All Aboard Killed As DC6 Crashes

SAN FRANCISCO (AP)—"The only survivors here are rescuers." That's how Coast Guard Chief Wilson Jennings described by radio the grim scene 25 miles south of here yesterday where a British Commonwealth Pacific Airlines DC6 crashed and burned, killing all 19 aboard.

Among the 11 passengers were William Kapell, 31, brilliant New York concert pianist returning from an Australian tour, and a 7-year-old Australian boy. Two of the eight crew members were hostesses.

The ship was only two minutes from San Francisco Airport on its trans-Pacific journey from Sydney, Australia, via Honolulu. It crashed into fog-shrouded, 2,400 foot King's Mountain and burned.

Seventeen charred and dismembered bodies were recovered. Search for the other two resumed today. All aboard were British, except Kapell.

Reluctant Anti-Reds Will Hear 'Explainers'

By FORREST EDWARDS PANMUNJOM (AP)—Violently anti-Communist North Korean prisoners have agreed to attend Communist interviews tomorrow, ending a two-week holdout which threatened to wreck the Neutral Nations Repatriation Commission.

the interviews peacefully represented a solid personal triumph for patient Gen. Thimayya. He told newsmen that after days of delicate negotiations the POW leaders indicated two days ago they were willing to attend explanations. But they asked for time to talk fellow prisoners into attending.

Martin Case Petition Is Denied Today

AUSTIN (AP)—District Judge Jack Roberts denied today a petition brought by 22 Midland County residents seeking to upset the Highway Department's campaign against illegal "out of county" motor vehicle registrations.

The day after, the Communists contended themselves with Chinese again, getting back 10 of 430. But then the interviews stopped when the Reds demanded North Koreans—at gunpoint if necessary—and other members of the commission refused to approve the use of force.

**Col. Dean Sets 1955 As Year For Possible Revision Of UN Charter**

1955 was set as the target date for possible revision of the United Nations charter Thursday night by Col. Fred M. Dean, Webb Air Force Base commander, who spoke at a dinner sponsored by the Altrusa Club at the Settles Hotel.

The present charter requires that the calling of a conference for revision be placed on the General Assembly agenda in 1953 if a similar conference has not been called before that, Col. Dean explained.

In every other year, except 1955, a two-thirds vote of the General Assembly members is required to actually call a review conference, he said.

A well-informed public is essential if such a conference is to be called, Col. Dean said. National representatives of the United Nations must be aware of public demand and support.

The speaker cited basic failures of the U.N. It has failed to establish an armed international police force and to agree on a plan for international control of atomic energy.

"Let's face it!" he said. "The United Nations, while doing a fine job in the cultural, economic and other fields contributing to international understanding and better-

ment has failed miserably in its primary function: that of keeping the peace."

Col. Dean noted the extremist positions in charter revision. "The first is that of doing away with the United Nations and 'going it alone' in the old isolationist manner. The second position holds that we must give the U.N. organization—under the present charter, just as it is—a longer chance."

In a discussion period following the talk, Col. Dean said the U.N. is our only instrument for peace besides our armed forces.

"If we don't like it we can do away with it or change it," he said. "Those who want to give the U.N. a 'longer chance' charge that the U.N. doesn't have the power to keep peace because it has no law against aggression, no police force and no court to uphold the law, the speaker said in his main address.

Their plan is to have the charter revised to eliminate the unrestricted veto permanent members of the Security Council now have, abolish the atomic threat and the armament race and establish a strong world police force.

Requirements for abolishing the armament race, Col. Dean reported, would be a worldwide limitation on production, and inspection system and a World Court to which violators would be reported.

Also essential would be the revised Security Council and the world police force.

Col. Dean's talk appeared to be well received by the interracial audience at the dinner. Dr. P. D. O'Brien, pastor of the First Baptist Church, gave the invocation and A-3C Roy Scott presented vocal selections.

Dr. Ora Johnson, Altrusa Club president, welcomed the guests and Mrs. John A. Freeman, international relations chairman, introduced Col. Dean.

Velma Griese, program coordinator, and Mrs. T. C. Thomas, international relations co-chairman, were also introduced. Red, white and blue centerpiece on the speaker's table was of flame gladioli, white mums and blue ribbon.

Mary Margaret  
**McBRIDE SAYS**

My friend Stella bought a little farmhouse a few years ago. It is perched on the side of a hill overlooking a great, calm lake rimmed by towering mountains—the kind of place that makes hurrying motorists slow up suddenly to gawk at purple and gold sunsets and spectacular moonrises.

Stella has one vanity: her view. Sometimes I think she goes out of her way to meet new people just so she can invite them to the farm for the weekend and then stand around, looking carefully casual and feeling satisfactorily smug, as they go into ecstasies at their first sight of her magnificent panorama.

I'm a pretty welcome guest, chiefly because I can sit for hours contemplating water, mountains, sky and exclaiming.

One recent autumn day, an old friend arrived unexpectedly. She immediately took a good look at the view and commented approvingly and briefly. Then she turned the conversation to personal matters. She was facing a serious operation. Her son was having combined wife and job troubles. Also, she had brought us a present, a chocolate cake—she's famous for her cakes—and she hovered, like an anxious mother hen, as we tasted, savored and pronounced it the best we'd ever eaten. Then, naturally, she murmured that she hadn't turned out a really decent cake for weeks—something to do with her stove, she said.

No sooner had her car disappeared down the hill than Stella muttered in a bleak little voice: "Well, I guess Sigilinda didn't think much of my view."

Those of us who remained protested loudly that Sigilinda had LOVED the view and that she had said so repeatedly; it was just

that she was upset and had wanted to get something off her chest. Why, she'd even remarked that the view had made her feel better we told Stella. But our hostess couldn't be comforted.

"I know just how she feels," sighed Cynthia. "Stella expects everyone to go overboard at sight of this incomparable thing of hers. Once she gets a satisfactory response she can relax and turn modest and even deprecatory. But until then, she has to keep nudging and prodding."

"Sigilinda's little vanity is her baking skill. She watched our reactions to that chocolate cake just the way Stella eyed her to see how the view would strike her."

"I'm the same way about my garden. Every time a person comes to my house for the first time, I wait anxiously for him to notice my flower beds and vegetable patch. Unless he comments promptly and ecstatically, I feel like sticking the spading fork in his back. If he does, I promptly say, 'Oh, it's awfully nice because of all the rain.'"

All this time I'd been listening and feeling superior. I'm not view-proud, cake-bound, nor garden proud. But Cynthia hadn't finished.

"As for you," said the disagreeable gardener, suddenly turning on me, "you are book-proud. If anyone comes to your apartment and doesn't swoon at the sight of your book-lined room in roughly three minutes you begin wondering out loud whether there isn't danger of the floor collapsing from the weight of the volumes. Or you stroll over and call attention to a special book so we'll all notice how many there are."

When my slight annoyance subsided, I admitted she was right, and even added a few examples to point the moral—the man who prides himself on his ability to fix anything that goes wrong with the plumbing or electric wiring, the woman who loves to have you ask "Who decorated your lovely house?" so she can answer with fake modesty "Of course it's not so much—but I did it all myself."

I'm smiling a little at us, but I think after all it's a harmless enough bolstering-up of ego. Want to tell me your favorite vanity?

'Wedding Portrait'

Big Spring was full of the carnival spirit Thursday night as Halloween carnivals got underway at several schools. At the Junior High School, one of the most popular booths was the "marriage" booth, sponsored by the Spanish Club. Nancy King, a ninth grader, and Bobby McCarty, a high school junior, pose for their "wedding portrait" following a comic "marriage ceremony." Some of the fellows "got married" as many as four times. Other carnivals are scheduled for Saturday night.

## Gardeners Advised To Use Superphosphate

Superphosphate as a substitute fertilizer for bonemeal was recommended at a meeting of the Garden Club Tuesday in the home of Mrs. Loyd Branon, 501 Edwards Blvd.

Mrs. A. T. Shirey of Midland explained that bonemeal is not good for the alkaline soil in this area because it only makes the soil more alkaline.

Mrs. Shirey spoke on spring flowering bulbs to be planted now. She cited Narcissuses, tulips, crocuses, Amaryllis, Dutch iris, crinum, snowdrops, hyacinths and scilla.

Don't plant the bulbs too early, Mrs. Shirey cautioned. She suggested Dec. 1 as the planting date for tulips, which should be kept at a temperature of 65 degrees for six weeks before planting.

The King Alfred, a narcissus, should be planted between Oct. 15 and Nov. 15 seven inches deep. Mrs. Shirey especially recommended the Golden Harvest, Sonja and Doris narcissus.

Mrs. A. A. Marchant, who gives a gardening hint each month, reminded members it is time to clean up flower beds for winter and remove old annuals.

Line-mass flower arrangements were brought for criticism by Mrs. J. E. Hogan, Mrs. J. D. Benson, Mrs. Marvin Sewell and Mrs. John Coffee. Mrs. Obie Bristow is round-table chairman for the monthly criticisms.

It was reported that club members, Mrs. Clyde Angel, Mrs. Robert Stripling and Mrs. Hogan, have planted evergreen jasmine planters near the entrance to the High School.

The club will sponsor a Christmas decoration contest. Three first prizes will be awarded for the best in door, window and yard decorations.

Mrs. H. I. McDermott and Mrs. R. E. Satterwhite will be in charge of selling subscriptions to Holland Magazine. The next meeting will be Nov. 24 at the Junior College. Mrs. Hal Rachel of Midland will talk on preparing and arranging dried material.

Twenty-four attended.

### Boys

What is a boy? Primarily he is a reflection of the girl he is with. Naturally we will have to admit there are certain boys who are wolves and some who are just plain nice regardless of where they are or who they are with, but just don't forget that most girls have dates with average fellows who are sort of on the fence.

These boys are somewhat like chameleons, readily taking on the color of their environment. You are that environment. Nothing I can write for boys will have much effect if you don't cooperate.

In many cases it is not a matter of coaxing boys into being gentlemen, but merely giving them a chance. Don't underestimate these boys. Lots of them would be real dream-boys if you would let them.

For instance, just the other day a boy telephoned me with this problem. "You wrote," he told me, "that we should open doors for girls and take the financial responsibility of our dates. I'm willing to do this, but what can you do when a girl hops out of the car almost before you get it parked or comes up with a bill almost before you've fished your wallet out of your pocket?"

Well, girls. Could this be you? If you want to be placed on a shiny pedestal or treated like a princess on a plumped up satin pillow, don't be so quick on the draw. Give him a chance to take the masculine lead in dating. He'll do it. No boy likes to date a girl who is too self-sufficient. Our great grandmothers knew the art of playing dumb and helpless to a point. So should we, if we're playing for the cream of the crop.

Another thing. Boys almost always take their behavior cue from the girls. Be a girl who, by her sense of decency and high morals, commands respect without being sissyish. You set your own standards. You can be treated with esteem and admiration or regarded simply as an evening's entertainment and a ready ear for dirty jokes. It's up to you. Which will it be?

## John Freeman Speaks To Auxiliary

John Freeman, child development director at the Junior High School, discussed various types of mental illness for the Fernlan Basin Medical Auxiliary Tuesday.

The group met at the State Hospital. Dr. and Mrs. Roy Sloan were hosts to the Medical Society and the Auxiliary. Special guests at the auxiliary meeting were wives of doctors at Webb Air Force Base and the VA Hospital. Mrs. Robert W. Whipkey was also a guest.

Plans were made for the forthcoming essay contest to be sponsored by the auxiliary for students in Big Spring and in Snyder. Essay topic will be "Why the Private Practice of Medicine Affords the Best Medical Care."

Money for prizes totaling \$180 was appropriated by the Medical Society.

## Musical Program Held For Veterans

Members of the Music Study Club presented a program for patients at the VA Hospital Tuesday night.

Mrs. Don Newsom sang "Jealousy," "The Man I Love" and "Again."

Mrs. Leonard Shipman sang "Trees" and "Dark Eyes."

At the piano Mrs. C. A. Boyd presented a number of request selections and "Auld Lang Syne," "September Song" and "Tea for Two."

## Church Women Plan World Community Day

A love offering of lightweight blankets, quilts, sheets and pillowcases, wash cloths, towels, curtains, draperies and tablecloths will be given by the City Council of Church women in commemorating World Community Day on Nov. 6 at the First Christian Church.

The council planned the offering at a luncheon meeting Thursday in the home of Mrs. Bernard Fisher. The donations will go to wandering refugees.

Mrs. J. Fred Whitaker presided at the business session at which various committees reported. Mrs. B. Eckhaus gave the invocation before luncheon. A circle of prayer opened the business session.

Mrs. Jesse Graves was elected welfare chairman. It was announced that the West Side Recreation Center is in need of a fall cleaning and that the various churches would work out a schedule for cleaning.

Installation of new officers will be Nov. 30 at the First Methodist Church. Mrs. C. W. Johnson of Wichita Falls will be the installing officer.

The council voted to give assistance in investigations for all worthy people as an aid to the Salvation Army Christmas program.

Mrs. Raymond Hamby closed the meeting with a prayer. Nineteen attended.

# City Commissioners Study Traffic Plan

City commissioners gathered in a newly decorated meeting room Thursday afternoon and discussed traffic problems, road maintenance, and 4th Street right-of-way. Decisions were reached to prohibit parking on the north side of 11th Street between Johnson and State Streets and to create new traffic lanes at the corners of 3rd and Gregg and 2nd and Gregg. Creation of new traffic lanes was suggested by George Oldham, executive secretary of the Citizens Traffic Commission. He pointed out that quite a few accidents have occurred at the intersections and that more room is needed for traffic. Commissioners proposed to create a new traffic lane by prohibiting parking on the east side of Gregg just south of 3rd Street. Parking meters will be removed near the corner, and the space now used for parking will be utilized as a right-hand turning lane.

Meters will also be removed on the west side of Gregg just north of 2nd Street, allowing a right-hand traffic lane for south bound traffic. The additional traffic lanes are strictly on a trial basis, commissioners emphasized. The parking ban on the north side of 11th Place was made to relieve congested traffic around the high school. It was also decided yesterday to place a red stop sign which reflects light at night on the corner of 11th Place and Washington Boulevard. This new type sign is being placed on an experimental basis, and commissioners said they would appreciate comment on the visibility it affords. The sign will stop traffic going east on 11th Place. Word was received by telephone from Worth Peeler and Wallace Milburn, owners of Camp Coleman property, that the city offer of \$3,500 and curb and gutter installation for 4th Street right-of-way will not be accepted. No counter offer was made by the property owners. Commissioners instructed that written notice be issued the men that Camp Coleman building encroachments now on 4th Street and on Union Street be removed. Further action was deferred until actual written refusal of the city offer is received. City Manager H. W. Whitney reported that only 18 deeds are now lacking on the right-of-way. And City Attorney Wilton Morrison was instructed to file condemnation proceedings against four unknown property owners. City streets are being graded and repaired as rapidly as possible since the recent rain, commissioners were told. Three motor graders, a small loader and two dump trucks are being operated full time. And one additional motor grader has been rented for the work. A survey was ordered by commissioners concerning the possibility of a road from the North Park Addition to the Banks Addition. At present residents of North Park have only trails leading to regular city roads. Consideration is being given by commissioners to forthcoming vacancies on the planning and zoning board, and a report is expected during the next meeting. The civil defense program was discussed, as Whitney said this subject was of concern at the recent meeting of the Texas League of Municipalities.

# Machines Take Place Of Hoes In Cotton Fields

GADSDEN, Ala. (AP)—Machines that have all but replaced hoes, mules and hand-picking in cotton fields were shown today. Delegates to the Beltwide Cotton Mechanization Conference went to Crossville to see new techniques in planting, cultivation and harvesting. An Arizona planter said that with improved methods U.S. growers could sell their crop on the world market at a reasonable profit. "When we can control our weeds by mechanical or chemical means to a much greater extent than at present," said Cecil Collette, "and when we can pick 85 per cent of our cotton crop by machine, we will feel that our business is approaching the peak in efficiency. "We will then be able to sell cotton on the world market in competition with any foreign growth or any synthetic and show a reasonable profit." H. C. Sanders, Louisiana Agricultural Extension Service director, said smaller and less expensive machines were the biggest need in mechanizing cotton production. "We may be approaching an era where only large corporations, those who inherit large amounts of agricultural capital or who acquire capital by some fortuitous circumstance, will engage in cotton production," he said. "As one who believes that farmers who own land and work it themselves are not only the economic balance wheel for the nation but a bulwark for our democracy, that prospect gives me some concern." Machines and modern techniques are replacing antiquated methods of producing basic southern crops like cotton, tobacco, peanuts and sweet potatoes, a Clemson College expert said.

# Temco Makes 'Final' Offer To CIO Union

Beginning With Deadlock

U.N. and Communist negotiators face each other across a table at Panmunjom again, this time to try to arrange details for a Korean peace conference. U.S. Envoy Arthur Dean (left) proposed that the conference begin Nov. 23 in Honolulu, San Francisco or Geneva. Col. Stanton Babcock, U.N. military aide, is at his side. Ki Sok Bok (back to camera), North Korean negotiator, and his Red China teammate, Huang Huo, threw the discussions into a deadlock by demanding that Asia neutrals participate in the peace conference. # Korean Peace Parley Talks Deeply Stymied

PANMUNJOM (AP)—Communist diplomats today called an American proposal for setting up the Korean peace conference "absurd... a trick... and absolutely unacceptable" and pushed preliminary talks deeper into deadlock. Although the Red refusal was less caustic than usual, they made it clear their answer was no to U. S. Ambassador Arthur Dean's plan to fix a time and place for the conference now and talk about its composition later. Unruffled by the Red rejection, Dean agreed to a Communist request that he think over their views. The meeting recessed until tomorrow. The Communists insisted that composition of the conference be decided before anything else. They have proposed that five non-belligerents—Russia, India, Burma, Pakistan, and Indonesia—sit in on the conference. The Allies have stood firm so far by their plan that the conference include only the nations which have fought in Korea, plus Russia if the Chinese and North Koreans invite her. Meanwhile, stubborn, anti-Red Korean War prisoners broke another, longer deadlock by agreeing to listen to Communist efforts to persuade them to come home. Lt. Gen. K. S. Thimayya, Indian chairman of the prisoner repatriation commission, said the first 500 of 7,800 Koreans will meet Red interviewers Saturday, ending a two-week holdout that threatened the entire Communist persuasion program. The unyielding Red stand on the peace conference discussions did not seem to mar Dean's optimism. He told newsmen after the 53-minute session that despite the lack of progress at this fifth meeting there was "generally a better attitude in the discussions." At today's meeting, Dean suggested the dispute over admission of nonbelligerents might be tossed to the conference itself. But he repeated that he is willing to exchange views on composition if agreement first is reached on a time and place. The American lawyer told the Reds in soothing words that by negotiating first on the "simpler subjects" like time and place the rival delegates might "create more harmonious working relations." In this way, he said, the two sides could deal with the complex controversy over peace conference membership in a more favorable atmosphere. He told the Reds: "We do not know each other very well. If we were to negotiate on simpler subjects we might learn we could get along together." The North Korean Foreign Ministry representative, Ki Sok Bok, asked for a 15-minute recess, but re-entering the hut, he declared, "We can find nothing new" in Dean's remarks. Then the Communist spokesman opened his attack on Dean's plan and demanded once again that the question of inviting neutrals to the peace table be the first order of business.

# Rita Declares She'll Resist Loss Of Child

LAS VEGAS, Nev. (AP)—Aly Khan wants his and Rita Hayworth's daughter Yasmin, 3 1/2, returned to Europe immediately because of threats against the child's life. But Rita says she'll resist all attempts to "take the child from her." The actress' attorney, Bartley Crum, said yesterday that her former husband, the Moslem prince, had cabled her he wants the child for safekeeping "because the FBI is not adequate to protect her." Crum said Aly remarked that Rita has received letters threatening the youngster's life unless she is reared in the Moslem faith. Because of these threats and the problems resulting from Rita's marriage to crooner Dick Haymes, the lawyer quoted Aly, Yasmin's safety has been endangered. Rita said she intends to rear her daughter in the Christian faith. Meanwhile she asked Crum to prepare a legal request to Congress for "a full-scale investigation" of the deportation proceedings against her present husband. "I have stood by and watched for two months now my husband being torn apart and crucified," the film star said. "His career has been ruined. He has been financially hurt and although he doesn't wish it, I must speak up." The government is attempting to deport Haymes to his native Argentina on a charge of illegally re-entering continental United States after visiting Miss Hayworth in Hawaii last spring.

# 30 Mau Mau Killed

NAIROBI, Kenya (AP)—Kenya security forces, including members of the Kikuyu home guard, killed 30 and captured 9 others of a 50-member Mau Mau gang in a battle today in the Ft. Hall district. The clash was the latest in a campaign to wipe out anti-white Mau Mau terrorism. Consideration is being given by commissioners to forthcoming vacancies on the planning and zoning board, and a report is expected during the next meeting. The civil defense program was discussed, as Whitney said this subject was of concern at the recent meeting of the Texas League of Municipalities.

# Depletion Allowances Held Oil Future Key

DENVER (AP)—Depletion allowances to oil producers for tax purposes hold the key to the future of the oil industry, the Rocky Mountain Oil and Gas Assn. heard today. Only through this incentive (venture capital) available to prevent a decline in domestic production and ultimate depletion of present oil fields, said W. K. Whiteford of Pittsburgh, president of Gulf Oil Corp.

# Petition Asks That Children Go In Home

BOERNE (AP)—A petition asking that the two children of William Adley, 27, be placed in the Baptist Children's Home at Beeville was before Judge Ross Doughty today. Adley is charged with the robbery of the Comfort State Bank. He said he robbed the bank of \$1,720 to provide for his children. Billy, 5, and Margaret, 6, were taken to the home several months ago with the consent of their mother. Adley and his wife have been divorced several years. He is free on \$5,000 bond.

## Repudiated Texas Young Demo Group To Go Ahead With Meet

**BY MAC ROY RASOR**  
AUSTIN (AP)—A repudiated group of Texas Young Democrats defiantly put finishing touches today on plans for a state convention tomorrow in San Antonio. The meeting was renounced yesterday by two top state party officials who said it has no authority and will get no recognition. Convention planner Boyd Taylor of Temple asserted "we will be unanimous in one thing—we're not going to have our efforts thwarted now."

Taylor said he expects 125 delegates from 20 clubs. Repudiation of the meeting came in a statement by State Democratic Executive Committee Chairman Wallace Savage of Dallas and National Committeewoman Mrs. Hilda Weinert of Seguin. They said they had been reassured by national party Chairman Stephen Mitchell that they have authority to judge what is and what is not Texas' official Young Democratic organization. Taylor asserted last week that his group had Mitchell's blessing. The statement tagged tomorrow's convention as an "improperly organized group that cannot and will not be certified."

"It is evident that some would like to make of the Young Democrats of Texas a purely partisan organization devoted to the advancement of a special clique inside the party," the state party officers said. "It is not to the best interests of the Democratic party in Texas for a Young Democratic organization to be set up under the sponsorship and domination of any extremist group. "Rather, the Young Democrats should be organized for 1954 in a legal, proper and orderly manner, with ample opportunity afforded all eligible Texas Democrats to join in this worthwhile movement and participate in the selection of new officers in a democratic fashion."

## NO REAL MENACE

### Bela Lugosi Disappoints Hollywood Gossip-Writer

**By BOB THOMAS**  
HOLLYWOOD (AP)—Tonight being the night before Halloween and all that, I decided to pay a call on that famed menace, Bela Lugosi. As I approached his residence, I thought I recognized the place. It was a dark old house of the kind you see in Charles Addams cartoons. But I was doomed to disappointment. Lugosi lived next door in a modern apartment. I rang the bell and Lugosi answered. Another disappointment. No cloak, no devilish appearance. In fact, he was amazingly handsome for his 65 years. He was attired in a dressing robe and puffed a cigar. "Hey, what are you going to do Halloween?" I asked eagerly. "I have no plans," he replied wearily. "I told my agent to find me a TV job, but I haven't heard from him. I'm open to suggestions—if there is money involved. "How about the house next door? It looks nice for haunting." "Oh, yes, that."

"What about holding a wake with Boris Karloff? Are you two on speaking terms?" "I haven't seen Boris for two or three years. Yes, we are friends. I started him out on his career as a boogeyman. After I did 'Dracula' at Universal, they wanted me to do the monster in 'Frankenstein.' "But when I tested the makeup, it was heavy and painful. Then I read the script. I didn't have a word of dialogue. I got out of the role by having my doctor say it would be bad for me. I suggested Karloff for the role. You might say I created my own Frankenstein Monster—compulsion for horror roles." "But you've been able to scare up a good living, haven't you?" "I have managed to get by. But it is tough being typed only as a boogeyman. Ever since I did 'Dracula' on the New York stage in 1927, I have been able to do nothing else but menace. Yet I played romantic leads before that. I was the John Barrymore of Hungary." "Alan, producers cannot see me in anything but horror roles. They say they know I can do other things, but they fear the public will not accept me as anything different." Lugosi said the horror circuit is on the upbeat. His future films include "The Atomic Monster," "The Vampire's Tomb" and "The Ghoul Goes West." Say—I like that last one!

## Ava Gardner Says She Will Divorce Her Crooner Mate

HOLLYWOOD (AP)—Glamorous Ava Gardner says "it's final this time" and she'll sue crooner Frank Sinatra for divorce. "There's no chance of reconciliation," the shapely star said yesterday. The reason? Frankie said there was career trouble but Ava denied this and wouldn't say what caused the split. There's no third party involved, however, she declared. It's the third Ava Gardner marriage to hit the rocks. Husband No. 1 was Mickey Rooney, whom she married when he was playing in Andy Hardy films and she was a studio starlet. No. 2 was intellectual bandleader Artie Shaw, who took books along on their honeymoon. "He told me to leave, so I left," the farmer's daughter from Smithfield, N. C., said after their breakup. Then came slender, bowtied Frankie, from Hoboken, N. J., the crooning idol of thousands of shrieking, swooning bobbysoxers during World War II. He divorced his wife Nancy in Las Vegas, Nev., Nov. 1, 1951—two days after she had divorced him in Santa Monica, near here—and six days later married Ava in Philadelphia. Frank and Nancy wed 12 years, had three children. Frank and Ava, married two years, announced yesterday through MGM, her studio: "Having reluctantly exhausted every effort to reconcile our differences, we find no mutual basis on which to continue our marriage. "We still have great respect for each other."

They've quarreled and made up several times. Their latest spat was brought on, friends say, by Frank's refusal to remain in England while Ava completed "Knight of the Round Table." Then he was irritated when she vacationed in Spain and went to New York without letting him know. They registered at separate New York hotels. Sinatra closed a Las Vegas singing engagement Wednesday night. He flew here and drove directly to Palm Springs. They talked on the phone before announcing their marital smash. **Owners Of Drive-In Robbed By Gunmen** DALLAS (AP)—The owners of a popular Dallas drive-in, Sivils', were held up by two gunmen late last night and robbed of \$7,100 and rings insured for \$9,000. Sivils said the bandits were waiting for them as they drove into the family garage about 11:30 p.m. The couple said their rings were insured for \$9,000 but were worth much more. **Mrs. Luce Is Ill** ROME (AP)—U.S. Ambassador Clare Boothe Luce has been confined to bed with a mild case of influenza for the past three days. ## Social Security Hike Is Opposed

**By G. MILTON KELLY**  
WASHINGTON (AP)—Sen. George (D-Ga.) said today Congress should knock down the billion-dollar social security tax increase which becomes effective Jan. 1. George, senior Democrat on the tax-handling Senate Finance Committee, said in an interview it would be "less than fair" to persons in low-income brackets to let the increase stand while income tax rates go down. The net result, he said, would be a bigger tax load on "the little fellow" and a tax saving to others. Personal income tax rates, under existing law, will go down about 10 per cent on the first of the year. The excess profits tax on business expires at the same time. But Jan. 1 is also the date when social security taxes are due to go up from the present 1 1/2 to 2 per cent each on employees and employers. The Treasury has estimated this total increase, from 3 per cent to 4 per cent on a worker's earnings, will bring in about a billion dollars more a year. Social security taxes are collected on only the first \$3,600 of a worker's wages, so the maximum social security tax jump will be \$18 a year. President Eisenhower last summer asked Congress to delay indefinitely the social security tax increase, but Congress took no action and the request was not pressed.

GEN. MARK CLARK

## Gen. Mark Clark Retires From U. S. Army Today After 36 Years

**By WARREN ROGERS JR.**  
WASHINGTON (AP)—Tall, lanky Mark Wayne Clark, just one day away from donning his general's uniform, draws a final salute today from the Army he served more than 36 years—in glory and in controversy. The last senior U. S. commander of World War II to end his active duty career, the 57-year-old soldier is being honored late today with a parade and reception at Washington's Ft. McNair. The Army band, units from the 3rd Infantry Regiment and a saluting battery of field guns are taking care of the formal field honors. A reception at the Ft. McNair officers club follows, with Army Vice Chief of Staff Gen. Charles L. Bolte acting as host in the absence of Gen. Matthew B. Ridgway, Army chief of staff. Diplomatic, congressional, mili-

tary and civil defense officials have been invited. Clark's career, from his West Point graduation in 1917 to his formal retirement tomorrow, brought him command of combat troops during two world wars and in Korea. It also brought him many decorations and much glory—as well as the center spots in two increasing disputes, one military, the other religious. Despite critics and criticism, he remained a powerful force in the shaping of the American Army and earlier this month came home from Korea to one of New York's celebrated ticker tape welcomes. He moves on now to become superintendent later this year at the Citadel, the famous Southern military school at Charleston, S.C.

It was just about two years ago that former President Truman named Clark ambassador to the Vatican, thereby bringing on a storm of protest that did not abate until the appointment was withdrawn. While the United States has had representatives at the Vatican, it has never sent a full-fledged ambassador to the Roman Catholic state. Protestant groups argued that such action would violate the cherished American tradition of separation of church and state. Seven years earlier, during three bloody days at the Rapido River in Italy, Clark gave an order which has been heatedly criticized. In his own defense, Clark called the order a "calculated risk" and said he would give it again under the same circumstances. His order, as 5th Army commander in January 1944, sent the 38th Infantry Division in a spearhead attack across the river toward German and Italian forces. The division was badly mauled. The attack failed. Clark's most recent assignment was in Tokyo as United Nations Far East commander, a post he held from May 1952 until this month. Clark was born in Madison Barracks, N. Y., the son of an Army colonel. He has two children, a daughter and a son—a three-wounded Korea veteran at whose recent wedding the general stood as best man.

## Post Office Budget Cut Is Defended

**SAN FRANCISCO (AP)—Postmaster General Arthur H. Summerfield last night defended his program "to bring the postal budget more nearly into balance."** The former Republican national chairman spoke at the closing session of the National Association of Postmasters. He discussed his controversial claim that "savings" of a million dollars a day have been achieved under the Republican administration. Summerfield was the object of a highly critical speech Wednesday before the convention by Sen. Olin D. Johnston (D-SC). Johnston charged that the Postal Department was operating on a level far removed from the average postmaster and postal employee. And he added that Summerfield wasn't running things too well either. In reply, Summerfield said his first effort was to cut 152 million dollars from the budget requests of his Democratic predecessors. Then, he declared, by shifting various Post Office expenses—such as airline subsidies, franking and penalty mail costs—to other federal departments, the Post Office deficit was cut from 746 million dollars to 440 million. He declared that future efforts to balance the Post Office budget would come from proposal to increase mail costs and efficiencies in mail handling and distribution.

## Demo Win Held Cash For Farmers

**By JOE HALL**  
WASHINGTON (AP)—Sen. Clinton P. Anderson (D-NM) said today the recent election of a Democrat in a Wisconsin special congressional election should mean "a barrel of money" for the nation's farmers. It focused attention on farm dissatisfaction, he said, and will force the 1954 session of Congress to work out a "strong program" of supporting farm income. Farm belt dissatisfaction, if it continues for another year, will help Democrats greatly in the 1954 congressional elections, he told newsmen. For instance, he said, it should be a lifesaver for three Democratic senators whose seats the Republicans have made a principal target—Douglas of Illinois, Gillette of Iowa and Humphrey of Minnesota. Lester R. Johnson, 53-year-old lawyer who won the surprise victory in Wisconsin's 9th District last Oct. 13, came to Washington yesterday for conferences with Democratic leaders. He brushed aside any such title as "terror of the GOP" and told a news conference the farm problem played a key role in his election. Anderson said he thought several factors contributed to this result, but that he had noted farm unrest throughout the West in travels since Congress quit in August. The drought has helped snowball this feeling, he said. "One of the big troubles is the farmer doesn't see anything being done in Washington that is really going to help him," he added. He said the "strong program" of aid for agriculture which he predicted did not necessarily mean high rigid price supports of the type many lawmakers and farm groups are demanding. The senator, who served as secretary of agriculture under former President Truman, long has favored flexible price supports.

## TMA Hears Daniel Speech

**HOUSTON (AP)—The Conference of Texas Industry, sponsored by the Texas Manufacturers Assn., was in its second day today after hearing speakers:** 1. The greatest enemy of American Democracy is the "over-concentration of power in the bureau of the national government." 2. Businessmen and customers have a high stake in a strong and ever-expanding national economy. 3. Next year will find businessmen facing a buyer's market for the first time in many years. Sen. Price Daniel said last night that the country's greatest enemy was not behind the Iron Curtain. "It is within our own borders," the Texas senator said. "It is the over-concentration of power in the bureau of the national government, far from the observation and control of the people who are being governed." Daniel described the possibility of United States bankruptcy as a greater threat to American democracy than armies or atomic bombs and predicted Congress next year would reject a higher national debt ceiling asked by President Eisenhower. Walter Williams, undersecretary of commerce, said "it is the joint business of us all to contribute in all intelligent ways possible to help produce a strong and ever-expanding economy." Earle Cabell, Dallas, TMA vice president, said 1954 would see a "water premium on the broad ability to manage, because in a buyer's market, the going is tougher."

# Forsan Bisons Roll Past Hornets, 47-12

## Harold Hicks Paces Victors

BLACKWELL — Frank Honeycutt's Forsan Buffaloes won their seventh straight six-man football victory and their fifth in District Seven play by defeating the Blackwell Hornets, 47-12, here Thursday afternoon.

The Buffaloes now need only a victory over Garden City a week from tonight to insure themselves a place in the playoffs.

Three touchdowns in the third period enabled the Buffs to pull away from the Hornets after Blackwell had held the Forsan club to a 13-6 score at half time.

Harold Hicks, making a bid for all-district honors, was the stand-out performer in the Forsan backfield. His rushes at the line gained 147 yards. He added 16 more through the air, while scoring two touchdowns and passing for another.

Hicks scored from the 30-yard line and Lonnie Martin from the 16 for the only Forsan TD's in the first half.

In the last half, Hicks grabbed a pass from Johnny Baum and went three yards to count again. R. Robinson got two touchdowns Red Bruton got one on an 18-yard sprint. Albert Ogleby banked another on a dash of 34 yards. Ray Johnson proved Blackwell's outstanding star. He scored one touchdown on a run of 25 paces and Charles Roland collected another on a five-run line buck. Johnson ran for gains totaling 116 yards and passed for 48 more.

Hicks added one extra point for Forsan. Branton got one, Robinson two and Martin one.

Hicks played his best game. Clifford Draper, Martin and Ogleby all performed splendidly on defense for Forsan.

In all, Coach Honeycutt used 15 players.

First downs in the game favored Forsan, 8-4. The only penalty of the game was one for five yards against Blackwell.

# Yearlings, B Team Will See Action

Herschel (Mule) Stockton, former Big Spring High School football mentor, brings his Robert E. Lee Junior High School team to town Saturday for an 8 o'clock engagement with the resident Yearlings.

The game takes place at Steer Stadium and is the last home game of the 1953 season for the Yearlings. Big Spring will be seeking its second straight victory in the game. Last Monday night, the locals nosed out Colorado City, 7-6.

Stockton reportedly has a fine team in San Angelo.

Mule is well known here, having been an assistant for a number of years, prior to stepping into the head post. He served one year, before moving to San Angelo.

The Big Spring High School B team will also see action. The Doggies take on Odessa's rugged reserves in Odessa. That game starts at 8 p.m.

The Doggies have yet to win but have shown much improvement. Their losses have come at the hands of Stanton Odessa, Sweetwater, San Angelo and Lamesa. They play Sweetwater in a return game here a week from tomorrow.

# Pros To Launch Cage Season

NEW YORK (AP)—The 1953-54 National Basketball Assn. season opens tonight with the Minneapolis Lakers seeking their fifth championship in six years.

The Lakers meet the Milwaukee Hawks in the only game on opening night. Then, on Saturday, the Syracuse Nationals play the Philadelphia Warriors, and in New York the Baltimore Bullets oppose the Rochester Royals and Minneapolis plays the New York Knickerbockers in a double-header. Last season the Lakers defeated the Knickerbockers in the final round of the playoff for the championship.

Any team including George Mikan, Clyde Lovelette, Jim Pollard and Vern Mikkelsen in its lineup must be rated high and if Minneapolis wins another title there might be a demand to "break up the Lakers."

The signing of Lovelette three weeks ago could be a big factor in the Lakers' drive for their third straight crown.

There are no major changes in the Knickerbockers. Their key players are Carl Braun, Harry Gallatin, Sweetwater Clifton, Dick and Al McGuire, Connie Simmons and Vince Boryla, plus Jim Baechtold, obtained from Baltimore in a trade for Max Zaslofsky.

Ernie Vandeweghe has decided to play all home games after announcing his retirement last season.

# Angry Texas Christian Clashes With Baylor Bruins Saturday

By HAROLD V. RATLIFF Associated Press Sports Writer

Baylor's unbeaten, untied Bears, with the highest national rating they've ever known—No. 3—and longest favorites in a schedule of four games, face angry Texas Christian at Waco Saturday in the top game of the Southwest Conference football race for the week.

It's a crucial card all the way around but this is the game that means the most and 36,000 fans will be in Baylor Stadium to see if the Horned Frogs are as bad as their record might indicate.

The Golden Bears, winners of five straight games, are 13-point favorites. That's nothing new for Texas Christian, which, while it has lost four games out of five, has carried some of the best teams in the country to the final gun.

At Dallas, 55,000 fans will crowd into the Cotton Bowl to see the traditional Southern Methodist-Texas game with Southern Methodist a 6½-point choice to lick the Longhorns, knock them out of the race and move on in a tie with Baylor for the lead.

Defeat will mean elimination for Texas, which already has lost a conference game to Rice, the team

SMU beat in its only conference test.

Up at Little Rock Saturday night, Texas A&M will be making a final bid to stay in the race against slumping Arkansas. The Razorbacks are out of contention but mighty irritated about the whole thing. The Aggies are 7-point choices but Arkansas has won more games in Little Rock than the Aggies. A crowd of 21,000 will be on hand.

Rice, still in the race with a 1-1 record, takes time out from championship strife to battle resurgent and dangerous Kentucky at Houston in one of the nation's top inter-sectional games. Although the Owls are 7-point favorites, their antipathetic trouble aplenty from the Wildcats and their brilliant Steve Meilinger, a fellow who plays most any position.

Baylor throws the conference's mightiest offense against a TCU team that can move the ball and score but hasn't been very successful at keeping the other team from doing the same only more so. The brilliant Bears have rambled for 3542 yards per game. TCU has allowed the opposition 2928, the worst defensive record in the league.

But Baylor has the weakest pass defense in the circuit and the Frogs have some excellent throwers.

Texas faces SMU in a crippled state with Billy Quinn, left half-back, out probably for the season and a couple of other top-flight boys, Howard Moon and Malcolm Kitchens, both ends, also on the indefinite shelf. It would appear that the Longhorns are in no shape to face such a tough foe as SMU but Methodist scouts, who saw Texas in its losing battle with Rice, said the Longhorns were still capable of knocking over anybody.

A record of four out of five last week boosted our morale immeasurably. So, with confidence, we select them like this:

Baylor-TCU—It won't be easy but Baylor has just too much ofense and power for the Frogs. Baylor by a touchdown.

Texas-Southern Methodist—This could go either way but Southern Methodist is a narrow choice.

Arkansas-Texas A&M—Aggies in a slump and fighting like heck to hang on, but a close one for Texas A&M.

Rice-Kentucky at Houston—Rice ought to win this one by two touchdowns.

# BRECK FANS TO FLY HERE

By train, plane and automobile will come Breckenridge fans for tonight's football game with the Big Spring Steers.

At least two airplanes have been chartered by Breck fans for the trip.

An estimated 1200 to 1500 Buckaroo backers will attend the contest.

# Crucial Bouts Are Scheduled

By The Associated Press

Headlined by the battle of Waco and Wichita Falls, the Texas schoolboy football schedule brightens with important games Friday night.

Waco, generally rated No. 1 in Class AAAA, meets a Wichita Falls team that hasn't been doing so well in the season campaign but can make up for everything by licking Waco in the start of the District 5 race.

Defending champion Breckenridge plays at Big Spring and McKinney at Gainesville in the feature games of AAA, district supremacy hanging in the balance. Class AA is the only division having undefeated, untied teams playing each other. There are two such games—Spur at Floydada and Comanche at Weatherford. Each counts heavily in district campaigns.

Three games sending district leaders against each other stand out in Class A—Clifton at Itasca, Rockwall at Richardson and Vanderbilt at Palacios.

Two teams protected unbeaten records last night.

Edison of San Antonio rolled on with a 40-0 strapping of Lanier (San Antonio) in Class AAA. Jasper whammed Kirbyville, 61-0, in Class AA. Also, in this division, Carrollton, which was unbeaten but tied, took the tumble, falling before Jesuit of Dallas, 20-13.

# Ring Ratings Overhauled

NEW YORK (AP)—The recent flurry of action in the lively middleweight class, including the title scrap between Carl (Bobo) Olson and Randy Turpin, has resulted in an overhaul of the ratings of the 160-pound division by Ring magazine. Only a few minor changes were made in the other weights.

Olson's decisive triumph over Turpin gave the division its first champion since Ray Robinson retired Dec. 18, 1952.

Turpin, of England, was placed on the No. 1 contender's spot, followed by: (2) Rocky Castellani, now fighting out of Cleveland; (3) Joey Giardello, Philadelphia; (4) Gil Turner, Philadelphia; (5) Joey Giambra, Buffalo; (6) Ernie Durando, Bayonne, N. J.; (7) Charley Humez, France; (8) Ralph (Tiger) Jones, Yonkers, N. Y.; (9) Randy Sandy, New York; (10) Garth Panter, Salt Lake City.

Turner, Durando and Panter were not on last month's list and Giardello was moved up a notch. Humez fell from No. 4 to No. 7.

The heavyweight ranks were kept intact with Roland La Starza, Dan Bucceroni and Heinz Neuhaus running in that order behind champion Rocky Marciano.

Floyd Patterson's victory over Wes Bascom sent the Olympic 165-pound champion back into the ratings, this time in the No. 8 contender's post.

Del Elangan of St. Paul, who handed Steve Marcello his first defeat advanced from sixth to fifth among the welters. Johnny Saxton took over the No. 3 slot from Turner who was moved into the 160-pound class.

In the lightweight division, Art Persley of Red Cross, La., was returned to the first 10 as a result of wins over Phil Kim and Henry Davis. He was given the No. 8 rating. Montreal's Armand Savole, who meets lightweight champion Jimmy Carter in a title fight in Montreal Nov. 11, was boosted from ninth to sixth.

# Pie King May Not Run On Saturday

CAMDEN, N. J. (AP)—The Pie King, much talked about British 2-year-old champion, was a doubtful starter today for the world's richest horse race — tomorrow's Garden State Stakes.

The uncertain status of the Pie King further complicated the lineup of the \$266,000 gallop of a mile and one-sixteenth. It's anybody's guess as to how many spectators will be entered but it will be quite a cavalry charge.

Racing officials were guessing anywhere between 18 and 24 of the best juveniles in America would answer the call if their owners feel they're worth the \$1,500 tab.

The Pie King, flown here for the race by his owners Ray Bell and Elwood Johnston of California, came to town with a case of equine athlete's foot yesterday. Johnston said he was awaiting results of another examination today before making up his mind on whether to enter the Irishbred colt.

As closing time for entries neared, the most talked about horses are C. V. Whitney's Errand King, the Woodvale Farm's Gayamo and the entry of Turn To and Supercollossal from the Cain Hoy Stable, which won this year's Kentucky Derby.

# Crazy-Quilt Grid Season Swings Into Second Half

By ED CORRIGAN

NEW YORK (AP)—The crazy-quilt college football season swings into the second half tomorrow with Notre Dame, Maryland, Baylor and West Virginia the only undefeated, untied survivors among the big boys.

The Irish, the No. 1 team in the country, tackle Navy at South Bend minus their coach, Frank Leahy, who collapsed during the halftime intermission of the game with Georgia Tech last week. Leahy will watch the proceedings from his home via a closed television circuit while the team is directed by a platoon of his assistants headed by Joe McArde.

Notre Dame rates a better-than-three-touchdown favorite over the Middles, who until they were upset by Penn last week, were regarded as about the strongest team in the East.

Maryland, the class of the South and No. 2 in the weekly Associated Press poll, has a breeze in South Carolina as it races toward the championship of the new Atlantic Coast Conference and a bid to the Orange Bowl.

Baylor, which is stepping cautiously in its quest for the South-West Conference title, plays Texas Christian in a loop game.

West Virginia, ranked fifth behind Illinois, holds the longest current winning streak of major teams—11—but its opposition has been on the weak side. The Mountaineers play Penn State tomorrow, and if they win, their place in the top 10 will be solidified.

Penn. the Ivy League club with the suicidal schedule, tackles Michigan at Ann Arbor, and it would be too much to ask George Munger's lads to spring two upsets in a row. Their 9-6 triumph over Navy must have taken plenty out of them.

The new favorite for the Big Ten title, Illinois, also gets a stiff test in Purdue, the outfit that pulled the shocker of the season by hand-

ling Michigan State its first defeat in 29 games last Saturday. On paper, the Illini should win it, but Purdue, loser of its first four games before whipping State, is "up."

For its part, Michigan State will be in no mood to trifle with Oregon State and the Spartans could run up a big score. Georgia Tech, State's brother under the skin—it had a 31-game undefeated string snapped by Notre Dame last week—also has a relatively easy assignment in Vanderbilt.

The NCAA's coast-to-coast television game of the day will send Pitt against Minnesota at Minneapolis.

In the Far West, South California, which has locked better with each passing week, is the choice over Oregon, while UCLA, which would like nothing better than to make the Rose Bowl, has no softie in California.

West Virginia, ranked fifth behind Illinois, holds the longest current winning streak of major teams—11—but its opposition has been on the weak side. The Mountaineers play Penn State tomorrow, and if they win, their place in the top 10 will be solidified.

# Veteran Big Ten Mentor Succumbs

RICE LAKE Wis. (AP)—Harold G. Olsen, a basketball luminary for nearly 30 years, died last night at Lakeside Hospital. He had been in ill health for two years.

Olsen, about 58, was dean of Big Ten basketball coaches when he left Ohio State in 1946 to coach the Chicago Stags professional team. He had been at Ohio State 24 years, five times winning or sharing the Big Ten title in that span.

Lineman Of Week

Because he played one of the greatest games in Southwest Conference history Saturday against Texas A&M, 215-pound tackle Jim Smith (above) of Baylor was named Associated Press Lineman of the Week. He played a major role in Baylor's 14-13 win by recovering a fumble that led to Baylor's winning touchdown, converting both extra points, kicked off and handled the punting chores. On defense he was credited with more tackles than any Baylor player and also played a top offensive game. (AP Wirephoto).

# Araujo To Start Anew In Garden

NEW YORK (AP)—The honeymoon is over for George Araujo the Providence, R. I., fighting man.

Jimmy Carter's right hand ruined his shiny dreams of becoming lightweight champion of the world at the age of 22. That was his last Madison Square Garden fight. A Sept. 10 defeat in Boston by the veteran Teddy (Red Top) Davis rubbed most of the luster off his fine record.

Now Araujo starts all over again in a third match with Davis.

The 10-rounder at 10 p.m. EST, will be carried on ABC radio and NBC television.

Since the last Davis fight, Araujo was married. Now he goes back to work in a rugged test that could be a turning point in his career.

The odds favoring Araujo at 9 to 5 overlook his upset by Davis at Boston in his first fight after his 13th-round technical knockout by Carter. In 54 fights, since 1948, Araujo has a 49-4-1 record. He was stopped only once—by Carter.

Joe DiMaggio, former star outfielder for the New York Yankees, had four brothers and four sisters.

GROUCHO SAYS, "I've been beside myself since seeing the NEW 1954 DE SOTO. You'll see it on Nov. 5th at your De Soto-Plymouth dealer . . . and tell 'em Groucho sent you!"

Knott Triplets

If the three lads pictured above look alike, it's more than a coincidence. They are the 17-year-old Shaw triplets, who now play football for the Knott Hill Billies. They are, left to right, Franklin, Delano and Roosevelt. They, of course, were named after the late president.

fore Ackerly could warm to the task.

ACKERLY—In one of the best six-man football games seen in this area this season, the Ackerly Eagles used Eddie Gill's place kick to nose out the Knott Hill Billies, 14-12, here Thursday night.

The Billies led through much of the game but Gill scored a fourth period touchdown, from six yards out that gave the War Birds the game.

In the last 11 seconds of play, Toby Metcalf took a pass from Woody Long and had only one man between him and the goal but was finally downed on the eight-yard line.

# Bill Maxwell Wins By 2 And 1 Margin

MEXICO CITY (U)—Mexico's Wiffie Smith, who won the Tam O'Shanter, and 13-year-old Joani Bruni of Laredo, Tex., stole the spotlight from men stars today as the quarter finals got underway in the Mexican National Amateur Championships.

Wiffie, herself in her teens, is meeting her first competition since qualifying Wednesday with a 78. She is paired with Mrs. Lee Coffman of Houston, who shot a 93 to qualify.

Joani of Laredo, the youngest player ever to participate in the Mexican amateur tourney, got over her first hump yesterday by downing Mrs. Gene Wlesley of Mexico 2-1 in the opening round of play on the 6,895-yard, par-72 Churubusco course.

The Laredo lass is paired today with Betty Domec of Mexico.

Frank Stranaban of Toledo, Ohio, who shot five birdies yesterday to defeat Bus Mueller of Houston 7 and 6, tangled today with Ray Ferguson of Denton, Tex.

# John Sain Quits Baseball Career

WALNUT RIDGE, Ark. (U)—New York Yankee pitcher Johnny Sain has retired from baseball to operate an automobile agency here.

Sain, who played in the major leagues for seven years and in organized baseball for six years before that, won the opening game for the Yankees in the 1953 World Series in a relief role. His record for last season with the Yankees was 14 victories to 7 defeats.

He said yesterday he mailed his resignation to the Yankees this week.

The 35-year-old hurler, a native of Newport, Ark., got his start with the old Boston Braves in 1942 and played with them until 1951, when he was sold to the Yankees for \$50,000.

The Yankee hurler said he had decided last spring that this would be his last year and when the Yankees clinched the pennant in September he told Yankee Manager Casey Stengel that he would retire.

# Stanton Buffs Invade Denver City For Conference Battle

STANTON — Winners in five of seven starts this season and unbeaten in District 4-A competition, the Stanton Buffaloes invade Denver City tonight for their most important test of the year.

To see how the job is done, a near-record crowd of Stanton rooters may be in the stands for the opening kickoff.

Stanton has a better record than does the Mustangs but no one — least of all Coach Melvin Robertson — is taking the Ponies lightly. For one thing, the Denver City team is a perennial trouble. For another, they are the defending champions in the circuit.

While Stanton was kayaking Whiteface for its third conference win last weekend, Denver City was taking a 19-13 shellacking at the hands of Lovington, N. M.

The Ponies almost beat their older opponents, at that. A fumble by Eli Casey on the Lovington three-yard line deprived the Denver City team of a certain tie and a possible victory. The play occurred with less than a minute to go. The game was played in the mud.

Denver City led twice during the

game but could not stand prosperity.

David Brooks Jackie Luffs and Casey are the lads the Buffs will have to watch if they expect to achieve victory.

Stanton's attack will again be directed by Jimmy Henson. He'll

be given assistance in the secondary by such standouts as Jimmy Butcher, Norman Blocker, Jimmy Wheeler and others.

If the Buffaloes succeed in beating Denver City, the 4-A championship may be decided here Nov. 13, when Sundown comes to town.

# Yearling Teams Experience Double Defeats At Snyder

SNYDER — The Big Spring Eighth and Seventh Grade football teams suffered a double defeat at the hands of Snyder clubs here Thursday night.

After the Seventh Graders had been dealt a 33-6 reversal in the opening game, the Eighth Grade lost by a score of 25-0.

Jerry Graham of the Seventh Graders scored Big Spring's only touchdown on the night on a 65-yard dash in the second period.

In that one, Big Spring's chances for victory diminished when Graham was injured and had to leave

the game. Snyder did most of its damage in the third period.

Ronnie Pelache, Lewis Burns and Jerry White all played fine games in the Me for Big Spring.

Big Spring wound up the first half owning the ball on Snyder's one-yard line in the Seventh Grade game.

The two Big Spring clubs return to action next Thursday, meeting Sweetwater in Sweetwater.

# Jet Is Upset By Druggists In Men's Loop

Evans State Drug upset the pacesetter Jet Tavern team, 2-1, in Men's Bowling League play this week.

Despite the reversal, Jet retained a four-game bulge in the standings, having won 18 and lost 8.

Evans State Drug and Gregg Street Cleaners are tied for second each with a record of 14 wins and 10 losses.

Big Spring Herald, at 13-11, is fourth; Lee Hanson's fifth with 12-12; Frank Sabbath Insurance sixth with 11-13; Couden Refinery seventh with 10-14; and Team 8 eighth with 4-20.

In other matches, Big Spring Herald won over Lee Hanson's, Frank Sabbath Insurance defeated Team 8 and Couden Refinery humbled Gregg Street Cleaners, all by margins of 2-1.

Carl Reeves, Lee Hanson's scored the highest single game with a 214. J. D. Robertson, Couden, posted a 202 and Ernest Rice, Frank Sabbath Insurance, a 201.

Roy Osborne, Lee Hanson's, posted high aggregate with 557. Crockett Hale, Evans State Drug, had a 547; Ernest Rice, Frank Sabbath Insurance 537; Robertson, 530; Jim Petroff, Couden, 530; L. Hurlbut, Gregg Street Cleaners, 520; and Carl Reeves, Lee Hanson's, 518.

Jet Tavern had an 846 for high team game, followed by Evans State Drug at 840; and Couden, 834.

In high series, Evans State Drug was tops with a 2431; followed by Big Spring Herald, with 2389; and Lee Hanson's, 2374.

# Norris Postpones Nov. 6 Wedding

NEW YORK (U)—International Boxing Club President Jim Norris who has had several of his promotions called off was himself a victim of a postponement today.

Norris who was scheduled to marry columnist Betty Betz in Chicago Nov. 6, yesterday was ordered to take a complete rest for two weeks.

Examining physicians said Norris apparently had worked too hard on the IBC's recent championship fights—the Rocky Marciano-Roland LaStarza heavyweight bout and the Randy Turpin-Bobo Olson middleweight scrap.

Norris is resting at his winter home in Coral Gables, Fla.

## New York Milk Strike Goes On; Talks Stymied

NEW YORK (AP)—Marathon negotiations to end the five-day-old milk strike broke down early today and Mayor Vincent R. Impellitteri immediately called a mediation meeting at City Hall later in the day.

A deadlock in the wage-hours dispute became apparent at 2:30 a. m. when representatives of the AFL Teamsters Union walked out of the bargaining room and union attorney Samuel J. Cohen told newsmen:

"We're going home to sleep." Industry negotiators said they would attend the City Hall meeting. There was no immediate word from the union.

The walkout seemed on the verge of settlement for the past two days, with federal, state and city mediators taking part in the lengthy sessions.

Yesterday, on the heels of optimistic statements issued by negotiators, fleets of big milk trucks rolled toward the city, ready to supply fresh milk for 12 million metropolitan area consumers in New York and northern New Jersey. They were stopped, however. Long-distance trucks were not involved in the walkout.

The strike began Sunday when 15,000 drivers and plant workers stopped work over their demand for a \$15 weekly wage increase and a 35-hour work week instead of 40 hours.

Fresh milk supplies were exhausted almost immediately; retail stores and restaurants. Milk depots ran out on Tuesday. But plenty of powdered and evaporated milk has been available.

The original industry wage offer had been \$2.50 more weekly. After the deadlock was announced, an industry attorney said the companies had upped their offer to \$6.50 but the strikers now seek a package increase of \$12.50 weekly. Wages range from \$82 to \$125 a week.

At one point during the all-day meetings yesterday an industry spokesman forecast an end to the strike "in time for morning deliveries." Later the spokesman said probably not many plants actually would get back in operation before the weekend.

A bit later, Irving R. Wisch, chairman of industry negotiators, said a last-minute hitch had occurred because of "areas of disagreement" with the union. He did not elaborate at that time.

## AF Officer Loses Fight For Release

TOPEKA, Kan. (AP)—An Air Force lieutenant who contended he was being unlawfully retained on active duty has lost his federal court fight for an order directing his release.

U. S. Dist. Judge Delmas C. Hill yesterday ruled 1st Lt. James S. Morris, Lawrence, Kan., was not entitled to the habeas corpus writ he sought.

Morris said he received written orders last Aug. 25 releasing him from the service but on the day before he was to leave the orders were orally rescinded.

The Air Force contended Morris had applied for special training in an aircraft observer school and completion of the course carried with it a commitment to remain in the service for three more years.

It said the written orders Morris received directing his release were the result of "an administrative error."

## Churchmen Hold Accord Unlikely With Russians

CLEVELAND (AP)—After three days of discussion, prayer, sermons and debate, a national church conference today had reached these tentative conclusions:

1. That American-Soviet differ-

ences are "so fundamental" and "lack of confidence on both sides so deep and stubborn" that any accord "appears impossible at present."

2. That "military strength is essential" to meet the threat of Soviet totalitarianism, but aiding the spiritual and physical welfare of all men is "in the long run even more basic."

3. That "the free societies must make every effort to negotiate workable agreements without compromise of basic convictions" and seize every chance to "develop even a temporary easing of tensions."

4. That Americans as "brothers in Christ" with all peoples "must learn to accept other nations not only as partners but also as instruments of judgment on our national action."

5. That the nation must pursue programs of help to needy lands, recognizing that "plenty for the few and want for the many cannot be reconciled with the law of love."

These points were part of a 4,000-word proposed declaration, hammered out during deliberations of four separate sections, and still subject to a final vote before the delegates end their conference today.

The draft message gave thumping support to the United Nations as "the basic framework through which our nation should seek its security" and work for world law as ordained by God.

There are "forces which would lead us to withdrawal and isolation," the statement declared.

The delegates, representing 30 denominations and seeking jointly to reach Bible-derived views on world issues, also evolved these tentative findings:

A. That there is a "serious danger" that "our people shall fail to distinguish between a legitimate security from espionage and a bogus security from dissent."

B. That the government should "press for largest practicable degree of disarmament through the United Nations, as we seek the goal of universal enforceable disarmament."

C. That there should be "a revival of private long-term investment abroad" to the "mutual advantage" of ourselves and less advanced peoples.

## Quads' Mother Gets Husband In A Hurry

LANSING, Mich. (AP)—The surviving three of the Trollman quadruplets born four days ago had a father and new first and last names today. And their bride-of-a-day sighed: "I'm really happy for the first time in months."

Brief Lutheran rites united Mrs. June Trollman, 33, divorcee-mother of the quads, and George W. Van Alstine, 34, a Lansing auto serviceman, yesterday in her hospital room.

Van Alstine's ex-wife signed a waiver to permit the ceremony.

The other three, born late Monday, were named in order of their birth, Ronald Ray, Donald Dee and Ruth Ann.

The tiny survivors, weighing three pounds each, were holding their own in incubators on a special formula fed to them through eyedroppers.

Issuance of a marriage license, blood tests, waiver of the state's five-day waiting period, his former wife's waiver and purchase of a ring were rushed through in record time yesterday. Then Van Alstine, who said he had been in love with his bride "for more than a year," arrived at the hospital in blue work pants and shirt for the brief bedside ceremony.

The bride sat up in bed for the wedding. She had changed from the shapeless white hospital gown to a filmy blue nightgown.

Van Alstine then hurried home to change into his good clothes and returned to pose finally for pictures.

Van Alstine received custody of a 13-year-old son in the divorce from his first wife. His new wife has custody of a 2-year-old daughter. Her former husband has custody of three older daughters.

since his 60-day waiting period after a divorce would not expire until Sunday. The bride and her first husband were divorced in 1944.

Van Alstine told newsmen he was the father of the quads, adding: "I wanted to marry June a long time ago but we had a little misunderstanding and it never came off."

The couple picked names for the four babies immediately after the ceremony. The first name they chose was John David, for the one who died Wednesday. He is to be buried today with simple graveside ceremonies.

The other three, born late Monday, were named in order of their birth, Ronald Ray, Donald Dee and Ruth Ann.

## By Cricky, They'll Get Modern Depot Yet

SOMONAUK, Ill. (AP)—The Burlington Railroad depot in Somonauk was built 97 years ago, but the station still is trying to get the railroad to install electric lights. F. E. McHenry, the railroad agent, and L. E. Griffiths, the telegraph operator, work by the light of railroad flashlights after sundown. McHenry says the railroad has promised that electric lights will

be installed early this winter. "But they have promised the same thing for 35 years," he said.

## Water District Studying Bids

Bids on approximately \$50,000 of pumping and electrical equipment were tabulated Thursday by directors of the Colorado River Municipal Water District at their meeting here.

Actual award of contracts for the material to be installed at the Big Spring-Odessa intake and a booster station on Morgan Creek is expected within a few days. Because of efficiency ratings and because several low bidders were so closely bunched, Freese & Nichols, engineers are making an analysis of bids before contracts are awarded.

There were four bidders for transformers in amounts ranging from \$8,000 to \$10,300. Six firms submitted bids on horizontal centrifugal pumps of 2,800 to 3,500 gallons per minute capacity. These ranged from \$13,366 to \$21,564. Four bid on the vertical turbine pump unit with 5,600 to 6,500 gallons per minute. Range was from \$27,266 to \$34,000.

The board adopted a resolution which would permit trial in Ector, Howard, Scurry or Borden counties for violations of regulations which might occur on district property, principally Lake J. B. Thomas, General Manager E. V. Spence authorized to have sanitary facilities constructed at various points around the lake.

Tentative operating budget for

1954 was approved. The fiscal guide, required by terms of the indenture to be drawn at this time, anticipated revenues of \$961,821. Operating expenses were estimated at \$236,080, of which \$142,500 would be for actual production and distribution. The balance would go to royalties, leases, maintenance, operation of city production systems and administration.

Interest requirements would be \$267,883, and principal requirements \$38,750. Another \$293,375 would be applied to the reserve fund to provide for debt service in keeping with the indenture. An estimated \$37,719 would be assigned to the contingency fund, and \$29,308 to the improvement and extension fund. This would leave a balance of \$58,704.

In fixed charges and water sales, Odessa's estimated payment during the year would be \$358,560; Big Spring's \$225,386; and Snyder's \$93,936. Rural users revenue is anticipated to be around \$1,800.

Spence pointed out in submitting the budget that the figures were subject to considerable variation, depending upon the amount of lake water used by the Scurry Area Reef Operators Committee. The budget is predicated upon an estimated 2 1/3 billion gallons to SACROC. Any sizable undererr on to SACROC would result in proportionate downward influence on

budget totals. Revenue from SACROC is estimated at \$282,139 for the year.

Directors talked over problems which might be encountered in connection with recreational functions at the lake. Although it appeared that a consensus was that commercial operations would be handled by lease or franchise, no action was taken.

Spence announced that approximately 200 applications had been received for lake shore sites and that leasing would begin after the order of priority is determined by lot after Nov. 1. He also reported the lake at elevation 2,219.5 and the contents at 26,000 acre feet of water. About 12 feet remain to be cut in one point of the diversion channel, and then the contractor will move to plug the diversion dam on Bull Creek, he said.

## Senate Report Shows Red Loss In Europe Today

By JOHN CHADWICK

WASHINGTON (AP)—The Communists have "lost heavily" in membership and trade union support in Western Europe during recent years, a Senate foreign relations subcommittee said in a report published today.

The 69-page study surveys the strength, tactics and objectives of the Communist movement throughout the world, country by country and region by region.

While the report said Red strength in Western Europe reached a peak prior to 1947 and since has declined, it expressed no complacency about the Red menace there or elsewhere in the world.

On the contrary, Sen. Wiley (R-

Wis) said in an introduction that "perhaps the most basic impression which will arise from this study is the very rapid growth of the Communist movement."

Wiley is chairman of the Foreign Relations Committee and of its security affairs subcommittee, for which the study was prepared.

It said that, although Communist party membership in Western Europe has dropped heavily, the Reds have succeeded in maintaining electoral strength in Italy, France and Iceland.

Wiley commented, however, that "very often, large Communist votes, as in France and Italy, represent not so much pro-Communist votes, as antigovernment votes."

But he cautioned that a small, highly disciplined Red group can succeed "in a wrecking operation."

In less than four decades since the Bolshevik Revolution in Russia, he observed, the Communists have grown in strength until they now control governments of one third of the population and one fourth of the area of the world.

To underestimate the Communist strength "could prove to be

suicidal blindness," especially in view of the Soviet military potential, he said.

In the 16 countries of Western Europe, the report said, the Communist parties have an estimated three million members and in national elections poll about 13 million votes.

Observations in the report about other areas of the world included: Asia—"In general, the strength, determination, and stability of Asian non-Communist governments has significantly reduced the strength of indigenous Communists. However, international developments could at any time reverse a favorable trend."

Latin America—Communist party membership has fallen from some 330,000 in the 1944-47 period to about 200,000. The party is now "officially suppressed" in 12 of the 20 Latin American countries and "in none is it an important electoral factor."

Middle East and North Africa—Except potentially in Iran, the Communist parties here "still lack the strength to alter the structure of society by revolutionary action."

## Iron Curtain Beauty Contests Differ From U.S. Variety

CHICAGO (AP)—A former Czechoslovakian beauty queen says present beauty contests behind the Iron Curtain are not the same as in the United States.

"The Communists are trying to set new beauty standards based on points gained for girls' work for the party," said the former Nikki Nicolai, who was Miss Prague of 1948.

"Perfect legs or bust measurements don't count any more compared to distributing so many thousand pamphlets or meeting a quota in a factory. Communist 'beauty' judges are more interested in how many bricks a girl can lay in a day than looking at her eyes."

Miss Nicolai is the wife of Robert V. Johnson, a Chicago engineer whom she met while he was a soldier in Europe.

## Judge Says Marilyn Monroe More Sexy Than 'Moon Is Blue'

BALTIMORE (AP)—Judge Herman M. Moser told the chairman of the State Board of Motion Picture Censors yesterday that "Marilyn Monroe standing still is more suggestive than anything I saw in 'The Moon Is Blue.'"

The judge made his observation at a Circuit Court hearing of an appeal by United Artists Corp. from a statewide ban on the film, "The Moon Is Blue." The board called the movie "indecent" and "immoral."

Sydney R. Traub, board chairman, said at the hearing he considered it "suggestive—a little off color." That evoked Judge Moser's observation about Miss Monroe, who starred in "Gentlemen Prefer Blondes," which passed the Maryland censors intact.

## 3 Vie For Seemingly Dead-End Job As Mayor Of New York City

By JAMES DEVLIN

NEW YORK (AP)—A three-way scramble is on for the glittering job of mayor of New York although history shows that more often than not it is a political dead end.

The job of governing eight million people—more than the population of some foreign countries—often has been rated as second only to the presidency.

Yet no New York City mayor ever has gone to the White House.

Mayor Vincent R. Impellitteri can't even get on the ballot to run for re-election in the Nov. 3 balloting.

His predecessor, William O'Dwyer, suddenly resigned and became ambassador to Mexico, where he remains in private life.

The whole nation remembers dapper James J. (Jimmy) Walker—and how he resigned under fire.

Others just faded out of the picture when they left City Hall.

Three major candidates now are bitterly fighting for the post that has led so many to disillusionment or obscurity.

The three are:

Democrat—Manhattan Borough President Robert F. Wagner Jr., 43, son of the late senator for whom the Wagner Labor Relations Act was named.

Republican—Harold Riegelman, 61, a former acting postmaster and long active in civic affairs, but little in the public eye until the present campaign.

Liberal—City Council President Rudolph Halley, 40, who was in the public eye of millions as chief counsel of the Kefauver Crime Committee in its televised questioning of underworld characters.

A fourth candidate, Clifford T. McAvoy, backed by the extreme left wing American Labor Party, is conceded no chance of winning.

The city normally votes Democratic, and betting odds at this point favor Wagner. But the citizens often cross party lines in a mayoral election and the experts are wary of making predictions.

The possibilities are further complicated by a small registration and the sudden elimination of Impellitteri.

Impellitteri, defeated in the primary by Wagner for the Democratic nomination, announced he would run as an independent. But a court ruled he had an insufficient number of valid names on his nominating petition.

That raised the question of which

## Soviet Ladies Not Getting Even Break From Husbands

By RICHARD R. KASISCHKE

MOSCOW (AP)—The ladies of the Soviet Union are not getting an even break from their menfolk and Kremlin overlords are not happy about it.

Wife beating, polygamy and child brides are under fire.

Actually, equal rights for women in Russia is more theory than practice. Female workers do most of the heavy work on Soviet farms and a good part of it in Soviet industry. Moscow street-cleaning gangs are heavily staffed with women. Not many Soviet women reach positions high in the government.

Things are especially bad in the Soviet republic of Uzbekistan, where Moslems make up a large part of the population. Authorities there, Pravda warns, are behind the times with "a wrong attitude toward women."

Pravda bears down on one reported case involving one Kemal Rakhimov, a "certified teacher of

philology, a good chap in the opinion of his drinking pals, but, in reality, a petty man."

Kemal laid siege some time ago to the heart of a student of his, a buxom lass by the name of Khalima Akmedova.

Said Pravda:

"With what heartfelt shyness and pure joy did Khalima meet Kemal. She sang the finest songs for him. She read beautiful poetry to him."

And then they were married.

Things went along fine at first. Then Kemal started stepping out—without Khalima. There were fights. Then Kemal made his big mistake, at least as far as Pravda is concerned. He took a whip to his wife and turned her out in the street.

Town officials heard about it, but didn't take action Pravda tells why:

"They were having troubles with their own multiple wives and their hands were full."

way the Impellitteri followers would turn in the election. Most of his more prominent backers, such as James A. Farley, former Democratic national chairman, switched to Wagner out of party regularity.

Impellitteri is regarded as a "conservative" Democrat. Riegelman's forces therefore hoped to garner some of the "Impy" vote.

Wagner's backers include such nationally known figures as former President Truman, Adlai E. Stevenson, Sen. Herbert H. Lehman, Rep. Franklin D. Roosevelt Jr., Averell Harriman and Mrs. Franklin D. Roosevelt.

He is supported also by New York's regular Democratic organizations, including Tammany Hall.

Wagner received an implied endorsement from the Communist Daily Worker—and promptly denounced it as a Red plot to give him a "kiss of death."

The Worker, noting that a number of labor organizations backed Wagner, said that workers, "while

voting for the labor-backed mayorality candidate," should support American Labor Party candidates for lesser offices.

Wagner, pointing to his background as a Roman Catholic and a military officer, declared he despises "Communists, their fellow travelers and their dirty mouthpiece, the Daily Worker."

Riegelman, a decorated veteran of two world wars, is a colonel in the Army reserves.

President Eisenhower, in his closest approach to an excursion into local politics, wished Riegelman well at the outset of the campaign. Eisenhower, here for the dedication of a housing project, made a point of inviting Riegelman to visit his hotel and pose for pictures with him.

Riegelman's campaign theme is more efficiency and sound financing in the city government.

Halley vigorously opposed increases in subway fares, rents and the city sales tax. He has fought for more public housing and better enforcement of housing laws.

### God's Plan for the Home

THE SCRIPTURES TEACH LOVE OF GOD AND OBEDIENCE TO HIS LAWS

Scripture—Genesis, 1:27-28; Deuteronomy, 6:4-9; Proverbs, 22:6; Matthew 19:5-9; Luke 10:38-43; Ephesians 5:21-33; II Timothy 1:3-7; 2:14-17.

**By NEWMAN CAMPBELL**  
THE SUBJECT of founding and maintaining happy Christian homes is even more important than was the war against alcohol, which we studied last week. It, too, is a problem as old as mankind. When we read of the ancient Israelites, we find that they, too, were confronted by domestic difficulties. Husbands and wives did not always agree; children did not always grow up to become fine, moral men and women, of whom their parents could be proud.

What do the Scriptures say regarding these things? Read Deuteronomy 6:4-9:

"Hear, O Israel: The Lord our God is one Lord.

"And these words, which I command thee this day, shall be in thine heart:

"And thou shalt teach them diligently unto thy children, and shalt talk of them when thou sittest in thine house, and when thou walkest by the way, and when thou liest down, and when thou risest up.

"And thou shalt bind them for a sign and a token, and thou shalt write them upon the doorposts of thy house, and upon thy gates.

"And when thou art in thine house, and when thou art going out, and when thou art going to bed, and when thou art rising, thou shalt say, 'Hear, O Israel: The Lord our God is one Lord.

"The Lord is one, and if love rules a home, how then can there be discord? Isn't this the ideal of the Christian home, as God planned it?

We have had the episode of the Pharisees tempting Jesus by asking Him His views on divorce in a recent lesson, but it is particularly pertinent to this lesson also. "Is it lawful for a man to put away his wife for every cause?" they asked Him. His answer was: "Have ye not read, that He which made them at the beginning made them male and female. And said, for this cause shall a man leave father and mother, and shall cleave to his wife: and they twain shall be one flesh.

"Wherefore they are no more twain, but one flesh. What therefore God hath joined together, let not man put asunder."

It is almost inconceivable that two persons who have been joined together with the solemn marriage ceremony that all religions use, can break the vows they took—frequently for trivial causes—the vow to cleave to each other in sickness and health, in riches or poverty, as long as they both shall live. Broken homes are the cause of so much tragedy.

Our Scripture readings in this lesson give us glimpses of happy homes. The one in which Jesus was a guest in Bethany was one.

their husbands and children it ceases to be a home where they can be at ease.

In writing to the Ephesians, Paul set forth his ideas for a happy home. He says, "Wives submit yourselves unto your own husbands." This does not mean that a wife should give up her own personality, we may assume. Where husband and wife love each other and have mutual respect, there is no discrepancy.

Children should obey their parents, and honor them, and fathers are told not to provoke their children. Deep mutual love and understanding in a happy Christian home would naturally lead to these conditions. God is love, and love of Him and each other must necessarily make homes happy.

Timothy, that young man on whom Paul looked as on a son, was brought up in such a home. Paul writes him that "from a child thou hast known the holy scriptures, which are able to make thee wise unto salvation through faith which is in Christ Jesus.

"All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness.

"That the man of God may be perfect, thoroughly furnished unto all good works."

It is almost inconceivable that two persons who have been joined together with the solemn marriage ceremony that all religions use, can break the vows they took—frequently for trivial causes—the vow to cleave to each other in sickness and health, in riches or poverty, as long as they both shall live. ### Democrat Claims Joint AEC Group Forced Plant Start

NEW YORK (AP)—A Democratic member said today the joint Congressional Atomic Energy Committee's prodding forced a start on a government-financed atomic power project despite Eisenhower administration advice to let private companies do it.

Rep. Hollifield (D-Calif.) said administration spokesmen proposed to the committee last summer what he called a "danger zone of inaction" in the field of peacetime uses of atomic power.

After hearings behind closed doors, he said, the committee "was unable to discover any sound basis for the proposition that if the government would step out of the atomic power picture, American industry was ready and able to pick up where the Atomic Energy Commission (AEC) left off."

Hollifield said Congress, not the executive departments, is responsible for last week's announcement that the AEC is launching the first industrial atomic power plant.

### Haymes Hearing Recessed Again

LOS ANGELES (AP)—Dick Haymes' deportation hearing has been recessed again—to Nov. 20—after a day in which he had his ups and downs, in this order:

1. Adding to his previous acknowledgement that he signed a request for draft exemption in World War II as a neutral alien, the Argentine-born crooner declared he signed another document rescinding that request about six months later.

2. Then, leaving the hearing, he was nabbed by two sheriff's detectives and was booked and finger-printed on a warrant from nearby Santa Monica Superior Court calling for his appearance there at 9:30 a.m. tomorrow. His attorney, David C. Marcus, posted \$200 cash bail.

The warrant is in connection with contempt charges by the second of his four wives, actress Joanne Dru, who claims he's behind \$2,308.71 in \$200 weekly payments for support of their three children.

### Texas Feed Grain Stocks Run Higher

AUSTIN (AP)—Texas stock of feed grains are higher than last year, and stocks of wheat hit a new record, high on Oct. 1, the U. S. Department of Agriculture reported today.

There were an estimated 33,344,000 bushels of feed grains on hand Oct. 1 compared with 19,254,000 a year ago. The estimate included only old crop carryover for corn and sorghum grain.

Current wheat stocks were estimated at almost 106,000,000 bushels, up 20 per cent over last year's at the same time.

**Lubbock Man Takes Over AFL Job Today**  
AUSTIN (AP)—Jerry R. Holloman, Lubbock, assumes his new job today as executive secretary of the State Federation of Labor (AFL). He succeeds Paul C. Spawes, who has resigned to take another job.

Holloman is a former business agent of the Lubbock Electric Workers Local 850.

**LOOK WHERE I AM!**

Kittens turn up in the oddest places. It's no wonder—for a kitten will try anything once. And sooner or later curiosity kills many a cat!

Some people have a penchant for trying anything once. Occasionally it leads them to the pinnacles of success. More often it leaves them in the depths of despair.

Neither curiosity nor daring is the highroad to happiness. Life's richest rewards are for those who choose paths tried and true . . . who seek goals which the greatest were bold to attain.

No surer paths have ever been trod than the "paths of righteousness" of which the Psalmist spoke. No higher goals were ever achieved than those Jesus Christ made his own.

The Church points the highroad to happiness for men who are willing to try Christ's Way . . . not once . . . BUT ALWAYS!

**THE CHURCH FOR ALL . . . ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

ABILENE (AP) — Nomination of three new members to the Hardin-Simmons University board of trustees has been announced by the Baptist General Convention of Texas.

The Rev. Sterling Price, Abilene, was nominated to replace the Rev. Vernon Yearby of Midland, who moved to Alaska.

Dr. Edwin L. Skiles, Abilene, was nominated to replace Dr. James L. Sullivan, who went to Nashville, Tenn., as executive secretary of the Sunday School Board of the Southern Baptist Convention.

J. E. Johnson, Temple, was nominated to fill the unexpired term of Wayne Evans, who resigned to accept a position as instructor in business administration at H-SU.

The terms of all three expire in 1954.

County Agent Ray Hastings, together with Elbert Steele, teacher of vocational agriculture in the Stanton High School and Robert Becker, teacher of vocational agriculture in the Flower Grove High School, have indicated that they will probably arrange for the dressing and freezing of the capons and other fowl going through the sale on Friday afternoon.

School authorities cheerfully agreed to the change in the days-of-the-week for the event which is being sponsored this year, for the first time, by the Martin County Chamber of Commerce. Hereafter the show and sale has been sponsored by the Stanton Lions Club. This year the Lions will assist. They've just gotten into the habit of working with that show and it's a habit they can't break.

Wiley Wise, reporter for the Big Spring High School chapter of the FFA tells us that tomorrow (Saturday) is the day for the annual area contests which will be held at the Big Spring High School and to which visitors are invited. Teams will be here from the high school chapters at Knott, Coshamo, Garden City, Big Spring, Odessa, Midland and Stanton.

The contests will include chapter conducting or parliamentary procedure; radio broadcasting and farm skills. The placings of the teams, Wiley says, will not be announced until the awards banquet which will be held at the Stanton High School (at 1:30 a plate) Tuesday evening. The chapters will also elect an FFA area sweetheart.

Last year Big Spring won the district event over Odessa by the skin-of-the-teeth margin of one point.

A chapter conducting, or parliamentary procedure, team consists of eight members. They have an opening ceremony and go through a couple of orders of business. Then comes the proper adjournment.

son's plan to reorganize the Department of Agriculture in so far as he has ordered the disbanding of the regional Soil Conservation Service offices.

A resolution to that effect, adopted by the supervisors, has been sent to Washington. The plan is to take effect Monday.

Benson takes the view that the Fort Worth regional office only duplicates services rendered by the state SCS office at Temple, and services rendered by other state headquarters offices in the region of four or five states; that this move will give the individual landowners a greater voice in the administration of the affairs of their states, and their districts, and that since soil conservation is financed at the state level it should, so far as possible, be administered at the state level, and with as little interference as possible from the Federal Government.

## Byrd Machine Fights To Elect Its Governor

By PAUL W. DUKE  
RICHMOND, Va. (AP)—The Virginia Democratic organization of Sen. Harry F. Byrd, spurred by what it regards as the first serious Republican challenge in 24 years, is fighting to keep the governorship in the party.

But this time the Republicans have put up a proven vote getter, GOP National Committeeman Theodore Roosevelt Dalton, 52, whose predominantly Democratic district keeps sending him back to the State Senate. The Republicans have written a platform that has drawn praise from some Democrats and have buckled down to a vote-hustling job unmatched since their latest big though unsuccessful effort in 1929.

A Bible Thought For Today -

If one hair of that child's head could be found humanity would build the mightiest tomb on earth to honor it. There are divine possibilities in every child. We should strive to bring out these infinite possibilities. "Ye shall find the babe wrapped in swaddling clothes, lying in a manger."—Luke 2:12.

Message To The Kids: Please Don't Spoil Halloween With Rough Stuff

Halloween falls on Saturday, a school holiday, and the kids will have all day to think up mischief to get into; so things are likely to be lively from dark to midnight or later. The prudent householder won't forget to stack his garbage cans in the garage, remove lawn furniture, put away the garden hose and otherwise remove temptations from the paths of eager youths.

**Three FFA Chapters Share Honors In District Meet**

COLORADO CITY—Future Farmers of America contest teams from the high school chapters at Colorado City, Highland and Hermleigh, divided top honors equally in the district meet held at the High School here Wednesday.

Hermleigh won first place in the senior division of the farm skill contest with a demonstration on water well pump repair and maintenance. First place in the junior division of the farm skill contest went to Highland of Nolan County with a demonstration on testing milk for butterfat.

In the radio broadcasting event, Colorado City FFA took first place with a program on the "Use of Caged Hens in Egg Production."

The contest held here was one of a series of district contests being held throughout Area II of West Texas to determine the teams to represent the various districts in the elimination contest at Big Spring on Dec. 5, according to R. E. (Bob) Post, chairman of the Lone Wolf FFA District.

The three high teams in the various contest divisions were:

Senior farm skills: Hermleigh, 1st; Highland, 2nd, and Robert Lee, 3rd.

Junior farm skills: Highland, 1st; Hermleigh, 2nd, and Lorraine, 3rd.

Radio broadcasting: Colorado City, 1st; Lorraine, 2nd, and Highland, 3rd.

Judges for the contests were vocational agriculture teachers, including E. D. Steele of Stanton, Truett Vines of Big Spring, Larry Dooley of Anson, and William Davis of Rule. Also judging were L. M. Hargrave of Texas Tech, Lubbock, and E. L. Tiner of Big Spring, area supervisor of Vocational Agriculture.

**Dr. Chapman To Address VA Staff Here On Tuesday**

Another outstanding medical speaker will lecture at the Big Spring Veterans Administration Hospital next week. He is Dr. John S. Chapman, assistant dean for graduate and post graduate education at Southwestern Medical School.

Dr. Chapman's appearance here was scheduled as part of the regular education program sponsored by the VA Hospital. It was announced by Dr. Jackson H. Friedlander, chief of professional services.

The lecture has been slated for 1 p.m. next Tuesday in the recreation hall at the hospital. Dr. Chapman will speak on "Pulmonary Infection."

Although the meeting was originally scheduled for the VA Hospital medical staff, Dr. Friedlander stated that all area doctors are welcome to attend. In fact, he hopes to see a large turn out at the lecture.

Dr. Chapman, in addition to his medical school duties, is area consultant for the Veterans Administration in diseases of the chest.
