3,000 SEE RITES

Dedicate Hospital To Helping Sick

A magnificent hospital plant, erected and equipped at a cost of more than six million dollars, was dedicated Sunday to the cause of "helping sick men and women get well."

THE WEATHER

He placed the injured at 40 or 50. Fort Hayes at Columbus said it had compiled a list of 27 soldiers dead, and 61 injured, 20 of them critically.

The coroner said the figure was "at least 32 and possibly more." Major George L. Ford explained, "We are compiling the military casualties, and some civilians might also have been killed."

The passenger train, the Spirit of St. Louis of the Pennsylvania Railroad, collided with another Pennsylvania train carrying Pennsylvania National Guardsmen to Camp Atterbury, Ind. No passengers on "The Spirit" were reported seriously hurt.

Railroad officials said "we won't have anything on cause of the wreck until after an investigation is made."

Most of the dead and injured were in an old fashioned coach on the end of the 20-car troop train. Some were sleeping, others were being awakened for breakfast when the crash occurred at 4:15 o'clock.

The rear coach looked like a pile of tin cans and rubbish after it had been rammed. Its roof, 70 feet long, was compressed into 10 feet.

Four hours after the accident workmen with acetylene torches still were removing bodies from the wreckage. Each was tenderly laid, covered with an Army blanket, on the ground as a heavy rain fell.

The troop train had stopped, apparently due to mechanical trouble, at 4:10 o'clock a mile east of West LaFayette. That town is 7 miles west of Coshocton.

Red flares were put out, a train crew member said, but they apparently were not visible to the engineer of the approaching diesel-drawn Spirit of St. Louis.

The worst casualties were among members of Battery B of 109th Field Artillery of Pennsylvania's 28th National Guard division. And most of them were from Williams, Pa., and vicinity.

First reports indicated no one aboard the 17-car "Spirit" was killed, although its locomotive toppled over an embankment.

"We either were stopped or slowed down when the crash came," said Capt. Robert Short of Dallas, Pa. He is commander of the 109th Battery A, whose men slept in the third car from the rear.

Fear Thirteen Missing Miners May Be Dead

NEW CUMNOCK, Scotland, Sept. 11. — Drenching rains today drove rescue squads out of the depths of the coal mine from which they saved 116 of 129 trapped miners yesterday.

They worked all night seeking some trace of 13 men missing since they were cut off from their comrades Thursday night by a sudden massive cave-in. Safety inspectors ordered the rescue volunteers up at dawn. Soon after that rain water pouring into the crater near the mine shaft caused two fresh cave-ins which almost blocked the entrance used by the rescuers.

Atlantic Area Set For Winds

MIAMI, Fla., Sept. 11. — The Atlantic coast from Atlantic City to Cape Cod faced the prospect of gale winds or higher today and tonight as the Atlantic hurricane stepped up its forward pace and bypassed Cape Hatteras.

The storm, once packing 160-mile winds an hour, will swing "pretty close" along the Long Island to Cape Cod coastline, said Grady Norton, chief storm forecaster in the Miami Weather Bureau.

Winds of gale force should begin along the coast around Atlantic City and probably will reach New York City, he said. "Long Island and New England will be closer to the center, and the Cape Cod-Nantucket area may get hurricane winds. At present it appears that the storm's center will pass east of Nantucket about midnight, but very close there and at Cape Cod."

NEEL BARNABY

Neel Barnaby Named To State Legion Position

Neel G. Barnaby, a past commander of Post No. 355 in Big Spring, was elected sergeant-at-arms of the American Legion Department of Texas at the annual convention Sunday in Galveston.

Barnaby, a lieutenant commander in the Naval Reserve, has been particularly active in Legion affairs since World War II when he served on active duty with the Navy.

He had held several posts on committees of the state department, in addition to completing a term as commander of his home post.

Barnaby is the first member of the local post to be elected as an officer in the state organization, and one of the first ever elected from this area of the state.

Dozens of posts throughout the state supported the Big Spring candidate for sergeant-at-arms. He was a close second in the voting for the same office last year, despite the fact that no active campaign had been conducted in his behalf.

W. H. Harrison Is Production Chief For U. S.

On "Hot Spot" As War Mobilization Machinery Rolls

WASHINGTON, Sept. 11. (AP)—President Truman's new war mobilization machinery, geared to a \$30 billion-year arms program, began to roll today under a production boss borrowed from industry.

William H. Harrison, president of International Telephone and Telegraph Corp., walked into the hot spot as head of a new "national production authority" (NPA) in the Commerce Department.

His first job, after today's swearing-in, was to face the steel industry—the presidents of 21 companies, invited here to discuss how to divide steel supplies between booming civilian factories and mushrooming war plants.

This was the first move in a mobilization against Communist aggression which Mr. Truman said Saturday night may last many years and will require sacrifices of every American.

A series of orders is expected to follow. But actual "allocations"—that is, assignments of steel and other materials to particular users—may not begin for weeks. And civilian goods—autos, television sets, freezers and others—may not be affected for months.

Immediately ahead, perhaps within this week, are: 1. Issuance of a scarcity list by Mr. Truman, naming materials in short supply. Steel, copper, rubber, and aluminum will be on it.

2. An inventory control, or anti-hoarding, order by NPA. This will make it illegal for business firms or others to amass supplies of the scarce goods beyond a normal working level.

3. A priority regulation, to compel mines and factories to put defense orders ahead of all others. In his Saturday night radio and

Liberals, Conservatives Fight In State Dem Meet

By DAVE CHEAVENS MINERAL WELLS, Sept. 11. (AP)—Feuding factions of Texas Democrats took up the old liberal versus conservative fight today.

The State Democratic Executive Committee met as a prelude to tomorrow's state convention. The committees first job will be to decide which of several contesting delegations would be seated and thus rule on the first round of the fight.

Conservatives seemed to have the advantage in the pre-convention guessing of political professionals. If that happens, control of the party will pass from the hands of liberals who have prevailed since 1944, and a middle-of-the-road group led by Gov. Allan Shivers will take over.

Today's first business was selection of a credentials committee to hear contests from Harris County (Houston); Dallas County (Dallas); Tarrant County (Fort Worth); and from several smaller counties. Liberals and Conservatives split in those counties and sent rival delegations to the convention.

Gov. Shivers told reporters yesterday he believes any person who will take the pledge to support state office nominees of this convention should be seated.

Under his peace and party harmony program, Democrats who have broken with the party in the past—especially over national issues—would be entitled to seats if they would take the loyalty pledge.

On a county-wide basis, bonds in the amount of one million were approved for widening of streets, highways, grade separations and drainage jobs. Only 25 votes were cast in rural boxes and 19 were in opposition.

# Serious Lack Of Perspective In Washington Seems Evident

By J. A. LIVINGSTON

The current postwar bling just cannot last. Shakespeare would describe the times as "out of joint." The rise in wages, prices, profits and dividends while U. S. troops are struggling 5,000 miles away to hold a bridgehead in Korea is a political, social, and economic paradox.

President Truman, himself, goes to the head of the class in political contradictions. Just when the morale of fighting troops should be high and rising, he, as commander in chief of the Armed Forces, insults the Marine Corps. Fortunately, the President retracted. But the faux pas suggests tension in Washington and a serious lack of perspective.

Walter P. Reuther, president of the United Auto Workers, gets the Phi Beta Kappa key in labor paradox-psychology. He admonishes Congress to restrict profits and keep down prices. But he's Johnny-on-the-spot getting wage boosts which inevitably push up the price level. Of the Ford agreement, he chortled, it's the "best in the industry." Yet it superseded a contract which took effect only six months ago. That's fast obsolescence!

Chrysler Corp. must share with General Motors and a host of others honors in Anachronistic Action. After Chrysler granted workers a 10-cent-an-hour wage boost, it voted shareholders a \$3 special dividend. The company can well argue that the owners of the business are entitled to participate in

increased production and profits. But that only builds up to future wage demands. And it makes higher individual incomes a logical source of still higher taxation when Congress convenes in January. Corporate dividends this year are 7 per cent ahead of last year and are well above any year on record. In wartime they're a natural target as "unearned income."

The theme, everywhere, is: "Inflationary days are here again." Wall Street brokers are sending out letters to customers reminding them that the purchasing power of the dollar dropped during the first World War and again during and after the Second World War. Inference: History's going to repeat. Conclusion: Invest in common stocks. If you own a piece of General Motors or U. S. Steel or Pennsylvania Railroad, you own a share of brick and mortar of their buildings, the technological capacity of their machinery and locomotives. So you have a hedge against inflation.

It's all so pat and unanimous! Yet, you can't get away from one stark fact: The Army sent out a Selective Service call for 70,000 men in November and against 50,000 in October and 50,000 this month. This war isn't localized in South Korea. It's reaching out into homes on Main Street, Broadway, and Smith's Corners. More and more people are going to get concerned about what Sen. Lyndon Johnson (Dem.-Tex.), heading the Senate Armed Services Preparedness Subcommittee, calls the "siesta psychology" in phases of the defense program. (This subcommittee is comparable to the former Truman Committee in World War II.)

Furthermore, America has done an awful lot of anticipating. Immediately after Korea, orders for automobiles jumped. "I won't go through another war without a new car," was a common expression. Housewives scurried after sugar, canned goods, and nylons. Business men figured they'd better get forward protection. Result, orders boomed.

Department stores are a good

example. A group of merchants reported to the Federal Reserve Board an increase in commitments of 89 per cent from June to July. True, department store orders usually rise in July. But not that much. The previous high was 49 per cent in 1940.

As a result, the National Association of Purchasing Agents feels that the "sharp upswing started in July has about reached its top." Standard & Poor's Corp. suggests that "there may be a reaction this fall after much of the recent anticipatory buying has been digested and before military preparations swing into high gear."

The Federal Reserve Board courageously is taking the lead. It has served notice on bankers and business men that the credit spree is over. Yet the significance of its

action in increasing the redcount rate, from 1 1/4 per cent to 1 per cent, hasn't sunk in. It means that the Federal Reserve really intends to clamp down on credit. Thomas B. McCabe, Board Chairman, would not have risked an open conflict over interest rates with Secretary of the Treasury John W. Snyder if he hadn't meant business.

It means that if the Reserve has anything to say about housing

Big Spring (Texas) Herald, Mon., Sept. 11, 1950 3

loans, such loans will be harder to get. It means that installment and consumer credit will be limited and even cut back.

The Reserve intends to reduce the money supply, to stop the increase in purchasing power at a time when the supply of goods for civilian consumption is likely to be reduced. At the same time, the tax bill will begin to cut more out of pay envelopes in October. And another tax bill is due next year. So the pace of inflation is due for a check. And the economic mood of the nation, including Wall Street, is likely to undergo a change. All inflations, whether economic or emotional, have downs as well as ups.

## How Mild can a cigarette be? —Smoke CAMELS and see!

"Mildness is all-important to me as a singer. I smoke the cigarette that agrees with my throat—Camels!"

**EZIO PINZA**  
FORMER STAR OF "SOUTH PACIFIC"

Every day, more and more smokers are finding the answer to cigarette mildness. They're making their own Camel 30-Day Mildness Tests... smoking Camels regularly for 30 days.

It's the sensible test! No short cuts, no tricks! No snap judgments based on one puff or one sniff. Not just a one-time, one-inhale comparison. Instead, you smoke Camels—and only Camels—giving them a real, day-after-day tryout. You judge Camel's choice tobaccos in your own "T-Zone"—the best proving ground for a cigarette. Once you've made the Camel 30-Day Test, you know how mild a cigarette can be!

Ezio Pinza, one of the all time greats of the opera, became America's No. 1 matinee idol when he starred in "South Pacific". Mr. Pinza chooses the cigarette he smokes with the same care as the roles he plays.

Smokers are testing cigarettes more critically than ever before!

## Even With Its Headaches, Cotton Crop Has Bright Spot In Price

The Department of Agriculture estimates the 1950 cotton crop in Texas at 2,775,000 bales, which is 225,000 lower than the estimate made on August 1. This is the smallest crop since 1946, which was around 1,600,000 bales.

Two principal factors account for the small Texas crop this year—adverse growing conditions and insect infestation, which often go together. In this case, particularly in some parts of West Central Texas, too much rain aggravated the insect problem.

## Only In This Country Is Public Opinion Such A Mighty Force

The spectacle of the chief executive of the most powerful nation on earth publicly confessing error and apologizing therefor could not even be imagined by the Russians or any other people under totalitarian dictatorship.

It is conditioned largely by one's opinion of Harry Truman. His enemies will interpret his apology as abject and hypocritical, the product of fear. His friends, while deploring Mr. Truman's "unfortunate choice of language," will insist that his apology is sufficient amends, and the incident should be closed.

## Arming Germany Is Essential To Western Europe's Defense

THE AVERAGE CITIZEN OF THE DEMOCRACIES naturally feels misgivings over the probable rearmament of western Germany which so recently engaged in big-scale aggression against her neighbors.

AND THE GUARDS WENT IN GOOSESTEPPING! Of course they were mown down to a man, but this display of courage and discipline turned the trick. The following wave of regulars swarmed up the hill and captured it.

IF WE MAY RETURN TO OUR FORMER practice of devoting some of our Monday column to reminiscence, I will cite a striking demonstration of these German characteristics which I observed while correspondent on the British front in France during World War I. This was in an area where the Britons had fortified a small and precipitous hill overlooking the German trenches.

CHAMBERLAIN TRAVELED BY plane from London to Godesburg, and his arrival was attended by an incident which I feel sure was staged by Hitler for its psychological effect on the prime minister. The plane was availed by a squad of the famous death's head guards—so called because of the fearsome skull on the front of their helmets. They wore hob-nailed boots up to their knees, and were a tough looking lot.

### Seek-Wasp In Siam

BANGKOK—(AP)—The United States Department of Agriculture has started a one-year investigation of fruit flies and their enemies in Siam in the hopes it will find a Siamese wasp to defeat a plague of fruit flies in Hawaii.

It was to me a devastating and brutal reminder of German might, Chamberlain must have felt it so strong that he carried the impression with him a bit later in the Munich conference where the allies sold little Czechoslovakia down the river to appease Hitler's ravenous demands.

## India's Plan For 6-Nation Group To Mediate In Korea Finds Favor

By GEORGE GALLUP, Director, American Institute of Public Opinion. PRINCETON, N. J., Sept. 11—The proposal of Prime Minister Nehru of India that a committee of six of the smaller nations in the U. N. try to bring about a peaceful settlement of the Korean war has very substantial support from American public opinion.

The proposal had been carefully worked out by the Nehru government in New Delhi, following an unsuccessful attempt by Nehru himself to act as mediator between Russia and the United States to bring about a settlement of the Korean conflict.

## Average Texan Would Almost Welcome A Return To Frontier Fighting Days

AS HE READS HIS MORNING paper with its catalogue of perversions and horrors, the average Texan would almost welcome a return to the days of frontier fighting when men died of good clean wounds and relatively close to home. But by an indiscriminate application of uplift and education we have gotten far away from our barbaric past.

RECENTLY THE ASSOCIATED Press answered another question in the minds of many Texans—"has Mickey Cohen gone?" The newspapers carried a detailed account of this organized gambler's reception at the hands of the Texas Rangers, and of his push return by air to luxurious quarters in Los Angeles. It would have suited many Texans better had the reporter been able to answer by paraphrasing the early Paris editor's verse:

hand. Fortunately Texas still has the stuff of which men are made. On the other hand, there is, in this country, an almost continual cry of "the need" of a law for just about everything, with little consideration however of the necessity for order. Many federal laws conceived by fairy-like minds in Washington, and thrust upon the states with the threat of police power, have actually been incitements to disorder, while recent decisions of what we still graciously call The Supreme Court incline in the same direction.

## Gunpowder Overrated; Death Rate Higher In The Old Days

As a weapon of destruction, I think gunpowder is vastly overrated. History tells us the death toll in battle was relatively much higher in the days before the Chinese were discovered using powder in fire crackers and samples of it were brought to Europe for a more sinister use in rifle and cannon.

Modern weapons are still designed more to wreck havoc on the property of the enemy, to wipe out his factories and destroy his ability to make his own implements of destruction.

## New Dependency Allowances Retroactive To August First

WASHINGTON, (AP)—THIS EXPLAINS the allowances the government will start giving dependents of servicemen under the new law signed by President Truman last Friday.

one dependent, \$67.50 for two, still only \$67.50 for three or more, \$85. For the next grade, sergeant—man's share, \$60. Government's share: For one dependent, \$67.50 for two dependents, still only \$67.50 for three or more, \$85.

THIS IS HOW THE NEW LAW WILL work, using the Army as an example although the Navy or Air Force could be substituted in each case: The government will give so much for one dependent, so much for two, and so much for three or more. No matter how many dependents a man has above three, the government allows for no more than three. In no case does it make any difference whether the dependent is a wife, child, or parent.

AT THAT TIME IF A MAN HAD A wife and set aside \$28 of his pay, the government added \$22, giving her a total of \$50. If he had children, the government additionally gave the first child \$30 a month, and each additional child \$20.

# The Long And Short Of Fall Hair Styles

By BETTY CLARKE  
AP Newsfeature Beauty Editor

By the time you select a pretty date dress for the first dance of the school year, your hair should be a new fashionable length—a little longer than your summer hairdo, but not quite a long bob, predict leading hairstylists.

Hair will be straight, except for the ends which will curl under gracefully or curl up sharply, they say. One Hollywood makeup expert predicts that hair will definitely be off the face, coiled in an upward movement. While he does not approve of the stylized forehead curls and those recently popular little "hooks" which resemble split curls, he thinks bangs are flattering when necessary to create a contour if forehead is too high or the hairline is too low.

Many Hollywood actresses have expressed a distaste for extremely short hair. Most of them rebel even against wearing it to carry out a movie role. But those who wear the short bob do so because it is particularly becoming.

Curly-heads will adore the new "Baby's Head" coiffure, introduced by this makeup artist. It is hair cut two and one-half inches all over the head and set in ringlet curls. Curls are not brushed out, but are combed around the fingers to fall back into stylized position, still feathery enough in design to lend an angelic appearance.

Although this style is difficult in its demand upon facial and head contours, it is very flattering for those who can wear it, hair stylists agree. It is equally exciting on older, white-haired women who shampoo their hair frequently, and keep it charmingly groomed.

Narrow Indian headbands, worn tight to the head, are going to be popular with young Pocahontases this fall. Flirtatious lace rosettes on an invisible band will be worn at the back of the head from ear to ear by modern señoritas, and many girls will trip the light fantastic wearing a narrow net strip trimmed with pink and blue rosebuds to keep their locks in place.

(Recipe for Starred Dish Follows)  
**GREEN BEAN SUPPER SALAD**  
Ingredients: 1 pound snap beans, 1-4 cup olive or other salad oil, 1-2 tablespoons wine vinegar, 1-2 teaspoon salt, teaspoon dry mustard, 1-8 teaspoon freshly ground pepper, 1 teaspoon finely-grated onion, 1-3 cup pitted ripe olives, 1-4 cup diced green sweet pepper, 1-2 cup diced cucumber, salad greens, tomato wedges.

Method: Wash beans and cut ends off; cook in small amount of boiling salted water until tender. Drain spread in flat pan. Mix oil, vinegar, salt, mustard, pepper and onion together well. Pour over hot beans and let stand until cold. Chill.

Slice olives and mix with green sweet pepper and cucumber. Just before serving, lift beans from pan into bowl with slotted spoon or slotted spatula. Put salad greens around salad bowl. Stir olive mixture into remaining dressing in pan and pour over beans. Garnish with tomato wedges. Makes 5 servings.

# Mr. And Mrs. Lovelace Observe Anniversary

Approximately 150 people attended the open house held by Mr. and Mrs. Riley Lovelace in observance of their Golden Wedding anniversary Sunday afternoon at their home 1821 Runnels.

Arrangements of yellow and rust colored chrysanthemums were placed at vantage points throughout the receiving rooms. The serving table was laid with a lace cloth and centered with an arrangement of yellow roses. Mrs. Tommy Lovelace poured the punch from the crystal punch service and Mrs. W. D. Lovelace of Corpus Christi was at the guest register.

Mr. and Mrs. Lovelace have lived in Howard county for over 60 years and he has been employed by the city of Big Spring for the past 31 years. Mrs. Lovelace was Ella Allen before her marriage.

All four sons of Mr. and Mrs. Lovelace attended the half century celebration yesterday. They are G. A. Lovelace of Harlingen, Alvis Lovelace of Corpus Christi, and Tommy Lovelace and W. H. Lovelace of Big Spring. Mrs. D. M. Lovelace, mother of Mr. Lovelace, was also present.

Out-of-town guests included Mr. and Mrs. Walter King of Stephenville, Mrs. Sammy Rees and Darlene of Abilene, Mrs. and Mrs. J. W. Williams, Mrs. D. W. Parker and family and Mr. and Mrs. J. W. Cox and Bonetta of Garden City. Mr. and Mrs. Bill Davis of Midland and Mr. and Mrs. Randall Pickle of Lubbock.

# New Miss America Plans To Enjoy Title And May Seek Stage Career

ATLANTIC CITY, N. J., Sept. 11.—What's next for smiling brunette Yolande Betheze of Mobile Ala., the girl who reigns in bathing-suit, crown and cape as Miss America 1951.

First she's just going to enjoy being Miss America. "I'm leaving my immediate future in the hands of the Miss America Pageant," she said. That could mean a year of stage, modeling, and television contracts totaling about \$50,000.

And after that? Miss Betheze (she pronounces it bet-bee) wants a career in musical comedy or opera, and the \$5,000 scholarship that comes with the Miss America title may further it.

A husband? Not yet. "I haven't had much time for going out," says the beauty queen, who has been studying voice and dancing for six years, in addition to language courses given at night by the University of Alabama extension school.

She says there is no special boy friend, and that she doesn't plan to marry for several years.

The 5-foot, 5 1/2-inch southern belle who beat 53 competitors to the beauty-and-talent title Saturday neither drinks nor smokes.

And "I've never been kissed by Governor Big Jim Folsom," the 21-year-old winner told interviewers, despite the fact that she is the first Miss Alabama to become Miss America and has been a receptionist in political campaigns in Mobile.

There are no more at home like the poised Miss Betheze, whose 119 pounds include a 35-inch bust, a 24-inch waist and 35 1/2-inch hips. She is an only child, and lives with her widowed mother, Mrs. Ethel Meyer Betheze.

She has dropped her southern accent to improve her stage diction, she said. But she approves both men and southern accents—for other girls.

"I'm crazy about the southern accent and I wouldn't advise anyone to lose it." And of men: "I have nothing against men; I think they're here to stay."

Prizes that come with her title include \$1,000 now and \$3,000 later, in addition to the scholarship, an automobile, and a set of silverware.

While the Miss America contest was in progress here, a Mrs. America was being chosen from a bevy of married beauties at Asbury Park.

The title went to a blonde, hazel-eyed mother of two, Mrs. Betty Eilen McAllister, who came to beauty-and-home-making contest as Mrs. Johnstown, Pa.

## Estimated 50 Hurt In Tent Collapse

AMARILLO, Sept. 11.—An estimated 50 persons were injured, one seriously, last night when a giant revival tent collapsed in a hail and rain storm.

The big tent buried more than half of the estimated 7,000 persons in the audience of the Oral Roberts faith-healing meeting.

Listed as in a critical condition was Mrs. Tom Hataway of Sunray. She suffered shock and chest injuries.

Most of those treated at local hospitals received cuts and bruises. A few had broken bones.

An eye witness said a gust of wind got under the tent during a heavy rain and hail storm, lifted the \$22,000 tent and aluminum poles and then dropped them on the crowd.

## Sabotage Charged In Calcutta Wreck

# LOOKING 'EM OVER

With Tommy Hart

Billy (Chop) Van Pelt, the husky who played guard for the Howard County Junior college football team is going great guns for the Austin College Kangaroos.

In fact, Chop is one of the best prospects ever to show up on the Austin Campus. So Ray Morrison, the Austin mentor, informs Gage Lloyd of our town.

Gage alerted the college at Sherman about Van Pelt, who played good ball for the Hawks last season but whose feats were largely overlooked because he was with a losing club.

## 8-TEAM LOOP IDEAL

Bert Bell, the president of the National Pro football league, has told intimates he thinks the ideal arrangement for a play-for-pay circuit would be eight teams.

"With an eight-team league," Bell points out, "you can split into two divisions of four teams each and therefore have two champions, two runnersup and two possible contenders in each division. Only two teams out of eight would be out of the running in the normal course of events."

Bell adds more than eight cities in the United States are deserving of pro ball, which is the reason the size of the NFL will not be reduced from its present 13 teams.

## LASWELL IMPROVES

Dick Laswell, the Big Spring high school tackle, has shown almost unbelievable improvement over his form of last year. Coach Carl Coleman figures Dick is too good natured for his own good—a fine trait in everything but football and fighting—

and reasons Laswell is capable of rising to the heights in this, his last season of high school ball.

## RAMSDOELL DOES WELL

Willard Ramsdell, the one-time Big Spring pitcher who is now hurrying for the Cincinnati Reds, is drawing down \$10,000 per annum for his work, which is twice the minimum wage scale of the majors.

Ramsdell undoubtedly would be earning less were it not for the generosity of Branch Rickey, who doesn't have the reputation for being a liberal man.

Willard drew \$8,500 for his work in the Coast league in 1949. When he was brought back to the Bums last spring, Rickey upped his stipend to \$9,000.

When he was sold to Cincinnati, Rickey suggested that Will's pay be raised another grand and the Reds never grumbled about it.

Gib Dawson, the Arizona boy who will play half back for the University of Texas football team this year, is a cousin to Fats Harrison, the local railroader who is one of Big Spring's best baseball fans.

Harrison has never had the privilege of seeing his kinsman play football, however.

# Dimaggio Feat Gives Yankees Hope In Drive

By RALPH RODEN Associated Press Staff

The New York Yankees' hopes of a second straight American League pennant found a new stimulus today in the booming bat of Joe Dimaggio.

The lean Yankee clipper a great performer who dramatically fired last year's "team of destiny" to the championship, is showing signs of doing it again in the nerve jabbing stretch drive.

Dimaggio created Griffith Stadium history yesterday as he smashed three 400-foot plus home runs into the left field stands. His blows—the first time a player has planted three in the distant tiers in a single game—brought the Yankees an 8-1 victory over the Senators in the first half of a doubleheader.

Besides his homers, which raised his output to 27, Dimaggio socked a double and drew a walk, batted in four runs, scored four and raised his batting average to .293.

The Clipper almost found the range twice in the nightcap which was halted in the fourth inning because of rain with the Senators ahead, 6-2. L. aping catches in front of the left field barrier deprived Dimaggio of two additional home runs.

By taking the opener the Yankees edged to within a half game of the league-leading Detroit Tigers, who hit a doubleheader with the Chicago White Sox. They also retained their half game edge over the third place Boston Red Sox, who turned back their Philadelphia "cousins," 6-2.

Lefty Hal Newhouse pitched the Tiger to a 1-0 twelve-inning victory over Randy Gumpert in the opener at Chicago, winning out on a triple by Hot Evers and single by Johnny Groh. The White Sox took the nightcap, 5-1, behind Ray Scarborough.

A three-run pinch-hit double by Tom Wright featured a four-run eighth inning rally that gave the Red Sox their 22nd consecutive victory over the Athletics at Fenway Park.

The St. Louis Browns further deepened Cleveland's pennant hopes by noosing out the fourth place Indians, 2-1. It was the Browns' fourth straight victory over the Tribe, who trail by seven games.

Stubby Overmire scattered eight Cleveland hits in beating Bob Feller, who permitted only five safeties.

In the National League, the Boston Braves defeated the pace setting Philadelphia Phillies, 3-1, in a game that was called in the sixth inning because of rain.

The Phils, however, retained their 6-1-2 game bulge over the runnerup Dodgers as Brooklyn dropped a 6-4 decision to the New York Giants. Home runs by Monte Irvin, Bob Thomson and Wes Westrum featured the Giant drive that returned Larry Jansen his 16th victory.

St. Louis split a doubleheader with the Pirates, winning the opener, 5-5, in ten innings but losing the nightcap, 3-2.

The Cincinnati Reds took a doubleheader from the Chicago Cubs, 12-5 and 2-1. A seven run rally in the fourth decided the opener. Sam Meekas drove in both runs with a two-run single in the second inning of the nightcap.

LaMotta May Face Robinson In 1951

## LaMotta May Face Robinson In 1951

DETROIT, Sept. 11.—Jake LaMotta was on the hot seat today as the National Boxing Association opened its annual convention.

Commissioner Abe Greene of Paterson, N. J., took a shot at Jake's failure to defend his middleweight title against Ray Robinson in his annual report. Later the delegates were to vote on the NBA executive committee's recommendation to strip LaMotta of his title if he didn't fight Sugar Ray by Oct. 12.

LaMotta wrote Green recently that he would face Robinson "early" next year. Jake said he didn't want to risk his crown until 1951 because of income tax reasons if he gets past France's Laurent Dauthille Wednesday night at Detroit's Olympia.

## Austin Plays Waco Friday

By The Associated Press  
Austin plays Waco and Denison goes to Wichita Falls in the features of the first big week of Class AA schoolboy football in Texas.

Fifty-two games bring 71 of the 79 teams into action. It will be the second week-end of play and will have only five teams that have not had games. They are Midland, Lamesa, Austin (El Paso), Thomas Jefferson (El Paso) and Temple.

Waco and Austin both are highly rated in their own districts. Austin was a 1949 finalist, losing to Wichita Falls by a point in the championship struggle. Coach Johnny Kitchens says he just doesn't like it this season but opposing coaches declare Johnny is naturally pessimistic and they have to be shown first.

Wichita Falls, like Austin, had most of its starting team swept away by graduation but has plenty of youngsters from the first-string squad of last season back. Denison will be an excellent test.

Other top games send Abilene to Fort Worth to play Arlington Heights, Adamson (Dallas) to Cleburne, Baytown to Lamar (Houston) and Kerrville to Thomas Jefferson (San Antonio).

Port Arthur, one of the top-rated teams of the state plays its second game of the season, meeting always strong Fortier of New Orleans.

Last week saw Port Arthur beat stubborn Kerrville 14-7 and Longview blast Denton 41-0 in the feature games. Chief upsets were a 13-0 loss by Laredo to Class A Mercedes and a 21-20 reversal for Brownsville at the hands of Class A Weslaco.

Tyler, which is supposed to be making a determined comeback in District 9 this season, took a 13-6 defeat from Palestine of District 10.

Freeport of District 12 showed power in smashing Kilgore 41-4.

# Roswell Hosts Big Spring Broncs In Playoff Opener This Evening

## Game Begins At 9 P. M.

They start playing for keeps again in the Longhorn league playoffs tonight, after a week or more of dilly-dallying.

The regular campaign ended Sunday and for four of the clubs it meant the end of the trail.

Four others, however, plunge into the Shaughnessy round. Big Spring will be at Roswell and Vernon at Odessa.

Despite the fact that Odessa capped the regular season flag by 7½ games, there is no outstanding favorite in the title round.

There are those who think Roswell has just been fooling around, that the Rockets will show their mettle now that the playoffs are here.

Vernon gets more than a little support, too, despite the fact that the Dusters were hard spent to hang out fourth place.

No one is giving the Big Springers much chance, though the Broncs are the defending champions. Pat Stasey's gang fared very well against Odessa, winning 12 of 21 starts against the leaders, but were outdone by both Vernon and Roswell.

Big Spring plays in Roswell again tomorrow night, after which the clubs put in here for three games, if that many are needed, beginning Wednesday. No games will be played Friday, regardless of how the playoffs go, due to a conflict with the football program.

Odessa and Vernon will respect much the same schedule, moving to Vernon Wednesday after playing the first two games in Odessa. Tonight's contest in Roswell begins at 9 p. m. Big Spring time. Gil Guerra is almost sure to get the pitching assignment for Big Spring. Guerra won ten games for the Broncs after joining them in mid-season. Frank Hill, a 24-game winner, is set to work for Roswell.

Tomorrow night, it's set to be L. Luis Gonzalez for Big Spring and Dean Franks for Roswell.

## Tigers Batter Ackerly Flock By 8 To 1 Count

The Big Spring Tigers, victors over the Ackerly Brown Eagles in Ackerly yesterday, will probably play four games next weekend. Manager Ynez Yancz has announced.

The Bengals will probably play Ackerly on Friday afternoon and Saturday morning, then take on Lamesa Latin-American team in Lamesa Saturday afternoon.

Indications are the Tigers will play an opponent yet to be named here next Sunday for the benefit of the local Boy Scout fund.

The Big Springers shelled Ackerly pitching nine hits to defeat the Flock, 8-1, Sunday.

Memin, Martinez and J. Hernandez all had big hands in the offensive, each getting two blows. Memin drove in three runs with a seventh inning triple.

Garcia limited the Ackerly rank to four hits, two of which were for extra bases.

## LITTLE SPORT

## Texas Playoffs Start Tuesday

By HAROLD V. RATLIFF Associated Press Staff Editor  
The Texas League cleared the decks today for the start of its annual play-off, which if the script is followed, would land fourth-place San Antonio and second-place Fort Worth in the finals.

Except that the Texas League seldom follows the script.

The regular season ended yesterday with leading Beaumont taking another licking from San Antonio but Fort Worth edging out Oklahoma City, 3-2, Tulsa, which would top third in the standings, made it a miserable ending for Dallas with a 7-2 victory.

The play-offs begin tomorrow night with San Antonio at Beaumont and Tulsa at Fort Worth. This seems almost too much for Beaumont, which has been taking too many licks lately from San Antonio, having to bow to the Missions in the final series.

Beaumont has been able to beat San Antonio nine times during the season while the Roughnecks, Fort Worth has defeated Tulsa 11 times while Tulsa has won nine engagements.

The clubs will play at Fort Worth and Beaumont twice, then move to Tulsa and San Antonio for three more games. If more are needed after that the clubs return to Fort Worth and Beaumont to finish the series. There are no off-days in either series.

## Reading Cash To Sam Snead

READING, Pa., Sept. 11. (AP)—Samuel Jackson Snead, the golfing West Virginia hillbilly, headed for St. Louis today, his pockets jingling.

It was an old feeling for Snead, biggest money winner among the nation's golfers.

Snead had won his first major tournament since he took the Colonial Invitation at Fort Worth, Tex. It was quite a victory. In picking up top money of \$2,600 at the Reading Open, Snead shattered the competitive course record on the 6,456-yard Berkshire Country Club layout. And he set his new record in a driving rainstorm.

Sammy yesterday came home with his record-breaking score of 208.

Jim Ferrier, of San Francisco, was eight strokes behind in second place with a 72-hole total of 276. He beat Glenn Teal of Jacksonville, Fla., for place money by a single stroke.

## Rotarians Test Kiwanis Tonight

Members of the local Kiwanis club square off against city Rotarians in their annual diamond grouse match at Steer park tonight.

Starting time has been set for 7:45 p. m.

As a baseball game, the event is being called the "World Series of Disorganized Baseball" and the usual amount of comedy may be expected.

However, the Kiwanians have indicated they are in a mood to win for a change, since the Rotary association has capped the decision for the past two years.

"We may not be able to play much real baseball, but we're going to come as close to it as we possibly can tonight," one Kiwanian observed.

Starting lineups were still a secret this morning, although it was understood that Ira (Rock) King (Chair) Thurman, field pilot of the Rotary team had already decided upon his first team. Honk Irwin, manager of the Kiwanis nine, indicated that he would draw freely from the club roster during the game. He was confident that at least nine Kiwanians would be on the field throughout the struggle.

If they hold out that long, the two service club teams will go at it for at least seven innings. Tickets, at 50-cents each, including tax, will be on sale at the Steer park box office. Team two clubs will use the proceeds for their respective welfare programs.

## IGLESIAS UP

ROSSELL, Sept. 11.—The Big Spring Broncs clinched third place in the Longhorn league standings by defeating the Roswell Rockets, 9-2, here Sunday night.

The Steeds finished 13 games off Odessa's pace and a length and a half ahead of fourth place Vernon, which lost to San Angelo in its final game.

Lefty Tony Iglesias scattered seven hits to register the victory.

The Broncs got to two Roswell hurlers for 11 assorted blows, including a double by Will Calvino. Putz Jackson, Rocket leftfielder, put Roswell ahead with a fourth inning home run but the Steeds swarmed back with two tallies in the fifth and three in the sixth.

Ray Vasquez and Calvino each had two safeties for the winners.

The victory was the eighth for Big Spring in 22 starts against the Roswell team this season.

Loyalty Pledge Being Ignored By State Dems

By TIM PARKER
Associated Press Staff
MINERAL WELLS, Sept. 11.—The loyalty pledge which was supposed to keep Texas Democrats in the "right camp" at tomorrow's state convention is being largely ignored. It boils down to this: The "right camp" at the 1948 convention — which wrote the pledge into party rules — may be the wrong camp this year.

Fine 29 Persons Total Of \$393

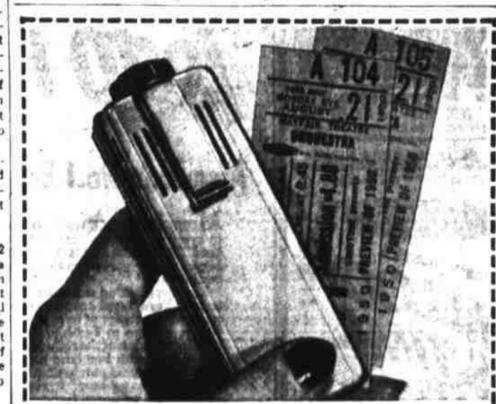

Fines totalling \$393 were assessed in Corporation Court this morning as 29 persons pleaded guilty or were found guilty of four different offenses. Drunkenness was the leading offense. Twenty persons entered pleas of guilty to the charge of intoxication and were fined a total of \$319. Eight others forfeited a total of \$125 in bonds on failure to appear. Twenty-nine persons were fined \$5 each. One entered a plea of guilty to speeding and was fined \$5. Another was found guilty of the same offense and was assessed a like amount. Three persons were fined a total of \$40 after pleading guilty to operating a vehicle without license. Another was found not guilty of the same charge. One person was found not guilty to drunkenness charges. Charges of running a red light, parking in an alley, and overtime parking were dismissed.

at sea, or away working. Or he just forgets the draft board should always have his draft address. This fellow is liable to a \$10,000 fine and five years in federal prison, but if the reason is honest enough, draft boards often take a merciful view. The other fellow is in a tougher spot. He's already qualified by reporting and passing his exams—but he just doesn't show up on the morning of his induction call. In this case—or in any other "willful" delinquency—the board usually turns the matter over to the FBI and the United States attorney, who play for keeps. In both cases, if a man is delinquent, or thinks he is, officials urge the fastest possible report to the draft board. Not all cities had concrete figures. Except where specific all delinquency percentages were of the lesser pre-induction type, some figures apply to the entire state. City-by-city reports included: Austin, Tex. state delinquency percentage 07. New Orleans, La., figures unavailable but "rather high"; illiteracy is problem.

James B. Jasper Dies Here Today

James B. Jasper, about 59, died suddenly at his home at 807 West 4th street here this morning. Mr. Jasper had come here recently from Abilene and was employed at the new high school construction project. Death apparently resulted from a heart attack. Survivors included the widow, Mrs. Minta Jasper of Abilene; two sons, James E. Jasper of Midland and Thomas Jasper of Torrance, Calif.; two daughters, Mrs. L. Kossey of Phillips and Mrs. Foy Phelan of Abilene. Funeral services have been tentatively for Wednesday at the Elliott Funeral chapel in Abilene. The Rev. Joe Hill of Midland will officiate. The body will be carried overland to Abilene from the Eberley Funeral home here.

Robert Hill, Big Spring Latin-American youth, is receiving treatment in Medical Arts hospital for a stab wound sustained in the right chest in an altercation on the north-side Saturday night. Police were seeking the person who did the stabbing, whom they said had been identified, this morning. Hill's condition was described as "not dangerous."

E. W. Hill, 1964 Wilford, East St. Louis, Ill., says he's the happiest man in Illinois, now that he's feeling better. Mr. Hill gives all the credit to HADACOL for feeling so much better. He was suffering from deficiencies of Vitamins B-1, B-2, Niacin and Iron.

Here is Mr. Hill's statement on what HADACOL did for him: "I was conductor for the New York Central Railroad for over 27 years. In 1947 a locomotive ran over me. I was in the hospital a year and a half. After I got out of the hospital I was very nervous and had dizzy spells all the time. I tried many things—nothing seemed to help me. Then a friend of mine persuaded me to take HADACOL. After he insisted for 2 weeks I finally got some HADACOL. What a marvelous change has taken place—now I am able to move around, am hardly nervous at all and dizzy and fainting spells, which I've almost completely vanished. Now I feel so good I have opened up a candy store and do a good day's work. HADACOL—why, that's the most wonderful thing there is to all my friends."

Many Thousands are benefiting from HADACOL. . . . even hundreds of doctors are recommending it. HADACOL helps build up the hemoglobin content of your blood (when iron is needed) to carry these precious Vitamins and Minerals to every organ, and every part of your body—and the heart, liver, kidneys and lungs, even to the eyes, hair and nails.

Don't continue to suffer! Give remarkable HADACOL a chance to help you and if you don't feel better with the first few bottles you take—you get your money back. Only \$125 for Trial Size: Large Family or Hospital Size, \$350. Copyright 1950. The LeBlanc Corporation. (Adv.)

HOSPITAL

Continued from page 1
King, Jr. and Swartz presided as the master of ceremonies. Invitations were by Dr. P. D. O'Brien, First Baptist minister; the prayer of Thanksgiving by Julius Kerman, pastor of the Shaareh Israel at Lubbock; and the benediction by the Rev. Raul E. Hally, assistant pastor of St. Thomas Catholic Church.

On the rostrum were visiting dignitaries, community leaders and officials, and representatives from veterans group, including those of the Spanish-American war. J. P. Dodge represented this group since T. C. Thomas was ill. Among the familiar faces was that of Louis G. Bradley, project engineer, who represented the Corp of Engineers.

Inside the hospital there were banks of flowers. Many came from Big Spring firms, individuals, and organizations, and others came from Garden Clubs and various groups from San Angelo to Lubbock and other West Texas points. Hundreds of out-of-town guests were among those who filed through the massive hospital. Hospital elevators whizzed countless loads to the sixth floor so they could begin an inspection down. Volunteers from civic and service organizations assisted the hospital staff in guiding the visitors.

Gen. and Mrs. Gray left on the train during the night for Dallas. From there they are to go to Texarkana and then to Marlin, where another new VA hospital will be dedicated on Saturday. The VA administration took time out of a busy day to attend worship services at the First Baptist church.

**TAFT OPENS UP  
Fires Away At Truman Policies**

WASHINGTON, Sept. 11. — Political firing on foreign policy picked up intensity today with Sen. Taft (R-Ohio) calling for election of a Republican Congress to force a change in what he termed the administration's "weak and wavering course."

Taft told a reporter before he left Washington to resume campaigning that he intends to stress international issues in telling Ohio voters he believes "there never was a time when we needed a Republican Congress so much."

In Illinois, Senate Democratic Leader Lucas blasted right back at the "isolationist Republicans" and "pretty, political snipers" who he said "have been trying to indict their country's leaders on charges of softness toward Communism."

"My opponent is one of those who is taking a leading part in this campaign to try to befuddle

the American people and undermine the bipartisan foreign policy," Lucas declared in a Chicago address yesterday.

He is opposed by Former Rep. Everett Dirksen, the Republican nominee.

Lucas said "isolationists" in Congress "led the drive to cripple the Marshall Plan and opposed the Atlantic pact and military aid to European allies."

"In their attack on the bipartisan foreign policy they have repudiated their own party's foreign policy leaders, Sen. Arthur Vandenberg (R-Mich.) and Ambassador John Foster Dulles, and have come perilously close to echoing the line of the Communist Daily Worker," he declared.

Taft said in an interview here that issues growing out of the Korean war seem to have overshadowed all others in the November election battle for control of Congress.

"My position is that a Democratic Congress can't, by the nature of things, do much to force any change in course by the President," Taft said, "on foreign and military problems. Mr. Truman has been weak and wavering, often acting on impulse."

"A Republican Congress could do much to force the adoption of a strong and definite policy on international issues and see that it is carried out."

In the same vein, Sen. Martin (R-Pa.) said in a week-end broadcast in Pennsylvania that the people as a whole haven't waked up to the seriousness of the Communist threat because "there is uncertainty at Washington, where there should be decisive action."

**Unsung Prophets Three Years Ago Gave US Clear Picture Of Korean-Type War**

By ELTON C. FRY  
AP Military Affairs Reporter

WASHINGTON, Sept. 11. — Nine unsung prophets three years ago gave the government a remarkably accurate picture of the type of war in which the United States is now engaged.

What they wrote into an official report on May 29, 1947, sounds like a history of how this country became involved in the war with the Communists in Korea.

"We might become involved in a war through the aggressive tactics of some nation against its neighbors. In a distant part of the world, which we and the United Nations could not countenance either because of ultimate threats to world security or because our international conscience would not permit us to stand passive while the rights and liberties of others were transgressed. Such involvement might come at any time.

"The tactics of the aggressor would start with political infiltration into surrounding countries. That would be followed by military and political domination and if allowed to proceed unchecked it would spread to even broader areas. These tactics might be directed to the realization of a 'geopolitical' program comparable to that undertaken by the Axis powers and aimed at the control of all or the greater part of Europe and Asia.

"Such a program would inevitably have as its final goal the humbling of the United States. . . If he were permitted to carry out this program without challenge, the enemy would, of course, wait until he had the atomic bomb or a comparable weapon before attacking our direction."

This forecast of how the United States could become involved in another conflict was a chapter—"Nature of Possible Future Warfare"—in an advisory report to President Truman on the need for universal military training. UMT is again a live issue, but one that Congress has put off until next year.

Who were the prophets who wrote the forecast?

Just citizens, neither professional diplomats nor military experts—a scientist-college professor, churchmen, industrialists, labor experts, a judge.

The members of the advisory commission were Dr. Karl T. Compton, of the Massachusetts Institute of Technology; Joseph E. Davies, former ambassador to Moscow; Danile A. Poling, clergyman; Father Edmund A. Walsh of Georgetown University; Charles E. Wilson, president of General Electric.
