

U.S. Jets Strike North Vietnam In Heavy New Attack

SAIGON (UPI)—For the first time in three months U.S. Air Force B52s bombed North Vietnam today. The giant jets barred the threat of missiles and struck just above the North-South Vietnam border, U.S. spokesmen said.

The Stratofortresses struck twice, hitting North Vietnamese invasion army positions threatening American Marines below the border.

The main targets of the eight-engine strategic Air Force bombers, which each carry up to 60,000 pounds in bombs, were the Communists' giant 130mm artillery guns. Planted in deep bunkers and caves, the big guns have been raining shells with deadly accuracy on the Leatherneck border fortresses of Con

Thien, Gio Linh and Camp Carroll.

U.S. generals ordered the Stratofortresses away from North Vietnamese targets three months ago when the Communists moved down to the border the Surface to Air Missiles that formed the first real threat to the giant American planes.

After six weeks the B52s returned to pounding Communist positions just below the border. Smaller, swifter American jets had been working on the SAM sites.

The antimissile bombing paid off today.

The big bombers are reported to be the American weapon the Communist troops fear the most. They fly so high that the only sign of their presence is

the explosion of their bombs.

Five of the giant bombers have crashed since they entered the war June 18, 1966. None has been shot down by the Communists.

The last previous B52 raid against North Vietnam was April 24.

Two smaller American jets went down in other raids Tuesday as American pilots flew 126 missions against North Vietnam. The raids hit trucks, barges, transport routes and supply dumps.

U.S. spokesmen said a two-man Air Force F4C Phantom and a Navy A4 Skyhawk were lost to unknown causes. It brought U.S. plane losses over North Vietnam to 617.

The fate of the three airmen aboard the two craft was unknown and they were listed as missing.

In the Saigon area, guerrilla terrorists for the second time within hours dressed in South Vietnamese uniforms and attacked a capital suburb. Spokesmen said that Tuesday night a Viet Cong band intercepted and seized a government ambulance, filled it with armed men and rode it like a Trojan horse into a government army-police post at Thoi Tam Thon Village on the outskirts.

Sniper Squads Wage War With Guardsmen

Another Night Coming

DETROIT (UPI) — Negro sniper squads waged guerrilla war early today against the Army, National Guard and police. Tanks rumbled through the streets. Machinegun fire crackled. The death toll rose.

Authorities seized control of the 200-square-block riot zone held by snipers for hours shortly before dawn.

The snipers simply stopped shooting, perhaps to rest today before launching at dark a fourth night of arson, looting and bloodshed.

The battleground, where an automatic weapon triggered by snipers was answered by machine guns, was only four miles from downtown Detroit. The death toll rose.

Three Negro men were found shot to death early today in a motel. But police said they were far from certain the deaths were connected with Detroit's racial outbreaks.

Guardsmen Under Siege

Snipers attacked a National Guard command post with an automatic weapon. A motel along an expressway dividing the city's west and central areas was under siege for 30 minutes and a woman was killed.

At least one policeman was killed. A four-year-old Negro girl was shot and killed. Many policemen and guardsmen were wounded. Six children were wounded.

The battle raged on despite word from Cyrus Vance, former deputy defense secretary and now civilian commander of about 5,000 federal Paratroopers here, that "these areas are now under control."

Paratroopers rushed in to reinforce guardsmen and police. Guardsmen shot and killed two men who tried to crash a roadblock Tuesday night. A looter was shot and killed.

Guardsmen and police said they were "shooting at anything that moves."

The official death toll rose to 33 and the unofficial count was near 40. It was the nation's most costly racial conflict in history and it challenged the Watts riot of 1965 as the most deadly.

Bill Tidwell, president of the Top o' Texas Rodeo Association,

(Daily News Staff Photo)

GRAND JETE — Willis Price Jr. of Pampa isn't really trying to ballet; he is just making a quick exit from the back of a bull at the Kid Pony Show. Price received a 12-stitch cut on the chin in the bull-riding, but the determined young cowboy came back from the doctor's office to place second in the Group 4 Boy's Barrel Race. He is the son of Mr. and Mrs. Willis Price who live northeast of the city.

PARADE HELD TODAY

Rodeo Kicks-Off Tonight

By LARRY HOLLIS

The first performance of the 23rd annual Top o' Texas Rodeo starts at 8 p.m. today, weather permitting, with many of the 109 entrants commuting by plane between Pampa and the Frontier Days Rodeo at Cheyenne, Wyo.

Cowboys and cowgirls will be competing for \$3,850 added prize money at Pampa, with those traveling to Cheyenne having a chance at the \$70,000 prize money there.

If a night performance is rained out, tickets may be used for the rescheduled performance the following afternoon, according to rodeo officials. Tickets are still on sale at rodeo headquarters in the Chamber of Commerce office.

Bill Tidwell, president of the Top o' Texas Rodeo Association,

will lead the grand entry tonight. The entry will be put on by the riding club winning first place in today's parade.

Rodeo activities actually kicked off yesterday with two performances of the Kid Pony Show.

Some 160 youngsters between 5 and 16 years of age competed in such events as barrel race, girls' potato race, ring race, flag race, bull riding, pole bending and boys' calf roping.

The rodeo parade was held today to launch the rodeo. Starting at 4 p.m., the parade moved from Coronado Center south on Hobart to Ward, down Ward St. to Browning, east on Browning to Cuyler, south on Cuyler to Craven, where it broke up.

An extra feature of the rodeo this year is the appearance of Judy Lynn and her band of eight musicians, direct from Las Vegas, Nev.

Miss Lynn arrived Monday at the Amarillo Air Terminal, where she was met by a group of Top o' Texans from Pampa. She and her band will perform for 25 minutes at each rodeo performance, as well as playing for a dance each night at the National Guard Armory.

Cy Taillon of Denver, Colo., will serve as announcer for the

events. He has had more than thirty years experience in the business, and has emceed many of the national rodeos and expositions.

Stock will again be provided by Beutler Brothers of Elk City, Okla. This will be one of the last rodeos stocked by the Beutler brothers, Jake and Lynn, before a sale of their concern becomes effective in September.

The Beutlers have spent more than 40 years in the rodeo business and have provided stock for some of the biggest and best national rodeos.

They sold out for \$500,000 to Harry Vold of Alberta, Canada, and Fowler, Colo., and to Mike Cervi of Sterling, Colo. The Beutler brothers will remain with the firm for two years before retiring.

Junior cowgirls and cowboys from 5 to 11 competed in yesterday's afternoon performance, with those 12 to 16 contest-

Egypt Rejects Shipping Pact

United Press International

The Israeli Defense Ministry said today Egypt had rejected its proposal for free movement of shipping in the Suez Canal and had balked at establishing a cease-fire line at the waterway.

The announcement in Jerusalem following talks between Defense Minister Gen. Moshe Dayan and Norwegian Gen. Odd Bull, head of the United Nations Truce Supervisory Organization brought a new crisis to the Mideast.

Israeli military sources said Tuesday Egypt was massing tanks and artillery on the west bank of the canal. Today's communique said "the refusal of the Egyptians to agree to the fixing of the lines means that

they do not properly honor the cease-fire as decided by the U.N. Security Council."

Israel's next step was not known but military sources Tuesday suggested two possibilities—Israeli attempts to use the Suez Canal and a probable new outbreak of fighting, or a period of watchful waiting with Egypt denied use of the canal.

The communique made it clear Dayan was taking a tough line. Bull had been in Cairo conferring with U.A.R. President Gamal Abdel Nasser who also took a tough line in a speech Sunday night.

Israel has insisted that the cease-fire line be drawn through the center of the canal and that its patrol boats be allowed to use the eastern waters. Nasser has rejected this approach and without establishing a formal cease-fire line insisted the canal is all Egypt's.

Israel has been denied use of the canal since the 1956 war with the Arabs and this time is determined to press the issue. Israeli military sources said they made the mistake the last time of fixing a cease fire line short of the canal and will not repeat the mistake.

DeGaulle to Meet With Pearson

MONTREAL (UPI)—President Charles de Gaulle heads from this stronghold of French-Canadian separatism today for a meeting in Ottawa with Prime Minister Lester Pearson, who rebuked him Tuesday for meddling in Canada's internal affairs.

"Canadians do not need to be liberated," Pearson chided the French president Tuesday in careful diplomatic language. De Gaulle Monday shocked and angered Canadian officials with a dramatic call for "Quebec libre,"—free Quebec.

In Ottawa, Royal Canadian Mounted Police increased security measures for the 76-year-old French leader's overnight stay, after a rash of threats made against De Gaulle's life during the last 24 hours.

Along with the threats, a flood of telegrams and telephone calls inundated Pearson's office. He said more than half the telegrams came from French Canadians who disapproved of De Gaulle's nationalistic stand.

De Gaulle spent Tuesday touring at Expo '67 and participated in French National Day ceremonies.

De Gaulle's arrival at the Place des Nations on the Expo islands was greeted by a mighty roar from the thousands assembled there.

Dressed in a dark suit rather than the general's uniform he usually wears, De Gaulle, for the first time, concluded his speech with the words "Long Live Canada."

Carmichael Guest Of Cuban Leader

HAVANA (UPI)—U.S. civil rights leader Stokely Carmichael arrived in Havana Tuesday and was promptly driven away in a government limousine. Foreign newsmen were not allowed near him.

Diplomatic sources in the Cuban capital said Carmichael probably left Havana immediately for Santiago on the eastern end of the island as a guest of the government for the July 26 holiday celebrations.

Carmichael arrived from Prague, Czechoslovakia with a man identified as George Ware of the Student Nonviolent Coordinating Committee, a U.S. group.

Carmichael was also scheduled to attend the Communist-sponsored Latin American Solidarity Organization (OLAS) conference July 31-Aug. 8 as an observer.

The Cuban news service Granma printed an interview which the Trinidad-born Negro made in London in which he was quoted as saying the present rioting in U.S. cities was a "struggle to the death."

WEATHER

PAMPA AND VICINITY—Mostly cloudy and cooler tonight with scattered thundershowers. Clear to partly cloudy and warm Thursday with a few afternoon thundershowers. Low tonight, near 70. High Thursday near 90. Winds: light and variable, with 40 per cent probability of measurable rain tonight, decreasing to 10 per cent Thursday. Outlook for Friday, partly cloudy and warm, widely scattered thundershowers.

Riots Staged From New York to Phoenix Arizona

Civil War Rages Across United States

By United Press International

Soldiers and policemen using tanks and machine guns fought pitched battles with Negro sniper squads in Detroit early today and half a dozen other cities reeled under racial violence.

Negroes rampaged in Chicago. Fire bombs and bricks flew in Grand Rapids, Mich., Rochester, N.Y., and Phoenix, Ariz. National Guardsmen were called in to keep tense peace in Cambridge, Md., and Toledo, Ohio.

At least 35 persons were killed—33 of them in Detroit. More than 1,500 were injured and property damage was well over \$200 million in Detroit alone.

An alarmed Congress demanded an end to the rioting and a tense President was interrupted in his sleep several times to receive reports on the violence.

A west side Chicago neighbor-

hood that had been quiet for a year heated up Tuesday night. Negroes roamed the streets two miles from the loop, setting fires and looting stores.

"This is anarchy," declared a police lieutenant as squads of blue helmeted policemen searched for looters. The situation calmed before dawn.

Negro youths threw molotov cocktails and bricks at policemen and firemen in Grand Rapids, Mich., setting fires then preventing firemen from putting them out. About 40 persons were injured, including four policemen.

There also were these developments:

Rochester, N.Y. — Sporadic firebombing and looting plagued a wide area of the city as groups of five to 10 Negro youths roamed the streets. Police called it quieter than two previous nights of trouble.

Toledo, Ohio — Five-hundred Ohio National Guardsmen, ordered "to shoot to kill if

Colorado Youth Dies From Plague

DENVER (UPI) — A 12-year-old boy who died July 16, a few days after he had been hunting prairie dogs near his farm home, was the victim of bubonic plague, health officials said Tuesday.

The death was only the second in the state known from plague. The first victim was Laura Bryans, 4, of Wichita Falls, Tex., who died in 1957 following a vacation to Colorado.

Authorities said the latest victim of the rare disease, was Mark Ronald Hodges, son of Mr. and Mrs. Walter E. Baessler, who own a farm 18 miles south of Strasburg in East Central Colorado.

Supporters Stage Million Man Troop Rally for Mao

HONG KONG (UPI)—Supporters of Chinese Communist party leader Mao Tse-tung staged a million-man troop rally in Peking in their fight to survive a reported Red army rebellion, Peking Radio said today.

Instead of trumpeting as usual claims of Mao's mastery of his troubled land, Peking Radio spoke almost defensively about the capital rally. It warned darkly about an army of a million opposing the leader in the key central China city of Wuhan.

Right-wing newspapers in Hong Kong quoted travelers as reporting more than 1,000 killed or injured in fights between Mao supporters and Red army troops along the rail line to this British Colony to the big southern Chinese city of Canton. The dramatic reports of big trouble on mainland China

erupted as diplomatic sources in London reported Mao's regime on the brink of toppling in Washington, American authorities said Mao's cultural revolution—his struggle for power—may be in its death throes.

The Washington authorities said Mao's failure to win Red army support in several strategic areas underlined a trend in Communist China toward fragmentation into something akin to the old war lord situation of prerevolution days.

Peking Radio admitted that at least a part of Wuhan's key garrison was in open defiance of Mao. It appealed to pro-Mao forces in the city to keep the faith. Peking Radio admitted it might take a long time for Mao's control to return to Wuhan where army troops earlier this month seized for a time two top Mao aides who came to restore order.

CONFISCATE OPIUM

EPINAL, France (UPI)—Police today said they seized 1,000 pounds for raw opium that was destined for a New York sale of about \$1 million. They said the opium, which was to

have been boiled down to produce heroin, was found on a nearby farm and the farmer and four other persons were arrested for stealing the narcotics.

CLASSIFIED ADS GETS RESULTS

Former Sooner Justice Serves Only Six Months

SEAGOVILLE, Tex. (UPI)—A cigar in hand and a twinkle in his eyes, former Oklahoma Supreme Court Justice Earl Welch, 75, left the federal correctional institution at Seagoville today after serving six months of a three-year sentence for income tax evasion.

"The first thing I am going to do is go home and help my terribly sick wife to get well," Welch said at the gate.

He said he had no specific plans for later, but a cousin, Don Welch of Madill, Okla., who picked him up in a Cadillac, said he understood the former judge was going to go to work eventually because he had lost his retirement pension.

Welch was convicted of income tax evasion in 1964, after he had been a state supreme court judge for 33 years. The charge was that he evaded \$12,780 in taxes on \$41,188 of income for the years 1957 to 1961.

In the impeachment trial of Justice N. B. Johnson, Justice N. S. Corn testified that he received bribes which he divided

with Welch and Johnson in return for their votes on opinions. When Welch was sentenced, no stipulation was put on the amount of time he had to serve before he became eligible for parole. So he could be paroled after serving only six months of the three-year sentence.

Welch, natty in a black suit and standing erect, declined today to discuss his guilt or innocence, although he said he was not bitter.

"I don't want to discuss details of my conviction," he said. "The (trial) court was not satisfied with my explanation."

He said that he was deeply concerned about his wife in Oklahoma City. He said she had been sick for some time and that worry over the past two or three years had given her stomach ulcers, complicating other conditions that she had had.

"Not Too Rugged" As for the time he served in the minimum security prison, Welch said it was "not too rugged."

"But the same detail gets a little tiresome after you do it day after day," he said.

Welch worked as a clerk in the dental clinic, making appointments and taking care of records.

"In round numbers there are 32,000 teeth in the compound," he said.

Welch said the other prisoners knew he had been a judge, but they did not treat him either with deference, or more roughly on account of it.

"They treated me just like

any other prisoner," he said.

A reporter commented that the correctional institution with its lack of walls, neat brick buildings and closely clipped lawns looked rather like a college campus.

Welch said there was some resemblance, but it did not resemble the campus of either of the colleges he had been to, Arkansas or Oklahoma State.

In 1953, Senate majority leader Robert Taft of Ohio died in New York City.

Stops Tormenting Rectal Itch

Exclusive Formula Promptly Stops Itching, Burning and Relieves Pain of Piles In Most Cases

New York, N.Y. (Special): The embarrassing itch caused by hemorrhoids is most torturous. But science has found a special formula with the ability, in most cases — to promptly stop the burning itch, relieve pain and actually shrink hemorrhoids. And all without nar-

cotics or stinging astringents of any kind.

The secret is Preparation H®. There is no other hemorrhoid formula like it. Preparation H also lubricates, soothes irritated tissues and helps prevent further infection. In ointment or suppository form.

Relics Needed By Historical Group

Gray County residents and other Texans have their chance to contribute their bit of the preservation and centralization of Texas heritage.

Lester S. Ready, research associate of the Institute of Texan Cultures in Austin, stopped in Pampa yesterday to explain the institute's purposes to Tracy Cary, Gray County Historical Survey Committee chairman.

"We are looking for information on locations of relics, antiques, documents, farm implements, tools, any article which the original Texans used or made when they formed this state," Ready said.

He stressed the institute is "not asking for the article itself, because it realizes the sentimental or intrinsic value the article would have for its owner. We do want to know where the articles are so we can take pictures to display in the institute when it is finished."

The institute was formed six months ago by the state legislature to meet two needs of Texas. Since the state will display HemisFair '68, it needed to provide a "credible state exhibit" and at the same time, to establish a permanent institute which would display complete, authentic Texas history and tradition, he said.

The 59th legislature appropriated \$4,500 for planning and constructing a building to house appropriate Texas state exhibits for HemisFair '68. In May, the legislature appropriated 5,500 to create the exhibits, expand the building for permanent use and provide institute operating funds for the first two years.

By law, the institute is to "provide a statewide educational communication center on the history and culture of the people of Texas. It is also, by law, to collect, organize, and interpret information on Texas subjects, and to produce films, filmstrips, slides, tapes, publication and exhibits for statewide public use of people of Texas.

Most exhibits, except possibly some on special loan, would be in pictures, because the institute structure, a building about the size of a football field, won't allow enough room to display the actual articles, Ready said.

Cary, of 430 N. Sumner, is in the Pampa area to see if anyone has historical articles suitable for the institute. Jim Wheelless, assistant researcher for the institute, will be here next week to discuss progress of the Panhandle quest for Texas heritage articles.

The institute will devote space in its building to 25 major groups who contributed to Texas development. These were Indians, Spaniards, Italians, Frenchmen, Irishmen, Englishmen, Germans, Czechs, Negroes, Anglo-Americans, Swedes, Scots, Danes, Dutchmen, Mexicans, Greeks, Jews, Japanese, Gypsies, Lebanese, Chinese, Poles, Norwegians, Swiss and Portuguese.

Institute director is R. Henderson Shuffler of Austin, appointed by Gov. John Connally. Shuffler is on leave from directing the Texana program of the University of Texas.

Burglars Hit Lefors City Hall

Lefors City Hall wasn't really open for business last night, but someone opened it anyway—by breaking in and rifling the water and gas office cash register for money.

Gray County Deputy Sheriffs Bill Board and D. L. Day, of Pampa, assisted by Constable W. R. Combs of Lefors, investigated the break-in which occurred between 5:30 p.m. yesterday and 8:30 a.m. today.

Mrs. Mary Crutcher, Lefors city secretary, said today the after-hours workers knocked a glass out of the civic center back door and cut a hole in a wooden door to the water and gas office. Money was taken from a soft drink machine and the utility office cash register.

"They rummaged through the office for money and scattered papers on the floor. I don't know how much was taken, but we will finish checking today," Mrs. Crutcher said.

Warner Named To Jaycee Post

John Warner was elected as Youth and Sports Director of the Pampa Jaycees at the Tuesday meeting.

Warner fills the vacancy created when Ben Sturgeon, former director, resigned.

Jaycee President Morris Wilson announced the club members were needed to help sell programs during the rodeo.

Justice of the Peace Ed Anderson presented the program by explaining the various functions of his office.

Riots

(Continued From Page 1) necessary," took up positions backing up state and local police to prevent further looting and firebombing. Sporadic gunfire was heard in a four-square-block Negro area sealed off from the rest of the city by authorities.

Phoenix, Ariz.—Negro youths attacked police with firebombs and bricks. No major fires were set.

Cambridge, Md.—Seven hundred National Guardsmen helped state and local police keep a lid on this tense city where rioting broke out Monday night.

New York—Grieving Puerto Ricans held a funeral procession in Spanish Harlem for two persons killed in Monday's rioting.

Firemen Report One Alarm, No Damages

Central Station firemen checked one alarm yesterday, a dumpster fire in the 400 block of Sloan St., which caused no damage.

Police Investigate Attempted Break-In

Pampa police were investigating today an attempted break-in at a Pampa pharmacy. F. L. Stone, 1014 N. Wells, reported to police someone took a window light out of a back door at B&B Pharmacy Monday night, but did not enter the store.

Libby Recuperating In Hospital From Illness

The Red Cross report will not appear this Sunday due to the illness of Mrs. Libby Shotwell, executive secretary of the Gray County chapter.

Mrs. Shotwell, has been in Highland General Hospital with a throat infection.

Red Cross Helps Out in Mobeetie Tornado

By LARRY HOLLIS
News Staff Writer

In the Panhandle when the winds shift, people get edgy. Such a thing happened when a tornado hit Mobeetie July 3, creating a minor disaster.

And as often happens during times of disaster, the Red Cross was on hand to provide assistance.

No one was actually homeless in the small West Texas town,

due to the kindness of the people in the area, who provided much help, said Dick Strayer, Amarillo, National Red Cross representative.

But the Red Cross was still on hand to aid those who needed more help.

Two families, whose homes were not covered by insurance, were assisted by the Gray County and Wheeler County chapters of the American Red Cross.

The Jack Barton house had extensive damage to the roof. Providing labor and materials, the Red Cross spent \$250 for repairs, Strayer said. Repairs to the roof, screens and windows of Mrs. Margaret Knight's house totaled \$128. Further assistance will be given later to replace mattresses and linen. Funds for the repairs are being paid by the National Red Cross, Strayer said, administered by the Gray and Wheeler chapters. No local funds are being used, he added.

After the tornado struck Mobeetie, Strayer visited the town. Pampa Red Cross members who also visited Mobeetie to determine the aid that should be provided were Mrs. Libby Shotwell, executive secretary; V. E. Wagner, volunteer disaster chairman; and Jack Skelly, chapter president.

In a note sent to Mrs. Roberta Adams, Wheeler chairman, the Bartons thanked Red Cross for its help.

"When we gave our dimes and dollars," the note said "we never dreamed that some day they would be helping us."

Though the Mobeetie disaster was a minor one, Strayer said, it provides an example of how the Red Cross acts during an emergency.

"Red Cross assistance is given to individuals to assist them to bridge the gap between what they can provide for themselves and cannot," Strayer explained. "All assistance given is an outright gift of the American people to these disaster sufferers. The Red Cross is the vehicle which administers such donations."

Aid is rendered to owner occupied homes, Strayer explained.

The Red Cross does not replace insurance.

"During a disaster emergency," he added, "Red Cross will assist anyone to provide the assistance that help is there."

Such aid includes food, clothing, shelter and medical assistance. Following emergency needs, the Red Cross goes into the rehabilitation phase, when individual cases are considered.

George Washington grew rye at Mount Vernon especially for distilling.

There are 54 mountains more than 6,000 feet high in Texas.

Each county has a Red Cross chapter. In the Panhandle, however, the chapters are working on a combined territorial coverage with the surrounding counties, Strayer said. Thus, Gray County assisted Wheeler at Mobeetie.

Strayer's district, which consists of 36 counties, includes counties from Kansas to north of Lubbock and from Oklahoma to New Mexico.

Highlights and Sidelights From the State Capitol

By VERN SANFORD
Texas Press Association

AUSTIN — Right up until his departure for Africa, Gov. John Connally was appointing or re-appointing Texans to state boards. Selected were:

UT Board of Regents — Joe M. Kilgore, Austin; John Peace San Antonio; Dr. Edward Ximenes, San Antonio; and Frank N. Kard, Wichita Falls.

Trinity River Authority — T. Lewis Austin, Dallas; Suel Hill, Fairfield; W. A. Storey, Crockett; S. N. Wright, Dallas; J.C. McSpadden, Livingston; Charles F. Hawn Jr., Athens; Gilbert Gresham, Centerville; Bruch Smith, Athens; W. Lamar Hamilton, Palestine; Charles W. Fisher Jr., Liberty; John M. Scott, Fort Worth; A. Carl Spencer, Huntsville; L. H. True, Dallas; Joe E. Butler, Corsicana; Ben H. Carpenter, Dallas; Amon G. Carter Jr., Fort Worth; and Guy C. Jackson Jr., Anahuac.

TWU Board of Regents — John O'Boyle, Dallas; Mrs. E. L. Green Jr., Pampa; Wendell W. Mayes, Brownwood; and Mrs. Neldon Stark, Orange.

Submerged Lands Advisory Committee — Robert R. Lankford, Houston; and J. Chrys Dougherty, Austin.

TSU Board of Directors — M. J. Anderson, Austin; Dr. Raymond D. Douglas, Jefferson; George L. Allen, Dallas; and Dr. J. Carroll Chadwick, Center.

Lower Colorado River Authority — Joe Entzinger, Bay City; Harry Shapiro, San Saba; Cecil Long, Bastrop; and J. C. Lewis, Bay City.

NTSU Board of Regents — Dean Davis, Austin; Ernest Schur, Odessa; Carroll F. Sullivant, Gainesville; and Ben H. Wooten, Dallas.

Sabine River Compact — J. M. Syler, Newton.

Burial Association Rate Board — Gene Clements, Burnet; Dr. John T. King, Austin; Luis Mora, Alice; Mrs. B. E. Porter Jr., Gilmer; and D. C. Luckey, Rockdale.

Texas Turnpike Authority Board of Directors — Marshall H. Warder, Grand Prairie; and Dee J. Kelly, Fort Worth.

Advisory Hospital Council — Dr. Emerson Emery, Dallas; Dr. B. H. McVicker, Lufkin; Arnold S. Smith, Conroe; Isadore Rooth, Tyler; Sister Elizabeth of St. Paul's hospital, Dallas; and Dr. Silas W. Grant, Hillsboro.

Neuces River Conservation and Reclamation District Board of Directors — Wayne Hamilton, La Pryor; Albert Ivy, Carrizo Springs; George Jambers, Tilden; Jack S. Graves, Uvalde; Marion Atkinson, Kennedy; George Morrill, Beeville; Jerome Bright, Jourdan; and Claude Gilmer, Rocksprings.

Lon Hill, Corpus Christi; Ray Keck Jr., Cotulla; Clifton Anderson, Camp Wood; Biscoe King, Corpus Christi; M. L. Gaddis, Cotulla; and Alvin Morris, Crystal City.

State Board of Examiners in Optometry — Dr. Daniel J. Geller, El Paso; and Dr. Charles T. Shropshire, Dallas.

Texas Highway Commission — Herbert C. Petry Jr., Carrizo Springs; and Hal O. Woodward, Coleman.

Occupational Safety Board — E. C. McFaddin, Dallas.

Hospital Licensing Advisory Council — Gordon Russell, Hale Center; Dr. Van Goodall, Clinton; and F. V. Wallace, Amarillo.

Historical Survey Committee — Mrs. Wesley Blakenship, Lubbock; Charles Schreiner Jr., Mountain Home; Roy Barerra, San Antonio; Dr. Herbert Gambrell, Dallas; Mrs. Will Wilson, Beaumont; Mrs. Frank M. Covert, Austin; Howard Coughlin, Longview; and Lester W. Prokop, Houston.

Board of Health — Royce E. Wisenbaker, Tyler; Dr. Robert D. Moreton, Houston; and Dr. N. L. Barker, Paris.

Banking Board — Robert S. Strauss, Dallas.

Board of Corrections — Cloyce Box, Dallas; David Allen, Houston; and H. H. Coffield, Rockdale.

County and District Retirement System Board of Trustees — Carl Smith, Houston; F. S. Walters Jr., Amarillo; Raymond Thompson, Graham; Lester Crutchfield, Paris; J. C. Duvall, Fort Worth; A. J. Ploch, San Antonio; and Newt Foster, Tyler.

J. W. A. Johnson, El Paso; and Ramiro Guerra, Edinburg.

Industrial Accident Board — Tony Korloth, Houston; and J. Overby Smith, Austin.

Hospital Advisory Council — Mrs. Louise Evans Bruce, Amarillo.

Board of Mental Health and Mental Retardation — Isaac Arnold, Houston; Elbert E. Hall, Abilene; and Jess Osborn, Mulleshoe.

Fine Arts Commission — Ted Strauss, Dallas; Charles A. Stewart, Brownwood; and S. I. Morris, Houston.

Radiation Advisory Board — Dr. Jack Badley, Ea Antonio; Hank Rabun, Dallas; Dr. Phillip C. Johnson, Houston; Edwin B. Locke, Dallas; Dr. Lloyd Hershberger, San Angelo; and Dr. Julius W. Dieckert, College Station.

Other Connally appointments were: William C. Sparks, Victoria, as criminal district attorney for Victoria County; Joe H. Eidson Jr., Fort Worth, judge of Tarrant County's Domestic Relations Court No. 3; Wilbur C. Davis, Bryan, 85th District Court judge; George Miller, Houston, 113th District

Court judge; Bert Tunks and Sam Johnson, Houston, and John Barron, Bryan, justices of 14th Court of Civil Appeals; Oliver Kitzman, Brookshire, district attorney for the 155th District Court; Paul Huser, Schulenburg, 155th District Court judge.

Connally approved the following nominations by the Water Rights Commission to the Brazos River Authority: Don McClatchy, Olney; Don Coppedge, Waxahachie; Gynn Williams, Bryan; H. S. Hillburn, Plainview; Walter R. Humphrey, Ft. Worth; Oxshear Smith, Cameron; Harry Moore, Navasota; and A. Guy Crouch, Alvin.

Also approved by the govern-

nor were the following nominations by the Water Rights Commission to the Sulphur River Conservation and Reclamation Board: Gordon Fulcher, Atlanta; Harvey Ashford, Carbonale; Walter Bassano, Paris; Jack Coker, Naples; Dr. Gaza Jones, Cooper; Charles Lowry, Mount Vernon; B. M. Sandlin, Mount Pleasant; and Josh Morris Jr., Texarkana.

Also designated by Connally were Robert Storey, Dallas, as chairman and Mayor Walter McAllister, San Antonio, as vice chairman of the Constitutional Revision Commission.

INDUCTION LAW CHANGES — According to Col. Morris S. Schwartz, state Selective Serv-

ice director, deferments for students at commercial colleges or vocational schools will not be mandatory under new draft laws.

Congress left this decision to local boards. They alone make the decision, based on the merits of each individual case.

Draft classifications will be changed to Class 2-A for those deferred because of civilian occupations other than agriculture jobs; and Class 2-S for students working toward a degree.

Schwartz says that local boards give serious consideration to students receiving at least 25 clock hours of instruction a week.

Deferment of students enrolled

in graduate schools of medicine, dentistry, veterinary medicine, osteopathy or optometry now is mandatory. However, they are subject to military service upon completion of schooling.

A student may be deferred as long as five years for a doctoral or professional degree or its equivalent.

OIL ALLOWABLE — Statewide 1 allowable for August has raised by the Railroad Commission to 54 per cent of potential.

This will permit an all-time record production of 4,186 barrels a day.

That will be some 345,000 barrels more than the previous record set on July 15 of this year.

The Lighter Side

By DICK WEST

WASHINGTON (UPI)—Zap! one, two, three, four, five, six, four, five, six, seven. Zap! one two . . .

Isn't anybody going to ask me what I'm doing? . . . three, four, five, six, seven. Zap! one, two, three, four, five, six, seven. Zap! one, two . . .

Okay, I'll tell you anyway. I'm killing insects. I hope. Actually, the system hasn't been performed yet. But if it pans out, credit the U.S. Department of Agriculture with another great leap forward.

New Application

The good old U.S.D. of A. has awarded a \$47,295 contract to the National Cash Register Co. for research looking to the development of a "time capsule" method of destroying insects.

The idea apparently was borrowed from those cold capsules we used to see advertised on television. The ones filled with hundreds of "tiny little time pills."

You swallow a capsule on "hold for release" basis and all day long at regular intervals the tiny little time pills keep going off—ping! ping! ping! inside your stomach.

Insect "time capsules" would work much the same way, only instead of containing cold-fighting ingredients they would be filled with pesticide.

A Better Pesticide

"Continual, small, timed release of pesticides from capsules could kill insects in the soil or plant foliage with less residue, risk than conventional pesticide applications," the Agriculture Department explained.

Say you drop a capsule in the soil down where the corn rootworms play. Zap! a batch of pesticide is released. Some are killed. The rest take cover.

Andrew Carnegie, noted philanthropist, was born Nov. 26, 1835.

Viet Cong Kidnap Six
 SAIGON (UPI)—Viet Cong terrorists kidnaped five men and a woman in Saigon's suburbs and executed them on a main highway in a grisly warning to anti-Communist Vietnamese.
 Government spokesmen said the terrorists disguised in South Vietnamese Ranger uniforms routed the victims from their beds in the Binh Thieu refugee hamlet next to Saigon, marched them away, forced them to kneel and fired 45 caliber pistols into the back of their heads.
 They left the bodies sprawled on Highway 13. They attached signs to the bodies, saying the dead were government "spies."
Guerrilla Retaliation
 The terrorists acted after a drive by American and government troops killed hundreds of Viet Cong in an attempt to cleanse the capital's countryside of harassing guerrilla hands.
 In the air U.S. pilots flew 144 jet bombing missions against North Vietnam Monday, spokesmen said.
 In 1967, the U.S. Air Force was founded with the aeronautical division being set up in the U.S. Army Office.

Labor Relations Board Examiner Refuses to Admit Reports by Three State Senators and Civil Rights Group
 EDINBURG, Tex. (UPI)—A National Labor Relations Board examiner refused Monday to admit into the record of the hearing reports on the Rio Grande Valley farm labor situation by three state senators and a civil rights group. The election, first held in the United Farm Workers Organizing Committee 13-month drive to unionize farm workers ended in a 14-14 tie with three challenged votes.
 The reports in questions were issued by the Texas Advisory Committee to the U.S. Commission on Civil Rights and by State Sens. A. R. Schwartz of Galveston, Don Kennard of Fort Worth and Oscar Mauzy of Dallas.
 They visited the Valley two months ago.
 Jim Watson, lawyer of the UFWOC, tried to get the reports entered into the record of the hearing.
 Other cases resulting from the union representation election deal with union contentions that Starr County law enforcement officers were present during the balloting and that Starr officials refused to rehire three employees fired for being union sympathizers.

Chicago Bears Have Optimism Mixed With Youth

EDITORS: This is the first in a series of pro football dispatches sizing up National and American Football League teams:

By ED SAINSBURY
UPI Sports Writer
RENSELAER, Ind. (UPI)

A HIGH SCHOOL WHIZ

Bunyan Legend Going to Youth

CROSSETT, Ark. (UPI)—In the lumber town of Crossett, Paul Bunyan's legendary feats are favorite stories. But another musician is building a legend of his own.

Karl Salb, 18, broke the oldest national high school track and field mark in the books June 17 when he heaved the 12 lb. shot 69-6 at the Golden West invitational meet in Sacramento, Calif. The old record was 69-3 set by Dallas Long (North Phoenix, Ariz.) in 1958.

The Crossett strong boy cracked the mark on his very first try in competition.

"I would like to be in the Pan Am games this time around but maybe I'll have enough strength built up so I will improve enough to be asked next time," Salb said. "I just started toying with the 16-lb. ball and hope I can throw it 70 feet someday."

At 6-3, 240-pounds, Salb knows he is just a growing boy. He hopes to be up to 255 by the time he enrolls at Kansas University in the fall.

"My form isn't real good yet, so I have been concentrating on

improving my strength," the way-brown-haired Salb explained. "I have been lifting weights and eating a lot of food supplements."

Although he was an all-state football tackle at Crossett High, Salb says he plans to pass up football his first year at Kansas to concentrate on track.

"I just want to work on my form and see what staying with the weights will do for me," Salb said.

He says he doesn't really have anyone he tries to copy but has been following world record holder Randy Matson's style in meets. Matson will attend Karl's big day in Crossett.

"I was planning to take it easy on my first throw, starting off nice and easy, with good form and reaching the maximum about the fourth heave," he said. "I just got off a good one," he says about his record toss.

Salb was the first to throw at Sacramento. He stepped into the ring, hopped across and exploded with his 69-6 heave.

The shot put competition ended there. No one else came closer than 65-10, and all of Salb's throws beat that.

Karl said he was the biggest person in Crossett High and it probably stems from the fact he has been eating concentrated foods since the seventh grade.

"I'd come in around 6 p. m. and eat a lot of concentrated cereal," Karl said. "Mother would wait until about 10 p. m. to fix my main meal, and I would eat all I could hold, stuff like steak and potatoes and bread."

He credits his mother with getting him interested in track.

"My father, being a doctor, wanted me to try and stay away from contact sports since he saw all those football players banged up all the time," said Salb. "Mom bought me a shot put and discus and I just started fooling around with them."

Salb said he never has gone in much for the lifts in which he puts the weights above his head, fearing it might complicate a

minor back problem. He has bench-pressed 315 pounds.

"I guess that's not too good compared to strong boys like Matson and Long," he said.

A special day has been set aside for him, which includes a parade and is expected to draw just about everybody around including some from neighboring Louisiana, just nine miles away.

TEAM NAMED

NEW YORK (UPI)—Ed Leslie of Carmel, Calif., and Pete Revson of New York, were nominated Tuesday to drive Mercury's two team Cougar Sedan Championship at Bryar, N.H., Aug. 6.

Cougar leads with 30 points in the race for the Trans-American title. Revson previously picked up a victory in a series race at Lime Rock, Conn., and Californian Dan Gurney, the team captain, won at Green Valley, Tex.

and in kickoff returns last year and holds four National League records plus nine other club marks.

A few others in the same

GERMAN CHAMP

POERTSCHACH, Austria (UPI)—German tennis champion Ingo Buding handed Australia's John Newcombe his first defeat since the Aussie's Wimbledon victory when he scored a 9-7, 7-5 victory Monday in an exhibition game.

category would be fullback Andy Livingston, yet to show his tremendous promise, quarterback Jack Concannon, obtained from Philadelphia in return for tight end Mike Ditka, flanker Johnny Morris, back of the injured list, linebacker Dick Butkus, center Mike Pyle, defensive linemen Dick Evans, Frank Cornish and defensive backs Rich Felton and Rosy Taylor.

"Our main objective is to find a tight end," Halas said, "and to get some offensive linemen."

think we'll do well on defense. We've got several new deep backs and an additional linebacker."

The Bears, however, suffered a blow in training camp when fullback Ronnie Bull broke a bone in his leg. He will miss the early part of the season.

Offensively a lot will depend on Concannon, or Rudy Bukich, or whomever plays quarterback. Last year, after Livingston's injury, it was Sayers or nobody, it seemed, and he couldn't do it alone, as the Bears found out with a 5-7-2 record.

Concannon Learns Passing "We spent 21 days teaching Concannon to be a drop back passer," Halas said, "and I think he's coming along well. With his running ability, I think he'll be able to help Sayers, and so will Livingston.

The tight end spot is wide open with rookies Fritz Greenlee and John McGuire scrapping with veteran Charlie Bivins for the starting spot. Jimmy Jones probably will alternate with Morris between flanker and split end with Rookie Bob Jones likely to break in too.

Rookie Bob Pickens and Bob Wetoska are the likely offensive tackles with Joan Habard or Don Croftcheck and Jim Cadlie at guards and Pyle at center.

Defensively, rookie Lloyd Phillips and newcomer John Paluck probably will be the ends with Butkus, Joe Fortunato and Jim Purnell at the linebacking spots with Mike Reilly and Doug Buffone in reserve. In the backfield Curtiss Gentry and Bennie McRae or Joe Taylor will be in action along with Pettibon and Rosy Taylor.

Heatly is Legislature's Chief Money Making Man

AUSTIN (UPI)—State Rep. W. S. Heatly of Paducah, chairman of the House Appropriations Committee, again appears to be the legislature's champion money man under the new state budget that takes effect Sept. 1.

Heatly, a tough-minded West Texas lawyer, comes by his title not through pork barrel appropriations for his district, but through his ability to get money for state agencies he is interested in.

The Welfare Department, which Heatly looks out for, got \$417 million, a 41 per cent increase over current spending. The Texas Youth Council, which employs Heatly's brother, got a 57 per cent increase, to \$12 million. The commission on alcoholism, in which Heatly also takes a personal interest, got a 43 per cent boost.

Heatly also was instrumental in getting \$8 million for James Connally Technical Institute at Waco, \$77 million for mental health and mental retardation, \$3 million (an 82 per cent increase for the State Agriculture Department, and \$19 million for the Department of Corrections. It was not an especially good year at the pork barrel.

Gov. John Conally vetoed Sen. Bruce Reagan's \$300,000 appropriation for a state school at Corpus Christi, \$500,000 for a park sought by Rep. John Wright of Grand Prairie, and a legislative retirement increase wanted by Rep. Maurice Pipkin of Brownsville and many other veteran legislators.

On the other hand, Speaker Ben Barnes got \$2 million for a new delinquent girls' facility in Brownwood, the largest town in Barnes' district. Pipkin got \$125,000 to help the Texas Federation of Women's Clubs build an "international friendship garden" in Brownsville. The project was known to legislators as "Pipkin's Flower Garden."

The accomplishments of individual legislators, however, are peanuts compared to the success of the Texas State Teachers Association and its chief legislative allies, Lt. Gov. Preston Smith, Sen. A. M. Alkin Jr. of Paris and Rep. George Hinson of Mineola.

Foreign News Commentary

By PHIL NEWSOM
UPI Foreign News Analyst

A political wag once described Puerto Rico as the greatest colonial power on earth, even though it only had one colony, the United States.

With this as a premise, he pointed out that this single colony provided Puerto Rico with its economic needs and its defense, and even absorbed its excess population.

On Sunday, in seeming agreement, Puerto Ricans decided they had never had it so good, and saw no reason for change.

By a vote of 425,061 to 273,315 the islanders rejected statehood in favor of a continuing status of commonwealth, or, as the Spanish say it, free associated state.

A mere 4,205 voted for independence.

No Federal Taxes

As members of a commonwealth, Puerto Ricans escape U.S. federal taxes while enjoying most of the advantages of statehood, including U.S. citizenship.

With these advantages and 25 years of "Operation Bootstrap" under dynamic leadership, Puerto Rico has established a record equalled in few parts of the world.

Its annual economic growth rate has maintained a steady 10 per cent. Its per capita income has soared from \$120 to nearly \$1,000.

For former Gov. Luis Munoz Marin the vote on continued commonwealth status became a personal victory. Present Gov. Roberto Sanchez Vilella has continued and expanded Munoz's development program.

Still has Problems

Munoz, as chief advocate of the commonwealth, based most of his arguments on the economic advantages for Puerto Rico's unique relationship with the United States.

Despite its tremendous growth, Puerto Rico still has its problems. With nearly 700 persons to the square mile, it is one of the world's most densely populated areas. New jobs cannot keep up with the birth rate and unemployment stands at about 11 per cent.

As the economic situation has improved, immigration to the United States has fallen off.

These are the problems to which commonwealth supporters now hope they can devote their entire attention.

Television In Review

By RICK DU BROW
United Press International
HOLLYWOOD (UPI)—The James Bond spy cycle on television is all but dead in the coming season.

Virtually the only remaining all-out entry in this field is NBC-TV hour, "I Spy," come U.N.C.L.E. CBS-TV's "Mission: Impossible" and another NBC-TV hour, "I Spy," come close. But the recent rash of other imitations has done a fast fade.

Looking at the new fall schedule, in fact, one is struck at how network television has come full circle in its series entertainment. For outside of the many old movies and the remaining situation comedies, the schedule is loaded heavily with westerns, police and detective series, and variety shows.

Numerous Westerns

The westerns are numerous. They include "Cowboy in Africa," "The Big Valley," "Gunsmoke," "Custer," "Dundee and the Culhane," "The Virginian," "Cimarron Strip," "Daniel Boone," "Hondo," "The Guns of Will Sonnet," "The Wild, Wild West," "Iron Horse," "Bonanza" and "The High Chapparal."

The police and detective series, meanwhile, include "The Felony Squad," "N.Y.P.D.," "Ironside," "Dragnet," "Mannix" and "The FBI."

And among the variety shows that used to be so popular, and are having a renewal of success, are the weekly hours of Carol Burnett, Red Skelton, Dean Martin, Jerry Lewis, Lawrence Welk, Jackie Gleason, Ed Sullivan and the Smothers Brothers. There are, in addition, "The Hollywood Palace" and "The Kraft Music Hall."

Science fiction also shows up in prime time with some weekly regularity. In this category are "The Invaders," "Lost in Space," "Star Trek" and "Voyage to the Bottom of the Sea."

Panel Shows Few

The panel show has all but disappeared from prime time. The only programs that might technically qualify as belonging to this area are a couple of low taste entries on ABC-TV, "The Dating Game" and "The Newlywed Game," which have not done particularly well in the key night hours.

A successful situation comedy, of course, is a very profitable item. Therefore, the networks would like to find new successes in this area to get in on the loot brought in by such shows as the Lucille Ball and Andy Griffith series, and "Family Affair" and "The Beverly Hillbillies" and "Green Acres" and "Get Smart" and "Gomer Pyle" and "Bewitched," all of which will be back.

The only weekly news hour in prime time continues to be on CBS-TV, on Tuesdays. The regular, half-hour news series "ABC Scope" continues on Saturdays. And NBC-TV, which last season had no regularly scheduled weekly public affairs series in prime time, will alternate news programs with the "Telephone Hour" musical documentaries on Friday nights in the coming season.

DeGaulle Cheers 'Free Quebec'

MONTREAL (UPI)—French President Charles de Gaulle, in an astounding performance as the guest of the Canadian government, today stood on record as endorsing the "free Quebec" slogan of the French-Canadian separatists who would divide the province from the rest of Canada.

De Gaulle told a wildly cheering crowd at Montreal City Hall that not since the liberation of France in World War II had he seen such scenes as his reception by the 80 per cent French-speaking populace of Quebec.

Prime Minister Lester Pearson a few hours later asked the French embassy in Ottawa for a translation of exactly what De Gaulle had said. A spokesman in Pearson's office said the prime minister had watched the television broadcast of the city hall reception "with some concern."

The Canadian Broadcasting Corporation said there was speculation in Ottawa that the Canadian government might ask De Gaulle to terminate his visit, which was scheduled to continue into Thursday.

Clarendon College Enrollment High

CLARENDON—A total of 82 students have enrolled for the second summer semester, an all-time record for that period of the academic year. This year's enrollment is almost double that of the second session last year.

Area towns represented in the second semester enrollment include: Clarendon, Hedley, Memphis, Groom, McLean, Shamrock, Turkey, Silverton, Childrest, Wellington, Pampa, Lakeview, Northfield, Kirkland, Wheeler, Claude, Laredo, Channing, and Alanreed.

Earnings Down

DALLAS (UPI)—Earnings per share during the second quarter of this year were down 26 per cent from last year, Texas Instruments Inc. reported Sunday. The amount for the period ending June 30 was 66 cents per share, compared to 88 cents in June of 1966.

In 1966, the U.S. Atomic Energy Commission was established.

Wall Street Chatter

NEW YORK (UPI)—E.S. Hutton & Co. Inc. says a period of market consolidation may be near even if the Dow Jones industrial average continues to improve. At the same time, the investment firm offers the opinion that any consolidation at this time is likely to be followed by another advance.

The Alexander Hamilton Institute says the stage is set for a continuation of the summer rally, with a possibility of the Dow Jones industrial average will reach the 940-950 level by Labor Day. The company said it is "difficult to conceive" of the bear market trend reasserting itself in the immediate future.

CHURCHILLIANA SOLD

HALIFAX, England (UPI)—The late Sir Winston Churchill's last automobile was sold at auction Monday for \$1,946 to a dealer who told newsmen, "I have a buyer in Oklahoma who is very interested in Churchilliana." The car had been driven 14,000 miles.

WINNS VOTE

LONDON (UPI)—Pledging no devaluation of the pound, Prime Minister Harold Wilson and his government defeated, 333 to 240, a no confidence motion on his economic policy in the House of Commons Monday.
