## Pampa Girl Named Winner of National Wheatheart Contest

Miss Mary Beth Johnson, 18, daughter of Mr. and Mrs. H. J. Johnson of 2123 N. Russell, was selected Wheatheart of the Nation last night at Perryton.

Miss Johnson will leave Aug. 22 for an all-expense-paid trip to Expo '67, the Canadian National Exposition, in Toronto, Canada. She will also visit eastern Canada and Montreal.

Mr. and Mrs. Phillip Rogers, chairmen of the Wheatheart committee, will accompany her on the tour.

First runner-up for the national title was Miss Cheryl Stark of Tulsa. Second runner-up was Miss Cindy Close of Stratford. Selected by the contestants for title of Miss Congeniality was Miss Vikki Deek of Shamrock.

Twenty-seven contestants from six states appeared in the Perryton Celebration parade, attended a noon luncheon and

**MARY BETH JOHNSON**  
Named Miss Wheatheart

ed in swim suits and formals. They were judged on poise, beauty, figure and personality throughout the day by out-of-town judges.

First runner-up received a \$50 gift certificate, and second runner-up a \$25 gift certificate.

Miss Johnson, a native Pampa, was born Feb. 19, 1949. A graduate of Pampa High School this year, she will enroll in Texas Technological College in Lubbock in September. She plans to major in elementary education.

In April she was selected queen of Pampa Boat and Ski Club and was the sweetheart of Pampa Noon Lions Club this year.

The five-foot seven-inch blonde represented the Lions in the District 2-TI contest in Dumas and was one of the top 10 finalists. She has also been a semi. (See PAMPA GIRL, Page 3)

## Copters Smash Viet Hideouts

SAIGON (UPI)—A U.S. Marine task force, whirled in by helicopter, charged up jungle-covered mountain slopes Saturday in a lightning strike against the headquarters hideout of a North Vietnamese division.

Brig. Gen. Foster C. Lahue, the task force commander, hoped to overrun the command post of the North Vietnamese 2nd Division before high ranking Communist officers had a chance to escape or destroy valuable documents.

The area was 30 miles south of Da Nang and some 10 miles inland from the South China Sea.

The Leatherneck strike was part of a determined allied drive to break the back of what appears to be a new Communist campaign to capture the northern provinces with thrusts south from the Demilitarized zone and east from Laos in support of North Vietnamese and Viet Cong troops already in the area.

Sporadic sniper fire hampered the Marine drive in its early hours. Lahue said he believed that at least 2,000 Communist troops were lurking in the jungles. One helicopter was shot down by machinegun fire.

A short distance south of the new Marine sweep, U.S. paratroopers from the 101st Airborne fought their way out of an ambush laid by part of the North Vietnamese regiment they believe they have boxed in. Six Americans died and 15 were wounded before the ambushed platoon of less than 40 men managed to fight free.

Another paratroop unit in the area killed 30 North Vietnamese in a bitter jungle battle earlier in the day. There were five Americans killed.

Fighting increased in other areas of South Vietnam. And in the north American pilots flew 186 missions, the highest since 197 were flown nearly a month ago, hitting the Ben Thuy Thermal Power Plant at Vinh and truck convoys, anti-aircraft sites and bridges in the Southern panhandle.

Giant Air Force B52's, which Friday swept over North Vietnam to bomb troops reported concentrating in the vicinity of the DMZ, swept back over the A Shau Valley communist buildup in the northwest part of the nation. They poured hundreds of tons of bombs on supply points, troops, construction equipment and the 25-mile all-weather road leading in from Laos.

The New Hampshire visit will be the third this year for Romney, a leading contender for the 1968 Republican presidential nomination. Romney considers himself an underdog in New Hampshire because former Vice President Richard M. Nixon, his chief rival for the nomination, has strong backing in the state.

## Romney Planning Whirlwind Tour In Seven States

MACKINAC ISLAND, Mich. (UPI)—Gov. George Romney plans a whirlwind speaking tour this fall of seven states including at least three which have presidential primary elections, it was disclosed Saturday. After attending the National Governors' Conferences in the Virgin Islands which ends Oct. 21, Romney has tentative plans to speak in New Hampshire, Massachusetts and South Dakota—all of which have presidential primaries next year—plus Arizona, North Dakota, Vermont, Maine and perhaps Colorado.

The number of National Guardsmen called up to keep the peace in Louisiana's capital city during weekend rallies by Negro civil rights marchers and by the Ku Klux Klan was increased to 1,500 Saturday.

Maj. Gen. Erbon Wise, commander of the Louisiana Guards announced the increase. Gov. John McKeithen ordered the first 650 Guardsmen to active duty Thursday.

McKeithen warned Friday in a statewide television talk that Guardsmen could shoot if necessary to quickly stop any rioting.

The Negro marchers were near the end of a 100-mile walk from Bogalusa, La., to Baton Rouge.

Sixty-five marchers chose to come to Baton Rouge Friday by bus after a day of heckling and cursing by whites at Denham Springs.

When the Negroes stepped off Saturday in a rainstorm on the next to last leg of their march, reinforcements had brought the total up to 104.

At their head was Lincoln Lynch, associate national director of the Congress of Racial Equality.

The Saturday march route was about seven miles to a park inside the Baton Rouge municipal limits. The negroes will march Sunday from the park to the State Capitol.

## H. Rap Brown Jailed By Feds in New York

NEW YORK (UPI)—Three New York bonding companies Saturday night refused to post bail for militant Black Power advocate H. Rap Brown, jailed on charges of carrying a rifle across state lines while already under riot indictment.

Brown, who has traveled about the country exhorting fellow Negroes to "get yourself some guns," was jailed early Saturday on \$25,000 bond after he was seized by federal agents at 2 a.m. outside an apartment in the Chelsea section of New York's west side.

Local officers of the Student Non-Violent Coordinating Committee, of which Brown is head, had assured members of the organization in Cincinnati that his bail would be posted in time for him to address a meeting there at 9 p.m. Saturday.

But Jean Wiley, an international officer of SNCC, said three leading bonding companies had refused outright and others would not accept the case immediately. Miss Wiley said that more than \$9,000 had been raised for posting bond, nearly four times the amount normally required for a \$25,000 bail.

Brown was accused of carrying the rifle from New York to New Orleans, then to Atlanta and back to New York on Friday. Brown is also under federal indictment for counseling to arson in Cambridge, Md.

For carrying a rifle while under federal indictment, he could be sentenced to a maximum of five years in prison and a \$2,000 fine.

Miss Wiley said SNCC had been unable to contact any U.S. Commissioner, including Earl N. Bishop who set the high bail, "to begin court proceedings to release Brown." A spokesman for Bishop who answered his home telephone in

### 'COMPROMISE' PROPOSAL

## Council To Get New Mailbox Suggestion

Pampans may yet be able to deposit outgoing mail at the post office without parking and walking to the depositories inside the Federal Building.

Mail receptacles which had been in the center of Foster St. in front of the building were removed under an order from the Post Office Department in Washington.

There followed a flood of protests from Pampans who had found the center island depositories to be a convenience for so long.

Postal workers, however, claimed the center street depository boxes constituted traffic hazards for employees who had to cross in front of oncoming traffic to collect the mail.

As a result of efforts of the Chamber of Commerce and other civic groups to have the mail boxes replaced, the post office has come up with a compromise plan to install a mail receptacle on the Ballard St. side of the building.

The request of the postal officials to make the installation will come up for discussion by city commissioners at Tuesday's regular meeting.

Other items on the Tuesday agenda will include:

Setting a public hearing on the city's 1967-68 budget for 8:30 a.m. Tuesday, Sept. 26.

Adoption of resolution requesting the State Highway Department to appraise right of way property on U. S. 60 (Frederic and Brown Sts.) and on SH 273 (S. Cuyler and Barnes Sts.) needed for proposed improvements.

Reappointment of Dr. R. Malcolm Brown to a two-year term as city health officer.

Approve street lighting plans for Alcock St.

## Ten Men Escape In Prison Break, Eight At Large

COLUMBIA S.C. (UPI)—Ten state prison inmates used a hydraulic jack to buckle a window then crept through a utility tunnel under watchdogs Saturday to escape.

Two of the fugitives, one a convicted murderer, were recaptured a few hours after the pre-dawn break. Eight others, most of them young housebreakers and robbers labeled dangerous, were at large.

The 10 men were quartered in a ward in the Manning Correctional Institute 11 miles north of Columbia. They used the hydraulic jack to tear away an entire window, including frame and bars.

The men crept into the prison yard and down a manhole into the utility passageway. Without arousing a single guard, they stole through a boiler room and out the front gate.

The request of the postal officials to make the installation will come up for discussion by city commissioners at Tuesday's regular meeting.

Other items on the Tuesday agenda will include:

Setting a public hearing on the city's 1967-68 budget for 8:30 a.m. Tuesday, Sept. 26.

Adoption of resolution requesting the State Highway Department to appraise right of way property on U. S. 60 (Frederic and Brown Sts.) and on SH 273 (S. Cuyler and Barnes Sts.) needed for proposed improvements.

Reappointment of Dr. R. Malcolm Brown to a two-year term as city health officer.

Approve street lighting plans for Alcock St.

## Price Inspection Bill Is Approved

WASHINGTON — A meat inspection bill approved last Wednesday by the House Agriculture Committee contained a requirement introduced by Congressman Bob Price of Pampa that will apply to foreign meat imports the same inspection standards that now apply to meat and meat products produced in the United States.

Another amendment introduced by Price was first adopted by the committee and then later defeated on a "reconsideration" motion. That amendment would have required all imported meat and meat products to be labeled as "produced in and imported from a foreign nation."

Meat importers as well as U.S. meat processors objected to the labeling amendment on the grounds that it would have raised their costs.

Price said he thought it only fair to a housewife that all meats and meat products should be identified as are all other imported products. "Even now," Price contended, "meats, canned in a foreign country and imported, bear the label of origin but after a chunk of frozen meat enters this country, there is no way of knowing where it goes nor does a housewife shopping at the local market have any way of knowing whether the hamburger she buys is U.S. or foreign meat."

Price blamed pressure from Washington embassies of the major meat exporting countries as well as U.S. meat processors for the defeat of his labeling amendment.

"It is obvious," the Panhandle Congressman concluded, "that the State Department is not concerned with American consumer interests but only with the profits of foreign meat producers."

## House Subcommittee Plans To 'Spotlight' Martin Luther King

By ROBERT ALLEN and PAUL SCOTT  
WASHINGTON — Powerful leaders in Congress are rolling up their big guns for their coming confrontation with Dr. Martin Luther King.

Their Big Bertha—the contents of the FBI's file on King—has been examined and readied for firing by a house Appropriations subcommittee headed by Representative John J. Rooney, D-N.Y., a strong civil rights advocate.

Subcommittee members are now discussing with House leaders how and when this untold part of the intriguing King story should be released to the American people. This story includes details of those directing and influencing his activities.

These legislators are taking the position that King's public declaration of war on Congress leaves members no other course to throw the spotlight on some unpublicized aspects of the militant civil rights leader's life—known only to a few high officials and a handful of FBI agents.

The subcommittee members have told the house leaders, who are King's main targets, that the FBI has unimpeachable evidence including photographs showing that King is now listening to a man who is clearly more interested in destroying the U.S. than in the plight of either the Negro or the war-weary people of Vietnam.

According to these legislators the FBI has carefully documented that this adviser of King has been one of the Communist Party's biggest money raisers in this country.

The confidential FBI file, they report, cites instances of material this adviser has prepared for King's vicious attacks on Congress as "wild with racism" and describing the U.S. as

## Syracuse Has Quiet Down

SYRACUSE, N.Y. (UPI)—A partial curfew was extended in Syracuse for a third straight night Saturday, as newly appointed Police Chief John F. O'Connor studied charges of brutality made against two Negro members of his force.

The charges were given the chief at a closed door meeting at a ghetto school Friday by Crusade For Opportunity (CFO) leaders.

Police said normal operations were in effect Saturday night. The normal shift put 40 patrolmen on the streets as compared with the 226 sheriff and city personnel in the streets Friday night.

If it comes from a hardware store — We have it, Lewis Hardware.

## Viet Cong May Attempt To Wreck Vietnam Elections

WASHINGTON (UPI)—The Viet Cong are likely to engage in political assassinations and other forms of intimidation in an effort to disrupt the upcoming South Vietnam elections, U.S. officials said Saturday.

The officials, reviewing the course of the election campaign which concludes with balloting Sept. 3, said there was every indication that the Viet Cong throughout South Vietnam have been given instructions to derail election procedures by terroristic tactics.

These indications have come to attention in U.S. circles both from radio broadcasts and interviews with Viet Cong defectors.

However, the officials said they were hopeful the South Vietnamese government would be able to counter this subversion more effectively than during the April-June balloting for village councils and hamlet chiefs.

During those elections, about 30 political candidates were assassinated by the Viet Cong out of a total of 13,000 elected.

The officials also noted that terroristic incidents increased very markedly during the last four or five days before the Sept. 11, 1966, elections for a constituent assembly which has drafted South Vietnam's new constitution.

The September election this year is for a president and vice president under this constitution and 60 members of the South Vietnamese senate.

### IN VIETNAM

## Exchange Student Thinks U.S. Should 'Get Tough'

By WANDA MAE HUFF  
Staff Writer

Dieter Umbach, Pampa's first foreign exchange student, has returned for a visit after 16 years and believes he speaks for other West Germans in stating "America is going to lose face if she continues to play at fighting the Vietnam war."

"We want the Americans to get tougher with the Communists. To me, the only good Communist is a dead one, because they can't be trusted to keep their word at any bargaining table," Umbach said yesterday.

Umbach and his wife Margitta are visiting here with Dr. and Mrs. T. J. Wright 1334 Williston. Umbach said he and other West Germans feared Vietnam would "become three Vietnam

instead of two" if America continues to try talking down the Communists.

"There is no purpose to talking with the Communists. You have been doing that since World War II. The only result you've gotten is to divide countries, and that's no solution at all. It only brings on more trouble," he said.

Umbach was born near the Demarcation line between eastern and western Germany. He and his wife are permitted only once a year for a four-week period to visit her parents, who are still in eastern Germany.

"We and your new exchange student, Mario Zoratti from Italy, know what it is like to live near Communism and we would become three Vietnam

EXCHANGE STUDENT VISITS 'SECOND HOME' — Mr. and Mrs. Dieter Umbach, left, visited yesterday on the patio of Dr. and Mrs. T. J. Wright's home, 1334 Williston, with Dr. and Mrs. Wright and Mario Zoratti, from Italy, Pampa's current foreign exchange student. Umbach, Pampa's first foreign exchange student, studied here in 1951 and 1952 and lived with Dr. and Mrs. Wright. He and his wife have returned for a brief visit and will return home to West Germany before school starts.

## Hoskins Admits Bizarre Murder Plot Fabricated

ST. CLOUD, Minn. (UPI)—A church deacon and gospel singer has admitted shooting his wife, setting the fire in which his four children perished, and then tying up his own wounded body in an attempt to transfer blame, authorities said Saturday.

Farmer David Hoskins, 30, signed a statement admitting his report of being bound and shot by five or six intruders who "wanted to play soldier" was a hoax, Sheriff Peter Lahr said.

However, Lahr said the former army helicopter pilot assisted the deaths of his children were accidental.

Lahr said Hoskins' statement of shooting his wife, Loretta, 29, with a .22-caliber rifle and then shooting himself in the chest and abdomen with the bolt action weapon.

"After wounding himself with the death weapon and setting the fire, he tied himself to an outdoor clothesline pole, and only then realized his children were in the burning house," Lahr said.

Lahr said Hoskins' statement indicated the Minnesota National Guard warrant officer tried to free himself and save the children but became entangled in the clothes line and was unable to work free.

**Price Supports Bill For Teacher Tax Deductions**  
WASHINGTON (SPL) A bill to allow teachers to deduct costs of educational expenses was introduced in the House by Congressman Bob Price last week.

Price joined other Republicans in co-sponsoring the measure which, he said, was needed because of constantly rising education costs and would be an incentive for a teacher to further his or her education and in turn, upgrade our educational system.

Price said adjustments made by the Internal Revenue Service are not enough and that presently, education expenses must be itemized with other deductions and, together, exceed the amount of standard deduction. "Also," Price added, present regulations do not include

### Red Cross News

By LIBBY SHOTWELL  
Executive Secretary

After the disastrous holocaust on July 29 aboard the American aircraft U. S. S. Forrestal, hundreds of anxious families called Red Cross chapters throughout the country to seek information regarding sons and husbands aboard the ship.

Many chapters made contact with the Services to Military Families staff at Midwestern Area for about 60 hours after the disaster. The Pampa chapter was no exception and we were in contact with the Bureau of Naval Personnel in Washington, D. C. during the days we were waiting to hear from Jay Wells. Our sincere sympathy goes to the family regarding the death of this young man. Chapters are urged to register the next of kin to the person requesting information about relatives so that as facts become available they can be provided. This would apply to other disasters, including such international catastrophes as the Venezuela earthquake which struck the same weekend.

Open dates are available for the showing of an hour-long film, "View from Geneva," produced by the Canadian Broadcasting Company for the International Red Cross. The film is outstanding for orientation, or school educational films. Any one interested in showing the film should call the Red Cross office and it will be reserved free of charge.

We are sorry to receive word expenses for education which will qualify a teacher for a new trade, position, business or specialty.

Deductible expenses in the bill would also include basic traveling expenses.

Those receiving junior life saving cards were: Debbie Young, Janet Black, Chrissy Laycock, Maura Rowan, and Julie Johnson. Greig Blake, Borger and Pat Homer Pampa received Senior Life Saving cards. Those who passed their swimmer and Jr. and senior Life Saving tests may purchase emblems to wear on swim suits at the Red Cross office.

The following received swimmer cards: Mary Marsh, Nancy Scherlen, from Borger, and Jenny Druham, Borger.

## Administrators' College Accepts Bill Robertson

Bill W. Robertson, Highland General Hospital administrator, will be accepted as member of the American College of Hospital Administrators today in Chicago.

Robertson will not be able to attend, but will be accepted on the basis of completing the college's membership requirements.

To qualify for membership, a person must have a minimum of five years experience as a hospital administrator, serve two years as a nominee and complete an eight-hour test on hospital administration and related health fields.

Robertson was administrative assistant at Northwest Texas Hospital in Amarillo four years, and has been administrator here since 1962. He completed his tests in May in Houston.

The college has almost 7,000 members in the United States and Canada. The administrators will meet for their 33rd convocation ceremony today with Peter B. Terenzio, ACHA president and executive vice president of Roosevelt Hospital in New York City, presiding.

The ACHA annual meeting is held in conjunction with the American Hospital Association convention.

## Salvation Army Replacement Here

Capt. and Mrs. Jesse Duncan were due to arrive in Pampa today to take charge of the local headquarters of the Salvation Army. Capt. Duncan had been stationed in the Oak Cliff Salvation Army post in Dallas.

Capt. and Mrs. Robert Tritton, who were commanders of the local Salvation Army headquarters for the past two years, have moved to Atlanta, Ga., where Capt. Tritton will be an instructor at the Army's school for officers.

**Released On Bond**  
Bond of \$500 was set by Justice of peace Ed Anderson Friday for a 47-year-old LeFors woman.

According to a Pampa police report Dorothy Pierce Smith was arrested by officer C. L. Wallace and charged with driving while intoxicated.

## Obituaries

**Mark McClelland**  
Funeral services for Mark McClelland, 14, son of Mr. and Mrs. Henry McClelland of 2205 Aspen, will be held at 11 a.m. Monday at Harvester and Mary Ellen Church of Christ. The minister, Guy V. Caskey, will officiate. Burial will be in Fairview Cemetery directed by Carmichael-Whaley Funeral Directors.

## Huff Trial Will Start August 28 In Miami Court

The robbery trial of Ernest (Rusty) Huff and his wife, Mrs. Wanda Ruth (Carver) Huff, is slated to start Aug. 28 in Miami, in Roberts County. The two are under Roberts County grand jury indictments in the March 3 robbery of \$19,014 from First State Bank, Miami.

Except for brief periods, the two have been in Gray County jail here since they were arrested by Panhandle area law officers on the Pete Leslie Ranch 14 miles northeast of Pampa the same day of the robbery.

Mrs. Huff was jailed a week in Wheeler County Jail in Wheeler before she was brought to Pampa.

Huff is also under indictment for attempting to murder Hemphill County Sheriff Jim Cloyd in a gunfight with law officers on the Leslie ranch. Huff, wounded in the gun fight, was hospitalized about four weeks in the Veterans' Administration Hospital in Amarillo, until he attempted to escape and was brought to Gray County jail.

The two are under indictment of car theft from Preston Poole, a Halliburton Co. employe, and are alleged to have taken the car in an escape attempt after the robbery.

The trial, slated to start Aug. 28, was first postponed in May after defense attorney John Warner stated he would try his case on Huff's sanity now and at the time of the offense. J. A. Martindale is Mrs. Huff's attorney.

District Attorney Bill Waters requested a psychiatrist examination for Huff which was given by an Amarillo psychiatrist.

The second postponement was granted in June because the case was not yet ready for trial.

**Thomas B. (Tibby) Rogers III**, 13, was injured when the jeep in which they were riding hit a ditch on private property and overturned. The accident happened before noon Friday.

Highland General Hospital authorities listed the Rogers youth in good condition Saturday. Highway Patrolman Paul Geiser investigated, but said because the accident was on private property, no official investigation was required.

The accident occurred in a pasture on the T. B. Rogers Jr. farm and ranch about a mile northeast of Recreation Park.

The McClelland youth was a seventh grade student in Robert E. Lee Junior High School. He was a member of Mary Ellen and Harvester Church of Christ and Boy Scout Troop 80.

He was born Dec. 5, 1952, in Pampa. Survivors include his parents and his grandmother, Mrs. Bill Anderson of Elk City, Okla.

Pallbearers will be Doc Cornutt, Jimmy Cornutt, Dick Taylor, Mike Pursley, Lee Waters and Mike Edminster.

Honorary pallbearers will be Richard Foran, Tommy Foran, Dick Bailey, Chip Taylor, Richard Edminster, Bill Campbell, Dudley Warner, Steve Waters, Roy Shaves, Jeff Hogan, David Hall, Marshall Gambin, Burton Turner, Keith Bonner, Donnie Cain, Danny Hill, Daniel Taylor, and Troop 30.

**AEC Invites Bids For Construction At Pantex Plant**  
The Atomic Energy Commission will invite bids about Sept. 15 from small business firms only for a construction project at its Pantex Plant. The plant is operated for the Commission by the Maso & Hanger-Silas Co., Inc. Bids are scheduled to be opened at the Commission's Amarillo area office, Oct. 11.

The project, estimated to cost from \$300,000 to \$350,000 will include construction of a chemistry laboratory building, rehabilitation of a portion of an existing building as a ramp entrance, construction of an enclosed connecting ramp, relocation and rehabilitation of an existing solvent storage building, entrance revisions into an existing building, site improvements and utilities.

Work is to be completed within 240 calendar days after the contractor, to whom the bid is awarded, is asked to proceed.

## Pollution Bill May Help Water At Buffalo Lake

A four-point program to eliminate or minimize water pollution health hazards at Buffalo Lake was recommended in a report just released to Congressman Bob Price of Pampa by the Texas State Department of Health and the U. S. Public Health Service.

Price said the joint interim report by the two agencies found that after heavy rains there does exist a health hazard in Buffalo Lake due to flushing of bacteriological contaminants into the lake.

Possible sources of contaminants were listed as those within the refuge such as direct runoff, wastes from ducks and geese during the water-fowl use season and waste from people using the lake.

Conclusion of the report was that the lake was contaminated with high concentrations of coliform following heavy rainfall runoff during mid-June and also following runoff from rains on July 2.

The major portion of the contamination is believed to have come from the watershed outside the refuge and carried to Buffalo Lake by the high runoff in Tierra Elnaca Creek.

The investigators stated they believed the situation can be improved by better water pollution control practices on the watershed, especially those of man-made sources.

## Brown

(Continued From Page 1) Brooklyn said the Commissioner would be in upstate New York all weekend and could not be reached until Monday.

"We are thus convinced in the light of recent events that there is a definite conspiracy to illegally keep Ray Brown in prison," she said. The New York SNCC office would remain open all night Saturday, she said "to accept contributions toward raising the entire \$25,000 cash bail."

State license, health inspected, modernly equipped. Doctors certificate required. 208 W. Browning.

## Six Youths Win in 4-H County Rodeo

Six Pampa youths placed in the Moore County 4-H Youth Rodeo Friday in Dumas with two Pampa youths winning first place trophies.

Erenda Winters, daughter of Mr. and Mrs. John Winters, took first in boat race. Ted Reeves, son of Mr. and Mrs. Alvin Reeves, won first in ribbon roping.

Second place winners were Miss Winters in barrel race; Willis Price, break-away calf roping; Reeves, goat tying; Jane Price, barrel race and pole bending.

Third place winners named were Miss Winters, pole bending; Price, wild cow milking; and Mary Price, barrel race, pole bending and goat tying.

Cindy Horton, daughter of Mr. and Mrs. Robert Horton, won fifth place ribbon in pole bending and sixth place ribbon in barrel race.

Parents of other youths named were Mr. and Mrs. W. D. Price Jr., parents of Jane, Mary and Willis Price.

First, second and third place trophies and ribbons up to sixth place were awarded.

## Miami Girl Given Emergency Aid At Local Hospital

A young Miami girl, Ellen Huff, was being given emergency treatment in Worley Hospital late Saturday night after swallowing poison at her farm home near Miami.

The girl, about 16, and her mother, Mrs. Evelyn Huff, were on their way to Pampa to the hospital about 9:45 p.m. Saturday when they were stopped by the highway patrol who escorted them to the hospital.

According to one of the patrolmen the girl's mother told them her daughter had said at first she had swallowed arsenic but later said it was rat poisoning.

A stomach pump was used and the girl then was admitted to the hospital for observation.

There are nearly 800 species and subspecies of the parrot family, which includes cockatoos, macaws and parakeets.

## Exchange

(Continued From Page 1) worry, because we don't want to see it spread to any other countries," Umbach said.

Before the wall was built, marking the demarcation line in Germany, Mrs. Umbach obtained a passport to West Germany in 1961 on the assurance she would return. Instead she started to work in West Germany as a pharmacist and never went back.

"Christmas, 1964, was the first time she was able to see her parents again. Since then, we've been back each year and each time, we have to exchange our West German marks for East German money, which is less valuable. If we don't give the exchange money, we don't get in to see her parents," Umbach explained.

After graduation from high school, Umbach joined the West German customs service for five years. He then studied at a Teachers' Academy and became an elementary school teacher.

For four years, he has taught fifth and sixth graders in a small village, Oberdollendorf, near Bonn.

Mrs. Umbach was trained at a pharmacist academy in Leipzig in Eastern Germany for two years. This is her first visit to the United States and Umbach's second.

## Hereford Breeder Banquet Set For Thursday Night

The annual summer banquet of The Top o' Texas Hereford Breeders Association will be held in Pampa at 8 p.m. Thursday in the Coronado Inn.

The program will feature a talk by Jake Hess of McLean on new trends in the beef cattle business along with other entertainment features.

Special door prizes from the farm and ranch will be drawn at the conclusion of the program.

The public is invited to attend and reservations may be made by calling the Chamber of Commerce office at MO 4-3241.

Gordon Whitener, of Wheeler, is president of the association.

## Fruit Market Loses Cash, Merchandise

Approximately \$37.65 in merchandise and cash was reported stolen from Bell Fruit Market between 10:30 p.m. Friday and 8:15 a.m. Saturday, according to a Pampa police report.

J. D. Bell, owner of the market, 607 S. Cuyler reported the burglary.

# Week In Review

**By JIM C. BAIDEN**  
**By United Press International**

American fighter-bombers swooped low over a giant bridge spanning North Vietnam's Ky Chung river, released their bombs and zoomed back into the sky. "We got it! It's down!" radioed Navy Cmdr. Gene Tissot of Chino, Calif.

Tissot and his fellow pilots had just carried the Vietnam war to within 10 miles of Communist China, knocking out—at least temporarily—a bridge described by American officials as a key supply link between Red China and North Vietnam. A second bridge within a mile of the first was knocked out in air raids the next day.

The step in the air war—with the personal approval of President Johnson—was aimed at cutting the major flow of war material to North Vietnam from Red China. Previously, American planes had struck no closer than 30 miles from China.

In Vietnam, the civilian presidential candidates in the election of Sept. 3 got off on a delayed and curtailed campaign tour. They charged last week the tour had been sabotaged by the ruling military junta, which has a ticket in the race. Junta spokesmen denied the charge.

**Around the world.**  
Washington: George Romney, Republican governor of Michigan, said during appearances in Washington that he believes the Republicans will make peace a major issue in the 1968 presidential campaign.

Washington: The Senate voted 48 to 45 to rescind the Defense Department's authority to sell arms to developing countries which use the Export-Import Bank for easy loans.

**Glacier National Park, Mont.**  
Bears killed two 19-year-old girls and seriously mauled a 18-year-old boy in Glacier National Park in two separate attacks that occurred the same night as the victims were camping out with friends at locations about 20 miles apart.

**Shell Lake, Sask.**  
A miller came to the remote farm home during the night Monday and methodically shot and killed Peterson, his wife and seven of their eight children at home. Phyllis Peterson, 4, the only survivor of the terrible night, said she saw a stranger in their house before the killings, but authorities did not rule out the possibility that the killer was a neighbor.

## Income Tax Questions, Answers

**EDITOR'S NOTE** — This column of questions and answers on federal tax matters is provided by the Pampa office of the U. S. Internal Revenue Service and is published by the Pampa News as a public service to taxpayers. The column answers questions most frequently asked.

**Q** — I'm being asked for my social security number by my savings bank. What do they need it for?

**A** — All payers of dividends and interest are required by law to report payments amounting to \$10 or more a year to IRS. The law further requires these payments to be identified by the social security number of the recipient.

**Q** — When is the next installment due of my estimated tax?

**A** — The next quarterly estimated tax payment is due Sept. 15.

**Q** — My former husband gives me \$25 a week for the support of our two children. Who gets to claim them?

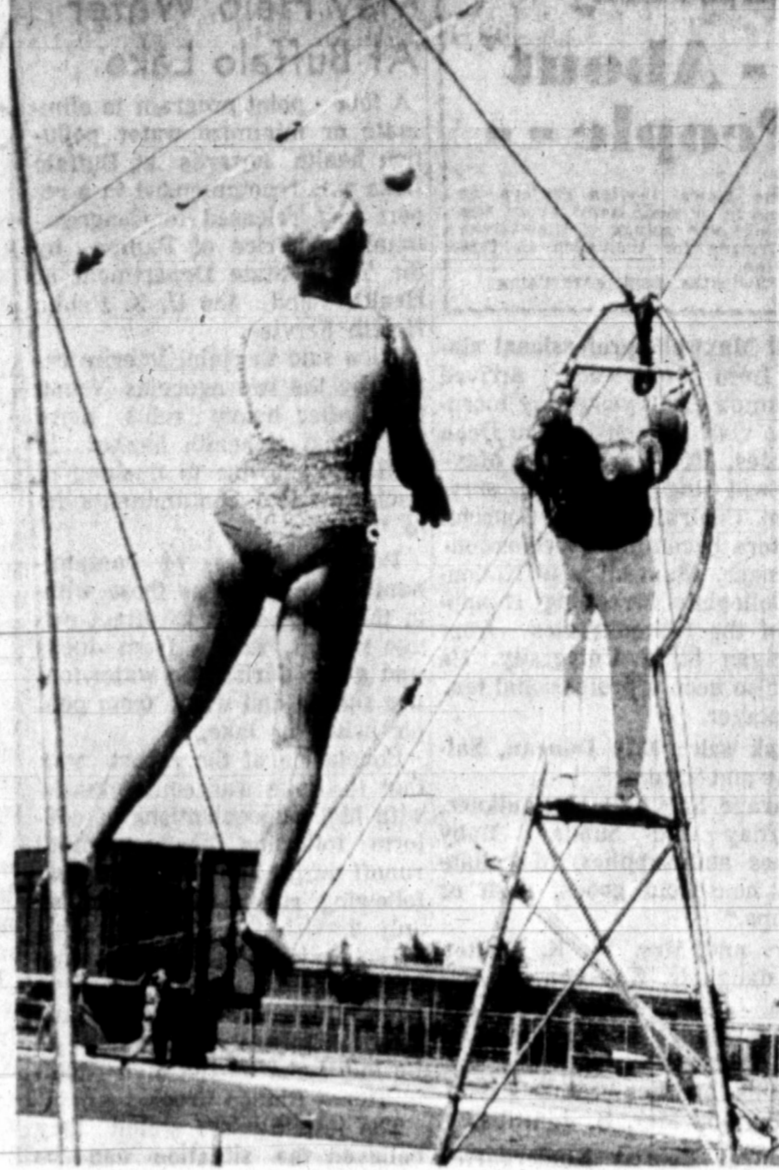

**A** — If your divorce agreement specifies \$25 a week for the two children, then the payments will be applied equally to each child. In that case, you or your former husband would claim one or both children depending on which you provided more than half their separate support.

**Q** — How do I have to get my highway use tax return in?

**A** — Those liable for the use tax on highway motor vehicles must file Form 2290 by Aug. 13.

**Q** — My neighbor told me I could take a two-cent credit for every gallon of gas I use in my motor boat. Is that right?

**A** — Yes. A credit of two cents for each gallon of gasoline you use in operating a motor boat, airplane or power lawn mower may be taken when you file your income tax return.

**BY THE SKIN OF HIS TEETH** — Senorita Juanita Martinez juggles while balancing on a slack wire held in the teeth of her husband, Chico. The Martinez will be one of the 30 acts to be seen at the Pampa Shrine Circus to be held Wednesday, Aug. 23, at the Top 'O' Texas Rodeo Grounds. There will be two performances, a matinee at 4 p.m. and evening show at 8 p.m.

## Progress Is Made On Border Dam

**WASHINGTON (UPI)** — Construction on Amistad Dam, being built jointly by the United States and Mexico, should be completed in the spring of 1969, and water storage started in the summer of 1968, Rep. Eligio de la Garza, D-Tex., said Wednesday.

The dam was 73 per cent finished, de la Garza said. The U.S. had completed 67 per cent of its share of the work on the dam, located near Del Rio, Tex. on the Rio Grande. He said work allocated to Mexico was 84 per cent complete.

Most of the work remaining to be done on both sides of the dam involves placement of concrete, de la Garza said.

## Foreign Commentary

**By PHIL NEWSOM**  
**UPI Foreign News Analyst**

When the time comes to write the full story of Moise-Kapenda Tshombe, it might well be entitled "The Man with Nine Lives."

The story must also include the history of the Congo's first six years of independence for the two are inseparably intertwined in a maze of black African political intrigue, violence and high finance.

The story is not yet ended, although it might well have been on many occasions before. And unlikely as it seems, Tshombe might go on to play still another role in the Congo.

For Tshombe combines with his love of Homburg hats, silk shirts, the European way of living and the dramatic, a remarkable flair for survival.

All these elements and more make up the latest chapter in his life story. For this time, it took a war to save him.

**Ironical Fact**

There was irony in the fact his betrayal by a supposed friend, and his subsequent incarceration in an Algerian jail should fall on the anniversary of Congolese independence, July 1, 1960.

And the fact events subsequent to the war in the Mideast combined at least to delay his return to the Congo to face the death sentence provided an international flavor worthy even of Tshombe.

The radical Arab and African states bear no love for Tshombe and there seemed little to delay his quick removal to the Congo when the Algerian Supreme Court ruled in favor of the Congo's request for extradition.

What did delay it was the fact that on formal occasions, pinned to his uniform, Congolese President Gen. Joseph D. Mobutu wears the badge of an Israeli paratrooper. An Israeli military mission is helping train Mobutu's troops and Mobutu has made several parachute jumps under Israeli instruction.

There was the further fact that Mobutu is receiving \$50 million annual aid from the United States and U.S. C130 air transports are flying special missions for him in his attempt to wipe out rebel Katanges troops and white mercenaries who currently hold the resort town of Bukavu and move at will through the eastern Congo.

Tshombe became a pawn in an international game: Tshombe in exchange for a Congolese renunciation of Israeli and U.S. friendship.

## Astrological Forecast

**By CAROL R. RIGHTER**

**FOR SUNDAY, AUG. 20**

**GENERAL TENDENCIES:** A Sunday day and evening — when you are all too apt to have a chip on your shoulder or to get in the way of others that do and some dispute to bring anger, could follow unless you make a point to studiously disregard any discussion of what-soever. By so doing, you improve relations. If you do not, you are more likely to have a chip on your shoulder or to get in the way of others that do and some dispute to bring anger, could follow unless you make a point to studiously disregard any discussion of what-soever.

**TAURUS (Apr. 20 to May 20)** — You are a fine fellow when you are all too apt to have a chip on your shoulder or to get in the way of others that do and some dispute to bring anger, could follow unless you make a point to studiously disregard any discussion of what-soever.

**GEMINI (May 21 to June 21)** — You must act quickly on whatever comes up that a high-up expects from you. Delay could lose you profits, down your reputation. Permit him to comment over some review project you have in mind. Good criticism is helpful. Make this a practical Sunday.

**SCORPIO (Oct. 23 to Nov. 21)** — Doing whatever will delight others and give them an opportunity to smile more is better than being too demanding. Find a better way to have your life. The truth could come from reading your paper well.

**LIBRA (Sept. 23 to Oct. 23)** — It is important you take the time and trouble to do what kin desire of you and restore harmony within the home. Rid yourself of whatever is obsolete. Then you can advance very well and quickly.

**CAPRICORN (Dec. 22 to Jan. 20)** — It would be better to plan that little trip for another day, since this is apt to be rather a strange day and evening. Keep pretty much at philosophical studies, the with people you know very well, admire.

**ARIES (Mar. 21 to Apr. 19)** — You have to think along expansive lines if you plan for a continuous abundance in the days ahead. Property or equipment, investment, plan for this. Get busy with facts and figures, be accurate.

**PISCES (Feb. 20 to Mar. 20)** — Self-

## Selective Service Answers

**Q** — I have completed three years of college and have earned 75 per cent of the units required for my degree, but my class standing is very low. Can I be deferred for my senior year?

**A** — Yes. You must be classified in II-S (college student) if you are full-time and satisfactory. Class standing does not matter any more.

**Q** — I've heard that the deferment of graduate students in medicine, dentistry, veterinary medicine, osteopathy, and optometry is now mandatory. Is that right?

**A** — Yes, if the student is satisfactory in his studies.

**Q** — Who gets classified in Class I?

**A** — A man who takes the Armed Forces physical and mental examination and is not found qualified for service, but could be later if Congress declared war or national emergency.

Okfenokee is an Indian name meaning "land of the trembling earth."

Alaska's Katmai National Monument covers 2,697,590 acres.

**R<sub>x</sub>** This Pharmacy Is Devoted To Better Health

## New Books on Shelves At Public Library

New books on the shelves of Lovett Memorial Library August 21, 1967 are:

"Night Falls on the City" — Sarah Gaiman; set in Vienna during the years 1939-1945, this novel encompasses the world of the internationally famous Eurgtheatre and a group of Austrian actors, actresses, aristocrats, politicians and journalists.

"The Company She Kept" — Doris Grumbach; the fact and fiction about the controversial author of "The Group" with sixteen pages of marvelous photographs from Mary McCarthy's own collection.

"The Old Man Dies" — Georges Simenon; with the depth that characterizes his most recent work of "The Little Saint," Simenon paints an arresting picture of a segment of Parisian life about to disappear.

"Dear Abby on Marriage" — Abigail Van Buren; in the witty and wise manner that has made her famous, Abby takes a fresh look at American marriage and produces as engaging and informative a "how not to" book as has ever been written.

"The Paste-Pot Man" — Edwin Lanham; a serious book which reads like a detective story, concerning a typical Texan

in Paris in the 1920's. It is a portrayal of, and a probing into, the themes of identity and personality.

"Portrait of the Assassin" — Congressman Gerald R. Ford; the only book by a member of the Warren Commission, describing not so much the well-known facts that tragic event as the motives, emotions, human problems and personal failures that ended in the death of the President.

"Brothers in Arms" — Hans Hellmut Kirst; lucid and funny; but also a sardonic portrait of the Germany that survived the war.

"Great Lawmen of the West" — Carl Breihan; portraits of nine lawmen who cleaned up a frontier that was changing shape and reading itself for nationhood, and who made their own brand of history.

# Mick's a Long Way From Being Through

By MILTON RICHMAN  
NEW YORK (UPI)—Mickey Mantle wasn't moved at all by the crackling piece of news.

Someone broke it to him in the clubhouse before the first game of Friday night's double header between the Yankees and Twins, informing Mantle this would be still another milestone for him.

It was to be his 108th game of the season, or exactly as many as he played all last year.

"I've played in a lot more

than I thought I would," said the 35-year-old ex-outfielder continuing to wrap his legs and thighs in those thick, chocolate-colored bandages he uses all the time. "It proves first base worked out good for me."

**Bandaged Legs**

Mickey grew silent a moment as he put on his white sanitary stockings over the bandages, his dark blue baseball socks over those and then taped up the whole business two inches below each knee. "I haven't done too well,"

he said, breaking the silence. "I'd like to have hit .300 but it doesn't look like I'm gonna make it."

"He's 46 points shy, in fact. 'Also, I always try to get a hundred runs batted in but it looks like those days are over for me.'"

He's 56 behind that total. "I said I'd like to get 30 homers, too," he went on. "I guess I got a chance at that."

Mantle leads the Yankees with 20 homers.

While he was talking, the visiting team's clubhouse man

came in with a glistening new baseball wrapped in tissue paper. He wanted Mickey to autograph it.

"It's for Cal Ermer's two kids," said the man doing the errand for Minnesota's new manager. "Their names are Mike and David."

Mantle reached for the ball and autographed it to Mike and David.

Then he talked about the season some more and about how disappointed he was over his .254 batting average.

"Nobody likes to look bad in

front of people," he said. "No matter how long you play, you still think about the game when you go home every night. You try to figure out why you went 0-for-4 or 0-for-5."

Mickey, who went 1-for-2 in Friday night's opener and did not start the finale, shook his head in a gesture which could have been either bafflement or dismay.

"I'll tell you what buys me more than anything else," he suddenly volunteered. "The thing that does is when

someone comes up to me and asks me when I'm gonna quit. That tees me off. A guy came to me yesterday and said, 'When are you gonna retire?' He said he interviewed me two years ago and at that time I told him I was gonna play two more years."

"Well," he says to me, "Here it is two years later, and I wanna know when you are gonna retire?"

"I told him I couldn't retire now if I wanted to. I don't know what to say that. I just did, that's all. I told

him I couldn't afford to retire now anyway. All the mines are closed down."

Mickey smiled at his own joke.

It had to be a joke because he certainly has no intention of ever working in a mine.

What he plans to do is finish this season, rest his aching bones during the winter and come back again next year.

Mickey Mantle loves what he's doing even though he is not doing it as well as he'd like. It would kill him to quit,

## Texans Tumble Favored Sooners In Oil Bowl

WICHITA FALLS, Tex. (UPI)—A couple of last minute additions to the Texas team won the heroes' banners after the squad's 21-8 victory Friday night over Oklahoma's high school grid standouts in the Oil Bowl.

One was Rocky Self of San Antonio MacArthur, picked as a reserve quarterback after highly touted Jim Sheffield of Houston Waltrip could not make it because of an injury.

The other was tackle Don Mooney of San Marcus, a last minute replacement for Randy Stout, San Angelo's All America tackle, another injury casualty.

"Looking back, I wouldn't have it any other way," winning coach Gil Steinke of Texas A&I said after the game.

Self ran for 48 yards and passed for 209 during the contest, accounting for all three touchdowns scored by Texas. Mooney, whom Steinke described as "the best high school lineman I ever saw," spent all night in the Oklahoma back field, making sure the Sooners did not pose any threat to the scoreboard.

Oklahoma went into the game a one touchdown favorite because of its potent offensive backfield that included two All-Americans and because of the presence of Lawton's Danny Hardaway, an ace pass receiver.

Mooney and Plano's Kenneth Davis especially, in the whole Texas defensive line in general stopped both of those threats from the start. They held Oklahoma to only one first down and minus 29 yards rushing the first half, and only 22 yards rushing the entire game.

They put such a rush on Oklahoma quarterback Wayne Ward of Talihina and Dale Holt of Enid that they seldom had an opportunity to look for their fleet corps of ends and halfbacks rushing down field.

Bobby Nichols, Tulsa Edison's All-American halfback, gave Oklahoma its only score by taking a short pass from Holt and cutting through 20 yards of Texas traffic for pay dirt.

One long distance pass, 64 yards from Ward to Tulsa Hale's Forb Phillips, put the Sooners on the Texas 8, but the defense buckled up and stopped them on downs.

Texas jumped to a 2-0 lead on a safety early in the second quarter. With the line of scrimmage at the Oklahoma 18, Davis chased halfback John Murphy of Midwest City into the endzone and nail him for two points.

Later in the quarter, Self got with Beaumont South Park's Dwight "Spider" Harrison on a 49-yard touchdown pass play, with nearly all of it in the air.

The Texans then sealed the verdict with a touchdown in each of the last two stanzas. First Self plunged across from three yards out, then he hit Raynard Manning, of Wichita Falls Washington, on a three yard scoring pass.

It was the 17th victory for Texas in its 22 game series with Oklahoma in the Oil Bowl.

# Minnesota Ups League Lead

## Broncos Down Vikings 14-9

By United Press International  
The mile-high Denver Broncos have sent National Football League pride plummeting below sea level for the second time in two weeks.

The Broncos, one of the lowliest teams in the young American Football League, knocked off a favored NFL team once again Friday night, beating the Minnesota Vikings 14-9 and evening the record between the two leagues in exhibition play at 2-2.

Denver also posted the AFL's only other victory in inter-league play, a 13-7 triumph over the Detroit Lions two weeks ago.

## Chisox Lose Ground As Rain Halts Game

WASHINGTON (UPI)—Jim Nash and Roberto Rodriguez combined to pitch a three-hitter Saturday and give the Kansas City Athletics a 5-1 victory over the Washington Senators in a game held to 8 2-3 innings by rain.

Self ran for 48 yards and passed for 209 during the contest, accounting for all three touchdowns scored by Texas. Mooney, whom Steinke described as "the best high school lineman I ever saw," spent all night in the Oklahoma back field, making sure the Sooners did not pose any threat to the scoreboard.

Oklahoma went into the game a one touchdown favorite because of its potent offensive backfield that included two All-Americans and because of the presence of Lawton's Danny Hardaway, an ace pass receiver.

Mooney and Plano's Kenneth Davis especially, in the whole Texas defensive line in general stopped both of those threats from the start. They held Oklahoma to only one first down and minus 29 yards rushing the first half, and only 22 yards rushing the entire game.

They put such a rush on Oklahoma quarterback Wayne Ward of Talihina and Dale Holt of Enid that they seldom had an opportunity to look for their fleet corps of ends and halfbacks rushing down field.

Bobby Nichols, Tulsa Edison's All-American halfback, gave Oklahoma its only score by taking a short pass from Holt and cutting through 20 yards of Texas traffic for pay dirt.

One long distance pass, 64 yards from Ward to Tulsa Hale's Forb Phillips, put the Sooners on the Texas 8, but the defense buckled up and stopped them on downs.

Texas jumped to a 2-0 lead on a safety early in the second quarter. With the line of scrimmage at the Oklahoma 18, Davis chased halfback John Murphy of Midwest City into the endzone and nail him for two points.

The Texans then sealed the verdict with a touchdown in each of the last two stanzas. First Self plunged across from three yards out, then he hit Raynard Manning, of Wichita Falls Washington, on a three yard scoring pass.

It was the 17th victory for Texas in its 22 game series with Oklahoma in the Oil Bowl.

LOOKING THINGS OVER are three Pampa golfers who teed off today in the 18-hole Pancel Golf Tournament at Celanese golf course. From left Gene James, Earl (hole-in-one) Davis and Leroy Kretzmeier.

## Easy Marks

The Broncos, who finished in the AFL Western Division cellar last season with a 4-10 mark and lost their opening exhibition game to the second-year Miami Dolphins before finding an easy mark in the NFL, gave Steve Tensi acquired from the San in a Denver uniform and the tall quarterback put on quite a show in setting up both Bronco touchdowns.

Tensi passed 54 yards to split end Eric Crabtree in the second quarter and rookie halfback Floyd Little scored the first TD from one yard out. A 40-yard toss from Tensi to Crabtree set up a one-yard TD plunge by Cookie Gilchrist in the third period.

Tensi, acquired from the San Diego Chargers during the week, replaced starter Max Chobanian in the second period after he was unable to generate a first down.

In the only other game played Friday night, the world cham-

## Green Bay Packers bludgeoned the Chicago Bears 18-0

The Packers harrassed the Chicago quarterbacks, intercepting two passes and throwing Jack Concannon for a safety in the third quarter.

Linebacker Ray Nitzsche set up the Packers' only touchdown when he intercepted a pass on Chicago's 38 and returned it five yards. Jim Grabowski capped the brief drive with a one-yard scoring plunge. Don Chandler accounted for the other Green Bay scoring with field goals of 37, 45 and 28 yards.

Two more inter league games highlight Saturday's schedule. The Eagles meet the AFL New York Jets in Cincinnati, site of the 10th American League franchise to begin play next season.

## IN HARTFORD OPEN

# Texan Dill Leads by 1

HARTFORD, Conn. (UPI)—Terry Dill, a tall Texan who never has won a tournament in his five years on the tour, eased into a one-stroke lead Saturday after the third round of the \$100,000 Greater Hartford Open with a two-under-par 69.

His 54-hole total was 203, 10-under-par.

The 28-year-old pro, who learned the game in Mulshoe, Tex., collected four birdies on a round that saw him pull two strokes ahead of the field at one point, only to bogey the 54th yard, par-five 16th and barely miss a 12 foot birdie putt on the 427-yard, par-four 16th.

The superstitious Dill still shied from going to the press tent at the 6,568-yard Dethersfield Country Club despite his third-round lead. He has said that when he is playing well in a tournament and stops at the tent, he inevitably blows up the next day.

He told newsmen near the 18th green, "I'll talk to you tomorrow. In fact I'll stay till midnight if you want me to."

Five others finished a stroke behind Dill at 204 in the race for the \$20,000 first prize. They were second-round leader Dave Hill, Dan Sikes, Doug Ford, Dave Marr and Dudley Wysong.

Hill, who started the day with a two-stroke lead after a spectacular second round 61, could manage only an even-par 71 Saturday. The charging Sikes, who was four strokes back as the round began, banged in five birdies, three on the back side, and had but one bogey on his way to a 67.

Marr, the popular former PGA champion, also had five birdies in shooting a 67. He was one-under for the round after three birdies coming home.

Ford, who says he is playing his best golf in years, was one-over after the front nine but came on with three birdies on

## Twins 1, Yanks 0

NEW YORK (UPI)—Dave Boswell pitched a three-hitter and the Minnesota Twins took advantage of a mental misplay by second baseman Horace Clarke to score the only run of the game in the seventh inning Saturday, edging the New York Yankees 1-0.

## Tribe 5, Tigers 0

DETROIT (UPI)—John O'Donoghue pitched a one-hitter, retiring the last 23 men in order, and Duke Sims belted a three-run homer to spark a five-run third inning rally Saturday that gave the Cleveland Indians a 5-0 victory over the Detroit Tigers.

## Giants 3, Reds 1

SAN FRANCISCO (UPI)—Vada Pinson's two-run homer in the first inning and some clutch relief pitching in the ninth by Ted Abernathy enabled the Cincinnati Reds to defeat the San Francisco Giants Saturday, 3-1.

## Bosox 12, Cal. 11

BOSTON (UPI)—Carl Yastremski's two-run homer and Norm Siebern's three-run pinch-hit Saturday paced the Boston Red Sox to a 12-11 victory over the late rallying California Angels.

## Cubs 6, Phils 1

PHILADELPHIA (UPI)—The Chicago Cubs used a pair of unearned runs in the fifth inning and a three-run rally in the ninth Saturday to defeat the Philadelphia Phillies 6-1 behind the five-hit pitching of Rich Nye.

## A's 5, Sens 1

WASHINGTON (UPI)—Jim Nash and Roberto Rodriguez combined to pitch a three-hitter Saturday and give the Kansas City Athletics a 5-1 victory over the Washington Senators in a game held to 8 2-3 innings by rain.

## Rain Stalls Chisox

CHICAGO (UPI)—The game between the Chicago White Sox and the Baltimore Orioles was postponed Saturday because of rain and tentatively rescheduled for Monday night Sept. 11 in Chicago.

## Bucs 6, Mets 5

PITTSBURGH (UPI)—Willie Stargel knocked the ball out of catcher John Sullivan's glove in the seventh inning Saturday night and scored the winning run as the Pittsburgh Pirates defeated the New York Mets 6-5.

## Randy Upset

VIAGREGGIO, ITALY (UPI)—World's Champion shotputter Randy Matson suffered his third defeat of the year Saturday when Oregon's Neil Steinhauer won the shot event with a throw of 65.8 while Matson got off a throw of 65.5.

The two were competing in a triangular meet between Italy, the U. S. and Spain.

## Cards 7, Astros 4

HOUSTON (UPI)—Curt Flood went four for five scoring three runs and driving in another, as the St. Louis Cardinals defeated Houston 7-4 Saturday night and stretched their winning streak to eight games, longest in the National League this season.

Righthander Dick Hughes won his 12th game, tops on the Cardinals staff by scattering eight hits including two solo homers by Rusty Staub and one by Doug Rader.

The league-leading Cards have now posted a 22-4 record since July 25 when they were tied for first place with the Chicago Cubs. They lead by 1 1/2 games over second place Cincinnati.

**Horan Resigns From Lefors Coaching Job**

LEFORS—Applications are being taken by Superintendent of Schools, Jerrel Julian, for a head coach at Lefors Junior High.

Julian announced Saturday that John Horan, junior high football, basketball and summer track coach had resigned, effective immediately.

Horan, who had been at Lefors for the past two seasons, had accepted the head coaching job at Erick, Okla.

HIGH FLYER is Perryton's Mike Hargrove, a three-year letterman who will be the Ranger quarterback when Pampa journey's to Perryton for the season opener Sept. 8. Hargrove was a defensive starter last season.

## NFL, AFL Okay Minor Contracts

DALLAS (UPI)—Both the National and American Football Leagues have officially recognized player contracts with the Texas Football League and other minor grid circuits, Texas League Commissioner George Schepps said Saturday.

Schepps said he had a letter from NFL Commissioner Pete Rozelle and a copy of the resolution adopted by both major leagues in which they will honor minor league contracts and negotiate for player services.

Rozelle's letter, Schepps said, points out that each minor league club may submit to the NFL and AFL by Sept. 15 each year the price for which it would be willing to sell players under contract or option.

Should a major league team become interested in a minor league player it will now be mandatory for it to negotiate with the minor league owner.

Schepps said that the policy was now in effect to the extent disciplinary action may be taken by commissioners of any of the leagues.

"This move by the major leagues gives the Texas Football League the full recognition that we both deserve and desire," Schepps said.

PARTNERS AL BEMILLER, left, and Roland McDole of the Buffalo Bills have opened a building company to occupy their time in the off season. Right now, though, they're getting in shape for the coming football season.

# More Daylight, More Injuries

AUSTIN (UPI)—Daylight savings time, the practice of giving sunbathers more time to bake by turning the clock up an hour—has caused new worries for heat-conscious football coaches. Many coaches feel the dangers of heat exhaustion and cramps have increased due to DST, and are scheduling summer workouts later to combat it. But, their chief concern is for September, when practice ses-

sions are governed by the clock and school bells. Most schools use the last period of the day for athletics. That would mean football practice would start about 230 p.m. cdt. That would have been 1:30 p.m. est last year, or during the hottest part of the day. Get out Earlier "School will start earlier and get out earlier," R. J. Kidd of the University Interscholastic

League, said. "Everything is tied around time. That's going to mean more heat and more sunlight." Coach Steve Shaver of Del Valle, whose team began workouts Monday with the rest of the state's schools under Class AAAA, said there is nothing to do but be careful. Coach Darrell Royal and his Texas Longhorns staff are scientifically figuring ways to beat the problem before workouts

start. Stan Burnham of the staff said the teams will probably have to work "late in the afternoon" because "it is too hot for us now." Texas has been very conscious of the problems of heat exhaustion for years, and Royal schedules a water break every 30 minutes during the first week of workouts. Dr. Rhea Williams of the University Interscholastic League

said he does not feel daylight time will cause any extra problems. He pointed out the teams have almost a month to get ready to play and coaches don't need to drive the boys to get them in shape in a short period of time. But, the league, High School Coaches Association and Texas Medical Association still have an intensive educational campaign to keep coaches advised of the dangers of overheating athletes.

## Cassius, Bride On Honeymoon

CHICAGO (UPI) — Deposed heavyweight champion Cassius Clay, 25, today was honeymooning with his 17-year-old bride, Belinda, who is also a Black Muslim. Clay, who faces a five-year prison term for draft evasion, was married for the second time Friday in a ceremony as swift as one of his left jabs. It was presided over by a Baptist minister in Clay's home and combined with rites of the Muslim and Christian faiths, and was carried out so quickly his parents couldn't arrive from Louisville, Ky., in time. The wedding included only members of the bride's family and close friends. Clay and the former Belinda Boyd, educated at the University of Islam, had taken out a marriage license Thursday. They hinted then they probably would marry this weekend; Clay's mother said she had thought the wedding would be Sunday. Sources close to Clay said the couple would go away this weekend, possibly to Honolulu. The former champion, the sources said, wanted to go to Europe but cannot because his appeal on the draft conviction is pending. "I am very happy and proud to be married," a chubbier Clay said as reception guests nibbled sandwiches and sipped fruit juices. There were no alcoholic beverages, in keeping with Muslim religion. The ceremony was performed by Dr. Morris H. Tynes. The bride wore a floor-length white silk dress with a lace train. Clay wore a black silk suit. Herber Muhammad, Clay's manager and best man, said the newlyweds met before Clay married model Sonji Roi in August, 1964. Belinda and Clay became romantically interested in each other about a year ago.

## Hooks & Slices

By MARTIN REEVES  
Pampa C. C. Asst. Pro  
The "Top of Texas" golf tournament is just around the corner and with it comes excitement, activity, happiness, in some cases and sorrow in others. The course is in the best possible shape for this outstanding amateur event. Why, we had so much grass this year we even had to mow the roughs in most places. Now that my friends is just some of that out of the ordinary stuff.

Our clubhouse remodeling is just about finished, and may I add that the job looks as if it has been well done. It is to be completed for the "Top of Texas" tournament and looks like it will be. Can you imagine a husband making as rash a statement to his wife as one of our members did? A certain left-handed golfer told his wife that if she broke 50 for a 9 hole round within 6 months from the time I started giving her lessons that he would buy her a new set of golf clubs. Guess what? Thursday the lady came out and carved a fine 49 out of the front nine. Now I wouldn't mention any names — but just ask Mrs. Bruce Scott how it feels to break 50 for the first time.

Short Notes: Max Webb just made a hole-in-one on No. 5, the 7th hole-in-one this year at the Country Club and the 3rd on No. 5. Congratulations Max on a real rare accomplishment. The other members of the foursome were Bill Ellis, Paul Wallace and R. G. McCarthy. Coyle "Chief" or is it "Chef" Winborn knocked the white pill around in 74 strokes, pretty good round for "The Big Man."

Clarence Ward was the only Pampa contestant to win his flight in the recent seniors tournament in Borger. Nice going Mr. Ward. Pat Peerles broke 50 for the first time Thursday with a 49. Congratulations. Elmer Wilson continued his hot handling of the golf clubs with a par-matching round of 71. It's too late Elmer, you r handicap is no more. Dallas Bowsher shot 85 Thursday with rounds of 41-44. And last but not least Jim Enloe fired an 81. Not bad for a "gas" man.

There are receivers aplenty although last year's tight end, Preston Carpenter, was cut early in camp. Veterans Paul Flatley and Jim "Red" Phillips from Los Angeles, is a proven Marlin McKeever, obtained have sparked this summer and tight end. Four-year backup man Ron Vanderkelen, two-year reserve Bob Berry, and John Hankinson, who was with the Des Moines minor league team last season, are competing hotly for starting quarterback, open Bill Brown, apro bowl-caliber fullback, is a dangerous runner and receiver and a crunching blocker. But halfback Tommy Mason was traded and reserve Phil King retired. Dave Osborn, a three-year man has impressed in camp with his eagerness, willingness to hit and increased savvy.

## FROM BAYLOR TO OILERS

# Trull, Elkins Must Click

HOUSTON (UPI)—If quarterback Don Trull and flanker Lawrence Elkins play catch this season with the abandon they did at Baylor in 1963, the Houston Oilers may well gain altitude in the American Football League. But regardless of Elkins, the ultimate success or failure of the Oilers, who finished last in 1966, is likely to depend on the way Trull handles the quarterbacking job he inherited with the departure of George Blanda.

Trull and Elkins formed one of the outstanding passing combinations in college football when they led the Baylor Bears to a second place finish in the Southwest Conference. But Trull spent most of the last three seasons on the bench while Blanda ran the club.

Elkins, on the other hand, has established himself as the No. 1 flanker on the squad. He is no longer bothered by the aftermath of a knee operation, which made him somewhat unsure of himself at the beginning of last season.

"He's got his confidence back. He's been hit on it several times and feels fine," said John Breen, an Oiler vice president.

The flanker position draws still more attention, aside from the fact that Elkins plays it. At present, his understudy is Ode Burrell, who used to be a halfback and who may be one again if he experiment fails to produce the desired results. "Whether he can make the transition we don't know yet," Breen said. "But we know he can play halfback."

As it is, the offensive halfback perhaps, than Sid Blanks or Woodie Campbell can offer. The Oilers have an abundance of fullbacks, with Hoyle Granger foremost backed by Roy Hopkins, Charley Tolar and Eddie Edwards.

One problem confronting the Oilers is finding a tight end to replace Bob McLead, who retired. Bob Poole has been playing the position, but may not continue to do so once the season starts.

However, the consensus in the Oiler front office is that the club should be better than it was in 1966 when it won three games and lost 11. Houston and

The line will be bolstered also by the presence of rookie guard Tom Regner, formerly of Notre Dame, who joined the team late because he played in the college all-star game. Ereen thinks Regner will improve the offense simply by putting pressure on the guards who are ahead of him.

## Vikings Look For New Look

MINNEAPOLIS (UPI) — Although scheduled squad cuts have not yet begun, it's already clear that this year's edition of the Minnesota Vikings will have a new look. Thirteen veterans, seven of whom played often last year including two-thirds of the "million dollar backfield," were traded, released, or retired. One of the most promising groups of rookies in the club's history reported to training camp at Mankato, Minn., although four of the "blue chips" will not appear until Saturday.

Halfback Clinton Jones, defensive lineman Alan Page, end Gene Washington and running back-receiver Bob Grim were on the college all-star team that played the Green Bay Packers Friday night. And the nearly all-new coaching staff, headed by Bud Grant, may evaluate players differently than did the Norm Van Brocklin regime.

# New Pitch Helps Bell, Bosox Stay Close

By United Press International  
The "stinger" was really buzzing at Fenway Park Friday night as its proud new owner, Gary Bell, was making his first experiment one to remember. The 30-year-old righthander held the California Angels hitless through the first 6-1-3 innings before giving up a home run to Jimmie Hall as the Red Sox kept in the thick of the tight American League pennant

race with a 3-2 victory. It was Bell's first triumph in almost a month but most of the credit goes to teammate Lee Stange, nicknamed "Stinger". Stange gave Bell a tip on how to throw the slider and Bell didn't waste anytime trying out the new pitch. Bell retired the first 11 men he faced and by the time Hall smashed his first of two homers with one out in the seventh, the

Red Sox had built a 3-0 lead. Bell had superb control, walking only one while striking out five. "I owe the whole game to Lee. He gave me an old pitch—one that had never worked for me. He showed me how to throw the hard slider and after trying it while warming up I decided to give it a go during the game. Whenever I got in trouble I went to the "stinger," Bell said.

For Bell the no-hitter was not the important thing. It was winning the game, his first since July 23, and doing it with his new pitch the "stinger." Elsewhere in the American League, Minnesota edged New York 4-3 after losing the first game of their doubleheader 1-0, Chicago split with Baltimore, taking the opener 3-1 and dropping the nightcap 8-2. Washington nipped Kansas City

7-6 and Detroit shutout Cleveland 4-0. Bell also chipped in with his bat as he drove in the winning run in the game with a sixth inning single and added a double. Tony Conigliaro was struck in the face with a pitched ball in the fourth inning and was carried from the field. The star Boston outfielder suffered a fractured cheek bone

and will be sidelined about three weeks. Rich Reese's pinch-homer in the ninth inning enabled the first place Twins to salvage a split after the Yankees took the opener behind Steve Barber's six-hit pitching. Curt Blefary's three-run homer in the ninth paced the Orioles after Pete Ward's disputed homer in the first game led the White Sox to

victory. Tim Cullen smashed a three-run homer with one out in the ninth inning to give the Senators a come from behind triumph over the Athletics. Eddie Mathews, making his American League debut, drove in a run during a four-run second inning that sparked the Tigers to victory. The game was halted after 4½ innings because of rain.

NOT ELUSIVE ENOUGH was this teen-age fan of the Atlanta Braves. After intruding on the baseball field, he tried some tricky football maneuvers to escape capture but was cornered and corralled by the striped-shirted park attendants.

# Cards Make Runaway Of National League

By United Press International  
Julian Javier hates to hit in the Astrodome and the Houston league. "This is the worst park in the league," Javier complained Friday night, "I hate to hit in

there. the Astrodome, it's hard to follow a pitch up high at the shoulder level." But the St. Louis Cardinals'

CHANGING HIS PACE is Stirling Moss, former British racing great. Moss is more used to Grand Prix cars than he is to go-carts. But he figured he'd try it anyway.

second baseman had little trouble with a hanging curve from Mike Cuellar.

He hit it for a two-run homer that climaxed a three-run 4th inning and propelled the league-leading Cardinals to a 5-3 victory over the Astros.

The Cards, leading the league by 1½ games, have now posted a 19-4 record since July 25 when they were tied for first place with the Chicago Cubs. The Cards seem to be on the verge of putting together one of the finest closing records in baseball history.

Javier is playing one of the key roles in the Cardinal surge. "I've had better years average-wise," Javier admitted, "but for getting the big hit, this has been my best season."

Despite his complaints about the Astrodome, Javier's blow provided the winning margin Friday night as Steve Carlton pitched a six-hitter although he was tagged for three runs.

Even though he claims it's hard to follow the ball well in the Astrodome, Javier explained his homer off the lefthander Cuellar: "I can follow pitches from a lefthander here but not from a righthander."

The Cards won't care how he follows pitches if he keeps hitting like that. Elsewhere in the National League, Chicago edged Philadel-

phia 3-1, Los Angeles whipped Atlanta 5-1, San Francisco beat Cincinnati 3-1 and Pittsburgh whipped New York 7-2.

Jim Ellis picked up his first major league victory as the Cubs topped the Phils although he needed relief help from Chuck Hartenstein in the seventh. Glenn Beckert knocked in two runs with a single and infield out and scored the Cubs' third one on Don Kessinger's single.

Jay Alou, who had four singles, knocked in two runs and scored the third as the Giants topped the Reds. Ray Sadecki pitched a six-hitter to boost his record to 5-4.

Lou Johnson homered in his first two trips to the plate to lead the Dodgers over the Braves. Al Ferrara chipped in with a two-run single and scored the Dodgers' other run in the game. Don Drysdale pitched a seven-hitter to post his first victory since July 15 and gain his ninth triumph against 12 losses.

Bob Veale boosted his record to 14-5 as the Pirates beat the Mets. Willie Stargell became the first player to clear the 83-foot Forbes Field rightfield roof twice in one season in the fifth inning. Only eight other players have turned the trick and Eddie Mathews and Bob Skinner did it twice but in different seasons.

## LOSS TO PACKERS HURT

### Stram Impatient Man

KANSAS CITY, Mo. (UPI)—Coach Hank Stram is an impatient man. The eagerness to start anew has been gnawing at Stram like a nightmare since that January Sunday in Los Angeles when his Kansas City Chiefs ran into the Green Bay Packers.

AFL. They lead in total points, yardage, first downs, touchdowns (both passing and rushing), pass completion percentage, and average gain (both passing and rushing). New Formation Figuring in the picture is a new formation Stram calls "the Tight End L." The tight end lines up directly behind the quarterback and can shift to either side of the line or remain where he is. The coach says this will create indecision on the part of the defense and reduce the opponent's reaction time. Kansas City will again have Lt. Dawson leading the attack Dawson, called "the most accurate passer in pro football"

by Stram, topped the league in passing last year with 56 per cent accuracy, 26 touchdown passes and an average gain of 8.9 yards. Mike Garrett, the electrifying running back for the Chiefs, will be trying for the No. 1 rushing spot in the league after finishing his rookie year in second place. Heading the list of receivers is flanker Otis Taylor, one of the best long bomb threats. Last year Taylor had the best average gain per reception and was third in total receptions. Fine Depth But quality doesn't end there. Veteran split end Chris Burford tied Taylor in total receptions. Curtis McClinton is a solid fullback and an outstanding receiver and tight end Fred Arbanas is rated as one of the best blocking ends in the AFL. The front line, headed by tackles Jim Tyrer (295) and Ed Budde (260), is one of the biggest in the business. While the offense was tops last year, the defense has come under some strong criticism, especially after the Super Bowl defeat. Despite critics, the defensive unit was the league's second best in points allowed (276). The defensive line is headed by Buck Buchanan, a tremendous pass rusher who last year knocked down 12 passes. At the safety positions are Bobby Hunt and Johnny Robinson who last year topped the league with 10 interceptions each. Stram figures the Chiefs to be a strong threat again this year.

## Harness Racer A Millionaire

NEW YORK (UPI)—Eddie Arcaro, who was earning a million dollars booting home winners on the nation's thoroughbred tracks, once defined a millionaire as a person who sleeps late in the morning and wears silk pajamas. Stanley Dancer, Arcaro's counterpart in harness racing, may be a millionaire or close to it but he neither sleeps late nor wears silk pajamas. In fact, there is probably little difference between Stanley Dancer's daily chores today and when he first appeared on the Roosevelt Raceway scene in 1948, an unknown, untried country boy, who slept on the floor in the tack rooms of the Westbury, N.Y. track. At home or on the road, Stanley is up at 6:30 a.m. to inspect his more than 50 horses, train and work them. After that, he is usually off in his Beechcraft Queenair-65, which he pilots himself for driving assignments all over the nation. Many Winning Races The 40-year-old Dancer's horses have earned more than \$9,000,000. Last season they banked a world record \$1,218,403. In 1964 his drives earned \$1,511,538 to lead the ranks and he topped the money earners in 1961 and 1962 with \$671,236 and \$764,406. Stanley has paced the Roosevelt driving standings six times—1955, 1959, 1960, 1961, 1962 and 1964, twice as many as any other driver in the 27-year-old history of the track. He won the famed \$100,000 Roosevelt International in the sulky behind Su Mac Lad in 1961 and 1963.

# The Pampa Daily News

A Watchful Newspaper  
EVER STRIVING FOR THE TOP O' TEXAS  
TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license, nor anarchy. It is control and sovereignty of oneself. No more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

## License to Loot

The word passed quickly. The Detroit looters realized instantly that it would take hours to recall off-duty police not scheduled for early Sunday morning duty.

In Newark, New Jersey, a moving van moved slowly through the riot-torn streets, stopped before a furniture store. The back doors were opened, chains were uncoiled and attached to the iron gratings protecting the display windows. The truck lurched forward-tearing the gratings from the building front. Quickly the plate glass windows were smashed and men systematically filled the moving van with furniture and drove away, unmolested.

Down the street a corner liquor store which had served the neighborhood for a quarter century was invaded. Before night's end a quiet, elderly couple who had no enemies in the town was wiped out. Every bottle in the building was carried out. Then the light fixtures hanging from the ceiling. Finally, the shelves themselves.

In midtown New York City, marauding youths stormed a fashionable men's clothing store on Fifth Avenue. The prize loot: men's sweaters priced in the \$50 range. Who took them? Men wearing \$50 sweat-

ers they had bought in the same store weeks earlier.

These were the looters. One might fill this entire newspaper with authenticated cases. In some instances the looters carried expensive transistor radios which had been professionally improved with a special attachment which permitted the owner to hear all police-band radio calls.

There comes to mind a disaster which struck many years ago when a river ran wild. It was an "Act of God." Not man. The National Guard was moved in, and the first order from the Governor's office was: "Looters will be shot on sight."

There was no exception. There were no conditions. Age, sex, color mattered not. From childhood it has always seemed that this was, indeed, the law of the land. For what crime could be more despicable than to carry off the property of those already the victims of disaster. And how much more despicable to cause the disaster and then loot!

No governor, to our knowledge, has issued any such order concerning looters. And until one governor does, and others follow suit, cities large and small in every one of the 50 States will be looted.

## Just Ten Years Ago

In Washington, they're getting ready to print 6 cent postage stamps and before you can stick out your tongue to lick the stamp it's going to cost you that to mail a first class letter.

That shakes us a bit because a recent rummage for something in the back of a desk drawer turned up a letter bearing a first class mail stamp priced at 3 cents. Know what the date on the stamp was? 1957.

Yes sir. "Coast and Geodetic Survey" it says in dark blue ink, "1907-1957" and across the bottom of the stamp: "U. S. Postage - 3 cents."

In ten years the price of a first class mail stamp will have gone from 3 cents to 6 cents. And frankly, if the service were twice as good as it was ten years ago, it would still be a national disgrace. In some European cities you can order your groceries by mail in the morning have them delivered to your house in the afternoon. If you tried that in a major city in this country you'd be so weak from starvation that you would not be able to cross the room to open the door when the delivery boy finally showed up.

Somehow, Congress has always been able to move faster than the mail deliverers. Postal rates and the national debt ceiling get a preferential treatment that reminds one of the gallery at a tennis match. A bill to increase either files in a file

door and Congress returns it with the speed of a tennis ball, ready for printing into law. You can scarcely turn your head fast enough to see it happen.

At the current rates (current while this is being written, that is) there is said to be a profit of more than a hundred million dollars on the handling of first class mail in this country. On air mail, which is scheduled to be increased from 8 to 9 cents per letter, there is a profit of more than fifty million dollars each year.

It costs more than that to deliver, free, Communist propaganda and blackmail threats to refugees from Iron Curtain countries resident in this country. The delivery is free because the postage stamps glued on the envelopes were bought in Communist countries and Uncle Sam doesn't realize a dime for the service of delivering tons of the stuff every week of the year.

And another thing: since there appears to be no relationship whatsoever between profit and loss in establishing stamp prices, why doesn't somebody in the Post Office Department who can multiply by two a bill down and figure out a price that would deliver an air mail letter for exactly twice the price of a first class letter. Think of the man hours and printing bills that would save.

## Was Ist Das?

Aquanuts may have to start calling themselves "Usterwas-sermenschen." A group of scientists has discovered that German is easier to understand underwater than any other language.

Divers have experienced difficulty communicating underwater because the special oxygen-helium air mixture they breathe drastically alters their voices. Though the helium prevents the dreaded bends, caused when the nitrogen in ordinary air bubbles in the bloodstream

at deep-sea pressures, it is too light to vibrate the vocal chords fully.

The result is that divers talk in high-pitched, squeaky voices like Alvin the Chipmunk.

Now French and German scientists at the German Institute for Space Research in Bad Godesberg have found that the phonetic structure of German makes that language carry more distinctly under these conditions.

Wissenschaftliches Unterwasseruntersuchungs-corps, anyone?

## A Grim Diagnosis

Like a fever thermometer, the cost of living index continues to indicate the presence of a virus in the U.S. economic system. That virus is inflation, and there is no cure for it except a strong dose of reform in the high-living habits of government.

There is talk of a substantial tax increase to help offset a deficit in the federal budget that some have estimated as

high as \$25 billion for the fiscal year that began July 1. But, a tax increase will not cure the virus of inflation nor curb the harassing monthly increases in living costs until people one day realize that the annual decline in the value of the dollar cannot stretch on into infinity with prices continuing to move inexorably upward.

At some point, there must be control of government spending

by Butler Shaffer

## FACTS BEHIND THE RIOTS

In the face of a fantastic amount of legislation and bureaucratic activity over the last few years, the incredible suggestion has been made that the recent Negro rioting was caused by the "failure of Congress to pass a Rat Control Bill."

It has also been asserted that "Negro rioting was caused by poverty" and by the "low income received by Negroes." This worn-out concept ought to be put in proper perspective: in 1959 the average income for Negro males in Michigan was \$3,768. This average was MORE than the average incomes for WHITE males in the following states, in that same year: Virginia (\$3,758), North Carolina (\$3,040), South Carolina (\$3,224), Georgia (\$3,420), Kentucky (\$2,938), Tennessee (\$2,939), Alabama (\$3,409), Mississippi (\$2,796), Arkansas (\$2,553), Oklahoma (\$3,489), Texas (\$3,756). This \$3,768 for Michigan Negroes compares quite well with the average income for white males in Florida (\$3,769) and Missouri (\$3,863) as well. (Figures were available for only about twenty-five states.)

In comparing the situation with that of other people in the world, it will immediately be seen that the American Negro earns much more than the average person in the world. In fact, in a study in U.S. News and World Report in 1963, it was pointed out that the per capita income for Negroes in the United States was \$1,100 for the year 1960. (It should be remembered, too, that this figure is much higher in industrial centers such as Detroit and Newark.) This study then showed how this \$1,100 figure compared with the per capita income for ALL persons in foreign countries in 1960: Great Britain (\$1,100), West Germany (\$1,003), France (\$960), Norway (\$960), Russia (\$800), Italy (\$510), Japan (\$350), Mexico (\$300), Philippines (\$200) and India (\$60).

Far from wallowing in poverty, the average American Negro enjoys a standard of living over TWICE that of the average Italian, over THREE TIMES that of the average Japanese, and as good as, or better than, the majority of European people. If poverty IS the cause of rioting, then why do we not see Londoners shooting it out with one another? Why do we not observe Parisians burning and looting stores? Why do we not hear cries of "burn, baby, burn" emanating from Rome, Frankfurt, or Liverpool?

No, the explanation for murder, looting, fire-bombing beatings, and the like, goes far beyond such superficial explanations as "Rat Control Bills" the American Negro has been rapidly IMPROVING his lot over the years, and if poverty were the cause, we should have expected generalized rioting forty and fifty years ago. As was pointed out in the book "The Negro Challenge to the Business Community," edited by Eli Ginzberg, "the individual income for Negroes went up 54 per cent from 1950 to 1960; for families it went up 73 per cent. In 1961, 20 per cent of all Negro families made more than \$6,000, as compared to 4 per cent in 1945.

The study by U. S. News and World Report confirms this showing that the median salary for white men in the U. S. went up 375 per cent between 1939 and 1961, while that of Negro men rose 555 per cent.

The explanation for this outbreak of violence goes beyond social and economic conditions, right back to men's basic values. Such behavior is the natural consequence of the gradual deterioration of property rights we have been experiencing these past decades. When men are continually told that "property rights are not absolute," and that "your desires take precedence over another man's property rights," the consequences should not be surprising. When politicians seek to attract the support of "low income" persons by promising them a share of another man's earnings, it does not take long for men to get the idea that everything is there for the taking. All that is needed is a little outside agitation.

Those who truly seek to understand the nature of these riots would do well to examine the philosophic values currently in vogue in America, for therein lie the seeds which are bearing fruit in the streets of city after city across this land.

Men always act on the basis of their deepest philosophic convictions, and those who will not heed the truth of this concept can prepare themselves for the harvest of disorder which promises to mar the future of our nation.

## If America Were Overrun By Armed Enemies-

## Pull Up A Chair

By FRANK JAY MARKEY

The new \$10 million Air Force Museum at Wright - Patterson Field, Dayton, Ohio, promises to be one of the world's most unusual buildings when completed. Located on a 200-acre site, it will soar 130 feet in the air, be 700 feet across at its open end and will run 580 feet on each side. This spectacular structure, designed by the noted architect Saarinen, will look like a giant hangar. It will have 350,000 square feet of shelter space for its priceless exhibits of aircraft dating back to 1909 and continuing to the present. The early models will be completely protected from weather in the enclosed part of the building, but the later models will be displayed in an "outdoor" setting under a giant canopy. Visitors will be able to see the entire exhibit from enclosed areas or they may walk around the open displays. Public interest in the museum is so great that \$3 million of the total cost was easily raised through private subscription.

Today's smile: One college boy was telling a girl the other: "My girl friend is a twin." "Really," said the other, "how can you tell them apart?" "That is easy," said the first one. "Her brother is built differently."

August was once called "Sex-tills" since it was the sixth month from March with which the ancient Roman year used to open. It was changed to Augustus in compliment to the Roman emperor of the same name because he considered it his "lucky month." Besides he was all-powerful and could arrange such matters as changing the name of a month very easily. July, of course was named for another Caesar, Julius. As things have turned out, it was a good way for those early Roman emperors to perpetuate their names and they cashed in on it.

Thoughts while shaving: They think big and do things in a big way in Australia. Nine years ago they decided to build an opera house in Sydney, the hometown of Nellie Melba, the most famous of all operatic stars. The cost was estimated at \$8 million. To date it has cost \$50 million and it won't be finished for three years. Now no one wants to guess what its total cost will be. That's really thinking big. The word "ivories" has many meanings: dice and keys of the piano, billiard balls, dominoes and even teeth. . . . "Battle royal" is usually

applied to any contest in which a number of participants are engaged as individuals, rather than as a team. In other words, every man for himself. It originated in England more than a century ago when sporting gentlemen would pit several fighting cocks in a pit and would place wagers on the one that would survive. The rarest coin ever minted by Uncle Sam is a \$50 gold piece issued in 1877. Only two are known to exist and they are at the Smithsonian Institution, Washington, D.C. Each is valued at \$100,000. . . . Ever hear of Anandras Halyalkar? Well, he earned a measure of fame a couple of years ago by riding a bicycle on a cycle track in Bombay, India, for 125 hours. . . . Another fame seeker is Bob Quesnel of Welch, W. Va., who set a world's record by drumming for more than 100 hours. We'll bet after the first hour his family and neighbors wished he would "beat it" and they didn't mean his drum either. . . . The San Francisco (Calif.) CHRONICLE reported in a story: "He was identified from police photographs." That is proof enough he was a gentleman.

Country Editor speaking: "Although peace does not prevail throughout the world there are still folks who hope for it."

## Backstage Washington

President Proposes to Bolster Program in Congress By Series of Radio-TV Reports to Nation

PAUL SCOTT

WASHINGTON — President Johnson is planning to deliver a series of fireside TV-radio chats to the nation. Scheduled to begin before Labor Day, the broadcasts from the White House will be used to rally public support for the administration's stalled domestic legislative program for the cities and its beleaguered Vietnam war strategy.

The President, taking a page from the political notebook of the late Franklin D. Roosevelt, is counting on these personal pep talks to bolster his sagging popularity, now at an all-time low according to the latest national polls.

Details of these and other future political plans of the President were made known this week to Democratic congressional leaders when they appeared to the White House for help to get the administration's legislative program "moving again" in Congress.

In their frank backstage discussions, the House and Senate leaders prodded the President into action by telling him that his program and, in particular, his call for more taxes, will need all the support he can personally muster to pass Congress at this session.

Speaker John McCormack, D-Mass., reported that the climate in Congress has, if anything, hardened against Great Society programs in the wake of racial riots. If there is to be action, he warned, it will require personal leadership by the President.

applied to any contest in which a number of participants are engaged as individuals, rather than as a team. In other words, every man for himself. It originated in England more than a century ago when sporting gentlemen would pit several fighting cocks in a pit and would place wagers on the one that would survive. The rarest coin ever minted by Uncle Sam is a \$50 gold piece issued in 1877. Only two are known to exist and they are at the Smithsonian Institution, Washington, D.C. Each is valued at \$100,000. . . . Ever hear of Anandras Halyalkar? Well, he earned a measure of fame a couple of years ago by riding a bicycle on a cycle track in Bombay, India, for 125 hours. . . . Another fame seeker is Bob Quesnel of Welch, W. Va., who set a world's record by drumming for more than 100 hours. We'll bet after the first hour his family and neighbors wished he would "beat it" and they didn't mean his drum either. . . . The San Francisco (Calif.) CHRONICLE reported in a story: "He was identified from police photographs." That is proof enough he was a gentleman.

Country Editor speaking: "Although peace does not prevail throughout the world there are still folks who hope for it."

Other Democratic leaders stressed this need, pointing out that Vice President Humphrey, assigned to push the administration's legislative proposals, had temporarily at least, rendered himself useless on Capitol Hill by his public criticism of Congress.

THE POSITIVE APPROACH — Taking his cue from the lawmakers' comments, the President responded: "My recent Baltimore speech, asking for more stress on the positive things being done in this nation, brought a good public response. I believe if this approach is used in a series of nationally televised talks from the White House that we can rally the great majority of the people behind our programs both at home and abroad."

In response to one caution against such TV talks being construed as "an attack on Congress," the President responded with an appropriate gesture, "I won't attack you gentlemen. There are enough problems facing me."

President Johnson who sees himself as an "action President," has been visually stung in recent days by critics who have charged he has not done enough in response to the riots or in Vietnam.

Note: A private study being examined by the President reveals that 94 per cent of homes in the U.S. have one or more television sets. In the key political states of Michigan, Ohio, and New Jersey, the figure is 97 per cent.

REPUBLICAN POLITICS — Visitors report that former President Eisenhower is taking a much more active interest in the selection of next year's Republican candidates than he did three years ago.

Instead of remaining aloof as in 1964, the former President is letting it be known he will endorse one candidate before the GOP national convention delegates convene in Miami a year from now.

While not closing the door to other candidates, Eisenhower at present is boosting former President Nixon and Michigan's Governor Romney.

His callers also are saying Eisenhower believes both California's Governor Ronald Reagan and Illinois' Senator Charles Percy should pass up 1968—and wait four more years to run.

LEADING CANDIDATES — In discussing Nixon, Eisenhower tells his visitors he feels his former vice president is by far the best qualified of all the potential candidates. But, like other Republican leaders, Eisenhower stresses Nixon must win primaries to prove that he has the necessary vote-getting appeal.

## The Clearing House

Articles for this column are preferred to be 200 words or less in length. However, longer articles may be printed. All letters must be signed.

Editor: Recently, I was on a short trip "up country" when people started to talk of some kind of earth-shaking happening. Stark panic gripped at my heart. My first thought was as I said to myself, "The Pampa City Commission had had a meeting, and someone has cast a "no" vote. Soon the information got around that it was only an earth quake.

City Commissioners may come more into the limelight if the idea of one writer is developed. He suggests that since most people are moving into the cities, it would be well if we built a wall around all our cities, like those of old. Like the Berlin Wall.

The idea of using the Berlin

H. L. Hunt Writes

U THANT AND GENERAL U N Secretary General U Thant, in a recent address to the world conference of Quakers, once again gave expression to his biased version of the conflict in Vietnam. It is a conflict, he said, that cannot be ended until the United States recognizes it "not as a war of communist aggression, but a war of national independence."

As always when it suits his purposes, U Thant ignores the facts. The independence of South Vietnam was solemnly guaranteed by the 1954 Geneva accords. When the border between North Vietnam and South Vietnam was opened in that year, one million Vietnamese moved south. Very few South Vietnamese went north.

Those who went south have witnessed the communist strategy of terror — the systematic torture and massacre of multiplied thousands of their village chiefs, school teachers and other leaders vital to their national existence. These people have every reason to dread their fate if U Thant's "nationalists" conquered South Vietnam. And that is true also of Burma, the UN Secretary General's own country, and of Thailand and other neighboring nations.

Clearly it is substituting fact for fancy to say that the Viet Cong and the invading North Vietnamese represent "nationalism and not communism." Some of us remember how Mao Tse-tung and his forces, before they took over China and carried out a terrible purge of countless Chinese, were eulogized far and wide as good-hearted, liberty-loving "agrarian reformers."

U Thant's view of the war in Vietnam has consistently followed the communist line. His recent speech is as usual.

aged the Michigan governor to go into public life. If he can outclass Nixon in the primaries, Eisenhower indicates Romney would be his choice.

In arguing that Reagan and Percy should wait until 1972, Eisenhower cites their need for more experience on the national level. He told one caller, "Senator Percy is unformed on foreign policy or he wouldn't be making those naive statements on Vietnam."

When asked about Governor Nelson Rockefeller of New York, Eisenhower's usual reply is: "Nelson would make a good president, but he is not a candidate."

POLITICAL FUNDS — Participation by government employment unions in fund-raising dinners for individual members of Congress and the Democratic and Republican National Committees is one of the areas under study by the little-known Commission on Political Activity of Government Personnel.

wall as any kind of example, should be handled carefully, as we are busy trying to build a bridge to the owner of said wall. The walls, it is contended, would give the City Fathers an opportunity to screen out the trouble-makers, as so many cities seem to think their trouble comes from the outside. This might work. However, I have known some City Commissions to get into trouble, tho I will not cite specific cases. There is little doubt that Urban Renewal funds would fit into the wall building business.

Cities that have had walls have sometimes run into trouble. For example, Old Lot, the May or of Sodom, was sitting at the gates, when Angels came up with a warning and righteous as Lot was, he had left his children at the heart of the city, and in his absence his kids were raising the devil.

Anyway, you will recall Lot himself, made it out and it was bad about his wife's trouble. But the situation in Sodom in general is too salty for discussion here.

Then, there was Belshazzar, the last of the Babylonian Kings. Old Bel had carted off some stuff from the old home place, and the powers that be took a dim view of his actions. Old Bel and his "Thousand Dark Lords" got the works.

It just looks like that when you build a wall around people and hem them up, a lotta monkey biz starts. It is like putting a bunch of grapes in a crock. Things just ferment and there is the devil to pay when all the stuff gets brewed up.

Until further investigation, I am going to cling to that modern philosophy, expressed in a Western Song — "Don't Fence Me In."

L. P. Fort

## Wit and Whimsy

A suburbanite is a man who hires someone to mow his lawn so he can play golf for exercise.

The professor of English was trying to impress his class with the importance of a large vocabulary.

Professor—I assure you, if you repeat a word 10 or 12 times, it will be yours forever. In the back of the room, Kathy took a deep breath, closed her eyes, and whispered, Kathy—Harry, Harry, Harry.

Mistress—Mary, Mary! Yesterday you broke two vases and today you have broken three plates and four cups. What will be broken tomorrow, at this rate?

Maid—Not so much ma'am. It is my afternoon out.

TASS REPORT MOSCOW (UPI)—The Soviet news agency Tass said today that American air attacks over the North Vietnamese capital of Hanoi on Aug. 11 killed eight persons and left 352 families homeless.

The Tass report said a whole area in the capital was "reduced to rubble."

## HOW TO ADDRESS OUR LAWMAKERS

You may wish to write your senators and representatives in Washington and Austin. Here are their addresses:

(FEDERAL)  
Rep. Bob Price, 1323 Longworth Bldg., Washington 25, D.C.  
Sen. Ralph Yarborough, Senate Bldg., Washington 25, D.C.  
Sen. John Tower, Senate Office Bldg., Washington 25, D.C.

(STATE)  
Rep. Malton Abraham, Canadian, Texas  
Sen. Grady Hazelwood, Canyon Hwy, Amarillo, Texas

## WORLD ALMANAC FACTS

Remote Easter Island, 2, 10 miles west of Chile, was the home of a remarkable culture that thrived hundreds of years ago, says The World Almanac. The 64-square-mile island is studded with numerous carved figures—some 50 feet high and weighing 90 tons.

# Panhandle Water Conservation News

By FELIX W. RYALS

The irrigation farmer is not by himself in the battle to secure a source of supplemental water for the High Plains of West Texas. When we use the term "High Plains" in this instance, we mean the whole area of Texas west of Wichita Falls and Fort Worth.

The mayor of Lubbock, W. D. Rogers Jr., in a talk to the Mortgage Bankers Association Monday this week did an excellent job in covering the need for more water. He discussed several areas of challenge to West Texas, including soaring population, shrinking allotment of space per person, stretching of natural resources, and preservation of environment quality, with water problems and plans as the central theme.

This is what Rogers had to say on water: "The process of ground water depletion and declines in ground water levels is well advanced in the southern Texas high plains in the general vicinity of Lubbock where large scale irrigation development first occurred and where total ground water use has been the largest. In this area most of the irrigation must cease within the foreseeable future unless imported water supplies are made available to irrigators. Wells in the Muleshoe area, which provide the main source of water for Lubbock, face the same fate."

Prefacing his call for early attention to water and related problems, Mayor Rogers said if the nation's population continues growing, even at the present declining rate, it would double in about 40 years and double again in less than that length of time. The mayor could have been setting the record straight in regard to criticism from other areas that our West Texas irrigated grain was not needed when he stated the following: "This growth in population poses a threat to quality living in this country, and is one which hits at home here on the High Plains of Texas where there are vast reaches of tillable land which are needed to feed this increasing population."

The only limitation in capability to help distribute and feed the population explosion is the moisture available to contribute to feeding the population and providing water for industry, recreation and fishing.

Mayor Rogers also stressed conservation of existing underground water supplies. He urged a full study of water re-use developments, together with import of water from outside sources including the Mississippi River.

In comparing the 50 states, Mayor Rogers pointed out only California uses more ground water than Texas. He observed there are 50 agencies of the federal government studying the nation's problems of redistribution of water resources. He also noted several solutions have been advanced but the most reasonable plan suggested was the Reclamation Bureau's idea to bring water to West Texas. The magnitude of estimated irrigation requirements and accom-

panying municipal and industrial needs requires a re-evaluation of all possible import routes. He pointed out there are nine possible routes being studied, and several large depressions on the High Plains are also being studied for possible storage while waiting to be pumped part of the way.

The Lubbock mayor opened an area of discussion that has been considered controversial in some early studies — the re-use of water. On re-use of water he stated, "It seems it would be wise to begin to plan that all of the water which we are able to put through our system — for industry, home use, or any other purpose — could be economically and practically re-used in many different ways with ultimate desirability of actually recycling into our water distribution system. Fantastic as it may seem, it is possible and feasible."

The mayor reminded the mortgage bankers that Texas Tech is currently working on a crash program to add to the store of knowledge which has already been accumulated in West Texas. He also pointed out re-use of industrial water could be a boon to the ever growing textile industry. He stressed the Lubbock Chamber of Commerce and Board of City Development has been in water development and conservation since we became aware we were depleting our underground source of water.

The International Paper Co. recently announced it would build a 97 million dollar paper mill below Lake Texarkana if it can get an adequate water supply and waste disposal permits. This plant plus the Anglo-Southern Paper Mill in the same region of East Texas will have water requirements equalled to those forecast for the whole Sulphur Basin by the year 2020. The Water Development Board said this will require changes in the tentative Texas Water Plan and will have an impact on possible transfers from the Sulphur.

Things like this occurring in Northeast Texas point up the urgency of getting water to West Texas from the Mississippi River. New industries are not going to come our way unless we have the water.

## IN RUSH TO CORPORATIONS

# Family-Owned Farms May Die, Revert to 'Historical Relics'

By CHARLES JACKSON

DALLAS (UPI) — The good 'ole days of Farmer Brown may just be coming to an end, say some U. S. farm economists.

The reason for this is based on a trend being set by corporate structures of going into the farming business. Corporate farming may ultimately make family farms a relic of the past.

However, feelings against corporate farming run high in many farming areas, and Texas is not excluded since the industry is considered by some to be the backbone of the state's economy.

C. H. De Vaney, president of the Texas Farm Bureau, has other ideas about corporate farming.

"I don't believe they (corporations) can beat the efficiency of a family-operated farm," De Vaney said in a United Press International interview.

"By and large," he said, "the history of farming has proved nothing can beat the efficiency of the family-operated farm."

De Vaney says family farms are becoming larger and will be even larger in the future. "I don't see why there is such a trend in this area," he said. "It has been tried many times before and failed."

"As far as a corporation-type farm replacing the family farm," De Vaney says, "I don't believe they can compete when the chips are really down."

De Vaney is not alone in his belief. Some farmers believe corporate farms should be outlawed. The state legislature in North Dakota earlier this year abolished a law that had prohibited farming by corporation in the state since the 1930's.

However, the North Dakota branch of the National Farmers Union, aided by a wing of the state Democratic party, successfully circulated petitions to

get the measure before voters in the 1963 general election.

Legal and political fights are also occurring in Kansas and Oklahoma over corporate operation in agriculture. Some farmer lobbyists in Washington are seeking Federal laws that would restrict corporate farm activity while providing cheap loans and higher price supports to bolster independents.

Financial backing may be one of the main factors behind the ultimate conversion to complete corporate farming in the U. S.

The independent farmer typically has neither the capital nor the technical and business know-how to compete with the vast resources of corporations that go into farming. A few of the more successful independents are now incorporating themselves.

Though De Vaney agreed that many family farm-owners did not have the capital to invest in advance machinery used in the field of agriculture, he said he feels the lending institutions will back the family farmer on financing. "They (the lending institutions) will recognize the validity of the argument that you can't beat a family operation."

De Vaney explained that when one gets to the corporate level on farming the hiring of competent management is difficult. "It's hard to pay a man a salary and get the same incentive as that of a family working the land together and providing for themselves," he said.

Companies claim there is one main beneficial effect of corporate farm management—food prices will be held down as cost savings from automation and mass production are passed on to the consumer.

# Texas May Permit Ornamental Plants

AUSTIN (UPI) — Ornamental citrus house plants, banned from Texas for at least 15 years in the fight against plant diseases, are expected to be permitted into the Lone Star state soon, State Agriculture Commissioner John C. White said today.

White said careful studies in recent years have resulted in a pilot control program with Florida.

## CoC Committee Sets Livestock Show Regulations

The Chamber of Commerce agricultural and livestock committee met here Friday and approved rules and regulations for the 1968 Junior Livestock Show and Sale.

Committee members decided to use percentage selling for both swine and steers. The number of hogs and calves to be sold will be determined after entries have been received. Dates for next year's show were set for March 4 through 6. Clyde Carruth is show superintendent.

Bob Skaggs, Future Farmers of America sponsor and vocational-agricultural teacher, and Dr. Kenneth Royce were appointed to secure show judges. Paul Crouch and Fred Vanderburg were appointed to be in charge of the buyers breakfast the morning of the sale. Rex McAnelly, committee chairman, said.

In moving, a snake does not raise its body from the ground; it only bends from side to side.

## Texan Heads 9 New Market Committee

SAN ANTONIO (SpI) — Alfred Negley of San Antonio, a director of the Texas and Southwestern Cattle Raisers Association, has been designated by that group as chairman of the Texas State Market Development Committee.

Negley will hold a meeting of this newly formed committee in San Antonio, tomorrow.

This special committee, which is comprised of agriculturists and cattlemen throughout Texas, will coordinate its activities with the American National Cattlemen's Association, as well as other state cattle associations in formulating a nationwide beef cattle marketing program.

Committee activities will be aimed at the development of a more orderly and systematic marketing approach of livestock by producers and feeders, ultimately gaining a better balance of supply and demand which should result in a more realistic price for all cattle sold.

"Local initiative, combined with technical assistance and cooperation, is the key to assuring that rural resources contribute their full measure for the benefit of the people." — From "Resources in Action, Agriculture — 2000."

FAIR SEASON brings out fair ladies such as Charlotte Davidson, 21, of Montclair, N.J., and Gunn Johanssen, 22, of Newark, N.J., shown tending sheep to be shown Sept. 16 at the oldest fair in America, the New Jersey State Fair. First chartered by King George in 1745, it and hundreds of state and county fairs seen toward the end of summer across the nation feature annual displays of agricultural, industrial and education progress.

## Agriculturally Speaking

By FOSTER WHALEY

A recent news letter from a commercial concern gave a rundown on research work that is being carried on in a Tennessee Artificial Breeding Association that should be of interest to all beef cattle producers. Ewing Harper who keeps 450 cows on an 1,850-acre farm in Montgomery County, Tenn. was the cooperating rancher.

Last December, 70 heifers from this ranch were fed Reromix, the hormone supplement which synchronizes heat periods. Within four days after the medicated feed was withdrawn, 64 animals in the group came in heat for the first time

and were artificially bred. Six heifers were either with a calf or did not eat the feed.

Twenty-seven of 64 were rebred in the next heat period, 18-21 days later. A clean-up bull was necessary to service only three animals out of the original 64. There is actually nothing so startling about this information since the practice is becoming more widespread. The cost and practicality of artificial insemination has been questionable up to this time on beef breeding herds due to complications of heat detection.

We believe the cow-calf operator and others connected with the cattle industry should keep a sharp eye peeled to this relatively new management technique. There has been a high degree of success in separation of male sperm from female sperm.

We visualize within a few short years it will be possible to select the date you want to have all of your calves born and whether you want bulls or heifers.

The beef cattle industry is in for some vast changes within the next few years that were never dreamed of 10 years ago.

Quite often we hear arguments on merits of shipped-in Eastern calves. Many local operators do not realize that for the past 15 years a rapid improvement has been made in the quality of Eastern cattle. Many well-known registered hereford breeders of this area have established a major portion of their business with Eastern buyers. Calves coming from those areas in the East might not have the growth factor but genetically there are some cattle in the Eastern states on the same quality level with local commercial herds.

Calves are being produced in Eastern states because they can produce them cheaper than you can in this area. In the above case of this Tennessee producer he was running one animal unit to about four acres. After being improved, chances are this producer had less than \$150 per acre or less than \$600 per animal unit.

## 4-H Offers Fellowships For Study

CHICAGO, Ill. (SpI) — The largest annual educational 4-H grants offered by industry and the National 4-H Service Committee are six \$3,000 fellowships. They are for graduate work and a government study program set up by the Federal Extension Service, USDA. The studies are pursued for one year in Washington, D.C.

Only former 4-H Club members are eligible, and applicants must have completed at least one year of professional extension work. One man and one woman from each state may be nominated for the fellowships by the State Extension Service. Applicants must not be over 32 years of age.

Four of the fellowships are provided by Massey-Ferguson Inc., and two by the National 4-H Service Committee. Usually three men and three women are selected for the award. In the nearly two decades that the fellowship program has been in effect, 125 persons from 39 states have received the grants.

From 85 to 98 per cent of the water in food is removed during freeze-drying.

## Now! NEVER CLEAN YOUR TOILET AGAIN!

DuraSani does it for you automatically!

Scientific DuraSani cleans your toilet for you — automatically! Simply hang it inside flush-tank. Each flush releases exclusive DuraSani's long-lasting disinfectant, cleans and deodorizes, prevents hard-water rings, keeps bathroom air pure — 24 hours a day!

DuraSani's toilet sanitary blue as it works for you. Cleanest Disinfectant 100% guaranteed. Must keep your toilet clean automatically — or every penny back. Hundreds to supply tanks. Non-toxic. Get DuraSani today — never clean your toilet again — ever!

Available at the Following Drug & Grocery Stores. Fite's, Blakes, Ruff's, Miller's Kwick Stop, Mitchell's Leland's, Ideal No. 1, Miller-Hood, Barney's, B&B Hi-Land, Heard & Jones. \$1.98

# Vows Pledged in Nuptial Mass

Mrs. Dennis Paul Wyatt  
... nee Miss Andrea Lee Jewell

A nuptial mass, performed the evening of Aug. 12, united Miss William Dallas Wyatt of White Paul Catholic Church, Tracy, D. Andrea Lee Jewell and Dennis Paul Wyatt. The bride is the daughter of Mr. and Mrs. Robert A. Jewell

Garcia who sang "Ava Maria," "Oh Perfect Love," "Our Father" and "On This Day O Beautiful Mother."

Basket arrangements of pink roses flanked the altar and lemon leaves and white tapers marked the pews. Poodle trees appointed the sanctuary for the wedding rites.

For her wedding the bride, who was given in marriage by her father, was attired in a formal empire sheath gown of bonded lace and re-embroidered silk organza over peau de soie. The gown featured long sleeves that tapered to petal points, a Gibson Girl collar of scalloped lace and a cathedral length train of appliqued organza trimmed with chantilly lace. A seed pearl and iridescent crystal tiara held her shoulder-length veil of illusion. She carried a cascading arrangement of white roses and stephanotis.

Serving as bridal attendants were Miss Marsha Jewell, sister of the bride, maid of honor and Miss Beth Nutter, Mrs. Henry Northcutt of Canyon, Mrs. Gerald Bichsel and Miss Evelyn Martin, both of Lubbock, bridesmaids. Dressed identically in floor-length gowns of pink and white dotted swiss, each carried a single pink rose. Arnold Urbanczyk of White Deer attended as the bridegroom's best man while Derryl Wyatt of White Deer, Jimmy Haiduk, Gregory Jewell of Houston and Norman Warminski of Navasoto attended as groomsmen. Ushers were Dean Wyatt of White Deer and Gerald Bichsel of Lubbock.

Ringbearer was Jason Akst and Miss Melinda Danner, cousin of the bride, was flower girl. Acoytes were Jack Jones and Rock Hills.

Guests were greeted in the church parlor at the reception held following the nuptial ceremony. The bride's table, covered with a white linen cloth, was appointed with a silver candelabra bearing pink tapers. Miss Toni Epps of Borger served the three-tiered wedding cake which was trimmed with pink satin wedding bells, pink roses, carnations and stephanotis. Presiding at the punch bowl was Mrs. Dean Wyatt of White Deer while Miss Carol Akst attended the guest register.

Prior to departing on a wedding trip to points of interest in Colorado the bride donned a gold colored dress with matching coat. The newlyweds are making their home at 701 N. Russell. Both are teachers in the Pampa Independent School System. The new Mrs. Wyatt, a 1964 graduate of Pampa High School, is a 1967 graduate of West Texas State University where she was a member of Alpha Chi and Kappa Delta Pi, honor societies. Mr. Wyatt, a 1960 graduate of White Deer High School attended Frank Phillips Junior College. He is a 1966 graduate of West Texas State University.

Guests attended the wedding from Amarillo, Borger, Guymon, Okla., Oklahoma City, Okla., Hereford, Panhandle, Fort See VOWS on Page 13

In double-ring vows pledged at 7 o'clock Friday evening Miss Patricia Ann Lambright became the bride of Roger Wilson Ward of Denver City.

Rev. Oland Butler, pastor of White Deer First Methodist Church, solemnized the wedding in the First Christian Church amid a setting of candelabra entwined with greenery and arrangements of blue and white gladioli. Pews of honor were marked with white satin bows. Miss Molly Carnutt, organist, presented a program of nuptial-aires and accompanied Miss Judy James as she sang "More" and "Almost There."

The bride is the daughter of Mr. and Mrs. B. J. Lambright of 2139 Chestnut. The bridegroom is the son of Alvin L. Ward of Denver City and Mrs. Jim Anderson of Tulsa, Okla.

The bride, given in marriage by her father, was attired in a floor-length gown fashioned of white crepe featuring an empire wastline, rounded neckline, petal point sleeves and a cathedral train. A row of lace accented the wastline and train. Her shoulder-length veil of illusion fell from a seed pearl crown. She carried a cascading bouquet of white stephanotis centered with a white orchid with blue ribbon streamers and wore a silver cross necklace.

Bridal attendants, dressed identically in blue and white floor-length gowns of bonded lace featuring rounded necklines and empire waistlines accented with back bows and streamers, were Miss Sue Ragle of Abilene, maid of honor, and Mrs. Donna Eller of Lubbock and Mrs. Twilla Sanders, bridesmaids. Each carried a white carnation bouquet tied with blue ribbon.

Serving as best man to the bridegroom was Jim Mess of Abilene while Bob Henderson of El Paso and Lynn Taylor of Abilene served as groomsmen. See DOUBLE-RING on Page 15

## Reece Ann Rogers Is Bride of Donald G. Carter

Miss Reece Ann Rogers became the bride of Donald Gene Carter Aug. 5 at Rogersville, Tenn., Methodist Church. Rev. James T. Arnold, uncle of the bride, assisted by Rev. Charles Hurlock, performed the double-ring ceremony at 7:30 p.m.

The bride is the daughter of Mr. and Mrs. J. Pleas Rogers of Rogersville, Tenn. The bridegroom is the son of Mr. and Mrs. Don K. Carter, Skellytown.

Vows were exchanged before an altar decorated with greenery, interspersed with fifteen, nine and seven branched candelabra with burning white tapers and white pedestals bearing urns of white mums, poms and iatris. The altar bore an open white Bible with a single burning taper on one side. The Bible was a gift from the bride's mother and father to be used as a family Bible. The church aisle was lined with floor candelabra bearing white tapers, greenery and white mums.

A prie dieu was used in the ceremony. A program of wedding music was presented by Mrs. Robert Ammons, organist, and Mrs. Gary Hutson, vocalist.

The bride, given in marriage by her father, wore a formal sheath gown of imported silk organza over peau. The bodice featured a sculptured neckline and long sleeves ending in wrist points. Chantilly lace embedded with sequins bordered the neckline. The sheath skirt revealed rows of matching lace and highlighting the dress was a removable redingote chapel train with chantilly lace border. Her exquisite mantilla was purchased by the bride and her mother in Brussels in 1963. It was scalloped with lace and held by an organza headpiece of roses and petals adorned with seed pearls. The bride carried a colonial bouquet of white roses, lily of the valley, centered with a white orchid.

Miss Pat Ann Horne, Sargosville, Tenn., served as maid of honor. She wore a yellow floor-length dress of chiffon over mist taffeta. The empire bodice was accented with rosettes. Her dress was styled with a flowing See REECE ANN on Page 13

# Rites Read in Afternoon Ceremony

In a late afternoon ceremony solemnized yesterday in the Church of Christ in Miami, Miss Louise Byrum of Dallas became the bride of Paul Gene Goodman of Dallas.

Mr. and Mrs. Ralph A. Byrum of Miami are the parents of the bride and Mr. and Mrs. Homer B. Goodman of Electra are the parents of the bridegroom.

The double-ring ceremony was read at 5:30 o'clock by Bright Newhouse, minister of the Church of Christ in Hedley. Mrs. Dale Walker, cousin of the bride of Pampa soloist, sang "More." A. C. Cox of Pampa directed a choir for the processional and recessional.

Vows were pledged before an altar decorated by baskets of white gladioli and tiered candles decorated with greenery.

Given in marriage by her father with the "her mother and I avowal," the bride wore a floor-length gown of white organza. Alencon lace defined the bodice which featured a boat neckline and teacup sleeves. Alencon lace medallions centered with pearls were scattered over the sheath skirt. The detachable chapel-length train fell in tiers. Her veil was fashioned of silk illusion and fell in tiers from an organza rose with alencon lace and pearl petals. She carried a cascading arrangement of stephanotis centered with white orchids. She wore the traditional something old, new, borrowed, and blue.

Bridal attendants, attired in floor-length, pink bonded crepe gowns with sheath styling accented by pink peau-de-soie at the empire waist line, cowl neckline and short sleeves, included Misses Jacqueline Gill of Dallas, maid of honor, Ann Arrington of Miami, bridesmaid, and Mrs. Thomas Hollis of Amarillo, brides-matron. There head pieces were pink organza rses and net. They wore matching shoes and gloves. They carried cascades of white carnations and pink tea roses. Miss Teresa Moore of Miami, attired as the other bridal attendants, served See RITES on Page 15

# Former Pampan Married in Hurst

## Dear Abby

by Abigail Van Buren

**DEAR ABBY:** My two children have the same father and mother, but they are as different as night and day. The girl is 17 and she is clean as gold. The boy is nearly 15, and he is dirty as a pig. He takes a bath in a pint of water for 30 seconds and dries himself with a wash rag.

I lay out clean underwear for him, and I find it where I left it. (He puts his dirty underwear back on.)

Now, Abby, a mother can't dress a boy who stands 6 feet tall and weighs 165 pounds.

What can I do with this sloppy kid? He's normal in every other respect, but he doesn't even smell clean.

OLD AT 39

**DEAR OLD:** Where is this kid's father? If he's handy ask him to hose Junior down. Otherwise just keep after him and pray that he's a late bloomer who's still in the "stinkweed" stage. When HE realizes that he's not nice to be next to—he will get next to himself.

**DEAR ABBY:** I represent a large insurance company. During the last 10 years all the agents and their wives have taken turns entertaining the group in their homes for dinner parties, cookouts, Christmas parties, etc.

There is one couple who has accepted the hospitality of all the others, yet they have never had the group in their home for any kind of party. They have talked about having a party, but it never materialized.

Shouldn't someone sit down with this couple and tell them that it's time they entertained because the group thinks they are "deadbeats"? Or should they just be excluded from our parties in the future?

**DEAR PHOENIX:** I agree, it is bad manners to accept hospitality without returning it, but if the couple continues to be invited in spite of their failure to reciprocate, "the group" must enjoy their company. Whom one invites to his home is a personal matter. If YOU do not want this couple, don't invite them.

**DEAR ABBY:** My mother said that when I was a child I had too much "love" and I became spoiled.

I have read that psychiatrists say that a parent can't give a child too much love.

What do you think?

**"SPOILED"**  
**DEAR SPOILED:** I think your mother should first clarify her definition of "love" as she understands it. It is my opinion that one can become "spoiled" from an excess of material things, but not from "love."

**DEAR ABBY:** Whether this is true or not, I cannot say, but it has a message, so use it if you wish.

"Several worldly wise teenagers were chiding one of their group because of her virginal status. She took it good-naturedly for awhile, then quickly silenced them with this remark: "Should I ever become dissatisfied with my status, I can change. How about you?"

**NO NAME, PLS.**  
Troubled? Write to Abby, Box 69700, Los Angeles, Calif., 90069. For a personal reply, inclose a stamped, self-addressed envelope.

**Hate to write letters?** Send \$1 to Abby, Box 69700, Los Angeles, Calif., 90069, for Abby's booklet "How to Write Letters for All Occasions."

Mrs. Claude Franklin Armstrong  
...nee Miss Donna Sue Rake

Miss Donna Sue Rake of Hurst, former Pampa resident, and Claude Franklin Armstrong of Irving, were married in a double-ring ceremony performed at 8 o'clock the evening of July 29 in Bellevue Baptist Church at Hurst.

Rev. Don Lasley, pastor of the Hurst church, officiated the ceremony amid a setting appointed with candelabra, basket arrangements of gladioli, a flower-trimmed arch and kneeling bench.

The bride is the daughter of Mrs. M. E. Rake of Hurst and the late Mr. Rake, former resident of Pampa. The bridegroom is the son of Mr. and Mrs. Truman Armstrong of Irving.

Mrs. Wayne LaCava, organist, presented a program of appropriate selections and accompanied Wayne LaCava as he sang "Whither Thou Goest" and "The Lord's Prayer."

The bride, given in marriage by her brother, Marvel Rake Jr., wore a floor-length gown styled with a lace bodice with empire waist and long petal-point sleeves. The chiffon skirt extended to a chapel train. Her shoulder-length three-tiered veil of illusion was held by an illusion petal coil. She carried a bouquet fashioned of a white orchid surrounded by camillias.

Mrs. Marvel Rake Jr. of Arlington attended as her sister-in-law's matron of honor. She was attired in a floor-length empire styled gown featuring a green bonded lace bodice and crepe skirt. Bridesmaids, attired in waltz-length gowns styled identically to the matron of honor's were Mrs. Jane Schafer of Irving, Miss Dianna Hopler of Abilene, Miss Kathy Eldringhoff of Detr Trail, Colo., Miss Cathy Hall of Pampa and Miss Judy Tunnell of Fort Worth. Each carried a large camillia bouquet.

Truman Armstrong served as his son's best man. Groomsmen included Clarke Armstrong, Mickey Harper and Bob Boling, all of Irving, Oran Rake of Abilene and Mike Rake of Hurst. Sharing ushers duties were Donald Cox and Rick Harvey.

Attending as ringbearer was Bobby Schafer and Miss Susan

Lynne Mitchell was flower girl. Lighting the tapers were Pat and Doug Rake, candlelighters.

Fellowship Hall of the wedding church was the scene of the reception held following the ceremony. Appointing the table was a three-branched candelabra surrounded by the bridesmaid's bouquets and the four-tiered wedding cake which was topped by a miniature bridal couple. Misses Jan Petty and LaJuan Ash served the cake and Miss Becky Cromer presided at the punch bowl. Guests were registered by Miss Mary Stroup.

Prior to departing on a wedding trip to Denton the bride donned a two-piece green lace suit accented by white accessories and an orchid corsage taken from her bridal bouquet.

Mrs. Armstrong, a 1965 graduate of Pampa High School, is a junior at the University of Texas. Mr. Armstrong, a senior at the University of Texas, is employed as a draftsman for Jones Industries in Irving.

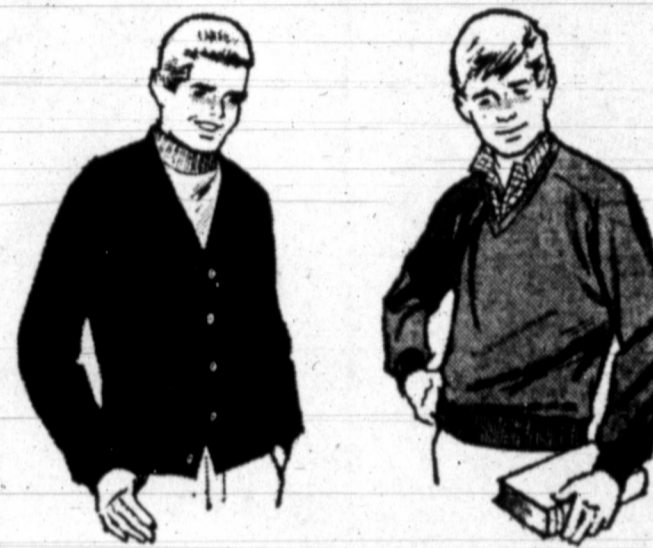

**Mrs. Morrow Hosts Class Luncheon Meet GROOM (Sp1) - The Volunteer Workers Class of the Methodist Church met in the home of Mrs. C. A. Morrow recently for a luncheon and regular meeting.**

Mrs. Morrow, class president had charge of the business meeting. Mrs. L. L. Andrews gave the devotional.

Out-of-town-wedding guests included the bride's grandparents, Mr. and Mrs. Marvel Rake of Pampa; Mrs. C. L. Sake of Sperry, Okla., the bride's aunt; Mr. and Mrs. Zane Hall, Oleta and Belinda of Pampa and Mrs. Margie Bardix of Abilene.

The bridegroom's parents honored the wedding party at a rehearsal dinner the evening preceding the ceremony.

**Miss Judie Riley and Bobby Wilhoit Pledge Double-Ring Wedding Vows**

Mrs. Bobby Wilhoit, nee Miss Judie Riley

Double-ring vows were pledged at 8 o'clock yesterday evening by Miss Judie Riley, daughter of Mr. and Mrs. G. I. Riley of 1026 E. Francis, and Bobby Wilhoit, son of Mr. and Mrs. Rollie Wilhoit of Gainesville.

Rev. O. E. Wright officiated the ceremony in the Church of God before an altar appointed with white gladioli, seven-branched candelabra and a kneeling bench.

Mrs. Pat Logan, organist, presented traditional nuptial music and accompanied Mrs. Frank Johnson as she sang "Till There Was You," "Whither Thou Goest" and "The Wedding Prayer."

Given in marriage by her father with the "her mother and I avowal," the bride wore a floor-length gown of white satin. The fitted bodice featured a rounded neckline edged with lace scallops and long tapered sleeves terminating in petal points. The bell-shaped skirt and bodice front were embellished with lace appliques. A white satin train, trimmed with lace appliques and seed pearls, fell from the back skirt. Her fingertip veil of illusion fell from a seed pearl tiara. She carried a white Bible topped by a cascading arrangement of white carnations.

Miss Nina Mathews of Perryton and Miss Sandra Wilhoit of Gainesville, sister of the bridegroom, attended as maid of honor and bridesmaid. They were attired in waltz-length gowns of turquoise satin brocade featuring rounded necklines and brief sleeves and carried white carnation nosegays.

Tom Robinson of Gainesville was best man. Groomsman was McGill Hawley of Gainesville while Dale and Kenny Sims of Lexington, Okla., nephews of the bride, and Earl Kyle, attended as ushers.

Miss Jackie Sims of Lexington, Okla., niece of the bride, flower girl, was dressed identical to the bride in miniature. Billy Ince of Oklahoma City, Okla., the bride's nephew, served as ring bearer.

The home of the bride's parents was the scene of the reception held following the ceremony. The lace covered table held the three-tiered wedding cake which was served by the bride's sister, Mrs. Jack Sims of Oklahoma City, Okla. Mrs. Bill Ince of Oklahoma City, Okla., and Mrs. O. D. Harris also sisters of the bride, presided at the punch bowl and guest register. Misses Dona and Debbie Wilhoit of Gainesville, sisters of the bridegroom, handed rice bags to reception guests.

Following a wedding trip the newlyweds will make their home in Gainesville where Mr. Wilhoit is employed by Ramco Manufacturing, Inc. For traveling.

Mrs. Wilhoit chose a green and white jersey sheath dress accented by the white carnation corsage lifted from her bridal bouquet.

The bride, a 1964 graduate of Pampa High School, is a senior at Texas Woman's University Denton. The bridegroom attended Collisburg High School.

**Pre - Nuptial Events**  
Pre-nuptial courtesies extended the bride included a shower given on Aug. 8 in Citizens Bank Hospitality Room. Hostesses for the event were Mmes. James Risby, Earl Kyle, Joe Slater, Shelby Ruff, Tom Teague and Frank Johnson.

**REECE ANN**

(Continued From Page 11)  
wateau train. She wore a matching headpiece with a bow centered with miniature sprigs of flowers and pearls and a circlet of yellow illusion. She carried a colonial bouquet of matching net, interspersed with yellow roses, lily of valley, and centered with a white orchid.

Bridesmaids were Miss Sarah Mack Lawson, Rogersville, Tenn., Mrs. Linda Kenner, Memphis, Tenn., and Mrs. Evelyn McClure, Newport, Tenn. Their yellow gowns and headpieces were identical to that of the honor attendant. They also carried colonial bouquets of matching net with lily of valley, and white orchid.

Kenny Carter, Skellytown, served his brother as best man. Groomsman were Don K. Carter, father of the bridegroom,

Skellytown, Rusty Hathcock, Memphis, Tenn., and Bill Powell of Memphis, Tenn. Ushers were Bernie Arnold of Kingsport, Tenn., James Arnold of Parrottsville, Tenn., cousins of the bride, Hugh Carney of Rogersville, Tenn., and Jimmy Greer of Church Hill, Tenn.

A reception following the ceremony was given in the Fellowship Hall of the church by the bride's parents. Music was presented by Mrs. Robert Ammons, organist. Mrs. Fodell Hopkins, aunt of the bride, of Sneedville, Tenn., introduced the guests to the receiving line. The bride's book was kept by Mrs. Juanita DeBord of Rogersville, Tenn.

Mrs. Ruth O'Dell, cousin of the bride of Johnson City, Tenn., was in charge of cutting the cake. Serving were Mrs. Joyce Phillips, Mrs. Onalee Frazier,

Miss Betsy Jane Miller, Miss Joyce Mariar, Miss Kay Arnold, and Miss Wanda Faye Horne. Assisting were Mrs. Betty Curtis, Mrs. Fleet Moore, Mrs. Virginia Jennings, Mrs. Jewell Collier, Mrs. Mayme Holdway, Mrs. Sarah Carney, Mrs. Shirley Rogers and Mrs. Virginia Wilson.

After a wedding trip to Acapulco, Mex., the couple will be at home in Memphis, Tenn.

Both Mr. and Mrs. Carter received masters degrees in physical education at graduation exercises on Aug. 19 at Memphis State University. Mr. Carter is an instructor and assistant track coach at Memphis State University and Mrs. Carter is employed by the Memphis City School System.

The rehearsal dinner was given by the bridegroom's parents at Hotel Pressauna, Press-

men's Home, Tenn.

The bridesmaids luncheon was given by Miss Pat Ann Horne. Pre-nuptial parties given were: a breakfast at Hotel Pressauna by Mrs. Hugh Holdway; a luncheon by Mrs. James Miller and her daughter Betsy Jane, at the Miller home; a kitchen shower and coke party by Mrs. John Curtis at the Curtis home; a dinner for the wedding party and out-of-town guests by Mr. and Mrs. Ralph Jennings, Mr. and Mrs. Murray Bean, Mr. and Mrs. Paul Looney, Mr. and Mrs. Bill Davidson, Mr. and Mrs. Jimmy Tipton, Mr. and Mrs. James Miller and Mrs. Namoi Young, at the Jennings' home, and a tea by Mrs. Tom Carney at Hotel Pressauna.

Others entertaining were Mr. and Mrs. J. N. Hathcock of Memphis, Tenn., Mr. and Mrs. Ralph Gilpin, Mr. and Mrs. Lee

**Candlelight Ceremony Unites Couple**

Mrs. Claude O'Neal Middleton  
... nee Miss Gail Marie Newlin

In a candlelight ceremony performed yesterday evening Miss Gail Marie Newlin, daughter of Mr. and Mrs. W. C. Newlin, 1413 N. Russell, became the bride of Claude O'Neal Middleton, son of Mr. and Mrs. J. O. Middleton of 637

N. Banks. Rev. Jack Riley, pastor of Trinity Methodist Church in Amarillo, officiated the double-ring rites at 7:30 o'clock in First Methodist Church. Mrs. Donald Walberg, organist, presented a program of nuptial selections and accompanied Mrs. Jack Riley as she sang "One Hand, One Heart" and "The Wedding Prayer."

The wedding scene was appointed with ferns and candelabra entwined with lemon leaves flanking the altar. Groupings of candles and lemon leaves decorated the altar rail.

Escorted to the altar and given in marriage by her father the bride wore a formal gown of Valencian lace over bridal satin featuring a fitted bodice, scooped neckline embedded with seed pearls, long tapering sleeves with pearl points over the hands and a bouffant skirt which extended into a chapel train. Her tiered shoulder-length veil of illusion fell from a crystalline and seed pearl tiara. She carried a cascading bouquet of white roses centered with a white orchid.

Miss Nancy Newlin, sister of the bride, attended as maid of honor and Miss Venita Turcotte and Miss Dee Thompson of Houston served as bridesmaids. Dressed in floor-length gowns of royal blue crystalline with empire styling, they wore matching headpieces and carried nosegays of yellow pom poms and roses.

Travis Tucker served as best man to the bridegroom while Myron Scribner and John Thomas attended as groomsmen and ushers.

Candlelighters were Carol Newlin, John Newlin and Randy Allen. Philip Newlin was ringbearer and Miss Brenda Cox served as flower girl.

First Methodist Church Parlor was the scene of the reception held following the ceremony. The bride's table, covered with a white lace cloth over yellow, was centered with blue and yellow floral arrangements. Serving the three-tiered colonaded wedding cake which was topped with satin bell, seed pearl heart and flowers, was Miss Mary Horn. Presiding at the punch bowl was Miss Peggy Ragsdale while Miss Judy Newlin and Miss Jane Hiatt attended the guest register. Mrs. Bill Tucker assisted with the houseparty.

**DMF Auxiliary Holds Watermelon Social**

The DMF Auxiliary of Cities Service Gas Co. held a watermelon social Tuesday at Hobart Street Park with Mrs. Leon Brown as hostess, assisted by Mrs. Charles Tate.

Members present were Mmes. Earl Grover, Clint Stewart, James Ownsby, Leon Brown, Charles Tate, H. H. Kessinger, J. W. Gambill, Cynthia Carness, Dave Kerns and Merideth Meeker.

of Houston. Out-of-town wedding guests included Mr. and Mrs. Harold Martin of Topeka, Kan., Mr. and Mrs. John Newlin and Mrs. Vivian Johnson of Lewis, Kan., Miss Jane Newlin of Nashville, Tenn., and Miss Dee Thompson of Houston.

PRE-NUP TIAL EVENTS Among the pre-nuptial courtesies honoring the bride was a personal shower given in the Mack Hiatt Jr. home hosted by Misses Jane Hiatt, Peggy Ragsdale, Mary Horn and Venita Turcotte; a shower given by Mmes. Bill Tucker, James Hall, Kit Autry, Denver Tucker, James Holcomb and Wayne Lancaster in the Tucker home and a luncheon given in the Pampa Club by Mrs. Jean White and Mrs. Bob Keller.

Door prize was won by Mrs. Earl Georee.

**Phi Epsilon Beta  
Discuss Activities  
At Social Meet**

Phi Epsilon Beta chapter of Beta Sigma Phi held a social recently in the Reddi Room of the Southwestern Public Service building.

Mrs. Ted Givens, president, outlined some of the activities for the coming months. Plans for the kick-off luncheon were discussed.

Mrs. John Lyle, ways and means chairman, announced a bake sale to be held Aug. 25 at the Hughes Building.

During the social, games were played and prizes were awarded the winners. Soft drinks, chips and dips were served buffet-style by hostesses Mrs. David Duffy and Mrs. Ted Givens.

Others present were Mmes. Bill Caswell, Gary Clark, Don Hufstetler, Sonny Golden, John Lyle, Calvin McConnell, Max Patton, Jerry Rockwell, Jim Simpson; sponsor, Mrs. D. B. Jameson and guest Mrs. Butch Crossland.

# Sirmans-Michael Vows Read in Miami

Mrs. Monty Guy Michael  
...nee Miss Ettavie Sirmans

The First Baptist Church in Miami was the setting for the recent wedding uniting Miss Ettavie Sirmans, daughter of Mr. and Mrs. E. L. Sirmans of Miami, and Monty Guy Michael, son of Mr. and Mrs. Guy Michael, also of Miami.

## ● RITES

(Continued From Page 11)  
as flower girl.

Serving his son as best man was Homer B. Goodman of Electra. Charles Byrum, brother of the bride, and J. W. Thrasher Jr. of Monahans, cousin of the bridegroom, served as groomsmen. Ushers were Jack G. Moore of Miami, and Royce H. Moore of Electra.

Candlelighters were David Byrum, brother of the bride, of Miami, and Billy Thrasher, cousin of the bridegroom, of Monahans.

Miss Frances Marie Long, cousin of the bride, registered the guests.

Following the pledging of vows a reception was held in Fellowship Hall of the First Baptist Church. The table, covered with a white linen cutwork cloth over pink, was centered with an arrangement of white mums. Mrs. J. O. Dunivan of Miami and Mrs. Cloy Long of Pampa, cousin of the bride, served the four-tiered wedding cake topped by a miniature bride and bridegroom. Mrs. Robert Benysek of Pampa, cousin of the bride, presided at the punch bowl. Others assisting were Mmes. Matt Day, Paul Beum, Eli Baker and Jack Moore.

For traveling the bride chose a pink and white stripe shift with

the double-ring ceremony was performed by Rev. G. B. Bailey of Carrollton, in front of an altar flanked by baskets of white gladioli and candlebra.

Given in marriage by her father the bride wore a street-length dress of bridal satin with a French embroidered lace jacket with pointed long sleeves. Her veil of French embroidered lace fell from a satin pill box hat. She carried white roses atop a Bible with streamers of love knots and wore the traditional something old, new, borrowed, and blue.

Mrs. Wayne Wilson of Pampa, sister of the bride, was matron of honor. Miss Cheryl Chappell of Amarillo was bridesmaid. They wore mint green dotted swiss gowns fashioned with an empire waistline, matching pillbox hats with veils and carried nosegays of white carnations. Misses Gwen Gill and Bobbi Greenhouse served as flower girls. Their dresses were also of mint green dotted swiss with empire waistlines.

Miss Nancy Holt of Pampa registered the guests.

Serving as best man was Harshort sleeves. Her accessories were of white. She wore the orchid lifted from the bridal bouquet.

Mrs. Goodman is a graduate of Abilene Christian College. Mr. Goodman is a graduate of Arlington State College.

Mr. and Mrs. Goodman will reside in Dallas where she is employed by Gifford-Hill & Co. Inc. Mr. Goodman is associated with Collins Radio Co.

## ● DOUBLE-RING

(Continued From Page 11)  
hers were Jerry Lambright, brother of the bride, David Marshall of California and Dale Bolton of Seagraves. Lighting the tapers were Jerry Lambright and Dale Bolton.

First Christian Church Dining Hall was the setting for the reception held following the pledging of vows. The bride's table covered with a white net cloth, was centered with a 17-branch candelabra bearing white tapers. Miss Merna Jane Ward of Denver City, sister of the bridegroom, served the three-tiered wedding cake which was adorned with blue roses and wedding bells. Miss Elizabeth Trotter presided at the punch bowl.

Prior to departing on a wedding trip the new Mrs. Ward donned a white lace dress trimmed in pink and lifted the orchid corsage from her bridal bouquet. Upon their return they will make their home in Lafayette, Ind., where Mr. Ward will do graduate work in physics at Purdue University.

The bride is a 1965 graduate of Pampa High School, attended McMurry College, Abilene. She will enroll at Purdue University as a junior. The bridegroom, a graduate of Seagraves High School is an honor graduate of McMurry College.

Out-of-town wedding guests included Mrs. T. P. Dickey of Burkburnett, grandmother

of the bride; Mrs. J. T. Dickey of Wichita Falls, the bride's aunt; Mr. and Mrs. Jim Ward of Seminole, grandparents of the bridegroom; Mr. and Mrs. Leon Dickey, uncle and aunt of the bride, of Burkburnett, and Dr. and Mrs. Charles Ward of Lubbock, uncle and aunt of the bridegroom.

**PRE-NUPTIAL EVENTS**  
Pre-nuptial courtesies extended the bride included a kitchen shower given in Abilene by Miss Sue Ragle and Miss Pat Brown in the home of Rev. and Mrs. H. D. Ragle; a lingerie shower given in the home of Mrs. Dona Cornutt by Miss Molly Cornutt;

a miscellaneous shower in Harrah Methodist Church Fellowship Hall hosted by Mrs. Peggy Patrick and Susan, Mrs. George Clark, Mrs. John Pierce, Mrs. Raymond Shannon, Mrs. Ton Price, Mrs. J. T. Richardson, Mrs. Lela Pearl Reed, Mrs. F. E. Dyer, Mrs. Ed Stroud, Mr. Walter White, Mrs. Frank Conner and Mrs. Frank Totty, and a luncheon given by Mrs. Walter Eller in Coronado Inn's Terrace Room.

A rehearsal dinner was given for members of the wedding party on Thursday evening in Lewis Buffetaria.

**HIGH ABOVE THE CROWD** — Walking on tight wire which is held steady by six human weights, this performer in the Shrine Circus gets a good look at the crowd. The Shrine Circus will be at the Top O' Texas Rodeo Grounds for two performances on Wednesday, Aug. 23.

# Amusement Page

60TH YEAR THE PAMPA DAILY NEWS SUNDAY, AUGUST 20, 1967 17

## Shrine Circus Returns To Pampa on Wednesday

Circus fans who attended the afternoon performance of the June 6 Shrine Circus will get to see 80 per cent of new acts when the circus returns Wednesday, August 23.

The evening performance of the June 6 circus was cancelled due to rain and the Pampa Shrine Association rescheduled both the matinee and evening performances.

"We made a mid-season change in the show," Don Johnson told representatives of the Pampa Shrine organization recently in Perryton. "Some of the acts that we had at the beginning of the season were under half season contract because the acts we really wanted for the show were not available until July."

One of the new Acts which will be seen when the Shrine Circus, which is produced by Johnson and Larry Carden, comes to the Top O' Texas Rodeo Grounds, will be a slide for life made by two girls on a wire which is stretched the length of the arena. One end of the wire is attached to a 45-foot-high tower and the other end is suspended 8 feet above the ground.

One of the girls makes the slide suspended by one foot and the other girl hangs by her neck as she travels 60 miles per hour down the wire.

Jerry Sims, general chairman of the circus, reminded holders of tickets sold for the June 6 performances that their tickets were still good. Even the free tickets given out to children for the matinee will be honored at the gates Wednesday, he said.

The matinee will start at 4 p.m. and the evening show at 8 p.m. Tickets will be \$1 for adults and 50 cents for school children.

## Mike Nichols Trys Harder After First Movie Success

HOLLYWOOD (UPI)—Director Mike Nichols had everything going for him in his first movie: Elizabeth Taylor and Richard Burton starring in a proved property, "Who's Afraid of Virginia Woolf?" and winning an Academy Award nomination for his efforts.

In his second try at pictures, "The Graduate," he is going with considerably less. His star is Anne Bancroft. But thereafter his cast consists of Dustin Hoffman, Katharine Ross and William Daniels.

The screen play is unfamiliar to the public. Publicity has been almost nil.

The question is, will Nichols be able to bowl audiences over a second time after his tremendous success with his first picture?

Mike isn't shre himself. Nor does he seem particularly concerned.

"Look," he said at Paramount studios, "if this is a good picture, people will go to see it. Word will get around. I think we should take it easy and let people enjoy the discovery of a picture instead of ramming it down their throats."

Nichols is a leading exponent of a revolution in movie-making that began in Europe after World War II—and has been growing steadily.

He explains it best: "I'm interested in smaller pictures dealing with the behavior of people and what makes them tick."

"You don't have to have massed armies marching on each others' flanks to get a message across. Sure I'd like to do a western sometime, but not an epic."

"The idea in this picture, and in others I plan to do, is keep in mind what really happens in life, not tell it like it is, or make fun of life as it is. And you do that by recalling your own experiences."

## Rock Throws A Party

HOLLYWOOD (UPI)—Rock Hudson spent \$11,000 for a party the other night and apparently enjoyed every cent of it.

It was a throwback to the kind of bash thrown in the 20s and 30s. The guest list was impressive and included Princess Grace and Prince Rainier of Monaco.

In all there were 350 guests, including a few crashers, at Hudson's hideout atop the Hollywood Hills.

His immense patio was covered by a circus like tent. Dress was strictly informal. The invitation specified: "No nickties." The girls were dressed in everything from mini skirts to pajama gowns.

The motif was Mexican with the 18-piece Guadalajara Kings band providing far-out music. Couples crowded the outdoor dance floor, writhing through inventive poses.

## Wall Street Chatter

NEW YORK (UPI)—Abraham & Co. takes a constructive view of the current market but recommends caution "because of the structural defects in the technical position caused by heavy speculation and marginal issues." The company economist believes there is still a large pool of funds on the sidelines which eventually will be placed in issues with sound fundamental values.

In 1741, Danish navigator Vitus Bering discovered Alaska.

# Effective NOW...

as much as twice the buying power for the same monthly payment

Now, Ward's expands your buying power with a CHARG-all account without increasing your monthly payments, making it easier than ever for you to have what you want, when you want it! Before, for the low monthly payment of \$5, you could buy up to \$50 worth now, under Ward's new CHARG-all payment plan, the same \$5. payment buys \$100 worth at Wards. Each \$1 you pay gives you \$20 worth of buying power! If you don't already enjoy the convenience of a CHARG-all account, open one on your next visit to Wards or call now.

## Center Wrap-Up

George Smith, Director  
Pampa Youth and Community Center

**CENTER MEMBERSHIPS** — The Pampa Youth and Community Centers activities are run through a membership plan. Memberships are available the year round and each membership runs for a full six months or a year according to the purchase. By purchasing memberships you are entitled to swim free of charge, take swim lessons, use the large recreation hall which houses the pool tables, ping pong tables, jute box and other quiet games and use of the gym where trampolining, shuffleboard, tumbling, basketball goals, volleyball court and weights are housed.

There are two types of memberships, a family and an individual. The family membership includes all members of the family living at home or in college no matter how many. This membership sells for \$20 per year or \$12 for six months. The individual membership is for those 8 years of age or older and sells for \$8 per year or \$5 for six months. Children under 8 must be carried on a family plan.

**SWIM LESSONS** — The Center will start the school swim lesson program on September 11. Classes will be in the afternoons from 4-5 p.m. and 5-6 p.m. and will meet for 10 meeting dates on Monday, Wednesdays, Thursdays and Fridays. No classes on Tuesdays, Saturdays or Sunday.

All lessons will be taught by the Center Water Safety Instructor, Jackie Marlair. Lessons will be free to Center members and \$3 to non-members. Memberships are always available. Our beginners and polywog classes are limited to an enrollment of 25. You may start enrolling now.

Sept. 11-27  
4:00—Polywogs  
5:00—Beginners  
October 2-18

Nov. 13 to Dec. 1  
4:00—Beginners  
5:00—Swimmers  
(Will not meet Nov. 23 or 24)

**TEEN DANCES** — In taking our poll of bands which were popular among the young people we found 6 bands prominent. They were the Tiaras, Souleekers, Jekyl and the Hydes, Casuals, Motiffs and the Cords. Special attraction bands who received votes were the Blue Things and the Tracers.

Using this poll as our guide we have invited several of these bands to play at the Youth Center during Sept., Oct., Nov. and Dec. When school begins the teen dances will be held on Friday and Saturday nights. The major bands will play on Friday nights with the newer bands playing on Saturday nights.

We have invited the following bands to play as listed. This schedule is not official but will be confirmed as the bands accept the dates. Sept. 1 Souleekers, 8 Rockin Mods, 15 Tiaras, 22 Casuals, 29 Motiffs, Oct. 6 Souleekers, 13 Cords, 20 Motiffs, 27 Tiaras, Nov. 3 Souleekers, 10 Casuals, 17 Jekyl and the Hydes, 24 Tiaras, Dec. 1 Souleekers, 8 Casuals, 15 Motiffs, 19 Cords, 22 Tiaras and 29 Jekyl and the Hydes.

**VOLLEYBALL LEAGUES** — The Pampa Youth and Community Center will again sponsor the Fall Volleyball Leagues. Leagues and their playing nights will be: Women's on Mondays; Mixed on Wednesdays and Men's on Thursdays. An organizational meeting will

be held Sept. 6 at 8 p.m. in the Meeting Room at the Center. Please have a representative at the meeting if you desire to enter. All entry fees must be paid on Sept. 6 or before. The entry fee will be \$20 per team per league which includes your entry fee into the tournaments. The women's tournament will be Sept. 11; Mixed Sept. 13 and Men's Sept. 14. The Leagues will start the following week on the scheduled nights.

The volleyball net will go up for practice on Monday, Sept. 4. Teams may practice thereafter any night except Friday or when something else is scheduled in the gym. No reservations will be accepted on Saturday or Sunday afternoons. You may come on those two afternoons and take pot luck, but there will be basketball playing at all goals while you play volleyball. Teams may workout from 6-7; 7-8; 8-9 or 9-10 p.m.

Two teams may practice for 1 hour, and if no one is scheduled for the next hour, may practice on. Center members may practice free of charge while non-members must pay 50 cents.

**SQUARE DANCING** — In addition to the teen activities there is one activity that is just for adults. This is the Calico Square Dance Club which meets at the Center on Saturday nights from 8-11 p.m.

The Calico Capers are an adult square dance club and they give dance lessons twice a year and stage several jamborees during the year. The Capers have guest callers during each month and some national callers. Dewey Palmittier is the new President with Dale Ladd vice-president. They would invite you to come out and visit with them on Saturday nights and will tell you how you can join.

## No Oil Shortage Is Anticipated

WASHINGTON (UPI)—There is no danger in the United States of oil shortages due to the Middle East crisis, at least through September, according to the Emergency Petroleum Supply Committee. The committee, whose members include representatives of most of the major U.S. oil companies, said in a report Wednesday that no immediate emergency action was needed to meet supply problems resulting from the oil cutoff to the West by several Arab countries.

The Valley of 10,000 Smokes is located in Alaska's Katmai National Monument.
