

55 Known Death Toll In Rio Grande's Flood

Laredo Water Down, Shows Bridge Is Gone

By DAVE CHEAVENS
LAREDO (AP) — Receding flood waters of the Rio Grande revealed this morning that three spans of the International Highway Bridge here were completely washed out by the history making flood.

FLOOD AID IS ASKED HERE

An appeal for summer clothing and bedding to be used in the Rio Grande and Ozona flood areas was voiced here Thursday by the Salvation Army.

Rise Expected In Number Deceased

EAGLE PASS, Tex. (AP)—At least 55 persons are dead in the Rio Grande's most devastating flood in history, but the death toll might rise to disaster proportions today.

Ciudad Acuna, Mexico, and downstream at Laredo, Tex., and Nuevo Laredo, Mexico, there were few casualties and no deaths from the unprecedented flood.

Phone Installers Stage Walkout Across Nation

NEW YORK (AP)—Seventeen thousand CIO workers who install and maintain telephone equipment were called on strike across the nation today but a delay in picketing eased any immediate threat of crippled phone communications.

Take To Rooftops In Flood

These people took to roofs and balconies in Piedras Negras, Mexico, across the river from Eagle Pass, Tex., as the Rio Grande swept past, inundating the city. The river crested in this area at 53 feet and 38 persons were known dead. (AP Wirephoto).

French Slash Delta Defense

By LARRY ALLEN
SINGAPORE (AP)—Much of the Red River Delta, key prize in the bitter Indochina war, was falling into the hands of the Communist Vietminh tonight without a fight.

French Union forces were evacuating swiftly from their hard-to-hold centers in the Delta area. The end to the savage 8-year-old struggle appeared to be not far off.

First Report Is Presented On Martin Finances

STANTON (SC) — Three committee members presented a preliminary study of Martin County's finances to the 118th District Court Grand Jury here Thursday morning.

Soap Box Derby Entrants Photos Wanted

Soap Box Derby entrants who have not yet had their pictures taken must do so by Friday noon if these are to be used in publication.

RACE DRIVERS' PHOTOS WANTED

Those who have not posed should report to Keith McMullin, Herald photographer, Thursday afternoon and Friday morning.

Whether the Delta then is swept by monsoon rains will make little difference.

Mrs. Roosevelt Cancels Her Plans For Soviet Trip

NEW YORK (AP)—Within hours of scheduled departure time, Mrs. Franklin D. Roosevelt canceled plans today for a trip to Russia because Soviet officials had withheld a visa for a trained newsmen or Russian speaking writer to accompany her.

HOUSE TO VOTE

Showdown Battle Ahead On Farm Price Supports Issue

WASHINGTON (AP)—The administration's politically explosive farm program faced its crucial test in the House today with President Eisenhower and many members of his own party bitterly at odds.

The House was called into session two hours ahead of normal to start voting on the farm bill and Republican House leaders were reported ready to offer a compromise which would preserve the President's program in bare principle.

Committee and calling for another year of price supports on basic crops at 90 per cent of parity. Parity is a standard for measuring farm prices said by law to give farmers a fair return in relation to their costs.

Safe-Cracking Try Is Made In Stanton

STANTON (SC) — An attempt was made to crack the safe of Blocker Oil Company here Wednesday night.

Forsan Woman Is Severely Burned

Mrs. C. V. Wash, Forsan, was severely burned about the legs and body Wednesday evening in an accident at her home.

27 Indictments List 26 Names

The Howard County Grand Jury returned 27 indictments in which 26 persons were named in its report last night.

Grand Jury Asks Police In 'Flats'

The Howard County Grand Jury recommended the assignment of two policemen to the "flats" section of Big Spring and questioned the adequacy and sanitary conditions of the city jail in a report filed in 118th District Court this morning by A. G. Mitchell, foreman.

FIREWORKS, TOO

Fifty-two girls will compete in Independence Day beauty contests here Monday night for the titles Miss Big Spring and Miss Howard County.

52 Girls Will Compete For Beauty Titles Here

The contests, sponsored by the Business and Professional Women's Club, will be held in the City Park amphitheatre. Music to be furnished by the Webb Air Force Band, will begin at 7:15 p.m.

Riding

THE GRUB LINE With Franklin Reynolds

The Future Farmer of America chapters at the high schools at Coshoma, Stanton and Hermleigh have been declared winners in the electric contests sponsored by the Texas Electric Service Co.

The Stanton chapter was winner in the Midland district; the Coshoma chapter in the Big Spring district, and the Hermleigh chapter in the Sweetwater district.

These were all chapter projects and chapter contests and winning chapters had the support of all members to make their efforts successful.

All along the boys at Stanton were satisfied they were going to be the winners in that district.

Each of the winning chapters will receive two trip awards towards expenses to the national FFA convention at Kansas City next October. These awards are \$75 each.

For scoring second in their districts the chapters at Sweetwater and at Dawson (in the Welch Community of Dawson County) will receive \$25 each. All cash awards to winning chapters will be presented at the state FFA convention this month.

In this contest the FFA members made some sort of an exhibit that required one or more rural electrification practices. The different schools demonstrated wiring, the use of safety precautions, fusing, and applications of electricity to motors. They constructed such projects as electric motors, pig and poultry brooders, water warmers, egg coolers, drill stands, trouble lights and many other items that could be used in the home or on the farm.

In doing all this work they used equipment and supplies furnished them by TESCO, in order that they might have all such items they needed for their electrical education without putting the various school boards to the expense of providing these things.

Jim Maddox, son of the late Price Maddox of Sweetwater, has taken over the active management of the 27-section ranch north of Silver, and is practicing growing season deferment on 6,000 acres of rangeland this year. He is deferring three separate pastures totaling this acreage.

His growing season deferment was started in May and will be carried through October. On 12,500 acres he has about 300 head of stock this year which is one animal to about 42 acres.

Last year, Jim says, they deferred 5,000 acres of range on their ranch near Maryneal in Nolan County and that on this 5,000 acres they have had the best grass they have had in 18 years. He says that while they were forced to defer grazing they are now convinced it is the best way in the world to get grass back on the rangelands. He plans to build three or four large stock tanks this year so as to make water more available and thus give him better distribution of grazing.

The ranch north of Silver has three distinct types of areas—shallow uplands, heavy clay hardlands and hills and ridges. He says he believes his conservative stocking rate plus the deferment will give most of his range the treatment it needs to make a good recovery.

What people say is the best stand of Blue Panic grass in Mitchell County is on the August Hayfield place near Lorraine. It is a six-acre planting that was made in a low natural drain or waterway which runs across the farm. He first got a clean seed bed by killing all the weeds and competition from annual grasses through plowing. Then he righted up his regular planter boxes so

they would not leak seed and used some special plates which had six small holes bored in them about 3-16ths of an inch in diameter. The grass was planted in regular width rows under a nearly level condition and covered about one inch.

Now the grass can be rowed from end to end and is big enough to be plowed. The seed bed is still clean. He will use this grass for grazing and for protection against erosion in this natural drain.

Four miles north of Lorraine there is a 50-acre tract that has suffered severely from three years of drought. As a result of blowing and no crops. The soil is low in organic matter and surface litter. It belongs to Claude Chapman and this year he is making a tremendous effort to bring it under control, to stabilize it and hold it, and build it up again.

This year he has planted 25 acres to guar and from 20 to 25 acres to Sudan. The guar has been planted in three-foot rows at the rate of six pounds and is up to a good stand.

He says the guar is for soil improvement, seed and residue. He is going to leave the Sudan with a tall stubble this fall and winter as a defense against the wind. He used an inoculant on the guar seeds. He explains that if he has success with this guar planting he will include it in a crop rotation program from here out following the guar with cotton.

Chapman rebuilt most of his terraces last spring. The channel part of his terraces had silted up to a point where they actually had but a very limited capacity to hold water. In this rebuilding work he moved most of the dirt out of the front channel of the terrace placing it in the terrace ridge. This resulted in a higher terrace with a larger amount of front channel, thereby giving it almost two times as much capacity as it would have had if built up from both sides.

Thirty-five acres of purple-hull cowpeas have been planted by Claude Hooks, on his farm north-east of Buford. He inoculated his seed and planted at from eight to 10 pounds to the acre in regular width rows. He says these summer peas are mainly for soil improvement.

This fall Hooks plans to plant Austrian winter peas for cover and soil improvement on 330 acres of sandy loam. He has also planned a long-range crop rotation program which calls for summer peas, winter peas, and guar in rotation with cotton and other cash crops.

He is making a little use of outside water on his flatter slopes with his syrup-pan water-spreading system. The Hooks farm is completely terraced and he does all his farming on the contour. Hooks says the time has arrived when legumes have become a "must" in West Texas farming if the farmers are to stay in business.

Sparkman (D-Ala) accused Republicans today of trying to brand the Democrats as "traitors" and Sen. Ferguson (R-Mich) retorted that the Democrats are becoming "cry-babies."

This clash of expressions came amidst these political developments likely to have an impact on the November election battle for control of Congress:

1. House Republican leaders maneuvered for a compromise on the Eisenhower administration's flexible farm price support plan

2. Democrats outnumbered Republicans in voting yesterday for passage of the administration's foreign aid bill, prompting Rayburn to remark that "it looks to me like we need more Democrats in Congress to help the President get his program through."

3. President Eisenhower called for bipartisan cooperation on foreign affairs, while declining to repudiate criticisms voiced by Vice President Nixon against policies of former Secretary of State Dean Acheson.

Sparkman, the 1952 Democratic vice presidential nominee, commented that "there just isn't any bipartisan foreign policy because

the Republicans still want the country to think the Democrats are traitors."

Ferguson, who heads the Senate GOP Policy Committee, said in a separate interview the Republicans have as much right to criticize what he called mistakes of past Democratic administration as the opposition has to differ on present foreign policies.

Nixon recently contended that Acheson's policies were responsible for the loss of China and helped bring on the Korean War and the troubles in Indochina.

Sparkman And Ferguson Exchange Political Charges

By JACK BELL

Congress Asked To Strengthen Border Patrol

By HARRISON HUMPHRIES

WASHINGTON (AP)—Congress has been asked to enact new laws and strengthen the border patrol in a crackdown on an increasing tide of illegal immigration from Mexico.

In a message to Congress last week, President Eisenhower requested a supplemental appropriation of three million dollars to permit the Immigration and Naturalization Service to enlarge its border patrol to capture and deport illegal Mexican aliens and to apprehend alien smugglers.

The requested money would be in addition to the 6 1/2 million provided to the department for border patrol activities in the regular appropriation bill for the coming 12 months.

In his message, the President concurred in the statement of Budget Director Rowland Hughes that "the heavy influx of illegal entrants across the Mexican border has created serious law enforcement and social-welfare problems."

Hughes said that although the problem has existed for some years, "devaluation of the peso in Mexico and other recent developments appear to have added impetus to this illegal immigration."

Along with the additional three million dollars, the Justice Department requested authority to purchase 24 additional patrol cars and three aircraft for use along the Mexican border.

In another attack on the so-called "wetback" problem, legislation has been introduced in the House and Senate within the past few days to make it unlawful for any person, corporation or association to employ an alien known to be in the country illegally, and to permit seizure and forfeiture of any vessel or vehicle used knowingly to transport illegal immigrants within the United States.

The employment and transportation bills were introduced in the Senate by Sen. Watkins (R-Utah) and in the House by Rep. Graham (R-Pa) at the request of Atty. Gen. Brownell.

The Senate Judiciary Committee has requested comments on the legislation from the Justice Department to seek a court injunction to restrain anyone who employs an alien known to have crossed the border illegally within the previous three years.

Watkins said the theory behind the legislation is that the illegal migration from Mexico is in large part caused by persons who know that the aliens enter the United States unlawfully but who nevertheless pay them for services rendered.

Changes In Policy On POWs Urged By Guard General

GATESVILLE, Tex. (AP)—The commanding general of the 49th Armored Division has urged a re-evaluation of policy governing prisoners of war.

Maj. Gen. Albert Sidney Johnson, commander of the National Guard outfit and a veteran of liberation Army work during World War II, said the prominence of Orientals in future wars will force a "new look" in prisoner of war treatment.

"Orientals who are brought up in squalor and poverty can't be expected to treat prisoners well," Gen. Johnson remarked in a speech to the Gatesville Lions Club.

The general questioned the wisdom of having American troops give only their name, rank and serial number when captured, observing, "this may invite torture from Orientals."

Machinists Held In Strike Incident

TEXAS CITY (AP)—Two members of a striking machinists union were held in lieu of \$1,000 bond here last night after an attack on a union official.

John H. Whitcomb, 34, and William D. Wild, 36, were arrested following the attack on Marvin L. Lachery, a committee member for Machinists Local 444 on strike against International Chemical Corp.

Dr. Bunche Agrees Desegregation Can Be Taken Too Far

NEW YORK (AP)—The director of the United Nations Division of Trusteeship, Dr. Ralph Bunche, is a Negro.

He is strongly in favor of desegregation. But, he told the 92nd annual convention of the National Education Assn. last night, he thinks it can sometimes be carried too far.

He said he had accepted an invitation at the University of Arkansas after receiving assurances that the Fayetteville audience would not be segregated. Afterwards, he said, the man in charge saw him to his train and sheepishly confessed:

"You know, when you wrote and asked about segregation we were in a spot. We had no intention of segregating the meeting, but the fact is that there are only about 15 Negroes in this whole county, and they are mostly sharecroppers who wouldn't turn out to hear Booker T. Washington himself."

"So, just to make sure you wouldn't think we were cheating you, we sent runners all the way to Little Rock and Pine Bluff to drum up enough Negroes to make a showing."

"I think that carrying desegregation too far," Bunche told his audience, "and I think some of those Negroes who traveled 250 miles to hear me speak thought so too."

Duval Grand Jury Indicts Three More

SAN DIEGO, Tex. (AP)—Nine more indictments, making a total of 27, have been returned by the Duval County grand jury.

The new indictments, returned yesterday, are against three persons whose identities have not yet been disclosed. They charge conversion of public money and theft over \$50.

U. S. Presses For Pact In Asia, Hails Anti-Red Guatemalan Win

By JOHN M. HIGHTOWER
WASHINGTON (AP) — The United States pressed today for early creation of an anti-Communist pact in Southeast Asia while hailing a victory over international communism in Guatemala.

Secretary of State Dulles, cautioning that "communism is still a menace everywhere," pledged the support of the United States yesterday to the people of Guatemala in their efforts to build a "prosperous and progressive" and non-Communist nation.

Several hours earlier, United States joined Australia and New Zealand in a declaration that there is "need for immediate action" to bring about early establishment of a collective defense in Southeast Asia.

The three nations are signers of a mutual defense treaty. Dulles met yesterday with Australia's Foreign Minister Richard G. Casey and New Zealand's Ambassador Leslie Knox Munro. Together they form a council set up by the "Anzus" pact, which takes its name from initials of the three countries.

Their declaration went beyond the agreement on a Southeast Asian collective defense announced Monday by President Eisenhower and British Prime Minister Churchill. The latter two said they would press forward with plans to secure Southeast Asia against communism whether the war in Indochina is ended or continues.

Diplomats agreed that the Anzus statement expressed a greater sense of urgency and implied that American consultation with the British government on future plans would be paralleled by talks with Australia, New Zealand and other nations having direct interest in stemming the Communist tide.

It was understood that American officials believe concrete plans may be made shortly after July 10, when armistice negotiations between the French and Communist forces are supposed to be concluded. This would obviate waiting for the July 20 deadline for an Indochina peace settlement which was set by the new Mendes-France government at Paris.

After he met with Casey and Munro, Dulles went on nationwide radio and television networks to make a statement on the Guate-

malan situation, which the Voice of America also broadcast over the world.

Dulles said "international communism" had sought for years to establish a Red front in the Western Hemisphere by building up power in Guatemala. He tied this operation directly to Moscow, saying the dramatic events of recent days — during which the pro-Communist government in Guatemala was overthrown — have exposed "the evil purpose of the Kremlin to destroy the inter-American system."

He also said this "intrusion of Soviet despotism was, of course, a direct challenge to our Monroe Doctrine — the first and most fundamental of our foreign policies."

POST GOES BEGGING

\$15,000 U. S. Sinecure Lacks Line Of Applicants

By FRED L. STROZIER

ASUNCION, Paraguay (AP) — A U. S. government job worth \$15,000 a year and allowances is going begging.

It is the post of ambassador to this smallest South American nation. The job has been vacant since last October.

In recent years most of the work has fallen on a series of counselors of embassy—Archibald Randolph, John Shillock and now David H. Maynard. But they have lacked the rank to deal most effectively with tough problems.

Wealthy U. S. campaign contributors looking for a likely embassy quickly pass over Asuncion after one hurried look at the State Department's report on the post. The capital has a bare 300,000 population and the nation only 1,200,000. There is almost no public entertainment, no good hotel, no good restaurant. Water comes from private wells, and there is no public sewage disposal system. Electricity and automatic telephones function irregularly. Mail, radio-telegraphic and telephone communications to other countries are slow.

To fill such an unattractive post in a hot, sea-level community, the State Department may have to

draft an unwilling career man for the ambassador's job.

Paraguay is friendly to Uncle Sam, who has poured funds into the country for a tuberculosis hospital and for valuable farm projects to help raise the nation's low standard of living. This friendship has stood the strain of a violent April revolution, the subsequent selection of a provisional president and the nomination of a new strongman general, Alfredo Stroessner, for the remainder of the presidential term.

Former Resident Dies In Fort Worth
Funeral services will be conducted at 4 p. m. Friday from the Dues-Were Funeral Home in Fort Worth for Mrs. Herbert Fox, former long-time Big Spring resident.

Lions Install New Officers, Present Awards

Officers who will serve until July 1, 1955 were installed by the Lions Club here Wednesday.

Schley Riley, past district governor, was installing officer. The new slate includes Gull Jones, president; Marshall Cawley, first vice president; Marshall Cawley and Carl Smith, vice presidents; Fred Sills, secretary-treasurer; Cliff Fisher and R. H. Snyder, Tallwaters; C. O. Hitt, Lontamer; Louie Carothers, Roy D. Worley, Willis O. Underwood, George Melear, directors; and Roxie Dobbins, immediate past-president.

Sam Burns and G. D. Maddox were installed as new members of the club with the Rev. Hitt doing the honors. Ludwig Grau was presented with his 2-year Old Monarch chevrons; D. S. Riley, J. T. Thornton, Otis Grafa Sr., and Dr. J. E. Hogan with their 15-year service awards. Attendance awards went to more than a score of members.

Larson Lloyd presented Dobbins with his past-president's pin and with a plaque. He also gave the treasurer's report for the year, reflecting an over-all budget of virtually \$10,000.

Pete Cook issued a final reminder to all members of the various committees to be on hand for the Soap Box Derby on Monday. Cars will be given final inspection Saturday morning and will be impounded so that they will be ready to roll on Monday morning, he said.

Story Of The Eclipse

Photographer Bill Seaman of the Minneapolis Star and Tribune exposed a negative at intervals of less than five minutes during the total eclipse of the sun in Minneapolis. The eclipse starts at lower left, reaches totality in center, and ends at top right. Most of the exposures were made at 1-200th of a second at f16. The exposure of the total eclipse was made at 1-50th second at f5.5. (AP Wirephoto).

Kremlin Might Use A-Power In Cold War

By ELTON C. FAY

WASHINGTON (AP)—Russia might be able to use a lead in atomic industrial power development as a lever to outmaneuver the United States in the cold war between communism and the free world.

American atomic officials contemplated this prospect today in light of the Soviet's claim to have put into operation a nuclear power plant with a 5,000-kilowatt electrical power output.

While there was no immediate

official confirmation of the announcement made by Moscow radio yesterday, there also was no disposition to deny that the Russians had succeeded in getting an atomic power plant into operation. Experts here well remembered the success of the Reds in producing a nuclear fission explosion in 1949—several years before the time generally predicted.

Those who look upon peaceful use of atomic power as an instrument of national policy contend: The nation which first succeeds in building practical atomic power plants capable of being assembled in components and shipped overseas will have an instrument to offer power - poor nations such as those of Southeast and Southern Asia, the Middle East, North Africa and in similar places.

If Russia should be ready first for the building and export of such plants, they say, she would have a good bargain to offer small nations which might be wavering between the free world and communism.

This is one of the arguments of those who urge a speedup in the United States' atomic industrial power development program, to telescope into something less than five years what they say would otherwise be a 10-year period needed to get nuclear power on a satisfactory, going basis.

Rep. W. Sterling Cole (R-NY), chairman of the Senate-House Committee on Atomic Energy, said yesterday the Russian claim underlined a new need for amending the Atomic Energy Act to facilitate power development.

Cole's committee approved unanimously late yesterday a package of proposed revisions designed to carry out President Eisenhower's program for exchanging some nuclear secrets with foreign allies and for permitting private industry into the atomic field.

The bill contains these broad provisions:

1. Authority for the President to give foreign allies information on the external characteristics of nuclear weapons and to supply them data on civilian power.
2. Authority, under congressional curbs, to pursue the plan for a global atomic pool for developing backward areas outlined by the President last Dec. 8.
3. Authority for private industry to operate atomic facilities and handle fissionable material as a means of stimulating the development of peacetime atomic power in this country.

Fighting Breaks Out Again Along Holy City Border

JERUSALEM, Israel Sector (AP)—Firing broke out again for the second time in 24 hours today over the Arab-Israeli borderlines in this Holy City.

Both sides admitted casualties and said they had asked U. N. armistice observers to check the "aggression" they charged to the other.

An Israeli army spokesman said that Jordanians posted on top of the old city walls overlooking Israel's sector of the city opened fire with rifles, machine guns and mortars at 5:30 a. m.

One Jewish woman was killed and three other persons wounded, he said. Eight other persons were reported wounded in the Jewish section by firing which lasted for an hour last night.

In Amman, the Jordan government charged that bombs from the Israeli section of Jerusalem fell near the British and American consulates.

One Arab Legion soldier was wounded during the night, it said. Neutral reports said both sides used heavy mortars in the firing.

Mystery Telephone Call Now Solved
LUBBOCK, Tex. (AP)—A money order and an apology from a serviceman's wife have solved the mystery of a long-distance call to Oklahoma City for which a Lubbock couple had been billed.

This week, Mr. and Mrs. Charles T. Read received the money order and a note. The woman writer said she had entered the unlocked Read home while the couple was away and called her husband.

"I know it wasn't the Christian thing to do," she explained, "but my baby was sick and I had to let my husband know."

U. S. Traffic Deaths Decline From 1953

CHICAGO (AP)—The nation's traffic deaths decreased in May, the fifth consecutive month which has shown a reduction from the corresponding month in 1953.

The May death toll was 2,960, the National Safety Council reported, a reduction of 3 per cent over May 1953. In the first five months this year, 13,470 persons were killed in traffic mishaps, a decrease of 5 per cent over the 14,150 reported in the corresponding period last year.

'Thing' On Sideporch Worth Due Caution
ROCHESTER, N. Y. (AP)—"There was this thing on the side porch," said Christopher Brenner of suburban Greece. "It kept getting in the way."

Brenner had moved into the house a few months ago. He took a plumber's advice against throwing the "thing" away.

Yesterday police removed it. City chemist John Temmerman later identified it as a bazooka shell.

Two Sisters Die At Husbands' Hands

RADFORD, Va. (AP)—A Radford woman was shot and killed by her husband here late last night, police said — the second of two sisters to be slain by her husband in six weeks.

The husbands then committed suicide in each instance. Officers said Guy Mills, 28, shot himself with a .22-caliber pistol after first killing Mrs. Lema Faye Wurzbarger Mills. The couple's small daughter was found unharmed in the Mills home here.

On May 19, Mrs. Joe D. Howell — Mrs. Mills' sister — and her two young daughters were shot by Howell, who then killed himself, also with a .22-caliber pistol.

Esco Hamlin Given Dinner On Birthday

LUTHER—Esco Hamlin was entertained with a birthday dinner by his mother, Mrs. O. E. Hamlin, recently. Guests were Mrs. Hamlin's sisters, Mrs. Roy Motley and three children of Stanton, Mrs. Neta Owens and Mrs. Hamlin's father, W. T. Turner of Eunice, N. M., and Roger Tate of Knott.

Recent visitors in the home of Mr. and Mrs. A. G. Smith were Mr. and Mrs. G. B. Smith and Mr. and Mrs. Cromwell Rhoton, all of Big Spring, Mrs. R. T. Harris and Judy of Trona, California.

Mr. and Mrs. Clifton Little of Houston have been visiting his parents, Mr. and Mrs. W. H. Little and a brother and family, Mr. and Mrs. Virgil Little.

Mr. and Mrs. W. D. Anderson is in Lubbock to visit a daughter and family, Mr. and Mrs. Norvin Smith Jr. The Andersons plan to go on to Amarillo to visit another daughter, Mr. and Mrs. Roy Eastland and children, before returning home.

Mr. and Mrs. Hollis Puckett and children returned recently from vacationing at San Antonio and Austin.

Mrs. Sus Lindsey and Sandra of Odessa visited her daughter, and family, Mr. and Mrs. Neil Spencer, recently.

Lamesa BPW Has Officer Installation

LAMESA — Mrs. L. E. Petty was installed as president of the Lamesa Chapter of the Business and Professional Women's Club Tuesday night at an installation dinner in Bart's Drive-in.

Other officers installed were Mrs. D. E. Huff, vice president; Mrs. Lillian Blanton, second vice president; Mrs. Dorwood Peterson, recording secretary; Mrs. Frank Dennis, corresponding secretary; and Mrs. Virginia Holley, treasurer. Mrs. Lillian Blanton served as installation officer.

Proceeding the installation ceremony, Mrs. Blanton presented Mrs. Floy Barfoot, retiring president, with an orchid corsage and a pot plant in appreciation of her work as president.

Arrangements of roses decorated the dinner table. Hostesses for the occasion were Mrs. Flora Leuenberger and Mrs. Irene McDaniel.

Summer activities for the club call for a monthly social and the annual barbecue for members and their families scheduled for the middle of July.

Women Of Church Hear Mrs. Moore

Mrs. Otis Moore conducted the meeting of St. Paul Presbyterian Women of the Church recently when they met at the church. She gave the opening and closing prayers and brought the lesson study. This was based on Scripture from Ephesians and gave the characteristics which a Christian should possess for effective daily living.

It was announced that there would be no meeting on July 5th because of the holiday, but members were reminded that the second Monday is to be used in visiting. On July 19, both circles will meet at the church. The circles are to help with the Westside Recreation Center this week.

Rasberrys Honored At Wedding Shower

Sgt. and Mrs. Curtis Rasberry, who are home on furlough from the Air Force, were honored with a post-wedding shower Tuesday night in the home of Mr. and Mrs. H. A. Davis, 1107 N. Gregg. Other hostesses were Mrs. Tom Castle, Mrs. M. A. Cockrell, and Mrs. W. W. Barber. Music was furnished by Mr. and Mrs. Castle, Don Rasberry, and Frances Davis. Sgt. Rasberry is stationed in Alexandria, La. Twenty-five guests attended.

Girl Scouts Return From Colorado Trip

LAMESA — Girl Scout Troop 13 has returned to Lamesa after a nine-day trip to Colorado. Mrs. D. E. Dudley, leader, Mr. Dudley and Mrs. Norman Frogger accompanied the seven scouts making the trip. The trip itinerary included stops in Colorado Springs, Denver and Estes Park. Cost of the trip per girl was \$2.50, which funds from bake sales, salted nuts and cookies helped finance. Scouts making the trip were Jan Britt, Lynda Lauderdale, Jean and Lynda Frogger, Patricia Ellison, Carolyn Porterfield, and Mary Beth Dudley.

Woman's Study Club Meets In Lamesa

LAMESA—The Junior Woman's Study Club met recently in the home of Mrs. Forset Mitchell. Hostesses for the occasion were Mrs. Louis Davis, Mrs. Charles Lusk, Mrs. Hugh Shady, Mrs. Carroll Brough, and Mrs. Harold Holmes.

Plans were made for a club visit to Girls Town in Whiteface on July 12. Members also decided to schedule the summer business meetings for the fourth Tuesday of each month. Regular socials will be held once a month during the summer.

Vacation Refresher

Lavender scented toiletries kept in a plastic kit in the glove compartment can keep you refreshed and clean on a motor trip.

Tips For A Happy, Comfortable Vacation

By VIVIAN BROWN
So you're going on a vacation. And after much planning, chances are you may arrive at your chosen spot minus many things that will make you comfortable, better groomed and more content. The best way to avoid that possibility is to make a list weeks in advance of your vacation. If possible, carry it in your handbag or tuck it up in your bedroom and jot down items whenever you think of them.

Make a list of categories such as "sports," "beach" or "mountain" (as the case may be), "evening wear," "bedtime," "car" (if you plan to motor), "beauty." Take each category on a head-to-toe basis. For car travel for instance, you'd want a bandanna or a brimmed hat, sun glasses, a light but comfortable suit or dress with jacket.

In the beauty department you'll want a little kit to carry in the glove compartment for quick brush-ups at roadside washstands. Equip a little plastic bag with a shaker of talc, soap, wash cloth, sachet, comb and brush. A light scent such as lavender in your toiletries shouldn't irritate the driver, and will give you a pleasant and refreshed lift each time you make use of them.

Ackerly FHA Girls End Summer Studies With Lubbock Trip

ACKERLY—The FHA girls celebrated the end of their summer home-making activities by going to Lubbock Monday. A movie and a swimming party were on the agenda for the day. Those making the trip were Helen Doster, Wanda Williams, Beverly Russell, Zenobia Crain, Freda White, Helen Reithmayer, Marsha Bea Rhea, Joyce Oaks, Esther Reithmayer, Mary West, Eula Maude Hamby, Mrs. W. M. Doster, and Frances Lay, teacher.

Eula Maude Hamby of Welch has been visiting her cousin, Helen Doster. Mrs. Bill Mesler and boys of Sundown spent the week end with Mr. and Mrs. W. M. Doster. Mrs. Lucy Britton of Big Spring visited recently with her parents, Mr. and Mrs. J. Archer. Mr. and Mrs. Tom Rodgers and Robert left Wednesday to return to their home in Tampa, Florida, after spending their vacation with his parents, Mr. and Mrs. M. J. Rodgers.

Ten From Big Spring Attend Reunion At Lamesa City Park

The descendants of the late William and Mary McNew held their annual reunion at the Club House in the Lamesa City Park recently. Mrs. Clyde Bailey of Lamesa was in charge of the arrangements. Next year the reunion will be held at the same place the first Sunday after Father's Day with Mrs. Alice Richards in charge. Carl Smith of Lubbock offered thanks. Those attending from Big Spring were Mr. and Mrs. Roy McNew, Mr. and Mrs. Dwight McCann and Coy Joe, Mrs. Bonnie Payne and Jackie, and Mrs. J. C. Gilbert, Janice and Fae. One hundred and sixty-five guests attended. Others were from Lamesa, Odessa, Midland, Andrews, Ft. Davis, Flores, Denver City, Post, Meadow, Snyder, Lenora, Seminole, Stanton, Loop, Lubbock, El Paso, Comstock, Amherst, Fortson, Hobbe, N. M., Willard N. M., Fresno, Calif., and Cortay, Colo.

Lamesa FHA Picnic

LAMESA — The Lamesa Chapter of the Future Homemakers of America had their annual swimming party and picnic Wednesday at Forrest Park. The arrangements committee was composed of Nancy Henry, Anness Pritchett, and Louisa Packer. The local FHA chapter furnished the drinks for the picnic.

Watch The Make-Up

Teen-ager Ann Whitfield feels that it is wrong for the younger set to wear too much make-up. The popular NBC actress takes time out for a root beer, here, between assignments on the "One Man's Family" radio show (she plays Penny) and its television counterpart (where she plays Claudia).

California Guests Visit Relatives

LUTHER—Guests in the home of Mr. and Mrs. C. H. Hyden have been Mr. and Mrs. Ross Hyden and children of Big Spring. Mrs. and Mrs. Delbert Simpson of Big Spring visited his mother, Mrs. Ruby Simpson, recently. Other visitors in her home have been Judy Harris of Trona, California, and Melissa Simpson of Big Spring.

Mrs. and Mrs. W. A. Collins of Electra visited Mr. and Mrs. V. C. Henry, Tuesday afternoon.

Mr. and Mrs. D. C. ant and Carol Gene attended the funeral of Mr. Zant's cousin Miss Martha Mae Davis at Hamlin, recently. Miss Davis, who was Baptist missionary to Mexico was injured in an automobile accident June 12th and died in a hospital in Irapato, Mexico June 15th. She was appointed to Mexico in April 1953 and had been serving as assistant directress of the Girl's Student home in Guadalupe. She was a native of Aspermont. Her parents are Mr. and Mrs. W. H. Davis of Hamlin.

A recent visitor in the home of Mr. and Mrs. W. D. Anderson was her brother, Scott Downing of Canyon, on his way to San Antonio to get his wife and baby, who have been visiting relatives.

Sgt. and Mrs. Curtis Rasberry of Alexandria AFB in Louisiana, Mrs. Howard Wood and Louie of Port Arthur, and Mrs. Kate McKinney of Diful returned to their homes Wednesday after spending a week here with Mr. and Mrs. Don Rasberry and Mr. and Mrs. Melvin Porter.

If you use instant coffee, you'll want to try Instant MARYLAND CLUB... double-quick to prepare, and superbly rich in REAL COFFEE FLAVOR! MARYLAND CLUB... the world's richest flavor in instant coffee!

Big Fiesta Being Planned by Chamber Group For Sept. 16

Plans are beginning to crystallize for a big September Dies-Seis celebration here.

The Latin American committee headed by M. R. (Ramon) Holquin, revealed tentative plans to city and county heads and Chamber of Commerce officials at a meeting in the Chamber offices Tuesday evening.

Usual fiesta activities will prevail, as for many years in the past, and Holquin. There will be the round of sports and social events, with music and gay folk and street dancing. One of the high spots will be the crowning of the fiesta queen.

Site for the evening events will be on NW 3rd. The street will be roped off and a platform installed for the orchestra and for the coronation. Various candidates will be nominated and there will be an election by purchase of votes. Proceeds will go toward financing the fiestas.

Holquin said the objective was to plan one of the outstanding celebrations in the region. He expressed the hope that the entire community will enter in and not those of Latin American extraction alone.

Attending the meeting were Holquin, Teseforo Fierro, Pedro Corcoran, Jesus Molina, Ramon Garcia, Martin Padones, Jose Zamora, Amanda Cortes, the Rev. B. A. Wagner, J. H. Greene, Chamber of Commerce manager, Mayor G. W. Dabney, County Judge R. H. Weaver, Joe Pickle, and Douglas Orme.

Sen. Butler Enters Hospital Following Stroke In His Home

WASHINGTON (AP)—Sen. Hugh Butler (R-Neb) was reported in critical condition at Bethesda Naval Hospital today after apparently suffering a stroke last night at his home.

The illness of the 76-year-old Senator was discussed by Rep. Curtis (R-Neb), a close friend, who issued a statement saying:

"Sen. Butler apparently suffered a stroke last night at his home here. He was taken to the Naval medical center at Bethesda, Md. His condition is critical."

Butler was re-elected two years ago for another six-year term. He is one of the oldest members of the Senate.

Butler is chairman of the Interior Committee and also a chairman of the Republican group which makes committee assignments for party members.

Butler apparently was in good health yesterday. He received a number of visitors in his office and took part in the voting in the Senate on tax legislation.

Trio Of Beauties In Berlin

Here are three reasons why the autograph hunters have been busy in Berlin during an international film festival. Left to right are actresses Sofia Loren of Italy, Yvonne deCarlo of Hollywood and Italy's Gina Lollobrigida. (AP Wirephoto).

NAACP To Seek Segregation End By 1955 Session

DALLAS (AP)—The National Association for the Advancement of Colored People wants a complete end to segregation in the country's public schools by September 1955.

Special Counsel Thurgood Marshall of the NAACP said in an interview yesterday that the organization's staffs over the country will work without vacations this summer to arrive at agreements with local school boards.

Marshall said it was the NAACP's desire to conduct all negotiations "on the local level."

At a session yesterday of the organization's 45th annual convention Clarence M. Mitchell called President Eisenhower's record as leader of his party in the civil rights field "a complete failure."

Mitchell, director of the NAACP Washington bureau, said there is "strong evidence that this administration has deliberately blocked

action" in the civil rights field.

Mitchell said Eisenhower deserves warmest praise for his executive orders attacking segregation, but he added:

"It is his political leadership which has fallen down."

Convicts Don't Run As Guard Succumbs

DOTHAN, Ala. (AP)—"There ain't a man who would run away from Mr. Ellison," a sorrowing convict told attendants at a hospital at nearby Abbeville.

And not a prisoner left when Otho Towns Ellison, 65-year-old guard, died of a heart attack Tuesday on a lonely road near this southeast Alabama town.

When the 20 convicts Ellison had been guarding brought his body to the Abbeville Hospital, the guard's revolver was still strapped to his side. Allison was working the convicts on a road project when the heart attack struck. He had worked for the State Highway Department for five years.

IT HAPPENED

Flying Courtships

OMAHA (AP)—If a girl is looking for a man she might well learn to fly to speed up her search.

That's the advice of Kenneth Newland, who directs the aviation program at Stephens College for Women at Columbia, Mo.

He told an air institute here, "The girls can really get around when they fly. They fly home on weekends from college. They fly here and there. You're bound to meet a lot of men that way."

Wrong Way Service

HARRELSVILLE, N. C. (AP)—Two fugitives from a North Carolina prison camp flagged a car near here yesterday.

Obligingly, Deputy Sheriff Leon Perry stopped, picked them up and carried them to the Harrelsville jail.

Object To Barking

MOBILE, Ala. (AP)—A proposed ordinance to limit the number of dogs in any household to three—and thereby cut down on howling and barking—will be considered by the City Commission Tuesday.

Commissioner Joseph N. Langan said yesterday that he knew of one property owner who keeps 27 dogs on his place.

Mu Zeta Barbecue

Barbecue was enjoyed by the Mu Zeta Chapter of Beta Sigma Phi and their guests at a party given in the home of Mr. and Mrs. Darel Hightley recently. Mrs. Jewell Reinhart was co-hostess. Guests were Mr. and Mrs. L. M. Tucker, Mr. and Mrs. Bill Crooker and Mr. and Mrs. W. S. Talbot.

Mr. and Mrs. Edgar Johnson, formerly of Ackerly, have moved to 607 N.W. 12 to make their home.

Two-Bit Campaign

BALTIMORE (AP)—Baltimore grocer Harry Kemper, who lost the Democratic nomination for state comptroller Monday by almost 150,000 votes, acknowledges he ran a two-bit campaign.

He said his total campaign expense was 25 cents— for stamps. Kemper polled about 33,000 votes.

Crash Injuries Kill Sherman Housewife

HOUSTON (AP)—A Sherman housewife was fatally injured in a highway auto accident two miles south of Spring today.

Mrs. Claire Cantrell, 38, died of head injuries in a hospital about three hours after the accident.

Seaburn A. Cantrell, 36, her husband and driver of the car, escaped serious injuries.

They were returning home from Galveston when their car went out of control beyond a bridge on U.S. Highway 75 and plunged into a 15-foot ditch before turning over.

Mrs. Cantrell was spilled from the car.

Rio Grande Section Disaster Ruling Due

WASHINGTON (AP)—The White House said today there probably will be action during the day to declare the Rio Grande flood area in Texas a disaster zone eligible for government help.

Murray Snyder, assistant press secretary, said a telegram from Governor Shivers to President Eisenhower had arrived during the early morning hours. Snyder said this immediately was directed into the proper channels.

The normal course, he said, is to ask the Civil Defense Administration for a report as the basis for action.

The European corn borer is believed by scientists to have been introduced into the United States from Hungary, being first discovered in 1917.

Alice Flood Control

WASHINGTON (AP)—The House Public Works Committee authorized the Army Engineers yesterday to make preliminary examinations and surveys on a flood control project on the streams in the vicinity of Alice, Tex.

KIDNEYS MUST REMOVE EXCESS WASTE

Feeling backache, loss of pep and energy, backache and dizziness may be due to disorders of kidney function. Doctors say good kidney function is very important to good health. When some everyday conditions, such as stress and strain, cause the important function to slow down, many folk suffer nagging backache and dizziness. Minor kidney irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 12 million kidney tubes and filters flush out waste. Get Doan's Pills today!

Sign Steel Contract

By ROBERT H. JOHNSON JR., PIEDRAS NEGRAS, Mexico (Herald Staff Writer) — Piedras Negras today was a crumbled town of mud, filth, muddy water, little children drinking from street puddles and campers mobbing food trucks.

The count of dead in the flood here still stood officially at 33. But my personal opinion is that it's much more.

Water still is three and four feet deep downtown, and that's the only place you can go because there are the only paved streets.

And what's buried under the mounds of dirt and stones that once were homes—you just don't know.

Barefooted Mexicans waded through the mud and water to start digging through their crumbled homes. They are mounds ten and twelve feet high.

The city has no water supply at all. The government is trucking in water from Nava and Viente, two little inland towns.

There's an emergency hospital at the village of Villa Fuente, about seven miles inland where doctors are giving emergency treatment.

I asked a doctor, "Any more dead?" "Aw, yeah," he replied, "but I don't know how many."

The doctor said at least 200 came this morning—they just come in and go out.

The doctors are giving the people injections, and the people don't know what is happening to them. They lay on the floor and scream.

Air Force helicopters are flying food and water over. They went over this morning with canned

meat. The Mexican army picked it up and drove to the hillside camps. But there everybody just went and grabbed.

People still are camped all over the hills. Downtown the water mark is from 3 feet to over the tops of the buildings.

Misery huddled at the airports at Eagle Pass and Piedras Negras, Mexico, across the Rio Grande which has been on its worst flood.

\$75 Fine Set In DWI Case

Blaz Armendariz was fined \$75 and costs in County Court this morning when he pleaded guilty to charges of driving while intoxicated.

Charges against Armendariz were filed on complaint of Highway Patrol officers. They said he was driver of a car involved in an accident on Highway 80 at the eastern edge of Big Spring Wednesday evening.

Virgil Ray Pasley, of the Big Spring Trailer Courts, was driver of the other car involved, Patrolmen said. Damage was light.

Also fined in County Court this morning was Gerald H. Eroh, who also pleaded guilty to driving while intoxicated charges filed on complaint of the Highway Patrol.

Charges of driving while intoxicated were filed Wednesday against Milton Jackson Miller Jr. Miller still is in Cowper Hospital for treatment of knee and shoulder injuries received Tuesday night when his car overturned on Highway 80 about seven miles west of Big Spring.

Van Elston, also injured in accident, was being treated at the hospital. Both men are from Midland, the Highway Patrol said.

June Construction Runs To \$250,885

A total of 181 permits, listing construction at \$250,885, was filed at Big Spring City Hall during June.

This brings the construction figure in Big Spring for the first half of the year up to \$1,325,150. There have been 477 permits filed.

Thirty-one permits were taken out in June for new structures valued at \$121,240. A total of 101 re-roofing permits were filed for projects totaling \$41,725.

There were 16 permits for additions which totaled \$40,285. Other permits included 18 remodeling for \$37,695, one demolishing for \$4,000, and 14 moving for \$5,950.

February has been the top building month so far, with 55 permits filed for \$383,880. In April 61 permits were filed for \$351,955.

Lamesa Man Files Suit For Damages

Ersell Hope, Lamesa, has filed suit for damages in 118th District Court against Johnny McGowen and wife of Big Spring. He seeks judgment for \$46,500.

The plaintiff alleges that negligence on the part of Mrs. McGowen contributed to an automobile accident in which he was injured on April 9. Hope says he was a passenger in a car which was in collision with another vehicle driven by Mrs. McGowen.

He asks \$40,000 for loss of earning capacity, \$1,500 for hospital and medical bills, and \$5,000 for suffering.

Attends Bar Meet

Walton Morrison, Big Spring city attorney, is in San Antonio this week for sessions of the State City Attorneys Association and the State Bar Association.

DEATH TOLL

over a state highway covered by two feet of water. By nightfall, it was expected that auto traffic might be approaching normal.

The Red Cross began giving typhoid injections to an estimated 5,000 persons at Laredo. They were from the 1,200 families forced from their homes by the floodwaters.

Dawson Wildcat Test Finds 120 Feet Oil And Gas-Cut Mud

A total of 120 feet of heavily oil and gas-cut mud has been recovered on a drillstem test of the Mississippian at Magnolia No. 1.

In Howard County's Luther Southeast pool, Texas Pacific Coal and Oil No. 1 Underwood reportedly flowed 238 barrels of oil in two hours and 15 minutes. The same firm's No. 2 Haney had 60 feet of highly oil-cut mud and 270 feet of oil and gas-cut mud on a Siluro-Devonian test.

Standalone No. 1-A J. Y. Graves in Southeast Dawson flowed 16 barrels of new oil from the Dean sand on plug back tests. New area locations were spotted in the Moore and Oceanic fields.

Borden

Pan American No. 1-B Good, wildcat in Southwest Borden, was in sidetrack hole today at total depth of 7,963 feet in lime and shale. Whipstock has been set at 7,963 feet. This wildcat has flowed oil and water on drillstem tests of the Pennsylvanian, and the sidetrack hole is being made in an attempt to cut off water. Location is C SE SE, 2-33-3n, T&P survey.

The prospector is about three miles northwest of Vealmoor. Phillips No. 1 Quartz, C NW SE, 15-33-4n, T&P survey, got down to 6,155 feet in lime and shale. Gulf No. 1-E J. L. Higginbotham, C SE NE, 18-31-3n, T&P survey, has depth of 790 feet, and operator is waiting on cement for 13 1/2 inch casing.

Hanley No. 1-B H. D. Beal, C NE NE, 23-31-3n, T&P survey, is drilling at 4,310 feet in lime and shale.

Dawson

Magnolia No. 1 Foster, wildcat in South Dawson, had good oil shows on a drillstem test of the Mississippian. The test was from 11,430 to 11,465 feet and the tool was open two hours. Recovery was 15 feet of gas-cut mud and 120 feet of heavily oil and gas-cut mud.

Flowing pressure was 105 pounds, and the 15-minute shut-in pressure was 500 pounds. This prospector is about 3 1/2 miles east of Patricia and some 10 miles south of Lamesa. Top of Grayburg was picked at 4,010, top of Dean was 8,990, top of Pennsylvanian was at 10,067, and top of Mississippian was logged at 11,315. There were no shows in the reef lime. Drillstite is C NW NW, 22-36-4n, T&P survey.

Vega No. 1 Glen F. Pool, C SW SE, 123-ME&ERB survey, bored to 4,530 feet in lime. Standalone No. 1-A J. Y. Graves, C SW SE, 48-34-4n, T&P survey, flowed 20 hours through a 30-64th inch choke to make 100 barrels of load oil, 143 barrels of fracture fluid, and 16 barrels of new oil. Operator is still flowing project to test. Recovery is in the Dean sand from perforations between 2,256 to 2,298 feet. This wildcat was originally completed as a producing well in the Pennsylvanian but apparently became depleted.

Howard

Texas Pacific Coal and Oil No. 1 Underwood, C SE SE, 15-32-2n, T&P survey, flowed 238 barrels of oil in two hours and 19 minutes. Flow was from zone between 9,900 and 9,934 feet, and the test was fluid surfaced after two hours for five hours and 15 minutes, and 15 minutes. Gas-oil ratio was 94-1. In addition to the flow recovery, operator reversed 26 barrels of oil from the drill pipe. Flowing pressure was 275 pounds, and the 30 minute shut-in pressure

was 1,825 pounds. Operator is now coring at 9,944 feet in lime. Texas Pacific Coal and Oil No. 2 J. O. Haney, C SW NW, 4-3-2n, T&P survey, had recovery of 60 feet of highly oil-cut mud and 270 feet of oil and gas-cut mud on a drillstem test from 9,875 to 9,929 feet. Flowing pressure was 200

AF Operates Own Recruiting Service

The United States Air Force today took over operational control of its own recruiting service. Since 1947, when the Air Force and the Army became two separate organizations, Army and Air Force recruiting was accomplished by a joint effort.

The organization given the responsibility of handling the new system has been designated the 3,500th USAF Recruiting Wing at Wright-Patterson Air Force Base, Dayton, Ohio. Brigadier General Arno H. Luehman, former Air Force public information deputy, has been named commander.

The new set-up, designed by Secretary of Defense Charles Wilson, was initiated because of the defense build up and prevailing world conditions. A bill was signed recently giving the Air Force and Army separate control of their respective recruiting machinery.

This move, Wilson believes, will give each line of defense more efficient and economical control of their individual recruiting needs, resulting in more protection per defense dollar.

To Project Race Film

A film of the Mexican National Stock Car Race of last year will be shown at 8 o'clock tonight at a meeting of Mead's Auto Supply personnel. Showing will be in the Settles Hotel ballroom. It is sponsored locally by Mead's and Walker Auto Parts. Anyone may attend.

GRAND JURY

(Continued From Page 1) ter known as the flats, to be on duty from sunset to sunup each day.

"The complete report, addressed to Judge Sullivan, follows: "We the Grand Jury for the June term, 1954, wish to make the following recommendations. After thorough investigation reference same:

"FIRST: That inter-communication be installed in the Howard County Jail.

"SECOND: That two (2) doors be placed in run-around to prevent passing notes and other objects in the County Jail.

"THIRD: That after making an investigation of the City Jail; that we the Grand Jury find that the jail is inadequate, unsanitary and recommend that these conditions be corrected.

"FOURTH: That the City officials see to it that two (2) permanent beat men are placed on the North side of the City of Big Spring, in the community better known as the flats, to be on duty from sun set to sun up each day.

"FIFTH: We the Grand Jury recommend that the law enforcement bodies of Howard County and the City of Big Spring, Texas maintain a closer surveillance of all persons underage who are loitering in or around places that sell intoxicating beverages or buying intoxicating beverages."

GRAND JURY HOWARD COUNTY, TEXAS JUNE TERM, 1954

BY: A. G. MITCHELL, Foreman

pounds, and 30-minute shut-in pressure was zero. Operator is preparing a deeper drillstem test at 9,958 feet.

Southern Minerals No. 1 W. H. Homan, C SE NW, 45-33-3n, T&P survey, hit 7,537 feet in shale and sand.

Warren No. 1 Dorothy Iden, 330 from south and east lines, west half of northeast quarter, 26-33-3n, T&P survey, is reported making hole at 2,732 feet in shale.

A. K. Turner Jr. No. 3-A Hewett is a new Moore Field project some five miles southwest of Big Spring. This location is 900 from north and west lines, 30-33-1s, T&P survey. It will be drilled by rotary to 3,500 feet.

Oceanic et al and Phillips No. 7 J. F. Winans has been spotted in the Oceanic field as a 8,300 foot rotary try. It is one mile southwest of Vealmoor, drillstite being 880 from north and west lines, 25-33-2n, T&P survey.

Oceanic No. 6 J. F. Winans, C NE SE, 25-33-3n, T&P survey, is waiting on cement for 13 1/2 inch casing at 406 feet.

Amerada No. 1 Ben Whitaker, 660 from south and 1,980 from west lines, north half, 17-25-E&T survey, has 8 1/2 inch casing set at 2,583 feet, and operator is waiting on cement.

Shelly No. 1 R. T. Shafer, C SW SW, 12-25-E&T survey, has a total depth of 7,587 feet, and operator is waiting on cement for 5 1/2 inch casing on bottom.

Harper and Huffman No. 1 Ida M. Oldham, C NE NW, 41-27-E&T survey, reached 4,425 feet in shale.

Lone Star No. 2 Mittie Walters, 1,650 from north and 2,970 from west lines, 34-34-1n, T&P survey, is rigging up cable tools to complete.

Lone Star No. 3 Walters, 2,318 from south and 2,970 from west lines, 34-34-1n, T&P survey, is having 5 1/2-inch casing set at 3,191 feet, total depth. A core from 3,143 to 3,191 feet had recovery of 40 feet of dolomite with slight porosity and sulphur odor. The bottom six feet had heavy porosity.

Pan American No. 2 Iden, 660 from east and 990 from south lines, 26-33-2n, T&P survey, is drilling at 6,425 feet in sand and shale.

STERLING

Panuco No. 1 J. E. Chappell et al, 330 from north and west lines, 69-18-SPRR survey, bored to 5,657 feet in shale and sand.

INDICTMENTS

(Continued From Page 1) burglary, \$1,000. George Yager, child desertion, \$1,000.

Della Cravens, forgery, \$2,000. Fred O. Trevino, possession of marijuana, \$2,000. Leonard B. Thomas, forgery, \$1,000.

John W. Walker, driving while intoxicated, second offense, \$1,000. H. D. Van Zandt, defrauding with worthless check, \$2,000.

James W. Matlock, burglary, \$2,000. Antonio Sanchez, possession of marijuana, \$2,000. Vester L. Hogue, aggravated assault, \$1,000.

Henry Alfred Hamm Jr., robbery, \$5,000. Jack Stringer, receiving and concealing stolen property, \$2,000. Jack Stringer and Johnnie Hard, burglary, \$2,000.

Second Ex-FHA Official Refuses To Answer Quiz

WASHINGTON (AP)—A suspended FHA official refused today to answer questions about graft practices and fishing trips to Mexico asked by senators probing scandals in the government's housing programs.

The suggestion in the questions was that he had pressured contractors into putting on the parties. Andrew Frost, suspended last Friday as assistant FHA director for New Mexico, stood on his constitutional right not to be a witness against himself.

Frost was the second former FHA official to invoke the fifth amendment in the Senate Banking Committee's inquiry into alleged housing irregularities. The first was Clyde L. Powell, former assistant FHA commissioner, who, it was disclosed this week, had a long police record when he got his government job.

Sweetwater Group Asks Postmaster Be Retained There

SWEETWATER (AP)—A delegation demanded yesterday that Postmaster M. J. Sweden be retained and a district postal inspector recommended that a change be delayed.

The inspector, W. A. Foster of Abilene, was here to check out Sweden and install Charles Paxton as acting postmaster.

The delegation, headed by W. S. Chennault, asked for a delay until July 11 to obtain more names on a petition to the postal department at Washington asking that the old postmaster be retained. Foster recommended that the delay be granted. He returned to Abilene without finishing his check-out.

Sweden has been postmaster five years and had resigned in March after a serious illness. His health improved and he asked later that the resignation be withdrawn.

Hoppers Continue To Menace Crops

Grasshoppers are continuing to be a menace to farmers, says County Agent Duane Lewter. He advised that farmers take immediate precautions in order to kill the insects before they enter fields.

Hatches, he said, are expected until July 15. Prices of fruit being imported into the county are extremely high, Duward Lewter, county agent, said today.

He estimated that the county's peach crop would be very light. There will be a few grapes, he said.

Most of the orchards and vineyards were severely damaged by April frosts, Lewter said. There was not extensive hail where the orchards and vineyards are, he said.

Savings Bond Sales Go Up Over County

Preliminary totals on saving bonds sales for Howard County in June show an increase in tempo of purchases. Lewter declared: "As the Delta goes, so goes Indochina and all of Southeast Asia." Unless the Indochina conference in Geneva stops the shooting, the odds appear heavily in favor of the Delta going into the hands of the Vietminh.

In Paris the French News Agency announced that the Vietminh had already occupied Phat Diem, the big Catholic center 75 miles southeast of Hanoi. This was accomplished at 10 a. m. yesterday.

The British have warned 150 British Commonwealth citizens to be ready to leave Hanoi on a moment's notice.

The French confirmed they were pulling out of the area on Wednesday but tight military censorship prevented cabling of the news abroad until today.

The decision to withdraw from the southern delta was made in the face of strenuous opposition from officials of the Viet Nam government headed by chief of state Bao Dai, the ex-emperor of Annam.

Viet Nam's new Premier, Ngo Dinh Diem, flew to Hanoi yesterday for conferences with North Viet Nam Gov. Nguyen Huu Tri. Tri told newsmen Tuesday that "40,000 to 50,000 persons have been evacuated from the four cities in the southern part of the delta in the last two weeks."

HOSPITAL NOTES

BIG SPRING HOSPITAL Admissions — Colleen Holloway, Tarzan; Lupe Faldivar, 600 NE 8th; Horace Clark, 206 NW 2nd; D. J. Hopper, Gen. Del.; Alice McVain, Stanton; R. V. Tims, Settles Hotel; E. Rodriguez, Coahoma.

Dismissals — Eva Stiff, Midland; Mary Santiago, 503 NW 7th; Veima Thomas, Coahoma; Bella Mata, Sterling City.

Painters Union Will Install New Officers

New officers will be installed and new members initiated at tonight's meeting of Painters Union. They will assemble at 7:30 p. m. in the Settles Hotel.

To be installed are T. W. Alderson, president; Charles Fannin, vice president; R. G. Downing, recording secretary; L. R. Mundt, financial secretary; and W. M. Thomason, business manager. Fannin is the only new officer succeeding Claude Miller.

Four new members from Colorado City will be initiated.

Patient Wanders From State Hospital

Big Spring State Hospital officials wanted to police about 2:30 p. m. Wednesday that one of the patients wandered from the hospital grounds.

The man, described as being 33 years of age and about five feet, 10 inches tall, was last seen headed in a northerly direction. He was wearing green khakis, officials said.

INDOCHINA

(Continued From Page 1) Moscow-trained Ho Chi Minh and not with the French or the budding Vietnamese national army.

For weeks since the Vietminh smashed the French fortress of Dien Bien Phu on May 6 thousands of Vietnamese in Hanoi and elsewhere in northern Indochina have been almost chanting "Long live Ho Chi Minh." To these people the fall of Dien Bien Phu meant the French could not last much longer.

Vietnamese in the Delta rarely have demonstrated any patriotic streak. They have been interested only in having enough rice to eat. They have never liked the French, who have fought to protect the fledgling nation of Viet Nam from the sweep of communism. They have not feared Ho and communism because they have never experienced it.

Thus, if the French have to quit Hanoi and make a fighting withdrawal to a last beachhead at Hai-phong, they may find their way barred not only by six to eight Vietminh divisions but by the 100,000 Vietnamese soldiers hidden inside the heart of the Delta and aided by tens of thousands of civilians who want the French crushed.

Since 1950, when the French were driven all the way from the Chinese border, they had managed to hold onto their wedge-shaped Delta perimeter covering 8,000 square miles of Delta lands rich in rice, minerals and manpower.

Virtually every French commander in Vietnam has declared: "As the Delta goes, so goes Indochina and all of Southeast Asia." Unless the Indochina conference in Geneva stops the shooting, the odds appear heavily in favor of the Delta going into the hands of the Vietminh.

In Paris the French News Agency announced that the Vietminh had already occupied Phat Diem, the big Catholic center 75 miles southeast of Hanoi. This was accomplished at 10 a. m. yesterday.

The British have warned 150 British Commonwealth citizens to be ready to leave Hanoi on a moment's notice.

Viet Nam's new Premier, Ngo Dinh Diem, flew to Hanoi yesterday for conferences with North Viet Nam Gov. Nguyen Huu Tri. Tri told newsmen Tuesday that "40,000 to 50,000 persons have been evacuated from the four cities in the southern part of the delta in the last two weeks."

EYEWITNESS STORY Piedras Negras Is Full Of Mud, Filth

(Editors Note: Associated Press Staffer Robert H. Johnson was the first reporter to get into Piedras Negras on the ground. Here is his graphic story.)

By ROBERT H. JOHNSON JR., PIEDRAS NEGRAS, Mexico (Herald Staff Writer) — Piedras Negras today was a crumbled town of mud, filth, muddy water, little children drinking from street puddles and campers mobbing food trucks.

The count of dead in the flood here still stood officially at 33. But my personal opinion is that it's much more.

Water still is three and four feet deep downtown, and that's the only place you can go because there are the only paved streets.

And what's buried under the mounds of dirt and stones that once were homes—you just don't know.

Barefooted Mexicans waded through the mud and water to start digging through their crumbled homes. They are mounds ten and twelve feet high.

The city has no water supply at all. The government is trucking in water from Nava and Viente, two little inland towns.

There's an emergency hospital at the village of Villa Fuente, about seven miles inland where doctors are giving emergency treatment.

I asked a doctor, "Any more dead?" "Aw, yeah," he replied, "but I don't know how many."

The doctor said at least 200 came this morning—they just come in and go out.

The doctors are giving the people injections, and the people don't know what is happening to them. They lay on the floor and scream.

Air Force helicopters are flying food and water over. They went over this morning with canned

meat. The Mexican army picked it up and drove to the hillside camps. But there everybody just went and grabbed.

People still are camped all over the hills. Downtown the water mark is from 3 feet to over the tops of the buildings.

Misery huddled at the airports at Eagle Pass and Piedras Negras, Mexico, across the Rio Grande which has been on its worst flood.

Assault Is Charged

Charges of assault with intent to murder have been filed in Justice Court against Ples White. Complaint, signed by Deputy Sheriff C. H. Forgas, alleges that a man identified only as "Catfish" was assaulted on June 23.

UNCLE RAY'S CORNER

Close approach of Mars and the earth.

One "heavenly wonder" comes after another! Only two days divide the total eclipse of the sun and the nearest approach of the planet Mars.

The approach of Mars on the second of July is to be the closest for 15 years. Two years from now, we shall have an even closer view of the famous planet.

Perhaps you wonder why the distance of Mars changes. Here is part of the answer: Both the earth and Mars follow elliptical pathways around the sun, instead of making circles.

Another part of the answer has to do with the periods of the two planets. The earth makes a trip around the sun in 365 and one

fourth days. Mars takes 687 days of the same length to make a longer journey than ours.

During an average year, Mars comes as close as 48 and a half million miles. At another time in the same year, Mars is as far away as 224 million miles.

Those are average figures. At certain times—from 15 to 17 years apart—the two planets come much closer than usual. At such times they are between 34 and a half million and 40 million miles apart.

The present near approach puts the earth a little less than 40 million miles from Mars. If the sky is clear tonight, you should enjoy a brilliant view of this famous planet.

Mars ranks second in public interest among the planets. The only planet ahead of it is our earth.

The days on planets differ widely. The gigantic Jupiter makes one spin in about 10 hours. The average time between Jupiter's sunrise and sunset is about five hours.

Mars, on the other hand, has a day which is nearly the same as ours. The earth rotates in 24 hours. Mars makes a complete rotation, or spin, in 24 hours, 37 minutes, 22 and a half seconds.

Tomorrow: Electronic Telescopes.

Old Furnishings In Schools Due To Be Replaced

Furniture in the older school buildings of the Big Spring Independent School District is to be replaced with new and modern equipment.

Trustees authorized Business Manager Pat Murphy to be awarded for the Airport, North Ward, Washington Place, and Lakeview new school room furnishings.

There are several schools in the system with furniture in use for many years, as high as 30 in a few instances. All this will be replaced.

The board authorized Supt. W. C. Blankenship to renew the district's application for federal participation in school construction.

Elected as members of the faculty, subject to assignments, were

Truman's Doctors Look For Progress

KANSAS CITY 68—Harry S. Truman's doctors say they now expect him to make continued progress in recovering from his operation and its after effects.

Even the former President is reported expressing some impatience with his stay in Research Hospital.

In last night's report, a hospital spokesman said he was making substantial progress and his temperature had reached a normal level of 98.4 degrees.

Truman's gall bladder and appendix were removed June 20. He appeared to be making a remarkable recovery for a few days. Then he suffered a temporary setback because of secondary infections and unfavorable reaction to certain drugs.

Colorado City Lodge Installs New Officers

COLORADO CITY — Robert Kirschbaum, Colorado City appliance dealer, has been installed as worshipful master of the Masonic Lodge here.

Big Spring (Texas) Herald, Thurs., July 1, 1954

A native of Sweetwater, Kirschbaum graduated from Colorado City High School and attended the University of Texas. He served in both the Asiatic and European theaters of World War II. L. B. Elliott served as installing officer and Charles Godwin was installing marshal. Other new officers are Felling E. Lee Jr., senior warden; Jack Johnson, junior warden; H. E. Grantland, treasurer; W. F. Hagan, secretary; and Ralph Dye, tier.

This will shock you

On the three days of the July 4th weekend, the Texas Department of Public Safety expects that

31 people will be killed in Texas traffic accidents

650 people will be injured in Texas traffic accidents

2200 Texas traffic accidents will cause a loss of \$1,953,000 from property damage.

If you plan a trip for the weekend, please drive carefully. Observe these simple, easy to follow safe-driving suggestions:

1. Drive a safe car: good brakes, good lights, good mechanical condition.
2. Observe the speed limit.
3. Heed traffic signs.

4. Don't pass on hills.
5. Stay to the right.
6. Follow other cars at a safe distance.
7. Look well before backing, and before entering or crossing intersections.
8. Give proper hand signals.
9. Rest when you become tired.

If every Texan on the highways this weekend will resolve to observe those rules, perhaps the actual loss will be less than the predicted loss of life, time and money. If we can save one life, or even one crippling injury, extra care will have paid a rich dividend.

A Thrill for the Boys—A Thrill for You!

Fewer Stock Sold, But Prices 'Fair'

The run was lighter than the preceding week but practically all lines of stock brought fair prices at the Big Spring Livestock Auction Company's sale Wednesday.

Butcher cows were a bit cheaper, at 10.00. Fat calves and yearlings went for 16.00 to 18.50, stocker-ster calves for 16.00 to 17.50, cows besides calves for 85.00 to 125.00, with a few bringing better prices.

Bulls sold for 14.00 and hogs up to 23.00.

An estimated 500 cattle and 40 hogs went through the ring.

Rodeo announcer, clown are selected

Clown and announcer for the annual Big Spring Cowboy Rodeo have been announced.

E. P. Driver, secretary, said that Everett Colburn had advised that Benny Bender would serve as clown and Pete Logan as the announcer.

Both are veterans of the rodeo circuit and have been handling major shows for a number of years. They have appeared in the top productions over the country.

turns to America, he intends to leave here 13 well-trained young Iraqis to act as American-style county agents in this area.

"Before we teach them to use tractors, we first have to teach them to use wheels—ordinary wagon wheels," Botch says.

The Iraqi farmers usual procedure is to cut wheat with hand scythes and pile it on a wooden rack. When the rack is filled, a donkey walks beneath and it is tied to his back. The overloaded little animal then goes to the village a few miles away, where the wheat is unloaded. The donkey returns to the field for another load.

A donkey pulling a four-wheeled wagon could carry five or six times as much wheat per trip as he hauls on his back. But farmers here always have moved their wheat by donkeyback, and they won't change until they have seen better methods with their own eyes.

That is why Botch is bringing into this area a few simple farm wagons of a type the farmers can build themselves. Once they see these wagons used, the American is sure they will begin building their own.

The same thing is true of good animal harness. The primitive type harness used by farmers here slows down their animals by choking them when they pull a plow or water pump.

If such simple devices are introduced, Botch believes the Iraqi farmer can break out of a cycle of poverty in which he has been caught since civilized man first began farming the Tigris and Euphrates valley.

EVEN REVOLUTIONARY

Horse Collars, Wagon Wheels Are New In Iraq

By WILTON WYNN
KIRKUK, Iraq 68—Horse collars and wagon wheels could revolutionize the farming industry of northern Iraq.

That is the belief of a Montana county agent acting as a kind of agricultural ambassador for the United States among primitive farmers in the remote Kurdish country of northern Iraq.

Henry Botch came here from Missoula, Mont., nearly two years ago as a Point Four farm demonstration specialist. When he re-

turns to America, he intends to leave here 13 well-trained young Iraqis to act as American-style county agents in this area.

"Before we teach them to use tractors, we first have to teach them to use wheels—ordinary wagon wheels," Botch says.

The Iraqi farmers usual procedure is to cut wheat with hand scythes and pile it on a wooden rack. When the rack is filled, a donkey walks beneath and it is tied to his back. MARSHALL KEMP

Kemp Appointed District Head For S'west Bell

Marshall Kemp has been named district manager for Southwestern Bell Telephone Company's Midland District, which includes Big Spring.

Kemp, district commercial superintendent for this district for the past two years, replaced Billy G. Yesits.

Yesits, district manager since early 1951, is moving to the company's Fort Worth office. The changes were announced today by E. J. Ernest, Northwest Texas division manager. A replacement for Kemp will be named within the next few days, Ernest said.

Kemp, who attended Texas Christian University and Indiana University, began his telephone career in 1947 in the company's commercial department in Fort Worth. He was promoted into the company's management ranks in 1949 and then in 1950 was made manager at Sweetwater.

He came to this district in March, 1950 as an additional district manager. He was made district commercial superintendent in July, 1952 and has held that position since.

In his new duties, Kemp will supervise telephone commercial personnel in 20 towns in the company's Midland District. These towns are Midland, Odessa, Crane, Big Spring, Seminole, Stanton, Alpine, Fort Davis, Fort Stockton, Grandfalls, Iraan, Kermit, Monahans, Presidio, Rankin, Sanderson and Wink.

Kemp, who was a professional photographer before joining the telephone company, served in the Army from 1942 to 1945. He was discharged as a master sergeant after serving overseas in the European theater. Kemp and his wife, Helen, have two children, George Marshall, 3, and Sheila Ann Kemp, 2.

Gen. Harper Retires, Will Live In Texas

SCOTT AIR FORCE BASE, Ill. (AP)—The Air Force lost the head of its training command yesterday and Texas gained a lawyer.

Lt. Gen. Robert W. Harper, 53, retired after 30 years of military service. He was awarded the Distinguished Service Medal in a ceremony that included a review of 5,000 troops plus an air salute by 60 trainer planes.

At home his bags were packed for a trip today to Harlingen, Tex., where he will practice law, raise flowers and fish. He passed the bar in Texas while on duty there earlier in his career.

There were no speeches at the ceremony, just the reading of the citation.

After the ceremony a farewell dinner was held for Harper at this air base where he maintained his headquarters for the 43 training bases under his command.

Harper, who has been commanding general of the Air Training Command since 1948, spent all of his military service in the Air Force with the exception of his first year.

His citation for the Distinguished Service Medal said the "United Nations' success in Korea and the present combat readiness of the United States Air Force owes much to the vision and ability of General Harper."

Dallas Youngster's 'Flight' No Success

DALLAS (AP)—Superman, Icarus and their kind can have his flying business, a Dallas youngster decided yesterday.

Russell Bole, 5, suffered a broken wrist when he "soared" off his back porch, flapping his arms in a homemade Superman outfit.

Aide To Shepperd Resigns His Post

DALLAS (AP)—The resignation of Hugh Lorty, executive assistant to Atty. Gen. John Ben Shepperd, was effective today.

Lorty, who will enter the firm of Coke & Coke here, announced his resignation yesterday.

Corsicana Obtains New Police Director

CORSICANA (AP)—Felix McCallin, 34, was appointed deputy sheriff, the new police chief of Corsicana.

McCallin was appointed temporarily to fill a vacancy caused by the retirement of Bruce Holt.

Rival Tax Cut Plans Both Lose In Senate

By JOE HALL. WASHINGTON (AP)—Any chance for a general income tax cut in the big tax revision bill appeared dead today after rival Democratic and Republican proposals both were beaten in a crossfire of political maneuvering.

The twin defeats assured the Eisenhower administration of one of its biggest victories of the 1954 congressional session — enactment of the tax bill just about as it was recommended to the Capitol. Senate passage may come late today after numerous minor amendments have been considered. The measure then will go to conference with the House, which has already okayed the bill in somewhat different form.

Democrats professed to be not unhappy over the outcome of yesterday's rapid-fire moves over an income tax cut. They said failure to write some general benefits for the average taxpayer into the bill would give them a sure-fire issue in the November congressional elections campaign.

Republicans disputed this, contending yesterday's record would show they had offered a practical tax reduction plan but that Democrats blocked it.

Leaders on both sides agreed there was practically no chance any new income tax cut plan would now be offered.

The principal fight yesterday centered on a proposal of Sen. George (D-Ga.) to write a \$2,400,000,000 annual income tax cut into the bill by raising personal exemptions \$100.

Several Republican senators had indicated they might go along on this. So Sen. Millikin (R-Colo.), floor manager for the measure, called a secret caucus of all GOP senators and came up with a substitute tax plan for a 960-million-dollar annual reduction. This would have given each taxpayer a \$200 annual cut—\$40 for a man and wife—provided they did not use certain benefits included in the revision bill.

The Republican proposal came up first as a substitute for the George plan and went down on a 49-46 vote, with all 47 Democrats opposed along with Sen. Morse (Ind-Ore) and Sen. Langer (R-ND). The 46 "ayes" were all from Republicans. The Democrats had to defeat the substitute in order to get a chance to vote on their own amendment.

But then the George amendment itself was beaten on an identical tally, 49-46. This time four Democrats, Byrd (Va.), Holland (Fla.), Edwin C. Johnson (Colo.) and Robertson (Va.), voted "no" because they said the federal pocketbook couldn't stand the revenue loss. Joining George supporters were two Republicans, Langer and Young (Ind.), and Morse.

The administration fought an income tax cut strongly on the grounds the government could not stand the loss of revenue now. It contends the revision bill as it carries a balanced program of relief for individuals and business. It would cut taxes about \$1,400,000,000 in its first year while changing no major rates.

One part of the Republican substitute called for halving the effect of a relief provision for stockholders on their dividend income, and this was partly adopted during the parliamentary tangle yesterday. Millikin said the action on it would be completed today.

As passed by the House, the provision would exempt from tax the first \$50 of dividend income and permit the taxpayer to deduct from his tax 5 per cent of dividend income above \$50 in the first year of the bill. In the second year and thereafter, the exclusion would increase to \$100 and the deduction to 10 per cent.

The Millikin amendment knocked out the second step and would leave the benefit permanently at the \$50 exclusion-5 per cent deduction scale.

Dr. Oppenheimer Studies Appeal

PRINCETON, N. J. (AP)—Dr. J. Robert Oppenheimer said yesterday "I don't dismiss" the possibility of appealing to President Eisenhower the Atomic Energy Commission's decision barring him access to secret atomic data.

The atomic pioneer said he was surprised by the President's statement that he would be listened to if he decided to appeal, and added that the idea "never occurred to me."

In a telephone interview, Oppenheimer said his present plans are to continue research in fundamental physics although it will be "a nuisance" not having clearance to many laboratories.

There are many private institutions, Oppenheimer said, at which experiments are being conducted for the government and where he is "not welcome" any longer.

The AEC declared that Oppenheimer, once one of its most trusted advisers, is unfit to handle America's atomic secrets because of "defects of character . . . and dangerous associations."

Its majority report said the question of his loyalty was not at issue. Oppenheimer said he has no intention of resigning as director of the Institute for Advanced Study here.

Governor's Race Continues Hot; Candidates Tour

By The Associated Press. Gov. Allan Shivers and candidate Ralph Yarborough, Shivers' chief opposition, continued their political skit-shooting tactics Thursday.

The governor said in Texasians that apparently Yarborough didn't like what Shivers called "the insurance clean-up." He defended his administration's record and said: "Allan Shivers and the State Insurance Commission have started an insurance clean-up to weed out the unsound companies in Texas that gyp the public. Does he (Yarborough) want to stop the state insurance clean-up?"

As Shivers threw the question into the air, Yarborough shot at it in an interview at Victoria. He said Shivers' Texasian address "sounded like the last cry of a losing candidate."

"It's rather amusing," the Austin attorney laughed, "to hear the governor promise a clean-up in the mess in the administration of insurance laws by the administration of the insurance law."

In replying to Shivers' questions concerning welfare moves in the state, Yarborough said he had made more than 300 speeches on behalf of old age pensions in two and a half years. He added that the only increase in old-age pensions during that time have come from the federal government.

Both candidates kept up the political cross-fire as they delivered night speeches. Shivers went to San Antonio, and Yarborough was in Waco, both for radio addresses.

Shivers defended his support of President Eisenhower in 1952, saying that he did so to save the Texas tidelands "for Texas school children."

He predicted the tidelands victory would be worth from a half-billion to a billion dollars to Texas. "My political opponent says I have been disloyal to the Democratic party because of that action. I say to you that I would have been unfaithful to my trust had I taken any other course."

In Waco, Yarborough called for a long list of more liberal state services, and said Texans have put up with "too little and too late for too long."

Included in his proposals were greater authority for the agriculture commissioner, more farm roads and better highways, increased old-age pensions, a "triple" health program, and more state aid to public education.

In the lieutenant governor's race, C. T. Johnson, was touring northeast Texas and calling for increased veterans benefits.

Lt. Gov. Ben Ramsey conferred with campaign workers in San Antonio and attended a session of the State Bar Assn. convention, then left Dallas to attend the opening of a new three-dimensional process film, "This Is Cinerama."

Heat Cuts Down June Weddings

CHICAGO (AP)—Marriage licenses in Chicago in June fell to a nine-year low and County Clerk Richard J. Daley blamed the hot weather. There were 4,897 licenses issued in June, while in June, 1953 the total was 5,357.

Temperatures of 90 or higher kept Chicago awaiting for 16 of the 30 days in June, a record number.

B36 Squadrons Fly To Africa Non-Stop

FORT WORTH (AP)—Two B36 squadrons from Carswell Air Force Base here were on route to North Africa today on a non-stop training flight.

One squadron will return to Carswell within 30 days, and the other will stay for about 30 days.

Arencibia May Face Miners Here Tonight

Their hopes renewed by a double win over Odessa, the Big Spring Broncs set up shop here tonight against Carlsbad, a team they'd like to displace in the Longhorn League standings.

AS BRONCS TAKE TWO

McKeena, Maren Register Wins

ODESSA (SC) — Manager Pep Martin of Big Spring gambled with his second-line hurlers in a double bill with the Odessa Oilers here Wednesday night and the flingers came through like champions.

Tommy McKeena went all the way on the mound in the first game to achieve his second win of the campaign as the Broncs won, 5-3. Gil Silva and Frank Maren teamed up to hurl the after-piece as Big Spring rallied for four runs in the final two innings to register a 5-4 verdict.

Knights Is Hired By San Angelo

SAN ANGELO (SC) — Jack Knight has moved from Odessa to San Angelo as business manager of that city's Longhorn League Colts.

Tugerson, Gibson Team Up To Give Dallas Victory

The big trade in which Dallas sent three players and \$20,000 to Beaumont for some batting punch appears to be the best investment owner Dick Burnett of the Eagles has made in the Texas League in a long time.

The Eagles had lost 10 out of 11 games until the day—June 23—when Les Fleming and Buzz Clarkson changed locations. With Fleming stepping into the lineup immediately, Dallas has won six out of nine—which ties the record of Oklahoma City as the best in the league for the period.

Scorching Play Of Tribe, Giants Highlights June

The Cleveland Indians and New York Giants greeted July in first place today, but they probably were a little sorry to see June fade from the calendar.

Sent To Class C

SAN ANTONIO (N)—Ronald Kuhlman, who pitched in American Legion baseball here, has signed a contract with San Antonio of the Texas League and has been sent to Thadford Mines of the Class C Provincial League.

Aramis Arencibia, who has had plenty of rest since he tamed Midland in his last start, will toe the slab for the Big Springers.

Big Spring needs a sweep over Carlsbad to make any headway in the standings.

Carlsbad is third in the standings, one-half game ahead of Midland and eight games up on Big Spring.

Big Spring took care of the Odessa threat and solidified its hold on fifth place in the standings by sweeping the Wednesday twin bill over Odessa.

The win enabled the Broncs to break even on their four-day road trip and gain on both third place Carlsbad and fourth-place Midland.

The win enabled the Broncs to break even on their four-day road trip and gain on both third place Carlsbad and fourth-place Midland.

Cawy To Face Ex Teammates

CHICAGO (N)—Phil Cavarretta, hot-hitting "spare tire" of the Chicago White Sox, tonight plays for the first time against the team he served 20 years as man and boy, the Chicago Cubs.

There's a touch of irony in 37-year-old Cavarretta's appearance in a charity exhibition game against the wobbly Bruins, who last spring dished him as manager because of alleged lack of will to win.

Since Phil joined the Sox in May, he has become a most valuable pinchhitter and stand-in for Ferris Fain at first base.

With Fain injured, Cavarretta must play in the vital series at Cleveland this weekend.

The Cubs, in replacing Cavarretta with Stan Hack, offered to keep "Old pro" elected to step out and try to hook on elsewhere.

It was a tough spot for any man, bounced as a manager and already retired by himself as a player.

Phil sold himself that he could do well as a player-coach.

"I can play 50 or 75 games for sure," he said as he tried one club after another without success.

He even talked about being a 51-year player. Finally the White Sox, having miserable luck with pinch hitters, signed him.

It was a tough spot for any man, bounced as a manager and already retired by himself as a player.

Phil sold himself that he could do well as a player-coach.

"I can play 50 or 75 games for sure," he said as he tried one club after another without success.

He even talked about being a 51-year player. Finally the White Sox, having miserable luck with pinch hitters, signed him.

"I can play 50 or 75 games for sure," he said as he tried one club after another without success.

He even talked about being a 51-year player. Finally the White Sox, having miserable luck with pinch hitters, signed him.

'Mr. America'

Richard Du Bois, above, of Hollywood, Calif., captured the title of "Mr. America" of 1954 in the annual contest held under the auspices of the Amateur Athletic Union in connection with its national weight lifting championships in Los Angeles.

Pony Leaguers Play To Tie

The Reporters rallied for three runs in the final inning to gain an 8-8 deadlock with the Devils in Pony League play here Wednesday evening.

The contest was called at the end of seven innings due to darkness.

B. McMahan of the Reporters led the hitters of both teams with four safeties.

The Newtles outted the Devils, 13-8.

Today, the Rails meet the Cargo Kings at 6 p.m. on the HCJC diamond.

It's getting so that a team winning a game in the Big State League by more than one run can consider itself on a big spurt.

Last night there was just one run difference in each game and three of them were overtime affairs.

The only regulation game was Tyler's 3-2 victory over Austin.

Jorge Lopez lashed a single in the 11th to drive in Ray Mink as Harlingen won its fifth game in a row by downing Bryan.

Ralph Rivers notched his tenth pitching victory.

wash brush to the Pirates for the third straight time.

It was his 11th victory. He had 12 by this date a year ago.

Nothing comes easy to the Cubs these days. After losing 11 straight they built up a 9-3 lead over Milwaukee in eight innings only to have the Braves rally for five in the last of the ninth.

The Cubs ended the month with 21 losses in 25 starts.

Rookies sparked for the Cardinals. Joe Cunningham, playing his first major league game, drove in five runs at Cincinnati with a home run and a single.

Mike Garcia handcuffed Baltimore on four singles and Larry Doby gave him the only run he really needed with a 400-foot homer.

A ninth-inning homer by Bill Tuttle sent the White Sox down to defeat. The Sox had rallied for two runs to tie the score in the eighth on a walk, a double by Chico Carrasquel and a single by George Kell.

The Yankees ran into Willard Nixon again in Boston and the right-hander whipped them for the third time this season.

Vince Martinez Battles Aragon In Los Angeles

HOLLYWOOD (N)—Art (Golden Boy) Aragon, a little puzzled in a new role as the underdog, and Vince Martinez, a quietly confident young man from New Jersey, tie into each other for 10 rounds or less tonight at Gilmore Field.

LOOKING 'EM OVER

What's to keep Big Spring's veteran third sacker, Julio Delatorre, from going up next year, if he bats in 140 to 150 runs this season, as he's now threatening to do?

Last year, Julio collected 98 RBIs while wearing the uniform of the Midland Indians. He's far ahead of that pace now, had 86 at this writing, with less than half the season gone.

Julio won't wait at a ground ball that's out of reach just to make it look good from the stands. Too, he's got one of the best throwing arms in the league.

He's still young enough to get his chance in a better league and he's learning things every day about this business of hitting.

Incidentally, Floyd Martin of the Broncs is having himself quite a year with the bat, in case you haven't noticed.

It's generally agreed that Roswell wouldn't be such-a-much in the Longhorn League without Joe Bauman, the goilth who is custodian of the gateway station for the Rockets.

He didn't hit No. 31 in 1953 until Aug. 10. From then on, however, he began to move. He got five the following week and seven the week after that.

Pat Waters, the Midland first sacker who is supposed to be bound for the big leagues, saw his batting average drop below .400 in the recent series at Big Spring.

Reed Oil Company captured first half honors in T-Shirt Little League play by turning back Seven-Up, 21-7, here Wednesday evening.

Charles Johnson pitched the Oilers to an unusual 19-round draw that was a 19-hit offensive on the part of his teammates.

Dykes And Mims Fight To Draw

WASHINGTON (N)—Middleweights Holly Mims and Bobby Dykes, both seeking a shot at the crown, see-sawed their way last night to an unusual 19-round draw that was a 19-hit offensive on the part of his teammates.

Mims, Washington, D.C.'s second-ranked contender for the world title held by Bobo Olson, looked strong in the middle rounds when he jarred Dykes with overhand right-hand punches.

Dykes, Miami, Fla., veteran, piled up a big lead in the early rounds by clicking lefts and rights at Mims, then making the Washington puncher come after him instead of mixing it with him anywhere near the ropes.

So it wound up with one judge giving the nod to Dykes, 97-94, one to Mims, 97-95, and the referee seeing it 95-95 — a draw under District of Columbia boxing rules.

There were no knockdowns and a somewhat unenthusiastic reaction from the 2,800 fans who paid to see the nationally televised bout.

Mims weighed 155, Dykes, 150½.

Rockets Increase Lead In Longhorn

Roswell's hammering Rockets made hay in the Longhorn League Wednesday night.

They whipped fourth-place Midland 14-5 to move three games out front.

Second-place Artesia was laced by San Angelo, 7-4, and third-place Carlsbad took a 12-3 hammering from lowly Sweetwater.

Roswell blasted 18 hits in burying Midland but had to come from behind. A five-run spurge in the fourth sewed it up.

Bill Ewen did a steady pitching job and Bob Hobbs turned in some great defensive work as San Angelo mobbed Artesia.

Giant Bullpen Duo Best, Says Leo Durocher

NEW YORK (N)—Manager Leo Durocher of the New York Giants today called his brilliant bullpen duo of Hoyt Wilhelm and Marvin Grissom the best in baseball and challenged anybody to refute his statement.

"Show me another relief pitcher as good as either Wilhelm or Grissom," Durocher demanded. "Let alone a pair as good as this one. My two are the greatest, no doubt about it."

"I'll let you in on a little secret," he added. "If the Giants win the pennant this year, it will be won in the bullpen."

The 51,464 fans who watched Grissom win his eighth game of the season with a scintillating four-inning relief stint against Brooklyn Tuesday night and the 28,000 spectators who saw Wilhelm subdue the Dodgers again with a brilliant rescue job yesterday could have no rebuttal.

Some of the Aragon tactics are deliberately staged, and they have paid off at the boxoffice. Aragon has performed 25 times for promoter Cal Eaton. The aggregate gross receipts total \$772,444, for an average of almost \$31,000 per fight.

Wilhelm's performance was one of his best of the season. He entered the scene in the eighth inning with runners on first and third and nobody out and the Giants holding a 2-1 lead.

The 30-year-old knuckleball expert held Robinson to a short fly to left that failed to advance the runners. He got Hodges to hit into a double play.

It was the 15th game this season that Wilhelm worked in a winning game. Since June 12 he has been in nine games and the Giants have won them all.

Valentine Goes To Texas Loop

FORT WORTH (N)—The Texas League had been firing umpires but today the shoe was on the other foot—two of them quit of their own accord.

Pat Rubino and Bill Malesky turned in their resignations yesterday. Rubino called C. R. Hutcherson, league vice president, and said he and Malesky were quitting after last night's game at San Antonio.

Rubino complained that the heat, travel and hard work had caused him to quit and that treatment from players on the field and by the league office had nothing to do with the decision.

Jim Odum, 7-year veteran, was purchased from the South Atlantic League and Bill Valentine was acquired from the Big State League.

Guatemala Chiefs Fail To Get Truce

By CARLOS R. ESCUDERO SAN SALVADOR, El Salvador (U-Guatemala's) rival anti-Communist chieftains haggled until nearly dawn today in a vain effort to agree on a peace settlement which would give their war-split land its fourth government in a week.

The peace talks between rebel Col. Carlos Castillo Armas and Col. Eliegar Monzon, head of Guatemala's new governing junta, broke up at 3:35 a.m. Castillo Armas announced he was returning to his rebel headquarters at Chiquimula.

In a statement issued to newsmen, both leaders said they were extending until 9 a.m. tomorrow the cease-fire in effect between the rebels and the Guatemalan army.

El Salvador's President Oscar Osorio, acting as mediator, voiced optimism that a settlement could be reached.

But real peace seemed remote as Monzon's junta rushed troops to Communist strong points in Guatemala where vengeful Red leaders were reported trying to foment peasant uprisings. Red-indoctrinated farm workers were said to be inciting revolt in Escuintla, Pinula and Concepcion, hotbeds of communism about 30 miles from Guatemala City.

Monzon declined to say whether he was returning to the Guatemalan capital, but it was believed generally he would.

The joint statement said the cease-fire had been extended in order to give both parties time to consider and study various proposals to reach an accord.

Neither side would disclose what proposals were involved nor what particular point caused disagreement.

After the two colonels held their initial two-hour secret session last evening, Osorio told newsmen: "I feel very optimistic. I believe they will find a formula. At least that is my desire."

Later the conferees dined together at Loma Linda, palatial home of Rafael Maya Ayu, Salvadorean economics minister and a beer baron.

After dinner they reconvened at Osorio's presidential mansion. Shortly after midnight El Salvador's presidential press officer said Castillo Armas and Monzon had gotten down to terms which promised to lead to a definite settlement.

As the parley continued, word came out of the conference that

terms of the settlement would be broadcast by the Guatemalan government and rebel radios.

El Salvador offered its good offices to settle the Guatemalan conflict after a cease-fire Tuesday ended the shooting-in theory at least.

Osorio said the junta government had asked him to mediate, but that the United States was taking no part in the talks since it had not asked to mediate. However, U. S. Ambassador Michael McDermott met the two Guatemalan leaders when they arrived in their separate planes at the airport here yesterday.

During last night's conference the rebel number to Guatemala, Magr. Gennaro Verolino stood by outside the closed chamber. The Pope's representative said he had been asked by Monzon to "do what I can and help if asked."

U. S. and Salvadorean officials expressed hope the talks would lead to an anti-Red coalition of Castillo Armas and Monzon which would wipe out the Communists who became entrenched in the Caribbean land during the regime of ousted President Jacobo Arbenz Gurman.

Monzon, clad in a neat business suit, arrived in a plane piloted by Col. Vernon E. Martin of San Francisco, air attaché to the U. S. Embassy at Guatemala.

Castillo Armas, still wearing his field hawk, arrived in a plane piloted by Col. Rodolfo Mendoza, whose brother Miguel is chief of the rebel air force.

Mendoza said the rebel air force - four P47s and two C47 transports - had been grounded in observance of the armistice. He predicted the hardest job would be to get the strife-wracked country back on a normal basis.

He disclosed that Zacapa, key Guatemalan rail junction between the capital and the major Caribbean port of Puerto Barrios, surrendered to the insurgents Tuesday night.

Meanwhile, new violence was reported from Guatemala. Government troops were rushed to Escuintla, Communist stronghold 80 miles south of Guatemala City, where Red chieftain Carlos Manuel Pellecer was reported plotting a peasant uprising.

Red-indoctrinated farm workers

Morrey, Cherry Face Toughies

INDIANAPOLIS (U-Gale) Morrey and singer Don Cherry, newly selected members of the American Cup team, opposed a couple of tough competitors from Chicago today in the 36-hole championship match of the Western Golf Association's first international four-ball tourney.

Art Hoff and Jack Culp of Chicago hadn't matched the Morrey-Cherry best ball medal scoring but had impressed the gallery with their clutch shooting. They were 28 strokes under the Highland Course par for 134 holes, compared with the Morrey-Cherry performance of 36-under for 128 holes.

Morrey, 1953 U. S. Amateur runner-up and Western Amateur champion, and Cherry, defending Canadian Amateur champ, cut 11 strokes off par in 34 holes yesterday for a 3 and 2 victory over Fred Burnside and Walter Chapman, veteran Indianapolis tourney players.

Lamesa 4-H Girls Having Workshop

LAMESA—Clara Redman, Dawson County Home Demonstration Agent, opened a clothing workshop

for all 4-H Girls Monday. Plans were made for the dress that each participant in the workshop will make.

Wednesday an all-day session was held. Another all-day session will be held on Friday of this

week and then three all-day classes on Monday, Wednesday and Friday of next week will wind up the workshop, according to Miss Redman. Subjects to be covered will be clothing construction, interfacing, and bound buttonholes.

Red Prisoners Got Unusual M.D. Care

By RENNIE TAYLOR
AP Science Reporter
SAN FRANCISCO (AP)—The North Koreans had some fantastic medical treatments for their prisoners of war, a U.S. Army doctor reported recently.

Amateurs Given Chance To Win

By BOB HOOBING
PEABODY, Mass. (AP)—The Women's National Open Golf Championship got under way at Salem Country Club today with a prediction by Louise Suggs that the amateurs had as good a chance to win the event as the professionals.

Miss Suggs, leading money winner among the play-for-pay girls so far this year, based her statement on the length of the 6,393-yard, tree-lined course on which the 72-hole three-day medal tourney is being held. Par is 36-36-72.

"There are a lot of long distance hitters among the amateurs this year like Joyce Ziske, Mickey Wright, and Pat Lesser and that's what this course requires," says Louise.

And it's generally agreed that Theodora (Pippy) Rooney, a local girl, drives the ball as hard and far as any of the 21 professionals and 32 amateurs in the field.

Still, no amateur has ever won the event in its eight-year history and the five previous winners still hold the key to the Open. Babe Zaharias, Miss Suggs, and defending champion Betsy Rawls have won twice each while Patty Berg and Betty Jameson have scored single victories.

Mrs. Jacqueline Pung, the hefty swinger from Hawaii, who says the other golfers are determined to break the strangle of the Big Five, has her chance this morning on the program which began at 8:30 a.m. (CST). Mrs. Pung drew Miss Suggs in one of the feature twosomes.

of keeping men away from sick call. For the treatment of pain a Chinese doctor used a series of short needles attached to spring vibrators. The needles were put into the skin around the painful area and made to vibrate.

"As you might suspect," Maj. Boysen said, "some cases of back pain and headache were cured by this treatment."

Another Chinese doctor decided all complaints of eye trouble were caused by glaucoma, a condition in which the fluid pressure in the eyeball increases. The Chinese medic treated all eye patients with salt water injections under the eyelid, the medical officer reported.

Maj. Boysen who is from Bemidji, Minn., spoke of the experiences of himself and four other medical officers who had been captured. The others were Maj. Clarence L. Anderson of Long Beach, Calif., now at Letterman Hospital, San Francisco; Maj. Sidney Esenstein, now in private practice in Minneapolis; Capt. Gene M. Lam of Glenrock, Wyo., now at Brooke Medical Center, and Capt. William R. Shadish, of Kew Gardens, N.Y., now at Walter Reed Army Center, Washington, D.C.

In the spring of 1953 food became so scarce that prisoners ate boiled weeds, Boysen reported. Frequently the only medicines available were cough tablets for pneumonia and charcoal tablets for dysentery. Incisions for drainage of abscesses were made without anesthesia and sometimes with improvised instruments, such as the metal arch support from a combat boot.

Virtually all deaths in the Communist war prison camps were caused directly or indirectly by starvation, exposure and harassment, Boysen said.

The average Chinese doctor would treat only the chief complaint of a prisoner, said the officer. A patient suffering from both night blindness and diarrhea had to choose one of the two for treatment.

Gen. Myers May Take Over ATC Military Command

WASHINGTON (AP)—Lt. Gen. Charles T. Myers, now chief of the Northeast Air Command, may become head of the Air Training Command.

His name was mentioned prominently today in speculation on a successor to Lt. Gen. Robert W. Harper, Training Command chief who retired yesterday. Headquarters of the command is at Scott Air Force Base, Ill.

Myers, a native of Mannington, W. Va., has headed the Northeast Air Command with headquarters in Newfoundland, since 1952. The bases established under international agreements in Newfoundland, Labrador, Northeastern Canada and Greenland.

Myers has held several training posts during his Air Force career which started upon his graduation from West Point in 1923.

U. S. Steel Sets Increase In Price

PITTSBURGH (AP)—U.S. Steel Corp., which produces more than one-third of the nation's steel, today announced an increase in prices averaging \$3 a ton. The present price of basic carbon steel is \$120 a ton.

The price increase comes just two days after the nation's No. 1 producer signed a contract with the CIO United Steelworkers giving 190,000 employees a five-cent hourly wage hike and improved pension and insurance programs.

Other basic steel producers are expected to follow U.S. Steel's example in upping prices since they also reached agreement with the union on similar contracts.

Club Women Plan Local Calendar

LAMESA—Lamesa's first Community Calendar promises to be a popular, valuable item that all residents will want to own. It is being worked up by the Woman's Study Club and will list birthdays, anniversaries, names of a loved one in the service, and meeting times for clubs or other organized groups in Lamesa.

Mrs. W. K. Crawley, general chairman of the project, announced that July 1 will be the deadline for turning in information for the calendar. The completed calendars will be sold for 75 cents and the proceeds will be used for Study Club projects.

Lamesa Scout Camp Termed Successful

LAMESA—The Lamesa Girl Scout Camp under the direction of Mrs. Robert Koger and Mrs. E. E. Ellison came to a successful close last week with 63 adult leaders and Scouters having registered during the five day camp.

Each day's activities were opened with the flag ceremony and closed with the flag retreat. The week's program was planned around an Indian theme and all Scouts participated in the construction of Indian costumes including dresses, head bands, bracelets, beads, and rattles. Hikes were included in the program, and all Scout units cooked out at least once.

Miss Cozart Given Wedding Shower

ACKERLY—Mrs. Travis Russell, assisted by Frances Lay and the FHA girls, entertained with a shower for Imogene Cozart recently. Miss Cozart is the bride-elect of Horace Johnson, son of Mr. and Mrs. Slater Johnson of Klondike.

Music during the afternoon was furnished by Dolores Mabry, Beverly Russell served, and Mary West presided at the bride's book, where about 42 registered.

The table, covered with a lace cloth, was centered with a small bride and groom under an arch of pink flowers. This was surrounded by flowers and placed on a reflector. The bride's chosen colors of green and yellow were used in the refreshments.

Federated Tea Held By Lamesa Clubs

LAMESA—The Dawson County Home Demonstration Club, Dawson County Garden Club and The Green Thumb Garden Club were hostesses Tuesday afternoon for the Federated Membership Tea. The tea was held in the Delphin Club House. In charge of special music for the occasion were Gloria Esmond, Alyce Ruth Gaines, Kay Acuff, and Donna Jo Alexander.

Lamesa Girl Elected Presbytery Delegate

LAMESA—Mickie Patterson, daughter of Mr. and Mrs. Neill Patterson, of Lamesa, has been elected to the Westminster Fellowship National Assembly meeting at the University of Illinois, June 30 to July 6. As a delegate from the Abilene Presbytery Miss Patterson will be one of 2,000 young persons representing over 500,000 youth of the Presbyterian Church, U. S. A.

Piedras Negras Businessman Tells Story Of Flood Mishap

EAGLE PASS, Tex. (AP)—"I heard enough. There were no lights. The hundreds crying for help in the dark, but I couldn't help them." Tears came in the eyes of Manuel Olivares as he recalled the death and destruction that the rampaging Rio Grande poured over his city of Piedras Negras, Mexico, Monday night.

Monday afternoon Olivares was a prosperous lumberyard operator in Piedras Negras. Today there is not a stick of good lumber left where two blocks of sheds and shops once stood.

"Monday, I have a business. Today, I have not a thing," Olivares said simply.

He was waiting at the Eagle Pass airport to escort Red Cross officials to his stricken city. In a quiet voice and with numerous gestures the handsome, middle-aged man described the coming of the flood.

"The river began to run right through the middle of town. You could hear people shouting for help but you couldn't see them. You could hear houses collapsing, then screams, then nothing."

The next day was a nightmare. Olivares said the sun came up and showed nothing but destruction everywhere. He told of seeing bodies in trees, some of them tied in the upper branches, apparently in an effort to keep from being swept away. There were bodies in piles of debris and some caught on barbed wire fences.

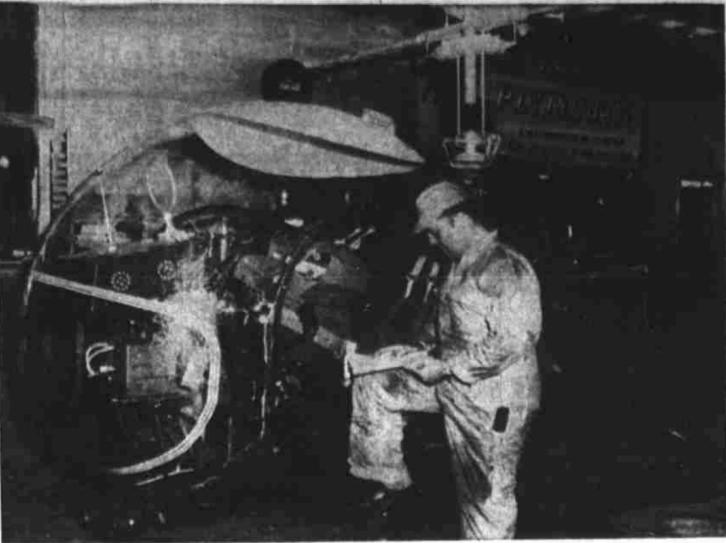

"I believe there are lots of bodies under the mud of the adobe houses," he said.

Asked how many, he shrugged and said: "Who knows?"

In the three centuries between 1650 and 1850 the population of the world more than quadrupled.

Frogs eggs can be made to develop into frogs without fertilization by puncturing them with a fine needle.

Some historians believe that in the year 410, Rome did not have a single permanent inhabitant.

Safe Harbor

Lt. Donald Jeffers, of Muncie, Ind., inspects his helicopter on a used car lot in Colorado City. Jeffers, ferrying the craft from Jacksonville, Fla., to San Diego, ran into foul weather near Colorado City Tuesday and landed on the car lot near the center of the city. He said he attempted a landing at an emergency field south of the city, but found no place to shelter the 'copter. So he flew into town and let down on the lot near the Frank Motor Company.

Soap Box Racers Due Final Checks At Park Saturday

Entrants in Big Spring's Soap Box Derby must have their cars at the City Park at 9 a.m. Saturday for final inspections, sponsors reminded today.

The racers will be inspected at the tennis courts, just north of the track where the races will be unreeled as an Independence Holiday feature on Monday. Following the inspections, all cars will be impounded until time for the Derby.

Inspections will be made to assure that all cars meet safety requirements and to fulfill rules of the race. Entrants are cautioned not to wait until Monday to take their cars to the park.

The cars were given preliminary inspections and were "weighed-in" at the park last Saturday. Final touches are being given the racers this week as some 40 boys prepare for the big July 5 event.

Lanes for the Monday Derby have been marked off on the hill just west of the municipal swimming pool, and starting ramps are in readiness. Other arrangements

Court Rules Clinic Can Keep Lubbock M.D. From Service

AUSTIN (AP)—The Supreme Court ruled 5-3 Wednesday that a Lubbock medical clinic has the legal right to enforce a contract to keep one of its former doctors from practicing in Lubbock County.

The ruling upheld a Civil Appeals Court decision which put a three-year limitation on the injunction to prevent Dr. Richard Lewis from continuing private practice in the West Texas county.

Lewis was employed by the Krueger, Hutchinson and Overton Clinic. His contract provided that if his employment ceased, he would not thereafter practice in Lubbock County.

Three years later, Lewis resigned and entered private practice in Lubbock. The clinic asked an injunction.

The trial court sided with Lewis, saying the contract was void because it was unlimited as to time. The appellate court said limitation of the contract to Lubbock County was reasonable as to area and said a three-year injunction would amply protect the practice of the clinic.

Big Spring automobile owners were warned here today to exercise extreme caution in driving during the Fourth of July weekend—both on the highways and on city streets.

The warning came in a statement released by Dr. Lee O. Rogers, chairman of the Citizens Traffic Commission. Dr. Rogers explained that holiday traffic hazards will be numerous.

"With 40 million vehicles jamming the nation's highways during the three-day weekend, the chance for driver mistakes will be multiplied many times over the normal accident risk," he said.

MEN IN SERVICE

Russell E. Williams, Big Spring, has been promoted to the rank of airman second class.

He is serving as a disbursing clerk at Canada's Peppercell Air Force Base. Williams has been stationed there since March, 1954.

Williams attended Big Spring High School, Howard County Junior College, and Texas Technological College. The son of Mr. and Mrs. W. A. Williams, he enlisted in the Air Force in May, 1953.

Pfc. Henry G. Barnard, son of Mr. and Mrs. Frank Barnard, 110 East 16th, is now home on a 10-day leave from Ft. Bliss, Texas. He is visiting his parents and sister, Mrs. Dale Fryar.

Barnard will report back to duty at Ft. Lee, Va., for eight weeks basic training in the quartermaster corps.

Cadet George L. Hill, 212 North Nolan, is attending a six-week ROTC summer camp at Ft. Eustis, Va. Hill will be a senior student at Texas Christian University next fall.

During his stay he will put into practical application the theoretical training received in college ROTC classes. The summer camp will terminate July 30.

Farm Department Shows Price Drop

WASHINGTON (AP)—The Agriculture Department said today farm prices dropped four per cent between mid-May and mid-June, sharpest decline in several years.

This largely reflected decreases in prices for hogs, cattle, commercial vegetables and wheat.

The farm price level in mid-June was about 3.5 per cent below a year ago and about 20.8 per cent below the record high set in February, 1951.

The chairman also pointed out that local highways will be heavily traveled during the period. And there will be more traffic on residential streets as most business establishments will be closed, he said.

Explaining that one or both of the drivers are at fault in about 75 per cent of all fatal traffic accidents, Dr. Rogers said the best way to avoid a traffic accident during the Fourth of July holiday period is to think twice—once for yourself and once for the other guy.

"Traffic accidents don't just happen—they are caused," he said. "They are caused by human indifference, ignorance, recklessness, or lack of plain courteous and decent behavior. A car does not go out of control until the driver loses control of it."

Five points for drivers to remember, according to Dr. Rogers' statement, are:

Don't drive after drinking; cut the usual cruising speed by 10 miles an hour; double check before passing or changing lanes; don't follow the car ahead too closely, and don't compete in traffic.

The Citizens Traffic Commission is cooperating this year with a

Berserk Man Killed After Shooting Of Wife, 8 Policemen

INDIANAPOLIS (AP)—A berserk mental patient was shot to death inside his home Wednesday after gunning down his wife and eight besieging policemen in a bloody 2 1/4 hour battle.

An armored car roared across the back yard of the frame home of the West Side and three policemen ran into the house. A few minutes later the policemen emerged and said the man, Howard Ellis, 64, was dead.

They said a volley from a sub-machinegun killed Ellis in the front room.

The police were called after Ellis' wife, Janie, 56, stumbled to the home of a neighbor suffering from two bullet wounds.

Six of those wounded are believed policemen. Two were in critical conditions.

HAPPY 4th CAKE... Rich chocolate frosting to delight holiday guests.

Bake A Cake For A Happy Fourth Of July

By CECILY BROWNSTON; E

By The Associated Press

Food and fun—what better combination for the 4th of July? If visitors are coming to help you celebrate, have this happy 4th cake ready. The cake part is like a torte, because it is made with finely-rolled graham cracker crumbs and nuts instead of flour. The topping is one of the best and richest chocolate frostings we have ever tested—gala enough for any holiday. But should you want to try the cake with another topping flavor sometime, we are giving you a recipe for a Lemon Frosting that tastes delicious with it.

HAPPY 4TH CAKE

Ingredients:

2 cups finely rolled graham cracker crumbs (about 25 graham crackers) 2 1/2 teaspoons baking powder, 1/4 teaspoon salt, 1/2 cup butter or margarine, 1 cup sugar, 2 teaspoons vanilla, 3 eggs (separated), 2-3 cup milk, 1 cup finely chopped walnuts or pecans.

Method:

Stir graham cracker crumbs, baking powder and salt together. Cream butter, sugar and vanilla add egg yolks one at a time, beating well after each addition; beat in milk. Stir graham cracker crumb mixture into creamed mixture. Beat egg whites until stiff but not dry; fold in. Turn into two greased round layer cake pans (8 inches in diameter and about 1 1/2 inches deep) that have been greased and lined with buttered waxed paper. Bake in moderate (375 degrees) oven 20 to 25 minutes or until cake tester inserted in center comes out clean. Remove from pans to cool.

ing racks; strip off paper; cool. Fill and frost with Rich Chocolate Frosting; write "Happy 4th" on top of cake with whipped cream or white butter frosting put through a pastry tube.

RICH CHOCOLATE FROSTING

Ingredients:

4 squares (4 ounces) unsweetened chocolate, 1 cup sifted confectioners' sugar, 2 tablespoons hot water, 2 eggs, 1/4 cup butter or margarine (soft).

Method:

Melt chocolate over hot water. Put sugar in bowl; pour in chocolate and water; mix well. Add eggs, one at a time, beating well after each addition. Blend in butter, one tablespoon at a time. Use for filling and frosting top and sides of Happy 4th Cake.

LEMON FROSTING

Ingredients:

3 1/2 cups (about) sifted confectioners' sugar, 1/2 cup butter or margarine (melted), 1/2 cup strained lemon juice, 1 tablespoon cream or undiluted evaporated milk, 1/2 teaspoon grated lemon rind.

Method:

Mix 1 1/2 cups of the sugar with the butter, lemon juice, cream and lemon rind; beat until smooth. Gradually mix in remaining sugar; beat and add more sugar if necessary to make mixture of spreading consistency. Use for filling and frosting top and sides of Happy 4th Cake.

The U. S. S. Constitution is preserved in a naval museum at Boston.

Tea Can Form Base Of Cool Summer Drinks

A drink that looks cool, feels cool and tastes cool. Iced tea fits that description, which is reason enough that it is probably the most popular iced drink for summer.

This summer an open-saucepan method is being recommended for making tea because it requires less utensils and fewer ice cubes. It does not need refrigeration.

Bring 1 quart of fresh water to a full, rolling boil in an open saucepan. Remove from heat. Immediately add 6 tablespoons tea. Brew three to five minutes. Strain into a pitcher or container holding 1 quart of water. When ready to serve, put two or three ice cubes in a tall glass, fill with tea. Add sugar and lemon to taste.

Do not refrigerate tea made by the open saucepan method. Keep at room temperature handy to serve any time of day. Refrigeration is apt to cause iced tea to cloud.

Although clouding has no effect on the flavor or quality of tea, it is not as attractive to serve. If for some reason your tea has clouded, the original amber color can be restored by adding just enough boiling water to clear it.

In addition to fixing tea in its undiluted form, there are many tempting recipes for iced summer drinks with an iced tea base. Mixed fruit drinks and punches to serve between meals or drinks for special occasion parties are handy to have in your summer repertoire.

To serve four try this iced tea Hollywood style that uses lime juice and maraschino cherry juice.

ICED TEA HOLLYWOOD STYLE

2 cups boiling water
3 tablespoons tea
2 cups cold water
1/4 cup lime juice
2 teaspoons maraschino cherry juice

Sugar to taste

Bring 2 cups of water to a full rolling boil in a saucepan. Remove from heat. Immediately add tea. Brew three to five minutes. Strain into pitcher holding 2 cups cold water. Just before serving, add lime and cherry juice and sugar to taste. Pour over ice cubes in tall glasses.

Fruit tea punch combines the cool summer flavors of grapefruit, pineapple and ginger ale. Although there is no lemon juice in the

recipe, lemon slices make an attractive garnish.

FRUIT TEA PUNCH

2 cups boiling water
1 tablespoon tea
1 can grapefruit juice
1 can pineapple juice
1/4 cup sugar

1 quart ginger ale
1 lemon thinly sliced

Bring water to full rolling boil in saucepan. Remove from heat. Immediately add tea. Brew four minutes. Strain into container holding remaining ingredients, except ginger ale and lemon slices. Chill. Just before serving, add ginger ale. Pour over ice cubes in tall glasses. Garnish with lemon slices.

When those who like lemonade and those who prefer iced tea get together this summer, serve this tea lemonade as a compromise that will please everyone.

4 cups boiling water
6 tablespoons tea
3 cups cold water
1/2 cup sugar
1/2 cup fresh lemon juice

Bring 1 quart water to full rolling boil in saucepan. Remove from heat. Immediately add tea. Brew three to five minutes. Strain into pitcher holding 3 cups cold water. To make syrup simmer 1/2 cup cold water, 1/2 cup sug-

ar 10 minutes. Add to tea. Add fresh lemon juice; to serve pour over ice cubes in tall glasses. Makes 2 1/2 quarts.

For a real party drink on a hot afternoon or evening serve sherbet tea punch. Be certain that the orange sherbet is well frozen so that it will not melt too quickly.

SHERBET TEA PUNCH

2 cups boiling water
1 tablespoon tea
1 cup sugar
1 cup orange juice
1/2 cup lemon juice
1 pint ginger ale
Slices of lemon or lime
1 pint orange sherbet

Bring 2 cups water to full rolling boil in saucepan. Remove from heat. Immediately add tea. Brew four minutes. Strain into container holding sugar. Stir until sugar is dissolved. Strain into pitcher. Just before serving pour over a block of ice in punch bowl. Stir in ginger ale and add fruit slices. When ready to serve, add well-frozen orange sherbet. Makes about 12 servings.

A syrup is used in the making of frosty spiced tea, a summer beverage that combines the familiar spices of cloves, cinnamon and nutmeg.

1/2 cup cold water
1/2 cup sugar
Dash of salt
1 teaspoon whole cloves
6 two-inch cinnamon sticks
Dash of nutmeg
4 cups boiling water
3 tablespoons tea

6 lemon wedges
Ice cubes
To make syrup combine and simmer and set aside. To make over low heat for 20 minutes. Strain and set aside. To make tea base, bring 4 cups water to a full rolling boil in a saucepan. Remove from heat. Immediately add 3 tablespoons tea. Brew three to five minutes. Strain into spiced syrup. Pour over ice cubes in tall glasses. Serve with lemon wedges and stick of cinnamon in each glass.

Here's a good refresher to serve two afternoon bridge tables. Tasty cookies are the only needed accompaniment.

GINGER TEA FRUITADE

2 cups tea infusion
1 cup fresh or frozen raspberries, crushed
1 cup orange juice
1/2 cup lemon juice
1/4 cup sugar
Pale dry ginger ale

Combine all ingredients; chill. Divide among eight tall glasses. Fill glasses with ice cold pale dry ginger ale. Stir gently to mix.

Chipped Beefburgers

Get out chipped beef and hamburger buns for this hot sandwich. Heat a can of mushroom soup with minced clove garlic, then add shredded chipped beef and grated cheddar cheese. Cook slowly until the cheese is melted, and serve on buns, toasted and buttered.

RECIPE OF THE WEEK EXTRA SPECIAL ONIONS

1 can condensed cream of mushroom soup

10 to 12 small onions
1-3 cup chopped walnuts
1/4 cup pimento strips
1/4 cup grated cheese
Cook onions in water until tender. Drain. Combine soup, onions, walnuts and pimento. Put in a baking dish and sprinkle with cheese. Bake in a moderate oven (350 F) for 30 minutes, or until cheese is melted. Six servings.

Friends Of Mrs. McDowell Will Treasure This Recipe

A recipe that all her friends have been wanting is the one given by Mrs. Lucin McDowell for Cheese Cake—and not the kind that newspaper people usually think of in connection with that word. This one is easy to make, and it is delicious to eat.

Ease of preparation is always an important item in cooking, and it is especially so when a family entertains as much as the McDowells do. Their home is an example of true Western hospitality, and friends are always sure of something good to eat, whether they just drop in or are invited to a party.

Besides being busy in her ranch home, Mrs. McDowell has other interests. She is a member of the 1905 Hyperion Club and the Altrusa Club. She is also taking quite an interest in the stock their son is readying for various shows.

Here is her recipe for that cheese cake that has been the delight—and envy—of all her friends:

CHEESE CAKE

Ingredients:
5 3-ounce packages or 2 8-ounce packages of cream cheese

1 cup thick cream
1/4 tsp. salt
1 tsp. vanilla
1 tsp. grated lemon rind
1 cup sugar
4 eggs, separated

Method:
Have cream cheese at room temperature. Cream well, and gradually add heavy cream and beat with rotary beater until light and fluffy. Add salt, lemon rind and sugar and continue until it is well-mixed.

Beat egg whites until stiff and then beat yolks until they are thick and light in color. Add yolks to the cheese mixture and beat well. Quickly fold in the egg whites. Pour into a deep pan lined with the crumb crust sprinkle top with remaining crumbs and bake in a slow oven (300) for 1 hour. Leave in oven to cool until it is firm enough to spring back from light pressure. Top with whipped cream. Garnish with a cherry.

CRUMB CRUST

Ingredients:
1 package of zwieback, rolled fine
2 tsp. sugar
1-3 cup butter, melted
Mix crumbs with sugar and butter. Line pan on sides and bottom with this mixture. Reserve 1/2 cup of crumbs to put on top of

cake.
Here are some of the success secrets Mrs. McDowell has discovered in making this cake:
After whipping the cream for the top, add just a tiny bit of lemon juice to it. In preparing the pan for the crumb-crust, butter the pan well before putting the crumbs in it. About fifteen minutes for the cake to cool should be long enough. Much longer than that makes it dry. A shorter time is not enough for it to get firm, and it may fall.

Saturday Supper

CHICKEN BREAD

Ingredients:
1 cup sifted-flour, 1 cup enriched corn meal, 3 teaspoons baking powder, 1 teaspoon salt, 1/4 cup shortening, 2-3 cup milk.

Method:
Sift together flour, corn meal, baking powder and salt. Cut in shortening until mixture resembles coarse crumbs. Add milk, mixing lightly until mixture is dampened. Add a little more milk if necessary to make a soft dough. Turn out on lightly floured board and knead gently a few seconds. Roll out to 1/4-inch thickness; cut into diamond shapes, rounds or squares. Place in the skillet in which the chicken was fried, leaving only a small amount of fat in the pan. Cook over moderate heat until delicately browned on underside. Turn and cook on other side. This will take about 8 minutes. Serve at once with butter and fried chicken. Makes 6 servings.

Ice-Cream Desserts Go Over Big

By CECILY BROWNSTONE
Make them as homey or chichi as you like, depending on the occasion, but keep ice-cream desserts in mind for refreshing and sweet endings to summer meals.

In the homey category, we would list the wonderful and typically American pies, cobblers, pandowdys, biscuit rolls and dumping desserts made from seasonal fruits and served a la mode. With fillings of blueberries, strawberries, raspberries, cherries, apples, peaches, apricots, plums or pears, these old-fashioned fragrant treats are out-of-this-world when brought to the table warm from the oven and topped with ice cream. But we beg you to choose an appropriate flavor of ice cream for them. Vanilla, pecan or burnt almond go with any of these fruits.

In the chichi group, that glamorous concoction—Baked Alaska—comes first. In cold weather Baked Alaska is fine served with chocolate sauce, but in summer it needs a fresh fruit sauce. To make the Alaska, get yourself a sponge layer cake and enough ice cream to cover the top. When you are ready to serve, arrange the solidly frozen ice cream over the cake, then cover the whole thing with meringue. Get your meringue ready first, following standard directions to beat in the sugar thoroughly. Then the last trick: put the Alaska in a very hot oven for only a few minutes—just long enough for the meringue peaks to get a beautiful

golden color. Serve at once with your fruit sauce to willing eaters.

CHOCOLATE ICE CREAM WITH ANGOSTURA SAUCE

Ingredients:
1/2 cup sugar, 1 tablespoon flour, 1/4 teaspoon salt, 2 eggs (separated), 1 cup scalded milk, 1 to 2 teaspoons aromatic bitters, chocolate ice cream.

Method:
Mix sugar, flour and salt thoroughly in top of double boiler. Beat eggs slightly and add. Stir in milk gradually; cook and stir constantly over hot (not boiling) water until sauce thickens slightly. Remove from heat. Stir in bitters. Beat egg whites until stiff and slowly fold hot custard into whites. Chill.

Family Supper

Now's the time to make this rosy-red jelly with its refreshing flavor.

RASPBERRY AND GRAPEFRUIT JELLY

Ingredients:
One 3 1/2-ounce package powdered fruit pectin, One No. 2 can (2 1/2 cups) unsweetened grapefruit juice, 2 cups whole fresh raspberries, 4 cups beet or cane sugar.

Method:
Stir powdered fruit pectin into grapefruit juice in preserving kettle until well dissolved. Add raspberries and bring to rolling boil on high heat. Mix in sugar; boil hard for 2 minutes, then remove from heat. Put through fine sieve, pressing pulp through with back of spoon—no seeds should go through. Stir well. Pour into hot sterilized jelly glasses; paraffin at once. Makes about five 8-ounce glasses.

Family Lunch

Here's a delightful salad to serve on a warm summer day.

BACON AND EGG SALAD

Ingredients:
6 hard-cooked eggs, 4 slices crisply cooked bacon, 1/4 cup finely diced celery, 1/4 cup sweet pickle relish, 1 tablespoon grated onion, 1/4 cup mayonnaise, 1 tablespoon sweet pickle liquid, salt, pepper, celery salt, salad greens.

Method:
Dice eggs into mixing bowl; crumble bacon and add with celery, pickle relish and onion; mix lightly but thoroughly. Chill. Just before serving, blend mayonnaise and pickle liquid; pour over salad and toss lightly. Season to taste with salt, pepper and celery salt. Serve on crisp salad greens. Makes 4 to 6 servings.

Celery Stuffed Chops

Celery stuffing is ideal for pork chops. Simply add chopped celery to bread stuffing and season with minced onion and parsley. To stuff, cut the chops along the bone, fill with celery combination, then brown them thoroughly in lard or drippings. Cover and cook on top of the range or in a 350 degree F. oven for 45 minutes to 1 hour.

ALL MILK IS GOOD ... BUT be SURE to get the milk that has earned the ... GOOD HOUSEKEEPING SEAL

"It's BETTER than Good!" ... it's FOREMOST!" FOREMOST DAIRIES
907 East 3rd St. Phone 4-7437

At Least 100 Calories ... But Worth It!

This delicious cheese-cake would make anyone forget a diet! Anyway, it is worth doing without the next meal to go on a spree with a piece of Mrs. Lorin McDowell's cake, topped with whipped cream and garnished with a cherry.

Sandwich Designs

Sandwiches are all the more fun for your youngsters to eat when you use your cookie cutters to make them in various shapes and sizes—stars, crescents, rounds etc. Spread with such tasty mixtures as liver sausage and minced sweet pickle moistened with mayonnaise, peanut butter and chopped crisp bacon, chopped prunes and crisp bacon bits.

Ham Casserole

Here's a casserole that combines cooked pork or ham, tart apples and sweet potatoes. To prepare, cube cooked meat, then combine with sliced tart apples. Moisten with gravy and place in a casserole. Top the casserole with slices of cooked sweet potato and bake for 30 to 45 minutes in a moderate oven.

Rain Control May Someday Be Weapon In War With Russians

By FRANK CAREY
AP Science Reporter

WASHINGTON (AP)—It may someday be possible to cause torrents of rain over Russia by seeding clouds moving toward the Soviet Union.

Or it may be possible — if an opposite effect is desired — to cause destructive droughts which would dry up food crops by "over-seeding" those same clouds.

And fortunately for the United States, Russia could do little to retaliate because most weather moves from west to east.

The possibility of such a spectacular device as this might be used in some future total war "should not be discounted," according to the man who heads a group set up by Congress to advise it on the chances for success of plans to control the weather.

Capt. Howard Orville, USN, Ret., who charted the weather for Doolittle's raid on Tokyo and helped prepare the forecasts for the North African and Normandy invasions, is chairman of an 11-member advisory committee charged by Congress with seeing that current efforts at rain making and rain suppression don't get out of hand.

It is Orville's personal view that if the United States would devote the same effort and money to weather experiments that it does to atomic development it could, in about 40 years, "increase precipitation over any area almost at will, using favorable situations."

However, he emphasizes that the advisory committee does not take it for granted weather control will or will not work.

In the law setting up the advisory group, Congress said application of scientific advances to the

problem of weather "appears to be practical."

Primarily, Congress wants the committee to determine whether experiments, public and private, strengthen possibilities of large-scale weather control.

But the committee has a corollary job: to determine whether federal legislation is necessary to be

sure that attempts at weather modification don't result in disaster, such as "catastrophic droughts, storms, floods and other phenomena . . ."

And finally, Congress wants the committee to recommend to what extent the government should experiment with or engage in weather control activities.

Some federal work already is under way. Army, Navy, Air Force and Weather Bureau have re-

\$8 Million Paid For Coke Leases

FORT WORTH (AP)—Deep Rock Oil Corp. of Tulsa has purchased from Klisk Johnson, Fort Worth, and associates leases with 28 producing wells in the Jameson Strawn area of northwest Coke County.

The price was \$5,500,000 cash and an \$2,500,000 more in deferred oil payments.

The deal also involved the option to develop 1,600 acres in the area on a half-interest basis.

Those associated with Johnson included Robert Wood and Leland Thompson Jr., Midland, and movie actor James Stewart.

Advertising Agency Head Found Deceased

HOUSTON (AP)—Van Combs, vice president of A. S. Black Advertising Co., was found dead in his home Wednesday.

He was found slumped against a wall heater in the library by his wife. Combs had been dead nearly nine hours, physicians said, probably due to a heart attack.

Choir School Set At Hardin-Simmons

ABILENE — Planning to attend the annual Hardin-Simmons University summer choral school, July 5-9, are students from Bryan, Grandfalls, Gradford, San Angelo, Winters, Snyder, Odessa, and Abilene, Euell Porter, director of the H-SU choir, has announced.

Guest clinician for the week of choral study will be George Frederick Krueger, associate professor of choral music at Indiana University. Krueger is a graduate of the Westminster Choir College, Prince-

ton, N. J., and the Cleveland Institute of Music.

Sacred, secular, and spiritual selections will be included in the repertoire of study for the week. Membership of the school will climax the week with a concert on Friday night, July 9, in Behrens Chapel.

Vacancies Reported For Patent Advisor

A civil service examination has been announced for patent advisor (radio and electronics) to fill positions paying from \$4,205 to \$7,040 per year in the Signal Corps Cen-

ter and Fort Monmouth, N. J.

To qualify for the positions, applicants must have appropriate training or experience. There will be no written tests. Applications will be received until further notice.

Additional information may be secured from the U. S. Civil Service Commission, Washington 25, D. C. Applications should be submitted to the Board of U. S. Civil Service Examiners, Headquarters, Signal Corps Center and Fort Monmouth, Fort Monmouth, N. J.

Tiny insects called snow fleas often are observed on snow in late winter. Little is known about them.

But in human relations he must work through your hands and minds. You are greatly needed by the Infinite. "How manifest are thy works, in wisdom hast thou made them all." — Psalm 104:24.

Dangerous Weekend Lies Ahead, Be Careful So You Can Survive

The National Safety Council believes 430 Americans will lose their lives in traffic accidents during the three-day Independence Day period starting Saturday and ending Monday. Saturday is always a whole or half holiday in many parts of the country...

Playing it safe in traffic includes more than careful attention to driving chores. Being sure your car is in good mechanical condition before you start is important...

Regardless Of Official Attitudes, We Are Not Loved South Of Border

An old bit of doggerel runs: "I do not love thee, Doctor Fell, the reason why I cannot tell; But this alone I know full well, I do not love thee, Doctor Fell."

Guatemala recently ousted, anti-U. S. demonstration in Tegucigalpa, Honduras, last week by students was fired on by police, resulting in wounds to seven persons...

Washington Calling—Marquis Childs

Many Senators Worried About McCarthyism, Smear Politics

WASHINGTON — Both Republican and Democratic Senators are deeply concerned over the extent to which smear politics has been carried. It is becoming more and more evident to the members of a body that jealousy guards the rights and privileges of both the individual and the institution that something new and profoundly disturbing has been added.

If this were an isolated episode, it might pass without comment. But today it threatens to become a pattern. McCarthy's hint of charges against a Democratic Senator is only one instance of how this practice is spreading. Here are some others: Senator Stuart Symington, Democrat of Missouri, engaged in an adolescent prank with other boys and as a consequence a neighbor charged them with taking his car. McCarthy several times threw this up at Symington during their heated interchanges in the course of the McCarthy-Army controversy.

"Nonsense—We Never Felt Better In My Life"

The World Today — James Marlow

Meeting Between Churchill, Eisenhower Apparently British-American Standoff

WASHINGTON (AP)—The meeting between President Eisenhower and Sir Winston Churchill, judging from the two statements they issued, looks like an American-British standoff, with both sides yielding a bit. United action in Southeast Asia—which is what Secretary of State Dulles had been talking about—has been delayed. Britain's Foreign Secretary Eden wanted it delayed.

His proposal in effect called for the United States to reverse its attitude on Red China. By signing such an agreement, the United States in effect would be recognizing the Communists as the rightful rulers of China. This it has refused to do. Besides, this country could hardly believe the Communists would live up to any such agreement when it suited them to break it.

Notebook — Hal Boyle

How Man Carries Wallet Indication Of Personality

NEW YORK (AP)—Did you know that the way you carry your wallet reflects your personality almost as much as the way you wear your face? Howard Cooper, a psychiatrist, has analyzed the pocketbook-packing habits of American men and says they are "probably as good a test for individual psychological factors" as any.

ried about the safety of their cash," he said. "On the other hand, a man who carries his money in a metal clip separate from his wallet is less concerned over material wealth. But he is the type who hates to have the routine of his life upset. He is less afraid of losing his cash than he is of losing his driver's license."

GRIN AND BEAR IT

"Sorry, Mr. Fagot! ... but in your group insurance plan EVERY member must have a broken left leg, injured left eye and a black eye... all of 'em."

Cooper found that many men today periodically shift their wallet from the back pocket of their trousers to their inside coat pocket. "That is a sign they feel insecure about people as well as worried about the safety of their cash," he said.

Anti-Red Kidnaped

FRANKFURT, Germany (AP)—The anti-Communist NTS organization reports one of its members has been kidnaped by Russian agents in the Soviet zone of Austria.

A long-term trend toward lower consumption of wine in the world has produced large surpluses in a number of countries.

Don't Invite Thieves To Enter Your Home While You're Gone

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald—Editor's Note.

The man in coveralls paused on the steps and gazed around before ringing the doorbell. He was a repairman of some sort, judging from the tool kit he placed at his feet. He pushed the buzzer again. Nothing happened.

or to at least make his work unpleasant, however, the FBI says. The criminal chasers list a number of precautions the homeowner can take to discourage the ransacking of his premises while he's away. For one thing, notify the milk man and the paper boy to stop deliveries. And ask police to keep an eye on the place. The prowler car won't mind dropping by occasionally for a look-see.

Business Outlook—J. A. Livingston

Reds Couldn't Understand Fuss Of GMC, Wall Street Journal

A Russian newspaper man would be hard put to understand the fracas between General Motors Corp. and the Wall Street Journal. G. M., the outstanding symbol of American corporate enterprise, has broken off advertising relations with the newspaper which has long been symbolic of American capitalism. What a contradiction!

possession. The Wall Street Journal takes the position that news is determined by reader interest—not by the source. Car buyers want to know what's going on in Detroit. Suppliers want to know. Investors want to know. If a newspaper followed the dictates of big business organizations, it would print only their "canned" releases.

The official Russian view of the U. S. is that business conspires against the American working man. The newspapers, especially a Wall Street newspaper, would print only what G. M., the biggest among the big businesses, would demand. Yet, on May 28, the Wall Street Journal carried an article which infuriated G. M. The article described and pictured forthcoming 1955 automobiles. That, when the 1954 selling season was in full swing!

Auto dealers argue that the article and sketches cost them sales. If that's so, it suggests that the Wall Street Journal was correct in its news judgment. The article influenced decisions of car buyers. It provided readers with information they wanted. I suspect that the effect of the article and drawings was exaggerated in Detroit. Any experienced car buyer knows that new models come out in the fall. Every year salesmen have to overcome: "I think I'll wait for the new model." In an already tough selling year, the article could serve some salesmen as a convenient excuse for not selling.

Since the United States doesn't recognize the Communists as the legitimate government of China, it regards China as being in bondage. Churchill seemed pretty clearly to be agreeing against a Locarno treaty in Asia. If so, then Eden had to yield.

These Days—George Sokolsky

Roy Cohn Now One Of Ablest Lawyers In Anti-Red Hearings

Those who dislike him call him brash, ill-tempered, aggressive. Undoubtedly, he has a special gift for making intense enemies and loyal friends. His enemies are devoted to his destruction because at some point in the relationship he has cut through to the hard core of character without the mitigating graciousness of telling only a good friend and not the victim of his penetration.

counselship of the McCarthy committee, he found not a case in the files which had any meaning. Also there was an accumulation of lawyers whom Senator McCarthy would not fire, because he finds it difficult to fire people. Cohn had to do the house cleaning and he did it without worrying about very many amenities. His attitude was that superfluous legal furniture was unnecessary. Roy Cohn does not need this job and possibly does not understand the attitude of one who does need a job and for whom unemployment can be a personal tragedy.

This has, in no small measure, been the secret of Roy Cohn's success in the preparation of the case of the top Communist eleven, the Remington case, the second string Communist case, and the Rosenberg case. While Cohn worked alone on these cases, his contribution in all of them has been enormous, his ability unopposed. I can write of Cohn with frankness because we are friends between whom there can be no flattery or malice. It is not secret that when Cohn took over the chief

The Communists and their friends have done a pretty good job of smearing McCarthy as an anti-Semite. Roy Cohn reflects this as untrue from his own experience. It is, however, very tough on his family whose social and political associations have always been with those who disapprove of the junior senator from Wisconsin. Judge Cohn has, however, stood by Roy throughout this fight.

Names Of Candidates Listed As They Will Be On July 24 Ballot

Candidates seeking Democratic primary election on July 24 recently drew for places on the ballot. All have paid their fees. Fifty-two candidates are seeking 26 places. Fifteen are unopposed. Order of the ballot: Congress 19th District—George Mahon. State Senator 24th District—Harley Sadler. State Representative 101st District—Oble Bristow. Associate Justice, Court of Civil Appeals for the 11th Supreme Judicial District of Texas—Cecil C. Collings. Judge, 118th Judicial District—Clyde Thomas, Charlie Sullivan. District Attorney—Elton Gilliland. District Clerk—George C. Choate. County Judge—Cecil (Cy) Nebores, R. H. Weaver. Sheriff—Johnnie Underwood, Dale Lane, J. B. (Jake) Bruton, Jess Slaughter, Howard Shaffer, Randall Sherrod. County Attorney—Harvey C.

Hosner Jr. County Clerk—Pauline S. Petty. County Tax Assessor-Collector—Viola Horton Robinson. County Treasurer—Frances Glenn, Leighton R. Mundt. County Commissioner, Precinct Number 1—Ralph Proctor, F. O. Hughes. County Commissioner, Precinct Number 2—H. V. (Pete) Hancock, Pete Thomas, Frank Hardesty, G. E. (Red) Gilliam. County Commissioner, Precinct Number 3—Hudson Landers, Cecil Leatherwood, Murph Thorp, Arthur J. Stallings. County Commissioner, Precinct Number 4—Leland Wallace, Earl Hull, Fred Polasek, W. B. Puckett, Ralph J. Neill. County Surveyor—Ralph Baker. County Superintendent—Walker Bailey. Justice of Peace, Precinct Number 1, Place Number 1—Walter Grice, Roy O'Brien. Justice of Peace, Precinct Number 1, Place Number 2—A. M. Sullivan. Justice of Peace, Precinct Num-

ber 2—Mrs. Austin Coffman (Frances). Constable, Precinct Number 1—C. M. (Sleepy) Wilkerson, A. F. Hill, W. H. (Ant-Killer) Hood, J. M. (Jimmy) Williams, W. O. (Orion) Leonard. Constable, Precinct Number 2—Odell Buchanan, G. L. (Buck) Graham, Grocer V. Coates. Constable, Precinct Number 3—Bill Conger. County Chairman—Grover Cunningham Jr.

Lamesa Student To Attend Encampment

Juanice Koen of Lamesa, a student at Hardin-Simmons University, has made reservations to attend the Gloria Baptist Assembly at Gloria, N. M., from August 25 to 31. She will attend the southwide retreat for Baptist Students along with about 30 other H-SU'ers. Euell Porter, professor of voice and choir director at H-SU, is to be music leader for the student retreat.

Free Trips To Russia

WASHINGTON (AP)—The House has approved a proposal to use government funds on one-way tickets for any resident of the United States desiring to live in Russia. Re-entry to this country would be barred.

Office Seekers 'Jazz Up' Their Drives For Office

Politicians are "jazzing up" their campaigns for nominations which will be decided at the July 24 Democratic primary. Changed are the days of the back-slapping, hand-shaking, smiling campaigner. To the "old tricks" have been added the passing out of favors to potential voters. Candidates cards are now being printed in colors ranging from greens to pinks, and the "Your vote will sincerely be appreciated" has been converted into some type of catchy message. Also printed material is being placed on the once vacant backs of the cards.

'Gator Ties Up Traffic Near Miami

MIAMI, Fla. (AP)—A 12-foot alligator is back in the Everglades after tying up traffic on U.S. 1 north of Miami for nearly an hour.

Sheriff's Deputies Richard Wright and Robert Lachak suffered rope burns in the battle to subdue the huge reptile which was first spotted by a motorist along the busy highway last night. Wright said they couldn't figure what to do when they arrived, since there's a \$300 fine for shooting an alligator. "It lay there peacefully enough until three Humane Society workers arrived," Wright said. "But when we started to rope it, it went wild." Four ropes were tossed over the creature's snout and neck. It whirled and lunged, snapping its huge jaws and thrashing its tail. More than 100 persons assembled and shouted encouragement while perspiring officers struggled with the 'gator.

Wright said it was more than a mile from where the 'gator was found to the nearest water. "This alligator looked like the daddy of them all," said Charles W. Pusey, executive vice president of the Humane Society. "He was the biggest alligator I ever saw." Pusey said he was turned over to conservation officers for release in Everglades National Park.

Insects sometimes live on materials like strychnine or cyanide that are poisonous to other animals.

Residence Of Arbenz Looted In Guatemala

GUATEMALA (AP)—Police say the plush residence of leftist ex-President Jacobo Arbenz Guzman has been ransacked of everything but some stale rolls and empty bottles in the kitchen—and a big pile of Communist literature stacked in the front lobby. Looters took away furniture, rugs and the pictures from the walls. Arbenz disappeared immediately after resigning last Sunday and is believed to have sought asylum in the Mexican Embassy here.

Smuggle Red Spies

VIENNA (AP)—The Vienna newspaper Arbeiter Zeitung says dozens of suspected international Communist agents are being smuggled back and forth across the Iron Curtain, over Austria's frontiers with Hungary and Czechoslovakia. It would cost \$100,000 to fire all the guns on the battleship Missouri for one minute.
