Negroes Rampage In Area of White House

Clearup Begins In Riot Ravaged Detroit Area

DETROIT (UPI)—As the politicians argued over last week's deployment of federal troops, the nation's fifth largest city today struggled to rebuild after the worst racial violence in modern American history.

Work crews leveled blocks of burned-out buildings as Mayor Jerome Cavanagh met with aides to draw up plans for rebuilding the ravaged areas.

He met with Sen. Philip Hart, D-Mich., to review plans for recommendations that would liberalize federal housing administration loans to business and residential victims of the week-long violence.

Gov. George Romney Monday unleashed a verbal blast at President Johnson in which he accused the President of deliberately delaying ordering federal troops into the city so he could "play politics in a period of riot and tragedy."

The call for federal troops by Romney and their dispatch to Detroit became a political football. Romney was reported as saying last week when Johnson asked for national television and repeatedly faced his announcement of federal troops being sent to Detroit with "reflections to Romney's inability to control the situation."

The Michigan governor accused Johnson of a "complete and absolute distortion" for implying that he vacillated in asking for federal troops. He suggested that lives were needlessly lost during the 22 hours the administration waited before sending Army Paratroopers into Detroit's ravaged streets last Tuesday.

All the federal troops are now off Detroit's streets and are at staging areas outside the city. Only small units of the federalized Michigan National Guard, along with city police, continued to patrol the quiet streets that were ablaze last week with fires and snipers.

Arab Chiefs Gather For Conference
By WALTER LOGAN
United Press International
Representatives of all the Arab states gathered in Khartoum today to try to quench rivalries and set up a summit conference of Arab chiefs.

Former Israeli Prime Minister David Ben-Gurion called for a Jewish resettlement of captured Jordanian territory to insure Israeli possession of its conquered lands.

The head of the U.N. truce supervision team along the Suez Canal began a third round of talks in Cairo over the precise location of a cease-fire line separating Israeli and Egyptian forces.

Sudanese sources said the Arab ministers would discuss ways to "eliminate the consequences" of Israel's victory in the June Middle East war.

Troops Crush V.C. Offensive

SAIGON (UPI)—In the greatest allied drive of the war in the Mekong Delta, about 15,000 American and South Vietnamese troops crushed a budding Communist major Viet Cong offensive and killed about 350 Communists, U.S. officials said today.

U.S. Army Lt. Gen. Fred Weyand said more than 10 American and 11 government battalions, tipped off by intelligence agents, boated down the Mekong River and charged into the muddy lowlands where hundreds of Communists were massing for the offensive 60 miles below Saigon.

The general said five Communist prisoners said their unit of 700 men "had been decimated." "I can believe it," he added.

Loss Two Planes

The air war against North Vietnam returned to full fury Monday with American planes striking near Hanoi and Hai Phong during 136 missions over the Communist nation. Ground fire shot down an Air Force Phantom and a Navy Crusader, bringing to 627 the number of U.S. warplanes lost over the North. Both crews were missing.

Navy Adds Three To Fire Inquiry Board

SUBIC BAY, Philippines (UPI)—The U.S. Navy today named three naval officers to investigate the fire that ravaged and nearly sank the supercarrier Forrestal.

Other Navy investigators already were at work on the smoke-blackened vessel, sifting the debris for clues to the fire's origin and planning temporary repairs that will enable her to return to the United States under her own steam for a major refitting.

The fire, worst combat disaster at sea since World War II, killed at least 129 men and injured 97. Another 2 were missing and presumed dead.

Pacific Fleet headquarters at Pearl Harbor said the board of inquiry would be headed by Rear Adm. Forsyth Massey, commander of fleet air at Quonset Point, R.I. The other board members are Capt. Albert K. Earnest, commander of the naval air station at Oceana, Va., and Capt. Martin Stack, commander of the Naval Air Station at Jacksonville, Fla.

The three, all of whom have had extensive service aboard carriers, were ordered to the American base at Subic Bay immediately.

The carrier arrived at Subic Bay Tuesday with the remains of 32 of the men killed in the holocaust Saturday. It also carried 64 of the injured men. The Navy hospital ship Repose, which met the Forrestal off the Vietnamese coast after the fire, put into the American base at Da Nang, South Vietnam, with the 77 other bodies and 33 of the injured.

Violence Reported In 6 Other Cities

By United Press International
Bottle-throwing Negroes rampaged within a mile of the White House early today. Racial violence also flared in six other cities during the night.

Worst hit was Milwaukee, where three have died in two nights of rioting. Trouble also broke out in San Bernardino, Calif.; West Palm Beach, Fla.; Erie, Pa.; Providence, R.I.; and Portland, Ore.

More than a dozen young Negroes were arrested in San Bernardino, and shots were reported fired at a small cafe in the Mexican-American quarter.

Peace was restored in Milwaukee early today and Mayor Henry W. Maier lifted a total curfew imposed Sunday. Maier said the curfew would be relaxed during daylight hours to permit people to go to work. A ban on liquor and beer sales remained in effect.

Milwaukee Peace Is Returned

MILWAUKEE, Wis. (UPI)—Racial peace was restored to Milwaukee today Mayor Henry W. Maier eased an unprecedented around-the-clock curfew which had left this riot-torn city a virtual ghost town.

The mayor's announcement that the curfew was being relaxed between 6 a.m. to 7 p.m. followed a second night of sporadic sniping, arson and looting which slowly gave way to almost total calm.

A force of 6,700 police and National Guardsmen remained on duty in Wisconsin's largest city, which Maier described as "relatively calm" as dawn broke.

Two days of violence in a Negro section of the near north side had left three dead, almost 100 injured and 288 persons arrested.

The relaxation of the curfew once again opened the roads leading into Milwaukee from the outside world. Sheriff's deputies and state police had closed off the city to all but essential travel during the city-wide curfew.

Normal rush hour traffic almost immediately began to flow into the city.

The mayor disclosed that the idea for a total curfew had been formulated a year ago along with battle plans for calling for immediate curfew of the guard if trouble broke out.

Guardsmen will remain in Milwaukee until later in the week, the mayor said.

Orbiter 5 Is Readied For Mission

CAPE KENNEDY (UPI)—America's fifth and last Lunar Orbiter was readied for launch on a wrap-up moon scouting mission today despite a threat of afternoon thunderstorms.

The twin-eyed spacecraft was scheduled to leave earth at 3:09 p.m. CDT on the nose of an Atlas-Agena rocket and swing into its picture-taking orbit around the moon Saturday.

Launch chief Robert H. Gray said weather was the only problem. The afternoon thunderstorms that are common at this time of year were expected again today and Gray said winds or lightning could cause a delay.

The Lunar Orbiter 3 launch deadline was 7 p.m. CDT. If that target were missed, the shot would be delayed until Wednesday afternoon.

Three Suspects Held In Boston Robbery

BOSTON (UPI)—Three persons — an attractive blonde mother of four and two men — were held today as suspects in the \$1.5 million Plymouth mail robbery, the nation's largest cash holdup.

Charged with armed robbery of mail matter and government property, and putting in jeopardy the lives of postal employees by use of a dangerous weapon, were:

—John J. Kelley, 51, of Watertown, one allegedly named by postal officials as the "mastermind" of the robbery;

—Thomas R. Richards, 41, of Weymouth, whose home was torn apart and his backyard patio dug up as officials hunted for clues; and

—Mrs. Patricia Diaferio, 32, of Boston's Roslindale section. Kelley and Richards, accompanied by defense attorney E. Lee Bailey when they appeared before U.S. Commissioner Francis H. Farrell, were released on \$25,000 bail apiece. Mrs. Diaferio was released on \$5,000 bail. They will be arraigned next week.

Richards was arrested at his ranch-style home, which was searched by federal officials two months after the Aug. 1, 1962 robbery. They tore open walls inside the house, dug up his back yard, flushed out his septic tank and used jackhammers to tear up his patio.

No money was found. Richards and Kelley once appeared on television and staged several news conferences along with two other men during which they claimed to be among the chief suspects in the Plymouth holdup. They maintained they were innocent and charged their lives were in jeopardy because of round-the-clock harassment by law enforcement authorities.

SLAY SPIES
SEOUL (UPI)—Military officials Monday reported four North Korean infiltrators were killed in clashes over the weekend. The officials said another agent committed suicide when cornered by a South Korean force.

Rodeo Attendance Listed at 12,192

The Top O' Texas Rodeo, held last week, had one of its best seasons for attendance, with 12,192 persons watching the rodeo during the four night performances.

This is an increase over last year's attendance, 11,070, of more than a thousand persons, said Bill Atkinson, ticket chairman for the rodeo.

The largest crowd was present Saturday night, with 4,642 persons in the stands, more than a third of the total attendance.

'REGRETTABLE NECESSITY'

Reagan's Record Tax Hike Takes Effect

SACRAMENTO, Calif. (UPI)—Nine months ago, Ronald Reagan was elected governor of California, largely on a platform against burgeoning government expenditures and for slashing taxes. Today, his \$1 billion tax increase, largest ever enacted by a state, became effective.

Biggest losers are wage earners, shoppers, smokers, drinkers, banks, corporations and heirs.

The Republican governor termed the huge tax increase a "regrettable necessity."

"We have to have this to put the state on a sound financial basis," he said. "Certainly none of us... like the idea of a tax

increase, but we had no choice this year."

The tax increase was intended to put \$943.3 million into the state treasury during the final 11 months of the current fiscal year and \$1.02 billion during the fiscal year beginning next July.

The program increased the sales tax from 4 to 5 per cent, the bank and corporation tax from 5.5 to 7 per cent, the cigarette tax from 5 to 7 cents a pack, the liquor tax from \$1.50 to \$2 a gallon, income taxes by a total of \$350 million and inheritance and gift taxes by \$7.8 million through complex formulas.

All the boosts took effect today except the liquor tax, which becomes effective Aug. 16. The cigarette tax will jump to 10 cents Oct. 1, with that money scheduled to go to cities and counties.

MISS AUGUST—Paula Daugherty, daughter of Mr. and Mrs. Leon Daugherty north of the city, holds the last of the downtown parking meter heads. All of the "counters" have been removed on a six-month trial basis beginning today.

Orbiter 5 Is Readied For Mission

CAPE KENNEDY (UPI)—America's fifth and last Lunar Orbiter was readied for launch on a wrap-up moon scouting mission today despite a threat of afternoon thunderstorms.

The twin-eyed spacecraft was scheduled to leave earth at 3:09 p.m. CDT on the nose of an Atlas-Agena rocket and swing into its picture-taking orbit around the moon Saturday.

Recent Crisis May Prompt Review of US Commitments

WASHINGTON (UPI)—Congressional fear of another Vietnam, sharpened by the recent Congo and Mideast crises, may prompt the Senate to review the whole concept of American "national commitments" in a troubled world.

The issue is being crystallized by Chairman J. William Fulbright, D-Ark., of the Senate Foreign Relations Committee, who has introduced a "sense of the Senate" resolution. His committee is expected to discuss the proposal at a closed meeting today.

Designed to recapture some of the power he believes Congress has lost in foreign affairs, the Fulbright resolution declares that a "national commitment" can result only from affirmative action by both the executive and legislative branches. While such a resolution would carry no legal weight, it could influence a president's conduct.

It refers to legislation that would pass through the House, as well as to treaties, which only go to the Senate.

Fulbright told the Senate Monday that the Johnson administration refers to commitments abroad "which I don't think are commitments." One such that he questioned stemmed from statements made at the Honolulu conference on Asia of February 1966.

Fulbright's proposal won prompt support from Senate Democratic leader Mike Mansfield, Mont.; Chairman Richard B. Russell, D-Ga., of the Armed Services Committee, and others.

SHOP FOR PLANES

TOKYO (UPI)—Japan plans to send a delegation to the United States this fall to shop for a jet fighter that will serve as a backbone for the nation's defense air force, officials said Monday.

The delegation will also visit aircraft plants in France and West Germany, the sources added.

STUDENTS WANT TO KNOW

What Is Academic Freedom?

By PHILIP R. WERDELL
Newspaper Enterprise Assn.

PHILADELPHIA (NEA) — What are American college students asking for when they ask for "academic freedom"? What do they consider violations of their "academic freedom"? Here are some examples:

Should students be able to invite any speaker to the campus?

A vaguely worded Communist speaker ban in NORTH Carolina has caused considerable controversy. Students have unsuccessfully attempted to test the ban locally and they are now preparing action in court. The regional accrediting agency has threatened North Carolina colleges and universities with loss of standing if the ban is not removed.

Should a student's grooming or dress be grounds for academic discipline?

Norman Marshall was not allowed to register for classes at Richmond Professional Institute because he sported a beard and long hair. This happened back in September 1965. His case is now before the U. S. Supreme

Court.

Marshall contends that the school's "arbitrary, capricious and unreasonable" action of refusing his registration on account of his grooming violated his constitutional rights to free expression, due process of law, privacy and protection against cruel and unusual punishment.

Should a student be able to appeal academic judgments which he seems to be unjust?

In June 1966, Jacalyn Diefenderfer of the University of Colorado was given a failing grade in an English course on the grounds that she has cheated on a final exam. The university disciplinary committee, however, found the evidence insufficient to determine guilt. Miss Diefenderfer is seeking a court injunction requiring the university to change her grade.

Should students be allowed to be highly critical of their own college in their own publication?

On Oct. 17, 1966, Charles P. Kaska and Thomas Breslin were suspended from Monmouth College for distributing an independent magazine, the Hawker.

Openly and strongly critical of the administration of the college the Hawker has been banned on campus.

When Kaska and Breslin refused to leave the campus they were arrested for trespassing. Some 600 students and faculty of widely varying political persuasions protested by attending the court hearing and then staging a sit-in on the steps to the president's office.

Should a college or university release information about a student to anyone without the student's knowledge or permission?

The House Un-American Activities Committee subpoenaed the membership lists of students organizations critical of United States policy in Vietnam at the University of Michigan and at Berkeley. The lists were sent to HUAC without first advising those students named so that they could have the opportunity to seek legal means to enjoin the university from complying.

moderator campus report

The American Civil Liberties Union then wrote to 900 college and university presidents requesting them to resist further subpoenas. They called this "one of the most serious breaches of academic freedom of students in recent decades, not excluding the McCarthy era" and cited several Supreme Court decisions upholding the privacy of organization membership lists.

Should student writing, art and performances be subject to censorship?

Moderator magazine reports this fall at Grinnell College a student director refused an administration dictum to cut an allegedly "gross and lewd" scene from their production of Ionesco's "The Chairs." The play was closed.

At the University of Texas at El Paso the student humor magazine, El Burro, published a fictitious interview between Jesus Christ and Beate Jon Lennon. The student editor was fined and the publication suspended for a semester.

The American Association of University Professors called a conference of the leading educational organizations to discuss a draft statement on Student Freedom and Responsibilities on Nov. 11, 1966.

Student academic freedom violations on campuses this fall are sufficient proof of the need for a national statement. At the same time, they illustrate the diversity of issues with which such a statement must deal.

The development of a statement on the rights and responsibilities of the college student, would begin a new era of student, faculty, administration relations. Students would not be subject to unjustified punishments, nor would they be able to plead ignorance of the consequences of their actions. But whether such a statement will ever appear is an open question.

QUAKES CONTINUE

ISTANBUL (UPI)—Authorities Monday reported two persons were killed and about 40 injured in a new series of earthquakes around the already battered town of Adapazari.

The temblors also shook Istanbul. Nearly 100 persons died in a series of quakes which began in the Adapazari region July 22 and at least 126 other persons were killed by temblors in eastern Turkey last week.

Romney Claims Federal Action On Riot Slow

DETROIT (UPI) — Gov. George Romney, denying that he vacillated in requesting federal troops to quell the Detroit riot, indicated today he thought the federal government was too slow in getting paratroopers into action on the city's riot-torn streets.
A published account from Washington Sunday quoted federal officials as saying Romney telephoned several times Sunday night and early Monday but each time had a different opinion about whether federal troops were needed.
But Romney, in a speech today to the National Association of Counties, denied that version.
He said that at about 2:30 a.m. last Monday "Mayor (Jerome P.) Cavanagh and I advised the vice president (Hubert Humphrey) and soon afterwards the attorney general (Ramsey Clark) that in our judgment federal troops would be needed to prevent a major riot."
"Federal troops finally arrived at the riot scenes about 2 hours later, although Mayor Cavanagh and I were consistent in our request for assistance," Romney said.

Detroit Policemen Being Questioned In Charge of 'Cold-Blooded Murder'

DETROIT (UPI)—Three Detroit policemen were being questioned today in connection with charges that three Negroes were killed in cold blood by a National Guard officer during the Detroit riot.
The three policemen were not identified. Authorities said all three were on duty in the area of the Algiers motel, where the victims were killed by shotgun blasts early last Wednesday.
Homicide detectives also prepared to bring a Negro ex-paratrooper to Detroit for further questioning. He said he witnessed killings and was threatened with death himself.
Robert L. Greene, 26, a Vietnam veteran, told the Detroit News Monday he was a witness to a "cold-blooded murder" of three Negro youths in a Detroit motel during the rioting last week.
Greene's story was confirmed by three other witnesses. They said a squad of 16 guardsmen and police beat, cursed and threatened other Negroes and two teen-aged white girls at the motel where the three youths were killed with shotgun blasts before dawn Wednesday.
A round-the-clock investigation into the incident produced its first charges Monday. Melvin Dismukes, 24, a Negro employed by a private police agency, was charged with the felonious assault in the clubbing of James Sortar, 19, one of 11 persons in the motel when the slaying occurred.
In a copyrighted story from Hopkinsville, Ky., where Greene went after the shootings, the News said the guardsmen and police invaded the motel in a search for snipers.
"This officer took me of the boys into a room and I heard him say, 'take this knife and defend yourself,'" Greene said.
"Then he pushed the boy out of the room and shot him."
"Then he walked over to a policeman and said, 'Did you see that guy kick when I shot him?'"
"The officer then took the second youth into a room across from where I was standing and shot him."
Greene said he witnessed two of the shootings. The third youth already was dead, he said.

Wig Is Stolen From Local Home Monday Afternoon

Pampa police have received several strange burglary reports but one they received Monday afternoon was one of the strangest.
Police today were investigating a house burglary at 1115 N. Frost where a wig was reported stolen.
L. L. Childers told police Monday evening that someone entered his home between 2:30 and 4 p.m. yesterday through an unlocked front door and took the shoulder length, dark-brown wig off a mannikin head in the bedroom. The wig was valued at \$50.

Mobeetie Bank To Be Erected On Same Site

A new building for the First State Bank of Mobeetie will be constructed on the old foundation of the original building that was destroyed by a July 3 tornado. Though most of the old building was demolished by the high winds, the foundation remained intact.
Plans for the new bank, which will contain 2,500 square feet, are being prepared by the architectural firm of Rittenberry and Alexander of Amarillo. Construction contracts are expected to be let later this month.
The vault, which survived the storm, is being incorporated into the new building.
The building will be of masonry and steel construction, with face brick, and trimmed with exposed aggregated concrete on the exterior. It will be completely air conditioned.
New furniture, bank equipment and accessories to be coordinated with the design of the building will be bought. The tornado destroyed all bank furnishings in the original building.
The bank has been operating in the W. H. Adkins grocery store since the storm.
The bank is one of the oldest in the Southwest. The original charter was granted in 1906.
Officials of the bank include H. L. Flanagan, president and chairman of the board; J. T. Johnston, vice-president; J. H. Scribner, S. W. Williams and E. E. Johnston, directors.

According to a Pampa police report, the youth, son of Mr and Mrs. Manuel Zamora, 1123 Browning, was walking headed south when struck by a vehicle driven by Shirley B. Harden, 25, 608 Red Deer.

Rains Dampen Golden Spread

By United Press International
Thundershowers dampened vast areas of the Texas-South Plains and Panhandle today, easing a heat wave that broke records Monday from the Gulf Coast to the Big Bend.
A squall-like storm lashed Sherman just after dark Monday with 45-mile-an-hour winds, destructive lightning and heavy rain and hail.
It dropped the temperature 36 degrees at Sherman.
More heat was forecast for much of Texas today, but the rain was expected to spread over Northwest Texas and the area of West Texas to the west of the Pecos.
A cool front promised a cooling trend in Northwest Texas for Wednesday.
Heat records were tied or broken at many points across the state Monday.

Commissioners Table County Retirement Plan

Gray County Commissioners today decided to table, at least for the time being, a retirement plan for county employes.
Gray County Judge S. R. Lenning Jr. explained to commissioners how the retirement plan would be set up, if it is, from information he obtained at a county judges meeting in Austin, Lenning told the commissioners that it would cost approximately \$65,000 to start the program here.
The judge then told commissioners he felt it would be better to wait until at least the middle of 1968 when more information on just how well the plan would work would be obtained before putting it into effect here.
Commissioners also discussed salary raises for non-elected county employes. Discussion of raises for the 100 precinct and courthouse employes was still underway at noon today.
Commissioners also paid regular monthly bills and transferred \$36,500 from FMLS to RFI and \$46,230 from FMLS to RFI.

Peace (Continued From Page 1)
inside the riot zone and just to the west Monday night and early today. It continued past midnight. But as the hours wore on, the incidents decreased.
An outbreak of stoning, fire-bombing and looting about 9 p.m. Sunday signaled the start of the worst racial violence ever to hit this city.
The death toll reached three late Monday night when Willie Ella Green, a 34-year-old Negro woman, dropped dead of a heart attack while fleeing her home in the 105-block riot section. She was either trying to escape a fire or the fear of a fire, police said.
p.m. tomorrow in Wichita Falls under direction of Morris Mortuary.

Wall Street Chatter

NEW YORK (UPI)—Arthur Wiesenberger & Co. notes that the stock market typically goes to excesses in both directions and the current market is unlikely to prove an exception. The investment firm says it would appear that the summer rally may extend itself in the period ahead.

Shearson, Hammill & Co. says that what probably will stop the upward course of the stock market sooner or later is a "blow-up" in the speculative issues. However, the company says, such a blow-up will be "easily recognizable" in the many inflated issues before it starts to hurt the fundamentally sound, reasonably priced stocks.

Bache & Co. Inc. says the investment community is cognizant of the various tax alternatives available to the administration and is making "the necessary adjustments." Still, according to the company, this is an "area of uncertainty" and any real surprises could stymie the near term outlook.

Yarborough Says Panel Spurred Race Violence

WASHINGTON (UPI) — Sen. Ralph Yarborough, D-Tex., suggested on the panel broadcast show Metromedia Sunday night television coverage of racial news might have spurred some of the recent big city riots.

Yarborough said it was his opinion that newspapers in Texas and elsewhere were "very careful" in handling riot news. But here and in other northern communities, he said more attention was given to such men as Stokely Carmichael and H. Rap Brown of the Student Non-Violent Coordinating Committee.

"This tends to make heroes of these people, and I believe it is wrong," Yarborough said.

Yarborough's interrogator, Mark Evans, asked why racial violence has broken out with such ferocity in the north, when the South has been characterized as the area where Negroes are mistreated.

"I utterly reject the allegation that the Negro is treated badly in the South," Yarborough said.

The Texas also recounted a telephone conversation he said he had with a Dallas businessman. He said this man ventured the opinion there was little fear of riots in Dallas because the television stations there did not show Carmichael and others calling for a black revolution.

"I think a lot of the riots have been stirred up by the great amount of time given on the news media to rioting and looting."

"A lot of the looting is not done because of hatred, it's just a chance to get something free," Yarborough said.

TWIN QUEENS reigned over the third annual Petunia Festival in Dixon, Ill., this year. Students of Dixon High elected Libby Shaw, 17, to be queen of the June-July festival, but since only their mother can distinguish between them matters were simplified by crowning her twin Lucy as well.

Judges Free Two 'Stones'

LONDON (UPI)—Three British justices in wigs and robes solemnly freed two members of the Rolling Stones pop music group from prison terms on drug charges Monday, while mini-skirted teen-agers squealed in triumph from the public gallery.

The appeals court, Britain's highest bench, completely cleared 23-year-old guitarist Keith Richard of a conviction and one-year sentence for allowing guests to smoke hemp in his thatched roof country home.

The judges conditionally lifted a three month sentence against the Stones' lead singer Mick Jagger, 23, but warned that he would have to serve the sentence if he was convicted of any other crime in the next 12 months.

Lord Chief Justice Parker freed Richard because, he said, a lower court has erred in telling a jury that police had found a naked girl in his house, clad only in a rug. There was no sound evidence, he said, to show that the girl had been smoking hemp.

By CARROLL RIGTER

FOR WEDNESDAY, AUG. 1
GENERAL TENDENCIES: You are able to wind up some pretty interesting public relations that have been set in motion in a very unusual fashion so be up and doing and busy through with what has already been started, even though you feel you want to go flying off to some new and interesting appeal that intrigues you because of the unknown.
ARIES: (Mar. 21 to Apr. 19) — Concentrate upon how to regard the good will of an associate who has been rather annoyed lately. You need his backing. Stop running around in circles without some real and good purpose in mind. Get ahead faster.
TAUROS: (Apr. 20 to May 20) — Stop procrastinating on some important reports you have promised to complete and however annoying to you, show that you do comprehend finances. Follow through on what expert suggests. Avoid going off on tangents of your own.
GEMINI: (May 21 to June 21) — Let others come up with original ideas for recreation instead of calling all the shots yourself. Get socially as much as you can and know your true position with others. Do whatever you can to improve it.
MOON CHILDREN: (June 22 to July 21) — Good day to get small matters handled quickly and cleverly so that you clear the decks for more important affairs coming up soon. Show loved ones you are truly devoted. Gentility is the keynote.
LEO: (July 22 to Aug. 21) — Getting into groups, affairs of common interest with others, even at hobbies, brings fine results now. Meet some new persons who can bring you much pleasure in the days ahead. Show that you are courteous, charming.
VIRGO: (Aug. 22 to Sept. 21) — Show those who have control over your affairs that you will carry through with their ideas if reasonable. You can gain much prestige that will be helpful in the days ahead. Show that you are clever, wise.

Church Parlor Scene Of WSCS Meeting

GROOM—The Woman's Society of Christian Service met in the parlor of the Methodist Church recently for a regular session. Mrs. Manuel Ruthardt, president, was in charge of the business meeting. Mrs. Ray Elmore gave the devotional. Mrs. Bill McKee conducted the program, assisted by Mrs. Van Earl Steed and Mrs. Glynn D. Harrell.

Refreshments were served by the hostesses, Mrs. Manuel Ruthardt and Mrs. O. R. Major, to Mrs. Curtis Schaffer, Cleo Scinffer, Van Earl Steed, Bill McKee, Glynn D. Harrell, Crim Goodlett, Jim Littlefield, Ray Elmore, Walter Garmon and Roy Ritter.

don't know what you mean by "running around," but if it can be proved that your husband has had relations with this girl, he can be locked up.

Problems? Write to Abby Box 89700, Los Angeles, California, for a personal reply. Enclose a stamped, self-addressed envelope.

DEAR ABBY: I am a single girl, recently employed by a large firm. Since coming to work here, a co-worker and I have become very good friends during office hours. He is a happily married man and the father of two, and I am engaged.

Because of the way we have hit it off together, we've been getting the cold shoulder from many of our co-workers, and I understand some ugly talk has developed about us.

I don't believe in breaking up an innocent friendship for no good reason at all, but I would like your opinion on this matter.

CHICKY

DEAR CHICKY: I don't believe in breaking up an innocent friendship "for no good reason at all" either, but if ugly talk has developed, perhaps that's good enough reason to pay a little attention to the false impression you are creating. If only to spare his wife needless humiliation about how well her husband has "hit it off" with the new girl down at the office the advice from here is to cool it.

DEAR ABBY: I read your column. The question of whether or not the minister's wife should receive an invitation to the weddings at which her husband officiates interested me, since I am a minister.

Just as the doctor's wife is not invited to the operation, nor the lawyer's wife invited to the trial, a minister's wife is not of necessity invited to each wedding at which her husband officiates. The minister is there in his official capacity, not as a guest.

Very truly yours,
 Rev. H.

DEAR ABBY: My husband has been running around with a 16-year-old girl. I have had this kind of trouble with him before but never with anybody so young. Is there anything I can do because of this girl's age? I know there is a law against fooling around with minors.

HIS WIFE

DEAR WIFE: There is plenty you can do, and I suggest you ask your lawyer how to do it. I

Wynn, Staub Push Astros to Seventh in Row Cards Roll Towards Another Pennant

IN CONTENTION for the National League batting title is Rusty Staub of the Houston Astros. The 23-year-old outfielder has been among the leaders all season. He leads with a .363 average.

Cards Roll Towards Another Pennant

By United Press International
Lou Brock remembers the madness in Busch Stadium in 1965 when the St. Louis Cardinals won the National League pennant.
He has fond memories of his unexpected World Series' check of \$8,622.19 and that teammate Bill White said, "Without Lou, we might have made sixth—if we were lucky."
That was the year Brock, a man with a strong urge to belong, arrived on the St. Louis scene from Chicago and after June 15 stole 33 of his 43 bases,

drove in 44 of his 58 runs and raised his batting average from .251 to .315.
It was 1965 all over again Monday in so far as Brock was concerned. The Cards opened a four-game series with the Chicago Cubs, the team which St. Louis will probably have to beat to win another pennant.
The fond memories of 1965 may have flashed back for the speedy leftfielder. Before the day was over, he drove in four runs, three with his 14th homer, his first since June 4th and with the help of Orlando Cepeda's 19th home run, the Cards went home with a 9-2 victory and a 4 1/2-game lead.
Giants To Pirates
Elsewhere in the National League, San Francisco outscored Pittsburgh 8-4; Atlanta defeated Cincinnati 5-2; Houston edged New York 3-2 and Philadelphia Phillies defeated the Los Angeles Dodgers 4-2 in 11 innings.
Houston ran its winning streak to seven straight games at the expense of the Mets. Bo Belinsky, who allowed a single to Tommy Davis in New York's

two-run first inning and didn't permit another hit until Davis singled to lead off the ninth needed ninth-inning help from Larry Sherry to preserve his third victory in nine decisions.
Boyer Homers
Clete Boyer's 15th homer backed Phil Niekro's nine-hit pitching in leading Atlanta to its success over the Reds. Boyer's two-run homer helped tag Mel Queen with his sixth loss against 10 victories while Niekro brought his record to 7-5.
Jack Hiatt's pinch-hit grand slam homer in the eighth powered the Giants to their success over the Pirates. Mike McCormick, who pitched eight innings and needed relief from Frank Linzy, became the National League's first 14-game winner. He has lost five.
Gene Olver, who hit his ninth homer in seventh inning to give the Phillies a 2-1 lead, started the two-run rally with a single in the 11th inning. Olver moved to second on a sacrifice and after Gary Sutherland walked, he scored on pinch hitter Tony Taylor's single.

LAST YEAR IT WAS JIM BROWN

Pro Browns Count Absentees

By SEPHEN MORROW
HIRAM, Ohio (UPI)—For the second year in a row, the players absent from the Cleveland Browns training camp are causing more excitement than those present.
Last year, the notable absentee was Jim Brown. The great running back finally settled the speculation with an announcement from the movie set that his pro career was over.
This season, six of the Browns veterans missed the first week of training.
They included Brown's fleet-footed successor, Leroy Kelly, outstanding guard John Wooten, cornerback Mike Howell, offensive lineman John Brown and linebacker Sid Williams.
Collective Holdout
They banded together in a collective holdout and hired Cleveland politician Carl Stokes as their lawyer. Wooten, who hopes to re-open negotiations on his two-year contract, has the trickiest case.
Substitute halfback Jim Niewski, pleading business commitments, also is missing and is thought to prefer retirement or trade to another year on the bench.
Indications were that most of the first six would be back in camp. Coach Blanton Collier refused to let their absence bother him, at least for publication.
"My job starts on the playing field," he said. "I have to put a team together with what I have."
Line Aging
Collier's major challenge this

season is the line. Age in the offensive and defensive lines, rather than the loss of Jim Brown, caused the team's fall from first to third in the old Eastern Division last year.
In the Browns' backfield, rich in depth and talent, there's only one question mark — Frank Ryan's throwing arm. If the operation to remove calcium deposits was successful, the quarterback spot will be in proven hands.
Behind Ryan—and Niewski if he plays—the Browns have sophomore Gary Lane and rookie Archie Roberts, former Columbia great, returning to football after completing two years of medical school.
Gary Collins remains one of the top flankers in the league. Ernie Green and Nick Peetro-sante have experience, power and speed as running backs and Notre Dame rookie Larry Conjar shows promise as a blocker and a runner.
Groza Question Mark
Another question mark is Lou Groza's ancient toe. In his 20th NFL season, the only original Brown had an erratic year in 1966. But he says he had problems then that he does not have now. In case he's wrong, the Browns' used their third draft choice on place kicker Don Cockroft of Wyoming.
Last year the Browns feared age was catching up with offensive linemen Dick Schafrath, Gene Hickerson and Wooten. And the years may have slowed up defensive stalwarts Bill Glass, Paul Wiggin and Frank Parker, particularly on the pass rush.

Defense tackle Walt Johnson, tight end Milt Morin and center Fred Hoaglin, however, are all young players who could be regular fixtures for many years.
Collier's talent for making imaginative use of available talent is shown in the line-backing corps, where he has two converted ends, John Brewer and Jim Houston.

INCREASES EARNINGS
PALM BEACH GARDENS, Fla. (UPI)—Julius Boros raised his 1967 earnings to \$108,235.69 by virtue of his 3rd place finish in the Minnesota Golf Classic and drew within \$9,000 of golf's leading money winner Arnold Palmer.
CONTRACT SIGNED
DETROIT (UPI) — Wayne Walker, star linebacker of the Detroit Lions, of the National Football League signed his contract, ending a two-day hold-out which cost the nine year veteran \$200.

Injuries Have Mayfield Moaning for North Stars

SAN ANTONIO (UPI) — Gene Mayfield of Odessa Permian, coach of the North football all stars, had just seen his big 245 pound tackle, Randy Stout, crumple with a knee injury early Monday. To Mayfield, it was the last straw.
"If Stout can't play," said Mayfield, "we might just as well surrender."
But Stout, from San Angelo, a key to both the offensive and defensive line for the North, was back in uniform Monday afternoon and Mayfield was beginning to feel optimistic for the first time all week.
His club must take on a potent squad of South all stars Thursday night to conclude the 35th annual Texas High School Coaches Association coaching school.

Cage Game Wednesday
The North and South all-star basketball teams will tangle as a preliminary Wednesday night. Mayfield, who has had nothing to cheer about since he arrived in San Antonio, said Monday the club had finally started picking up their plays and looked like a ball club for the first time.
He planned to send his team through light contact work today and said he had tentatively decided or his starting back-

field for Thursday night's contest.
Mayfield said Monty Johnson of Amarillo Tascosa would probably start at quarterback, and that the rest of his backfield would consist of Billy Dale of Odessa Permian, Randy Cooper of Dallas Woodrow Wilson and Jack Faubion of McKinney.
Practice Shortened
The 100-degree heat caused South coach Bill Brashier of San Antonio Lee to shorten his afternoon workouts Monday, but he brought his club back to the practice field shortly before sundown for their third workout of the day.
Brashier, whose South all-stars are favored to crack a five game North winning streak, had a scare Monday when Ken Pearson, a 222-pound end, hurt his knee. But doctors said Pearson, of Spring Branch Memorial, had only a slight sprain and would be ready for action.
Injuries of a minor sort also hit the North basketball camp Monday.
Coach Drue Smith of Lake Worth said Charles Herren (6-5) of Avinger, Ronnie Grigsby (6-5) of McCamey and Joe Milton (6-2) of Wolfe City all had come up with bad blisters on their feet, and that Grigsby might not be able to play.

Smith said he was enthused at the way his centers, Tommy Dingman of Grand Prairie and Lynn Blair of Carthage, had been rebounding in workouts but expressed doubts that his club would be able to compete with the South on the backboards.
The South all-stars, coached by Jesse Martin of Houston Milby, will have a large height advantage under the boards, although the North will have the overall edge in height.
Smith is worried about Big Steve Niles (6-11) of San Antonio Lee, who is four inches taller than any boy on the North squad.

LL All-Star Tilt Tonight

The North and South and East and West will play each other at 8 p.m. tonight in the second round of the double elimination Little League All-Star tournament at Optimist Club Park.
Two games were played Monday night but someone forgot to release the names of the All-Star players.
Ricky McGuire stopped the East on two hits to pace the North to a 3-0 victory. McGuire fanned 10 and walked four in going the distance.
Garvin McCarrell took the loss, although he limited the North to only five hits and fanned seven.
Bobby Owens paced the North with two hits and drove in two runs.
The Southern Stars backed the four hit pitching of Shane Lee with a 14-hit attack as they ripped the Western Stars, 15-5.
Lee fanned 13, walked three and clouted a home run. Three other players hit circuit clouts, Frank Henderson for Southern and Fred Wilson and Warren for Western.
Wilson was the losing pitcher and fanned 11 but walked nine.

Mrs. King Nears Net Title

SOUTH ORANGE, N.J. (UPI) — Shades of Wimbledon came early to today's second round women's play in the 41st annual Eastern Grass Court championships at the Orange Lawn Tennis Club.
Mrs. Billie Jean King of Long Beach, Calif., the Wimbledon champion, and Rosemary Casals of San Francisco, the young darling at the All-England tourney before her elimination in the semi-final round, were opponents today.
Mrs. King is top seeded and Miss Casals is ranked No. 2.

Victories in the opening of men's singles' play Monday were turned in by Charley Pasarell, a Puerto Rican, and Clark Graebner of Beachwood, Ohio, the top seeds with the withdrawal of Arthur Ashe, the No. 1 ranking American, because rain delayed his match in the Pan-American Games.

Pasarell, playing behind a powerful serve, eliminated Big Ten champion Dan Bleckinger of Oshkosh, Wis., 6-0, 6-3. Graebner, scoring heavily on slices and drop shots, defeated Robert Siska of San Francisco, 6-2, 10-8.

AMERICAN LEAGUE ROUNDUP

Chisox Trades Help

By United Press International
Tommy Agee gazed across their young teammates how pennants are won with a pair of late-inning clutch hits that gave the White Sox a 4-2 victory over the Cleveland Indians and increased their American League lead to two games.
"Boy," said the 25-year old outfielder who is experiencing the pressure of a pennant race for the first time, "just to have these two veterans on the club is a boost."
The two veterans—36-year old

Ken Boyer and 33-year old Rocky Colavito—had just shown their young teammates how pennants are won with a pair of late-inning clutch hits that gave the White Sox a 4-2 victory over the Cleveland Indians and increased their American League lead to two games.
Boyer, who is batting .500 since he was acquired from the New York Mets, had tied the score with a ninth-inning single while Colavito, obtained from the Indians last Saturday, had won the game with a two-run homer in the 10th.
Fifth Squeaker
It marked the fifth time this season that the White Sox beat the Indians by scoring in the ninth inning or in extra innings.
Colavito, the one time bobby sox idol of Cleveland who complained this year because of Manager Joe Adcock's platooning system, delivered the game-winning homer off right-hander Luis Tiant after Wayne Causey led off the 10th with a single and Tom McCraw hit into a forceout.
Bob Locker, who pitched the last two innings, received credit for his fifth win while Tiant

suffered his seventh loss.
The second-place Boston Red Sox defeated the Minnesota Twins 4-0 and the Kansas City Athletics beat the New York Yankees 8-6 in other American League games. The other teams were not scheduled.
Lee Stange pitched 6 2/3 innings of perfect ball and wound up with a three-hitter to win his seventh game with the aid of Carl Yaztrzemski's three-run homer. Harmon Killebrew's line single to left with two out in the seventh inning was the Twins' first hit and Stange also yielded ninth-inning singles to Sandy Valdespino and Zolo Versalles.
The 5-foot, 10-inch, 170-pound Stange retired the first 20 batters in order before Killebrew's hit.
John Donaldson singled with two out in the ninth to drive in Dick Green with the tie breaking run for the Athletics. Green reached base on Charley Smith's error and went to third on Bert Campaneris' single. Smith and Steve Whitaker drove in three runs each for the Yankees.

Ruling Expected Today on Clay

HOUSTON (UPI)—U.S. District Judge Joe Ingraham was to rule today on former heavyweight champion Cassius Clay's request for permission to go to Tokyo to fight.
The hearing was to be a continuation of a July 7 session at which Judge Ingraham postponed a decision pending an investigation of what he called "possible anti-American activities" attributed to Clay.
A ruling was expected July 19 but again, a decision was put off, because Clay's lawyer, Quinnan Hodges was hurt in a traffic accident.
Judge Ingraham said he was concerned about Clay's attendance at several anti-Vietnam war rallies. He mentioned a rally in Los Angeles where Clay spoke and was accused of autographing draft cards.
Clay denied making anti-American comments. Hodges said he would supply witnesses and television film showing what Clay did and did not do and say at the Los Angeles rally.
Hodges, despite a cast that extended from his left heel to his knee, said he would go to court and prove Clay preaches only non-violence.
"Clay was in Houston at the same time as Rap Brown, president of the Student Non-Violent Coordinating Committee (SNCC)," said Hodges, "and Clay might be planning other fights abroad. Hodges said if the court approved the travel request, he might stipulate a different destination and time. Clay had planned to go to Tokyo between Aug. 15 and Sept. 15.

MAJOR LEAGUE LEADER Jim Lonborg of the Boston Red Sox is one of the prime reasons Boston is challenging for the American League pennant. He leads both leagues in victories.

INTERNATIONAL SOCCER

NEW YORK (UPI)—Despite a ban imposed by the world ruling body of soccer, Ken Macker, commissioner of the National Professional Soccer League, said Monday the New York Generals would meet Athletic Portuguesa of Brazil on Aug. 4 at Yankee Stadium marking the first time a top-rated international team will play a NPSL club.

NEW UNIFORM of the New York Giants is tried out by Fran Tarkenton, right, the National Football League's supreme scrambler quarterback, here handing off the ball to halfback Joe Morrison. The Giants got Fran from the Vikings and hope the change of scenery will result in a big improvement over the team's 1966 record of only one victory.

Pair Shoot Aces Sunday at Celanese

The Celanese golf course was pretty easy for a couple of Pampa linksters Sunday.
Two golfers got what every golfer dreams of, but seldom gets—a hole-in-one.
The course had yielded only four others in seven years, but James White and John Harger didn't let that bother them.
White, playing in a foursome with Bill Ellis, John Fritch and John Bird, sank his ace on the 167-yard 17th, with an eight-iron.
Harger aced the No. 4, 197 yard par 3 but no one knows for sure what club he used. But which ever one it was—it'll probably never be used again!
