Kidnaped U.S. Soil Expert Freed

Calley Court-Martial Enters Windup Phase

FT. BENNING, Ga. (UPI)—The Calley murder court-martial entered its windup phase today with the government reaching up the Army chain of command for rebuttal witnesses to swear there was no order to massacre unarmed and unresisting villagers at My Lai.

One witness to so testify may be Capt. Ernest L. Medina—called not by the prosecution in rebuttal but by the jury itself. The six-officer panel has the power to call its own witnesses at the end of the case under court-martial procedure.

The jury also could call Col. Oran K. Henderson, commander of the 11th Light Infantry Brigade, who helped brief Medina and other company commanders who in turn briefed their infantrymen and platoon leaders.

The case of "United States vs. William L. Calley Jr., First Lieutenant, U.S. Army" continued after a two-day recess called to give the government time to organize its extensive rebuttal case, which was to be led off with at least 12 witnesses to Medina's briefing on March 15, 1968.

The trial was expected to last three more weeks. Calley, who led one of the three platoons in Medina's company, and more

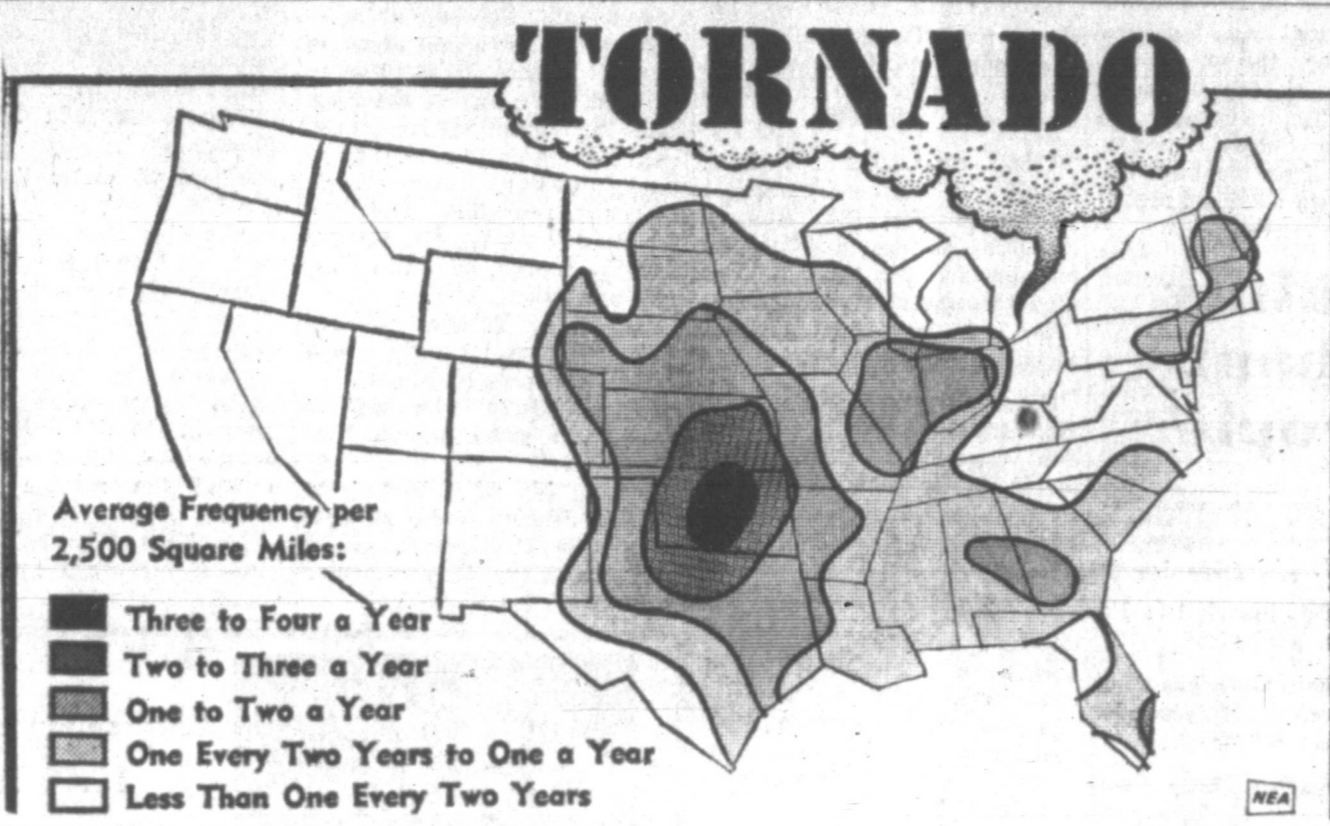

than 20 other defense witnesses have testified Medina ordered the company to destroy every living thing in the Vietnamese hamlet the next day.

Calley is charged with premeditated murder of at least 102 civilians that day. The defense contends he followed Medina's orders like a robot, and that combat stress temporarily impaired his mental processes to the point that he could not premeditate.

It also contends there were no innocents that day in My Lai, that the not-so-simple villagers in the longtime Communist stronghold were all active, enemy—women, babies, and old men.

Pending was an important decision by the judge, Col. Reid W. Kennedy, on a government request that it be allowed to "show the whole man" by calling witnesses to acts of Calley misconduct outside My Lai. The prosecutor said these would include shooting an unarmed old man in a well a month before My Lai and the beating of old Vietnamese women before and after the My Lai sweep.

Capt. Aubrey M. Daniel III, the prosecutor, said the testimony would have a bearing on Calley's mental state at My Lai.

TORNADO
Average Frequency per 2,500 Square Miles:

□ Less Than One Every Two Years

TORNADOES can strike at any time of year, as demonstrated by the deadly twisters that tore through the Mississippi Delta in February, but peak months are April through June, a period during which the National Weather Service maintains a nationwide alert system, SKY-WARN. No area is completely immune, but most of the whirling winds occur between the Rockies and the Appa-

Twisters Whip South, Causing Some Damage

WASHINGTON (UPI)—The Pentagon says it has ordered a halt to widespread spying on civilians—not because it is illegal but because it is inefficient.

Defense witnesses told the Senate Subcommittee on Constitutional Rights Tuesday that a controversial program begun in 1967 to collect information on civilians to prepare the Army for civil insurrections has been ended for good.

"The Army is out of it," Assistant Defense Secretary Robert F. Froehke told the subcommittee.

But he refused to concede that the Army practice of collecting information on civilians and filing it in thousands of personal dossiers was illegal.

The practice was stopped, Froehke said, "for no other reason than good management" and because it was "at the very minimum inappropriate."

"We maintain right now," he added, "that the action was legal."

Froehke, along with lawyers for the Defense Department and the Army, confirmed to the committee that undercover agents were used in the late 1960s to monitor and infiltrate anti-war rallies and civil rights activities, storing the information in thousands of dossiers. Even political leaders such as Adlai E. Stevenson III, D-Ill., now a U.S. senator, were the subject of files, he acknowledged.

"Files were kept on persons and organizations who conceivably might contribute directly or indirectly to the creation, exacerbation or continuation of civil disturbances," he said.

"They were also kept on persons and organizations who were believed to have a potential for assisting in preventing or ending civil disturbances."

Sen. Sam Ervin, D-N.C., chairman of the subcommittee and an expert on constitutional law, contended that such activities violated the right of free speech, the right of assembly and the right of association.

Ervin said each citizen must be free to exercise these rights without fear of recrimination.

Army's Spying Programs Terminated: Pentagon

WASHINGTON (UPI)—The Pentagon says it has ordered a halt to widespread spying on civilians—not because it is illegal but because it is inefficient.

Defense witnesses told the Senate Subcommittee on Constitutional Rights Tuesday that a controversial program begun in 1967 to collect information on civilians to prepare the Army for civil insurrections has been ended for good.

"The Army is out of it," Assistant Defense Secretary Robert F. Froehke told the subcommittee.

But he refused to concede that the Army practice of collecting information on civilians and filing it in thousands of personal dossiers was illegal.

The practice was stopped, Froehke said, "for no other reason than good management" and because it was "at the very minimum inappropriate."

"We maintain right now," he added, "that the action was legal."

Froehke, along with lawyers for the Defense Department and the Army, confirmed to the committee that undercover agents were used in the late 1960s to monitor and infiltrate anti-war rallies and civil rights activities, storing the information in thousands of dossiers. Ervin said each citizen must be free to exercise these rights without fear of recrimination.

Uruguay Terrorists Still Hold U.K. Envoy

MONTEVIDEO, Uruguay (UPI)—Tupamaro terrorists freed kidnaped U.S. agriculture expert Claude L. Fly Tuesday night and left him on a hospital doorstep for treatment of a heart attack. Fly said he was "excited at finding myself among free men again."

Fly, 65, of Fort Collins, Colo., wrote from captivity in December that he had been kept for months in a four-by-six foot chicken coop "suspended in time and space."

"Please help me, I'm sick!" he called out in Spanish from a makeshift stretcher after Tupamaros left him at the British hospital and roared away in a Volkswagen bus. A note giving his medical history in captivity was pinned to sheets in which he was wrapped. The terrorists had forced a physician "who had an extremely complete medical history of the patient" to accompany him.

Fly was wrapped in several sheets and his eyes were bandaged, apparently as a blindfold.

Fly was kidnaped Aug. 7 by Tupamaro urban guerrillas in a struggle with the government of President Jorge Pacheco Areco, who refuses to negotiate with the terrorists.

Doctors said Fly's condition was serious but not critical and he would have to stay in the hospital three or four weeks.

"I'm happy and excited at finding myself among free men again," Fly told U.S. Ambassador Charles Adair Jr. from his hospital bed. "I'm anxious to see my family again."

Fly's wife Miriam said she would hold a news conference today in Fort Collins, Colo. Valeria Aud, Fly's sister, said in Oklahoma City, "We are extremely relieved Claude has been released. That's what we have been praying for. It has been a nightmare."

Fly's release came nine days after the Tupamaros freed Brazilian Consul Aloysio Dias Gomide, 41, in exchange for at least \$250,000 ransom paid by his wife.

The guerrillas still hold British Ambassador Geoffrey Jackson, 55, abducted Jan. 8.

Dias Gomide was kidnaped July 31, a week before Fly.

Fly was one of four foreigners kidnaped by the Tupamaros in the past year. The only other American, Dan Mitrione, 50, a police adviser working for the U.S. Agency for International Development (AID), was seized July 31 and shot to death 10 days later after the government refused to negotiate his release.

Polar Cold Front Brings With It Snow, High Winds

By United Press International
One to three inches of snow and sub-freezing temperatures covered the northern third of Texas today, making highway and street travel a deadly hazard.

A woman died in Fort Worth early today from injuries she suffered in a traffic accident Tuesday night on a slick street.

A 45-knot wind off the South Texas coast turned a Coast Guard boat over. The vessel capsized but a helicopter pulled three Coast Guardsmen to safety.

The Coast guard boat was trying to help a fishing boat out of Brownsville, the Captain Ready when it overturned and dumped the three seamen into the water.

Coast Guard headquarters in New Orleans reported one boat breaking up, another possibly capsized and two more disabled off Port Isabel by wind and waves.

The Western Clipper appeared to be the boat breaking up. The golden Rule was taking on water. The Captain Ready apparently survived the buffeting it took. The Coast Guard boat was the one that capsized.

Snow fell Tuesday through the Texas Panhandle and South Plains, leaving an accumulation of one to three inches. Forecaster had expected the snow would move northeastward, hardly touching North Central, North east and East Texas.

But the snow Tuesday night moved farther south than expected and flurries fell as far south as Waco.

Wichita Falls on the Red River reported three inches and a temperature of 16 with a driving wind that gave a chill factor of minus 11 degrees.

SAM Missiles Fired At U.S. Jets Supporting Viet Operations In Laos

SAIGON (UPI)—North Vietnamese surface-to-air (SAM) missiles were fired at U.S. jets supporting South Vietnamese soldiers in Laos for the first time since the operation began Feb. 8, military sources said today.

None of the American planes were hit by the eight-foot missiles called "flying telephone poles" by pilots, the sources said. The incidents took place Tuesday morning when two of the missiles were fired at American planes over the Laotian panhandle and a third at an aircraft northwest of Khe Sanh in northwestern South Vietnam.

In the continued fighting between the 20,000 South Vietnamese in Laos to try to cut the Ho Chi Minh Trail and the Communists, government paratroopers today turned back a heavy assault on one of their positions deep in Laos. They killed 88 North Vietnamese in 10 hours of bitter fighting, military sources said.

The action began early today about six miles south of Hill 30, an artillery base five miles north of Route 9 and seven miles west of the South Vietnamese border.

The sources said the government troops lost only one man killed and three wounded.

In another incident, officials said a U.S. Air Force F105 early today fired one of its strike missiles at a SAM missile site about 10 miles north of the Demilitarized Zone (DMZ) bordering North and South Vietnam. It was the 17th "protective reaction" strike by American planes this year against North Vietnamese missile and anti-aircraft batteries.

Until Tuesday's action, the massive U.S. armada of helicopters and fixed-wing aircraft had encountered heavy anti-aircraft fire while supporting the South Vietnamese task force in Laos but they had not been fired on by SAMs.

Hanoi Radio claimed in a broadcast heard in Saigon today that American jets bombed populated areas of North Vietnam's southern most province of Quang Binh Tuesday. It said two U.S. aircraft were shot down.

American spokesmen in Saigon refused comment, as they do with all Hanoi Radio broadcasts.

Violence Sweeps India For Third Consecutive Day

NEW DELHI (UPI)—A wave of violence swept India for the third consecutive day of the general elections today. There were riots, murders, bombings, ballot box thefts and police raids on Communist bomb factories.

The general election, which began Monday and continues for 10 days, will decide whether Prime Minister Indira Gandhi's Congress Party gains control of the lower house of Parliament and thus retains control of the government.

Some of the worst violence occurred in Calcutta where 10 persons were killed Tuesday and two today. The violence there was spearheaded by Naxalites, ultra-left Communists who follow the Mao Tse-tung

Plans Progressing For Auditorium Ground-Breaking

Ground-breaking ceremonies for Pampa's new civic auditorium are expected to be scheduled for around March 15, City Manager Mack Wofford said today.

The city manager stated final plans are being worked out and an announcement on the exact time and date will be made within a few days.

The \$1.2 million M. K. Brown Memorial auditorium will be built on a site donated by the Gray-Pampa Foundation adjacent to and just southwest of Coronado Inn.

Contracts now are being let and actual work on construction will start following the ground-breaking.

Both events, Wofford said, will depend on weather conditions.

AS TRUCE ENDS SUNDAY Egypt And Israel Troops Along Suez Are Reported On Full Alert

By United Press International
Political sources in Cairo said today Egypt had placed its troops along the Suez Canal on a full alert in anticipation of Egypt's being forced to reject an extension of the Middle East cease-fire that ends Sunday. They said Israel was on a similar alert.

Egypt took the same precaution a month ago when a cease-fire then in effect was to expire on Feb. 7. President Anwar Sadat agreed under pressure of the Soviet Union to a 30-day extension so U.N. mediator Gunnar V. Jarring could continue his peace-making efforts.

Political sources in Cairo said the troop alert move was made as a precaution against the Israelis using the deadline as an excuse to provoke a new war.

The sources said Egypt had no choice but to reject a formal extension because of Israel's "intransigent response" to Jarring. But they said Egypt would not open fire unless forced to by Israeli provocations.

The Cairo sources said Egypt would be willing to maintain a cease-fire until its government feels all diplomatic efforts have been exhausted. But one source said, "It is perfectly clear from our reply to Jarring that we want peace and it is the Israelis who are trying to provoke war."

The sources said the current alert represented the army's highest state of emergency since the cease-fire started seven months ago.

Chicano Youths To Sponsor March Protesting Alleged Police Brutality

PHARR (UPI)—The Mexican-American Youth Organization is sponsoring a two-mile march from San Juan to Pharr Sunday to protest alleged police brutality and commemorate five Chicano and Chicano sympathizers killed during scrapes with the law.

Officials in the Lower Rio Grande Valley say they will try and stop the march.

Carlos Guerra announced the MAYO plans for the march Tuesday in San Antonio. He said the march would honor Alfonso Flores of Pharr, Dr. Fred Logan Jr. of Mathis, Rafael Menchaca Lopez of San Antonio, Mario Benevides of Corpus Christi and Victor Nava of Brownsville.

All were killed in incidents involving law officers.

"We feel this smacks of genocide and we are standing up to make sure that our feelings are understood and that we will not stand for police murders anymore where the shooting of people takes place without justice and there is no legal action after such shootings except perhaps an occasional civil rights suit," Guerra said.

Guerra said the march will begin at the ruins of the burned-out Church of the Virgin of San Juan which was destroyed when a man intentionally crashed his plane into it last year. The group will march to the front of the Pharr police station where Flores was killed.

Letter Reveals SEC Chairman Nominee Has Reversed Position

WASHINGTON (UPI)—William J. Casey, reversing his earlier position, has agreed to give up control and knowledge of his extensive stock holdings if he wins Senate confirmation as Chairman of the Securities and Exchange Commission (SEC).

Casey's concession came, Capitol Hill sources said, after Sen. William Proxmire, D-Wis., bluntly warned Casey in private that he would fight the nomination on the Senate floor unless he put his holdings into a "blind" trust while holding the SEC post.

Casey's stocks are said to be worth at least several million dollars.

His decision was disclosed to the Senate Banking Committee in a 20-page letter in which he reviewed and defended his business career.

Casey, 58, is a nationally prominent tax lawyer and a law partner of former GOP National Chairman Leonard Hall. At another Senate hearing today on the subject of campaign contributions, Joseph Califano, the Democratic Party's lawyer, asserted that Casey's appointment to the SEC resulted from his contribution of \$17,500 to President Nixon's election campaign in 1968.

He offered no documentation of that charge.

Casey, in his letter, characterized as "business disagreements" which never "reflected on my integrity" the two civil law suits which charged him with violating the Securities Act of 1933—the law the SEC is responsible for enforcing.

Over the opposition of a few Republicans, the committee voted to set aside its tentative approval of the nomination and to reopen its hearing next Tuesday to question Casey about the suits. Their existence came to light after the committee had acted favorably on the nomination.

House Votes Today On Record Tax Bill

AUSTIN (UPI) — The House votes today on a record \$432 million tax bill opponents say will "sock it to consumers" along with a companion proposal to double college tuition rates.

"There'll be some action," promised Speaker Gus Mutscher, who is allowing representatives to try to amend the sales-tax-heavy package.

The proposal to raise \$110 million by sharply increasing the state college tuition rates will be considered first.

That proposal, by Rep. Grant Jones, D-Abilene, changes tuition costs from a per semester basis to a per hour basis. It raises the costs for Texas residents from \$50 per semester to \$9 per semester hour, or \$135 per 15-hour (normal) semester. Out of state student costs jump from \$200 a semester to \$47 per hour, or \$705 per average semester under Jones' proposal.

The tuition increase and the other taxes are designed to bring in \$542 million in new revenue—\$100 million more than Gov. Preston Smith recommended in his last tax message to the legislature.

Even with that amount of new money, lawmakers will still have to return in a special session next year to appropriate more funds to finance the state welfare department.

House leaders are planning to fund the welfare agency for only the first year of the next two-year spending period and hope the federal government will then assume full responsibility for welfare programs.

St. Vincent's School Board Announces New Lunch Policy

St. Vincent's School, 2300 N. Hobart, has applications available for families whose children are eligible for free or reduced price lunches. School officials have adopted the new lunch policy to assist families who cannot pay the daily lunch price of 35 cents per student.

Completed application forms should be signed by an adult member of the family and sent to St. Vincent's School for consideration by school officials, according to Rev. Francis Hynes, C.M.

Any unusual circumstances or hardships which affect the family's ability to pay for school lunches such as prolonged illness in the family, unexpected expenses due to fire, flood, or other disaster, seasonal unemployment and other emergency situations will also be considered, he said.

"If a family is not satisfied with the decision made on the application, it may request a hearing to appeal the decision," Father Hynes said. "This request may be made orally or in writing to the School Board of St. Vincent's who will review the application and determine if other arrangements can be made."

Completed application forms should be signed by an adult member of the family and sent to St. Vincent's School for consideration by school officials, according to Rev. Francis Hynes, C.M.

Space Week Bill Introduced By Rep. Bob Price

Citing what he termed outstanding achievements of the Manned Space Program, Congressman Bob Price of Pampa has introduced legislation creating a "National Man in Space Week."

Price declared, "The achievements and the courageous exploits of United States astronauts should be commemorated by the American people, for the Manned Space Program has had and will continue to have a profound impact upon the lives of all Americans and, in fact, the entire world."

Price said under the terms of his proposal, the third week in July of each year would be "National Man in Space Week."

"This period represents a most appropriate time to observe the achievements of all American astronauts because it was during this week in 1969 that astronaut Neil A. Armstrong became the first human being to tread the surface of the moon."

The Texas lawmaker was joined in his efforts by 15 other representatives

graduated in 1962 with a Juris Doctor degree, and was licensed to practice law that same year.

He is a member of American Trial Lawyers Association, Texas Trial Lawyers Association, Association, Judge Advocate General's Association, Texas Bar Association, and has been admitted and certified as a member of the bar of the United States Supreme Court.

Sturgeon is a member of Pampa Rotary Club, Pampa Optimist Club, and of the First Christian Church. He has served with Pampa Youth and Community Center, Gray County Cancer Association and the Salvation Army boards. He and his wife, Sandra, have two sons, Britt and John.

Hasse, a Pampa resident since 1948, was formerly sports editor and managing editor of the Pampa Daily News, and has operated a radio station here since 1952.

He and his wife, Peg, have one son, John, a junior at West Texas State University, and a daughter, Mary Sue, a senior at Pampa High School.

Other candidates are D.W. Bond Jr., the second candidate who filed Feb. 24, Richard Swearingen, who filed Monday morning and Ben Sturgeon who filed this morning with Homer Craig, director of business services.

Candidates have until Thursday, midnight, to file with Bob Carmichael, board secretary, or with Craig. Absentee balloting dates are March 13-30 in Craig's office.

Winter, an industrial engineer for Cabot Corp., machinery division, moved to Pampa in 1954 as a petroleum reservoir engineer with Core Laboratories and Riley G. Maxwell Co., until 1961 when he joined the industrial engineering department of Cabot.

He moved to Dallas in 1966 and served as industrial engineer for security and engineering and LTV Electrosystems before rejoining Cabot in Pampa in 1969. He and his wife June, of 1816 N. Zimmers, have two daughters, Rebecca, a Pampa High School junior, and Jennifer, a North Texas State University freshman.

Winter attended Hillsboro Junior College, Baylor University, University of Texas at El Paso, and received his B.S. degree from the University of Texas at Austin in 1953. He is a member of the Optimist Club and First Baptist Church and is president of American League Baseball team.

Sturgeon, the sixth candidate, is a resident of 1721 Fir. A Pampa High School graduate, he graduated from Texas Christian University in 1959, attended Southern Methodist University Law School and

Gibson Discount Discloses List Of Items Taken In Theft

An inventory of items stolen during a burglary of Gibson's Discount Center, 2210 Perryton Parkway Tuesday night, shows that thieves left the scene with a supply of firearms and ammunition, a coin collection and two pair of binoculars, totaling \$1,529.01.

Burglars entered the store sometime after the 9 p.m. Monday closing time and 8:43 a.m. yesterday when the theft and break-in was reported to law officers.

Offices had been entered and prowled and \$21.40 is missing from the pharmacy department, according to a list prepared by store management.

Taken in the robbery were 10 handguns, two carbines listed as a matched pair new, and never fired; four .22 rifles and three shotguns. Also stolen were 81 boxes of various caliber ammunition.

Two pair of binoculars and a rare coin collection valued at \$50 complete the inventory. Finger prints have been lifted from cases in the store, according to police and Sheriff's reports, and investigation continues.

Workers Ready To Prepare For Livestock Show

The work day for getting grounds and buildings in shape for opening of the Top O' Texas Livestock Show has been rescheduled for 1:30 p.m. Thursday at Recreational Park.

Foster Whaley, chairman of the Chamber of Commerce agriculture committee, said committee members and directors of the Top O' Texas Hereford Breeders Assn. will tackle the job tomorrow, weather permitting.

Whaley also said his committee will gratefully accept any volunteer workers to assist in the work of preparation.

CANCER CRUSADE — Mrs. Kent B. Lawson, director of District 3-North-Texas division of the American Cancer Society, meets with William Zale, division's honorary crusade chairman, at a recent ACS Division board meeting in Houston. Zale of Dallas, vice-president of Zale Corp., will lead Texas ACS volunteers in this year's April Crusade. Mrs. Lawson, who is also a member of the Gray County Unit board, stated the local Crusade will open with a kick-off breakfast in conjunction with the regular board meeting March 24th. The Advance, Special, Business, and Industry Gift drives will begin immediately to open the April Crusade in Gray County.

U.S.-S. Viet Operations Wreck Red Plans For Dry Season Raid

SAIGON (UPI)—U.S. sources said Tuesday operations by American and South Vietnamese forces in Laos and Cambodia have wrecked Communist plans for a dry season offensive. More South Vietnamese troops joined the Laos campaign, and Laos opened its own major offensive against North Vietnamese invaders.

Dispatches from the Laotian capital of Vientiane told of a secret meeting between two high-ranking South Vietnamese commanders and Premier Souvanna Phouma and members of his military staff.

The Vientiane talks led to speculation that the South Vietnamese might be seeking Laotian support for Saigon's troubled offensive against the Ho Chi Minh Trail or permission to strike elsewhere in southern Laos.

There are two arenas in the Laos war: southern Laos in the area of Highway 9 where 16,000 South Vietnamese troops, with American artillery and air support, have been trying to

smash the Ho Chi Minh Trail and northern Laos in the area of the Plain of Jars where North Vietnamese troops have been active for years.

U.S. military sources claimed great success for the drive in Cambodia dating back to last May and the 23-day-old thrust into southern Laos, reporting that the twin campaigns had deprived Communist units of huge supplies of stockpiled war material and inflicted extremely heavy casualties.

The Laos offensive along Highway 9 was singled out by one source as particularly important in "preempting plans for an enemy offensive." This would also speed the withdrawal of American troops from Indochina, a big goal of the Nixon administration.

American sources said U.S. warplanes, including eight-engine B52s, attacking the Ho Chi Minh Trail in coordination with the South Vietnamese drive had cut Communist truck traffic on the network of roads and jungle

passes by 50 per cent in the past four days.

U.S. reconnaissance pilots reported that 500-600 North Vietnamese trucks were moving along trail arteries in comparison with 1,000-1,200 last week.

U.S. helicopters flew a 650-man South Vietnamese marine battalion into Laos Tuesday to join other South Vietnamese ground troops using a two-day lull in major fighting to look for Communist supply camps.

The reinforcements, landed southwest of Highway 9, were the first South Vietnamese marines to cross the border in the South Vietnamese offensive in the panhandle area of southern Laos.

UPI correspondent Kim Wilenson, reporting from Vientiane, said Laotian military sources reported that Laotian troops backed by substantial numbers of U.S.-trained special guerrilla units and several battalions of Thai regulars launched a major offensive northeast of the Plain of Jars.

Dialogue With Lord

By DAVID POLING, D.D.
The most popular devotional book in Christian literature has been "Of the Imitation of Christ" by Thomas Hamerken of Kempen, Germany. Compiled around 1411, the authorship is attributed to several writers who may have been members of the Brothers of the Common Life, an order to which Thomas belonged in Holland. Thomas a Kempis, as he was to be widely known, published a masterpiece that is really a dialogue between the writer and his Lord. Prayers, passages of Scripture, and thoughtful discourse for the pursuit of the Christian life are arranged for easy reading. Wesley was so impressed with the book that he edited an English translation, saying that it ought to be in every home.

Thomas a Kempis

When we are under personal strain and depression, we should read again.

That a Man Should Not Be Too Dejected at Failures or Trial.

"My Son, patience and humility in adversity are more pleasing to Me, than much consolation and devotion in prosperity. Why are you so grieved by every little thing which is said against you? If it had been much greater, you ought not to have been troubled at it. But now dismiss it from your thoughts; it is not the first trial, nor anything new, neither will it be the last if you continue to live. You are brave enough, when no trial comes against you; you can give good advice, and know how to strengthen others by your words, but when sudden tribulation is at your door, you fail in counsel and in courage."

"I still live, saith the Lord, and am ready to help you, and to impart more than ordinary comfort, if you put your trust in Me and earnestly call upon Me. Be more calm, and gird yourself to greater endurance. All is not lost, because you feel yourself very often tried or much tempted. You are a man and not God; you are flesh and not an Angel. How can you expect always to remain in the same degree of virtue, when an angel in Heaven, and the first man in Paradise, failed to do so? I am He who lifts up "those who mourn" to safety; and those who recognize their own weaknesses, I call to the participation of My Divinity."

—From "Of the Imitation of Christ."

By United Press International
WASHINGTON — Sen. Mike Gravel, D-Alaska, about the bomb blast at the Capitol:

"This is probably one of the most outrageous bombings that has occurred in this country. It's outrageous mainly because it struck at a building venerated by the people of this nation. Whoever did it had to be criminally deranged."

DES MOINES, Iowa—A placard held by a protester as President Nixon's motorcade passed Monday:

"Same enemy, same fight. Workers and students must unite."

HAVERFORDWEST, Wales—Price Charles commenting on the litter left by visitors to Windsor Castle:

"It is difficult to get through to people that they would not like it if their gardens were covered with rubbish."

FRANKFURT, Germany (UPI)—Boy still meets girl but matrimonial agencies also play a part in helping man find his spouse.

According to Arthur H. Fildner, chairman of the Matrimonial Agencies Association, about 14 per cent of all marriages in the country were arranged with the help of such institutions.

Executive Board Of District PTA Schedules Meet

Members of the executive committee of the Nineteenth District of the Texas PTA will meet Thursday at Supphen's Restaurant, 303 N. Cedar, Borger, to make plans for the upcoming district conference to be held April 19-20 in Borger.

Mrs. J.B. McCray, Panhandle district president, will be in charge of the meeting. Mrs. Jack D. Ware, Borger City Council president, is chairman of the host committee.

Borger High School will be the site for the conference April 20. At this time the program theme for 1971-1972 will be introduced. District officers will also be elected and installed. A banquet, honoring PTA Life Members, school administrators, and teachers will be held April 19 at the First Christian Church.

Mrs. Marvin Armstrong, Lubbock, first vice president of the Texas PTA, and Miss Harriet Griffin, director of professional relations for the Fort Worth ISD and Texas PTA program chairman, will speak at the conference.

Three Gray County Students To Get Degrees From NTSU

DENTON — Three Gray County students were among 822 candidates receiving degrees at North Texas State University this winter.

Because of a change in the academic calendar which would have placed commencement on Christmas Eve, NTSU officials voted last fall to forego formal graduation exercises for the winter class.

However, Dec. 22 is listed as the official graduation date for the 659 bachelor's, 143 master's and 20 doctor's degree recipients.

All students who are listed as winter graduates will be invited to join the spring graduating class in formal commencement exercises May 18 at the university.

Another change in NTSU's

graduation procedures was the replacement this winter of the customary "honors" and "high honors" designations with "summa cum laude, magna cum laude and cum laude."

MASTER OF EDUCATION — Larry Gene Smith, physical education, son of Mr. and Mrs. William V. Smith, 2308 Comanche Trail.

BACHELOR OF BUSINESS ADMINISTRATION — Robert David Meador, banking and finance, son of Mr. and Mrs. H. L. Gunter, 1910 Grape.

David Arlie Grigsby, son of Mr. and Mrs. A. L. Grigsby, Route 1, McLean, received his doctor of education degree in counseling and personnel services.

Highlights And Sidelights From The State Capitol

By VERN SANFORD
Texas Press Association
AUSTIN, Tex. — Legislators moved toward their first major tax showdown this week.

House Revenue and Tax Committee was due to bring out its version of a revenue-sharing measure to balance a record budget.

Heart of the measure is a raise in the sales tax rate from 3.25 per cent to four per cent (good for \$300 million in additional biennial revenue, and an increase in motor vehicle sales tax from three to four per cent (for another \$70 million).

Proposal to be advanced to the House floor for debate reportedly will include:

An increase of 50 cents (to \$3.75 per \$1,000 in the corporation franchise tax rate, \$26 million.

Extension of the sales tax to repairs, laundry, dry cleaning, haircuts and beauty shop services, \$100 million.

Sales tax on amusements, including professional sports and tourist attractions, \$35 million.

An increase in hotel room tax from three to four per cent, \$4 million.

Sales tax on telephone and telegraph bills, \$40 million.

House already has passed a bill to raise out-of-state

students' tuition at state-supported colleges and universities from \$200 to \$700 a semester and a \$185 million bond bill to finance new college building. Neither measure has moved beyond sub-committee in the Senate.

Speaker Gus Mutscher has indicated he will allow representatives a full run with amendments to the tax bill on the House floor.

Revenue and Tax Committee Chairman Rep. Ben Atwell of Dallas said lawmakers have the choice of wringing major new revenue out of tried sales taxes or looking to a combination corporate-personal income tax.

AG OPINIONS — A voter registration certificate should not be issued to one convicted of a felony and placed on probation until the court sets aside the complaint or indictment as specified in the election code, Atty. Gen. Crawford Martin has held.

In other recent opinions, Martin concluded that:

A justice of the peace is not entitled to any fee for conducting administrative hearings on the revocation or suspension of driver's licenses.

Jury panels selected by jury commissioners appointed by a county judge who has an interest in a pending case in county court are not void and the jurors are not disqualified to serve on county court juries.

COURTS SPEAK — U. S. Supreme Court reinstated the Texas obscenity law in a Dallas case involving prosecution of an underground newspaper.

State Supreme Court granted a new hearing for a Cameron County man who blamed his insurance company for negligence in defending him in a 1958 suit arising from a traffic accident and in rejecting reasonable settlement offers.

High Court ruled a Harris County iron and metal firm waited too long to bring suit against an insurance company to recover for electrical transformers and wiring taken from its warehouse by burglars.

Court of Criminal Appeals upheld the life sentence of a Dallas man in the beating death of his wife and rejected the appeal of a Lubbock man from a life sentence for participating in the fatal attack on a jailer.

REVENUE TO STATE OFFERED — Texas would receive \$243 million in federal revenue during the first year of the President's proposed \$5 billion revenue-sharing plan, according to Sen. John Tower.

Under Nixon's plan, the state would be required to pass on 47.9 per cent of its receipts from Washington to local governments via a complex formula.

For example, the city of Austin would get \$2.2 million, Travis County \$604,000; the city of San

Antonio would receive \$4.68 million and Bexar County \$1.16 million.

Officials warned these figures may not be completely reliable, for federal-grants-in-aid may be reduced.

Reports from Washington indicate efforts by the administration to reach a workable compromise on revenue sharing.

VETERANS LAND PROGRAM REVIVED — Land Commissioner Bob Armstrong signed the first three loan commitments to veterans from Jasper, Brownwood and Fort Worth under the newly-reactivated Veterans' Land Program.

More than 4,500 veterans have requested application forms and information booklets since the program reopened February 1. More than 225 loan applications have been received in the land office, and are being processed, Armstrong reported.

Veterans Land Program began operations again this year after \$21 million in additional state-bonds finally were sold.

PENAL CODE REVISE HIT — Attorney General Martin joined leading state prosecutors in urging the Legislature to put off passage of a proposed penal code revision for two years.

Dallas District Atty. Henry Wade blasted the code as a "monstrosity" which would make it more difficult for law officers to do their jobs.

Martin said a five-year study by the State Bar has been available to the public only about two months and that there is not enough known about what it contains.

RATES PROTESTED — A crowd of 500 turned out for the February 23 special hearing to protest a 14 per cent auto insurance rate hike.

Witnesses accused the State Board of Insurance of working "hand in glove" with insurance companies.

Board members, irked at the heated protests, said they had met the test of applying fair and reasonable rates. While the public was blasting the Board about setting rates too high, the industry grumbled threats of filing legal action attacking them as too low.

SHORT SNORTS — Senate passed a bill to license new car dealers and manufacturers.

Bill to require inoculations against six diseases for public school admission also received Senate approval.

Buffalo no longer is classified as a game but a "domestic animal" under a bill passed by the House.

Senate Jurisprudence Committee advanced liquor-by-the-drink bill.

All 80 Texas Rangers were in Austin last weekend for specialized training in techniques of criminal investigation.

Thirty-second annual Texas Safety Conference is slated for Houston April 4-7.

Water Development Board granted a permit for weather modification license in San Angelo area field operation but denied a license for a rain-making experiment in drought-stricken Stonewall County.

Foreign News Commentary

By PHIL NEWSOM
UPI Foreign News Analyst
Window on the World
Opening the Door:

President Nixon's request that Congress authorize guarantees for private investment in Romania and Yugoslavia may trigger a flood of bids for similar treatment from other East European nations.

Throughout Eastern Europe, the commonest complaint against Washington is its "trade discrimination" against Communist regimes. Before, these regimes sought "most-favored-nation" treatment. Now they will go for the guaranteed private investment gimmick.

Different Ways:
The Congo-Brazzaville and the Congo-Kinshasa across the river may have patched up their differences but they are moving in different directions on the matter of relations with Communist China. The pro-Peking Brazzaville regime has announced that as of May 1 all workers will wear uniforms Peking style, the fabric being supplied by the newly completed textile factory built by Communist China. In Kinshasa, almost simultaneously, President Joseph Mobutu announced he soon will fly to Taiwan to meet leaders of Nationalist China.

Commonwealth Strife:
Britain's decision to go ahead with helicopter sales to South Africa may kill the eight-nation Commonwealth committee on Indian Ocean defense before it even gets started. Nigeria already has pulled out of the group which was set up at the Singapore Commonwealth prime ministers' conference. India and Malaysia are expected to follow suit. There is no doubt about the attitudes of Kenya and Jamaica. That would leave only Britain, Canada and Australia.

Labor Showdown:
British officials see the deadlocked postal strike now in its sixth week, as the makings of a major confrontation between the Conservative government and the Labor unions. The postal union has no funds left and hardship payments to strikers are possible only through loans and gifts from some of the big, wealthy

unions. They appear ready to help keep the strike going indefinitely in a showdown against the government's determination to keep a lid on inflationary pay hikes.

Breaking Tradition:
For the first time in history, a Japanese emperor will set foot on American soil this autumn. But he will not linger long. Emperor Hirohito, 69, and Empress Nagako, 67, will rest briefly at Anchorage International Airport on Sept. 27 and Oct. 13 while their jet liner refuels on its polar flight to and from Western Europe. The trip will make Hirohito the first mikado of Japan ever to travel abroad since the Chrysanthemum Throne was founded 2,631 years ago.

Scholarship Winner Named in Wheeler

WHEELER (SPL.) — Miss Patricia Jones, daughter of Mr. and Mrs. Arnold Jones, has been named a winner of an academic scholarship to Lubbock Christian College beginning with the Fall semester of 1971.

Miss Jones is a leader of the Senior Class for the year in academic fields, and is active in several phases of extracurricular activity.

Conditions in the scholarship presentations state that high academic levels must be maintained for the recipient to continue benefit of the grant through four years of study.

BEIRUT (UPI) — When a hog ran amok killing six goats in a southern Lebanese village near Nabatiyeh Township, a hurried call went out to the local vet. But when he got to the area with his gun, he found the villagers had killed the pig and were just sitting down to eat it.

EVORA, Portugal (UPI) — The Town Council Monday ordered all stray dogs and cats to be caught and destroyed because, they said, the animals filled the streets and had become a general nuisance.

A team of expert dog and cat catchers spent the day searching for the enemy. By nightfall they had not found one.

Gov. Preston Smith appointed John F. Pettit of Del Rio to succeed Douglas A. Newton of Del Rio, who resigned as 63rd district attorney.

He placed on the Board of Regents, State Senior Colleges Mrs. Edward A. Clark of Austin, Lee Drain of Dallas and James Tuttle of San Marcos.

Smith designated Raiford Stripling of San Augustine a member of Texas Conservation Foundation, succeeding Jack Stone of Wells who was confirmed to the Parks and Wildlife Commission.

Governor named to the Neches River Conservation Board of Directors Emmett H. Whitehead of Rusk, Otis E. Lock of Lufkin, Arthur Temple Jr. of Diboll, Pitzer H. Garrison of Lufkin, N. C. Garrison of Center and re-appointed Jack W. Flock of Tyler.

He named Carl Walter Swenson of Ganado to the Lavaca-Navidad River Authority Board.

Texas Senate confirmed Governor Smith's appointment of the following to the Coordinating Board, Texas College and University System: Harry

Provence of Waco and Watson W. Wise of Tyler for terms expiring in 1975, Newton Gresham of Houston and Wayne E. Thomas of Hereford for terms expiring in 1972.

Under Nixon's plan, the state would be required to pass on 47.9 per cent of its receipts from Washington to local governments via a complex formula. For example, the city of Austin would get \$2.2 million, Travis County \$604,000; the city of San Antonio would receive \$4.68 million and Bexar County \$1.16 million.

Witnesses accused the State Board of Insurance of working "hand in glove" with insurance companies. Indian Poncho Leads Two Lives

JOANNE SCHREIBER a springtime coverup over a skirt as well, bridging the gap between soft buckskin boots and a skinny knit top. Today's poncho can be worn

This Pow-Wow poncho can double as a skirt. Indian designs are created with the Buttoneer, which attaches one-hole buttons with tough nylon filament. It can even be used to attach the fringe.

Study Club Has Salad Supper In Wheeler Home

WHEELER (Spl) — The Wheeler Progressive Study Club met in the home of Mrs. J.C. Moore, Jr. for a salad supper. After the short business session, the program was introduced by Mrs. C.B. Kirk. Mrs. Nelson Porter brought and displayed pieces of cutglass, pressed glass and other old glass and explained how to tell the old glass from the modern methods of making glass. Mrs. C.H. VanZandt displayed pieces of Carnival Glass and explained the history of Carnival glass. Mrs. Van Zandt also explained what markings and luster the amateur glass collector should seek in this type of glass.

Guests were Mrs. Nelson Porter, Mrs. J.C. VanDand, Mrs. James Phillips, Jerrie and Sherrie Moore. Members present were Mrs. Raymond Byers, Ida Farmer, Novella Vampool, Lyndon Sims, Irene Dyer, Paul Green, Clifford Hefley, Roy Watherly, Bill Owen, C.B. Kirk, and the hostess Mrs. J.C. Moore Jr. The next meeting will be with Mrs. Bill Owen Feb. 25.

Dear Abby

By Abigail Van Buren

DEAR ABBY: Are you on vacation or what? I can't believe you couldn't have thought up a better answer for the person who wrote in saying "Grandma" loves to knit and crochet but she never makes anything to fit anybody and the colors and styles she uses are terrible, so consequently nobody wears any of her hand-knit sweaters, socks, scarves, etc. And Grandma wonders why.

Abby, anybody who can knit and crochet can make things people can wear! All they need is the yarn and the patterns. Obviously, Grandma doesn't have either. So instead of complaining about the terrible things she turns out, the relatives should select their own yarn, in the colors they prefer, and also give Grandma a pattern. Print this!

MAD IN MILWAUKEE DEAR MAD: You forgot the needles. (I'll be glad to return the one you just gave me.) Thanks for writing.

DEAR ABBY: A few months back some new people moved in across the street, so my husband and I went over to visit them and welcome them into the neighborhood.

She offered us a cup of coffee, so we set down at their table and I noticed a roach was crawling around on the table. My husband noticed it same time as I did but neither of us said anything. The lady saw it, too, as I saw her watching it, but I guess she was too embarrassed to do anything about it. What do you do in a case like that? Shouldn't somebody have brushed the roach off? Or killed it maybe? Or do you just sit there and watch it crawl all over the

Banquet Honors Cub Scouts

WHEELER (Spl) — A joint meeting of Wheeler and Mobeetie Cub Scouts comprised guests of honor for the annual Blue and Gold Banquet, conducted this year in the Wheeler School Cafeteria.

Wheeler Troop 72, Dens One, two and Three; and Mobeetie Troop 38, Den One took part in the event which was highlighted by presentation of awards to Cubs.

Awards were presented to: Dell Ford, Mike Lee, David Wright, Philip McWhorter, Joe Guthrie, Dale Patterson, Billy Stewart, Sammy Schaffer, Bobby Riser, Greg Christner, Bob Gunter, Myrtle Jolly, Jackie Sparkin, Joey Warner, Randy Durham, Kent Vice, David Parker, Tommy Christner, Rickey Durham, Kenney Lundson, William Burch, Jerry Dyson and Leslie Harrison.

Troop No. 72 Den 1 and Troop No. 38 Den 1 presented several songs for the group with Bob Gunter playing the piano for them.

Troop No. 72 den 3 closed the meeting with a ceremony.

table? If something should have been done, who should have done it?

WONDERING DEAR WONDERING: The first person to spot that little creature should have "removed" it as inconspicuously as possible.

DEAR ABBY: You must be kidding! That sailor's mother has to open all her son's mail in order to read it and decide what is worth sending on to him. A person would have to be a millionaire to send (air-mail yet!) all the junk the average person gets these days in the line of coupons, contests, brochures, advertisements and get-acquainted offers.

ANOTHER MOTHER DEAR MOTHER: Who's kidding whom? It doesn't take a genius to distinguish between a personal letter and an offer to join "The Dirty Joke-of-the-month club." The sailor resented his mother's opening his personal mail.

DEAR ABBY: Tell K.M. of Roseburg that the purpose of your column is not to instruct people on what should be done to save our country. Rather it is to help them with their everyday problems.

I agree, pollution and the war are two of the most serious problems we are facing today, but we still must meet our daily challenges. People like K.M. who are so busy worrying about doomsday that they think of nothing else make me tired.

"If all the people who write to Dear Abby would write to their Congressmen instead," she rants, "we could change the world." Oh, yeah? If every citizen who is against the war in Vietnam were to crawl to Washington on his hands and knees it wouldn't make one bit of difference. BLOOMINGTON, ILL.

VERSATILE ATTRACTIVE FASHION

B-136 7-15

There are a number of ways to make and wear this attractive fashion. First... as a low-belted (or not belted if you choose) jumper over a pretty ruffled blouse. Second... as a slim-line dress with bottom pleats. Third... or wear the jumper minus the blouse, with or without the belt.

For fabrics, colors and accessories, see our Co-ordinator included in each Young Original Pattern.

B-136 with Photo-Guide is in New Sizes 7 to 15, bust 31 to 37, Size 9, 32, bust... 2 1/2 yards of 35-inch for jumper; blouse, 2 1/2 yards of 39-inch.

Send \$1 for this pattern to: YOUNG ORIGINALS (Pampa Daily News), P.O. Box 438A Midtown Station, New York, N.Y. 10018. Print name, address, zip code, pattern number and size. Add 25 cents for first-class handling.

Instantly and permanently. Even the fringe may be attached with buttons.

To make our Pow-Wow Poncho, you will need 1 3/4 yards (48 inches) of any fabric at least 48 inches wide. We used a lightweight flannel. Other suggestions are suede cloth, felt, vinyl, fake fur, double knit, corduroy. Also, 5 1/2 yards of fringe a Buttoneer with enough buttons to make the designs you want, a 7-inch skirt zipper. Lining is optional, but will give the poncho more body. It will also cover the nylon filament stubs on the wrong side of the poncho.

Cut a 48-inch square of fabric. Hem allowance is 1 1/2 inches. Find the center of the square, and cut out a square corresponding to the size of your waist, allowing 1/2-inch for seam. For a 24-inch waist, cut

a square that is 5 1/2 inches on each side. Insert zipper at one corner of square. This step may be omitted if you plan to use the skirt only as a poncho.

Spread poncho out flat and lightly trace desired design. A border treatment is almost essential. We used a double row of dark buttons with lighter buttons placed in circles, tear drops and figure 8 designs. A large center front decorative treatment is effective, and you should put an edging around the neck (or waist) opening. Use your imagination, and take the time to arrange the buttons attractively before attaching them with the Buttoneer.

To make lining, cut square of lining material the same size as the poncho, cutting out hole in center. With right side of lining against right side of

poncho. Pin together raw edges of center opening. Stitch around edge, leaving 1/2-inch seam allowance. Turn lining through center square to inside. Slip along zipper and hand-hem edge of lining to zipper tape.

Fold in raw edges of poncho and lining. Press and pin in place. Blind stitch together. Cover edge with fringe, which may be handstitched or machine-stitched in place, or attached with buttons.

A pow-wow poncho like this may be made in smaller sizes for smaller girls (a basic 30-inch square would be about right for the average 8-year-old) or in larger sizes for men (there are plenty of 60-inch fabrics around). It can be decorated with monograms, fraternity symbols, or peace symbols. Whatever you do to decorate a poncho, it's sure to be the most useful garment in your spring wardrobe.

Hollywood
In Review

By VERNON SCOTT
UPI Hollywood Correspondent
HOLLYWOOD (UPI)—Robert Young, by all accounts of polls ratings and fan mail, is the most popular performer on television.
He knows why.
"When I'm on tour or make public appearance, or even walking down the street the thing that strikes me most is the genuine affection people seem to have for Robert Young and Dr. Marcus Welby," the actor said.
"I think it is a return on an investment I make. When I perform I feel a great deal of affection for the audience—the folks watching."
Actors commonly perform because they seek affection. Few, if any, have ever said that personal affection for viewers or audiences are an integral element of their own performance.

A Decent Man
"I believe in the characteristics of Welby," Young went on. "He is a decent man who is credible. He's not a remote scientist or impersonal surgeon."
"Welby deals—with the fundamentals of life and death. He's sympathetic and compassionate. That's a hard combination to beat."
"Another thing, Dr. Welby isn't a caricature of the old-fashioned physician or country doctor as played by Jean Hersholt in his old radio series or Milburn Stone in "Gunsmoke."
An element Young skirted was his own contribution.
Young, by a freak of physical conformation—his facial features, height, weight and even the way he combs his hair—is the sort of man others trust on sight. To women he radiates strength and dependability plus his own low-key sex appeal.

"Love—which I think is an over-used word—is a force in my life like electricity," he said. "It has its negative side as well as a positive element. Affection is returned."
"If you project affection it's returned. If your ego is overwhelming, then audiences respond negatively."
"Viewers like Welby because he has a resonant chord within him."
"I believe the American people are fundamentally decent because they respond to decency in any form, especially in entertainment."
Some 25 million viewers tune in Young's show every week.
On March 10 Young will star in a CBS special, "Robert Young and the Family," a series of sketches on the foibles of family life.
Young will appear very much as the story teller in "Our Town," appearing in some sketches and introducing others. But one may be sure he won't step out of character.

"I did the show because I like its humor and the fact that it reveals human nature without ridicule," he said.
MONTEVIDEO, Uruguay — American agriculture expert Claude Fly, released after more than six months of captivity after being kidnaped by terrorists:
"I'm happy and excited at finding myself among free men again."

San Angelo Tourney Opens Harvester Baseball Season

Harvester Baseball was scheduled to get underway Tuesday afternoon at Dumas when winter played referee by dumping snow on the Texas Panhandle. The game has been rescheduled for March 18.

Pampa will be playing in the San Angelo Tournament Friday and Saturday with a 6 p.m. game against Temple Friday night.

The Harvesters will be fielding a dominantly junior team centered mainly around the cage stars Mike Edgar, Marsh Gambin, Gary Haynes, and Larry Knutson.

Other top prospects for the

Pampa team are lettermen Dale Ammons, Jeff Hogan, Rick Harris, Dan Hood. Six of the eight returning lettermen are juniors.

State prospects are looking good for the Harvesters as last year they posted a 15-10 overall record with an even 9 win 9 lost district mark, this was done using mainly sophomores as the starting nine.

1971 is truly the Year of the Harvesters as the football team had a winning year, the basketball team is shooting for bi-district honors and there is real strength in the baseball team.

Marquette Heads List In NCAA Playoffs

KANSAS CITY, Mo. (UPI)—Unbeaten Marquette, boasting the nation's longest winning streak, heads the field of 10 independent powers accepting bids to bolster the National Collegiate Athletic Association (NCAA) 1971 basketball championships.

The 15 other tournament berths are reserved for conference champions.

Seven of the 10 at-large bids extended Tuesday went to teams ranked among the nation's top 20 and one of the three unranked schools assured of an NCAA playoff spot is Notre Dame, the only team to defeat defending national champion and top-ranked UCLA this season.

But the NCAA's prize pick Tuesday was Marquette, which

rejected an invitation last year and went on to win the National Invitational Tournament (NIT). The Warriors have won 36 straight, including 24 this season, and rank No. 2 nationally.

Marquette landed a berth in the Midwest bracket, Notre Dame in the Midwest.

Other independents headed for the NCAA playoffs are ninth-ranked Fordham (21-2), 12th-ranked Duquesne (20-3) and 18th-ranked Villanova (22-4) in the East; eighth-ranked Jacksonville (22-3) in the Midwest; 14th ranked Houston (20-4) and New Mexico State (19-7) in the Midwest, and 17th-ranked Utah State (20-6) and Long Beach state (19-7) in the West.

Pampa Green And Gold Will Play Plainview Bulldogs Tomorrow

The Bi-District crown goes up for grabs tomorrow night in the Amarillo Civic Center as the Hustling Harvesters tip-off against the Plainview Bulldogs in an 8 p.m. game.

Admission to the game is \$1.00 for students and \$2.00 for adults with tickets available at the business office at Pampa Junior High School located at 126 W. Francis.

The leading seven on the Pampa squad have impressive personal records for the 1970-71 basketball season. Out in front in scoring is Mike Edgar with a total of 496 points (30 games) for a 16.3 season average. Edgar has hit 186 of 353 field goals for a 52.7 per cent and 124 of 172 free throws for a 72.1 per cent mark.

In the rebounding department the Harvesters are led by Richard Bunton with 394 recoveries from the boards. Bunton hit 50.6 per cent from the floor making 183 of 362 attempts and is hitting 51.1 per cent from the charity line in 71 of 139 attempts. His total points for the season are 437 for 13.7 point per game average in 32 tilts.

Marsh Gambin leads the Harvesters in charity percentage hitting 88 out of 110 trips to the line for an 80 per cent mark. Gambin has made 126 baskets out of 264 attempts for 47.7 per cent from the floor. His total points for the season are 340 for a 10.6 average.

Don Cain, Jr., is next in line with his 7.7 game average hitting 99 out of 194 from the floor for a 51 per cent mark and 47 of 73 charity shots for a 64.4 per cent record. He has

Foster Still Thinks He's Rusty After Third Round Carroll K.O.

SCRANTON, Pa. (UPI)—Bob Foster had just finished demolishing Hal "TNT" Carroll in four rounds to defend his light heavyweight title for the fifth time, but he wasn't satisfied.

"Did you think I looked good?" he asked one of the camp followers. The man nodded yes but Foster said, "Well, I didn't. I was as rusty as a sack on tennery nails left out in the rain."

Foster knocked Carroll down three times in the second round, slashed open a deep gash over his left eye in the third round and finally ended the fight with a right-hand knockout punch at 2:32 of the fourth.

It was the first fight for the 32-year-old champion from Silver Spring, Md., since he was knocked out in two rounds by Joe Frazier last November when he tried to move up to the heavyweight division. The victo-

ry was his 42nd, including 35 kayoes, against five losses. The loss dropped Carroll's record to 30-3.

However, Foster also was upset that the fight was not recognized as a championship fight by the World Boxing Association. His title was stripped away by the WBA and Vicente Rondon won WBA recognition as champion in an elimination bout with Jimmy Dupree last Saturday night.

"I'd like to fight that guy (Rondon) tomorrow night," Foster said. "That S.O.B. is going around pretending he's the champion and I'm going to break him in two. I'm going to

fight once a month through the spring and part of the summer until I get \$100,000 in the bank again, and anytime he wants to fight me is O.K."

For the victory over the 28-year-old Carroll, Foster didn't make much of a dent in his goal of building his bank account to \$100,000. A crowd of 4,029 paid \$34,640, and Foster gets only 40 per cent of the net. Carroll gets 20 per cent.

lock said it happened while he was trying to keep Phillips from shooting.

"I didn't want to give him anything," he said. "But I'm proud for him, because he's a great player." Phillips also holds the all-time career and single-season SWC scoring records.

The old single-game record of 50-set by Jim Krebs of SMU in 1956 and tied by Texas Tech's Dub Malaise ten years later were also both against Texas. The scoring record for any game in the season is 53, set by Texas A&M's Benny Lenox, now an assistant coach at Texas, in 1964 against Wyoming.

RAIDERS HIRE MALAVASI
OAKLAND (UPI)—The Oakland Raiders of the National Football League Tuesday hired Ray Malavasi as an assistant coach. Malavasi comes to the Raiders from Buffalo where he served for the last two years as the Bills' line coach.

DETROIT (UPI)—The Detroit Red Wings Tuesday traded 30-year-old defenseman Dale Rolfe to the New York Rangers for 23-year-old center Jim Krulicki and an undisclosed amount of cash.

Gene Phillips Doesn't Know About Final Foul

AUSTIN (UPI)—Gene Phillips of Southern Methodist does not know if he was fouled on purpose or not with only six seconds left in Tuesday night's game with Texas in which the SMU star scored a record 51 points.

But the foul, committed by Jimmy Blacklock, gave Phillips a one-and-one try from the free throw line, allowing him to score his 50th and 51st points, breaking the individual scoring record for a Southwest Conference game. Texas won the game 96-88.

Blacklock protests he did nothing on purpose to help Phillips.

"I didn't know how many points he had," Blacklock, who scored 26 points, said.

But Phillips is not sure.

"When he came up after the game and congratulated me — he winked," Phillips said. "If he did, it took a great man to do it."

The foul was a bump. Black-

lock said it happened while he was trying to keep Phillips from shooting.

"I didn't want to give him anything," he said. "But I'm proud for him, because he's a great player." Phillips also holds the all-time career and single-season SWC scoring records.

The old single-game record of 50-set by Jim Krebs of SMU in 1956 and tied by Texas Tech's Dub Malaise ten years later were also both against Texas. The scoring record for any game in the season is 53, set by Texas A&M's Benny Lenox, now an assistant coach at Texas, in 1964 against Wyoming.

The Pampa Daily News

A Watchful Newspaper
EVER STRIVING FOR THE TOP O' TEXAS
TO BE AN EVEN BETTER PLACE TO LIVE
Our Capsule Policy

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capability.

Cabinet Reduction Plan

Because expansion is the natural order for the national government, President Nixon's proposal to consolidate seven executive departments into four faces an uncertain fate. Powerful forces already are mobilizing to protect their vested interests in the departments scheduled to be merged out of existence. Senate Majority Leader Mike Mansfield predicts that the President's plan will bring out "a combination of lobbies the like of which the Congress has never seen."

Cronkite On TV Licensing

Walter Cronkite, probably the most institutional of the various broadcast medium countenances, has said some powerfully important things to the recent convention of Sigma Delta Chi, the national journalism society. We wish to underscore them. Perhaps Cronkite is shaken after the attacks on his brethren by Vice President Agnew and Martha Mitchell, attacks which, in considerable measure, were well-founded. In any case Cronkite—we believe commendably—warns us the constitutionally guaranteed (guaranteed, not granted) right of freedom of the press is endangered, specifically in his own medium.

Politics Blur Worthy Laws

Two syndicated Washington columnists reveal that Rep. Wilbur D. Mills, chairman of the House Ways and Means Committee and most powerful opponent of revenue sharing in Congress, "is pondering a legislative package that could demolish White House grand strategy."

The Arkansas Democrat is working on a plan whereby the federal government would gradually relieve the states of their increasingly burdensome welfare programs, combined with a top-to-bottom overhaul of the whole sloppy system.

Wit And Whimsy

If some people could sell all the advice they give away, they'd be rich.

Sensing The News

By ANTHONY HARRIGAN
DEFENSE SLASH ENDANGERS U.S.

When President Johnson left office, U.S. defenses were manned by 3.5 million personnel. By the end of 1971 we will have one million fewer defenders.

Now the man who was elected has become the first Republican to plan a deliberate deficit and the first President since before the attack on Pearl Harbor to budget a smaller percentage for national defense than for national social spending.

"Liberal" pundits try to imply that excessive defense spending dominates our budgets and prevents "ending poverty" and "solving social problems." In actual fact, inflation accounts increasingly for defense expenditure, while cuts in real spending for defense both endanger our nation and cause sudden, massive joblessness in vital industries.

Clearing House

Get something you would like to "get off your chest"? That's what the "Clearing House" is for. It has been suggested there should be more letters to the Editor, that people should speak their mind, etc. in the public "get it off your chest."

Editor: What did the big Blizzard of 1971 teach us? Probably nothing, as the best historians, and Bible students claim that human nature has changed not at all, since God made us. Essentially, that is.

What's Left To Negotiate?

WASHINGTON (NEA)—Never in history has so much airborne firepower been delivered against a stretch of tangled jungle as U.S. planes and helicopter gunships have been unloading on the celebrated Ho Chi Minh trail in Laos.

After running a check on predictions for the last few weeks, have just about decided to put in a large gripe to the Weather Bureau.

Is Foe Hurting? Bombs Wasted On Laos 'Trail'?

WASHINGTON (NEA)—Never in history has so much airborne firepower been delivered against a stretch of tangled jungle as U.S. planes and helicopter gunships have been unloading on the celebrated Ho Chi Minh trail in Laos.

Question Box

QUESTION: In your answer column you say there is no such thing as group guilt. What do you call it when Jewish groups threaten to bomb or harm any Russian in the USA, even try to poison a Russian bear in a zoo?

ANSWER: Individual members of groups using force or threats against others are guilty of whatever acts they do. But because members of one group of Jews are guilty of such actions does not mean that other Jews are to be found guilty.

Your Health

By Dr. Lawrence Lamb
Beware of Pottery With a Lead Glaze

Dear Dr. Lamb—I read about a family which had lead poisoning from drinking from an old pitcher. They keep fruit juice in it all the time. If a person got lead poisoning from drinking from this pitcher, would this cause them to be sick for a long time or kill them? What are the symptoms? Please write a few lines on lead poisoning.

Angry Letter-Writer Gets Some Things Off His Chest

By PAUL HARVEY
The following is not a letter from "a reader"; it is a composite from several.

Quick Quiz

Q—In what country was Mrs. Golda Meir, prime minister of Israel, born?
A—She was born Golda Mavovitz in Kiev, Russia.

Q—What part of a frog is generally eaten?
A—The meaty hind legs of a frog are considered a delicacy.

Inside Washington

Disruption Key
To Laos Drive Success

WASHINGTON — No final evaluation can be made for a while of the South Vietnamese drive into Laos, and an assessment when it is finally possible will not be based on criteria which have usually been used in the past.

Difficult fighting is anticipated in the panhandle area for a couple of weeks, and the day-to-day reports may continue to be about specific engagements in the branches of the Ho Chi-Minh trail.

Wit And Whimsy

After running a check on predictions for the last few weeks, have just about decided to put in a large gripe to the Weather Bureau.

LAST WHALER DIES

NEW BEDFORD, Mass. (UPI)—Joaquin Pina, the last surviving whaler in this famous port, died the same day as the domestic whaling industry.

Pina, who would have been 101 this month, died Monday at Union Hospital. He first sailed out of the Cape Verde Islands in 1900 as a harpooner and said he never lost a whale. He retired to New Bedford in 1914.

Commerce Secretary Maurice Stans signed an order Monday banning the killing of eight species of whales which had been hunted for 300 years. The species, including the famous sperm whale, went on the Commerce Department's endangered species list last year.

WASHINGTON—John Dent, D-Pa., chairman of a House Labor subcommittee studying job discrimination:

"Minority groups and women continue to be denied equal opportunities. A re-declaration and implementation of a national policy on equal employment rights is of paramount importance at this stage of U.S. history."

TREAD WEAR EXPECTANCY

Because of variable driving habits and road conditions under which tires are used, it is impossible to guarantee any specific number of months or miles of tread wear. We can, however, indicate the wear potential we have built into our tires in terms of service life under normal family use. If a Riverside tire wears down in the tread wear laboratory during the Tread Wear Expectancy test, Montgomery Ward will open presentation of the tire and evidence of date of purchase relative to the tire to the latest current regular price less the following dollar allowance:

Tread Wear Expectancy	Tread Wear Allowance
40,000 miles (Printed on sidewall)	\$10.00
30 months	8.00
24 months	6.00
18 months	4.00
12 months	2.00
6 months	1.00

PASSENGER CAR ENGINE GUARANTEE

Wards will repair free of charge any part of a Riverside® re-manufactured engine sold with overhead valve cylinder heads attached which fails within twelve months or 12,000 miles of original installation, whichever occurs first. This guarantee is valid only for engines in non-commercial use when installed, used, and maintained in accordance with the manufacturer's recommendations. Repairs due to damage caused by auto accidents are excluded from this guarantee.
