Allison Girls Will Enter State Meet At Plainview

Cagers Have Won 28 Games and Lost Only Two

The Allison girls' basketball team will go to the state tournament in Plainview this week-end with an enviable record of 28 wins against two losses. All but three members of the squad are playing their first year of basketball and only one girl will be lost for next season's team.

The Allison lassies hung up a 58 to 40 victory over Mobeetle on Friday night at Allison and went to Mobeetle on Saturday night and won, 34 to 14. Mobeetle lost by one point to Panhandle in the District tournament after defeating Canadian 41 to 19. Allison was ruled from competition on a protest by Canadian.

It was claimed that Allison was ineligible because they played a seventh grade pupil on the team. State officials ruled that it is within the eligibility rules for seventh grade pupils to compete in the tournament at Plainview.

Cochman will leave with his team Thursday for the state tournament.

SPORT SLANTS

By ALAN GOULD

The crowd attending the Mill-square A. A. track meet in Madison Square Garden was being lulled into gentle slumber by the band playing the "Music Goes 'Round and Around'" while the walkers on the track were going "round and round" for Jack Clemman, the great Canadian heel-and-toe champion, had conceded handicaps up to 30 seconds to the field and was busily engaged in overtaking man after man.

A lap and a half from the finish the Maple Leaf ace had passed eleven of the dozen men who started ahead of him. Only Irving Morowitz of the 92nd Street Y. M. H. A., a limit man with a 30-second allowance, remained in front. Clemman pined on the pace, faster and faster. With a terrific burst of speed he ripped the tiring Horowitz at the tape while the crowd, aroused by Clemman's exhibition, roared its approval.

A New Record
Everything was fine and dandy until the official timers glanced at their watches. Looks of amazement spread over their features. Sheepishly, they announced their readings. Six minutes 23 and seven-tenths seconds! The fastest mile ever walked by an individual.

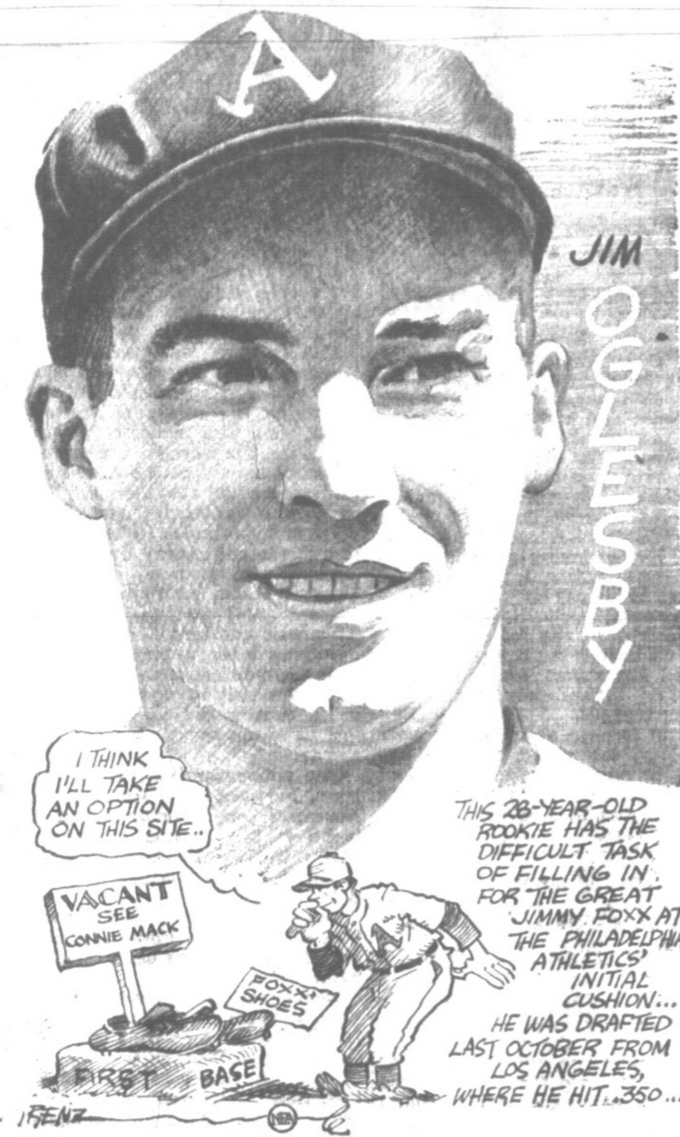

Clemman's time not only shattered the indoor record, but surpassed, as well, the world outdoor mark. The best previous indoor board track figure, 6:22.2, was made by Michael Pecora in 1932. George Goulding set the cinder track standard of 6:25.8 away back in 1910.

It was one thing for Clemman to better Pecora's mark. . . Mike was no superman, but when the Canadian had the audacity to beat the mark set by Goulding, who long has stood for well-nigh perfection in the art of walking, it was time the legality of Clemman's time should be questioned.

No doubt was cast on Clemman's walking style during the race, so it was too late to bring up that point. He had won fairly enough and the timers agreed on the time elapsed.

Just when it appeared that Goulding's long lasting record was about to be erased one of the officials triumphantly announced an important discovery. When Clemman left the starting pistol no crack of the starter's pistol sent him after the handicap field—only the grinal "go" from the handicapper. That at.

BIG BROGANS TO FILL

TRAINING CAMP NOTES

CLEARWATER, Fla.—Casey Stengel is getting more exercise than his Dodgers. It would seem. With more than 20 pitchers in camp, including rookies. Casey hit more than 400 grounders to them with a fungo bat, knocking down 20 for each one to field. This batting effort, along with his chatter, makes for a real afternoon's work.

ST. PETERSBURG, Fla.—Lou Gehrig was anxious to get the hickory in his hands at the Yankee training camp today to see if he could do a little better in the way of giving the ball a ride than he did yesterday. Steven Sundra made Lou miss five successive balls that would have been called strikes in any league yesterday.

PENSACOLA, Fla.—Despite the fact that Manager Bill Terry was back in Memphis today, seeking to get his bum knee fixed up, there was no indication that the boys in the Giants camp would let up in their training activities. The gang is all together now, with the exception of Hank Leiber who hasn't even answered Terry's ultimatum.

SAN ANTONIO—The Pirates' hospital list is being rubbed out, and Pie Traynor is glad. Hal Finney, out for a year with bad eyes, is on the way for a comeback as catcher while Aubrey Epps, also a catcher.

technically was sufficient reason for disallowing the record. So Clemman's splendid effort was wasted as far as the record books are concerned. And George Goulding's mark still remains the record for the heel-and-toe athletes to shoot at.

INDIANS LOSE STAR HURLERS OF 1935 CLUB

REPLACEMENTS NEEDED FOR NIGGELING AND EVANS

(Editor's note: this is the third of a series on Texas league prospects.)

BY CHARLES E. SAULSBERRY, Sports Editor, Oklahoma City Times.

OKLAHOMA CITY, March 4 (AP)—"Humph! Heap big tough sport!" It's the gutter growl from Chief Make-Em-Run-Think-Fast, an adopted warrior who led the Indians of Oklahoma City in wholesome devilry last summer.

His paleface title is Manager Bert Niehoff, a handle by which the Texas league and its Southern association rivals know him as skipper of the Dixie champions.

"Ugh! Palefaces shoot from trees! Need 'em pitchers! Need 'em catcher! Need 'em outfielder!"

The big chief's gruntings summarize the general condition of the tribe as it goes on the Texas league warpath. What the war council of Jack Holland, Jack Humphries, and Niehoff need most to have a fair shot at repeating as the Texas league pennant winners are replacements for the eccentric Russell (Red) Evans and the loose-jointed John Niggeling. Evans is now with the Chicago White Sox and Niggeling with the Kansas City Blues.

The three worthies left, Southpaw Jack Brillheart and Fred Steily and Right-hander Eddie Marleau, are a solid enough foundation for what building Niehoff may do with the rookies, who are the only new acquisitions. The Indians expect a pitcher from Chicago in the Evans deal.

Of the recruits, Hugo Klaerner, right-hander from Longview of the old West Dixie league, boasts the most experience. His three years of stowing away victories at the better and worse training tables of various baseball hostilities, has included a cup of coffee with the White Sox.

Edwards Swigart, a farm chateau right-hander successfully for Jackson, Miss., is another lad with professional experience.

The same infield and outfield that finished the last season are back, but Niehoff would like to get a more consistent right-handed hitter in the lineup somewhere.

Big Babe Roth, second baseman sold to Fort Worth, left in mid-August when the Tribe was in the heat of the pennant fight, taking over coaching of the Howard college eleven that tied Alabama. The Indians kept right on winning with good last year's lineup, which included Lou Brock at shortstop, the improvement Joe Bilgere is expected when Ed Young, acquired from the New York-Pennsylvania league, in his place.

The steady influence of Lou Brock at shortstop, the improvement Joe Bilgere is expected when Ed Young, acquired from the New York-Pennsylvania league, in his place.

Likewise, Roy Myers, 20-year-old sandlot fielding sensation who made his debut in the Texas league last year, is expected to "make" the outfield. Ray Flood, right fielder, and "Pound 'Em Paul" Easterling, left fielder, are back but Carl Beason, most valuable players in the Oklahoma state sandlot tournament, may make one of them hustle for a while.

Jack Fitzpatrick is the only veteran on a catching staff of five which includes Albert McNulty. Oklahoma sandlot prospect, Carl Knott may solve the outfield quandry, except that Knott likes him as a general utility man.

Race Between Top Row, Time Supply In Texas Possible

DALLAS, March 4 (AP)—Racing interest in Texas centered today on prospects for a race at the Arlington Downs spring meeting between Top Row and Time Supply, first and second place winners, respectively, of the \$100,000 Santa Anita handicap.

Frank A. Carreaud, owner of Tim Supply, has notified Trav Daniels, resident manager of Arlington, that he plans to ship 14 horses to the Texas track next week and that he will enter Tim Supply against Top Row if A. A. Baroní accepts.

Daniels said that if the two turf stars are entered they will run in the \$10,000 Fort Worth handicap April 12.

SET SCORING RECORD
BRANDONWOOD, March 4 (AP)—The Daniel Baker Billbilles set two season's records and remained in the Texas conference basketball race last night by defeating the Austin college Kangaroos, 68 to 33. The Billbilles' score was a record in the conference for the year, as was Davenport's individual scoring of 25 points in the game.

Palo Duro canyon, in northwest Texas, rivals the Grand Canyon in beauty. It was once used by Goodnight for cattle grazing.

'DIZZY' WOULD SIGN CONTRACT FOR \$25,000

SILENT TREATMENT IS BEING USED—MAY SUCCEED

BY ALAN GOULD
NEW YORK, March 4 (AP)—The Cardinal strategy in dealing with the great Dean reminds us of that per-war collegiate tune, "raging the scale." All the notes, sour and sweet, have been tried over a five-year period. Perhaps the current boss, suggested Diz make a return ticket to Houston. He bounced right back the next year and promptly established himself as the new National league strikeout king, which he still is.

Back in 1931, as a loud rookie from the Texas league, Dean popped off so much that he damaged his team while reports of phenomenal success suggested Diz make a return ticket to Houston. He bounced right back the next year and promptly established himself as the new National league strikeout king, which he still is.

Dizzy's friends insist he's the "most misunderstood" player in baseball. His critics add that it's difficult to understand him because he tells everyone a different story and is, as they say on Broadway, a "sucker for a suggestion."

Branch Rickey, the Cardinal business boss, suggested Diz make it worth while as a holdout so the pitcher promptly demanded \$40,000. But he will "compromise" for \$25,000, which he's worth. And he will promise, as part of the agreement, to cast no aspersions, publicly or otherwise, upon the earnestness or fortitude of his team-mates this season.

Port Myers (Fla.) scouts report there are no less than four Johns, including Walter Jr., on the roster of Connie Mack's "mystery men."

While reports of phenomenal rookie exploits guarantee that winter can't last forever and that curve ball pitching has yet to rear its ugly head in the grapefruit circuit, Embryo Nap Lajotes and Ty Cobb are coveting again. Yankee onlookers at St. Petersburg were enthusiastic over Joe Dimaggio (pronounced Mah-jio), the recruit outfielder who has color, a batting punch and prospects of recapturing some of the favor that vanished from the Bronx with Babe Ruth's departure.

A Puerto Rican prospect, discovered when the A's sounded assembly turned out to be a hat salesman instead of a shortstop.

McMURRY BEATEN
ABILENE, March 4 (AP)—The Abilene Christian college Wildcats closed their basketball season last night with a 55 to 26 victory over the McMurry Indians in a Texas conference game.

BERGNER ILL
LONDON, March 4 (AP)—Elizabeth Bergner, German actress, underwent an operation today in a London nursing home. She was suddenly taken ill Monday night.

Borger Gulf Quintet Will Play Phillips Club Tonight

CONDITIONING EMPHASIZED IN GRID TRAINING

FUNDAMENTALS TO BE TAKEN UP SOON BY BOYS

"We're going to see who is in condition," remarked Harvester football coaches yesterday afternoon as they put their squad, increased to 60, through its paces.

The session opened with calisthenics, many different kinds, which worked loose all parts of the anatomy. After the boys were sufficiently limber and some of them pretty sore and winded, foot races were announced and more speed was seen than at a track meet.

The little fellows, and some of the bigger ones, scampered through several short dashes. Speed was uncovered where it was least expected and there may be several changes in plans before the spring training period is far advanced.

Without a pause for breath, the backfield was put to handling the ball and the linemen took to pushing the "torture contraption" around the field. Many were the grunts and groans but there was never a letup in the routing.

Things were allowed to ease up a little and the boys threw and punted the ball around and relaxed from their efforts. It was only the second practice of the season but it was a stiff one.

After a few more days the boys will be given positions and allowed to work at them. Fundamentals will be stressed during the entire spring training period. Speed is expected to be paramount in the 1936 Harvester squad. There are a few big boys out and they look like giants beside most of the squadmen.

Roy Showers, Sherman Morgan and Glen Maxey from last year's squad were in uniform yesterday.

Continental Oil Company Workers Attend Meeting

More than 50 employees of the Continental Oil company marketing department attended a sales meeting at the Schneider hotel last night to learn of the intensive advertising program to be carried out by the company.

J. C. McWilliams, district superintendent, and Paul Erdwurm, assistant division manager of Fort Worth, were in charge of the meeting.

A large number of the newspaper and magazine advertisements of the company are ended with this line: "Drive to the Texas Centennial, this year's greatest show. Write Conoco travel bureau, Denver, Colo., for free marked road maps."

The meeting was held at the agents, dealers, and their employees from Miami, Canadian, White Deer, and Pampa.

Following a picture show a dutch lunch was served.

Battle To Be Staged In Gymnasium At LeFors

The Gulf basketball team of Borger will be in LeFors tonight for a game with the Phillips 66 Oilers from the South Pampa field. The visitors are expected to bring a considerably strengthened lineup in an effort to topple off the high-stepping Oilers who have won 13 games and lost only two this season.

Phillips will be at full strength tonight. Jack Baccus having sufficiently recovered from a foot injury to take his place at guard with

Christian. The Window brothers, Tip and Slim, and either Laycock or Dewey will round out the Phillips starting lineup.

Such names as White, Frost, West, and Shaw appear on the Baylor roster. All are former high school stars, members of the championship-Bulldog teams of past years.

The teams will flash from scratch at 8 o'clock.

A BOUQUET FOR MR. HYTE

Parents and Faculty To Battle at H. S. Gym

Teams for the parent-faculty basketball games which will feature the "fun night" program of Junior High Band Mothers club and Parent-Teacher association Thursday, are being completed and are preparing for the two games.

Players already recruited for the mothers' team include Mmes. Clyde Winchester, Payne, Claude Lard, R. A. Hipps, Cora Murray, Hugh Ellis, Williams, H. H. Heskell, L. R. Brittain, Fannie Eller, and W. S. Bennett.

H. D. Newshawks Of County Given State Approval

Efforts of Gray county home demonstrators in club women in the county have received state recognition, according to a recent publicity bulletin from extension service headquarters at A. & M. college.

Girl Scout News

Nature study tests were completed by a large group of girls in troop six meeting at the Little House yesterday. They have worked for several weeks on study of plants, animals, and birds.

Spring Flowers Lend Colors to Party for Club

Appointed in the yellow and green of early spring flowers, a party given by Mrs. Earle Scheig at her home Monday was the prettiest of this year for Wednesday Contract club.

Daily Meetings Of Children Are Part of Revival

Children are having their own meetings in the revival being conducted at Central Church of Christ. Evangelist C. C. Morgan speaks to them each afternoon immediately after school.

Auxiliary Gives To Lunch Funds

A gift of \$10 to the school cafeteria fund for underprivileged children was voted by American Legion Auxiliary in a business session at the Legion last evening.

'MAD HATTER' TEA LAUNCHES CLUB FOR YOUNGER BUSINESS WOMEN UNDER BPW AUSPICES

MEETING MONDAY IS ANNOUNCED FOR ORGANIZATION

Entertained with a tea by Business and Professional Women's club yesterday in city club rooms, a group of younger business women who have indicated their interest in forming a junior business women's club planned to meet Monday for organization.

The tea was planned in "Mad Hatter" theme, with registry and programs in the shape of green hats. The table where Gladys Robinson and Mabel Gee poured tea was set in green and gold.

Farm Hostess

Helen Oakes, freshman in Santa Anna, Texas, high school, will be one of the hostesses when the Future Farmers of America and 4-H clubs meet for 2 weeks at the Texas Centennial exposition in Dallas during the National Dairy show next October.

The Social CALENDAR

THURSDAY. Council of Women's clubs will meet at city club room, 9:30 a. m.

FRIDAY. Mrs. E. A. Shackleton will be hostess to Priscilla Home Demonstration club, 2 p. m.

Club Entertains At Bridge-Supper

Mr. and Mrs. Alva Phillips' home was the scene of a gay party last evening when Silver Spade bridge club entertained husbands of members with an oyster supper.

ST. PATRICK'S PARTIES GIVEN BRIDGE CLUBS

Members Entertained In Two Homes on Tuesday

The home of Mrs. Felix Stalls was decorated in cut flowers when she entertained Tuesday Afternoon club there yesterday. Tables were appointed in St. Patrick motif for the games, and the same note was stressed in refreshments of shamrock ice cream and white cake.

Business Week, Bridge Tourney Planned by BPW

Advance plans for observing national business women's week were discussed at a meeting of Business and Professional Women's club yesterday. The week of March 15-21 has been designated for this year.

Two Jackets Seal Old Gold Cigarettes

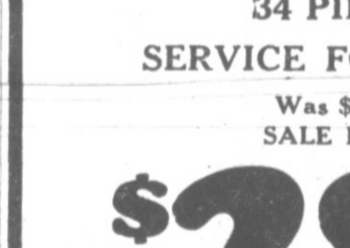

Browning's beloved organist, it will be remembered, added one tone to four others and made a star. By a somewhat similar analogy, the P. Lorillard company, makers of "Old Gold" cigarettes, have added a new feature to the "Old Gold" package that believed to make it a star with smokers everywhere.

FOUR INDICTED

EASTLAND, March 4. (AP)—Four persons were under murder indictments today in connection with the slaying of H. L. McBea, highway department employe, at Rising Star in 1933.

CONGRESS MAY MAKE CHANGES IN TAX PLANS

Powerful democrats hinted today that congress may make drastic changes in President Roosevelt's tax program under which the government would allow its corporate profits and stockholders' dividends to pay a \$200,000,000 annual bill for farm subsidies and the soldiers' bonus.

Congress swiftly divided into bitterly warring camps over the executive's call for this sweeping revision of the corporate tax structure.

Some republicans assailed the plan as an "assault on thrift" and a menace to business confidence.

New dealers hailed it as a means to speed the velocity of money turnover, and the distribution of wealth.

Administration leaders emphasized that the plan was only a "suggestion" to congress. As a 7-man house ways and means sub-committee gathered to discuss the proposal, he told the industry.

The president, talking on this point, said reserves would not be taxable and could be used in lean years to pay wages or dividends. One aim of the program, he said, is to increase the velocity of money.

TRANSFER HEARTS

WASHINGTON, March 4. (AP)—The successful transfer of a living heart from one fish's body into another was described today at George Washington university by Professor George Bain Jenkins.

He told of keeping transplanted hearts living in embryos of sea minnows for from eight to ten days.

OIL NEWS AND NOTES

RODESSA PROBE ORDERED

WASHINGTON, March 4. (AP)—Secretary Ickes, oil administrator, said today he had ordered an investigation of reports that considerable "hot oil" was being run from the new Rodessa field in western Louisiana.

Ickes said his field men "have a feeling they may have been running hot oil down there." He said he had determined whether a new tender board, similar to the agency operating in the Texas field would be created.

The independent Petroleum association recently advised Ickes of reports that 15,000 barrels of illegal, produced petroleum were leaving the Rodessa field and asked that a tender board be created to keep interstate movements of oil from that pool within the Louisiana state allowable.

Ickes also announced that J. W. Steele had been named official chairman of the East Texas tender board and that J. W. Fitzgerald, of Tyler, Tex., had been sworn in as a general counsel for the board.

Ickes declined to say who was conducting the Rodessa investigation or to what extent it would be carried.

OIL STOCK DECREASE

WASHINGTON, March 4. (AP)—The bureau of mines reported today stocks of domestic and foreign crude oil for the week ended Feb. 22 totaled 310,655,000 barrels, a decrease of 453,000 barrels from the previous week.

The bureau said reports from the industry indicated another slight increase in crude production on Feb. 22 and substantial gains in imports and crude runs to stills.

Daily average crude production was placed at about 2,810,000 barrels, compared with an average of about 2,805,000 barrels the previous week. Daily average crude runs to stills increased from 2,770,000 barrels to 2,855,000 barrels. Daily average imports of crude were 109,000 barrels or more than double the previous week. The bureau said there were indications of a decline in crude exports February 22 compared with the previous two weeks.

OIL PRODUCTION OFF TULSA, Okla., March 4. (AP)—Estimated daily average crude oil production in the United States last week declined 9,221 barrels daily for a total of 2,782,902 barrels as compared with 2,792,223 barrels the previous week, the Oil and Gas Journal reports.

Oklahoma showed the largest production decrease, a drop of 24,3

EDITORIAL

BUILDING INDUSTRIES AT HOME

An illustration of the opportunities for industrial growth which present themselves to cities is provided by a proposition now before the B. C. D. for study.

The Board has brought before a number of business men a demonstration of a newly patented harvester combine. This machine, as seen in action by wheat growers, elevator men, and mechanics, has the appearance of being an unusually happy thought in harvesting. It eliminates 400 moving parts and has no chain drives and gears. It could be fabricated in this community. Output of the machines appears to be taken for a considerable time, with large-scale production a matter of dealer outlets. The light weight and reasonable price of the machine are important items in its use and sale. A corporation may be formed.

Frequently it is stated that Pampa must have more factories. The history of factory towns is that small starts were made, usually with local capital, and progress was made slowly but steadily. Sherman had such an experience. Huge factory payrolls are not achieved overnight, and often they are not obtainable because of market and transportation limitations. But half a dozen small factories often are equal in payroll to a big one.

The current proposition is typical of the opportunities which knock but which often are passed up as "too small." There is much capital in Pampa. We would not attempt to pass upon the current proposition in all its phases, but we do regard it as rather typical of the kind of factory which Pampa needs and which local capital must help launch.

Factory towns build from within before attracting much movement from without. Local investments and locally directed manufactures are vitally needed. Bonuses and free sites seldom attract a factory which is stable enough to be an asset and an institution proof against "folding up."

Promotion schemes have left bitter memories in many a city. A factory poorly located frequently attracts cheap labor—needed in many plants—to a city, then, after a few months, goes bankrupt and leaves the workers unemployed and as charges of the community. Pampa needs no factories of this type.

But this area consumes many articles which, on a small scale suited to the territory, could be profitably manufactured here. Sharp planning would, of course, be necessary. Cheap gas is a minor item in most manufactures, while labor is a major item.

One of the greatest obstacles to factory movements here has been the publicity given to the waste of gas. Currently, the dust storm stories are highly detrimental.

BEHIND THE SCENES IN WASHINGTON

BY RODNEY DUTCHER
NEA Service Staff Correspondent

WASHINGTON.—The new farm program in its first year will be a crude makeshift insofar as its administration and operation are concerned.

Transforming farm relief into a soil conservation plan is a gigantically complicated administrative job. Farm experts believe they could work out a sound system within a year which would achieve their goals.

They are doing the best they can in a few weeks and there is more confusion and difference of opinion than progress.

The individual farmer, planning his crops for the year, wonders what he must do to qualify for the program and its payments. He won't know for weeks, perhaps months, whether, assuming he has a 300-acre farm, he will be expected to plant 50, 100, or 150 acres in soil-building or soil-conserving crops or both.

Congress passed a law giving Secretary Wallace and Administrator Chester Davis enormous power and left them with a correspondingly enormous job of planning and administration.

Six million farmers theoretically are eligible to receive money for participation in the program. Fewer than 3,000,000 received AAA benefits. Now must be determined:

- Standards of performance on each farm which will make the producer eligible for payments.
- Amounts of grants for which each farmer will be eligible if he participates.
- Mechanism for checking up on his compliance with the standards which he agrees to maintain for this year.

Administrative technique—reaching the long arm of the national plan down to individual farms—will be similar to AAA's. Theoretically, at least, local committees will have to visit each farm and appraise its desirabilities from the standpoint of conservation and sound farming methods in relation to general standards handed down to them and to the rate of payments-per acre-per commodity as decided in Washington.

The completely voluntary nature of the program and the fact that it extends to all crops—instead of a few basic commodities, as under AAA—seems to leave a huge element of guesswork in plans here. The innumerable types of farming to be found in individual areas and states add to the problem.

The soil conservation act now says payments are to be made on annual basis of:

- Total acreage of crop land.
- Acreage of soil crops.
- Changes in use of land, such as letting land lie fallow or planting new types of crop.
- Percentage of farmer's crop which corresponds to percentage of national crop in the same commodity which is consumed domestically.

Wallace and Davis start with the National Resources Board's survey, which says 25,000,000 to 35,000,000 acres have been ruined for farm purposes by erosion, about 100,000,000 acres are moving rapidly in that direction, more than 100,000,000 are beginning to erode badly, and most of the remaining 300,000,000 tend to decline in productivity.

Obviously impossible is the task in the first year of moving to save the 200,000,000 endangered acres while trying to maintain fertility of the other 300,000,000. The extent to which a small start can be made is limited by the appropriation of \$500,000,000 for the 1936-37 fiscal year.

Astronomers say that distant objects in the heavens rush away from the earth, which indicates that, in these times, they have it on us.

Seattle beauticians announce men will affect plucked eyebrows. It was our impression these were already in vogue, under the humorous title of mustaches.

CLARA BOW IS BACK BUT FIRE HAS GONE OUT

'It' Girl Thinks Now Only of Family And Ranch

HOLLYWOOD, Cal., March 4 (AP)—The "Brooklyn Bonfire" has gone out. Clara Bow, who used to train on hard liquor and late hours, drinks lemonade and can't sleep in the city, anymore, on account of the noise.

The pulsing, flesh-and-blood example of what Editor Olyn meant when she described sex appeal as "it," has disappeared.

The deep brown eyes, the red hair, and the curvaceous figure remain, but the urge that made her play her "flaming-mamie" role as vividly in real life as she did on the screen, has gone.

A buttery, touse-headed baby, and the Nevada desert have done that. "They brought me to my senses," Clara said today. "I'm glad it happened in time."

She and her husband, Rex Bell, and the blonde baby, now 14 months old, came back to Hollywood from their cattle ranch, near Searchlight, Nev., more than a week ago.

They saw no one, had no pictures taken, gave no interviews. That, in itself, was something new. In the old days, Clara Bow never walked across a night club floor without there being a photographer somewhere at hand.

She was in the newspapers from the moment she won a beauty contest, to the day nine years later, when they carried her raving to the hospital with a nervous breakdown. Their ranch is in the desert. There are 380,000 acres.

"Everything we've got is in it," she smiled. "It's no hideaway, or rest home. We've got cattle and we're going to have blooded horses. It's going to pay."

"Lonely? I should say not. I have friends. It's funny about them, too. People here used to crane their necks and stare and watch me wherever I went. Up there, Rex took me to a barn dance in town, and if they knew me, they didn't show it."

PRACTICAL

GRIDLEY, Kas.—Lem W. McReynolds, at the age of 87, gathered materials about him and set out to build an airplane. Then he thought better of it. He dismantled the plane and built an improved rocking chair.

ALLRED MAKES MOTHER-IN-LAW DAY OFFICIAL

Tomorrow Set Aside For Honoring Women

AUSTIN, March 4 (AP)—An editor's reputation for calling his wife's mother "the standing army" led today to establishment of a Mothers-in-Law Day in Texas.

Continuing a custom memorialized by Gene Howe, Amarillo publisher and columnist, Gov. James V. Allred has set aside tomorrow as the official day for honoring the mothers of all married children.

In his proclamation, the governor called on "all men to pay tribute to these unselfish, kindly patriotic women of Texas."

The mothers-in-law movement in the state was started by Howe after he had offended his own mother-in-law, Mrs. W. F. Donald, with jibes in his column.

Then and there, he decided mothers-in-law were "mothers who have made good." He discontinued calling Mrs. Donald "the standing army" and barred all mother-in-law jokes from his columns.

He went still further. He sponsored two huge celebrations honoring mothers-in-law. At the 1935 celebration Governor Allred made an address and his wife's mother was named "the most beloved mother-in-law in all of Texas."

Amarillo mothers-in-law will observe the occasion tomorrow with a luncheon. Plans for another big celebration were discarded chiefly because of the death of Will Rogers, who had promised to participate, and Wilbur Hawk, Howe's business partner.

"I don't believe anyone feels as if we ought to have a big celebration this year," Howe said.

Hopkins Revival Meeting Growing

Growing crowds and increased interest are reported at the revival meeting being held at the community school auditorium at Hopkins (Phillips camp).

Dr. W. I. McClung Jr. of Panhandle is doing the preaching. On tomorrow evening, the choir of the Central Baptist church here will present a music program and there will be singing by a negro group of 16 from Pampa.

The revival opened Monday.

BING'S NEW PARTNER HOLLYWOOD, Cal., Mar. 4. (AP)—A few days ago Bessie Patterson, 16, received her high school diploma in Hot Springs, New Mexico. Monday she starts her screen career in Bing Crosby's new picture, "Rhythm on the Range." The actor picked out her photograph from among the five "princesses" of an El Paso Sun carnival. She was graduated six months ahead of time so she might accept the opportunity to be a film star.

Mrs. Joe Bryant and son, Joe Sam, left Pampa-Jarratt hospital yesterday afternoon.

James Lusby, son of Mr. and Mrs. H. P. Lusby, who is quite ill of pneumonia in Worley hospital, is reported slightly improved today.

Dressmaking, plain and fancy, all work guaranteed. Singer Sewing Machine Co. Phone 698.

PAMPA TOPICS OF OUR CITY

Scoutmasters To Meet

The regular monthly meeting of the scoutmasters of the Adobe Walls council will be held Monday evening, March 9, at 7:30 p. m. in the Scout headquarters in the city hall.

Plans for a training school, the Campfire, and summer program for the boys of the Council will be discussed at the round table. All scoutmasters, their assistants and troop committeemen are urged and invited to attend.

To Write Stories

Members of the high school journalism class taught by Delmer Ashworth will write publicity articles for the Pampa Centennial in cooperation with other newspaper men of the city.

Each member of the class has been given an identification card by Carl Benefield, chairman of publicity for the event.

These members include, John Martin, Arthur Marie Terrell, Mildred Cole, Mickey Ledrick, Ruth Brycles, Fred McGahey, Barbara Kilgore, Evelyn Kentling, Rosemary Hampton, Mary McCallum, Betty Horner, Pauline Stewart, Louise Roseberry, Vernon Stennis, Carl Camp, and Vernon Van Bilber.

Exams Announced

O. K. Gaylor, secretary of the local U. S. civil service board of examiners, has announced open competitive examinations for the following positions:

Flat-bed bookkeeping machine operator, \$1,620 a year. Associate research physiologist, air corps. Wright field, Dayton, O., \$2,200 a year.

Principal agricultural research writer, \$5,600 a year; special agricultural research writer, \$3,800 a year; agricultural research writer, \$2,900 a year; agricultural research writer for radio, \$2,900 a year. Details may be had from Mr. Gaylor.

Year-Round Rate

Those Pampanos who have wished to water their trees and lawns in winter, but could not afford the expense, are favored in a new City of Pampa ruling that the summer rate will be good in any month in the year. The summer rate is now available, but must be applied for at the water department.

Aids Lunch Fund

A check for \$10 has been given by the American Legion Auxiliary here to the school lunches for undernourished children. The check was signed by Mrs. Al Lawson. Additional funds will be welcomed inasmuch as the cost of feeding nearly one hundred children is more than \$250 a month.

The Auxiliary turned in the contribution to the school lunches for undernourished children. A member of the current grand jury was shown to have failed to pay his poll tax. Simmons and Phillips were named in new complaints in Justice E. F. Young's court, and the case will be laid before the grand jury at the next term of court. No other cases were affected.

Sentence Suspended

Elmer Casada, indicted for driving while intoxicated, was given a 1-year suspended sentence yesterday in 31st district court. He was forbidden to drive a car on a public highway for 3 months.

The jury panel has been dismissed for the term. There will be no more jury cases this term.

Asking for Bids

Postmaster D. E. Cecil will receive bids up to 2 p. m. March 16 for installation of ornamental lights in front of the federal building. The lights are beautifully wrought in iron and are very heavy. One will be located on each side of the main entrance.

Why Not Now?

When, ask deputies in the office of the tax assessor-collector, are Gray county residents going to take seriously this business of getting driver's licenses? With more than 17,000 licenses to issue, it is evident that the clerks will be rushed and the public will be inconvenienced by the inevitable congestion. The licenses are free and it is not necessary to pay regular car license fees to obtain them.

Losses Clothing

Glen Pool, North Gray street, reported to police this morning that a blue overcoat, a field and stream jacket and a pair of gloves had been stolen from his car which was parked in front of his house. The car had not been vacant long. It was unlocked.

STOP, Say Street Signs

The signs on Pampa streets bearing the words STOP mean that cars are to be brought to a dead stop before proceeding. Five Pampanos failed to interpret the meaning yesterday afternoon and this morning paid fines in city court. Another paid a much stiffer fine for speeding. They were only the first of many who will be caught during the police drive if speeding and running stop signs is not stopped.

Breaks Arm

Jerry Neil Stinson, 10, daughter of Mr. and Mrs. Reno Stinson, broke her arm while returning home from Sam Houston school yesterday afternoon. She was on roller skates when she fell, breaking the arm.

More Seriously Injured

Irish Enjoys Fight in 1836, Gribbon Recalls

Dan Gribbon began shucking off his coat at the Rotary meeting today.

"If anyone objects to Dublin, Ireland, being placed first on the list of cities to be discussed at this club—" Mr. Gribbon began an interesting story of Dublin. Later, he mentioned that a majority of those who signed the Texas declaration of Independence, who died in the Alamo and at Goliad were Irish.

A second talk was made by Archer Fullington who said that Friday will be the Centennial date of the most heroic event in Texas history—the fall of the Alamo. It was mentioned that while B. Travis, commander of the fort, died liberally gave his life in order to arouse lethargic Texans to the realities of tyranny.

R. L. Edmondson was in charge of the program.

COLUMN (Continued from page 1)

sets as property held by the taxpayer whether or not connected with the trade or business, but does not include stock in trade of the taxpayer or other property of a kind which would properly be included in the inventory of the taxpayer if on hand at the close of the taxable year, or property held by the taxpayer primarily for sale to customers in the ordinary course of his trade or business. In this definition the length of time the asset was held by the taxpayer is disregarded.

Section 117 (c) provides the rules for determining the period for which a capital asset has been held and is similar to the provisions of section 101 (b) of the Revenue Act of 1932. These provisions are in general to the effect that, where property is acquired in an exchange and the property so acquired retains the old basis on which to compute gain or loss where property is acquired from another person and the property retains the same basis on which to compute gain or loss as it had in the hands of the person from whom it was so acquired, the period for which the property disposed of in the exchange or the period during which the property was held by such former owner is also to be included in determining the period for which the property is held for the purpose of section 117 (a).

Section 117 (d) provides a very important limitation affecting all taxpayers (including corporations, except with respect to banks and trust companies) that is, that losses from sales or exchanges of capital assets shall be allowed only to the extent of \$2,000 plus the gains from such sales or exchanges.

Section 117 (e) provides that gains or losses from "short sales" of property, and gains or losses attributable to the failure to exercise privileges or options to buy or sell property shall be considered as gains or losses from sales or exchanges of capital assets. In the former the percentage of the gain or loss to be taken into account shall be computed according to the period for which the property delivered was held. In the latter, the gains or losses shall be considered as arising from sales or exchanges of capital assets held for 1 year or less.

Section 117 (f) provides that amounts received upon the retirement of corporate bonds and similar evidences of corporate indebtedness, with interest coupons or in registered form, shall be considered as amounts received in exchange therefor, thus giving to any gain or loss thereby resulting to the holder the status of capital gain or loss, as the case may be.

CHICAGO GRAIN

CHICAGO, Mar. 4. (AP)—Relative firmness of the May delivery of wheat contrasted today with easiness of new crop months, July and September.

Greatly enlarged Canadian wheat export business did much to stiffen the price of May contracts, whereas July and September were dominated by chances of showers helpful to crops. Today's export purchases at Winnipeg were estimated at upward of 2,000,000 bu.

Wheat closed nervous at the same as yesterday's finish to 1/2 lower, May, \$1.00-1/2, July 29-1/2, corn 1/2-3/4, May 61-1/2, oats unchanged to 1/4 off, and provisions varying from 5 cents decline to 10 cents gain.

GRAIN TABLE

Table with 4 columns: Grain, High, Low, Close. Includes Wheat, May, July, Sept, Corn, May, July, Sept, Oats, May, July, Sept, and Cattle.

COACH NAMED

COLORADO, March 4. (AP)—Jack Christian, assistant coach of the Ablette high school Eagles for three years, and former A. & M. football star, was chosen to coach the Colorado Wolves next year at a meeting of the school board last night. Christian will replace Jim Reese.

VETERANS (Continued from page 1)

obligation given by the national commander.

Commander D. A. Bartlett of the local post introduced Jake Garman, junior vice commander of the ninth district, who acted as toastmaster and introduced guests who included presidents of local civic clubs, veterans' organizations, county, school, and city officials and others.

Mr. Gorman announced that Commander Van Zandt would pay a visit to Pampa late this month, probably on March 30.

KANSAS CITY LIVESTOCK

KANSAS CITY, March 4. (AP)—(USDA)—Hogs: 1500; fairly active, uneven, 5-15 higher than Tuesday's average; desirable 170-250 lbs 10.15-12.5; 250-300 lbs 9.85-10.15; better grade 140-160 lbs 9.85-10.15; sows 8.50-85.

Cattle 3,000; calves 500; slow, few sales feed steers, yearlings and heifers steady; sows strong to 15 higher; vealers unchanged; choice 1315 lbs steers 10.40; good medium weights 9.00; common to medium grades 6.50-7.50; mixed yearlings 8.25; good to choice fed heifers 7.85-8.25.

Sheep 6,000; lambs 15-25 lower; early sales odd lots sheep about steady; top fed lambs 9.35; mutton sales 8.25-35; clippers 7.40-50; fed yearlings 8.50.

CENTENNIAL BAND DESIGNATED

DALLAS, March 4. (AP)—W. A. Webb, general manager of the Texas Centennial exposition, announced today designation of the famous Hardin-Stinson university cowboy band as the "model" band of the \$25,000,000 exposition. Webb said the band will make a series of trips to all parts of Texas in behalf of the fair here, and play for President Franklin D. Roosevelt in the official opening of the exposition June 6.

Mrs. George Dunn of Berger was admitted to Pampa-Jarratt hospital last night.

Mrs. A. Martin was admitted to Pampa-Jarratt hospital for treatment last night.

MARKET BRIEFS

NEW YORK, March 4. (AP)—A late break in Chrysler stemmed the general advance in today's stock market, although scattered industrial specialties continued to exhibit firmness.

The motor issues gave way under profit taking, along with a number of other recent leaders. Support arrived near the finish. The close was irregular. Transfers approximated 2,900,000 shares.

Table with 3 columns: Stock, Price, Change. Includes Am Can, Am Rad, Am Tel, Alcoa, Avia, Bald Loc, B & O, Bausch, Ben Avia, Beth Stl, Case J, Chrysler, Coml Solv, Com & Sou, Cnt Oil Del, Gen Elec, Gen Mot, Gen Pub Svc, Goodrich, Goodyear, Int Harv, Init Tel, Kelvin, Kenec, M Ward, Phil Pet, Radio, Repub Stl, Sears, Shell, Skelly, Soc Vac, S O Cal, S O Ind, S O N J, Sudebaker, Tex Corp, Uni Carbide, U S Rub, New York Curb Stocks, Elec Bldg, Gulf Oil Pa, Humble.

STALIN (Continued from page 1)

on the frontier of the Mongolian peoples' republic," he quoted Stalin as answering, "but so far there have been no new attempts to create border incidents."

Stalin, recalling that red troops supported the Mongolians against Japanese-assisted white Russians as an aftermath of the Russian revolution asserted, Howard wrote, that:

"We would help that republic as we did in 1921."

In swift transition from Far East to middle Europe, Howard and Stalin discussed the possibilities of German aggression against Russia.

"The soviet union appears to be to have aggressive designs against the soviet union and are planning military cooperation," remarked Howard in constructing the next question.

"Poland, however, has protested her unwillingness to permit any foreign troops to use her territory as a base for operation against a third nation. How does the soviet union envisage such aggression by Germany? From what position and in what direction would the German military forces operate?"

"I do not know what specific frontiers would be best adapted to the German purposes, but I think they would find a people prepared to lend them a frontier."

It is "impossible to say" when the next war will come, Stalin asserted, adding that all who come to this point of view are wrong.

"Nowadays wars are not declared. They simply start," he asserted Japan and Germany were the focal points of war danger.

"Where are the war clouds more menacing in the East or in the West?" Howard inquired.

"It is difficult to say," was the answer. "They both exist and both are smouldering."

"Compared to either of these, the Italian-Ethiopian conflict is an episode."

"For the moment, perhaps, the situation in the Far East is more menacing but the center of danger may shift to Europe. . . . It is symptomatic that even when Herr Hitler speaks peace he cannot dispense with threats."

Stalin, general, without dramatics, displaying little of the power that makes him supreme in a land of 173,000,000 people, declared in simple, straightforward language that capitalism furnished the "chief war menace today."

MILLER CONVICTED

ST. LOUIS, March 4. (AP)—A federal court jury, rejecting his insanity defense, today convicted A. U. McGill, former rice miller at Stuttgart, Ark., on a charge of using the mails to defraud.

Mr. and Mrs. Roy Wilmesmeier and Mrs. L. Nicholson left this morning for Dallas where Mr. Wilmesmeier, manager of Worley hospital, will attend a meeting of the State Hospital association.

Mrs. Thomas Clayton and son were dismissed from Pampa-Jarratt hospital yesterday.

FAIRBANKS NON-COMMITTAL

PARIS, March 4. (AP)—A Paris reunion of Douglas Fairbanks and Lady Ashley gave impetus today to speculation they might be married soon, but the actor declined to commit himself. "Don't ask me about marriage," he said. "Everyone seems to know more about that than I do."

C. T. "Jack" Stern was taken home from Pampa-Jarratt hospital this morning following medical treatment.

OSBORNE TO OFFER CHOICE HEREFORDS OF NOTED LINE

J. P. Osborne was here yesterday making arrangements for his sale of linebred Prince Domino Herefords at his ranch near Miami March 13.

Fred Reppert and Carl Garlin will be auctioneers. Also expected to be present are F. W. Farley of the Hereford Journal, O. R. Peterson of the Drovers Telegram, and R. J. Kinzer, secretary of the American Hereford association.

"The sites and many of the dames of all the 4100 herd listed in his catalog will be at the farm for showing to visitors," Mr. Osborne said.

"We have culled the herd carefully and repeatedly, and are proud of it. It is a producing herd, not only in number, but in quality."

TEACHERS WILL ATTEND CANYON EDUCATION CONFERENCE SATURDAY

CANYON, March 4. (AP)—All roads will lead to Canyon next Friday and Saturday for the two-day meeting of the Northwest Texas Conference for Education held here March 6-7.

Eminent speakers representing many different educational institutions of the state and nation will be heard on the program. Foremost among these are Dr. Willard W. Beatty, United States director of Indian education; Dr. Frank W. Hart of the University of California at Berkeley; Dr. Bradford Knapp, president of Texas Technological college, Lubbock; President J. A. Hill of the West Texas State Teachers college, and Dr. L. A. Woods, state superintendent of public instruction.

Two loud speakers have been installed in the auditorium of the education building so that every one of the expected 3,000 visitors may comfortably listen to the lectures.

Arrangements have been made with leading cafes in town, as well as the churches and the college cafeteria to serve lunches promptly to the crowd.

The housing committee also has made arrangements so that all who come will be provided with desirable rooms for the night.

The first general session of the program opens at 9 a. m. Friday. At this session Dr. Beatty will deliver his first address, "Will Teachers Give Up Their Right to Teach, Without a Fight?"

Special section meetings will be held Friday afternoon for county board members and county superintendents, high school and elementary school people, and for those interested in the latest trends in agriculture and home economic program will be a chorus of 250 high school boys and girls who will give a short Texas Centennial program.

Another feature of the conference program will be a trip over the Goodnight trail and scenic highway through Palo Duro state park.

FRESH ATTACK ON HOFFMAN'S COURSE MADE

MEMBERS OF PARTY ARE DOUBTFUL OF HIS WISDOM

TRENTON, N. J., March 4. (AP)—A fresh attack on Governor Harold G. Hoffman's investigation of the Bruno Richard Hauptmann case was pushed forward today by a member of his own party, who believes the governor's activities are impairing the efficiency of a major state department.

Basil B. Bruno of Long Branch, member of the anti-Hoffman public group in the assembly, canvassed the house members on their views of his resolution which would authorize an investigation of the motor vehicle department, which Hoffman headed before he became governor.

The legislator charged that employees of the department are being used by the governor for other activities, including investigation of the Lindbergh kidnap murder.

Hauptmann, convicted of the crime, is under sentence to die the week of March 30, but there were strong indications the governor would grant a second reprieve.

If he does grant another stay, it was learned Prosecutor Anthony M. Hawk of Hunterdon county, scene of the trial, may apply for a writ of certiorari to challenge it. Hawk would base his action on an interpretation of a law which holds the governor's power of reprieve extends for only 90 days after conviction.

Bruno's move for an investigation followed reports of strained relations among democratic state leaders over the reported intention of Gov. Hoffman not to reappoint Col. H. Norman Schwarzkopf, head of the state police, when his five-year term expires in June. Schwarzkopf directed the Lindbergh crime investigation.

Norma Ann Pirtle left last week for Carlsbad, N. M., to visit several weeks with her uncle and aunt, Mr. and Mrs. C. C. Edmondson.

Dressmaking, plain and fancy, all work guaranteed. Singer Sewing Machine Co. Phone 698.
