Numbing Cold Paralyzes Many Areas

Paris Talks Enter Third Year; End Of War Still Not In Sight

PARIS (UPI)—As the Vietnam peace talks entered their third year today, allied and Communist negotiators found themselves in rare agreement on one point—the first two years of talking had not yielded any progress.

Each side blamed the other for the lack of progress in the Paris negotiations, and each called upon the other to see the error of its past ways of approaching the peace talks.

Ambassador Pham Dang Lam of South Vietnam was the first speaker at today's session

—the 98th public meeting to be held since the peace talks opened in January, 1969—and his no-progress theme found an echo in the three conference statements which followed.

When Hanoi's Xuan Thy rose to address the conference as the last speaker of the day, he likewise spoke of the "complete absence of progress at this conference."

Chief U.S. negotiator David K. E. Bruce complained that after two years of talking "serious negotiations" have not even begun yet.

The American negotiator blamed his Communist negotiating opponents for this failure and said they had refused to enter into discussions "without posing demands on a take-it-or-leave-it basis or as preconditions to discussions."

The Hanoi negotiator countered by saying the Paris peace talks were not getting anywhere because the Nixon administration was seeking to bargain from a position of strength and also sought "to oblige the South Vietnamese.

Jarring Flying To Jerusalem To Meet Golda

By United Press International
U.N. mediator Gunnar V. Jarring interrupted the Middle East peace talks today to fly to Jerusalem where Israeli military sources accused Egypt of another violation of the cease-fire and said that Egypt may try to cross the Suez Canal this year with Russian help.

Diplomatic sources at the United Nations in New York said Jarring was making the trip to Israel with Israeli Ambassador Yosef Tekoah to satisfy demands he meet with such Israeli leaders as Premier Golda Meir and Foreign Minister Abba Eban before "meaningful" peace talks can be held.

New Crackdown On DDT Is Expected Very Soon

WASHINGTON (UPI)—A new government crackdown on DDT is expected within a few weeks. But it probably will fall short of the complete, across-the-board ban demanded by environmentalists, government sources predicted today.

The new action, sources said, is expected to be a cancellation

of federal registrations of DDT for a number of specific uses on crops—including cotton citrus fruits and a number of vegetables.

The action, which sources said is due during January—possibly by midmonth—will come from the new Environmental Protection Agency (EPA). It will be the third

major step since the White House announced in November, 1969, its intention to cancel all "nonessential" uses of DDT by Dec. 31, 1970.

That deadline, set as part of a broader administration campaign to reduce environmental pollution by reducing use of DDT and other long-lived pesticides, was not met.

Nation Is Once Again Covered By Arctic Air

Normal Life And Economy Are Affected

By United Press International
Except for southern Florida and the Pacific Coast, cold Arctic air covered the nation once again today. The economy was affected. In parts of Omaha, Neb., it was frozen shut.

Residents on Omaha's Northwest Side returned to the bartering system in the wake of this week's heavy snowstorm. With snow-clogged streets, neighbors had been forced to trading—a pack of cigarettes for a quart of milk, baby food for breakfast cereal.

It has been so cold in Arizona that citrus industry spokesmen say fruit crop losses there may run into several million dollars.

Power Failures
The cold wave put a heavy strain on supplies of natural gas throughout the West. The Magma copper mine at San Manuel, Ariz., announced that its underground operations would be shut down because of a gas shortage.

Near Franklin, Ind., a 600-volt transmission line snapped, leaving thousands of homes without electric power in a four-county area for varying periods Wednesday.

In southwestern Kansas, ranchers had to contend with cattle rustlers who moved in following in the wake of the big snowstorm—which hit the Midlands earlier this week.

Where It's Really Cold
Bill McCarthy, operator of Lake DeWeese Lodge southwest of Canon City, Colo., said he recorded 51 degrees below zero on his government surplus thermometer Wednesday. In nearby Westcliffe, an observer for the National Weather Service reported the temperature at 41 below.

McCarthy said it was so cold at his lodge that propane gas would not vaporize, and wood-burning fireplaces were used for heat.

The nation's second largest city, Chicago, expected a slight warming today after another night of subzero temperatures. A high of near 13 was forecast for today.

About a dozen Chicago area deaths were attributed to the snowstorm and the subfreezing temperatures.
Temperatures at 2 a.m. EST today ranged from 18 below at Waterloo, Iowa, to 76 at Key West, Fla.

Pampa Youths Are Free On Cash Bonds

Two Pampa youths are free on \$50 cash bonds set by Municipal Court Judge Don Lane Tuesday afternoon after the two pleaded not guilty to charges of assault and battery resulting from a New Year's Eve incident involving the two and Don Provence, 10 Arcade Apts.
Steven G. Young, 18, of 540 Crawford, and John D. Young, 20, 1036 Varnon, appeared in court after they allegedly assaulted Provence while the trio were being held in city jail for intoxication on Dec. 31.

U.S. Achieves Little Success In Bombing Raid Against Trail

SAIGON (UPI)—U.S. sources said today in Saigon and Phnom Penh that the U.S. air campaign against the Ho Chi Minh Trail has experienced only limited success and that American military planes may have to fly into Phnom Penh to meet the threat of a Communist Tet offensive.

The Cambodian situation was becoming so serious that the second ranking U.S. commander in Vietnam, Gen. Frederick C. Weyand, flew to Phnom Penh for talks with Premier Lon Nol and U.S. Ambassador Emory Swank, and to have a first hand look at the deteriorating situation.

The Weyand-Lon Nol meeting preceded the weekend trip to Saigon of U.S. Defense Secretary Melvin R. Laird and Pacific commander Adm. John S. McCain to discuss the same subject.

Military sources in Saigon in reporting limited success of the costly non-stop three month aerial offensive against Communist supply routes said a typical result of a full day's bombings by 30 B52s and

several hundred fighter-bombers might damage or destroy less than 20 trucks with 2,500 tons of bombs. The Communists have used as many as 5,000 trucks on the trail.

With U.S. commanders warning of the possibility of a largescale Tet offensive in Cambodia the end of this month UPI correspondent Kate Webb reported from Phnom Penh that diplomatic sources were discussing the possibility of an airlift.

Russia Allows 'Spontaneous Demonstration' Against U.S.

MOSCOW (UPI)—The Soviet Union, angered by harassment of Soviet diplomats in the United States, today pursued a tit-for-tat retaliation against Americans in Moscow.

The demonstration in the evening was so mild that most of the more than 100 Americans living in the embassy compound were unaware it even took place. One of the few residents who witnessed it said the youths stood about 20 feet from an entryway, delivered their chants, then departed after a Soviet guard at the entryway spoke to them.

The resident did not speak Russian and did not understand the chants.

The peaceful protest contrasted with howling mobs of Arabs, Africans and Chinese of other years who battered the 10-story building with bottles, eggs and insults.

For the first time in more than four years Soviet authorities permitted a "spontaneous demonstration" to take place in front of the U.S. embassy.

The letters, like a Soviet note handed to the U.S. State Department Tuesday, contained a veiled threat against the

safety of Americans in Moscow.

The demonstration in the evening was so mild that most of the more than 100 Americans living in the embassy compound were unaware it even took place. One of the few residents who witnessed it said the youths stood about 20 feet from an entryway, delivered their chants, then departed after a Soviet guard at the entryway spoke to them.

Military gas supplies have not been rationed but a Cambodian spokesman said the air force did not know where the next fuel was coming from for its small but vital fleet of prop-driven T28 bombers, Russian-built MIG jets and old French training planes.

Saigon military sources said in making their pessimistic assessment of the results of U.S. bombing attacks they were taking into account one massive hit made by Air Force jets in December when they reported more than 7,000 secondary explosions on the Ho Chi Minh Trail in Laos.

Broker Predicts Fine Year Ahead For City

"Pampa will have a fine year," said Art Holland yesterday as he spoke to the Pampa Rotary Club. The local broker addressed the club's noon meeting in Coronado Inn.

In his "Forecast For 1971," Holland pointed out it would be the third year of President Nixon's term. He stated we are governed by cycles and history shows the economy has risen during the third year term everytime but once. "Something good happens in their third year," Holland said, "Nixon likes being President."

"A major step was taken last week when the government insured brokerage accounts up to \$50,000 for each account," Holland stated. "There will be

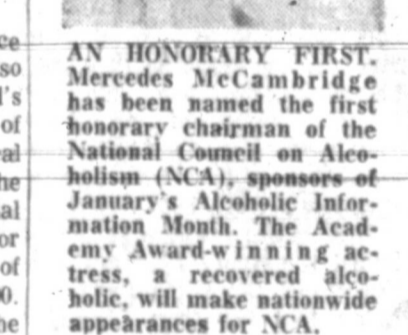

no more scare of brokerage house firm failures."

Regarding the stock market, Holland forecast the nation is in the first stages of surging, rampaging bull market. He estimated a top rally of 934 dropping back to an 840 to 860 base.

The best course of action given by the local broker was "buy on dips, buy on dips, buy on dips."

In reference to those who lose money in the stock market, Holland stated, "all mistakes are made in not selling stocks when it's time to sell."

He gave projected rises in select local and national named stocks to members of the club. The local broker told the group they must have a definite goal.

Industrial Foundation To Buy Rail Property

Directors of the Pampa Industrial Foundation today voted to purchase all of the land and buildings previously owned by the Fort Worth & Denver Railroad Co. inside the city limits.

The real estate purchase price was \$10,000. The board also voted to buy all of the railroad's tracks and switches north of Ford St. for service to local business firms located along the tracks and for future industrial sites. The purchase price for the approximately one mile of track and switches was \$15,000.

Today's meeting in the Chamber of Commerce offices was presided over by Vice President Aubrey L. Steele in the absence of President G.B. Cree Jr., who was out of the city.

The board's actions was taken after hearing reports from a sub-committee which had been appointed earlier to negotiate a deal for the land, buildings, and track abandoned by the Fort Worth & Denver.

The special committee was composed of Mayor Milo Carlson, C.R. Hoover, and Kay L. Fancher.

The Foundation will retain all of the land north of Ford St. and will deed the remainder of the land south of Ford to the City of Pampa. Tentative plans call for cleaning up that portion of the land deemed to be the city and developing it into additional city park areas.

The new board of directors also reelected current officers of the Foundation to serve during the coming year. They were: George B. Cree, Jr., president; Aubrey Steele, E.L. Green Jr., and Frank M. Culbertson, vice presidents; Floyd Imel and A.A. Schuneman, treasurers, and E.O. Wedgeworth executive vice president and secretary.

Four Persons Die In Storm-Related Cause In Texas

By United Press International
Winter's first severe storm in Texas has claimed its fourth victim.

Nathaniel Royal, 59, was asphyxiated in his Lubbock home Wednesday by a heater. Three persons died in weather-related accidents Tuesday, two from a house fire in Lubbock and one from carbon monoxide poisoning in Brownfield.

Snow in West Texas dwindled to a trickle early today, but the storm's frigid grip still held most of Texas in a hard freeze.

Early morning drizzle combined with subfreezing temperatures in the Beaumont-Port Arthur-Orange area to coat many roads with ice. Sanding crews scattered overpasses and icy stretches of Interstate 10, but police reported a rash of accidents and at least one injury.

The sources said Soviet amphibious equipment, aircraft, tanks, heavy guns and ground-to-ground rockets were still arriving in Egypt.

In Paris, meanwhile, Egyptian Foreign Minister Mahmoud Riad conferred with French Foreign Minister Maurice Schumann on how to speed up efforts to restore peace in the Middle East.

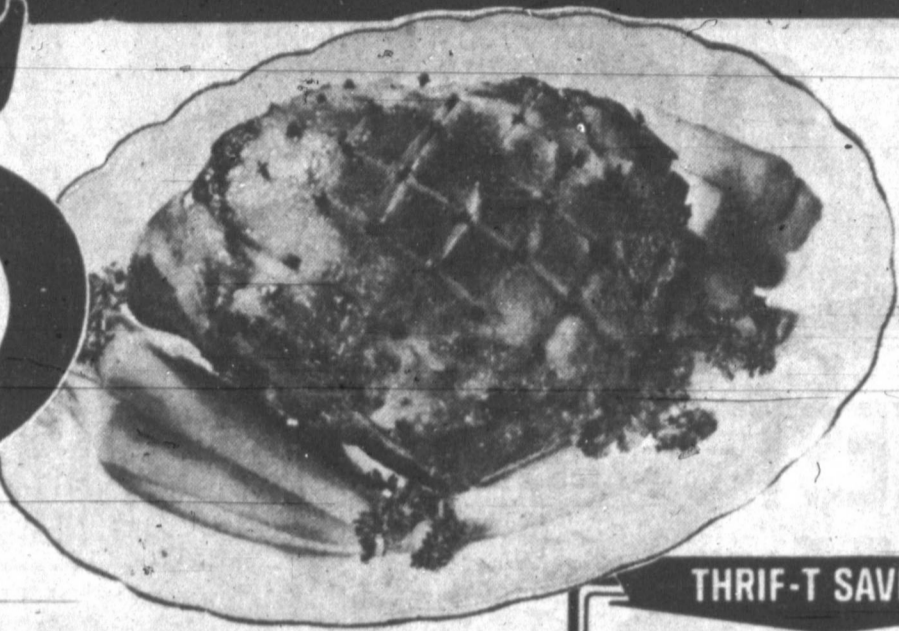

LIKE CHARACTERS in a science-fiction movie, these Russian soldiers, members of a chemical warfare team, run through a practice drill. Their duties are to determine whether weapons are contaminated by radiation, according to a Soviet source.

Wall Street Chatter

NEW YORK (UPI)—The main reason for the dramatic upturn last month was that "funds and institutions, loaded with tons of cash, rushed to buy quality stocks," according to Walston & Co. They realized the administration and the Federal Reserve were "abandoning the controversial credit squeeze, and hastening the expansion of money and credit," the company says. But despite big runups, the company believes there are "oceans of depressed issues which could show pretty fair percentage gains."

Corporate demand for long-term money should moderate because capital spending has slowed and a considerable amount of debt restructuring has been accomplished, Argus Research Corp. believes. The company says the "coming improvement in corporate profits (and) the increased availability of term loans from banks" will lessen a corporation's need to tap the bond market in 1971. "As a result, new-issue corporate bond yields should drift down further to the 7-7 1/2 per cent area by next spring," the company adds.

With tax selling out of the way and the market "now rotating upward, purchases of good performers which are near support levels are recommended," TPO Inc. says. However, the company cautions that stocks which have recently risen "substantially" should be avoided because they are "vulnerable to profit taking."

A LONE SKIER makes his way down 4,000-foot Mt. Alyeska, about 40 miles southeast of Anchorage. Area is unique in ski world because of the relatively low altitude of its glaciers.

Washington Window

By LOUIS CASSELS
UPI Senior Editor
WASHINGTON (UPI) — Among the bills that slid quietly through Congress during the adjournment rush last week was one in which the lawmakers abdicated what little power they still had over the federal payroll.

Henceforth the salaries of Civil Service workers and members of the armed forces will be fixed by administrative action within the executive branch of the government.

The President will have the final say, as he does—at least theoretically—in all executive branch decisions. But he will have to rely on studies and recommendations made by federal employees.

Thus a crucial role in the pay-setting process will be played by civil servants whose salaries will be affected.

The only guideline laid down by Congress is that federal pay scales should be "comparable with private enterprise pay rates for the same levels of work."

A Vague Concept

Observe that phraseology carefully. Not "for the same jobs," because many federal jobs have no precise counterparts in private industry. The comparison is to be in terms of "levels of work"—a rather vague concept that leaves room for a good many subjective judgments.

And under the new legislation, those subjective judgments will be made by federal employees who have a personal stake in the resulting pay scale.

There is provision for a committee of three persons, appointed by the President from private life, to advise the President whether they seem fair and reasonable. But Congress itself normally will have no part in the process. The President will simply proclaim new wage scales and they'll go into effect automatically every Oct. 1.

The new system will take effect in 1972. In the meantime, the bill allows for an interim pay boost of about 6 per cent, retroactive to Jan. 1, for 4 million civilian and military personnel.

Will Cost \$2.2 Billion

This will cost \$2.2 billion and will boost the federal payroll to \$53 billion a year.

The average Civil Service worker will get an increase of about \$504 a year, which will bring his annual pay to \$10,311.

If the new law results in additional wage boosts every Oct. 1, as it is widely expected to do, working for the government may become one of the most financially rewarding careers that a person can pursue. Moreover, federal employees also have a high degree of job security, one of the best retirement programs in existence, and a good many other fringe benefits.

PORTABLE SHELTER

EUGENE, Ore. (UPI)—Anybody want a \$35,000 bubble that will fit an Olympic size pool or football field?

The University of Oregon has a surplus three-ton inflatable nylon bubble it no longer needs. The bubble had been used for two years to offset rainy weather, but was removed when indoor courts and AstroTurf were inserted. It has been inflated and placed in storage.

Holidays Change Party Appetizers

Nobody, but nobody, needs be reminded that the Winter season is a time of celebrations. Between New Year holiday parties and Springtime bridal showers, are a myriad of holidays that bear celebrating and remembering.

To be hostess-ready for this whirl of party going and giving, you'll need a collection of recipes to see you through the season. And, what happier way to entertain and use those new recipes than with an open house?

A favorite open house buffet speciality is this gala Hospitality Wreath. It's an arrangement of petite sandwiches made with party rye and pumpernickel breads and meaty spreads.

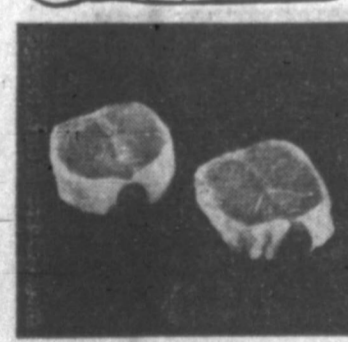

Best of all, this edible wreath is adaptable to whatever occasion you are celebrating. Simply arrange the little sandwiches in the shape of a New Year's clock, a Valentine heart, George Washington hatchet or St. Pat's shamrock.

But first things first. To make the wreath, spread half the party rye and pumpernickel bread slices with softened butter and meaty mixtures, then top with the remaining slices. Select a large round platter and arrange the sandwiches, on edge, on the platter to form a wreath. Decorate with a bow or garnish of holly or parsley and fresh cranberries. Over-wrap the platter with plastic wrap and refrigerate until serving time. Mighty tasty! Mighty easy!

Partner the pretty wreath with a selection of finger sandwiches and relishes plus a fruit punch or spiced tea. As a finale, bake frozen party shells, fill with lemon custard and top with a dollop of cherry pie filling. These, plus some dainty packaged cookies will end each party in perfect taste.

HOSPITALITY SANDWICH WREATH

- Deviled Spread
- 1 can (4 1/2 ounces) deviled ham
- 1/4 cup finely chopped celery
- 2 teaspoon Worcestershire sauce
- 20 party pumpernickel slices
- Softened butter or margarine
- Chicken Apple Spread
- 1 can (4 1/2 ounces) chicken spread
- 1/4 cup chopped apple
- 1 tablespoon dairy sour cream
- 20 party rye bread slices

Q. What is the name of this cut of meat?
A. Butterfly Pork Chops.
Q. Where do they come from? How are they identified?
A. These chops are cut from the boneless pork loin and resemble a butterfly, in shape. They're actually two chops in one as a chop, cut approximately 2 inches thick, is sliced in half almost through and flattened to form the butterfly shape. If desired, pockets for stuffing can be cut in each "wing" of the chop.
Q. How are they prepared?
A. By braising or broiling. To braise, first brown chops on both sides in lard or drippings. Add a small amount of liquid (seasoned as desired), cover and cook over low heat 45 to 55 minutes or until tender. To broil, place on rack in broiler pan and broil 8 inches from the heat for 10 minutes. Turn and broil 15 to 20 minutes longer or until well done. Often stuffed chops are baked after broiling in frying-pan.

Softened butter or margarine
 Nippy Pate Spread
 1 can (4 1/4 ounces) liverwurst spread
 1/4 cup diced green pepper
 1 tablespoon mayonnaise
 20 party pumpernickel slices
 Softened butter or margarine
 Combine first three ingredients of each recipe. Spread bread with softened butter or margarine. Spread half of the bread slices with meat spread mixtures; close sandwiches with remaining slices. Each recipe makes 10 sandwiches. To form wreath, arrange sandwiches, on edge, on a large round platter to form a circle. Decorate with a ribbon bow or garnish with holly or parsley and raw cranberries. Wreath contains 30 small sandwiches.

CELEBRATION TARTS

2 packages (10 ounces, each) frozen patty shells
 1 package (3 1/4 ounces) lemon pudding and pie filling
 1/2 cup dairy sour cream
 1 can (2 cups) cherry pie filling
 Bake patty shells as directed on package. Cool. Prepare lemon pudding and pie filling as directed; cool. Fold in sour cream. Spoon lemon mixture into patty shells and top with cherry pie filling. Makes 12.

APPLE-MINCMEAT PIE

—A Happy Holiday Combo
 Apple sauce and mincemeat become great flavor mates in a lattice-topped pie. It's a dessert that is so easy to make and so moistly delicious you'll find yourself planning it as the final glorious touch for meals all through the festive days.

Using all convenience products — ready-to-use pastry mix, canned applesauce and prepared mincemeat — you can turn out this pie with the speed and efficiency of a kitchen pro. It's a good idea first to blend the sauce and mincemeat with the seasonings. Then let the mixture stand, mellowing in flavor and consistency, while you fix the-pastry shell.

In a relatively hot oven, the pie bakes in less time than it takes to tell — all the while filling the kitchen with a warm and wonderfully spicy aroma. When the crust's toasty brown and the filling set, that smooth applesauce goodness will be blended all through, tempering ever so gently the heartier mincemeat and producing its very own new flavor sensation. Try Apple-Mincemeat Pie for your first feast of the season.

APPLE-MINCMEAT PIE

- 1 jar (1-pound) prepared mincemeat
- 1 c. canned applesauce
- 2 c. light brown sugar
- 1 tsp. lemon juice
- 1/2 tsp. grated lemon rind
- Pastry for 9-inch double crust pie
- 1 lbs. butter

Combine mincemeat, applesauce, brown sugar, lemon juice and rind. Mix well. Roll out half of pastry and line 9-inch pie pan. Pour in applesauce-mincemeat mixture. Dot with butter. Roll out remainder of pastry. Cut in strips and arrange lattice-fashion over filling. Trim and flute pastry to make standing edge. Bake at 425 degrees for 35 to 40 minutes or until golden brown. Serve warm or cold. Makes 6 to 8 servings.

THIEF WITH TASTE

PORTLAND, Maine (UPI)—The police report a burglar specializing in Tiffany lamps—those highly regarded antiques adorned with a stained glass shade.

One was stolen Wednesday from the living room of a Portland home, police said, and a similar lamp was taken from a Falmouth house earlier this week. In both instances, nothing else was missing.

A typical Tiffany lamp, created decades ago by New York jeweler Louis Comfort Tiffany, is worth about \$500 on the antique market.

CHANGE SHAPE WITH HOLIDAY — Be hostess-ready with this make-ahead party Hospitality Sandwich Wreath, surrounded by finger sandwiches, dainty cookie, cherry tarts and a zippy spiced tea.

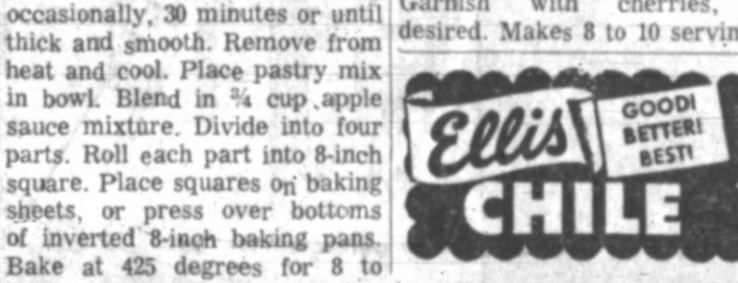

For Grand Dinner Finale, Serve Distinctive Candy-Cake Confection

It's a cake. It's a candy. So deliciously different is this confection that we call it a candy-cake. Four layers of temptingly crunchy, apple-and-ginger flavored pastry are separated by a filling of whipped cream that has even more apple sauce and ginger—and all stacked to resemble a French torte. Then the finished dainty is set to chill and firm up in the refrigerator.

Here's a recipe to end the moans of cooks who declare, "I never could bake a cake." The easy answer, "Well, make a candy-cake," for it's a great dinner finale.

APPLE SAUCE CANDY-CAKE
 2 c. canned apple sauce
 1/2 c. brown sugar
 2 tbs. butter
 2 tbs. chopped crystallized ginger
 1 tbs. lemon juice
 1 tsp. cinnamon
 1/2 tsp. allspice
 1/2 tsp. salt
 1 pkg. (10-ounce) pastry mix
 2 c. heavy cream

10 minutes or until layers are firm. Cool. Lift layers from pans with spatula. Whip cream until stiff. Fold in remaining apple sauce mixture, sugar, vanilla and nutmeg. Spread between and over top of layers. Chill for 8 hours, or more. Garnish with cherries, if desired. Makes 8 to 10 servings.

DELICIOUS COMBINATION—Applesauce Candy-Cake makes a distinctive appetizing combination of flavors to welcome any festive party-time.

SELF DEFENDER
 DENVER (UPI)—Margaret Peterson, 25, a night shift billing clerk for a local trucking firm, says she has only one regret about the way she handled a would-be attacker.

"I should have beat him to a pulp," Miss Peterson said. "The man grabbed her as she walked from a bus stop and told her: 'Don't yell or I'll kill you.'"

Miss Peterson began screaming and tossed her attacker to the ground. When he started to run, she grabbed him and told him what she thought of him. "But you couldn't put what I said in the paper," she said.

Scouting Scoops

Pampa Scouts were busy throughout the Christmas holidays. Brownie Troop 17 made Christmas presents for their parents and took a fruit and candy basket to the Casa Del Nursing Home and presented them a music program. Mrs. Tommy Mason is the leader, with Mrs. Glen Franks as assistant leader.

Troop 77, Mrs. Clarence Mullens, leader, made tray favors for the Casa Del Nursing Home and Troops 108 and 18 made favors for the Senior Citizens. Mrs. Dub Adkins and Miss Cathy Deist are leaders of these troops.

Brownie Troop 44, Mrs. Ear Crouch, leader, prepared basket of fruit for the sisters of St. Vincent de Paul and sent toys to the Panhandle Orphanage and prepared a basket of canned goods for a needy family.

Troop 8, Mrs. Joe T. Rogers, leader, had a gift exchange at their Christmas party. As part of their Christmas activities they also made individual gifts for their mothers and tray favors for the Worley Hospital. They also prepared a Christmas basket for a needy family and went carolling.

After an evening of carolling, members of Junior Troop 60 returned to the Girl Scout Little House for refreshments. Mrs. Huey Prater is the leader with Mrs. Douglas Cuffingham as assistant leader.

Brownie Troop 79 voted to use their calendar sale profits to buy a winter coat for a first grade child and made Christmas presents for their parents. Christmas carols and refreshments marked their first Christmas party together as a troop. Mrs. Robert LaFon is the leader Mrs. George Meador and Mrs. Eugene Reed are assistants.

Brownie Troop 83, Mrs. Walter Hill, leader, and Junior Troop 71, Mrs. Carl Lawyer, leader, also had Christmas parties.

Another holiday event was the 13th annual breakfast "get-together" of the members of former Mariner Troop 22. Members of this troop were together with the youngest members graduated from Pampa High School in 1959.

Former troop members who attended the breakfast in the home of Mrs. Marian Osborne Jameson were Judy Neslage, Cella Fowler, Sylvia Grider, Kay Layne, Sharron Osborne, Billy Vicki Osborne Collier, and Jeaneane Price Tate. Mrs. R. C. Grider, former assistant leader, also attended.

Junior Troop 187, Mrs. David Bronner, leader, have been working on requirements for the Art Badge and Worldwide Games Badge. Program Aides assisting this troop are Dana Chisum, Vicki Carter, and Jeri Bohlander, members of Cadette Troop 3.

After having taken skating lessons for the past several weeks, members of Troops 35 and 108 received their Skaters Badges.

Cadette Troop 41, Mrs. Eschol Jackson, leader, held a Court of Awards recently for the members to receive their badges.

Junior Troop 61, Mrs. Wayne Jones, leader, finished the Toymaker Badge, made cloth picture books for the Lamar PTA nursery and attended a slumber party over the holidays.

Junior Troop 23, held a Court of Awards at the home of their leader, Mrs. Robert Elliott. Ten girls received the Sign of the Star and the whole troop received the Cyclist Badge.

Girls in this troop are Ann Ellis, Beth Elliott, LeDonna Culver, Nancy Gates, Linda Thompson, Bobbi Horton, Vicki Luke, Sara Riehart, Peggy Wilson, Janet Keagy, and Jennifer McCausland.

Junior Troop 90, Mrs. Jack Scott, leader, elected new officers, Patrol Leaders, Diana Helm, Sarah Stallings, and Leigh Ann Szemela; Troop Treasurer, Alice Kirby.

Junior Troop 115 held a rededication and Fly Up Ceremony at the Girl Scout Little House. Parents attended and were served refreshments.

Mrs. L. A. Siber is the leader. Assistants are Mrs. Ray Fisher and Mrs. Alvin Alexander.

When Brownie Troop 44 visited a flower shop, each girl received a carnation as a memento of the visit. Mrs. Earl Crouch is the leader, assisted by Mrs. Charles Casey.

The council welcomes another new Brownie Troop, Troop 119. Miss Patsy Neslage is the leader, assisted by Mrs. Bernard Leger. Troop members are Karen White, Dianna Martinez, Sherry Smith, Jacqueline Hilton, Elizabeth Lawyer, Gina Valdez, Mary Beth Waddell, Lisa Jo McAndrew, Christina Stoffa, Hazel Willis, and Meganne Walsh.

Dear Abby

By Abigail Van Buren

DEAR ABBY: A wonderful Jewish friend of mine recently passed away, and I went to the funeral parlor to pay my respects. (I am of the Protestant faith.)

While there, many others came to pay their last respects. I was shocked to see a Roman Catholic woman, who should have known better, come in, kneel down beside the casket, make the sign of the cross over the casket, say a prayer and make the sign of the cross again.

She surely should have known that Jewish people do not kneel, nor do they wish others to kneel before them. And to have made a sign of the cross over a Jew, I think was in the worst possible taste. What is your opinion?

APPALLED: Under those circumstances, a more sophisticated person would have known the Jewish customs and observed them, but the Roman Catholic lady was praying in her way, and should not be criticized. She did not make the sign of the cross "over" a Jew. The sign of the cross is simply a salutation to the Lord prior to offering a prayer. And the sign of the cross is made again after the prayer to close it.

DEAR ABBY: Is it ever proper to eat chicken with your hands? I went to a restaurant with my friend's family and I ordered fried chicken. When I picked up a leg and started to

Sorority Conducts Awards Ceremony

Kappa Alpha Sorority held a awards night as Mrs. Joe Miller conducted the ceremony in a candle lighted room. In the ceremony Mrs. Glen McConnell won the highest honor her sorority can bestow on a first year member, the First Pearl Award.

Mrs. Glen McConnell earned her award a charm, by completing a difficult series of achievements for her chapter.

Mrs. Joel Plunk conducted the ceremony where Mrs. Bob Rose, Mrs. Tommy Sells and Mrs. Horace Henley received the First Degree in the Pallas Athene award.

Mrs. James Frazier received the Second Degree in the Pallas Athene Award. Mrs. Joe Miller, Mrs. Bob Yoss and Mrs. Irvin Hungerford received third Degree in the Pallas Athene Award.

Each Pallas Athene winner received a charm for completing a series of philanthropic work, community service and growth and progress in her chapter.

eat it they all stopped and stared at me. Boy, was I ever embarrassed. Was I wrong or not?

LOVES CHICKEN: You need not feel embarrassed for eating anything with your fingers, if it's easier to eat that way. (What a mess you'd have made had you attempted to cut-up crisp fried chicken! It is okay to use your hands provided you use your head!

DEAR ABBY: My heart went out to "A Reader" who felt that her laughing days were over because the next morning she was having a breast removed. I felt just as she did 18 months ago when I had both breasts removed. I was 48. Six weeks later I shocked my family and friends when I learned to swim, and dive! I am also learning to play the organ. Presently I am planning a trip to Australia to visit my daughter.

The surgery wasn't easy. There were moments of depression and plenty of tears. But there were compensations, too. Now I realize that I am more than my breasts, I am myself, a complete person, regardless of how many parts of me may be missing. Now I have leaner look than in my "38D" days. My \$50 prostesis is on my closet shelf, never worn since the day I got it.

My family knows I am flat-chested, and why try to fool strangers into believing that I have more than meets the eye? Tell "A Reader" that a breast, or breasts are nothing compared to her well-being and happiness. I am luckier than she because I have my husband. I agree, the road she is walking

is lonely. A trip to surgery is always lonely. I've been there many times. Thanks, Abby, for listening.

"G" IN SAN DIEGO

DEAR ABBY: You are wrong. The reason newspapers run pictures of brides and not bridegrooms, is because people are interested in seeing the winners, not the losers.

BURT THE BACHELOR: DEAR BURT: If that's the way you feel about marriage, please give the girls you know a break, and stay single.

U.S. Officers Concerned About Worsening Cambodia Situation

SAIGON (UPI)—Military sources said Wednesday the U.S. command is so concerned about the deteriorating military situation in Cambodia it has asked the U.S. Pacific naval commander to meet with Defense Secretary Melvin R. Laird in Saigon this weekend. Phnom Penh reports said the situation worsened.

Communist troops in Cambodia today exploded a gasoline laden river raft in their fourth consecutive attempt to cut Phnom Penh's lifelines supplying fuel to the city. They also blew two bridges, cutting the capital's link to the rice-rich western provinces.

Military sources said that what most concerns the U.S. command is the situation along Highway 4 linking Phnom Penh with Kompong Som, the southern — and only — deepwater port where oil supplies arrive.

The Cambodian government has lost a complete battalion and large numbers of reinforcements in trying to open the highway.

The Mekong River has been the only link to Phnom Penh since the Communists seized Highway 4 in November, and in recent days the Viet Cong have been ambushing convoys along that route.

Military sources said the U.S. command feels that continued military stability in Cambodia is essential to Vietnamization of the war in Vietnam and that the recent deterioration in Cambodia led the command to call Adm. John S. McCain to Saigon to meet with Laird.

Laird, who was in Paris today, told a news conference the America combat role in South Vietnam would end by midsummer this year and that U.S. forces thereafter would be confined to support, security and logistic duties.

Informed sources in Saigon

said the U.S. command apparently has abandoned its plan to retain a mobile "fire brigade" of combat troops to be rushed to threatened areas either to aid the South Vietnamese or protect the troop withdrawals.

When withdrawals began in July, 1969, military sources said the plan called for helicopter-borne fire brigades to be established around Saigon and Da Nang to protect the late stage withdrawals and help the South Vietnamese in any major Communist offensive.

Reports indicated that the 1st Air Cavalry and 101st Airborne Divisions would be the last U.S. units to leave because each has about 425 helicopters. But current indications are some of the 1st Air Cavalry will be withdrawn with the 1st Marine Division since Phase VI of President Nixon's troop withdrawal plans means another 51,800 Americans must leave by May 1.

Agency Proposes Safety Standard For Cars' Roofs

WASHINGTON (UPI)—The Transportation Department proposed a safety standard designed to give cars stronger roofs to help cut the toll from roll-over accidents, now running at a rate of 1,400 deaths a year.

Under the proposed standard, the National Highway Safety Bureau would establish minimum strength requirements for the roof forward section is the area most likely to sustain severe damage in a rollover crash. It also is the primary protection for the front seat.

Safety belts have been of small aid in a roll-over accident where the roof collapses, the bureau said.

Although the driver is restrained and does not hit the roof when the car overturns, the roof sometimes collapses and crushes the driver.

General May Be Thailand's Next Prime Minister

BANGKOK (UPI)—A general who already is the most politically powerful man in Thailand is a good bet to become the nation's next prime minister.

For a man who insists he is a soldier and not a politician, Deputy Prime Minister Prapas Charusathira is remarkably adept at the politics of Prapas so far.

Prapas, a soldier when he says, as he did again last week, that he has never been his intention to be the prime minister.

He moved back into the politician's stance when he followed that remark with this one: "One human being, however, never knows what the future will hold for him."

Prime Minister Thanom Kittikachorn has indicated his intention to retire at the end of 1971.

About 45% Of All GIs In Viet Believed To Have Used Drugs

SAIGON (UPI)—U.S. headquarters announced Wednesday a sweeping crackdown on the increasingly heavy use of marijuana by American soldiers in South Vietnam. It said as many as 45 per cent of all GIs are believed to have used marijuana or hard drugs.

Headquarters announced a massive program involving air and ground searches for fields where marijuana is grown in

this country, stiff new customs procedures for baggage and mail going in and out of Vietnam, frequent searches and shakedown of barracks and other living quarters, and a 15-fold increase in the number of "marijuana dogs"—police dogs trained to detect the drug by smell.

It also established new narcotics enforcement committees involving both American and Vietnamese officials, a drug education program that will be carried to the platoon and squad level and a drug abuse survey and reporting system that will attempt to keep track of the level of narcotics usage among GIs.

can and Vietnamese officials, a drug education program that will be carried to the platoon and squad level and a drug abuse survey and reporting system that will attempt to keep track of the level of narcotics usage among GIs.

CLASSIFIED ADS GET RESULTS PHONE 669-2525

Are Other Contenders

There are other possible contenders for the top job, but few doubt that Prapas can have it if he wants it.

For the record, Prapas stands firmly behind Thanom, whose daughter is married to Prapas' son.

There have been local press reports that Prapas has let it be known to all political factions in the country that he firmly supports Thanom.

This message reportedly warned against any attempt to change the government through unconstitutional means under the misconception that he himself might favor such efforts.

So what appeared to be a pledge of support, leaked to the press, came a few days after Thanom had reshuffled his cabinet, bringing in Sen. Prasit Karnachanawat, long regarded as a close associate of Prapas.

Prasit Appointed

The appointment of Prasit, a member of the Liberal party, as deputy minister for economic affairs, may have been aimed at bringing the Liberals closer to the ruling government party.

In any case, it appeared to strengthen Prapas' position as a possible successor to Thanom.

Some observers believe Prapas prefers to wait and take over the job of prime minister in a peaceful transition rather than forcing a showdown which could be risky as well as disruptive.

The snipers are beginning to undermine Thanom, a moderate man and a popular leader when times were good.

But now that hard times are here, the followers of Prapas say the reins of power should pass officially to the strong man, the man who always has held them anyway.

Miami Sergeant Gets USAF Medal

SACRAMENTO, Calif. (UPI)—Master Sergeant Charles J. Cowan, son of Mr. and Mrs. W. R. Cowan of Miami, Tex., has received the U.S. Air Force Commendation Medal for meritorious service at Sembach AB, Germany.

Sergeant Cowan, a radar technician, was presented the medal at McClellan AFB, Calif., where he now serves with a unit of the Aerospace Defense Command.

The Sergeant is a veteran of World War II and has served in the Republic of Korea.

CUT YOUR OWN TAXES: 6 Don't Overpay On Home Sale

By RAY DE CRANE
Enterprise Publications

With a few million homes being sold in the country every year, accounting for home sales on an annual income tax return is a relatively common problem.

If the home was sold at a profit, the transaction must be accounted for on a Schedule D. Even where there is no profit, or should an actual loss be taken, it is generally advisable

to complete Schedule D. This ends the matter, and avoids any questions being asked in subsequent years.

Of course, if a loss is taken on the sale of your residence it is never deductible.

The profit may or may not be immediately taxable. What could spell the difference is the purchase of a replacement home. If you sold your home at a profit and then decided that home ownership was not for you, and you lived in rented quarters thereafter, the profit is immediately taxable.

Here are the provisions under which the tax on the profit is deferred:

If you replaced the home sold with another purchased home, you have a taxable profit only if the adjusted sales price of the home sold exceeds the cost of the new home.

This calls for a definition of terms. The adjusted sales price is the gross selling price less the total of "fixing-up expenses" and "selling expenses."

Fixing-up expenses are those costs incurred to make your home more salable. They include painting, decorating and repairs. To count for this purpose they must have been completed within 90 days before the sale and paid for within 30 days after the sale.

Selling expenses include real estate commissions, advertising expenses, legal fees and your share of the closing costs.

Let's illustrate it all with an example. You bought a home for \$22,000 and then put \$2,500 into capital improvements. You now have an investment of \$24,500 in the property. You sell it for \$27,000.

But you incurred \$275 in fixing-up expenses and \$2,210 in selling expenses. The total of these two items—\$2,585—subtracted from the selling price of \$27,000, leaves an adjusted sales price of \$24,415.

Applying that earlier rule, it

is now apparent that if your replacement home costs \$24,415 or more, there is no immediate tax to be paid on the gain. But that is just the first step. That tax is not forgiven, just deferred. Now you must go one step further and make an adjustment in the purchase price of that replacement home.

This time the fixing-up expenses are not considered. Go back to the \$27,000 selling price and this time subtract only your selling expenses of \$2,210. You realized \$24,790 on the sale. You had an investment of \$24,500 in the home, so you realized a profit on the sale of \$290.

The purchase price on your replacement home is reduced by that untaxed gain. That new adjusted basis will then become the starting point in arriving at a future gain or loss on the sale of the second home.

Even more favorable treatment is given if you were 65 or older at the time the home was sold. In this case, if the adjusted sales price is \$20,000 or less, there is no tax on the profit, no matter how great it is.

If the adjusted sales price is more than \$20,000 the tax-free profit is the ratio between \$20,000 and the adjusted sales price. It's really not as complicated as it sounds. If the adjusted sales price, for example, was \$30,000 and the gain on the sale was \$15,000 here is how the rule would work: Since the ratio between \$20,000 and \$30,000 is two-thirds, then two-thirds of that \$15,000 profit, or \$10,000, would be tax free.

You may use this over-65 rule only once in a lifetime. To take advantage of it, the home sold must have been your principal residence for at least five of the eight years prior to the sale. (Newspaper Enterprise Assn.)

New HGH Could Lead To Production Of Bigger People, Bustier Women

SAN FRANCISCO (UPI)—The human growth hormone, which controls body size and shape and can cure dwarfism in children, has been reproduced in a test tube. University of California scientists announced Wednesday.

The synthesis of the hormone is expected to aid in cancer research and could lead to the production of bigger people and bustier women.

Human growth hormone (HGH) is a tiny, complex string of amino acids—the building blocks of life—produced naturally by the pituitary gland in the brain.

Since 1961, it has been used to make dwarf children grow normally. But each child needs HGH extracted from the pituitary glands of hundreds of dead bodies—severely limiting application of the technique. The artificial hormone could solve the supply problem.

Dr. C. H. Li, director of the Hormone Research Laboratory at UC San Francisco who has been investigating the pituitary for 32 years, and Dr. D. Yamashiro said they had chemically strung together 188 amino acids to produce a

compound which performs the same functions as HGH.

Li and his associates first isolated and purified HGH in 1966 and determined its structure in 1966. It took them four more years to reproduce it in the laboratory.

HGH, in addition to regulating growth and breast development by nursing mothers. It also seems to be involved in tissue replacement, weight control, activity of the male and female sex hormones, and production of disease-fighting antibodies.

Li once described the goal of his long research on the pituitary and the hormones it produces as development of a modified hormone which would inhibit the growth of breast cancers.

Among the questions the synthetic hormone may help answer are why people grow to a certain height and stop; what goes wrong with those who grow abnormally short or tall; why certain cells become runaway cancer cells; and why some people maintain normal weight and others are abnormally thin or fat.

Mainly About Mobeetie

By MRS. C.W. BURCH
Kenneth Ray Knight of Dallas recently visited his mother Mrs. Margaret Knight, Ruby and Cecil. He also visited his sister and husband, Mr. and Mrs. Rayburn Corcoran. They all visited in Oklahoma City with Margaret's sister Mr. and Mrs. Ted Smithers and family.

Mr. and Mrs. Henry Turner and girls of Miami visited her parents Mr. and Mrs. J.R. Riley during the week.

Mr. and Mrs. Herk Atkin had a back car glass-shot out while visiting in Amarillo.

Staff Sgt. and Mrs. Wayne Leather attended to business in Atlas Air Force Base on Thursday. They visited in Hollis with Mrs. Donie Whilhem.

Mrs. Joe Morgan and family of Amarillo visited friends in Mobeetie during the week. Visiting with Mrs. Seline Vernon Tuesday night was her cousin Mr. and Mrs. Carl Bolton of Dimmitt.

Mrs. Nancy Shelton, Sallie, Cendie and Teresa spent the holiday in Ruidoso skiing. They also toured Carlsbad Caverns. They visited on their way home in Amarillo with Mrs. Jo Morgan and family.

Mr. and Mrs. Alfred Hill spent New Year's Day in Phillips visiting their son and family Mr. and Mrs. Bobby Hill, Bunker, John and Michael.

Mrs. L.V. Grace is in the Parkview Hospital in Wheeler where she was taken Friday. Mr. and Mrs. Lee Morris is home after visiting in Friona with their daughter Mr. and Mrs. Ted Tucker and family.

Mr. and Mrs. Rayburn Corcoran have moved to Wheeler and Mr. and Mrs. Charles Risner William and Meredith moved to Perryton.

Mrs. Jo Morgan, Melinda, Mona, Lea, and Trey visited New Year's Day with Mr. and Mrs. Phil Corcoran. The Morgans are living in Amarillo.

Mr. and Mrs. Phil Corcoran visited Saturday in Pampa with Mr. and Mrs. Lowell Groves and family.

Visiting Sunday with Mr. and Mrs. Phil Corcoran was Mr. and Mrs. Rayburn Corcoran of Wheeler and Mr. and Mrs. Dale Corcoran and family.

Mrs. Lorena Sims and Mrs. Wilber Beck visited Saturday in

Parkview Hospital with Mrs. L.V. Grace.

Mrs. Bert Kysar has returned home after spending a week in Amarillo visiting with Mr. and Mrs. Harvey Morton, and Mr. and Mrs. Dewey Kysar, Shon and Julie Renea.

Mr. and Mrs. Richard Dyson and Kim, and Mr. and Mrs. Mark Zybach of Sayre, Okla. were dinner guests Sunday of Mr. and Mrs. Clarence Dyson. They all went to Borger to attend the wedding of Dianna Dyson and Charles Frakes.

Dianna is the daughter of Mr. and Mrs. R.H. Dyson of Borger. The wedding was held in the Wesley Methodist Church with a reception held following the services in the Fellowship Hall of the Church. The couple left following the reception, for Austin where they will live.

Charles is a student of Texas University. The Clarence Dyson's The Richard Dyson's and the Mark Zybach's were supper guests of Mr. and Mrs. R.H. Dyson and Kent after the wedding.

Mrs. Jane Lee Nipper, Houston, visited her grandparents, Mr. and Mrs. Clarence Dyson recently and took them to Floydada to visit the Robert Dyson's.

Mr. and Mrs. Mansel Williams of San Angelo visited his mother Mrs. Mattie Williams over the weekend.

Mr. and Mrs. Bob Galmor were New Year's Dinner guest of Mr. and Mrs. Noel DeWitt, Ray, Kay, Damon, and Cecile of Pampa. Other visitors were Mrs. Earle Wright, and Linda and her family.

Jerry Richardson of Sayre, Okla. spent the holiday with Mr. and Mrs. Calvin Stuart and family. T.A. Richardson came after him on Saturday.

Mr. and Mrs. Ernest Stuart of Kelton visited Mr. and Mrs. Calvin Stuart and family on Saturday.

Congratulations to Mr. and Mrs. Gary Grimes on the birth of their daughter D'Wan Renea. She was born Dec. 28 and weight 7 pounds 1 1/2 ounces. Grandparents are Mr. and Mrs. Doyle Grimes and Mr. and Mrs. Gerald Noble of Clarendon. Great-grandparents are Mr. and Mrs. Carl King of Clarendon, and Mrs. Mary Brewer of Mobeetie.

Mr. and Mrs. Doyle Grimes visited in Amarillo Wednesday with Mr. and Mrs. Gary Grimes and D'Wan Renea. They also visited with Mr. and Mrs. Jerry Tucker and girls.

HE'S IRREPRESSIBLE

LONDON (UPI)—Unemployed worker Keith Long, 27, was sentenced to two years behind bars Wednesday for kissing a girl he did not know on a downtown London street. Police said Long had nine previous convictions for similar offenses.

MEMPHIS METRO shopping center, located 10 minutes from downtown Memphis, is largely black-owned and black-operated.

1971. You've changed. We've changed.

Change. That's what it's all about this year. And that's what we mean by putting you first.

These are uneasy times. There are major concerns. About pollution. About safety. About your hard-earned dollar. We know. For the past 10 years Chevrolet research people have questioned thousands of people on every subject from rising taxes to the size of the glovebox in their cars. We've found that price and maintenance costs, trade-in value and quality have become tremendously important. Your car has to work. It has to last. And each new model must have more built-in value at Chevrolet, we understand. You want meaningful change. You want improvements that are not just skin-deep, but deep-seated. And one of those, among the many that you'll find in the 1971 Chevrolets, is new emission controls to help bring back clean air. In every model, we've made further substantial reductions in both the discharge of

hydrocarbons and carbon monoxide. All 1971 Chevrolet engines run efficiently on the new no-lead or low-lead gasolines, too, which not only decreases air pollution but increases the life of your spark plugs, exhaust system and other engine components.

Caprice. The biggest, most luxurious Chevrolet ever. A complete change.

Bigness in itself is nothing. But if it allows you to lengthen the distance between the front and rear wheels (which we did), then you've got something. You've got a smoother ride. The idea in the 1971 Caprice was to give you the looks and comfort of a six- or seven-thousand-dollar car, without asking you to pay anywhere near that much for it. And above all, to build in as much dependability and security as possible. So we changed the body structure, too.

We made it stronger. And we made it quieter by putting a double layer of steel in the roof.

Caprice, as you can see below, is a lot of luxury at a Chevrolet price.

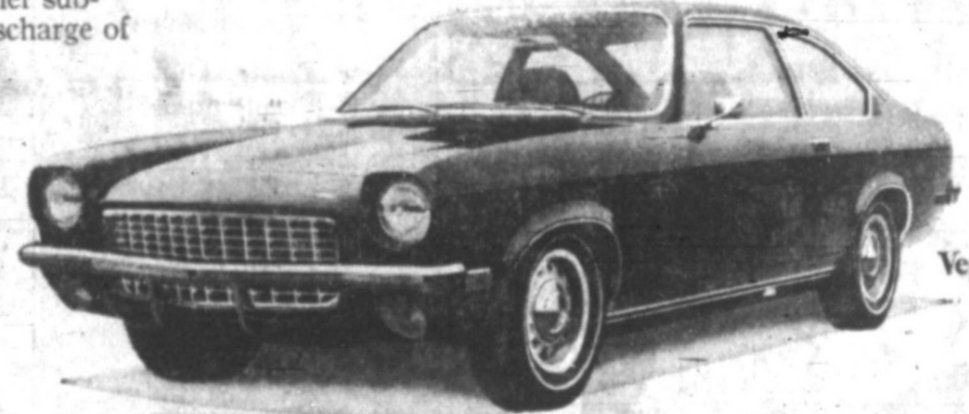

Vega. The littlest Chevy ever. It wasn't changed from anything.

Before building Vega, we read everything we could get our hands on about little cars. We talked to owners. We studied little cars up one side and down the other and, literally, tore them apart. We found out what made them tick, or why they didn't tick. What ticked were gas economy and dependability. What didn't were underpowered engines, cramped quarters and getting blown around in the wind. In our little Vega, everything ticks. It's not just another little car. You didn't want that. It's one little car that does everything well.

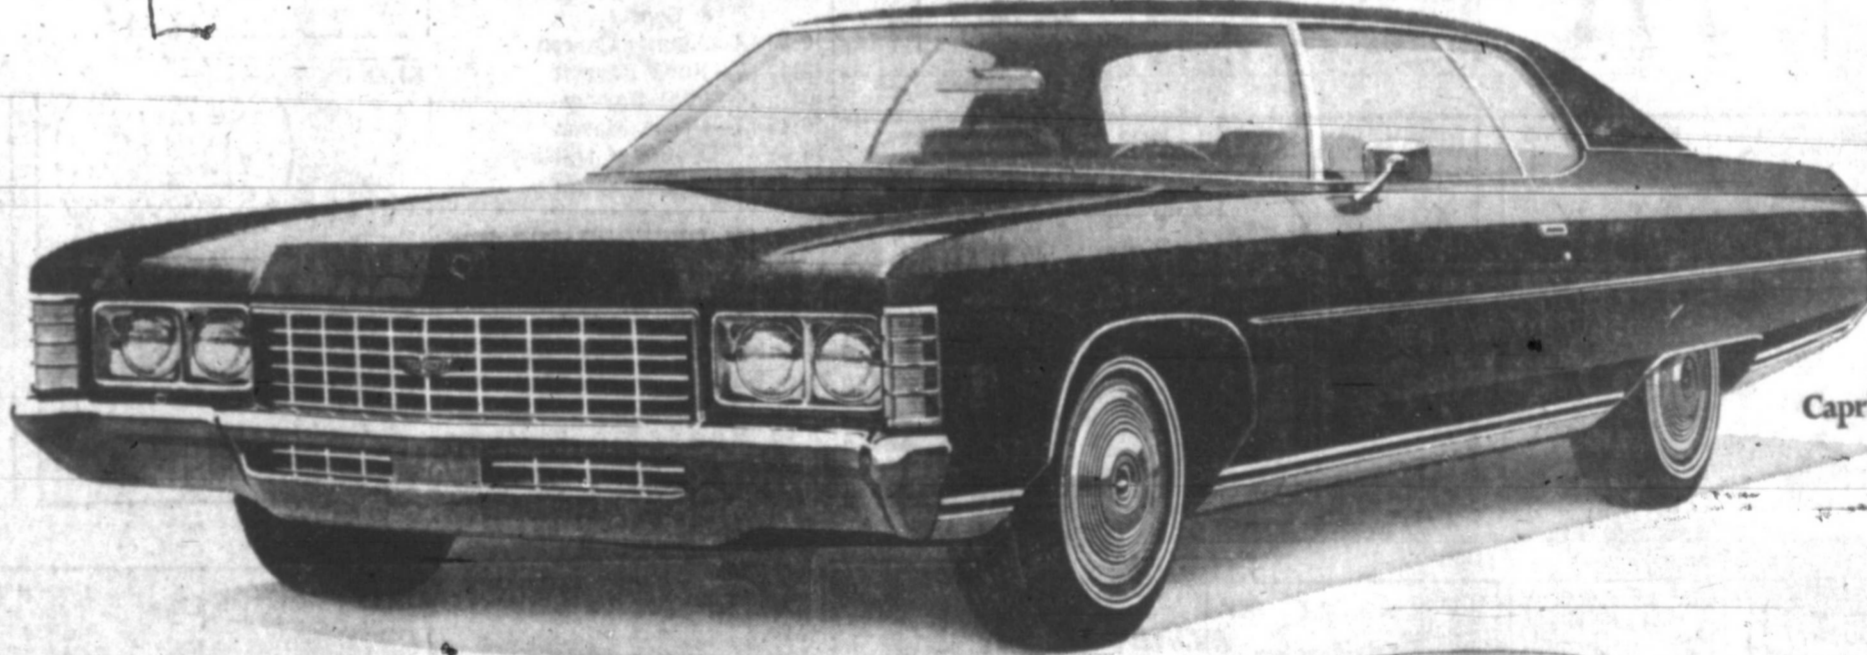

TV Special.

Chevrolet presents **Changing Scene III** with Engelbert Humperdinck • Don Adams • Barbara Eden • and a host of other stars • ABC-TV, Jan. 7. Consult local listings for time and channel.

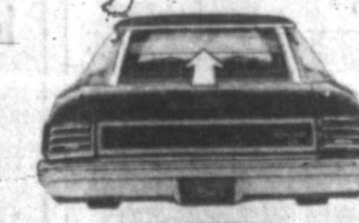

Vega

Caprice

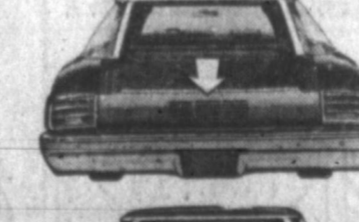

Monte Carlo. Changed? No, refined. The classic fine-grid grille is one refinement. Another, Power-Beam headlights are spaced wider apart. There's a tasteful new hood ornament. Refined. Because most people liked it the way it was.

Camaro. We've made just a few changes to make America's best-liked sporty car even more so: 1) Given the front bucket seats higher backrests by building in the head restraints. 2) Cushioned the steering wheel center for added protection. 3) Modified the engines for new no-lead or low-lead fuel.

Chevelle. How do you change America's most popular mid-size car? Very carefully. We contoured a new grille. Gave you new single-unit Power-Beam headlights. Resculptured both bumpers. Carefully. Very carefully.

Vanishing tailgate. A big change in our big wagon to make life easier. The window goes up into the roof, the Glide-Away tailgate disappears under the floor. Out of sight. Out of your way.

Nova. We changed our attitude about change and gave you only what you asked for. New colors and fabrics, new Power-Beam headlights, a more responsive standard Six. Nova, still America's not-too-small not-too-big car. We wouldn't change that for the world.

See what we mean by putting you first? Now at your Chevrolet dealers.

PAMPA DAILY NEWS
PAMPA, TEXAS 79064
Thursday, January 7, 1971
JEANE DIXON
Your Horoscope

FOR FRIDAY, JAN. 8, 1971
YOUR BIRTHDAY... This is to be a year of experiments, new ideas, changing conditions. Your habits loosen up into more informal behavior, with less waste of motion. Emotional ties are apt to become more intense or, in some few instances, shunned altogether. Declutter your home and daily living of all that has outlived its usefulness, as quickly as you can. Friday's natives experience special exposures to strife limitations, may be very moody.

ARIES (March 21-April 19): An unorthodox approach pays off well. Take the initiative, gather lively minds about you, get new projects started. Repair and maintenance can be accomplished quickly.

TAURUS (April 20-May 20): An extra search will show you a line of action that pays better. An original idea brings you more responsibilities and, hopefully, increased earnings. Wait for nothing and nobody.

GEMINI (May 21-June 20): Fresh information comes on you, requiring serious attention. Take the time to do it justice. There are many petty irritations to ignore or take in stride.

CANCER (June 21-July 21): Ideas, new schemes are in the planning stage. Wait for Tuesday or Wednesday before initiating serious changes. A pleasant, desirable frame of mind sets you through till then.

LEO (July 22-Aug. 22): State your position clearly, ask no immediate favors. Consolidate your home arrangements, find new owners for things which no longer serve your purposes.

VIRGO (Aug. 23-Sept. 22): Intuition blazes you a new path to follow. Little time is available for exploration, as the day is full of details. Done he up if your family is at some phase of development other than yours.

LIBRA (Sept. 23-Oct. 22): Some ideas speak out freely over the weekend. You are for experiment by others. If you speak out freely over the weekend you have a better chance to see things in perspective.

SCORPIO (Oct. 23-Nov. 21): Mechanical things put into service Friday should wear well, particularly if they relieve you of routine chores. Begin organizing your bank; remember they need thinking through.

SAGITTARIUS (Nov. 22-Dec. 21): Close out the workweek neatly. Settle everything you can. Changes are coming in a few days. Travel is favored on the weekend.

CAPRICORN (Dec. 22-Jan. 19): Experiment with new ideas and methods. Careful notes will help you figure things out over the weekend. Travel a bit, loosen up, try being a bit less formal.

AQUARIUS (Jan. 20-Feb. 18): Get an early start to round up more resources, better financial arrangements. Gather friends about you for exchange of lively conversation.

PISCES (Feb. 19-March 20): Bring your notebook, record as you go. Organize your ideas for future application. It's a stimulating day, with everything near you, if you look.

CADETS DROPPED FOR POT
WEST POINT, N.Y. (UPI)—Three cadets have been dropped from the U.S. Military Academy for smoking marijuana, West Point officials confirmed today.

An academy spokesman would not say when the dismissals occurred, nor would he divulge the names or classes of those involved. Sources said, however, the dismissals occurred just prior to Christmas leave.

By Now The Colts Will Know The Awful Truth

By MILTON RICHMAN
UPI Sports Writer
NEW YORK (UPI)—By now, the Baltimore Colts know the awful truth.
They know that even with one of the all-time best, Johnny Unitas at the throttle, people simply do not regard them as a great ball club.
What's more, the Colts can grind the Dallas Cowboys in the Super Bowl turf 10 days from now in Miami and most people still will not be convinced they're a stickout ball club, as the Green Bay Packers were in 1966 and 1967.
The Colts, with an 11-2-1 record this past season, owned the second best such figures in pro football but they didn't impress many people. There were any number of reasons they didn't.

Unmemorable Players
The fact they operated for the first time in the American Conference, which generally is considered weaker than the National, is one reason. The fact they didn't look good against some of the poorer clubs is another reason.
If you talk with the average man in the street and ask him to name some of the Baltimore players he'll begin real quickly with Johnny Unitas and then sit down to do some heavy thinking for awhile. Somehow the Colts lost a little caste when they moved into the AFC and it didn't matter what a number of

people before that were saying the AFL was as strong if not stronger than the NFL. These same people felt the Colts were dropping down in class when they went into the AFC and if you take the results of games played between AFC and AFC teams this season those people turn out to be right.
In any case, the fact that the Colts are not regarded as an outstanding ball club does not seem to bother the Baltimore players. They talk about it easily enough.
"Most people have been brain-washed into thinking that because you have NFC written across your back that you are automatically better than the AFC," says John Mackey, the Colts' tight end. "Simply because we did not win by 40-50 points people started thinking, well, maybe Baltimore isn't that good."

The Turning Point
Some of the Baltimore players think the turning point for them was the last regular game of the season, in which they beat the New York Jets, 35-20, on Dec. 19 in Baltimore. The final game of the season is a peculiar place for a turning point, but it might've been at that.
With all the latest hurrahs for Johnny Unitas, who certainly has to rank with the greatest of them all, few people realize that in the AFC's final season figures he finished sixth to

quarterbacks like Daryle Lamonica, John Hadl, Len Dawson, Bob Griese and Dennis Shaw.
That's only as far as statistics go. There are other things to consider, though. Things like the fact he had never worked much with receivers Eddie Hinton or Roy Jefferson before this year and he had to get his timing down for them.

You don't do that in two or three weeks. Even if you're a Johnny Unitas you don't. It takes an entire season and sometimes longer. People don't always realize that.
Maybe that's another reason so many don't look at the Baltimore Colts as a great ball club: They'll rate another look 10 days from now.

Better Than Half Of SWC Playing .500

Southwest Conference Basketball Roundup
By United Press International
For the first time this season half the basketball teams in the Southwest Conference are playing better than .500 ball. But that record is in danger tonight when the Baylor Bears take on strong Louisiana State.
The Bears take a 5-4 record to Baton Rouge, La., tonight and put it on the line against the Bengals, among the nation's most potent basketball powers.
The other two conference teams in action tonight, Texas A&M and Arkansas, are both playing well below .500. The Aggies are on the road playing The Citadel and Arkansas hosts Hardin-Simmons in tonight's other contests.
Texas and Rice joined Baylor Tuesday night as the teams with best winning percentages and both the Longhorns and the Owls accomplished the feat on the road. Texas Tech is the other loop squad with more victories than defeats.
Billy Black, the Longhorns' leading scorer, pumped in 17 points in a game which saw Texas blow two big leads to the Tulane Green Wave. Texas grabbed a quick 15-2 lead but Tulane pulled even 37-37 at the half. The Horns then jumped to a 55-41 advantage in the second period but lost that when the Green Wave pulled ahead 69-68 with 2:25 left. But Texas B. G. Brosterhous scored on a layup and Scooter Lenox connected on four straight free throw attempts to give Texas the win and Tulane its seventh straight defeat.

Newcombe, however, left the courts in October. While Rod was battling, John and his wife and child were lazing in the heat of Texas and Australia.
"I kept in trim by running on the sand of the Australian beaches and doing all sorts of exercise," Newcombe said.
"But more important, I was getting ready mentally for the Classic."
As a result of his resting, Newcombe cut off his 1970 earnings at \$78,250.
Newcombe and Laver, who meet in a \$10,000 winner-take-all match in the \$210,000 Tennis Champions Classic Saturday night in Rochester, N.Y., have approached the rich match play event with different outlooks.
Laver, the biggest money-winner tennis has ever known with over \$301,000 banked in

Newcombe Knew Of Match With Laver

1970, said that the best method is to play throughout the year, taking only short breaks of a week or 10 days. He played the entire 1970 campaign, finishing in Tokyo on Dec. 15.
Newcombe, however, left the courts in October. While Rod was battling, John and his wife and child were lazing in the heat of Texas and Australia.
"I kept in trim by running on the sand of the Australian beaches and doing all sorts of exercise," Newcombe said.
"But more important, I was getting ready mentally for the Classic."
As a result of his resting, Newcombe cut off his 1970 earnings at \$78,250.

Winner Has Been Added To Ranks Of Unemployed Football Coaches

ST. LOUIS (UPI)—Charley Winner has been added to the swelling ranks of unemployed head coaches in pro football.
George Allen, Bill Austin, Phil Bengtson, Tom Fears, Clive Rush and Winner all have lost their jobs as head coaches in the National Football League. The number is unusually large in a year when realignment of divisions allowed more teams to win.
Winner, 46, lost his job with the St. Louis Cardinals Wednesday while he was working on the club's list of college players who will be drafted. His work was interrupted when he was called into the office of the

club's president, Charles "Stormy" Bidwill.
"I was shocked," Winner said. "I had been in to see Stormy earlier about another matter. When I went in the second time he told he he had bad news."
Winner had been with the Cardinals five seasons, and his record with the team was 35-30-5. His best season was the 9-4-1 record of 1968. This past year the team was 8-5-1.
Bidwill said the Cardinals would accept applications for their head coaching job "from anybody who is interested, including our own assistant coaches."

Two Pampa Basketball Players Lead Lubbock Christian Chaps

Two Pampans are leading the Lubbock Christian College Chaparrals. Jim Hollis, a 6'2" sophomore and Randy Lykins, 6'6" sophomore are leading the Lubbock College in scoring.
The Chaparrals have played only three home games in the first half of their 1970-71 season and the schedule is in their favor as the second half of play gets underway.
The Chaps will play 16 of their remaining 17 games on their home court, and the way the first half of the season went, that home court advantage could give Coach Larry Hays' team a winning record in their first year of play as a senior college team.
The Chaparrals won all three games played in the LCC Fieldhouse during the first half of the season and will meet some of their toughest competition on their home court during the last half of play. While the Chaparrals have lost nine of their first 14 games,

they have been outscored only 13 points. The Chaps have allowed a total of 1000 points, while they have scored 987 points, averaging 70.5 points a game, and giving up 71.4 points a game.
Hollis is leading the team in scoring with a total of 208 points for an average of 14.8 points a game. Lykins is second in scoring with 14.2 points a game and leads the team in rebounds with 132, averaging 9.4 a game.

Hayes And Cowboys May Cease To Be...

DALLAS (UPI)—The Dallas Cowboys will not discuss a new contract with star pass catcher Bobby Hayes before Dallas' Super Bowl game in Miami Jan. 17, according to Cowboys President Tex Schramm.
"I'm not about to distract Hayes' thoughts on the eve of the Super Bowl with any contract talk," Schramm said Wednesday. "We're going to Miami to win, and I don't want anything to disrupt any of the 40 players we're depending on—and I don't think he (Hayes) would either."
Schramm commented in response to reports in the local press that Hayes attorney had threatened the Cowboys, warning that if they didn't have a satisfactory contract for Hayes by Jan. 17, they would lose him.
The attorney, Steve Falk of Miami, was quoted as saying, "If the Cowboys leave Miami without signing Bobby, then they won't have him for next season."
Hayes, who is playing out his option at an annual salary of about \$32,000, has asked for a new contract at an estimated \$70,000 in light of his productivity as a receiver.
Hayes took the automatic 10 per cent salary cut and played this season without a contract under the National Football League's option rules when he couldn't come to salary terms with the Cowboys last summer.
He was one of several starters benched by Coach Tom Landry early in the season, but his performance improved drastically and he started the last 10 games.
His play was a key factor in the Cowboys' dramatic comeback from a mediocre midseason 5-4 standing to a berth in the Super Bowl.
Schramm has said often he thought Hayes would be signed for 1971, but Falk said he wasn't so sure.
"Since the season started there has been no offer and no effort to get in touch with me or Bob about his contract," Falk said.
Hayes did not get into the argument but conceded "it would be better for both of us—the club and me—if we got this thing settled. I have it on my mind—have had it on my mind all year."

Kentucky State Leads UPI Poll After Being Unbeaten In First 8

NEW YORK (UPI)—Kentucky State, unbeaten in its first eight games, has been voted the No. 1 team in the first weekly balloting of National Association of Intercollegiate Athletics (NAIA) basketball coaches.
The thoroughbred, defending NAIA champions, polled 23 first place votes and 343 points to beat out Fairmont State for the No. 1 berth. Fairmont state (10-0) is second with 327 points.
Eau Clair State (9-1) is third, Georgetown (Ky.) (8-1) fourth and Central State of Ohio (7-1) fifth.
Rounding out the top 10 are Eastern Michigan (6-4), Central Washington St. (7-2), East Central Oklahoma (7-2), Illinois Wesleyan (7-3) and Stephen F. Austin.

Dallas Turns To Super Bowl After Winning 7

By ED FITE
UPI Sports Writer
DALLAS (UPI)—The Dallas Cowboys turned their season around and are now working toward a Super Bowl match with Baltimore because the team's character "came to the top," according to coach Tom Landry.
Landry was trying to explain why he thought the Cowboys climbed out of the depths of despair of Nov. 16 after they were humiliated 38-0 by St. Louis to drop into third place in the Eastern Division.
"When you reach the point where it looks like you can't survive, that's when the best comes out—if it is there in the first place," Landry said.
"The only thing that binds a team together is character. We have lots of character, but it only came to the top when we got to the lowest point. And,

that's when it really counts." Landry credited the players themselves with making their own evaluation and coming up with the answers which have carried them to seven straight victories since that dismal night, including pressure play-off victories over Detroit 5-0 and San Francisco 17-10.
"I wouldn't have thought we could do it without better passing, but the defense did it," Landry said.
Landry also explained why he kept up an optimistic front during those trying days.
"The thing that was encouraging to me then," he said, "was that in several games we played like I knew we were capable of playing—the second half of the first—New York Giants games the Atlanta and Kansas City games.
"Our play in those games showed it was possible to turn things around eventually."
The strong finishing kick was exactly what Landry had in mind from the start of the season when he complained that

the club had been sweeping through its early games by big margins, clinching its division early and then encountering a letdown.
"But, he wouldn't recommend the harrowing path the Cowboys took to accomplish the goal."
"But, I'm convinced that if we had started the season like last year (3-1 instead of 5-4) and the years before, we probably would have finished just like we did the past two years," Landry said in reference to the club's collapse in the divisional playoffs against Cleveland.
Landry also disclosed that quarterback Craig Morton, who already was plagued with knee, elbow and shoulder problems, had been sidelined for the rest of this week by a sore throat that has left him unable to talk above a whisper.
The coach said, however, that he hoped Morton would be back in shape to leave with the team Sunday for their Fort Lauderdale, Fla., Super Bowl training base.

Allen Fired As Winner Will Try To Change Losers

WASHINGTON (UPI)—George Allen, fired as a winner in Los Angeles, took on the task today of making winners out of the Washington Redskins, who have been losers in every pro football season except one since 1955.
Allen was signed as head coach and general manager Wednesday only minutes after Redskins President Edward Bennett Williams announced the dismissal of Bill Austin, who had been given the coaching post after the death of Vince Lombardi last September.
Exactly one week before, Allen, 48, had been fired by Los Angeles Rams owner Dan Reeves despite his five-year record of 49-17-4. Allen and Reeves did not get along.

Colts Plan One More Workout Before Facing Flight To Miami

BALTIMORE (UPI)—The Baltimore Colts planned one more workout here today before boarding a chartered jet tonight on what coach Don McCafferty called "a business trip for us, not a vacation."
The players themselves decided that wives and families will not be allowed to come to Miami until the night before the Super Bowl game with Dallas, or possibly not until the day of the game. Defensive lineman Billy Ray Smith apparently instigated the idea before McCafferty could suggest it.
In 1968, wives and families came to Miami several days before the game and McCafferty called that situation a "circus." The Colts were humiliated 16-7 by the New York Jets in that Super Bowl and they are going out of their way this time to keep soft living from weakening what they consider a chance at redemption.
Center Bill Curry said he hoped "the coaches will run us until we drop. It will get us in good shape to play if it's a hot day," he explained.
In addition to leaving families at home, the Colts hope to cut out the other diversions of the sun and fun spa to concentrate on the game which means the Lombardi Cup and \$15,000 a man to the winners.
