Climbers Set For Charge on Fabled Mountain

MOOSE, Wyo. (UPI)—Three teams of mountain climbers planned to set out at dawn today on the first leg of a New Year's assault on Northwestern Wyoming's forbidding Grand Teton Mountain.

The 18 climbers, led by Himalaya veteran Paul Petzold, 59, will challenge the peak in spite of the subfreezing temperatures and winds up to 100 miles an hour that often strike it in winter, through deep snow, turning it from summertime standing as an easy climb to a grueling and dangerous ascent. The climbers will pass through the Moose Ranger Station of Grand Teton National Park before skiing cross-country through deep snow to the base of the peak.

A Pacific storm that moved into the state from Montana was predicted to cut visibility on the mountain for the next 26 hours, which could hinder the climbers.

Petzold's parties in 1965 and 1966 were turned back in assault attempts by fierce blizzards that last year trapped them on the saddle slope below the north face for six days. Petzold has led the only two successful winter assaults so far, in 1936 and 1948.

The climbers, dressed in clothing specially designed by Petzold to withstand temperatures to 50 degrees below zero and winds that could reach 100 miles per hour, should be in position Saturday.

The schedule calls for the first team of six persons, led by Petzold's assistant, Robert Heilner, 25, of Lander, to try scaling the peak's north face to spend New Year's Day atop the summit.

Petzold said Wednesday the team would have first chance at the summit "and I'll just tag along." A second, five-member team will get a chance if Heilner fails and a third team will wait in reserve at timberline.

Petzold's assault on the summit last year was blocked when he was only 150 feet below the top when the sudden blizzard struck.

The climbers plan to spend Thursday night on the west side of Bradley Lake below the saddle slopes and proceed to a camp site Friday either on the edge of the timberline or a mile beyond at Spaulding Falls.

The first team, led by Heilner, includes his wife Martha, first woman to attempt the climb in winter. A United Press International reporter, Thomas Hough, 31, of Cheyenne, is accompanying the second team.

Crack Illinois Train Derails

CARBONDALE, Ill. (UPI)—The Illinois Central's crack Panama Limited, streaking to New Orleans, La., Wednesday night, derailed and six cars overturned in snow-splattered wilds south of here with minor but serious injuries.

Of an estimated 150 passengers, including IC President William B. Johnson, not more than six were injured, authorities said.

The 14-car, Chicago to New Orleans train derailed at about midnight five miles south of this southern Illinois city, about 325 miles from Chicago, in the Shawnee National Forest. A lounge car, a diner and five sleepers ran off the track. All but one overturned, authorities said.

FBI Joins Hunt for Hijackers

Bandits Take \$301,000; Miss \$40,000 in Armored Truck

YOUNGSTON, Ohio (UPI)—The FBI joined a three-state search today for bandits who hijacked an armored truck in daylight and escaped with \$301,000. Despite the precision and timing of the theft, the thieves overlooked nearly \$40,000 in a rear compartment.

While federal agents and police hunted a 1959 automobile believed used in the getaway, authorities appealed to the public for help in solving the daring theft. An FBI spokesman said the federal agents were assisting police in suburban Boardman Township, where the theft occurred Wednesday, because it was believed the bandits probably fled across state lines. Authorities asked area radio and television stations and Youngstown's only daily newspaper, the *Victor*, to appeal to anyone who may have seen the robbery to step forward. Donald Hawkins, police chief of Boardman Township, said he thought the theft was an "inside job." He said the car was "the strongest lead we have."

Mercury to Dip, Snow Forecast for Pampa, Area

A fresh mass of cold air-dipped temperatures into the teens last night as a cold snap gripped Pampa and the Panhandle for the fourth consecutive day. The temperature plunged to a season low of 17 degrees this morning in Pampa and the Amarillo Weather Bureau predicted snow by late this afternoon and temperatures in the teens by morning.

Sunny skies cleared some of the snow which started falling early Tuesday morning. But icy patches were still on city streets and area highways and the Police Department and Highway Patrol urged caution. The high Wednesday was 27 degrees.

Pampa police reported a rash of minor accidents yesterday but no major accidents were reported. The Highway Patrol said no major accidents had occurred in Gray County as a result of road conditions.

Low in the morning will be in the mid-teens and high tomorrow will be in the upper 30s. The snow which is expected to begin late this afternoon, will end late tonight, the Weather Bureau said.

Skies were cloudy across the northern portion of Texas today and clear to the south in the wake of a fast-moving, snowy cold front that dumped snow and rain over many areas of Texas Wednesday.

Miami Police Chief Draws Rights Blast

MIAMI (UPI)—Civil rights organizations have sharply criticized Miami Police Chief Walter Headley, who ordered special squads—armed with shotguns and dogs to go after young Negro hoodlums in the slums. "This is war," Headley declared Tuesday in announcing a new effort to put down a recent surge of violent crime in the city.

Florida's field secretary for the National Association for the Advancement of Colored People, Marvin Davies, retorted: "This man has no place in a position of public trust. If necessary, we will get a lawsuit to keep him from enforcing this type of arbitrary action."

Headley's get-tough policy, reminiscent of that of Birmingham's Eugene (Bull) Connor several years ago, prompted this comment from a Negro merchant in the trouble area: "I'm afraid every time I open my door, I've got down my hours because I'm afraid to go out of my house at night."

The merchant, who asked his name not be used, said young Negroes with guns are terrorizing "decent citizens" in the central Negro district. Others said they feared Headley's action would stir bitterness against the Miami police department. "It wouldn't take much to touch off an insurrection," said Neal Adams, a merchant and member of several county boards.

Mrs. Althea Range, a Negro member of the Miami City Commission, said she didn't think the policy was aimed at a particular group of people. "If these murders have occurred in the Negro area," she said, "then this is the area where the policy needs to be enforced at this time."

RESCUE OPERATIONS continue in northern Arizona where severe blizzards have cut off Navajo families. Framed by a helicopter window, U.S. Air Force men carry emergency supplies to an isolated home.

NORTHEAST U.S. BRACES Plains, West Dig Out

By United Press International
A major storm-bearing an expected four to eight inches of snow—headed toward the Northeast today after spawning the threat of tornadoes in the South west, which reeled under the throes of pre-Christmas adversity, escaped the onslaught of wintry weather today as snow promised to blanket half the nation.

Ike Denies Press Remarks

WASHINGTON (UPI)—Former President Dwight D. Eisenhower denying he ever said George Romney was unfit to be president, says he could "earnestly support" the Michigan governor.

Eisenhower, vacationing at Palm Desert, Calif., also denied Wednesday in a statement made available in Washington that he had ever said Romney might panic in an emergency. The former President made it clear he was not endorsing Romney or any other potential Republican candidate. He said he was issuing the statement because of protests about news reports quoting him as writing off Romney as a presidential possibility.

Eisenhower was quoted in the New York Times over the weekend as telling friends and associates that he believed Romney might "panic" in a crisis. "I feel I owe it to myself, even if to no one else, to correct any misunderstanding. I have not said nor do I believe that Gov. Romney is unfit to be president; that he has been on too many sides on too many issues; or that he would panic in emergency," Eisenhower said.

"I publicly never speak ill of any citizen; naturally, I would not do so about any Republican," he added.

U.S., Allied Troops Kill 148 Commies

SAIGON (UPI)—U.S. and allied troops killed at least 148 Communists in a series of lightning attacks throughout South Vietnam Wednesday, military spokesmen reported today. At least 19 Americans died and another 121 were wounded as the pace of fighting increased sharply, with both sides swinging back into action after the brief Christmas lull. Four U.S. helicopters were shot down during the day.

In Saigon, U.S. authorities disclosed 166 Americans were killed and 1,397 wounded in combat during the week ending last Saturday. In the previous week, 187 Americans died in action. The toll brought total U.S. combat casualty figures for the war to 115,983—including 15,812 killed, 99,305 wounded and 866 missing.

Johnson Puts Crime at Top Of Congress List

SAN ANTONIO, Tex. (UPI)—President Johnson put Congress on notice today that he considers the "growing menace of crime in our streets" the most urgent business when it returns in mid-January.

The President, signing a crime control bill for Washington, D.C., said "no more serious domestic problem faces America."

"I hope that the Congress will also look beyond the capital city to the problem of crime in all cities," he said. Johnson's safe streets measure was expected to be a major campaign issue.

He said under the new law the District of Columbia would have "clear and forceful anti-riot" controls. But he had reservations about a provision which permits three hours of questioning by the police before the arrested person is taken to a judicial officer.

Johnson took time from his preoccupation with budget cutting to clear his LBJ Ranch desk of the crime legislation. He is leaning hard on top officials to bring their budgets into line to present to Congress on Jan. 29.

The Chief Executive has been taking a cold look at the appropriation requests for the 1969 fiscal year since arriving at the Texas ranch. Johnson also had a stack of bills awaiting his signature—many of them major measures, including the Social Security bill, foreign aid and the secondary education program.

Bradley Freed Without Bail

LOS ANGELES (UPI)—Edgar Eugene Bradley, accused of conspiring to kill President John F. Kennedy, was freed today on his promise to appear in court Jan. 29 for extradition proceedings.

Bradley was released on his own recognizance without being required to post bail following his arraignment Wednesday in Municipal court. The action involved a Louisiana warrant for Bradley requested by New Orleans Dist. Atty. Jim Garrison.

George J. Jensen, Bradley's attorney, has vowed to fight extradition "tooth and nail." He said he has asked for a "full-fledged extradition hearing" in Sacramento on the assumption Louisiana would request Bradley.

Division got its first taste of combat Wednesday. The Paratroopers ran into Communists about 21 miles northwest of Saigon and suffered two killed and eight wounded, spokesmen said. Communist casualties were not known.

In another action fifty Americans were wounded when the Viet Cong slammed 190 rounds of 82mm mortar fire into a base camp of the U.S. 25th Infantry Division at Dau Tieng near the Cambodian border, 32 miles north-northwest of Saigon. Some of the rounds, possibly armed with delayed fuses, exploding as much as two hours after the 15-minute warning, catching infantrymen by surprise and adding to the casualties.

If it comes from a hardware store we have it. Lewis Hildebrand (Adv.)

Utility School Set for Pampa January 16-26

A Unit II sewage treatment school for utilities personnel from Pampa and surrounding cities and towns is scheduled in Pampa Jan. 16 through Jan. 26, it was announced today by Mack Wofford, director of public utilities.

The school, sponsored by the Engineering Department of Texas A&M University, will be held nightly from 7 to 9 o'clock in the Palm Room of City Hall.

Station Burglary Reported Today

Burglary of a service station at 2307 Alcock Street was reported this morning to the Gray County Sheriff's Department.

W. E. Moser, operator of the service station, reported the burglary when he came to work at 7 a.m. today.

The Sheriff's office said the burglar or burglars had gained entry by breaking out a window on the west side of the station.

Final Rites Held For C. P. Buckler

Funeral services were held at 2 p.m. today for C. P. Buckler, 82, an early day Pampa pioneer. The Rev. Sam B. Hulsey officiated for services in St. Matthews Episcopal Church.

Burial was in Fairview Cemetery directed by Duengel Funeral Home. Masonic rites were held at the cemetery.

Mr. Buckler died at 5:30 a.m. Wednesday in Highland General Hospital. The family physician named cause of death as a heart attack.

A Pampa resident more than 62 years, Mr. Buckler lived at 410 Buckler St. Born June 20, 1885, in Surrey County, England, he came here in 1905 at the age of 20.

Courthouse offices were closed today from noon until 3:30 p.m. so county employees and officials could attend the funeral services.

Mr. Buckler is survived by three daughters, Mrs. Russel Allen of Austin; Mrs. Aubrey Green of Borger and Mrs. Ben Guill of Washington; 10 grandchildren and three great-grandchildren.

Funeral Slated For Mrs. Garrard

BORGER (Sp) Mrs. Ethel Garrard, 80, a long time former Borger resident, died today in Midland. She had lived in Midland the past five years since the death of her husband, John Mason Garrard.

Mrs. Garrard is survived by three sons, Jack Garrard, Midland; Bill Garrard, Wickett; and Glenn Garrard, Salt Lake City, Utah; three daughters, Mrs. Venita Lantroy, Mesa, Ariz.; Mrs. Levinia Holt, Dallas and Mrs. Arvilla Pollard, Wichita Falls; two sisters, Miss Florence Jackson, Oklahoma City, Okla. and Mrs. Jim Dulsworth, Pauls Valley, Okla.; 16 grandchildren and three great-grandchildren.

Funeral services will be held at 2 p.m. Saturday at Gardner St. Church of Christ in Borger, with Mr. J.R. Chism, minister, officiating. Burial will be in Highland Park Cemetery directed by Ed Brown and sons, Funeral Directors of Borger.

Key Club Plans Annual Banquet

Pampa High School Key Club will hold its Ninth Annual Leadership Banquet at 7 p.m. Saturday, Jan. 6, in the high school cafeteria.

Senior director, Kevin Francis, will serve as master of ceremonies. Rev. Dan Cameron, pastor of the First Baptist church, will be the guest speaker.

The banquet is held each year in honor of the outstanding Adult Leader of the Year. The award is given to an adult in the community who does an outstanding job in helping the young people.

Obituaries

Robert W. Orr, 70, died at Tulsa, Okla., Tuesday. A former Pampa, he lived here until 1965 when he retired and moved to Tulsa.

Graveside services will be held at 2:30 p.m. Friday at Memory Gardens Cemetery. Rev. Martin Hager, First Presbyterian Church pastor, will officiate.

Mr. Orr is survived by his wife, Anne Orr, of Tulsa, a son, James Orr, Patteville, Md., and a daughter, Mrs. Dixon Burns, Tulsa.

I. R. Bynum, 65, born Feb. 14, 1902, in Wilson, Okla., died at 3 a.m. today in a hospital in Newhall, Calif. He lived here at 525 N. Naida. He moved here in February, 1929, and worked for Wilcox Oil Co. until he retired July 1, 1965.

He went to Newhall in June to visit his son Joe Bynum, and had been hospitalized since September.

Survivors include his wife, Mrs. Hattie Bynum, Pampa; one daughter, Mrs. Beth Smiley, Pampa; seven sons, Dick Bynum, Amarillo; Phillip Bynum, Dumas; Ralph Bynum, Spearman; Paul Bynum, stationed in California with the Army; Joe Bynum, Gene Bynum and Elmer Bynum, all of California; two sisters and one brother.

Funeral services are pending at Carmichael-Whitley Funeral Directors.

Mrs. Martha L. Jenkins, 84, of White Deer, died in Groom Memorial Hospital at 6:25 p.m. Wednesday, Born in Sevierville, Tenn., she was married to H.W. Jenkins in 1899 in Sevierville.

She moved to Anthony, Kans., in 1915, to Enid, Okla., in 1924, and to Borger, in 1925. She moved to Gray County 46 years ago and had lived here until four years ago when she moved to White Deer.

Survivors include one son, C. H. Jenkins, Pampa; four daughters, Mrs. Bud Patton and Mrs. Jewel Taylor, both of White Deer; Mrs. Edna Mae Lane, St. Charles, Mo.; Mrs. Lula Winters, Tulsa, Okla.; 17 grandchildren, 37 great-grandchildren and seven great-great-grandchildren.

Funeral services will be held at 10:30 a.m. Saturday at Calvary Baptist Church here with Rev. Joe Hawn, pastor, officiating. Burial will be in Fairview Cemetery beside the grave of her husband who preceded her in death. Carmichael-Whitley Funeral directors are in charge of services.

Santa Fe to Build Jet Fuel Pipeline

AMARILLO (Sp) Plans to construct a pipeline between Amarillo and Clovis, N.M., were announced today by John S. Reed, president of the Santa Fe Railway.

The pipeline, costing in excess of \$2 million, will be built and managed by a wholly-owned subsidiary, Santa Fe Pipeline Co., and will operate as a common carrier.

Thoughtput will be comprised principally of jet fuel from Amarillo to Cannon Air Force Base, near Clovis, but the line will also handle other petroleum products. Construction is expected to begin shortly and will be completed about the middle of 1968, Reed added.

In 1966, New York transit workers went out on a strike that lasted 12 days.

184 Yule Baskets Were Distributed By Welfare Index

Officers of the Welfare Index today issued thanks to Pampanas who assisted in providing Christmas dinners for needy families. Mrs. Georgia Mack, chairman of the Index Christmas Committee, said baskets were distributed to 184 families at Christmas this year.

The Index, made up of these groups, works closely with the County Welfare Department and the Red Cross, Mrs. Mack stated.

"Persons and groups that work through the Welfare Index can be assured all names were investigated and there were no duplications," Mrs. Mack said.

Other members of the 1967 Christmas committee appointed by Ted Gikas, Welfare Index president, were Mrs. Jess Hatcher and Mrs. J. J. Rance.

SEARCH FOR SOLDIERS

TOKYO (UPI)—U.S. military authorities today asked the Japanese police for help in finding Sp. 4 Frick S. Freeman of Conyers, Ga., and Sp. 4 Harvey Mundy of Alton, Ill., who failed to report for their flight back to Vietnam Dec. 15 after a week of rest in Japan.

REDUCE HOLIDAYS

JAKARTA (UPI)—The Indonesian Cabinet announced Wednesday the number of recognized national holidays would be reduced from 22 to 14 to increase the efficiency of government employees.

Weather (Continued From Page 1)

its strength to the intensity of a major snow storm.

Before vacating the South, the storm left more than two inches of new snow on northeast Mississippi, raising the cover there to four inches. Hazardous driving conditions hampered travel in northern portions of Alabama and Mississippi with forecasts of up to three inches of additional snow, rain and sleet from northern Louisiana to southern Mississippi.

The storm is the same one that Wednesday moved eastward out of the Rockies, leaving a mantle of snow two to four inches deep across the Plains and southern Midwest.

Another storm system, located in northeast Wyoming, brought snow to the northern Rockies today after Moorcroft, Wyo., got two inches of snow Wednesday night.

South of the southern storm's snow area, rain drenched the warmer areas, with Pensacola, Fla., and Dothan, Ala., recording an inch or more during a six-hour period ending early today.

International Falls, Minn., recorded the nation's 1 a.m. CST low of 25 below zero.

In sharp contrast, northern California reported unseasonably warm weather is lingering. San Francisco, and Oakland across the bay, recorded readings in the 70s just one degree below the 1963 record highs of 71 and 73, respectively.

Rotary Members Hear Stockbroker

Local stockbroker Art H. Land gave a tongue-in-cheek presentation of the "world of finance and other things" at they related to Pampa Rotary Club members at the group's weekly meeting yesterday in the Coronado Inn.

In a more serious vein, he did say that he expected the stock market to fluctuate widely in 1968.

A special guest of the club was Dr. Kenneth Gould, of Sussex, England, who is a Rotary fellow, attending veterinary school at the University of Georgia, at Athens.

Also introduced were college students Carletta Johnson and Pat Ludeman, who are applicants for the Rotary award graduate scholarship award.

Bradley (Continued From Page 1)

Bradley's presence in New Orleans for a trial.

The final decision on whether Bradley would be extradited New Orleans rests with Governor Ronald Reagan.

Bradley, 49, West Coast representative of radio evangelist Rev. Carl McIntire, made pre-arranged surrender before Sheriff Peter Pitchess for arraignment.

Bradley has steadfastly maintained his innocence of the charge of "criminal conspiracy to murder" President Kennedy on Nov. 22, 1963 in Dallas, Tex. On the day of the assassination, Bradley said he was on a bus route to El Paso, Tex., on business trip for Dr. McIntire.

ify what communities might be served by the project, he said. Friedkin emphasized the only thing planned at the present time was a study to determine if the project was feasible and desirable. He said he did not know how long the study would take or if the study would show the project to be possible.

The State Department in Washington said there are no plans to build an aqueduct or pipeline system for such water from Falcon to Brownville. It is assumed if the project were found feasible and built, the water would arrive at Brownville through the river channel or a canal system.

There was no authorization or appropriation for any new Rio Grande water projects in the congressional session that just ended.

Hunt (Continued From Page 1)

Yerian said. "The truck was going so fast, about 35 or 40 miles per hour and the car was so close behind it. They were just about five feet apart. I saw one (person) in the truck and one in the car."

Hawkins said he believed the theft was an inside job. "I don't see how else they could have gotten in," he said.

Officials of the Almart store said the two guards, James Lockhart and Steve Sulik, both of Youngstown, were in the store "just long enough to leave the money and return to the truck." Lockhart has worked for the firm 17 years and Sulik 18.

Officials of the security firm said it was the first time since the start of the Christmas shopping season in November that only two guards were on the truck.

"Up until Wednesday, one guard always stayed in the truck while two others made deliveries and pickups to stores and banks," said John Aston, president of the security firm.

Beef roll with surprise core.

Flank Steak Roll Has Surprise Cooked Inside

By GAYNOR MADDOX
NEA Food Editor

At Expo 67 we found some of the best food at the Czechoslovakian Pavilion. The chef gave us a recipe for flank steak which we have adapted to American ingredients and taste, including a surprise inside.

BEEF FLANK ROLL
1 (1½- to 1¾- pound) flank steak
½ teaspoon salt
½ teaspoon garlic salt
¼ cup chopped onion
3 chopped slices bacon
4 dill pickles, about ¾ inches long
1 tablespoon cooking oil
1 (10¼- oz.) can beef broth
2 teaspoons cornstarch
1 (2½- oz.) can sliced mushrooms
½ cup dairy sour cream
Split steak butterfly fashion lengthwise to make 2 thin layers leaving a hinge at long side and open steak flat and pound well. Sprinkle with salt, onion and bacon. Arrange pickles, 2 abreast, along one side of steak, lengthwise with grain of beef.

Roll beef tightly around pickles, jelly roll fashion, tucking in ends. Skewer ends, and tie roll tightly in several places. Brown in oil. Add half of broth, cover closely, and simmer about 1½ hours, until beef is tender, add water as necessary. Skim off and discard fat. Stir cornstarch into remaining broth. Add to meat juices, along with undrained mushrooms. Cook, stirring until sauce boils and thickens. Stir in sour cream. Heat, but do not boil. Remove strings from beef. Slice roll and serve with sauce. Six servings.

A party dip with the Mexican influence.

For Big Dippers-- Ripe Olive Con Queso

By GAYNOR MADDOX
NEA Food Editor

During this season of party sary. Skim off and discard fat. Stir cornstarch into remaining broth. Add to meat juices, along with undrained mushrooms. Cook, stirring until sauce boils and thickens. Stir in sour cream. Heat, but do not boil. Remove strings from beef. Slice roll and serve with sauce. Six servings.

after party, the more good dips the better. Here's one with a Mexican-California origin, a conversation piece as well as a really interesting recipe.

OLIVE CON QUESO
½ cup chopped onion
½ cup chopped green pepper
½ cup butter
1 minced clove garlic
¼ cup cornstarch
1 (1-lb.) can tomatoes
1 teaspoon salt

½ teaspoon mixed Italian herbs
¼ teaspoon liquid red pepper seasoning
1 pound grated mild Cheddar cheese
1 (No. 1) tall can pitted California-ripe olives
½ saute onion and green pepper in butter until soft. Add garlic

and cook a minute longer. Blend in cornstarch. Add tomatoes, salt, herbs and red pepper seasoning. Cook, stirring until mixture boils and thickens. Add cheese and stir over low heat until melted. Add ripe olives, cut into chunks. Serve hot. Corn chips, tortillas, etc., make good dippers. About 4½ cups.

Spread New Year's Cheer

At the New Year's party, gift the hostess with a delicious spread packed in decorated plastic margarine tubs. Make up a large batch, keep some for your own entertaining—and tote some to the party.

Because this fine spread is made with soft-type margarine it is simple to prepare. This margarine containing liquid safflower oil is soft enough to blend beautifully right from the refrigerator, has a fine fresh flavor perfect to use as a base for spreads.

CHICKEN LIVER PATE
½ cup soft-type margarine
1 pound chicken livers
½ cup finely chopped onion
¼ teaspoon salt
¼ teaspoon each dry mustard

¼ teaspoon black pepper and powdered thyme
¼ teaspoon mace

Heat ¼ cup soft-type margarine in skillet. Add chicken livers, onion and salt; cook over medium heat, stirring frequently, for 5 to 8 minutes. Puree livers with onion by forcing through food mill or strainer. Blend in seasonings and remaining ¼ cup soft-type margarine. Turn into two soft-type margarine tubs; cover and chill and then garnish with sieved egg yolk. Makes: 2 cups.

Food Buying Guide

The following guide to the nation's food buys for the weekend was prepared by the Department of Agriculture and Interior for UPI.

WASHINGTON (UPI) — USDA's Consumer and Marketing Service reports that weekend shoppers, preparing for the New Year holiday, will find good supplies of meat and poultry and adequate supplies of some fresh fruits and vegetables at food stores and supermarkets.

Broiler-fryer chickens and turkeys continue as the most abundant meats. These will be holiday-feature buys in all areas. In most areas, especially in the South, food shoppers will find good supplies of salt pork or hog jowls to help flavor the traditional good-luck dish of black-eyed peas for New Year's Day. Other meats in good supply include beef roasts and steaks, hams, smoked picnics, and pork roasts. The U.S. Department of the Interior reports that stocks of fish sticks and portions and frozen fish fillets and steaks all ample in all areas.

Cabbage, potatoes and onions are the featured vegetables this week. Severe weather in some growing areas has slowed the marketing of celery, radishes, tomatoes and other vegetables in some areas. Apples and grapefruit continue as leaders among abundantly available fruit. Bananas are also in this category in some areas.

For Open House, Try Coffee-Wine

Visiting on New Year's Day began with the Dutch settlers in New York and was soon adopted by the rest of the colonists. George Washington added to the popularity of this custom when he invited the public to an open house on the New Year's Day after his inauguration.

Refreshments for New Year's Day entertaining, from the time of the early Dutch to the twentieth century, have always been tiny delicacies and hot, spiced beverages. For open house in '68, we suggest this unusual "Vintage Coffee" made with strong hot coffee and muscatel wine. The hors d'oeuvres to accompany this delicious drink are easy-to-fix Smoked Oyster Canapes, Cheese and Ham Cubes and Shrimp Puffs.

The "Vintage Coffee" should be served in delicate demitasse or brulot cups. You'll be surprised at how well wine and coffee blend—it's a delicious new way to toast the New Year.

VINTAGE COFFEE
3 cups strong hot coffee
¼ cup muscatel wine
6 teaspoons sugar
2 cinnamon sticks
Combine first 3 ingredients. Stir to dissolve sugar. Add cinnamon sticks and steep 15 minutes. Serve in 6-8 demitasse cups with hors d'oeuvres.

BASKETBALL AWARDS

ST. LOUIS (UPI)—Forward Bill Bridges of the St. Louis Hawks and coach Jack Hartman of Southern Illinois will receive special basketball awards Jan. 25 at the annual dinner of the St. Louis Baseball Writers.
 Bridges and Hartman will receive the John E. Wray Award, named in honor of the late John E. Wray, former sports editor of the St. Louis Post-Dispatch.

RESUME RACING

LONDON (UPI)—British agriculture leaders have removed the ban on horse racing, and the sport will resume next month, providing the foot and mouth disease in the country doesn't get worse.
 The decision to resume racing on Jan. 5 was reached after a meeting between Agriculture Minister Fred Peart and racing officials.

Dear Abby

DEAR ABBY: When my husband courted me I was secretly flattered because he was terribly jealous. I thought it was proof of his love. Now that we have been married for seven months, I'd give anything if he weren't so jealous.

He is jealous of every man I mention, look at, or pass on the street. He accuses me of winking at them—and giving them encouraging signals and what not. He accuses me of meeting men on my lunch hour, and says he "knows" I have been with a lover if I get home fifteen minutes late. No one is safe from his filthy accusations. (Even the young boy who delivers the newspaper!) He keeps after me to "confess" things and there is nothing to confess. I will gladly go to the police station and take a lie detector test or truth serum. Anything to prove my innocence once and for all.

FAITHFUL: Sorry, but even if you were to subject yourself to a lie detector test and truth serum, it wouldn't mean a thing. Your husband would probably accuse you of being in cahoots with the man who gives them. Your husband is the one who needs the help, constant accusations without basis is symptomatic of a very disturbed mind.

DEAR ABBY: My problem is not another woman. It's a pipe. My boy friend is forever sucking on—that blooming pipe, and it is driving me out of my mind. He is either knocking it against something to loosen the old tobacco, or packing some fresh tobacco in to it, or cleaning it, or looking for matches. It really keeps him busy. He doesn't even enjoy it. He says he only took up a pipe because he quit smoking cigarettes and this gives him something to do with his hands. Help!

ALMA: Don't complain. You could be lucky.

DEAR ABBY: Will you please explain why a daughter will ask her poor, aged mother to come and prepare the evening meal for her family, and then,

Pretty Hands Are Assets for Women

By PATRICIA KING, NEA Beauty Editor
NEW YORK (NEA)—Lovely nails and hands are an integral part of feminine appeal, and can either add or detract from a woman's charm. They are a great asset to her over-all beauty and to keep them this way takes care and time.

If you allow a few minutes each night to make repairs at the first sign of a rough cuticle or chipped polish, you will be able to keep your nails in good condition. However, there is more to nail beauty than just keeping your nails well-shaped and lacquered. They must also be kept in a healthy condition.

For a finger-pampering session, start by removing all old polish with a nail enamel remover. Don't peel or bite the polish off. Saturate a cotton puff with remover and press on the nail for 10 seconds, then stroke toward the tip, away from the cuticle.

To shape the nails a long emery board is best. Use light rapid strokes, working in one direction only, never back and forth and going from each side to the center. Round off the tip, giving an oval effect. Next,

Children Present Music Performance

Mrs. Carl Shafer's piano and organ students performed for parents recently in Mrs. Shafer's home, 2132 N. Russell.

Those performing were Karen Hampton, Carol Rose, Teresa Huston, Bert Casey, Cindy Farnsworth, Ann Casey, Brenda Cary, Reba Vaughn, Clessie Vaughn, and Jerri Vaughn.

Others were Laura Addington, DeAnn Gray, Janef Morrow, Debbie Gray, Patricia Greenwood, Steven Mauldin, Roy Lanning, Amy Ellison, Joan Ellison, Lori Rodgers, Kim Harkroder and Julie Harkroder.

Astrological Forecast

By CARROLL RICHTER

FOR FRIDAY, DECEMBER 29
GENERAL TENDENCIES: Until shortly after noon very few special influences are in vogue that give you the chance to make a whole fresh new start by a new start upon what you await your attention. However, the remainder of the day is somewhat very difficult if you are blunt, outspoken or take any chances of any kind.

ARIES (Mar. 21 to Apr. 20)—You have to approach what you most like to do in a novel way now to get the most results—some things later in the day you do not get irritated. Don't be forceful with others. Your creativity is high. Make the most of it.

TAURUS (Apr. 20 to May 20)—If you are very efficient at your particular talents during a.m., you can derive much satisfaction, pleasure from them. Others will appreciate you highly. Put all on a sensible, workable basis. Don't take any unnecessary risks in anything.

GEMINI (May 21 to June 21)—You have a plan in mind that should have the O. K. of both kin and business associates, so be sure to get both. Attend to personal interests yourself. Stop being so far-sighted and get busy early.

SCORPIO (Oct. 23 to Nov. 21)—Morning is the best time to get that important work done, but take care your feelings are not hurt by some unthinking person later in the day. Go out of your way to please co-workers. Forego pleasure for a while.

LEO (July 22 to Aug. 23)—Morning is best time for doing what you most desire, but forego some activity that could cost you altogether too much later. Safeguard your security. Take it easy in the evening after a most interesting day.

VIRGO (Aug. 23 to Sept. 23)—Do what is expected of you in a.m. and forget your personal desires. After lunch is best for the latter. Begin up-tight in your affairs. Take time for health treatments you need in wise.

LIBRA (Sept. 23 to Oct. 23)—Get going with meetings, shopping, business, etc. in a.m., that mean a good deal to you, but then get into the personal matters you like. Good news reaches you in a.m. look over statements, reports later.

SCORPIO (Oct. 23 to Nov. 21)—See what can be done to add to your abundance in a.m., but take care you do not take any forethought from pain. Do only what you can for them. Follow advice from business persons. Get some studying done in p.m.

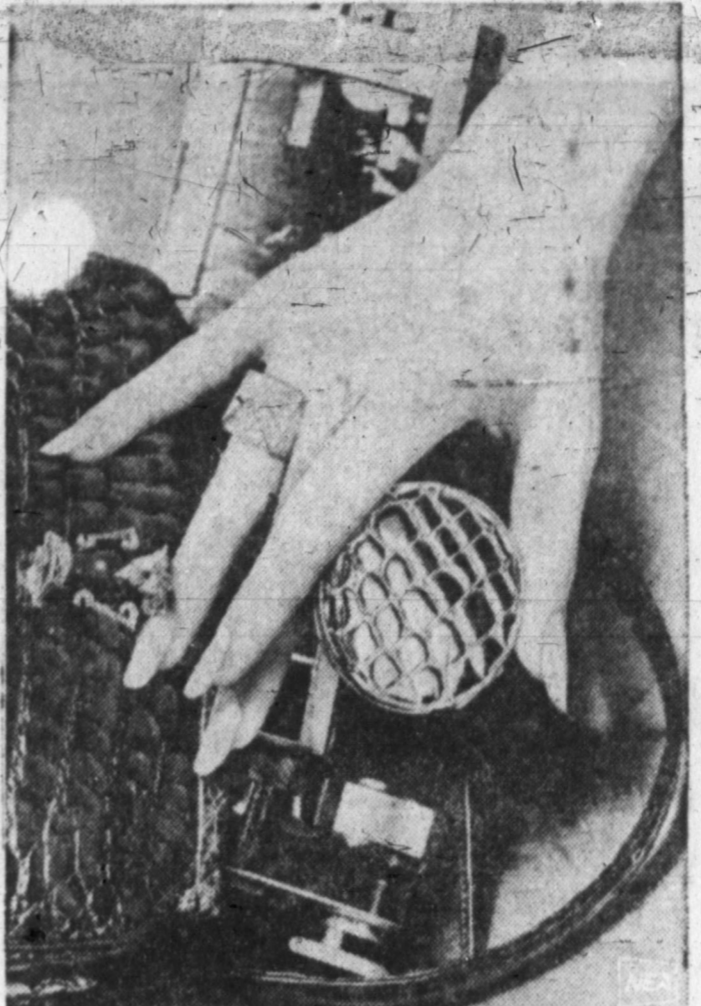

SAGITTARIUS (Nov. 22 to Dec. 21)—Be tentative with plans in a.m. and state your aims clearly, get their cooperation. Seek out bigwigs later for same purpose. Handle all civic duties later with true enthusiasm. Keep busy.

CAPRICORN (Dec. 22 to Jan. 20)—You can accomplish a good deal during a.m. if you are of a confident attitude with others and control that feeling of discontent. Get the data you need early from right sources. Take it easy in p.m.

AQUARIUS (Jan. 21 to Feb. 19)—Ideal morning to get in touch with good pals and persons who are interested in your welfare and state your aims. Get their support. Don't get into argument between higher-up and an associate. Be diplomatic with others tonight.

PISCES (Feb. 20 to Mar. 20)—Handle those civic duties in a.m. preferably, but do not enter into any official capacity and act. Follow regulations explicitly yourself. Do not make any difficult appointments.

IF YOUR CHILD IS BORN TODAY... he, or she, will be one of those very intelligent young people who is interested in everything and everyone, but success or failure depends upon giving the right philosophical course to follow throughout the lifetime. Your progeny could become a real leader for good, whether in own country or in another's, and to college.

MEN ALWAYS NOTICE soft, graceful hands. Don't let yourself be among the number of young women otherwise well-groomed, whose hands are in direct contrast to the rest of their fashionable good looks. With a world of creams, lotions and lacquers available, you can have hands you'd much rather show than hide.

Working bare-handed? Apply done. To bleach gardeners' nails hand cream under nail tips before and get rid of ugly nail stains, fore you begin. The cream helps use a crystal-clear cuticle remover under the nail tips and keeps out grease and grime and wipes away when the job is around cuticles.

Celanese Corp. Appoints Three Vice Presidents

NEW YORK (SpI) — Celanese Corp. today announced the appointment of three vice presidents: H. Kenneth Busch, Roger G. Richards and Francis W. Theis.

In addition to their new corporate offices, all will continue to serve in their previous areas of responsibility — Busch in directing corporate manufacturing and engineering operations; Richards as president of Celanese Plastics Co. and Theis as president of Celanese Chemical Co.

Busch has directed Corporate Manufacturing and engineering for the past nine months. He was president of Celanese Chemical Co. from August, 1963 to May, 1967, serving the division as vice president-manufacturing for one year previously. Richards has been president of Celanese Plastics Co. since 1964. In addition to his corporate and plastics company position, Richards continues as executive vice president of Celanese Chemicals Group Co.

Theis has been president of Celanese Chemical Co. for the past nine months. He joined Celanese in 1965 as president of its then new Devco & Reynolds subsidiary and continued in that position after the firm's name was changed to Celanese Coatings Co.

Wall Street Chatter

NEW YORK (UPI)—Newton D. Zinder of E.F. Hutton & Co. says this week is traditionally a strong one for the stock market but warns against putting too much faith in this tradition judging from the "less than favorable technical background at present." The analyst also points out that last year was an exception in the year-end rally pattern and that tradition could be broken again this year.

The Alexander Hamilton Institute, Inc. believes the best course of action would be to delay making new purchases until January when the market's direction can be more easily charted—"free of the usual turn of the year institutional activity." The company says, however, this policy does not hold to such undervalued issues as the steels which are "current bargains due to tax selling pressure."

Ralph A. Rotnem of Harris, Upham & Co. feels "window year-end tax selling should help the market this week and believes, looking at history, the year-end rally could carry over into early next year and push the Dow Jones industrial average up to the 920-930 level.

In 1941, the Japanese bombed the neutral city of Manila.

Pampa Football Program is not Satisfactory

EDITOR'S NOTE: This is the fifth in a series of articles of a report submitted to the Pampa School board by the Pampa Sports Committee, appointed by the board to survey athletic programs at other schools. This is part II of the Athletic Programs report by the committee. Today's story deals with the basketball and football programs in the Pampa Schools and the committee's recommendations.

By RON CROSS
According to the committee's report the basketball program in the Pampa school system is one of the most successful in the state. Coach Terry Culley is very dedicated with some strong convictions and does not hesitate to speak up on vital points of his program. It is felt that the basketball

program could be even more successful if the head coach was able to assist more in the selection of coaches in the junior highs. It is also suggested that he be given the responsibility to properly develop and supervise an organized program in the lower grades. The football program in the Pampa system is not satisfactory. This year there were eight football teams in the junior highs and high school and a total

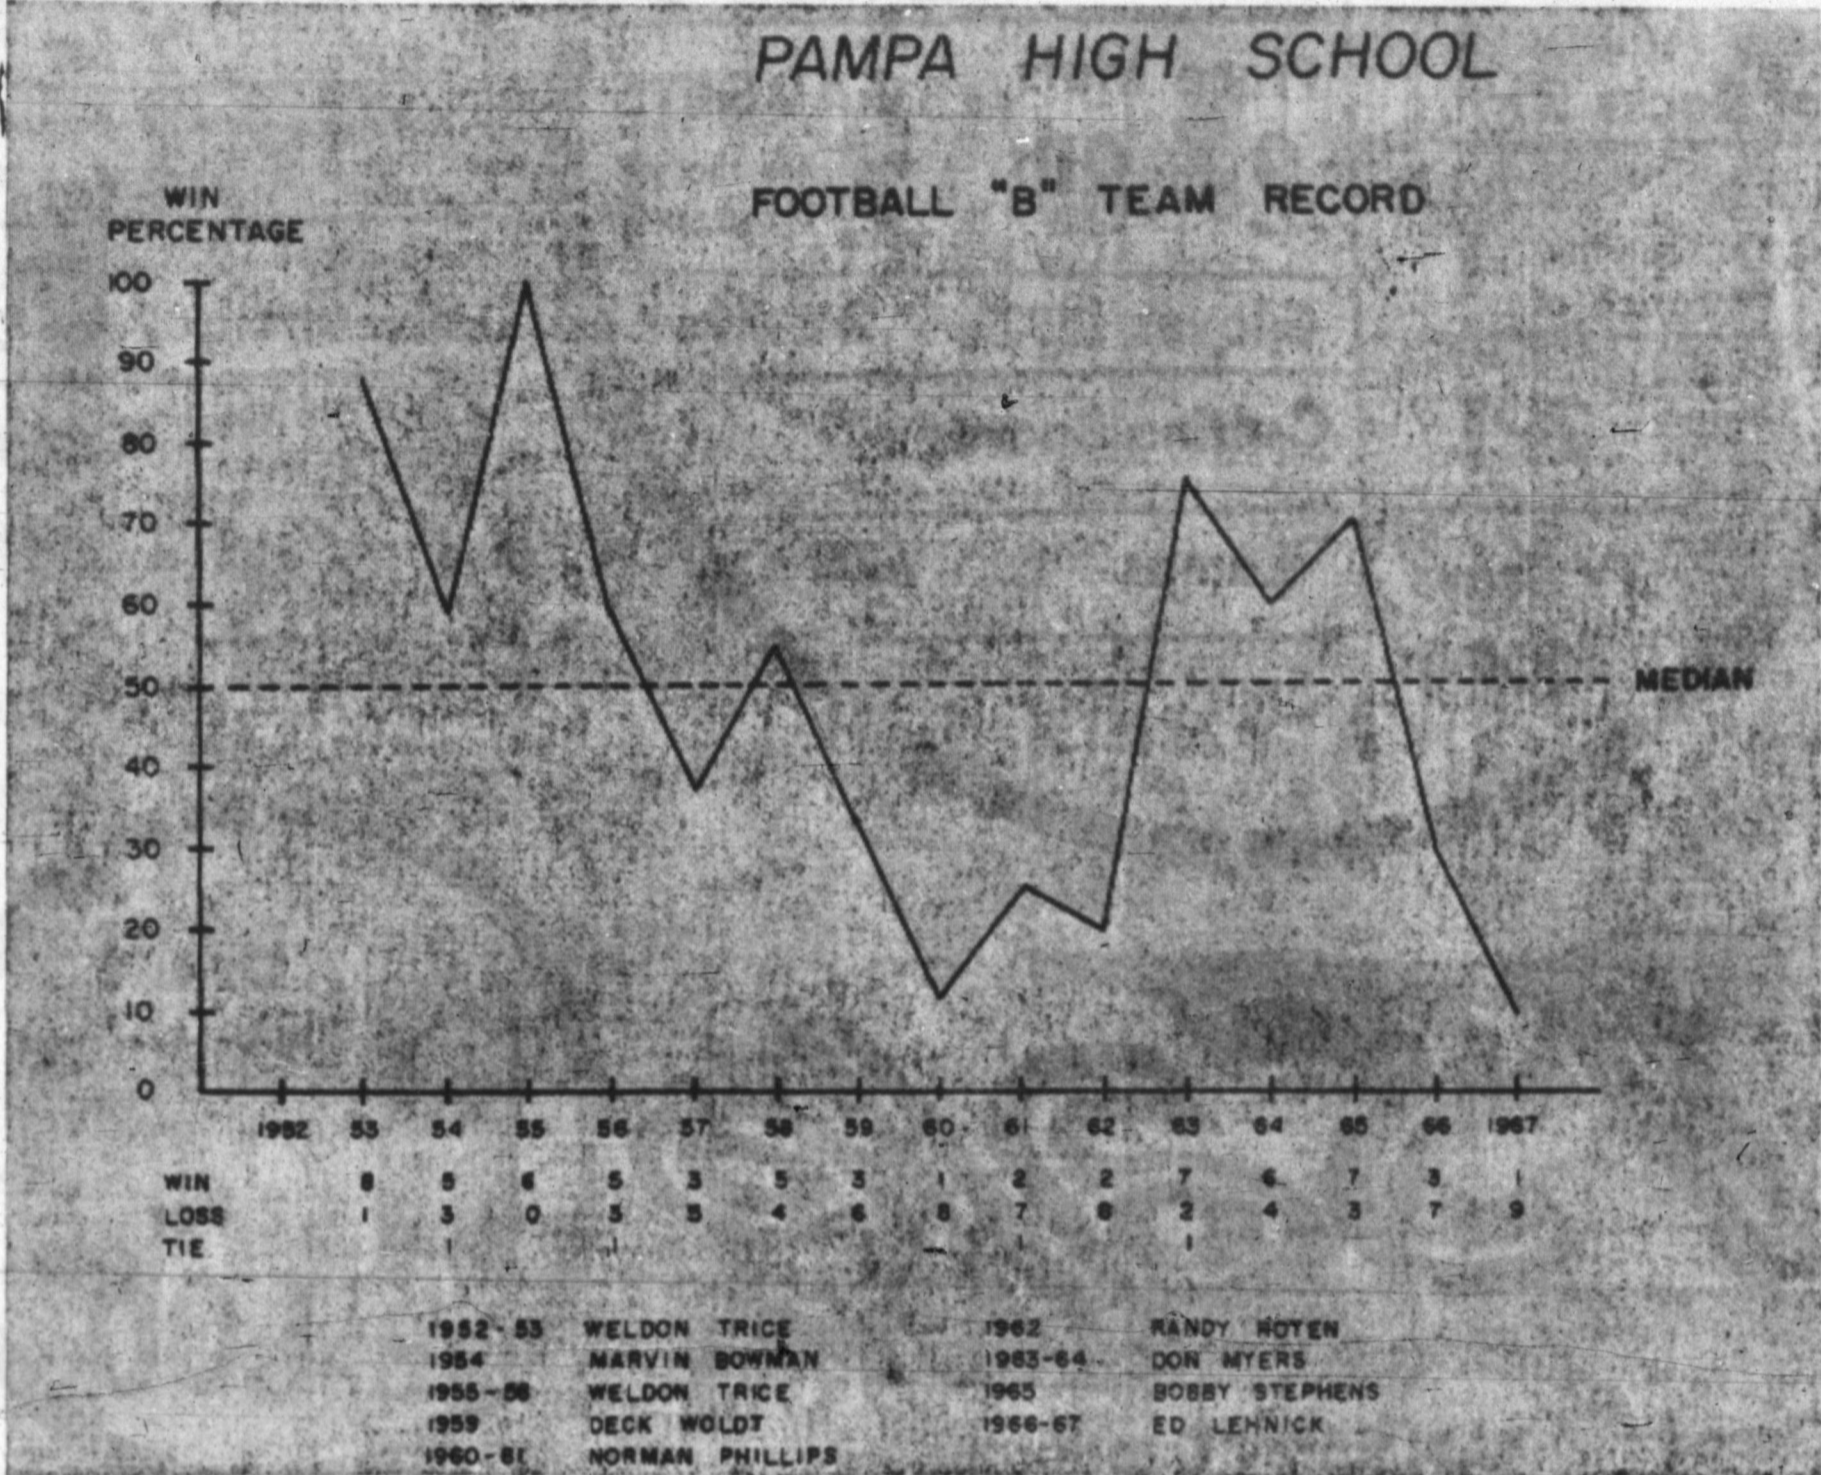

of 66 games were played. Our overall record was 15 wins, 47 losses and four ties. The committee enclosed—in their report a complete record of all school teams for the past four years and it wasn't good. program are as follows:
(1) Lack of a competent bona fide program throughout the high school and both junior highs. The head football coach,

although very dedicated has not followed through with nor insisted upon implementing a program that would prepare the boys to compete on an equal basis with other schools in our geographical area.
(2) Misunderstanding of policies and procedures governing the high school head football coach which have led to confusion as to the nature and extent of authority he could properly exercise.

(3) Lack of cooperation between the coaches in high school, especially in the area of encouraging the boys to play football and basketball.
(4) Lack of co-ordination, cooperation and communication between the principal and coaches of all schools. This has occurred as the result of the ad-

ministrative attitude of autonomy. Any successful football program must have: (1) A qualified enthusiastic coach with a bona fide program reaching into the lower grades; (2) Complete

backing of the school administration; (3) Boys who have the right mental attitude and are willing to pay the price to win. (Friday)—A look at some interviews and won-lost records.

SAN FRANCISCO'S 60 WINS STILL RECORD

UCLA Tops Minnesota, Ranks Second in History

By United Press International UCLA has something to celebrate today. Its basketball team is only second best. The high-flying Bruins walloped Minnesota 95-55 in an opening-round game of the Los Angeles Classic Wednesday night to stretch their winning streak to 40 games. This gives UCLA the second longest skein of victories in major college history. Long Island University, whom it was a major power, and Seton Hall each put together 39-

game streaks. Still ahead of UCLA are the 60 consecutive triumphs posted by San Francisco during the Bill Russell-K.C. Jones era (1954-56). UCLA can equal the Dons' record in its final game of the regular season, against Southern California on March 9, and surpass it in the NCAA tournament. **Aleindor Leads Scorers** Low-Aleindor, the man around whom the highly-potent Bruin offense revolves, led all scorers with 23 points as top-ranked UCLA registered its sixth success of the season. The Bruins scored the first 11 points of the game and led 51-25 at halftime.

the opening-round action of the Lobo Invitational at Albuquerque, N.M. Wisconsin, which shares the No. 14 ranking with New Mexico, also was successful in tournament play, trouncing Pennsylvania 86-67 in the Quaker City at Philadelphia. Chuck Nagle and Joe Frank scored 23 points each. Advancing to the semi-finals along with Wisconsin were Duquesne, a 78-59 victor over Villanova, St. Francis (Pa.) which whipped Arizona 85-77 and Temple, an easy 93-77 winner over Providence. Princeton, ranked 17th, and Florida, No. 19, both were beaten. The Tigers from New Jersey fell to Washington State 82-75 in the Far West Classic and Florida was ripped by St. Joseph's (Pa.) 89-69 in the Gator Bowl. Oregon State, playing deliberate ball control game, qualified to meet Washington State in the Far West final in Portland, Ore., by stopping Texas 54-42 and Washington moved into the Gator Bowl final at Jacksonville, Fla., by outlasting Mississippi State 82-80.

Pampa Ready For Midland

Pampa and Midland kicked off second round action at 7:30 p.m. tonight in the annual Hobbs, N.M. Invitational basketball tournament. The Harvesters, tournament finalists last year, carried an 11-game winning streak into tonight's contest and a 12-1 season record. Midland, hurting from injuries and with a senior ball club went into the contest with a 5-6 season mark, a 59.2 offensive mark and a 55.2 defensive average.

The Harvesters, second seeded in the tournament, carried a 84.8 offensive average and 53.5 defensive mark to Midland who will be hard pressed to stop Pampa's awesome offensive display. Midland had but two players averaging in double figures but were expecting some big help with the return of Eddie Wilson, 6'3 senior, the tallest man of the Midland squad. Wilson had a 8.6 average when hurt. Jodie Mayes, 6'1 senior and Robert Jackson, a six-foot senior led the Bulldogs in scoring with 14.6 and 13.8 average respectively.

A victory tonight by Pampa would put them in a 7:30 p.m. game Friday against Abilene Cooper who trimmed El Paso Jefferson, 63-52, Wednesday. A Pampa loss would mean a 3 p.m. Friday game against Lovington who lost to Odeisa, also Wednesday, 66-65. Pampa's scoring has been led all season by 6'1 senior forward George Bailey who has totaled 334 points and a 25.7 average. Bo Lang, 196 points and a 15.1 average and 6'7 Beau Bond, 136 points and a 10.4 average. Guard Jim Cornutt is carrying a 9.3 average and 122 points while floor leader Johnny Carlos has 103 points and a 7.9 average. Tonight's other game finds host Hobbs meeting Oklahoma's seemingly strong Lawton, Okla. Lawton is the top rated club in the Sooner state.

SWC Suffers in Tourneys

By United Press International Wednesday was a bad night for the Southwest Conference with Baylor, Arkansas and Texas all taking losses against inter-sectional opponents. Alabama dumped Baylor 85-75 in the first game of the Mobile Classic in Mobile; Auburn downed Arkansas 65-58 in the opening round games of the 32nd annual All-College Basketball Tournament in Oklahoma City; and Oregon State coasted past Texas 54-42 in the second game of the Far West Classic in Portland, Ore. In the Pan American Holiday Tournament at Edinburg, host Pan Am breezed to an easy 88-66 win over Emporia State and unbeaten Illinois State

squeaked out a 95-94 win over Lamar Tech. In earlier games in Edinburg, Central Oklahoma State upset St. Mary's 74-58 and Louisiana Tech outpaced Sam Houston 99-80. Oregon State played deliberate ball control basketball to drop the Longhorns. Vic Bartolome, 7 feet of basketball player, led the Beavers. Oregon moved to a 30-17 halftime lead after a first half in which Texas hit 6 of 22 shots. Oregon hit 11 of 26 and was never in danger. Kurt Papp and Gary Overbeck scored 10 each to lead Texas scoring. Auburn and Arkansas traded baskets through the first half in

Oklahoma City and were tied 32-32 at the half. But Auburn changed that in short order after the buzzer started the second half. Carl Setler hit a 15-foot jumper to push Auburn ahead of the Hogs early in the second half and Auburn never trailed again. Robert McKenzie of Arkansas was high for the game with 20 points and Wallace Tinker hit 18 for Auburn.

Arkansas, with a full court press, cut the lead to six points in the final two minutes but could not move closer. Crimson Tide forward Tom Jones pumped in 29 points to spark the Baylor defeat. The Tide led by only three at the half but pushed that to 14 points during the third quarter. David Sibley hit high for the Bears with 20.

Esposito Scores Against Hawks

By United Press International Phil Esposito had never scored against his old mates, the Chicago Black Hawks, before Wednesday night. Once he did it, he liked it so much he rammed home two more goals for his second hat trick of the season. The 25-year-old leftwinger, dealt away by Chicago during the off-season, paced Boston's 7-2 triumph over the Hawks, enabling the Bruins to move into a first place tie in the National Hockey League's Eastern Division with Chicago. Three other games wound up in ties. Toronto and Montreal played to a 2-2 deadlock, New York just tied Minnesota 3-3 and Pittsburgh and Oakland played the NHL's first scoreless deadlock of the season. In the only other contest, St. Louis topped Los Angeles 4-2. Boston picked up its third straight success while breaking Chicago's 10-game unbeaten string. Eddie Shack added two goals to the Bruin attack while Stan Mikita scored his 21st goal of the campaign for Chicago. Danny Grant and Jean Beliveau tallied within one minute and 31 seconds late in the third period to earn Montreal its tie. After two scoreless periods, George Armstrong and Walt Stelmowski got the Maple Leafs' goals early in the third period. New York jumped to a 2-0 lead, then Minnesota bagged three third period goals before Rod Gilbert pulled the Rangers even with 1:12 remaining. Ray Cullen scored twice and Parker MacDonald once in the final session for the North Stars, who had been held scoreless for 22 minutes and 49 seconds. Jean Ratelle and Reg Fleming scored first period goals for New York. Pittsburgh goalie Les Binkley turned in his third shutout of the season while Oakland netminder Gary Smith registered his first. Rookie Gary Sabourin scored twice and Gerry Melnyk and Don McKenney once each for St. Louis, which spoiled the starting debut of Kings' goalie Jacques Caron.

Cowboys Have 'Better Chance' Against Green Bay, Coach Thinks

DALLAS (UPI)—Coach Tom Landry thinks his Dallas Cowboys have "a better chance" of defeating the Green Bay Packers for the National Football League title next Sunday than they did going into last year's championship game. "We're a year older, for one thing," Landry told a press luncheon Wednesday "although in several areas we are not a very old team. "But, there's nothing like having played in one of these games before. You learn how to eliminate the things that hurt you the first time. And, the pressures are different the next time around. There's still pressure, but it's not like that keyed up first time." Landry didn't say so, but he probably was thinking back to last year's 34-27 loss to the Packers, who jumped into a quick 14-0 lead before the first-time Cowboys could calm their nerves and begin to make a battle of it. Cowboy linebacker Chuck Howley also explained that the Cowboys' defense is "better equipped than a year ago."

The Pampa Daily News

A Watchful Newspaper

EVER STRIVING FOR THE TOP O' TEXAS TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself. No more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

Another Pioneer Passes

The death yesterday of Mr. C. P. Buckler marked the passing of one of the last men who had a part in laying the early foundation on which Pampa and much of the surrounding Panhandle area were built.

He began to make his mark on the future of Pampa 62 years ago when he was only 20 years old. He continued to do so right up until the last days when he was confined by illness that finally struck him down. He was active and attended community functions right up to the last.

Mr. Buckler's impact on the land where he chose to live, his life can never be erased nor forgotten. His name is one of those imbedded forever in the solid rock of time. It would be impossible to recall and record here all of the contributions he made... not only to Pampa... but to the towns and communities surrounding us.

Pampa was an agricultural community before it was blessed with the discovery of oil. Oil did not come until 1927.

But, Mr. Buckler and the late M. K. Brown, his partner in the

White Deer Lands Co., were among the first to see the advantages of the area agriculturally. It was in the early 1900s that a group of eastern speculators were luring folks to Texas with offers of Texas land at \$35 an acre.

Mr. Buckler and Mr. Brown invited them to come to Gray County, Pampa and surrounding areas of the White Deer Lands and were successful in bringing many of the early pioneer farmers here by selling them Texas land at only \$15 and \$20 an acre. As a result Gray and surrounding counties eventually became one of the best wheat and cattle producing areas in the state.

This was but one of Mr. Buckler's early contributions in the building of Pampa and Gray County. He had a part in many cultural, educational and philanthropic sectors of the community.

Mr. Buckler, like Mr. Brown, was one of the Panhandle's great men. Because he was a pioneer, his passing leaves a niche that cannot be filled.

Foreign Aid Blackmail

The moment of truth is at hand for the economic cooks in Washington and, peering desperately into the murky, swirling depths of the stew they have concocted, they like not what they see.

For, with foreign aid, with which they hoped to manipulate and control the economies of other countries (a tactic successful to a degree while our gold stocks lasted), they have put into the hands of foreign governments the instrument of blackmail.

To terminate foreign aid now would, without a doubt, set off a run on the gold hoard (if any) remaining in Fort Knox. And, with far more dollars (for which they can demand and get gold under present law) in the hands of foreigners than the U.S. Government has gold, such a run would expose the government's bankrupt condition to the American people and the world.

The administration knows this, the heads of foreign governments know it, and both sides are perfectly aware that the other side knows it. So, in effect, foreigners are saying to the wheelers and dealers in Washington: "Continue the foreign aid goodies, paid for with the sweat of American taxpayers, or we will expose you for the frauds you are."

Terminate foreign aid? Unthinkable! So must run the thoughts in Washington these days.

Yet, for every day that foreign aid continues, the problem grows worse and the final solution more catastrophic. Clearly, foreign aid which, more than any other factor, is responsible for the flight of gold from this country, MUST be terminated and SOON!

But, in spite of the obvious, and as an indication of the dream world in which bureaucrats live, Foreign Aid Administrator William S. Gaud "... would commit American taxpayers to foreign aid, not merely for fiscal '68, but for the rest of the century," according to the November 11 bulletin of the CIA's Foreign Aid Committee (To Aid American Taxpayers) commenting on a recent speech Gaud made before the Economic Club of Detroit.

Gaud's contention, according to the CFAC bulletin, is that continuing "... economic aid to developing countries is indispensable to international stability and peace."

What stability? What peace? One is constrained to ask. After \$152 billions of American taxpayers' money being sluiced down rat holes all over the world, there is no stability, there is no peace. In fact, the evidence is all on the other side, as these excerpts from the CFAC bulletin make abundantly plain:

"Our military assistance, mostly to emerging states, has turned us into the world's leading munitions donor. Some \$36 billion in munitions have been distributed among 79 countries. We have armed mortal enemies: Israel and Jordan, Pakistan and India, Greece and Turkey. This threatens world stability and peace."

"Foreign aid entangles donors in the political, economic, military and psychological affairs of recipients; this, recipients resent. Before World War II the U.S. was widely respected. After 21 years and \$152 billion in foreign aid, Americans in foreign lands are subjected to insults and violence by foreign aid recipients. Thus, foreign aid has failed to create stability and peace. Without delay foreign aid should be terminated."

We agree! And that termination should be concurrent with removal of the government's pegged price on gold and repeal of the laws prohibiting supposedly free Americans from owning it.

Time is running out. It is criminal to ignore that which must be done and which can only get worse with further delay.

Atomic Bombs for Sale

For the price of a fully equipped executive jet, any old millionaire can now afford his own atomic bomb.

The Atomic Energy Commission is asking \$350,000 for a 10-kiloton device, the size of the Hiroshima bomb. A two-megaton device, equal to two billion tons of TNT, costs \$600,000.

Not any old millionaire can buy one, however. The bombs are for use in AEC-approved underground explosions, such as the recent Gas Buggy experiment, to open up otherwise untappable deposits of gas, oil and minerals.

The price does not include the costs of drilling, planting the device, reopening the cavity or extracting the raw material inside it, if any.

POLITICAL VISITORS
Ankara (UPI)—U.S. Ambassador Parker Hart flew to Nicosia Tuesday for a vacation which may include talks with Cypriot leaders. The Anatolian news agency said Secretary-General Zeki Kuperalp of the Turkish Foreign Office will also be in Nicosia Wednesday.

Pull Up A Chair

By FRANK JAY MARKEY

Don't say the college kids aren't with "it" these days. Some students at the University of California at Berkeley recently organized a ball bond business to get their colleagues out of the clinic after a riot or an LSD love-in. We've heard of a lot of fellows working their way through college by unique methods, but this one takes the prize. And while on the subject of the younger generation, it came as a surprise to us to learn the teen-age market in the U. S. amounts to \$18 billion a year. The money is spent for used cars, greeting cards, movies, records, clothes, snacks and just about anything you can name. Makes us wonder where the youngsters get that kind of money.

Today's smile: A patron told a waiter in a restaurant: "This place was highly recommended to me as a place where you could get fine roast beef, but I want you to know the beef you served was not very good." "Don't let it bother you," said the waiter, "it was probably just a bum steer."

The next time you want to measure something and you haven't a ruler handy, don't despair. Use instead a one dollar bill, or \$10. They are approximately six inches long. Many of the country's newer auditoriums have "acoustical seating" arrangements. The seats have holes beneath the cushions to absorb sound when the auditorium is empty and the seats are raised, as during a rehearsal. Disraeli once observed: "Youth is a blunder; manhood a struggle; and old age a regret." How true!

Thoughts while shaving: Everyone has heard of the term "dead reckoning" which means determining the position of a ship without the aid of celestial observations from the record of the courses sailed and the distance made on each course. The term resulted from "ded. reckoning", which was the abbreviation of "deduced."

It's hard to believe but a California Public Health official, whose research involved autopsies on 2,000 persons killed in automobile accidents over a seven-year period, says that traffic fatalities caused by drinking during the Christmas season was less than at other times of the year. That slogan "Don't Be A Litterbug" has a real meaning for everyone. It costs close to a billion dollars a year to pick up trash from parks and along highways and city streets, which averages out to about \$20 per family. Some genius has figured that it costs 32 cents to remove each piece of litter from public places. Should women really have the right to vote? A political poll of California's San Mateo County following the recent Congressional election there showed that most of the women voters thought Shirley Temple's skirts were too long. The Sharon (Pa.) Herald headlined a story: "Whitehouse Named President." Just think how something like that would fouse up the mail at 1600 Pennsylvania Avenue, Washington, D.C.

Country Editor speaking: "This is the only country in the world where a fellow who can't afford it uses credit cards for a mid-winter vacation in some sunny clime."

H. L. Hunt Writes

FRUITS OF SOCIALISM
In the 19th century, Great Britain was the strongest country in Europe. The English did not use their power to dominate other nations; instead the British victory over Napoleon at Waterloo ushered in a period of peace and free trade from which all of Europe benefited. During this period the English economy was the soundest it has ever been because producers and traders were largely free from government intervention. The British pound was a solid monetary unit, the name "pound sterling" meaning that the unit of currency so named could buy a pound of sterling silver.

Now in the second half of the twentieth century, the situation has changed completely. Not only can the British pound buy a pound of sterling silver, but its ability to buy anything is continually decreasing. The recent announcement by Socialist Prime Minister Harold Wilson that the pound was to be devalued again shows clearly how unsound the British economic system has become. In its official statements on the devaluation, the Socialist Government of Great Britain gave many reasons for the action. But no mention was made of the underlying cause, the real reason why the British economy is in such a precarious position.

For the Man Who Has Nothing

Backstage Washington
Russian Pilots Flying Some of Migs And Jet Bombers With Egyptian, Syrian Airforces

ROBERT ALLEN
WASHINGTON — An ominous Red star is rising over the Middle East.
Russian pilots are now flying Mig-21s and medium-range jet bombers in the skies over Egypt and Syria, as well as Yemen.
Since last June's Arab-Israeli war an estimated 300 Soviet fliers have been integrated into these two Arab airforces to improve morale and strengthen their combat capability.
According to U. S. intelligence sources, the presence of the Russians in Egyptian and Syrian air units has been known in the highest government circles here for two months.

However, no public statement on this direct Soviet military involvement has been made because of a "fig leaf" policy adopted by the White House.
Under this policy all government officials are barred from revealing the information until President Johnson decides how the administration will react to the new Soviet threat.

The presence of Soviet combat fliers in Yemen was confirmed by the State Department only after news dispatches from the Middle East revealed that the body of a Russian pilot had been found in the wreckage of a plane shot down while attacking Royalist tribesmen.
Details of this direct Soviet involvement in Yemen were sent to the White House by the Central Intelligence Agency late in September. The same CIA report told of the arrival of Russian fliers in Egypt and Syria.

THE NEW DANGER — U. S. intelligence sources believe the integration of Soviet pilots into the Egyptian and Syrian air forces has changed completely. Not only can the British pound buy a pound of sterling silver, but its ability to buy anything is continually decreasing.

Another Israeli memorandum revealing the integration of Soviet pilots in the Egyptian and Syrian air forces is now being prepared for circulation at the United Nations after the holidays.

POLITICAL VISITORS — The Holy Land will be in for a heavy dose of American presidential candidates and noncandidates in the coming months.
Israeli diplomats here report "at overtures have been received from the offices of Gov. George Romney, of Mich.; Gov. Ronald Reagan, Calif.; Senator Charles Percy, Ill.; and Senator Robert Kennedy, N.Y."

Former Vice President Richard Nixon visited Israel in June for three days during a whirlwind tour of Europe and the Middle East. He also indicated he may make a second trip in the spring.
Israel is accustomed to election-year migrations of American political candidates. It is a regular stop on what campaign managers fondly refer to as the three-I league: Israel, Italy, and Ireland.
STRATEGIC BATTLE — Russia is seeking naval bases in the Indian Ocean.
Ambassador Chester Bowles has reported to the State Department from New Delhi that the Soviet Union is seeking use of India's Laccadive and Andaman Islands as naval bases for their expanded fleet operations.
The question was raised when Prime Minister Indira Gandhi visited Moscow for the 50th Anniversary of the Bolshevik Revolution.
The Soviet leaders' selling point to India, Bowles stated, is that the Russian fleet would counterbalance the Anglo-American force in the Indian Ocean, as they are now doing in the Mediterranean.
When Ambassador Bowles inquired if the Soviet request would be granted, Prime Minister Indira Gandhi informed him: "The first time you see a few Russian naval vessels in Bombay harbor on a goodwill visit you'll have the answer."

The Doctor Says:

By DR. WAYNE BRANDSTADT

Puppets Enact Operation To Allay Child's Fears
When a child knows he must go to a hospital for an operation he may feel apprehensive in order to overcome what is essentially a fear of the unknown, the children in the Children's Memorial Hospital in Chicago are given a preview of what will happen. Hospital volunteers using hand puppets demonstrate the expected procedures and stress the prompt recovery of consciousness and the benefits for the operation.
The puppets are dressed as nurses and surgeons and wear face masks. A miniature operating table, hypodermic needle and anesthetic face cone are part of the equipment. The child is given a puppet patient and the puppet nurse cleans his arm with alcohol before inserting the needle. Although the child does not feel it he is encouraged to speak for the puppet and say "Ouch!" as loudly as he pleases.
After going through the whole make-believe routine, the child in turn takes the nurse and surgeon puppets and the volunteer takes the patient puppet. The child proceeds with the play operation and reassures the volunteer at every step. This is believed to be the most important part of the performance.
The old idea that the young patient should put up a brave front and not cry has been abandoned. The idea that, if something hurts, the child should express his natural emotions has taken its place. The new approach has resulted in less emotional disturbance during the induction of anesthesia, in the recovery room, at home after the operation and a greater willingness to return to the hospital should this become necessary.

Q—My granddaughter, 12, is healthy in every way but is small for her age. Can anything be done to stimulate her growth? The doctors tell my daughter not to worry because she is still young.
A—The doctors are right. Many short children shoot up to surprising heights during their teens. If an accurate record of your granddaughter's height was made when she was 2, multiplying this by two will give a fairly reliable estimate of what her adult height will be. Drugs to stimulate growth are not recommended. Elevator shoes may be used if shortness is a real problem.

The Almanac

By United Press International Today is Thursday, Dec. 28, the 362nd day of 1967 with three to follow.

The moon is between its last quarter and new phase.
The morning stars are Venus and Jupiter.
The evening stars are Mars and Saturn.
On this day in history:
In 1869, members of the Knights of Labor observed the first Labor Day in American history.
In 1869, chewing gum was patented by William Semple of Mount Vernon, Ohio.
In 1948, Congress officially recognized the "Pledge of Allegiance" to the flag.
In 1966, Red China touched off its fifth atomic device.
A thought for the day—British Professor John Tyndall once said, "It is as fatal as it is cowardly to blink facts because they are not to our taste."

Wit and Whimsy

Son (entering office) — Well, dad, I just ran up to say hello. Dad — Too late, my boy. Your mother ran up to say hello and Ed — What? You were out with Betty last night? But I thought she threw you over! Ted — Well, you know how a girl throws!

A fisherman was in his boat when all of a sudden his wallet fell out of his pocket. A large carp leaped at the wallet and soon another. The fisherman was amazed; he had never seen carp to carp waltzing.

Donald — I'm no party man, Dennis. I vote every time for the best man.
Dennis — But how can you tell who's the best man, till the votes are counted?

The congressman's wife sat up in bed, a startled look on her face.
Sally (whispered) — J. I. m. there's a robber in the house.
Jim (sleepy reply) — Impossible. In the Senate, yes, but in the House, never.

HOW TO ADDRESS OUR LAWMAKERS

You may wish to write your senators and representatives in Washington and Austin. Here are their addresses:
(FEDERAL)
Rep. Bob Price, 1223 Longworth Bldg., Washington 25, D.C.
Sen. Ralph Yarborough, Washington 25, D.C.
Sen. John Tower, Senate Office Bldg., Washington 25, D.C.
(STATE)
Rep. Malouf Abraham, Canadian, Texas
Sen. Grady Hazelwood, Canyon Hwy., Amarillo, Texas
