

# Free World Plans New Kind of Money to Help Develop Trade

(EDITOR'S NOTE: After years of debate, the nations of the free world have finally agreed to create a new kind of world money, which is needed to permit an expansion of world trade. Representatives of 106 nations will put the finishing touches on the new money scheme next week in Rio De Janeiro, Brazil. A UPI financial specialist who will attend the historic meeting explains what it's all about. Following is the

first of a three-part series on the complicated subject.

By JOHN PIERSON  
WASHINGTON (UPI)—Representatives of 106 nations gather in Rio De Janeiro, Brazil this weekend to try to make the world more prosperous.

This year's joint meeting of the International Monetary Fund (IMF) and World Bank is likely to go down in history as the one where men finally put

their heads together and agreed to create a new kind of world money that will help gold and dollars finance trade among nations.

President Johnson has called the proposed monetary plan "the greatest forward step in world financial cooperation" since the IMF itself was created following the depression and World War II.

The rich nations of the West, the so-called "group of ten,"

have already approved the plan last month in London. Approval in Rio by the 106 governors of the IMF is a foregone conclusion, particularly since the ten have a majority of the IMF's voting power.

The ten are Belgium, Britain, Canada, France, Germany, Italy, Japan, the Netherlands, Sweden and the United States.

Will Provide Clues  
Nevertheless, the week-long meeting at Rio's new Museum

of Modern Art will provide important clues to how soon the Europeans are going to agree to start cranking the money machine and under what conditions. The common market, France, Germany, Italy, Belgium, The Netherlands and Luxembourg, went along with the United States and the rest of the ten at London, but only after winning veto power.

The "six" now have the power to say "no," even if the

United States and all the rest of the world want to start producing the new money.

France practically had to be dragged to the signing table, and some of her Common Market partners remain skeptical about how urgently the new money is needed. They also fear that too much of it may come into being, causing inflation.

So the important question—

will the world have enough money in the years ahead to finance an expansion of its trade?—has by no means been finally resolved.

There is another crucial unanswered question, which will occupy the delegates at Rio. Is the rich one-third of mankind going to increase its aid to the two-thirds who still live in poverty?

Do you love life? Then do not squander time, for that is the stuff life is made of. Benjamin Franklin, American Philosopher.

## Dayton Negro Disorder Brought Under Control

DAYTON, Ohio (UPI)—Helmeted, shotgun-armed police patrolled the predominantly Negro west end today restoring calm after bands of young Negroes went on a spree through the five square mile area throwing rocks, breaking windows and looting several stores Tuesday night.

The city's 654-man police force, reinforced by Montgomery County sheriff's deputies, patrolled the area in 12-hour

shifts. There was only one report of shooting—a Negro guard at an auto accessories store fired a pistol in to the air when a group of Negro youths approached the store.

Police chief I.W. Egleburger said the area was "real quiet" at 2:30 a.m.

"It was real hairy from about 8 p.m. to 10 p.m. when there were a lot of people in the street throwing rocks and breaking windows. It seemed

like a bunch of kids out on a lark," Egleburger said.

More than 100 persons were arrested and charged with disorderly conduct or breaking and entering during the disturbance, triggered by a street corner rally during which civil rights militants demanded "justice" for the killing of a Negro civil rights worker by a white policeman.

Egleburger said most of the arrests occurred around midnight when crowds of young Negroes "just would not break up."

A west side hospital said more than 50 persons were treated for minor injuries, mostly cuts and bruises, and were released.

Police estimated 400 people gathered peacefully in the supermarket parking lot at West Third and Summit Streets when the rally started. They said another 20 joined the rally 15 minutes before it erupted into violence.

During the rally, Charles Tate, head of the Dayton Alliance for Racial Equality, told the crowd, "We want some justice." He referred to the death Sunday of Robert Elwood Barbee, 41, of Findlay, Ohio, who was shot twice in the back. Barbee was a field representative for the Social Security Administration.

Barbee was shot when he ran from two detectives who said they saw a pipe in his belt and thought it was a gun. One detective has been charged with first degree manslaughter.

Police department mechanics were at the scene fixing flat tires.

Two men were jailed on inciting to riot charges and held in \$25,000 bond. The remainder, including two women, were booked mostly on breach of peace charges and held in \$1,000 bail.

Helmeted policemen lobbed tear gas grenades and, in at least one instance, a grenade was hurled back at them. Twenty-five young persons stood behind a barricade and heaved bottles into Main Street.

Mayor George B. Kinsella said adolescents were the main offenders, some as young as 12 years old. Those arrested were mostly between 17 and 30.

### Hartford Quells Riot

HARTFORD, Conn. (UPI)—Police used teargas to beat back crowds of young Negroes hurling barrages of bottles Tuesday night and early today in the summer's second outbreak of violence in the city's predominantly Negro north end.

Forty persons were arrested. The violence followed by a day an open housing march that resulted in 24 arrests. Authorities said they doubted there was any connection.

There was scattered looting Tuesday night in clothing, liquor, groceries and appliance stores.

A police sergeant was struck in the head with a broken bottle and another policeman was injured when a bottle crashed through the windshield of his cruiser.

Gangs of Negroes hurled bottles in an onslaught aimed mainly at police cars. So thick was the glass on the street that

### STILL ON JOBS

## TV Employees Reject Three-Year Contract

NEW YORK (UPI)—Engineers and technical workers stayed on their jobs at ABC and networks today, awaiting a decision by their leaders on what action to take following union rejection of a proposed contract.

The workers, members of the National Association of Broadcast Employees & Technicians (NABET), voted 3-1 against a three-year contract that would have given them pay increases totaling \$34 a week. The vote of the union's 2,400 members was announced Tuesday.

Immediately following the

announcement NABET leaders called a meeting for 7 p.m. today to decide their next move and a new series of negotiations were scheduled by a federal mediator.

William E. Simkin, director of the Federal Mediation and Conciliation Service, said the first session would be at 2 p.m. Thursday in New York.

The rejected contract was proposed Sept. 5 to cover engineers in New York, Hollywood, San Francisco, Chicago, Washington and Cleveland, along with some 36 "peripheral" units made up of various technical employees.

## Thefts at Cabot Are Investigated

Gray County Sheriff Rufe Jordan said today his office was investigating thefts totaling approximately \$6,325 from the Cabot Corporation plant west of Pampa.

Jordan said that the thefts of brass, tires, packing glands and other merchandise, had apparently occurred over a three to four week period.

Reported stolen was 3,700 pounds of brass, 30 pieces weighing 115 pounds and two pieces weighing 128 pounds each. Also stolen were two packing gland rings, valued at \$700. Bushings, weighing 115 pounds each and valued at \$5,625 have also been reported stolen.

A Gray County Deputy said that most of the items stolen

# Beulah Lashes Coast With Terrific Force

## Guardsmen Rush To Assist Corpus Evacuation Plans

AUSTIN (UPI)—Gov. John Connally Wednesday mobilized 600 National Guardsmen and ordered them moved to Corpus Christi to assist in preparations for the arrival of Hurricane Beulah.

The governor had moved 628 National Guardsmen into the Lower Rio Grande Valley Tuesday night before the brunt of Beulah's winds roared through.

Connally said he had talked with mayors and officials of several coastal towns in the possible path of the hurricane, and said authorities in Aransas Pass and Corpus Christi had told him that people are being evacuated in an orderly manner.

Connally went to the state's underground emergency headquarters, where the efforts were coordinated for rescue and aid along the coast. The governor had warned that Beulah "could be the most disastrous storm in the history of Texas" and asked Texans to take precaution.

The worst storm so far in Texas history was the Galveston hurricane and flood of 1900 which drowned an estimated 6,000 persons.

The governor urged residents from Corpus Christi to Brownsville to seek "safe shelter from this dangerous storm" and to draw all fresh water possible because of a possible water shortage and sanitation problems.

Connally mobilized the National Guard in McAllen, Pharr, Donna, Laredo, Harlingen, Raymondville, Mercedes and Edinburg—a total of 680 men.

## NORTH VIET FIERCE Border Clash Costs One Dead, 100 Hurt

SAIGON (UPI)—North Vietnamese artillery killed one U.S. Marine and wounded 100 more on South Vietnam's northern border, despite massive American bombing, military spokesmen said today.

In the air, American jets bombed a major North Vietnam army camp after shaking off Communist Migs in a stunning display of aerial acrobatics.

U.S. spokesmen said more than 300 North Vietnamese shells ripped into Leatherneck frontier forts Tuesday. They said U.S. artillery returned the fire and giant Air Force B52s staged four saturation bombing raids against the North Vietnamese gunners.

## Date To Be Set For Election on Hospital Bonds

Members of the Highland General Hospital Board are scheduled to meet tomorrow forenoon with County Judge Sherman Lenning to finalize plans for a county-wide bond issue to cover remodeling and other improvements at the county-operated hospital.

County Judge Lenning said today the amount of the bond issue, probably \$850,000, and the date for the bond election are expected to be resolved at tomorrow's meeting.

Fred Neslage is chairman of the six-man hospital board.

## Teacher Strike In New York Still On

NEW YORK (UPI)—Negotiators labored through the night but failed to come up with an agreement today to end an eight-day walkout of 50,000 school teachers that has reduced New York City's school system to chaos.

The latest negotiating session broke up briefly about 6:45 a.m., more than 10 hour after it started.

## Hurricane's Eye May Cross Corpus Christi

CORPUS CHRISTI (UPI)—Hurricane Beulah headed up the Texas coast today, after heavily damaging Brownsville on the Mexican border, and spinning damaging tornadoes on its fringes that killed at least four persons. The Red Cross said 30,622 Brownsville persons fled the storm.

More than 30,000 persons were homeless. Gov. John Connally called up 1,280 National Guardsmen for rescue work. The weather bureau called Beulah "one of the worst Gulf hurricanes of the century."

Since Beulah was spawned 12 days ago, she killed 34 persons, 29 in the Caribbean and Mexico's Yucatan Peninsula and five in Texas. Damage was in the millions.

Roofs were blown off houses in Brownsville and frame houses leveled and splintered by tornadoes in the little town of Palacios north of Corpus Christi. Winds at 100-miles-per-hour drove fragments of glass tinkling against windows. A state patrolman said snapped electric power lines were "going pop, pop, pop—just like Christmas tree bulbs."

Beulah roared along the coast after striking Brownsville early today and turning north, aiming at Corpus Christi, a city of 190,000.

The U.S. Weather Bureau said at 11 a.m. CDT Beulah was centered near latitude 28.1 north and longitude 97.3 west, about 4 miles east of San Benito, Tex., and moving about 13 miles an hour.

Tornadoes sprang up in the hurricane's path throughout the Texas Gulf Coast. A tornado lifted a highway department building at Port Lavaca and set it down three miles away. Another twister hit near Hungerford, damaging farm buildings. Tornadoes showed up on radar scopes all around Palacios, the little town where three were killed.

## Beulah Rakes Matamoros In Fierce Stride

MATAMOROS, Mexico (UPI)—Hurricane Beulah cut this upper Mexico coastal town off from the outside today, unroofing houses, blowing down trees and snapping power lines and flooding roads.

Almost one fourth of the population of approximately 200,000 went to higher ground to refuge centers in public buildings, or to relatives' and friends' houses.

Police said Beulah's winds, gusting near 100 miles an hour, tore roofs off some homes and blew down trees and billboards throughout the city. Electrical power was cut off, police said, to keep live wires snapped by the hurricane from injuring or killing anybody.

Refugees from the storm were distributed among 40 shelters in large buildings on higher ground.

Mrs. Wylie's body was found in a field. Five frame houses were splintered and nothing more than two feet tall left standing. A late model car was crushed upside down in the middle of the wreckage.

"I woke up about 6 o'clock in the morning with the house shaking," said a neighbor, C. J. Vengler. "It sounded just like a freight train roaring across the front yard."

Beulah's eye passed through Brownsville at 8 a.m. CDT and 100-mile-per-hour winds from the north dropped to an eerie calm until they started howling from the south as the other side moved over.

Brownsville was heavily damaged, but no deaths were reported. The area's \$15 million citrus crop apparently was heavily damaged.

## Reporter Rides Storm

NOTE: United Press International's Darrell Mack rode out Hurricane Beulah's winds in an unsteady building used as headquarters by the Brownsville Weather Bureau. He could see only a few feet out the window and could hear nothing but the howl of the wind.

By DARRELL MACK  
BROWNSVILLE, Tex. (UPI)—I heard glass shattering on the sidewalk to my left. I flashed my flashlight quickly in that direction, and all I saw was the top of a building laying across six cars.

This 40-year-old airport building which is headquarters for the Brownsville Weather Bureau was bearing the full brunt of Hurricane Beulah's powerful winds.

The building, an adobe Spanish structure with red roof tile is two miles east of the city, and closer to the eye of the hurricane.

In the lobby of the building, as if in mockery, stood a life insurance vending machine.

It wasn't worth a nickel to anyone here because you had to be in air for it to be valid, and nothing was going up except debris.

Its protection was a group of skinny palm trees which make you feel very insecure.

Most of the palm trees, some of which are 100 feet high, looked like large maps on bamboo poles as they swayed back and forth at the whim of the wind.

There were few lights in sight, but sight was only as far as a flashlight beam would carry.

One light which was visible for a while was in the nearby National Guard hangar, which houses the city power plant which provides electricity for the runway lights.

None of the six newsmen or dozen weather bureau personnel left the building. This would have been suicide.

FIRST STEP IN THE RIGHT DIRECTION — James Borchardt of the Texas Highway Department helps with the survey to reestablish the location of Frederic street's center line. The information obtained from the survey being conducted will be used for project planning of Frederic. Actual construction is tentatively scheduled for 1969 or 1970. It is one of three local projects in the mill.

## Hollywood In Review

By VERNON SCOTT

**UPI Hollywood Correspondent**  
**HOLLYWOOD (UPI)**—There's a comely feminine producer in town today who believes the cliché of the Hollywood film mogul.

Traditionally cast a gimlet eyed, cigar-chomping heavy, the producer is dimly seen as the man who presses buttons on his desk causing agents, directors, actors and bank directors to jump.

All that's necessary for newcomer Delores Taylor is wide-set blue eyes, shoulder-length blonde hair and hard, hard work.

Miss Taylor's first picture, now in release, is "Born Losers" for American International Pictures. It stars her husband, Tom Laughlin.

A native of Winner, S.D., Miss Taylor became acquainted with producing in her hometown with college theatricals, local television and later as a production assistant for TV in Sioux City, Iowa.

She and Laughlin moved to Hollywood several years ago where the going was tough. But the pretty blonde learned what producing was all about.

"It's a matter of getting a script together—ours had seven rewrites—raising money, hiring a cast and crew, setting a shooting schedule and selecting," she explained.

Once the picture was completed it was producer Taylor's responsibility to find a studio willing to release the film. She took "Born Losers" to several studios, but little AIP gave her the best deal.

"They gave us the money to put the finishing touches on the picture and promised not to interfere with the way we'd done it," she said. "And we're all very happy with the way it turned out."

AIP mogul Jim Nicholson expects the film to earn as much as \$5 million, returning a handsome profit for all. More importantly, it will provide more capital for Miss Taylor to produce another movie.

"And I have six properties I want to produce," she said.

## Postal Services Day To Be Observed by Pampa Office

Assistant Postmaster in charge Carl V. English said today that Postal Services Day tomorrow will highlight services offered to the community by the Pampa post office.

In this connection, English issued the following statement: "I feel that a day dedicated to the importance of the postal service in our growing city will be of considerable public value. Unfortunately, many of the services we offer today are little known to the public. The postal service is the prime artery of commerce and the tie that binds friends and loved ones across the miles. It is one of the biggest businesses in the world with interests ranging from swearing in Peace Corps volunteers, to watching for forest fires, and it is the main shipping agency for everything from bees to baby chicks. In addition to postage stamps, the office sells documentary stamps, savings stamps and migratory bird stamps.

"Locally, the Pampa post office today serves 32,000 people within the delivery area, with 56 employees. Mail volume has now reached a total of 11 million pieces annually."

"I feel, too, that this will be an appropriate time to call attention to the dedicated services of our employees, whose performance day in and day out is largely taken for granted."

Tomorrow, on postal services day, English stated, letter carriers will begin delivering eight postal cards which can be mailed back to the post office to obtain the zip codes for "zip-less" addresses. Each completed card will be sent to the post office which serves the address needing a zip code. There the proper five-digit number will be added before the form is returned to the sender.

No postage will be needed on the cards, English added.

## NENNI IN COLLISION

**ROME (UPI)**—Italian Vice-Premier Pietro Nenni, 76, was involved in a two-car collision on the Rome-Naples superhighway Monday night but escaped injury. The driver of the other car was slightly injured. Both automobiles were heavily damaged.

and the new taillamps are designed into the large rear bumper. In the Skylark Custom model, such as the four door hardtop shown here, a 230 horsepower V-8 engine is standard equipment as are custom padded seat cushions and rear fender skirts.

### Pampa Officials To Attend Water School at Borger

City Engineer Mac Wofford and Tony Anderson, acting superintendent of the Pampa waterworks, will attend an advanced surface water production school in Borger Oct. 9-11. The 20 hour school, under direction of Texas A&M's Engineering Extension Service, will be taught by Leon Holbert, chief of A&M's Water Utilities Training Division.

MANNY HOLDEN has recently returned to the Duenkel Funeral Home here after a year's study at the Texas College of Mortuary Science, in Dallas. He has recently taken the state board examinations and is currently serving his apprenticeship. He will receive his funeral director's license after the one year apprenticeship. Holden is a native of Tulsa, Okla. and has lived in Pampa since 1958.

### Pampans Attend Conference of Lubbock Officials

County Judge S. R. Lenning Jr., City Manager Jim White, Chamber of Commerce Manager E. O. Wedgeworth, and former Pampa mayor Ed Myatt returned yesterday from Lubbock where they were observers at a conference of Lubbock city and county officials.

### PHS Musical, 'Brigadoon' Postponed

The Pampa High School musical "Brigadoon," scheduled to be performed Nov. 16-18 has been postponed until Feb. 23, March 1 and 2 of 1968, because of scheduling difficulties. Billy Davis, choral director, said also new curtains are to be installed in the high school auditorium where the musical will be performed.

### Pampans Recalls Killing of Famed Bonnie and Clyde

By JEFF HOLLADAY Daily News Staff Writer When he read the advertisement that a motion picture titled "Bonnie and Clyde" was coming to town it triggered the memory computer in the mind of J. R. McLean, a Pampa baker. In fact, it jogged his memory enough to send him to the attic to search through the contents of an old trunk.

### Foundation Will Be Benefited By United Fund

John S. Skelly of the Skelly Fuel Co., and a member of the Executive Committee of Texas Rehabilitation Center, expressed appreciation to the Pampa United Fund for including the Center—better known as the Gonzales Warm Springs Foundation—in the Pampa United Fund budget for 1968.

### Chemical Group Meets Saturday

The Panhandle Section of the American Chemical Society will meet at 5 p.m. Saturday at the Southwestern Public Service Company's Nichols Station, east of Amarillo, just north of the Fritch highway and Lakeside Rd. intersection.

### Motorists Asked to Watch for Children

Pampa Police Chief Jim Conner asked motorists today to put more care in their driving when near a school zone.

### Second DWI Offense Charge Is Filed

Bobby Dale Harris of Pampa was arraigned yesterday before Justice of the Peace Nat Lunsford. He was charged with driving with a suspended license. Bond was set at \$500.

### The Pampa Daily News

Subscription Rates: By carrier in Pampa, 40 cents per month, \$5.00 per year. By mail outside Pampa, \$6.00 per year. Single copies 5 cents. Published daily except Saturdays by the Pampa Daily News, Pampa, Texas. Phone 210-4200. All departments entered as second class matter under the act of March 3, 1879.

### Mainly -- About People --

The Dallas paper carried "side-bars" on the reactions of both Mrs. Barrow and Bonnie Parker's mother on learning of the double deaths; a bit of doggerel by Bonnie Parker which the paper had promised not to release until her death; reaction from Dallas police, with whom Barrow had had his first "run-in" at the age of 17; a story on the tangled criminal lives of Barrow, Miss Parker, several relatives, and a few families in West Dallas; and a story on the notorious "Little Cicero" (West Dallas) which had spawned so many criminals.

### Obituaries

Mrs. Sarah Nadean Johnson of Dallas, former Pampa resident, died at 10:25 p.m. Monday in Dallas in Parkland Memorial Hospital. Funeral services will be held at 2 p.m. Thursday in Central Church of Christ here, with Minister R. J. Stevens, officiating. Burial will be in Fairview Cemetery directed by Duenkel Funeral Home.

### Thefts

Jordan said it appeared that a pickup truck was used to haul the items off. The vehicle was probably parked on the north side of the ordinance plant at the Cabot Machinery Division near an maize field.

### Postal Clerk Exams. Dates Announced

The United States Civil Service Commission today announced examination for postal clerk and city carrier at the starting salary of \$2.64 per hour for substitute employees and \$2.56 per hour for hourly rate regular, grade PFS-4, for postal employment in first and second class post offices will be held in the following counties consisting of zone 1, in Texas: Gray, Armstrong, Briscoe, Carson, Castro, Childress, Collingsworth, Dallas, Deaf Smith, Donley, Hall, Hansford, Hartley, Hemphill, Hutchinson, Lipscomb, Moore, Ochiltree, Oldham, Parmer, Potter, Randall, Roberts, Sherman, Swisher and Wheeler.

# '68 Buick. Now we're talking your language.

The new 230-hp., V-8 engine runs on regular gas. It's standard on all Skylark Custom models. We also refused to limit your choices. Skylark Custom comes in four models, 15 colors and 32 trim combinations. So talk to the man who talks your language, your Buick dealer. All Buicks have a full line of General Motors safety features as standard equipment. For example, side marker lights and energy-absorbing steering column. Wouldn't you really rather have a Buick?

The '68 Buicks are at your Buick-Opel dealer's now. He's ready to talk your language.

IN THE ACCOMPANYING photograph, J. O. Smith Jr., left, Secretary of Reliance Insurance Companies of Philadelphia, presents a framed picture of Independence Hall to Leslie H. Hart, partner and manager of Panhandle Insurance Agency, Pampa. The presentation was made in recognition of the Agency's 25 years representation of the company.

## Nobody Laughs at This 'Army'

EDITOR'S NOTE — We thought this article by Paul Harvey would be fitting and proper to publish during Pampa's United Fund drive. The Salvation Army is one of the 12 participating agencies in UF's \$82,000 when the goal is reached.

By PAUL HARVEY  
If Madison Avenue's high octane purveyors of public relations could learn the Salvation Army's secret, and duplicate it, they'd have it made!

The Salvation Army has the worst public relations and the best relations with the public of any organization on earth.

On my desk is a sheaf of literature presuming to explain the Salvation Army's principles, purposes and projects. Much of it is so innocently amateurish the professional word merchants might laugh at it.

Except that nobody laughs at the Salvation Army. An objective newsman, when he has exhausted the rest of his vocabulary and nothing adequately explains this phenomenon, is compelled to resort to that most unsophisticated of all words: "Miracle."

When miners are trapped and rescuers converge on the pit head, while other charitable organizations are still "mobilizing their resources" — the Salvation Army, without fanfare and apparently from nowhere — is already on the scene with coffee and food for the rescue crews and Bibles for the bereaved who request them.

When the war is won and done and the last shroud of soldiers comes home, there may be no bunting left draping the pier, no martial music, no civic reception.

But there at the bottom of the gangplank is the boom, boom, boom, of one big bass drum and two horns and several smiles saying, "No! You were not — forgot!"

There's a hurricane on the Gulf Coast. The winds are still howling when the men and women to "The Army" move in, wade through snake infested slime to help the hurt, shelter the homeless and feed the hungry.

Intramural rivalries among

emergency agencies are keen. Eager for the publicity which begets big contributions, some sometimes appear to concentrate more on advertising their efforts than on their efforts.

Yet none appears to resent the Salvation Army. I've watched them with awe whenever and wherever my news beat has included a disaster area.

Overseas, militantly marching against the brothels of Japan.

Or stubbornly demanding social legislation in half a hundred parliaments.

An Army of Christian soldiers, five million strong. Anywhere quickly, on tiptoe. If we are to know them by their fruits, you'll see a lot of stiff collars and poke bonnets when the roll is called up yonder.

But don't be surprised if you see others of the Army hanging back. Loving the lost. Easing the anguish. Braving the heat to bathe blistered feet at the front door of Hell.

SUMMER VICTIMS  
TOKYO (UPI)—The longest and hottest summer in Japan in decades claimed 2,600 lives in the rivers and sea, on the mountains and on the highways, a police report said today.

E.F. Hutton & Co. Inc. says the market's current advancing phase is far more selective than most other rallies this year. It notes that many glamor issues which led the market in the first half of the year not only have lost buoyancy but are actually soft in the face of strength elsewhere in the list.

SIXTH SENSE seems to be with Michael Griesemer, 8, of Rotterdam, N.Y., who shows he can identify colors of pictures without seeing them. Michael's talent was discovered when friends read a magazine article about extrasensory perception and tried some of the suggested tests on Mike, who passed with flying color-sense.

## Free World

(Continued From Page 1)  
to the organization that lends money on very easy terms to the poorest countries, those that simply cannot afford to meet commercial or even the World Bank's semi-commercial interest rates and maturity schedules.

The bank's president, George D. Woods, has suggested that the rich nations give IDA \$1 billion a year for three years, four times their present contribution. The United States has suggested a slightly smaller sum and has agreed to contribute its share, but only if there can be safeguards to keep the aid dollars from coming home as claims on the dwindling U. S. gold stock.

The United States has offered to kick in some of its contribution without strings but wants the remainder to depend on U.S. firms getting a "fair" share of the contracts let for IDA projects.

Feel Less Generous  
Some of the other rich countries feel less generous than the United States. And Britain opposes the U. S. plan to protect its gold stock, since this could cost the British millions of dollars in overseas sales.

Eventually IDA will get more money. But whether it will be enough to make a dent in world poverty remains to be seen.

IDA is a relatively recent addition to the world community. It came into existence in 1960. The World Bank, whose formal name is the International Bank for Reconstruction and Development, and the IMF were founded at the historic economic conference at Bretton Woods, N. H., in 1944.

The bank's first loans were to help Europe rebuild after the war. But gradually, the bank turned its attention to its poorer member countries. To date, it has loaned more than \$10.4 billion to finance economic development projects in over 80 lands.

The bank's 106 members have subscribed \$22.9 billion of capital, although only \$2.3 billion has been paid-in. The bank also raises money by selling bonds on the capital markets of the world. More than \$3 billion of bank issues are now outstanding.

Rate May Rise  
The bank charges 6 per cent for its loans. This rate may soon have to be increased, because high interest rates around the world have added to the bank's own borrowing costs. Bank loans average 20 years.

IDA, the bank's "soft loan" window, lends money for 50 years and without interest. So far, IDA has loaned \$1.7 billion. Both the bank and IDA lend to governments as well as private enterprises.

Another bank affiliate, the International Finance Corp. (IFC), invests only in the private sector and on strictly commercial terms. IFC has invested more than \$220 million of its own money and taken part in projects totalling \$1 billion.

The IMF approaches the problem of world prosperity from a different angle. The fund is concerned mainly with

## United Gas Plans

### 40-Mile Pipeline

by United Press International  
BEAUMONT (UPI)—Officials of United Gas Corp. took the occasion of a dinner honoring the company for 39 years of business in Beaumont to announce Thursday night they are considering building a 450-mile pipeline in Texas.

The 36-inch gas line would lead from the Delaware Basin of West Texas to Beaumont. William C. Ledtke Jr. of Houston, president of United and of Pennzoil Co., said plans are tentative, but if the line is laid, it will be the largest intrastate line ever built.

BIRTH CONTROL AID  
TEHRAN, Iran (UPI)—The United States Population Council will supply Iran with a large consignment of contraceptive "loops," informed sources said Tuesday. Iran would be the second country after India to get direct birth control aid from America.

PRESENTS TEXTBOOKS  
JAKARTA (UPI)—U.S. Ambassador to Indonesia Marshall Green Tuesday presented a large collection of textbooks to the University of Indonesia.

maintaining the flow of world trade. It has \$21-billion in gold and foreign currencies to lend its member governments when they experience balance of payments deficits. In other words, the IMF helps tide countries over times when they are spending more than they are earning in the world.

Thus the fund provides reserves in addition to the gold, U. S. dollars and, to a lesser extent, British pounds sterling that governments hold in their own treasuries against such rainy days.

Rules of Game  
Under the rules of the international monetary game, governments are obliged to spend their reserves in order to maintain the value of their currencies on the foreign exchange markets of the world. It's widely agreed that if currency values were allowed to fluctuate widely, international traders would be reluctant to buy the foreign currencies they must buy to purchase goods abroad. World trade would suffer.

Trade could also collapse, as it did in the 1930s, if governments, lacking a lender of last resort like the IMF, were forced to restrict imports in an effort to hold onto their remaining reserves.

So far, 64 countries, including the United States, have drawn \$13.2 billion from the fund, of which \$5.2 billion is currently outstanding and must be repaid. In addition to the IMF's regular quotas totaling \$21 billion, the group of ten countries have agreed to lend the fund up to \$6 billion more, in an emergency.

But now the rich nations of the West, prodded by the United States, have concluded that additional reserves will be needed in the years ahead, if world trade is going to expand as it should. (Next: The "new money")

# Highlights and Sidelights From the State Capitol

**By VERN SANFORD**  
**Texas Press Association**  
**AUSTIN** — Indecision still prevails. Nobody knows for sure whether Gov. John Connally plans to run for an unprecedented fourth term. But Capitol corridors echo with the sound of guesses and counter-guesses, predictions, arguments and wagers about it.

In any event, the decision may come earlier than the Governor indicated. Close advisers say a decision may be announced soon.

Some observers think an early decision would be a decision to step down. Announcement would be made early so that potential candidates waiting in the wings would know which way to jump. For instance, Speaker Ben Barnes, a Connally protege, is expected to run for governor if Connally retires. Otherwise, Barnes would run for lieutenant governor.

So far, Lt. Gov. Preston Smith is the only announced candidate for the Democratic nomination for governor.

A race between Smith, 55, and Barnes, 30, would pit the younger generation against the older. Both are conservatives.

Republicans appear to be grooming former Atty. Gen. Will Wilson for the race for governor.

There is some talk, too, that either Sen. Ralph Yarborough or Don Yarborough of Houston may get in the race. And there are those who think it possible that former Atty. Gen. Waggoner Carr may run.

Also mentioned as contenders for the office of lieutenant governor on the Democratic ticket, in addition to Barnes, are former Sen. Franklin Spears of San Antonio, Sen. Murray Watson of Waco and Sen. Ralph Hall of Rockwall.

**VOTE DRIVE SET** — Liberal Democratic coalition groups in Texas have launched a campaign headed by former Sen. Franklin Spears of San Antonio to register 5,000,000 state residents to vote in 1968.

Representatives of the AFL-CIO, Political Assn. of Spanish Speaking Organizations (PASO), Texas Liberal Democrats and Negro communities met here to kick off the drive. Spears' group will be known as the "Committee for Better Voter Participation".

**DISTRICTS WARNED** — State Board of Education warned 32 school districts for violations of accreditation standards.

Districts on the warned list are Austin State School Independent School District, Bastrop ISD, Beckville ISD, Crandall ISD, Eagle Pass ISD, Forney ISD, Franklin ISD, Holland ISD, Latexo ISD, Liberty Hill ISD, Melvin ISD, Mission Valley ISD, Montgomery ISD, Moody ISD, Natalia ISD, Southland ISD, Sunset ISD, Timpson ISD, Tolar ISD, Valley View ISD, Waelder ISD and Wortham ISD. Also Liberty Chapel Consolidated School District, Mereta CSD; and Votaw CSD; and Manchaca-Oak Hill Rural High School District.

**STATE DEPOSITS EARN INTEREST** — State Bank deposits earned \$10,000,000 in interest the past fiscal year. This is up 20 per cent over the previous year.

Treasurer Jesse James estimates that the current year's

earning will total \$11,600,000. He said an increase in interest rates and swelling balances in state funds brought the record yield.

About \$252,000,000 in state funds is placed on interest in some 1,000 banks over the state.

**COURTS SPEAK** — Court of Criminal Appeals held that convicts seeking freedom under recent federal court decisions must file their petitions with district courts.

Habeas corpus petitions have been received from some 35 prisoners a month, claiming violations of their constitutional rights. Most of them are handwritten and claim improper sentencing, illegal confinement or conviction because they did not have proper legal aid.

An amendment to the Code of Criminal Procedure this year permits district courts to consider such pleas.

**GENTRY HONORED** — Texas Highway Department will dedicate a new roadside Park in Van Zandt County on September 24. It will honor the late Grady Gentry, former congressman. He was chairman of the Texas Highway Commission for six years in the early 1940's.

Park is located two miles southwest of Van on Interstate Highway 20. Gentry was born in Van in 1895.

**LAW ENFORCERS MEET** — Some 600 county attorneys, district attorneys, criminal district attorneys, county judges, judges of county courts-at-law and sheriffs from around the state will meet in Austin September 28-30 for the 17th Annual Attorney general's Law Enforcement Conference.

Speakers will include Pat Spier, assistant director of Department of Public Safety; Nola White, chief of the Attorney General's crime prevention division; Harris County District Attorney Carol S. Vance; Travis County Attorney Bob Smith; First assistant Dallas County Criminal District Attorney, William F. Alexander; J. C. Davis of the Attorney General's staff; Lewis Berry, executive secretary of the Sheriff's Assn. of Texas; Gaines County Judge Charles E. Lawrence; and Atty. Gen. Crawford Martin.

**APPOINTMENTS** — Governor Connally has appointed Brownville attorney Hector Yznaga and re-appointed J.F. Hulse of El Paso and Maurice Brooks of Abilene to the Texas Civil Judicial Council. He also named Alamo fruit and vegetable shipper John H. Ginsbach to the Tuberculosis Advisory Committee.

House Speaker Barnes has selected the following to serve on the Texas Commission on Law Enforcement: Carol Vance, Harris County District Attorney; Jack Young, Muleshoe, Texas Dist. and County Attorney Assn.-Pres; Nola White Beaumont, Asst. Attorney General; Col. Wilson E. Spier, of Public Safety; and State Bar Association Pres.-elect Ralph Brite, San Antonio.

Mrs. Mary K. Wall, veteran assistant attorney general, has joined the staff of Sec. of State John Hill as an election law specialist. New amendments to the election code made the Sec. of State chief Texas election officer.

Attorney General Martin named Mrs. Mary Ellen Harvick as his new press aide. Mrs. Harvick has worked for the Galveston News Tribune, the Austin American Statesman and the San Angelo Standard-Times.

Dr. Gary E. Miller head of the Harlingen State Adult Mental Health Clinic, is the new director of hospital development for the Department of Mental Health and Mental Retardation.

**TEENAGERS: HOW THEY THINK** — A questionnaire answered by 1,200 high school youth leaders during the fifth Annual Texas Youth Conference here revealed that:

- 68 per cent are not afraid to be on the streets of their cities alone at night;
- 90 per cent are not afraid to speak to strangers because of a fear of crime;
- 35 per cent of their families keep firearms at home for protection;
- 55 per cent feel there are two systems of justice in America — one for the privileged and one for the under-privileged;
- 70 per cent feel the telephone companies should develop a single police number for the United States;
- 76 per cent feel that police call boxes should be unlocked, be rightly marked and designated "public emergency

call boxes";

- 73 per cent said they would report a parked car they saw sideswiped;
- 73 per cent favor work release programs in Correctional institutions;
- 43 per cent feel police officers should have a college education;
- 86 per cent feel drug pushers should be more severely punished;
- 26 per cent feel fearful when confronted with police;
- 68 per cent think \$5,300 is not an adequate salary for a police officer;
- 91 per cent favor a pension for widows and children of policemen killed in the line of duty;
- 71 per cent feel most Americans respect law enforcement officers;
- 84 per cent would physically aid someone being criminally attacked;
- 84 per cent feel teen juries increase respect for the law enforcement among young people.
- 73 per cent would take an extensive vocational and technical course if offered in their high school.

**SHORT SNORTS**  
 State Regulatory Loan Commissioner Frank Miskell is pushing a probe of home improvement loan firms accused of charging too much interest and other violations.  
 Cotton production may hit 2,800,000 bales, 25,000 bales above forecasts, predicts Texas Crop and Livestock Reporting Service.  
 Agriculture Commissioner, John White granted second emergency extension of cotton plow-up deadline (until September 20) in Cameron, Willacy and southern portions of Hidalgo and Starr Counties.  
 Atty. Gen Crawford Martin advised state colleges and universities they will violate federal court orders if they require teachers to sign loyalty oaths.  
 Dove hunters killed 118,315 white-winged doves and 38,439 mourning doves during the final weekend of the season on lower Rio Grande Valley, according to the Parks and Wildlife Department.

**Dramatic!  
 Distinctive!  
 Daringly new!**

## '68s Top Secrets are here

# 1968 Chevrolets

The 1968 Chevrolets are the very essence of modern design. Every line, every curve is in close harmony. It's a smooth, uncluttered look with roof lines compatible with body lines, grilles and bumpers that blend gracefully into long, rounded fenders. Clean, flowing, beautiful in their simplicity, these '68 Chevrolets are rich and advanced in styling beyond any you've ever seen.

**A MORE SILENT RIDE**  
 And for 1968, we've gone to every length to give you more peace and quiet inside. The most sophisticated computers have been used to strategically place body mounts and successfully isolate noise and vibration. Shock absorbers have been improved. The wheel stance on many models is wider for greater smoothness. Exhaust systems have been redesigned to make them whisper-quiet. Even the clocks tick more softly. A sound car is a silent car. The '68 Chevrolets are the most silent, highest quality cars we've ever built.

**BETTER PERFORMANCE**  
 There are new engines, a bigger standard Six and V8.

**UNIQUE ASTRO VENTILATION**  
 There's a whole new idea in ventilation, called Astro Ventilation, for Camaro, Corvette and the elegant Caprice Coupe. It's also available on many other models. By opening two new vent-ports on the instrument panel, you bring in outside air that can be directed where you want it. This way, you can leave your windows rolled up and add still more to your peace and quiet.

**PROVED SAFETY FEATURES**  
 You get the proved GM-developed energy absorbing steering column, folding front seat back latches, dual

master cylinder brake system with warning light, plus many more new features. Among them: energy absorbing front seat backs, and safety armrests that shield the door handles.

**MUCH MORE THAT'S NEW**  
 There are new roof lines, some formal and graceful, others sporty and quick. There are new instrument panels, richly designed and all controls within easy reach. There are new interiors, new vinyls, new fabrics, new colors. There are models with Hide-A-Way windshield wipers and headlights that disappear behind grilles. There are new side marker lamps, new recessed taillights. There's even a new ignition alarm buzzer that reminds you not to walk away and leave your keys in the car.

These are the newest, the most different, the most dramatically changed Chevrolets ever. And they're at your Chevrolet dealer's now. You'll thoroughly enjoy slipping behind the wheel, experiencing the smooth new handling and library-quiet ride and, more than anything, seeing and feeling the even greater quality built into every new Chevrolet for 1968.

**Be smart! Be sure! Buy now at your Chevrolet dealer's.**

There's more quality and value built into Chevrolets than ever before, making every new 1968 model an even better buy!

Jeffries Jr. secretary and Mrs. Jack Robertson, parliamentarian.

## Women's News

Wanda Mae Huff, Women's Editor

by Abigail Van Buren

DEAR ABBY: I am an old lady of 71, and everytime I visit a certain friend of mine her husband goes into raptures over what beautiful legs I have.

Everyone says I have nice legs for an old lady, and now that I have been wearing my skirts a little shorter, I suppose they are more conspicuous, but all that talk from Milton about my legs is very embarrassing.

Not only that, but he is a camera nut, and is always wanting to take pictures of my legs. I know he reads your column so will you please tell Milton to act his age. He is 73 and still looking.

### NICE LEGS

DEAR LEGS: Don't be too rough on your elderly friend. If you're truly embarrassed, the next time you visit your friend, make your skirt longer or your skirt shorter.

DEAR ABBY: I have a problem no one has been able to solve and I hate myself for it. I am a sleeper. I just can't seem to get up in the morning. I have tried taking afternoon naps, thinking I need more sleep, but that hasn't helped. I have a wonderful husband who gets the children up, sees that they're properly dressed, makes sure they eat a good breakfast, and get to school on time. He even looks after our little 2-year-old until I get up.

Abby, I really want to get up in the morning like a wife should, but I can't seem to do it.

No one can wake me up! I can sleep through anything.

I've been to all kinds of doctors, both mental and physical and they have all turned me loose saying there is nothing wrong with me and they can't help me. If you or any of your readers have any suggestions, I'd be so thankful.

SLEEPYHEAD  
DEAR SLEEPYHEAD: If "all kinds of doctors" have been unable to help you, learn to live with your problem and don't feel guilty. You're lucky you weren't sleeping when that wonderful husband of yours came knocking at your door.

DEAR ABBY: People are always asking me, "Where did you buy those shoes? OR that dress? And how much did you pay for it?" I never know how to get out of telling them, so I go ahead and answer their questions as though I were on a witness stand.

I suppose I could say, "It's none of your business," but I haven't got the nerve, so I find myself telling lots of things I really don't want to tell.

Have you a solution for my problem? I'm sure many others would like to know the answer.

TIMID  
DEAR TIMID: One of the greatest misconceptions of all time is the notion that one must answer a question simply because it has been asked. Some questions are downright rude and presumptuous. (Example: "How much did you pay for it?") in which case the reply should be, "I would rather not say." And the same applies to any other question one does not wish to answer.

## Sweden Sends Exchange Student To Pampa Area School System

By Mrs. C. Coleman  
Daily News Correspondent  
SKELLYTOWN (SPL)—From a town of 10,000 inhabitants to one with a little over 1,000 comes the newest student of the White Deer-Skellytown School System, Anna Elisabeth Kuylenstierna.

Anna, the American Field Service student from Sweden, arrived at the Amarillo airport, Aug. 14. There to meet her were Mr. and Mrs. Eugene Richardson, her American family, and other members of the school and community.

When asked what most surprised her upon arriving, Anna answered, "The landscape — never before have I seen anything so flat." Other differences that Anna was quick to list were so many restaurants, smaller beds, larger cars and people holding their silver-ware back-wards. In Sweden, it is a custom to hold the fork in the left hand and the knife in the right hand.

School also seems to be quite a change for Anna. She stated in Sweden a student does not go to the same classes every day and lessons are given on weekly schedule. Having so many activities during school hours seemed to fascinate Anna, who is used to doing only studying during the seven hour Swedish school day. She had no study halls and had to spend two or three hours reading after school.

At home, Anna had a far wider choice of school clothes. "We could wear anything from slacks to mini-skirts, except bikinis. Just so they were decent." Going bare-foot to school is one Swedish preference many White Deer students might like to adopt.

Anna's eating habits also changed, as she does not have potatoes every meal here. Her favorite foods are hamburgers and malts, and she feels rather strange as she does not like cokes. "All people do here is go to get cokes." She stated in surprise. When asked if she disliked any food she had tried, she quickly replied, "Enchiladas."

Falk and Karin Kuylenstierna, Anna's parents, have three other children. Bo and Jan, 21 and 19, and eleven-year-old Lena. They reside in Bjurfors, a village of 80 people. Avesta, only

two and a half miles away, is where the schools and many stores are located. Anna's father is principal at a school of forestry while her mother is a housewife.

**Rebekah Lodge Attends Supper**  
CANADIAN (SPL) — Members of the Rebekah Lodge met recently for "Friendship Night," and served a salad supper to several members and guests.

An old fashioned mellow-drama, "The Tale of a Golden Egg," was presented by Pauline Rivers, Mamie Jordan, Lillie Reeves, Patricia Howe, Maurine Howard, Georgia Price, and Iva Lee Organ with Mrs. Agnes Adams directing.

Drew Cantwell showed movies of a recent vacation in Wyoming, Wisconsin, Idaho and Canada.

Those attending were, from Spearman, Mr. and Mrs. O.M. Holland, Mr. and Mrs. Don Wilcox and Ann Eugene, Ruth Caro, Thelma Kenny, Frankie Dyer, and Mr. and Mrs. Clarence Potite.

Those from Shamrock were Mrs. Orville Cantrell, Mrs. Dean McMurtry, Mrs. Wesley Leak, Mrs. O. T. Glasco, Carolyn Hall, Louise Burrell, Gladys Russell, Ima Lee Beasley, and Jewell McCave.

Perryton guests were Mildred Stone, Lucille McDonald, Mrs. Pearl Allen, Florence Hughes, Willie Hasley, Fannie Jackson, and Mr. and Mrs. Jeff Moulton.

Mrs. Velma Mahan of Wichita Falls, Mr. and Mrs. O. R. Howard and Mr. and Mrs. Albert Price of Glazier also attended.

Canadian guests present were Mr. and Mrs. Drew Cantwell, Rachell Kelly, Mrs. Louise Pack, Laura Lee Dickerson, Beatrice Moon, Mr. and Mrs. Walter Adams, Mr. and Mrs. Ross Howe, and children, Mr. and Mrs. Arvid Sword, Mrs. Belle Hughes, Mr. and Mrs. J. A. Reeves and Laura, Mr. and Mrs. H.S. Wilbur, Sr., A. F. Trueblood, Walter Forrest, Mr. and Mrs. Lamond Beatty, Mrs. Martha Newton, Mr. and Mrs. J. A. Wittoughy and Vickie, Mr. and Mrs. Charlie Alford, Mr. and Mrs. M. Watson, Mrs. Lois Bryant, Mrs. Ora Wilson, Mrs. Iva Lee Morgan, Mrs. Pauline Rivers, Mrs. Ruby Swires, Mrs. Vergie Reagon, Mrs. Clara Blue, Mrs. Mamie Jordan, and Mrs. Carrie Moreland.

**Retirement Party Honors Custodian**  
CANADIAN (SPL) — H. Baker who resigned this fall as custodian of Baker Schools here, was honored with an appreciation party recently, in a second grade room in the New Baker school.

The cake was iced in white and inscribed "30 Yrs. Service" in pink.

Baker was presented with a gift in appreciation for the way he performed his work.

Present were the principal, teachers of the new and old Baker Schools, custodians-personnel of the lunch room and a special guest from the high school faculty, Mrs. Preston Hutton, who had worked with Baker for several years.

**Astrological Forecast**

By CARROLL RIGHTER

**FOR THURSDAY, SEPTEMBER 21**  
General Tendencies: A day and evening to stick to very practical matters and to get everything such as budgets, etc. organized so that you will be able to have a clear-sighted view of the most important matters in days ahead. Show that you know what others like of a very materialistic nature and help them to gain their goals, objectives and the much happier.

**ARIES** (Mar. 21 to Apr. 19) Good day to collect money and pay bills and then consider how to add to your material well-being. Expect in personal matters can give you right advice now. Go to them and be sure you are in the right.

**Taurus** (Apr. 20 to May 20) Experimenting with those you like in some social endeavor is very good for you now. Be individualistic. Get about and show others that you are loaded with talent. Be sure that you dress in a nice style.

**GEMINI** (May 21 to June 21) Have secret talks with others and you will then know what it is that keeps you from progressing and can take steps in right direction. Be sure you assist a good friend.

**Flower Society Names Three For Committee**

Appointed to serve on the nominating committee for Pampa African Violet Society at its recent meeting were Mrs. Dan Glaxner, Mrs. R. F. Dirksen, and Mrs. Marion Roberts.

Mrs. V. N. Osburn, 315 N. Starkweather, was hostess. Mrs. Charles Glison, president, presided as the club collect was repeated in unison. Members voted in the business session to serve one day at the Senior Citizens program at Lovett Memorial Library.

Mrs. Holly Gray, program chairman, directed a program of slides on "Beauties from Everywhere," from slides made at the violet show last year.

Secret pal gifts were exchanged during the social hour. Refreshments were served to Mmes. Osburn, Dirksen, J. E. Carlson, Roberts, Glaxner, C. E. Boswell, W. Lee Moore, W. A. Greene, Glison, Norman Walberg, and Gray.

Members will meet Oct. 10 in the home of Mrs. Dan Glaxner.

**Miss Duckworth Has Seventh Birthday With Home Party**  
SKELLYTOWN (SPL) — Donna Duckworth, seven-year-old daughter of Mr. and Mrs. Cletus Duckworth of Skellytown was honored by her mother with a birthday party at their home recently. After the opening of birthday presents, the group played children's games.

The white sheet cake was decorated with pink sugar roses as a border and pastel colored ballerina girls as candle holders for the seven candles.

Refreshments were served to April Adams, Eddie Lick, Tallie Cook, Dede Eason, Carla McCann, Tammie Woods, Ronda Moreland, Wesley Rogers, Jammie Melms, Carla and Pam Duckworth, Kelli Nichols, Marvin Kramer, David Chapman, Kayla Hale's Wayne Langley, Lana Brown, Donna Duckworth, Mrs. Jim McCann, Mrs. Jimmy Neims and Mrs. Cletus Duckworth.

**MOON CHILDREN** (June 22 to July 21) Do whatever will prove to persons you like and admire that you really do so. Meet new friends also who can be most helpful in the days ahead. Make sure that you pick out the most however.

**LEO** (July 22 to Aug. 21) — A day to get any civic work completed properly. Do not get discouraged with it. You may have some important idea that an influential person can help you with without hesitation. Fine results follow.

**VIRGO** (Aug. 22 to Sept. 22) This is the day to study certain ideas for which you have had little time before this. One of them could help you to get ahead very quickly. Consider others that you are knowledgeable, capable.

**LIBRA** (Sept. 23 to Oct. 22) Concentrating upon how to get your due to be more cooperative is what you need to do in A.M. Then ameliorate any position you have with others important in your life. This is especially true in business affairs.

**SCORPIO** (Oct. 23 to Nov. 21) A more direct approach with associates brings better results in the days ahead. Don't angle so much and get right down to business with them and others. Show that you are on a determined straight road and will not deviate.

**SAGITTARIUS** (Nov. 22 to Dec. 21) You can have much work ahead of you and are enthusiastic, so get busy early and accomplish a great deal. Co-workers appreciate you at this time, so make sure you live up to their expectations.

**CAPRICORN** (Dec. 22 to Jan. 20) Concentrating on whatever lifts your spirits is fine now and you can contract good friends to join you later in fun. Make your plans for getting into holiday you like over the weekend. Then labor diligently.

**AQUARIUS** (Jan. 21 to Feb. 19) You must be the one to do whatever you insure security for your family, make them happy, be the manager of things. Get rid of annoying influences, etc. that have impeded progress. Show that you have strength of character.

**PISCES** (Feb. 20 to Mar. 20) Find a better course through which to make a living, operations more successful. Be more cooperative, helpful to associates. Shop, write important letters, and be happy with congenials in P.M.

**Beta Sigma Phi Chapter Attends Autumn Meeting**

Phi Epsilon Beta Chapter of Beta Sigma Phi met here recently for the first Fall meeting with Mrs. Jerry Wright and Mrs. Jim Simpson as hostess.

Mrs. Tex Givens, chapter president, presided as members heard committee reports on the treasury, budget, secretarial records, ways and means and social announcements.

Miss Ann Coyle presented a program on "What Kind of Person Am I?" Miss Vicki Taylor gave a review of book of Beta Sigma Phi traditions.

Those attending were Mmes. Ronnie Atkinson, Bill Caswell, Gary Epperson, Jim Dalton, Gary Clark, Ted Givens, Charles Hoskin, Don Hufstader, Dale Largent, John Lyle, Donald Maul, Max Patton, Jerry Rockwell, Carrol Russel, Jerry Wright and Misses Ann Coyle.

**Youthful Figures in Autumn Knits Require Short, Regular Workouts**

By PATRICIA KING  
NEW YORK (NEA) — A brief daily workout is the best way to give your body the fall tone-up it probably needs.

If you've had a lazy relaxing-in-the-sun summer, you've neglected your figure. Getting through the dog days is difficult enough and too little thought is given to exercise and keeping in shape.

Now that it's time to slither into fall and winter knits you'll want to look your best at all times. No one wants a sagging figure, poor posture or a droopy bosom. And no one has to have a poor figure.

Pam Noe and Vicki Taylor, and a guest, Myra Miller.

Fifteen minutes a day, preferably in the morning, is all it takes to put you in proper condition by using simple exercises. Most women have specific figure faults and with the right exercise they can narrow hips that have grown too wide, reduce or develop a decent bust line and firm flabby arms. General conditioning exercises will keep your entire body firm and youthful.

If you have allowed yourself to get really out of shape and you are very much over-weight (10 pounds in excess will put you in this category), you will need the discipline of a good diet as well. Better consult your family doctor about the diet best suited for you.

To begin, get on a scale and record your weight. Then single out the exercises which deal with your particular problems and start by doing them two or three times each day and finally working up to 20 to 25 times a day.

Before you begin your routine, take your measurements and record them next to your weight. Weigh yourself and take measurements once a week to check your progress.

Once your goal is achieved it's smart to weigh yourself every morning before breakfast. And at the first sign of backsliding just remember all the time you put into getting yourself in shape. You wouldn't waste your money; don't waste your effort.

**Methodist Class Meets in Groom**

GROOM (Spl) — The Volunteer Workers Class met in the Methodist Church parlor recently. Mrs. C. A. Morrow, president, was in charge of the business meeting. Mrs. Jimmie Kirby gave the devotional.

Mrs. Curtis Schaffer served as hostess. Those attending were Mmes. C. A. Morrow, Margie Emery, L. L. Andrews, E. R. Hess, Jimmie Kirby, Cleo Schaffer, O. P. Blackwell, J. B. Shockley, J. W. Angel, Ray Elmore, Roy Ritter, O. R. Major and the hostess, Mrs. Schaffer.

**Plastic on Shingles**  
Now you can shingle your house or garage with stain and weather-resistant plastic finish. These can be scrubbed clean with soap or detergent suds, then hosed down with clean water.

**Church Women Set Migrant Day Event**

The Board of Managers of Pampa Council of Church Women United met recently at the First Methodist Church Friendship Class to plan the Migrant Day program which is scheduled for Friday in St. Mark's Methodist Church, beginning at 9:30 a.m.

The program Friday will include a devotional by Mrs. Luther Kirk and a panel discussion by Mmes. A. D. Hills, Elmer Radcliff, Charity Ann O'Neal, and William Cooper.

It was also announced blankets and light weight clothing are needed by Church World Service by the pick-up date Sept. 25.

After the program Friday, new council officers are to be elected. A nursery will be provided. All women are eligible to participate in the program. The district meeting is slated for Berger Oct. 9. Mrs. Malcolm McClelland, acting president, said.

**Skellytown Class Has Bible Study**

SKELLYTOWN — The Women's Bible Class of Skellytown Church of Christ met at the church recently for Bible Study. Mrs. Flora Harbin gave the opening prayer.

The lesson on "Motives of Faith" taken from 1 Timothy Chapter 1 and 5th verse was taught by Mrs. Melvin Beighle.

The class sends birthday cards to the Gunther Old Folks Home at Gunther and received a letter of appreciation from G. B. Massey, which was read by Mrs. Sadie Lane. He was 89 on his birthday.

Attending were Mmes. Bennie Woodward, Mamie Varnon, Flora Harbin, Edna Hale, Patty Boyd, Sadie Lane, F. C. Horner and Melvin Beighle.

**NEW WAY TO BE SUDDENLY SLIM, COMFORTABLE, TOO**

Los Angeles:—Are you a woman whose figure is on the good side but might look perfect? You'll be thrilled by the new easy way science has discovered for you to become Suddenly Slim and yet completely comfortable. If you're more than 15 pounds overweight, then this idea is not for you. If your weight problem falls within this range, then you can realize a new, smoother figure today, without diet or exercise.

Suddenly Slim is an all-new kind of 4-oz. girdle constructed of science fibers. One startling innovation is the sheer nylon front panel. This is permanently stiffened by a science process and cannot give or sag. It's surrounded by a slimming action border. A featherstitched panel down each side of this girdle will contour your hips if they are a problem.

The girdle itself is of a "wonder" L-cra spandex blend. It's a new power net consisting of nylon, acetate and spandex. It is so comfortable, but has such slimming strength, it gives your figure everything that's possible with a foundation.

"Suddenly Slim," in both girdle and panty versions, is the peak achievement of the California designer-genius, Olga. They are available in our area at

**Pontiac announces the great American sport for '68**

Bonneville's plush padded door. That raffish V-crest is a side marker light. One of the sweet decisions you'll have to make. You'll have to kick it to believe it. You can order disappearing wipers on Tempest, too.

Le Mans Hardtop Coupe

Wide-Tracking has never been farther removed from just plain ordinary driving. One look at our stylish '68 Pontiacs should tell you that. One, ride will convince you!

Our sporty new Tempests and Le Mans are new from the wheels up. There's a new 175-hp Overhead Cam Six. New sports car feel. Smoother ride. Superior stability and response. Disappearing windshield wipers on all GTOs and Le Mans. Even wider Wide-Track. And you can choose from two new regular- or premium-gas 350 cu. in. V-8s!

Our fabulous GTO boasts the neatest engineering innovation of the year—an exclusive revolutionary new bumper. It's the same lustrous color as the car. But it

won't chip, fade or corrode. And you won't believe what this bumper does until you see it with your own eyes!

Naturally, our new Bonneville, Grand Prix, Catalinas, Executives and Venturas won't take a back seat to anyone! Especially with their bold new integral bumper-grilles that are nearly twice as strong as before. There's also new Wide-Track ride. Improved handling. Smoother engines. And more new features for your protection, like a buzzer that warns you when you forget your ignition key.

Isn't it about time you decided to give up plain ordinary driving? Don't fritter away another hour. See your Pontiac dealer today and start Wide-Tracking!

**Smart '68 Chevrolet Caprice Coupe**

Chevrolet's new look for 1968 begins up front with a smart new grille and hood that conceals the windshield wipers. Recessed taillights in the rear bumpers and new body side lines are smart styling features as shown above on the Caprice Coupe. An impressive list of comfort and convenience options make it possible to custom-tailor a new Chevrolet to almost any personal taste. The new Chevrolets will be on display September 21.

**HOW'S BUSINESS?**

**Steel Production Is On Upward Stairway**

By ROGER BABSON STAFF

At long last, after an irregular though persistent slide from late fall of 1966 through spring of 1967, output in the steel industry has leveled out and inched upward. Steel production, of course, is highly cyclical. Indeed, its sharp decline earlier in the year was a big contributing factor to the faltering of general business.

In the early part of 1966, steel production climbed rapidly, reaching a top in May. Following a brief summer dip, output worked upward again, reaching its autumn peak in October 1966. Several factors were responsible for the upsurge of operations in the key industry. There was the vibrant pace of consumer durable-goods demand, the surge of business capital outlays, the healthy clip of nonresidential building, and the steadily growing war demand.

**The Lighter Side**

By DICK WEST

WASHINGTON (UPI) — One of my scouts called me up and said she had some good column material for me.

"It's a night club act," she said. "Tony Sandler and Ralph Young."

"I'm not familiar," I said. "What do they do?"

"They sing."

Silence. Signifying disinterest.

credit has been disappointing, improvement in the months ahead is expected.

Looking ahead to next year, steel output could also reflect renewed inventory stockpiling, since the industry must contend with another labor negotiation which could give an added fillip to general business after the turn of the year.

"They sing duets." Signifying greater disinterest.

"One of them sings in French while the other sings in English."

Additional silence. Signifying incredulity.

"Look," she said, "I know this doesn't sound reasonable over the phone. But when you hear them do it, it makes sense."

I heard them. Sure enough, one did sing in French while the other sang in English. It sounded great. I'm surprised somebody didn't think of it sooner.

Sandler, a Belgian who speaks five languages, said he would do a song he learned from "The Singing Nun." Young, a monolingual American, said he would do some songs he learned from a humming rabbi.

While Sandler was singing "Dominique" in French, Young baritone'd his way through "Deep River," "Swing Low, Sweet Chariot" and "When the Saint-go-Marching-in."

That rabbi was some hummer.

Washington audiences are so conditioned by their environment that even a night club act has political associations. I got to thinking that the Sandler Young technique could easily be adopted for next year's presidential campaign.

**Simultaneous Debate**

You remember the Kennedy-Nixon debates? Well, the candidates would follow that general pattern.

At one lectern, Richard Nixon would explain what he means when he says U.S. military action in Vietnam should be more decisive. At the other lectern, George Romney would explain what he means when he says he was brainwashed.

Only instead of taking turns, they would speak simultaneously. Nixon could speak in English and Romney in, say, Swahili.

(According to unconfirmed reports, Romney's advisers have urged him to speak Swahili anytime he discusses brainwashing.)

I am, of course, only using Nixon and Romney as examples. All the candidates, both Democrats and Republicans, would participate.

**Pontiac... Styling Leader in 1968**

ALL NEW FROM PONTIAC — Two of Pontiac Motor Division's newest and most distinctive 1968 models are shown above. In the foreground is the GTO convertible which features the exclusive Endura front bumper as standard equipment. The bumper is made of a special chemical compound which has an energy-absorbing quality. Also standard on GTO is a 400-cubic-inch engine and dual air scoops on the hood. Concealed headlamps and hood-mounted tachometer are among the GTO options. Also pictured is the Le Mans two-door hardtop coupe which reveals the new styling of all the 1968 Tempests. Featuring the popular long hood short deck styling, the Le Mans has a new roof line which blends into the rear section. Pontiac's overhead cam six cylinder engine is standard and there is an optional V-8, both with increased displacement and horsepower.

**PRIESTS FINED**

BILBAO, Spain (UPI)—The local government has fined two Easque priests \$416 each for not allowing the display of the Spanish flag inside their parish churches during religious ceremonies, it was reported Monday.

**BITES OFF EAR**

AVELLINO, Italy (UPI)—Police Tuesday charged 19-year-old Antonio Foglia with biting off a friend's ear during a quarrel.

most requests are for plates bearing a motorist's first name, initial or nickname.

But he said there is also a lively market for greetings, such as "howdy" and "hiyal," and a strong demand for business names.

He said some firms equip whole fleets with plates bearing the firm name or initials followed by a number, like "Acme 1," "Acme 2," and so on. Banks and life insurance companies have been especially good customers, he said.

"Usually they have their employees get together, 50 of them or so, and order them in a bloc," Agnew said.

**Unusual Slogans**

Business also advertise their services with many slogans such as "Sell TV," "Rent TV," "Broker," "Pawn," and "Loans."

Personalized plates, or "ego" plates, are available in just about any combination of up to six numbers and letters.

The Highway Department does not issue plates that would conflict with the regular numbering system. Also withheld are the initials JFK and LBJ and initials of government agencies like FBI.

Also banned are plates that would be "obscene or objectionable."

"Sometimes it's hard to tell what might be objectionable," Agnew said. "If the applicant asks for a combination of letters, sometimes he's the only one who knows what it stands for."

**Foreign News Commentary**

By Joseph W. Grigg

LONDON (UPI)—Prime Minister Harold Wilson, never a man to take "no" for an answer, seems determined to plug away at his bid for Common Market membership for Britain, undeterred by repeated rebuffs from French President Charles de Gaulle.

There is growing skepticism in London, particularly among Wilson's critics, that he will make it in the foreseeable future. Some doubt it's even worth his while to keep on trying so long as the testy old Frenchman persists in throwing up roadblocks.

But Wilson aides say he refuses to take De Gaulle's "non" as final. They depict him as determined to keep on pounding at Europe's door, convinced that sooner or later it will open.

The only effect repeated De Gaulle vetoes and near vetoes seem to have had is that Wilson now concedes it will take considerably longer than he bargained for last spring in the euphoria of an overwhelming parliamentary vote supporting his bid.

After all, the prime minister is nearing 77 and cannot last forever. Wilson, at 51, is said to feel he can afford to wait out De Gaulle if necessary.

The British application has been under study by the Common Market Executive Commission all summer. The commission is to present a report to the council of

ministers at the end of September and the ministers are expected to take a look at it at scheduled meetings at Luxembourg Oct. 23 and Oct. 23-24.

De Gaulle appears intent on using delaying tactics designed to stall opening of formal talks with Britain.

Wilson, meanwhile, is seeking report to the council of

Lord Chalfont, formerly Britain's chief disarmament negotiator and now her chief Common Market booster, on a tour of the six capitals for talks with officials.

But the results of Chalfont's first go-round in Paris at the beginning of September were as negative as earlier British soundings.

BACK TO THE WALL, so to speak, bullfighter Marcos Celis fights desperately against a bull in the ring at Madrid, Spain. By kicking frantically with both feet in the bull's face Celis managed to keep the horns away for precious seconds until others could lure the animal away with capes.

**Special Car Plates Cold Cash**

AUSTIN (UPI) — About 27,000 Texans have forked over an extra \$10 each this year to get their initials, nicknames, company names or slogans on their license plates.

program, initiated by Gov. John Connally in 1963, has grown vastly this year, but it still a long way from Connally's original prediction of 75 million a year.

A set of personalized license plates costs \$10 in addition to the regular license fee. All but 50 cents of the \$10 goes for

ist promotion, with the Highway Department retaining 50 cents for its trouble. Plates are issued by the department's motor vehicle division, headed by R. W. Townsley.

Nickname Sometime George Agnew, a Highway Department examiner who handles issuance of special plates, said

Exterior changes in the 1968 Cadillac, as shown on this Coupe de Ville (top), include a new grille and larger parking lights redesigned cornering lights and new marker lights on the side plus a new deck lid and all chrome rear bumper. Among the safety related product improvements in all models are: a new concealed windshield wiper and washer system, recessed door handles and added cushioning in the instrument panel and front seat backs. Dramatic styling changes to Cadillac's 1968 Fleetwood Eldorado (bottom) include new parking lamps located in the leading edge of the front fenders, a new hood 4 1/2 inches longer and redesigned taillights. All 1968 Cadillac models are powered by a new 375 h.p. — 472 cubic inch engine which produces 325 foot pounds of torque — the highest of any production passenger car engine in the world.

new, standard series with a critical ax is as pointless as using a double barreled shotgun to blast a field mouse.

It is possible to say, without any fear of contradiction, that the new series have failed to bring forth a single important show in terms of advancing television. Last season, there was at least "ABC Stage 67" and its lure of weekly novelty.

**Philosophy Regression**  
This season, ABC-TV has regressed to the bang-bang-you're dead philosophy of programming that characterized the reign of its former boss, Ollie Treyz.

CBS-TV's contributions to this season — situation comedies, westerns, a private eye, a variety hour and a children's show — have been routine also. Of the three networks NBC-TV has the new series that are easiest to take. They are all on the safe side, but at least there is sometimes a feeling of taste

# Highway Patrol Has It In For Violators

(NOTE: This is the second of three articles revealing the details of the Department of Public Safety's plan for a crackdown in traffic enforcement now underway.)

Those stubborn drivers who ignore traffic laws and play motorized russian roulette as they rocket along the highways soon will encounter more radar speed checks and more Texas Highway Patrolmen writing tickets.

Statistics have proved conclusively that speed kills, that driving too fast for conditions is responsible for many traffic fatalities, so the Highway Patrol

is going to do something about it. The Texas Highway Patrol in coming weeks will field more men in more highway cruisers, armed with many more radar speed detectors, in order to encourage motorists to keep their speeds within legal limits, and to prevent the ever soaring number of traffic deaths from rising even higher.

Captain J. W. Blackwell, in charge of the Texas Highway Patrol in this District, points out that the plan to encourage drivers to maintain safe speeds resulted from a 1966 survey on Texas highways which showed that speeding is an increasingly common occurrence.

In the first article in this series, Major Luther C. Moore, Commander of the Dept. of Public Safety's Northwest Texas Region 5, told how research by university scientists and government studies proves that a driver's chance of becoming involved in a fatal accident increases many fold at speeds over

er 60 miles an hour. But how many drivers break the speed limit? What is the safest driving speed? Who has the wrecks? And what types of highway accidents are most common?

These questions might be asked by the average Texas motorist, and Captain Blackwell has the answers, compiled from a survey of Texas highway speeds in 1966, and a recent report by the U.S. Dept. of Commerce.

When Mr. average motorist takes to the highway, about one driver in every eight he meets will be exceeding the daytime speed limit of 70 miles per hour, says Captain Blackwell.

The figure jumps much higher at night, and veteran officers point out that this increase is directly responsible for many fatal accidents.

Captain Blackwell said the survey made on Texas highways last year shows that nearly one-third of the drivers exceeded the night speed limit of 65 miles per hour.

The safest driving speed, according to the government report, is the average speed of all traffic — while the highest accident rates are found at the

## FRENCH COOPERATION

PARIS (UPI)—Quebec's deputy minister of government affairs called on the French scientific research minister Monday to discuss scientific cooperation between Fran and Quebec, Canadian sources reported. French President Charles de Gaulle, who recently voiced support of a French Canadian separatist movement in Quebec, promised Paris-aid to Quebec.

very lowest and very highest highway speeds.

Captain Blackwell says the government study shows that passenger car drivers under 25 and more than 65 years old were involved in the greatest number of traffic mishaps. The survey also shows that drivers of older cars are involved in more accidents than drivers of newer cars — perhaps due to the low horsepower and poor acceleration of the older cars.

The most common traffic accident, according to the government survey, is the rear-end collision in which one car overtakes and strikes another car from the rear.

## Television In Review

**By RICK DU BROW**  
HOLLYWOOD (UPI) — The television premiere season of new series has come and gone, and it is entirely understandable if you hadn't noticed. To describe it as a disaster would be misleading, for a disaster implies that something of major import has occurred, and the whole point about the new series is that nothing has happened. In sum, they may be described as the nonentity brigade.

But if all this sounds disparaging, it is not really.

pragmatic industry reasons. It has been quite obvious for some time that the standard series we know it—the kind that arrived this season—has been reduced in network status to the position of mere filler: necessary, bread and butter filler, true, but filler nevertheless. These shows are economically important, but in fact their downgrading marks the beginning of what many believe eventually will be the phasing out of series in their present form.

"Specials" Center Stage In practical terms, the real

television season will soon begin now that the routine overture is over. What I am talking about, of course, are the countless "specials" that are due to arrive, the broadcasts on which the networks have lavished all the attention they used to give to series. For specials and killers. By all odds, the best shows I saw during the premiere season were two NEC TV "sneak previews." One was "The Ghosbreaker," a high-style hour

# Cadillac presents elegance in action!

And the "inside story" for 1968 starts with the biggest, smoothest V-8 engine ever put into a production motor car.

Brilliant new styling • Dramatic new interiors • Totally new instrument panel • Concealed windshield wipers • Improved variable ratio power steering • New disc brakes available • Choice of eleven exciting body styles. Now, enter a new era of luxury car performance—with the biggest and smoothest engine ever put into a production passenger car—the completely new Cadillac 472 V-8. This new V-8 has the greatest torque, or usable power, of any passenger car engine and has the newest combination of engine compo-

nents since Cadillac pioneered the V-8 fifty-three years ago. You will notice a brilliant improvement in passing performance that in no way compromises a huge reserve of power to efficiently operate power steering, power brakes and other Cadillac conveniences. You will also be impressed with its amazing quiet—so remarkable that only its nimble responsiveness reminds you that a great new engine is hidden beneath the hood. Cadillac for 1968 provides, in addition, its well-proved triple braking system with finned drums

that delivers smooth, straight stopping power. Front disc brakes are available for those who prefer the further refinement of an advanced disc-and-drum combination, and this year they're standard on Eldorado. You may also choose a greatly improved air conditioning system that moves more air more quietly. Whether your preference is for one of the more traditional models—or the classic beauty of the Eldorado—come discover new elegance and excitement in luxury car motoring!

# The Pampa Daily News

**A Watchful Newspaper  
EVER STRIVING FOR THE TOP O' TEXAS  
TO BE AN EVEN BETTER PLACE TO LIVE**

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license, nor anarchy. It is control and sovereignty of oneself. No more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

## PINE TREE FEATURES

by Dr. F. A. Harper

### ON DIGGING A GRAVE

A man walking past a cemetery one day, so the story goes, observed a young man vigorously digging a hole in the ground. "What are you doing?" the first man asked.

"Digging my grave," replied the other. "As soon as I finish they are going to bury me here."

"But why all the enthusiasm for your work?"

"Because I will be paid a generous wage when I finish," exclaimed the victim.

As one reads the daily newspapers, this story comes to mind again and again. Like other civilizations which have dug their own graves for a premature demise, so likewise is ours evidencing the same process.

Why? How? A mighty large part of the process of self-destruction comes from efforts to get something for nothing. Yet simple sense should tell us this can't be done. Just as there is a physical law that everything must come from somewhere, so in daily economic affairs we should know that potatoes not yet grown can't be eaten.

Since this is true, it means that if I demand and obtain potatoes I haven't produced or obtained by proper or earned means with my own efforts, those potatoes will have to come from someone else against his will. They'll have to be wrested from him, by force or the threat of force.

Study the day's news in this light. Start with page one, column one, and go through to the last page. See how many of the news items fit this description—somebody trying to get something for nothing from somebody else.

A popular tool for doing this is the government. We convince 51 per cent of those who vote that our particular brand of something for nothing is really in the "public interest."

"Public interest" turns out to be the privileged few looting the others.

Is our present situation hopeless? Is our civilization doomed to demise? Not at all. The cure is simple. The sickness of our society will begin to heal when we turn our eyes from foreign "enemies" afar and begin to battle those in our midst who are destroying individual rights of persons and private property.

We must re-establish the sanctity of persons and their PRIVATE property. We must defend the rights of our individual selves, and also of those who will accept our help.

### H. L. Hunt Writes

**Delegate Voting Is Best**  
In the current debate over reform of the Electoral College, it should be remembered that the direct vote system of elections has been tested and found good. The direct vote system of electing the President would be greatly inferior to delegate voting.

Any delegate voting system is better than direct voting. None would feel safe in the choice of the Secretary of Defense or an Army Chief of Staff by direct vote. In spite of the widespread deep disappointment with the present U.S. Supreme Court, there has never been a time in the life of our Republic that the people would have tolerated choice of a Supreme Court Justice by the direct vote.

Members of the Catholic faith venerate their Pope, who is elected by Cardinals serving as electors as effectively as presidential electors serve. The laity would never venerate a Pope who was elected by their own direct vote. When the heads of the Protestant denominations are selected, it would be impractical to try to elect them by a direct vote of the laity; and few of the members of any denomination would have confidence in a head of their denomination elected by direct vote.

Nominating committees are nearly always employed in the selection of the presidents—of large corporations and associations. Donors to great universities and the students attending them would have little confidence in a chancellor or university president elected by direct vote.

The best way to reform the Electoral College is through adoption of a constitutional amendment placing the Congressional District Plan in effect.

## "I Have a Feeling We're Not Getting Anywhere!"

By D. R. SEGAL

## THE GUEST PEN More Poverty Needed

By D. R. SEGAL

The Baptists are coming down to the Lower Rio Grande Valley to help abolish poverty and maybe pick up a few souls if time permits, according to the Baptist General Convention. If there is one thing we're getting long on, it's poverty-abolishers. It's going to get where there isn't enough poverty to go around, and some abolitioners are going to have to go out and borrow some poverty, or maybe hire some, in order to stay in business.

The Great Poverty Abolisher is a friend of mine who works for the government in Washington. He started abolishing poverty 25 years ago as the head of the National Youth Administration (NYA), but he didn't do such a real great job of it, apparently, because poverty survived. Of course, my friend survived, too; so maybe it was a draw. Quien sabe.

Getting down to the present poverty program, we have so much and so many down here in the Valley they have to make reservations to get clients. There is a spate of jealousy among the poverty abolitioners and they accuse each other of pro-

seelying poor people. The other day one city down here got a grant of more than a million dollars for a project which had been turned down a month before, and everybody had to scramble around in the trash looking for the plans and specifications. We've got some special schools nobody will attend and we're training some folks for jobs which don't exist. Our chief Poverty Fighter got a raise for himself and his chief assistants about six months ago and it was pointed out they still hadn't gotten one fulltime project off the ground.

The general attitude seems to be that this latest onslaught against poverty is something we are going to have to sweat out, like the Blue Eagle and bimetallism and Prohibition. There is one school of thought which holds that poor folks ought to be treated like we treated the noble redskin—Tell 'em, by God they are going to shape up or we'll put them on some kind of reservations. Those who stubbornly cling to poverty and refuse to move into the federal preserves will be dealt with summarily, like the Indians who couldn't accept Christianity and had to be killed. This is a growing trend of thought among the federal poverty fighters who get pretty sore the way their grandiose projects pop out and set everybody to snickering.

The Baptists are moving in to a crowded field down in the Valley, bumping heads with all sorts of poverty fighters who have a sort of vested interest in our problems. We wish them well, of course, but we keep remembering some remark a fellow made a long time ago to the effect that the poor will always be among us. Some right-wing defeatist type, no doubt.

### Clearing House

Articles for this column are preferred to the 200 words or less in length. However, longer articles may be printed. All letters must be signed.

Editor:  
One of the published convictions that led to a belief by the Pampa Daily News in a universal single standard of right is this: "Stealing is wrong"; to sack another person's property, ideas, or reputation is wrong. However, an editorial of 9-12-67 says you take pleasure in noting a recent U.S. Supreme Court decision that news-reporter Van H. Savell, and the Associated Press, did no wrong to former Maj. Gen. Edwin A. Walker when they reported falsely to the nation that Walker "led a charge of students against federal marshals" on Sept. 30, 1962 at the Oxford campus of the U. of Mississippi.

A jury in Louisiana decided that Walker had been libeled and awarded him \$3 million. A Texas court came to the same conclusion and awarded \$500,000. The U. S. Supreme Court, however, has thrown out this decision because Walker is a "public man" and the Pampa Daily News appears a bit off-track when it notes: "This will result in a better informed public," and such "developments have reinforced the traditional concept of a free press."

Free of what?  
Why, free to disregard the facts when making eye-witness reports of the conduct of "public men." However, it must not be a "reckless disregard." The fact is, the U. S. Supreme Court has granted freedom to the great American press to do an even more slovenly job of presenting news, without fear of libel suits.

Frederick M. Dunn  
127 E. 27 Street

EDITOR'S NOTE — The Pampa News repeats that its columns are open to the opinions of those who differ with our editorial comment. A "free press" does not mean just freedom for a newspaper to express its opinion, but freedom for all to have their say in the newspaper if they so desire — and, providing there is no violation of the laws of libel and publication. We do not consider Mr. Dunn's letter libelous. However, the News must enter a plea of not guilty to his "reckless disregard" charge.

### WORLD ALMANAC FACTS

The estimated rate of U.S. population growth during 1966 was the lowest since the end of World War II, says The World Almanac. The 1966 rate was 1.15 per cent of the population compared to 1.05 per cent in 1965, the most recent previous low. A total of 3.7 million births occurred during 1966, a drop from 3.8 million in 1965 and from 4.3 million in 1967.

Modern dental techniques have saved many loose teeth that a few years ago were extracted. Bone and gums can't be made to grow back to their previous position but they can be made healthy, and the shrinkage process can be arrested, or at least slowed, so that teeth can be saved for many years.

As for making models of one's teeth so dentures can be made at some future date, it's a great idea and simple and inexpensive to have done. Photographs showing how teeth looked at a younger age can also be helpful.

A thought for the day—American poet Walt Whitman said: "Once fully enslaved, no nation, state, city of this earth, ever afterward resumes its liberty."

## Does Your House Have Sex Appeal?

Difficult as it is to believe, there's one major commodity that has traditionally been sold on its own merits without wringing in the old sex-appeal angel: Houses.

No more. Where builders once concentrated on such selling points as modern kitchens, roomy closets and wall-to-wall carpeting, the emphasis now, reports the Wall Street Journal, is on attractions ranging from the subtly sensual to the blatantly erotic.

In the former category might be a negligee carefully draped over a chair in the bedroom of a model home. Or wall colors like shocking pink or midnight black.

In the latter category surely belongs a Seattle architect's "sex pit"—a sunken area with a fireplace and fake leopard skin cushions. A Peoria builder offers a togetherness shower with dual shower heads.

Practical Builder featured as its cover story in a recent issue: "Sex and the Single Family Home." Everything else is sold with sex, says the magazine's editor. Why not homes?

Min Fax, a newsletter for home builders, claims that with more money and more leisure, Mr. and Mrs. Average are turning more and more to sensual fulfillment. "Their new watchwords: Luxury, sensual pleasures—and sex."

Every home a Playboy pad, apparently. With mortgage. Some will shake their heads and mutter that this is another manifestation of the overemphasis on sex which pervades American society. Others will draw the obvious parallel with ancient Rome.

We tend not to view with alarm. Sex may indeed sell everything from shaving cream to automobiles and now houses, but trying to live up to Madison Avenue's image of sybaritic sensuality day after day is the most arduous work in the world.

For in the normal course of things razors burn, cars blow their mufflers and houses, no matter how sexy, develop leaks and other ailments that continually force us back to unromantic reality. Darn it.

## No Built-in Obsolescence

They don't make 'em like they used to?

National Aeronautics and Space Flight Center reports that the tracking beacon on the TIROS 11 weather satellite is still sending out signals after almost seven years in orbit. This makes it the oldest satellite still operating, says NASA. TIROS III launched a year later, is also operating.

The hatbox-shaped TIROS 11 has now completed more than 35,000 revolutions of the earth and traveled more than 945 million miles. It transmitted 36,100 pictures of world weather over a period of 376 days.

TIROS III's camera functioned for 230 days and returned 35,000 pictures, including the first detection and tracking of a hurricane from space.

Both satellites were originally designed for a mission life of three months.

## Close-out of Passe Model?

It probably doesn't mean anything, but a report in the Los Angeles Times says that plastic busts of Mao Tse-tung have been marked down at stores run by the Communist party in Hong Kong.

Apparently, the Marxists have merely borrowed a leaf from capitalistic merchants, who are staging end-of-summer sales (a long, hot summer in the British colony, thanks to the Reds).

For a moment, though, the fond hope flickered that they knew something we don't and are hurrying to clear their shelves of an item that's about to go out of style on the mainland.

## Countermeasures Battle

American pilots lately have been having trouble shooting down MIGs over North Vietnam. The reason, reports Aviation Week and Space Technology magazine, is that the enemy has installed new radar countermeasures equipment on his planes. The system interferes with an attacking planes fire control radar, causing air-to-air missiles to go astray.

"Counter-countermeasures development program is under way," says the magazine. The inevitable question occurs: What happens if the North Vietnamese come up with counter-counter-countermeasures equipment?

## Wit and Whimsy

The father was scolding his teen-aged daughter for her slovenly appearance. Father — You modern girls don't seem to care how you look any more. Why, your hair looks like a mop. Daughter (innocently) — What is a mop?

## BERRY'S WORLD

"Now, don't get to liking this new show too much, or they're sure to drop it!"

HERE THEY are again, John Paul Guinn, left, and Mike Hawpe of White Deer. Voted the Back and Lineman of the week by the Pampa News. The pair's pictures were inadvertently switched in Tuesday's paper. Guinn scored both White Deer touchdowns against Clarendon Friday while Hawpe made 29 tackles in the same game.

# Not Enough Fight in Football?

**By MILTON RICHMAN**  
NEW YORK (UPI)—Knute Rockne never would've made it in this day and age.

No coach ever exhorts his ball club to "fight, team, fight," anymore. Nowadays he tells all his players "relax, fellows, relax."

That goes for football, volleyball or paddleball. It even goes for baseball where the St. Louis Cardinals won the National League pennant, they say, because they never paid any attention to the pressure.

"I thought there would be much more pressure than this," says Kaline. "Maybe the pressure will start mounting now, but I haven't found it too great yet."

How come he wasn't feeling it? Was he standing in a draft...

World Series. I'm not gonna die if we don't make it but I think the Detroit Tigers are gonna win."

# Bosox, Twins Keep Pace in AL

**By United Press International**  
The Boston Red Sox had always figured Earl Wilson someday might help them win a pennant.

But they never quite figured it might work out the way it did Tuesday night.

Wilson, who spent his entire career with the Red Sox before being traded to the Detroit Tigers June 14, 1966 for Don Demeter, has made Boston...

regret the deal. He's the major league only 21 game winner this season and he's never lost to the Red Sox since the trade.

But Tuesday night, Manager Mayo Smith called on him to make his first relief appearance of the season with the score tied 2-2, and two on and none out.

After a sacrifice bunt and an intentional walk loaded the bases, Wilson fired a wild pitch which enabled the deciding run...

game off the pace. Detroit fell to fourth, one game behind. Mickey Lolich, with 13 strikeouts and a four hitter, was overpowering the Red Sox for the first eight innings but was lifted after Jerry Adair singled, Carl Yastrzemski walked and George Scott singled to tie the game 2-2.

Wilson then came on and after Reggie Smith sacrificed, walked pinch hitter Dalton Jones intentionally to load the bases. His first pitch to pinch-hitter Norm Siebern was the wild one, enabling Yastrzemski to score the deciding run from third, Wilson then walked Siebern intentionally and Russ Gibson hit a sacrifice fly for the final run.

CO-MEDALIST Tuesday during Panhandle's Golf Association play at Pampa Country Club were Nicole Huve, left, of Ross Rogers Country Club in Amarillo and Ruthie Hall, Pampa. Both shot 82s for the low net honors. The two day tournament ended today.

## Fry Warns Ponies To Get to Work

By United Press International Coach Hayden Fry has ordered his Southern Methodist Mustangs to quit reading their press notices and get down to the serious business of preparing to meet big and strong Missouri Saturday.

Spirits still were high on the Methodist Hilltop, however, in the wake of the final-second 20-17 upset of Texas A&M last Saturday and Fry had no trouble getting enthusiastic work-outs from his club.

Two promotions to the first team were made on the basis of films of the A&M game. Mike Richardson replaced Paul Loyd at tailback and soph Keith Cupples replaced slightly-crippled Dan Chilton at offensive guard. Quarterback Mike Livingston's ankle injury appeared to be responding to rest.

**Changing Lineup**  
Things were a bit different on the campus of the loser at that game. Aggie Coach Gene Stallings indicated a defensive shakeup was in the making before the Cadets play powerful Purdue in the neutral Dallas Cotton Bowl Saturday night.

Stallings didn't mention many names, but said that soph Jim Adams would move from split end to defensive halfback.

## PWGA Ends Play Today

The second round of match play will end the Panhandle Women's Golf Association play today at Pampa Country Club. Tuesday Mrs. Nicole Huve of Ross Rogers course in Amarillo and Pampa's Mrs. Ruthie Hall tied for medalist honors, both firing an 82.

Hot at Fayetteville Heat became a problem at Fayetteville where Arkansas worked for its opener at Little Rock against Oklahoma State and Coach Frank Broyles said he might be forced to work the team in sweatshirts today. The Hogs worked on their kicking game and tried to iron out what Broyles labeled "so many busted assignments" in Monday's drills.

At Fort Worth, where TCU is prepping for its opener at Iowa, Coach Fred Taylor said two sophomores and one redshirt would start Saturday. He named James Vandersale at defensive end, James Ray at offensive guard and redshirted Bill Ferguson at offensive end.

## Croquet-Style Putting Out

NEW YORK (UPI)—The croquet-style putting stroke, which quickly became a favorite of many despairing golf professionals when first introduced, will be banned from tournament play after Jan. 1, 1968.

That was one of the effects of the new, single worldwide rules adopted by both the U.S. Golf Association and the Royal and Ancient Golf Club of St. Andrews, Scotland. The new code was announced Tuesday after the Royal and Ancient Club, ruling body of British golf, joined the USGA in sanctioning the new standards.

Rules also were included that would speed up play. The only proposal not agreed upon by the two bodies was the size of the ball. The difference in sizes between the two (the American ball is larger than the British) may be eradicated when the USGA and R&A review the situation after a period of four or more years.

According to the new code, while on the putting green a player shall not make a stroke from astride or with either foot touching the line of putt or an extension of that line behind the ball, thus eliminating the croquet-style of putting from between the legs while directly facing the cup.

The radical new putting stroke was employed by several big-name pros when it was first introduced and was credited with helping those with poor putting techniques.

## Shocks Hit Road; Juniors Open On Thursday

The Pampa Shockers shoot for their first win in three outings and Lee and Pampa Junior High grid teams go to the football wars Thursday.

Lee will be making their first outing of the season while Pampa Junior High ninth tries for victory No. 1 after losing 8-0 in last week's opener.

The Shockers travel to Plainville to battle the puppies at 4 p.m. Pampa has lost to Caprock, 30-0 and Amarillo, 44-14, last week.

# Trio Bids for Rookie Honors in National

By United Press International three at 29, and Nolan, the NL champions while Nolan, a high school student little more than a year ago, gained his 14th win in 21 decisions by beating the Atlanta Braves 3-1 with relief help from Ted Abernathy.

Seaver's record is a smart 15-12 with the hapless last-place Mets, only the second time in their sad history that a starting pitcher will finish the season with a winning mark.

In other NL games, San Francisco defeated Chicago 6-2 for Mike McCormick's 20th victory. Pittsburgh rallied to whip Houston 11-7 and the Mets beat Los Angeles 6-3.

Strikes Out Seven Hughes, one of the primary factors in the Cards' stunning rise to the top of the senior circuit, struck out seven and walked only one in dropping his earned run average below 2.90. He did it, too, with the help of only one St. Louis regular, Lou Brock, while the other starters watched the action from the bench following the pennant-clinching Monday.

Nolan, whose ERA is a miniscule 2.55, pitched seven innings, allowing only three hits and the lone Atlanta run on a double by Hank Aaron and two fly balls. He was lifted for a pinch hitter in the eighth when the Reds broke a 1-1 tie with a pair of unearned runs against Phil Niekro.

McCormick, in becoming the NL's first 20-game winner, worked the first eight innings and left the game for a pinch hitter in the ninth with the Cubs leading 2-1. But pinch hitter Jim Davenport singled in the tying run off Ferguson Jenkins, pinch hitter Jack Hiatt doubled in two more and Jim Ray Hart and Ollie Brown delivered run-scoring singles off two successors.

## White Deer Rated No. 3 In Latest Class B Poll

By United Press International Port Arthur used an impressive 42-14 win over highly touted Broadmore High of Baton Rouge, La. last Friday to move into the top spot in this week's Class AAAA United Press International top ten.

Ennis replaced Lamar Consolidated as the No. 1 team in Class AAA, and Jacksboro and Spur both retained their rankings atop the Class AA and Class A lists.

Port Arthur got the nod in AAAA, despite a win by last week's top-ranked club, Abilene Cooper. The Cougars whipped Galena Park 28-0, but still slipped to the second spot.

The rest of the top ten in AAAA remained relatively unchanged, although Spring Branch, Spring Woods and Brazosport, ranked third and fifth last week, changed places. Dallas Bryan Adams stayed in the fourth position even though it had to struggle to get by Garland, 13-12.

Rounding out the top ten in AAAA were Houston Sam Houston, Longview, San Angelo, Odessa Permian and Victoria.

Last week's No. 1 AAA club, Lamar Consolidated, dropped its game to Alvin 21-6, and fell all the way to tenth.

Class AAA appears destined to be scrambled all year, but Ennis' 14-2 win over Plano, previously ranked ninth in Class AA, earned the Lions the top spot.

Several other Class AAA clubs were impressive in victories, including Rockdale, which moved into the second position with a 29-0 win over Cameron. After Rockdale comes Brownwood, Wichita Falls Hirsch, Silsbee, Dumas (bouncing back with a 69-9 win over Pampa after a first week scoreless tie with Amarillo Palo Duro), Odessa Ector, Carthage, Richardson Lake Highlands and Lamar Consolidated.

## Jumbled Field

Although the top two teams in AA — Jacksboro and Brady — kept their positions, the rest of the field was jumbled.

Belville moved to third and Daingerfield, winner over seventh-ranked Atlanta last week, jumped into fourth position.

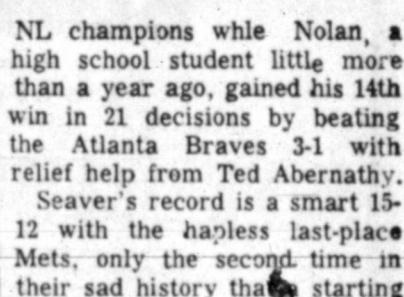

Then came Bishop, Bastrop, Del Valle, Hamilton, Hull-Dailetta and Plano.

The same top ten teams that were in the Class A listings last week survived their outings and things were about the same this week.

Spur kept on top with its second straight shutout, a 27-0 licking of Rotan.

## MAINE EYES OLYMPICS

AUGUSTA, Maine (UPI)—Gov. Kenneth Curtis said Wednesday Maine will be submitting its final bid for the 1976 winter Olympics by Dec. 16. This is one of five areas in the country still under consideration by the U.S. Olympics Committee.

Texas Prison Rodeo Is Being Readied for Fall By DON REID, JR. HUNTSVILLE — This bustling historic city in October becomes the "Rodeo Capital of the Underworld" where thousands will attend the 36th Annual Texas Prison Rodeo held each Sunday in October in the prison's \$1 million stadium. In addition to the thrilling convict rodeo contests and convict entertainment, this year's series will also highlight some of the nation's top-flight entertainment celebrities. On Sunday, Oct. 1, Jo Ann Castle, Lawrence Welk's talented honky-tonk piano and accordion stylist, will be the featured attraction, followed by two other well-known Welk specialists, Norma Zimmer and Larry Hooper on Oct. 8. Miss Zimmer, the Champagne Lady of television fame, teams with Hooper, a deep-voiced singer and piano artist, to bring beauty and talent to rodeo fans. Judy Lynn, another famous personality with musical talent galore, will take over in the arena on Sunday, Oct. 15. A former Miss Idaho and runner-up for the Miss America title, Judy is number one with countless fans. For the Oct. 22 performance, rodeo officials have signed Buck Owens and his Buckaroos, along with Floyd Tillman, who will add the true country and western music flavor to the well-balanced two-hour show. For the closing of the 1967 rodeo series, Roy Acuff, called the "King of Country Music", will display his talents on Sunday, Oct. 29. Candy Barr, former Dallas nightclub entertainer now performing in Hollywood, will be on hand each Sunday to help her former fellow inmates to present one of the most spectacular entertainment features in the nation. The rodeo begins at 2 p.m. Reserved seat tickets at \$2.40, \$3.75, \$4.40 and \$4.95 each, may be obtained by writing Prison Rodeo Ticket Office, Huntsville,

Tex., 77340, enclosing a check or money order. Net proceeds from ticket sales go for a host of inmate rehabilitative services not furnished by the State Legislature.

Commission Will Revise Texas' Constitution

AUSTIN (UPI) — A constitutional revision commission created without the help of the Senate began its tedious task Monday by naming five members of the upper house to help carry out the job. The 25-member commission was created by a House simple resolution after Gov. John Connally's call for a revamping of the antiquated constitution bogged down in the Senate. Lt. Gov. Preston Smith, who was to name five senators to the panel, refused, leaving the commission with the task of filling in the blanks at its initial meeting. The panel named Sens. A.M. Aikin Jr. of Paris, a Smith ally; Grady Hazlewood of Canyon and J. P. Word of Meridian, both Connally allies; Don Kennard of Fort Worth, a liberal, and Republican Henry Grove of Houston.

**1968 OLDSMOBILE CUTLASS "S" COUPE** — For 1968 Oldsmobile introduces a sporty new Cutlass "S" Coupe to augment its gains in the youth market. Built on a special wheelbase, the "S" Coupe is available in a hardtop (above), pillar coupe, or convertible body style. The "S" Coupe may be customized through the use of any

one of 12 engine-transmission combinations. Deluxe interior trim and special exterior ornamentation are standard features, while dual exhausts, a wood grained steering wheel and special handling components are optional.

**Quotes in the News**

**By United Press International**  
WASHINGTON (UPI)—Adm. Ulysses S. B. Sharp, commander of U.S. forces in the Pacific, commenting on the bombing of North Vietnam:

"If you want to get this thing over with, the way to do it is increase the bombings and troop strength both."

**UNITED NATIONS (UPI)—**Arthur J. Goldberg, U.S. ambassador to the United Nations, replying to the Soviet ambassador's charge that U.S. officials acted arbitrarily Tuesday in delaying the Cuban delegation in Nassau:

"His little homily just now reminds me of Alice in Wonderland—sentence first and inquire afterwards."

**No Nagging Backache Means a Good Night's Sleep**

Nagging backache, headache and muscular aches and pains may come on with over-exercising, emotional upsets, or everyday stress and strain. If this nagging backache, with restless, sleepless nights, is wearing you out, making you miserable and irritable, don't wait, try Doan's Pills—an analgesic, a pain reliever, Doan's pain-relieving action on nagging backache is often the answer. Doan's Pills—not a habit-forming drug but a well-known standard remedy used successfully by millions for over 75 years. See if they don't bring you the same welcome relief. For convenience, always buy Doan's large size.

**DAYTON, Ohio (UPI)—**Dayton Police Chief I. W. Egleburger describing conditions in the city's racially troubled west end:

"It was real hairy from about 8 p.m. to 10 p.m. when there were a lot of people in the street throwing rocks and breaking windows."

**BROWNSVILLE, Tex. (UPI)—**U.S. border patrolman Robert Stone describing the damage from hurricane Beulah as winds in Brownsville reached 110 miles per hour:

"Electric lines were going down all over. They are going 'pop, pop, pop,' just like Christmas tree bulbs. All street lights are out."

**SPY TRIAL**

**OSLO (UPI)—**Norwegian police are ready to bring to trial Sverre Selmer Nielsen, 36, accused of 35 incidents of spying in northern Norway, reliable sources said today.

The activities of a spy ring centered in military establishments in northern Norway was revealed April 8. Nielsen is accused of sending intelligence reports to a foreign power on a Soviet-built radio transmitter while posing as a fisherman.

**House Committee Approves Increase In Postal Rates**

**WASHINGTON (UPI)—**The House Post Office Committee Tuesday approved postal rate increases of nearly \$885 million. But the new revenue would be all but eaten up by an \$847 million pay increase for government workers.

The committee combined the two controversial issues—rate increases and salary boosts—in an effort to avoid a presidential veto of the legislation.

President Johnson wants postal rates increased but is opposed to any employee pay raises in excess of 4.5 per cent. The committee approved a raise for postal workers of 6 per cent as of Oct. 1 and 5 per cent more next July 1.

**FEDERAL "CLASSIFIED" WORKERS**

**HARDLY HEART-WARMING**  
**ERUNEI, Indonesia (UPI)—**Communist Chinese propaganda has taken a turn upsetting to the bachelors of this woman-short town on the island of Borneo.

Youths inserting their names in the Lonely Hearts columns of Hong Kong magazines in a search for female friends have been receiving portraits of Chinese Communist leader Mao Tse-tung and clippings of his books, government officials said.

would get 4.5 per cent raise Oct. 1 and about 11 per cent more July 1, 1968, to close a gap in pay for comparable jobs in private industry.

The effect of the rate increases would be to boost by one cent each the price for the present five-cent stamp and the four-cent postcard. Airmail stamps would go up two cents to a dime.

The new first class rates—the ordinary letter and airmail stamps—would go into effect a month after the bill is enacted.

**JAPANESE TOUR**

**TOKYO (UPI)—**Japanese Prime Minister Eisaku Sato left today on an 11-day swing through Southeast Asia. He was expected to discuss Communist China and the Vietnam war in visits to Burma, Malaysia, Singapore, Thailand and Laos.

**TOKYO QUAKE**

**TOKYO (UPI)—**An earthquake centered some miles east of Tokyo rocked the metropolitan area today, the Japanese meteorological agency said. There were no immediate reports of damage or injuries.

**Firestone** 120 Main

Today, millions of people are getting young ideas. The '68 "youngmobiles" from Oldsmobile are here.

Get young ideas in this new Cutlass 'S'. It's young in the way it looks, young in the way it acts. And you'll find the same young ideas in all 31 "youngmobiles" from Oldsmobile.

**New Performance:** Here's an Oldsmobile that performs young, rides young, feels young. There's greater economy from a brand-new generation of Rockets. Choice of V-8 or 250-CID Six.

**Exciting Style:** Here's an Oldsmobile with contemporary style and smart new features. Two coupes, plus a bucket-seat convertible. All with lowered hood, hideaway wipers.

**Sporty Features:** Here's an Olds you can practically design yourself. Young it up with a stick-shift, center console, dual exhausts, Rally Sport Suspension. Plus all the new GM safety features.

See them. Drive them. At your Oldsmobile Dealers.

**TOM ROSE MOTORS; 121 N. BALLARD**
