, assistant professor, has selected the three-movement "Concerto No. 3 for Clarinet" by Stamitz; Brahms' "First Sonata for Clarinet and Piano;" and Bernstein's "Sonata."

CHICAGO (UPI)—Owners of about 1,000 cars stranded on the Calumet expressway during the snowstorm were told Monday police had towed them away so snow removal could be accomplished.

Police said owners could pick up their cars at the city garbage dump.

RENO, Nev. (UPI)—"Always lock your car to prevent burglaries," Inspector John Paszek of the police auto theft division warned residents. The next day he reported burglars at his home had rummaged through two of his cars. Neither was locked.

Pharmacy Plans Formal Opening
The formal opening of Barney's Pharmacy, 300 S. Cuyler, has been announced by owners Guy Crawford, Bill Sprague and Bill Evans.

They have set aside today through Saturday for the public to come by and visit their store and get acquainted. Door prizes to be given away include a portable television and other prizes.

A drawing will be Feb. 4. You do not have to be present to win and are invited to drop by and register.

Barney's Pharmacy was first opened in 1928 in Borger and then expanded their facilities by purchasing and opening a store here Dec. 17. Their present location was purchased from John Lee Bell of Wilson - Bell Pharmacy.

Break
(Continued From Page 1)
that a Viet Cong military victory now is impossible.

In addition to these factors, there has been a notable increase in recent days of discussions between the North Vietnamese and officials of other countries about the possibilities of getting the U.S. bombing stopped or talking peace.

The Communists apparently remain as unyielding as ever on terms, but the fact that they are talking is taken as evidence of increased concern.

For months, they demanded that the bombings end unconditionally. Now they are beginning to talk about the possibilities of discussions with the United States if the raids end.

This is far from meeting U.S. demands for some reciprocal lowering of the Communist military effort, but to some officials it indicates a significant movement.

Insurance Seminar Includes Registration Of Two Pampa Men
J. David Fatheree and Leslie H. Hart, both of Pampa, were among 250 persons registered for the Annual Insurance Seminar of the Texas Assn. of Insurance Agents scheduled at the Austin, Feb. 5-8.

The three-day accelerated course will be primarily concerned with insurance innovations and insurance agency management techniques at an advanced level.

Obituaries
Mrs. Lula May Stein
Mrs. Lula May Stein, 78, longtime resident of Pampa, died at 5 a.m. today at her home at 1704 Alcock following a six-month illness.

Mrs. Stein, born May 4, 1888, in Lamar County, was married to W. M. Stein on July 2, 1912, in Chicota. The couple moved to Pampa from Roscoe in 1923. Mrs. Stein was a member of Highland Baptist Church.

Survivors include her husband of the home; two sons, L. A. and S. J. Stein, both of Pampa; three daughters, Mrs. Helen Elizabeth Lewis and Mrs. Reba Smith, both of Stinnett, and Mrs. Deloris Moore of Oklahoma City, Okla.; three brothers, John W. and Dewey Vandenberg, both of Chicota, and S. M. Vandenberg of San Antonio; 14 grandchildren and 12 great-grandchildren.

Funeral arrangements are incomplete at Carmichael-Wheatley Funeral Directors.

Accident Victim Reported Good
A Pampa woman, 55-year-old, Francis E. Ellington, was listed in good condition in Highland General Hospital Wednesday after being injured in a two-car accident Tuesday.

According to a Pampa police report, Mrs. Ellington was traveling south on Starkweather about 1 p.m. Tuesday when a car driven by John Herman Jones, 68, 601 N. Gray, collided with her vehicle at the intersection.

Jones was cited for failure to yield right-of-way.

Damage to the Ellington car was estimated at \$300 and to the Jones auto at \$250.

Wage
(Continued From Page 1)
time. But many were already getting rates above the applicable minimums, so only about 4.7 million will actually get raises.

The 9.1 million newly covered employees breaks down to:

Hospitals and nursing homes, 2 million; public and private educational institutes, 1.3 million; retail trade, 1.7 million; construction, 600,000; laundries, 500,000; restaurants, 500,000; hotels, 300,000; agriculture, 400,000; federal wage board employees and those paid from nonappropriated funds, 700,000; and 1.1 million employes in various fields.

Chamber Manager To Attend Fair Meeting
E. O. (Red) Wedgeworth, manager of the Pampa Chamber of Commerce, and Mrs. Wedgeworth, left today for Dallas to attend a three-day meeting of the Texas Association of Fairs and Expositions.

Headquarters for the state meeting is in the Baker Hotel.

Deputy Sheriff Gives Resignation
Gray County Sheriff Ruff Jordan announced today the resignation of deputy Ed Schneider. Schneider, office deputy for the past six years resigned effective today.

Jordan said he hopes to have a replacement for Schneider shortly.

BILLERICAY, England (UPI)
—The moonshine brewed up by four men appearing in court here Tuesday was strong enough to raise blisters on a painted wall.

In fact, the magistrates court was told, that's just what happened when customs and excise men tested the bootleg hooch found in a home-made still.

The men, Vernon Augustin, 53, his sons Jason, 30, and Robert, 23, and a friend, Philip Ellick, 20, were jailed for making alcoholic spirits, possessing it and selling it without paying taxes.

INDIANAPOLIS, Ind. (UPI)
—Bills were introduced in the Indiana General Assembly Tuesday calling for repeal of the 10 cent bounty on crows and calling for payment of 15 cents for a pound of silk cocoons.

Lefors Lions Install Four
The Lefors Lions Club installed four new members on ladies night recently making ten new members added for the year beginning in August.

At the meeting, contestants who won first, second and third place in the essay contest were recognized. Kathy Gatlin received a certificate of award for first place while Shirley Vincent and Gray Baker received recognition for second and third places.

Also, it was announced that the club's annual bucket brigade for the March of Dimes had netted \$80.

Pampan to Serve As Chairman for Fund Telethon
Gail Houck, 1943 N. Sumner, will serve as the Pampa chairman of the 1967 Heart Fund Telethon, local Jaycee president Jake Webb announced today.

The Telethon is scheduled to be broadcast from the Amarillo City Auditorium on Feb. 11 and 12.

Serving as vice chairmen will be Pampa Jaycees Edd Rowntree and Marshall Nelson.

Auditions for the 17-hour-long program will be held Sunday beginning at 2 p.m. in the KPND studios, according to Houck.

Winners of the local auditions will appear on the show originating from Amarillo.

In addition to talent from the Panhandle area, Houck said, there will be several nationally known performers on the telethon. High quality merchandise which has been donated to the Heart Fund cause will be auctioned off, he added.

Members of the Pampa Junior Chamber of Commerce and Jaycee-Etes will be taking calls from people in the Pampa area who wish to donate to the Heart Fund, Houck said. Representatives of the Jaycee group will pick up the donations.

Amarillo television station KPDA will televise the program starting at 10:30 p.m. Feb. 11.

Pampa Coed Cast Member
Janis Lynn Lively, daughter of Mr. and Mrs. Travis C. Lively Jr., 1212 Hamilton, a university of Texas student, is a cast member of the drama department's upcoming production of "The Government Inspector".

The play, by Nikolai Gogol, will be presented at 8 p.m. in Hogg Auditorium Feb. 14-18.

Notice
how many new cars look like old Pontiacs?

Other carmakers have already tried to copy our split grille, our stacked headlights, even Wide-Track. Of course, they haven't learned how to put them together right. Which is probably why people are buying 1967 Pontiacs even faster than they bought 1966 Pontiacs. And 1966 was our best year ever.

It seems that a lot of people don't want to wait around for innovations like our disappearing windshield wipers (articulated wide-sweep wipers—the kind you still get only on Pontiacs). And for imaginative options like our exclusive hood-mounted tach.

People like the idea that powerful 400 cu. in. V-8s are standard on all the big Pontiacs this year. And that nobody has even come close to the regular-gas 165-hp Overhead Cam Six that powers our Tempest series.

And people like knowing that all Pontiacs and Tempests come with the complete General Motors safety package.

Of course, somebody else may come up with a pretty good imitation of a 1967 Pontiac. In a year or two. But why wait? Your Pontiac dealer has the real thing right now.

BELL PONTIAC, INC. 800 W. Kingsmill, Pampa, Texas

Highlights and Sidelights

By YERN SANFORD
Texas Press Association
AUSTIN, Tex. —They're off! And running!

With a hearing Tuesday night on a bill to legalize horse-race betting in counties where voters approve, the Legislature got into full swing. Committee actions soon will lead to final decisions.

Organization of both houses is complete. To date more than 400 bills have been introduced and referred to committees. Meetings will be scheduled morning, afternoons and evenings to hear sponsors and objectors. To listen to those who think the bills should or should not be passed.

Floor action soon will begin in earnest and the pattern of the session will quickly take form.

CROSS-CURRENTS — One pattern emerging early has been a widening difference between the Senate and House leadership.

Senate majority seemed determined to pass a \$5,200,000 bill to give 20 percent overall pay raises to the 40,000 state employees by March 1. Speaker Ben Barnes and the House leadership seem equally determined to prevent it, and likely will succeed.

Gov. John Connally is readying his tax program, Lt. Gov. Preston Smith, noting that spending from the state's main checking account can be \$217,000,000 higher for the coming two years from currently expected revenues without new taxes, suggested that the line be held on taxes.

These differences point up the conclusions being drawn by Capitol observers that Smith will go for governor in 1968, ev-

en if Connally tries for that unprecedented fourth term.

BILLS, BILLS, BILLS — All 181 legislators have been busy introducing bills they feel should become laws. The range is wide, as always.

Rep. Jake Johnson of San Antonio thinks his bill to legalize the sale of liquor by the drink (labeled the LBJ bill liquor by the jigger) has a fighting chance. His poll of House members shows 67 for, 41 against and 21 undecided. He's thus only 9 votes shy of the 76 votes needed, with 21 members yet to poll.

Rep. James Slier of Naples has one to make Texas eligible for highway beautification money from the U.S., and to allow the Highway Department to buy scenic easements to move billboards and junkyards off the roadsides.

Rep. Dick Cory of Victoria wants to repeal the new Code of Criminal Procedure lawmen are fussing about, and to restore the old law. Others are proposing changes in the new law, and Rep. James E. Nugent of Kerrville, chairman of the House Criminal Jurisprudence Committee, invited everyone with ideas for improvement to let him know.

ELECTION CODE — That existing emotion from annual voter registration, which citizens over 60 years of age, living in towns of less than 10,000 now enjoy, would be removed from State law, under a bill by Rep. Gene Fondren of Taylor. This to clarify the election law.

Fondren's proposal would also mean that if you forgot your registration receipt, you would have to go back home and get it

or get a duplicate, because voting officials would not be able to accept your signature in lieu of that receipt.

MORE SALES TAX — Under a bill by Rep. John Traeger of Sequim, any city in the state would be able to collect a one per-cent sales tax, if a majority of its qualified voters approved. This method of financing city services.

The local-option sales tax proposal, which would be levied in addition to the existing two-percent state sales tax, was recommended by Governor Connally at the request of the Texas Municipal League.

LILY TRAP REMOVAL BILL — Relief for waterways clogged with prolific water hyacinths, often called water lilies, would be in sight if the Legislature passes a bill by Rep. Leroy J. Wieting of Portland. It would make possible State Parks and Wildlife cooperation in their removal.

PEW would be able to contribute 30 per cent — in money and/or man hours — to match 70 percent in federal funds to remove the lily and other insidious water plants where they fill up lakes and river reaches.

RIGHT-TO-WORK LAW — Rep. Don Gladden has filed a bill to repeal Texas' right-to-work law, and Rep. Bill Clayton of Springlake has filed a bill to strengthen the right-to-work law. So the House Labor Committee should be kept pretty busy.

Other labor proposals provide a state version of the Taft-Hartley labor-management relations act, and set uniform determination of prevailing wages for workers on public projects.

CATTLE FEED LOTS — Reps. Tom Holmes of Granbury, Alonzo Jamison of Denton, Delwin Jones of Lubbock and Bill Rapp of Raymondville are authors of a bill to require licensing of cattle feed lots and regulation of their operation. They said, "The Act is designed to protect and promote the public health and welfare by the establishment and enforcement of certain standards in the maintenance and operation of beef cattle feed lots."

It was recommended by the cattle feed lot division of the Southwest Cattle Raisers Association.

APPOINTMENTS — Governor Connally has reappointed John L. Hill of Houston, Secretary of State; Charles H. King Jr., Longview native, Commissioner of the Bureau of Labor Statistics; Maj. Gen. Thomas S. Bishop, Houston, Adjutant General; Brig. Gen. James D. Scott, Mineral Wells native, Assistant Adjutant General for Army; and Brig. Gen. James M. Rose, Denton, Assistant Adjutant General for Air.

AG OPINIONS — Atty. Gen. Crawford Martin has ruled that a constable is not barred by state law from becoming a surety on a bail bond, but there are circumstances that would make it official misconduct on his part.

Other rulings: That the Veteran's Land Board does not have authority to permit a veteran purchaser to substitute a different tract of land for one covered in a Board commitment prior to December 1, 1965. It is not illegal to catch fish not exempt from property taxes. When a sheriff arrests a person under a writ of attachment, he may elect to accept the arrested person's personal bond, if the civil court order does not specify sureties or other security.

WILDLIFE AREAS SOUGHT — Parks and Wildlife Department has proposed to legislative budget writers purchase of 233,000 acres of inclusion in 16 wildlife management areas in Texas.

PWD said 130,000 acres are needed in brush country — Rolling Plains, West Cross Timbers, lower Coastal Prairie and Pineywoods. Another 93,000 acres is requested for expansion of five existing management areas and preservation of native brush in the Lower Rio Grande Valley for nesting use by white-winged doves.

Departments asks authority to use unappropriated balances from \$7,000,000 Special Game and Fish Fund No. 9. State money would be matched by federal aid which would provide 75 percent of cash, under proposal advanced.

LB-PARK SHOWDOWN — Controversy over the value of the last 54 acres of land sought for Lyndon B. Johnson State Park in Gillespie County is roaring toward a showdown.

Tower Re-enlists In Naval Reserve And Is Promoted

WASHINGTON, D. C. — Seaman First Class John G. Tower, U.S. Naval Reserve, recently re-enlisted in the Reserve and was promoted to Boatswain's Mate Third Class. Boatswain's Mate Tower's civilian job is U.S. Senator for Texas.

Tower signed up for another four-year term in the Reserve and was sworn in at his Senate office by Commander Allen Lee P. USNR.

Tower is the only member of ship in the enlisted reserve. Many congressional aides reserve officers.

"When I went to Vietnam for the Armed Services Committee and visited a carrier I was still a Seaman First Class, but they treated me like I was somebody important," Tower said. "When I go this time, I'll at least have a little more rank — but I'll remember that it's the seamen who really make our Navy the finest in the world."

Tower, a member of the Armed Services Committee, served as a seaman during World War II on a gunboat in the Western Pacific.

The Texas GOP senator currently is on his third trip to Southeast Asia.

The trip, authorized by Senate Armed Forces Committee chairman Sen. Richard Russell of Georgia, will take Tower on another field visit to Vietnam.

"I want to complete this investigation before the Armed Services Committee's annual military posture hearings, and when I return I hope and expect to be able to advise the committee of any additional steps that can be taken to bring this war to an early, successful conclusion," Tower said.

The trip will include visits to Korea, Japan, Taiwan, Hong Kong, and Thailand, as well as Vietnam.

Tower made previous trips to Southeast Asia in November of 1965 and April of 1966.

Quotes In The News

By United Press International
LOS ANGELES — Dr. William H. Pickering, director of the Jet Propulsion Laboratory, predicting that the death of the three Apollo astronauts would only delay briefly America's space program:

"Fallen explorers, like fallen soldiers, must be an inspiration for the years ahead. We will not let this tragedy daunt us."

BOLOGNA, Italy — Italian opera director Alberto Arbasino, explaining why he put on the opera "Carmen" with the treader hero dressed like Superman:

"I wanted to show that lyric opera must be rejuvenated, liberated from all the false tinsel."

PARIS — Sen. Robert F.

Kennedy, after stating that France will play role in finding a peaceful solution to the Vietnam conflict:

"If that is not recognized by the spokesman in Washington, then we are in a greater difficulty than I have thought."

WAYNE, Neb. — English instructor Norman Hoegberg, offering his resignation from his post at Wayne State College: "I resign from the faculty."

In 1945, a syndicate headed by Larry McPhail and Dan Topping bought the New York Yankees baseball team for \$3 million.

Many of whom have lost their faculties where the administration doesn't care to sit with members of the faculty, where members of the faculty don't speak with the students, and students hardly move at all levels. The unacceptable sam-

DRUG SURVEY

WASHINGTON (UPI) — More than half the 246 drug manufacturers checked in a survey last year had products with unacceptable potency levels, according to the Food and Drug Administration. Of 4,573 samples collected, 376, or 8.2 per cent were above or below acceptable potency levels. The unacceptable sam-

The American Revolution lasted from April 19, 1775, to Sept. 17, 1783.

Planes came from 12 different companies the FDA said in a report Tuesday.

The survey, which began last spring, was limited to samplings of 20 types of drugs in which potency variations are of medical significance.

59TH YEAR

Astrological Forecast

By CARROLL RIGHTER

FOR THURSDAY, FEB. 2:
GENERAL TENDENCIES:—This is a day and evening when you need to be very down-to-earth, to steer clear of any upsets and to show others you are willing to consider more modern methods and alliances as well as more current ideas under which to operate more effectively in the days ahead. Be still, while observing others closely.
AIRES: (Mar. 21 to Apr. 19)—Getting better organized as to both personal and mercantile affairs brings more harmony with associates and loved one. Get that new bookkeeping system started. Be more efficient in the days ahead.

TAURUS: (Apr. 20 to May 20)—Sitting down with that individual who means a great deal to you, and being earnest will show what is best modus operandi in the days ahead. Forget tense situations. All will right itself easily soon.

GEMINI: (May 21 to June 21)—Go directly to members of own clan for the advice you need just at this time. Then follow through with intellect. Efficiency can put you right up to the top in a realitively short time. Be specific in speaking.

MOON CHILDREN: (June 22 to July 21)—Plan some time to show devotion to one who means a very great deal to you. Make sure you expand in some

(Smith's Studio)

APPEARING ON PROGRAM—A chorus, composed of Treble Clef Club members, will present patriotic selections in the "Parade of American Music" sponsored by the club at 3 p.m. Feb. 5, in Tarpley's Recital Hall. Members of the chorus include, back row left to right, Mrs. Lois Fagan, Mrs. Malcolm McDaniel, Mrs. Fidelia Yoder, Mrs. Gordon Boyless and Mrs. Roy Patterson; front row, left to right, Mrs. Mack Hiatt Jr. director; Mrs. Leroy Thornburg, Mrs. Joe Rogers and Mrs. Irl Smith. Another chorus member, Mrs. Lonnie Richardson, is not pictured. The public is invited to attend the program which will also include patriotic piano numbers.

talent that you possess. Do not keep putting that special gift aside or you can lose it.
LEO: (July 22 to Aug. 21)—An ideal day to talk over small matters with kin that are still very important. However, be diplomatic. You have to be practical if you want to get that problematical affair handled very intelligently.
VIRGO: (Aug. 22 to Sept. 22)—Keep steadily at plans now in operation instead of getting into new projects without being amply prepared. Do not make radical changes. Co-workers do not think as you do and this is good. More progress comes this way.
LIBRA: (Sept. 23 to Oct. 22)—You had better carry through with promises you have made though seemingly dull before you go out for pleasure. Use that ingenuity you possess: Evening will then be most edifying, pleasurable.

ing every regulations that pertains to you and associates, otherwise some bigwig really gives you trouble. Get at your regular duties with enthusiasm. Then they are speedily done, are no longer pestiferous.
PISCES: (Feb. 20 to Mar. 20)—If you keep occupied with some new outlet or reviving an old one, you forget that anxiety that could really give you anxious moments. Get information you need from one out-of-town. Postpone research from one close at hand.

Gardening News

By THELMA BRAY

The 1967 Almanac of the First National Bank of Pampa has some interesting suggestions for gardeners. "Try comforting your sick ferns with a cup of cold tea now and then. See how they revive! No lemon, sugar or cream, please. Put a sheet of aluminum foil behind house plants which have a tendency to grow crooked in following the light. They will straighten up and grow right."

"If bugs continue to plague the cucumbers, plant radishes

beside them. They will drive out the pests. Save all dairy products cartons for the planting of seedlings each winter, to be set

out in early spring. When setting out the seedlings, use an apple corer to dig the small holes; also to lift the small plant from the earth where it has begun its life.

"Wipe rubber, lemon and avocado leaves with a damp sponge dipped in milk. It will give them a lovely gloss. Save egg (See GARDENING, Page 7)

Dear Abby...
Young Lovers Need Some Sound Advice

DEAR ABBY: I am the mother of a 17-year-old girl who has never given us any trouble. She is an honor student and is active in her church group. While she never was wildly popular, she has had a few "steadies."

I have suspected for some time that she and her boy friend were going "all the way." My suspicions were confirmed last week. I am not guessing. I know. I live in fear that she will get pregnant. Should I come right out and tell her I know, and offer her protection with birth control pills? I do not use them myself, but I'm sure my doctor would prescribe them for me if I asked him to, then I could give them to her.

Should we forbid her to see this boy again? (He is only 18.) Please advise me, Abby. If I failed to prevent the tragedy of bringing an unwanted life into the world (or perhaps a botched abortion) — I would never forgive myself.

the emotional health of "young lovers."

DEAR ABBY: Will you please say a few words in defense of us wives who are constantly being accused of "murdering" our husbands by feeding them fattening foods?

My husband is overweight and I am sick and tired of having people tell me it's my fault—and that I should "watch him." I serve well-balanced meals and try to keep the calories down. I never make rich desserts. I give him fruit instead. But he raids the refrigerator every night.

He took up golf, but he rides around in a golf cart, eating candy bars, so a lot of good "golfing" goes him. After dinner he goes out to buy a paper, and he stops for a hot fudge sundae. So, how can I help him, Abby?

TORN

DEAR TORN: If you provide your daughter with pills you are in effect condoning her illicit relations. Have a frank talk with her and tell her that you know. Stress the dangers of pre-marital relations and the rewards of self-control. Do not "forbid" her to see her boy friend or you'll drive them to meeting on the sneak, which could make their clandestine meetings even more exciting.

Try to prevent them from spending too much time alone in tempting circumstances. Perhaps if your husband were to have a talk with the boy, it would help. Unwanted babies and botched abortions are not the only potential penalties for pre-marital relations. Venereal disease, fear of disclosure, and feelings of guilt and unworthiness do incalculable damage to

FATTY'S WIFE

DEAR WIFE: I could say a few words in your defense, but it won't help your husband. It's only one who can help him is the one who does his eating.

CONFIDENTIAL TO "LOST HIM": I am not surprised. One of the biggest mistakes a girl can make is to start "improving" a guy after the second date.

If the romance is going to amount to something, save all those loving criticisms for later. They'll keep. At the beginning, love him the way he is, or look for someone else who comes closer to your specifications.

How has the world been treating you? Unload your problems on Dear Abby, Box 69700, Los Angeles, Calif., 90069.

Senior Center Corner
By MRS. O. A. WAGNER

That stormy weather Thursday did not keep many members from attending Senior Citizens Center.

Asa Evans of Oklahoma City died Wednesday, a brother of Jay Evans. Mrs. Evans was not able to travel since she is not fully recovered from her recent illness, and they were unable to attend the funeral. In behalf of the members of the Center, we extend our sympathy.

Mr. and Mrs. Lewis Henderson were present and sporting a brand new white Chevrolet four door sedan.

Mrs. John Stephens and son Alan took Mrs. C. W. Lawrence, Mrs. Stephen's mother, to Oklahoma City Thursday to

visit another daughter Mrs. Cramer and family, returning home Sunday.

Mr. and Mrs. W. G. Lawrence attended the funeral of Mr. Lawrence's brother-in-law at Talequah, Okla. Last Tuesday.

Mrs. Emma Tubbs was dismissed from the Worley Hospital Thursday.

Rev. Charles Gates came over from Clarendon Monday and visited his mother, Mrs. P. H. Gates.

Mrs. E. B. Smith is still confined in the Highland General Hospital, and Clyde Gray is in Highland General.

Several from the Center attended the funeral Wednesday of J. V. Kidwell. Mrs. Kidwell was a regular attendee at the Center as long as his health permitted. We extend deepest sympathy to his family.

The Twentieth Century Forum Club was hostess group Thursday. Those serving sandwiches, cookies and coffee during the refreshment hour were Mmes. Frank Stofa, chairman, M McDaniel, J. R. Holloway, Joe Franklin, Holt Barber and Homer Johnson.

Cards were signed by the members to be sent to Mrs. Tubbs and Clyde Gray.

Red Cross Volunteers providing transportation included Mmes. Jess Hatcher, Lee Harrah, George Benham and A. D. Hills.

Gardening

(Continued From Page 6)

shells in a big glass jar and keep covered with water to use as a tonic for sick or dying plants. There will be a definite odor — but it will disappear."

Among the many fine new plant introductions for 1967 are three All-America selections. Silver medal winner digitalis foxy, to be offered in mixed colors by numerous seed houses, bears its 2½-foot-tall spikes during the first growing season, about five months after seeds have been sown. Marigold golden jubilee, a 20-inch high fifty-bred, bears fully double golden yellow flowers four inches in diameter. They are uniform, compact plants which begin to flower early and produce blooms abundantly. Bush-type sweet pea San Francisco produces salmon-cream-pink blooms on plants whose height varied in trials from 18 inches in the Pacific Northwest to 35 inches in Louisiana and Colorado. It was the most vigorous, non-shattering, multi-flowered variety in the All-America trials.

The Atlee Burpee Co. is offering a variety of new annuals for 1967. Fluffy Blue aster produces azure-blue flowers five inches and more across with curled petals resembling ostrich plumes making a showy display from early summer until late midseason.

Burpee rose zinnia bears five inch rose-pink blooms freely, starting when the plants are only fifteen inches tall and continuing until frost.

Multiflora-type floradale celosia grows about 18 inches tall with the scarlet center comb up

to eight inches across. The brightest shades of scarlet, orange, yellow and crimson, as well as pink and cream, are displayed in Burpee's glamorous shades snapdragons. Three foot high plants have long main spikes and many side branches.

THE PAMPA DAILY NEWS
WEDNESDAY, FEBRUARY 1, 1967

The George Park Seed Co. is introducing several new petunias including think pink, polka dot, bridesmaid, red and white delight and razzie dazzle. Feb. 1 and 2 will be good days to prune; Feb. 3-9 will be the time to get rid of obnoxious growth.

Whew! Pampa Breezes To 'Easy' Victory, Almost

By RON CROSS
Pampa almost breezed to an easy win over Caprock Tuesday night. Almost, that is.
The Harvesters did break a three-game losing streak, much to the delight of the largest student body gathering of the season, but they tried their best not to.
Pampa blew three different 32-point leads and had to win in the final minutes, 57-54 on a six-point fourth quarter spurge by center Bo Lang.

trict action adn 20-6 or the season, went off the court at halftime with a seemingly safe, 35-23 lead.
But it only seemed safe with the Horns cutting the margin to 44-38 at the end of the third period.
But still it looked like on a matter of time until the Harvesters put it away.
But Caprock outscored Pampa 12-4 in the first four minutes of the final period to take a 48-47 lead with 4:20 remaining that upped it to 50-47 at the four

minute mark.
But Steve Williams hit a free shot, then Rick Foster followed with another, then Lang goaled to give Pampa a 51-50 lead at the 2:52 mark before Caprock tied it 51-51.
But Lang hit two straight from the charity stripe and George Bailey goaled, then Lang goaled and the Harvesters were home free at 57-52 with 35 seconds to play.
James Duckworth, the district's leading scorer tallied 23 points to lead all scorers but

really had a bad night.
The 5'9" senior missed his first seven shots from the field and ended up with six of 21 but canned 11 of 14 free shots.
Pampa's Williams, who fouled out with 2:02 left after guarding Duckworth and doing a good job, led Pampa scoring with 19 points, followed by George Bailey with 12 and Lang with 12.
Pampa, who downed the Horns, 90-75 in the first meeting between the two clubs this season, missed enough free shots to have scored a hundred points in

this one.
The Harvesters managed only 19 of 36 charity tosses with 11 of them coming on the front end of the one and one.
But they hit 'em when they had to, pumping in seven of 15 in the final quarter with Lang hitting four straight.
It was Williams who kept the Harvesters in the game in the first half with the red-headed senior getting 13 of his 19 points in the first two periods.
After Caprock tied the game at 1-1 the Harvesters were nev-

er headed again until the final period. Pampa held a 12-6 lead with 2:45 left in the first period although the Horns closed fast to make it 15-13 when the quarter drew to a close.
But Bailey, Williams and Lang loosened up in the second period and with 5:32 showing Pampa owned a 21-15 lead and had their first 10-point margin at 27-17 with four minutes remaining and led by 12, 35-23 when the half ended.
The Harvesters last 10-point margin came with 4:10 left in

the third quarter at 39-29 and then it began shifting from six to eight points and closed at 44-38.
Duckworth hit two free shots and a basket early in the final period to close it to 45-42 with seven minutes remaining and then the Horns took their lead at the 4:20 mark.
Tascosa, who owns a victory over Pampa already this season, is the Harvesters next opponent. The two will meet Fri-

day in Amarillo, beginning at 8 p.m.
In other district action Tuesday night Amarillo and Tascosa remained tied for the league lead with perfect 5-0 records while Monterey stayed a close third at 4-1.
Amarillo clipped Plainview, 54-44; Tascosa downed Borger, 62-53 and Monterey stopped Palo Duro, 67-51; Lubbock Coronado blitzed Lubbock High, 59-45.

Shocks Run To 2nd Victory

Pampa's Shockers had no trouble running their season record to 22-5 Tuesday night and remained in a tie for the second half district lead for B teams.
The Shockers, despite a two-point effort by their leading scorer, waltzed to an easy, 74-44 victory over Caprock B.
Jim Hollis, carrying a 21.3 average and leading the Shockers in scoring, managed on 17 free throws the entire night.
But Mike Sublett, Johnny Epperson and Tom Ivey and Gary Parrish supplied all the power Pampa needed to sack up the victory.
Parrish scored 11, Sublett led all scorers with 15 and Epperson and Ivey had 14 each with Ivey scoring all of his in the final two quarters.
Pampa raced to a 13-7 first period lead and were well out in front at 38-21 at halftime and held a 54-34 margin after three quarters of play.
The Shockers see action again Friday night when they visit Tascosa for a 6 p.m. clash.

Clay Trying Again on Draft

WASHINGTON (UPI)—Heavyweight champion Cassius Clay is trying to take his draft deferment case to a Selective Service appeal board in Houston, Tex., where he is scheduled to fight Ernie Terrell next Monday.
Selective Service Chief Lt. Gen. Lewis B. Hershey said Tuesday night that Clay had applied to his local draft board in Louisville, Ky., for a transfer of records.
Clay, who also is known as Muhammad Ali, is seeking exemption from the draft on grounds he is a Black Muslim minister.
He already has lost an appeal for status as a conscientious objector, and his local board at Louisville has rejected the clerical claim.
Hershey said Clay had the right to take an appeal to Houston if that is his "place of employment." Since Clay is fighting Terrell in Houston, he has designated that city as his place of work.
The general said it would not be necessary for Clay to establish residence in Texas in order to have his appeal considered there.
He would not predict the result of Clay's new move, but said he thought the matter would be settled promptly—in a matter of weeks.
If the Texas board rejects his new appeal, Clay still would have the right to go to the National Selective Service Appeal Board.

Dead Aim

Pampa's Johnny Carlos takes dead aim on the basket Tuesday night and his aim was good as he scored an important basket in Pampa's 37-54 victory over Caprock. (See other picture page 9)

KREIS GETS 15 Ponies Take SWC Lead

By United Press International
Southern Methodist exchanged places with Texas Christian atop the Southwest Conference standings Tuesday night by nipping the Frogs 89-88 in Dallas.
In other SWC action, Baylor remained in the race by edging Texas 88-86 in Waco, and Rice defeated Arkansas in another close game 60-56 in Houston.
The lead changed hands 18

times in the TCU-SMU battle and the game was tied four times.
Lynn Phillips' free throw with only five seconds put SMU up by three points. TCU's Mickey McCarty then drove un molested for a basket to close to gap to the final one point.
SMU, with five players in double figures, was led by Phillips' 25 points and Charles

Beasley's 16. Beasley scored 12 of his points in the second half and stole the ball five times.
TCU's sophomore James Cash sank 10 of 13 field goal attempts for 20 points. Jess Evans collected 19 and Wayne Kreis and McCarty got 15 each for the Frogs.
SMU leads the league by a half-game with a 5-1 record. TCU, who entered the game undefeated and in first place, is second with a 4-1 mark.

Yankees Sign Mantle, Cubs Ink Banks

United Press International
The last-place New York Yankees and Chicago Cubs doled out an estimated \$165,000 in salaries Tuesday in hopes that a pair of aging sluggers can help to get them to first base in 1966.
The Yankees, stunned by their 10th-place finish in 1966, signed Mickey Mantle to a \$100,000 contract for a record fifth straight year while the Cubs, in the second year of Leo Durocher's three-year rebuilding program, reached terms

with Ernie Banks for about \$65,000.
Both sluggers are scheduled to start the 1967 season at first base—Mantle in an experiment being tried for the first time and Banks in a compromise which Durocher at first rejected and then accepted in 1966. The Yankees reached the conclusion last season that Mantle only risks injury by trying to play learned that Banks no longer has the reactions to play shortstop.

Darrell Hardy celebrated his 22nd birthday by scoring 31 points and grabbing 13 rebounds in leading Baylor to victory.
Randy Thompson hit four free throws and Jim Allen connected for two in the last minute of play to assure the win. Texas' Noel Stout closed the gap with a jump shot at the buzzer.
Jimmy Turner added 16 for Baylor. Billy Arnold had 20 and Stout 19 for Texas.

Word On Sale of Hawks Is Due Today

ST. LOUIS (UPI)—Ben Kerner, owner of the St. Louis Hawks, is expected to reveal today whether the team will be sold.
Michael J. Aubuchon, an attorney handling negotiations for Kerner on the possible sale of the National Basketball Association franchise, announced Tuesday that Kerner "was considering" all offers for the team.
Aubuchon also said that Kerner would definitely "make an announcement" today regarding the Hawks. Aubuchon would not comment further on the situation.
At least one bid for the

Hawks has been made, according to Harry Kessler, the head of a St. Louis group interested in buying the team. Kessler would not reveal the size of the bid but call it a "solid" offer.
Whether any other bids were received by Kerner was a matter of speculation.

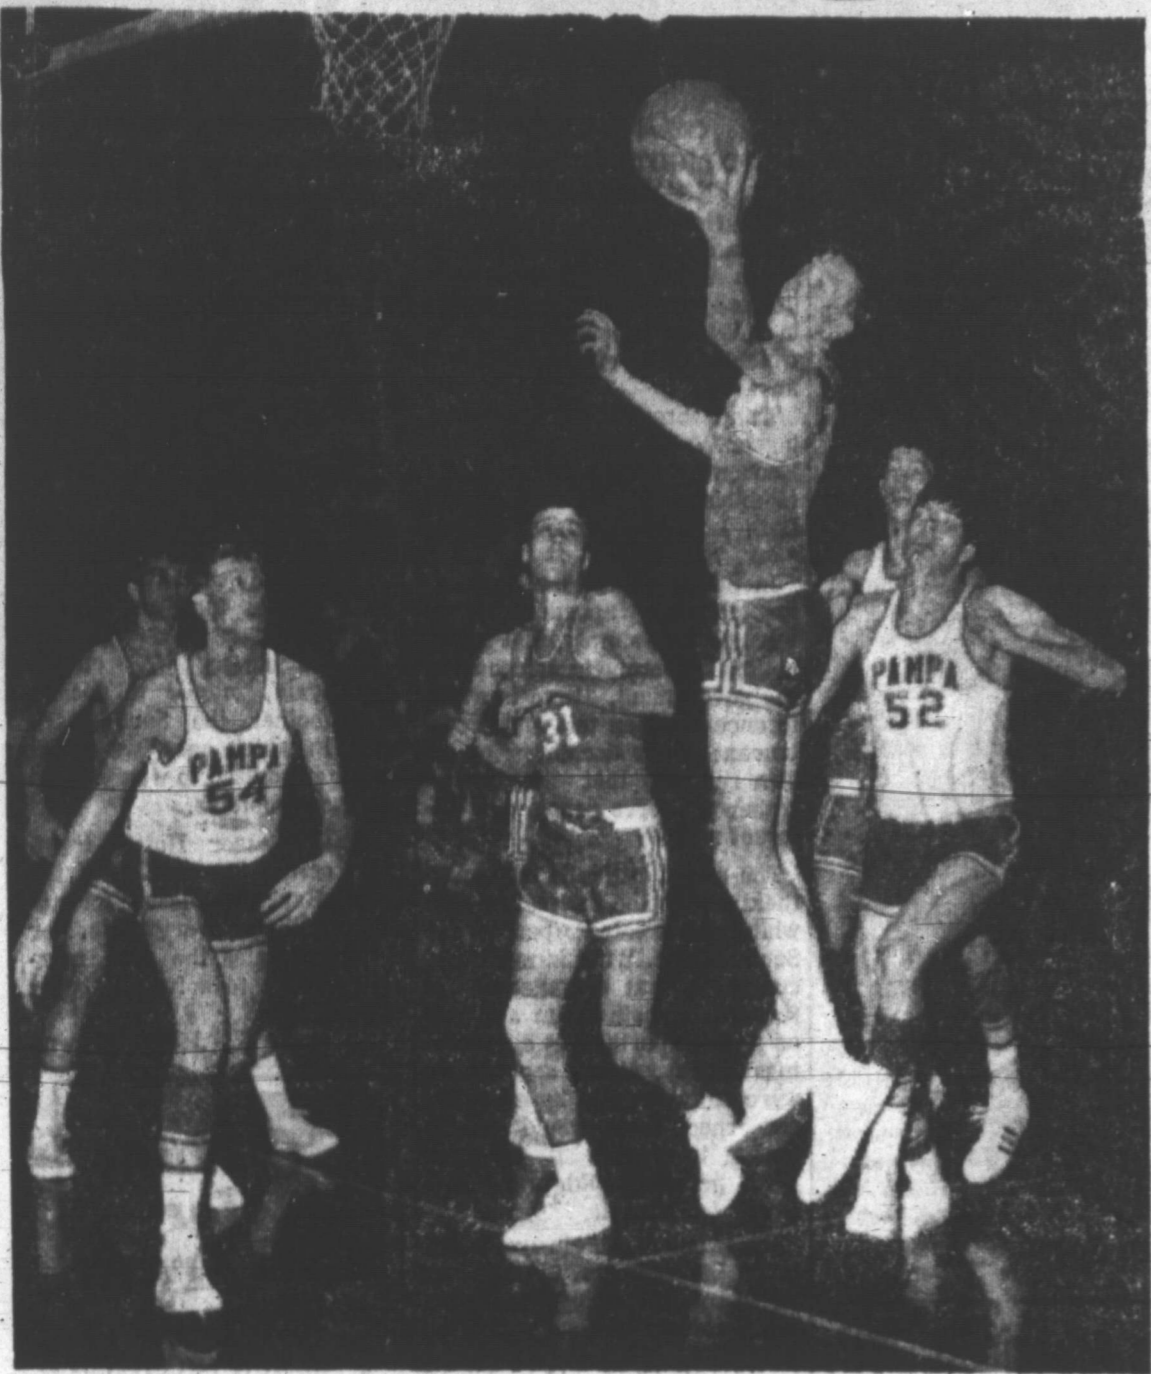

SCHOLAR DAY

NEW YORK (UPI)—The New York Yankees, in conjunction with the New York City Board of Education, Tuesday announced an "honor the scholars" day at Yankee Stadium April 29 with 15,000 honor roll high school seniors to be in attendance.

FOOD FOR THOUGHT

"Why is it a man wakes up in the morning after sleeping under an unadvertised blanket on an advertised mattress, pulls off advertised pajamas, bathes with advertised soap, shaves with advertised cream and razor, eats a breakfast of advertised cereal and coffee, puts on an advertised suit and hat, rides to work in an advertised car and then refuses to advertise his business, saying advertising doesn't pay? And then, if business is really bad, he advertises his store for sale?"

A SURE BASKET — Caprock's Jack Tracy (55) is about to put up a sure basket after getting free during Pampa's 57-54 victory Tuesday night. Beau Bond (52) wants a rebound as does Bo Lang (54) and Caprock's Tom Dunivan (31). (See story, picture, page 8).

Lee Eighth, Ninth Topple Dumas Twice

Lee eighth and ninth grade basketball teams made Dumas wish they'd stayed at home Tuesday when Lee made it two in a row over the Demons.

Lee ninth had no trouble in sacking up a 66-33 victory, storming from a 19-18 deficit at halftime.

Brantley paced Lee with 14 while Lang added 10 with Stafford high for Dumas with 10.

Lee eighth came on strong in the final quarter to down Dumas eighth, 37-25 handing the junior Demons only their second loss of the season.

Kihnerman paced Lee with 14 with Garren hitting eight and Thompson seven. Cathedral had nine to lead Dumas.

Lee is idle Thursday and Pampa eighth and ninth goes to Dumas for a pair of games.

Friday Lee seventh hosts Dumas and Berger Austin hosts unbeaten Pampa seventh.

FALLING LEAFS
TORONTO (UPI)—The Toronto Maple Leafs, trying to end their National Hockey League slump sent defenseman Kent Douglas to Tulsa of the Central Hockey League and recalled four players from their Roches-

Williams Paces All Shooters at Club

Several shooters showed Monday at the regular meeting of the Pampa Rifle and Pistol Club but none of them could match Kenneth Williams.

Williams won the .22 caliber shoot with a 286 with Fred Carothers second at 259. Jesse Goad was third with 252, then Albert Phillips with 248, Ralph Day 247, Mickey Miller, 234; J. T. Winborn, 220.

In the .38 and .45 caliber shoot Williams was first again with 274, then Carothers with 271 and Goad with 265, followed by Jack Mitchell with 261 and Miller with 201.

Expected to join the Leafs for tonight's meeting with Montreal are left wing Dick Gamele, the AHL's leading scorer, and most valuable player last season; right wing Jimmy Pappin; defenseman Larry Hillman and

AREA BASKETBALL ROUNDUP

Wheeler Gains 2-A Tie

The area basketball slate was light Tuesday night but Wheeler, White Deer, Briscoe and Miami made the most of it with Wheeler making the loudest noise.

The Mustangs tied for the district 2-A league lead by returning the favor to Clarendon for an earlier season loss.

Wheeler got a 30-point effort from Don Rives and whipped the Broncos, 62-52. Archie Smith paced Clarendon with 18 points.

Wheeler led by only two, 16-14 when the first period ended but upped it to six, 12-26 at halftime. The Mustangs kept that margin and closed the third quarter with a 48-42 lead.

The Wheeler girls got the night started on the right foot with an 43-34 victory over the

Clarendon girls.

Sue Richardson paced Wheeler, as she has done all season, with 25 points and Judy McAner hit 23 for Clarendon.

Wheeler led 12-9, 25-18 and 34-26 at the end of three quarters of play.

Miami took a single game from Kelton with the Warriors running to an easy, 55-41 victory.

Kelton took a 9-8 first period lead only to see the melt to a 22-13 Miami halftime lead and 39-25 margin after three quarters.

Ken Gill paced Miami with 21 points and Melvin Hunt was tops for Kelton with 17.

White Deer took a double victory from Canadian in a conference contest.

The Bucks trailed 11-9 after the first period but rallied for a 30-21 halftime lead only to see Canadian cut it to 37-35 after three quarters only to lose, 49-46.

Bobby Rapp paced White Deer with 16 and Kenny Steinhil had 16 for the Wildcats.

White Deer's girls didn't have as much trouble as the boys, winning, 53-31 with Jenny Hawpe scoring 19 and Polly Cleveland 10 for Canadian.

White Deer led 14-6 after one quarter, 23-16 at halftime and 37-21 after three quarters.

Briscoe took twin victories from Allison with the Briscoe boys taking a narrow, 49-48 victory and the Briscoe girls downing Allison, 45-31.

Allison led 15-13 at the end of the first quarter in the boys game but trailed, 22-21 at halftime and 34-32 after three quarters.

Mark Meek and Bill Walker scored 15 each for Briscoe and Howard Lobberger had 16 for Allison.

In the girls game Briscoe pulled to a 12-5 first period lead, made it 21-13 at halftime and 37-23 after three quarters.

Diane Kelly paced Allison with 16 and Dianne Dodd had 22 for Briscoe.

Golfers Tee Off Today In Annual Hope Desert Classic

PALM SPRINGS, Calif. (UPI)—The world's longest and craziest golf tournament gets underway today as the big three of pro golf tee off in the \$110,000 Bob Hope Desert Classic.

The eighth annual edition of the five-day Hope marathon runs 99 holes, ending Sunday at La Quinta Country Club.

Golf's big three, including Los Angeles Open victor Arnold Palmer, Crosby winner Jack Nicklaus and Billy Casper, were among the celebrities who began play today on four courses.

Besides the top money winners, the Hope Classic drew most of the big names of pro

golf including Tommy Jacobs, Billy Maxwell and defending champion Doug Sanders.

Celebrities in the field include Andy Williams, Vic Damone, Pat Boone, Ray Bolger, Don Adams, Phil Harris, Joey Bishop and Desi Arnaz.

Nearby Eldorado is the winter home of an amateur golfer named Gen. Dwight D. Eisenhower and the former President will present a trophy named after him to the winner among the 128 pro entered.

Proceeds of the tournament go to charity and since the Classic was started \$630,000 has been contributed to the Eisenhower Medical Center and other desert charities.

One Title Is Eluding Palmer

LONDON (UPI)—There is only one major golf title that has eluded Arnold Palmer and this year he plans to do something about it.

Palmer's business manager Mark McCormack announced Tuesday that the veteran pro may pass up the British Open to concentrate on capturing his first PGA title.

The winner of the last weekend's \$100,000 Los Angeles Open has come out on top in all three other segments of the Big Four—the British Open, the Masters and the U.S. Open.

Palmer has played in the British event for the past seven years, winning it in 1961 and again in 1962. This season it will be played at Hoylake, England, on July 12-15. With the PGA competition coming up the following weekend, Palmer feels he wouldn't be giving himself much chance of winning the elusive title because of the usual arduous play on the British links.

RETURN CONTRACTS
PITTSBURGH (UPI)—Catcher Jerry May and pitcher Al McBean Tuesday returned signed contracts to the Pittsburgh Pirates.

May, 23, batted 250 in 42 games last season while McBean, 29, was 4.3 with a 3.21 earned run average.

The Pampa Daily News

A Watchful Newspaper

EVER STRIVING FOR THE TOP O' TEXAS TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license, nor anarchy. It is control and sovereignty of oneself no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

Behind Sadism of Child Beating

One of the most distressing, and increasingly frequent, malades physicians have to diagnose is the "battered child syndrome." What kind of person — what kind of parent — could beat a child, sometimes to death?

responsible parents. They were egocentric, demanding people who reacted violently if their wishes were thwarted. Mothers were guilty almost as often as fathers.

Look Urged at Alcohol and Drugs

The most common experience in our society with mind-altering drugs is not with LSD or marijuana but the cocktail party, says Dr. Joel Fort of the San Francisco Health Department.

are, believes Fort, "not only unsuccessful but misguided." They have led to a Prohibition-like mushrooming of drug use.

Lucky you, Daniel Boone

So you haven't been feeling so hot? A little twitch here, a twinge there?

lions. And business pressures and frantic pace of modern living.

Two Homes Are ... Homier

It's getting so that if someone invites you to visit his home, you'll do well to ask, "Which one?"

modern primitive. And even if the two are halfway across the country from each other, neither has to be a mansion.

Pull Up A Chair

By FRANK JAY MARKEY

We've heard about "theater in the round" but in Wisconsin they take it literally. An amphitheater is planned there in which the audience seating area will rotate to reveal different scenes, pageants, or other spectacular entertainment.

Today's smile: Three elderly citizens were discussing the inevitable and one expressed the wish that he be buried with President Franklin Roosevelt whom he regarded as a very great man.

The auto industry has put some of its best brains to work to devise a way of destroying their old worn-out products.

Thoughts while shaving: Speed reading is the latest thing in education and we think it's okay if you can understand what you're scanning.

Country Editor speaking: "The fellow who builds a better mousetrap these days will have more tax collectors than customers beating a path to his door."

Wit and Whimsy: A missionary, lost in the jungle, was beset by a lion. The missionary knelt in prayer, then looked up to see the lion on his knees too.

Your Dental Health: By DR. WM. LAWRENCE First Visit to Dentist Child's Most Important

low-gear approach in dental offices seems to work best for most children, and for most adults, too.

Also, the type of treatment that Jacob got — cleaning and polishing with fluoride buffing paste, painting teeth with tin fluoride — can reduce incidence of tooth decay by as much as 50 per cent.

Hard To Choose A "Sentimental Favorite"

Backstage Washington

Chiang Kai-shek Probing Chaotic Mainland With Special Intelligence Groups To Learn If He Can Move

WASHINGTON — Generalissimo Chiang Kai-shek is conducting a series of wary military-intelligence probes to determine if Nationalist China can take advantage for the chaotic conditions on the mainland.

Specialized teams are being infiltrated into China by air and sea to survey conditions and check on the reliability and attitude of the 2.5 million-man Red army.

Another reason for the selection of these two Red armies for intelligence soundings is that their areas extend along the coast opposite Formosa and the Nationalist offshore strongholds of Quemoy and Matsu.

Control of these coastal regions would be vital for securing a bridgehead on the mainland.

RELIABLE UNITS — Red China's other two field armies — low-gear approach in dental offices seems to work best for most children, and for most adults, too.

Preparing children in advance by telling them all about the dentist, what a nice man he is, what marvelous equipment he has, and "he doesn't even hurt," are usually calculated to make young patients suspect that maybe the dentist isn't so nice.

Under a Mutual Defense Treaty signed during the Eisenhower administration, the Nationalists are required to consult the U.S. before undertaking any large-scale military operations against the mainland.

The American Way

By HARRY BROWNE

One very easy way to lose the opportunity to get the most from your life is by becoming preoccupied with your own investments of the past.

A few years back, a friend of mine brought stock for \$80 per share or \$8,000 total. After a few months, the stock had dropped to \$60 per share.

When I asked him what he was going to do about it, he said he would now just have to wait until Douglas went back up to \$80.

He was pre-occupied with his prior investment. His attitude (like the attitude of many individuals in many problems) was that he did not want to lose \$2,000 in the stock market.

But the loss was over; it was part of history — irreversible. There was nothing he could do to change it.

Now, with \$6,000 at his disposal, he must ask himself how he can increase it in the fastest way — since he was a speculator. If he believed that Douglas was the fastest-rising stock, he should leave it with Douglas.

But, obviously, he did not feel trained military establishment, but lacks modern artillery, tanks and jet aircraft.

Morocco has less than one-fourth this number, thus giving Algeria a tremendous preponderance in fire power and mobility.

Between the Bookends

ENLIGHTENMENT ON AFRICAN PROBLEMS

The recent battles over segregation and related problems in South Africa and Rhodesia have created two opposing positions in this country — neither of which may be offering efficient answers.

This is brought out by a reading of W. H. Hutt's book, "The Economics of the Colour Bar."

In South Africa, the politicians practice apartheid. This word means, simply, that segregation is coercively enforced by the government.

The retort to this is that apartheid serves the interest of both white and colored people in South Africa. What is meant, of course, is that segregation is favored by both white and colored.

The problem, as always, is too much government. And, as Professor Hutt brings out in his book, racial tensions would be less if the English had sought to create a free market in South Africa, instead of turning the country over to those who would use the power of government to enforce their personal tastes.

Professor Hutt, a first-ranking free market economist from the University of Cape Town in South Africa, argues persuasively for the benefits to be derived from an absence of government intervention in the marketplace.

But now, enter the accusers. These are the individuals in the United States, the United Nations, and Africa who say that South African policy is wrong. Wrong because there is too much governmental intervention into the lives of human beings.

So he should have put his \$6,000 into another stock, accepting his loss on Douglas and working to make \$2,000 or more profit on something else.

It hurts to have to admit that you put too much of your precious time or money into some poor investment of the past. But the sooner you accept the mistake as part of history, the sooner you will be able to move forward toward greater happiness in the future.

For instance, a man might say "I have 12 years invested in this marriage; I might as well stick it out now." But the years are meaningless. What is important is: "What do I have to show for the 12 years?"

If that is so, he might decide that 12 years of the future is too long to invest to bring himself back to where he is right now. But if he could develop a similar rapport with a new spouse in 12 days, his respect for the past 12 years is only preventing him from doing what is obviously more profitable.

When you are ready to sell something, you want to know only what is the highest price you can obtain in the market place. Your previous costs are unimportant. If you bought something for \$500 and now find that the most you can get for it is \$100, there is no point in turning down this best offer (unless you think keeping the object would be worth more than \$100 to you).

Why say "I'd be crazy to sell for \$100, something I paid \$500 for"? If you do, what you're really saying is: "I was crazy to pay \$500 for something I can only sell for \$100."

ings? No, only that the government's power is not being properly used.

And their solution, of course is to ultimately bring South Africa under the power of the U.N. Naturally, this will "solve" all the problems — as it "solved" them by destroying productive facilities and human lives in the Congo.

South Africans indeed have problems. They are faced with a not-too-juicy alternative: continued rule by their own power-happy politicians or new rule by the power-hungry UN clique.

But Professor Hutt's treatment of the "Economics of the Colour Bar" has a lesson for students of liberty everywhere. For it demonstrates the free market's ability to solve all types of problems.

— Harry Browne

Hunt for Truth

BY H. L. HUNT

GEMINI SUCCESS The second American man-space program is now history. It is history of which every American has a right to be proud.

The first American man-space program was Mercury and it attained its first great success when astronaut John Glenn circled the world in February, 1962. When Mercury was completed it was followed by Gemini, whose last mission was successfully completed in November, 1964.

The Gemini space missions demonstrated that two men could live, fly, maneuver and work in space, both inside and outside their capsules. The missions showed that two space-ships could be brought to a rendezvous and linked together by human hands and professional skill.

Many were the gloomy predictions at every stage in the Mercury and Gemini programs that would have had us believe outer space to be beyond man's grasp. Every failure and setback was held up by some as an obstacle we could not overcome. But every obstacle was overcome and all the difficulties proved short-lived. Americans are in space to stay.

The next man-in-space program, Apollo, despite its current tragic delay by the deaths of three astronauts, will lead directly to a manned landing on the moon. The space program is run by government and its critics claim, probably with some justification, that it has led to some extravagance and waste. But nothing can take away the enormous credit due to the splendid young Americans who have performed their duties as astronauts so well, setting a shining example to our own and to all other peoples. Their patriotism, dedication and high character have earned them a lasting place among our nation's heroes.

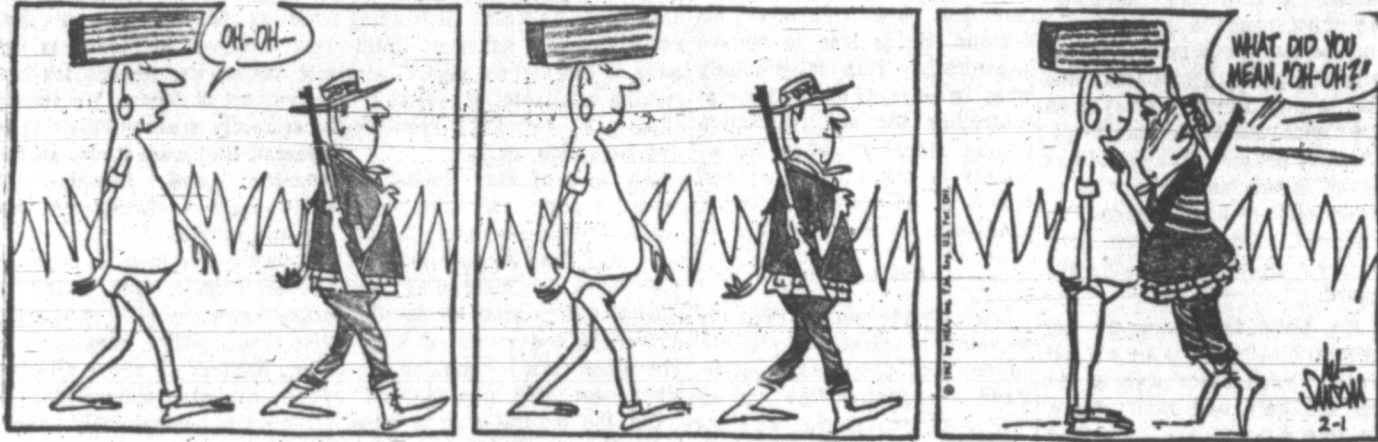

A thought for the day—English statesman Benjamin Disraeli said: "Man is not the creature of circumstance. Circumstances are made by man."

WORLD ALMANAC FACTS. Medievel European craft guilds were usually composed of three classes of members: the masters, journeymen and apprentices. The purpose of the guild was to maintain the quality of consumer goods, educate new members of the profession, regulate wages and prices, and form a monopoly of the town market against the intrusion of outsiders. In time, the World Almanac research finds, many of the guilds also became social and benefit clubs that produced plays, held feasts and colorful parades, and generally looked after the needs of their members.

Foreign News Commentary

By PHIL NEWSOM
UPI Foreign News Analyst

Orbiting high above the sandy wastes of Takla Makan Desert and the dried up bed of (lake) Lop Nor in Red China's Sinkiang Province in the late summer and early fall of 1964, U.S. spy satellites recorded the rise of a special kind of tower.

These observations—made it possible for the United States to announce nearly three weeks before the actual event that the Red Chinese expected soon to test their first atomic device.

From then until now, the Chinese have exploded five such devices, the last indicating they also had mastered the hydrogen weapon.

Presumably, all have been observed and pictured by U.S. satellites.

Less effective have been the outside world's observations of

the turmoil presently tearing at the inside of Red China in which the far western province of Sinkiang occupies a special place.

Borders U.S.S.R.
For Sinkiang not only provides the testing ground for Chinese atomic tests, it also borders on the virgin lands of the Soviet Union, and its very name is a constant reminder to the Chinese of the lost lands taken from them by Czarist Russia in the era beginning with the opium wars of the mid-19th century.

Translated Sinkiang means "New Borderland." And on the west and north its boundaries adjoin the central Asian republics of the U.S.S.R., originally seized by Russia in the final years of the Chinese mandarins.

Historically, Sinkiang has been populated in the main by two Turkic-speaking groups called the Uighars and the Khazaks, owning no loyalty to either the U.S.S.R. or China.

The Khazaks, living on both sides of the border, have been particular targets of both Peking and Moscow radios urging revolt against one side or the other.

In the 1950s both sides began sending hundreds of thousands of soldier-settlers into the area to assure ascendency.

Scores of Incidents
Between the two there have been scores of bloody border incidents. In mid-1964, the Soviets were reported shifting troops from Eastern Europe and northern Russia to the Chinese frontier.

In two weeks beginning in late December, 1965, the Chinese were said to have shifted 60,000 troops to Sinkiang Province, bringing their total there to 500,000 or more than one-fifth of their entire force.

Prevailing winds blow the poisonous fall-out from Chinese atomic tests from west to east, over Japan and the United States. But the presence of these tests within 500 miles of the Soviet border cannot have made the Russians happier.

Within turmoil-wracked China there have been two constants. One has been Chairman Mao Tse-tung's control of the country's propaganda organs. The other has been the fact that the turmoil has not disrupted China's nuclear testing, the last on Dec. 28.

Wall Street Chatter

NEW YORK (UPI)—Bache & Co. says the renewed enthusiasm spurred by Chase Manhattan's prime rate reduction seems capable of carrying the list into higher ground but it is obvious the current overbought condition of the list must face a correction period shortly. The company feels, however, the power of the January rise cannot be overlooked and indicates growing investor confidence that salutary governmental measures will serve to stimulate the lagging private sector of the economy.

Newton D. Zinder of E.F. Hutton says to judge statistics, it would seem the current advance has not yet run its course. The analyst points out that odd-lotters, or small investors, usually sell when the market is about to advance and

vice-versa. And in recent sessions the "little man" has been a seller, Zinder says.

Sylvan Epstein of Thomson & McKinnon says recent sideways action of the market has cleared up part of the list's overbought condition. The analyst believes a reaction is not yet at hand and it is likely a new recovery high will be reached before any real downside test begins.

NEW TELESCOPE
LONDON (UPI)—Britain's Science Research Council Tuesday authorized a grant of \$126,000 for the construction of a new radio telescope by Manchester University.

The university already operates three radio telescopes at the Jodrell Bank Observatory.

New Books on Shelves At Public Library

"The Mission in Sparrow Bush Lane" — Alfred Stanford; the over-all task of the officers and men assigned to the mission is to determine the economic strategy of the war, and this in the face of ever intensifying global intrigue.

"How to Sell Your Home for A Profit" — James P. Bandy; gives a step by step procedure in simplified terms for selling your home, whether you sell it yourself or work through an agent.

"The Psychoanalysis of Dreams" — Angel Garma; Dr. Garma's interpretations are exciting and remarkably clearly understood by the layman with no background in psychoanalysis.

Meteors are composed chiefly of iron, according to the Encyclopaedia Britannica.

"KLAUS TO RUSSIA VIENNA (UPI)" — The Austrian government announced Tuesday that Cancellor Josef Klaus will visit the Soviet Union March 14-21.

RETIREES AT 16
SACRAMENTO, Calif. (UPI) — Leontore Modell, the youngest person ever to swim the English Channel, announced her retirement Tuesday at the age of 16.

The Sacramento school girl churned across the channel in 1964 when she was 14 years old. The previous year she swam across Lake Tahoe.

"I got tired of it," she said. "I have been thinking about quitting for a long time."
