GENERAL TENDENCIES: The early day finds you able to quickly place a new arrangement in effect with much vitality but as the day wears on, it becomes heavier and one's spirits are all too apt to sag, so be sure that you do make a special point to carry through with essential duties and then get plenty of rest.

ARIES: (Mar. 21 to Apr. 19) — Getting obligations out of the way early is wise so that you can later get out to pleasant recreation with persons you like. Get more rest than you usually do. You need to build up your energy.

TAURUS: (Apr. 20 to May 20) — Show ingenuity in ridding yourself of certain anxieties that have been bothering you greatly, and then try to help others as well. Don't be foreceful with anyone. Experts are not ready yet to give you advice

We believe that freedom is a gift from God and not a political grant from government, Freedom is neither license, nor anarchy. It is control and sovereignty of oneself. No more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

experienced, there are wonderful opportunities for you to start your own business.

Six months is the time required to finish the beauty course at this college and students must have three months of intensified class room instructions and procedures before they are allowed to work on patrons. They learn to shape the hair (scissor and razor method), shampoo, curl straighten, bleach (by the new machine method), color and create hairstyles by numerous methods and instruments. In addition, they give scalp and facial treatments, provide make-up analysis, remove superfluous hair, arch and tint eyebrows and give

manicures and pedicures. Due to widespread public demand for experienced, capable wig stylists, Parker is the first school owner in this area to incorporate the instruction, styling, and retailing of wigs, posUN
