

Two of Biggest Issues in World Blocked by Russia

By JAMES MARLOW
 WASHINGTON—(AP)—Russia, by taking completely opposite stands, has now blocked action on two of the biggest issues in the world: the atomic bomb and the Berlin blockade.

In both cases the result is the same: obstruction. By contradicting herself, Russia has made this

much plain: if there's going to be any ballgame at all, it has to be played Russia's way.

Take the case of the bomb. The U. N. long ago set up an Atomic Energy Commission to find ways of outlawing the atomic bomb and being sure no name could make it.

The commission finally recom-

Reds Lose Election

HAMBURG, Germany—(AP)—The rightist Christian Democrats won 380 of 836 seats decided in Sunday's Schleswig-Holstein communal elections, almost complete returns showed. The Communist vote declined from 5.1 percent two years ago to 3.3 percent and the Reds failed to get a single seat.

Scientist Sees World Going to Bugs—Provided

The world may go to the bugs if man fails to achieve peace in this atomic age, a Yale scientist recently reported.

Not just any old bugs, declared Dr. Paul R. Burkholder—but a special kind of atom-proof microbe called the "B-R."

"B-R" stands for "bacteria which can resist radiation"—like the radiation from an atom bomb.

Burkholder, internationally

the way to the discovery of the new drug chloromycetin, made a brief reference to these toughies of the germ world in a talk prepared for a joint meeting of the Botanical and Mycological Societies of America.

KIND OF DECISION COUNTS

"Man possesses a great biological and social heritage which frees him to a considerable degree from the rigors of environment, yet imposes upon him great intellectual responsibilities," said the doctor, adding, "whether he will continue to progress or whether he will condemn himself to retrogression and extinc-

tionous decisions made with passion or with reason.

"If with passion, then the forms of life which may survive the cataclysm will be those simple individuals which, like the special type of radiant resistant bacteria known as B-R, are fortuitously endowed with tolerance

homo sapiens (man) was able to produce with his knowledge of atomic energy."

The length of the boundary of the United States, on all points of the compass, is 10,744.

SUNSHINE SAYS . . .

Did you know that it costs us at least two cents for each paper milk bottle, but that we charge you only one cent for that service. The volume that you so generously provide us with helps us to do this.

"Penny for Penny your best Food buy is Milk."

lift the Berlin blockade so the U. S., Britain and France could send supplies in by train to feed their troops in Berlin and German living there.

Then, said the six nations, as soon as the blockade was lifted, Russia, the U. S., Britain and France could begin talking about all their Berlin problems.

No, said Russia, vetoing the idea. Russia said it will not lift the blockade before the Berlin talks get underway.

So Russia dished out the medicine it wanted the U. N. and the U. S. to take on the bomb; but when the U. N. asked Russia to take the same medicine on Berlin, Russia said no.

On Sunday, the third anniversary of the birth of the U. N., Secretary of State Marshall said the greatest blight on the record of the U. N. is the "obstructive attitude" of certain nations.

He didn't mention Russia by name. There's no doubt he meant Russia. That country now has used the veto 28 times in the U. N. to block international agreements or action. The U. S. hasn't used it once.

ONE-SIDED
 If you lived on the moon, you'd never see the earth set below your horizon, since the moon always keeps the same side turned toward the earth.

Success Secrets (Continued)

He quit his job and set up his own shop in a small room over a general store. His capital investment was a \$150 second hand kitchen table, a 50-cent kitchen stool, and a 40-watt lamp with a 30-cent shade. He used the lamp for light, and the stool for his feet. He selected the brand name of "Amity" and began to stamp it upon each pocketbook, wallet and bag that he turned out...

Want to Advance? Read How This Man Did It

By JAMES MARLOW
 CHICAGO (AP)—This is the story of how to get to be a big shot in the book world and vice president of a university.
 Back in 1943 Lynn A. Williams, Jr., was vice president of a company making heaters for airplanes. He was 34 then, and a successful businessman. He had had a good education. But, still, he

felt he didn't know enough. He heard that a group of top businessmen here in Chicago were going to start studying the "great books"—the classics, like Plato's Republic or Homer's Iliad or Aristotle's Politics.
 Once every two weeks they'd meet at night around a big table and talk about one of the books and what it meant, or what they thought it meant.

A professor from the University of Chicago would sit in with them and ask them questions, and needle them, and they'd needle one another.
 The university heads had the idea that problems don't change; that ancient men faced the same problems we face today; that a lot of those problems were laid down and examined in the ancient books.

By studying those books it was hoped students would better understand the modern world and present-day problems.
 Then the university thought the program could be widened to take in men and women who were out of school but who still wanted to learn and think.

So those top Chicago businessmen decided they'd start the study program. Then Williams heard about it.
 Williams joined the student businessmen and went to the study sessions every two weeks for years. He started similar study groups among the employees of his factory.

A couple of years ago Adler proudly told him, Williams says, that 1,500 adults were taking the great books course at night around the country.
 "What you need," Williams said he replied, "is not 1,500 but 15,000,000."

But a lot of the great books are out of print or hard to get. The idea of setting up a "great books foundation" which would publish the books and help train instructors—by mail or in person—occurred.
 Williams was asked to run the foundation. Since the University of Chicago backs the foundation, he was made a vice president of the university.

The foundation expects to publish 82 of the great books by 1950 and cook up ways to train people to lead the groups which study the books.

Board Revokes Pilot's License

WASHINGTON (AP)—The pilot certificate of Charles R. Sisto of Los Angeles was permanently revoked by the Civil Aeronautics Board on grounds that he endangered the lives of 54 persons aboard an American Airlines DC-4 a year ago.
 The incident occurred near Mt. Riley, N.M., Oct. 8, 1947, while the plane was west bound with 49 passengers and 6 crewmen.
 After the plane went into a dive and did an upside-down half loop, the co-pilot brought the plane under control and the ship was landed at El Paso, Tex., without major damage or serious injuries to passengers or crew.

Santa Claus Sees Boy Every Day

VINTON, Ia. (AP)—Five-year-old Richard Sanquist, deprived of his sight by cancer and expected to live only a short time, is having Christmas every day.
 Plans for a special Christmas party for the stricken child of Mr. and Mrs. George Sanquist have been abandoned, Mrs. Sanquist said, because she doesn't know how long Richard will live.
 Meanwhile, Mrs. Sanquist said she would "make every day Christmas." Any presents for Richard will be given him when they are received.

Canadian Lets Hospital Contract

CANADIAN (Special) J. J. Bollinger Construction Co., Oklahoma City, was successful bidder for the construction of the Hemphill County Memorial Hospital, it was announced.
 The company's bid was \$107,600.

County Judge H. M. Wood and Commissioners Frank Cole and Ross Adcock flew to Austin yesterday to obtain final approval of the contract. The project involves federal aid.
 Bids had been received previously on this project, but all had exceeded the amount of money available; therefore, re-bidding had been necessary.

Works for Reds

Dr. Kurt Fisher, chief of the Interior Department in Germany's Soviet Zone, heads the drive to organize a huge Russian-trained "police force" in Eastern Germany. The force, estimated at up to 400,000 Germans, many of them recently released, Russian-trained prisoners of war, is seen as a "Trojan horse" army that would maintain Moscow's domination in the event Big Four occupation troops are withdrawn.

REP. WEST

(Continued from Page 1)
 commander, and now is an attorney in Houston, Texas.
 The 13th Texas Congressional District lies along the Rio Grande, which marks the border between the United States and Mexico. West was a strong supporter of the U. S.-Mexico Water Treaty which was finally ratified in November, 1945.
 He was born June 30, 1888, in Gonzales County, Tex., the son of Milton Crockett West and Pauline Cooke West.
 His grandfather was Claiborne West, a signer of the Texas Declaration of Independence and prominent in the Revolution of 1835. His mother was the granddaughter of Maj. Gen. John Coker, who commanded Tennessee forces under Andrew Jackson in the Creek Indian War of 1812.

NATIONS

(Continued from Page 1)
 for the question by the Security Council, where the Anglo-American have planned majority.
 Asked about an agreement in Paris, Stalin said:
 "Mr. (Juan A.) Bramuglia, of Argentina and president of the Security Council, who conducted unofficial talks with Comrade (Andrei Y.) Vishinsky on behalf of the other powers concerned, did have in his hands an agreed draft decision on the question of the situation in Berlin. But the representatives of the United States and Great Britain once again declared the agreement to be null and void."
 (A six-nation compromise solution of the Berlin crisis, dealing with the blockade and the currency issue, was voted in the Security Council Monday by Vishinsky.)

 the Fire Department, the firemen paid the other half. This not only puts a few more firemen in uniform, but, with these uniforms, firemen off duty can serve as policemen in an emergency.
 At its meeting this week, the commission also discussed provisions for a proposed garbage ordinance which would set up standards for garbage containers and collection, and authorized the payment of \$13,351.77 for seal coating on street paving this summer.
 The commission allowed the transfer of a taxi permit, covering two cabs, from E. E. Smith, operating as the Courtesy Cab Company, to F. G. McElroy, operating the Yellow Cab Company.
 The iris found in most parts of the world, became the symbol of the French royal house in the middle ages.

Statements of Truman and His Ambassador Conflict

(EDITOR'S NOTE: L. S. Chakales, Associated Press chief of bureau in Athens, prepared the following analysis of the Greek situation while in the United States on home leave. He is now en route back to his post in Athens.)

By L. S. CHAKALES

There are going to be a lot of questions asked when the 81st Congress gets a proposal to dip into the till for an additional two to three hundred million dollars for Greece.
 The congressmen are going to ask why President Truman and Ambassador Grady reported opposite results in Greece within a few days of each other.
 Ambassador Grady bobbed up with an announcement that the Greek army's progress against the Communist-led guerrillas was not "satisfactory."
 This didn't jibe with President Truman's statement a few days previously. The President described the campaign against the Communists in Greece as a "conspicuous success."
 It now looks as though the tough "Andartes" won't be cleared out completely by next summer, as it was generally believed and hoped for by the highest American and Greek authorities in Athens.
 These conflicts cannot be dismissed easily. But there is a partial explanation, which goes back to March, 1947, when the Truman doctrine was pronounced. The first American military men to appraise the Greek situation

underestimated the guerrillas and overestimated the enthusiasm of Greek politicians and military leaders when the aid was announced.

The military men felt that with good luck the job might be accomplished with military aid money on hand, plus approximately \$150 million from the second Greek-Turkish aid bill.

These hopes didn't slump until the middle stages of the Grammos Mountain campaign in August. Following an outstanding success in clearing up Roumeli in Central Greece, the operations chiefs allowed three weeks to knock out the central guerrilla concentration in Grammos.

Inadequately trained Greek troops there ran headlong into fanatic resistance from well-equipped guerrillas defending amazingly well fortified positions. It took months for 60,000 Greek soldiers to root out approximately 15,000 guerrillas out of Grammos and the adjacent area.

That extra two months cost a lot of money. Now the Greek army has bumped into equally stubborn resistance in the Vitsi Mountains. This also is costing a lot of money.
 As a result, funds which were supposed to last until June 30, 1949, are running very short. And the guerrillas haven't shown any signs of disintegrating.

This turn of events developed fully in September when the army moved into Vitsi. Now more money is needed. Apparently Truman made his statement from reports covering the period before those obtained by Grady.

Eyes on Politics

Mrs. Judy Weis, Republican National Committeewoman from Rochester, N. Y., indicates her political foresight by wearing spectacles decorated with GOP elephants.

METHODS

(Continued from Page 1)
 to "examine urgently" the action the council might take.

Dr. T. F. Tsang of China declared stronger measures were needed to enforce the truce in Palestine.

Dr. Bunche told the council the Negev hostilities might wreck the Palestine truce.

Bunche said the council's Oct. 19 cease-fire order might be considered ambiguous. But, he added, his interpretation was that Israel and Egypt must withdraw their troops from the front before negotiations are undertaken.

Israel has rejected the troop withdrawal provision, declaring the resolution called for negotiation on that point.

Cadogan said if Jewish forces were permitted to retain positions gained after Oct. 14, "it would be a display of weakness by the council."
 Aubrey S. Eban of Israel said he agreed with Bunche that direct negotiations between the Arabs and the Jews should begin immediately. Arabs, however, have always refused to deal directly with Jewish authorities. The Arabs say that would tacitly admit the existence of a Jewish state.

GARRISON

(Continued from Page 1)
 bers of the Apra, including leaders in the Peruvian parliament. The party is pledged to social reform and land measures which include division of large estates.
 Last July, an army garrison rebelled at Juliaca in southeast Peru, but government forces stamped out resistance in a few days.

Contract Let for Alanreed Road Job

The firm of Bell, Braden, Barker and Gliven, Inc., Amarillo, was announced yesterday by the State Highway Department as low bidder on the paving project of Highway 291 in Gray County.
 The \$95,465 bid was for 10.16 miles of grading, structures, flexible base and double asphalt surface treatment from State Highway 273 on south to Alanreed. The project has been under consideration and appeal since 1931.

Follow label directions. For sale at all drug stores everywhere.

HOT FLASHES?
Are you going thru the functional trouble period peculiar to women (20-30 yrs.)? Does this make you suffer from hot flashes, feel so nervous, high-strung, tired? Then go try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's Compound also has what doctors call a stomachic tonic effect!

News... TRANSFORMING LIPSTICK
Pearls in Mine '6'
It's just "out of this world." Looks dark in stick, but blends to clear, brilliant, beautiful natural tone. Very durable.

Brownie Troop Holds First Meet

The most recently organized Girl Scout Troop held its initial meeting Tuesday afternoon at the Lions Club Scout House. Mrs. Glen Adams, leader, said. Six Brownie Scouts and four mothers attended the meeting to further the plans for the troop. Miss Jean Ann Essex has been appointed assistant leader. Women attending were Meses O. E. Tidwell, R. T. Petty, Archie Bullard and O. O. Crocker. The troop will meet after school each Tuesday at the Lions Club Scout House.

Horace Mann P-TA to Have 'Fun Carnival'

The annual money making project of the Horace Mann Parent-Teacher Association is the "Feast, Fun and Frolic Carnival" being held this year Friday evening at the school. Dinner will be served in the cafeteria from 5 p. m. until 9 p. m. Hot dogs, pie, cold drinks and candy will be sold in the school auditorium for those who do not care to eat a dinner. In the various class rooms will be picture shows, a fish pond and a ghost house. Climaxing the evening's festivities will be the crowning of the Carnival King and Queen. Each room has a candidate, and the ones receiving the most votes will be honored with the coronation ceremonies. All other candidates will be attendants. The public is invited to attend this ceremony and to participate in any of the other activities. Selected thoughts depend for their flavor upon the terseness of their expression, for thoughts are grains of sugar or salt, that must be melted in a drop of water.

The Woman's Page

Pampa News, Thursday, October 28, 1948 Page 7

Varietas Club Program Theme Is 'Bless the Roof'

"Bless the Roof" was the program theme when the Varietas Study Club met Tuesday afternoon in the home of Mrs. H. T. Hampton, 1055 Fisher. Fall flowers decorated the rooms. Mrs. J. G. Doggett, president, had charge of the business session. Answers to roll call were in keeping with the topic "Leak in the Roof" which referred to obsolete laws. Mrs. S. C. Evans, citizenship chairman, in her report listed nine things which make a good citizen. A panel discussion on "From the Eaves to the Ridge of Law-making," was led by Mrs. J. E. Kirchner, panel chairman. She reviewed and discussed the eight proposed amendments to the state Constitution to be voted on in the November election. Mrs. Dow King gave a talk entitled "Ratifiers" and explained how bills originate. She explained that laws are drawn up by legislators who are versed in law. Mrs. R. W. Lane spoke on "Sheeting" and how they become laws. Mrs. H. P. Dossier had as her subject, "Ridgepole" referring to systems of enforcement. The citizen plays a great role in the enforcement of law, she said. "The Shingles," a parliamentary questionnaire, was presented by Mrs. Loyce Caldwell. Other than those mentioned members present included. Meses J. G. Cargile, Lee Harrah, Luther Pierson, F. E. Imel, C. W. Andrews, Horace McBe and a new member, Mrs. W. H. Mosley.

Wilson P-TA Sponsors 'Fun, Food and Frolic'

Woodrow Wilson Parent-Teacher Association is sponsoring a "Fun, Food and Frolic Night" Friday evening at the school auditorium. Serving will begin at 5:45 p. m. and continue until 8:30 p. m. Hamburgers, hot dogs, chili, coffee, pie, cake, ice cream, candy and cold drinks will be served. Entertainment features will include picture shows, music and a variety of games. The vast majority of persons of our race have a natural tendency to shrink from the responsibility of standing and acting alone.

HD Council Has Annual Meeting All Day, Friday

The Home Demonstration Council will hold its annual meeting Friday at an all-day affair at the county agent's office. During the first session, from 10 a. m. to 12 noon, council officers will be elected. The afternoon session starts at 1:15 with a showing of two films, "Pattern for Peace" and "Does It Matter What You Think?" The eight amendments to the state Constitution will also be explained and discussed by Pampa Attorney J. W. Smith. Mrs. Ethel Austin, Pampa, will give a talk on France, since France is the adopted country of District 1. The report on the state THDA convention held recently at Temple, Texas, will be made by Mrs. W. E. Melton, Mrs. L. C. O'Neal and Mrs. Vern Savage and will take the form of a radio skit. It will contain part of what they learned at the convention. The county Gold Star girl, Eva Mae Rutledge, will give a brief report on her trip to the Youth Soil Conservation Encampment. Pampa Girl Scout Troop 9, led by Mrs. Archie Bullard and assisted by Mrs. Herman Jeter, will present a skit to the group.

La Rosa Sorority Closes Rush Week

La Rosa Sorority met in the home of Mary Lou Gantz, 345 Sunset Drive, Tuesday to plan the closing of rush week. It was announced that the mother and daughter tea, which was scheduled for Sunday, has been cancelled. Committees were appointed to draw new pledge rules to present before the club at a call meeting this week. Bids for the new pledges will be given in the home of Barbara Crouch at 7 p. m. Monday in honor of those accepting La Rosa Sorority. Members of the club present were: Nell Brummitt, Ann Crossman, Catherine Tally, Arline Proctor, Mary Lou Gantz, Barbara Radcliff, Barbara Crouch, Beverly Johnson, Betty Myatt, Tommy Jeter, a guest, also attended.

GS Troop 7 Plans Halloween Party

Girl Scout Troop 7, led by Mrs. Betty Boswell, held its weekly meeting at the Girl Scout house Tuesday. At the meeting each girl indicated what merit badges they planned to work for. It was decided to have a party Saturday evening and then to attend the Halloween preview. After the business discussion, the meeting was adjourned. Sin with the multitude, and your responsibility and guilt are as great and as truly personal as if you alone had done the wrong.

Mana P-TA Sponsors Parent-Teacher Procedure Course

Horace Mann Parent-Teacher Association will begin a course on Parent-Teacher procedure at 9 a. m. Nov. 1, in the school cafeteria. All members and especially of officers are urged to take this course. The purpose is to familiarize one

with the correct procedure of Parent-Teacher work. It will consist of only two, two-hour class periods. The second class period will be held at 9 a. m. Nov. 9 in the cafeteria. Mrs. H. M. Stokes, an active P-TA member for 12 years and past P-TA City Council president, will instruct the course. Every quotation contributes something to the stability or enlargement of the language. —Samuel Johnson

Much misconception and bitterness are spared to him who thinks naturally upon what he owes to others rather than what he ought to expect from them. —Madame Guizot

Here's real news, ladies SAVE 15¢ ON SOAP

Take the Perk coupon sent to you in the mail to your dealer today. It's worth 15¢ on your purchase of a large package of New PERK SOAP

SPECIAL OFFER so you can prove it yourself

Perk with Armocel®

washes 31 to 46 whiter than any other kind of soap!

AND HERE IS PROOF... PROOF BEYOND QUESTION from 1,218 washing tests!

Perk leaves your whole wash whiter! Brighter! Wash after wash, tests proved it on the Hunter Reflectometer and General Electric Spectrophotometer; New Perk with Armocel washed whiter up to 46% whiter, colors 31% brighter than any other leading type of soap. These washing tests also proved: Perk with Armocel cuts washing time one-half... saves one-third on soap.

ARMOCEL — the Double-Action Wash Perfection

Only Perk contains Armocel, Armour's exclusive new ingredient that gives you: 1. Magnet Action: Perk with Armocel draws dirt out of clothes like a magnet, seals it in the water so dirt cannot settle back. Removes accumulated grays, prevents future grays. 2. Sunshine Action: Perk with Armocel gives clothes a new sunshine brilliance that reflects the radiant, sunny new whiteness and brightness in all of your wash.

Double your money back guarantee

PROOF TELLS YOU WHY PERK IS YOUR BEST BUY — for clothes, for dishes

FRIDAY
10:00-11:15 All-day council meeting of Gray Home Demonstration group, Home Demonstration Office in Courthouse.
8:45 Woodrow Wilson P-TA, food and fun frolic.
6:00 B. M. Baker P-TA "Fun Night."

SATURDAY
1:30-4:00 Children's Fun Hour, First Methodist Church.

SUNDAY
7:00 La Rosa Sorority acceptance dinner, home of Barbara Crouch, 700 N. 7th.
7:30 Messiah rehearsal, First Methodist Church.

EDITOR'S NOTE:
All society stories, including calendar items, must be in the hands of the editor by 4 p. m. on the day preceding publication. Stories for Sunday are acceptable any time during the week, Friday noon being the deadline for the larger news stories and 4 p. m. the deadline for routine Sunday stories. Calendar items should be turned in a week or more in advance if possible. All stories, except those waiting for pictures, over one week old, will not be accepted for publication. (They should be turned in the day of the meeting or the next day.) When listing the names of married women, use the husband's name, not her first name. Always indicate whether it is Miss or Mrs. and always turn in the complete name, NOT just Mrs. Jones. Such names cannot be printed. The poet's line, "Order is heaven's first law," is so eternally true so axiomatic, that it has become a truism; and its wisdom is as obvious in religion and scholarship as in astronomy or mathematics. —Mary Baker Eddy To select well among old things is almost equal to inventing new ones. —Trublet

Easy does it—after the Game

Hot Dogs De luxe
Hot dogs in fancy dress! Silt them (steaming hot) down the middle and fill with chopped onions. Then wrap a slice of Cheddar cheese around the hot dog, pop into a roll, and toast bready.

Everybody likes Hills Bros Coffee
Lots of Hot Coffee
Welcome the crowd after the game... to a feast without fuss. Big, steaming cups of Hills Bros. Coffee will please them with fragrance, and flavor. Blended from the pick of the world's fine coffees, Hills Bros. Coffee has a goodness that's deliciously its own. And, because of "Controlled Roasting," it's always uniform in aroma, flavor and strength. By roasting the blend a little at a time—continuously—this exclusive Hills Bros. process insures an even roast for every coffee bean—none overdone, none underdone. Its fragrant freshness is guarded in vacuum-packed cans and jars. Write for free 28-page booklet—"The Art of Coffee-Making." Address—Hills Bros. Coffee, Inc., 2 Harrison St., San Francisco 19, Calif.

They Wanna Sing With the Boys

These four Chicagoans want to sing with the Barber shop quartets, but the boys won't let them. So, they're suing in Superior Court to end "discrimination by men against women in barber shop quartets." They are, left to right, Marilyn Hunter, Patricia Vance, Kit Camper and Nancy Omick.

Lack of Proper Refrigeration Brings Disease

AUSTIN—From statistics compiled by the State Health Department, Dr. Geo. W. Cox, state health officer, has disclosed that a lack of proper refrigeration contributes materially to the total

disease outbreaks for one year, caused from foods other than milk and milk products. During the year, there were 299 outbreaks of diseases from contaminated foods, incapacitating 12,526 persons, 17 of whom died. "The food poisoning was usually caused from contamination through insanitary conditions, infusions of food handlers, or of even more significance, lack of early and adequate refrigeration," Dr. Cox said. "Even when contaminated, foods will seldom develop toxins sufficient to cause poisoning if properly refrigerated promptly after preparation. Outbreaks caused from foods have totaled nearly six times the number caused from water or milk."

Major Chinese Battle Looming

PEIPING—The government's attempt to keep a foothold in slowly freezing Manchuria may be shaping into a major battle between Mukden and Chihnsien, 125 miles to the south. Pro-government reports here said a battle was brewing between Mukden and Chihnsien. The public is entitled to a good, clean, safe and wholesome food supply, including milk which has been produced under strict sanitary conditions and properly refrigerated. This is a great protection against disease outbreaks caused by contaminated foods of various kinds, and Dr. Cox said this was especially obvious in view of the fact that no disease outbreak has as yet been traced to pasteurized grade A milk, which had been adequately refrigerated.

Jury to Investigate Parnell's Payroll

WASHINGTON—Rep. J. Parnell Thomas (R-N.J.) has a post-election date with a federal grand jury here investigating charges of irregularities in the handling of his office payroll. Thomas, who is seeking reelection to his seventh consecutive term, accepted Attorney General Clark's invitation to testify but asked for the delay until Nov. 4 "to keep the matter free of politics." He is chairman of the House Committee on Un-American Activities. His request was granted.

Winter on the Way Take Care of Your Health
Your health is your greatest asset... take care of it, especially now that winter is on the way. Sudden changes in temperature may be dangerous.

Many Never Suspect Cause Of Backaches
The Old Treatment Often Brings Happy Relief
When disorder of kidney function permits poisonous matter to remain in your blood, it may cause backache, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headache and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.
Don't wait! Ask your druggist for Deane's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Deane's gives happy relief and will help the 15 million of kidney tubes flush out poisonous waste from your blood. Get Deane's Pills.

'German Sector' Has Grown In Minds of Nation's People

By GEORGE BRIA
AP Foreign Affairs Analyst

BERLIN — (AP) — A newspaper cartoon shows four giant soldiers sprawling in the ruins of a city. A tiny bespectacled man stands on the outskirts.

"Pardon me," he asks timidly, "where is the German sector?"

The cartoon, published this summer, is out of date.

For a "German sector," born of East-West strife, has grown in the mind if not the body of Germany.

It reached its climax early in September in a demonstration of 250,000 Germans against the Russians in Berlin. Some of them joined the gigantic Soviet war memorial commemorating the Red Army sweep from Stalingrad to the heart of Germany.

One man defied bullets to climb on the Brandenburg Tower and bring down the Red flag. It was a plain Red flag and not the official Soviet banner, but only a peasant would quibble on the difference.

Even a year ago such a hostile demonstration against one of the occupying powers would have been hard to conceive. Today the mind has become so grooved along East-West lines that the outbreak was hailed by Western supporters as a defiant cry of freedom, and by the Russians as an attack of fascist gangsters.

Who was right? Neither side, entirely. More accurately, the demonstration can be defined as the greatest sign to date of the rising tide of new German nationalism.

Few experienced observers of the German scene would venture to say that the mass of Germans had entirely rubbed off the taint of Nazism and militarism and, in three short years, become peace-loving freemen.

On the other hand, most agree that the Germans daily are displaying a greater show of independence in the zones controlled by the British and Americans. From Joseph Cardinal Frings in Cologne to Socialist Franz Neumann in Western Berlin the cry is Germany for the Germans.

The rebirth has been nursed along by official British and American policy. A high point came last spring when British military governor, Gen. Sir Brian Robertson, lifted the few remaining official bans on social intercourse and called the Germans "Christians."

Thus, three years after the smashing of Hitlerism, the Germans became socially acceptable.

The French, fearful of any sign of German revival, still treat them as an inferior conquered people and base their policy on long-term occupation and re-education.

The Russians, although they clamor for withdrawal of all occupation forces and for "German unity," also frown socially on the Germans. The unified Germany they seek is a Communist Germany.

So far the spiritual rebirth of Germany poses the greatest threat to the Russians. The mass of Germans are largely anti-Russian and anti-Communist Germans openly admit they want a crack at the Russians.

This raises the question of how, if it should come to an East-West war, would the Germans do any fighting. Will there be a German army?

In setting up the West German state there are no known plans for a war office, or even a foreign office. The question of arming the Germans never is mentioned publicly, but it is in thoughts.

For, aside from the material aid such a force could furnish the West, it obviously is difficult to conceive of rebuilding Western Germany economically without also providing the Germans with the means for defending their gains.

This explains French aversion to the idea of reviving Germany. For the new nationalism which they are pointing against Russia may take a different turn tomorrow in the surprise bag of history.

Maxie Audiences Want an Upbeat, Says John Payne

By BOB THOMAS
HOLLYWOOD — (AP) — What's an upbeat? It's something movie audiences want more of, claims John Payne.

"The public is tired of all the psychological stuff," expounded Payne, who is portraying his first cowboy in "El Paso."

"People like to see guts and courage and not everyone falling apart in the face of adversity. They want pictures on the upbeat, instead of the down, so they can get out of the theater with a lift."

Payne said he's going to do something about it. "I have a sentimental story I'm writing and I'll produce it on my own next year." He cited his film, "Sentimental Journey," as something the public wants. Despite razzberries from the critics, it coined money.

"The public wants to laugh and cry," remarked Payne and I think I heard strains of "hearts and flowers" as he spoke.

More Hollywood sights and sounds. . . Joel McCrea (six-foot six-in. in his boots) and Virginia Mayo (five-foot three) striding down a Warner street. . . Robert Ryan with his face a lumpy mass from makeup, not his light tones in "The Set Up". . .

The Lancheater adjusting the ribbon on her pantaloons for "Happy Times" and getting some whiskies. . . Jane Wyman speechless with laryngitis and not just publicity stunting for her mute role in "Johnny Belinda". . .

Wesley Murphy and Stanley Clements staging a hot fistfight for "Bad Boy". . . Victor Mature having his huge frame draped with rare tapestry for "Samson and Delilah". . .

One MGM man is believed to have lived in the era from 25,000 to 10,000 B.C.

Infantry Veterans Elect Club Officers

DALLAS — (AP) — Veterans of the 14th infantry division elected Paul H. Amshutz, Dallas police captain, as president of their Par Oneri club.

The two-day convention of the organization ended here Sunday. The other officers named included:

W. C. Ray of Fort Worth, secretary-treasurer; the Rev. E. O. Williams, Dallas, chaplain; Bob Starnes, Fort Worth, sergeant-at-arms.

Gossett Against Relaxation of Immigration Laws

WASHINGTON — (AP) — Rep. Gossett (D-Tex.), who has been opposed to relaxation of immigration laws, says his recent tour of Europe has convinced him that he has taken the right position.

Gossett said yesterday that he doubts if enough "qualified" individuals can be found at displaced persons camps in Europe to fill the 205,000 quota authorized for admission to the United States.

He said many people in the camps he visited admitted that they remain there because life is easier than if they returned to their homes.

More than 2,200 new companies have started up as oil producers in this country in the last four years.

Transfusion Is Cure for Rare Blood Disease

CLEVELAND — (AP) — Newborn babies with a rare blood disease have been made healthy by giving them practically brand-new bloodstreams, physicians at two Cleveland hospitals have reported.

This disease, they said, occurs when the mother's blood type and that of her infant clash. When this happens, great destruction of the baby's red corpuscles may follow, resulting in anemia, jaundice and sometimes death.

To save the baby, this is what Babies' and Children's Hospital

Abilene's Record Is 500 Deathless Days

ABILENE — (AP) — With 500 deathless days in Abilene traffic behind them, Abilene citizens started on a campaign to make it 500 days more without a traffic fatality. Sunday was the 500th deathless day.

On completion of this process, physicians estimate that the infant has about 85 percent new blood. And this blood is not subjected to the destructive process of the old.

The disease itself is known as "erythroblastosis fetalis" or in plain English a disorder of red corpuscles in the blood of an unborn child.

The babies belong to a special type of "Rh classification"—about one in every twenty, physicians estimate.

The average octane number of premium gasoline has increased from 70 to 80 octane number since 1950.

Lewis Asks Truman's Aid in French Strike

WASHINGTON (AP)—John L. Lewis proposed that President Truman step in to halt the shooting of French coal miners who are hungry.

The United Mine Workers chief made his suggestion to A. P. Cressant William Green "as one

miner to another." He asked Green, who is supporting Mr. Truman in the presidential campaign, to use his influence to get the President to intervene in the 25-day-old French mine strike.

Several strikers have been killed or injured in clashes with police and troops.

Leaves From a Correspondent's Life Note Book

By HAL BOYLE

NEW YORK (AP)—The question this Christmas isn't whether the children will continue to believe in Santa Claus.

It's whether Santa Claus can go on believing in himself. Every year he must be finding it more difficult.

No figure of modern times—except perhaps Mother Goose—has had a harder time keeping his self-confidence than the fun-loving saint. He has more critics than a French premier, and season after season he is finding himself cramped, cramped and confined by more restrictions.

Take 1947—a really tough year for Santa. Psychologists issued stern warnings that he could derange a child's whole personality by giving him the wrong gift.

And the saint was brought under municipal ordinance. In one place he was forbidden to show up at department stores for his usual pre-season warmup if he had taken a shot of rock-and-rye to guard against pneumonia. In some cities he had to have his beard fireproofed. In others they turned the flit gun on the old man—his whiskers had to be 99

and 44-100 percent pure.

The approach of the 1948 season finds new hurdles, hedges and barriers in the path of the red-suit man of good will. Mr. Claus must promise to quit promising the moon to children. And his voice is being de-boomed. The 1948 Santa no longer will titter—"Ho! Ho! Ho!" he will titter—"lee, hee, hee."

These new points were decided on at a one-day training school for Santa Clauses held at—of all places—the Waldorf-Astoria Hotel. Nineteen Kris Kringle's showed up—most came by taxicab—as well as a number of child psychologists and parent education experts.

The conferees, all former children themselves, pretty well agreed that for years Santa's booming laugh has been so loud it startled many lispng small fry. So that Christmas tradition is out. And the Santas present, in order to get a gilt-edged diploma certifying there were fit to deal "intelligently and sympathetically" with children, also had to pledge "to make no promises unless they can be fulfilled."

The prospect for 1949 and the years to come looks even bleaker for Santa Claus.

Dear old Santa is going to have to mend his past—and perhaps change his clothing. Why do you suppose he wears that red suit? Did you know that Santa Claus isn't merely the patron saint of virgins and children? He's also the adopted patron saint of seafaring men, thieves,

Medical Science Better Prepared To Control Flu

NEW YORK, N. Y.—The 30th anniversary of the worldwide influenza epidemic of 1918, in which 20 million persons in the United States were attacked and 500,000 died of the disease or its complications, finds medical science

and—yes—Russia.

What is he doing up there at the North Pole anyway? Just toying around? This fellow Claus will bear a lot more looking into. He's got plenty to explain—this mysterious stranger, who comes and goes in the night.

in a much better position than ever before to control mortality should an epidemic occur. This is on the authority of statisticians of the Metropolitan Life Insurance Company.

Although pointing out that the 1918 pandemic followed by about 30 years the preceding major epidemic of the disease, the statisticians see no signs of a serious outbreak this year. By contrast, months before the 1918 pandemic there were serious influenza outbreaks—both in this country and in Europe.

"But even if an influenza epidemic should come," the statisticians say, "the sulfa drugs and penicillin would be of immense help in keeping the fatality rate

down. Influenza, when uncomplicated, causes relatively few deaths, even during pandemics. Deaths occur very largely among cases complicated with a severe form of pneumonia. The sulfa and penicillin will be used to reduce the hazard from these complications.

PROFITS OVER 1947

NEW YORK (AP)—The Texas Gulf Sulphur Co. reported a profit of \$8,065,887 for the quarter ended Sept. 30. This amount to \$1.58 per share. Profits for the same period last year were \$5,483,870, which equaled \$1.49 per share.

From where I sit... by Joe Marshall

Want To Join Our Club?

Newcomers to our town are puzzled when they hear talk of "The Barbecue Club." Want to know who can join, and what the purpose is.

Well, the answer is: any one can join who's neighborly inclined. The purpose is simply to enjoy good food, good beer and ale, good conversation—all towards getting to know one another better.

Every other Saturday, at one farm or another, the pit is dug, and the fire started. And by sundown, neighbors from miles around have come together—the women

contributing cakes, pies, and coffee, the men contributing the meat for barbecuing, and the beer or ale.

From where I sit, it's this simple wholesome side of country life in America—its spirit of good-fellowship—that makes for tolerance and better understanding between neighbors.

As I say, Neighbor, any one can join up! So come along a week from this Saturday.

Joe Marshall

Internat'l School Is Being Planned

AUSTIN — GIs who went to school at the American University in Biarritz, France, may have an opportunity to go again next summer.

Dr. J. G. Umstatt, University of Texas education professor who was a dean in Biarritz during the war, has received word the school may be operated as an international university next year if there is sufficient interest from American universities.

GIRLS OF PAMPA TROOP 19 are on their way to the Postoffice to mail 4,000 letters to Pampans in connection with their tenth annual fund drive. Pictured from right to left are Janice Kretzmeier, Barbara Goodnight, Geraldine Hill, Margaret Scott, Sally Bruce, Mary Lunsford, Ruth Roberts, Sue Dodds, Donna Hegwer, Lynn Follo well, Karen Rice, Norita Sasser, Nickie Lewter and Carol Lamb.

The most important thought I ever had was that of my individual responsibility to God.
—Daniel Webster

Pampa Girl Scouts Aid in Annual Drive for Funds

Girls of Scout Troop 19 are on their toes to help with Pampa's tenth annual Girl Scout fund drive, Jimmy Massa, general chairman of the drive, said.

The girls are shown carrying the 4,000 letters, which were mailed to Pampans. This year there will be no door-to-door solicitation during the drive, as in previous years. Instead, letters have been sent to various Pampans, who will contribute by mail.

The Advance Gift Committee, under the chairmanship of W. A. Rankin, began functioning last week while the actual drive began at 8 a.m. today at the kick-off breakfast in the Palm Room of the City Hall.

Troop 19, under the leadership of Mmes. Burl Lewter, W. L. Kretzmeier and Clem Followell, is now engaged in craft work in preparation for its window display during Girl Scout Week.

The girls flew up from Brownie category to Tenderfoot this spring. The girls will soon be ready to become Second Class Scouts. In order to "fly-up" from a Brownie to Tenderfoot rating, a

girl must be a Brownie for one year and receive her Brownie Wings.

After she completes one activity in each of the 11 program fields in Scouting, she is able to become a Second Class Scout. The fields from which the girl must complete one activity in each are: agricultural, home making, sports and games, arts and crafts, community life, health and safety, international friendship, literature and dramatics, music and dancing, nature and out of doors.

After completing her Second Class requirements, the Scout is then ready to select one of the 11 fields in which to major and earn proficiency badges. In order to become a First Class, the girl must complete 12 proficiency badges, of which from four to six must be in her major.

To achieve the highest rating a Girl Scout is able to obtain, she must pass four additional badges from several different groupings of requirements. When this is accomplished the girl becomes a Curve Bar Scout.

Price Favors Foreign Crude, Oilmen Claim

HOUSTON — Major purchasers' failure to meet the 35-cent-a-barrel increase in crude oil prices puts the squeeze on domestic production in favor of imports, two independent oilmen said here.

Phillips Petroleum Company made the increase recently. Several other companies followed, but a few went back to the old price.

"The major buyers' holdout against higher prices is detrimental to the best interests of independent purchasers, royalty owners and general public," Guy Warren, Corpus Christi, president of the Texas Independent Producers and Royalty Owners Association, said.

Warren spoke at a district meeting of the association. Glenn H. McCarthy, Houston independent, said major companies are increasing steadily their imports of oil.

"This foreign oil is being laid down at New York City for \$2.15 a barrel," he said. "In favoring foreign oil at the expense of increased domestic reserves and at a higher price the big buyers simply are protecting their investments abroad."

Mexican Workers In Texas Assured Of Contract Wage

DALLAS — Mexico was assured by a Texas Cotton Ginners Association official that he will make every effort to see that Mexican laborers working illegally in Texas will be treated as though they were under contract.

Jay C. Stille, secretary of the association, said in a letter to Miguel G. Calderon, consul general of the Mexican consulate in San Antonio.

"Our ginners will do everything possible to work with the 10,000 workers on matters of wages, non-discrimination and fair treatment. I will do everything possible to have my ginners work as though these laborers were actually under contract."

"Because of alleged cases of discrimination against Mexican nationals in Texas, Mexico has refused to make working contracts with Texas farmers."

In a special bulletin to the cotton ginners, Stille urged that braceros be paid the prevailing prices for picking cotton. He also asked that the ginners do their best to prevent discrimination.

Earlier this week, the ginners association tried without success to get Mexico to permit her workers to enter Texas under contract.

Engaged! It's Dangerous, Says Judge—\$10!

LOS ANGELES — It cost Joseph Latzer, 23, \$10 the other day to get engaged.

Accused of impeding traffic by kissing his girl while motoring at 10 miles an hour on a busy boulevard in Los Angeles, he told the judge:

"Your honor, we'd just become engaged that very moment and we were sealing it with a kiss."
"Dangerous," retorted the judge. "Ten dollars."

HEAVY REASON
MUNCIE, Ind. — Mrs. Ruth Moore, 400-pound housewife, killed herself with a shotgun "because I am too fat and nobody loves me." The quotes come from Patrolman Norman Talbert, who talked to the 33-year-old woman before she died. She was the wife of John Moore, a laborer.

Postal Receipts Up Over August's

AUSTIN — Texas postal receipts in September totaled \$3,075,987, an 8-percent gain over August and 19 percent greater than in September 1947. The University of Texas Bureau of Business Research reported.

McAllen turned in the greatest gain in postal receipts over the month, gaining more than threefold. Receipts rose 30 percent; Midland, 25 percent; Orange and Greenville, 24 percent; and Palestine, 21 percent.

Receipts in Edinburg, Nacogdoches, Lufkin, and Texas City declined.

Compared to September 1947.

Opera Star Finds Lost Equipment

HOUSTON—(AP)—The mystery surrounding the disappearance of \$1,340 in photographic equipment belonging to Lauritz Melchior was cleared up Tuesday.

The Metropolitan Opera star told police the equipment disappeared shortly after his arrival here Saturday.

Police were informed by William E. Rozan, concert booking agent, that an unidentified man had handed a bag containing the equipment to a porter at the municipal airport.

But R.S. Gray, night manager of the airport, told a different story.

"Now," he said, "that bag wasn't stolen. It's been in my office since Saturday night."

Gray explained the bag was found on an airport sidewalk Saturday night and was locked up in the airport office.

The porcupine is America's second largest rodent, next in size to the beaver. Its front feet have four toes and its hind feet five.

Mainly About People

Mrs. L. M. Kaps is in Berger today to help her daughter, Myra Neil, celebrate her 13th birthday. Myra is a student in Berger.

We have seven (7) rooms and the teachers. So COME ON AND GET ready for these jobs. This offer good this week only. Pampa Business College, 309 E. Foster. Ph. 323.

Dr. and Mrs. Walter Purviance and Mrs. Purviance's sister, Miss faude Hall, 802 W. Francis, are visiting friends in Oklahoma City this week.

Plane Fare Cost \$7,400 but Boys Get Ride Home

TEMPLE—(AP)—Forty-nine soldiers who chartered a plane to make the most of a ten-day furlough from Camp Hood, Texas, were back in their barracks Tuesday.

American Airlines reported the plane flew non-stop from New York to Temple.

From Temple it was 30 miles to Camp Hood and back to the Army. Fifty soldiers left Texas ten days ago for their homes in the East. One remained in a Brooklyn hospital for treatment and didn't make the trip back. They all pitched in to get up the \$7400 round trip cost them.

The inner bark of the elder bush was once used as a cathartic.

Train Runs Over Tot; He Cries and Lives

CLINTON, Ia.—(AP)—A year-old boy who lay between the rails while a 17-car freight train passed over him showed only bruises.

The child is Allan Lee Langrehr, son of Mr. and Mrs. Leroy Langrehr.

The baby, left with his grandmother while his parents shopped, awakened from a nap and toddled out to the nearby Milwaukee railroad tracks before his absence was noted.

Two trainmen saw the freight thunder over the child. They found him crying but otherwise unharmed. A physician said the x-rays showed no internal injuries.

The mink belongs to the family "mustelidae" along with the marten and weasel. Wild adult mink are about 24 inches long.

The Reverend Will Taxi Them to His Church - Cheaply

MILFORD, N.H.—(AP)—Milford's new Methodist minister will continue to operate his taxi business—with special low rates for the pious.

Kendall W. Burgess, 50, former Army chaplain recently appointed by Bishop Wesley Lord of Boston, said taxi fare to the church would be 35 cents, instead of the usual 50 cents charge for the distance.

Burgess had retired temporarily from the ministry after his war experiences in Europe and during his retirement established a taxi company.

The hedgerow has been a part of the European landscape since medieval times.

Retail Spending Jumps 7 Percent in Month

AUSTIN—(AP)—Texans spent 7 percent more on retail purchases last month than in the preceding month, the University of Texas Bureau of Business Research has estimated.

September purchases totaled an estimated 489 million dollars, 8 percent above those for the comparable month a year ago.

Nondurable goods sales were reported up 19 percent for the month with durable goods showing a six percent seasonal decline.

ARC Shipping Relief To Arab War Refugees

WASHINGTON—(AP)—The American Red Cross said it will send additional relief supplies into the Middle East to help 330,000 Arab refugees from the Palestine fight-

ing. The relief agency notified the State Department it had decided to expand its operations in the area because of the destitute condition of refugees in the Arab states.

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel gas, phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Harvesters Prep for Brownfield

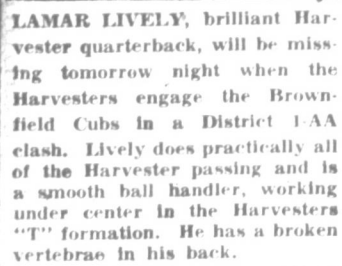

Locals Are Favored in 2nd Conference Game of Season

By GENE GARRISON
News Sports Editor

Coaches Tom Tipps and Aubra Nooncaster have shoved the Pampa Harvesters through intensive drill this week in preparation for their second conference tilt of the season tomorrow night in Brownfield.

The Brownfield Cubs, usually the weakest team in the district, have shown up unusually well this season, holding the Amarillo Sandies to a 21-0 victory last week. The Cubs have developed a habit of losing to teams by two or three times that amount.

The Harvesters will not be at full strength tomorrow night, as the regular quarterback and passing ace Lamar Lively, will be sitting this one out, due to his injured back. Lively, 155-pound senior, has done practically all of the Harvesters' passing this year and has mastered the "T" formation. He has a broken vertebrae in his back.

LAMAR LIVELY, brilliant Harvesters quarterback, will be missing tomorrow night when the Harvesters engage the Brownfield Cubs in a District IAA clash. Lively does practically all of the Harvesters' passing and is a smooth ball handler, working under center in the Harvesters "T" formation. He has a broken vertebrae in his back.

CARROLL SMITH, junior quarterback, will be starting his first game of the year tomorrow night, filling in for Lively. Smith played on the Guerrillas last season and has developed into a capable replacement. He is an accurate passer and has developed into a shrewd field general.

Pirates Meet Bronchos Friday In 3rd 1948 Conference Tilt

The Lefors Pirates meet their third conference tilt of the current campaign tomorrow night at 7:30 when they clash with the anxious Clarendon Bronchos in Lefors.

The host Pirates will be slight favorites in the fracas, although their task may prove extremely difficult since several of their key men will be missing from the lineup.

Hard-running Freddie Newsome, Friday Todd, and Joe Ray Combs will be absent from the Pirate starters, since all are nursing injuries received in practice. This trio of athletes formed the nucleus of the Pirate ground attack and will be missed badly, says the Lefors mentor, James Love. The Lefors aggregation has won four games this year, losing two

heartbreakers to Perryton and Panhandle. The Pirates staged the most sensational upset of the year, week before last, when they downed Shamrock 12 to 7.

The Bronchos lost to the Irishmen, and have also been defeated by McLean and Wellington in conference play.

Should the invaders whip the Pirates, it would throw the 2-A race into a possible three-way tie. The probable starting lineup for the Pirates is as follows:
LE—Don Rice
LT—Duane Hankins
LG—Tommy Jenks
C—Bill Clemmons
RG—Ike Doom
RT—Don Stokes
RE—Joe Pafford
RH—Ronald Cheek
RF—Joe Rice
QB—Ray Dickerson
FB—Billy Jack Butler

Braves' Shortstop Alvin Dark Is Named 'Rookie of the Year'

By JOE REICHLER

NEW YORK—(AP)—Alvin Dark, brilliant young shortstop of the Boston Braves, was voted today the National League rookie of the year.

It was a virtual landslide for the 25-year-old native of Lake Charles, La. In a nation-wide poll conducted by the Associated Press, Dark romped in as No. 1 freshman of 1948 with 160 out of a possible 220 votes.

Only four other players received consideration. Richie Ashburn, flashy Philadelphia outfielder, was a poor second with 57 votes. Fitcher Robin Roberts and fly-chaser Johnny Blatnik, teammates of Ashburn, each got one vote as did outfielder Hank Sauer of the Cincinnati Reds.

Dark gained the distinction by his fine batting, his skill in the field, his speed and his colorful play. In 137 games, the former all-around athlete, at Louisiana State University batted .322 to finish third among the regulars.

It was the second time in his brief career that Dark has been acclaimed as the No. 1 freshman of his league. Signed by the Braves in the summer of 1946 for a reported \$40,000 bonus figure, Dark was sent to the Milwaukee Club of the American Association the following year. Al played in 15 games for the Braves in '46, but that did not disqualify him for rookie honors in '48.

The 5-11, 185-pound youngster, in his first full season in professional baseball, batted .308 for the Braves, led the circuit in doubles and total base hits, and was hailed as the top AA rookie.

When Dark reported to the Braves in Bradenton, Fla., last spring, he immediately caught the eye of Manager Billy Southworth, and was informed the shortstop berth was his if he could hold it. The responsibility proved too much for the kid at first. His hitting fell off and his fielding suffered, as a result. Two weeks after the opening of the regular campaign, the ex-marine found himself on the bench, with Sibby Sisti taking over the regular shortstop duties.

An injury to Sisti gave Dark another chance. Although Sisti soon recovered, Dark never gave him another opportunity to return. Alvin looked like a different player. Tutored considerably by Eddie

Newcomer to Meet McEuin Saturday Nite

Billy McEuin, former Texas cowpoke and rodeo star, will be making his first appearance as a wrestler in the local arena since early this spring when he meets Vic Webber of Kentucky at the Sportatorium Saturday night.

McEuin refereed last week's Australian tag match here in which the team of Dick Trout and Rex Mobley won over Sailor Parker and Rod Fenton.

Canada, like Webber, will be making his first appearance here when he meets Trout.

Trout, a flashy young grappler from Hollywood, will be wrestling here for the third straight week. In his first match two weeks ago, he lost to Rod Fenton, but last week he and Mobley defeated Fenton and Parker.

Fenton will step out of his usual role of rowdy matman and take over the duties of ring official Saturday night.

Stanky, his keystone partner, Dark soon began to show improvement. He regained his confidence almost overnight. His hitting improved to such an extent that before long he was pacing his teammates at bat. In the field, he stepped out there with the assurance of a veteran. An exceptionally fast man, Dark was a constant scourge to the pitchers on the basepaths.

This year's earliest bowl game was played at Hersey, Pa., Oct. 2, between Temple and West Virginia.

Tigers Back in Doghouse Minus Ten Minor Leaguers

DETROIT—(AP)—The Detroit Tigers were back in baseball's "doghouse" today, stripped of 10 minor league players in a ruling by Commissioner A. B. (Happy) Chandler.

Chandler's order parallels the late Kenesaw M. Landis' sweeping 1940 decision which freed 91 players—including four major leaguers—owned by Detroit.

The Chandler ultimatum, however, cuts no major leaguers free nor does it assess any fine against Detroit.

But the issue is much the same. The Tigers are charged with "covering up" the movement of players in their minor league system by making invalid oral agreements governing disposal of certain men signed to contracts with farm clubs in 1946 and 1947.

Specifically, Chandler's decree makes the 10 players free agents and punishes Detroit for the manner in which the players were handled—"contrary to baseball law and procedure."

Chandler's decision affects no body now with Detroit, but takes away from the Tigers a pitching prospect, Ossie Kolwe, who would have gone to Detroit's Lakeland, Fla., training camp next spring.

Kolwe, who played with Durham, N. C., in 1948, was assigned to the Detroit club at the end of the season.

None of the other players the Tigers are accused of mishandling was considered ready for big league trials. They are:

Infielder Bill Serena of Buffalo, Detroit's International League farm. Pitcher Paul Hinrichs, who played with Dallas in 1948. Pitchers Bill MacDonald and Jerry Ahrens, catcher Cliff Dooley and outfielder Zeke Wilemon of the Flint club in the Class A Central League.

Infielder Jimmy Moran of Williamsport in the Eastern League. Outfielder Don Meyers and catcher Clem Cola, of the Little Rock club in the Southern Association.

Only 7 Games Nonconference Tilts This Week
By HAROLD V. RATLIFF
Associated Press Sports Editor

Fifty-one games bringing important conference play to every district make up a crowded schedule for this weekend in Texas schoolboy football.

Only seven of the contests on the City Conference and Class AA cards are nonconference affairs.

Only one of the state's undefeated, untied teams appears in danger. That is Henderson which goes up against a rested Marshall eleven that at full strength is tough for anybody to handle.

Sweetwater might have more than a good workout against Abilene but should win.

The other six unbeaten, untied outfits appear destined to rumble on. Port Arthur plays Orange. Waco engages Corsicana, Allie's takes on Harlingen, Milby (Houston) plays Reagan (Houston), Amarillo meets Lubbock and Arlington Heights (Fort Worth) plays Paschal (Fort Worth).

Three important games stand out in the City Conference race. North Dallas and Adamson get together in a battle of unbeaten clubs in District 1 Arlington Heights' opponent in the feature of District 2—Paschal—is undefeated in conference play. John Reagan carries an unbeaten conference record into its game with Milby in District 3.

Good System
VILLANOVA—(NEA)—Fans following the Villanova football team this fall won't have any trouble identifying their favorite players by positions. The Wildcats are to sport new jerseys with the line and backfield positions numbered in sequence.

WED IN THE WOOD

MEANS SMOOTHER DRINKS!

Fine Glenmore whiskeys are blended with choicest grain neutral spirits but instead of being bottled immediately, "Thompson" is put back into barrels to make it smoother, tastier.

Kids Get Break- At the Saloon

Now it's a saloon with a children's hour.

The place is run by one Parky Radigan, Hoboken, N. J., who has a soft spot in his heart for the neighborhood kids. He hates to see those children's television programs going to waste in his place.

"These kids," he says, "don't get to see television. They're too young to drink."

The idea occurred to Radigan

BURNS?

QUICK RELIEF WITH MENTHOLATUM

COOLS... SOOTHES... EASES BURNING PAIN

MENTHOLATUM

when he turned the lights up one day after a baseball television pickup. The dark corners were filled with youngsters who had sneaked in to watch.

So Parky perused the television schedules and picked out some children's shows.

The customers may have been started at first, but they made no protest when—as the children's program started—Parky closed the bar and called in the kids playing in the street out front.

The kids loved it.

When the show is over, before the bar opens, the younger set departs.

For the older boys Parky plans an afternoon a week of baseball. Dry, of course.

"It'll help keep them off the street," beams Parky.

WIRES OPENED

BERLIN—(AP)—Normal telegraph service for Western Germany to all parts of the world except Japan and Spain will be restored Nov. 1. The U.S. military government announced Germans will then be permitted to send telegrams of a private and social nature and pay for them in deutchmarks.

\$100,000 Found; Believed Part Of James Loot

The tiny Southeast Missouri hamlet of Gads Hill (population 9) is agog over the biggest thing that has happened there since the great train robbery of 1874. And strangely, the two events may prove to be related.

The more recent of the two happenings was the reported finding of \$100,000 in buried gold and currency which may have been the lost loot of the Jesse James gang.

PAPER AND GOLD

Harry Wilcox, 30, a timber worker, first discussed his find Sept. 23. Wilcox said he had stumbled onto an Ozark cave, "big enough to hold three automobiles," in which he found "a bundle of old paper money, some old coins, and a hatful of copper 2 cent pieces." He reportedly took government announced Germans his find to a banker at Piedmont, Mo., who estimated its value at \$100,000.

The coins, said Wilcox, all bore dates between 1850 and the

TOUGH JOB

Making a calendar for our earth is no cinch, and many people still are dissatisfied with our present arrangement. The trouble all lies in the fact that the day is our natural measure of time, but 365 and 242-1000ths days, the time it takes the earth to go around the sun, cannot be divided easily.

1870's an era in which the James gang flourished.

GANG GOT \$2,000

Wilcox declined to tell the location of the cave or show any of the money he found.

The other day, two men, reportedly treasury agents, appeared in an armored car. They conferred with Wilcox and departed.

It was at Gads Hill that a hold-up gang robbed a St. Louis, Iron Mountain and Southern Railway train on Jan. 31, 1874. The bandits, believed to have been the James boys, made off with an estimated \$2,000.

Kale, first known in Europe, has been cultivated for several thousand years.

Pair Who Studied Burglary by Book Gets 18 Months

CHICAGO—Richard O'Connor, 19, and Walter McCaffrey, 18, who learned how to be burglars by reading books in the Chicago public library, were sentenced to 18 months in the County Jail the other day by Chief Justice James J. McDermott in Criminal Court. Thereafter, Judge McDermott directed they are to be on probation for five years.

After their arrest O'Connor and McCaffrey told police they learned by reading a library book entitled "Modern Criminal Investigation," how to enter stores without setting off the burglar alarm by cutting a hole in the roof. It also gave them the idea, they said, of punching the combination off safes.

Before their arrest, they obtained \$10,000 in this manner, most of which they lost at race tracks near Chicago.

Suspect Up for Forgery Says He Killed Two Men

ORENVILLE—(AP)—Trial of a man held here since last August on two charges of forgery has been postponed pending investigation of his confession that he killed a Peoria, Ill., man and a St. Louis labor leader.

The man told Judge Charles Berry of Eighth District Court he killed James Burke, St. Louis labor leader, by administering knockout drops to his beer in a hotel room and then setting the room afire after the drug took effect.

He also said he shot Bernie Shelton, Peoria, Ill., gangster.

The statement was made by a man Berry when the man was arraigned for trial on the forgery charges. Berry postponed trial pending investigation of the confession.

Silver eels of Europe descend to the sea, travel across the Atlantic to breed in an area near Bermuda and then die.

Italy's Hybrid Corn Yield Shows Tremendous Rise

By LOUIS FRANKE
Extension Editor
Texas A & M College

You think hybrid corn upped your yields? You ought to live in Italy!

American hybrid corn, introduced in Northern Italy this year, increased yields from 37 to 127 percent over native corn in tests made in 60 difference fields. The average increase in Texas over open pollinated varieties is from 20 to 30 percent, according to E. A. Miller, extension agronomist at Texas A & M.

Of course even a 127 percent increase doesn't mean much unless you know what the basic yield is. If you made one bushel before and three now, that's a 300 percent increase, but three bushels per acre won't get the job done.

But yields of as high as 109 bushels of hybrid corn were reported in Italy this year.

The European seed program was started by a group of U. S. producers on the basis of some

work done by UNRRA under Ed Henson, who served as USDA coordinator for the Southern Great Plains Region with headquarters in Amarillo from 1940 through 1942.

It has been estimated that if hybrid corn comes into general use in Europe and boost yields by 20 percent, the increase alone would equal a third of the total prewar imports of coarse grains. Europe will need to get back on her prewar import basis of corn and other coarse grains if she expects to reach her livestock production goals.

Henson's idea, now being tried out in a small way, was to introduce throughout Europe U. S. hybrid corn, rust-resistant wheat strains, Clinton oats and similar varieties.

U. S. farm organizations are said to have no objection to the plan. They believe that the rapidly increasing world population will more than absorb any food increase through the introduction of our high-producing crop varieties.

Wheat Kings Are Crowned At Amarillo Tri-State Fair

Wheat and Kings held the spotlight at Amarillo Oct. 9 when the Tri-State Fair and cooperating agencies announced the winners of the various milling and baking, identification and long-time wheat record contests.

The trophy winners are: (left to right) Wilbur P. Axe, Herford, with the Tex-O-Kan and Pillsbury awards for championship in the open class plus \$60 in cash; Leonard Wright, Perry, his Tex-O-Kan Flour Mills trophy and \$25; Joe Ray Goodin, Claude, Texas FFA Wheat King, trophy and trip awarded by the Texas Oklahoma Wheat Improvement program and \$100 from the Amarillo Grain Exchange; Wayne Howard, White Deer, Texas 4-H Wheat King, youngest but biggest winner whose Comanche wheat led the top score of 98 1/2 points.

In the third picking, January and February, the bolls are snapped off. For this work, the pickers get \$2 per hundred pounds.

Despite the poor water situation last year, the average for the whole valley was 700 pounds per lot per acre. Jarrott's farm averaged 919 pounds.

Land in the valley sells for \$200 for the poorest to about \$400 for the best double pre-war prices.

company their boys to Ft. Worth as the guests of the flour mills.

More than 3,500 boys and girls and their parents gathered in the Sports Arena at the Tri-State Fair to see the Kings crowned by Dr. Ide P. Trotter, director of the Extension Service and to watch and listen to an exciting program under the direction of "Uncle Jay."

Mountain Named for Famed Naturalist

WASHINGTON (AP)—A 6,000-foot peak in Big Bend National Park, Texas, was named Wright Mountain in honor of naturalist George M. Wright, the federal government announced.

Wright, founder of the wildlife division of the National Park Service and an active figure in establishment of Big Bend Park, was killed in an automobile accident near Deming, N.M., several years ago.

Texas Forestry Distributes Pine Seedlings

COLLEGE STATION (AP)—Free distribution of 500,000 pine seedlings to Texas youth groups by the Texas Forestry Association has been announced by E. G. Prud'homme, president of the association. The seedlings will be distributed during the coming winter planting season to similar groups during the last school term.

The seedlings are grown at the Texas Forest Service Nursery near Alto. They will be shipped, Prud'homme indicated, sometime during the first two weeks of December.

The service reports the number of tree farms now certified in Texas is 153, an increase of 18. The additions added 2,356 acres, making the total 2,408,227.

The increase boosts Texas from fifth to fourth place in the nation for the number of certified tree farms.

First Cotton Picking Has Been Completed

The first picking is around the first of October and generally yields from three quarters of a bale to a bale per acre. Migratory labor, about 50 percent Latin American, is used. The pay for the first picking is \$3 per hundred pounds. Some valley farmers use mechanical pickers.

The second picking takes place in the last of November and the first of December. Rains have started now and the cotton is a poorer grade.

The pay for the second picking is \$3.25 per hundred pounds. In the third picking, January and February, the bolls are snapped off. For this work, the pickers get \$2 per hundred pounds.

Despite the poor water situation last year, the average for the whole valley was 700 pounds per lot per acre. Jarrott's farm averaged 919 pounds.

Land in the valley sells for \$200 for the poorest to about \$400 for the best double pre-war prices.

FARM USDA SURVEY

The USDA Bureau of Agricultural Economics had made a survey on the use of electrical appliances in farm homes and reports that 38 percent of farm families have electric refrigerators; 27 percent electric-powered water systems; 25 percent vacuum cleaners; 12 percent electric ranges; and 7 percent electric sewing machines.

How much corn in the form of bacon and eggs, roast beef and pork chops does the average American eat in a day? 3 pounds.

Colorado has the highest average elevation of any state in the Union—6800 feet.

Range Surveys Are Made in Roberts Co.

Range condition surveys have been completed during the past week on four Roberts County farms, the Roberts County Soil Conservation District, said.

The farms surveyed belong to Theo Jenkins, R. A. Flowers, Frank Chambers and Jack M. Laren. The surveys were to determine the changes in the range since they were first classified.

Farms were checked to see if the range was properly stocked; if the cattle ate less than 40 percent of the current production of leaves and seed stalks on the important grasses, the range is considered understocked. If the cattle ate more than 60 percent, it is overstocked.

Thurmond to Speak at State House Friday

AUSTIN (AP)—Gov. Strom Thurmond, States Rights Party nominee for president, will make a statewide broadcast from the House of Representatives here Friday at 8:30 p. m., it was announced here.

Gov. Thurmond is to speak at noon Friday in Waco, and at 1:30 p. m. in Temple. On his way to Austin from Temple, he is expected to stop in Georgetown briefly for an address. He is scheduled to make a breakfast address Saturday morning in San Antonio.
