Americans Score Biggest Gains Of Korean Battle

Snap Shut Trap On 1,000 Troops

TOKYO, Friday, Aug. 11 (AP) — U. S. troops yesterday drove 13 miles almost to the outskirts of Chinnju and snapped shut behind them an armored trap on possibly 1,000 enemy troops.

It was the biggest single day's gain of the war for American forces.

As Chinnju, major enemy base in South Korea, tottered, North Koreans at the other end of the 140-mile front rolled to within eight miles of a U. S. east coast fighter base before being halted.

General MacArthur's war summary said South Koreans checked the enemy drive eight miles west of Pohang. The fighter base is near this city 63 miles north of the port of Pusan.

The enemy also loosed new attacks along the northern front putting renewed pressure on the important supply city of Taegu, 55 miles northwest of Pusan.

They were advancing against resisting South Koreans on a front about 30 miles north of Taegu. The enemy still held a Naktong river bridgehead 29 miles southwest of Taegu against fierce American attacks. Another bridgehead 12 miles northwest of Taegu was reported wiped out.

U. S. Eighth Army leaders took hasty steps to protect the fighter plane base. It is eight miles southeast of Pohang on the sea of Japan 55 miles north of Pusan.

Two Red forces rolled back crumpling South Korean troops there. AP Correspondent Hal Boyle at Pohang said the Reds were protected from American naval guns by lofty mountains in some of Korea's most rugged country.

The Pohang-bound Communists hammered down from Yongdok, which they retook Thursday, and drove on four miles to the south. The main threat to the fighter base came from another Red force rolling toward it from the mountain village of Kigye, eight miles northwest of Pohang. A North Korean patrol of 30 men commanded the Yongchon-Pohang supply road with machineguns.

Four U. S. Mustang fighters were shot down by ground fire after taking off to machinegun the invaders. One pilot was lost and three were rescued, Boyle reported.

Twenty-nine miles southwest of Taegu, the main U. S. base on the central front, a battalion of Reds held off elements of the U. S. 24th and Second divisions on the banks of the Naktong River.

The U. S. 8th Army Headquarters in a communique at 9:45 p. m. (15:45 a. m. CST) Thursday said United Nations troops halted aggressively on all fronts to expand gains in the south.

Elements of the 24th Division tried to dislodge river-crossing Communists dug in southwest of Taegu but were unsuccessful.

The First U. S. Cavalry Division annihilated another enemy force northwest of Taegu about 7 p. m. (3 a. m. CST) Thursday, killing 300 Reds and capturing 29, the communique said.

Farther north on the 140-mile front, South Koreans captured three Russian-made tanks in close fighting. Planes knocked out six more.

KOREAN WAR AT A GLANCE

By The Associated Press

SOUTHERN FRONT: Americans snap trap on at least 1,000 Red troops, push southern offensive within five miles of Chinnju, with patrols two miles from Red base.

CENTRAL FRONT: First Cavalry division wipes out Communists bridgehead across Naktong river; 24th division fights new Red offensive thrusts in bridgehead area; South Koreans to the north eliminate another enemy foothold across stream.

NORTHERN FRONT: Communists develop serious threat in push South from Yongdok and from captured mountain town only nine miles from Pohang, U. S. air-sea base on east coast. Vanguard only 5 1/2 miles from main U. S. fighter air strip.

AIR WAR: Seventy B-29 Superforts blast Wonsan oil and rail center with 625 tons of bombs in heaviest strike of the war against strategic targets in North Korea.

WASHINGTON: House committee calls in Ret. Gen. Carl Spaatz to examine effects of strategic bombing in Korean war.

LAKE SUCCESS: Security Council members ready informal meeting with the president for August. Soviet Delegate Jakob A. Malik, in effort to break procedure deadlock and end his one-man filibuster on Korean question.

Steps Due To Afford Drainage Facilities Soon

Steps probably will be taken to provide proposed drainage facilities east of the city as soon as the old disposal plant can be cleared away.

That apparently was the status of the project today.

W. T. Alexander, T&P division superintendent, said removal of the old disposal plant was included in an agreement with the city. However, the T&P superintendent said he certainly would not criticize the city for not removing the concrete disposal plant earlier, because of heavy rainfall during the spring and early summer. In fact, water still stands on that site today as result of previous rains, he noted.

County Judge John Dibrell said the commissioners court wanted to give assurance that it had complied with its part of the agreement. He cited minutes of the court dated June 19, wherein the court agreed to give T&P permission to do the necessary work on the drainage project on right-of-way obtained for that purpose by the county.

Status of the project had been requested by the Big Spring city commission at its regular meeting Tuesday evening.

State Releases Final Installment To State Schools

AUSTIN, Aug. 10 (AP) — Final \$2 installment on this year's \$50-per-student payment to public schools from the state available school fund was released yesterday.

A supplemental \$2 payment authorized by the state board of education last month will be mailed later this month, state commissioner of education J. W. Edgar said.

TO GIVE TRUMAN House Okays Bill For Control Power

WASHINGTON, Aug. 10 — The President also told a news conference complete mobilization isn't in sight.

Along the way to the showdown decisions on controls, the House handed the administration several reverses. It refused the President powers to put brakes on speculative trading on commodity exchanges. It decided to restrict credit curbs on real estate to new construction begun since Aug. 2.

B-29s Strike In Heaviest Korea Raid

Blast Oil, Rail Center With 400 Tons Of Bombs

By MILTON MARMOR AP Staff

TOKYO, Aug. 10.—Seventy B-29 bombers from Japan and Okinawa bases pounded North Korea's rail and oil center of Wonsan today with the war's most powerful air strike.

Waves of B-29s bombed visually in their mass raids on the Wonsan railroad center and switching yard, the railroad repair shops and the big Chosen (Korean) oil refinery.

The most spectacular damage was at Chosen. A tail gunner on the last B-29 in the second wave that hit Wonsan, Staff Sgt. Richard P. York of Whiting, Ind., said the smoke column "pushed up even above our altitude which was more than 15,000 feet."

The third wave had trouble locating their aiming points because of the greasy black pall of smoke over the target.

More than 400 tons of bombs were dropped on three separate Wonsan targets and more than 200 tons were unleashed against other strategic targets in the Communist transportation network north of Parallel 38.

Early reports on the record total of 625 tons point to "extensive damage done to the Communist war potential," the Far East Air Forces command announced.

The center of the huge Wonsan railway switching center was filled with loaded trains when the B-29s struck. FEAF said their aim was accurate.

The Chosen oil refinery had an annual production capacity of well over 1,500,000 barrels of crude oil. Its storage capacity was estimated at 20,000 barrels. Bombs hit the heart of the refinery.

The North Korean's already badly crippled transportation system was largely dependent on the Wonsan locomotive and car repair shops to patch up its rolling stock.

The B-29s returned to the refinery target because previous strikes had failed to knock it out. The installation is 80 miles north of 38.

The previous high B-29 bomb drop on North Korea targets was 500 tons in one day.

OPA Revival Not Likely, Truman Says

WASHINGTON, Aug. 10 (AP) — President Truman said today he does not contemplate a revival of the World War II OPA.

Mr. Truman told his news conference that old-line federal agencies will handle any economic and other emergency controls which may be necessary as a result of the Korean crisis.

West Powers Seek End Of UN Blockade

BULLETIN

LAKE SUCCESS, Aug. 10 (AP) — The United Nations Security Council went into session late today after a 90-minute secret caucus which left unchanged the situation revolving about charges of Russian shelling on the Korean situation. One informant said: "Appeals have failed—no results."

LAKE SUCCESS, Aug. 10 (AP) — The nine non-Communist members of the United Nations Security Council met privately again today to consider further their plans to end the procedural blockade of their Russian president, Jakob A. Malik.

They were scheduled to meet privately with Malik this afternoon to make a direct appeal to him.

Diplomatic quarters said the new meeting was called to finalize measures discussed yesterday to break the council stalemate.

If they fail the regularly scheduled council meeting this afternoon is likely to set off a flood of anti-Communist activity for the rest of August to match Malik's propaganda blasts.

Many council sources agreed there was little chance of winning concessions from Malik in that event the western delegates planned to match the Russian speech for speech.

All delegations except Russia and Yugoslavia — the former wasn't invited, the latter refused to attend — conferred in New York yesterday on the deadlock problem. Sir Gladwyn Jebb of Britain, who will be council president next month, was chairman.

After the closed session, they revealed that Arne Sunde of Norway, council president in July, had telephoned Malik asking him to meet the other delegates for a discussion on procedure in advance of the regular meeting.

The delegates gave little attention to such drastic action as changing the rules and throwing Malik out of the presidential chair.

If the closed meeting fails to move Malik, there may be other consultations on a new procedural step — but the speech-making is certain, the U. S. source said.

SIGN LANGUAGE AT U. N.—The hands of U. S. delegate Warren Austin (bottom) and those of Jakob A. Malik (top), Soviet delegate and Security Council president, are expressive during a session of the United Nations body at Lake Success, N. Y. Austin practically pounds the table as he charges obstructionist tactics. Malik puts the tip of his fingers together as he listens before replying to Austin. (AP Wirephoto)

WHERE ALLIED TROOPS HIT KOREAN REDS—Open arrows show the areas where U. S. and South Korean forces are hitting at North Korean troops (dark arrows) on all Korean fronts. Reds are fleeing to Chinnju and beyond in the south to escape American pincers movement (A). U. S. 24th Division continues heavy pressure on reinforced Communist units across the Naktong river southwest of Chanyong (B). Northwest of Taegu U. S. and South Koreans battered Red units which threw bridgeheads across the Naktong near Wogwang. Broken arrows show where Reds are infiltrating in the north. (AP Wirephoto Map)

KNOWLAND'S IDEA Suggests Removal Of Cotton Quotas

WASHINGTON, Aug. 10 (AP) — Removal of all restrictions on how much cotton can be marketed next year was suggested today by Senator Knowland (R-Calif.).

He told the Senate Agriculture Committee controls should be lifted because of the international situation.

The committee is considering the House-passed 1951 cotton quota bill.

California, Knowland said, has developed a substantial cotton industry in recent years, producing 1,300,000 bales in 1949 valued at \$192,000,000. He contended passage of the bill in its present form would result in a drastic cut in California's production.

Walter Handolph of Montgomery, Ala., speaking for the American Farm Bureau Federation urged the committee to pass a 1951 cotton quota law but to make some changes in the House version.

Under the bill marketing quotas would be imposed when the supply of cotton exceeds estimated domestic consumption plus exports.

Texas congressmen disagreed over one section of the measure.

At odds are Rep. George Maffon of Colorado City — representing a West Texas district with large cotton acreage — and Rep. Bob Poage of Waco, representing Central Texas with large cotton acreage.

TEC Managers Meeting Today At San Angelo

A district meeting of managers of Texas Employment Commission offices in and around San Angelo is being held today at the local office.

TEC office managers from Monahan, Midland, Odessa, Big Spring, and Sweetwater are meeting with manager E. W. Kizian, of the San Angelo office.

The managers are discussing office operations, how to improve them, and specifically the handling of agricultural workers for the approaching cotton harvest. Kizian is leading the agricultural worker panel, along with his associate in the local office, John Griffin.

Fry Pays \$38 Fine For Operating A Gambling Device

D. R. Fry entered a plea of guilty in justice court this morning to the charge of operating a gambling device and paid a fine totaling \$38, including costs.

Fry, an employee of the Don Franklin carnival now set up here, was arrested by Texas Ranger J. R. Rogers last night.

The device was identified in the complaint as "an automatic crane and grab machine." Rogers confiscated both the machine and the house trailer in which it was located and had them shipped to Lubbock.

Idaho Voting Favors Clark Over Taylor

BOISE, Aug. 10 (AP) — The hard fought battle for the Democratic nomination to the six-year U. S. Senate term in Idaho remained inconclusive today — two days after the primary election.

But the count definitely favored former Sen. D. Worth Clark, seeking to end incumbent Sen. Glen E. Taylor.

With 779 of 839 precincts counted, Clark held a 1,000 vote margin over the gutting former cow-boy from Pocatello.

The count showed: Clark, 26,475; Taylor, 25,409.

A third man in the race, Rep. Compton I. White, had 14,507.

Only a plurality is necessary to win in Idaho, making a run-off unnecessary. If Clark winds up with only one more vote than Taylor he still will win the nomination.

THE J.S. BAZOOKA — A cannon without recoil. This deadly weapon has proved its mettle against the tanks of the North Koreans. It fires rockets.

THE WEATHER

BIG SPRING AND VICINITY: Partly cloudy this afternoon and Friday. Widely scattered showers and showers Saturday. Much change in temperature.

Highest in normal season 100 in 1911, lowest this date 62 in 1922, maximum rainfall this date 6.5 in 1928.

RAIN

INSEPARABLE PAIR

Dog Lends Her Eyes To Horse

SPENCER Okla., Aug. 10 (AP)—Gal, a little four-year-old dog, has lent her eyes to Dollie, a sightless horse.

The pouch of dubious parentage has become a fretting mother over the bay mare—blind since a colt.

They make an odd looking pair bounding about the Green Pastures community farm of J. M. Collins east of here in Central Oklahoma.

But there's nothing odd about it to Gal. There's no one else to see to it that the seven-year-old Dollie gets to her barn every night and is not annoyed.

She becomes almost panicky when she senses that the dog is too far away.

When Collins arrives on his farm, he only has to call for Gal and Dollie tags along. Or he can call for Dollie, and Gal will also come.

An off field has been opened in the area, and workers have become attached to the pair. They bring Gal tidbits, and the bright-eyed mongrel now waits for them each morning.

But as soon as she gobbles down the food, she goes off to Dollie.

"After I trained Dollie as a plow horse, the people I bought her from wanted to buy her back," Collins smiled. "She's a wonderful horse."

One of the few times Gal releases her watch on Dollie is when Collins is using her for plowing.

Like a smart dog, Gal curls up under a tree and goes to sleep.

PRINCESS SHOPS— The Princess Alykhan, formerly Rita Haysworth, motion picture actress and dancer, near leather goods during a tour in Rome, Italy.

GOP, Dems Tread Separate Path In Try To Tighten Up Security On Home Front

WASHINGTON, Aug. 10 (AP)—Senate Democratic and Republican leaders tread separate paths today toward the common objective of tightening up home front security against Communist and subversive activity.

Their courses were officially charted in two policy committee meetings yesterday. A head-on clash on the floor was in prospect.

While this maneuvering was going on, the Senate showed a complete readiness to vote tougher home defense controls once agreement is reached on their form.

Without a dissent it passed three stiff internal security measures, including one which would permit the government to bar from the United States any suspected subversive alien. Not even top-drawer diplomats now untouched under immigration laws, would be exempt.

At the core of the inter-party dispute over new security measures is a bill sponsored by Sens. Mundt (R-S.D.), Ferguson (R-Mich.) and Johnston (D-S.C.) which the Republicans want approved. It would require that Communist and Communist front organizations register with the government, along with individuals who conspire to set up in this country a foreign-controlled dictatorship.

Democrats want to sidetrack that bill in favor of a milder one now

being drawn up by Justice Department and other administration officials along the lines of a message President Truman sent to Congress Tuesday.

Mr. Truman asked for registration of foreign trained spies and saboteurs, extension of the period in which acts of peace time espionage may be prosecuted, and broader authority to write security regulations for defense areas.

The President said the Mundt-Ferguson-Johnston bill goes further than necessary and might do more harm than good.

While the two Senate policy committees marked off their battle lines, the House un-American Activities Committee agreed to recommend subversive legislation stronger than that sought by the President.

Legion Meeting Set For 8 P. M. Tonight

Big Spring American Legion Post No. 355 will hold its regular business meeting at 8 o'clock tonight at the Legion clubhouse. Commander Roger Miller reminded this morning.

The business session was postponed last week because of the Big Spring rodeo.

Several items of importance, including a financial report, will be on the agenda tonight.

School District, HCJC Trustees To Meet Today

Trustees of both the Big Spring Independent School district and the Howard County Junior college will hold their respective regular meetings tonight.

The HCJC board will conduct a public hearing on a proposed budget for the coming fiscal year, and preliminary studies of a proposed budget will be on the agenda at the Big Spring School board session.

The city school board will meet at 7:30 p.m., and the Junior college trustees have set their budget hearing for 8 p.m. in the college library.

The school board also will officially set the opening date for the fall semester and make up the holiday calendar, for the 1950-51 school year.

Orange Loses City Officials Due To Dispute

ORANGE, Aug. 10 (AP)—Mayor Joe Runnels, Jr. is putting off naming two new city commissioners "until we can find somebody who would be elected by the people if they ran for the offices."

Runnels, newly installed mayor began re-haping his city staff yesterday after three commissioners and the police chief quit.

Runnels and one remaining commissioner W. J. Mullins, appointed a new commissioner, and then the trio named the city's department heads.

Commissioner F. H. (Tom) Williams, Orange druggist, resigned after Runnels was installed Tuesday night. Commissioner Howard S. Peterson, president of the Texas Crocodying Company, and Commissioner Charlie Taylor quit yesterday. Police Chief E. L. Nance resigned Tuesday night. Williams had been elected to a third term.

Runnels and Mullins named Charlie Mann, an insurance broker, to succeed Taylor on the commission. These three named businessman Alvin Keown to head the police department.

Commissioner Williams said he resigned because of "basic differences in philosophy of government and opinions of how a city should operate" between himself and Runnels.

Nance said he quit the police department because of "conditions over which I have no control."

Truman Blasts UN Filibuster By Russians

WASHINGTON, Aug. 10 (AP)—President Truman accused Soviet Russia today of filibustering in the United Nations Security Council.

He said the Russians were filibustering, no doubt about it.

In a news conference discussion Mr. Truman lauded Warren Austin, U. S. representative on the council, for doing what he said was a good job.

Once again the President rejected the idea of a meeting with Premier Stalin and other heads of state. But he said he would decide later, if such a suggestion were made, on whether there should be a meeting of high level leaders of the United Nations after settlement of the Korean crisis.

In hitting at Russian filibustering, Mr. Truman obviously was referring to obstructive tactics by the council president and chief Soviet delegate, Jacob Malik.

Malik has been using council meetings for oratorical propaganda blasts to such an extent that not much business can be done.

At Lake Success, council members planned to meet informally with Malik today to try to get him to stop his delaying operations. They held in reserve a threat to meet speech with speech.

Mr. Truman was asked what he thinks of the tactics of Malik and the Russian delegation.

He said he wasn't interested in their tactics but was highly pleased with the performance of the United States and British delegation.

He added that he doesn't like filibustering and the Russians are filibustering, no doubt about that.

He was asked if he thought the Russian filibuster was good or bad with reference to the possibility of eventual permanent peace.

The President replied that he couldn't answer a hypothetical question like that, that he didn't know.

The President was asked whom the Russians are "filibustering against?" He grinned and quipped that he thought they were filibustering principally against themselves, which he apparently meant their own interests.

"Do you think an East-West meeting now would do any good?" one reporter wanted to know.

Replying by indirection, Mr. Truman said the United Nations is working for a peaceful settlement.

Still, he said he favors doing anything that would contribute to peace.

Something Else NEW AT NATHAN'S

Make Your Pretty Nylons Last Lots Longer!

CARESE NYLON SAVER washes them for you in three shakes, with never a snag nor strain. Saves nylons, saves time, saves hands, saves labor. The fastest, lightest, handiest washer you ever used. Your nylons will last so much longer it will pay for itself. Precision made of opal polyethylene. Leak proof, snap proof.

WHAT IT IS: A good looking miniature washing appliance, shaped like a cocktail shaker, with an inner cradle having scientifically designed open-vented ends. It is pleasant, easy to use and is indestructible. It is instantly opened or closed.

WHAT IT DOES: It washes a lady's nylons for her in jig time and absolutely without strain, snagging, pulling or stretching of even the sheerest, most delicate stockings. It is the modern, quick, easy, safe way to wash nylons.

IS IT WORTH THE PRICE? Unthinking people who at first glance have confused the Nylon Saver with gaudy gadgets made of cheap plastics have been surprised at the low price of only \$2.95. The value of the Nylon Saver must be judged not by what it is, but by what it does. If, by preventing the untimely snagging, during washing, of just two pairs of nylons, that then must be discarded, it has paid for itself. See it today at Nathan's.

IN FLORIDA

Probers On Trail Of Chicago Bookie

WASHINGTON, Aug. 10 (AP)—The Senate Crime Investigating Committee is on the trail of a Chicago bookie it suspects may have moved in on the lush Florida gambling field.

The missing witness is Harry Russell, identified by the committee as a Chicago gambling operator who became a member of the highly profitable S. and G. horse book syndicate in Miami Beach.

Russell's name figured prominently in testimony at the committee's hearing yesterday when other members of the syndicate gave their version of how the Chicagoan came in for a one-sixth interest for \$20,000.

The committee has tried for three months to locate Russell.

"We have some new leads on him," Chairman Kefauver (D-Tenn.) told reporters, "and we'll get him sooner or later."

S. and G. Syndicate Members Jules Levitt, Leo Levitt, Harold Salvey and Edward Rosenbaum, and their attorney Ben Cohen, testified yesterday.

Questioned by committee members, they denied that Russell had muscled into the syndicate. Their account was that they thought Russell was going to try to take over some of their bookie spots and to prevent this they took him in. Also, they said, he knew how to operate gambling on baseball.

There was no connection, they said, between the fact that Russell was taken into the syndicate at the time S. and G. was having trouble getting its race wire service—a service reputedly controlled out of Chicago.

The matter of six-figure contributions to the 1948 governorship campaign of Gov. Fuller Warren of Florida also came in for further airing at the hearing. At previous sessions the committee heard testimony that three men gave \$154,000 each.

William H. Johnston, who heads the club which operates Sportman Park at Chicago and four dog tracks in Florida, said his contribution was around \$100,000, including some \$60,000 from his brother and two others.

This was paid mostly in cash, he said, because he didn't want to be identified with the campaign if Warren lost.

Johnston said he didn't expect to get a thing out of backing Warren who, he said, was an old and close personal friend. He said he didn't understand the "stunt" that arose because he helped Warren.

Earlier C. V. Griffin, Florida citrus grower, said he had asked Johnson ad Louis Wolfson, Jacksonville businessman, to underwrite the campaign, that they had divided expenses and that his share was \$154,000.

Bishop Bans Services To Bring Back Virgin Mary Image

LA CROSSE, Wis., Aug. 10 (AP)—A Roman Catholic Church prelate yesterday banned special religious observances at Necedah Aug. 15, when Mrs. Anna van Hoof has said the Virgin Mary will return in a vision.

Bishop John P. Treacy of the La Crosse Diocese also warned members of his faith that their presence at the anticipated vision "may bring dishonor to the traditional devotion to the Mother of God" on that date, a church holy day.

Mrs. Van Hoof claims to have seen the vision of the Virgin six

times since Nov. 12 in the yard of her farm home. The 40-year-old mother of seven children maintains that on June 18, the most recent occasion, the virgin promised to reappear next Tuesday and Oct. 7.

The Rev. Joseph Finucan, secretary to Bishop Treacy, said persons from outside the diocese had made tentative plans to hold a field mass to accommodate up to 100,000 persons expected at Necedah. There is only one small Catholic church in the Central Wisconsin village of less than 1,000 population. Special trains from Appleton, Chicago and Milwaukee had been scheduled to bring throngs to the community.

"Formal investigation of the alleged apparitions at Necedah reveals more contradictory evidence and further indicates that the claims are of an extremely questionable nature," Bishop Treacy said in a statement.

"No religious exercises of any kind whatsoever will be permitted at Necedah on Aug. 15 excepting the two usual parish masses at St. Francis Church," the statement added.

"Catholics are reminded that Aug. 15 is a Holy Day of Obligation (the Feast of the Assumption of the Blessed Virgin to Heaven) and they must attend holy mass."

Boston Firm Pays Top Wool Price At New Mexico Showing

ALBUQUERQUE, N. M., Aug. 10 (AP)—The Draper Top Co. of Boston paid top price of 80 cents per pound for wool shown at a recent commercial showing here.

The firm purchased 25,000 pounds owned by Gates Davis of Crownpoint, N. M. Preliminary figures compiled yesterday showed 1,600,000 pounds of the 2 million pounds shown were purchased.

Teen-Age Gun War May Have Been Checked By Police

TEXARKANA, Aug. 10 (AP)—Police say they have forestalled a war between teen-agers armed with home-made guns powerful enough to kill a mule.

Police Chief Jack N. Runnels said officers rounded up 30 such weapons Monday and Tuesday.

The guns, modeled after pistols, shotguns and rifles, were made of wood, lead pipe and adhesive tape. They fired shells or rocks with a gun powder propellant charge touched off by fire crackers.

Runnels said officers learned that boys who made the guns intended to choose sides and stage a war in a gravel pit near here. He said the boys ranged in age from 13 to 15.

The experts say it is possible for a hen to lay two eggs in the same day, although she generally lays only one.

Reds Use American Songs In Propaganda

HOLLYWOOD, Aug. 10 (AP)—Singer Jack Smith was back from a European tour today with the advice that Communist propagandists are switching the lyrics of popular American songs to prove that the masses are starving under capitalism.

Smith said a former Berlin cabaret manager told him that the words to "If I Knew You Were Coming, I'd Have Baked a Cake" were being used to show that rationing exists in the United States.

Lusty Song Wins

GOSHEN, N. Y., Aug. 10 (AP)—Del Miller a "veteran youth" of the grand circuit found the \$75-209 Hambletonian Stakes on his plate so he just gobbled it up.

The 37-year-old driver hipped Lusty Song home to win the silver anniversary Hambletonian yesterday in two straight heats.

COVERING ALL BETS—Stanley C. Minshall, mayor of St. Petersburg, Fla., offered to bet the mayors of 100 other cities that the sun would shine Sept. 1, the 40th anniversary of the Evening Independent's offer to give away its home edition on any day the sun fails to come out before 2 p. m. press time. If the Independent is free that day it will cost Minshall 100 straw hats. If the sun comes out, he will collect stakes ranging from a pair of flannel underwear to a baby skunk. (AP Wirephoto)

GEORGIA NEGROES SAY

Court Test Due To Open Colleges

ATLANTA, Aug. 10 (AP)—Two Negro leaders said today the willingness of Georgia Democrats to be jailed rather than obey the U. S. Supreme Court might be tested soon.

The comment by Dr. William Boyd and Atty. A. T. Walden came after the state Democratic convention in Macon defied the high court to open Georgia's colleges to Negroes.

Boyd is president of the National Assn. for the Advancement of Colored People and a professor of political science at Atlanta University. He put it this way:

"They have thrown down the gauntlet. We will have to meet the challenge or break faith with the Negro people."

The convention's resolution yesterday asserted the Supreme Court decision ordering admission of Negroes to universities in Texas and Oklahoma were not applicable to Georgia.

Convention Floor Leader Roy Harris of Augusta said that if faced with a Supreme Court order to

admit Negroes, Georgia's Democrats would go to jail first.

Said Walden, "we hope to be able to give them the chance to do just that." He added that it might be quite soon.

Another Convention Leader, Charles Bloch of Macon, the man who led the fight against President Truman's nomination at the national convention, observed: "They might put somebody in jail for a little while, but they couldn't keep them there."

Boyd replied, "all this may be good politics but it is not sound policy."

He added that despite all this defiant talk "Georgia still is a part of the United States."

"Up to now," Boyd continued, "Negro leaders have been aware of suits in other states for equal education. They had hoped for leadership which would make it unnecessary for them to go to court."

Boyd asserted there was not a single state-supported Negro college in the South with an accredited "A" rating.

Ozark Killer Of 3 Dies; Still Seek Missing Girl

EMINENCE, Mo., Aug. 10 (AP)—Officers today intensified a search for a missing 15-year-old girl as an aftermath to an Ozarks Mountains shooting episode that brought death to four persons.

The girl is Lola Fansler. Her father, Richard Fansler, 63, and brother Luther, were shot to death in their farm home Monday night. A 10-year-old girl, Barbara Harris was killed at the same time.

Roswell Rout Midland, 18-5

By The Associated Press

Roswell is making an impressive showing in the Class D Longhorn League, but it isn't getting the Rockets anywhere. While they win games in high, wide and free scoring fashion, pace-setting Odessa rolls right along—seven and one half games in front.

Last night Roswell blasted Midland, 18-5, using 21 hits 12 that went for extra bases. Hank Jacob, Tom Jordan and Bill Crumley homered. Jordan hitting his 32nd of the season.

Odessa pushed a run across in the eighth inning and it was good for a 7-6 victory over San Angelo.

Bullinger beat Sweetwater, 13-6, and Vernon used two run homers by Arnold Davis and Jim King for a 7-4 win over Big Spring.

Guerra May Hurl Here Tonight

Gil Guerra will probably be called upon for mound duty when the Big Spring Broncs take the field at Steer park against the Vernon Dusters.

Guerra has won seven, lost five decisions since joining the Steeds.

Curtis McElhenny may toil on the rubber for the Dusters, who will be trying to make it two straight over the locals.

The Roswell Rockets head in here for two games starting Friday, after which the San Angelo Colts will put into town for a pair of contests.

Tonight's game gets underway at 8:15 o'clock.

Yesterday the man accused of slaying the three 39-year-old William Harris was shot to death by a deputy sheriff.

He had been pursued by more than 100 officers and possemen for almost two days in rugged southern Missouri timberlands. Barbara Harris was his daughter.

Lola Jean has not been seen since Monday.

Prosecuting Atty. Friend Greene said it was possible the girl was dead.

Her father was shot to death shortly after he questioned Harris an ex-convict, on her whereabouts.

The Harris family had been living at the Fansler home, near this tiny southern Missouri town.

Mrs. Harris told the prosecuting attorney the elder Fansler pulled a gun on her husband after asking him what had become of Lola Jean.

Mrs. Harris quoted her husband as replying:

"What's the matter, are you crazy or something?"

Mrs. Harris said her husband took the gun from Fansler and began shooting. In the melee Fansler, his son and the Harris child were killed.

Harris fled into the hills.

Yesterday Deputy Sheriff Paul Frey spotted him on a woodland trail near Fremont, Mo.

He called upon him to halt but Harris refused and dashed into the brush and timber. Frey fired, killing him with a single shot.

Mexico Not Preparing Any Force For Korea

MEXICO CITY, Aug. 10 (AP)—"Mexico is not preparing any expeditionary force for Korea, period," Gen. Antonio Sanchez Acevedo, chief administrative officer of the defense ministry, told reporters yesterday.

The general's statement was on repeatedly published reports that the Mexican air force is preparing a squadron.

Howard County HD Women Are Busy Planning THDA State Convention

With the state convention of the Texas Home Demonstration Association less than two weeks away Howard County HD women get busier every day. Plans are shaping up as committees meet to work out the last details of every event scheduled. Mrs. Sam Armstrong, council chairman, and Mrs. Edward Simpson, THDA chairman are acting as co-chairmen of all convention plans. A meeting of the entertainment committee is scheduled for this afternoon and the Howard County HD council will convene Saturday at 3 p. m. for further planning.

Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off unwanted weight and helping to bring back slurring curves and graceful slenderness. Just get from your drugist, four ounces of liquid Bicarbonate. Add enough grapefruit juice to make a pint. Then just take two tablespoonfuls twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back-breaking exercise or restrictive diet. It's easy to make and easy to take. Contains nothing harmful. The very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, restore the misty bottle and get your money back.

A Bible Thought For Today—

The Lord bless thee, and keep thee: The Lord make His face shine upon thee, and be gracious unto thee: The Lord lift up His countenance upon thee, and give thee peace.—Num. 6:24-26.

The Government Could Save On Civilian Payroll In Defense

One of the most wasteful fields of spending by the Federal government is being made more wasteful by employment of thousands of civilians, men and women, in the various departments, especially in that of National Defense.

cause it will be needed, and then some. But every new sub-secretary must have a typing secretary or maybe two, and a messenger or maybe two, and a desk and swivel chair so he can think up and dictate directives or rulings and try to show that he is earning his salary and at the same time show his importance. They are all being added, day by day.

Texas And Rest Of The South Advance With Farm Electricity

Among the vast strides taken by the nation since World War II and before a new war started, that of farm electrification has been as broad as any.

This is an outstanding record. The program has been moving on a practical basis, and the process of adding electrically operated devices that save labor and add to the comfort and enjoyment of the people in the homes can be expected to go on.

The Nation Today—James Marlow

Truman's Anti-Subversive Bill Aims At Preventing Sabotage

WASHINGTON, (AP)—PRESIDENT TRUMAN has asked Congress to pass four laws aimed at Communists: Make it easier for the government to punish spies, keep a check on them, prevent sabotage, and watch aliens who should be deported.

In his message Mr. Truman asked for a law forcing anyone—that would mean foreigners as well as Americans—who has been trained or told to spy on this country to report that fact by registering.

HERE ARE HIS FOUR POINTS: 1. Make it easier to punish spies in peacetime. Under present law no one can be brought to trial for spying in peacetime unless the government charges him within three years of the crime.

HE DIDN'T SAY EXACTLY WHAT HE had in mind. But the House-passed bill spells out presidential power to issue security orders about planes, airports, waterfronts, laboratories.

FOR EXAMPLE: AMERICANS HIRED to do publicly here for a foreign government must register. So must American law firms if they're hired to advise a foreign government on how to deal with this government.

IF HE'S CONSIDERED DANGEROUS, of course, you can be sure the FBI will watch him. But now Mr. Truman asks for a change in the law to permit "the attorney general to exercise supervision over aliens subject to deportation."

Emmett Kelly's Weary Willie Has Made Millions Laugh

HOLLYWOOD. —Ever wonder about clowns? As an old circus follower, I have long pondered on the life of the fabled funny-man. And so I made fast tracks to Universal-International when I heard Emmett Kelly was there.

"My theory of comedy has always been to play something very seriously. I am always intent on what I am trying to do. The comedy comes when everything goes wrong."

"We Certainly Need To Get Something Under Control"

Capital Report—Doris Fleeson

Dems, In Rosy Dreams, Would Like To Grill Brewster On Wire Tapping

WASHINGTON.—The Democrats, who have not been getting many breaks lately in investigations, are indulging themselves these days in a rosy dream. They see the chairman of the Republican Senatorial Campaign Committee, Owen Brewster, of Maine, in the witness chair of the famous Caucus Room.

Actually, Senator Brewster, having hit the headlines with Lieut. Shimon, will probably ask to appear. The Senator told a grand jury he had paid \$100 or a little more to a man he assumed was Lieut. Shimon for getting rid of a man who shadowed him during the Hughes investigation.

Senator Brewster explicitly denies that he had anything to do with wire-tapping or had knowledge of it in the Hughes case. Aiding Senator Pepper will be two veteran Democratic hatchet men—Senators Neely and Ke-fauver, in contrast, the two sub-committee Republicans, Senators Hendrickson and Darby, are relatively inexperienced.

Merry-Go-Round—Drew Pearson

Stalin Got Warning US Would Not Tolerate More Soviet Shenanigans

(ED. NOTE—While Drew Pearson is on a brief vacation, his column will be written by members of his staff.) WASHINGTON.—One of the stories of the Korean war is that Joe Stalin had a blunt forewarning from President Truman that we wouldn't put up with any more Soviet shenanigans in Korea or anywhere else.

TRUMAN TRIVIA. Though President Truman doesn't object to smoking, he won't touch tobacco in any form. He insists on being on time for all appointments and warns his tardy assistants that "it's an insult to be late."

RUSSIA IS MUCH BETTER PREPARED for war in Europe than are the western allies. With 170 divisions of troops and huge tank forces at her command, compared with maybe a dozen western divisions, she could sweep through to the English Channel.

Around The Rim—The Herald Staff

We Have Nothing To Fear But Fear Itself, FDR Once Said

"We have nothing to fear but fear itself." It wasn't so long ago that the late President Franklin D. Roosevelt proffered this advice to an America that was literally scared as the powerful German blitzkrieg rolled over the Lowlands and into France.

Effectiveness due to a lack of food because the people at home must be fed, too. Maybe this sounds far-fetched. It isn't. One thing can always lead to another and a nation confronted with war must conserve all for the war effort.

Notebook—Hal Boyle

GIs Have Comforts Of Home But Lack Essentials Of War

WITH U. S. TROOPS IN KOREA, (AP)—One of the tragedies of the Korean war is that America has been able to supply its outnumbered troops with many of the comforts of home—but as yet hasn't delivered enough men or tools to win victory.

THE NORTH KOREAN CAN GRAB UP a few balls of rice, his gun and a couple of ammunition bandoliers and take off through the hills and be self-sufficient for days. That is the type of wilderness scouting that used to be typical of the American soldier, no longer is.

Affairs Of The World—DeWitt MacKenzie

Over-Running West Europe Now Won't Win Any War For Soviet

UN SECRETARY GENERAL TRYGVE Lie says he really thinks the Soviet Union wants peace. Well, it's easy to believe that Russia wants peace (for herself)—that she doesn't want to get involved in a world war at this juncture.

hypothetical situation which the Kremlin naturally hasn't overlooked. America's strength in atomic weapons, and her ability to produce them, presumably are unknown quantities abroad.

AREA OIL NEWS

Shell Completes No. 1 O'Daniel

Shell has completed its No. 1 O'Daniel in northeast Howard county for a calculated potential of 404 barrels of 46 gravity oil per day.

The calculation was based upon an actual flow of 303 barrels in 18 hours. Flow was natural through a 1/2-inch bottom-hole choke, and there was no water. Gas-oil ratio is 1.84:1.

The production is through perforations between 7,905-8,005 feet from a Pennsylvanian lime believed by some geologists to be the Canyon. This has not been verified however.

Location is 660 feet from the south and 1,980 feet from the west lines of Sec. 2-30-in-T&P. It plugged back to a depth of 8,010 feet after encountering sulphur water in the Ellenburger at 8,780 feet.

In Dawson county the Manning and Bay No. 1 D. Huddle, a mile and a half southwest of Lamesa was drilling below 8,403 feet in sand and lime, following an electric log test at 8,293. No results of the electric log had been announced, but a slight oil stain was noted between 8,380 and 8,398 feet.

Livermore and Texas & Pacific No. 1 W. B. Currie in north-central Howard county was preparing to core in the Dean sand, which is the lower part of the Spraberry of the lower Permian. It is at a total depth of 6,847 feet and the

Dean sand was topped at 6,822 feet.

The W. C. McBride, nc. No. 1 E. M. Conrad, southwest Scurry county wildcat, recovered 480 feet of heavily oil and gas cut mud on a drillstem test from 4,325 to 4,640 feet. However, the recovery had a distinct sulphur odor. The tool was open for one hour, and there was a strong blow throughout the test.

Location is 860 feet from south and west lines of Sec. 13-24-H&C. It is about 17 miles southwest of Snyder.

SCORE

Masan, south coast port. Hundreds of North Koreans were forced to retreat toward Chingju base so fast they left quantities of arms and equipment behind. They were of the North Korean Sixth Division.

In apparently sacrificing the Sixth Division, the Red command diverted the North Korean First Division toward the Nakdong River barrier battle 20 miles north of Chingju. The First Division had been supporting the Sixth Division.

U. S. 8th Army Headquarters said the sixth may try to make a stand in high ground west of Chingju.

SWEDISH FAMILY TREE — Fifteen of her nineteen children mark their mother's 50th birthday near Stockholm. Four others are in army. Mother and father Lindstrom are at top.

THE HOARDER'S DELIGHT

Sugar In America Controlled By US For Political Reasons

NEW YORK, Aug. 10. (AP)—Sugar is the hoarder's delight. The supply in the United States is controlled by the government for political reasons. That means that sometimes there isn't much of a reserve stock in the supply pipelines. The hoarder can clean off the shelf fast.

Even when the hoarder's fears and imagination aren't working overtime, a fierce battle is usually raging between the various interested parties—producers, refiners, importers and consumers — trying to get the government to change the quota on the amount of the sweetstuff that can be brought into the country, and consequently, what the price will be.

The government tries to please all the voters—those in the western beet growing states and the southern cane growing states. It also strives to please the big industrial users and placate the Cubans. It's a politician's holiday.

peace. It frequently grows too much. That's why pressure is put on the politician. When the hoarder steps in as the just has with both feet—the tightly regulated sugar supply line, from the grower to the grocer, dries up, seemingly almost overnight. Yesterday's surplus becomes today's shortage and tomorrow's hardening board on the pantry shelf.

Everyone—most of all the majority of Americans who don't hoard—pays more refined sugar has already gone from 7.75 to 8.10 cents a pound at the refiners door, and raw sugar from 5.45 to 6.15 cents. The home canner, who needs more sugar just now, can't find it and food is wasted.

Here is what the various interested parties—and remember each has his own axe to grind—say about the present sugar situation. U. S. government officials: "The world produced about one million

more tons of sugar than could be sold before the Korean war, and there is no excuse for hoarding." Big sugar users in the food and beverage industries: "Washington set the sugar import quota too low this year and reserves were below normal for even the seasonal increase in demand this summer."

Sugar refiners: "Orders from wholesalers and big consumers seeking to build up inventories are pouring it at twice the rate of our capacity." Sugar distributors: "Retailers should sell no more than one pound of sugar at a time to a customer. If she wants to, the housewife could hoard a total of up to two million tons of sugar, creating a real, instead of the present artificial, shortage."

Grocers: "Our shelves are cleaned out by panic buyers and some suppliers are holding up re-orders to see how high the price will go." The individual hoarder: "I want

UNANIMOUS APPROVAL

Truman Tax Bill Gets Senate Okay

WASHINGTON, Aug. 10. (AP)—The Senate Finance Committee today unanimously approved President Truman's proposal for a \$1,500,000,000 a year increase in corporation taxes, boosting the top corporate income rate from 38 per cent to 45 per cent.

The committee acted shortly after President Truman told a news conference that an excess profits tax will be enacted eventually. The committee ruled that the higher rates shall apply as of July 1, 1950. It refused to accept Mr. Truman's proposal that the increases apply to all of 1950 corporate income.

The corporate increase is part of Mr. Truman's overall \$5 billion tax increase proposal, to help finance the Korean war and America's aggression against Communist aggression. The committee probably will vote tomorrow on the President's proposal for a \$3 billion increase in

TEXAS TODAY

Pigeon Leaves Undeciphered Message In Man's Back Yard

By WILLIAM C. BARNARD Associated Press Staff News from the animal kingdom

A white carrier pigeon with a coded message attached to its leg flew into Frank Pritchett's back yard in Abilene, Texas, and was captured. Pritchett couldn't decipher the code and called a U. S. Army

recruiter who in turn phoned Fort Sam Houston, San Antonio. Fort Sam Houston said it doesn't have any pigeons, with or without codes. At last reports, Pritchett still has the pigeon, which refused to leave, and an undeciphered code. Our feeling is that the pigeon was waiting for Pritchett to return its message.

Texas A&M College has some "atomic chickens." They are part of an experiment to determine whether radio-active phosphorus can be transmitted from parent to offspring. Dr. J. H. Quisenberry, head of the college's poultry husbandry department, said the radio-active substance was fed to male and female F-1ing a Geiger counter. Quisenberry found that the birds passed the radioactivity along to their eggs and even their newly hatched chickens.

Is Karla, 10-month-old, Duber, man's pet, owned by George Kovacevich of Galveston, a help or hindrance? The other day her barking caught the attention of

city police who arrested a prowler in the yard of the Kovacevich home. A couple of days later the Kovacevichs were at least temporarily barred from moving into a new house—because they own a dog.

Joe Bodin, Harlingen business-man, saw a pelican fishing in a canal. He slipped up on the gangly bird, lassoed him and brought him back to the Harlingen zoo. "I had quite a tussle getting that orny bird back here," Bodin said.

Fred Hale, Freestone County stockman, went after buzzards that had killed 18 of his baby calves. So far he has snared 32 in his trap. In one day alone he caught 210.

The Amarillo News-Globe told this wondrous story of a farmer west of Dalhart: his cows and an electrical storm. William Foster the rancher was milking one of four cows lined up in his barn. Came a blinding bolt. Cow No. 1, farthest away from Foster, looked as startled as a cow can look and then keeled over. Cow No. 2 also keeled over. Cow No. 3

Tate left cow No. 4 which Foster was milking. Before Foster could get out of the way, No. 4 bucked and shipped and fell over in his lap. He is recovering from a broken leg. The cows are all up and around and doing nicely.

HARRIMAN RETURNS — Presidential envoy W. Averell Harriman smiles and tips his hat in greeting as he leaves his plane at Washington after a flight from Tokyo. He visited the Korean front and conferred with Gen. MacArthur. He will make a first-hand report on the war to President Truman. (AP Wirephoto)

Monday Ideal Date For Poisoning Of Boll, Leaf Worms

Monday probably will be the ideal date for many cotton farmers to poison boll worms and leaf worms simultaneously. County Agent Durward Lewler has advised.

Boll worms are expected to reach their peak sometime next week and many leafworms already are hatching, the farm agent noted. Leafworms are not expected to cause much damage for several days, but control treatment early next week may bring good results for both types of insects.

Reports of good results on boll worm controls have been reported during the past few days. Some farmers were alarmed briefly after dusting with Toxaphene, but Lewler reminded that Toxaphene often requires up to 72 hours to complete its work. It must be completed its work. It must be completed its work. It must be completed its work.

Suggests A Day For "Old Maids"

DENTON, Aug. 11. (AP)—A Texas old maid rebelled today against several decades of living and suggested old maids set some piffle. "Miss Dorothy Babb wants an 'Old Maid's Day'—just like Father's Day, Mother's Day, etc.

Or, for that matter like graduation day, birthdays, bridal showers, baby showers, wedding anniversary, etc.

Miss Babb, an instructor at North Texas State College here, figures these "days" have cost her \$1,500 in 25 years. But old maids are even denied birthdays. As Miss Babb says, "we seldom mention our ages."

"Every dog has his day," she argued in a statement, "why shouldn't we old maids have ours?" She wants her day on "Aug. 15, right between Labor Day and the dog days of summer." And she wants no misunderstanding about how old maids are to be honored.

"With gifts," she explained, "so that we may be repaid in part for the many presents we've given in our lifetimes."

The bill jointly sponsored by Rep. Dingell (D-Mich.) and Senator Johnson (D-Colo.), earmarks revenue from the federal 10 per cent tax on sports fishing tackle. Such revenue, estimated at from \$3,000,000 to \$4,000,000 a year, will go back to the States to help them restore and expand game fish resources. President Truman signed the bill yesterday.

Vegetables Should Show Variation, Imagination

FRESH GREEN BEANS — make a delicious dish, complemented by baked potatoes and sausage.

Variation is the secret of serving fresh vegetables. It has the same effect as adding exotic herbs and spices. Variation, imagination and combination can turn ordinary carrots and cabbage into delectable dishes.

Hollandaise sauce, browned onion butter or lemon butter sauce, mayonnaise, mushroom sauce, white or tomato sauce can give Plain Jane vegetables new zest. A spinach ring filled with creamed shrimp and garnished with hard-cooked egg wedges will make Jun-ior forget he ever said, "I hate spinach."

At prices low enough for any family to afford, vegetables provide starches and sugars for energy, several forms of protein, but most important, they provide im-pressive amounts of vitamins A, B, C, E and G, in addition to mineral salts.

Boiling does the most damage to vegetables, yet it is used most frequently by the largest number of homemakers. Baking, au gratin and sautéing, waterless cooking and steaming are the best methods of cooking to save the food products.

Some vegetable recipes that spell new variations follow.

Best Buys

Plentiful and reasonably priced green cabbage is the current best food buy in leading southwest markets, according to the southwest office, U. S. Department of Agriculture's Production and Marketing Administration.

Also available in ample supply for lower cost menus are peaches, carrots, green beans, Irish potatoes, lettuce, celery and summer squash.

"Best buys" at key markets as recorded by USDA fruit and vegetable reporters include:

DALLAS: Irish potatoes, green beans, cabbage, carrots, peaches, lettuce.

FORT WORTH: Cabbage, squash, cantaloupes, peaches.

NEW ORLEANS: Eggplant, okra, celery, cabbage, lemons.

"Best buys" are based on comparative abundance and relatively low prices of fresh fruits and vegetables found at key markets.

Survey Shows Most Popular Vegetable

Lettuce is the most popular fresh vegetable bought according to a recent survey completed by the U. S. Department of Human Nutrition and Home Economics.

The survey families were fond of fresh vegetables, too, consuming about 2 1/2 pounds per person per week. Lettuce was used in three-fourths of the homes; mature onions in two-thirds and cabbage in one-third. About one-half used tomatoes and celery.

In addition, almost all the families used Irish potatoes and a few used sweet potatoes.

Most frequently used canned vegetables were canned peas, corn and tomatoes. About 40 per cent used canned peas at least once a week and 30 per cent served canned corn. Almost the same proportion one-fourth used canned tomato juice and canned tomatoes.

Of all the money spent for vegetables, 70 per cent went for fresh kinds, 25 per cent for canned and the remaining five per cent for frozen.

Southern Notables Had Food Favorites

This Sponge Cram Roll, made by an heirloom recipe, was a favorite of Adlai Stevenson, early day Vice President of the United States, and signer of the charter of the Daughters of The American Revolution. This recipe is one of many with historical associations included in the new book, "Romantic Recipes of The Old South And Great Southwest."

SPONGE CREAM ROLL

1 cup sifted sugar
2 eggs
1 teaspoon lemon extract
1 cup sifted flour
1 teaspoon double acting baking powder

1-3 cup boiling water
1-2 teaspoon salt
(Use a small deep bowl 6") for mixing this batter)

Beat eggs with rotary egg beater until light and foamy, then add sugar a little at a time while continuing to beat mixture, and add lemon flavoring extract.

Remove egg beater and using a spoon, gradually stir in the flour, which has been sifted with the baking powder and salt. Add the boiling water, mix quickly, and pour the thin cake batter into a shallow sheet cookie pan (about 10" x 15") that has been lightly greased or lined with waxed paper.

Bake in a moderate oven, about 350 F. for 20 to 25 minutes. Cake is done when it separates from sides of pan, and springs back when touched lightly. It should not be baked enough to turn brown.

Remove from pan, cut off crisp edges with a sharp knife, and roll the cake immediately tying with strips of soft cloth to hold in shape.

When cool, unroll and spread with cool cream filling, or with lemon jelly filling if preferred, and roll again, dusting with confectioner's sugar, and serve soon. Makes 10 slices.

Merry Christmas Back In Uniform

McGHEE, Ark. Aug. 10 (AP)—Merry Christmas is back in uniform.

The 19-year-old Collins, Ark. youth enlisted in the Air Force recently and has been assigned to Fort Riley, said Sgt. R. E. Mahler of the Army-Air Force recruiting station.

Christmas was discharged from the Army last January after serving a little more than three years with the 82nd Airborne Division.

Mahler said Christmas told him that he liked the service and hoped to get to Korea.

GLASS THAT'S USABLE AGAIN

ELMIRA, N. Y., Aug. 9 (AP)—When a shortage of soda ash forced the Thacher Glass Manufacturing Co. to close its plant, local volunteers pitched in to recopen it.

They collected 20 tons of used glass from which the plant extracted enough material to resume operations.

Making Use Of Tips On Preparation Of Vegetables Helps Preserve Flavor

Putting into use some timely tips on fresh vegetables will help preserve the flavor through the cooking process. Vegetables should be washed quickly, but not soaked. Do whatever fixing is necessary—scrubbing, paring, husking, shelling or cutting up—just before cooking. Flavor and food value are lost when prepared vegetables are exposed to air or left standing in water.

Cook the vegetables in the smallest possible amount of water and serve as soon as cooked. Use the plentiful foods for lower cost meals.

Among the more plentiful vegetables now is cabbage. Serve it cooked for variety's sake, but remember that cooking destroys most of the Vitamin C content.

Watermelon is also a good source of vitamin C, which is important for strong blood vessels, hard teeth and bones and firm muscles.

RECIPE OF THE WEEK SKILLET CABBAGE

1 tablespoon butter or bacon drippings
1 onion chopped
1 green pepper, chopped
1 cup thinly sliced celery
1 or 2 large ripe tomatoes, peeled & chopped
4 cups shredded cabbage
1 teaspoon salt
Pepper

Melt butter or drippings in large skillet. Add vegetables. Sprinkle with salt and pepper. Mix well. Cover snugly and let steam 5 or 6 minutes, stirring once or twice during cooking. Serves 4 or 5.

TWO MEN ARRESTED ON Counterfeit Count

WASHINGTON, Aug. 10 (AP)—The Secret Service announced the arrest of two men in a lonely mountain cabin at Desoto, Mo., on charge of passing \$12,000 in counterfeit \$10 bills in 23 states.

Secret Service Chief U. E. Baughman said the men were scheduled for arraignment today before a U. S. commissioner in St. Louis. He named them as:

Melvin Godfrey Parsons, 57, of Crystal City, Mo., charged with manufacturing the bills.

Louis Elmer Shaw, 41, of Desoto, Mo., charged with passing the bogus money on grocers and other storekeepers throughout the West, Southwest and Southeast.

WRONG NATION, WRONG TIME

SYRACUSE, N. Y., Aug. 10 (AP)—Thomas Grogan produced a driver's license in traffic court, but he still paid a \$25 fine on a charge of driving without a license.

The license Grogan carried had been issued in Ireland — and had expired in April.

Ezio Pinza Injured In Horse Accident

MONTEREY, Calif., Aug. 10 (AP)—Singing Star Ezio Pinza was thrown from his horse and dragged a short distance yesterday.

Metro-Goldwyn Mayer Studios said he suffered badly bruised legs. Pinza is here making a movie.
