You bet, America's going ahead. if we all pull together. If we count our blessings, and at the same time view our glorious future, it'll not be possible for a single American to fall for anybody's false ideas. There's no country with a past like America's, nor any with as great a future. If we inform ourselves and determine that our way is the best we can settle down and get going toward the goal of an even greater America! What's under the hood will take us places!

Shanghai will be available shortly. When military personnel will leave -if they leave at all-has not been made public.

Railroad, tram and waterworks employes demanded their wages in rice, disdaining the rapidly sinking gold yuan currency. They stopped work when they got no rice. Some returned to their jobs later when a small amount was made available.

In a desperate attempt to sta-bilize the economic situation, the Executive Yuan (legislature) authorized the sale of the China Textile Corporation-largest state owned textile plant in China. Regulations for the sale of American aid cotton on the open market in exchange for foodstuff were passed, also.

President Chiang Kai-shek, trying to bolster his tottering government, was in almost continuous conference at his home. Reports said the discussion included the possibility of a new cabinet being formed.

Alarmed European nationals, aware of keen anti-foreign feeling, hoped to get out some

way. If the situation grows much worse an American warship may he sent up the Yangtze to protect foreigners and aid in evacuating them.
