City Manager Says State Laws Make Collection Expensive Item

A report released today by City Tax Assessor-Collector Aubrey Jones shows the City of Pampa had collected up to Feb. 1 a total of \$707,542.88 of the \$759,260.16 city tax levy for fis-

On the current tax roll this would mean that 93.19 per cent of current collections had been made as of Jan. 31 this year. Taxes after that date became delinquent in the amount of \$51,-

The report showed delinquent taxes collected in the report period October 1966 through

January 1967 amounted to \$8.-586.60. Of that total, \$6,796.15 was for real estate and \$1,792.45

for personal property.
The current collection is slightly above the percentage for the three previous years. One year ago the percentage was 93.08, two years ago it was 92.60 and three years ago, 91.64. Of Pampa's \$759,260 total tax levy for the 1966-67 fiscal year, \$606,619 was on real estate and \$152,640 on personal property. An audit of city tax records by Nenstiel & Doggett, public accountants, reveals that Pampa

has a total of \$230,32829 in de-

linquent taxes dating back to

Of that total the audit shows, \$9,110.91 in unpaid taxes prior to and including Dec. 31, 1939, never can be collected because of legislation adopted by the Texas Legislature in 1965 which forever bars collection of delinquent taxes prior to that date. This would reduce the amount

of Pampa's legally collectible delinquent taxes to \$221,217.38. Why isn't something done about collecting nearly a quarter million dollars in delinquent

City Manager Jim White has

an answer to the question. He says collecting the delinquent taxes presents an expensive legal problem that in many cases actually would cost more money than the city would rea-

lize from the tax recovered.

"The delinquent taxes still on the rolls have accumulated in the last 40 years," White said. "Much of it is on vacant property where the owners and heirs are unknown. Much of it is property of no value. Then, too, the publication of legal notices and the work connected with attempting to bring abstracts up to date would, in

many cases, run into money that would be more than we could collect in back taxes."

The city manager pointed out that much of the \$51,717.28 delinquency for the current period will be collected between now and the end of the fiscal year in September

That \$51,717 tax delinquency for 1966 is broken down into \$41,266 on real estate and \$10,450 on personal proper-

White said practically all cities are "in the same boat" with Pampa on the collection of delinquent tax money. .

The city manager said much of the delinquent tax problem is due to inadequate legislation at the state level.

"Tax legislation needs to be updated," White said, "allowing a city to collect back taxes by putting property on the auction block under a much less expensive process and improving titles after property has been

"As it is now, on small accounts it is too expensive for the city to file individual tax suits and pay for all the other legal work that goes with it,"

The city manager pointed out however, that every means now feasible will be used to collect delinquent taxes.

He said Pampa's bond rating is affected by the amount of the delinquent taxes showing on the tax roll.

"Although some of it has been cancelled out by the State Legislature and much of it is financially not feasible to try to collect," he said, "the full amount, dating back from 40 years ago, always is brought forward in the current totals when tax reports are filed each

If you thought Pontiac was coming out with just another sports car, you don't know Pontiac!

Pontiac announces not one, two, three or four, but five magnificent new Firebirds for every kind of driving.

Now you can choose from five new Firebirds with the same advanced Pontiac styling, but with five entirely different driving personalities. And they all come with supple expanded vinyl interiors, wood grain styled dash, exclusive space-saver collapsible spare, bucket seats and wide-oval tires.

Firebird 400. Coiled under those dual scoops is a 400 cubic inch V-8 that shrugs off 325 hp. It's connected to a floormounted heavy-duty three-speed. On special suspension with redline wide-oval tires. This could be called the ultimate in grand touring. After this, there isn't any more.

Firebird HO. HO stands for High Output. As a split second behind the wheel will attest to. The Firebird HO boasts a 285-hp V-8 with a four-barrel carburetor, dual exhausts and sport striping. Standard stick is a column-mounted three-speed. Naturally, all Firebird options are available.

Firebird Sprint. Now you don't have to go to Europe Firebird. This is our economy Firebird-with! for a sophisticated road machine. Perhaps it is the influence of the chalk-striped suits of the 30's that are coming back to favor, but winter dinner jackets soon may get away from the black or navy tradition. Gentlemen's Quarterly reports prominent manufacturers are running up pin stripes. One is navy silk, double-breasted, shawl-collared, with a bold white stripe. Another is a peak-lapel singlebreasted jacket in dark gray mohair, lightly gray pinstriped.

And one of the unfortunate scheduling arrangements of the season is that his series now has wound up opposite the experimental "ABC Stage 67" hour, which was transferred 3:30 Candid Camera 4:00 Mr Mimikin 5:00 Science Fiction

Thus, for instance, the televiewer this Thursday faces the following choice of three shows in direct competition: The Competition

-A "Stage 67" musical, taped in Paris, with Maurice Chevalier and Diahann Carroll in a two-star revue.

-The Thursday night movie, "Two for the Seesaw," with Robert Mitchum and Shirley MacLaine.

-The Martin series, with guests Phil Harris, Dom De Luise, Don Cherry and Connie Francis.

The ratings, by the way, also claimed that NBC-TV's "Bonanza," the western that is usually the No. 1 series, was dropped to sixth by the competition of CBS-TV's new Smothers Brothers variety hour.

And along with the discussion about Martin's sudden ascension, the chief topic of television ratings talk around Hollywood this week is whether the longrunning "Bonanza" is finally going to start its slide.

NEW YORK (UPI)-William R. White of Hornblower & Weeks, Hemphill, Noyes says the market has showed unusual resistance to reaction in view of the sharp rise since December. The analyst feels such behavior suggests underlying demand for equities is strong enough to prevent any serious correction.

Bache & Co. says it feels the Dow Jones industrial average will need more time for consolidating the strong January gains before a significant attempt at penetrating the 860-870 resistance area of the average occurs. The company however, believes enough money still is on the sidelines awaiting reactions, thus downside risk appears minimized.

Thomson & McKinnon says a good deal of the excesses characteristically occurring in trading favorites in a strong market rise has been corrected along the way. panel created to settle the feud announced it would hold final hearings on the dispute April 6-Theodore Kheel, chairman of the panel, further stated that he would issue a binding ruling within 10 days after the Although the AAU took the very important first step, Hull warned that the "continued conduct of unsanctioned competition by any organization may get U.S. athletes as well as foreign student athletes permanently barred by the International Amateur Athletic Federation and the IAAF member in the countries concerned." Hull stated that he was making the concession at the direction of AAU president David A. Matlin of Los Angeles. Matlin further instructed that the IAAF be notified that permission to the restricted athletes to compete was being given on an "emergency basis" because several of the countries involved had not yet responded to the AAU.

"ine AAU is again giving the athletes the benefit of doubt in order to continue the development of track and field in the United States as it - the AAUhas done for 89 years," Hull said. "We are continuing and shall continue to exercise our responsibilities under our authority as the IAAF member in the United States."

EVER STRIVING FOR THE TOP O' TEXAS TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We 'relieve that freedom is a gift from God and not a political grant from government. Freedom is neither license, nor anarchy. It is control and sovereignty of oneself no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

LBJ Treads Lightly With

New Fair Housing Aims

By BRUCE BIOSSAT

Washington Correspondent

WASHINGTON (NEA)—Neither the housing industry nor Congress seems likely to wrest any major concessions from the Johnson administration than are already contained in the President's new fair housing proposals.

As set forth in his strong civil rights message to the lawmakers, these proposals would delay until Jan. 1, 1969, the application of a ban on discrimination and ment.
