### Two Named Finalists In American Field Service Study Trip

Harriet Henderson, Pampa High School senior, and Chris Dunn, junior, have been selected as finalists in an American Field Service overseas study program and will know this summer if they vill be one of the AFS students finally accept

Arthur Howe Jr., AFS president, told Miss Mary Dean Dozier, high school faculty advisor, that Miss Henderson is . finalist in the winter school program and Dunn is in the summer school program.

In 1966, only 74 per cent of the finalists for the summer program went overseas to live in a home abroad and study.

The AFS board selects homes suited to each finalist's personality, Miss Dozier, a high school English teacher, said.

If a student will be accepand for the summer program he will know by June and if he will go for the winter program, he will be informed by July, Howe wrote in his letter to Miss

Tell your wife that her shopping tours are numbered. It has been planned for the future that she will sit at home and inspect goods on a picturephone and give her telephone orders to a computer. The merchandise will be delivered within 24 hours. What next?.. The U.S. is currently using 360 billion gallons of water a day, close to twothirds of the nation's supply. Projections show by 1980 water consumption will top 500 billion gallons a day.

That means Uncle Sam will have to find a cheap way to feed 200 billion gallons of desalinated water into the nation's pipelines to meet public demand. Right now desalinating sea water is a costly process.

AQUARIUS: (Zan. 21 to Feb. 19)— Advancement comes in business matters Mrs Caroline Davis, Panhan-

GENERAL TENDENCIES: Although now, so be sure to take advantage of opdeneral Tendencies: Although there is a harsh condition where yo u right progress is concerned and you need to refrain from forcing issues in most any way, you can also gain much headway by an attitude of charm and consideration for others which breaks harriers of resentment and brings you much of value to bring rehef from anxieties.

AREES: (Mar. 21 to Apr. 19) — There are pais who would be only too glad to why try to do everything yourself and become unnecessarily exhausted? Tak more time for recreational activities, also. Spend sensibly. tented most of the time. Since the ideas are big and money may not flow in as fast as desired. Nevertheless, the magnetism here is great and your progeny usually gets what is wanted in due course of time. Teach to smile more at right persons for best results. Help to work way through college.
