# HST Claims 'Tide Is Rolling'; Dewey Follows Truman Route

## Republicans Out To Win Votes In Big Cities

Enroute With Dewey to Chicago —(AP)—An unofficial political pollster today predicted that the Republican tide is rolling in the big cities. Dewey trailed President Truman into Chicago.

At stake from the Republican viewpoint is the size of the margin by which the GOP nominee's followers expect him to win the presidency one week from today.

Confident that Dewey has enough rural and smaller city strength to put him over, these Republicans are expected to bring down the usual Democratic majorities turned out by Chicago, Cleveland, Boston and New York City.

For that reason Cook County Republicans were reported determined to match or exceed the welcome given to Mr. Truman on his visit to Chicago yesterday.

Similarly, Republicans will try to out-do their Democratic rivals when Dewey follows the President into Cleveland tomorrow, and to Boston Thursday and into New York City Saturday.

Mr. Truman, keeping one day ahead all the way, will close his campaign Saturday in Independence, Mo., his home town.

Dewey has announced that in Chicago tonight he will outline how he proposes to put into effect "friendly" policies toward labor, business and agriculture if he is elected.

His election is taken so much for granted in his camp that the Republican nominee is not expected to reply to the bustling attacks directed his way by the President.

Even in its final week the GOP campaign apparently is moving with the throttle only half open. On all the 16-hour trip from Albany, where his special train pulled out at midnight last night, to Chicago, no speaking stop was arranged in advance.

Neither was there any plan for the Dewey "special" to also appear by an appearance by the candidate on its daylight journey from Chicago to Cleveland tomorrow.

In New England, where he has not campaigned since he was the nomination, Dewey will make ten train-end talks Thursday and Friday.

In his home territory in New York City, Dewey has planned only one speaking engagement—that at Madison Square Garden Saturday night. He will talk ten minutes on a one-hour radio program Monday night.

This contrasts sharply with the eleven talks President Truman has scheduled in New York City before departing Friday for his Independence home.

**New Yorkers Left Stranded by Bus Drivers' Strike**  
NEW YORK —(AP)—CIO drivers and mechanics for seven bus and trolley systems struck at 9 a. m. (EST) today, leaving 3,500,000 New Yorkers without normal transportation.

The walkout by 4,500 members of the CIO Transport Workers Union over retroactive wage raises hit the city and parts of suburban Westchester County at the crucial morning rush hour. Companies affected are privately operated.

All facilities of the city-owned subway and elevated lines in Manhattan, Queens and the Bronx were geared to rush hour service for the duration of the strike.

Extra buses rolled on city-owned lines in Manhattan and Queens to relieve the press.

## Pampans to Take Trip on Highway 60

Two Pampans will participate in a trip, Nov. 9 from Enid, Okla., to Los Angeles, Calif., over U.S. Highway 60. Harry O. Glasser, president of the U.S. Highway 60 Association, said today.

E. O. Wedgeworth, manager of the Chamber of Commerce, and J. C. McWilliams, chairman of the CC Highway Committee, will join members of the Oklahoma State Highway Commission, officers of the Highway 60 group and representatives from various other towns enroute in making the trip.

Other towns that have made arrangements to send delegations are Canadian, Amarillo and Clovis, N. M. The Amarillo delegation will include President of the Chamber of Commerce Gene Klein, Manager Rex B. Baxter and other representatives.

The purpose of the trip is to fully acquaint the Oklahoma State Highway Commission with the condition of U. S. 60 and so that unpaved stretches in Oklahoma can be paved at the earliest possible date.

The traveling delegations will lunch in Pampa Tuesday, Nov. 9, with the Jaycees. The delegation from the Pampa Chamber of Commerce Highway Committee will welcome the group.

Delegations from towns between Higgins and Amarillo will also be invited to attend the luncheon at Pampa.

Delegations also have been arranged daily for the group at the various stops enroute to California. Leaving from Enid, the group will pass through Amarillo, Canyon, Clovis, Vaughn, Mountainair, Springfield, Globe, Phoenix, Ellyth and Riverside. The delegation will travel Highway 60 to Los Angeles and will return on U. S. Highway 66. Officials of the respective highways will be in charge of the trip.

The News has arranged for full coverage of the trip.

## Airline Asks Pampa Route

Pioneer Airlines of Houston has applied to the Civil Aeronautics Board in Washington for permission to add new routes involving 13 Texas and Oklahoma cities to its current service. Robert J. Smith, president of the airlines, said.

The new route would run through Pampa and would cover 1,359 miles, Smith said. The company has asked for either temporary or permanent certification of public convenience extending the route in the 13 cities.

The proposed route into Oklahoma would include a direct route from Amarillo to Bartlesville by way of Pampa, Enid and Ponca City, with connections at Bartlesville to Dallas by way of Tulsa, Okmulgee, McAlester, Sherman and Denison.

## Roaring Chicago Welcome Given Chief Executive

Aboard Truman Campaign Train —(AP)—President Truman claimed that "the tide is rolling" for the Democrats as he turned today from a roaring Chicago welcome to renew his election drive in Indiana and Ohio.

Spurred by the cheers of hundreds of thousands, Mr. Truman declared that on election day "some of the reddest-faced people in the country has even seen me in Cleveland's Public Hall, at 9 o'clock (EST) tonight, associates said the President will give the poll takers an even more thorough going-over for their predictions of heavy majorities for Gov. Thomas E. Dewey, the GOP nominee.

Jacob Arvey, chairman of the Cook County Democratic Central Committee, and former mayor Edward J. Kelly arranged an ovation for the President in Chicago last night such as he has not seen in all his cross-country campaign which started in Michigan on Labor Day.

Bill Horstman, manager of the Chicago Stadium, estimated that 24,000 persons were jammed into the big arena, and another 200,000 stood around outside to hear Mr. Truman as he declared democracy at home is threatened by forces similar to those that backed Hitler, Mussolini and Tojo.

The President said that "powerful reactionary forces" working "through the Republican Party" are "silently undermining our democratic institutions."

Ray J. Crane, chief of the Chicago uniformed police, estimated 750,000 persons greeted Mr. Truman as he paraded from the Blackstone Hotel through streets loaded with holders of Truman signs and alight with fireworks.

Later, grinning happily at the applauding throng in the stadium, the Chief Executive said he had gotten the "facts" of the campaign before the people by a strenuous personal campaign.

"I've seen and talked to more than six million people in Zapata and Starr Counties were reportedly seized last night.

Truman Phelps, a Laredo attorney, said last night that he accompanied an investigator of the Senate Committee on Elections to the county seats of the two counties, where the voting material of the second Democratic primary was impounded.

Phelps said the investigator was Joseph Langan, one of two from the Senate committee sent to probe reports of fraudulent voting in South Texas during the August Democratic primary.

Langan was not available for comment last night.

Phelps was campaign manager for Lloyd M. Bentsen, Jr., candidate for representative of the 11th Congressional District.

The Laredo attorney said the ballots, tally sheets and poll lists were taken into custody by the investigator and would be sent to Washington.

He said that the investigator seized all election returns and poll lists from three of the four precincts in Zapata County, but that the tally sheets and poll lists of Precinct No. 3 were missing.

Phelps said the other Senate committee investigator is conducting a similar investigation in Duval and Jim Wells Counties.

The investigations came as the result of charges of fraudulent voting in South Texas made by former Gov. Coke Stevenson, unsuccessful candidate for the Democratic nomination as U. S. senator.

Rep. Lyndon B. Johnson was certified as the Democratic nominee with a majority of 87 votes over Stevenson.

## Lyndon Asks All Boxes Be Impounded

ALICE—(AP)—An investigator for the U. S. Senate started an inquiry today into Jim Wells County voting in the August Democratic runoff primary in which Coke Stevenson charges there were enough irregularities to lose him the nomination to Lyndon Johnson.

Arthur E. Broer, chief investigator for the Senate Rules Committee, subpoenaed C. H. (Hap) Holmgren, county clerk, to produce all of the ballot boxes used in the election, with their contents.

He also subpoenaed B. F. (Tom) Donald, at that time secretary of the County Democratic Executive Committee, to produce all records in his possession. Donald said he would comply.

A similar investigation by a master appointed by Federal Judge T. Whitfield Davidson of Dallas was stopped several weeks ago by the United States Supreme Court on a stay obtained by Johnson.

Stevenson, who since has announced his support of Lyndon Johnson, the Republican senatorial nominee, carried his fight to the Senate, which is the sole judge of whom it will seat.

AUSTIN —(AP)—Rep. Lyndon Johnson, Democratic U. S. senatorial nominee, today asked a U. S. Senate Committee to impound "all ballot boxes in all counties" in Texas if any boxes are impounded for an investigation of the Democratic runoff primary.

In a letter addressed to Sen. C. Wayland Brooks, chairman of the Senate's Committee on Rules and Administration, Johnson declared that in event of a recount, "it must be comprehensive enough to embrace all ballots cast in all the 252 counties where the primary election was held."

The nominee asked the committee to investigate irregularities in See LYNDON, Page 10.

## Residents of Atomic Bomb Project Community Want to Become Texans

LOS ALAMOS, N. M.—(AP)—Some residents of the community the atomic bomb project created want to become a part of Texas. Petitions were circulated asking that Los Alamos be made a city and county of the State of Texas.

The petitioners are displeased with a recent New Mexico Supreme Court ruling that most of the Los Alamos federal reservation is outside the state's jurisdiction and that residents of this area are not eligible to vote in New Mexico elections.

The petitioners ask that all personnel of the Atomic Energy Commission Security Service be commissioned as "special Texas Rangers . . . for the protection of those citizens living in the Los Alamos reservation who at present have no legally authorized government or civilian protection."

The request was addressed to the President of the United States, Congress, the Governor and Legislature of Texas, the Atomic Energy Commission and the director of AEC operations here.

Los Alamos, 35 miles north of Santa Fe, has an estimated population of 9,000. It is almost 200 miles from the Texas-New Mexico line.

## Britain Gets \$310 Million In ECA Loan

WASHINGTON —(AP)—The Economic Cooperation Administration today loaned \$310 million to Britain. The money is to be used for purchase of industrial machinery, equipment and materials as part of the European recovery effort.

The agreement was signed by American and British officials at the Export-Import Bank of Washington, which administers ECA loans.

It calls for interest at 2 1/2 percent a year payable semi-annually starting in 1952. Britain is obligated to begin repaying the loan in 1956 in semi-annual installments.

The sum represents the amount of Marshall Plan aid which is available to Britain on a loan basis in the first nine months of ECA operation in other words until the end of this year.

It is the first major credit granted under the recovery program, although negotiations on loans have been in progress for months with nine other countries and one small loan a \$2,200,000 fisheries credit to Iceland was announced in the summer.

The total of loans under negotiation ECA has announced exceeds \$800 million. That includes the British credit.

Congress, when approving ECA directed that \$1 billion of the \$5,555 million initial appropriation must be put into loans, rather than be used for grants.

The loan agreement with Britain provides that interest and principal payments may be deferred if necessary after discussions.

**Local Officials Attend Oklahoma Highway Meeting**  
A delegation from Pampa left this morning with a group from Amarillo to attend a meeting at 4 p. m. today at Eakly, Okla., honoring high Oklahoma officials on the completion of nine miles of paving on Oklahoma State Highway 41 in Caddo County.

Governor Roy J. Turner, Highway Director H. E. Raley, Highway Commission and the senators and representatives of Oklahoma are included in the group being honored.

The completion of the hard-facings of this nine miles of Highway 41 leaves unpaved only two short stretches. One is near Binger and the other goes from the Texas line to a point nine miles west of Sayre. Texas State Highway 152 connects with Highway 41.

After the two stretches are paved in Oklahoma, traffic on U. S. Highway 66 will be relieved.

Travis Lively, local director of Oklahoma Highway 41 — Texas Highway 152 Association, received the invitation to attend the Eakly meeting.

# VIOLENCE BREAKS ANEW IN FRENCH COAL MINE STRIKE

## Britain Gets \$310 Million In ECA Loan

PARIS —(AP)—One striker was killed and two policemen were wounded seriously today in Southern France in a new outbreak of violence in the nationwide coal miners' strike.

The Interior Ministry said government forces passing a strikers' road block near Ales were met by a blast of gunfire and hand grenades. Several policemen were wounded, the ministry said. The strikers and the two seriously wounded policemen were struck by gunfire.

The government force was preparing to clear strikers from four coal mines and a power plant near Ales, about 80 miles north-west of Marseille.

Reports reaching government headquarters in Paris said the strikers fired first.

As the government force approached the pits, a number of small mines also exploded, a ministry spokesman said.

About 100 strikers were captured, most of them bearing arms, a ministry statement said.

While the police and soldiers were operating between the villages of Rochelle and Saint Martin de Valgauche, workers in Ales surrendered the subprefecture, the gendarmerie headquarters and the postoffice. Reserve forces drove them off, an official report to Paris added.

The death of the striker today brought the coal mine strike death toll to three. Two strikers were killed last week in a clash between troops and pickets in St. Etienne.

The attack near Ales shifted the strike spotlight from Northern to Southern France. Yesterday, 30,000 heavily armed troops and police occupied approximately half of the country's key northern coal fields and seized at least 12 strike mines.

No violence was reported in the northern operation.

Police began to move into the southern region at 7 a. m.

Before they could reach the mines in the Ales area, they ran into strikers' roadblocks and were attacked.

Despite their losses, they pressed forward and took the pitheads, the government statement said.

**DEBATE ON PALESTINE ADJOURNS**  
PARIS —(AP)—The American president of the United Nations Security Council adjourned debate on Palestine today. He closed the session with a statement that the council could not be lashed into action by Arab charges of bias.

Warren Austin, the U. S. delegate, said the president of the council, spoke up sharply in the debate until Thursday at 10:30 a. m. (4:30 a. m. EST) after Mahmoud Bey Fawzi of Egypt pressed for immediate council action.

The council was called into emergency session to hear an Egyptian charge that Israel is violating a cease-fire order on the Negev front in Southern Palestine.

Fawzi said Egypt had accepted the Security Council's week-old cease-fire order on the Negev but that fighting there was continuing.

"What is the Security Council going to do about this continued fighting?" he demanded impatiently.

Earlier, Fawzi El Khouri of Syria told the council it seemed indifferent to Arab charges of truce violations.

Austin said that "This is a matter requiring study before any action can be taken. The council cannot be lashed into action by charges of bias."

Outside the council, an informed British source said stern United Nations action to secure peace in Palestine is "in the back of many delegates' minds."

Some delegations, he said, are considering action under Chapter 7 of the U. N. Charter. This involves measures for investigation, economic sanctions or even military action.

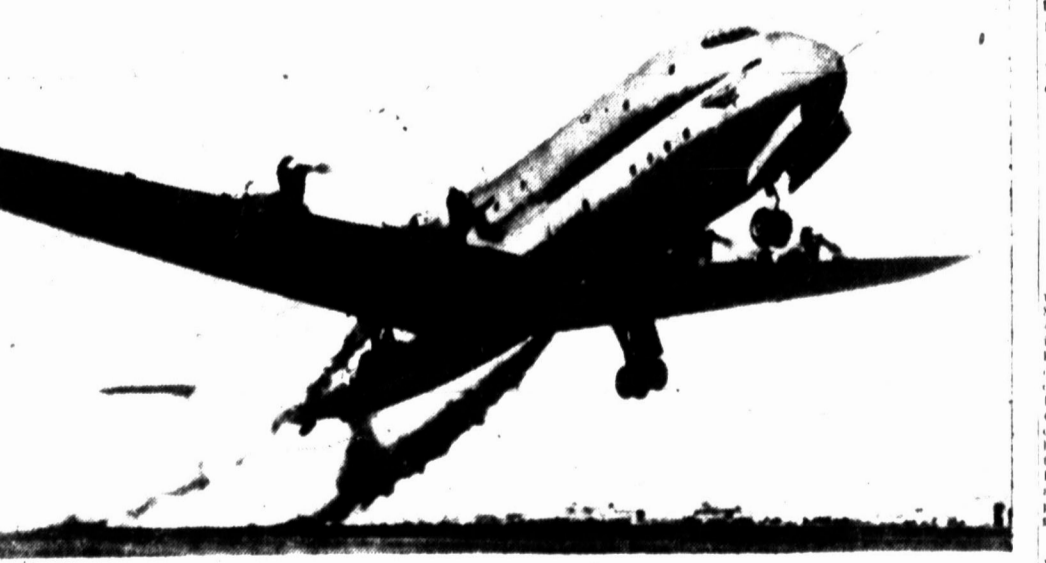

Egypt also charged that Israeli violations of the Middle East arms embargo.

### Postoffice Enjoys Bonanza, But It Is Losing Money Just the Same

WASHINGTON (AP)—Uncle Sam's parcel post system has enjoyed a small-time bonanza this year. Both the parcels it handled and the revenue it collected increased markedly.

Postoffice men lay this in large part to the fact that the Mailway Express Agency increased its rates last January. They point out that the Postoffice plans to increase its rates also next January.

Here's how the parcel post system jumped its business this year. In the 12 months ending last June, the system handled 6,985,000 pounds of parcels. In the twelve preceding months it handled 4,958,600,000 pounds.

In August this year revenue had jumped 26.4 percent over August 1947. But the Postoffice is losing money. On top of that the Postoffice employees have not only demanded, but they've been granted, a pay increase.

The last Congress voted to increase rates beginning Jan. 1, but not enough, Postoffice men say, to cover new wage costs.

However, that may be, the one-pound package is going to cost you two cents more across the country. The five-pound package will cost three cents more and the ten-pound package five cents more.

In a hundred years the Postoffice has been in the black only 12 years. It was in the black in 1943, 1944 and 1945, when GIs and their families did a lot of mailing. Before that the last time the Postoffice did all right was in World War I.

### Mother Gives Up Son for Adoption

AUSTIN (AP)—A 21-year-old unwed mother has relinquished her claims to the red-haired baby boy she abandoned here last Sunday.

She told Austin police she wanted her child put up for adoption because she could not take care of him.

The child was left in a car parked downtown Sunday morning. He was taken to Brackenridge Hospital while police sought the mother. Police were flooded with requests from couples who wanted to adopt the child.

The mother claimed the child then decided it would be better for all concerned for her son to be adopted by a couple who could give him adequate care.

## The Loves of Carmen

By SOPHIE KERR Copyright, 1948, MCA SERVICE, INC. Socialization of screenplay from a novel by Prosper Mérimée

THE STORY: Don Jose, young student of the law, is in love with Carmen, the beautiful gypsy girl who has just come to Seville from the countryside of Navarre. He becomes enamored of the bewitching gypsy, Carmen. When he tries to make love to her, her head catches on his table and she breaks. This had once frightened the gypsy and, remembering the fortune teller who predicted a love-death for her, she turns on Don Jose and says: "Stay away from me!" she screams.

CARMEN slammed the door and locked it. Then she leaned against it panting, exhausted. When she saw Don Jose's helmet, cape and sword she ran for them, throwing the helmet and sword violently out of the window into the street below. Then she returned for the cape, but as she started toward the window with it she hesitated, stopped in front of the mirror and draped it over one shoulder. She appraised the effect, found it becoming and turned around and around, preening and admiring herself in it.

It was the first time she had ever called him by name. Their eyes met across the distance. The musicians watched silently. Then Don Jose turned back toward the doorway leading to Carmen's room. Carmen smiled, but it was not her usual assured, brazen smile. Instead, it was an oddly frightened, timid little smile.

The gypsy musicians started their serenade again. There was an extra note of passion and sadness in the music and their voices. Don Jose came back into the room. He slowly closed the door that Carmen had held open for him. He stood waiting, not quite polite in her voice. "I think I must be crazy—I don't know how to say it or how to tell you—"

"Love has been told a thousand ways, so let it be." He remained where he was. "Come here, Carmen." She went slowly toward him. THE night was clear over the heads of the gypsy musicians, and through its distance they could hear military boots striking the stone pavement. They stopped playing suddenly. The colonel, in full regalia, marched toward the house. The gypsies watched him in ominous silence, as he stopped before the building, looked up at the window. Then, as one who knows the way, he went up the back stairs.

Carmen was on the couch, her head turned toward Don Jose, who sat on the floor. His hands were on her face, and as she talked, he followed her words with his fingers on her lips, her eyes, her lips again. He was like a blind and deaf man, listening and seeing by the touch of his hands. Carmen's voice was soft and eager, her eyes were warm and loving. "We will go away to the mountains, Joseito. We will—"

Jose shook his head slowly from side to side, his voice as low as hers. "No, you will stay here with me. I am a soldier. A good soldier does not desert his post, and from here on out, I am going to be a very good soldier, Carmencita." He took her face in his hands and bent to kiss her. Carmen looked at him and shook her head as he had shaken his, slowly, firmly. "No, you will come with me to the mountains, where we—"

THE door crashed open before her, banging against the wall, and her eyes went past Don Jose, widened, then narrowed. Don Jose turned to look over his shoulder, immediately leaped to his feet. The colonel slowly closed the door, staring at Don Jose with arrogant eyes. "Get out!" he said.

Don Jose was too stunned to move or speak. "I order you to leave! Report to me in the morning!" Carmen shrieked out at him in answer. "I order YOU to leave! Carmen is not here!" The colonel moved into the room menacingly and said, "She was here yesterday—she was here and I was here."

Don Jose backed away before the colonel's advance. Carmen sneered. "Hah! Spurred and created like an old rooster, and crowing like one, too." The colonel's glance flicked over Don Jose, and he put his hand on his sword. His voice was cold and deadly as he spoke. "You will be court-martialed in the morning, of course, but in the meantime, I think you need a little lesson. You need to be taught that a boy does not intrude on a man's preserve." He drew his sword. "On guard!"

Don Jose mechanically took his sword from the chest where it was lying, and held it more in the manner of a soldier obeying the orders of his colonel rather than a swordsman entering a duel. His defense against the colonel's attack was weak and the other took advantage of it. Carmen did not move from the couch but lay absolutely still, her body thrown backward and supported on her elbows, watching the fight with blank, wide, oddly glittering eyes. The colonel's sword darted about as daintily as a striking snake. In one swift thrust, it flicked away the insignia from one of Don Jose's sleeves.

"Now, what do you think of that? Now he's only half of a little corporal," jeered the colonel. Another lightning motion, and Don Jose's other sleeve lost its insignia. "And now, he's no corporal at all!" Carmen did not move from the couch but lay absolutely still, her body thrown backward and supported on her elbows, watching the fight with blank, wide, oddly glittering eyes. The colonel's sword rattled against Don Jose's—five strokes to the boy's one. "Just a lice-ridden conscript with a liver as white as his face."

### False Russian Theories Disturb Writer's Friend

By JAMES MARLOW WASHINGTON (AP)—I have a friend, a man who worries a great deal about the world he lives in.

"When I saw him a few years ago he told me he was thinking of joining the Communist Party. He said he thought the Communists would wipe out racial discrimination and make all people equal politically and economically, as well."

Recently I saw him again and I asked him, "Have you joined the party yet?" He said, "Why?" "Because of the stand they've taken on genetics," he said. "It's unscientific."

Last August the leaders of the Communist Party in Russia bounced the top Russian scientists who disagreed with them and announced their own new theory of how plants and animals and men can be made better—chiefly through environment, rather than heredity. Immediately the scientists outside Russia called this a scientific swindle, a perversion of science to help the Communists' political ends: the spread of communism.

Deep within him my friend may have been moving away from the Communists quite a while. Perhaps, without realizing it, he seized on the new genetics theory as the excuse he could make to himself for not joining.

Whatever the forces at work in him, he said he was shocked by the perversion of science which the new theory meant. But why should he be shocked by that, if he understood Russian communism at all?

I think it explains a lot of people, including my friend, who are Communist sympathizers or who join the party in this country and later quit in pain or dismay.

Through emotion or dissatisfaction with conditions in their own countries, they want a quick solution. And, without thinking the problem through, they accept blindly at first the idea of communism as a cure-all.

But if my friend could accept everything else involved in Russian communism, the perversion of science, if it helped communism, should not have shocked him.

It would have made a lot of sense to a real Communist who thinks the end justifies the means—and means—so long as the end is reached: world communism at last.

SOUTHERN POLL: No. 1

WASHINGTON -- (NEA) -- A poll of 150 daily newspapers in 15 Southern and border states reveals that their editors overwhelmingly concede the election of Republican Thomas E. Dewey as the next president.

The average prediction made by Dixie editors held enough to guess on what the electoral college vote will be: Dewey 343, Truman 150, Thurmond 38, Wallace 0. This prediction is contrary to the announced editorial policies of the papers polled.

Common Ground

Commies, Steeped in Hate, Even Turn on Each Other

By JOHN FISHER. Vishinsky's refusal to answer simple questions regarding the Russian blockade of Berlin has infuriated Canada, Argentina and other "neutrals" in the Security Council of the United Nations.

The Bolshevik boor's latest insolence merely is a repeat performance of his crowd's unwillingness to get along with anyone, anytime, anywhere.

The Kremlin clique cannot be cowed. It cannot even refrain from back-biting and bickering with its own party members, not only in the satellite states but also in the Soviet Union itself.

Some of the Stalin hierarchy's enmity for the Red stems from inbred Russian isolationism dating from antiquity. Most of the dislike for the non-Russian world is based on the personal experience and belief of the intolerant hand which rules modern Moscow.

These bigots grew up in a large country with poor communications. They had scant contact with other peoples. They came to power in 1918 on a program generally marked by the hostility of civilized nations.

It was 1933 before the United States recognized the USSR. Except during the months of the MacDonald ministry, the British--Tory and Labor alike--have been antagonistic.

The evil genius who did most to wipe out Russia's small, trusting, and friendly people, Zhdanov, big boss of the Cominform and Stalin's "right hand," who died a few weeks "old Bolshevik" whose career ago. He was not one of the parasites Lenin and Trotsky's "new blood" in spirit he belonged to the October Revolution.

Another straw in the wind is the case of Andrei Andreiev, member of the Politburo, himself, who always appeared at Stalin's side in public functions. He has not been mentioned in the Soviet press since January. No photo of him with the dictator has reached the outside.

When a group, like the Communists, sets out to hate the world, the venom seeps into its own blood stream. The malevolent Reds have ended up hating one another.

Written Word Has 'New Look' In Denmark. The printed Danish language has acquired a new look--officially. By order of the Ministry of Education, officialdom discontinued the use of the Danish custom of capitalizing each word.

Moreover, the Danish vowel, "aa," pronounced "aw" and counted as a single letter of the Danish alphabet, became "a" with a tiny circle above it.

Typewritten Danish requires an appreciable amount of shifting into upper case, it was pointed out, so that the new ruling will eliminate some of the manual effort required for typing.

Most vitally concerned was the ministry's decision as to "each word." Newspapers made no special decision on what course they will pursue.

To Danish eyes, newspapers printed with the new look appear strange. As one publisher said, it will seem as though "each page has been liberally sprinkled with black pepper and as if the printers have repeatedly missed out the letter 'a'."

A leading book publisher said that authors who wanted their books published in the new style could have this done provided their manuscripts were written that way.

The main problem and a minor headache to a number of business heads is the necessity of having a new key added to typewriters. The sudden demand for the Scandinavian "a" with a circle firm will be able to meet.

The director of one typewriter firm in Copenhagen said that at least 100,000 typewriters are in use in offices in Denmark and that they all seemed to want their machines changed.

Common Ground

Collectivists or 'Majorityitis'

The reason we have long periods of unemployment and the cost of living is constantly going up; the reason we have one war after another and it is a crime to own the best money the world has ever known is because we are afflicted with 'collectivists' or 'majorityitis'.

'Yes I know these are not words that are in the dictionary, but they should be because we are subject to the disease of believing that the majority or the state or a sub-division of the state has a right to do something we know is wicked for an individual to do.

Strange as it may seem, many men who are professional educators and many professional preachers are constantly contending that the state or the majority has a right to do things that they know the individual never had a right to do.

One college professor of economics when asked to name one case where the state has a right to do something the individual has no right to do said the state has a right to execute a man with no individual had the same right. When it was pointed out to him that a man has a right to defend himself against an attack and that he is killed and a man who sells defense the state recognized this right, this college professor had nothing to say.

Another preacher contended, as an example, that the state had a right to punish a man for printing counterfeit money and the individual did not have that right. The state in the first place should not have a monopoly on printing money. Russia claims we are using money in Germany without their consent. That for this reason she has a right to blockade Berlin.

Swing Shift

NATIONAL WHIRLIGIG

WASHINGTON -- Thomas E. Dewey may name his secretary of state within a few hours after his expected election next Tuesday in order to prevent Moscow from taking advantage of any confusion and uncertainty resulting from a Truman-Marshall reverse at the polls.

Stalin will undoubtedly seek to take immediate capital from a political upset in the United States, which has inspired and financed the anti-Communist movement throughout the world. He will touch off a heavy propaganda barrage behind and outside the "iron curtain."

He has not permitted his official press bureau and newspapers to report Mr. Dewey's pledge to "get tough" with the Politburo, or his denunciations of the administration's alleged coddling of "Commies" at Washington. Therefore, he will deliberately and erroneously interpret a Dewey triumph as a repudiation of the Truman-Marshall policy.

DULLES -- President-elect Dewey can best counter the threat as he realizes by announcing immediately his intention to appoint John Foster Dulles, the famous New York lawyer and churchman is bitterly anti-Stalin, and the Russians know it because of Molotov-Vishinsky's tirades against him in their press.

The Dulles selection would also permit Mr. Dewey to carry out his plan of staying on as governor while choosing his cabinet and framing his Congressional program. While serving as a Marshall aide, the two have become friends and confidants.

GRACIOUS -- Russia may make even more violent and dangerous moves on the basis of a Truman defeat. Moscow may accelerate and aggravate efforts to paralyze Germany, France, Italy, Greece and Turkey through strikes and internal disorders.

However, if the political bell tolls for Mr. Truman, we will from today, he will probably show himself to be a generous and gracious loser. He may brief Governor Dewey personally on the foreign situation, for he knows only too well the handicaps he suffered from the secrecy with which Franklin D. Roosevelt conducted these matters till the day of his death.

A Republican victory on Nov. 2 will admittedly produce one of the most good news about the country. Even more than after FDR defeated Herbert Hoover, members of Congress, foreign statesmen and people generally will look to the man at Albany as our real leader.

REARMAMENT -- The great overall question on which Mr. Dewey and Mr. Truman must agree or disagree is whether the economic program for rehabilitation of Europe shall be buttressed by an anti-Russian military alliance in which the United States shall assume the leadership and furnish the bulk of the weapons, munitions, materials and related supplies.

The military men's belief in the need of such an organization partially accounts for Secretary Marshall's recent survey of the Mediterranean situation, army officers' consultations with Franco at Madrid, the selection of Marshal Montgomery as chief of staff.

Gracie Reports

By GRACIE ALLEN. At last! Some good news from behind the Iron Curtain. I see where two Soviet scientists have announced that the earth is good for 45,000,000 years yet. Or just about the time it will take to get our little tiff with the Russians in Berlin straightened out. And Jack Benny will be almost 40 years old by that time.

These Soviet professors had a more good news about the sun. They said it was very dependable and wasn't likely to blow up like some of the other more nervous types of worlds. Dear me, with all this talk about atomic bombs and other strange weapons, I'd like a small guarantee of some kind that the earth isn't the type of world that will blow up, either!

Forty-five billion more years of sunshine... Thanks, Mr. Stalin, that's good news for California and Florida, anyway.

Certainly industry has no right to complain if labor asks for, and is entitled to, a little better share of industrial profits. Ben Alben W. Barkley (D) of Kentucky.

What frightens me is that at this time humanity knows what should be done in order to be saved. Humanity would like to do it. But its tragic destiny seems to render it incapable of doing it. Paul-Henri Spaak, Belgian delegate to the UN.

## Michigan Wolverines Retain Top of College Football Heap

NEW YORK (AP)—Michigan's first place, nine for second and rampaging Wolverines retained their rating as the top college football team in the country today in the weekly Associated Press poll of the nation's sports writers.

The powerhouse from Ann Arbor drew 117 of the 206 first place votes and piled up 1,885 points to beat out runner-up Notre Dame by 275 points. The Irish, second also a week ago, gained 19 first place votes and polled 1,615 points.

Michigan, unbeaten and untied in five outings, downed Minnesota, 27-14, last Saturday while the Irish surged to a 27-12 victory over Iowa for their fifth straight conquest of a perfect season.

North Carolina's Tar Heels held on to third place, drawing 46 first place ballots and 1,568 points. The Irish scored heavily in second place votes to beat out North Carolina's unbeaten squad for runner-up honors. Points are figured on the basis of 10 for a

## Top Offensive Teams Meet On Saturday

By The Associated Press

The top offensive teams of the Southwest Conference will clash at Austin Saturday in the big game of the year in the championship race.

Statistics from the office of James H. Stewart, conference executive secretary, show Texas and Southern Methodist No. 1 and No. 2 in total yards gained rushing and passing.

Texas has rolled up 1,907 in six games and Southern Methodist 1,732 in five. Southern Methodist has the best average with 346 per game compared to 317 for Texas.

These teams also are the top passing units. Southern Methodist leads the conference with 819 yards in the air and Texas shows 694 for second place. Texas is the top ground team with 1,218 yards. Arkansas is second with 1,142.

The leading passers will be working against each other at Austin. Gil Johnson of Southern Methodist tops the circuit with 34 completions in 49 attempts for 568 yards. Paul Campbell of Texas is second with 30 connections in 81 throws for 509 yards.

The leading ground gainer will be in action when Texas A & M plays Arkansas in a battle of eliminated teams. Clyde Scott of the Razorbacks has rolled up 600 yards on 63 runs, but 41 yards more than Lindy Berry of Texas Christian, who is second with 459 yards on 111 carries. Bobby Goff of A & M is third with 409 yards on 79 runs.

By JOE REICHLER

NEW YORK (AP)—Five players from the American and five from the National make up the 1948 major league all-star team as selected for the Associated Press by 220 baseball experts throughout the nation.

Only six of the 16 big league clubs, three in each league are represented in the third annual all-star aggregation. The world champion Cleveland Indians won two berths as did the National League champion Braves.

The Boston Red Sox and St. Louis Cardinals, runners-up in their respective circuits, also placed two representatives each. One man from the New York Yankees and one from the New York Giants complete the team.

Of the ten selected, six are holdovers from the 1947 all-star team. They consist of the entire infield of Johnny Mize, Joe Gordon, Bob Elliott, and Lou Boudreau and Ted Williams, and Joe DiMaggio, who comprise two thirds of the outfield. Williams, slugging outfielder of the Red Sox, is the only performer to be named to all three teams starting in 1948.

No player was a unanimous choice. Stan Musial, the National League's batting king, and Williams, the champion stickman of the American League, were tied for the most votes. Each drew 212 of the 220 ballots cast.

All Williams' votes were for leftfield. Musial's were scattered over three positions. The Cardinals' great fly-chaser, who led his team in batting time scored, hits runs batted in, doubles and triples, drew 195 votes for rightfield, five for center, and 12 for first base. The 27-year-old pride of Donora, Pa., won a place on the 46 all-star team in 1947, but lost out last year in the outfield to Ralph Kiner of Pittsburgh.

DiMaggio, sparkplug of the Yankees, won the centerfield post hands down with 210 votes, third highest total among the 45 voters. DiMaggio, with Williams and Musial, make up one of the greatest hitting outfields ever put together on an all-star team. They hit 103 home runs and drove in 415 runs last season.

Boudreau, playing manager of the Indians and the logical choice for the American League's most valuable player award, ranked fourth with 209 votes to easily win the shortstop berth.

The all-star team:

First base — Johnny Mize, Giants.

Second base — Joe Gordon, Indians.

Third base — Bob Elliott, Braves.

Shortstop — Lou Boudreau, Indians.

Leftfield — Ted Williams, Red Sox.

Centerfield — Joe DiMaggio, Yankees.

Rightfield — Stan Musial, Cardinals.

Catcher — Birdie Tebbetts, Red Sox.

Righthanded pitcher — Johnny Sain, Braves.

Lefthanded pitcher — Harry Brecheen, Cardinals.

Every position had at least four candidates. Eleven outfielders were named, 11 first basemen, eight second basemen, five shortstops, 10 catchers and 12 pitchers.

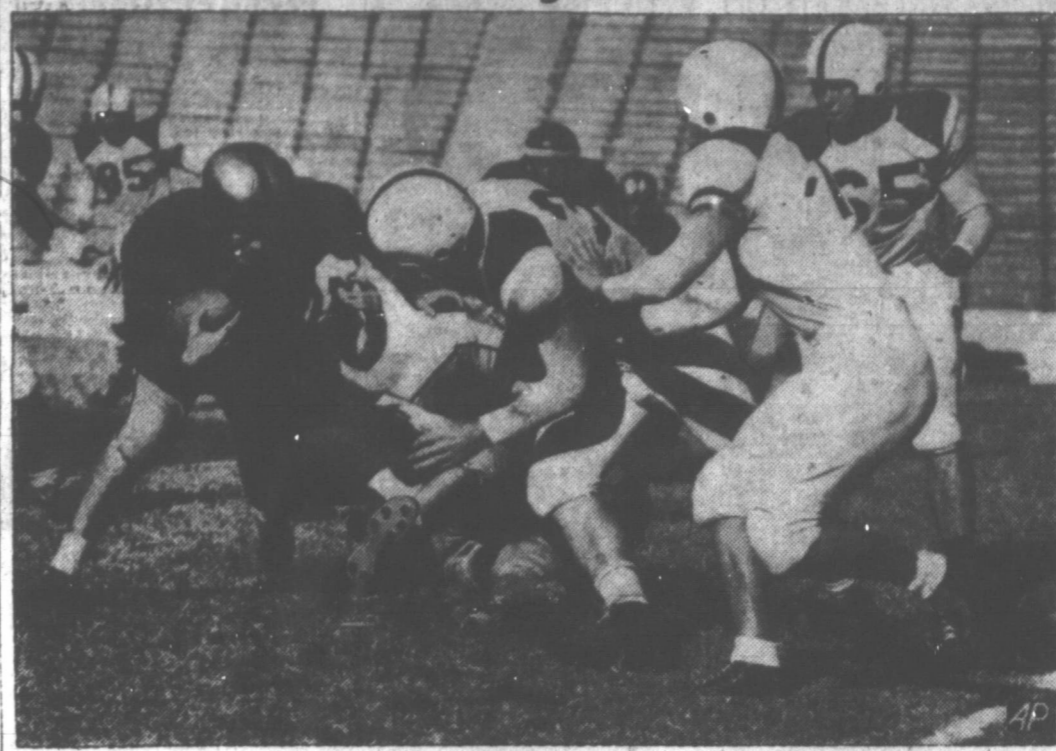

hose. He has figured in 183 plays and gained 867 yards. Berry has completed 35 passes in 72 attempts for 408 yards to make him third in conference pitching. Scott ranks next to Berry in total offense with 603 yards on 77 plays.

Baylor plays Texas Christian at Fort Worth Saturday night and Baylor will boast the conference's top punt returner in George Sims, who has carried 11 back for 283 yards.

Ranking next to Sims in punt returns is Doak Walker of Southern Methodist, who has carried six back for 119 yards.

Walker also is the conference's leading punter and pass receiver. He has kicked 10 times and averaged 38.0 yards and he has caught seven passes for 228 yards. Jasper Flanakin of Baylor is second in pass receiving with 12 for 196 yards. Bob Goode of Texas A & M is second in punting with an average of 38.0 in 46 boots.

Coming in to make the stop is Bill Cross, West Texas back, closely followed by Leon Chapman, West Texas tackle. Two of Rice's key players received injuries against Texas. They are back Tobin Role and center Joe Watson.

## Trainer Named Twelfth Man On Most SW Circuit Teams

By The Associated Press

Regular leftend Lewis Holder kneed, favors an injured foot and reserve wingmen at this spot, Ben Procter and Ray Stone, are out of action.

Utility back Frank Guess and reserve halfback Jimmy Lowery are ailing Longhorns.

Carl Wallace, defensive end for Southern Methodist, pulled a muscle in his left leg in the Santa Clara game. He limped badly yesterday and Coach Matty Bell said it was uncertain whether he would be able to play against Texas this week.

First string guard Brownie Lewis is still unable to run because of a leg injury.

Texas A & M's casualty list reached record proportions yesterday. The ailing are:

John Christensen, starting defensive halfback, out for the season with a fractured vertebrae and kidney injury.

Halfback Ralph Daniel, slight concussion.

Fullback Bobby Goff, injured

The trainer is the twelfth man on Southwest Conference football teams.

He is in great demand at Texas, Arkansas, Texas A & M and Southern Methodist. All of these were hit by injuries to key personnel.

Texas Christian, Baylor and Rice figure they can get along without the extra help this week. These teams escaped serious injuries to players.

Arkansas yesterday counted out for keeps guard Theron Roberts and end Jim Cox. Both received pre-season injuries and Coach John Barnhill said Roberts would not play this season. The Razorback captain will be around for service next year.

Cox reinjured a knee yesterday and Barnhill said he'd be out for the year.

Texas' Coach Blair Cherry shifted George McCall from right to left end to add strength to this injury-riddled position.

**CARNIVAL** By DICK TURNER

"Your wife says her club has gone on another buyers' strike, and here's a list of things for you to pick up on the way home!"

"It's the power company, Roscoe! They say if you don't pay the bill they're going to turn off the electric blanket!"

**Boots**

OH, WELL! WHY WORRY ABOUT OUR LITTLE OLD NEIGHBORHOOD? GROWN-UPS HAVE GOT THE WHOLE WORLD IN SUCH A FOUL SHAPE IT'S HARDLY WORTH GROWING UP INTO!

OH, I'M LOOKING AT THE WORLD THRU ROSE-COLORED GLASSES

EVERYTHING IS ROSIE NOW

**Freckles**

IF WE CAN GET EVEN ONE BOY TO TREAT A GIRL DURING TWIRP SEASON, YOU'LL ADMIT YOU'RE LICKED! RIGHT?

ONE RIGHT! BUT YOU HAVEN'T GOT A CHANCE, SUGAR!

BETCHA! BETCHA!

—SO AS THE BUBBLE GUM SAID TO THE LIPS, LET'S STICK TOGETHER! THE WOMAN MUST PAY!!

JUST REMEMBER, THIS GIRLS—AAAN HAS HIS WILL... BUT WOMAN HAS HER WAY!!

**Hollywood Johnnie**

HOW LONG HAVE YOU BEEN AN ISOLATIONIST?

I DON'T KNOW

ALL I KNOW IS I STOCKED UP ON GROCERIES ONE DAY, GOT A COUPLE OF MULES AND LANDED UP HERE...WHERE HEAVEN MEETS EARTH

**Mutt & Jeff**

HOLYSMOKE! WHAT HAPPENED TO THE CHANDLER?

I CUT IT DOWN MUTT!

YOU CUT IT DOWN? WHY?

BECAUSE I KEPT BUMPING MY HEAD ON IT!

YOU SHRIMP, YOU AIN'T TALLER THAN I AM!

I KNOW I AIN'T—

BUT WHEN I ROLLER SKATE ON THE TABLE I AM!

**Vic Fint**

WHAT DID YOU MEAN BY THAT CRACK ABOUT 'ME PLAYING'?

WHY, VIC, YOU'RE THE ONE TO BRING THE ROBIN AND VERA BACK TOGETHER AGAIN! THEY LOOK TOO NICE TO WIND UP IN A DIVORCE COURT.

IN THE FIRST PLACE, PLAYING CUPID WOULDN'T EARN ME ANY DOLLAR TO KEEP YOU SUPPLIED WITH POPCORN—

ME SUPPLIED WITH POPCORN? YOU ATE THE WHOLE BAG, YOU GLUTTON!

AND IN THE SECOND PLACE, I DON'T KNOW WHO ROBIN AND VERA ARE—NOT EVEN THEIR NAME!

**Mutt & Jeff**

HOLYSMOKE! WHAT HAPPENED TO THE CHANDLER?

I CUT IT DOWN MUTT!

YOU CUT IT DOWN? WHY?

BECAUSE I KEPT BUMPING MY HEAD ON IT!

YOU SHRIMP, YOU AIN'T TALLER THAN I AM!

BUT WHEN I ROLLER SKATE ON THE TABLE I AM!

**Mickey Finn**

MC CAFFERTY SAYS HE'S POP! YE IT WAS YOU, KED!

I DON'T CARE WHAT HE SAYS! IT WASN'T ME! AND IT PROBABLY WASN'T WEEPY EITHER!

MC CAFFERTY'S BEEN TRYIN' TO PIN SOMETHIN' ON THAT JEET! HE ON US FOR YEARS! HE'S HIS ROBIN' FOR BEEN RIDIN' US EVER! YOU ALL SUMMER! SINCE WE WERE LITTLE KIDS!

YOU'RE ALL WRING ABOUT IT THAT BEIN' WEEPY!

MC CAFFERTY CAUGHT HIM RIGHT IN THE ACT— WITH TWO OF THE LITTLE RADIOS! HE WAS STEALIN' 'EM IN THE POCKETS OF HIS COAT!

OH YEAH? THEN BRING HIM IN HERE! HE MAY NOT TELL YA WHO IT WAS— BUT HE'LL TELL YA IT WAZN'T ME!

HE'S IN THE HOSPITAL, RED! HE FELL OFF THE FIRE-ESCAPE— TRYIN' TO GET AWAY! AND HE MAY NEVER TELL ANYBODY ANYTHING!

**Penny**

I BATH I HAD ONE YESTERDAY!

YOU DON'T APPROACH HER RIGHT, TALK! LET ME TALK TO HER!

YOU'RE A LUCKY GIRL, PRISCILLA, TO HAVE SUCH A NICE, SHINY BATH TUB!

WHY WAS YOUR AGE I HAD TO TAKE MY BATH IN THE CREEK!

I WANT TO TAKE MY BATH IN THE CREEK LIKE POP DID!

PLEASE DEAR! YOU'LL BE A MUCH BIGGER HELP IF YOU JUST SIT DOWN AND READ YOUR PAPER!

### Leaves From a Correspondent's Life Note Book

**BY HAL BOYLE**

**NEW YORK**—It is a rainy day outside, and I wonder if any political candidate is going to endorse it.

It has always seemed to me that rain was one of the most blessed things in the universe. And not because it refreshes the green things that grow in the fields—but because of what it does to human beings.

Rain wets down and washes the dreary, dusty face of nature. In the same way it washes the pettiness out of people, and makes them nearer to what they want to be. At least it does for most people.

Sunshine has the opposite effect. Sunshine is an insidious tonic that makes everybody feel wonderful but selfish. It makes a man say to himself, "Boy, today I got the world by the tail." And sunshine is a liar. Nobody ever really had the world by the tail for long.

Rain tells the truth. It doesn't fool anybody. It tells him what he is. Look at a plowhorse, standing in a pasture under the slanting silver pencil beams of the rain. You can tell by the slack muscles, the hanging head, he realizes he is just an ordinary horse after all and will never win the Kentucky Derby or fly out to California in his private airplane to race at Santa Anita. So he plods over to the other horses, and is grateful there are other horses in the world to stand with while the rain falls.

Rain does the same thing for people. They grow together more and feel the kinship of their kind, and this is the great gift of rain.

Rain does for mankind in a cheap and harmless way what war does in an expensive and wasteful way. It makes a man aware of the loneliness he is born to and dies in. It makes him want to be closer to his fellows, a feeling he always has when hardship threatens, the skies clatter, and world darkens.

### Team Feted At Dinner

**McLEAN** (Special) Members of the McLean grid squad Monday night were treated to a steak dinner at the Lions Club Hall by some of the team's fans.

The meal was prepared by Mr. and Mrs. John R. Filmer. Speakers of the evening were Coach Al Duncan, Supt. Logan Cummings, and Mayor Brad Meador, the latter of whom pledged the city's support of the team, win or lose.

Motion pictures of the Texas WTC game of 1947 were shown.

### Gov. Thurmond Cancels Speech

**HOUSTON**—Gov. J. Strom Thurmond, States' Rights candidate for president, will be unable to appear in Corpus Christi during his three-day campaign tour of Texas.

Party headquarters announced here yesterday that "time elements" have caused a revision in his schedule for Saturday.

Thurmond's schedule for Saturday begins with a breakfast in San Antonio, a luncheon in Longview, a speech at Tyler and a night rally at Beaumont.

The South Carolina Governor starts his tour of Texas tomorrow night at Texarkana.

### Prospects Look Good for Stadium

**LUBBOCK**—Prospects are looking up for a new stadium for the Morton High School Indians, but they may have to wait a while.

The Morton Tribune published a story quoting F. O. Masten, wealthy West Texas farmer, as offering to build a stadium at Morton if the Indians scored against the Sudan Hornets in a Friday night game.

The Indians scored, but they lost, 10-13.

Now, Masten, owner of 40,000 acres of farm and ranch land, says he will help build a stadium, but his promise was made two years ago and specified a conference victory. But he will pitch in and help, he said.

### LYNDON

(Continued from Page 1) returns of eight counties, other than South Texas counties to which the committee's attention had been directed by Johnson's opponent, Coke Stevenson.

Johnson said he had read press reports indicating plans to impound ballot boxes in several counties in connection with Stevenson's request that the committee investigate the runoff primary.

"I do not know what charges have been made or what basis the committee has for acting to impound ballot boxes in any particular county but if any of the ballot boxes are impounded in any of the counties, I respectfully request that all ballot boxes in all counties be impounded," Johnson's letter read.

### Skelly Postoffice Position Is Open

An examination has been announced for Nov. 20, at the Pampa Postoffice to fill the position of substitute clerk in the Skellytown Postoffice.

Mrs. Tempest Adams, Skellytown postmaster, said yesterday the examination would be held beginning at 8:30 a. m. here at Pampa.

"Applicants to be examined for this office" she said, "must actually reside within the delivery area of the postoffice or be bona fide patrons of that office."

Further instructions can be secured either at the Pampa or Skellytown Postoffice, it was said.

### In Love With the Sound of Their Own Voices

Deaf since birth, Janice Ohlson, 5, and Dianne Calabese, 7, of Chicago, go into ecstasies over the sound of their own voices. Through a recording and a new hearing aid, they heard themselves talk for the first time in their lives.

### Braceros to Be Returned

**MEXICO CITY**—The Foreign Office announced that no further worker contracts will be made with U. S. employers until a new agreement is reached between Mexico and the United States.

Ten days ago an estimated 5,000 braceros were permitted to cross the border at El Paso, Tex., despite a U. S. Mexico agreement and Mexico's refusal to send braceros to Texas because of this situation.

The U. S. expressed "profound regret" to Mexico over the manner in which hundreds of Mexican farm laborers crossed the border at El Paso.

A note published by the State Department promised that all will be rounded up and repatriated. It said orders have been issued to prevent illegal entry of others.

William Green, president of the American Federation of Labor, denounced the deportation of all Mexican nationals who have entered the country illegally.

### Supreme Court Denies Review To Texas Protest

**WASHINGTON**—The state of Texas was denied a Supreme Court review of its protest against a plan of reorganization of the Chicago, Rock Island & Pacific Railway Co.

The plan embraces the railway's subsidiaries, including the Chicago, Rock Island and Gulf Railway Co., a Texas corporation.

The state appealed from a decision by the U. S. Court of Appeals in Chicago that "the fact that the plan may infringe upon provisions of the Texas Constitution and laws is wholly immaterial under the federal bankruptcy act."

Texas also protested that the plan fails to provide for preservation of rights of employees of the Chicago, Rock Island & Gulf Railway under terms of the Interstate Commerce Act.

### Girl Scouts Work On Ceramics at Camp Sullivan

Twenty Girl Scouts from Troop 20 spent the weekend at Camp Sullivan on ceramics.

Mrs. R. H. Nestel, leader, said, "Accompanying the girls were Mrs. Jimmie McCune and Mrs. Leon Cook. Girls making the trip were: Wanda Cook, Mary Ann McCool, Jan Roby, Shirley Cook, Virginia Williams, Phyllis Nestel, Carol McCune, Charlotte Hendrix, Jan Prichard, Rochelle Smith, Joan Lunsford and Doris Welch.

Troop 14 recently completed three friendship kits to be sent overseas to needy children.

Meanwhile, Troop 30, the most recently organized Pampa troop, will hold its initial meeting at 3:30 p. m. today at the Lions Club Scout House. Mrs. Glenn Adams has been selected as leader and will be assisted by Miss Jean Ann Essex.

Under the direction of leaders Mrs. Archie Bullard and Mrs. Herman Jeeter, Troop 9 Scouts were to present the program at the Jaycee luncheon today. Later in the week, the girls will present the same program before the Home Demonstration Council.

### Ailing Back to Return to Game

**McLEAN** (Special) Plans are set for the return to the game Friday night of Johnny Haynes, quarterback who received a head injury in the Tiger-Wellington tilt on Friday night, Oct. 15.

It was said he likely will be back in the line-up when the McLean aggregation meets the Memphis Cyclones in a District 2A tilt Friday night, here.

### State Candidate Ends Campaign This Week

**HOUSTON**—Herman Wright, Progressive Party candidate for governor, said he will wind up his campaign this week in Dallas and Houston. He plans appeals to college students.

The Houston attorney is scheduled to speak on the campus of Southern Methodist University in Dallas and Thursday at Rice Institute here.

### ROARING

(Continued from Page 1) United States and they know the facts now," he said.

"They are determined to sweep back the forces that threaten democracy in this country.

"We are sweeping toward victory.

"Everywhere I go, I hear news and see faces that make me know the tide is rolling for us.

"In the next few days, it is going to roll even higher . . ."

The President, in his talk, unmistakably sought to imply that a Republican victory would pave the way for a dictatorship in this country.

"In our own time," he said, "we have seen the tragedy of the Italian and German peoples, who lost their freedom to men who made promises of unity and efficiency and security."

Governor Dewey has been talking of unity and efficiency throughout his campaign.

"Racial and religious oppression—big business domination—inflation—these forces must be stopped and driven back while there is yet time," Mr. Truman said.

### Texoma Attracts More Persons Than Yellowstone

**WASHINGTON**—(P)—Lake Texoma is the greatest public recreational drawing card in the nation, the National Park Service said.

More people went to Lake Texoma last year than to Lincoln Memorial in Washington, D.C., Yellowstone National Park, or any other park or monument in the nation.

A total of 2,397,508 persons went to visit the 500 miles of shoreline that in the Lake Texoma recreational area during the travel year ending Sept. 30.

Hundreds of thousands of tourists visited Lake Texoma in the preceding year also, but the small staff was unable to keep records.

Second public attraction was Lake Mead in Arizona and Nevada which drew 1,607,422.

Newton E. Drury, Park Service director, said the phenomenal popularity of Lakes Texoma and Mead probably was due to the absence of other large fishing and recreational waters in the Southwest.

### UNION

(Continued from Page 1) other industries north of the picket line.

S. B. Hunter, business agent for the council, said they did not want to cause a shutdown of the Phillips plant and therefore removed the pickets. However, the council retained the pickets at the large shopping center at 10th St. and the 350 housing unit being built by Hughes.

The pickets were first thrown around the Hughes enterprises in Borger last Monday in an effort to force Hughes to bargain with the union. In the meantime only four men quit, three of them helpers and one a post hole digger. The union council claimed Hughes was paying 34 percent less than the union scale and Hughes last week countered he was paying more than the union scale plus bonuses and insurance.

None of the workmen so far have recognized the picket line.
