Maryland Reds Claim Terrorism Strikes In U.S.

BALTIMORE, Sept. 26. — Leaders of Maryland's Communist Party contend that "terrorism being exercised over America" is responsible for the resignation of two party members.

William B. Coleman and Arthur M. Schusterman, both of Cumberland, Md., both quit the party after they were convicted and fined under a recently-enacted Cumberland law which requires Communists to register.

In a statement yesterday, Philip Frankfeld, chairman, and George A. Meyer, labor secretary of the party in Maryland and the District of Columbia, said the resignations were "a sad commentary on the times we live in." They added: "Courageous men have divorced themselves from their beliefs be-

Girls Use Brassieres To Conceal Coins Taken From Phone Co. Counting Room

MIAMI, Fla., Sept. 26. — Legal technicalities arose today to block prosecution of young women who, authorities say, orally admitted taking more than \$100,000 from the Southern Bell Telephone and Telegraph Co. counting room by concealing coins in their brassieres.

Eight young women held in the case were released on instructions from Dade County Circuit Judge George E. Holt, who set a habeas corpus hearing for today and ordered the girls freed in custody of their attorney.

Assistant County Solicitor Michael F. Zaroway said the girls admitted stuffing rolls of quarters in their brassieres in the counting room where streams of silver came daily from pay station phones. They admitted carrying as many as four \$15 rolls of quarters in their brassieres at a time, he said. (Each roll weighed 12 3/4 ounces.)

Why there were no guards to check on the incoming cash and how the girls managed to convert some of the silver into currency and bonds without arousing suspicion was not explained.

James M. Phillips, district manager of the telephone company, said that on advice of counsel he would not sign a complaint. Phillips said he couldn't swear to the

counting room employee, drove up and he found three suitcases in her car, two filled with quarters and the third with currency.

Mills said the loss would run to "hundreds of thousands of dollars" but police statute of limitations protects beyond that time.

Two girls admitted they took as much as \$150 a day each, Mills said, another said she took \$75 to \$90 a day, and others admitted taking lesser amounts.

INJUNCTION GRANTED

Tennessee Probes Adoption Agency

MEMPHIS, Tenn., Sept. 26. — The state of Tennessee has called on its legal arm in its probe of adoptions through an agency it accuses of making big profits from orphaned and abandoned babies.

The agency—the Memphis branch of the Tennessee Children's Home Society—is charged with piling up "around \$1 million" in placing infants with foster parents in New York and California.

A temporary injunction granted the state yesterday by Chancellor Larry Creson halted for operations of the home, which now has 20 infants in its care.

It also enjoined employees from removing, destroying or in any manner disposing of the home's records "and all other assets."

The order was granted in a suit filed by special state investigator, Robert L. Taylor of Memphis. It climaxed a two-weeks probe.

The suit asked that the semi-private non-profit welfare agency's state charter be forfeited.

It asked that a receiver be appointed to prosecute claims against the estate of the late Miss Georgia

Tann, who headed the home more than 20 years.

She died of cancer in the midst of the investigation without knowing of the charges against the agency.

Taylor said the home placed infants in California and New York foster homes in violation of the laws of both states. He previously estimated the number of babies involved at 1,500.

He said the profits were realized on the out-of-state placements by charging duplicate transportation and investigation fees.

Crow Has Women In Huge Uproar

DETROIT, Sept. 26. — Police weren't quite sure today they had solved the problem of Jackie, the crow.

Jackie made wash day miserable for housewives in one block of suburban Trenton. He sneaked the clothespins off the lines. Nice white clothes fell in the dirt. Housewives screamed.

Police told Wallace Justin, 17, he would have to get rid of the pet. He did—by giving it to a family in another part of Trenton. Police aren't sure where—it's the youth's secret.

But they expect to be hearing from other screaming housewives shortly.

Educational Costs In Terrific Upswing

WASHINGTON, Sept. 26. — The average cost of sending a pupil to public school increased from \$88 in 1940 to \$206 last year, the U. S. Chamber of Commerce reported yesterday.

Texas spent an average of \$185 per pupil to rank 33rd among the states. Texas spent 2.24 per cent of its total income on education.

Licensing Of Nurses

WACO, Sept. 26. — The Texas Practical Nurses Assn.'s executive committee has drafted a bill for licensing practical nurses and hope to present the measure to the next session of the legislature.

Club Women Hear State President As Year's Activities Are Launched

Mrs. J. Howard Hodge of Midland, state president, was guest speaker when the Big Spring Federation of Women's Club launched activities of the year with a banquet at the IOOF Hall on Monday night. Emphasis on activities was placed on the Town Hall Association program series which is sponsored by the Big Spring Federation. Ticket sale campaign for Town Hall got under way Monday and will continue through Tuesday, October 3.

In her speech, Mrs. Hodge asked for club women to unite efforts to "make a better world." She told how women can work toward this goal through few departments include the Public Affairs department (formerly Citizenship); Communications department, which includes press, publicity, radio and motion pictures; International Relations department which urges the study of the United Nations on a local level and the Economy and Security department.

In speaking of the work of the State Federation for the year, the state president told of the part the organization will play in the health program of the state. Recently, Mrs. Hodge was appointed to serve as co-chairman with Gov. Allan Shivers in the direction of fund raising for the Gonzales Warm Springs Foundation for Crippled Children. She urged individual clubs to include the foundation work in their club activities of the year.

Mrs. Hodge urged club women to "help raise the prestige of the federation by having club meetings which will bring honor to your club, to your town and to your state. This can be done," she said. "If we gain a broader outlook and can think only of the service we can render rather than thinking of ourselves." In conclusion, Mrs. Hodge stated that women should revitalize the home with the spiritual need that a woman can give. She went on to say that "this can be used as an instrument toward world peace."

Mrs. Edward Swift, mistress of ceremonies, told Big Spring club women of Town Hall programs to be presented this year and of the responsibility involved in the sponsorship of such a project. Tickets for the three programs are now on sale at nine downtown locations.

can be purchased from any member of the federation. Price of dual tickets is \$10; single tickets, \$5 and student tickets \$1.50. HCJC students will be admitted on student activity tickets. The first program of the series will be presented November 16 and will feature Joe Kieklow, pianist and William Harrod, violinist. Mrs. Swift urged each member to purchase a ticket and to "sell several tickets." She stated that "Big Spring people can now get their culture at home by attending the Town Hall series."

Mrs. Ira Raley Elected Teacher

Mrs. Ira Raley was elected teacher of the East Fourth Baptist Sunday School class at their meeting Monday. Other officers were president Mrs. J. C. Harmon; vice-president, Mrs. Ernest Rainey; secretary, Mrs. Mollie Cathy; fellowship vice-president, Mrs. Cliff Proffitt; assistant fellowship vice-president, Mrs. Arthur Leonard; class mistress, Mrs. Elmer Rainey; stewardship vice-president Mrs. Beulah Bond; group captain, Mrs. O. D. Eagle, Mrs. J. B. King, and Mrs. R. E. Stocks; and reporter, Mrs. H. J. Rogers.

Mrs. R. T. Lytle brought the devotional, "Something Has Happened" with scripture from Mark 8:21-43. The opening prayer was given by Mrs. Emrie Rainey and the closing prayer by Mrs. J. S. Parks.

Refreshments were served to Mrs. Rainey, Mrs. Proffitt, Mrs. Rogers, Mrs. Leonard, Mrs. Rainey, Mrs. Lytle, Mrs. M. F. Ray, Mrs. Parks, Mrs. Stocks, Mrs. A. Engle, Mrs. King, Mrs. Harmon, and Mrs. Bond.

Meeting Canceled

Announcement has been made that the Sew and Chatter Club will not meet this week as scheduled. The next regular meeting will be October 11 in the home of Mrs. Ches Anderson.

Wesleyan Guild Holds Meeting

Mrs. E. W. Alexander was in charge of the program on "Health Through A Brotherhood of Nations," at the meeting of the Wesleyan Service Guild of the First Methodist Church Monday evening.

A covered dish supper was held preceding the program. Mrs. B. M. Keese presided over the business session. Mrs. H. N. Robinson brought the meditation, and Lucille Hester gave a discussion on "Where Cross the Crowded Ways of Life" accompanied by Jean Ellen Chownis at the piano.

Beverage

(Recipe for Starred Dish Follows)
SPICY MOLASSES COOKIES
Ingredients: 2 1/2 cups sifted all-purpose flour, 2 teaspoons baking powder, 1/2 teaspoon baking soda, 1/2 teaspoon salt, 1/4 teaspoon cinnamon, 1/4 teaspoon nutmeg, 1/4 teaspoon cloves, 1/4 teaspoon allspice, 1/2 cup shortening, 1/2 cup sugar, 1/2 cup molasses, 1 egg, 1 cup raisins, 1 cup broken nuts, 1/2 cup milk.

Method: Sift together flour, baking powder, baking soda, salt, cinnamon, nutmeg, cloves and allspice. Cream shortening and sugar; add egg and beat until blended. Stir in raisins and nuts. Add dry ingredients alternately with milk, mixing well. Drop by teaspoonful on ungreased baking sheet. Bake in moderate (375F.) oven about 15 minutes. Makes 50 cookies.

First Baptist WMU Has Installation And Begins Week Of Prayer Programs

Officers for the coming year were installed and the first program of the State Missions Week of Prayer was presented when the WMU of the First Baptist church met Monday afternoon.

Mrs. Jimmy Parks served as installing officer and spoke on "Perfect Vision." As she charged each officer with her duties she presented her with a pair of colored glasses as a symbol of "better vision in work for the coming year." Officers installed were Mrs. Willard Hendrick, president; Mrs. C. T. Clay, vice president; Mrs. Harland Choate, young people's secretary; Mrs. Joe Tuckness, recording secretary and historian; Mrs. Della K. Agnell, supplemental historian; Mrs. Inez Lewis, corresponding secretary and treasurer; Mrs. R. D. Ulrey, music chairman; Mrs. W. H. Taylor, mission and Bible study chairman; Mrs. P. D. O'Brien, literature; Mrs. S. Marie Haynes, stewardship; Mrs. M. E. Harlan and Mrs. Roy Odum, community mission chairman; Mrs. V. W. Fuglar, benevolence; Mrs. Beulah Bryant, kitchen chairman.

The installation service opened with the singing of the hymn, "Christ For the World We Sing," led by Mrs. R. D. Ulrey. Mrs. C. T. Clay offered the opening prayer.

Mrs. Lee Jenkins was leader for the first in a series of five programs to be held this week in observance of State Missions Week of Prayer. Following the singing of "He Lives On High," the Rev. Cecil Rhodes, pastor of the West-side Baptist church, spoke on the subject, "Rural Churches." He stated that too little attention is given to the needs of rural churches.

Mrs. Roy Odum gave the devotional from John 14:1. Mrs. W. F. Bettie sang the musical selection, "Jesus Is Real and Precious to Me." Following the taking of an offering for state missions, the program was concluded with a prayer by Mrs. Mable Baker.

Town Hall Tickets Can Now Be Purchased

Tickets for Town Hall Association programs are now on sale following an organizational meeting of the association in the home of Mrs. K. H. McGibbon this week. The ticket drive will continue through Tuesday, October 3.

Refreshments were served by the members of the East Central Circle to Mrs. W. O. Churchill, Mrs. A. M. Moore, Mrs. Inez Lewis, Mrs. Alton Underwood, Mrs. C. T. McDonald, Mrs. Roy Odum, Mrs. W. W. Maxwell, Mrs. C. Spears, Mrs. C. W. Nevins, Mrs. R. D. Ulrey, Mrs. Leroy Talkington, Mrs. W. B. Younger, Mrs. R. C. Hatch, Mrs. Paul Crall, Mrs. George Bahr, Mrs. Lee Jenkins, Mrs. G. H. Hayward, Mrs. H. E. Choate, Mrs. M. E. Harlan, Mrs. Beulah Bryant, Mrs. S. C. Holmes, Mrs. George Meiser, Mrs. Marie Haynes, Mrs. N. T. Loyd, Mrs. O. R. Hull, Mrs. A. L. Hobbs, Mrs. East Kelly, Mrs. T. A. Underhill, Mrs. S. G. Bledsoe, Mrs. H. W. McCanness, Mrs. Roy Phillips, Mrs. W. H. Taylor, Mrs. Willard Hendrick, Mrs. Joe Tuckness, Mrs. C. T. Clay, Mrs. Thea Andrews, Mrs. H. W. Bettie and Mrs. Mable Baker.

Chaplain Hitt Speaks To Methodist WSCS

Chaplain C. O. Hitt of the Veterans' Hospital was guest speaker at the First Methodist WSCS Monday. He spoke on "North Africa."

A business meeting was held with Mrs. Roy Satterwhite presiding. Mrs. Bernard Lamun led "Jesus Calls Us" with Mrs. Joe Yauccett at the piano. Mrs. Aisie Carleton led the opening prayer. Delegates to the North West Texas Annual Conference of WSCS to be held in Abilene October 3, 4, and 5 will be Mrs. Satterwhite and Mrs. H. H. Stephens.

So try Lydia E. Pinkham's TABLETS—one of the best home ways to help build up red blood to get more strength and energy—in such cases. Pinkham's Tablets are one of the greatest blood-iron tonics you can buy! At all drugstores. Lydia E. Pinkham's TABLETS.

INJURED — Skip Alexander (above), Knoxville, Tenn., professional golfer, was injured seriously in a plane crash in an Evansville, Ind., railyard. Three Air Force officers in the Civil Air Patrol plane were injured. (AP Wirephoto)

SO SAYS CONSTITUTION

It's The Law, Brew Costs You A Shilling In New Hampshire

CONCORD, N. H., Sept. 26. (AP) — Joe from a big city in another state walked into a quaint New Hampshire roadside tavern, sat on a stool, and said: "Gimme a double brew, please." The bartender drew a foaming glass. "How much?" asked the city dweller. "That'll be one shilling," replied the Yankee barkeep. "Isn't this New Hampshire?" asked Joe. "I'm not in England. Instead of New England, by any chance, am I?"

"This is the Granite State all right," the bartender said. "Well, then, what's all this business about a shilling?" Joe asked because he was confused. Thereupon began an over-the-bar friendship as the New Hampshire resident tried to explain to his metropolitan cousin how come he charged his customers shillings for his liquid wares.

The constitution of New Hampshire, he said, provides now, in 1950, that the value of money shall be computed in silver at six shillings and eight pence per ounce.

Joe was really baffled, until the proprietor got out a copy of the state constitution and read Article 97. It says: "In all cases where sums of money are mentioned in this constitution the value thereof shall be computed in silver at six shillings and eight pence per ounce."

Standard Oil Men Get Pay Boosts

SAN FRANCISCO (AP) Sept. 26. — More than 6,500 Standard Oil Co. of California employees received a six per cent "across the board" pay boost yesterday.

The Independent Union of Petroleum Workers announced it had signed an agreement for the wage increase for employees in the fields, motor transport, pipe line, clerical, natural gasoline, purchasing and store departments. The union signed a similar contract with the Union Oil Co. last week.

going to be asked to cast a ballot on election day—Nov. 7. The ballot is an amendment that would do away with this outmoded article of the constitution, which was passed before our parent federal constitution became law. A lot of men who helped to write the old Massachusetts constitution, aided in the drafting of our New Hampshire constitution. The Massachusetts constitution was worded much the same as the one here, and was written when money was figured like in England. "Now our state government sees the need to revamp some old outmoded parts of the constitution, and in this instance they are asking the voters of the state to cut this article out altogether. It's of no use anymore," concluded the bartender.

"If I come back next year and ask for a double beer, would you charge me?" queried Joe. "Unless I miss my guess that charge will be 20 cents," Joe walked out with a smile on his face. He understood.

Hershey Sees Draft Only Going As High As 25-Year-Olds

WASHINGTON, Sept. 26. (AP) — Maj. Gen. Lewis B. Hershey says he believes President Truman's goal of 3 million men in the armed services can be reached without drafting men over 25 years old.

The selective service director expressed this view in a copy-righted interview (U. S. News and World Report) in which he also:

1. Said the manpower pool of 1,400,000 classified as 1-A "ought to give us 500,000 before next June."

2. Predicted that draft boards will be calling on 19-year-olds before the end of this year.

3. Forecast that the program to re-arm America "will last a generation."

A Bible Thought For Today—

Then the moon shall be confounded, and the sun ashamed, when the Lord of hosts shall reign in mount Zion, and in Jerusalem, and before his ancients gloriously.—Isa. 24:23.

Effect Of A Good Life Will Long Linger To Bless This Community

The passing of B. Reagan should serve as a stern reminder that those who laid the foundations of our community and area are fast slipping away. It should serve, too, as a means to increase our appreciation of what they have done.

Importance of his part in these various realms. The record speaks for itself and will continue to speak.

Time To Take Care If You Want To Be Around To Enjoy Next Year

The final three months of the year are particularly critical times for motorists and pedestrians. The days grow progressively shorter until the winter solstice on or about December 22. There is less daylight, and the gloaming is filled with deadly peril for the unwary. Drivers cannot see pedestrians attired in dark clothing and street and highway become a shambles.

Drivers and pedestrians make their own traffic records. Accidents due to mechanical failures are rare. Accidents due to faulty road construction are even rarer.

If these facts of astronomy and meteorology won't impress Texans with the necessity for using extra care during the fall and winter, perhaps a few cold statistics will help jog their sense of caution.

For his own safety and in consideration of the lives and limbs of others, the motorist will exercise special care in the fall and winter months, because the natural hazards are so much greater.

Affairs Of The World—DeWitt MacKenzie

Better Hindu-Moslem Relations Seen After Nehru Olive Branch

HOPE OF RESOLVING THE DANGEROUS India-Pakistan differences has received a fillip from an indirect but dramatic extension of the olive branch by Indian Prime Minister Nehru.

That if the Congress wanted him as premier, it would have to follow his lead "unequivocally." Otherwise he would go out and fight independently for his ideals.

"EVEN IF SOME PEOPLE WANT IT, can it be accepted in the name of democracy?" If that is called democracy then I say to hell with such democracy.

The outcome of the theatrical session was that the Congress gave Nehru an overwhelming vote of endorsement.

Hollywood—Bob Thomas

Ice Cream Parlor Is Favorite Hangout For Hollywood Stars

HOLLYWOOD, Sept. 26. (AP)—Critics of Hollywood morals may be surprised to learn the favorite hangout of the film famous is not a gin mill but an ice cream parlor.

"Most ice cream is frozen instantaneously or within a minute or two. We give our body by taking 45 minutes to freeze it."

It is safe to say that more movie stars patronize Wil Wright's four ice cream dispensaries than visit the saint-lined night spots of the Sunset Strip.

"We place the mixture in vats surrounded by cold brine, not ice and salt. The ice cream is hand made. Men with maple paddles scrape the ice cream off the sides of the vats as it hardens, the cost of the laborers is the reason why our prices are high—\$1.50 a quart."

"Rita Hayworth and Aly Khan used to come in regularly when they were courting," reports Wil (short for Wilbur), "Aliso Laraine Day and Leo Durocher. Bing Crosby is a regular customer. I even air mail quarts of ice cream up to his ranch at Elko, Nev. He likes pistachio."

Only two major cities are actually putting their civil-defense plans into action and working on the physical protection or dispersal of vital facilities—St. Paul and Pittsburgh.

I also am a fan (an English toffee man myself.) I decided to find out the secret of Wright's success. I found him a personable chap who says he is 36 but looks like an Andy Hardy.

There's no secret about the ingredients," he said. "We use the same recipe as good home-made ice cream—heavy cream, fresh eggs, granulated sugar and pure flavorings without any filler or gelatin. Our ice cream is better than any other because of how we make it."

Accidents Kill More Young People Than Any Known Disease

CHICAGO — Accidents kill more young people than any disease. Here are the figures for 1948, just announced in the 1950 edition of "Accident Facts," the annual statistical yearbook of the National Safety Council:

Age Group	Accidents	Deaths
1 to 4 years:	25	25
5 to 14 years:	22	13
15 to 24 years:	24	4
25 to 34 years:	55	17
35 to 44 years:	17	9

In the 1 to 14 age group alone, accidents claimed 10,741 lives — more than the combined toll of pneumonia, congenital malformation, cancer, tuberculosis, leukemia, sickle-cell anemia and heart disease. In this same age group, accidents caused 10 times as many deaths as polio in 1948.

Today And Tomorrow—Walter Lippmann

Decision To Enlarge American Army In Europe Was Wise And Momentous

Though there seems to be general assent to the President's decision to enlarge the American army in Europe, the consequences are far-reaching and need to be fully and carefully explored.

This is not said in order to oppose the decision. Quite the contrary. The decision is, I believe, momentous and wise.

The stationing of a large American army in Europe is a serious step to take. A standing army in a foreign country will soon, unless its discipline is extraordinary, become softened and corrupted as a fighting force.

The greatest significance of this new commitment is, I believe, its bearing upon the true position in the world and of how little margin there is in our hard-pressed Western society for headstrong adventures and reckless promises and soft-headed globalism.

These are not reasons for shrinking from a policy which can do in so many respects so much good. But they are reasons for not treating the project casually and without an earnest and persistent effort to look

where we are going. The presence of these American troops in the heart of Europe must rule out of consideration any policy which treats Europe as expendable. Therefore it rules out preventive war—the ignominious idea that we could buy security for ourselves by exposing our friends and allies to war and death and destruction.

It rules out all policies and strategic ideas which would seek or accept a showdown with Russia, even if in the course of the struggle Western Europe has to be abandoned. These heartless and dangerous doctrines will cease to have any appeal if an American army, an American commander, American honor and prestige are committed to the defense of Europe. A con-

cern for the security of these American forces will carry with it a growing realization of the true position in the world and of how little margin there is in our hard-pressed Western society for headstrong adventures and reckless promises and soft-headed globalism.

Merry-Go-Round - Drew Pearson

Senate Watchdog Committee Probably Assisted Hubert Howard To Resign

WASHINGTON.—It was probably not love of Louey Johnson so much as apprehension of the hard-hitting Senate Watchdog Committee that brought the abrupt resignation of Hubert E. Howard as chairman of the munitions board.

Only a few insiders know it, but the committee was all set to put Howard on the hot coals for pushing the sale of government-owned synthetic rubber plants.

Only two major cities are actually putting their civil-defense plans into action and working on the physical protection or dispersal of vital facilities—St. Paul and Pittsburgh. Several others, including Seattle, San Antonio and Baltimore, are drawing plans ready for use when the need is more urgent.

The Voice of America receives 29,000 fan letters each month from all over the world. . . . Congressman Jacob Javits of New York wants more money for America's T-bomb (truth bomb). Says Javits: "The T-bomb is as potent a peace weapon as the H-bomb is a war weapon."

The committee's first report scorched Howard and his munitions board for lack of "a firm aggressive" rubber program. What the report does not reveal is that when Chairman Lyndon Johnson was moving heaven and earth behind the scenes to stop the sale of a synthetic rubber plant at Akron, Howard was urging its sale.

Three New Jersey congressmen got a draftee's-eye view of the Army the other day by going through the draft machinery, themselves. They were Congressman Howell, Rodino and Addison, who spent three days as draftees at Fort Dix, N. J.

A friend of ex-secretary of defense Louey Johnson dropped in to see the President recently, and the conversation drifted around to Johnson's resignation. "I had to let him go," the President said. "He's an ego-maniac. He's a psychopath. He would tell untruths."

In fact, they played their roles so well that they couldn't even get passes to leave camp. Instead, they sneaked out to make campaign speeches and didn't get back until 2:30 a.m. Two and one-half hours later, a tough sergeant, who didn't know they were congressmen, routed them out of bed—promptly at 5 a.m.

"It was one of the hardest things I have ever had to do," Truman continued. "He sat down there, and I told him he would have to quit. He just said, 'I don't know what to say.' I told him, 'there's nothing for you to say. You will just have to quit.'"

None of this applies until the government has gone through the legal machinery mentioned above. So, until all that is finished—maybe three or four years from now—it won't be possible to punish any Communist who may work for the government, or in a defense plant, or who may put out propaganda without a Communist label.

CHICAGO — (AP)—Miss Clara Turner notified police that her automobile had been stolen. The next day she called the car, but they had refueled, washed and polished it.

The town of Cherapunji in northeast India usually gets about 400 inches of rain in a year.

Around The Rim—The Herald Staff

Attributes Of A Car Makes Humorous Advertising Matter

The various methods used by manufacturers and distributors to tell the public about their products and services have always intrigued me.

special booklet on their motor car, slanted especially to hunters and fishermen but pointing out, in a humorous sort of way, the machine's best features to everyone.

I've never been able to see how the advertising message could pay off, whether its a full-color spread in a popular magazine, a black-and-white display in the local newspaper, or broadcast over a big radio network. The fact that it does pay is not disputed; that is testified to by the millions of dollars that are invested in advertising, as well as by the universal popularity of products that are the objects of the advertising efforts.

He also tried out the luggage compartment, but after crawling inside, reported that "actually, the light isn't too good for reading, and on long trips it gets pretty stuffy in there". Pointing to the broad rear window, Zern found "it's wide enough so you can see what you've backed into without getting out of the car".

The advertising medium—newspaper, radio, etc.—has evoked considerable discussion as well as a good deal of study on the part of advertisers. Some have become convinced that one of the media is best for their particular products, others have set on another. They're all probably right.

Nash, it seems to me, has used an extremely effective advertising technique. It may not be as widely circulated as some, but chances are that the people who read the booklet will remember most of the car's distinctive features.

It seems reasonable to me that a breakfast food would go better with a horse opera, and that a fashionable article of clothing could be more favorably described with a newspaper layout. But what brought all this discussion about is the use made recently by the Nash Motor company of a less-widely used method of advertising.

AS Zern points out, the auto's body is "built on the same principle as the fuselage of a modern airliner, but without hostesses. Maybe next year." If that prediction comes true, Zern'll probably be out of a job. Nash won't need to advertise.

The Nash people prevailed upon Ed Zern, author-sportsman, to prepare a

WAYLAND YATES

Notebook—Hal Royle

Story Of A Private Who Would Not Remain In A Hospital Bed

SOMEWHERE IN KOREA, (AP) — A small supply truck trundled up to the Nak-tong River, south of a ruined city called Waegwan.

that carried the doughboys across the Nak-tong.

It was the day after the 24th Infantry division had stormed back over the river on the long return road to Seoul.

"I was in the second wave," he said. "They shot up our boat with machineguns and it went down. Then a mortar shell hit in the river by me and it seemed like the water was squeezing me to death."

The supply truck was loaded with badly needed gasoline. But at one point along the rutted road it struck with the undeviating courtesy of the battlefield to pick up a solitary, hitchhiking soldier.

The private held his chest and coughed painfully and spit over the side of the truck. He shook his head when Price offered him a cigaret.

He was a private first class and he looked like a tired battle straggler lost from his company.

"I BLACKED OUT AND I GUESS I would have drowned if some of my buddies hadn't pulled me into another boat," he said. "Don't remember anything about the next 12 hours, except standing in a chow line somewhere. Then I came to in a hospital."

He was a stocky youth of about 22 with blue eyes and a stare that combat soldiers call "the thousand yard look". It is an expression men often get after sudden battle shock or long exposure to danger.

"They said I had concussion and ought to stay there for at least a couple of days. But I didn't want to dope off on my outfit—not at a time like this. So I waited until breakfast and then I took off."

HE CLIMBED LABORIOUSLY INTO the back of the truck. As it swung slowly on up the heavy yellow road he sat down wearily among the gasoline cans next to another hitchhiker—Ben Price, an Associated Press correspondent.

When the truck halted to let him off, he climbed slowly down. He gripped his chest, beat over and coughed and spat.

The two soon fell to talking. The private was nervous and kept clutching his sides with both arms as he spoke. He said that he was one of the engineers whose job had been to steer the assault boats

Then he straightened, said "so long" and walked off to rejoin his unit.

The Nation Today—James Marlow

New Legal Machinery Can Make Communists Register With US

WASHINGTON, (AP)—UNDER THE ANTI-Communist law—it became law Saturday —Communists are supposed to register with the government.

THE LAW SAYS THERE IS A WORLD wide conspiracy of communism to take over every country. It says this conspiracy is directed by a "foreign power," meaning Russia.

They are supposed to do that within 30 days of the time when the act became law, or 30 days from Sept. 23. But leaders of the Communist party Saturday night will refuse to register.

This foreign power, the law says, sets up "action organizations" in various countries to help carry out the world-wide conspiracy. And—it says these action organizations are controlled by the foreign power.

Can they—at the end of the 30 days or in fact any other time—be jailed or fined or punished in any way for refusing to register within 30 days of Sept. 23?

In turn, the law goes on, these Communist "action" organizations set up "Communist 'front' organizations to carry out their plans.

NO. UNDER THE NEW LAW—ONCE the 30 days are up and the Communists haven't registered—there is legal machinery the government can use to make them register. It calls for findings by a new subversive activities control board, reviewable by the courts.

The difference between a Communist action organization and a communist front—under the definition given by the new law—is this:

Three New Jersey congressmen got a draftee's-eye view of the Army the other day by going through the draft machinery, themselves. They were Congressman Howell, Rodino and Addison, who spent three days as draftees at Fort Dix, N. J.

1. Action organization.—It's secretly planning forceful overthrow of a government, and directed and controlled by the foreign power, Russia.

In fact, they played their roles so well that they couldn't even get passes to leave camp. Instead, they sneaked out to make campaign speeches and didn't get back until 2:30 a.m. Two and one-half hours later, a tough sergeant, who didn't know they were congressmen, routed them out of bed—promptly at 5 a.m.

2. Communist front.—This is controlled by the action organization, to help carry out its plans, but may have members who are innocent of its real purposes.

But—this doesn't mean the government puts the Communists on trial for refusing to register. It means only that the government uses legal machinery to force them to register.

AS WITH THE NEW LAW THE BASIC difference between the two is this: A Communist action organization is made up of Communists; a front outfit is really run by Communists but may have non-Communist members or even members who don't know it's tied up with Communists at all.

ALL THIS MEANS SOMETHING ELSE, too: The new law says that Communists and members of Communist front organizations can't work for the government and that Communists can't work in defense plants.

It says further that Communists and Communist frontiers can't put out propaganda—by mail, radio or television—without labeling it as coming from Communists.

And the law says that anyone violating these orders can be jailed and fined. But—

None of this applies until the government has gone through the legal machinery mentioned above. So, until all that is finished—maybe three or four years from now—it won't be possible to punish any Communist who may work for the government, or in a defense plant, or who may put out propaganda without a Communist label.

If you read the law you could see why the Communists would not register under this law.

Family Budget Is Nicked By Accidents

CHICAGO —One way to look at the effect of accidents is in terms of family happiness and the family budget. Here are some averages presented in the 1950 edition of "Accident Facts," the National Safety Council's statistical yearbook:

In 1949 there was one accidental death in 423 families, one disabling injury in four families, and the budget was nicked for \$199 per family.

USDA UNDER PRESSURE

Farmers Seek '51 Production Plans

By OVID A. MARTIN
Associated Press Staff

WASHINGTON, Sept. 26. — The international situation is outside the scope of the Agriculture Department, but no other agency of the government is keeping a closer tab on world developments.

The reason: The department soon must draw up a 1951 farm production program that will fit next year's prospective demands.

Food requirements would be one thing under war, but quite another under peace. The department has the responsibility of guessing right when it sets up a program. It is too late to change, until another year rolls around, once plans have been made and crops have been sown.

If it guesses wrong one way, it may find itself confronted with big surpluses requiring heavy government price support outlays; if it guesses wrong the other way, prices will jump and there may be real shortages.

Fortunately, the department has a little time in the case of most crops, because the planting season is six to eight months away.

Nevertheless, the department is under heavy pressure from farmers to announce 1951 plans now. The farmers want to get what materials they'll need, do the amount

Lions To Launch Campaign To Aid Crippled Children

AUSTIN — A membership development campaign for the Texas Lions League for Crippled Children will be launched here Thursday, at 4:30 p.m. with a state-wide broadcast over the Lone Star Chain.

Governor Allan Shivers and International Lions President Herb Petry of Carrizo Springs will be the principal speakers. There will be other Lions club dignitaries on hand for the occasion, including Jack Wiech, Brownsville attorney, who is president of the League.

Lions club presidents in Texas have been urged to notify their club members to hear this official launching of a program which is being sponsored by the state's 35,000 Lions. Goal for the campaign is \$500,000.

The Texas Lions League for Crippled Children is a state-wide non-profit organization, representing the state's 621 Lions clubs. It was created for the purpose of establishing and maintaining a rehabilitation camp at Legion, near Kerrville, for the state's crippled children. It will be open to crippled children from the ages of seven to 16. There will be no admission fee, all costs and expenses to be borne by the League.

This will be the first camp of its kind in the state of Texas, and present plans call for its opening during the summer of 1951.

High Court Justice Rules 10 Reds Free For Present To Halt Martyrdom Claim

By PAUL M. YOST
Associated Press Staff

WASHINGTON, Sept. 26. — Justice Jackson of the Supreme Court has ruled that 10 U. S. Communist Party leaders must remain free for the present because jailing them would violate American rights and might permit them to claim martyrdom.

He reasoned they could claim they were martyrs if they were jailed now and the Supreme Court later upset their conviction for conspiracy to overthrow the government.

Jackson late yesterday signed an order which continued their freedom on bail. It will remain in effect until the high court decides finally of an appeal which the 10 men are expected to file shortly.

Jackson said in effect that the harm they could do free is less than the damage to American freedoms that would result from jailing them now.

The government, contending that the men "should not be at large in this hour of national crisis," had urged Jackson to deny their application for continued bail.

"There is a very practical aspect of this application which must not be overlooked or underestimated," Jackson declared in turning the government down.

"That is the disastrous effect on the reputation of American justice if I should now send these men to jail and the full court later decide that the conviction is invalid. . . . The worst they can accomplish

26 New Firms Opened In State During August

AUSTIN, Sept. 26. (AP) — Twenty-six new firms opened in Texas last month to provide jobs for 1,949 persons, the Texas Employment Commission reported yesterday.

It was the smallest number of new firms in eight months but the highest new employment for any month since November, 1949.

The Houston district led the state with seven new firms hiring 818 persons. Other cities (districts) listing new firms included San Antonio, four employing 67; Dallas, three, employing 81; Beaumont, one, (a synthetic rubber plant), employing 445; Fort Worth, one, employing 150; Corpus Christi, one, employing 10; and Austin, one, employing 8.

The TEC report included only new firms employing eight or more.

Training Plays Big Role In Saving Downed Airmen

HALIFAX, N. S., Sept. 26. (AP) — American officials today credited excellent survival training with a major role in the escape of 16 U. S. military men from the Labrador wilderness after their B-50 bomber caught fire and crashed.

Brought to Goose Bay for medical treatment yesterday, the men had spent three days in the chilly wasteland before a Royal Canadian Air Force search plane spotted their smoke signals.

Supplies were dropped and a medical officer parachuted to the scene. Later a helicopter and a Canadian amphibious plane teamed up to recover them and fly them to Goose Bay.

The bomber was on a routine flight from Goose Bay to Tucson, Ariz., Thursday when two engines caught fire and a third stalled. The 12 crew members and four passengers bailed out about 95 miles southwest of Goose Bay.

One man who landed in water broke his leg. The other suffered only minor injuries.

American officers at Goose Bay said the survivors owed their rescue in great part to their discipline and training for such an emergency.

Scattered when they landed, some of the men lit huge bonfires which attracted the others. All 16 Canadian amphibious plane teamed up to recover them and fly them to Goose Bay.

Chairman Kefauver (D-Tenn) told a reporter the committee would be at work "pretty steadily" until near the end of October. Then members will take about 10 days off to get in some campaign lectures before the Nov. 7 elections.

The committee will open up with three days of public hearings in Kansas City, Mo., starting Thursday morning. The groundwork for the hearings in President Truman's home state was laid during the closed-door questioning of 30 to 40 witnesses last July.

The committee also is planning hearings on organized crime and gambling activities in Chicago, Philadelphia and the New York-New Jersey area, before election time.

Kefauver said that in line with the committee's regular practice, initial hearings in these three areas will be closed. He said it would be possible to have public sessions.

The committee's Chicago inquiries took on added interest because of last night's gangland style killing there of former Police Lt. William Drury, who was disclosed to have been in contact with the Senate group.

The Kansas City hearings are expected to bring out in the open considerable evidence about race wire operations and gambling gathered by committee investigators and senators at previous secret sessions in both Kansas City and St. Louis.

GREYHOUND

Drive all over the map—

MERCURY makes any road the right road!

1 You get the right power!

Cruise down the highway. Back out your driveway. Mercury's big V-type, 8-cylinder engine gives you just the performance you ask for. When it comes to economy, this is it! Mercury is "America's Number 1 Economy Car!"

2 You get the right riding comfort!

You don't "hit the road," you float over it gently in this sweet riding, built-for-six Mercury. "Cushion-roll" springing plus deep-comfort, foam-rubber seats make Mercury the smoothest riding car you ever leaned back and relaxed in.

3 You get the right roadability!

Yes, Mercury loves the road, all right—hugs it tightly on the curves, up and down the hills, on the straightaway. But you don't talk about roadability—you feel it. Get behind a Mercury wheel and you'll know what we mean.

Go for a ride and you'll go for **MERCURY**

By Rouson

Big Spring (Texas) Herald, Tues., Sept. 26, 1950

LOOKING 'EM OVER

With Tommy Hart

(Today's column is conducted by Wacil McNair in the absence of Tommy Hart who is vacationing) Potato Pascual's 3-1 pitching victory over the Philadelphia Athletics Sunday just goes to show that mythical honors in baseball are worth no more than they are in other sports.

The fact that Potato made his major debut as a pitcher instead of an infielder, or even a pinch hitter or pinch runner, surprised some local fans. Pat Stacey, the Bronco manager, probably is responsible to a certain extent for the Washington brain trust giving Pascual a trial on the hill.

When Potato pulled in here in the spring of 1949, local club officials knew that he had been a pitcher, but apparently someone earlier had advised him that his chances of making the grade would be better at the hot corner.

Les Maulden, who formerly owned part of the Bronco, is back in town and advises that he has disposed of his interest in the Gulf Coast league franchise at Galveston. Les was pleased with the baseball situation in the coast town this season, but didn't particularly thrive on it.

One of the features of District 6-B comes off this Friday night at Coahoma when Tom Proctor's Bulldogs entertain Leo Fields' Stanton Buffaloes. Both teams won their first two starts by comfortable margins, but Friday night's encounter will be the first conference activity.

For the benefit of Texas Aggie fans here are some figures on the A&M-Nevada game that missed the deadlines of most newspapers due to the time zone difference between Texas and Nevada: The Aggies rushed for a net of 374 yards, while holding Nevada to a net deficit of three yards, but passed for only 89 yards, compared to 288 for Nevada.

Joe's Bat Blazes: As a matter of fact, with a little luck the Yanks can eliminate the Tigers today. All they have to do is beat Washington twice while St. Louis knocks off Detroit twice.

Jackie Musial Fight For Lead: NEW YORK, Sept. 26. — There is a fight brewing in the National League between Stan Musial and Jackie Robinson — for the batting title, that is.

Small Girl Killed By Fort Worth Car: FORT WORTH, Sept. 26. — A car struck and killed Jean Ann NeSmith, 3, yesterday in a vacant lot next to her home.

Anson Legislator To View UN Today: WASHINGTON, Sept. 26. — Rep. Omar Burton (D-Tex.) of Anson has accepted an invitation of UN officials to observe the assembly's activities.

Oilers Wallop Cayuses By 13-0 To Win Their First Loop Crown

Cearley's Homer In First Inning Settles Issue

ODESSA, Sept. 26. — Apparently saving the most spectacular show of power until the very last, Odessa's Oilers pounded the Big Spring Bronco's 13-0 here Monday night to win their first Longhorn league pennant.

The Oilers, who led the league in regular season play, were never threatened by the Bronco's, whose pitching staff had been virtually exhausted by the playoff grind.

Centerfielder Bill Cearley actually settled the pennant chase in the first inning when he crashed out a three-run homer to give the Oilers a lead that was never challenged.

Three of the Oilers' hits off Uley came in the eighth when they scored five runs to erase all doubt of the outcome. Two walks and a Bronco error helped Odessa in that outburst.

The victory was the third in a row for Odessa, Big Spring having led in the series three games to one until Saturday night.

The Oilers had previously swept four straight games from Rowell to enter the final round. Odessa eliminated Vernon in the first round.

Big Spring: Jones, cf. 4 0 2 3 1; O'Brien, 1b. 4 0 1 1 0; O'Connell, 2b. 4 0 1 1 0; Uley, 3b. 4 0 2 0 0; Jones, 4b. 4 0 1 1 0; Uley, 5b. 4 0 1 1 0; Uley, 6b. 4 0 1 1 0; Uley, 7b. 4 0 1 1 0; Uley, 8b. 4 0 1 1 0; Uley, 9b. 4 0 1 1 0.

Louis-Charles Forecasters In Disagreement

NEW YORK, Sept. 26. — With the Joe Louis-Ezzard Charles fight only a day away, fight experts still were disagreeing violently on the outcome of the heavyweight championship bout at Yankee Stadium tomorrow night.

Gene Tunney, the only retired, undefeated heavyweight champion to stay retired, was among those on the Louis bandwagon.

Tunney and the others who predict a Louis victory, believe that Joe is going to catch Ezzard at least one, and that will be enough. A fighter's punch is the last thing he loses, and the Bomber, even at 39, hasn't shown any signs of weakness in the power department yet.

The Charles backers, headed by Fight Manager Vic Marullo, wait that Ezzard is the most under-rated heavyweight challenger since Tunney, himself, first stepped into the ring against Dempsey.

Marullo, a canny judge of boxing styles, not only believes that the 29-year-old Cincinnati Negro will win, but that Charles will knock Louis out.

The bookmakers still have Louis the favorite at 1 to 2. If you like Louis to win by a knockout, it is even money Six-to-five and pick'em is the bookies term for this. If you like Charles by a knockout you can get 5 to 1 odds.

The bout, starting at 8 p.m. (CST), will be broadcast and televised by the Columbia Broadcasting System.

Southpaws Open In Dixie Series

NASHVILLE, Tenn., Sept. 26. — A battle of southpaws is projected for tonight's opening game of the Dixie Series in which San Antonio of the Texas League meets Nashville of the Southern Association.

Lou Sleater, with a 12-4 record and a 2.1 mark in the league play-offs in which San Antonio, fourth-place finisher in the Texas League, beat out Beaumont and Tulsa for the pennant, will oppose Bob Schultz, who had a 25-6 record for Nashville and won three games against regular season route.

Nashville was third over the regular season route. After the first two games here the club will go to San Antonio for the next three, beginning Friday. If the series goes to six or seven games, they will return here Oct. 3.

Grimm, Burnett Say Charlie Still Pilot

DALLAS, Sept. 26. — For the unimpaired time Owner Dick Burnett of the Dallas club and his manager, Charlie Grimm, have denied they are setting Grimm's contract so Charlie won't be back next year.

The two met in St. Louis yesterday but said they talked only about getting ball players and strengthening the club for the 1951 Texas League race.

"We talked of replacements and draftable ball players," Grimm declared. "My contract has two more years to run at \$30,000 a year. Positively, I'll be back at Dallas next year and the year after that."

Yesterday's Results

WEST TEXAS LEAGUE (CHAMPIONSHIP PLAYOFF) Odessa 12, Big Spring 5 (Odessa won series and league championship, 4 games to 3)

WEST TEXAS LEAGUE (CHAMPIONSHIP PLAYOFF) Albuquerque 10, Lamesa 9 (Albuquerque leads in series, 3 games to 1)

NATIONAL LEAGUE Philadelphia 12, Boston 10 (Philadelphia leads in series, 3 games to 1)

NATIONAL LEAGUE New York 3, Washington 3-4 (New York 2-1, Philadelphia 9-6 (Only games scheduled)

MUSTANGS ARE CALLED BETTER THAN IN 1949

By HAROLD V. RATLIFF Associated Press Sports Editor. The boys in the back room are saying Southern Methodist has a better football team than last season and Texas has been rated much too much.

Coach Blair Cherry of Texas said that before the season started. Coach H. N. (Rusty) Russell of Southern Methodist is now attempting to turn it around—at least as far as his Methodists are concerned.

Russell and Coach Wesley Feeler of Ohio State are putting on the well-known Alfonso-Gaston act. The Southern Methodist mentor declares anybody would be a trifle badly to pick his team to beat Ohio State at Columbus, O., Saturday.

Coach Feeler, according to a report from Columbus, was told by his scouts, Marty Karow and Gene Fekete, who saw SMU beat Georgia Tech 33-13 last week, that SMU will score at least a couple of times. And Feeler, said the report, was really down in the dumps after hearing about the brilliance of Kyle Rote and his Methodist teammates.

But the crowd isn't paying much attention to the doleful remarks of the two coaches. Eighty thousand will be in the stands for the game at Austin yesterday. Coach Cherry informed his Longhorns, who didn't look good at all last Saturday in a 28-14 victory over Texas Tech, that some changes would be made this week. He didn't like the way the left side of his line played and was dissatisfied with his running game.

Both Southern Methodist and Texas are listed injuries to leading players. Southern Methodist has Bill Richards, safety man, on the shelf with ankle hurts from the Georgia Tech game. Texas will be without the services of Center Dick Rowan, out with a shipped elbow, and Halfback Bubba Shands has a knee injury that may keep him out of Saturday's game with Purdue at Austin.

The least moaning came from the camps of the Texas Aggies and, strangely enough, Arkansas. Coach Harry Stiteler of the Aggies had reason to feel good in view of his team's 48-18 victory over Nevada and also because a couple of good boys were off the injury list. Guard Dick Frey and Linebacker Walter Hill rejoined the squad yesterday and that made

Silverton Grigger Dies Of Injuries

SILVERTON, Sept. 26. — Texas has marked up its first football casualty of the new high school season.

The victim was Billy Charles Wilson, 17, Silverton High School's fullback, who was fatally injured while playing in a game with New Deal.

Funeral services were held yesterday. The 155-pound youth apparently aggravated a head condition when he made a tackle. He had to be helped from the field and died two hours later.

Friends said he had been plagued by headaches off and on since he was hurt in a car wreck four years ago.

the whole outfit sound for the game Saturday night at San Antonio with Texas Tech. Coach Otis Douglas of Arkansas wasn't singing the blues over his team's unexpected 12-7 defeat by Oklahoma A&M. "We have the strength to win any game out of our schedule if we play our best and we're not discouraged," Douglas told his squad. "We just made too many mistakes. But we know now what we have to correct."

Arkansas suffered no injuries against the Aggies. Also Halfback Bill McFarland, who has been out with injuries, is due to be ready for action Saturday when the Razorbacks play North Texas State. Coach George Sauer of Baylor also was philosophical. "We can't play it over but we can iron out our mistakes and try to get ready for the next one," he said, in talking over last week's 7-0 defeat at the hands of Wyoming. Passing, both offensive and defensive, took up most of the time in yesterday's practice. The Bears play University of Houston in Waco Saturday.

Texas Christian counted a flock of injuries from its 14-7 triumph over Kansas. All three right halfbacks were injured and only one, Jim Hickey, the team's punter, stands a chance of being able to play Saturday against Oklahoma A&M. The others are John Melanick and Melvin Fowler, who will be out several weeks. John Morton, second-string fullback, was shifted to the position.

Rice had no injuries on account of the fact it hasn't yet played a game. But the Owls will do so Saturday night when they meet Santa Clara in the new 70,000-seat stadium.

GOP Executive Says Tydings To Be Defeated

BALTIMORE, Sept. 26. — Executive Director Albert B. Hermann of the Republican National Committee last night predicted that Sen. Tydings (D-Md.), chairman of the Senate Armed Services Committee, would be defeated in the November general election. Hermann said the results of Maryland's Democratic senatorial primary have "changed Maryland's Senate race from a pre-election Republican long shot to a Republican possibility." Tydings, seeking a fifth consecutive term, easily won his party's nomination in the primary against two opponents. He polled more than 158,000 votes. However, Hermann termed the more than 74,000 votes collected by the two opponents as "protest votes" against Tydings. He said only 22,000 votes were cast against the senator in the 1944 primary. The Democratic senatorial race drew about 100,000 less votes than the contest for governor and Hermann said those Democrats who did not mark ballots for senator could also be considered as anti-Tydings. He said the Republican national command considers Maryland one of its "key offensive states." John Marshall Butler, a Baltimore attorney, won the GOP nomination for the Senate in a primary race in which some 67,000 votes were cast.

LITTLE SUSPECT — A military policeman of the U. S. 24th Division searches a tiny Korean along the Nakdong River bank after the youngster was brought from the west bank with hundreds of North Korean prisoners and refugees. The Allies successfully crossed the river west of Taegu. GI's trust no Korean civilian following bitter experience with fake refugees carrying weapons. (AP Wirephoto)

Red China Again Seeks To Charge U. S. Bombing Raid

LONDON, Sept. 26. — Communist China has launched another move to get her representatives before the United Nations to press charges that U. S. planes have bombed Chinese territory. This time her goal is the General Assembly. The official Soviet News Agency Tass reported last night that the Peiping regime has sent a new note to UN officials demanding a new bombing complaint be put on the General Assembly agenda. The note demanded also that Peiping spokesmen participate in the assembly discussion of the charge. Red China's Foreign Minister Chou En-Lai warned in the note that should the assembly majority "still submit to the manipulations of the United States" and remain "deaf and dumb to this criminal aggression by the United States, they cannot avoid their share of responsibility of kindling the flames of war in the east." The note charged that a U. S. B-29 had dropped 12 bombs on Antung, in Manchuria near the Korean border, last Friday night, injuring two persons and causing property damage. Chou had previously complained to the Security Council that American planes had bombed Antung and two other Manchurian towns near the Korean border on Aug. 27. The council rejected that complaint after Russia had vetoed a U. S. proposal for an on-the-spot investigation by a UN commission of the alleged bombing. An earlier Russian attempt to get Chinese Communist representatives invited before the council for the debate also failed to secure council approval.

Gurney May Get New Post

WASHINGTON, Sept. 26. — Sen. Chan Gurney (R-S.D.) says President Truman has indicated he may appoint him to a position in the military establishment before the first of the year. Gurney, who headed the Senate Armed Services Committee during the Republican-controlled 80th Congress, leaves the Senate at the end of the year. He was defeated for renomination by Rep. Case (R-S.D.). He talked to White House reporters yesterday. Gurney's name has figured in speculation about a successor to Deputy Secretary of Defense Stephen Early, who has resigned effective Saturday.
