because everybody contributed toward doing the wrong thing-and learned a lesson from doing so. The hand was sent to me by Dr. Leo F. Schiff, of Plattsburg, Y., because, he said, it illustrates how easily a sure game can be thrown away by playing too

quickly.
Dr. Schiff opened the bidding with one no trump. In my opinion his hand was too strong one no trump opening. It had a count of 20, and those who play the point-count agree that 18, or possibly 19, is the maximum for one no trump. Of course, the doctor might have arrived at exactly the same contract. If he had opened with one club and West bid a diamond, North in all likelihood would have been justified in going to three no trump. Our first lesson therefore, is that there is a limit to the no trump bids. Do not bid them with a count of more than 19.

The next lesson has to do with the opening lead. West opened the ace of diamonds and continued with another diamond. Dr. Schiff won this trick and then made the mistake of running off his clubs. Suddenly he found himself in a suicide squeeze. He had to blank down to the king of spades, king of diamonds and the queen-jackeight of hearts. When he led a spade from dummy, East played the ace, led a heart, West won, but south in with a diament. put South in with a diamond and declarer lost the balance.

Schiff pointed out his own
He said that if had laid

Example of Choosing the Lesser of Two Evils

The usual argument in voting for a candidate who does not stand for any principle is that we must always vote for the lesser of two evils.

orov, editor of Analysis Magazine makes this comment. After he stated that none of the candidates for President of the United States advocate a definite limited government so that he has no real choice in choosing for whom to yote, he makes this observation.

"Lacking that opportunity, I see no sense in registering my faith in 'the lesser of two evils.' If the citizenry as a whole were of like mind and stayed away from the would get control of the political machinery. That is true but un-derlying that argument is the assumption that the 'worst element' is not in control now. The evidence is all against that assump The "lesser of two evils" argu-

ment was exactly the argumen used by many people when they voted for Earl Warren for governor of California. They voted for him as the lesser of two evils be years before between him and

ed, they probably would have done less harm than Warren has done, Warren for governor seem to be that he will become Vice-President

so plays with labor unions that the C.I.O. want him to arbitrate the wages for the oil workers And the same thing applies to voting for Dewey.

Anyone who believes that men individually and collectively reap what they sow are convinced that it is only a question of time until the United States has another depression infinitely worse than the one in 1929 and the 30s. And when we have such a depression under the administration that professes the to stand for free enterprise, then we will hear free enterprise being condemned. Then we will hear people say we have tried free enterprise under the party that is supposed to represent free enter-prise and then look what we have.

The people will then think the only solution is giving the state or the government more power to ficulties—the desire for a change litically. regulate and control and inter-

The choosing the lesser of two evils that we have been doing for years, and have been trying to do in California, does not seem to work very well. We chose the lesser of two evils when we elected Hoover. What did we get. We got what we are bound to get when the government interferes

Now that the Republicans are well as "a federal budget annu-basking in the rosy pink antici-balanced!" pation of victory, suppose we ask them a few pertinent and pointed Yet-both parties persist in them a few pertinent and pointed questions. Why not the Democrats? Well, frankly, I think we should be merciful! It might be smart to figure out why these exchamps are now writhing on the mat, but another blow would hardly be sportsmanlike. Instead let us concentrate on the cocky new leaders, and since they are apt to be running the show before long, try to learn all we can about them.

Yet—both parties persist in this childish little game, and Sen. Henry Cabot Lodge is supposed to have described the new Republican platform as "a big enough tent for everyone to crawl under." Who are we to argue with the man who drafted it? No doubt, it is a masterly job of camoundary to be running the show before long, try to learn all we can about them. ong, try to learn all we can about an arrangement of a possible. But is this the primary purpose of a political party? When both parties rum on the control of the primary purpose of a political party?

"We Are Closed All Day on Mondays"

14 Billion Dollar Road Block!

clock every day and night of the year.

Although they know this, leaders of 16 railroad unions are demanding a five-day, Monday through Friday, week for one

million railroad employes. They want 48 hours pay for 40 hours work-in itself a 20% wage increase.

They also demand a minimum of 12 hours pay for any work performed on Saturdays, and 16 hours pay for any work performed on Sundays and holidays.

On top of all this they want an additional increase of 25c an hour for every employe!

You'd Pay the Bill!

Summing up these demands, they mean that these union leaders seek to force the railroads to give one million employes an annual raise which would average \$1500 per employe!

The total cost of this would be no less than 114 billion dollars per year, which is more than twice the expected net income of the railroads this year.

You'd pay the bill, because if these increased costs are forced on the railroads, they must have still further rate and fare

Demands Unreasonable

These employes have had substantial raises during and since the war. Their average weekly earnings are higher than the average weekly earnings of workers in manufacturing industries. They have more job security than the average worker in American industry. They also enjoy paid

advantages more generous than the average worker receives. In contrast with the demands of these 16 unions, which add up to the equivalent

vacations, a retirement system and other

of 48c an hour, the Conductors and Trainmen recently settled their wage request or an increase of 10c an hour.

Railroads Run for Everybody-**Not Employes Alone**

The railroad industry must serve not one but many groups-producers, businessmen, shippers, passengers and the general public-night and day, every day of the year. These unions are proceeding in utter disregard of this important difference between railroads and other industries. Industrial plants can be shut down over weekends and holidays, but freight, mail, express and passengers must continue to move. Everybody who enters railroad employment knows this.

Strike Threat

On September 18, 1948, the leaders of these 16 unions began taking a strike vote, But the threat of a strike will not alter the opposition of the railroads to such unreasonable demands!

Gas Co. Asks Increase in Size Of Pipe Line

WASHINGTON -(A)- Transasked the power commission for CHICAGO —(AP)— Builish sentiment dominated dealings on the board of trade today. After a somewhat shaky start, the market started to work higher, it kept right on doing that throughout the session.

At one time December wheat, upmore than a cent, went above \$2.28 for the first time since mid-August. That the first time since mid-August. That permission to enlarge its proposed pipeline from Texas natural gas fields to New York City. The company wants to substitute 30-inch pipe for 1,210 miles of the 1,760 mile line. It estimates total cost of \$189 million against \$151 million for the smaller Transcontinental said it has contracts to meet all of its steel requirements for the new plan. The larger line is "in the public interest." the company said, be-

New Style Farm Auction Announced.

AMARILLO -(Special)-A new style farm auction will be held Thursday, Friday and Saturday when the I. C. Little farms in Castro and Swisher Counties go under the gavel. In addition, all farm machinery and equipment will be sold at auction also. Four houses will also be sold, an 8room, modern house, two 6-room houses and a 5-room house. The farms consist of 4,000 acres of rich, irrigated land which have been divided into 160-acre units. There are more than 2,000 acres of growing wheat and 180 acres of alfalfa in production.

Col. A. W. Thompson, noted auctioneer of Fort Worth, will handle the sales, which will begin at 2 o'clock each day, and continue through Oct. 23, or until

everything is sold. Little, owner of the farms, has large ranching interests near Childress and is selling the farms to further develop his 43,000-my feet as I was running and I acre ranch properties.
