President Sets 1967 Major Economic Goal

Calls for Restraint By Business, Labor

WASHINGTON (UPI) — President Johnson, citing price stability as a major national economic goal for 1967, today called on business and labor to exercise "utmost restraint and responsibility" in wage and price decisions this year.

Price Introduces Bill To Improve Farm Conditions

Legislation calling on the Johnson administration to stop what was termed "discriminatory activities against American farmers and ranchers" was introduced today in the U. S. House of Representatives by Congressman Bob Price of Pampa.

Price, officially confirmed yesterday as a member of the House Agriculture Committee, apparently lost no time in going into action on behalf of the farmers and ranchers.

Congressman Price said his resolution would "direct the administration, particularly the Department of Agriculture to employ every facility to improve farm prices in order to build a strong market economy for agriculture."

The Panhandle representative pointed out that farm prices are now at only 77 per cent of parity and the farmer is earning only 60 per cent as much as his city cousin. The resolution lists several specific reasons for a five per cent decline in net farm income expected in 1967 if present administration policies are continued.

Ky Flies Home But Meets Threat Over Ouster of Deputy Premier

SAIGON (UPI) — Premier Nguyen Cao Ky flew home today from his goodwill tour of Australia and New Zealand to cope with the threat of another government crisis over his reported ouster of Deputy Premier Nguyen Huu Co.

Ky skirted questions about Co on his arrival but pledged a "continuing effort" to eliminate corruption in his government.

Co, while touring Formosa, was ordered not to return to Vietnam. He flew to Hong Kong Wednesday and went into seclusion at a hotel.

Reliable sources said Ky, with the approval of the ruling military directorate, warned Co that if he tried to return he would be taken before a military tribunal on corruption charges.

Co denied he was guilty of corruption. He said he stopped over in Hong Kong on the way back to Saigon from Taipei because he was "sick" and needed a rest. Later, he said he was "waiting orders from Saigon."

Mao Faces Showdown

HONG KONG (UPI) — Chinese Communist Chairman Mao Tse-tung has called out his three-million-man army for a showdown with his foes in a massive power struggle wracking the country, Peking radio said today.

The battle drums are sounded, it said. Diplomats, veteran China watchers and intelligence sources here agreed all China is teetering on the verge of a civil war. They said the continued harping of Mao's propaganda organs on the need for army support—"it is ridiculous to say the army will not join in," Peking radio said—strengthens reports of splits within the military.

Mao's radio and Peking wall posters belittled reports of loyal army units crushing anti-Mao forces in Manchuria, Inner Mongolia and Shansi Province. They hailed the defeat of the "Dragon Army."

According to Peking radio, loyal Mao troops came to the rescue in the vast Manchurian industrial capital of Harbin Monday night when 300 members of the anti-Mao "Dragon Army" seized the local youth palace, a political and social center, seized anti-Mao leaders and hustled them away and propagandized their followers into repenting and confessing their "sins," the radio said.

It said the "Dragon Army" workers and peasants were armed with iron bars, wooden clubs, steel wires "and other weapons."

McNamara Says V.C. Buildup Is Virtually Halted

WASHINGTON (UPI) — Defense Secretary Robert S. McNamara says the allied military effort in Vietnam has virtually halted the "buildup of Viet Cong forces" in the South.

McNamara told Congress in testimony made public Wednesday, that the "Viet Cong appeared to have lost as many men as they were able to infiltrate from North Vietnam and recruit in South Vietnam" during the last six months of 1966.

The Pentagon chief was to continue his testimony today at a closed session of the Senate Armed Services Committee and defense appropriations subcommittee.

McNamara told the senators enemy forces in South Vietnam now total 275,000 men, a net gain of only about 25,000 in the past year.

Limit VC Buildup He said it was too early to draw final conclusions, "but it does appear that our military efforts during the last year... have indeed succeeded in limiting the buildup of the Viet Cong forces in South Vietnam."

Informed sources on Capitol Hill said McNamara forecast a leveling off of U.S. troops in Vietnam at 470,000 men toward the end of 1967.

Before today's session, Chairman Richard B. Russell of the Armed Services Committee told newsmen McNamara had testified that the pacification effort, to which South Vietnamese troops are assigned, is more dangerous than main force fighting.

Baker Trial Breaks For Conference WASHINGTON (UPI) — The jury in the Bobby Baker trial got a day off today while government and defense lawyers conferred with the judge on the disputed legal points that have cropped up.

All the testimony from both sides was in. Still to come were the final arguments and the judge's charge before the six men and six women on the U.S. District Court panel begin deliberating whether the former Senate Democratic secretary is guilty of tax evasion, larceny and fraud.

U.S. Atty. William O. Bittman and Baker's defense lawyer, Edward Bennett Williams, concluded their presentations late Wednesday—the 13th day of the trial of the former Capitol Hill pageboy who became a trusted aide to such powerful men as Lyndon B. Johnson and the late Sen. Robert S. Kerr, D-Okla.

When both sides rested Wednesday, the jury of 11 government workers and one retired federal employee had heard 65 prosecution witnesses and 10 called by the defense.

A dead senator—Kerr—figured prominently in the testimony. The government charged that Baker stole \$80,000 of the nearly \$100,000 collected from California savings and loan sources in the guise of 1962 campaign contributions and failed to report it as income.

Panel to Discuss Area Potential Of Oil and Gas

Representatives from various oil and gas industries in the Top o' Texas area will be guests of the Pampa Chamber of Commerce at a 12 noon luncheon Monday in the Starlight Room of the Coronado Inn, Fred Neslage has announced.

Neslage, chairman of the chamber's oil and gas committee, said a panel will discuss the past and present growth of the industry in the Pampa area since 1926.

"Much of the gradual, but continuous growth of Pampa, from a small town of 1,000 back in 1926 to the present population of 27,000 is due in part to the role the oil and gas industry has played in our economy," Neslage said. "We'd like to show our appreciation to this group at the luncheon."

A panel discussion will picture the past and present growth and the future potential of oil and gas in the Top o' Texas area.

Panel members will be A. D. Pickett of Phillips Petroleum; Griswold Rogers of Pan-American; Pete Blanda of Keweenaw; W. C. Newlin of Cities Service; George B. Cree Jr. of Cree Oil Co.; G. L. Carduck of Skelly Co.; G. L. Craddock of Skelly Texas Railroad Commission.

The public and chamber of commerce members are invited. Luncheon reservations are now being taken at the chamber office in the Hughes Bldg.

Syria Denies U.N. Report Of Agreement

JERUSALEM, Israel (UPI) — Syria today denied an official United Nations report it had agreed with Israel to keep peace along their 48-mile common border.

A Damascus radio broadcast refused to recognize a communique released Wednesday by Gen. Odd Bull of Norway, commander of the United Nations truce supervision organization.

Bull served as chairman Wednesday at the first Israel-Syrian meeting in eight years. His communique following the five-hour session said the two sides had reaffirmed their commitment to refrain from acts of hostility and aggression as provided by the 1949 general armistice signed by Israel, her Arab neighbors and the United Nations.

In the Syrian broadcast, a Damascus spokesman charged the Israeli delegation "had tried to bring up the Palestine question as a whole" in the course of the meeting.

He said Israelis presented "general and unspecific proposals" which Syrians regarded as "inconsistent with the purpose of the meeting."

He said Syria sought to "expose Israeli aggression and preserve the right of Syrian farmers to plow their land in the demilitarized zone in a calm atmosphere."

Rusk Speaks to State Lawmakers

AUSTIN, Tex. (UPI) — The Texas Legislature today took time out from the first political squeeze play of the session to hear a speech by U.S. Secretary of State Dean Rusk.

Rusk, in Texas to participate in the 75th anniversary celebration at Hardin-Simmons University in Abilene, reviewed U.S. foreign policy before a joint session of the Texas House and Senate at noon.

He had lunch with Gov. John Connally and was to be guest of honor at a dinner hosted by the University of Texas at the Commodore Perry Hotel.

Rusk planned to fly to Abilene Friday for a speech at Hardin-Simmons at 10 a.m., then return to Washington.

The visit provided a break to legislators tired of a week of infighting between one faction headed by Lt. Gov. Preston Smith and another allied with

Auto Makers To Cutback On Personnel

DETROIT (UPI) — Nearly 17,000 auto workers will be laid off next month as two auto making giants, General Motors and Chrysler, trim production to meet lagging sales demand.

Chrysler Corp. announced Wednesday it will produce 94,800 cars during February, compared with 111,000 autos in February of last year. The lower production will mean three assembly plants will be closed for a week each and a fourth will shut down for two weeks. A total of 14,900 workers will be affected.

General Motors said it was trimming production at three assembly plants and indefinitely laying off a total of 1,900 men. Chevrolet did not announce its February production schedules but said the three plants will be operated at a lower production rate.

A Ford Motor Co. spokesman said the company's February schedules will be off about 18 per cent from last February and several plants would operate on short work weeks rather than shut down.

The cutbacks closely followed a similar cutback by American Motors Corp., which sliced 4,100 workers off its payroll Monday by cutting its two factories in Wisconsin down to one shift a day.

Car production in the first three weeks of 1967 ran about 19 per cent below the same period for the big three—General Motors, Ford and Chrysler. The lagging sales have caused new car inventories at dealers to build up. Chrysler reported a 62-day supply.

Many observers in the auto industry have blamed the sagging sales on a combination of factors—the state of the nation's economy and buyers awaiting the new federal safety standards which are scheduled to go into effect with the 1968 models.

Connally and House Speaker Ben Barnes.

When Sen. Charles Herring called off the fight Wednesday, the Connally-Barnes faction appeared to be the victors, at least for the time being.

Herring had to acknowledge that he didn't have the votes to pass his emergency pay raise for state employees, a proposal that Connally and Barnes interpreted as an attempt to embarrass them.

Herring, with the active cooperation of Smith, tried to rush through the Senate a bill that would give 33,000 salaried state employees raises averaging 14 per cent before Sept. 1 when a raise recommended by Connally would take effect.

He fell one vote short Tuesday, and Wednesday changed his mind about trying again because "overnight a couple of members have had a change of heart, and I don't want to put them on the spot."

He promised to try again, but observers thought his prospects for success were slim for the foreseeable future.

Senate passage of the bill would put Barnes on the spot because a House rule he fought for would require the House to delay action on the bill until late in the session.

Herring chided Connally for making speeches about the need for a pay raise, then failing to make it an emergency recommendation.

However, he said he wasn't trying to embarrass anyone. "Maybe my motives are too noble to be believed," he told the Senate.

Reliable sources said Ky, with the approval of the ruling military directorate, warned Co that if he tried to return he would be taken before a military tribunal on corruption charges.

Co denied he was guilty of corruption. He said he stopped over in Hong Kong on the way back to Saigon from Taipei because he was "sick" and needed a rest. Later, he said he was "waiting orders from Saigon."

But what happens to Co—third ranking man in the government—apparently has not yet been decided.

Major Snowstorm Covers 10 States

By United Press International A major snowstorm moved across the nation's midlands today. Hazardous driving and heavy snow warnings flew in 10 states stretching from the Rocky Mountains to the Great Lakes.

The storm produced up to four feet of new snow and triggered avalanches in the central and southern Rockies Wednesday. Utah reported one of its heaviest falls in recent years. The Alta ski resort

measures 55 inches on the ground. Up to two feet of snow was reported in Colorado's mountains.

Snow mixed with freezing rain or sleet fell today, prompting hazardous driving warnings in parts of Arizona, New Mexico, Wyoming, Colorado, Nebraska, Kansas, Iowa, Missouri, Illinois and Indiana.

A Braniff 707 jet airliner slid off an icy runway Wednesday night at the Kansas City, Mo., Mid-continent International Airport. No one was injured.

As the cold air moved into the Southwest it touched off thunderstorms and at least one tornado. The twister ripped through the Owasso, Okla., area Wednesday night, tearing down power lines and injuring a family of four.

Tulsa, Okla., was hit by heavy rain and hail. Nearby Claremore suffered a power failure and power lines were felled in the Collinsville area.

Colder Weather Still in Sight Light snow fell in Pampa and across the Texas Panhandle last night and temperatures finally dropped as they were expected to for the last two days.

Colder weather is in store for tonight with a low of 15 predicted. Friday should bring slightly warmer conditions with temperatures in the mid-40s.

The Pampa weather station recorded a high Wednesday of 62 with an overnight low of 23. Thunderstorms and a tornado watch, that made it seem more like spring than a winter, unleashed blustery winds, hail and rain across parts of the Red River Valley and North Central Texas Wednesday night. Snow fell in the Panhandle.

Viet Casualties Near 50,000

SAIGON (UPI) — The United States has suffered 49,024 casualties in the Vietnam war, an American military spokesman said today. He said this included 8,542 killed, 39,997 wounded and 485 captured or missing.

The casualties exceeded the total number of American casualties in the Revolutionary, 1812, Mexican and Spanish-American wars. They totaled 38,931.

The spokesman said that during the past week U.S. forces suffered 844 casualties including 123 killed in fighting that centered around the gigantic sweep through the former Viet Cong jungle stronghold called the Iron Triangle on Saigon's northwestern doorstep.

U.S. Navy warships, Air Force bombers and South Korean tunnel fighters meanwhile smashed Communist coastal units in North and South Vietnam during the past 24 hours. Bad weather hampered American planes in the north's interior and the Viet Cong refused to come out and fight in the South in anything but small guerrilla bands.

Rocket-firing U.S. landing ships and destroyers with hammering five-inch guns ripped apart 269 Communist structures, 24 bunkers, 15 sampans and killed at least a dozen Viet Cong along the South Vietnamese coast Wednesday.

Just north of the Demilitarized Zone (DMZ) dividing the Vietnam, prowling American gunboats and their rocket-firing observation planes destroyed or damaged 21 Communist cargo craft and knocked out an anti-aircraft site that tried to stop them.

Near Quang Ngai, on the South Vietnamese coast north of Saigon, a U.S. Navy swift patrol boat captured a Communist gunrunner in a two-hour fire-fight.

Committee Post For Bob Price Is Confirmed

WASHINGTON — A resolution confirming Congressman Bob Price of Pampa as a member of the House Agriculture Committee was formally adopted by the House late yesterday afternoon.

Price said he has asked for assignment on the committee because in his travels over the Panhandle he had been told time and time again that the farmers and ranchers are in trouble.

"The Agriculture Committee was my first choice," Price said. "It will give me a chance to do something about it."

The congressman said he also wanted the appointment because it would enable him to try to do something about the government dumping the cotton during the harvest season — and about depressed grain and livestock prices caused by the sale of government commodities.

Congressman Price pointed out that agriculture "is a more than \$350 million dollar industry in the Texas Panhandle."

"In a large measure," Price said, "the well-being of the area's economy is dependent on the farmer and rancher."

The Pampa congressman said his first goal will be simplification of the mass and maze of federal farm loans, rules, regulations and forms with which farmers and ranchers must cope.

Pampan Elected Director For Miami Bank

MIAMI — A Pampan, James W. Campbell, has been elected a director of the First State Bank of Miami at a recent regular stockholders meeting, according to the bank's president, E. D. Daugherty.

An area resident all of his life, Campbell is engaged in farming and ranching and holds oil and gas interests. He is a graduate of Pampa High School and holds a degree in animal husbandry from Oklahoma State University.

Campbell and his wife, Ann, have three boys ages 13, 11 and 10 years of age. He is a member of the Methodist Church.

Civil Air Patrol To Hear Lecture

Ralph Prock, commander of Pampa Civil Air Patrol Senior Squadron, will conduct a lecture on the rules and regulations of the Civil Air Patrol at the unit's semi-monthly meeting at 7 o'clock tonight.

The requirements needed to acquire official ratings and officers ranks will be discussed at the meeting slated in Lovett Memorial Library auditorium.

Plans will be made for a practice rescue mission to be conducted in the near future. The mission will cover all the Panhandle squadrons. The Amarillo squadron will co-ordinate with Pampa in setting up communications at Perry Lefors Field. The purpose is to improve the group's ability to handle emergencies.

The meeting will be open to the public and persons interested in the Civil Air Patrol are invited to attend.

Trustees Tour School Plants In South Texas

Pampa Independent School District board members with the school superintendent, Dr. John Damron, left from Perry Lefors Air Field shortly after 8 a.m. today for a one-day tour of schools in Big Spring and Lubbock.

Using a plane provided by Cabot, Inc., the school group planned to tour a new elementary school, a remodeled junior high school and a new area vocational school designed by Atcheson, Atkinson and Cartwright in Big Spring.

This afternoon, the schoolmen will inspect a new high school and two or three other school plants in Lubbock designed by Brasher and Associates.

The architectural firms are two under consideration by the trustees in a proposed capital improvement program for local schools.

Girl Scout Dinner Slated Tomorrow

The Quivira Girl Scout Council will hold its annual dinner meeting tomorrow at 7 p.m. at the First Methodist Church in Pampa.

The theme is "Values to Hold — Worlds to Explore."

A. S. BONNER Jr. coming to Pampa

Cabot Appoints New Executive

A. S. Bonner Jr. has been promoted to exploration manager for Cabot, Inc. as a successor to Joe E. Reid, E. L. Green Jr., vice president and general manager announced yesterday.

The promotion becomes effective Feb. 1, Green said.

Bonner is moving to Pampa this week from Lafayette, La., where he has been district geologist for Cabot for the past eight years. In the new job, he will be in charge of the land, geological, and geo-physical departments and have responsibilities for direction of all exploration functions in the U.S. and Canada.

Prior to joining Cabot, Bonner was employed by Mobil Oil Co. He holds a B. S. degree in geology from Louisiana State University and an M. S. degree in geology from Stanford University.

Effective immediately, the oil and gas production department will be placed under the direction of Joe M. Daniel Jr. This expands Daniel's duties as manager of the gas and gas products department.

Reid announced his resignation yesterday to accept a position in Houston with the Panhandle Eastern Pipeline Co. as assistant to the president.

Car Tags To Go On Sale February 1

If the County Tax Assessor's office wasn't filled to overflowing during voter registration, which ends Tuesday, it should be beginning Wednesday, Feb. 1, when 1967 car tags go on sale.

Approximately 16,000 passenger cars; 5,15 farm and commercial trucks and 1,850 trailer license tags will be available to Gray County motorists at 9 a.m. Wednesday, according to Jack Back, county assessor.

Motorists will need their car title and the 1965 car license receipt in order to purchase this year's tag, Back said.

Deadline is April 1 before a penalty is set for late purchasers.

Breeders to Select Judge and Speaker

A selection of a judge and a banquet speaker was discussed at a meeting of the Top o' Texas Hereford Breeders Association today in the Coronado Inn.

The discussion plans are in connection with the 22nd annual Hereford Breeders Show and Sale scheduled for March 6, 7, and 8th, according to Gordon Whitener of Wheeler, association president.

Auditorium Board To Meet Tomorrow

The executive board of the M. K. Brown Auditorium advisory committee will meet at noon tomorrow in the Coronado Inn.

E. L. Green Jr. said reports will be given by sub-committees on types of facilities needed and the procedure for engaging an architectural firm.

Economy (Continued From Page 1)

jobs, higher wages and profits, lower interest rates and continued prosperity.

He and his advisers painted this picture of the U.S. economy in 1967:

Gross National Product (GNP)—\$787 billion, up \$47 billion or 4 per cent after a 5.5 per cent jump in 1966. GNP measures the nation's total output of goods and services.

Prices—Up 2.5 per cent compared to inflation of about 3 per cent last year. This would mean that roughly \$30 billion of the growth in GNP would be real, while \$17 billion would be higher prices.

Obituaries

Mrs. Mary Elizabeth Screws, 78, long-time resident of Quanah, died at 1:50 p.m. yesterday in Pampa Nursing Home where she had been a patient for four weeks.

Survivors include three daughters, Mrs. Opal White of Pampa, Mrs. Evelyn Majors of Quanah and Mrs. Herman Thomas of Saigon; two sons, W. N. Screws of Vernon and L. E. Screws of Borger, nine grandchildren and seven great-grandchildren.

Funeral arrangements are incomplete at Knowles Funeral Home of Quanah. Local arrangements were under direction of Carmichael-Whitley Funeral Directors.

Fire Damages Local Home

Pampa firemen were called to the residence of Mr. and Mrs. Clois Lyon, 2735 Navajo, about 11 a.m. today to put out a fire in the home.

At noon, firemen were completing mop-up operations and had contained the fire to the bathroom and attic. Smoke damage was extensive throughout the house.

Mrs. Lyon said the fire was apparently started by a heater underneath the linen closet in the bathroom.

FAST RELIEF

NEW YORK (UPI) — Lawrence Davanti was happy to be relieved Wednesday when a man showed him a transit authority pass and took over his subway token sales booth.

The Transit Authority wasn't too pleased.

When Davanti's real relief arrived, the booth was empty and \$945, mostly in tokens, was missing.

Auto Strikes Underpass

A 57-year-old Pampa man, Dan Wheeler, of 315 S. Ballard, was treated and released from Highland General Hospital today following a one-car accident Wednesday afternoon.

Wheeler, according to a Pampa police report, was making a right turn onto the 200 block of South Cuyler from Tyng St. when the left front car door swung open.

Wheeler lunged for the door, lost control of his vehicle, causing it to jump the center median and strike the center support of the Cuyler street underpass.

Damage to the car was estimated at \$375.

Applications Being Taken For Pampa Postmaster Job

Applications for the job of Pampa postmaster are being taken at the local post office.

Carl V. English, assistant postmaster in charge, has been holding down the post since the death of acting postmaster Lynn Boyd last Nov. 28.

Boyd served as acting postmaster following the retirement of Postmaster O. K. Gaylor in 1965.

Appointment of the postmaster will come from a list of eligibles following U.S. Civil Service examinations.

Former Policeman Raised to Deputy

WHEELER — Don Copeland, 28, a former policeman in Pampa and Shamrock, will become Wheeler County deputy sheriff, according to an announcement by Sheriff Bus Dorman. The appointment becomes effective Feb. 1, Dorman said.

Copeland replaces John Topper, who will become brand inspector for the Texas and Southwestern Cattle Raisers of District 2, Feb. 1.

Desk and Derrick Hears Oil Talk

The Pampa Desk and Derrick Club met recently and heard Fred Terry, District Landman, for Phillips Petroleum Co. of Amarillo as guest speaker.

Terry was sent to Oslo, Norway, in 1964 and at that time was in the international department for Phillips Petroleum. His talk was "Oil Play in the North Seas with emphasis on Norway."

Terry told of the problems of an American getting settled abroad and gave information concerning the country of Norway; the North Sea countries, beginning of the North Sea oil and gas activities and the many difficulties of drilling wells in inclement weather. Terry also showed slides of Norway.

Anyone interested in joining the Desk and Derrick Club may contact Mary Lou Pryor at 4-8446. New members are welcome.

Lubbock Wreck Injures Former Pampa Woman

A former Pampa woman, injured in a car accident Saturday night in Lubbock, is reported to be recovering from injuries, but a friend of the family said this morning, she had developed a light case of pneumonia and is back on the critical list today.

Mrs. W. B. (Woody) Stewart, of Lubbock, the former Kay Tooley, daughter of Mr. and Mrs. Joe Tooley, 1318 N. Russell, sustained serious injuries when the car she was driving struck a car with a flat tire parked in the lane of traffic.

Mrs. Stewart underwent surgery for a crushed windpipe and was in intensive care for two days.

Rotary Club Sets Valentine Dinner

The Pampa Rotary Club's annual Valentine program and dinner will be held Thursday evening, Feb. 16, in the Coronado Inn, according to Lee Fraser, club president.

At the group's regular meeting yesterday, member M. Q. Wilson provided the program with a classification talk on "oil well supplies."

DE Students To Participate In Area Contest

Four Pampa High School Distributive Education students, accompanied by the coordinator, C. W. Forbes, will leave for Odessa tomorrow morning to participate in an Area 1 DE Contest.

Qualifying for the area contest by winning a local DE contest were Jerry Jones, sales demonstrator; Elizabeth Fry, job interviewer and Cathy Dorman, job interviewer. Miss Judy Lyons will attend as Pampa High School chapter's nomination for area DE Sweetheart.

Other local high school winners were G. W. Langley, public speaking; Leroy Slater, advertising and Diane Webb, distributive workbook.

Even the ash tray rides smoother in Chevrolets

When you're down at your dealer's trying out a new Chevrolet, be sure you pull out the ash tray. Notice how nice and easy it glides, never hanging up or even scraping. The reason is, it rides on ball bearings. Four shiny little ball bearings. (Take the tray all the way out and you'll see them.) You say you don't even smoke? Then look at it this way. That ash tray is a symbol of the way we make cars: Paying extra attention to the little things as well as the big ones, as a way of making extra sure your '67 Chevrolet gives you

that sure feeling

Rutabaga Dish Is Easy on Budget

By GAYNOR MADDOX
Newspaper Enterprise Assn.
Rutabagas, often called Swedish turnips, are a thrifty buy for the homemaker who wants interesting and wholesome food. Like turnips, which they resemble, they are a root vegetable.

Peel and dice them, then boil and season. Some cooks add a teaspoon of sugar to the water. Fry cooking them with other vegetables such as potatoes or carrots.

Here's a wholesome one-dish dinner low in cost, high in novelty and pleasant eating.

BACON-RUTABAGA PUDDING
1 cup diced fresh potatoes (about 1 medium)
2 cups diced rutabagas (about 1/2 lb.)
1/2 teaspoon salt
4 slices crisp bacon
2 tablespoons bacon drippings
1/2 cup milk
1 egg
1/2 teaspoon ground black pepper
1/2 teaspoon sugar
2 tablespoons butter or margarine
1 teaspoon finely chopped onion

Place potatoes and rutabagas in saucepan. Add boiling water to 1-inch depth in pan. Add salt. Bring to boil and cook, without cover, 5 minutes. Cover and

cook 20 minutes or until tender. Drain vegetables, if necessary. Mash or beat them with an electric beater. Crumble bacon and add. Stir in bacon drippings, milk, egg, black pepper and sugar. Beat well. Turn into a buttered 1-quart casserole. Dot top with butter or margarine. Bake in a preheated moderate oven (350 degrees) 30 minutes. Six servings.

FRENCH FRIED RUTABAGAS

1 1/2 pounds fresh rutabagas
1/2 teaspoon salt
1 egg
2 tablespoons milk
1 cup fine dry bread crumbs
2 teaspoons salt
1/2 inch fat in frying pan.

Wash and peel rutabagas. Slice 1/4-inch thick and cut into 1/2-inch strips. Place in a saucepan with the 1/2-inch boiling water and 1/2-teaspoon of the salt. Bring to boiling point. Cover and boil gently until crisp-tender. Drain well. Beat egg with milk and dip rutabagas into egg mixture. Then dip into dry bread crumbs mixed with the 2 teaspoons salt. Fry until golden brown on both sides in hot fat (375 degrees) 2 to 3 minutes. Drain on paper towels and serve hot. Six servings.

Hereford cattle were introduced into the U. S. by Henry Clay, in 1817, in Kentucky, according to the Encyclopaedia Britannica.

Simple But Sumptuous Potato Clouds

ADD A TOUCH of glamour to any menu by serving spectacular and delicious potato clouds. Simple to make, the potato clouds will add much to everything from meat loaf to pork roast.

Isn't it fun to serve a new dish that looks so spectacular it evokes instant compliments, especially when YOU know it really isn't difficult to prepare? These potato clouds, made with the help of instant mashed potatoes, are such a dish.

The clouds can be prepared and served in individual casseroles or from a larger soufflé dish. They will add a touch of glamour to everything, from

meat loaf to pork roast, and taste just as delicious as they look.

The potatoes puff up high to form a golden-brown crust that covers a serving of the fluffiest, most flavorful potato mixture you've ever tasted. It is an egg-cottage cheese mixture that helps to make the mashed potatoes cloud-like. The eggs are separated and the whites beaten until stiff and folded into the

rest of the ingredients just before baking. Actually, what you have is a potato soufflé flavored with cottage cheese and veivety-smooth dairy sour cream, plus the seasoning of onion and minced parsley.

The potato base is made in minutes right from a package of instant mashed potatoes. The instant potatoes are especially good to use in a recipe like this because you can quickly and easily make up just the exact amount needed, and you can always be assured of the consistent good quality of the product.

POTATO CLOUDS

2 cups (4 servings) prepared instant mashed potatoes
1 cup cottage cheese
1 1/2 cups chopped onion
3 tablespoons finely chopped onion
Salt and pepper
1 teaspoon minced parsley
1/2 teaspoon garlic salt
3 egg yolks, slightly beaten
3 egg whites, stiffly beaten
Prepare instant mashed potatoes as directed on package, omitting milk and butter. Add remaining ingredients except egg whites. Fold in beaten egg whites; pour into eight 6-ounce custard cups. Bake at 350 degrees for 40 to 45 minutes. Yield: 8 servings.

Use Grandma's Way of Cooking Good Beef Soup for a Cold, Snappy Day

Grandmother knew that few things were more welcome on a cold, snappy day than a kettle of homemade soup.

The meat in this soup is from a less known cut that's wonderfully flavorful. They're called cross-cut beef shanks, explains Reba Staggs, meat expert. To bring out their full flavor before simmering in the water, brown them first.

There's no more soaking the beans overnight before making the soup. The up-dated method covers them with water, brings them to a boil, boils them for two minutes, then lets them stand covered for an hour.

Grandma's Beef Soup

3 cross-cut beef shanks, cut 3-inches thick
5 cups water
1 pound (2 cups) navy beans
2 tablespoons lard or drippings
Water
4 teaspoons salt
1/2 teaspoon pepper
1 cup chopped celery
1 1/2 cups choed onion
1 can (1 pint 2 ounces) tomato juice
3 tablespoons chopped parsley
3 tablespoons chopped celery leaves
Cover navy beans with 5 cups water. Bring to a full boil and

boil 2 minutes. Remove from heat, cover and let stand 1 hour. Brown beef shanks in lard or drippings. Pour off drippings. Measure liquid from beans add enough water to make 2 quarts. Add water, salt, pepper and beans to beef shanks. Cover tightly and simmer 2 hours. Add celery, onion and tomato juice. Cover and continue cooking about 1 hour or until meat and vegetables are tender. Ten minutes before serving remove meat and chop. Add parsley, celery leaves and chopped meat to soup. Heat thoroughly. Yield: approximately 4 quarts.

Food Buying Guide
EDITORS: The following guide to the nation's food shopping buys for the coming weekend was prepared by the U.S. Departments of Agriculture and Interior for UPI.

WASHINGTON (UPI)—Offerings in the meat, fruit, and vegetable counters will be uneven this weekend. In some areas, markets report a good supply of fruits and vegetables, but a slow-down in the supply of meats. A few areas, however, report enough meats, but a slight decrease in produce items, probably reflecting difficult weather conditions in many areas during the past few months.

Shoppers should not have difficulty obtaining weekend steaks, especially the chuck cut. Otherwise rib and chuck roasts are available in good quantity.

Chops and ham lead off the pork list, with loin roasts, and smoked picnics following.

Lamb is mentioned by quite a few areas queried by the consumer and marketing service reporters. Leg cut roasts seem to be the best in supply.

Eggs are noted as reasonable buys for this weekend too.

Vegetables in good supply for weekend shopping are carrots, celery, lettuce, potatoes, and tomatoes.

Fruits in plentiful supply are avocados, bananas, grapefruit and oranges.

Sauce for Spanish Pork Chops Is Made Flavorful by Using Catsup

An abundance of tomatoes, a careful seasoning by means of spices, these are characteristics of the Spanish-style of cooking.

Spanish style provides an interesting way with pork chops. Any of the three varieties of chops may be used, points out Reba Staggs, meat expert.

Blade chops with a long, slender bone come from the shoulder section, while rib chops come from the section bearing that name. Loin chops have meat on both sides of the rib bone since some of the tenderloin muscle remains in this chop.

Catsup provides flavor as well as a red tomato color when it's used as the braising liquid. Vinegar, dry mustard and sugar give a characteristic flavor.

Spanish Pork Chops
5 to 6 pork blade, loin or rib chops, cut 1-inch thick
2 tablespoons lard or drippings
1 teaspoon salt
1/2 teaspoon pepper
1/2 cup catsup
1 tablespoon dry mustard
2 tablespoons vinegar
1-3 to 1/2 cup water
1 tablespoon sugar
Brown pork chops in lard or drippings. Pour off drippings. Season with salt and pepper.

Mix catsup and dry mustard and spread on chops. Combine vinegar, water and sugar and pour around chops. Cover tightly and simmer 45 minutes or cover and bake in a moderate oven (350 degrees F.) 45 to 60 minutes or until done. 5 to 6 servings.

TODAY'S HOMEMAKER

Modern agriculture has provided Mrs. Homemaker of today with foods in greater abundance, quality and variety than ever before. It has also given her greater uniformity and availability in foods than previously possible.

In addition to this, she has more convenience and built-in services than before with such items as boneless fresh meat cuts and pre-cooked hams. All of these are provided at a lower cost than before when the figures are related to the take-home pay of the bread winner in the family.

d.e.w. tell!

THE TIME has come to write of many things... of county judges... of the Mothers' March milkmen... Eagle Scouts... income taxes... a cute 2-year-old... and that High Level meeting held Wednesday morning in the chamber of commerce offices

HE WAS joking but it sounded like a good idea at the time... on a recent windy day, Vernon Watkins, president of the Top o' Texans Club, blew into the chamber offices and asked to borrow the secretaries' hair spray to keep his locks in place... ensuring publicity made no mention of one very young lady who did her share to make the March of Dimes as successful as it was... but it should have... cause cute, brown-eyed, 2 1/2-year-old Toni Williams was quite busy last Friday morning in the chamber offices helping her grandmother, Georgia Mack, assign the teenagers to their business solicitation areas.

PROJECTED SOUNDS... as mothers march for money to research birth defects... Monday night between six and eight o'clock... the CLICK of a porch light turned on... the CLACK of heels on a sidewalk... the CHIME of a doorbell... the QUESTION "won't you give?"... the TINKLE of coins or the RUSTLE of bills being dropped into an envelope... the SIGH of satisfaction as a mothers' marcher turns away... and the soft SWISH of a door as a contributor closes it.

THAT VACANT spot on the east wall behind the judge's bench in 31st Judicial District Court on the third floor of the courthouse is now filled with the addition of an oil portrait of recently-retired, Judge Lewis M. Goodrich... Irene Smith did a beautiful job with the oils on the life-size portrait... it now joins the Gray County Judiciary Hall of Fame along with the portraits of B. M. Baker, 1902-1907; H. G. Hendricks, 1907-1908; F. P. Greever, 1909-1915; Frank Willis, 1915-1916; W. R. Ewing, 1917-1947... and now Lewis M. Goodrich, 1947-1967.

ADDING A strictly personal note on the subject of judges... we hope it will be some time before the current judge, Grainger McIlhenny's portrait goes up on the district courtroom wall... as a signal of retirement... sitting in on a recent courtroom session, we were impressed with his compassion towards an accused... compassion strengthened with firmness and fairness.

ABOUT THAT High Level Meeting yesterday morning in the chamber offices... all we can say about it right now is that three fellows... who are clever with words... were conferring on a new and colorful brochure that will point up the advantages of living in this wonderful Top o' Texas town.

IF YOU felt a bit "miffed" because Christmas and New Years fell on a Sunday last year... thus, deleting two extra days for celebrating... take heart... this year, the income tax filing date has been extended two whole days... to April 17... due to April 15 falling on a Saturday.

BOY SCOUT Troop 14, one of the first troops organized in Pampa, is chock full of tradition... not the least of which is "hatching" Eagle Scouts... this week, when Tom Nesage and Jay Lusher received the coveted Eagle Rank, Warren Fatheree and Bill Gething, who are now prominent businessmen, assisted with the ceremony... they are both former members of Troop 14 and also attained the Eagle Scout rank "back when".

JIM MAULE, son of Boyd Maule, a salesman for a milk company, left his parked car out of gear one day this week... it rolled out of the driveway, across the street, and into the porch of the home of James Finkenbinder... he's a salesman for a rival milk company... now Ray Williams, who sells milk in the grocery store he manages, is a home workshop enthusiast and a friend of Maule's, has volunteered to repair the porch damage... this could be called the "milk of human kindness"... or "udder" neighborliness. See you, doris e. wilson

The African nation of Mali has a marriage code which permits a choice between monogamy and polygamy.

BALLET AND GUEST STAR — At top are Patricia Klekovic and Kenneth Johnson with the Ruth Page International Ballet coming to Pampa Saturday night. At Paris Opera Ballet, who will appear here as one of the guest stars. The ballet carries a company of 50 including right is Josette Amiel, lovely French ballerina of the its own orchestra.

Distinguished Roster Of Guest Stars With Ballet

One of the famous guest stars to appear in Pampa Saturday night with Ruth Page's International Ballet will be Miss Josette Amiel, one of Europe's most brilliant ballerinas and "danseuse etoile" of the Paris Opera.

The ballet will be here for a one night performance Saturday at 8 p.m. in the Pampa Junior High School under auspices of the Pampa Community Concert Association as one of the highlights of the 1966-67 concert season.

Through her technique, style and personal beauty Josette Amiel not only is the star artist of the Paris Opera Ballet, but she has also appeared as guest star in the key cities of the world. Particularly have her performances been hailed on such venerated "Ballet" stages as the Bolshoi in Moscow, Leningrad, Berlin, Rome, Copenhagen and London's Royal Opera in Covent Garden.

Miss Amiel has been described as "ideal" in such varied roles as "Giselle", Swanilda in "Coppelia" and as "La Sylphide", the Danish Bournonville masterpiece. As both Odette-Odile in "Swan Lake" she triumphed in the complete version produced in Paris as staged by the Russian balletmaster, Mouriester. Leonid Massine, Harold Lander, Serge Lifar and George Balanchine are among the noted choreographers who have staged ballets starring Miss Amiel at the Paris Opera.

Josette Amiel studied first with one of the greatest modern ballet masters teaching in Paris at the time. He was Alexander Volinine who at the height of his career had partnered Anna Pavlova on her many world tours. Having won first prize at the Volinine School she was engaged to dance leading roles at the Opera Comique, thereby coming to the attention of the Paris Opera management to which she transferred. In only three years she had risen to the rank of prima ballerina, and in another three reached the pinnacle of success as a French dancer with the highest title — "Etoile."

Miss Amiel toured with Miss Page's company in 1962 and 1966. Balletomanes remember her for her sterling performances as "Camille", "The Merry Widow", "Flower Festival in Genzano" and, opposite Flemming Flindt, in the beloved "Nutcracker" pas de deux.

Miss Page will present a company of 50, starring Patricia Klekovic, ballerina, and Kenneth Johnson, danseur noble.

management to which she transferred. In only three years she had risen to the rank of prima ballerina, and in another three reached the pinnacle of success as a French dancer with the highest title — "Etoile."

Wall Street In Review

NEW YORK (UPI) — Goodbody & Co. says the strongest single influence in the current sharp rise in stock prices has been the sharp drop in interest rates. The company feels investors are looking for stimulation rather than restraint from monetary policy and this expectation gained further encouragement from the talks involving five Western Countries designed to ease interest rates.

The company feels that a slowdown in non-military spending and some year-to-year declines in corporate earnings have been discounted and may serve to restrain but not block the improving trend in stock prices.

Stanley Heller & Co. says nothing at the present moment seems to be able to dull buying enthusiasm. Despite "the over-bought condition" of the market, the company says the list continues to absorb periodic waves of profit-taking without backtracking. The company feels an "overdue" adjustment will occur but probably not before "much impatient money" on the sidelines is committed.

Francois Villon, French lyric poet, was known as the "vagabond poet."

Highlights and Sidelights From Capitol

By VERN SANFORD
 Texas Press Association
 AUSTIN — Following views by Sam Wood, Capital Correspondent for the Austin American-Statesman and other publications of the Fentress group of Newspapers, Inc., present a very comprehensive picture of the rule change adopted by the Texas House of Representatives.

Here's what Mr. Wood, a longtime student of State government operations, has to say: Speaker Ben Barnes, whose House lieutenants say he can have an unprecedented third term as speaker if he wants it, will leave his stamp on the Legislature for years to come even if he decides to seek greener pastures in the 1968 election year.

Under the rules change adopted by the House Wednesday, Barnes will name membership of 25 permanent House committees at the close of the current session. Thereafter, except for the rules and House administration committees, future speakers will be limited to filling vacancies.

Normal attrition would take the Legislature through at least six and possibly eight regular sessions before the committee majorities appointed by Barnes would be dissipated.

Bounty Awaiting Twenty Taxpayers

Twenty Pampans or former Pampans, have income tax refund checks awaiting them from their 1965 filing, according to Frank M. Daugherty, administrative officer for the Internal Revenue Service.

Daugherty also furnished The News with a list of unclaimed refund checks, payable to the following persons:

E. G. Barton, Kenneth L. and Jorene Beam, Mary A. High, Denny L. and Judy R. Hood, Delbert L. and Neozie Hutchling; Kenneth W. and Shirley A. Mason, Billy W. Morgan, Trudy D. Phelps, Jack W. and Donna F. Sims, Etta and Morton L. Stahl, Billy D. and Mary N. Tiley, Robert L. and Hazel M. Whitewater.

"It is not necessary for them to consult or engage the services of a 'locating or searching' service or anyone else to obtain information with respect to the refund check," Daugherty said.

"They need only to contact the District Director of the Internal Revenue in the area where they resided at the time the return was filed and establish their identity and right to receive the check. Social Security cards alone will not establish identity."

Taxpayers writing to inquire about their refund should furnish the name in which the tax form was filed, the old address, the new address, and the correct Social Security numbers.

If help is needed in determining where they are due a refund, taxpayers can contact the IRS office in the Hughes Building from 9 a.m. to 12 noon on Wednesdays.

IRS Service Is Available

The Internal Revenue Service Office is open for taxpayers' assistance each Wednesday from 9 a.m. to 12 noon in Room 381-A, Hughes Bldg., according to Frank M. Daugherty, administrative officer.

The lobby of the IRS Office at 381-A Hughes Bldg. is always open so that taxpayers may help themselves to forms they may need, Daugherty said.

CONFLICT AVERTED
 PITTSBURGH (UPI) — Allegany County commissioners were confident today they have averted a serious political situation — alienating the mothers of the area.

The commissioners had set aside May 13-14 for the county's annual fishing contest but when it was pointed out that May 14 was Mother's Day the contest dates were changed to May 20-21.

Weehawken, N. J., was the site where Aaron Burr mortally wounded Alexander Hamilton in a duel on July 11, 1804.

A galero is a broad-brimmed, gilded, tasseled hat placed by the Pope on the head of a new cardinal.

sponsored by Speaker Barnes are one of a series of steps moving the Legislature toward a permanent status similar to that of Congress. Following will be proposed amendments to the Constitution authorizing annual session, higher annual salaries for members of the House and Senate, and substantial annual salaries for the speaker and lieutenant governor.

It can be expected that as the Legislature becomes more permanent in nature, after seniority on committees has been well established, and the annual salaries of lawmakers climb to higher brackets, the rate of turnover in the Texas House, now about one-third every two years, will be sharply reduced.

One of the reasons given by sponsors of the Texas House seniority system and permanent committees is to strengthen the prestige of legislators and help them in their campaigns for re-election. As a starter the seniority system is one of no actual benefit, but it establishes a trend toward the seniority system in Congress.

The rules change recommended by the speaker and unanimously adopted by the House after coaching from the senior interim committee which wrote them, kills off one theory that the best protection the citizenry has is the constant turnover in the Texas legislative halls. In the past there has been enough infusion of "new blood" — both conservative and liberal — to keep the floor and committee makeup free of perpetual domination by any one group or clique.

It may never happen — as argued by Speaker Barnes and Rep. DeWitt Hale, chairman of the rules change committee — but the new committee system offers the possibility that any one permanent committee with a permanent nucleus, perhaps majority, eventually can be controlled permanently by one philosophy, or to be blunt, by one lobby. This possibility, made almost impossible as a permanent thing by the shakeup of committees every two years, is now there, even though it may never happen.

The Legislature through its

general investigation committees — although they have never proved themselves to be effective — has the right to extensive probing when a majority considers it necessary.

The new committee system is armed with witch hunting powers if future speakers and future legislators decided to make the most of their possibilities. Again, the argument is that it never will happen. But the House rule changes make it possible.

When the Legislature is not in session the speaker has the authority to determine the times and places standing committees may meet, or he can delegate this authority to the committee.

The speaker can assign the subject. Section 36 of the new rule says: "Each standing committee shall have the power to issue process to witnesses at any place in the State of Texas, to compel their attendance, and to compel the production of all books, records, and instruments, and to issue attachments where necessary to obtain compliance with subpoenas or other process, all of which may be addressed to and served by either a sergeant-at-arms appointed by such committee, or by any peace officer of the State of Texas; and to cite for contempt, and cause to be prosecuted for contempt, anyone disobeying the subpoenas or other process lawfully issued by it, in the manner provided by law."

This section is not talking about a House investigation committee charged by resolution for a specific inquiry. It refers to future permanent committees of the House — 23 committees that can do what Section 36 says they can do — and although Barnes, Hale, et al say it never will happen, they have issued an engraved invitation to future politicians in the House for witch hunting on any scale they desire.

Rehearsals For Minstrel Show To Start Monday

Rehearsals for the 30th annual Lions Clubs' Minstrel will start Monday, Jan. 30, director Max Presnell announced today. Rehearsals will be held the ensuing Mondays, Tuesdays and Fridays at 7:30 p.m. in Pampa Junior High School's music room.

Show nights this year are Friday and Saturday Feb. 24 and 25, in Pampa Junior High School auditorium.

"Many of the old timers, whom people have come to look forward to seeing year after year have signed up to appear. New and fresh talent will be welcome, too," Presnell said. "Anyone who would like to be in the show is invited to attend the Monday night rehearsal.

Tickets go on sale today according to Glen Cox, ticket chairman. General admission tickets will be available from any member of the Lions Club, at the First National Bank, Citizens Bank and Trust Co., and the Coronado Inn.

Reserve seat tickets may be obtained a Richards' Drug.

Lions working on the current show include Tom Snow, business manager; O. K. Gaylor, comptroller; Archie Maness, program; James Hart, concession; E. E. Shultz, publicity; Ralph Thomas, house; Bob Rogers, costumes; Weldon Steart and Howard Greenlee, stage and lighting; John Lee Bell, chorus, and Ray Duncan, reception.

Dr. Harbard Cox is in charge of end men.

The Family Lawyer

A public service feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard.

If insurance doesn't cover Suppose a windstorm uproots your shade trees.

Or a flood ruins your basement.

Or a fire burns your house down.

If insurance doesn't cover the loss, you may still get a helping hand from the federal government. The government will not reimburse you in cash, the way insurance does. But it may soften your fiscal pain by letting you deduct the loss — over a \$100 minimum — on your next income tax return.

What kind of losses may you deduct? Any that are caused by "fire, storm, shipwreck, or other casualty." Fire, storm, and shipwreck are plain enough. But what does "other casualty" include? There are several tests.

For one thing, to qualify as a tax deduction, the loss must be relatively sudden. This, damage to a valuable elm tree, inflicted gradually by disease, was held not a casualty — hence not a deductible loss.

Also, the loss must be due to some external force. When a duck hunter's ring slipped off his finger and vanished in muddy waters, the loss was held not deductible — because it could not be blamed on any external force.

Furthermore, there must be a cause-and-effect relationship between the original mishap and the ultimate damage. For example:

A horse died after eating the silk lining of a hat, and his owner claimed a deduction for the loss. But the claim was not allowed, because there was good reason to think that the horse died not from his extraordinary diet but from ordinary influenza.

Of course, this tax deduction applies clearly in the case of a natural disaster. But man-made devastation is by no means ruled out.

For instance, one home owner was permitted to deduct the damage to his house from sonic booms, caused by a nearby aviation show. This was held to be closely akin to the damage done by a windstorm.

In another case, a new house was invaded by vandals, who did damage to the stove, washing machine, dryer, and freezer. The owner, claiming the loss as a tax deduction, pointed out that it was 1) sudden; 2) caused by an external force; and 3) destructive.

That made sense to the court, and the deduction was upheld.

10 THE PAMPA DAILY NEWS THURSDAY, JANUARY 26, 1967 50TH YEAR

Mrs. Barber Presents 'History of Enameling' Program to Forum Club

Mrs. Holt Barber presented a program on "The History of Enameling" to Twentieth Century Forum Club members recently when the club met in the home of Mrs. Hugh Barton.

"To the artist, enameling means only one thing," Mrs. Barber stated. "The process of applying a thin coat of finely produced glass to a metal, pottery or other mineral substance which, when heated to high temperatures, melts and becomes fused to the surface, forming a glaze. Enameling on metal is an ancient art form developed by Greek, Celtic, Byzantine, Oriental, German and English enamellers.

"The Greek enamels date back to the Fifth Century B. C. Pieces of sculpture from that period show areas of inlaid gold carved with a form of enamel glaze.

"The Celts of the British Isles of the Third Century A. D. are known to have poured molten colors into bronze molds which hardened and formed filigrees for decorating their swords, shields, and helmets.

"Enameling flourished in Byzantium from the Ninth until the Eleventh Century. Historians agree that it was Theopano, a Byzantine princess, who introduced enameling in Germany when she married its king, Otto II.

"The next change in enameling took place in the Fifteenth Century," Mrs. Barber continued. "Developed in France, the method is referred to as 'Kiln-glass' enamel."

The speaker also discussed English and Chinese enamels. Members present included Mrs. Alex Dunn, Joe Franklin, Donald Hauck, J. R. Holloway, Homer Johnson, McHenry L. S. M. McDaniel, Aubrey Steele, Frank Stalfin, John Sweeney, Robert Waddell, Hugh Barton and Holt Barber.

Sweetheart Luncheon Stated by Halliburton Ladies Club Members

A Sweetheart Luncheon for members and husbands to be held Feb. 14, was planned at the recent meeting of Halliburton Ladies Club.

Mrs. Ira Hutcherson was hostess to the club in her home at 1100 Willow Rd. Mrs. Bob Burrows, vice-president, presided.

During the social hour games were enjoyed and refreshments were served.

Enjoying the event were Mrs. E. D. Fischer, Ira Hutcherson, Billy Rape, Gordon Pursley, J. B. Briscoe, Charles Cauthorn and Dor Long.

Next meeting for the club is slated for Feb. 3 in the home of Mrs. J. B. Briscoe, 109 Lowry, which will be a salad supper.

When spraying aerosol paints, do not hold the can too close to the surface, cautions the National Paint, Varnish and Lacquer Association. This can result in overpainting, as well as dripping and running. Best results are achieved by spraying very thin, wet coats, and allowing drying time between each.

WASTE BASKET boutique gets a paint-splashed finish in an art class at Cabrillo College in Watsonville, Calif., where students designed the paper dress on part of a "fun lesson." Pretty Valerie Cooney models the dress of left, and later smilingly endures an artistic splattering with acrylic paint by fellow students.

Mrs. C. B. Organ Discusses Living Abroad at ABWA Chapter Meeting

Pampa Chapter of The American Business Women's Association held its regular monthly meeting Tuesday evening in Jackson's Cafeteria with Mrs. Vernon Graham, president, presiding.

Mrs. C. B. Organ, member of the local chapter, was the speaker for the evening. Mrs. Organ received her graduate work at Panhandle A&M and at Oklahoma University. She was married to Ben Organ, whose work in the oil industry carried their family to distant lands. They went to India in the early 1930's and spent two and one-half years there. Their first child was born in India.

Mrs. Organ being a school teacher before going abroad, was asked to teach the school children in the area in which they were dwelling. There being no school houses nor school supplies, she converted two rooms of their home into a school room and secured school supplies and magazines from the United States and be-

Mrs. Fields Gives Program to Young Homemakers Club

GROOM (Spl) — The Young Homemakers Club met Monday evening in the Home Economics Room of Groom High School. Mrs. John Fraser served as program chairman.

Mrs. Truett G. Fields gave a talk on foods she and Mr. Fields enjoyed while traveling abroad.

Spring 1967 continues to present a fashion problem to most women. What is the most flattering look? Gastron Berthelot of Christian Dior-New York still believes in the elegant, young look for women. Maybe this will help.

Regiment in Vietnam.

In the business meeting plans were made for the Boss Night Banquet which is to be Feb. 28 in the Starlight Room of Coronado Inn.

Twenty-two members and one guest attended the meeting.

Mrs. Fields gave a talk on foods she and Mr. Fields enjoyed while traveling abroad. She told of the method of livelihood, and religious worship in that country. They come back to the states in the late 1930's and stayed until after World War II. They were sent to South America in 1946 and returned to the States in 1958. Mrs. Organ taught school 6 years while in South America, worked four years in the American Embassy and had two more children born to their family while there. She described the method of living, worship and industry there.

Mrs. Organ told of a recent letter she had received from Sgt. Leonard Ward who is in a hospital in Georgia. He was with her son, Richard while training in service and went to Vietnam with him. They were in battle there recently and Sgt. Ward was seriously wounded. He told Mrs. Organ that Richard saved his life and would receive a medal of honor in the near future for this bravery in line of duty. At present Richard is with the Eleventh Armored Cavalry

Ladies Study Group Lesson Is Taught by Mrs. G. Seagroves

"The Christian and the Holy Spirit" was the lesson subject taught by Mrs. Gene Seagroves to Hi-Land Christian Ladies Study Group Tuesday morning in the church sanctuary.

Mrs. Leslie Webb gave the opening prayer with Mrs. Edwin East presiding over the meeting in the absence of the president, Mrs. Richard McDonald.

"Prayer for a New Year" was the devotional given by Mrs. Sam Stone.

A favorite scripture was given by each member present. Those attending were Mrs. Leslie Webb, Sam Stone, Edwin East, Gene Seagroves and Forrest Pitts.

Nightin' Gals Club Has Groom Meeting

GROOM (Spl) — Nightin' Gals Club met in Hospitality Room of the State National Bank Building recently with Mrs. Ted Friemel and Mrs. B. F. Patterson as hostesses.

Officers elected included: president, Mrs. H. C. Swank; vice president, Mrs. B. F. Patterson; secretary - treasurer, Mrs. Walter Garmon and reporter, Mrs. Ray Britten.

Games of pinocle were played with Mrs. H. C. Swank receiving high score and Miss Beulah Shockley low score.

Refreshments were served to Mrs. Carl Homer, Kenneth Black, Joe Davis, Robert Milton, Glynn D. Harrell, Eldred James, H. C. Swank, Ray Britten, Lucille West, Ruby Denton and Miss Beulah Shockley.

'Contemporary Irish Drama' Program Topic for Twentieth Century Cotillion

Mrs. Harbord Cox was hostess for Twentieth Century Cotillion Club's meeting Tuesday in her home at 1936 Dogwood.

During the business meeting new executive board members elected for the 1967-68 club year were Mrs. Jack White, president; Mrs. Lee Fraser, vice president; Mrs. C. R. Killins, Mrs. Howard Greenlee, treasurer; Mrs. Mac V. Christner, public relations, and Mrs. Don Morrison, parliamentarian.

Mrs. Tom Snow presented the program on "Contemporary Irish Drama" with the opening remark; "Irish drama is the best in today's literary world, holding this position during this century and before. It contains the poetic sweep, the surgery of human emotions, and the warm golden glow that the best drama of other nations often lack."

Mrs. Snow added that historians began translations of Old Irish, before 900 A.D., and found a whole world of literature, myths, legends, history, prose, poetry, at a time when it was believed that the only writings of import which existed were in the English language.

Mrs. Snow said, "William Butler Yeats, the driving force, united a group of gifted and inspired authors with the basic belief that Ireland must again be free. This awareness of their centuries old culture was to rekindle in the hearts of the Irish a strong nationalistic pride and spirit."

Continuing Mrs. Snow said that the peasant play took the old legends and stories and made them live. It made articulate the ideals of a people who were in the process of achieving political independence and of re-establishing a national identity, and at the same time produced a literature capable of commanding respect on its own merits.

Mrs. Snow added, "This Irish Literary Revival marks one of those rare moments in history when the writers were equal to the times, and the times were worthy of the writers."

In concluding members of the club, under the direction of Mrs. Snow, presented the play "Cathleen Ni Houlihan" by William Butler Yeats. This play expresses the strong nationalistic spirit and is credited with laying the foundation for the Easter Rising of 1916 which led eventually to the free Irish Republic.

Members attending were Mrs. W. B. Adair, Thelma Bray, James T. Brown, J. W. Campbell, Mac V. Christner, Harbord Cox, Lee Fraser, Howard Greenlee, Marvin Jones, C. R. Killins, Ralph McKinney, Doug Mills Jr., Don Morrison, W. D. Price, Jr., Bob Rogers, Tom Snow, John R. Spearman, Jack White and Gene Hall.

Mrs. J. T. Wylie Birthday Honoree

The home of Mr. and Mrs. J. T. Wylie, 1712 N. Hobart, was the scene of a surprise birthday party on Jan. 10, honoring Mrs. Wylie.

A large decorated birthday cake, made by Mrs. Curtis Thompson, was served with coffee and punch from a lace covered table by Mrs. Curtis Wylie, Mrs. Lee Thompson and Mrs. Milton Wylie, hostesses.

Attending the event were Messrs. and Mrs. Ed Wylie, Curtis Wylie and granddaughters, Debra, Brenda Cheryl and Anita Stumbridge; Curtis Thompson, Kenneth Lister and children, Shirley, Keith and Steven; Lee Thompson, Harold Ledbetter and children, Kristi, Randy and Derrell Lloyd; and Milton Wylie, all of Pampa; Mrs. Gary Gatlin and sons, Billy Jay and Ronald Lee of Amarillo; and Mr. and Mrs. Luther Ledbetter of Texline.

Dear Abby....

Strong Will Power Accomplishes Plenty

DEAR ABBY: You are my last hope. I am 29, considered intelligent, "a lot of fun," and everyone admires my jolly outgoing personality. I have had a few dates, but no man has ever taken me seriously. I am the "pal, buddy and big sister" the men come to for advice about the girls they could "care about."

To get to the point, I weighed myself yesterday for the first time since September, 1965, and the needle hit the highest number and just stayed there. It was one of those inexpensive bathroom scales, but it goes up to 300. Need I say more?

I have played Santa Claus at our office Christmas party for the last time, Abby. In plain language, can you give me a diet I can stay on? Don't tell me to see a doctor. The last one I went to weighed more than I did.

FAT AND MISERABLE
DEAR FAT: If you want my advice, don't tell me what not to tell you to do. You must see a doctor! Find a thin one if a fat one inspires no confidence. But follow his instruction to the letter — and no cheating.

Don't expect miracles. It will take all the will power and self-control you can muster. But anything that's worth having is worth working for. Good luck.

DEAR ABBY: I am a senior in high school and my parents still treat me like I was two years old. Last Friday night I went to a basketball game with some kids and I said I'd be home by 12:30. Well, I didn't get home until 1:25, but it was not my fault. The kid who owned the car went for a ride afterwards and I couldn't get home without him.

When I got home my mother was practically in hysterics. My father said I'd been gone another five minutes they'd have called the police.

I've been grounded for three months. I tried to explain that it wasn't my fault and if they'd let me off his time it would never happen again, but they wouldn't listen. Don't you think their punishment is too rough for what I did?

DEAR JEFF: Yes, but accept their decision like a man, and perhaps they'll be impressed with the maturity of your behavior and reconsider.

DEAR ABBY: Three years ago I was engaged to marry Carl. I even bought my wedding gown and veil. Well, something happened and the wedding never did come off. Here's my problem.

I am now engaged to marry Virgil, and Virgil says flatly that he does not want to marry me in the gown I picked out to marry Carl in. I think he's being extremely childish about the whole thing, but he won't change his mind.

Should I go ahead and wear it against his wishes? Or should I wear it and tell him it's a "new" one. He's never seen it and wouldn't know the difference.

ence. I just can't see buying another one.

VIRGIL'S BRIDE
DEAR BRIDE: If you hadn't mentioned the gown in the first place, you could have quietly worn it to marry Virgil. But since you did mention it, and Virgil vetoed it, don't wear it. To do so against his wishes would be unwise. And to try to fool him would be worse. P. S. If "something happens," and this wedding doesn't come off, don't mention the gown to the next one.

How has the world been treating you? Unload your problems on Dear Abby, Box 69700, Los Angeles, Calif., 90069.

For a personal, unpublished reply, enclose a self-addressed, stamped envelope.

For Abby's booklet, "How to Have a Lovely Wedding," send \$1 to Abby, Box 69700, Los Angeles, Calif., 90069.

Window Gardens, House Plants Add Beauty to Homes

Even though it's winter now, there's no reason to give up the pleasures of gardening. Just turn to your indoor garden — and if you don't already have one, now's a good time to start yours, say the garden experts at the Green Thumb Tool Co., a division of Union Fork and Hoe Co., Columbus, Ohio.

The variety of flowering and foliage plants you can grow indoors is limitless, ranging from simple ivy, cactus or snake plant to the more temperamental African violets and fibrous begonias, exotic bromeliads and lush tropical palms, philodendrons and miniature trees. If you're just starting your indoor garden, you may want to try several varieties.

With the beginning of a new year and slowly-lengthening days, most house plants get ready to renew their lease on life. Those that have been dozing through the short dark days of fall and early winter should be re-potted now, if necessary. At the same time you can wash off the unsightly but harmless algae from the clay pots. Crusty salts from the soil wash off easily, too.

"Beauty of figure is a matter of proportions, not age or height, or weight or thigh revealing skirt length," says Olga Erteszek, of the foundation firm, Olga Co. She's the Olga who has discovered more ways to re-proportion the female form than any other designer in her field, according to fashion seers.

A new way to look at home: barefoot. Models at the New York opening of the Oscar de la Renta fashion collection for spring showed long dressy pajamas without even sandals beneath. Just toes.

Mrs. Osborne Elected President By Civic Culture Club Members

Mrs. Emmett Osborne was elected president of Civic Culture Club recently when the group met in the home of Mrs. A. C. Houchin.

Other officers elected included Mrs. A. C. Houchin, vice president; Mrs. George Neef, membership; Mrs. Chester Williams, recording secretary; Mrs. John McKnerney, corresponding secretary; Mrs. H. W. Waters, treasurer; Mrs. Frank Grantham, parliamentarian; and Mrs. Floyd Pennington, reporter.

Mrs. J. H. Reeves was introduced and welcomed as a new member.

Mrs. Osborne, program chairman, introduced the speaker, Mrs. McKnerney, who had as her subject "Challenge of Changing Election of President." The speaker began by stating the reasons in opposition to the present system: "The Founding Fathers never intended that the individual states would cast their electoral vote 'en bloc'. An elector was not bound by anything except custom, personal honor and party affiliation to vote for the candidate to whom he pledged himself before the election. The present system permits the appointment of unpledged electors. In a close election, a few electors being unpledged might simply choose to change their candidate, thereby altering the choice of the president. The present system tends to limit the choice of candidates to men from states having large blocs of electoral votes."

Concluding, Mrs. McKnerney said that "under any system which accords each State two electoral votes, corresponding to its two senators, the electoral vote may go to a man who

Ruth SS Class Has Groom Meet

GROOM (Spl) — Ruth Sunday School Class of First Baptist Church met in the home of Mrs. Mattie McAdams with Mrs. Rudolph Tucker as co-hostess Thursday evening.

Mrs. Ruby Milton, class chairman, conducted the business meeting.

Mrs. Grace Henderson gave the devotion on "Highways 67." Those attending were Mrs. Ermine Gray, Stella Patterson, Corrine Wheeler, Grace Henderson, Ed Musser, Charley Fields, Stella Lamb, Jimmy McCasland, Ruby Milton, George Eschle, John Hickox, Billy Cornett, Les Driskill, Preston Harden, H. C. Swank, and the hostesses, Mrs. McAdams and Mrs. Tucker.

Astrological Forecast

By CARROLL RIGHTER

FOR FRIDAY, JAN. 27
GENERAL TENDENCIES: You have the desire to really project yourself in some magnificent or generous matter and it's just a great day and evening to do so. Entertainment, acceptance, be romantic, let others see you are a charmer of the first water. And look into new avenues of expression by which you can stir and show your talents.

ARIES: (Mar. 21 to April 19) — If you get laborers attended to early in the day, you can get out to fun that you have been looking forward to. The pioneer is very strong in you and you can make great strides along such lines. Be active.

TARGETS: (Apr. 20 to May 20) — You have to change your attitude with kin if you are to establish greater harmony in that important realm of your life. You are able to labor more efficiently, also. Entertain at home in p.m.

GEMINI: (May 21 to June 21) — Forward with that Gemini quality of wanting to change things around, make real progress. Congress will also give you fine ideas if you seek them out. Be on the go and you are very much happier.

MOON CHILDREN: (June 22 to July 21) — Find some new way to increase income or have more of the personal things you desire. Think big and get big. Experts in business will give you know-how and answers to your questions.

LEO: (July 22 to Aug. 21) — Ideal day to show others what a fine and generous person you are and gain the good will of those around you. Certain excellent ideas you have can be put into motion quickly. Have an enthusiastic attitude toward life.

VIRGO: (Aug. 22 to Sept. 21) — Prepare yourself for starting on new plan and show others your enthusiasm in a quiet way. Be sure first to study we'll make. Then full speed ahead.

LIBRA: (Sept. 22 to Oct. 21) — A very influential person you know can be contacted for some big favor but you must be sure you do so in a social way. Out to group meetings later. These can be very helpful to your advancement, also.

SCORPIO: (Oct. 22 to Nov. 21) — Put aside small, petty matters and get in touch with a higher-up who has a lot of wonderful ideas for your early progress. Show gratitude for assistance. Then carry through with ideas to the letter.

SAGITTARIUS: (Nov. 22 to Dec. 21) — Begin anew to get security built up and gain prestige by showing your talents wisely. You can use such along somewhat different lines to which you have been accustomed. This will be a step forward.

CAPRICORN: (Dec. 22 to Jan. 20) — You are able to comprehend what should be done to clarify certain situations that are puzzling. This helps you to handle both personal and business matters with wisdom. Others are more pleased with you.

AQUARIUS: (Jan. 21 to Feb. 19) — Impress associates with the fact that you can handle big projects as well as they, and then combine efforts toward a mutual goal. Come to decisions on matters of policy. Big success is possible.

PISCES: (Feb. 20 to Mar. 20) — Think out better methods for doing your regular chores so that you free time for looking into new interests that are more lucrative, pleasant. Coworkers understand your situation. They go along with them with alacrity.

Leather and Lace Riding Club Plans Dance and Rodeo

During a recent meeting of Leather and Lace Riding Club discussions were held concerning a dance to be held Feb. 10, the planned All Girl Rodeo and the purchasing of breast collars for horses of new members.

The group also discussed trying to purchase white bridles for members' horses this year. Yvonne Epperson and Cathy Hoke were welcomed as new members.

Those attending included Jennie Atchley, Joyce Carlton,

Martha Carlton, Gwenn Caughy, Betty Craig, Connie Devoll, Lorretta Devoll, Ruby Foote, Glenda Foote, Amy Hall, Puddin Kelly, Sandie Kenner, Judy Morris, Linda Stanton, Louise Stanford, Jo Ann Stevens, DeAnn Taylor and Jo Wallace.

Mrs. Doug Wood Hosts TEL Class

GROOM (Spl) — TEL Sunday School Class of First Baptist Church met in the home of Mrs. Doug Wood recently for a regular session and covered regular luncheon.

Mrs. Eulice Monroe had charge of the Bible study.

Mrs. Darnell Named TOPS Club Queen
Lota Pounds Off TOPS Club met Monday evening for a regular weekly meeting. Following the pledge the minutes were read and approved. Mrs. Richard Smith was welcomed as a new member in the club.

Mrs. Johnnie Snuggs, weight recorder, reported a loss of 8 1/2 pounds and a gain of eight pounds for the week. Fran Darnell was the weekly fruit bowl winner and Mrs. LeRoy Carey took the pig home.

Mrs. Fred Hutchins received the mystery gift that was brought by Mrs. Glenn Giblin.

Bowling Breaks By Gil

Even Dennis Menace knows his bowling. A cartoon of several days ago saw Dennis explaining it all to Joey. "It's a bowling ball, you roll it and then you hollar. 'Oh No.'"

Snoopy and the Red Baron also have an effect on the kids, Phyllis Gray's and Nancy Shelton's kids had a big time bouncing in rhythm to the song while their mothers bowled.

Floyd Sackett, after a three year layoff, decided to try his luck again and bowling with Ed Wiens in practice shot a 232 and a 248. Yes, he is interested again.

It was nice to see Wanda Villines again especially since she was in the company of such beautiful bowlers as Helen Reed and Linda Stevens. Jack Villines is attending a Gulf Oil school in Kansas.

Lonnie Harmon, in taking a bad spill and trying to protect a bad right arm tore the ligaments in his left shoulder and had to have it pinned together.

Ted Givens makes the news again this week but this time he had to have a wreck when turning into the lanes to get noticed. You should have seen the other guys car.

A number of times in the past I have seen good bowlers suddenly freeze and lose all ability to get started on their delivery. Stan Ricord had that experience the other evening and did he feel foolish and frustrated. It was the oddest thing, he just couldn't get the ball and his feet to get started together. As I recall, Dean Young also had that experience several years ago.

Lorie March missed her night of bowling last week and someone said she had probably had some of her own coffee.

Sylvia Smith started a game with three strikes in a row and was so excited she had to call home and tell everyone.

Jean Patton ended her game with six in a row for a nice 228 and Doc Rutledge picked the split of the week very nonchalantly, the 7-9. Alberta Newhouse of Amarillo converted the Big Four, 4-7, 6-10 this week so it can be done. A few other splits noted were Dolores Edwards 4-7-10, Walter Clay 3-7-10, Carolyn Hood 3-5, Van Randolph 5-7, Tiny Harmon 5-7 and Linda Sadler the 6-7.

Mary Symonds has the best of excuses for not bowling good, a couple of fingers caught in a car door.

Sarah Patterson was on Cloud Nnie when she hit that first 200, a nice 213. Larry Short also hit his very first 200. J. L. Whites big smile was even bigger when he came up with a 233 and a 226 for a 615 series.

Mike Velosquez even broke down and tried bowling again, but after his old bug a boo, the 8-10 showed up a couple times he decided bowling wasn't as easy as setting type.

Skipper Dimples Barnett and Florence Goldie Bittle are now wearing the King and Queen Junior Classic crown by finally beating Linda Chase and Lee Waters.

Two of the people we just couldn't do without are Mary Jo Crofts and Everett Blackburn, two fine people who are here religiously every Saturday to keep score for the youngsters and believe me it is certainly appreciated.

Wednesday Nite Civic league was so quiet that Inez Snider, practicing near by, said it upset her bowling.

I just can't close without this. Would you Believe It. Time January 20, place, Pampa Texas, corner of West and Kingsmill, lawn sprinklers going full blast on the lawn of the First Baptist Church, Better oil up those lawn mowers. Here's hoping the fine weather stays.

Remember the tournaments and get in a lot of practice.

(Photo by Dave Redus)

LETTERMEN from the Pampa Harvester football squad, from left, Bobby Wilson, junior tackle; L.D. Rowden, senior halfback and Dwight Rogers, junior halfback, show off their new letter jackets presented to them Tuesday. The jackets are a very colorful green.

Defense Catching Up With Offense

Pampa's defense is catching up with its offense or vice versa.

The Harvesters, through three second half conference games, only one of which they've won, are averaging 59 points per contest offensively but are giving up 58 points per game.

Friday night the Harvesters have a chance to redeem themselves for two consecutive losses, which have just about killed any hopes they have of grabbing the second half title, when they journey to Amarillo to meet the league-leading Sandies.

Pampa has bounced Amarillo once this season, 59-51, in a game, that prompted Amarillo scribe Puff Powell to remark how lucky the Harvesters are and that it couldn't happen again.

Powell may get a chance to find out Friday just how 'lucky' Pampa really is for its very seldom you'll find a Pampa cage team losing three in a row.

Pampa has lost two straight, to Plainview and Monterey Tuesday night, when the Harvester had their worse night from the field, hitting only 38 per cent of their shots.

Even worse was the fact that the No. 2 scorer in the district, junior George Bailey, didn't make a field goal and that it didn't help his 17-point average any at all.

Bailey is still the leading Pampa scorer with a 16.0 conference average on 192 points scored and season leader with 444 points for a 18.3 average.

Junior center Bo Lang comes next at 174 conference points for a 14.5 average and 404 points for the season for a 16.9 average.

Senior Steve Williams has a 14 point average on 168 points and 324 for the season for a 13.5 mark. Senior Rick Foster has 100 conference points and an 8.3 average and 237 points for the season for a 9.8 average.

The Harvesters other two starters, John Carlos and John Braly are averaging 2.6 and 2.9 in league play and 3.1 and 3.0 in season average.

Through their three last half games Pampa has scored 177 points and given up 174. But for the season the Harvesters have tallied 1,615 points for a 67.3 average and given up 1,340 for a 55.7 defensive average.

But the points haven't been coming of late for Pampa and have for the Sandies.

Amarillo is tied for first in the second half race with Tascosa, a team they beat for the first half title, and both are 3-0 in second half play.

The Sandies have totaled 194 second half points for a 64.2 offensive average and given up only 157 for a sparkling 52.1 defensive average. For the season, the Sandies, 18-2, have a 63.7 offensive mark on 1,275 points scored and 53.5 defensive mark on 1,070 points given up.

The Sandies have been winning with mirrors, having only eight seniors back and only three of which lettered last season, but two of them Bruce Belcher, who tallied 37 against Pampa in the first game and Bob Dickerson, 5'11, who had 13 the first time, are averaging in double figures.

Then there's Jim Foran, 5'11 senior, Lynn Well, 6'1 senior and Malcolm Lain, 5'11 senior, all of whom lettered last season.

Foran tallied eight points and Wells four against Pampa in the first meeting and Frank Phillips, a 5'9 senior had seven with Phil Matthews, a 6'1 junior having two.

In other district games Friday Tascosa hosts tough Lubbock Coronado, Borger plays at Caprock, Palo Duro at Lubbock and Plainview, who has won two straight plays at Monterey.

NOT LOSING Dayton, Ponies Snare Victories

By United Press International

That's right, the experts were wrong again when they warned that this might be a "rebuilding" season for the Dayton Flyers.

"Rebuilding" is a word college basketball coaches hate to hear or use because it almost always involves losing. Dayton coach Don Donoher is no different in that respect than his fellow coaches and has added a new touch - he's rebuilding and winning.

Dayton scored its 14th victory against three losses when it whipped Canisius 83-59 Wednesday night and seems headed for its choice of the NCAA or the National Invitation Tournaments. The loss was Canisius' fourth in 12 games.

Donoher's task of rebuilding was alleviated by the presence of high-scoring junior Don May, but his problem was to build an offense around the 6-foot, 4-inch star. How well Donoher accomplished the job was demonstrated against Canisius when Dan Sadler scored 18 points and Gene Klaus accounted for 17 while May had a modest 15.

Southern Methodist turned in its 11th victory in 14 games by pulling away from Oklahoma City in the final two minutes to win 92-82. SMU trailed by seven points midway in the second half but went ahead to stay 79-77 with two minutes left. Bill Voight led SMU with 30 points.

Bradley, playing in its Peoria, Ill., field house, made 61 per cent of its field goal attempts in a 103-78 triumph over St. Thomas. L.C. Bowen scored 26 points for Bradley, which held a 53-40 lead at halftime.

Golf, Track Lists For '67 Announced

Schedules and participants in two of Pampa's four spring sports were announced Wednesday by coaches of the sports.

Pampa's golf team, coached by assistant football coach Don Weiser, will open Feb. 10-11 in a two-day meet at Lubbock. Feb. 24-25 the golfers will participate in the Andrews tournament.

March 3-4 the A golfers will play in the Snyder meet and March 4 the B teams play in the Herford tournament.

District play starts March 10 with the first round scheduled at Lubbock, the second round at Plainview on March 18, the third round on March 24 at Borger.

March 31 through April 1 the golfers will be in Amarillo for a tournament, then fourth round district action starts April 8 in Pampa with the fifth round set April 14 in Amarillo and the regional meet April 20-21 in Odessa and the state meet in Austin on May 4-5-6.

Weiser will have Billy Hawkins, Frank Kelley, David Kihnerman, Ricky McCloskey, Charles McKinney, Mike Osborne and Ricky Roach as returning seniors with Kelley and Osborne as co-captains.

Juniors returning are Steve Grady, Greg Gunter, Tim New, Tommy Rose, Mike Thut and Steve Walls.

Sophomores out are Don Barnhill, David Burton, Donald Snell, Dick Donaldson, Filmore Merrill and Len Mills.

The 1967 track schedule was released by coaches Don Myers and Ed Lehnick.

Thinclids open with the Plainview Invitational on Feb. 23, then March 4, run in the Canyon Reef Relays at Snyder, then go to Dumas March 11 for the Dumas Invitational, make the Kimbell Relays in Dallas on March 18 and the Perryton Invitational on March 24.

The Amarillo Relays come up April 1, then the Bulldog Relays on April 8 in Borger. The district run is scheduled for April 15 in Amarillo, then the Regional in Odessa on April 21-22, and the state meet on May 4-5-6 in Austin.

Myers and Lehnick announced that Danny Reed would run in the 440-yard dash, and the mile relay; Doc Cornutt, who placed sixth in the state last year in the shot will be back along with Gary McCarrell, who set a school record in the 440 with a time of 49.2.

Sikes Loses Out to Grades

CANYON - Former Pampa Harvester cage star Gary Sikes and Jerry Cooper of Borger have lost their jobs on the West Texas State basketball squad because of grades, or lack of them.

Both players have been declared scholastically ineligible to compete in the second half of the basketball season.

Both will stay in school to try and reestablish eligibility during the spring semester.

Sikes has been the first reserve and an outstanding defensive performer and had seen action at both forward and guard for the Buffs this season. The 6'3 sophomore carried a 4.1 scoring average.

Fight Results

- FLORENCE, Italy (UPI) - Fernando Alzori, 111-1-4, Italy, outpointed Rene Libeer, 112-1-2, France (15).
- NEW YORK (UPI) - Joe Shaw, 151-1-2, New York, outpointed Junius Hinton, 160, Brooklyn, N.Y. (8).

Celtics Hoping to Make Move to Catch Philadelphia

By United Press International

Maybe Bill Russell wasn't kidding when he said his Boston kiding when he said his Boston Celtics still can catch the Philadelphia 76ers.

The perennial champions of the National Basketball Association, the Celtics appear ready for or last run at winning the Eastern Division title this season. They knocked off Philadelphia in personal combat Tuesday and beat the Detroit Pistons 112-105 Wednesday night to run their winning streak to six games.

This still left Boston 81-2 games behind the idle 76ers, but the Celtics are hoping to move into position should Philadelphia hit a long overdue slump.

In other NBA games Wednesday night, the Cincinnati Royals edged closer to third place in the East by defeating the New York Knickerbockers 132-125, the St. Louis Hawks squeezed past the Chicago Bulls 103-102 and the Los Angeles Lakers beat the Baltimore Bullets 128-115.

Boston trailed by as many as seven points in the third quarter before overtaking the Pistons in the final session behind the hot shooting of Johnny Havlicek and Sam Jones.

RHYTHM BOY: National Basketball Association referee Mendy Rudolph and Bailey Howell (18) of the Boston Celtics are not practicing a new dance step. Rudolph is trying to get away from the ball and Howell is trying to get to it. Guy Rodgers (5) of Chicago was so intrigued he just watched.

Football Ranks Look Thin for '67 Season

Pampa football coach Eural Hyatt announced Wednesday that 29 youngsters had earned football letters and even though he hated to do it he then restated the fact that 16 of them are seniors and won't be back this year.

The Harvesters have lost both starting ends, both starting tackles on offense and one on defense, both starting guards, the starting center, their starting quarterback, both starting halfbacks and probably the best fullback in the district.

To say that things look bleak for 1967 would have to be the understatement of the last half century.

Several of the returnees saw limited action with the exception of 195-pound junior tackle Bobby Wilson, who could be one of the best in the state this year.

Lettermen gone will be David Martindale and James Matney, the starting ends; Doc Cornutt, who started and finished at tackle; Billy Scribner, Terry Troxel, Jack Williamson, Larry Keyser and David Smith, all of whom saw action at the guard spots; Glen Lewis, one of the better centers in the district; Gary Hyatt and Smisson Goodlett at Quarterback; Gary McCarrell, L. D. Rowden and Sherman Mitchell at halfbacks and Ted Heiskell at fullback.

All of these boys, with the exception of Larry Stephens, Goodlett, Hyatt and Mitchell won their second football letters. The above won their first letters.

Hyatt earned his. Stepping into the hot seat, as quarterback with virtually no experience and guiding Pampa to a 5-5 season. Ramsey, who isn't the luckiest man in the world, will have 12 juniors and one sophomore back this season.

Larry Ellledge and Wendell Watson, both ends, Wilson, Donnie Snapp and Dannie Winborne, all tackles; Mike Tyler, a guard, Gene Kincaid, a center and Dick Henley, Dwight Rogers, Wayne Caswell return at halfback slots with David Schaub and D. D. Lofton returning at fullback.

The lone returning sophomore, Davis, Tom Davis, Rick Donaldson.

Steve Heath, Eddy Hopkins, Steve Jenkins, John Karr, Chris Kenney, Hal Keyser, Ted Knight, Frank McCampbell, Mike McComas.

Also David McPherson, Filmore Merrill, Stan Miller, Len Mills, Jeff Morris, Jack Newcome, Billy Robbin, Joe Roth, Jimmy Sharp, Mike Stephens, Davy Stewart, John Stokes, Daniel Sublett, Dickie Taylor, Sherwood Voss, Nolen Weiborne and Wayne Williams all lettered for the B team.

If you didn't notice the name Heath, notice it now, because Steve is the son, one of four, of

Things look bleak but with a good winter and spring program anything could happen.

The Harvesters will open 1967 against Perryton on Sept. 8 at Perryton, the following Friday Dumas comes to Pampa, followed the next Friday by Wichita Falls Rider and the following Friday Pampa travels to Plainview.

On Oct. 6 the Harvesters meet Palo Duro in Amarillo, then meet Monterey in Pampa the following Friday for a conference game, then Amarillo comes in for a league encounter, followed by Caprock in Amarillo for another zone game. Pampa plays Lubbock Coronado at Pampa then finishes the season Nov. 10 at Borger in the final zone encounter.

The schedule is with the Harvesters this season with the strongest clubs, Monterey and Amarillo playing here.

The B team opens Sept. 8 or 9 against Caprock in Amarillo, then hosts Amarillo on Sept. 14, travels to Plainview the following Thursday, has an open date, then hosts Lubbock on Oct. 3. The following Thursday the Shockers travel to Lubbock to meet Coronado, then host Borger Oct. 19, meet Tascosa in Amarillo Oct. 26, host Palo Duro, Nov. 2, travel to Monterey on Nov. 16 and close out the season Nov. 16 against the new Lubbock school, Estacado at Pampa.

Rambling With Red
RON CROSS

is Phil Long, a 164-pounder, who saw action for about two plays at quarterback.

All these boys were awarded their first football letters as high schoolers.

There should be 35 youngsters off the B team to help bolster the staff, at least that's how many coaches Ed Lehnick and Don Weiser lettered.

Freddie Balay, Don Cauthorn, Hal Clabaugh, Benny Cooper, Dan Craig, Joe Daniels, Tim

Hockey Stars Not to Play

NEW YORK (UPI) - There's an unusual look to the National Hockey League All-Star team this season.

Such familiar names as Gordie Howe, Jean Beliveau, Glenn Hall and Frank Mahovlich are missing on the team selected on the balloting of hockey writers in each of the six NHL cities.

In their places are five players on the first two teams of 12 players who've never won All-Star recognition in the past.

The New York Rangers, who vaulted from the cellar last season into the thick of the fighting for the top spot, have four of the players - three on the first team - who never were honored before. The fifth is Boston's flashy rookie Bobby Orr, who made the second team.

Good Wins Honors At Pistol Club Shoot

Jess Goad took all the honors in the weekly Papa Rifle and Pistol Club shoot. The Pampa policeman won the rim fire and center fire.

Goad shot 260 to win the rim-fire with Fred Carothers second with 257 and Ralph D. a y third at 255 with Mickey Miller next at 240 and J. T. Winborne next at 227.

In the center fire Goad edged Carothers, 261 to 257.

The Pampa Daily News

A Watchful Newspaper

EVER STRIVING FOR THE TOP O' TEXAS TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license, nor anarchy. It is control and sovereignty of oneself no more, no less.

Drive For 3-Day Weekends

Apparently long-pending proposals to make most holidays on Friday or Monday, and thus create a great many more three-day holiday weekends, are reaching the point where there may be congressional action.

there is greater traffic on three-day holidays, and that as a result there are more injuries and deaths, it is logical to connect longer holidays with the greater toll.

Actually, there may be some merit in having some of the holidays on either Friday or Monday, and eliminating some of the midweek breaks.

It seems to us the principle objection to the changes is that it tends to give greater emphasis on some of the holidays which are not generally observed.

This Week gives the impression that more long weekends would not increase the holiday traffic tolls, and quotes the National Safety Council.

We suppose it is only natural to try to extend the holidays under present trends to avoid honest work wherever possible.

How to Get New Taxes

There is a growing trend on the part of business to enlist the general public in various participation programs.

Jan. 12 (Reuters) — The town council of Somerset, west of here, introduced a lavatory tax in the hopes of balancing its budget.

Why doesn't the government try it? The big need, we are told by our political leaders, is for new taxes.

Now there is a possible source of tax revenue that no politician has suggested in Washington.

But of course more tax money is needed. How can we have this great society and end poverty all over the world if we are not cheerful givers?

They have argued against this argument. But all the arguments, for or against, must be kept in the sphere of rational science, not emotional politics.

Antimissile Issue Is Above Politics

A watched pot never boils, but Washington watchers are keeping their eyes on the currently simmering controversy over whether or not to build an Anti-Ballistic Missile (ABM) system.

tem is experimental only and that the Kremlin can be persuaded, if only by the argument of economics, that a new race in this type of armament will leave neither East or West more secure, and perhaps less secure, than they are now.

Pull Up A Chair

By FRANK JAY MARKEY

Everyone knew "Hello Dolly" would be a hit the moment the orchestra played the title tune on opening night at the St. James Theater in New York 155 weeks ago.

Today's smile: An attractive blonde was trying to hitch a ride to work during a bus strike and wasn't having much success.

Thoughts while shaving: Watching a TV western the other night the thought struck us that today's cowboys do not wear the magnificent ten-gallon hats that were part of the uniform of such other film luminaries as Tom Mix, Jack Hoxie or Buck Jones.

Country Editor speaking: "Beans are visible proof that whiskers are the only things that come to him who waits."

to more ICBMs — ad infinitum. The end result, if it came to war, would be an even more terrible holocaust than men are presently capable of inflicting upon themselves.

There are arguments against this argument. But all the arguments, for or against, must be kept in the sphere of rational science, not emotional politics.

It is dangerous play, not only with the fortunes of the people of this country but also with the people of the world, whose fates are willy-nilly bound up with yours.

Paper Armor

The American Way

By HARRY BROWNE

The key to understanding yourself is in the simple premise: You are what you are.

Your present decisions should be based upon yourself as you are. This does not mean that you will not work to improve yourself. Naturally, there are many areas of yourself you would like to see strengthened.

Do arguments make you depressed or unnerved? Then recognize this about yourself and base your conduct on that fact of life. Don't say to yourself, "I ought to be able to engage in arguments without becoming unnerved or losing my temper."

Country Editor speaking: "Beans are visible proof that whiskers are the only things that come to him who waits."

Recently a hearing examiner of the Agriculture Department handed down a decision halting a public advertising campaign by Armour & Co. of Chicago.

But, while you're learning, recognize yourself as you are. Take an inventory of both your strengths and weaknesses. It will enhance your confidence because you will no longer be trying to hide yourself from yourself.

The Doctor Says:

By DR. WAYNE BRANDSTADT

Good Lighting, Proper Position Prevent Eye Strain

When it is an effort to bring what you are looking at into proper focus the result is eye strain. Paradoxically the most severe symptoms of eye strain often accompany a very slight visual error.

Eye strain may also be caused by looking too long at murals or other art objects that are placed high above your head or by sitting too close to a stage or movie screen that requires you to look up.

A third cause of eye strain is improper lighting — light that is too bright or not bright enough. You should not, for example, read with direct sunlight falling on the page.

Those who advocate an ever-growing and ever more powerful government and attempt to preserve their image of devotion to freedom by insisting that they will uphold freedom of speech and the press, even while denying the most fundamental individual property rights.

They conveniently forget that, unless one wants to go and shout on a street corner, anyone with a message must find someone to pay for publishing or broadcasting it.

Steps are now being taken to limit and confine the right of private sponsorship of speech and writing in the field of advertising. The contention is that if enough businessmen would advertise the personal enterprise system that made this country great, America could be saved at a profit.

Recently a hearing examiner of the Agriculture Department handed down a decision halting a public advertising campaign by Armour & Co. of Chicago.

Since our bodies are bilateral, symmetrical, this opening appears on both sides of the jaw, nerves coming together and intertwining at midline — like intertwining fingers.

If dentures fit too tightly in area where the nerve emerges from bone, pressure on the nerve may cause irritation and numbness or some degree of anesthesia in chin and lip.

Between the Bookends

AN ECONOMIC EDUCATION For the student of liberty who wants to gain a well-rounded mental picture of the marketplace and how freedom works, the most widely-respected book on the subject is Ludwig von

Mises' "Human Action" (published by Yale University Press, New Haven, Conn.; \$15.00). This 900-page treatise gives the complete presentation of the "libertarian" or "true liberal" economic point of view.

Straight Talk

By TOM ANDERSON

How to Create a Farm Problem There is no real farm problem and there hasn't been for years — except the problem deliberately manufactured and perpetuated by the pinks, punks and collectivists in the United States Department of Agriculture, Department of State, and elsewhere.

Yet, we face a possible food crisis in America. We also face possible insolvency and surrender. Why? Because it was and is planned that way, not only in the USDA and State, but also in Commerce, Defense and other Departments of our government, as a combination of do-gooders, Socialists and Communists try to level us down and merge us into a One-World Socialist state under the Communist and liberal-cannibal club commonly known as the United Nations.

Agricultural bureaucrats have used statistics like a drunk uses a lamp-post: for support instead of illumination. For without the big statistical lie the American people would not sit still for the great farm fraud.

Billions of dollars have been stolen from the American taxpayer "to help the poor little farmer." But the poor little farmer got virtually none of it.

I believe it is safe to say that our government has given more help to the enemies of the United States than to our own bottom fringe farmers — the poor little farmers.

We are not competitive in world markets any more because government bureaucracy, regimentation and controls have supplanted supply and demand. To compensate for our loss of chicken markets to the Common Market, our leaders created a dynamic new export: doves to Moscow.

Thus, our bureaucratic bounty hunters build up Russia "so she will no longer be afraid of us." What we should be most afraid of is not Russia but the traitors in Washington who are helping that lies over the emerging nerve.

This treatment usually gives relief in a matter of hours. Further relief and comfort may be obtained by application of hot wet packs to affected areas. (Wet towel over hot-water bag.)

There are other causes of numbness of jaws, some of them serious. A tumor anywhere along the path of the main nerve; injury; pressure of impacted wisdom tooth; "novocain" injection; temporary or permanent numbness following extraction of tooth, if nerve is injured; all are causes that must be considered before correct diagnosis can be made and proper treatment given.

Let's you think that this might be comparable to the typical textbook on the American economic system, this book destroys the clichés and taken-for-granted platitudes that ordinarily characterize economic textbooks.

Naturally, this is not the kind of book you can curl up with and read in an evening — like a detective story. But if you are anxious to better understand how to succeed in the economic phenomenon seen around us, this is the book.

For example, he demonstrates how currency and credit manipulation lead to panics and depressions — the so-called "business cycles."

It seems almost too much to expect of such a distinguished and creative economist as Ludwig von Mises, that he also have the ability to communicate his ideas clearly and patiently.

Wit and Whimsy

A doctor was called in to see a rather testy aristocrat. Doctor Case (cheerily) — Well, sir, what's the matter?

Mr. Baker (the patient growled) — That, sir, is for you to find out.

Doctor Case (thoughtfully) — I see. Well, if you'll excuse me for an hour or so I'll go along and fetch a friend of mine — a veterinarian. He is the only chap I know who can make a diagnosis without asking questions.

Bill — That was a pretty hard doctor's bill I had to pay. Phil — How was that?

Bill — You see it was for injuries I received by being thrown from a horse I was riding by Russia, Red China and other enemies. Our leaders — Democrat and Republican — have tried to bribe and buy the world with handouts, either as a substitute for a foreign policy or in order to make the world safe for communism.

HOW TO ADDRESS OUR LAWMAKERS You may wish to write your senators and representatives in Washington and Austin. Here are their addresses:

(FEDERAL) Rep. Bob Price, 1225 Longworth Bldg., Washington 25, D.C. Sen. Ralph Yarborough, Senate Bldg., Washington 25, D.C. Sen. John Tower, Senate Office Bldg., Washington 25, D.C. (STATE) Rep. Malouf Abraham, House Bldg., Austin, Texas. Sen. Grady Hazelwood, Senate Bldg., Austin, Texas.

WORLD ALMANAC FACTS

They are found in all countries, come in all sizes, and can be filled with just about anything edible. The ancient Romans called them OFFULA, the modern world calls them sandwiches. According to The World Almanac, the word "sandwich" comes from the British lord, John Montagu, 4th Earl of Sandwich. He is credited with having popularized the practice of slipping a piece of meat between two slices of bread.

NOTICE TO PERSONS HAVING CLAIMS AGAINST ESTATE OF JIM B. WILSON, DECEASED.
Notice is hereby given that original letters of administration upon the estate of Jim B. Wilson, deceased, were issued to me, the undersigned, on the 23rd day of January, 1967, in the proceeding indicated below by signature hereto, which is still pending, and that I now hold such letters. All persons having claims against said estate, which is being administered, are hereby required to present the same to me respectively, at the address below given, before suit upon same is barred by the general statute of limitation, before such estate is closed. My residence and post office address are 2108 Loyan, City of Pampa, County of Gray, State of Texas.

Witness my hand and seal of office this 23rd day of January, 1967.
Rae Devonne Wilson
Administratrix of the Estate of Jim B. Wilson, Deceased.
In the County of Gray, Texas.
January 23, 1967.
