Cleanup Crews Battle Giant Task On Streets

Safe Robbers Make Haul In Two Downtown Stores

Traffic Flow Still City's Big Problem

Method Of Operation Same At Both Places

Burglars with a taste for convenience robbed two hardware stores in Pampa within the past 48 hours.

Lewis Hardware and Pampa Hardware Stores were targets for thieves who used tools found in the stores to crack safes and remove money.

Police are investigating the pair of safe breaking incidents, but the most promising lead this morning was partial finger prints and the method of operation used in both robberies. Police said that the pair had been in Lewis Hardware for a minimum of one hour. Evidence indicated that they had trouble with the electrical system when using power tools. One socket near the safe was blown out and the robbers had strung an extension cord from a display case in order to complete the process.

Lewis Hardware, 311 S. Cuyler, was burglarized sometime in the night of Feb. 22 or early yesterday. Police were notified of the break-in and the theft of \$750 at 7:45 a.m. Tuesday. Tracks in the snow indicated that two persons were involved in the theft, police said.

Entry was gained when the pair used a tire tool to break in a panel of the alley entrance of the business. After gaining entry, burglars removed tools from wall racks and storage bins and proceeded, in what police call "a professional safe cracking job."

Using a grinder and power saw, the burglars cut away the dial lock on the safe and punched the dial mechanisms out using a sledge hammer.

Once inside, thieves removed \$750 in cash including \$25 in silver certificates.

Police said the pair left through the broken back door and investigating officers tracked the pair south to Brown Street where their footprints mingled with tire tracks and were obliterated by traffic.

Travis Lively notified police early this morning that Pampa Hardware, 120 N. Cuyler, had been burglarized and the safe broken open.

Chief Jim Conner, Assistant Chief George Wallace and Lt. John Thomas investigated the break-in which was patterned after the robbery of Lewis Hardware.

Once again thieves entered the building and used tools found in the store to break into the safe. "They know what they are doing," police said.

Travis Lively Jr., owner of Pampa Hardware, was still trying to determine the store's loss shortly before noon today. Preliminary checking revealed,

he told police, that between \$900 and \$1,000 in cash, \$11,500 in non-negotiable Series E Bonds, and \$30,000 in Security Federal Certificates were stolen.

Investigation is continuing, according to the police chief.

Brown Street businesses became targets for burglars early Sunday morning, striking two taverns and a service station before the spree ended.

The Crystal Lounge, 523 W. Brown, and the Tee Room, located next door west, were both targets for a thief with a taste for wine and cigarettes.

About \$40 in change taken from rifled cigarette machines and pool tables, a bottle of wine and several packs of cigarettes were taken after thieves broke into the tavern through a side door.

Moving next door, the thieves drank the wine, discarded the bottle inside the Tee Room and prowled the premises before taking two cases of beer, \$2.50 in change in a glass behind the bar and departing through a hole broken in the back wall on the south side of the building.

Police continue to investigate these break-ins as well as another which occurred at Kitchen's Grill, located just down the street at 200 W. Brown.

Police found that thieves had entered the station by breaking out a window and the owners advised the department that \$10 worth of cigarettes, some change and cigars were missing.

All three burglaries are believed to have taken place after 1 a.m. Sunday. They were reported to police yesterday.

Abandoned Baby Flown To Mother

HONOLULU (UPI) — The baby boy found in a trash container of an airplane lavatory was to be flown to his mother in Guam today.

Mrs. Rade Awane of the state Department of Social Services said the baby is in excellent condition.

The mother is Vawna Scribomscip, 23, a Thai national who gave birth on a TWA flight from Los Angeles to Honolulu Feb. 15. The woman told authorities she put her son in the trash container because she thought the infant was stillborn.

The mother has been in Guam Memorial Hospital recuperating from the birth.

CHECKING FOR FINGERPRINTS — Assistant Police Chief George Wallace, left and Lt. John Thomas, right, this morning investigated the burglary of Pampa Hardware Store. Safecrackers opened the store's safe and removed nearly \$1,000 in cash as well as bonds and security certificates. This was the second safe robbery in Pampa in 48 hours. Police investigated the robbery of Lewis Hardware yesterday. (Staff Photo)

LARGEST CRACKDOWN ON CRIME

Federal Agents Nab 54 Persons In Overnight Narcotics Raids

WASHINGTON (UPI) — Federal agents arrested 54 persons in overnight narcotics raids in four cities climaxing an operation which Attorney General John N. Mitchell described today as "the largest federal crackdown ever on narcotics distribution by organized crime."

Estimated 400-500 Head Of Cattle In Gray County Dead From Storm

Gray County ranchers probably won't be able to determine cattle losses due to the "Big Blizzard" for over a week. Bill Stockstill, rancher and feedlot operator east of Pampa, advised the News today.

He stated that he had no idea of actual loss, but from talking with other ranchers would estimate 400-500 head were dead from the storm.

Illnesses related to extreme cold and lack of feed still face

Miller said 89 persons were arrested earlier and that 32 more were being sought. He said the raids were aimed at wholesalers with crime syndicate connections, rather than at street pushers.

The overnight raids took place in New York, Hartford, Conn., Chicago and New Orleans.

Mitchell called the operation "code named 'Flanker'—an 'unqualified success.'"

He said it would cut the supply lines of illicit drugs in those four cities as well as Philadelphia, Baltimore and Detroit, where earlier raids took place.

John E. Ingersoll, director of the Bureau of Narcotics and Dangerous Drugs, said one bureau agent infiltrated an organized crime unit in New York and was accepted as a member while he gathered information used in the crackdown.

11 American GIs Killed In 'Copter Losses Over Laos

SAIGON (UPI)—The U.S. command today reported 11 Americans killed in helicopter losses over Laos Tuesday. It was the heaviest one-day toll among U.S. chopper crewmen since the start of the Laotian campaign.

U.S. military officials also announced new American bombing raids into North Vietnam Tuesday night and today and said F105 jets fired Shrike missiles against Communist missile site near the Demilitarized Zone (DMZ).

Eight crewmen were killed Tuesday when two U.S. Army UH1 Huey helicopters collided in flight over the Laotian lower panhandle. Three other U.S. servicemen were killed when an Army OH58 helicopter was shot down in the same region a few hours earlier.

U.S. casualties in the helicopter losses since the Laotian campaign started Feb. 8 were listed as 40 killed and 26 wounded.

American military spokesman said the latest "protective reaction" strikes inside North Vietnam were 25-28 miles southeast of Ban Karai Pass and 3-4 miles above the DMZ separating North and South Vietnamese missile operators.

By hostile actions, the U.S. command usually means U.S. escort jets' electronic gear indicates the Communist missiles are preparing to fire at U.S. bombers raiding the Ho Chi Minh Trail.

A South Vietnamese paratrooper unit holding a hill in Laos a few miles from the over-run LZ Ranger outpost came under heavy fire Tuesday and military sources said another siege by Communist forces apparently was imminent.

Only one helicopter was able to make it into the government position Tuesday because of intense barrages.

"It appears Hill 31 will be another LZ Ranger cype fight," said the sources.

Lt. Gen. Hoang Xuan Lam, commander of the South Vietnamese task force in Laos said Tuesday that before North Vietnamese troops overran LZ Ranger Base last weekend, each Communist soldier was given a bottle of wine.

Communiques from Phnom Penh said Communist troops for the second night in a row Tuesday night attacked the Brevet outpost on the Cambodian-South Vietnamese border in an attempt to cut supply lines from Vietnam to Cambodia. Four Cambodian troops were killed and 27 wounded.

B-Day plus 3 found Pampa and the Texas Panhandle still struggling to get out from under the effects of last Sunday's howling blizzard and heavy snowfall that brought everything to a virtual dead-end halt in the area.

Business gradually was returning to near normal today with most business houses open. This included food and department stores, service establishments and most offices, City

The weather forecast was for a continued warming trend with today's high expected to be around 50 and tomorrow's high near 60.

Hall and Gray County Court House both were back in business.

Efforts in clearing the snow on main streets and highways was progressing but travel inside Pampa and on highways leading in and out of the city continued at a snail's pace.

Parking on city streets was a problem for those who could get out and go to work this morning. On most downtown streets the only cleared space consisted of two lanes to permit vehicles to move. Snow still was piled high in the center and on the sides next to curbs.

Automobiles still were being stuck in the snow and ice in city residential areas throughout the city.

R. B. Cooke, public works director, said late this forenoon city equipment—four heavy pieces and five 4-wheel drive trucks—were working as rapidly as possible on the gigantic snow-clearing task.

Twenty-Third St. was this morning's target in the area of Robert E. Lee Junior High School. Cooke said work also was progressing on clearing away 18th St., east of Duncan. These are two of the main thoroughfares through Northeast Pampa.

He said work would continue through tonight in the areas around schools in an effort to get travel opened so schools could re-open tomorrow.

"We will get into residential areas where the worst conditions exist just as soon as possible," Cooke said. "We should have things pretty well opened up all over the city by tomorrow."

Meanwhile city street department workers were hoping for a warm sun today to help them with their job. The weather forecasters said it could be expected to warm up this afternoon. Cooke added that trash collections were resumed in some areas today.

Two roads out of Pampa, State Highway 152 east to Wheeler and State Highway 70 north to Perryton, were the only highways in the Pampa area which were still blocked by snow drifts at midmorning today.

Highway 70 north to Perryton is closed outside the Pampa north city limits because the road is blocked from the Canadian River bridge to Perryton by 20 and 25-foot drifts, according to state highway department officials.

One lane is passable to Borger. Highway 60 west to Amarillo has both lanes open. Highway 70 south to Clarendon is open with one lane. Both lanes of Interstate 40 to McLean and the Gray County line are open.

Highway 60 east to Canadian is open as far as Canadian, but blocked past Canadian by the 20 and 25 foot drifts.

Officials reported today maintenance crews are working on all highways but are not certain when the blocked roads will be cleared.

All Pampa schools, public and private plan to open Thursday after losing three snow days, Monday, Tuesday and today to the Blizzard of '71.

Claude Robertson, director of special services, said all public school district had two snow days scheduled, but had used three. Administrators were not certain if the extra day will be made up during Easter holidays, at the end of school, or on a Saturday.

St. Vincent's Catholic School and St. Matthews Day School both plan to re-open Thursday. They also were closed Monday, Tuesday and today because of the weather.

Sheriff Rufe Jordan said the U.S. Air Force helicopter from Fort Sill, Okla., which has been assisting in rescue operations since Monday, was in Amarillo today.

The 'copter made two trips out of Pampa yesterday afternoon to check on eight persons isolated on the old Gores place north of White Deer. They found everyone safe as they did on a trip to Lake McLellan to check on Warner Phillips and his family snowed in there. Phillips is the supervisor at the lake.

Police Chief Jim Conner today issued a statement of praise for all those who helped the police department when it was bogged down in the early stages of the blizzard.

These included Bernard Keener, Bud Dorley, Wayne Brown, H. L. Meers, Joe Ed Mackey, A. L. Phillips and Sid Marshall and his crew from Southwestern Bell Telephone Co., all of whom used their equipment and volunteered their services.

Praise also went out to the many other volunteers who "pitched in," the chief said, to assist wherever possible.

City Manager Mack Wofford, his wife and small daughter were in De Leon, Texas, when the storm hit Pampa. City officials said the city manager hoped to arrive back in town this afternoon.

Prison Escapee Captured After Kidnaping 2 Women And 2 Children

FULLERTON, Calif. (UPI) — A San Quentin prison escapee was captured by a laundry owner Tuesday after kidnaping a policeman's wife and her children and another woman and forcing them on a flight across nearly half the length of California.

The kidnap victims, all abducted in the Northern California city of Novato near San Quentin before the fugi-

tive's 13-hour flight south, were released unharmed along the way.

The escapee, Jimmy Dee Harvey, 24, barefoot and clad in a prison uniform, was armed with a pair of scissors believed taken from the prison barber shop where he worked. Harvey, sentenced for auto theft, was to have been paroled in August.

"The 13 hours were the most frightening of my life," said

Mrs. Cheryl Jean Smith, 23, who was released by the suspect in Anaheim five hours after the other woman and her children were freed in the Central California town of Bakersfield.

"A couple of times I felt a little scared. He had a pair of scissors ... he made a gesture with them toward the children as if to tell me to use common sense."

Mrs. Joyce Elaine Stansfield, 30, and her two children, Robert, 6, and 4-month-old Suzanne, were released after she promised not to notify authorities for three hours. She kept the promise.

Mrs. Stansfield was unable to answer reporters' questions because of a sore throat and a severe case of laryngitis. Her husband, Gary Stansfield, a Novato policeman, spoke in

her behalf. "My wife has lost her voice because she was trying to talk all night and partly because of her emotional experience."

He explained she tried to carry on a continuous conversation with the kidnaper to keep from alarming the children and to try to persuade him to release them unharmed.

Shortly after Mrs. Smith's release, the vehicle Harvey was

driving was sighted in nearby Fullerton where his common-law wife lived. Harvey headed for her home where staked-out detectives surprised him. They chased him for nearly three miles at speeds up to 100 miles per hour, firing one shot through his rear windshield. He was not hit.

Harvey drove into a shopping center parking lot at high

speed, smashed into a parked car and fled on foot into a laundry. There, owner Herb Bordon, 31, tackled the suspect.

"... I had him so tight he couldn't do anything. He didn't say much except 'Let me go' and then he tried to bite my arm," said Bordon. Seconds later police arrived and subdued Harvey, who was "violent and kicking."

House Panel Is Expected To Act On Smith's Tax Package Today

AUSTIN (UPI) — Anticipating a long and bitter tax fight, the House begins its consideration today of a \$600 million tax bill designed to finance state government for the next two years.

Rep. Ben Atwell, D-Dallas, head of the Revenue and Taxation Committee, said his panel planned to act on the tax package late today, two months earlier than tax bills ordinarily make it to the House.

But the package, based heavily on increases and expansion of the state sales tax, faces rough sledding in the more liberal Senate even if it escapes the House without major revision.

The tax package, agreed on basically by Atwell and Speaker Gus Mutscher, include:

- Increasing the state sales tax to 4 per cent, and extending it to cover such services as barber and beauty work, repair work on televisions and autos,

and to cover admissions to professional sporting events. These provisions will bring in \$450 million, Atwell said.

- Raising the tax on auto sales from 3 to 4 per cent, earning \$70 million.
- Raising the corporate franchise tax to bring in \$350 million.
- Hiking the hotel tax from 3 to 4 per cent for another \$3-\$4 million.

"We're trying to shoot for something around \$600 million," Atwell said.

Mutscher pledged to give House members the opportunity to amend the tax package on the House floor, which could lead to such proposals as the corporate profits tax which some senators have insisted upon.

"I expect it (a corporate profits tax proposal) will be offered, but your guess is as good as mine as to whether it will pass," Mutscher said Tuesday.

Senate leaders predict a sales tax package will fall in their chamber unless it is tied to some type of corporate profits or corporate income measure.

The Senate sent to the House Tuesday a measure by Sen. A. R. Schwartz, D-Galveston, directing the state insurance board to set up an assigned risk plan for fire and casualty insurance. Schwartz said such a plan is needed in hurricane-plagued areas of the Texas gulf coast.

The Senate also approved and sent to the House a bill creating a state commission on the status of women, and a bill authorizing the state to finance night classes for illiterates.

The House okayed and sent to the Senate two bills deleting buffaloes from the list of Texas game animals, and a third measure making it legal to hunt from an automobile on private property.

RESCUE COPTER — This is the U.S. Air Force's giant 45-passenger helicopter from Fort Sill, Okla., which has been in Pampa and the Panhandle area assisting in emergency rescue work since Monday. In the photo, Deputy Sheriff Buster Collins of Pampa is talking with two of the helicopter crew. It flew yesterday on missions to Canadian, Wheeler, Lake McClellan and north of White Deer. Today it was assisting in the Amarillo area.

IN FORT WORTH

Three Persons Killed In Shootout

FORT WORTH (UPI) — Three persons were killed and three others — including a policeman — wounded Tuesday in a domestic shootout apparently caused by a 27-year-old man who went berserk.

Police Sgt. B. H. Purselley said Lewis McKinney, 27, who a relative said was despondent because his wife left him and he lost his job, will "apparently be" responsible for all the deaths.

appeared to have been dead for "a length of time."

Purselley said when Barton and Lambert first approached the Williams house, a man, presumably McKinney, came out carrying a shotgun held down "at a save position." Barton walked toward the man and said something, Purselley said.

when the man raised the shotgun suddenly and fired.

Police said a relative of McKinney said he lost his job last week at the Bell Helicopter plant in suburban Hurst, and his wife left him at the same time. Charges were pending further investigation.

Northeast Nebraska Under Threats Of Severe Flooding

By United Press International
Northeast Nebraska — declared a major disaster by President Nixon — was under threats of more severe flooding today as springlike weather began to melt up to two feet of snow dumped by Monday's blizzard.

An intense winter storm that has plagued the East pushed into the North Atlantic today, but left in its wake gusty winds and heavy snow over Northern New England. Travelers warnings were posted in Maine, Northeast New York, Vermont and New Hampshire.

Residents of the Mississippi Delta continued cleanup operations today in the tornado-stricken area. The latest death toll issued Tuesday by Civil Defense at Jackson said at least 86 persons were dead and 500 injured. Searchers continued to find bodies in creeks and under debris.

The U.S. Army Corps of Engineers said Tuesday it would assist the Office of Emergency Preparedness in a recovery program for 15 Northeast Nebraska counties declared a disaster area.

The Corps sent boats and earth moving units into the area Tuesday to begin cleanup operations and rescue work. At least seven highways were closed because of washed out bridges. Officials estimated 305 square miles of land was flooded and damages would exceed \$2.35 million.

The Oklahoma National Guard scheduled an airlift early today with 40 tons of hay for cattle stranded in Northwest Oklahoma by deep snowdrifts.

State officials were awaiting word from President Nixon on a request to declare 16 counties a disaster area.

In the East Tuesday, 13,000 public school students and several thousand parochial school students had the day off in Pittsfield, Mass., as sleet and freezing rain made the city's roads dangerous. Streets in Boston were also glazed with treacherous ice.

Snow and snow flurries spread early today from the Lower Great Lakes to New England. Showers and thunderstorms were reported in extreme Southern Florida.

Rain was descending on the Pacific Northwest with snow inland to the mountain regions. Rain and snow showers dotted sections of Arizona and New Mexico.

Hanoi Delegates Refuse To Talk With Houstonians On POW Issue

PARIS (UPI) — Multilingual Houston Mayor Louie Welch has been instructed to call a representative of the National Liberation Front today to see if a Texas delegation can meet with communist diplomats to talk about the Vietnam war.

Welch, turned down in early attempts at the meeting, was forced to resort to his multilingual abilities Tuesday in trying to arrange a meeting.

Welch said he telephoned a representative of the NLF Tuesday and began speaking to him in English. But Welch said the other man could not speak well in English so Welch switched to Spanish. He said they were able to talk easily in Spanish.

Welch said the NLF representative told him to call back today to find out if a Houston delegation could meet with the diplomats. Earlier attempts at such meetings failed.

Welch originally tried to schedule a meeting with diplomats from Hanoi and the Viet Cong. The mayor said the Hanoi delegates told him politely they did not have time for the meeting while the Viet Cong gave him a brusque "no."

"I'm definitely not taking that as the final answer," Welch said. "I plan to keep — every way possible — every contact until someone says yes, come on."

Welch originally said the delegation would return to Texas on Thursday but now says he'll stay past Thursday "if I thought it would help."

The 17 persons in the Houston delegation represent the 17 Houston area men believed to be in prisoner of war camps in North Vietnam. The delegation, which includes University of Houston football Coach Bill Yeoman, originally came to Paris to talk to communist diplomats about prisoners of war. But the communists said no meetings could take place unless the Houstonians agreed to expand the range of the talk to other aspects of the Indochina war.

Larry Vance, a spokesman for the delegation, says the response from the Viet Cong so far has been "totally negative."

He also claimed Guzman was the first person to draw a gun on the deputies and also claims it was Guzman's idea to drive the captured officers to the river.

Lopez confessed he personally killed Dallas County deputy W. D. Reese and helped shoot Ellis County Deputy A. J. Robertson to death.

Lopez said the shooting started when Reese untied his hands and grabbed a pistol.

"I heard some hollering and some shouting," Lopez said in his confession. "I saw the young officer (Reese) and he 'I heard some hollering and some shouting,' Lopez said in his confession. "I saw the 6,ung officer (Reese) and he was shooting at me. I shot him twice."

He said he saw Guzman kill Dallas County deputy Sam Infante. He said he then noticed Reese had run out of bullets and was trying to escape.

"I chased him and shot him again," Lopez said. "He fell down."

He said he and Guzman then chased Ellis County deputies Robertson and Wendell Dover.

"We both shot these officers," Lopez said. "I just shot one of them. I looked for the other officer, but couldn't find him."

Dover was wounded in the chest.

Chileans Make It To Pampa On Rotary Visit

The seven members of a Rotary Club Group Study Exchange team from Chile finally arrived in Pampa yesterday afternoon following two days of being stranded in Wellington and Shamrock.

They were hosted last night by Pampa Rotary directors and their hosts and hostesses at a dinner in the Pampa Club.

The seven-man team has been touring the West Texas Rotary Club District since Feb. 1.

They agreed their most unusual experience was being trapped in the Sunday blizzard that struck the Texas Panhandle. Today was a free day for the visitors and Rotary officials were re-arranging their schedule which will keep them in Pampa until Friday.

Tomorrow night they will attend the Rotary Club's annual Ladies Night banquet in the Starlight Room of Coronado Inn.

Ash Wednesday Today

By United Press International
Today is Ash Wednesday. For millions of Roman Catholic and Protestant Christians around the world, it is a day of prayer and fasting.

It marks the beginning of Lent, the 46-day season of the church year immediately preceding Easter.

To those who observe it faithfully, Lent is a time of reorientation and renewal. Its purpose is to call men away from their normal preoccupation with getting and spending, and remind them that the most important thing in life is to know and love God.

Over the centuries, two ways of observing Lent have been practiced widely among Christians.

One is self-denial, or fasting. While most people think of fasting in terms of eating little or no food, it also is possible to fast by giving up other normal routine, such as watching television or drinking coffee.

Cattle

had permitted the animals to literally walk over fences and drift toward town.

One resident at the corner of Kentucky and Price Road, notified a local radio station that she had a newborn calf in her garage and no cow was in sight.

Ranchers were out early today, heading strays back to home pasture and counting losses.

Buddy Cockrell, east of Pampa reportedly has cattle dead in Roberts County north of Miami.

"Just about everybody will count losses," one rancher reported.

Many cattle were still without feed today as heavy equipment was put into operation by Gray County crews, attempting to clear roads into outlying areas.

Many cattle have not been fed since last Friday, adding to the chance of even higher losses.

Obituaries

JOHN KOTARA
Funeral services for John Kotara, 90, of Pampa, were held today in St. Vincent de Paul Catholic Church with burial in Sacred Heart Cemetery in White Deer, directed by Carmichael-Whitley Funeral Directors.

Mr. Kotara died Friday night in Worley Hospital.

He was born April 17, 1900, at Montague County and had lived here six years.

Survivors are two sisters, Mrs. Nora Winton of Marble Falls, and Mrs. Sybil Farrell of Denver, Colo.; one daughter-in-law, Mrs. Virginia Romines of Pampa and four grandchildren.

MRS. NICY BURNETT
Funeral services for Mrs. Niccy Ann Burnett, 85, are pending with Duenkel Funeral Home.

Mrs. Burnett died at 2:55 a.m. today in Highland General Hospital.

A resident of Casa Del Nursing Center, she had lived here 43 years. She was born Nov. 5, 1885, in Fannin County, moved to Borger in 1927 from Pampa, Okla., and moved here in 1928.

She was a member of the Church of Jesus Christ of Latter Day Saints.

Survivors are one son, Lloyd Burnett of McLean; two daughters, Mrs. Maggie Board of Broken Arrow, Okla., and Mrs. Noema Meroney of Panhandle; 11 grandchildren and five great-grandchildren.

LARRY DON PURYEAR
CANADIAN (Staff) — Funeral services for Larry Don Puryear, 25, of Santa Rosa, Calif., son of Mr. and Mrs. Jeff Puryear of Allison, are pending with Stickleby Funeral Home of Canadian.

Mr. Puryear, a native of Canadian, was killed Saturday in a one-car accident in Coeur D'Alene, Idaho.

JOE HOPKINS
CANADIAN (Staff) — Funeral services for Joe Leslie Hopkins, 77, will be held at 2 p.m. Thursday in First Christian Church with the Rev. W. F. Turnage, pastor officiating. Burial will be in Canadian Cemetery directed by Stickleby Funeral Home.

Mr. Hopkins died Monday at his home in Canadian after suffering a heart attack.

He was born April 21, 1894, in Kansas City, Kans. He was a retired railway conductor for Santa Fe, a veteran of World War I, and member of the Masonic Lodge.

Survivors are his widow, Geraldine of the home; one sister, Mrs. Mabel Lane of Forgan, Okla.

HALLIE ROMINES, 70, will be held at 2 p.m. Thursday in Barrett Baptist Church with the Rev. Derral Lewis, pastor, officiating. Burial will be in Sacred Heart Cemetery directed by Stickleby Funeral Home.

Mrs. Romines died Saturday at Worley Hospital.

She was born April 17, 1900, at Montague County and had lived here six years.

Survivors are two sisters, Mrs. Nora Winton of Marble Falls, and Mrs. Sybil Farrell of Denver, Colo.; one daughter-in-law, Mrs. Virginia Romines of Pampa and four grandchildren.

Chileans Make It To Pampa On Rotary Visit

The seven members of a Rotary Club Group Study Exchange team from Chile finally arrived in Pampa yesterday afternoon following two days of being stranded in Wellington and Shamrock.

They were hosted last night by Pampa Rotary directors and their hosts and hostesses at a dinner in the Pampa Club.

The seven-man team has been touring the West Texas Rotary Club District since Feb. 1.

They agreed their most unusual experience was being trapped in the Sunday blizzard that struck the Texas Panhandle. Today was a free day for the visitors and Rotary officials were re-arranging their schedule which will keep them in Pampa until Friday.

Tomorrow night they will attend the Rotary Club's annual Ladies Night banquet in the Starlight Room of Coronado Inn.

Obituaries

JOHN KOTARA
Funeral services for John Kotara, 90, of Pampa, were held today in St. Vincent de Paul Catholic Church with burial in Sacred Heart Cemetery in White Deer, directed by Carmichael-Whitley Funeral Directors.

Mrs. Romines died Saturday at Worley Hospital.

She was born April 17, 1900, at Montague County and had lived here six years.

Survivors are two sisters, Mrs. Nora Winton of Marble Falls, and Mrs. Sybil Farrell of Denver, Colo.; one daughter-in-law, Mrs. Virginia Romines of Pampa and four grandchildren.

Services Scheduled For Storm Victims

Funeral services for the five fatalities during the Panhandle's Blizzard of '71 are being held in area funeral homes and churches.

Fatalities included Kenny Claunch, 16, of Bula; Elmo W. Jicha, 59, of Amarillo; Lawrence Nolting, 54, of Beaver, Okla.; Genarra Pena Jr., 37 and Samuel R. Garza, 21, brothers-in-law of Shamrock.

Funeral services for Pena and Garza were held today in the First Baptist Church of Shamrock. Burial was in Fairview Cemetery in Wellington by Richardson Funeral Home of Shamrock.

Both were found dead of carbon monoxide poisoning Monday in a truck they were driving five miles west of Shamrock on U.S. 66. They had been Shamrock residents 10

years but were employed in Pampa and were en route to their jobs here.

Funeral services for Claunch, the storm's first victim, who died Saturday in a one car accident near Amherst, were held Tuesday in Littlefield.

Nolting was found dead Monday in his stalled car near Meade, Kans., after he had been missing since Sunday morning. Goodner Funeral Home of Beaver has charge of the services.

Schooler - Gordon Funeral Directors of Amarillo will direct services for Jicha who was found lying in a snow bank on an Amarillo street. Potter County Justice of the Peace Cliff Roberts has ordered an autopsy. Jicha died Sunday at Northwest Texas Hospital.

Lopez Confesses He Personally Killed Dallas County Deputy Reese

DALLAS (UPI) — Leonardo Ramos Lopez has confessed to personally shooting one deputy sheriff last week and helping to kill one of two other deputies.

Lopez also told authorities he and the other suspect, Rene Adolfo Guzman, are addicted to heroin and their addiction kept them in Dallas while a nationwide manhunt was underway for them.

Just before he signed the statement officers asked him if he had any questions.

"Only one," Lopez said. "Does this mean I'll get the electric chair?"

"I don't know why it happened, Lopez said later of last Monday's shooting. "It just did."

Three deputies who were serving a burglary warrant were captured by two men who tied them to a chair. When two other deputies came to the house they were also tied. The two suspects then took the five deputies to the Trinity River bottoms and shot them. Three were killed, a fourth wounded and a fifth escaped.

Lopez and Guzman were captured last Friday and charged with three counts of murder.

Lopez said he was a heroin addict with a \$75 to \$100 a day habit and that he had taken a fix less than two hours before the first three deputies came to his house.

He also claimed Guzman was the first person to draw a gun on the deputies and also claims it was Guzman's idea to drive the captured officers to the river.

Lopez confessed he personally killed Dallas County deputy W. D. Reese and helped shoot Ellis County Deputy A. J. Robertson to death.

Lopez said the shooting started when Reese untied his hands and grabbed a pistol.

"I heard some hollering and some shouting," Lopez said in his confession. "I saw the young officer (Reese) and he 'I heard some hollering and some shouting,' Lopez said in his confession. "I saw the 6,ung officer (Reese) and he was shooting at me. I shot him twice."

He said he saw Guzman kill Dallas County deputy Sam Infante. He said he then noticed Reese had run out of bullets and was trying to escape.

"I chased him and shot him again," Lopez said. "He fell down."

He said he and Guzman then chased Ellis County deputies Robertson and Wendell Dover.

"We both shot these officers," Lopez said. "I just shot one of them. I looked for the other officer, but couldn't find him."

Dover was wounded in the chest.

Events In State Legislature

AUSTIN (UPI) — Events in the Texas capitol Tuesday:

Taxes — Rep. Ben Atwell, D-Dallas, said the House Revenue and Taxation Committee will vote today on a broad package of selective taxes to raise \$600 million in the next two years.

Penal — Attorney General Crawford Martin called on the legislature to delay until next session its action on a proposed revision of the state penal code.

Bracewell — Houston attorney Searcy Bracewell resigned as chairman of the Texas Water Development Board when it became apparent the Senate would not confirm his nomination.

Debusk — Despite more than an hour of grilling by Sen. A. R. Schwartz, D-Galveston, State College Coordinating Board Chairman Manuel Debusk won approval of the Senate Nominations Committee for his appointment to the coordinating board post.

Insurance — more than 500 persons registered for a state insurance board hearing called to give motorists a chance to air their complaints about recent increases in auto insurance rates.

Foreign News

By PHIL NEWSOM
UPI Foreign News Analyst

The Kremlin has denounced the World Conference on Soviet Jewry in Brussels as a "fresh anti-Soviet provocation."

Sponsors of the conference say they are trying to bring public opinion to bear on the Soviet Union to permit to Soviet Jews more cultural and religious freedom and allow more of them to emigrate to Israel. It is doubtful that either side speaks wholly for Soviet Jewry.

It is a highly complicated problem whose aspects include:

- The lack of a Jewish national territory such as accorded others inside the Soviet Union, Georgians, Armenians, Ukrainians etc., who not only are permitted to administer their own territories but are encouraged to develop their cultural heritage.
- Left-over effects from Nazi propaganda, especially in those areas of German occupation in World War II, such as former Polish territories and the Ukraine.
- Personal anti-Jewish prejudices attributed both to Stalin and Nikita Khrushchev.
- The Soviet Union's pro-Arab policy.

Add to all of these a background of historic anti-Semitism, and from the whole may be gleaned some understanding of the problem's size.

Authorities indignantly deny the existence of anti-Semitism. And it is true that Jews still are prominent in science, literature, theater, movies and medicine. Others live well and hold good jobs outside these professions.

It also is true that freedom to leave the Soviet Union is not regarded as the God-given right of all Soviet citizens.

Generally, only those who are of no particular use to the state are permitted to leave, and they must first obtain an exit visa.

Within the Soviet Union many books are published against Judaism, as well as against Christianity and other religions. But the Jews say that in the prejudiced popular mind, the "evils" attributed to "Judaism" or the "Zionism" may be transferred to Jews as a whole ethnic group regardless of whether as individuals they are atheists, Communists, and culturally integrated into the general community.

Our Men In Service

Navy Fireman Apprentice
Marvin D. Thornton, son of Mr. and Mrs. Buddy Thornton of 1048 Cinderella, Pampa, Tex., was graduated from Machinist Mate "A" School at the Service School Demand, Great Lakes, Ill.

Navy Petty Officer Third Class
Larry D. Hadley, son of Mr. and Mrs. Donald R. Hadley of 1201 E. Kingsmill, Pampa, Tex., participated in the recovery of the Apollo 14 astronauts when they returned from man's third visit to the moon.

Hadley is serving aboard the amphibious landing ship USS New Orleans which served as the primary recovery ship.

U.S. Air Force Captain
Donald R. Wagner, son of Mr. and Mrs. Mart Wagner of 1410 S. Eton, Perryton, Tex., has completed helicopter pilot training at Sheppard AFB, Tex.

Following specialized training at other basis, Captain Wagner will be assigned to Tan Son Nhut AB, Vietnam, for duty with a unit of the Aerospace Rescue and Recovery Service.

A 1962 graduate of Perryton High School, he received his bachelor of business administration degree from Texas Technological University in 1967 and was commissioned later that year upon completion of Officer Training School at Lackland AFB, Tex.

The lieutenant's wife, Nancy, is the daughter of Mrs. M.G. Purtle of 441 Victoria Drive, Columbus, Ga.

Staff Sergeant
Herman C. Hamilton, son of Mr. and Mrs. Clint Hamilton, Grant, La., has graduated at Sheppard AFB, Tex., from the training course for U.S. Air Force Medical services technicians.

Sergeant Hamilton, now qualified to supervise the care and treatment of patients, is being assigned to Travis AFB, Calif., for duty.

His wife, Kelaine, is the daughter of A.R. Kohler, 617 S. Colgate, Perryton, Tex.

NEW YORK (UPI)—Former Broadway actress Nina Olivette died Sunday at Polyclinic Hospital of a heart attack. She was 63.

Miss Olivette first appeared on Broadway in 1925 in "Captain Jinks."

U.S. Investment In Latin America Heading For Pause

WASHINGTON (UPI)—U.S. private investment in Latin America appears headed for a pause if not a downturn.

For one thing, the Latin Americans seem to desire a diminishing United States financial presence judging from recent events such as takeovers in Chile, Peru and Bolivia and the preparing of a new code on private investment in the Andean group.

For another thing, other areas of the world are competing for the American investment and it is expected that the Eastern bloc countries will emerge as one of the strongest competitors for U.S. capital being turned away by Latin policies.

HOWE OFF

DETROIT (UPI)—Right-winger Gordie Howe of the Detroit Red Wings, the National Hockey League's all-time goal scorer, will be given a week off to recuperate in Florida from a wrist injury aggravated in Sunday's game with the Buffalo Sabres.

WASHINGTON—Jack Bybee telling a senate investigations subcommittee about his former employer William J. Crum, who is accused of taking bribes and kickbacks from military personnel.

"He told me... No one is honest, that everyone has his price and it's just a matter of finding what the price is."

By United Press International
MOSCOW (UPI)—The Ministry of Culture today announced the death Monday of unspecified causes of Alexander Tsfasman, the famous jazz composer and conductor. He was 64.

Tsfasman's activities in organizing the country's first jazz orchestra in 1926, his numerous compositions and orchestrations of foreign composers works belied the popularly accepted myth abroad that jazz was banned here.

ABC's

Advertising

Start with an Audit

Advertising is a serious investment... art, engraving, typography and copy are costly. All are planned carefully to attract readers who are prospects for the merchandise or service. No business can afford to waste any part of this investment in any medium that cannot guarantee definite circulation and readership. "Waste basket circulation" in post offices, and so called throw-aways that usually travel to the incinerator are of little or no value to the advertiser.

The Pampa Daily News

is a completely Family Newspaper Delivered Daily... paid for and Welcomed!

BUYING ON THIS BASIS IS SOUND!

Careful studies made regularly by an independent organization—the Audit Bureau of Circulations—shows advertisers exactly what they get in circulation and readership for their advertising investment.

For most subscribers the PAMPA NEWS is the family shopping guide, for it carries the advertising of practically all progressive Pampa stores, markets and services.

It is the ABC's of advertising

The Audit Bureau of Circulation (ABC) is a co-advertising agencies and publishers for the verification of circulation of newspaper members in operative, non-profit organization of advertisers.

The United States and Canada.

Dear Abby

By Abigail Van Buren

DEAR ABBY: I have been widowed twice and I am not an old lady. Unless you call 49 "old."

After my first husband died, I continued to wear my wedding ring. A friend who had recently lost his wife became interested in me. He said he didn't object to my wearing my wedding ring if it made me feel better. Somehow it did, so I just never took it off. Well, I married this fine man and he put a second wedding ring on my finger right next to my first.

Two years later my second husband died. It's been 14 months since his death and I am again being asked out. Perhaps I should mention that I have never taken either one of my two wedding rings off. Every man who meets me asks me why I wear two wedding rings. Some think I shouldn't even wear one. I tell them the truth. They all think I am strange, but Abby, my hands would feel "naked" without them. What is the correct thing to do?

TWO RINGS
DEAR TWO: The correct thing would be to remove both wedding rings if you are interested in marrying a third time. Your second husband was unusually generous. I doubt if you will find a man who will willingly contribute to a "three ring circus."

DEAR ABBY: Since my divorce a year ago, I have gone with several women, but have not been intimate with any of them.

A few months ago, just for sexual outlet, I picked up a young and pretty girl off the street and took her to my apartment. She was a prostitute, so I paid her. Since then I've seen her several times. I have even bought her dinner. (She

doesn't drink and I don't either.) I have grown fond of her, and have even thought of asking her to give up being a woman of the streets and go only me. I would even stop my sex relations with her to prove I want her company only because I like her. (Possibly I am in love with her.)

What she is and has been doesn't matter. That can be changed if she wants to change it. My problem is how to let her know how much I care for her.

I will not hold her past against her. We all make plenty of mistakes.

AWAITING YOUR REPLY
DEAR ABBY: You express yourself very well. Just tell her what you have told me.

DEAR ABBY: I am a grandmother. As one would expect, I am placed in competition with the other grandmother. I don't happen to believe in bringing my grandchildren a present every time I go to see them. The other grandmother does, which is her privilege. This gives the grandchildren the impression that they have something coming every time a grandparent visits them. (We live in the same city.)

What should I say when the little ones come running to greet me and ask, "What did you bring me?"

EMPTY HANDS:
FULL HEART

DEAR EMPTY: Suggest to your grandchildren's parents that they ask the other grandmother to cool the gift-giving gambit. It's not good for the kids and it's unfair to you. If that doesn't work, you will have to cultivate the youngsters' affection in other ways, until their values mature, as they will.

Alpha Delta Pi Alumnae Association Selects Officers, Schedules Annual Tea For Seniors

The Pampa Alpha Delta Pi Alumnae Association met recently in Mrs. Frank Schaffer's home to elect officers for 1971-72.

Officers named were Mrs. Glen Larsen, president; Mrs. Henry Gruver, vice president; Mrs. Larry Cross, secretary-treasurer; Mrs. Bruce Pratt, membership chairman and Mrs. Thelma Bray, Panhellenic delegate.

Members discussed the Christmas Panhellenic Tea and heard committee reports. April 18 is the date set for the Panhellenic Tea honoring graduating high school senior girls. The tea will be held at the Hospitality room of the Citizens Bank.

Mrs. Pratt announced three Pampa girls have pledged the Alpha Delta Pi Chapter of West Texas State University at Canyon. Pledges are Jo Forsha, daughter of Mr. and Mrs. W.D. Forsha, Johannie Norris, daughter of Mr. and Mrs. Johnny Norris and Sandra McNaughton, daughter of Mr. and Mrs. C.J. McNaughton.

Those attending the meeting were Mmes. Henry Gruver, Frank Schaffer, Bruce Pratt, Joe DiCosimo, David Holt, Fred Neslage, James Birdwell, Glen Larsen, and Jo Lynn Burt.

The next meeting will be held on Founder's Day in May at the home of Mrs. Henry Gruver.

Area TOPS Unit Announces Winner Of Week's Contest

Lefors Lean Lassies' TOPS Club, which met in the Lefors Civic Center, reported team two with Joy White as captain won the weekly team contest. Vada Smith was weight recorder.

Mrs. Walter Elliott was crowned queen for the week and was recognized as queen for the month.

Members present were Mmes. John Lantz, George Smith, J.W. Franks, Walter Elliott, John Ashley, Kay Tate and Miss Norma Lantz.

NEW WAY TO BE SUDDENLY SLIM

Los Angeles—Are you a woman whose figure is on the good side but might look perfect? You'll be thrilled by the new easy way science has discovered for you to become Suddenly Slim and yet completely comfortable. If you're more than 15 pounds overweight, or your waistline is larger than 32 inches, then this idea is not for you. If your weight problem falls within this range, then you can realize a new, smoother figure today, without diet or exercise.

Suddenly Slim is an all-new kind of 4-oz. girle constructed of science fibers. One startling innovation is the sheer nylon front panel. This is permanently stiffened by a science process and cannot give or sag. It's surrounded by a slimming action border. A featherstitched panel down each side of this girle will contour your hips if they are a problem.

The girle itself is of a "wonder" Lycra, spandex blend. It's a new power knit consisting of nylon, acetate and spandex. It is so comfortable, but has such slimming strength, it gives your figure everything that's possible with a foundation.

"Suddenly Slim," in both girle and panty versions, is the peak achievement of the California designer-genius, Olga. They are available at

Wright Fashions

Basic Foods Solve Survival Problems

GRESHAM, Ore. (UPI)—An over-populated world need not be a hungry world, says Mrs. Russell Dickey.

The attractive mother of five contends that four basic foods — wheat, honey, salt and powdered milk — would solve most of the world's hunger problems.

Birth control is not the answer, she said, but a different way of cooking and eating could be.

To this end, she has been working for the past three years on ways of preparing these four foods so they would be attractive and palatable.

The prediction of famine is one of the tenants of her religion, that of the Church of Jesus Christ of Latter Day Saints, which admonishes one to store a year's supply of food.

Mrs. Dickey said she started with the idea of a cookbook. "But now it is a survival handbook," she said. It is soon to be published by Bookcraft Co., of Salt Lake City.

"There will be sections on home remedies, outdoor cooking, food preservation and storage problems," she said.

Mrs. Dickey, the wife of a contractor and herself the secretary-manager of the Gresham Chamber of Commerce, said she has 15 brothers and sisters.

She doesn't think the number is too many.

"My father never had a big bank account," she said, "yet he always claimed he was wealthy because of all of his children."

Mrs. Dickey holds that a person can live well on a pound of wheat a day. Many Mormons store away wheat, honey, salt and milk, she said, but there has always been the problem of what to do with it. She has developed more than

100 recipes made from the flour foods, which include soups, gravies, candies, cookies, and dishes that look like meat, and taste something like it.

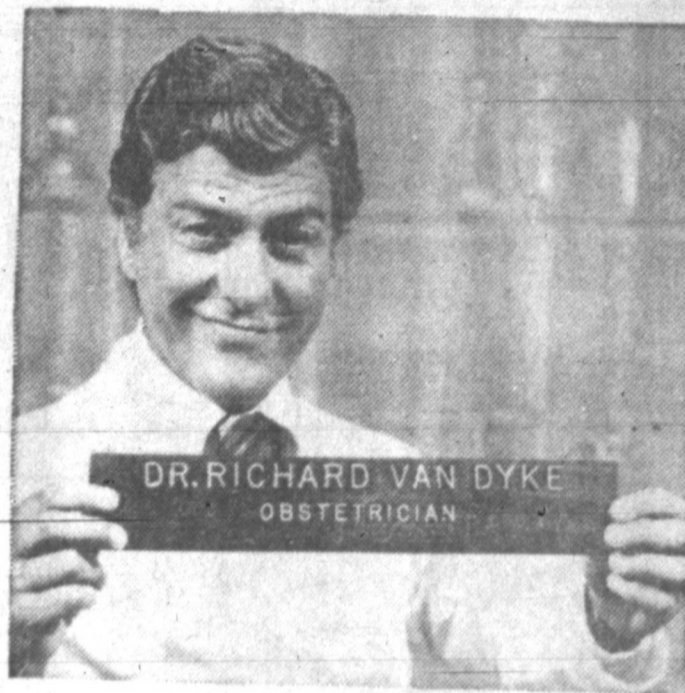

She developed the recipes after her son suggested storing all of the items in a five-gallon can — enough food to last one person a month.

The family then decided to go all out on the experiment lived on just the four foods for 10 days.

Mrs. Dickey believes the need for new foods is a major one, and all the ingredients have been with mankind for a long time.

"It is hard to conceive of a time when there wouldn't be anything to eat except our four food products," she said, "but if the time comes, these recipes would save our lives."

8:00 Tonight Ch. 4

DR. RICHARD VAN DYKE
OBSTETRICIAN

THE FIRST NINE MONTHS ARE THE HARDEST

Starring
Mr. and Mrs. James Farentino (Michele Lee)
Mr. and Mrs. Sonny Bono (Sonny & Cher)
Mr. and Mrs. Ken Berry (Jackie Joseph)
with Dick Van Dyke as guest obstetrician.

A delightful hour of comedy and song as three couples cope with the things that happen on the way to that blessed event.

In color on NBC-TV.

POLLY'S POINTERS

Flour-Baited Trap Catches More Mice

By POLLY CRAMER

DEAR POLLY — An older man suggested I bait my mouse traps with flour and it works. I like using it. It is not greasy like cheese or peanut butter — fastening either of them to the trap is a real chore. The mice seem to like the flour, too. Why not try it?

DEAR READERS — I have no mice so could not try this but can assure you I would try giving some flour a fling in my mouse trap if I had one.

DEAR POLLY — How can I clean the stains and grease off the wooden chopping block built in one end of my counter top without hurting the wood? Washing is not enough.

DEAR POLLY — Those popular hair-bows made of several folds of nylon or organza lose their body and get crushed or creased when put with other things in a drawer. I finally found a solution. I place small plastic hair curlers in the individual folds, pulling the material tight over the roller. I spray each fold with inexpensive spray starch or sizing until saturated, put the bow in a sunny window and the thin material only takes a few

minutes to dry, usually while I dress. Carefully slide rollers out and the result is a well-pressed, wrinkle-free hair piece that looks brand new. This saves time and money as they can be worn longer.

DEAR POLLY — When mailing in box tops or proof of purchase seals I avoid paying extra postage by peeling the printed seal side from the thick cardboard and mail in only the paper top.

DEAR POLLY — I use my French fry basket in my dishwasher when I want to wash jar tops and other such small articles that I could never seem to find a place for. They get washed, rinsed and drained just like the dishes, so I think this works fine.

DEAR POLLY — I use my French fry basket in my dishwasher when I want to wash jar tops and other such small articles that I could never seem to find a place for. They get washed, rinsed and drained just like the dishes, so I think this works fine.

PAMPA DAILY NEWS PAMPA, TEXAS 63rd YEAR Wednesday, February 21, 1971

JEANE DIXON

Your Horoscope

THURSDAY, FEB. 23, 1971
YOUR BIRTHDAY THURSDAY: This year brings you repeated opportunities for setting into larger channels of self-expression, rendering broader service to your community, on a more impersonal basis. Big ideas take more of your attention, some of them too big to be feasible yet. Find a regular system of checking your progress and direction so you don't get off the right track as changing conditions quite complicate misunderstandings. Thursday natives are fond of studies of abstract, remote subjects. Most of them have frequent changes of disposition.

ARIES (March 21-April 19): There is no real choice; you have to get to work. Money is claimed for special expenses beyond your budget.

TAURUS (April 20-May 20): Squabbles now hang on, harden into lasting disagreements. Your money buys more later if you wait.

GEMINI (May 21-June 20): Other people want the center of attention and do almost anything to get it. Stop arguments over controversial subjects.

CANCER (June 21-July 22): Make a list of safety precautions; check how many you are practicing. Bunglers complicate career efforts.

LEO (July 23-Aug. 22): Select a single project early, and try sticking to it Thursday. Your energy is high, likewise the probability of interruptions.

VIRGO (Aug. 23-Sept. 22): Making allowances for differences in character and temperament is likely the most difficult task.

LIBRA (Sept. 23-Oct. 22): Full consultation with associates becomes bidden conditions.

SCORPIO (Oct. 23-Nov. 21): Take special care not to get involved with people you mistrust for even the slightest reason.

SAGITTARIUS (Nov. 22-Dec. 21): Staying near home has special advantages. You may find yourself drawn into situations you never planned.

CAPRICORN (Dec. 22-Jan. 19): Keep your poise despite petty annoyances, excitements, or excitement in your neighborhood.

AQUARIUS (Jan. 20-Feb. 18): Your money has sweet wings as soon as you begin listening to the story of getting rich quick.

PISCES (Feb. 19-March 20): If you don't see the wisdom of simplifying current plans, others may. Prorata may not do you much good, either.

PATIE DIES

STANFORD, Calif. (UPI)—A 36-year-old burglar alarm installer died a month and a half after receiving a new heart in a transplant operation, Stanford University Medical Center announced Monday. Albert Rupp, San Jose, Calif., who underwent the transplant on Jan. 5, died last week. His death left 10 of Stanford's 28 heart recipients living. Two have survived more than two years.

COLLINS RESIGNS

WASHINGTON (UPI)—Former astronaut Michael Collins has resigned after 14 months as an assistant secretary of state for public affairs to take a job with the Smithsonian Institution in Washington. Collins will become director of the Smithsonian's National Air and Space Museum. President Nixon accepted the resignation, effective April 11, "with strong regret."

Pampa Hosts Bulldogs In Final District Clash Tomorrow Night

Palo Duro meets Amarillo tonight in the Amarillo Civic Center in a double header basketball game. The clash followed by the Tascosa-Caprock tilt will give the Harvesters an early peer into the magical crystal ball of district competition.

The Harvesters will be hosting Borger tomorrow night in Harvester Fieldhouse at 8 p.m. and if they defeat the dogs Pampa will be meeting Plainview in the bi-district play-offs.

If the Dogs rise to victory then the outcome of tonight's Palo Duro game will be the all important factor in the Harvesters bid for their first district win in three years.

Should the Dogs lose then the Harvesters can coast to an outright district win... should the Dogs win then Pampa has to defeat Borger.

Coach Robert McPherson stated, "Borger is tough, the ballgame will be tough and we

are going to have to be tougher to win."

According to power polls (which have become more of a shot in the dark than reality) Pampa has been rated number 9 while the Bulldogs barely pulled up to the last place 35 slot.

Ratings can be wrong as the first half of district play should have found the Harvesters winning their first clash with the Bulldogs. The Dogs ended up on top with a 55 to 53 victory.

Tomorrow night will not be a replay of the first outing as Pampa has been working hard to make last minute corrections of mistakes made against the Dogs in their first clash.

Three of Pampa's players are in the top 12 season scorers and top 12 district scorers. Mike Edgar leads with a 15.3 season and 17.8 district mark. Richard Buntun is second with a 13.7 season and 12.3 district mark while Marsh 'O' Reliable

is going to have to be tougher to win."

Crosby And Blancas Honored In Houston

HOUSTON (UPI)—Singer Bing Crosby, golfer Homero Blancas, 61, millionaire R. E. "Bob" Smith and Sports Editor Dan Shults of the Houston Post Tuesday were elected to the All-America Golf Hall of Fame.

The four will be inducted April 13 at a banquet during the 17th annual All-America Intercollegiate golf tournament, which features 28 of the nation's top college golf teams.

The Hall of Fame, founded three years ago, previously has inducted Byron Nelson, Bobby Jones and others.

Crosby, founder of the Crosby-Poc-Am, was cited for his contribution to amateur and professional golf the last 30 years. If Crosby is not able to attend, Maurice Loxford, who supervises his pro-am, will accept in his behalf.

Blancas, who won more than \$100,000 on the pro tour last year, is the first former winner of the tournament to be honored. He won the event in 1961, was co-champion in 1960 and was runner-up in 1962 when he was an All-America golfer at the University of Houston.

Smith, considered the richest man in Houston, was one of the original owners of the Houston Colt .45s, now the Houston Astros. He also underwrote the prize money for the 1963 Houston Open golf tournament.

Shults, former sports writer for the Houston Chronicle, was cited for helping build the All-America Tournament to its present stature and for his support of golf and other sports.

100-Year Old Golfer Highlights Field Of Amateurs, All Over 55

SEA ISLAND, Ga. (UPI)—The Sea Island Seniors golf tournament, enhanced by the appearance of 100-year-old Zachariah D. Blackstone and a field of 150 amateurs, got under way today.

All of the golfers must be 55 years of age or older to qualify for the 72-hole tournament over the 7,650-yard course.

Clifford Perry of Winston-Salem, N.C., and I. A. Harned of Sea Island won medalist honors Tuesday in qualifying rounds.

The twosome had tied with Richard Taxson of Ashland, Ohio, and H. L. Shade of St.

Petersburgh, Fla., and William Terrell and David Craig, both of Charlotte, N.C., through regulation play.

Perry birdied his first hole in the playoff to win the honor for him and his partner.

Blackstone, of Washington, D.C., and his 85-year-old partner, A. J. Hendley, also of Washington, did not qualify, stopping after nine holes.

Blackstone turned in a five-over-par 55 for his nine holes Tuesday.

Dave Stockton Insists He Shouldn't Be The Favorite

PALM BEACH GARDENS, Fla. (UPI)—Defending champion Dave Stockton, "tired" and suffering from low blood pressure, insisted today he shouldn't be the favorite in the PGA golf championship open here on Thursday.

"Just because I won the PGA six months ago in Tulsa, Oklahoma, doesn't mean I should be favored to win the PGA this week in Florida," said the dark-haired, 30-year-old champ from Westlake, Calif.

Stockton, who won by two strokes in Tulsa, said the par 36-36-72 east course of the PGA National Country Club, where the tournament will be held, could be the kind of course on which he plays well.

Stockton and Arnold Palmer were not among the pros who competed in last weekend's Tucson Open and were forced to fly here after a rain-delayed 36-hole windup on Monday.

The Tucson players struggled into West Palm Beach via a charter plane and reached their hotel at 4:30 a.m. Tuesday.

Some caught up on their rest Tuesday but others, like Lee Trevino, were out testing the course.

"Didn't bother me none," proclaimed the exuberant Trevino. "I love to play this game anytime. We started playing at 8 a.m. Monday and played until 6:45 p.m., but I didn't mind sticking around until the end because I noticed that's when they give out the money."

Shaw First To Enter 26th Colonial National Invitational Golf Tournament

FORT WORTH, Tex. (UPI)—Tom Shaw, the 28-year-old sensation of the winter golf tour with \$72,000 and two tour titles so far, today became the first player to accept an invitation to play in the 26th Colonial National Invitational golf tournament.

Shaw's name was one of five released by Tournament Chairman Pete Davis for the May 29-31 event.

The other early entries included Phil Rodgers, a

veteran of 10 NIT's in which he has failed to make the cut but once; Jim Weichers and newcomers Bob Stone and Heb Hooper.

Shaw, who won the Crosby and Hawaiian events earlier this season, will be making his third appearance here. He finished 14th in 1969 and seventh last year for \$5,779 in winnings. His 1969 tour included a record-tying four-under-par 31 on the front nine.

Basketball Race Looks Like A Mad Scramble

By JOE CARNICELLI UPI Sports Writer

It's only a week until bids go out from the nation's two big post-season tournaments—the NCAA and the National Invitation—and the jockeying for position is becoming more intense.

Conference champions will go to the NCAA regional tournaments for a shot at the finals in Houston's Astrodome March 25-27 and most runnersup will wind up in New York for the NIT. Bids begin going out next Tuesday.

Fifth-ranked Kansas, pulling away steadily in the Big Eight, raced to its 21st victory in 22 games Tuesday night, overpowering Kansas State, 61-48. But a battle is developing for the No. 2 slot as Oklahoma edged past Nebraska, 65-56, to set up a second place dogfight between those two schools and Missouri.

Indiana turned the Big Ten race into bedlam by upsetting 10th-ranked Michigan, 89-79, while Ohio State stormed past Iowa, 80-71. Ohio State thus moved past Michigan into the Big Ten lead with Indiana still in contention.

Villanova, hoping for an NCAA at-large berth in the East, held on to its chances by edging Providence, 76-75. The 17th-ranked Wildcats are now 17-6.

boost the Harvesters to the District title. We have to win district before facing the tough Plainview Plainsmen in bi-district.

Be sure and attend tomorrow night's game in Harvester Fieldhouse at 8 p.m. and help

Weber State, already assured of an NCAA berth by virtue of its Big Sky conference title, upset No. 18 Utah State, 63-62, while Rutgers may have had its NIT hopes jolted by a 70-66 loss to Connecticut.

Bud Stallworth scored 23 points to lead Kansas past Kansas State and Bobby Jack had 23 for Oklahoma downed Nebraska. George McGinnis and Steve Downing teamed for 61 points to help Indiana upset Michigan. McGinnis, a sophomore, had 33 and Downing scored 28. Allen Hornyak and Luke Witte combined for 45 points in Ohio State's victory over Iowa and Clarence Smith's layup with four seconds left gave Villanova its triumph over Providence.

Willie Sojourner and Brady Small put together a 35-point effort as Weber State beat Utah State while Bob Staak's 20 points and game-winning basket with seven seconds left provided Connecticut with its upset of Rutgers.

In other action, Notre Dame swamped New York University, 106-68, Wisconsin downed Illinois, 86-84, Clemson edged Maryland in overtime, 51-45, St. Francis (Pa.) beat the University of Detroit 80-70, Minnesota edged past Northwestern, 81-79, and Miami (Fla.) beat Marshall, 89-88.

Milwaukee Bucks Did Expected By Winning

By United Press International The Milwaukee Bucks did as expected. They clinched a title for the Midwest Division title and can wrap up the sectional championship tonight against San Diego.

Milwaukee won its 57th game of the season and 12th in a row Tuesday night by besting the San Francisco Warriors, 118-107. The Bucks have only lost 11 games and have 14 remaining in which to post the best win-loss record in the National Basketball Association and collect the bonus money that goes with the top winning percentage.

The Bucks top scoring punch led Milwaukee's attack as Oscar Robertson tallied 25 points and Lew Alcindor netted 25. They put the Bucks in front for good at 37-36 early in the second quarter. Nick Jones paced San Francisco with 31 points and Nate Thurmond had 24 for the Warriors.

In other NBA action, Philadelphia moved within three games of New York in the Eastern Division as the 76ers beat Portland, 119-113, and the Knicks dropped a 126-109 decision to San Diego. Los Angeles downed Baltimore, 114-107, in the only other NBA game.

Bill Cunningham and Archie Clark combined for 59 points to offset a 43-point effort by Portland's Geoff Petrie. The stubborn Trail Blazers trailed, 109-107, with 2:22 remaining when Cunningham and Wally Jones connected to open the Philadelphia lead. Cunningham finished with 35 points and Clark had 24.

Calvin Murphy and Elvin Hayes each scored 29 points in San Diego's first victory of the

Texas Christian Wins Years Best

By United Press International Texas Christian won its best game of the year and easily its most important Tuesday night to pull to a two-game lead in the Southwest Conference basketball scramble with only three games left.

Two of the games are at home and are against two of the conference's last three teams. If the Frogs could win these two — over Texas and Texas A&M — they would clinch their first conference title since 1968 and their second crown under head coach Johnny Swaim.

The Frogs upset the Baylor Bears 94-84 Tuesday night before the biggest crowd to ever watch a basketball game in the Heart O' Texas Coliseum. It was the ninth conference win of the year for TCU, and when the Frogs won their last conference title in 1968, they finished with 9-5 record.

"Except for eight minutes in the first half, it was the best game of the year for TCU," an elated Swaim said after the game.

"They outbounded us and outshot us," said Baylor Coach Bill Menefee. "They have a real fine ball club and sure did look it here tonight."

Baylor was rated the slight favorite going into the game because of a better overall record and because it was the home team. But the Frogs just outplayed the Bears. TCU hit on 32.4 per cent of its shots from the field while Baylor connected only 41 per cent. The Frogs outbounded Baylor 43-38, and the Bears missed 10 of 36 free throws.

Eugene Kennedy led a trio of outstanding TCU performers

Johnson Drafted For Six Months

CLEVELAND (UPI)—John Johnson, the Cleveland Cavaliers' No. 1 draft choice last year, was ordered Tuesday to report for six months active duty by the Ohio National Guard and will miss the rest of the National Basketball Association season.

Johnson, the 6-foot-7 star rookie from Iowa University, was ordered to report to Fort Dix, N. J., Wednesday.

Johnson has been the Cavaliers' second leading scorer this season, with 1,110 total points and a 16.6 point average. He leads the team in assists with 323 and is the second leading rebounder with 453.

Grand Jury Investigates NFL Charges

CLEVELAND (UPI)—A federal grand jury investigating possible anti-trust violations by the National Football League has subpoenaed Cleveland Browns owner Art Modell to appear when hearings resume here March 8.

Modell would be the third president or former president of an NFL team called before the jury, which started its inquiry late last year, but has been recessed several times.

John Mecom Jr., owner-president of the New Orleans Saints, and Jerry Wolman, former owner of the Philadelphia Eagles, testified previously before the panel.

Orioles Will Really Trade Robinson And No Surprises

By BILL MADDEN UPI Sports Writer One of these days the Baltimore Orioles really are going to trade Frank Robinson and then it won't be a surprise to anyone.

The latest Robinson trade rumor has the Orioles' superstar ticketed for the Chicago White Sox in the early spring for a package of players that will include one of the two Chisox catchers — Duane Josephson or Ed Herrmann.

"So what else is new?" said Harry Dalton, Baltimore's director of player personnel. "Last year at this time they had us sending Frank to California for Andy Messersmith."

Nonetheless, Dalton did not discount the Robinson to Chicago story and, according to a published report, the Chisox will include rookie pitchers Don Eddy and Dick Moloney in addition to one of the two catchers.

In the meantime, Robinson has yet to come to terms with the Orioles and is reportedly seeking a two-year contract in addition to a raise on his \$125,000 pact of last year.

Robinson isn't the only slugger holding out for a sizable salary increase. The Cincinnati Reds have yet to sign catcher Johnny Bench and third baseman Tony Perez. Both Bench and Perez are holding out for contracts of over \$100,000, but

General Manager Bob Howsam Has Gone on Record as Saying That Pete Rose will be the Only Player on the Club to Receive \$100,000.

The Atlanta Braves are experiencing some difficulty in coming to terms with first baseman Orlando Cepeda and third baseman Cleto Boyer. Cepeda is seeking a two year contract calling for \$249,000. Boyer, meanwhile is resisting a pay cut from his 1970 salary of \$45,000.

Among those players ending salary hassles Tuesday included first baseman Mike Epstein and relief pitcher Darold Knowles of the Washington Senators.

Epstein settled for approximately \$40,000 while Knowles, was given a \$5,000 increase. The Senators still have not signed slugger Frank Howard, who received an estimated \$120,000 a year ago.

HOCKEY TRADE

CHICAGO (UPI)—The Chicago Black Hawks traded Doug Mohns and Terry Caffery to the Minnesota North Stars Tuesday for center Danny O'Shida.

Vaughn Auto Provides Serious Service Plan

Vaughn Auto Service Center, 1800 N. Hobart, is telling Pampans about their Serious Service plan. The Serious Service plan at Vaughn's simply means that The Tire Tradinest Tigers in the Top O' Texas takes all your service needs very seriously. They don't fool around with your automobile service problems. The motorists who rely on the dependable service and high quality products at Vaughn's Auto Service Center can tell you how far ahead they come out on the services of their automobiles.

John Cook, factory trained mechanic, takes the Serious Service plan into consideration to a great extent when doing repairs on your automobile. John does not kid around with auto repairs. Brake repair work, front end alignment, regular tune-up work, and minor repairs are the services that Vaughn Auto Center specializes in. The Tiger Team guarantees their services to please their customers.

Ron Cline, manager at Vaughn's, talks about road servicing. He says, "We have a 24-hour road service here at the Service Center to offer. We

provide a fully-equipped fleet truck." The James brothers, Lewis and Melvin, handle all the fleet work at Vaughn's. They fix tractor tires at the farm and then road service is also offered to cars and trucks, as well as tractors. The farmers will be well pleased with the on-the-spot, quick service of Vaughn Auto Service Center.

Above all, the well-known title, "The Tire Tradinest Tigers in the Top O' Texas," fits the people at Vaughn's center to a tee. This is because every professional who works at Vaughn's is a perfect expert in the tire field. They can judge the grade of a tire because each one has worked in the tire field for years. They know about tires. The experts also know what the best lines of tires

are. This is why they stock a full line of Goodyear and Uniroyal tires. The people at Vaughn Auto Service Center will deal with you seriously about the kind of deal you are making when buying tires for your car or truck.

Melton McCowen is a service specialist who handles wheel balancing at tire mounting at the center. Ron Cline and Danny Strawn, assistant manager, can tell you that each pro at Vaughn's knows his work and can guarantee complete customer satisfaction.

See Ron Cline at 1800 N. Hobart about any servicing you need for your automobile. You can't go wrong when dealing with the "Tire Tradinest Tigers in the Top O' Texas."

Boxer Scores Win In Business Match

By LEROY POPE
UPI Business Writer
NEW YORK (UPI)—Muhammad Ali now has scored a business triumph to match his ring feats.

All or Cassius Clay, to use his baptismal name, and Joe Frazier will fight for the world's heavyweight title March 8 in Madison Square Garden. An audience of more than two million in 400 theatres on both sides of the Atlantic will pay \$23.75 million to see

them, more than five times the gross of any previous boxing match.

The Midas Touch
Ali's Midas touch doesn't stop there. Aggressive personality and physical charisma have pushed him into a realm of real big business an industry that has been trying to open the door for 30 years—ever since Gaumont British Films ran a tiny closed circuit theater in New York's Times Square for a few weeks during the 1939 World's Fair.

Big scale color pictures, better equipment and more efficient selling methods introduced in the last two years by Management Television Systems, Inc., have helped theatre-TV.

The company scored a triumph by drawing 18,000 to Madison Square Garden last June to see the World Cup soccer matches piped in via satellite from Mexico City.

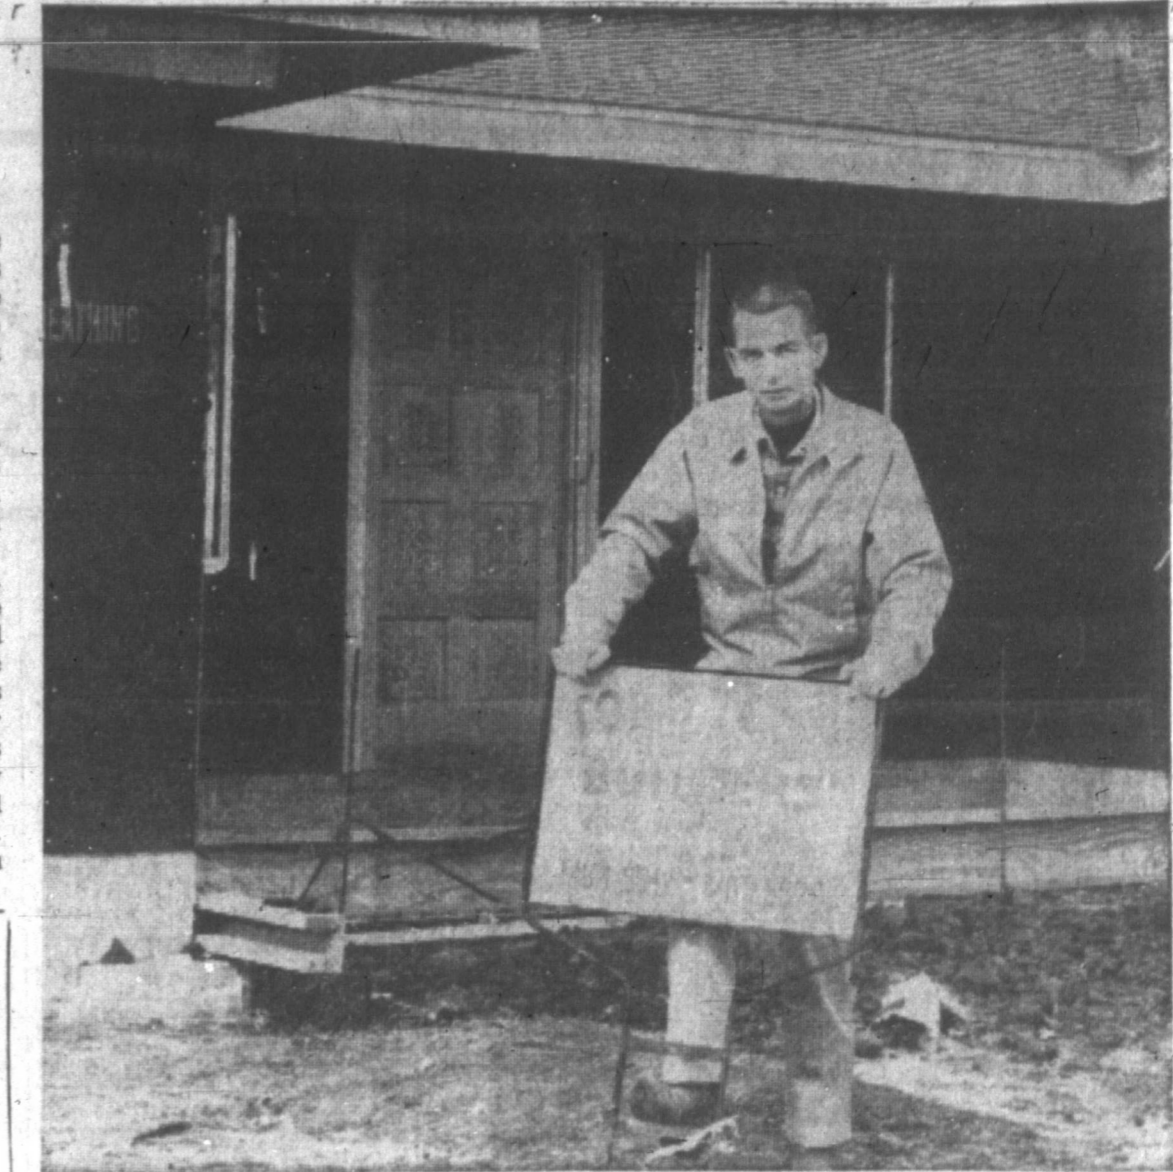

For four soccer matches, 21 theatres in the United States and Canada drew 500,000 spectators at \$12.50 a head.

Years Ahead
The company says the Ali-Frazier bout is pushing its program years ahead of schedule. But Ali's flamboyant personality—and his boxing skill—are not the whole story.

The architects of the \$23.75 million closed circuit television gross—Madison Square Garden itself can take in only \$1.25 million—are Jerry Perenchio, a west coast theatrical agent, and Jack Kent Cooke, Canadian-born sports promoter and industrialist who lives in California.

Perenchio and Cooke got the horse laugh from the boxing fraternity when they first suggested a television "gate" exceeding \$20 million. They proved in less than three months that they had something.

Instead of depending on theatre owners to sell tickets and skim the cream off the top, the traditional method, Perenchio and Cooke sold the Ali-Frazier fight to regional franchisers who paid 50 per cent of the estimated gross in advance.

Daily News To Start 'Help' Feature As Public Service

Have you ever sat down and said to yourself, "Where am I going to get six persons to address those envelopes that have to go out next Wednesday for the fund drive?"

You may have if you are the campaign chairman for a non-profit organization. In the hope of relieving those chairmen, their presidents and others from some of those worries, The Pampa Daily News is starting a new weekly feature entitled: "HELP!"

Watch for it starting next Sunday in the women's section of the News.

Some of the items in the column might read like this:

"Your local chapter of XYZ needs six women to stuff envelopes for four hours March 1. If you can help, contact Mrs. So-and-So at 666-0000." Or, "Johnny needs help—someone to drive him to Amarillo March 5 and help him in and out of the car at the specialist's office. Call Mr. Smith at 666-0000." Or, "Adult advisors needed for weekend outing March 12 and 13. Contact Mr. Needs Advisor, Phone 666-000."

NEW YORK (UPI)—Gilbert Redfern, the first public information officer of the United Nations Children's Emergency Fund, died Monday in the Veterans Administration Hospital. He was 63.

Brazilian Diplomat Freed By Terrorists
MONTEVIDEO (UPI)—Terrorist Tupamaro guerrillas freed Brazilian Consul Aloysio Dias Gomide after nearly seven months in captivity recently in exchange for ransom rumored to total more than \$250,000.
The guerrillas continued to hold U.S. agricultural expert Claude L. Fly, kidnaped Aug. 7 and British Ambassador Geoffrey Jackson, who was seized last month.
(A letter purporting to be from the terrorists was received in New York by an official of The New York Times Saturday, reiterating demands for \$1 million ransom for Fly, 65, of Fort Collins, Colo. The letter contained a note asking it be passed along to Mrs. Fly.)
It was widely reported though not officially confirmed, that Mrs. Dias Gomide had paid \$250,000 to \$1 million ransom. The details of Dias Gomide's release were not made public. He arrived at the apartment of
