Commander Van Zandt Of VFW Will Be Guest Of Veterans Tomorrow

PARDONS COURT IS BRUNO'S LAST CHANCE

LEGION CONVENTION TO BE HELD HERE MAY 2-3

PRESIDENT OF AUXILIARY TO BE A VISITOR

DISTRICT MEETING DATE IS FIXED BY VETERANS

American Legion and Auxiliary members will come to Pampa in large numbers May 2 and 3 for their district convention, it was announced yesterday by A. D. Monteith, commander of the local Kerkley-Crossman post, after a conference Friday night between officials of the post and Van W. Stewart of Perryton, district commander.

Inasmuch as West Texas Young Democrats will be here on May 2 for their district convention, Pampa will be filled to overflowing with visitors.

The Legion convention dates were fixed to permit the attendance of the national president of the Auxiliary, and her party of distinguished visitors.

Among those who participated in the conference with Mr. Stewart who is a publisher, were Floyd Sloan of Amarillo, 18th district adjutant and 5th division commander; Mrs. Sloan, president of the 18th district Auxiliary; J. W. Woodworth, local vice commander and chief de gare of the 40 and 8; W. C. de Cordova, finance officer here; and W. S. Green, past south chief de train, 40 and 8 department of Texas.

In anticipation of the district convention, Commander Monteith urged veterans to join the Legion in its current campaign. He said:

"The commander-in-chief of the Veterans of Foreign Wars recently said, 'Invariably the man who has failed to join a veteran organization to date wants to know, "What do I get out of it?"

"The answer is simple. If he and the majority of the three million veterans who do not belong to a veteran organization will come into the American Legion, the D. A. V. or the V. F. W., he will get protection and security for himself and family. He may be healthy today and financially independent. Tomorrow he may suddenly collapse physically. His wife and children may be faced with hunger and privation. Membership in a veteran organization will give him a friendly source of aid and sympathy."

"This is a challenge—direct to the point. Join the American Legion and help make the future of veteran welfare secure. Procrastination and delay will only undermine and destroy what we have already done. It's up to you—JOIN THE AMERICAN LEGION NOW."

Attention of veterans is called to the Legion membership application blank on Page 3 of the last section of today's NEWS.

I. S. Jameson Is Candidate for Pampa Constable

I. S. Jameson yesterday asked THE NEWS to announce his candidacy for constable of precinct 2 of Gray county—the Pampa precinct—subject to the action of the voters in the Democratic primary of July 25.

Mr. Jameson has lived in Pampa and Gray county 25 years.

He said that if elected he would conduct the office of constable in a business-like manner and would cooperate with other law enforcement officers of the county in the suppression of crime. Upon the basis of this statement, he will solicit the votes and influence of the residents of this precinct.

DALLAS SELECTED

DALLAS, March 28 (AP)—The executive committee of the national Oil Scouts Association of America, Inc., today picked Dallas as the 1936 convention city of the association. Dates were set at May 29, 30 and 31.

I Heard . . .

E. B. Emerson crisply answering all the questions asked by a young lady making out his drivers license application. When she came to the question, "When were you born?" "Brownie" unhesitatingly answered, "4:43 a. m. Monday, April 8, 1904."

THE NEW PAMPA
Fastest Growing City in
Texas—Panhandle Oil
And Wheat Center

Division Head

The divisional commander of one of the nine regions of Texas Veterans of Foreign Wars is J. B. Lillibridge of Amarillo (above). He will be here tomorrow with the national commander.

GERMANY MUST VOTE 'YES' ON HITLER REIGN

No' Votes Will Not Be Counted in Election

By LOUIS P. LOCHNER
Associated Press Foreign Staff

BERLIN, March 28 (AP)—The German nation will approve Reichsfuehrer Hitler's policies tomorrow.

Germans will participate in one of the greatest civic mobilizations the world ever has seen, and they will vote an unconditional "ja" of approval concerning their leader's actions of the last three years.

Not a German "aryan"—man or woman—above the age of 20 years, except soldiers, will dodge the polling places if Hitler's Nazi storm troops can help it.

Unless the German voter wishes to be branded a traitor, he will be unable to do anything but put a cross in the ballot's single circle.

The election, nominally for the Reichstag (parliament), is unique. There is no provision for voting "no" on Nazi policies and no provision for any choice of candidates.

The voter's sole option is to take the Nazi party's list or leave it; if the voter leaves the ballot blank or treats it any other manner except that of placing an "X" in the circle, his vote will be invalid.

Despite this fact, Hitler and his lieutenants have conducted a wide and intense election campaign. Hitler has spoken repeatedly, declaring that his policies have made Germany self-sustaining and that through these policies, Germany is regaining her position as an equal power among nations.

Tomorrow's balloting, therefore, is not an election but a mass mobilization of Germany's citizenry to support Hitler in his dealings with foreign nations.

The only chance to detecting any opposition might lie in a count of those who stay at home during the vote.

It is here, however, that Hitler's perfect party organization will demonstrate his abilities. Storm troops are under order to visit every house in Germany to make sure the voters have done their duty.

Big Honor Court Will Be Monday

Another big Boy Scout court of honor will be held tomorrow night at 7:30 o'clock in the county courtroom in the Gray county courthouse. This room is located on the second floor. The last court was the largest ever held here.

Dozens of boys filed applications for merit badges and advancement at Scout headquarters in the last week. Yesterday afternoon was the deadline. A large attendance of Scouts is predicted.

Parents, teachers, and friends of the boys are invited to attend. Numerous boys will be advanced to first class rank.

FIVE MEN ARE IN COMMISSION RACE IN CITY

W. T. FRASER ALONE IS CANDIDATE FOR NO. 1 PLACE

Five names will appear on the City of Pampa election ballot April 7.

For Mayor will be W. A. Bratton, incumbent, and Mel B. Davis.

For commissioner No. 1, only the name of W. T. Fraser, incumbent, will appear.

For commissioner No. 2, Marvin Lewis, incumbent, and Bert Curry will be in the race.

The names appear in the order of their filing. Names of Mr. Davis and Mr. Curry were filed through petitions presented to the mayor late Friday.

A petition was circulated to put M. A. (Mack) Graham in the race for commissioner No. 1, but circumstances arose which caused Mr. Graham to withdraw his name.

Under Pampa's city manager government, only the three members of the city commission are to be elected. Other offices are appointive under the approval of the commission as a matter of practice.

Of the candidates, Mayor Bratton is a lumber dealer, Mr. Davis is a ranchman-oil operator, Mr. Fraser is an insurance man, Mr. Lewis is an automobile agent, and Mr. Curry is agent for electrical refrigerators. Each is prominent in local business and public affairs.

Friday was the last day to file for city offices.

Mr. Graham's statement, addressed to Mayor Bratton, was as follows: "I understand that you had presented to you, as mayor of the City of Pampa, on the evening of March 27, 1936, a petition and application signed by some of the citizens of

See FIVE MEN, Page 8

More Progress Or Borger Road Is Made Friday

The next move in the Pampa-Borger road situation will be that of the counties involved and this is to be a matter of a few days.

In a conference Friday in Amarillo of Pampa, Panhandle, and Borger representatives with R. W. Ellis, WPA projects superintendent, and W. J. Van London, district highway engineer, the county courts were asked to designate the Pampa-Borger road as the No. 1 road project for the three counties. Such a move is not expected to affect other existing projects. Much of the WPA labor necessary is said to be available in Hutchinson county.

County planning boards are asked to take similar steps and to assure the highway department that the labor supply will be available. Work will likely start within a few weeks from both ends of the gap. The right-of-way problem will next be tackled.

Pampans in the conference were Judge C. E. Cary, J. S. Wynne, Charles Matse, and George Briggs.

RA May Buy Famed JA Ranch

AMARILLO, March 28 (AP)—Press reports of the resettlement administration considering purchase of the JA ranch in the Texas Panhandle recalls a proposal now almost three years old.

Under the original proposal the ranch would have been used by three governmental branches, the department of interior, the department of agriculture and the department of commerce.

Purposes proposed were establishment of a park, a range breeding laboratory experiment station for animal husbandry and a wild life preserve.

Some flood control features also were suggested by pointing out the possibility of a series of low dams on a fork of Red River to impound water, which would serve as a migratory bird sanctuary.

The original owners were John Adair (hence the JA) and Charles Goodnight, Panhandle pioneer.

State Chief

E. E. Wiseman of El Paso, above, department commander of Texas Veterans of Foreign Wars of the United States, will arrive tomorrow in Pampa to be one of the honored visitors at the coming of the national commander.

FIVE MILES OF COPPER WIRING LAID FOR KPDN

Program Rehearsals Will Begin Tomorrow

An amazing spider web of copper wire, two inches under the ground, was completed yesterday at the transmitter site of radio station KPDN.

In all five miles of copper wire were laid. The wire is about the size of a lead pencil, and is attached to stakes. This wire will help give the broadcast the necessary "electrical sock". The transmitter house is also complete, and Dore Franz, formerly of Fort Authur's KPAC, has arrived to take charge. He is also an expert wireless man.

Although station employees believe the steel radiator tower will arrive here sometime during the latter part of this week, they are still ignorant of its progress from the flood-besieged east where it was held up in transit to Pampa. It is now believed that the station will open a week of two after installation of the tower, which will require about 35 hours.

Auditions are nearly completed. Rehearsals will begin Monday morning under the direction of Cecil Hunter, Elk City radio comedian who will be in the program production department. Mr. Hunter, otherwise known as Elmer, will appear in several morning programs.

Work on the studios on the second floor of the Culberson-Smalley building was completed yesterday with staining and waxing of the floors.

ALLRED IS 37
AUSTIN, March 28. (AP)—Governor James V. Allred will be 37 years old tomorrow. Birthday observances have been cancelled because of the recent death of his sister, in an automobile accident. He is the nation's youngest governor.

Mr. and Mrs. Howard Boyd are week-end visitors with Mr. Boyd's parents in Henrietta.

ADDRESS WILL BE DELIVERED AT CITY HALL

PUBLIC IS INVITED TO HEAR NATIONAL FIGURE

Pampa and Pampa's veterans will be honored tomorrow in the coming of James E. Van Zandt of Altoona, Pa., commander-in-chief of Veterans of Foreign Wars of the United States.

En route to distant Japan on a good will tour returning a similar visit to this country by Japanese veterans, Commander Van Zandt will make in this city one of the four stops to be made by him in Texas.

Mr. Van Zandt, now serving his third year as commander of the organization, will be escorted to Pampa at 11 o'clock by a group of veterans headed by Hamp Waddell, past commander of the local post. He will be welcomed at the Schneller hotel by Commander D. A. Bartlett and other veterans.

Accompanying Commander Van Zandt will be E. E. Wiseman of El Paso, state commander, J. B. Lillibridge of Amarillo, divisional commander, W. S. Birge of Amarillo district commander, and other officers.

Following press interviews and taking of pictures, Commander Van Zandt will confer with commanders of posts in this section of the state. At 12 o'clock, a banquet will be held in the basement dining room at the hotel. It will be for ex-service men who have reservations.

Everyone will have an opportunity to hear the commander, a nationally known orator, speak in the city auditorium at 2 o'clock. Fifteen minutes before that hour, the high school band will give a concert. The commander will be introduced by D. E. Cecil, chairman of the arrangements committee, after Mayor W. A. Bratton has welcomed the visitors.

Commander Van Zandt will not confine his address to topics of interest to ex-service men, but will speak on national affairs of interest to everyone.

The committee in charge of arrangements is composed of Mr. Cecil, B. W. Rose, Hamp Waddell, and John Bradley.

New Appeal on Flood Relief Is Made to Pampa

A renewed appeal to Pampans to be liberal in contributing to the relief of flood victims in the east was made yesterday by Alex Schneider, chairman of the Pampa Red Cross chapter.

A survey just completed has shown the needs to be much larger than at first estimated, according to telegrams received by Mr. Schneider. Governor James V. Allred has added his influence in an appeal to Texans to give liberally. Texas is lagging behind other states in its response.

Meanwhile, Mr. Schneider expressed appreciation for sums already received.

New contributions include: E. G. Barrett, \$10. Oscar Zappe, \$1. Vera Lard, \$1. T. C. Pike, \$1.

VFW Commander Here Monday

Pampa veterans and citizens generally tomorrow will welcome James E. Van Zandt of Altoona, Pa., commander-in-chief of Veterans of Foreign Wars of the United States, who will arrive

at 11 p. m., attend a luncheon in his honor, and make an address in the city auditorium at 2 p. m. to which everyone is invited. He is nationally famed as an orator.

'TEEN AGE QUARTET CONFESSES KILLING FAMED CHILD SPECIALIST AND 2 OTHERS IN CHICAGO CRIMES

Youths Turn Against Each Other in Questioning

CHICAGO, March 28. (AP)—Turning against one another under steady police questioning, members of the 'teen age quartet named by authorities as the confessed killers of Dr. Silber Peacock, added two more recent holdup slayings to their list of crimes tonight, supervising Police Captain John Horan said.

In addition to the brutal "mercy call" slaying of the prominent young child specialist on Jan. 2, Horan said Durland Nash, 19, and Robert Goethe, 19, whom police called "Emil" and "Red," told him that Emil Reck, 19, was one of two robbers who killed Peter Pavor, 63, in his tailor shop last December.

Another statement by him and Nash, Capt. Horan said, accused Reck of perpetrating the slaying of Miss Ellen Anderson, 37, during a robbery of her store last Oct. 19.

The continuing disclosures, police said, indicated that the full story of the gang's alleged crimes might not yet have been told. Questioning continued, with other recent unsolved killings the subject. Among them was the "cigarette slaying" last

PROSECUTOR IS SILENT ABOUT NEW REPRIEVE

HOFFMAN DECLARES HE WILL NOT GRANT SECOND STAY

THE HAUPTMANN CASE AT A GLANCE

(By The Associated Press)
Governor Hoffman declares he has no intention now to grant new reprieve to Bruno Richard Hauptmann.

High source says Hauptmann's chances now 1 to 100.
State court of pardons called to meet Monday to consider new clemency plea.

Attorney General Wilentz defends conduct of trial against Hoffman charges but "does not commit himself on matter of new reprieve."

Robert W. Hicks, special investigator, reports to governor on Havana inquiry into "Fisch" ransom story.
Preparations go forward for execution Tuesday night; Hauptmann described as still confident and hopeful.

By DALE HARRISON

TRENTON, N. J., March 28 (AP)—A purported "confession" of the Lindbergh baby kidnaping by a former Trenton man was disclosed tonight to have been used by Governor Harold G. Hoffman as a basis for calling the court of pardons to meet Monday on Bruno Richard Hauptmann's second clemency plea.

TRENTON, N. J., March 28. (AP)—A reprieve for Bruno Richard Hauptmann from a new source—the state court of pardons which has rejected one pardon plea from him and his attorney before it—was seen tonight as a possible means of saving him from the electric chair Tuesday night.

The pardons court, whose powers were described by a member of the state's highest tribunal tonight as having "no limitation" has continued its judgments in the past to pardons, commutations of sentence and remittances, and has never granted a reprieve.

But this high judicial officer who would not permit use of his name, declared:

"There is no limitation on the power of the court of pardons and they could grant a reprieve if they saw fit."

"There could be no appeal as the court is absolutely supreme."

The pardons court—consisting of Governor Harold G. Hoffman who has stated he would grant a reprieve if he could do so legally, and seven members of the court of errors and appeals—will hear Hauptmann's second clemency appeal on Monday.

Governor Hoffman was described as "interested" in this new interpretation of the powers of the pardons court.

A prosecution source also stated

See HAUPTMANN, Page 8

Dist. Commander

W. S. Birge, above, of Amarillo, is district commander of the Veterans of Foreign Wars, and will be in the party of distinguished visitors here tomorrow.

THRICE WELCOME, COMMANDER!

(An Editorial)
Pampa tomorrow will welcome a distinguished guest, James E. Van Zandt of Altoona, Pa., commander-in-chief of the Veterans of Foreign Wars of the United States, and other prominent officials of this organization.

Commander Van Zandt will recognize in Pampa a city which is proud of its veterans' organizations and cognizant of their patriotic, helpful programs. Its citizens, attracted by opportunities related to newness of the country and by oil development, come from nearly every state and represent a cross-section of American citizenship. Its veterans are familiar with the needs of veterans everywhere, and are well and favorably known throughout the Southwest and beyond.

Pampans also will welcome these distinguished guests because of mutual understandings of peace, American citizenship, and constitutional government. Commander Van Zandt will find here an extraordinarily high percentage of native, white Americans.

The Pampa Daily NEWS, through this specially prepared edition in which the local VFW post is sharing the proceeds, extends its greetings to Commander Van Zandt and his party. A most hearty, western welcome Commander!

Shadows Of The News

GLIMPSES OF PASSING AND COMING EVENTS

These coming events cast their shadows:

MONDAY—James E. Van Zandt, national commander of Veterans of Foreign Wars, will make public address in city auditorium, 2 p. m. Boy Scout court of honor, county courtroom 7:30 p. m.

TUESDAY—Townsend clubs advisory board of district will meet here, 2:30 p. m.; public meeting district courtrooms, 7:30 p. m.

SATURDAY—Pampa Independent school district trustee election, high school building, 8 a. m. to 6 p. m.

Foreign Wars of the United States, tomorrow. Mr. Van Zandt comes from Altoona, Pa., his home, en route to Japan on an international good will mission. He will make a public address in the city auditorium at 2 p. m.

First of the many elections this year will arrive next Saturday, when a single trustee will be chosen in this independent school district.

The advisory board of Townsend clubs will meet here Tuesday afternoon and remain for the regular session of the Pampa club.

The last week brought the "best" duster of the spring season, although damage from it was small. Rallying to the aid of flood sufferers in the east, Pampans donated more than \$50 through the Pampa

Red Cross chapter. A successful membership drive in the new Pampa chapter of commander was held. Jaycees announced that Governors Allred and Tingley of Texas and New Mexico, respectively, would attend the Centennial celebration here June 2-5.

A census of business, federally sponsored, was launched. "Elmer" of Elk City, noted comedian, was signed as an entertainer for KPDN, the Pampa Daily NEWS station which will be on the air within 30 days.

Panhandle oil allowable was upped 2,000 barrels daily. Car and driver's licenses continued to move steadily, but slowly as the April 1 deadline approached.

Much illness and several deaths caused sorrow in the community.

OIL COMPANY HEADS RECEIVE BIG SALARIES

BIGGEST TEXAS CHECKS ARE PUBLISHED AT CAPITOL

WASHINGTON, March 28 (AP)—Compensation for corporation executives in Texas for 1934 was reported to congress by Secretary Morgenthau as follows:

Texas salaries:

Anderson, Clayton & company, Houston, W. E. Clayton, board chairman, \$20,000; M. D. Anderson, president, \$20,000; Lamar Fleming Jr., vice president, \$10,000; H. Whittington, vice president, \$10,000; D. B. Cannafax, treasurer and assistant secretary, \$10,000; C. O. Lambirth, buying department manager, \$26,104.46; J. A. Clapp, buying department manager, \$26,104.46; C. E. Waddell, foreign branch manager, \$24,642.58; R. C. Gregg, branch manager, \$33,642.58; C. S. Ruff, branch manager, \$27,995.52; P. C. Anderson, branch manager, \$27,995.52; H. B. Potts, assistant branch manager, \$19,071.29; C. C. Rightower, assistant branch manager, \$16,214.19; G. A. Levy, assistant branch manager, \$15,714.19; J. P. Piesler, secretary and assistant treasurer, \$23,055.98; A. H. Lamberth, branch manager, \$62,700; J. C. Dellinger, assistant branch manager, \$16,945.40; P. J. Fletcher, foreign branch manager, \$16,165.60; R. M. Walker Jr., branch manager, \$27,187.86; Ralph Lawson, assistant branch manager, \$18,743.43; J. M. Brantley, salesman, \$34,348.25.

Crespi & company, Dallas, Pio Crespi, president, \$82,830.

Dickson-Jenkins Manufacturing company, Fort Worth, E. W. Dickson, president, \$16,000.

Eryfuss & Son, Dallas, Sol Dryfuss, president, \$25,068.76.

W. D. Felder and company, Dallas, W. D. Felder, president, \$24,000.

Foley-Brothers Dry Goods company, Houston, George S. Cohen, president, \$71,747.55; Leopold L. Meyer, controller, \$12,247.38; Leon R. Meyer, merchandise manager, \$16,292.51; Marcus N. Meyer, superintendent, \$15,950.48.

Galveston-Houston Breweries Inc., Galveston, H. S. Autrey, Houston president, \$18,000.

Goldman Baking company, Dallas, Julius Goldrath, president and manager, \$20,428.60.

A. Harris & company, Dallas, A. L. Kramer, president, \$24,000; Leon A. Harris, vice president, \$16,800.

Hercules Oil company, Dallas, J. M. Hadschaw, president and manager, \$29,150.

Hoblitzelle Holding corporation, Dallas, Karl Hoblitzelle, president, \$18,000.

Joske Bros. company, San Antonio, J. H. Calvert, president, \$28,262.31.

Kimbell Milling company, Fort Worth, Kay Kimbell, president, \$25,000.

Levy Bros. Dry Goods company, Houston, L. L. Harris, president, \$23,000.

Lubbock Cotton Oil company, Lubbock, G. A. Simmons, manager, \$29,250.

Magnolia Petroleum company, Dallas, E. R. Brown, board chairman, \$68,850; D. A. Little, president, \$38,250; Ralph H. Kinloe, vice president and general manager, \$29,750; W. H. Francis, vice president and general counsel, \$36,550; E. E. Plumby, Beaumont, vice president and manager of refineries, \$43,000; M. J. McLaughlin, Dallas, vice president and manager of production, \$25,688; F. M. Lese Jr., Dallas, vice president, \$28,944; B. B. Blakney, Oklahoma City, attorney, \$15,192; A. S. Hardwick, Dallas, assistant secretary, \$15,192.

Magnolia Pipeline company, Dallas, T. J. Fitch, Dallas, vice president and pipeline manager, \$20,743.

Neiman-Marcus company, Dallas, Herbert Marcus, vice president, \$41,900.

Oak Cliff Baking company, Dallas, Jake Golman, president and general manager, \$20,179.33.

Joe A. Pincus Inc. San Antonio, Joe A. Pincus, president, \$24,000.

Republic Underwriters, Waco, A. B. Shoemaker, attorney in fact, \$50,024.23.

Sakowitz Bros., Houston, Tobe Sakowitz, president, \$25,000; Simon Sakowitz, vice president, \$25,000.

Sanger Bros. Inc., Dallas, E. P. Simmons, vice president and general manager, \$21,537.41.

Southern Stevedoring & Contracting company of Texas Inc., Houston, Charles E. Kei, president, \$18,000.

Taylor Bedding Manufacturing company, Taylor, D. F. Forwood, president, \$17,075; Amor Forwood, vice president, \$17,075.

Texas Harvest Hat company, Laredo, Matias de Llano, president, \$22,500.

Texas Life Insurance company, Waco, John D. Mayfield, president, \$34,745.

Teco-Kan Flour Mills company, Dallas, Jack P. Burroughs, president, \$14,000.

Titche-Goteinger, Dallas, H. E. Landaer, managing director, \$25,000.

Traders Compress company, Fort Worth, L. B. Anderson, president-treasurer, \$20,000.

Universal Mills, Fort Worth, Gaylord J. Stone, president, \$22,752.

Urban Oil company, Dallas, B. D. Davenport, manager, \$24,000.

A Sacred Trust

When the Veterans of Foreign Wars of the United States founded the V. F. W. National Home at Eaton Rapids, Michigan, in 1925, it voluntarily assumed guardianship over a group of children whose fathers gave their lives or were totally and permanently disabled as a result of the world war. It was a solemn trust, voluntarily undertaken in memory of America's soldier dead. No other agency—not the federal government itself—had realized the necessity for caring for these children, robbed of their natural right to a father's care and protection by the cruelties of war.

Today the Veterans of Foreign Wars of the United States can look upon the results of its labors with satisfaction. From a negligible beginning, with only two small frame structures and a few miscellaneous farm buildings, the V. F. W. National Home—occupying a 600-acre tract of rich Michigan farm land—comprises nearly a score of modern and attractive "cottage units," a \$35,000-hospital, a community warehouse and other well-equipped buildings, and grounds, with a fine new recreation center and administration building shortly will be constructed. The Home at present represents a total evaluation of approximately \$300,000, in addition to which the V. F. W. has set aside a Home reserve fund of more than \$60,000. And the Home is still growing. Virtually every state department in the national organization that does not already own one of the cottage units, is planning to buy or build one in the near future. The V. F. W. fun organization, the Military Order of the Cootie, has contracted for an athletic field, equipped with the finest of modern sports facilities, to be constructed soon on Home grounds.

In short, the maintenance, development and expansion of the V. F. W. National Home is one of the most popular projects of the Veterans of Foreign Wars and its Auxiliary. It constantly is an object of attention and interest among the activities of more than 3,300 V. F. W. posts and more than 2,900 Auxiliary units. In the National Home, our organization finds a perfect outlet for that practical idealism that characterizes its entire program. Our membership is determined that one young protegee shall lack none of the comforts and advantages enjoyed by other average American children. Their health, their education, their self-respect and individuality, their

Home. It is no longer an experiment. It is proved success. Secure under the guardianship of their fathers' comrades-in-arms, the children of the V. F. W. National Home can enjoy a normal, happy childhood and youth, fed, clothed, housed and lovingly cared for by the members of the Veterans of Foreign Wars of the United States. When he becomes of age, each of these young wards will be ready and eager to enter the world and make his own way. He will have completed special training for whatever kind of work he particularly likes or desires; he will have a strong, healthy body developed scientifically under expert care at the Home; and he will have the heart-warming comfort and assurance that his opportunity for achievement and success in life was the freely offered gift of men and women who thus tried, as well as they could, to repay America's debt to the Home. And he will have the honor and American security—V. F. W. Bulletin.

Centennial Art Is Worthless, Says Borglum

AUSTIN, March 28 (AP)—Cutzon Borglum, noted sculptor, recently charged "Texas has failed miserably" in perpetuating the memory of its heroes for the Centennial year.

Borglum, cited lack of memorials at missions near San Antonio to substantiate a contention the Centennial celebration would leave no lasting effect on the state's history from an artistic point of view.

Not only criticizing officials for failing to utilize an opportunity to give Texas lasting memorials, Borglum also rapped artists for failing "to put their lives and souls" into their work. Ninety per cent of so-called art, he said, is not worth material "spoiled" in its formation.

Borglum said about 15 months of actual work would be needed to complete his work at Mount Rushmore National monument in South Dakota, where heads of Washington, Jefferson, Lincoln and Theodore Roosevelt are being cut into rock.

Work was started nine years ago. Fifteen months actual work represents about three years of time for climatic conditions limit construction to five months annually.

WILD LIFE IS DISCUSSED AT AUSTIN MEET

DING DARLING TO BE CHIEF SPEAKER AT CONFERENCE

AUSTIN, March 28 (AP)—The sportsmen and wild life conservationists are in session here to form a compact organization designed to prevent dissipation of one of the state's greatest natural resources and attractions.

Led by J. N. (Ding) Darling, former chief of the United States biological survey and president of the General Wild Life Preservation council, seven nationally known speakers addressed the meetings and advise in drafting plans for the organization.

Other speakers included Carl D. Shoemaker, secretary of the United States senate, committee on wild life resources; Juan Zimer, chief of wild life affairs in Mexico; David H. Madson of the federal park service; Frank T. Bell, United States commissioner of fisheries;

Dr. T. O. Walton, president of Texas A. and M. college, and Dr. Walter P. Taylor, chief of the Texas wild life service.

The conference was called by Gov. Allied after sportsmen from all parts of the country met at Washington on call of President Roosevelt.

"Any diminishing of our bird, animal or fish life not only affects the opportunities that should be vouchsafed our 600,000 hunters, fishermen and trappers in the state but nature lovers as well," the governor stated in his proclamation.

"The United States department of agriculture estimates the direct and indirect value of the wild life resources of Texas is in excess of \$90,000,000 while Texas hunters and fishermen are pouring into the channels of trade more than \$25,000,000 annually."

William J. Tucker, executive secretary of the state game, fish and oyster commission, said leaders in the movement hoped to amalgamate all sportsmen's organizations into a single unit to carry out definite policies regarded as necessary to protect wild life.

For years there has been a bitter fight in the legislature over a bill to require all persons hunting and fishing to obtain licenses. The existing game laws are shot with exemptions to licensing requirements, a situation the game department would change to increase its revenues.

The Texas organization, Tucker said, probably will affiliate with the

national wild life preservation group.

"The main problem is not of predatory animal control but of providing adequate natural habitats for game," he said.

"We could kill off every predatory animal yet would have no game if we provided nothing for it to eat. The thing we have to cope with is ill-advised use of land, which includes over-grazing, over-cultivation, unwise deforestation, soil loss, erosion, infertility, loss of water tables and decreases in the water supply.

"We are also handicapped by inadequate funds for game protection and restoration and for fact finding and education. Texas, although it has a greater variety of wild life than any other state, is fifth in population yet ranks 19th in the total funds appropriated for game conservation.

"Another problem is the indefinite laws provided by the legislature denying regulatory power to the department charged with management of the wild life resources."

Safety Comes First in the Ford V-8

A SAFE CAR helps make a safe driver. There is no compromise with safety in the Ford V-8 for 1936.

Ford safety begins with the desire to make a safe car, regardless of cost. It is carried through every detail of design and construction.

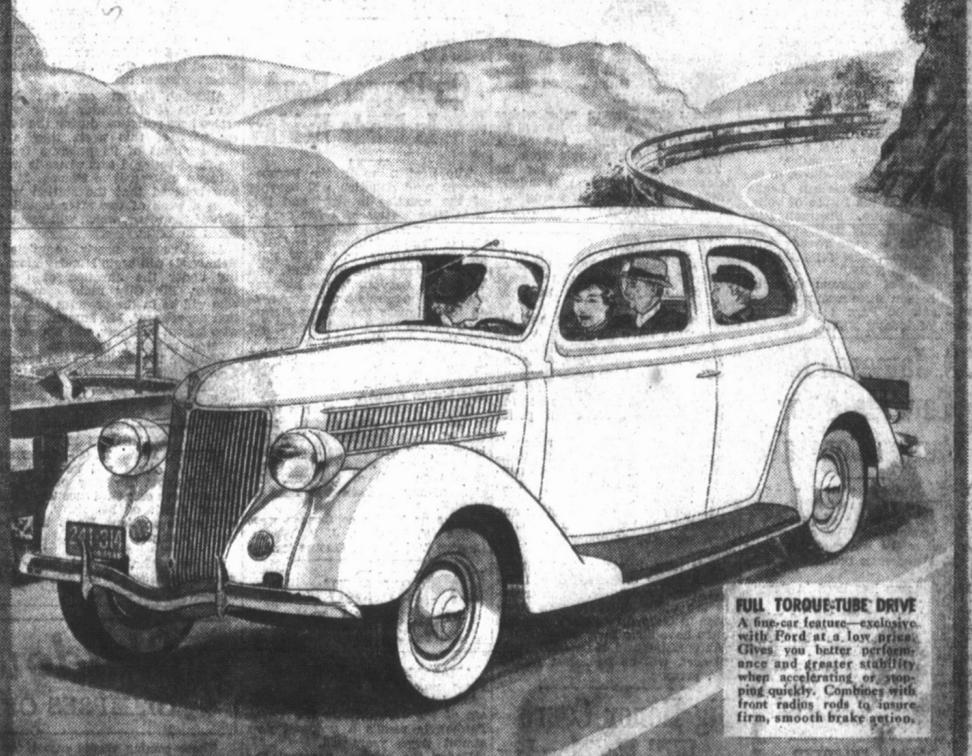

Ford safety, therefore, is not merely the safety of dependable brakes. It goes farther than that and includes a genuine welded steel body structure and Safety Glass throughout at no extra cost. An

additional point is that its steadiness and instant response help you to avoid trouble.

Every driver is a better driver in the Ford because of its ease of handling and the alert, capable performance of the V-8 engine.

The 1936 Ford brings you safety, beauty, comfort and roominess as outstanding as its V-8 performance. Many modern features put it in a class by itself in value and satisfaction.

\$510 AND UP F. O. B. Detroit. Fifteen body types. Standard accessory group, including bumpers and spare tire, extra. Convenient, economical terms. You can now buy any new Ford V-8 car for the usual low down-payment and \$25 a month. Ask the nearest Ford dealer for complete details of the new U.C.C. 1/2% per month Finance Plan.

FULL TORQUE-TUBE DRIVE A fine-car feature—exclusive with Ford at a low price. Gives you better performance and greater stability when accelerating or stopping quickly. Combines with front radius rods to insure firm, smooth brake action.

W. DELEGATION TO RETURN GOODWILL VISIT OF JAPANESE

OUR MADE TO FOSTER PEACE BY FRIENDSHIP

(M.F.P. SERVICE MEN OF JAPAN ARE TO SPONSOR TRIP)

Evidence of the sincere desire of the war veterans of the United States and Japan to develop a mutual friendship in the interests of permanent world peace, a delegation of representatives of the Veterans of Foreign Wars of the United States will tour Japan in April and May under the auspices of the Dai Nippon Zaigo Gunjin Kai (Japanese National Ex-Servicemen's Association). The visit of the American overseas fighting men will be in the nature of a goodwill gesture acknowledging the courtesy of the Japanese organization in sending a delegation of distinguished military and naval officials to the New Orleans Centennial Encampment last September and for a goodwill tour of the United States, sponsored by the V. F. W.

It is generally recognized that the six-weeks' visit made by the Japanese delegation last fall to approximately twenty key cities of the United States was one of the most constructive contributions ever made to the cause of international peace and friendship. Tremendous public interest and enthusiasm followed the progress of the visitors as they circled the United States from the Pacific to the Atlantic coast and return, meeting with warm welcome, spontaneous entertainment and genuine hospitality on the part of the American people, as represented by V. F. W. units, official committees and the public as a whole. The daily press was unanimous in approving the V. F. W.-sponsored tour as a practical and valuable lesson in international accord. It was an impressive demonstration of the fact that men—whatever their nationality—who have personally experienced the folly and futility of armed conflict, loathe and fear war, and that they are determined, individually and as a group, to do all in their power to prevent the recurrence of international hostilities.

One of the most gratifying features of the Japanese visit last year was the public enthusiasm throughout the Japanese nation. The delegation, comprising Admiral Iwano Takemitsu, Lieutenant General Harushige Ninomiya, Captain Hiroshi Nakamura, First Lieutenant Katsumi Yoshikawa and Second Lieutenant Paymaster Mochiro Fujita, was sped on its way by public demonstrations of cheering, flag-waving throngs of native Japanese at Tokyo and Yokohama in evidence of the desire of the Japanese nation for a continued peace and friendship between the two nations. They brought with them, in token of the friendship and peace ideals of the veterans of Japan, a beautiful and costly Samurai sword which was presented to Commander-in-Chief James E. Van Zandt at New Orleans and which now is permanently in place at national headquarters, Kansas City, Mo.

Tentative plans for the V. F. W. visit to Japan indicates that a really royal welcome will await the visitors of the flowery kingdom. Commander-in-Chief Van Zandt will head the delegation whose personnel has not yet been definitely decided. It is planned that the party will sail from a Pacific coast port early in April, arriving in Japan in time for its loveliest season of the year, the world-famous cherry blossom time. The nationwide celebration of the Emperor's birthday, April 29, will be one of the most interesting experiences of

"I'm Headed for the Last—!"

No argument about it, this Texas cowboy is headed for somewhere and in a hurry at that. Yep, that's him to the right of the bronc's head. A thrill a minute is assured visitors who take in the rodeos at the Texas Centennial Exposition, \$25,000,000 World's Fair opening in Dallas, June 6, and at Fort Worth, Stamford, Midland and other Texas cities celebrating the Lone Star centennial year this summer.

A uniform system of pensions for the dependent mothers, widows and orphans of veterans, also is being demanded.

The safety and security of the United States and its people as a whole motivates the other five points of the eight point program, Commander D. A. Bartlett of the Pampa post said. One is directed at the anti-American and subversive forces which today are threatening this country. It demands the prosecution and deportation of communists and all others seeking the overthrow of the American form of government by force or violence. A permanent neutrality policy for America also is being demanded to which is added a possible permanent world peace obtainable through federal control or regulation of the manufacture and sale of armaments, conscription of capital and industry, on an equal basis with manpower, and without profit in time of war, and an adequate national defense.

"The Veterans of Foreign Wars of the United States seeks the permanent welfare and security of this country as much as when our individual members risked their lives in armed defense of our flag," Commander Bartlett declared. "We are convinced that this nation must adopt, without further delay, a policy insuring our strict neutrality in the event of further world conflicts and international difficulties. We believe that this neutrality is possible, if we have an armed defense strong enough to support our position."

Petrels are known as "Mother Carey's chickens" under which name they have found a place in folk lore.

WOULD DRAFT ALL RESOURCES IN WAR TIME

AMENDMENT OF DEFENSE ACT FAVORED BY BARTLETT

Amendment of the National Defense Act to permit drafting of capital, industry and man power on an equal basis in the event of war, should be a matter of national concern in fairness to all citizens. In making this statement recently at a meeting of Pampa Post of Veterans of Foreign Wars of the United States, Commander Bartlett stated that the underlying principle of this phase of the National Defense Act should recognize the fact that human life is more valuable than gold and that all citizens are under equal obligations when the safety and security of the nation are at stake.

"The National Defense Act permits the drafting of men for our armed services in time of war for the average wage of \$1.00 a day," Commander Bartlett said. "It is neither fair nor proper to discriminate against the veteran in the payment of high salaries to civilians engaged in federal employment during the time of war. Millions of civilians obtain jobs

that pay war time wages in ship yards, munition plants and other industries closely associated with the waging of war. As all citizens have equal responsibilities to the federal government in time of war, all citizens should be called upon to make equal sacrifices in such emergencies.

"If this country should become involved in another war, Congress should proceed immediately to amend the National Defense Act to permit the federal government to draft capital, industry and man power on the same and equal basis. All individuals identified with the federal government itself, or any of the industries related to the conduct of war, should be required to serve on the same basis of pay accorded to those who wear uniforms.

"Those who are in positions to offer their wealth instead of their lives, in defense of their country, should be called upon to lend their wealth to the federal government without exacting an exorbitant premium in the form of interest on long term bonds."

Congratulations to the V. F. W. City Shoe Shop 104 1/2 West Foster

TO DANCE OVER NATION CUERO, March 27. (AP)—Ray and Roy Mueller of Sedro-Wooley, Washington, nephews of Mrs. F. G. Koch of Cuero, are going to dance their way across the nation to the

Texas Centennial central exposition. The boys, twins and high school freshmen, plan to hitch-hike to Texas, dancing along the way to pay expenses. They are talented tap dancers, Mrs. Koch said.

COMMANDER VAN ZANDT

We join with all Pampa in welcoming you. . . We congratulate the members of the V. F. W. and wish you continued success.

UNIFORM PENSION SYSTEM FOR DISABLED VETERANS IS SOUGHT

With immediate cash payment of World War veterans' adjusted service certificates virtually assured within the next few weeks, the Veterans of Foreign Wars of the United States plans to turn its united attention to the furtherance of the remaining objectives on its 1936 eight point program. In addition to the so-called "bonus," the overseas veterans' organization is seeking legislative enactments based upon its permanent three-fold purpose of veteran care, child welfare and Americanism. A uniform pension system for disabled veterans of all wars, based upon the length and type of their service and disability, is a major objective of the V. F. W. legislative efforts this year, he said.

Living Memorial Built By Veterans Whose Home For Orphans Is Famous

Cities and governments throughout the world have erected enduring memorials of bronze and marble and stone in proud tribute to the heroes and victors of war. In nearly every hamlet or village in America may be found a plaque or a statue or a towering shaft on which are engraved the names of men who died in defense of the Stars and Stripes.

Such monuments are symbols of mankind's ideals. They are glorious reminders of human courage and sacrifice, of deeds of valor and of brotherly love which transcend the human and approach the divine.

But it remained for the Veterans of Foreign Wars of the United States, America's largest overseas veterans' organization, to create a memorial to the fallen heroes and victims of war which is unique among all the war memorials of the world. It is a home for the orphans of war veterans; a refuge for boys and girls deprived by the ravages of war of the comfort and advantages of private homes.

On the broad, rolling acres of a Michigan farm, the Veterans of Foreign Wars of the United States, in 1925, quietly and without ballyhoo, established a 600-acre "child village" for children left fatherless or homeless by the world war. Orchestrated by the death of fathers wounded or injured in the war, or deprived of their rightful care because of war-incurred disabilities which have sent thousands of America's ex-servicemen to spend the remainder of their days in bed-ridden pain in government hospitals, these children have become the orphans of their father's war-time buddies — the members of the V. F. W.

An Experiment
The V. F. W. National Home at Eaton Rapids, Michigan, provides, as far as is humanly possible, the comforts, advantages and loving, individual care to which every child should be a natural heir. Determined, from the first conception of the idea, to avoid the failures and shortcomings of an "institution," the V. F. W. Home was planned as a community of individual houses. This was very much in the nature of an experiment. Indeed, those who conceived it were warned that it could not possibly succeed by the time it was founded. Numerous similar projects sponsored by various groups elsewhere in the country. But the V. F. W., determined to preserve and maintain the ideal of individual family circles, proceeded to put the cottage-unit plan into operation. The undertaking is no longer an experiment. It is a successful success. That it is a success is attested by the constantly increasing number of cottage units. As far as is known, the V. F. W. National Home is the only children's home in the country based on this family unit idea, with the total number of residents divided into small groups, each housed in a separate home, living lives as distinct and separate from the other "villages" as those of any average household in any average neighborhood.

Home Mothers
Each cottage, erected or purchased by a state department of the National V. F. W., is the home of a family-size group of children, boys and girls of assorted ages and sizes, no more than seven or eight to a house. A "home-mother" presides over each family. In some cases, she is the actual mother of one or more of the children, widowed or the wife of a totally and permanently disabled veteran. In every case, she is a fully qualified, efficient in the management of her "home" and is fully and endowed with a heart

full of love and tenderness for all children.

There are twenty of these individual cottages, housing in all more than one hundred and twenty-five children, ranging from pre-school ages to the late teens.

In addition to the attractive, brick-faced cottages, this unique child village boasts modern and well-equipped farm buildings, a \$35,000 hospital which was the gift of the V. F. W. National Auxiliary, a community warehouse, a modern laundry, playgrounds and other features. The Auxiliary also has a fund of many thousand dollars which is being added to as rapidly as possible for the purpose of erecting a fine recreation center at the Home.

At the present time, cottage units have been erected or purchased by these state departments or other V. F. W. units: Pennsylvania, Illinois, Michigan (two), New York, New Jersey, Virginia, Missouri, Connecticut, Washington, California-Nevada, Indiana and the Allegheny (Pennsylvania) County Council. Plans for the near future contemplate the building of a chapel, gymnasium, administration building and other developments. One of the units completed during 1933-1934 was a director's cottage for Charles F. Adams, director of the home, and Mrs. Adams.

Educational facilities for the girls and boys are provided in the public schools of the nearby town of Eaton Rapids, to which the Home youngsters are transported every day by the Home's own school buses. The individual religious background of each child also receives special consideration in the various denominational churches and Sunday Schools of Eaton Rapids.

Household chores are family responsibilities, not only because of economic necessity, but because dishwashing, grass-cutting, dusting, sweeping and shoveling of snow from the porches and walks are desirable things for a child to know and do. In every conceivable way, the young charges of the V. F. W. National Home are being trained to become good citizens and independent, self-respecting men and women. Their special gifts and talents for music, drawing, dancing or other accomplishments are as fondly fostered and encouraged as those of any "only child" in the land. If a boy shows marked liking for mechanics, he is permitted to major in such courses at school and is given every opportunity at the Home itself, to learn the construction, operation and repair of heating machinery, farm tractors and similar objects. If he likes carpentry or metal work, opportunities are found for him to practice as much as he likes. A number of future expert farmers are being developed at the Home where every child is expected to share some of the tasks of caring for the cattle, chickens, sheep, crops, fruit and garden produce which are among the products of the farm community.

Manual training, home-making courses, sewing, cooking, athletic contests and outdoor games occupy the out-of-school hours of the Home boys and girls as they do of most boys and girls everywhere.

All but just a few of the children at the Home are of school age. Two, a boy and a girl, were graduated from the Eaton Rapids High school in June, 1934. Homer M. Frazer is now enrolled at the Stanton Preparatory Academy, Cornwall-on-the-Hudson, New York, to prepare for the United States Military Academy at West Point, to which he has received an appointment. Mary Pollett has an application pending in the Nurses' Training School at Buffalo City Hospital, Buffalo, New York.

In short, if you can imagine the daily life of any normal, healthy, lively boy or girl of eight or ten or twelve years, multiplied by one hundred and twenty-five, you will have a somewhat adequate conception of life at the Eaton Rapids National Home of the Veterans of Foreign Wars of the United States. Each day brings its childish joys and childish tears of cut fingers kissed "to make them well," of new clothes—always planned and purchased to suit the individual personality of each youngster; of bed-time stories, and appetizing, nourishing meals eaten in pleasant comfortable surroundings. Report cards and music lessons and Sunday School and summer holidays—there is no deviation from the atmosphere of the typical American fireside. There is, perhaps, one exception. Instead of real fathers the children of the Home have "adopted" fathers, V. F. W. members in every corner of the country who are proud of this special responsibility undertaken in the spirit of comradeship.

In its present stage, the V. F. W. National Home represents an approximate total investment of close to \$400,000.00. Most of this money has been contributed by individual members of units of the V. F. W. and its Auxiliary. A portion of the proceeds of the annual nationwide Buddy Poppy distribution, sponsored by the Veterans of Foreign Wars of the United States, is devoted to the maintenance fund of the Home. The annual sale of Christmas tokens in the form of souvenir pocket pieces, was inaugurated in 1933 as an additional source of revenue. A third source of income is derived in the sale of patriotic documents by the Department of Americanism under the supervision of National Headquarters.

The V. F. W. Buddy Poppy sale is one of the most widely known philanthropic movements in the country to-day. It is sponsored by more than 3,100 local units of the organization. Its proceeds are devoted to the relief and liaison work of these groups among the disabled, unemployed and needy veterans of the local communities—with the exception of one cent from the sale of each Buddy Poppy which is sent

direct to the Home. Endorsed by the Veterans' Administration and medical officers in charge of government hospitals, the Buddy Poppy movement has always had the cooperation and recommendations of church and educational societies, labor organizations, women's clubs and kindred groups. President Harding, President Coolidge, President Hoover and President Roosevelt wrote letters commending the "Buddy Poppy" movement of the V. F. W. and each, during his term of office, officially received a small emissary from the Home who presented him with the first Buddy Poppy of the year.

Each of the approximately 3,100 local posts of the V. F. W. also cooperates in the annual distribution of "Kiddies' Christmas Charms" for the benefit of the maintenance funds of the National Home. The charms are decorative souvenir pocket pieces, distributed by the Houses—throughout the country in return for voluntary contributions to the Home. Members of the organization of the Auxiliary—and

their friends purchase the charms as their Christmas contributions to the Eaton Rapids project which so well exemplifies the spirit of Him who said, "Inasmuch as ye have done it unto the least of these, My children, ye have done it unto me." The Home is the motivating force behind innumerable V. F. W. activities in every section of the country. Many posts have permanent Home committees whose duty it is to plan and direct athletic contests, dances, card parties, fairs, bazaars, and dramatic productions for the benefit of their Home funds.

"Honoring the dead by helping the living" explains the purpose of the V. F. W. National Home. But material comforts such as food, clothing and medical care are not all there is to the organization's hopes and plans for the Home. Just as the spirit of comradeship was one of the motivating purposes of the founding of the Veterans of Foreign Wars of the U. S. on September 23, 1899, so is the spirit of comradeship its guiding force to-day. This comradeship means much

to men who have slept together in muddy trenches, who have plunged over the top together at gray dawns, crawled by torturing inches over the waste of No Man's Land, crouched side by side in shallow shell-holes, or kept watch on the silent decks of great ships feeling their way through the perilous reaches of mine-infested waters. Such comradeship is the basis of a mutual understanding unique among human relationships. It is all-embracing; it is enduring.

Caring for the victims of war is the self-assumed obligation of every member and of the organization as a whole. In the National Home at Eaton Rapids, the members of the V. F. W. are carrying out the first principles of comradeship and patriotic service. There they have assumed a direct stewardship over children and women left helpless by war. There they protect and guide the sons—and daughters of America's soldier dead, and help to instill in them the highest precepts of good citizenship, patriotism and service to their country.

The V. F. W. National Home is not only a memorial to the service and sacrifice of America's heroes; it is not only a haven for the fatherless children of those heroes. It is an exemplification of the ideals of service and comradeship on which the Veterans of Foreign Wars of the United States was founded. It is the fulfillment of that organization's conception of its duty to its country and its fellow men.

Admiral Byrd snowy petrels in arctic.

MOTHER DENIES SHE POISONED 2 DAUGHTERS

Poison Is Found in Body of Second Girl

GREENVILLE, March 28 (AP)—A terse denial of guilt was Mrs. Veina Patterson's only reaction today when authorities formally accused her of poisoning her 12-year-old daughter, Dorothy.

The tight-lipped young brunette received notice of the new murder charge with the same stoical calm which characterized her action when she was charged a week ago with the alleged poison death of her other daughter, Billie Mae, 11.

A chemist's report that poison had been found in the viscera of Dorothy led to the prompt filing of the second murder charge against the 24-year-old widow, who has been in jail here since authorities began their intensive investigation of the deaths.

Other than to maintain her innocence, Mrs. Patterson has maintained silence in her jail cell.

It had been reported that intestinal influenza caused the little girl's death but Hunt county investigators, strongly suspicious that there was something wrong, exhumed the bodies from a rural cemetery near Greenville and sent the viscera to Dr. Landon C. Moore in Dallas for chemical study. Dr. Moore reported he found the same deadly poison in each.

Billie Mae McCasland died in January and her sister Dorothy in February. They were Mrs. Patterson's children by her first husband, Decker McCasland, who she divorced while he was in the penitentiary serving a sentence for liquor law violation.

She married Bill Patterson, who died at their Commerce home in November, 1933. Hunt county authorities have talked of charging into his death but have decided to take no action immediately on this phase of their general investigation.

Mrs. Patterson's trial on the murder charge growing out of Billie Mae's death has been set for April 15 and she has been denied bond, but her attorneys are seeking her liberty through a habeas corpus hearing next week.

Documents Worth \$25,000,000 To Be Shown at Fete

DALLAS, March 28 (AP)—E. H. Bardick, federal exhibits director, said today the government's exhibits at the Texas Centennial would include historical documents of state value at more than \$25,000,000.

The exhibits, guarded night and day by soldiers and marines, will include the Louisiana purchase treaty of 1803; the joint resolution of congress in 1845 annexing the Republic of Texas to the Union; diplomatic correspondence between the United States and the Republic of Texas and the historic report on "the condition of Texas" made to President Andrew Jackson by Henry Moritt in 1836.

Mr. and Mrs. R. Eklund of Lubbock are guests of Mr. and Mrs. Olin E. Hinkle this week-end. Mrs. Eklund and Mrs. Hinkle are sisters.

Half of Spring Mohair Clip Is In Warehouses

SAN ANGELO, Mar. 28 (AP)—Although efforts to obtain mohair options at 60 cents for grown and 70 for kid hair are reported by growers few sales are expected before warehouses hold spring sealed bids sales. It is estimated that about half the spring mohair clip has reached the warehouses, which hold the majority of unsold hair in Texas.

Interest in wool is growing perceptibly with mutton wool selling over the territory at 30 to 30 1/2 cents a pound. This early shorn wool will continue to come in until it merges with that produced during the regular shearing season beginning about April 15. Records show almost twice the volume wool usually contracted in the state before shearing has been bought this year. About 18,500,000 pounds is under contract at an average of around 30 cents a pound. Growers are holding the remainder for higher prices. Small lots of clippings are selling, with 46,000 pounds being disposed of here at 17 1/2 cents a pound.

Some livestock is being sold. Elton Holland of Sheffield contracted his unborn mixed kids for September delivery at \$2.50 a head in the hair.

In Glasscock county, 2,000 three-year old bred ewes in the wool were reported sold at \$9 a head. Three-year-old ewes with lambs are being priced at \$10 a head, the ewes out of the wool. Charles B. Mahaffey of Blackwell bought 200 coming two-year-old ewes at \$9 for the tops and \$8 for the cutbacks. Offers of 8 cents a pound for mixed lambs, full delivery, have been made in the Sanderson county. S. L. Stumberg stated.

Reports of large lamb crops have been received from many sections. Cattlemen estimate that grass has been contracted for in northern points for about 50,000 head of cattle by south Texas raisers. The Sawyer Cattle company of Barnhart will move 35 carloads of cattle to Missouri points about the middle of April. Buyers are offering 6 1/2 cents for big cattle and the growers are asking 7 cents a pound.

"A FORKERS BEAT 'B'"

FAYETTEVILLE, Ark., March 28 (AP)—In a full-time game today, the University of Arkansas Razorbacks "A" eleven, the varsity, defeated the "B" team of sophomores 21 to 15 to conclude a month of spring football practice. For the A team, Billy Hunter scored two touchdowns and Montgomery one. B. A. Owen made two conversions and Sloan one. Leo Price and Nell Martin scored for the B team and Vann Brown converted a safety gave the sophs their other two points.

INQUIRIES NUMEROUS

UVALDE, March 28 (AP)—Breeders of registered Hereford cattle here report more inquiries are being received from prospective buyers than in several years. Several small lot sales have been made.

SOLONS PUSHED INVESTIGATION OF TOWNSEND

Audit Will Not Be Completed for Several Weeks

WASHINGTON, March 28 (AP)—Pressure from house members facing primary election opposition from Townsendite candidates was named today as responsible for a premature start of the congressional inquiry into the \$200 a month old age pension plan.

Congressional sources close to the house investigating committee made known that the probe had planned to await completion of a detailed audit now being made of Townsend organization books before starting public hearings.

The split between Robert E. Clements and Dr. F. E. Townsend, co-founders of the movement, and Clements' subsequent resignation as national secretary together with the approach of primary elections in many states were reported to have rushed the opening of public hearings, started last Thursday.

The audit, still being made at the instance of the committee, probably will not be completed for two or three weeks. Detailed revelations before the committee of Townsend financial transactions may be delayed until then.

The committee headed by Representative Bell (D. Mo.) displayed particular interest today in an announcement by Dr. Townsend in

Los Angeles that Clements received \$50,000 for his share in the Townsend National Weekly when he severed connections with Townsend.

James R. Sullivan, special committee counsel will delve into details of the Townsend Weekly organization and management when Clements resumes his testimony before the committee next Wednesday.

Committee members explained the Townsend Weekly, put out by the Prosperity Publishing Co. is a separate organization from the Old Age Revolving Pensions, Ltd., but was owned in its entirety by Dr. Townsend and Clements.

Clements testified his dividends from the Prosperity Publishing Co. last year amounted to \$6,500 in addition to \$350 he received in salary and \$385 "from other sources" in connection with the weekly.

TEXAN NAMED ENVOY

ELDORADO, March 28 (AP)—Capt. Thad Thompson, United States navy, who owns a 17-section Scholinger county ranch, has been appointed naval attache to the American embassy at Rome. Capt. Thompson left here recently for Washington, where he will be at the navy department a short time before sailing. Capt. Thompson in the navy 33 years, has been a captain a year and held about 1,200 acres of his ranch in cultivation. Capt. Thompson communicates with the ranch by long distance telephone and watches the wool market with interest.

Dr. and Mrs. O. H. Schulkey have to guests this week their daughter, Miss Alberteen Schulkey; Mrs. Schulkey's mother, Mrs. S. H. Williams, and sister, Miss Anna Lee Williams, all of Chillicothe.

Japs Instigating Border Clashes, Russians Claim

MOSCOW, March 28 (AP)—Intimations that the Japanese were instigating the present critical situation along the border of Manchoukuo and the Russian-advised state of Outer Mongolia were published today by the official Russian press.

These intimations accompanied the announcement that Outer Mongolia has agreed to a mutual assistance pact with Soviet Russia, which provides that the might of the huge red army would be used to repel any invasion of Mongolia by foreign foreign forces.

Only one possible foe was indicated—and that is Japan.

Soviet press reports said five Japanese cavalrymen had crossed the deadline of the border between Manchoukuo and Russia near Borzinsky, and that only two of

them had escaped alive. A soviet border patrol caught them.

At the same time, other reports said the Japanese were concentrating troops near Lake Norin, on the Mongolian frontier.

The Russian government newspaper, Izvestia, declared: "If Japan really needs peace with Soviet Russia, it should not play with the idea that it is sufficient to solve disputed only on the soviet border."

"It should not instigate the continuation of present conditions on the Mongolian frontier."

W. A. Webb, general manager, said it would be necessary to keep the 100-acre plant closed to make certain workers would not be impeded in efforts to have the exposition in shape by opening day.

DALLAS, March 28 (AP)—Gates of the Texas Centennial central exposition will swing shut tomorrow after an open house and remain closed until President Roosevelt formally reopens them to start

the state's big birthday party. June 5.

He said he expected a large crowd would take advantage of the final opportunity to inspect the celebration site before formal opening.

'OIL WAR' GETS GOOD START IN OKLAHOMA CITY

Police to Face Guard in Fight Over Leases

OKLAHOMA CITY, March 28. (AP)—City officials — commanding 170 police, but no troops—resorted to law books today in mapping their "oil war" campaign against landmanagers directed by Governor E. W. Marland.

"The governor is not above the law," declared Harlan Deupree, city attorney. "Our first step, however, will be to combat the governor's military order in the courts."

Governor Marland was waiting to sign an order being drawn up by the attorney general designating as a "military zone" 70 acres of state land adjacent to the capitol and executive mansion which the state plans to lease for oil drilling in defiance of municipal regulations.

He indicated he would not call out national guardsmen immediately to patrol the state tracts, which lie outside rich bordering, privately-owned oil lands already zoned for drilling under city ordinances.

"There's no big hurry," said the governor, who laughingly commented, "We have bigger guns than the police."

Marland has announced his plans to use some of Oklahoma's 5,000 national guardsmen to protect oil operators who lease state property.

State officials contend oil is being drained from beneath state lands by wells on private property in the rapidly mushrooming field around the state house.

To suggestions that the city might appeal to congress, Deupree said it would be unnecessary to make such a request.

Mr. and Mrs. Fancher Upshaw of Amarillo were visitors in Pampa Thursday afternoon. Mr. Upshaw, an insurance man, is president of the Amarillo Lions club.

An albino herring gull, said to be a rarity, has been reported found on Kent's Island, Bay of Fundy.

the city, requesting that my name be printed on the official ballot as candidate for the office of Commissioner No. 1 of the city of Pampa, at the general election for officers to be held in such city on April 7, 1936.

"I notified you on the morning of March 27, 1936, that I would not be a candidate for the office of city commissioner on the 7th day of April, 1936, and that I did not desire my name printed on the ballot, notwithstanding you might have the petition and application presented to you.

"Now that the petition has been presented to you, I hereby notify you that I am not now, nor will I be a candidate for Commissioner No. 1 of the City of Pampa, and I do not desire my name printed on the official City of Pampa ballot, and I hereby make request that, notwithstanding said petition presented to you to have my name printed on the ballot as a candidate for Commissioner No. 1, that my name not appear on said ballot, and that you do not print my name on said ballot as a candidate for the office of City Commissioner No. 1, to be voted upon at the general city election to be held the 7th day of April, 1936."

YOUTHS

(Continued from page 1)

fall of Kenneth Morrison, park department executive.

Prosecutors began a check of the latest statements and Assistant State's Attorney Marshall Kearney expressed some doubt as to the veracity of the charges by Nash and Goethe.

State's Attorney Thomas Courtney promised a quick indictment and trial of the quartet—Michael Livingston, 17, is the fourth member of the gang—in the Peacock slaying.

"We will put these vicious, merciless killers in the electric chair as quickly as is humanly possible," he said.

Goethe, described by police as a son-of-an-imprisoned "woman fighter," termed by Judge Lambert Hayes once as "the worst mother in the world," was accused as "triggerman" in the Peacock death.

W. H. Seyffert, Jr., was dismissed from Pampa-Jarratt hospital yesterday morning.

PAMPA TOPICS OF OUR CITY

Pleasant Trip

About 30 Pampans who went to the Grandview community Friday evening reported a pleasant occasion, which was a box supper, Boxes, cakes, and pies sold well. Entertainment was furnished by the Jaycees' Cowboy string band.

Help Feed Pupils

J. M. Stein has given \$5 to the cafeteria fund being used to feed undernourished pupils in local schools. Supt. R. B. Fisher also said an anonymous gift of \$5 had been made to the fund. Cost of feeding the children is going somewhat ahead of contributions of citizens and civic clubs, hence additional gifts will be welcomed.

Board to Meet

Members of the Board of City Development will meet at 7:30 o'clock Monday evening in one of the most important business sessions of the new administration. Much business is being shaped for presentation to the group. With the finance drive of the new chamber of commerce out of the way, a definite program of activities will be adopted.

Asks County Data

The Texas Planning board has written to County Judge C. E. Gray for data concerning Gray county. A map of Gray was included for marking of communities thereon and notations about mineral resources. Similar information is being compiled on all counties, wrote E. A. Wood, director of the Planning board.

Son Is Born

A son was born to Mr. and Mrs. R. E. Gattlin yesterday morning at Pampa-Jarratt hospital. He weighed 8 pounds 5 ounces. No name has been selected.

C. C. C. Call

Another Civilian Conservation Corps enrollment will be available at the office of the Texas Relief commission in the basement of the city hall. All young men in Gray county interested in joining are asked to report tomorrow or Tuesday. The age is 18 to 28 years.

Box Rent Due

Tuesday is the deadline to pay postoffice box rent. On Wednesday employees will start closing boxes where rent has not been paid. A few days later the boxes will be reassigned unless taken up.

Mrs. Walter Shair and daughter left Pampa-Jarratt hospital for their home yesterday.

W. M. Kell underwent a minor operation at Pampa-Jarratt hospital Friday.

Women Rule in Jeff Davis County

FORT DAVIS, March 28. (AP)—Women are in the saddle and practically rule the mountain and range land of Jeff Davis county.

Appointment of Mrs. E. H. Folkes as county judge to serve the unexpired term of her husband who died Tuesday marks the accession to office of the third feminine high county official.

Mrs. F. L. Sprout was appointed sheriff upon the death of her husband several years ago. Miss Virginia Lee Ellis is county treasurer, by election.

Another Reason for Going to California

DALLAS, March 28. (AP)—The pension application investigator called at the home of a 78-year-old applicant, he was greeted by the applicant's 61-year-old daughter.

"I'd like to see your father," the investigator said.

"Well, I'll tell you," she answered, "he's gone to California and he wrote me a letter he might want me to come out there after he looks around. You see"—her eyes brightened—"in California they're going to pay \$60 a month pension to anyone over 60 and in Texas it's only \$15 and you have to be 65."

Mrs. C. E. Morrison and daughter were taken to their home from Pampa-Jarratt hospital yesterday.

HAUPTMANN

(Continued from page 1)

a belief this was within the court's power and that should the court take such action, it would not be challenged.

This was recognized as a possible means for Governor Hoffman to delay the execution indefinitely while he continued the investigation of the Lindbergh kidnap case he started several months ago.

This likewise would not involve the governor in any dispute over his own powers of reprieve, which he has been informed have expired.

The prosecution source said that only a reprieve by Governor Hoffman would be challenged.

Anthony M. Hauck Jr., prosecutor of Hunterdon county where Hauptmann was convicted of killing the kidnaped Lindbergh baby, confirmed this attitude on the part of the prosecution.

Governor Hoffman said today he had no intention of granting a second reprieve but was silent on what he might do in event of a confession or some other extraordinary late development.

What success Governor Hoffman would have should he decide upon such a course, in inducing the pardons court to grant a reprieve, was a matter of conjecture.

Five members of that court, sitting on the court of errors and appeals, voted to uphold the conviction of Hauptmann and likewise sat at the pardons court which rejected Hauptmann's first clemency plea.

Col. Mark O. Kimberling, prison warden, said today that should the governor grant another reprieve, he

would ask the attorney general for advice and follow it as to whether the execution should be carried out.

"If the attorney general says I am legally bound to carry out the order of the court and disregard the governor, that is what I would do," Kimberling said.

Attorney General David T. Wilentz, in his statement today replying to the governor's criticism of the conduct of the case, did not make public his position on another reprieve.

He said the governor had indicated he would ask him his opinion, and that he would "withhold it until that time."

Wilentz said "nothing has happened" to change the decision of the New Jersey court of errors and appeals that the "proofs point unerringly to guilt."

"We dispute the right of the governor to place the prestige of his office behind his latest accusation that the case reeks with unfairness, passion and prejudice," Wilentz said. "He usurps the functions of the courts when he attempts as governor to pass upon this phase of the case."

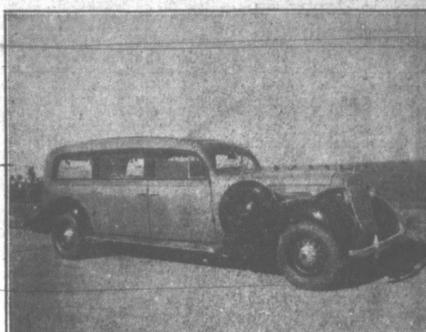

DROWNS IN CREEK
LAWTON, Okla., March 28. (AP)—Stephen Lombard Jr., nine-year-old son of Capt. S. C. Lombard, was drowned near Fort Bill today when he fell into Medicine creek, a cold mountain stream. The youth and a companion, were playing along the stream bank when young Lombard suddenly toppled into the water.

Miss Anne Louise Jones is visiting over the week-end with Mrs. Kenneth Kurtz in Borger.

EDITORIAL

THIS IS GOD'S WORLD: The earth is the Lord's and the fulness thereof; the world, and they that dwell therein.—Psalms 24:1.

Pedestrian Responsibility.

While laws are being tightened with respect to motorists on streets and highways, it is pertinent to examine the case concerning pedestrians.

Last year 16,030 pedestrians were killed and 276,640 injured when struck by motor vehicles. In many of these instances, it was beyond the power of motorists to prevent accidents. Crossing streets against signal light taboos cost 1,070 pedestrians their lives. Only 210 persons were killed while obeying the signals. A total of 1,870 persons were killed on streets which had no signal lights. Three hundred and seventy persons were killed while walking diagonally across streets—i. e., jay-walking.

It is alarming that 55 per cent more persons were killed in 1935, while walking against signals, than in 1934. Obviously, the education and publicity barrages must be directed, in part, against pedestrian practices which are dangerous. Crossing between intersections, another form of jay-walking, was fatal to 4,550 persons, or 28.4 per cent of those killed. Only one hundred persons were killed while waiting in safety aisles, but 260 died while getting on or off vehicles other than street cars.

Playing in streets was fatal to 1,600 persons, or 10 per cent of the total killed. Highway and road workmen killed while on duty numbered 450—certainly a figure to cause motorists to exercise caution when "men working" signs are noted. Walking on rural highways was especially dangerous, 3,030 persons being killed under such circumstances. Waking from behind parked vehicles resulted fatally to 1,140 persons, or 7.1 per cent of the casualty list. A total of 292,670 pedestrians were involved in accidents.

The necessity for constructing pedestrian walks along highways used by footmen was clearly indicated. In Pampa, there are several hazards caused by lack of sidewalks. Any street used by pedestrians is exceedingly dangerous, especially in bad weather. Pedestrians have not yet learned, in most instances, to walk "against" traffic so that they can face approaching cars nearest them.

Liquor affects the pedestrian as well as the drivers. It was reported that 4.9 per cent of those involved in accidents were intoxicated. Undoubtedly the figure is inaccurately low. And of all pedestrians killed, 9.4 per cent were found to be under influence of liquor.

BEHIND THE SCENES IN WASHINGTON

BY RODNEY DUTCHER

NEA Service Staff Correspondent

WASHINGTON.—The 30-hour-week bill, labor's pet, is regarded as dead for this session of Congress.

But another bill is pending which is regarded as "just as good as far as it goes," and this one has a good chance of passing. It is the Walsh bill, which provides NRA-like regulation of hours and wages for all plants which hope to sell any material to the government.

It provides that the government may buy material only from firms that abide by the conditions set.

The strong feature of the Walsh bill is that nobody doubts that it's constitutional. The federal government has the right to buy from whom it likes and under such conditions as it likes, and nobody questions that right.

That's why a report that word has been passed around that the Walsh bill should be law by April 1 spread considerable consternation in certain business circles.

A backfire was immediately started. The number of industrial and producing firms that sell something to the government, especially these days, would surprise you.

Those government contracts are so juicy that if established firms refused to meet the conditions of wages and hours set, and lost the contracts, they might even see new firms set up on that basis to supply the government needs.

The government might even go into the business of making its own supplies on an extensive scale if business in general refused to comply and thus become eligible for the business.

The A. F. of L. is backing the Walsh bill strongly, and there seems little doubt that it will pass if brought to a vote. The only question is whether the backfire started against it will be hot enough to prevent a vote.

Everybody in Washington has been amazed at the way agitation against the supreme court quieted down directly after the partial victory of TVA. It is now regarded as certain that none of the 40-odd proposals now pending to restrict the power of the court will pass at this session.

In fact, the tide has receded so far that it is not likely either party will adopt a clear declaration of policy on the court in the conventions this summer.

Rex Tugwell is certainly in the middle. The Rural Resettlement end of his job is really getting something done in regard to cheap and good housing.

So what happens? Well, Tugwell is violently assailed on one side by real estate subdividers who see him offering to chicken-bean-and-odd-job people decent little cottages at around \$600, on long-time payments. The real estate subdivision promoters see their own traditional business threatened.

But on the other hand, extreme radicals are equally sore at Tugwell for this sort of enterprise, because they claim he is just "selling down the river" into home ownership and independence a lot of people who if footloose and propertyless would make good fodder for the "proletarian" radical movements.

The only ones who are pleased are the home buyers themselves, who are settled on acre tracts in simple cottages which they are gradually getting to own at \$12 to \$20 a month.

After the publicity the pitcher received from the dollar-hurling feat, it might be wise, during the Washington cherry tree season, to beware of ax-wielders.

An Indian merchant will pay a fabulous sum to anyone who will put him to sleep. He might tell a surgeon he has appendicitis, and let nature take its course.

"Ventriloquists are even more popular in Italy than they are in the U. S." It must be a roar to watch Il Duce waggle a cabinet member's head.

With those new victories, Italy might welcome another of the Hoare-Laval type of treaties that would concede them a couple-hundred yard putt.

Tuesday, Thursday and Saturday Nights

CAPITOL JIGSAW

By HOWARD C. MARSHALL

AUSTIN, March 28. (AP)—The Rangers have a new member who looks the part. He is private Joe Bridge of Del Rio.

The fact that he stands six feet three or four in his socks and wears gracefully the biggest hat seen in this area is believed to have had much to do with his appointment.

For a number of years Bridges has been a hunting companion of Gov. James V. Alfred on visits to southwest Texas ranches.

"We may send him up to the Centennial Exposition at Dallas," said the governor. "I want visitors to see what sort of men we have in the Rangers."

Checking the records, an Austin newspaper found that since Jan. 1, 1935, 14 persons had been convicted in the state capital of driving automobiles while intoxicated.

Five defendants were assessed two-year suspended sentences; one, a one-year suspended sentence; four, jail sentences ranging from 30 to 75 days; the others, fines. There were various prohibitions against driving automobiles.

Thirteen drunk driving indictments returned since Jan. 1 this year are pending on court dockets. Two charge murder growing out of driving while intoxicated.

Representative Pat Dwyer of San Antonio, running for the senate came to town recently and insisted on being called "Senator."

"Why put it off?" he asked. "It's bound to come. You might as well get the habit."

Another candidate for the same place, held last year by Senator Ernest Felbaum, is Ben Franklin Speers, a hard campaigner.

Felbaum has not indicated whether he will run again. Bad health prevented his attending nearly all of the sessions of the last legislature.

The Centennial commission has earmarked \$7,500 for a memorial, possibly a bronze statue of Dowling on a pedestal of Texas marble.

Originally the Fort Arthur-Felbaum chapter United Daughters of the Confederacy, negotiated for the entire 93 acre site of the fort and Mrs. R. J. Domatt, chairman of the committee, said that efforts would be continued to get the remaining eight acres for either a state or county park.

Pampa V.F.W. Post Was Organized in 1929--Its Members Well-Known

Through efforts of J. B. Lillibridge of Amarillo post, Veterans of Foreign Wars, post No. 1657 in Pampa was organized and granted a charter on April 4, 1929. The post was instituted by John B. Golding post 1475 of Amarillo.

The first meeting was held in the Odd Fellows hall with 18 members present. They were: J. L. Noel, W. C. deCordova, Lewis O. Cox, J. A. Pearson, deceased, C. C. Alexander, deceased, Frank Lard, Frank Thomas, W. C. Pullen, J. R. Baker, J. Lester Cary, deceased, A. C. Sallor, H. C. Plattner, J. W. Woodworth, O. K. Gaylor, Dr. W. Purviance, and G. P. Bradbury.

Of the charter members, three have died, three have moved from Pampa, and the others are still active members of the post. The post now has a membership of nearly 100.

Lewis O. Cox was the first commander of the Pampa post. Frank Thomas was the first adjutant and W. C. deCordova the first quartermaster.

Officers for 1936 were: J. L. Noel, commander; J. A. Pearson, adjutant; W. C. deCordova, quartermaster. 1931—J. L. Cary, commander; O. K. Gaylor, adjutant; W. C. deCordova, quartermaster; 1931—O. K. Gaylor, commander; Frank Thomas, adjutant; D. E. Cecil, quartermaster. 1933—J. W. Woodworth, commander, until leaving Pampa when D. E. Cecil was elected. He resigned and Jno. I. Bradley served the unexpired term; O. K. Gaylor, adjutant; W. C. deCordova, quartermaster. 1934—H. A. Neath, commander; O. K. Gaylor, adjutant; W. C. deCordova, quartermaster. 1935—Hamp Waddell, commander; O. K. Gaylor, adjutant; and quartermaster. 1936—D. A. Bartlett, commander; C. H. Robinson, adjutant, and quartermaster.

The post has a membership of 20 until 1934 when Commander Neath headed a drive which increased it to 35. In 1935, under Commander Waddell, the membership jumped to 70. Already this year,

Commander Bartlett has seen the membership reach the 100 mark. Early meetings of the post were held in the homes of members, mostly with J. A. "Pop" Pearson. Later the city hall was used. In 1934 the American Legion extended the use of their hall for meetings.

In 1931, J. A. Pearson was named chief of staff to the state president. Pampa was almost awarded the state meeting for the next year although accommodations were not available. The proposal that Pampa be the convention city was made by an enthusiastic Pampa veteran while two other cities were in the heat of an argument.

The post has been active in local affairs and has sponsored several educational pictures, showing the horrors of war. Chapter colors were purchased through proceeds from the pictures. This year Charlie Maisel is divisional chief of staff and Jake Garman is district junior vice commander.

In October, 1935, an auxiliary was organized. Mrs. H. W. Waddell was elected president, Mrs. D. A. Bartlett, secretary, and Mrs. L. A. Baxter, treasurer. It now has a membership of 35.

Present officers of the post are: D. A. Bartlett, commander; H. P. Lusby, senior vice-commander; Charlie Maisel, junior vice-commander; C. H. Robinson, adjutant and quartermaster; Paul Blankenberg, officer-of-the-day; Paul D. Hill, chaplain; L. S. Hall, guard; W. W. Crisler, color bearer; A. D. Monteith, guard; A. J. Stallings, color bearer; L. A. Baxter, guard; B. S. Vin, post judge advocate; Dr. W. Purviance, post surgeon; D. E. Cecil, liaison officer; J. W. Woodworth, historian; O. K. Gaylor, publicity officer.

CONVENTION DATE SET
BROWNWOOD, March 28 (P)—June 22 and 23 have been set for the 1936 state convention of Lions clubs of Texas here. The convention will come immediately after the second annual Lake Brownville regatta, June 20 and 21.

Commander

D. A. BARTLETT

National Commander James Van Zandt will be welcomed upon his arrival in Pampa by D. A. Bartlett, commander of the local post. The local commander was inducted to office in January and immediately started on a membership campaign which has seen the 100 mark reached. He came to Pampa in 1926 as assistant gauger for the Humble Oil and Refining company.

Commander Bartlett joined the United States army in May 1918 and served overseas in company A, 309th field signal corp of the 84th division, from August 1918 until May 1919. He was discharged on May 21, 1919. Commander and Mrs. Bartlett moved to Pampa from Hutchinson, Kan.

Veterans Asked To Give \$10 for Building Fund

Members of the Pampa chapter, Veterans of Foreign Wars, are being asked to contribute at least \$10 each toward a building fund. Many larger amounts have been received already and the drive is just under way. The goal is \$2,500.

Spanish-American War veterans are also assisting in the drive in appreciation for the support of the V. F. W. in having their pension restored following the Economy act of 1933.

With the balance of the adjusted compensation to be paid in July, the local building committee is expecting its work to be easy. The goal is a permanent home.

Money collected will be placed in a trust fund for use as a building fund only. If not used for that purpose, the money will be returned.

The committee in charge is composed of J. I. Bradley, B. W. Rose, W. C. deCordova, O. K. Gaylor, Herman F. Morseman.

Selassie Sending Lions to Texan

BROWNVILLE, March 28 (P)—Two lions from the personal brood of Emperor Haile Selassie of Ethiopia are on the high seas, a personal gift from the "Conquering Lion of Judah" to Manuel King, the boy conqueror of lions here.

The information was contained in a letter from Howard Winner, newsreel cameraman who was in Brownsville last year making a feature picture of the boy trainer putting his animals through their act.

The emperor is sending the lions, charges prepaid, as a special present to Manuel, Winner said, and asks that the boy train them and put them in his act, and send the emperor a picture of them.

Winner has been in Ethiopia since the beginning of the Italian campaign.

The herring gull, once a scavenger bird, has been known to steal bait from fishing boats, raid blueberry fields and attack and eat smaller fowl.

PUBLIC ENEMY NO. 1

THE COMMON COLD

FOLLOW THESE RULES AND BE SAFE

DO'S AND DON'T'S. 1. Don't let yourself get overtired—either physically or mentally. 2. Don't get congested. 3. Dress warmly—but not too warmly. 4. Don't sit in drafts. Look out for sudden changes in temperature. 5. Keep your pores open. Keep your mouth closed. Breathe through your nose. 6. Use a nose spray and a mouth wash. Gargle morning and night. 7. Don't overeat—or undereat. Drink plenty of water.

THE FIRST LINE OF DEFENSE. The War on Colds calls for Preparedness! You must be ready to fight back when the cold strikes—or even before it strikes.

Build up resistance so that you don't catch cold, even in the midst of an epidemic.

Your medicine cabinet should contain at least one of the resistance-building Vitamin-A products—such as cod liver oil or half-liver oil—liquids, capsules, or tablets easy to take. **FATHEREE'S** can give you the finest preparations of famous manufacturers—Abbott, Squibb, Parke-Davis—as well as our own standard **Puretest** Cod Liver Oil.

BEAT THE COLD TO THE PUNCH! At the very first sniffle or sneeze, go into action! You should have salts like **Eno** or **Sal He-patica** in your medicine cabinet, or the alkaline called **Alkasetzer** which corrects the acid condition in your system. Orange juice is very effective—and a glass costs only ten cents at **FATHEREE'S** fountains.

Nose drops will help! A nasal spray and an alkaline gargle often prevent the cold from getting a foothold.

CAUGHT COLD—THEN CALL YOUR DOCTOR! Bed—that's the place for you! Once a cold has taken hold—a hot bath, a hot orange or lemon drink, a couple of aspirin tablets, and into bed.

When the doctor comes, he'll prescribe the treatment to loosen your chest, clear your head, stop your cough, bring down your fever, waiting to put up his prescription for you with microscopic care and accuracy.

Don't try to "get along" as usual, and pass your cold along to half a dozen others. Do what the doctor tells you! His guidance will win one more quick victory in the War on Colds.

COME SEE A CAR THAT'S BIGGER THAN ITS INCHES!

A SIXTEEN-FOOT tape won't measure the bumper-to-bumper stretch of a Buick Special and a yardstick gets lost in its back-seat head-room space.

But what yardstick have you for power so smooth, so quiet, so effortless that only the song of the wind in your ears tells you how swiftly you are flying?

How can you measure steadiness, and that down-to-earth sort of road-hugging travel that makes you feel so much more secure in a Buick, no matter what your pace?

What gauge have you for pride of ownership, or your wife's delight in a car that is more manageable than her knitting needles?

The Buick Special is what the trade calls "a big package." It offers much in measurable things, more than holds its own in side-by-side comparison.

But it has an extra edge in the eloquent fact that it's a Buick—and we'd like to show you how that makes it bigger than its inches.

\$765

is \$1045 are the list prices of the new Buicks at Flint, Mich., subject to change without notice. Standard and special accessories groups on all models at extra cost. All Buick prices include safety glass throughout as standard equipment.

OIL NEWS - - From Panhandle and Other Southwest Fields

PRODUCTION FACTOR IS RAISED LITTLE AS ALLOWABLE FOR HANDLE HIKE 2,000 BBLs.

PRODUCTION CLIMBS TO 199 BARRELS DAILY

Production in the oil fields daily allowable is the production factor for this month to 2.36 for production to the Railroad schedule just prepared. The increase of 2.36 is the result of increased daily production in the past few weeks, the percentage is no greater for the month of February. The schedule of April 1 follows:

Oil, 117 marginal wells, 60 barrels daily potential, 60 barrels exempt oil, 89,325 barrels daily allowable, 14,913 barrels daily allowable.

Oil, 328 marginal wells, 328 barrels daily potential, 328 barrels exempt oil, 1,158 barrels daily allowable, 30,500 barrels daily allowable.

Oil, 762 wells, 365 marginal wells, 2,136 barrels daily potential, 2,136 barrels exempt oil, 89,325 barrels daily allowable, 14,913 barrels daily allowable.

Oil, 2,652 wells, 860 marginal wells, 8,600 barrels daily potential, 8,600 barrels exempt oil, 2,739 barrels daily allowable, 60,800 barrels daily allowable.

Seven completions in the field this week increased the daily potential production by 3,204 barrels. Largest of the week was Barnard Oil Company's No. 3 Lewis in Hutchinson county, which was good for 2,136 barrels daily.

Other completions tests of the week were as follows:

Carson County, McGill No. 3-B Cooper block-9, H&GN survey, 272 barrels daily. Total depth 3,300 feet in granite as from 3,114-21 feet, Carson County.

Company No. 1 Hughes, H&GN survey, 272 barrels daily. Total depth 3,300 feet in granite as from 3,114-21 feet, Carson County.

Oil company No. 3 Lewis, block 23, B&F survey, 272 barrels daily. Total depth 3,300 feet in granite as from 3,114-21 feet, Carson County.

Oil company No. 3 Lewis, block 23, B&F survey, 272 barrels daily. Total depth 3,300 feet in granite as from 3,114-21 feet, Carson County.

Oil company No. 1 Stewart, section 13, H&GN survey, 272 barrels daily. Total depth 3,300 feet in granite as from 3,114-21 feet, Carson County.

Oil company No. 1 Stewart, section 13, H&GN survey, 272 barrels daily. Total depth 3,300 feet in granite as from 3,114-21 feet, Carson County.

Oil company No. 1 Stewart, section 13, H&GN survey, 272 barrels daily. Total depth 3,300 feet in granite as from 3,114-21 feet, Carson County.

Oil company No. 1 Stewart, section 13, H&GN survey, 272 barrels daily. Total depth 3,300 feet in granite as from 3,114-21 feet, Carson County.

Oil company No. 1 Stewart, section 13, H&GN survey, 272 barrels daily. Total depth 3,300 feet in granite as from 3,114-21 feet, Carson County.

Texan Visits His Folks at Llano

March 28 (P)—Cecil Smith, famous cowboy polo star, visited his parents, Mr. and Mrs. S. E. Smith, during the week-end of March 28 before going to New York City for England for polo.

Smith returned recently from Dallas, after a successful six-month season at the Gulf Stream club. Teaming with C. B. Vismann, Houston sportsman and lister, Billy Reynolds and Bob Smith's team did not lose a game. Smith and Wrightman together abroad and are string of 31 ponies.

Smith, also will play in England this summer. He says April has been in California on the West Coast tour for the past two months.

After 60 Years.

Dr. A. B. Cox, director of the Bureau of Business Research of the University of Texas, in his report, "Causes of Unemployment in Texas and Ways of Increasing Employment," gives a detailed account of conditions existing in Texas today. Mr. Elmer H. Johnson, industrial geographer of the Bureau of Business Research of the University of Texas, presents an interesting picture of the possible future of the state. Those two reports presented as Part I and Part II of "Studies of Employment Problems in Texas," together with the directory of this year, furnish an effective study of the state's industrial development—its possibilities for greater advancement, and its present status.

The chief purposes of the directory are to stimulate interest in Texas manufactured goods at home and abroad, and to advertise Texas industries outside as well as within the state; and to serve as a convenient and reliable guide, and quicker means of contact, between those who buy and those who sell Texas products.

DIRECTORY OF TEXAS PLANTS NOW COMPLETE

Texas University Again Has Listed Manufacturers and Added 1,000 New Firms.

Attention of those interested in the industrial progress of Texas is directed to the announcement made this week by Dr. F. A. Buechel, of the Bureau of Business Research of the University of Texas, concerning the publication of the revised edition of the Directory of Texas Manufacturers.

The directory, of which this is the second edition and which the bureau expects to publish biennially, has been enlarged, revised, and brought up-to-date in an effort to present as clearly and concisely as possible a true picture of Texas industry at the present time.

Since the publication of the first directory, January, 1933, as of July 15, 1932, many changes, national and world-wide, have taken place which have affected industry in every section of the United States. A study of the directory pages reveals the effects of many of these changes and influences on various Texas industries.

More than four hundred manufacturing plants have been closed since a survey was made in 1933, while approximately 1,000 new firms have been established since that time. It is particularly interesting to note the advancement by certain types or classes of industries for the three-year period. Petroleum refining has shown steady increase both in number and capacity of refineries in operation. The recent establishment of new plants for the manufacture of heavy chemicals indicates the possibilities for the development of this type of industry in Texas.

The number of plants engaged in the canning of fruits and vegetables has shown a substantial increase both in the Rio Grande Valley and in other sections of the State. For instance, the present directory lists 20 firms now canning fruit juices, in contrast with one manufacturer listed in 1933.

Although government restriction of cotton planting has resulted in the curtailment of production, the number of plants processing cottonseed and its by-products, shows a gain. This is noted particularly in the number of edible-oil refineries reported; 25 are listed in the 1936 directory as compared with five mentioned under the heading "Cooking Oil" in the 1933 edition. In making comparisons, however, attention is called to certain changes in classifications made in the present edition, also, to the greater number of manufacturers reporting, and to the more detailed information submitted in the reports.

In compiling data for the directory, lists were copied from the 1933 edition for the towns listed and sent to the chambers of commerce asking them to check the names, add new firms, cross out names of those no longer in operation, and return the revised list. Letters asking for the lists of manufacturers were also sent to the chambers of commerce for towns which did not appear in the 1933 directory. A similar request was sent to the postmaster of every town in Texas having a population of 500 or more and which did not have a chamber of commerce. Upon receipt of these lists, a form letter and questionnaire were sent each manufacturer reported, requesting the necessary information for listing his firm and explaining the purposes of the work. In this way the bureau has sought to contact every manufacturer in the state.

The first section of the directory lists the names of the manufacturers of the various products. Opposite the name is a letter or symbol indicating the distribution of the products manufactured. The subject headings are arranged alphabetically, listing under each subject the names of the manufacturers of the various products.

The number of towns listed has almost doubled since the publication of the 1933 edition; partly, because of the inclusion of classes of industries omitted in the previous issue. The total number of pages has increased from 122 to 183.

Dr. A. B. Cox, director of the bureau, in his report, "Causes of Unemployment in Texas and Ways of Increasing Employment," gives a detailed account of conditions existing in Texas today. Mr. Elmer H. Johnson, industrial geographer of the Bureau of Business Research of the University of Texas, presents an interesting picture of the possible future of the state. Those two reports presented as Part I and Part II of "Studies of Employment Problems in Texas," together with the directory of this year, furnish an effective study of the state's industrial development—its possibilities for greater advancement, and its present status.

The chief purposes of the directory are to stimulate interest in Texas manufactured goods at home and abroad, and to advertise Texas industries outside as well as within the state; and to serve as a convenient and reliable guide, and quicker means of contact, between those who buy and those who sell Texas products.

Severe weather with heavy snows and intense cold, together with floods, brought in February a general down and partial stoppage of distributive trade. Manufacture fared better. Coal buying and shipping provided work for miners and railroads. City trade reports were of a clean-out of winter apparel. Rural buying was greatly handicapped. Bank clearings were one-tenth and debts one-sixth larger than February last year. Failures reached a low ebb of recent years. Commodity prices showed a trifling decline. Pig iron output declined, while steel output gained slightly. Scrap steel prices advanced sharply. Perhaps the most important event of the month was the order given to the railroads to lower fares to two cents a mile. Stock price averages rose slightly, the eleventh successive monthly gain.

Another slight addition to the shaded areas in the map may properly be charged to the effects of the weather.

The barometer line showed a further decline during February, due largely to the less-than-seasonal increase in steel operations and car-loadings.

Arrangements of Texas Counties In 1840 Shown

AUSTIN, March 28 (P)—The Texas planning board has completed a series of maps showing the arrangements of counties in Texas since 1840.

Announcing completion of a brief history of Texas giving its outstanding events, W. M. Massie, chairman, said the board "is very much interested in all phases of Texas history and therefore we appreciate opportunities for cooperating with out-of-Texas people who are interested in the history of this state."

He said the history was prepared in order to give the necessary background for planning. The group of maps depicting the arrangement of counties, Massie said, "makes an exceedingly interesting study because it shows the progressive growth of Texas."

Distribution of Texas population he said, would be shown for each decade by placing dots on the maps, a procedure which "will give a splendid picture of the growth of our state."

Dr. W. P. Maroney, head of the department of sociology at Baylor University, Waco, assisted in preparation of the matter.

90 YEARS OLD

LIVINGSTON, March 28 (P)—Mrs. J. L. Thomas, 90, who died here March 19, saw her grandchild grow up in the neighborhood in which she was born, married and raised her family. There are a few persons living in Polk county older than Mrs. Thomas was, but none are known to have lived a lifetime in one neighborhood.

TO BEGIN PLANT

BAYTOWN, March 28 (P)—Construction of the new \$1,000,000 polymerization plant addition to the Humble refinery here is scheduled to start about May 1. The plant will be used for treatment of casing-head gas from Humble wells in East Texas and other fields. Construction of the pipe line to bring the products to Baytown has been under way several weeks.

U. S. Business Conditions as of March 1

This map represents business conditions in every state of the Union as shown in April, 1936, issue of "Nation's Business" official publication of the United States Chamber of Commerce.

PANHANDLE PURCHASERS TO ABSORB MOST OF OIL BUT SOME YET MINUS A MARKET

Phillips Company Will Buy Less—Leases Are Being Swapped in Adjustment.

A decision of Phillips Petroleum company to limit its purchases in the Panhandle field to 16,500 barrels daily to draw from what is termed excessive storage caused some consternation among producers during the last week in connection with the hike of 2,000 barrels in the allowable for the field.

Phillips more than a month ago expressed a desire to be relieved of some leases. At that time, Humble Oil & Refining company worked out a plan to take 2,000 barrels. More recently, Phillips announced that still less oil would be purchased and added that a self-imposed proration plan with a top of 21 barrels per well might be adopted. This idea, and the 16,500-barrel limit of taking, were temporarily suspended in connection with an announcement before the annual API banquet in Amarillo.

Effective next month, however, Phillips' takings will be sharply cut. It was learned yesterday that Magnolia Petroleum, Danciger Oil & Refineries Inc., and the Texas company had agreed to take some leases, but that about 800 barrels of production was still apparently without a market. It was hoped that the situation would adjust itself and that Phillips might delay invoking its new policy until a solution was reached.

Meanwhile, the 2,000-barrel allowable boost was being absorbed by various purchasers in this field. "The state total allowable for the start of April is to be 24,890 barrels more than the Bureau of Mines calculated the demand for Texas crude to be. The bureau's estimate was 18,800 barrels above that for March. Allowables for the Rodessa field have been boosted from 400 to 1,200 barrels daily.

Allowables for other districts are (in barrels): Panhandle, 80,800, increase of 2,000; Moore county, 1,500, same; Osborne area, 1,000, same; North Texas, 80,000, increase of 1,500; Ford county, 800, same; West Texas, 153,406, increase of 5,541; West Central, 53,008, increase of 2,393; East Central, 50,950, increase of 625; Southwest Texas, 143,969, increase of 11,104, and Gulf Coast, 179,034, increase of 10,200.

The ospreys of fish hawks build a huge nest which they inhabit year after year, adding to it and repairing it from time to time.

Great Smokies To Be Described Today In Talk by Wells

There is a spot in the United States where old pioneers are still living in log cabins built over 100 years ago—where women still depend on spinning wheels and men use rifles that were in service during the days of Daniel Boone.

That spot is the Great Smoky Mountains National Park of Tennessee and North Carolina, according to Carvel Wells, entertaining globe trotter now conducting a series of "Exploring America" broadcasts for Continental Oil company.

In his program for Sunday, March 29, Wells will tell many little-known facts about the Great Smokies and about Virginia's Shenandoah National Park. Garden Week in the Tidewater state and Winchester's Apple Blossom Festival will receive special mention.

Frank Ventre's 14-piece Conoco orchestra will fill in the musical background.

Local listeners who wish to hear Wells today may do so by dialing station WFAA at 12:15 p. m.

Food and automobiles took 46 per cent of the American consumer's retail dollar in 1934.

East Texas Oil Probe Will Likely Be Closed By April AND NEW LEGISLATION DRAWN

"DUMMY" COMPANIES IN USE TO CONCEAL HOT OIL

BY CHARLES E. SIMONS.

AUSTIN, March 28 (P)—A special committee of the house of representatives investigating oil conservation enforcement in the East Texas field will conclude its active inquiry April 1. It has indicated several months would be required to draft legislation designed to curb illegal practices.

Rep. Sidney Latham of Longview said the committee likely would recommend several laws to the next legislature to strengthen the state's efforts in conserving natural resources.

"We intend to review all the testimony and analyze the situation," Latham said. "This will require several months intensive work. We intend, if possible, to propose bills that will be an absolute curb to illegal operations."

Latham said the committee's final report would be drafted to accurately present the conditions the committee found. He said it likely would not be released until late fall.

The committees will strike hard at and attempt to eliminate the practice of using "ghost" companies for tax-paying purposes to conceal the sources of hot oil. Latham said it was brought out in a hearing that two dummy companies had been used to screen the activities of a third to which hot oil was being run and refined. The committee produced a list of 65 companies in the East Texas field which, although in fact non-existent, were paying large sums into the state treasury as gross production taxes on oil.

One of the companies, evidence showed, paid taxes in six months on more than 1,000,000 barrels of oil but diligent search by the committee's agents failed to locate either the company or any of its officials.

In connection with dummy tax-paying companies, an employee of the comptroller's office said his office in Tyler sometimes received receipts for tax payments from the main office but could not ascertain either the company to which the receipts would be delivered.

The practice of using fictitious names spread over the field almost overnight, a witness testified.

"It is a funny thing about that field," he commented, "there must be a grapevine telegraph because the north end of the field knows by night something that happened in the south end in the morning."

10 LOCATIONS MADE IN AREA IN LAST WEEK

Hutchinson Has Four New Tests—Moore 3 and Gray 3 for Period.

Ten new locations were made in the Panhandle oil and gas field last week were in three counties. Hutchinson had 4, Moore 3, and Gray 3. The first announcements were as follows:

The Texas company, R. L. Pond No. 7, 330 feet from the north and east lines of the most northerly NE corner of section 1, block M-21, TC & RB survey, Hutchinson county.

A&K Petroleum company, C. H. Breyfogle No. 1, center of section 275, block 44, H&TC survey, Moore county.

A&K Petroleum company, H. G. Strunk No. 1, center of NE 1/4 of section 315, block 44, H&TC survey, Moore county.

Gulf Oil corporation, W. B. Henry No. 3, 330 feet from the south and east lines of section 114, block 3, I&GN survey, Gray county.

Turman Oil company No. 2 J. A. Whittenburg, 330 feet from the south and east lines of section 19, H. O. Jameson survey, Hutchinson county.

Harry Stekol, J. A. Whittenburg No. H-7, 330 feet from the east and 2100 feet from the south line of section 19, block 47, H&TC survey, Hutchinson county.

Vulcan Petroleum corporation No. 2-A. Kinard, 330 feet from the north and east lines of section 41, block 25, H&GN survey, Gray county.

Joana Oil corporation Ethel A. Rendleman No. 1, 330 feet from the west and 330 feet from the south line of the northeast half of section 146, block B-2, H&GN survey, Gray county.

Fossil bones, when found, are studied, photographed and prepared before removing.

Stephen Collins Foster, author of "My Old Kentucky Home," was born in Pittsburgh, Pa.

[QUESTIONS THAT ARE ASKED ABOUT BANKING]

"Why should I keep my money in a Checking Account?"

THE best reason for keeping your money in a checking account is simply this—it benefits you. Your money is safeguarded with all possible diligence. You are relieved of the anxiety to protect it from fire, loss, or theft until you need it. You have added convenience in your financial transactions.

A checking account saves you time, saves you steps. You can obtain cash when you want it. You can write a check at home, store, or office—during or outside of business hours. You can send your check anywhere safely and conveniently and economically. You have a legal receipt for your files in the form of an endorsed cancelled check. You get an accurate statement of your account every month.

We invite you to open a checking account at this bank.

WPA LABOR FOR GRAY HIGHWAY SOUGHT IN WHEELER COUNTY

TRANSFER IDEA NOT APPROVED BY OFFICIALS

NEWS OF TERRITORY IS ASSEMBLED IN BRIEF FORM

Apparently realizing the proposed reduction of WPA workers will cut down their force of laborers, A. Carpenter, commissioner of Pect. 1 Gray county, accompanied by Geo. Counts, visited Wheeler on Wednesday of last week in quest of eligible men. The ambassadors visited County Judge Puetz and asked his approval for transfer of men from the Highway F project, east of Wheeler, to Gray county for work on the strip west of Mobeetie.

It was pointed out by the visitors that paying of the Gray county strip would mean much to Wheeler folks traveling to Pampa. Puetz agreed with them to a certain extent, but not enough to favor losing his county's supply of available men. He called attention to the fact that improvement of the road in the east part of the county would mean more to Wheeler than fixing up Gray county's roads.

A training school for scouters in the Canadian Boy Scout district and a court of honor were held Wednesday night, under direction of C. A. Clark, scout executive of Pampa.

In attempting a break loose from a live wire on top of an electric light pole Monday morning, Rush Snyder, Canadian city electrician fell to the ground, a distance of 20 feet. He was unconscious for nearly an hour. After being taken home by Jack Williams, he recovered and reports the only bad effect is soreness of some of his muscles.

Tax Survey Made

A thorough survey of tax records and all lands of Texas which will eventually result in collection of thousands of dollars in property values now escaping taxation is being carried on at the court house for Donley county, under the supervision of A. H. Baker as county project superintendent, by the following citizens:

Geo. S. Blackman, Sr., Floyd M. Griffin, Hubert C. Heathley, Vestal L. Keffer, Oleta Chenuault, Maude Crawford, Rural Taylor, James A. Warren, John Halle, Walter Wilkinson, Lella Brown.

Meet Next Week

Gray county Interscholastic league meet will be held at McLean from April 1-4, inclusive.

All contests are to start on time, and no one will be admitted late.

Below is an outline of the program in the order in which the events are to take place.

At 1 p. m. Wednesday all tennis finals will be held. At 4 p. m. Thursday, April 2, Junior Girls Volley ball will be held. At 7:30 o'clock this same date, Senior Girls Volley ball will be held.

On Friday, April 3, the literary events will be held. The following events are to occur in the morning: Choral singing, ready writers contest, extemporaneous speech, Three-R music memory, number sense, picture memory, and story telling.

McClendon Captured

Sheriff Raymond Waters of Wheeler county has received word that Pat McClendon, who escaped from the Wheeler jail on March 28, 1935, was apprehended by city officers in Oklahoma City last Thursday, March 19, almost exactly a year from the date he got away in a tricky release when four men gained their liberty. Two of the other three voluntarily returned and surrendered. While the third was rounded up, McClendon got away for the time being but the sheriff's office had not ceased its efforts to locate him, enlisting the aid of officers throughout the southwest.

McClendon was captured only after a gun battle with Oklahoma City police in which he sustained serious gunshot wounds in a leg. He is now in a hospital for treatment, under surveillance of federal officers.

It is hard to estimate the damage done to the wheat fields of Ochiltree county from the devastating winds of Sunday, Monday and Wednesday. Wheat growers by the acre stood helplessly by and saw their hopes for a 1936 crop blown away. While wheat growers as a whole will not admit it, it is very possible that much of this loss could have been avoided if proper farming methods were pursued by every farmer in this area.

Race Track Moved

Horse racing in Panhandle is now history.

The annual spring and fall events will no longer be on hand to entertain the many enthusiasts of Panhandle, but will be moved to Borger where a group of sport-loving citizens have gotten behind the move enough to finance a 10-day meet in the spring and again in the fall and to move the equipment from Panhandle to the oil capital.

Expected to be one of the greatest meets of this section, the Borger track will be located about one-half mile outside the city limits. Plans were made for an ultra modern plant and work got under way last Monday.

The entire equipment of the Panhandle track will be moved to Borger.

For many years the Panhandle races have been giving the citizens of this city thrills galore, but thrills with a deficit on the books fail to make horse racing profitable, and thus the cause for the removal of the track.

The Borger track will be listed among the major small time tracks of this section in that they are members of the new association of Texas racing plants of which there are about ten members.

A study of the tabulated report of AAA payments to the farmers of Oklahoma brings forth the startling fact that the four counties of the Oklahoma Panhandle strip, Cimarron, Texas, Beaver and Harper, received the stupendous sum of \$6,684,971 in AAA payments during the period, May 12, 1933, to December 31, 1935. This figure does not include the unpaid portion of the 1935 program.

Beaver Trapped

Years ago beaver is said to exist in this section as well as muskrat. The beaver left or was killed off as the country settled, leaving the muskrats to continue the work of soil conservation.

Game Warden Austin O'Neal of Wellington was in Clarendon Tuesday having two beaver which he had trapped on Sweetwater creek over in Wheeler county, where beaver survived the onslaughts of civilization.

The pair of beaver was given in charge of Winks Adams to be turned loose on Bitter Creek that heads at the old Word ranch southeast of town.

The \$9,762 Clarendon school improvement project will be given preference over the Highway 88 improvement project, it was decided at a special called meeting of the Donley County Planning Council and the county commissioners court here Thursday, March 26.

During the past nine years the Clarendon Fire Department truck has been driven less than 700 miles.

George Chamberlain, of Clarendon, student in the University of Texas, has been appointed to a committee in charge of organization participation in the Round-Up, annual spring home-coming of university students, according to information from university officials.

Chamberlain, a member of Kappa Alpha fraternity, is in charge of the inviting of alumni of several fraternities. These groups are mailing out letters to all their members, urging them to come back to the campus Round-Up.

More children should be trained like Barbara Carpenter, three-year-

old daughter of Mr. and Mrs. J. M. Carpenter of Canadian. Before crossing a street, Barbara stops, looks and listens. And if the street is clear hurries across.

There are twelve years difference in the ages of each of three sisters of Canadian. They are, as follows: Mrs. Jane Eubanks, Mrs. G. W. Arrington and Mrs. Vas Stickey.

Dale Nix of Canadian was elected one of the most likable seniors at Texas A. & M. college.

The Oasis Cattle company of Canadian sold a carload of pure bred Hereford bulls to Armstrong and Armstrong at Roswell, N. M. Six two-year old bulls were sold by the Oasis company to Jep Todd at \$125.

Laredo Has Only Antimony Smelter In The World

LAREDO, March 28 (AP)—The only antimony smelter on the western hemisphere and said to be the largest in the world, is located here. The ore is shipped mainly from Mexico, but some comes from the western United States, Bolivia, and Peru.

The plant was built in 1930 and production began early in 1931 with a force of 17 men. This year it employs 170 men and the technical and official staff comprises 25.

The idea of smelting antimony in Texas originated with H. P. Henderson, a native of Massachusetts, who became interested in deposits of the ore in Mexico in 1926. A smelter at the mine was facing shutdown in 1929 and Henderson arranged, with approval of the Mexican government, to keep the mine operating and ship the ore to Laredo and less than two years later the first furnace was fired here.

Antimony is an element of metallic appearance and crystalline structure, tin white in color, hard and brittle. Its commercial use is chiefly as an alloy, being employed largely to give strength to type metal. It is also used as an alloy for machinery bearings, storage battery plates and electric cable sheathings.

The smelting, or refining, also produces a pigment for paints.

DONATES LAND

BEAUMONT, March 28 (AP)—H. M. Richter of Houston has given an acre of ground at the site of old Fort Griffin at Sabine for the state Centennial marker. His donation was made either to Jefferson county or the state, thereby clearing the way for placing of the memorial to Dick Dowling and his band of 47 who resisted a federal fleet and 15,000 men during the civil war. Centennial requirements are that ground on which markers are placed must be the property of a political subdivision.

Sea horses are primarily inhabitants of warm waters, although occasionally found in cold seas.

CAPITOL CHATTER

BY CHARLES E. SIMONS

AUSTIN, March 28 (AP)—A sharp rise in political interest is believed to be reflected in the substantial increase in the number of poll tax payments reported by the comptroller.

Based on final reports from 27 counties the comptroller estimated the total voting strength at 1,317,500 compared to a calculated 1,275,000 eligible voters in 1934, the last general election year. The total for 1935, however, is expected to be several thousand short of the 1,370,000 qualified voters in 1934.

While a portion of the increase is attributed to a quickening of the political pulse, resulting from early campaigning in the coming presidential elections, some of the rise is credited to better business conditions and improved tax collections. Persons paying a property tax must also pay their poll taxes.

What effect the increase in eligible voters will have on political campaigns causing speculation among observers, some of whom see possibilities of hot races for state offices in addition to a stubbornly contested national campaign.

Under the system of reporting in Texas it is impossible to definitely forecast the number of voters. Persons more than 90 years old and persons who become eligible to vote after the taxpaying period are exempt from poll tax requirements. In addition to report of the number of exemptions is required from cities having less than 10,000 population, making it necessary to add an arbitrary figure to fill this loophole.

AN UNUSUAL NUMBER OF MEMBERS OF THE LEGISLATURE HAVE BEEN VISITING AUSTIN, A SIGN THAT ELECTIONS ARE APPROACHING.

They come to the capital on various missions, some to seek employment for politically influential constituents, scan the political situation or do a thousand and one odd jobs for various members of their electorate.

A topic of conversation uppermost with members is the possibility of having opposition in the primaries. Some have serious opposition, few minor opposition and a favored handful no opponents or signs of any.

To youngsters in the political game inclined to take their opposition lightly, the veterans give a word of warning: Always take your opposition seriously or it is liable to slip up on your blind side.

One member who has been in politics for years maintains a close contact with the voters in his district regardless of whether he has opposition.

"You never know when opposition will crop out," he commented.

J. B. LILLBRIDGE, COMMANDER OF V. F. W. DIVISION, HAS LONG RECORD OF MILITARY SERVICE

J. B. Lillbridge, commander of the third division of Texas Veterans of Foreign Wars, now lives in Amarillo but is a charter member of the Dallas post, No. 156.

He served from 1922-27 in the Texas council of administration, being department historian, patriotic instructor, and chief of staff at various times. He is currently a member of John B. Golding post No. 1475.

Mr. Lillbridge enlisted in the Texas naval militia, first battalion, in 1915, and saw service during a hurricane in that year. In 1916, he was with the reserve Atlantic fleet on patrol off the Virginia Capes during a trip of German submarines to America, being aboard the U. S. S. Louisiana as boatswain's mate. He enrolled as national naval volunteer and was called to active duty upon declaration of war April 6, 1917, going from El Paso to Charleston, S. C., and reporting to the U. S. S. Hartford at the navy yard.

Next he was assigned to sea duty, boarding the U. S. S. Denver at Key West early in May and being given the rating of quartermaster. He sailed with the second convoy overseas and remained aboard the same vessel until after the Armistice, making scheduled trips as part of the cruiser and transport force.

He was furloughed to inactive duty on November 30, 1918, and returned to Texas from New York in the fall of 1919. He received his honorable discharge from the U. S. Naval Reserve in 1920.

After being appointed deputy collector of internal revenue at Dallas, he came to the Panhandle in 1927. He later resigned from this service to engage in business for himself as tax counsel and accountant.

Barrymore Love Says John Still Cares for Her

LOS ANGELES, March 28 (AP)—Elaine Barrie, still proclaiming her love for John Barrymore, started an unheralded train trip to New York today.

Barrymore was not at the station to bid her God-speed, nor was he at his Beverly Hills home as the train pulled out.

"Of course I still love John," she answered a reporter to whom she had denied there had been a quarrel that might have precipitated her sudden return to her home.

"But does John still love you?" she was asked.

With a coy flutter of eyelashes she answered: "Who would know better than I?"

Then the brunette miss from whom Barrymore fled in a cross-country "love derby" last year, started to explain everything:

"You see, I am hurrying to New York to make arrangements for my appearance opposite Mr. Barrymore in a forthcoming Broadway stage play. He would have gone with me but he is busy making some retakes for 'Romeo and Juliet,' there was some talk of our doing personal appearances together in Chicago, but I don't know what arrangements he made about that."

FOLLOWS FATHER

GONZALES, March 28 (AP)—Rev. Elmer Hierholzer is literally "following in the footsteps of his father." He has assumed the pastorate of the German Methodist church, succeeding his father, the late Rev. John Hierholzer. The new pastor was called from Denver, Colo.

Quintuplet Film Opens Today

Famous Children of Canada Starred In Picture

Because one news reporter actually wrote his story instead of just talking about it, and because one Hollywood producer has a phenomenal way of accomplishing anything he starts out to do, the Dionne quintuplets, world famous infants, are making their feature film debut as real stars in a real story, "The Country Doctor," now at La Nora theater.

The story of how this new Darryl F. Zanuck picture came to be filmed is as fascinating as the quintuplets themselves, and goes back to the birth of the babies. At that time, Dr. Allan Roy Datoe sent out a frantic plea for an incubator to replace the heated bricks he was using to keep the five tiny human mites alive.

The Chicago American answered the doctor's plea by sending out their ace reporter, Charles E. Blake with the incubator on a perilous flight into Canada.

In this fashion, Blake became better acquainted with the quintuplets and their doctor than perhaps any other of the hundreds of reporters who made pilgrimages to Callendar, Ont. More than a year later Blake conceived the idea for his story. Taking a two-day leave of absence, he shut himself up in a room with a typewriter, banged out the tale that was to become "The Country Doctor," and mailed it to a friend in Hollywood.

Blake's story was turned down flatly by the first studio to which it was offered. Then it was brought to the attention of Darryl F. Zanuck, vice-president in charge of 20th Century-Fox, and things began to hum.

Blake was taken from his newspaper work and hurriedly transported to Hollywood where he was set to work fashioning a screen story from his original, in company with scenarist Sonya Levien.

There still remained the mammoth task of securing the Dionne Quintuplets for the starring roles. Other major studios had all received flat refusals for their tempting offers for the use of the children. In some manner that is still a mystery to Hollywood, Zanuck accomplished what Hollywood thought was impossible, and soon had the quintuplets tied to a contract.

Then there was a brief period of preparing special equipment, of selecting Jean Hersholt, June Lang, Michael Whalen, Slim Summerville and Dorothy Peterson for the leading supporting roles, and soon an entire film company was straggling across the continent to cold Canada, bringing Hollywood to Callendar so that the world's most famous little girls could make their film debut.

When the troupe returned to Hollywood, the finishing touches were added to the drama. And soon from the laboratories of 20th Century-Fox a human drama issued vitally interesting in itself because of its suspense, its comedy and romance. But doubly important because Darryl F. Zanuck had at last succeeded in immortalizing the adorable quintuplets in celluloid!

LOCAL THEATER PROGRAMS

The Pampa theater program for this week follows:

LA NORA THEATER.
Today, Monday, Tuesday, and Wednesday, Dionne Quintuplets and Jean Hersholt in "The Country Doctor"; short subjects, "Not Now, Modern Tokyo," and newsreel.
Thursday only, "Sylvia Scarlett," with Katharine Hepburn and Cary Grant.
Friday and Saturday, George Raft and Rosalind Russell in "It Had to Happen."

REX THEATER.
Today, Monday, and Tuesday, Will Rogers in "The Old Kentucky"; short subjects, "Basketball Technique," "Alpine Antics," and newsreel.
Wednesday and Thursday, Native "The Last of the Pagans."
Friday and Saturday, Dick Foran and Alina Lloyd in "Song of the Saddle."

STATE THEATER.
Sunday and Monday, Dick Powell and Ruby Keeler in "Shipmates Forever"; short subjects, "Foiled Again" and "Little Papa."
Tuesday and Wednesday, Barbara Stanwyck in "Annie Oakley"; short

Quints Are in Their Care

Featured in "The Country Doctor," Fox picture in which the Dionne quintuplets make their dramatic debut as feature-length film stars, are Jean Hersholt and Dorothy Peterson, Darryl F. Zanuck personally supervised the production of this story, which blends drama, comedy and romance in the saga of a backwoods doctor. The film is at the La Nora theater for four days.

CRUISE TO NOWHERE

by Deck Morgan

Chapter XXV

Jane looked up and saw Linda Bays standing before them. Her eyes were blazing. "Tino's no opera star!" she said. "Tino's no opera star!" she said. "I know him. I'm the only one on this ship who ever knew him, or heard him sing—except Dutch Lenz. Tino worked at the 'Tip Top Club. We have both worked for Dutch Lenz in our day. He's a rotten singer. That's why he refused to sing at the ship's cabaret. His name isn't Tino Rossi. He isn't even Italian!"

The detective's eyes were keen with excitement now. "Is that why Tino twisted your wrist? Is that all he had on you—the fact that you had worked for Dutch?"

"Her eyes glowed," Ken Martin's name came into Jane's mind. "That was all," she said. "Tino was masquerading as an opera star, making a play for Jane. I knew his kind. He was a phoney all around. I had warned him to leave Jane alone. But I didn't tell Jane he was phoney because I was afraid of him. I didn't want Ken to know that I had worked the hot spots in New York. Tino held that over my head. But it doesn't matter now."

"Snowshoes looked at Linda angrily. 'Tino send you that warning note?'"

"I believe he did. But it could have been Dutch. At the time I rather suspected Dutch of the murder. I was afraid to talk! I never suspected Tino. But Tino was afraid of me. I knew too much about him. 'Do you think he was the masked man who attacked you in your stateroom? If we only had one clue! You can't accuse a man of murder because he's masquerading as an opera singer.'"

"I don't know. It could have been Tino! It sounds rational enough. He was afraid I'd talk. And he would have been mortally afraid of Dutch Lenz. Dutch knew he was no good. If Tino did kill Mannie Jackson, he would have feared Mannie's pal, Dutch. Dutch would have found him out. Tino would have wanted to do away with Dutch in the storm—"

But the detective was still perplexed. He turned to Jane. "What prompted you to say outright that Tino is the man we're looking for? You must have some bit of evidence. Think hard. Mannie was murdered between eleven and midnight. You were with Tino on deck. Was there any time that Tino could have left you and entered Nora Lane's suite to kill Mannie Jackson?"

Jane couldn't answer for her eyes were glued to the painter again. She could see Dirk crawling along the boat deck on his hands and knees. She couldn't see Tino, but suddenly three shots rang out in rapid succession, the flashes revealing Tino's position at the far end.

subjects, "Lady in Red" and "Kiss the Bride."
Thursday only, Ginger Rogers and George Brent in "In Person."
Friday and Saturday, Hoot Gibson and Boots Mallory in "Powder Smoke Range."

lay a hand on him. He got to his feet, struggled against the wind, but then a great wave, cascading down the deck, threw him against the rail. He clung there, as tons of water poured back out into the sea, and slowly his grip was torn loose. He screamed, and was swept overboard into the raging sea, a self-confessed jewel thief and murderer.

The hurricane took a crazy twist and passed on. Long before day-break, even the high seas had subsided; but the ship was fast on the reef. In the dawn the fear-racked eyes of the passengers on the stricken liner saw a rescue ship on the horizon. They were taken off safely; the rescuing vessel steamed toward the mainland omitting the Bermuda call.

Toward evening Dirk found Jane Fox peering earnestly with the detective on deck. He came up to them, and said, "Snowshoes, you're a wonder!"

Snowshoes said, smiling. "It was Jane who did it. It wasn't I. I'm only a bodyguard. I've got to keep an eye on Nora Lane for the rest of this cruise. She's gone back into seclusion. It's too bad she can't hide from her—unhappiness."

When the detective had gone away, Dirk faced Jane.

"How did you know?" he begged. "How did you know the Kokinor diamond would be hidden in the life belt? It sounds like a long chance—woman's intuition, or one of those things?"

Jane smiled. "Imagine my embarrassment if the diamond had not been there! We had nothing on Tino except that he was a cat-singer posing as a famous opera star."

"Go on, tell me," he said. Dirk was impatient to know, for he had something else on his mind he considered important. "The only thing I've guessed is that Tino actually threw the corpse overboard in the storm—to cover up his first crime. Then he shot Dutch Lenz."

"Of course!" Jane said. "But I'm afraid I can't take credit for being a great sleuth," she said. "Tino simply gave himself away. Panic and fear brought the diamond to light. When the ship went on the reef, with the prospect of every man being thrown into the sea, Tino knew that no place was safe except his own life belt. Naturally, he didn't want to give it up. He made a great fuss over giving it up, to the extent of pulling a gun and holding the whole ship at bay."

Dirk ran a hand through his blond hair, almost exasperated. "But how did you know he had the jewel? You had to have some clue."

"No clue," she said. "There was no clue. I'm not a detective's stooge. You see, I had known Tino well during those few days. Shipboard romance! I knew the human side of him. I knew just how he'd react to any situation. I already knew he was a self-seeking opportunist. A cheap flatterer! But when I saw how much he repelled me, for his cowardice when the ship went on the reef, I began to hate him. I hated him so much in those few minutes that I simply thought: 'Tino loves himself more than anything else—honor, love, chivalry—any of those things. But Tino is also a shocking physical coward. He wouldn't have the nerve to hold a whole ship at bay, and then go out on deck and

face the hazards of the storm if there wasn't something more valuable to him, than his life. What would Tino value more than himself? He was vain. His vanity was his weakness. He would want money, a great deal of it. The Kokinor diamond. My knowledge of his character, then, was his undoing. The Kokinor had to be in the life belt. With the ship on the reef there was no other place where it would be safe in Tino's hands."

Dirk wagged a finger at Jane. "Young lady, you know too much about—people. Suppose you start on me, and tell me what I'm thinking of right now. But I still insist you couldn't have known. Even human nature changes. If you were with Tino at the time Mannie was murdered—"

Jane flushed. "Sorry. My vanity gave him that alibi, she said. 'I didn't recall it until the detective's steady questioning made me go over the night of the crime, minute by minute, telling everything I did. There was a time when Tino could have got the jewel, and killed Mannie. When we left the diamond to powder. Naturally, Tino stayed outside. It was only a minute or two—'

"And in a woman's mind, that means at least ten, long enough for Tino to have entered Nora Lane's suite, shot Mannie Jackson, who was probably there looking for blackmail evidence, obtained the diamond, and rushed back to murder pretty things to you. Young lady, your vanity shouldn't last so long! You're too human yourself."

"Tino was clever," she added. "He used me for the perfect alibi. Nobody would have suspected Tino! He was making love to me all evening on deck. If he hadn't been panic-stricken in the storm, we might never have suspected him of a thing. And he left no clues at any time. But you can't hide from yourself, especially when panic grips you in a storm."

"And you can't hide from yourself," Dirk hastened to add. "In love. One always knows. At least I do. I don't harbor any illusions any longer. I'm in love with you. Just you."

"For you," she advised, avoiding his intent gaze. "It was just a cruise to nowhere. I'm sorry. You didn't spend a moment on those romantic islands in the southern seas."

Dirk scoffed. "It was hardly a cruise to nowhere! For me it has been a trip to the sun and the moon and the stars. But now I feel safer—I'm back on earth with you. But surely you don't want to marry a man who is going to run a saw-mill? There's nothing romantic and glamorous about a lumber town."

Jane said, "We can't hide from our love by harboring precious illusions any longer. We both looked way out yonder for romance, but here it is—in our hearts. You just

ask me to marry you, and see what I'll say."

He moved to kiss her, but as he took her hands a dry, waspish voice interrupted him. It was Madame Doremus hobbling on deck with her cane. "Shipboard romance!" she said. "Go ahead! Go ahead!" she insisted, wagging her cane at them. "I'm an old woman, but I can stand anything now. Where is that bald-headed detective—Snowshoes?" she cackled, dryly. "He promised to teach me how to ski at Lake Placid. I'll probably take one jump, and break my fool neck, but I'll try anything now for excitement. It's good for my weak heart!" With a gesture of defiance she threw her cane overboard, and walked down the deck.

"Yes!" Jane repeated, almost insensibly, to Dirk's question he had never asked. "Yes!"

Then he kissed her.

THE END

Mr. and Mrs. W. C. Dunlap have willed their \$10,000 ranch on the Pecos river to the Baptist General Conference of Texas.

From Amarillo

The commander of John B. Golding Post No. 1475 of Amarillo Veterans of Foreign Wars, is O. W. Dawkins, who has been active in local and state veterans affairs for many years. Before being elected head of the John B. Golding post, he served as adjutant three years and quartermaster one year.

He served as department adjutant for the state of Texas in 1929-30. He now carries a commission as first lieutenant, medical administrative corps. He took his war training in the medical detachment, 22nd U. S. Engineers, sailed overseas from Montreal in 1918 and saw 13 months overseas service as part of the 1st Army Engineers.

He will be here tomorrow with the V. F. W. party.

CARNEGIE MEDALS SOUGHT
KERRVILLE, March 28 (AP)—Carnegie medals are being sought for two Kerr county brothers, Leon, 21, and Henry Sultenfus, 19, for saving one life and administering to other victims of an automobile crash Jan. 23, 12 miles south of Kerrville. Four persons were fatally injured in the accident and two badly hurt. Leon and another brother, Norman, have been given employment in Maryland as a result of their part in the rescue. Their reward came from Mrs. Glenn Steward, aunt to William Berrien, who was pulled from the burning car by Leon and Henry and is now recovering.

ROPES HAWK
UVALDE, March 28. (AP)—Earl Green, employed on the F. S. Mason ranch near here, roped a live hawk with his larjal while riding horse-back recently. The hawk had been attacking young lambs and killed several. Green was riding through a flock of lambs when the bird swooped, and before it could rise his rope fell and the bird was made fast.

VFW COMPOSED OF MEN WHO RISKED LIVES IN FOREIGN LANDS

MANY VETS OF SEVERAL WARS ARE ELIGIBLE

COMRADESHIP IS BASIC PRINCIPLE OF ORDER

The Veterans of Foreign Wars of the United States is just what its name implies—an organization of men who, like the crusaders of old, have followed the Stars and Stripes into foreign climes, and brought the faith of Washington and Lincoln into foreign tyrannies and despots—men who have proven their patriotism by the offering of their mortal bodies and immortal souls in sacrifice that liberty should not perish from the earth, and that American ideals and institutions might be preserved for posterity.

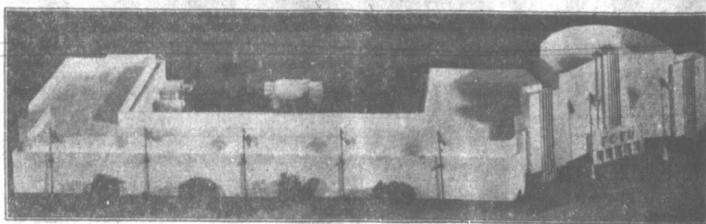

The Veterans of Foreign Wars is a permanent organization. It will continue as long as it is necessary for American citizens to defend the faith of their fathers against foreign aggression, and uphold these principles and ideals for which the heroes of '76 risked their lives, their fortunes and their sacred honor in establishing this nation.

Many Orders at First
 The Veterans of Foreign Wars of the United States resulted from the amalgamation of several societies formed immediately following the Spanish-American war in 1898. Little groups of veterans returned from campaigning in Cuba and the Philippine Islands, founded local societies upon that spirit of comradeship, known only to those who have faced the dangers of war side by side. Similar experiences and a common language drew them together. The American Veterans of Foreign Service was chartered by the state of Ohio on October 10, 1899. The Colorado Society, Army of the Philippines, was organized in Denver, Colo., December 12, 1899. Shortly thereafter, a society known as Foreign Service Veterans was born in Pennsylvania. These organizations grew up side by side, increasing in scope and membership until 1913, when at a convention held at Denver, they merged their interests and identities in a national organization known as the Veterans of Foreign Wars of the United States.

This new organization immediately took its place among other national societies of veterans. At the close of the world war, younger veterans returning from Europe joined by thousands. The Veterans of Foreign Wars of the United States immediately became the second largest service men's organization in the country. It has posts in every state in the Union, in the Canal Zone, in the Hawaiian Islands, the Philippine Islands, France and China. Every member is an American citizen who served in the Army, Navy, or Marine Corps under actual campaign conditions.

Front Experience Required
 The V. F. W. is an organization unique in its eligibility requirements. To join its ranks, a man must be able to produce an honorable discharge from the Army, Navy or Marine Corps, showing "service honest and faithful" in time of war in the theater of operation. These venerable men who served in the First Mexican War of 1846 and who survived from that far distant day until just recently, are among those whose names occupied a place of distinction of V. F. W. rosters; those who campaigned in Cuba with Roosevelt and Schley; in Porto Rico with Miles, and in the Philippine Islands with Dewey and Funston; who captured the walled city of China with Chaffee in sup-

Ford to Reproduce Historic Trails at Exposition

Here is an architect's model of the huge Ford Motor Co. Building now under construction at the Texas Centennial Exposition, the \$25,000,000 World's Fair opening at Dallas June 6. Air-conditioned and covering 55,000 square feet, the building will adjoin a 35,000-square foot open air lounge and another grand plot in which sections of 10 historic Southwest trails will be reproduced.

pressing the Boxer uprising; who pacified the hostile Moros in later campaigns, and who have brought peace and security to those turbulent countries which rim the Caribbean Sea, and the veterans of that mighty army who went "Over There" to break the Kaiser's strangle-hold upon civilization, compose this unique organization.

Membership Limited
 Why do we limit our membership to those who have served in our country's foreign wars and campaigns? Other organizations composed of ex-service men represent but one war or campaign. Being so limited the members pass on, and the organization becomes but a memory. The Veterans of Foreign Wars, having within its ranks today men who have served their country through more than thirty years of American campaigning, is destined to live as long as it is necessary for our country to defend its rights and maintain its integrity through force of arms. They are men who know what battle means. They are believers in preparedness to the end that the young American manhood of this or future generations shall not be sacrificed needlessly, should an emergency arise.

Americanization Taught
 The basic principle of our order is comradeship—the kind of comradeship that existed between buddies at the front—practical and sympathetic and devoted to the welfare of each other and the cause that represents the common good for citizenship in general. We maintain a national Americanization committee, which functions to inculcate the doctrines of patriotism in the hearts young and old among native and aliens alike. The committee has a director and staff, with offices located in New York City, and the work goes on throughout the year in school,

in our membership requirements we really make no distinction. We merely recognize one that already

successfully promoted the movement to make the Star Spangled Banner the official national anthem of this nation—to be so preserved and respected until the end of time.

We have builded a national home for widows and orphans of ex-service men at Eaton Rapids, Michigan. The home functions on a system of small "building units" and individual homes designed primarily to preserve the family group and to keep mother and children together whenever possible. In such cases where an ex-svc man is disabled to such an extent that he cannot support his family, arrangements can be made to care for and educate his children so that they may not lack the opportunity of becoming intelligent and useful citizens. As our plans mature, this home will become a community of young Americans, each one the child of a soldier, each one to go forth educated and trained for a life fully imbued with the ideals of American citizenship such as their fathers fought to defend and perpetuate.

Pledges Upheld
 To the country at large, the

Veterans of Foreign Wars of the U. S. pledges its efforts toward the preservation of American ideals and traditions, with a program designed to support every movement in behalf of higher standards of patriotic citizenship. To the prospective member who is eligible to join the ranks of the Veterans of Foreign Wars of the United States, we offer a four fold program—one that embodies rehabilitation of the veteran, through legislation and service unselfishly rendered; child welfare, with a practical method of providing for the widows and orphans of our deceased and totally disabled comrades; Americanism, based on a sane and practical foundation that encourages respect for the constitution and its principles of equality and freedom, and a spirit of

comradeship that is understood only among those who have survived the same dangers and made the same sacrifices on the altar of American patriotism. If you are a veteran, with a record of overseas service in the army, navy or marine corps, you owe it to yourself, your loved ones, your comrades and your country to become a member of the Veterans of Foreign Wars of the United States.

CONGRATULATIONS TO... COMMANDER VAN ZANDT And Members of the V. F. W.

May your meeting here be one that you will enjoy and long remember.

VFW WOULD BAR IMMIGRATION TO U. S. FOR FIFTEEN YEARS TO HASTEN OUR RECOVERY

Immediate cessation of all immigration, effective for a period of fifteen years, is a measure proposed by the Veterans of Foreign Wars of the United States to hasten the economic and employment recovery of the country as a whole.

The proposed immigration restriction, included among the main features of the 34th annual national encampment of the V. F. W., held at New Orleans, was explained in detail by delegates.

There are in the United States at the present time, some fifteen million aliens. Approximately three and one-half millions are estimated to be illegal entrants. With government figures listing at least ten million unemployed in this country at the present time, it is easy to realize that America's unemployment problem is greatly enhanced because we have not only our own citizens to provide for, but also millions of citizens of other countries who properly should not be our responsibility at all.

If immigration is restricted for a period of fifteen years, and if illegally entered aliens are deported, the problem of America's economic recovery would be partially solved. We should also rid ourselves of all alien-born residents of this country who are working in sympathy with communist propaganda, designed to overthrow our present form of government by force or violence. Through these methods we can prevent a terrific economic loss and at the same time safeguard American principles and doctrines against communist attacks.

A PATRIOTIC IDEAL

The motivating purpose of the Veterans of Foreign Wars of the United States is service to the people as a whole. We are not pious sentimentalists in thus describing that purpose. The government of the United States is the welfare of the people. In their aim and determination to serve the best interests of this nation, the members of the Veterans of Foreign Wars of the United States are fully aware that they will thus serve their own best interests and the best interests of their wives, their children, their neighbors and their fellow citizens.

The membership of the Veterans of Foreign Wars of the United States is composed exclusively of veterans who have served under the American flag in wars, insurrections and expeditions on foreign soil or in hostile waters. They include veterans of the war with Spain, the Chinese Boxer Rebellion, the Philippine Insurrection, the World War and the Nicaraguan campaigns. But not one of these men who have served in this nation's service in the emergency of war, believes his patriotic duty to his country was completely fulfilled by that war-time service. He conceives his patriotic duty to be of the present and the future, as well as of the past. He is not resting on his laurels. He is ever ready to present-day national problems and dangers, and his comrades are constantly on the alert to serve the United States of America in peace as they served it in war.

A large part of the peace-time patriotic service of the Veterans of Foreign Wars of the United States is accomplished through its nationwide Americanism program, pursued by more than 3,300 local units under the supervision of the national department of Americanism at Washington, D. C. The V. F. W. Americanism program encompasses a wide range of activities, including the building of sound American citizenship; the fostering of patriotism, faith and confidence in America and American institutions; the preservation of American freedom and the protection of all things American from those subversive and anti-American forces which today are seeking to tear down the constitution and destroy the American form of government. In brief, the Americanism ideals of the V. F. W. can be summed up in those famous words: "One country, one language, one flag."

Hundreds of Americanism activities are being carried on by V. F. W. posts in every section of the country, in cooperation with schools, churches, welfare agencies and similar organizations. It involves a many-sided program among the youth of our nation. It takes into account adult alien residents for whom we conduct Americanization and citizenship classes, and other projects designed to assist them in becoming naturalized citizens of this republic. Our local units also work in conjunction with civic and state authorities in the enforcement of law and order and in a constant battle against the forces of crime and lawlessness.

Within the last few years, the Americanism program of the Veterans of Foreign Wars of the United States has been directed towards a particular objective which this year has been incorporated in our eight point legislative program to be demanded of the 75th congress during its 1938 session. This proposal includes the prosecution and deportation of communists and other individuals who advocate the overthrow of the government of the United States by force or violence. The V. F. W. believe in political freedom and in the privilege of free speech, but it is unalterably opposed to the mis-use of these privileges as a means of fomenting revolutions.

Hundreds of our schools and colleges have been permeated with communist propaganda and doctrines. Radical student groups have been organized in such schools. Because these groups frequently have the support and guidance of teachers who preach the revolutionary principles of communism,

Sloan Simpson, of Dallas, right, Fair which opens in Dallas June 6, with whom he rode in the Rough Riders under Theodore Roosevelt in the Spanish American war.

DISTRICT V. F. W. COMMANDER SERVED ON BORDER THEN IN EUROPE IN 36TH DIVISION

W. S. Birge, commander of ninth district, Department of Texas, Veterans of Foreign Wars of the United States, was born in Montague county, Texas, and raised in Austin, where he attended the public schools and later the University of Texas. He received a law degree in 1916. He enlisted while quite young, in 1908, in the Second Texas Infantry at Austin, and served in each grade and rank from private to captain. From the time of enlistment to date of discharge in 1919 he was in continuous service.

While a senior in the law school at the University of Texas on May 9, 1916, his National Guard unit, Company F, Second Texas Infantry, was called into active service for duty on the Rio Grande border, and later during the winter of 1916 and 1917 was stationed at Corpus Christi, where Commander Birge was captain of the Second Texas Infantry's famous football team of that year. On declaration of war with Germany, the Second Texas Infantry was federalized and merged into the 141st Infantry, 36th division, which went overseas during June and July, 1918, saw active service in the Meuse-Argonne, and returned to the United States in the summer of 1919. In September, 1919, Commander Birge resided in Desdemona, Eastland county, Texas. In 1925 he moved to Amarillo, where he has since lived.

He constantly seeks to safeguard and protect the legal rights and privileges of veterans. Compensation for disabled veterans and their dependents, pensions for dependent families of veterans, hospitalization of disabled veterans, veteran employment preference in the state and national governments, government recognition of veterans, and issues concerned with the men in the army, navy and marine corps of the United States—these are among the important matters which engage the attention and endeavors of the Veterans of Foreign Wars of the United States.

Justice for veterans cannot, unfortunately, be left to the American people as a whole, nor to Congress. Public fancy is fickle; public affection short-lived. The V. F. W. has learned from sad and costly experience that it must be ever watchful and on guard to see that the men, women and children who paid the greatest share of the costs of war in privation and suffering and heartache and life itself, be treated with even common humanity and decency once the smoke of battle has cleared away. It is only while flags are waving and martial music playing that the public acclaims soldiers as heroes and saviors of their country. The V. F. W. spirit of comradeship, then, calls for eternal vigilance in behalf of our disabled comrades, our unemployed and needy comrades, and their dependent wives and children.

The second activity of the Veterans of Foreign Wars of the United States which exemplifies our traditional spirit of comradeship is our nationwide service and liaison work. Our National Service Bureau at Washington, with its staff of experts, and service and

STATE V. F. W. COMMANDER IS AN EXPERT IN PHOTOGRAPHY

E. E. Wiseman, state commander of the Veterans of Foreign Wars of the United States, who will accompany National Commander James E. Van Zandt to Pampa Monday, was born in Pittsburg, Kan., where he attended grade school, high school and college. He moved to El Paso in 1909 and married in that city in 1911. He is a salesman and mechanic by trade.

After enlisting in the United States army, Commander Wiseman was made chief instructor of cameras and lenses at the army school of photography located at the Eastman Kodak company in Rochester, N. Y. He went overseas with the Tenth Photo section, signal corps. Upon his discharge, he returned to El Paso to resume his work as a mechanic. He is now captain of a quartermaster reserve corps, motor unit branch. He is a charter member of Davis-Beaman post #12, El Paso. He has held many state offices and was elected state commander at the last convention.

The 16th annual encampment of the Texas department V. F. W., will open at San Angelo on June 21, which will be Commander and Mrs. Wiseman's 25th wedding anniversary.

Petrels have become the prey of hungry gulls.

Another Mark for Pampa!

We extend our appreciation to the V. F. W. Boys for bringing another important meeting to Pampa.

THERE'S NO MYSTERY

about the

PERMANENT SILENCE OF ELECTROLUX REFRIGERATION

IT'S THE RESULT of the basically different method of Electrolux operation (no machinery at all!)... the key to every one of the famous Electrolux advantages:

No moving parts to wear

Lasting efficiency

Continued low operating cost

Fullest food protection

Savings that pay for it

The silent operation of Electrolux amazes a lot of people until they learn how much more simply Electrolux works than any other refrigerator. In Electrolux, a tiny gas burner takes the place of all moving parts. That's why it's the only refrigerator that is able to offer the comfort of permanent freedom from noise... as well as all the other big, long-life advantages listed above.

See the new 1936 models on display at our showroom. Today, more than half a million Electrolux are serving faithfully, economically, in homes the country over. This year's Electrolux offers even more in efficiency, convenience, and beauty. Ask about our liberal purchase plan.

Spirit of Comradeship

The foundation upon which the Veterans of Foreign Wars of the United States was established in 1899, and upon which it has grown and flourished for more than 36 years, is comradeship. Kindred tastes and interests, congeniality of temperament and mind, and mutual sympathetic understanding prevail among men who have had similar experiences of patriotic service among the hardships and dangers of war. The members of the V. F. W., men who have worn the uniform of the United States during hostilities in every part of the world—have a deep, common interest, based on those shared experiences and born of the patriotic ideals which called them to their country's defense in time of need.

Today, the spirit of comradeship in the Veterans of Foreign Wars of the United States is wider and deeper and stronger than ever before. It provides a bond that brings together men of all ages and all ranks, of every business and profession and trade—brings them together in more than 3,300 local V. F. W. posts throughout the country. Former sailors and soldiers, officers and enlisted men, veterans of war emergencies and men of the regular armed services—all meet in the great and real democracy of the V. F. W. where general and private, admiral and ordinary sailor, are comrades under the Cross of Malta.

But the members of the Veterans of Foreign Wars of the United States would consider themselves unworthy of the pride they have in their organization and its history if they permitted the spirit of comradeship to become an intangible thing related only to memory and reminiscence. The spirit of comradeship in the V. F. W. is the motor power behind its every activity. Particularly does the spirit of comradeship govern our nationwide program in behalf of disabled veterans and their families, the dependent widows and orphans of veterans who have died, and all the other matters of veteran welfare and veteran rights in which the V. F. W. is primarily and consistently interested.

In two important ways does the V. F. W. spirit of comradeship manifest itself. One of these is through our legislative program, directed by a national legislative committee. All laws and all proposed laws affecting veterans and veterans' dependents come within the field of endeavor of this legislative committee. The V. F. W.

TEN NEW RECORDS ESTABLISHED IN TEXAS RELAYS AND ONE IS TIED

ALLEN GRABS SPOTLIGHT IN HURDLE RACE

FRANCIS OF NEBRASKA HURLES SHOT PUT 51 AND 9

AUSTIN, March 28. (AP)—Records hit the skids today in the Texas relays, athletes establishing ten new marks and tying one old record.

Sam Francis of the University of Nebraska started the record smashing spree when he heaved the shot 51 feet, 9 and 3-8 inches to better the old mark by nearly seven inches, set by a former Nebraskan, Hugh Rhea in 1931. From then on records fell with marked regularity.

In the university class, records were set in the one-mile team race, quarter and half mile relays, distance medley relay, pole vault and shot put. The only record broken in the college class was the medley relay, while the one mile relay record was tied. High school records broken were the 120-yard high hurdles, 100-yard dash and the shot put.

Sam Allen, crack hurdler from Oklahoma Baptist university, breezed to an easy victory in the university and college class 120-yard high hurdles. His time of 14.7 seconds was four-tenths of a second over his Texas relays record. In an exhibition race he was timed at 14.5, easily defeating Johnny Morris, former Southwest Louisiana Institute star.

Glen (State) Hardin, formerly of Louisiana State, showed excellent form in winning a special 400 meter hurdle race in which he holds the world record. Hardin defeated Alex Cox, former captain of the University of Texas track team. Hardin's time was 54.9 seconds.

Billy Roy, representing Loyola of the South, skinned the bar at 43 feet, 9 and 7-8 inches in the pole vault, cracking a record that had stood since 1930. Roy made three attempts to clear 14 feet but knocked the bar off each time.

The University of Texas' sensational relay team hung up a record of 1:25.6 in the half-mile relay. The old mark was 1:27 while the world record in the event is 1:24.8. Texas also clipped two-tenths of a second off the record in the quarter-mile relay, running it in 41.5.

Rifle Club Will Prepare Range for Shoot in Afternoon

Members of the Pampa Rifle Club were given a week to get in trim for manual labor when a duster kept them from putting the range in order for shooting last Sunday. The detail will start to work this morning at 9 o'clock, weather permitting.

Oiling of the target racks, placing of targets and smoothing the rest boxes will be completed this morning so that shooting may start at 2 o'clock in the afternoon. Shooting will be over the 200-yard distance.

CATS BEAT SYRACUSE
FORT WORTH, March 28. (AP)—The Fort Worth Cats defeated the Syracuse Chiefs of the International league 7 to 5 in the first exhibition game of the season at La Grave field today.

White Deer Thin Clads Beat Harvesters as Mauldin Stars

Ayer Leads Scoring For Pampa With 14 1/2 Points

Thinclads from Pampa and White Deer high schools staged an impromptu track and field meet at Harvester field on Friday afternoon with the visitors having the better of the argument by five points, the final count being White Deer 55, Pampa 50.

Water from the football field had wended its way across the newly constructed 440-yard track and the races had to be staged behind the grandstand. As a result entrants were handicapped. The high jump, high hurdles, and pole vault events were not contested and only the first three places counted in the other events.

Mauldin, White Deer's ace who made things uncomfortable for entrants in the district meet here last year, lead the parade with 16 1/2 points. "Deacon" Ayer, out for the first time, led the Pampa thinclads with 14 1/2 points. Ayer gave excellent performances in the 440-yard dash, the javelin throw, and also as anchor man in the relay.

Although Coach Dick Dennard's boys have been practicing only a few days, many of them showed promise of developing into contenders. There will be a scarcity of dash men, however. The coach will concentrate on his distance and field men.

Two promising half-milers cropped up in Junior Strickland and E. W. Hogan. Maxey, running the distance for the first time, also showed stamina. Cleve Drake, a midget for a miler, went the route for the first time Friday and finished second with a wonderful burst of speed as he outdistanced Hendrix.

"Moose" Hartman, after taking second in the discus, failed to show up for the shot and javelin where he was expected to place. Bowsher came to the front as a dark horse in those events and he may develop into a point maker.

Mauldin's first places in the 100-yard dash, 220-yard dash and the half mile, in which he specializes, pulled White Deer to the front early in the meet. The Harvesters showed plenty of grit in fighting an uphill battle and a strong team might be developed.

Events staged:

100-yard dash—Mauldin, White Deer; Morgan, Pampa; Moore, White Deer. Time, 10.6.

220-yard dash—Mauldin, White Deer; Moore, White Deer; Brown, Pampa. Time, 25.4.

440-yard dash—Ayer, Pampa; Thornburg, White Deer; Maxey, Pampa. Time 57.6.

880-yard run—Mauldin, White Deer; Strickland, Pampa; Phillips, White Deer. Time 2:31.9.

1 Mile run—Thurlow, White Deer; C. Drake, Pampa; Hendrix, Pampa. Time 8:21.5.

Javelin—Ayer, Pampa; Urbaneczyk, White Deer; Bowsher, Pampa. Distance, 141 feet 9 1/2 inches.

Discus—Urbaneczyk, White Deer; Hartman, Pampa; Thornburg, White Deer. Distance, 103 feet 2 inches.

Shot put—Thornburg, White Deer; Bowsher, Pampa; Urbaneczyk, White Deer. Distance, 40 feet 9 1/2 inches.

Broad jump—Moore, White Deer.

FREE GOLF CLASS TO BEGIN MONDAY NIGHT AT SCHOOL

Postponed last Monday night because of the dust, a free golf school to be conducted by Del Love, professional at the Country club, will begin at 8 o'clock tomorrow night in the red school building on central campus.

Every golfer in the city interested in improving his or her game, or in learning how to play golf, is invited to attend the course, which will last about eight weeks. One lesson will be given each Monday night at 8 o'clock.

All that is necessary is to take an iron along for practice purposes. The course will open with grip and stance being discussed.

Qualifying for a ladder tournament will be staged today, weather permitting. The first 18 holes of the necessary 36 holes to qualify was to have been played last Sunday but high wind made play impossible. Mr. Love is asking players to turn in all scores so that he can arrange a handicap for future tournaments.

Wheeler Noses Out Mobeetie In Close Meet

WHEELER, March 28.—Wheeler's track and field team eked out a decision over the Mobeetie thinclads in a thrilling contest here this afternoon. Shamrock took third place, far behind the other two schools.

The Wheeler aggregation ran up 58 1/2 points to 57 for Mobeetie. Shamrock made 32 1/2 points for third place. Mills of Shamrock was high point man, a quarter of a point ahead of Cain of Wheeler.

Mobeetie won the Class A junior division with 32 points, defeating Shamrock with 29 and Wheeler with 4.

The Class B senior section went to Magic City with 81 points. Kelson registered 31 and Briscoe 25 points.

Kenton and Biscoe tied with 28 1/2 points in the Class B junior division. Magic City was third with 7 points.

The Class A ward school section went to Mobeetie with 27 points. Wheeler took second place with 21 points and Shamrock was third with 18.

In the Class B ward school division, Magic City won with 33 1/2 points over Lela with 17 1/2 and Briscoe with 12.

Twitty won the rural, making 29 1/2 points to defeat Grady with 17 1/2 and Plainview with 6 points. Center View won the pentathlon.

Dallas Beats Indians 10 to 6

SEREVEPORT, La., March 28. (AP)—Bunching 15 hits off rookie hurlers, Sone and Orsdel, the Dallas Stars defeated the Oklahoma City Indians, 10 to 6, in the first of a two-game series here this afternoon. It was truly a day for the sluggers, the losers making 13 safe knocks.

Longhorns Blank Rice Owls 5 to 0

HOUSTON, March 28. (AP)—Behind the airtight pitching of Norman Branch, the University of Texas Longhorns blanked the Rice Owls 5 to 0 in the opening game of the Southwest conference card (for both teams here today). Branch permitted but six blows and struck out 15 batters.

OFFERS BEAT MISSIONS

LAREDO, March 28. (AP)—The Tulsa Oilers defeated the San Antonio Missions 8 to 7 here today in the first of a two-game exhibition series. Thomas relieved Buchanan on the mound for Tulsa in the sixth inning and limited the Missions to one hit and no runs for the remainder of the game. Tulsa's three tallies in the eighth sewed up the game for Oklahoma.

Ayer, Pampa; Brown, Pampa. Distance, 18 feet 5 1/2 inches.

220-yard low hurdles—Brown and I. Noblitt, Pampa, tied; Crowley, White Deer. Time 28.3.

1 Mile relay—Pampa (Drake, Brown, Bailey, Ayer); White Deer (Moore, Phillips, Thornburg, Mauldin).

Panhandle Will Face Tough Grid Schedule In Fall

PANHANDLE, March 28.—Coach Pat Gerald's Panhandle Panthers face the toughest schedule in recent years when they open the 1936 season on Sept. 18 with the Hereford Whitefaces providing the opposition. The game will be played in Panhandle.

The Panthers have been going through a rigid spring training period. Although many stars from last year will be lost, Coach Gerald has a promising bunch of youngsters coming up.

The schedule follows:
Sept. 18—Hereford here, (night).
Sept. 25—Canyon here, (night).
Oct. 2—at McLean, (night).
xOct. 9—at Claude, (day).
xOct. 16—Miami here.
xOct. 23—Whittemburg here, (night).
Oct. 30—at Perryton, (day).
xNov. 6—Groom here, (night).
xNov. 13—at White Deer, (night).
x—Denotes conference games.

JONES BREAKS RECORD

AUGUSTA, Ga., March 28. (AP)—Putting sensationally with his rejuvenated "Calamity Jane," Bobby Jones scored a record breaking 64 on the Augusta National golf course here today. The mark was eight strokes better than par and one under the former course record. Jones, retired kingpin of golf, and Ed Dudley, Augusta National pro, held the former course record of 65.

Fans Invited To See Road Runner Men Practice Today

Baseball this afternoon at Road Runner park at 2:30 o'clock, announced Manager Sam Hale of the Road Runners after a long practice session yesterday afternoon. The squad will be divided for a game. The public is invited to watch the workout.

Newcomers and former Road Runners continue to appear in uniform as a few of the rookies disappear from the scene. Several of the newcomers are still working under the critical eye of Manager Hale. A few may make the grade.

Defty Cox, former Road Runner first baseman, appeared in uniform yesterday. Ray Riley, a member of the team when it was first organized, also appeared on the scene. Harvey Hutton, last season's world Coltexo Gassens, took a turn on the mound and showed some of his old speed.

A newcomer, Ted Halbig, has been hitting the ball hard and showing speed in the outfield. Halbig played two seasons with Mangum in the Texas-Oklahoma league. He joined Standford here near the close of last season.

Business Manager Harold Miller received a long distance call from a shortstop in Fort Worth yesterday. The player informed Miller that he would arrive here Monday and take a chance on making the team. He didn't ask for transportation or assurance of a job.

The pitchers are putting a little more on the ball every day. Gene Ledford showed more yesterday than in mid season last year. Dilbeck, also a portsider, was dishing the ball up in great style. Braly reported his arm feeling fit as a fielder.

The Road Runner veterans, Daney, Bulla, Hardin and Stewart, are taking things easy in early practices. The report little soreness.

ELECTROCUTED

ROSWELL, N. M., March 27. (AP)—J. E. Tebbets, 30, lineman for a local power company, died two hours after he received a 2,300 volt shock today, when his foot slipped from a pole cross-arm while he was repairing a high-tension wire.

The man grabbed the wire to save himself from a fall, and took the full voltage. A companion, donning rubber gloves, tried him from the contact.

ABANDONED BOY IS CONTENT TO LIVE WITH MARSHALL SHERIFF

MARSHALL, March 28 (AP)—Eight-year-old Charles Hudson Jr. romped contentedly about the home of his self-adopted "Uncle Reuben" today and seemed little interested in whether the parents who abandoned him here were ever located.

"Uncle Reuben" Mosley happens to be the high sheriff of Harrison county and is pursuing efforts to restore the boy to his parents or other members of the family, living in Bristol, Va.

The friendly little lad was found on the highway west of Marshall after he had been deserted by his mother and step-father, hitch-hiking from South Texas to Virginia.

Three Marshall couples already had inquired about the boy and expressed a desire to adopt him, Sheriff Mosley said, adding that he and other authorities contemplate no action along this line until word is received from Bristol.

The boy said he had an uncle whose name was Clyde Hudson, as well as a grandmother.

As far as little Charles was concerned, he was perfectly satisfied to stay on indefinitely with the sheriff.

"I can't be adopted but once and I've already done that," the blond lad explained in all seriousness.

Meanwhile, Sheriff Mosley kept the boy at his home and the wayfarer proceeded to enjoy himself thoroughly playing with a toy automobile, thumbing through picture magazines and keeping watch on a brood of chickens.

"Uncle Reuben" even undertook to carry the boy's education, teaching him how to count. The sheriff announced proudly that Charles already could count up to 33.

Officers received a report that the boy's parents had been in Hallsville last night, inquired of the boy, but left without disclosing their future plans.

RA Project to Begin in Texas During This Week

DALLAS, March 28 (AP)—This family consists of wife and 1, one milk cow, one 1250 pound mule about 12 years, one mule 1175 pounds, one iron-wheeled wagon.

This does a Rockwall county farmer start his inventory in applying to the U. S. resettlement administration for inclusion in its farm purchase project, in which the wheels start turning this week.

In twelve Texas counties, 200 of the most able and industrious tenant farmers are being nominated by the county agents and approved by the local advisory committees for inclusion in the program.

One of the first farms bought was a 112-acre tract in Grayson county. It was purchased from the Joint Stock Land Bank and optioned to F. H. Scharff, the tenant now living upon it. Scharff was nominated by the county agent, approved by the advisory board, accepted by the Resettlement Administration after investigation by its field men.

The Grayson county purchase was one of a number of early ones completed after submission to authorities at Washington who hope to make it a pattern case.

The Scharff farm and 200 others in Texas will be improved under the resettlement program. Enough waste land will be fenced to pasture half a dozen cows and two brood mares. A well will be dug. The barn will be rebuilt. Annual payments approximating the former rent will be made by the new owner, who has an option to buy within the next five years, meanwhile paying an annual rental, amounting to three percent of the option price.

Scharff's planting schedule this year includes beans, 10 acres; cotton 38 acres, corn 5 acres; oats 10 acres.

Ben Gray, county agent nominated him and 18 others in the county. Gray says he believes the plan is the surest way to hold down cotton acreage.

LIFE GOES ON

by CAREY HOLBROOK

WILL TRADE—Equity in lot for trailer! Now that Spring is actually, Or practically, assured, Despite a stay of thirty days Old Winter has secured; Despite a rumor going round That Summer may be late, I have a trade or two I feel I might negotiate!

I'd like to swap a cottage For a bungalow on wheels, And a set of Harvard Classics For a flock of rods and reels. I'd like to trade an overcoat With nothing much to boot, For a pair of beach pajamas Or a gaudy bathing suit.

Since Spring is in the offing And the offing near at hand, I feel the urge to travel To some dim and distant land. So I'd like to swap my equity In real estate in town, For anything of equal worth That isn't fastened down!

NEW PROJECTS AT PARK TO BE LAUNCHED NEXT MONTH

Definite approval of material for building projects at the fairground park here is expected by March 31, according to WPA officials at Amarillo. The state office is studying details.

Meanwhile, 80 per cent of the dirt has been moved for the race track and material for the fence is awaited. Paint for the fence has already arrived.

The recently topped tennis courts at the Woodrow Wilson school is being watched as the asphalt cures. About 30 days is required for the asphalt, of the kind sent, to set. Topping of the courts at the city park is nearly complete. A different type of asphalt may be used on the remaining courts.

Pouring of concrete for the guard rails at the bridge east of the Sam Houston school was under way yesterday. The bridge will be complete when shaping of the approaches and a bit of landscaping is done.

TOWNSEND ADVISORY BOARD WILL MEET HERE TUESDAY

A meeting of the advisory board of the 18th congressional district of Townsend clubs will be held here Tuesday afternoon, it was announced yesterday.

The session will begin at 2:30 p. m. at a place to be announced later. Among those present, in addition to the board, will be W. W. Parkinson of Amarillo, organizer for the south half of this district, and J. M. Johnson of Dalhart, organizer for the north half.

Members of the advisory board include: R. V. Converse, Spearman; J. E. Gilbert, Canadian; J. R. Miller, Borger; Mrs. Newton, Dimmitt; Dr. C. W. Baynham, Amarillo; Allan Stagg, Vega; Dr. Miles Frost, Pampa.

In the evening at 7:30 o'clock Mayor Miller of Borger will be the principal speaker at a public meeting in the district courtroom at 7:30 o'clock.

FORMER 'ALKY' VENDOR FIGHTS WITH ITALIANS

Ex-Gangster Drives Truck For Il Duce

(Editor's Note: This is one of a new series of "Typewriter Snapshots of the Ethiopean War" by Edward J. Neil, Associated Press correspondent, with the Northern Italian army.)

BY EDWARD J. NEIL
Associated Press Foreign Staff

SEELACLAGA, Takazze Battle Region, Ethiopia, March 28 (By air-mail and boat to New York, March 27) (AP)—There was a lull in the fighting, and up from the rear, covered with dust and grime and pouring perspiration in the heat of the late afternoon came one extremely large blackshirt, and one dark little one trailing at his heels.

"You guys Americans?" the big one demanded.

The little one said nothing.

"I'm from Chicago," said the big one. "Name's Jack Rose. Ever hear of me?"

No one had, and the little one said nothing.

"Remember that St. Valentine's day massacre? Well I'd have been number 8 against that wall if I hadn't been sick that day."

It wasn't nice to ask right out if that meant that Mr. Rose was a gunman, and so the question was framed more politely. What was his business before the war, what brought him here?

"Oh, I sold stuff, mostly," he said.

"Yah," said the little one, breaking his silence. "Mostly alcohol."

"Okey," said Mr. Rose. "Make it alcohol. But things got tough with repeal. Maybe you heard about the depression. Nothing else happening so I came over here looking for excitement."

The little one?

"Yah, I was a bootlegger too."

And had they found excitement? There were two wrathful explosions at the same time.

"Yah," snorted the little one. "We're driving trucks. We that have been driving beer wagons all our lives."

And they stamped off into the dust and heat again.

The News' Wash-Ads bring results

WHITE DEER NATIVE RIDING HORSE FROM N. Y. TO TEXAS

SONORA, March 28 (AP)—A winner's journey of 2,350 miles from the Adirondack mountains of the Empire state to the sun-baked rolling hills of southwest Texas, will end when David Mitchell dismounts from his black stallion, Cheyenne, here early in April. He hit the trail November 26, last.

Mitchell, 26, decided to ride Cheyenne bareback from Corinth, N. Y., to Sonora when his mother and step-father, Mr. and Mrs. Charles Long, sold their dude ranch, located 19 miles northeast of Saratoga Springs and prepared to return to their native Texas.

The Longs made the journey by truck in January but they became anxious when weeks passed and no word came from David. February 12, however, the parents received a letter from a toll bridge keeper that the young man had crossed the Tennessee River at Loudon, Tenn. Mr. Long had sent inquiries to bridge keepers along the route he expected David to take.

After hearing from the Loudon bridge keeper, Mr. Long telephoned the Memphis police and asked them to issue a pick-up order and bring young Mitchell to a telephone. They did so March 1 and he told his mother he and the horses were

"coming along fine" at 20 miles a day when the weather is favorable. Riding Cheyenne, Mitchell leads "Tede" an Indian paint pony and a family pet, which carries his pack.

Mitchell told Memphis newspaper men he slept out when weather permitted.

"It's been fun," he said. "Passenger cars slip up behind me and drivers blow their horn, but truck drivers never try to make my horses shy."

Mr. Long said he was born at White Deer, in the Texas Panhandle, the son of an early day trail driver.

He was a cowboy for many years and on the stage for 15 years. David's reason for traveling without regulation saddle is not known.

Approximately one-half of the cultivated land in Sweden, amounting to 4,200,000 acres, has been electrified.

Pre-War Basis Is Goal of U. S. Farm Exporters

WASHINGTON, March 28 (AP)—Preparation for American competition in export farm markets on a pre-war basis by 1937 was disclosed today at the department of agriculture.

The division of foreign crops and markets announced that in 1935 all the great importers of United States agricultural products, with the single exception of Germany, had in one or two cases exceeded and in others came near reaching their 1909-10 to 1913-14 percentages.

Published tables showed the United Kingdom took 34.3 per cent of the total exports compared with 37.2 per cent in the pre-war period, France took 7.1 per cent, a fraction less than the pre-war 8.0 per cent, and Italy stood even at 4.2 per cent. Japanese imports moved from 2.3 per cent to 14.1 and Canadian increased from 4.6 to 23.

Statisticians emphasized that while foreign customers purchased their pre-war percentages of American farm exports they took neither the pre-war volume, nor value. They did not expect 1937 exports to reach the pre-war mark.

For instance, the value of American farm exports in 1935 was given as \$747,700,000 compared with \$1,038,000,000 average in pre-war years.

AAA officials said the foreign situation by trade figures indicated a normal correlation between farm surpluses and export outlet by 1937 when major crops were expected to compete abroad on a world price basis.

Miss Harriet Hunkapillar, student at Texas State College for Women, Denton, is spending several days with her parents, Mr. and Mrs. C. T. Hunkapillar.

Mrs. W. J. Barts underwent a major operation at Pampa-Jarratt hospital yesterday. Her condition was favorable last night.

14-Year Old Boy Is Good Cook

HOUSTON, March 28 (AP)—Fourteen-year-old Fred Drews should make some girl a good husband when he's grown.

Fred is the equal of any feminine student of San Jacinto high school here in cooking or taking care of babies.

He is not a "sissie" for, next to standing over a mixing bowl he would rather be playing baseball or riding his horse, Babe. He goes for long rides almost every afternoon.

Of more than 500 students taking home economics at the school, Fred is the only boy.

"That doesn't bother me," he says. "At first the fellows kidded me a whole lot but after they tasted my muffins they decided it was okeh."

Fred, son of Mr. and Mrs. F. C. Drews, won first place in a muffin contest last year.

"You see, I used to be a Boy Scout," he explains, "and we would cook when we'd go on hikes. Not knowing much about that sort of thing then I found it was kinda tough eatin' your own cooking."

"I can't get the idea why fellows shy away from domestic science. It comes in mighty handy."

Fred says his training in child care has proved useful in "tending" his baby brother when his mother is ill or busy.

The boy hasn't decided whether he will be an "expert chef" or operate a riding academy when his school days are over.

The Bolivian railway company is planting thousands of eucalyptus trees on its shifty clay soil property at La Paz to end erosion.

NICKEL FOR STAMP
MALLEEN, March 28 (AP)—A Kingsville man wrote a letter to a McAllen friend and, having no stamps, affixed a nickel, with a paper clip to the upper right hand corner of the envelope. The letter arrived at the McAllen post office the nickel safely in place. Postal workers put a three-cent stamp on the letter and mailed the sender a two-cent stamp—his change.

Ten Cars Carry Flowers to Grave Of Mrs. Fraser

The First Methodist church was filled almost to capacity and flowers

banked the entire front of the auditorium Friday when last tribute was paid to Mrs. William T. Fraser, 28, who died in a local hospital Thursday morning. Floral offerings were still being received yesterday, it being impossible for florists to fill all orders before the funeral hour. Ten cars were required to carry the floral offerings.

Rev. John Mullen, pastor of First Christian church, spoke last rites for the prominent Pampa matron, wife of City Commissioner W. T. Fraser. Burial was in charge of the G. C. Malone Funeral home. Members of the Pampa Lions club and Pampa Junior chamber of commerce, of which Mr. Fraser is a member, were seated together, as were municipal employes.

Mrs. Fraser is survived by her husband—daughter—Mary Nick, and twins, Linda Lou and Donald Lee. Her parents, Mr. and Mrs. W. B. Nicholson, Mineral Wells, and a brother, Lawton Nicholson of Pampa, also survive.

THE UNITED

FARMER-LABOR PARTY FOR '36 IS ADVOCATED

GOVERNOR OLSEN MAY BE CANDIDATE FOR PRESIDENT

St. PAUL, March 28 (AP)—An enthusiastic Farmer-Labor party convention today adopted a resolution looking toward formation of a national third party for the 1936 political campaign, and welcomed with noisy acclamation a hint that Gov. Floyd B. Olson might be a presidential candidate in 1940.

The roll call of delegates to the party's state convention, showed 368 1/2 votes for the resolution and 250 1/2 against. William Mahoney, former farmer-labor mayor of St. Paul urged against adoption of the resolution as did Knud Wefald, railroad and warehouse commissioner, who pleaded that this step be postponed another four years and expressed the "hope for 1940, if God gives Floyd B. Olson health and strength, he will be a candidate for president."

Governor Olson, who yesterday opened wide the doors for a national third party resolution, said to the press privately that in his opinion the resolution could do no harm since it does not commit the liberals to putting a national ticket in the field this year. Neither does it authorize formation of such a ticket unless a second convention convenes and ratifies any action a proposed "exploratory conference" may take.

WASHINGTON, March 28 (AP)—Prospective collisions in the campaigns to nominate Senator Borah of Idaho and Governor Landon of Kansas for the presidency challenged many republicans' peace of mind tonight.

With tactics on behalf of each becoming plainer, if not more aggressive, speculation about the effect in the Cleveland convention and afterward fed on political developments this week.

High in general considerations was the significant New York speech by Col. Frank Knox, in which he took a position for tariff revision more to the taste of the exporting farming west than the industrial east.

He, or a "dark horse," would stand to benefit from any clashes in convention between irreconcilable alignments.

Landon alone benefitted in actual delegate strength during the week gaining six pledged to him from Missouri to bring his total to 51 out of 1,001. Knox has 11 and Borah none as yet.

An endorsement of his candidacy by Dr. F. E. Townsend, originator of the \$200-a-month old age pension plan, was welcomed by Borah. Townsend emphasized it was personal preference and did not bind his organization. He once more threatened a Townsend third party unless one of the major parties tags along with his idea. Considered together, the passing

KANSAS CITY LIVESTOCK

KANSAS CITY, March 28 (AP)—(USDA)—Receipts of cattle for the week at midwestern markets totaled 169,600 against 168,307 last week. In Chicago, best weighty steers landed at 11.75 and yearlings at 11.00. Choice heavy heifers topped at 9.35; majority of butcher cows are selling from 4.50-5.75, odd loads up to 6.25. Stockers and feeders sold at 6.00-8.85. Choice native lambs in small lots made 10.75, while load lots of choice westerns cashed up to 10.50; choice 130 lb. fed ewes made 6.00; feeding and shearing lambs brought 8.75-9.85. St. Louis had a late hog top of 10.80.

days continued much that resembled maneuvering—a word here, a move there, each directed in its way to the approaching showdowns.

Topping the week since his belting Chicago speech, Borah decided today to enter the May 15 Oregon primary. A New Jersey delegation invited him to go in there also. They reviewed the situation; but deferred decision until early next week.

If he does so, the New Jersey primaries—May 19—may provide the first and only direct test against sentiment for Landon. The regular republican slate, including Governor Hoffman and former Senator Edge, are counted for the Kansas executive.

Apparently content with the way things are going within the party for renomination of the Roosevelt-Garner ticket, the democratic organization has come to single out Landon more for special attacks hitherto concentrated on former President Herbert Hoover.

Henry Picard Beats Mangrum At Pinehurst

PINEHURST, N. C., March 28 (AP)—Henry Picard, of Hershey, Pa., completed five rounds of consistent scoring over one of the world's most testing golf courses by firing a 72 today to defeat Ray Mangrum, of Pittsburgh, by five strokes in a playoff for the North and South open championship.

For the five rounds of the tournament and playoff, Picard scored 71, 72, 73, 72, 72 and thus was even par for 90 holes over the remodeled No. 2 course here. Mangrum matched Picard's 72-hole total of 288 with scores of 73, 68, 75, 72, but took a 77 in the playoff for the gold medal and \$1,000 which went to the winner.

Second place money in the \$4,000 tournament was \$600. From the first hole Picard was always in the lead in the playoff. Picard finished out the nine holes with a 33 while Mangrum had a 39.

Sterling P. Strong, Ex-Congressman, Dies at Dallas

DALLAS, March 28. (AP)—Former

Congressman-at-large Sterling Price Strong died today at his home in University Park, Dallas suburb. He was 73 years old.

Burial will be in the old Oak Cliff cemetery. In 1930 he was defeated by Edgar T. Witt, Waco, in a runoff for the office of lieutenant governor. The veteran politician, relatives said, was preparing to run again for congress this year. He completed his education in Eastman's college, Faughkepsie, N. Y., in 1894, and came to Texas.

NATIONAL VFW COMMANDER TO ADDRESS PUBLIC DURING VISIT

VAN ZANDT IS CREDITED WITH BONUS VICTORY

VETS' LEADER KNOWN AS A FORCEFUL SPEAKER

When immediate cash payment of adjusted service certificates—famously known as the "bonus"—was authorized by the 1936 congress, millions of World War veterans throughout the United States credited "Jimmie" Van Zandt with the victory. For it was Jimmie, otherwise Commander-in-Chief James E. Van Zandt of the Veterans of Foreign Wars of the United States, who personally led the united forces of the nationwide organization through the last strenuous two years of a battle that began in 1925—a battle in which the V. F. W. fought alone for many years.

Commander-in-Chief Van Zandt of Altoona, Pa., now serving his third successive term as leader of the V. F. W., will visit the city of Pampa on March 30, as the guest of Pampa Post No. 1657, local unit of the nationwide overseas veterans' organization. He will arrive at 11 a. m. from Amarillo.

Recognized as one of the most forceful leaders in organized veteranism, Van Zandt is known throughout veteran circles as a vigorous, two-fisted, plain-speaking fighter who gives no quarter and asks none in defense of the veteran. He primarily champions the cause of the disabled veteran and his dependents, in whose behalf the V. F. W. is seeking a uniform pension system as one of its major legislative objectives.

Since his first election to office in September, 1933, Van Zandt has traveled an annual average of more than 300,000 miles in the interests of the V. F. W. three-fold program of veteran care and rehabilitation, child welfare and Americanism. A gifted and experienced speaker of unusual magnetism, Van Zandt has addressed thousands of public mass meetings, state legislatures and other assemblies in the course of his frequent cross-country tours. His address here will be at 2 o'clock at the city auditorium, under the auspices of Post No. 1657. He will speak on the 1936 program formulated by the 36th annual national encampment of his organization at New Orleans.

The V. F. W. program, according to Commander D. R. Bartlett, Post No. 1657, who is in charge of local arrangements for Van Zandt's visit stresses the adoption of a permanent neutrality policy for America. Three additional points of the program are measures designed to further the movement toward ultimate world peace, Commander Bartlett said. They include federal control or regulation of the manufacture and sale of munitions, an adequate national defense to insure the safety of America's shores, and the conscription of capital and industry on an equal basis with man-power, in the event of war.

In his bonus victory, the V. F. W. achieved one of its three veteran welfare legislative objectives, a second one of which is a uniform system of pensions for veterans, based on length and type of service and disability. It also is working for a uniform system of pensions for the dependent mothers, widows, and orphans of veterans.

Another point of general public interest in the V. F. W. program that has to do with the welfare of the country as a whole, is a demand for the prosecution or deportation of aliens and other individuals who seek the overthrow of the government by force or violence.

The 1936 legislative program of the Veterans of Foreign Wars of the United States is evidence of the fact that our organization is composed of men who recognize and accept their patriotic duty as citizens of this country," Commander Bartlett said. "Because our membership knows from actual personal experience, just what war is, we are determined, so far as is possible, to avert the possibility of another world conflict, or, if one is inevitable, to insure this nation against participation in it. Our first step in this direction is our demand for a permanent American neutrality policy. If we can guard against America ever again participating in war, except in defense of our shores, we will have taken a long forward stride towards world peace."

DAVISES LEAD
LIVINGSTON, March 28. (AP)—The usual numerical superiority of the Smith and Joneses has fallen before the Davises here. Livingston's latest telephone directory reveals that not all the Smiths and Joneses with the Browns and Johnsons added could topple the Davises from No. 1 place.

Veterans Would Ask Teachers to Take New Oath

All teachers in public schools, universities, colleges, and other institutions of learning, will be required to subscribe to the oath of allegiance to the United States. If one of the 1935-1936 legislative objectives of the Veterans of Foreign Wars of the United States is attained.

Resolutions, calling attention to evidence that communism, and other anti-American principles are being taught in the American public school system by salaried instructors, were unanimously adopted by the recent 36th annual national encampment of the V. F. W. at New Orleans. The convention commander, its Washington legislative committee to seek Congressional enactment of a bill requiring the teachers' oath of all persons holding faculty positions in schools and colleges throughout the country.

The Veterans of Foreign Wars of the United States is conducting a nationwide Americanism program designed to promote higher ideals of citizenship and patriotism, especially among the youth of the nation and among foreign born residents, Commander D. A. Bartlett, Post No. 1657, of this city, said yesterday.

"One of the most threatening dangers we must meet today is the effort to reconstruct our Constitution and our form of government on the part of agents of radical groups and foreign governments," Commander Bartlett said. "Our school children must be protected from subversive teachings which they are too young properly to understand. The inroads being made by communism and other 'isms' in our public schools, and among our young people today, constitute a menace which must be faced and routed."

"The teachers' oath of allegiance to the Constitution of the United States, proposed by the Veterans of Foreign Wars of the United States, would guarantee the patriotic loyalty of the men and women who direct our children's thoughts and ideas during their school lives."

Veterans Dying At Rapid Rate—Needing Bonus

If world war veterans were to wait another ten years for the payment of their adjusted service certificates, death would rob one out of every seven of the money due him.

This statement is supported by figures obtained from the Veterans' Administration at Washington.

World war veterans are dying at the rate of eighty every day or approximately 30,000 a year. At the present rate, based on the American Table of Mortality, more than 400,000 veterans will die between now and 1945. Between the time the adjusted service certificates were issued in 1925 and the present time, almost 200,000 of the veterans have died. That is a total between the date of issuance and the date of maturity of approximately 500,000 of the three and one-half million men to whom the government owes this money who will die before they receive it.

The toll taken by the world war in the strength and vigor of its participants was completely unsuccessful in its efforts to negotiate with the existing authorities in North Russia and it was only when the Veterans of Foreign Wars of the United States, recognized as a private agency, undertook this great patriotic service, that cooperation with the Soviet government was obtained.

The Siberian Mission was financed by Congress and had the valued assistance of the Polar Bear Association of Michigan which obtained a state appropriation, that partly defrayed expenses. The V. F. W. Department of Michigan likewise rendered important cooperation.

The North Russia Expeditionary forces had been composed largely of Michigan men, with a few from Wisconsin and Illinois.

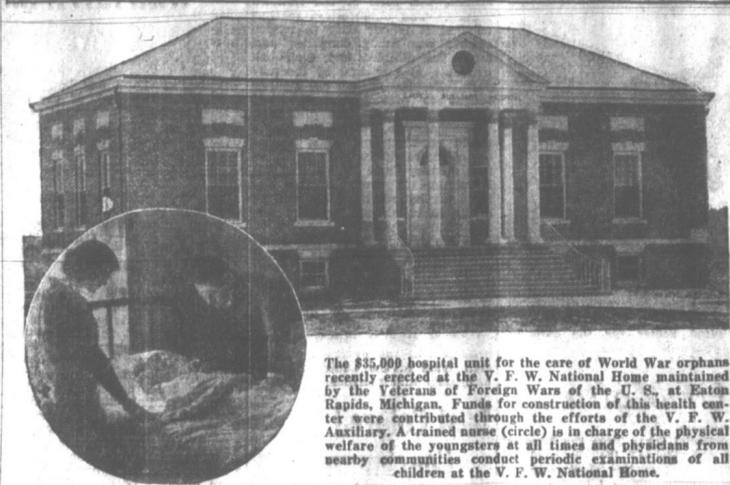

Every school child knows that The Star Spangled Banner was composed in 1814 by Francis Scott Key. Although this beautiful anthem was loved and sung by successive generations during the next one hundred years, no action ever was taken to make it the official anthem of the United States until, in 1925, the V. F. W. launched a campaign

H. H. Williamson, extension service director, said the funds would be released as soon as possible and that the amount might be boosted to \$500,000.

Meanwhile, erosion control committee treasurers in 25 of 26 counties that have applied for funds had posted necessary bonds and were eligible for immediate receipt of funds as soon as the money becomes available.

Surveys for contour lines had been completed in several counties and the work was rushed in other eligible counties.

Hospital at National Home

The \$35,000 hospital unit for the care of World War orphans recently erected at the V. F. W. National Home maintained by the Veterans of Foreign Wars of the U. S., at Easton Rapids, Michigan. Funds for construction of this health center were contributed through the efforts of the V. F. W. Auxiliary. A trained nurse (circle) is in charge of the physical welfare of the youngsters at all times and physicians from nearby communities conduct periodic examinations of all children at the V. F. W. National Home.

Highlights In V. F. W. History

In the course of its thirty-six years of existence, the Veterans of Foreign Wars of the United States has achieved a tremendous amount of important and constructive work. Much of this effort has been steady, consistent and of measured development along the lines of patriotic education, child care, veteran welfare, Americanism and the numerous other fraternal, patriotic, historical and educational purposes which comprise the cornerstone of the Gold Chevron Order.

On several occasions, however, the V. F. W. achievements have been of such spectacular and dramatic interest that they have riveted the attention and the popular approval of the entire nation. Such an achievement was that of 1929, known in V. F. W. circles as the Siberian Mission. Composed exclusively of members of the V. F. W., this Mission accomplished a hazardous trip to North Russia and, by grueling effort, located the rude graves of 36 American soldiers who had perished during the A. E. F.-Bolshevik campaign that followed the Armistice.

The bodies of these soldiers were returned to the United States. Most of these bodies were buried at Detroit, Mich., with impressive ceremonies. This achievement is all the more noteworthy because it climaxed many years of unavailing effort on the part of the United States Government, prior to official recognition of Soviet Russia.

When a total of 226 Americans died during their Russian service, the Graves Registration Bureau of the War Department recovered 112 of the bodies and returned them to the United States. Efforts to locate the remaining dead were interrupted by the overthrow of the Russian government and the institution of the Soviet Republic. The United States government, for several years, was completely unsuccessful in its efforts to negotiate with the existing authorities in North Russia and it was only when the Veterans of Foreign Wars of the United States, recognized as a private agency, undertook this great patriotic service, that cooperation with the Soviet government was obtained.

The Siberian Mission was financed by Congress and had the valued assistance of the Polar Bear Association of Michigan which obtained a state appropriation, that partly defrayed expenses. The V. F. W. Department of Michigan likewise rendered important cooperation.

with this objective. For the next three years, nationwide V. F. W. efforts, supervised by National Patriotic Instructor Walter I. Joyce, were directed toward this goal. Local V. F. W. units in every section of the country were supplied with petitions and they enlisted the aid of other patriotic and veteran groups, in obtaining the signatures of citizens for presentation to Congress. A total of 5,000,000 signatures was obtained and presented to Congress, resulting in enactment of a bill on March 3, 1931, making the Star-Spangled Banner the official national anthem. The fact that the V. F. W. had had the composition transposed to a lower key so that it came within the range of the average voice, help to win general popular approval of the campaign.

In the realm of veterans' affairs, no single federal law has had more importance than the Disability Allowance Act of July 3, 1930. It was the V. F. W., unsupported by any other veteran group, which fought five years for a World War pension bill. This act provided for disability allowances or service pensions for World War veterans who had served ninety days and who were suffering with a permanent disability of 25 per cent or more, regardless of service origin. It provided allowances of \$12, \$18, \$24 and \$40 a month for permanent disabilities of 25, 50, 75 and 100 per cent, respectively. More than 440,000 veterans were granted such disability allowance. Subsequently, the Economy Act of March 20, 1933, wiped out much of this legislation but totally and permanently disabled World War veterans still receive a federal government com-

WIDE FIELD OF VFW WORK IS CITED IN REASONS FOR SEEKING VETS' MEMBERSHIP

Why eligible veterans should join the Veterans of Foreign Wars has been outlined by the Pampa post as follows:

Its membership is limited exclusively to American veterans of overseas service.

It is founded on the spirit of comradeship common to men who have shared experiences under the American flag "on foreign soil and in hostile waters."

Veteran problems can best be solved by a united veteranism—in joining the V. F. W. you will add your strength to that of your comrades.

There is a continuing need for the patriotism demonstrated by overseas veterans in their war records.

Joining the V. F. W. will provide protection for your wife and children in the event of an emergency.

The V. F. W. is conducting a militant, courageous and independent battle in behalf of the "bonus." Augmented membership will strengthen the force of V. F. W. influence in obtaining immediate cash payment of adjusted service certificates.

The V. F. W. is dedicated to veteran welfare—the greater its membership, the more successful will be its endeavors.

It is the largest overseas veterans' organization in the United States. It perpetuates the common bond

of patriotic service among the men who have fought America's wars.

It is one of the five major veteran groups recognized by the United States government.

It is the only veteran organization maintaining a National Home for war orphans and widows.

It is non-partisan, non-secretarian and takes no part in labor disputes.

It maintains a national service bureau at Washington, D. C.

It is prepared and eager to help both active and former service men.

It conducts an annual, nationwide "Buddy Poppy" sale for the benefit of disabled veterans.

It offers friendship, understanding and service to "ordinary men of extraordinary service."

Its peace-time program is an un-

selfish and patriotic as the war-time service of its members. It sponsors an eight point program dedicated to veteran welfare, American neutrality and world peace. It conducts a permanent three-fold program of veteran care, child welfare and Americanism. It "honors the dead by helping the living."

ADULTS GET BOOKS
ROBSTOWN, March 28. (AP)—A ton of "rhythmics and readers has been distributed among members of adult education classes between Laredo and Corpus Christi, from Beville to Brownsville by H. B. Palmer, supervisor of adult emergency education activities in South Texas.

VAN ZANDT IS SERVING THIRD TERM AS COMMANDER OF F. V. W

ONLY OFFICER TO SERVE TWICE IN VETS POST

ELECTION RECOGNIZED HIS FIGHT FOR DISABLED VETERANS

James E. Van Zandt, Altoona, Pa., now serving his third successive term as commander-in-chief of the Veterans of Foreign Wars of the United States, is the first man since the World War to succeed himself twice as leader of America's largest organized group of overseas veterans.

"Jimmie" Van Zandt, as he is affectionately known to literally millions of veterans throughout the United States, has been a national officer of the V. F. W. since 1920, when he became national chief of staff. At the 32nd national encampment at Kansas City, Mo., in 1931, he was elected junior vice commander-in-chief; was advanced to senior vice commander-in-chief; was advanced to senior vice commander-in-chief at the 33rd national encampment at Sacramento, Calif., in 1932 and at Milwaukee, Wis., in 1933, was elected commander-in-chief. His unanimous re-election at Louisville, Ky., in 1934, and again at New Orleans, La., in 1935, came in recognition of his forceful leadership in the militant battle waged by the V. F. W. in behalf of disabled veterans and their dependents, immediate cash payment of adjusted service certificates and a program of Americanism that embraces the welfare and security of the nation and the people as a whole.

Unemployment in Veterans' Ranks Is Still Large

Unemployment among ex-service men was cited by Brigadier General Frank T. Hines, administrator of Veterans' Affairs, as one of the principal causes for the demand for immediate cash payment of World War veterans' "bonus" certificates. In his recent annual report as chief of the Veterans' Administration at Washington, D. C., General Hines stated that unemployment among ex-service men has greatly increased the demands for the cash payment of the adjusted service certificates.

Information received here by the Pampa Post of the Veterans of Foreign Wars of the United States, states that approximately 450,000 veterans throughout the country are seeking employment through the United States employment service, as of June 30, 1935.

This condition indicates, according to General Hines "the necessity for the several agencies of the federal government to continue their efforts towards placing these men in permanent employment in order that they may resume their normal place in society."

More than 40 per cent of the \$3,478,187,436 maturity value of the adjusted service certificates has been obtained in loans from the Veterans Administration or from banks, General Hines states. He cites the Civilian Conservation Corps as one of the principal agencies through which the veterans' unemployment problem is being solved, 31,175 veterans being enrolled in the Corps as of June 30, 1935.

"The CCC and the Veterans' Employment Service have helped materially, but they have not entirely solved the problem of the future of the unemployed non-disabled veteran now reaching middle age," the report reads in part.

Previously, Commander-in-Chief Van Zandt had served his organization as commander of James L. Noble Post No. 3, Altoona, and for two successive terms was commander of the department of Pennsylvania.

James E. Van Zandt enlisted in the United States navy April 29, 1917, when he was a senior in the Altoona, Pennsylvania, high school. He was trained at the U. S. Naval Training Station, Newport, R. I., and on board the U. S. S. New York. In June of 1917, he was transferred to the U. S. S. Albany and immediately placed on board an English merchantman as signalman for the first mercantile convoy to leave the States for Europe. For the remainder of the World War he served as a signalman on board various merchant ships, making twelve round trips.

After the Armistice Van Zandt served on board the U. S. S. Santa Paula in the return of troops to the States, making five round trips. Following this assignment, he served as athletic coach for the various sport teams at the Brooklyn navy yard. With the rank of chief quartermaster, Van Zandt was discharged in September, 1919, only to re-enlist in the Fleet Naval Reserves a few weeks later. He still is a member of the Reserves, having taken the annual summer cruise required by the regulations.

Active in sports since boyhood, Commander-in-Chief Van Zandt has held numerous A. U. championships. In February, 1924, he

The Cross Of Malta

By JUDGE ADVOCATE GENERAL HENRY F. MARQUARD

It has often been asked why we founders of our VFW organization adopted the Cross of Malta as the official insignia. The answer should be—it exemplifies the spirit of the V. F. W. What the Cross stands for, we stand for: Love, duty, sacrifice are cardinal virtues reflected from the cross which are, in fact, the principles that govern our lives as members of our beloved order. To better understand our subject, let us all go back into history and turn to the pages of its most picturesque and colorful episode—the Crusades.

This series of religious wars was carried on during the middle ages against the Turks in order that the pilgrims who came by the thousands, be permitted to visit the Holy Sepulcher, in Jerusalem. They also desired to build a church and hospital but were thwarted by the Turks who inflicted cruelties so violent that they were driven from the city. From the middle of the eleventh to the end of the thirteenth century, the Crusades continued. Men and women, even children, impelled by noble motives, attempted to force the infidels from the Holy City, but without success.

It was towards the end of the thirteenth century, or during the last phase of the Crusades, that we meet the progenitors of the Veterans of Foreign Wars—the Knights of Malta. In the Mediterranean Sea, just south of the island of Sicily, is the island of Malta. On the map it appears as a mere speck, yet from this little spot came the most noble of men to bring happiness into the world. They embodied the spirit of the Knights Templar, famed for their ability to fight, and the Knights Hospitaller, known for their humanity in providing for the sick and distressed Crusaders.

They carried as their insignia, an 8-pointed cross formed by four arrow heads meeting at the points. Each point represented one of the

to cling closer together. It is this love that is conducive to the fine comradeship found in the V. F. W.

The call of duty that the emblem sounds; was born of the nation's battles. The organization teaches us that it is our duty to render aid to our needy comrades and assist the disabled and their dependents, as was done by the medieval Hospitaller. We are further taught to protect and fight, if necessary, for American principles. The emblem, with the eagle shield superimposed, is a reminder of the sacrifices made by American soldiers since the days of the Revolution. It should further remind us that sacrifices can still be made in behalf of our more unfortunate comrades.

As we proudly wear this beautiful emblem, let it be the sentinel to guard us against the danger of straying from the main highway of achievements into the detours of petty personalities or dissension over trifles. Let us ever be reminded by it that it stands for the principles of the Veterans of Foreign Wars of the United States—love, duty and sacrifice.

Last Colored Coachman at Austin Is Dead

AUSTIN, March 28 (AP)—Austin's last negro coachman of the "horse and buggy" era died here at the age of 76. Three professors in the University of Texas, a pastor and two prominent citizens were pallbearers. The negro, James Harris, occupied the driver's seat for 20 years in the vehicle of the late Mrs. R. L. Brown, the last in Austin to give up a caragee drawn by a span of glistering bay horses years after motor traffic crowded the capital's streets.

Mrs. Brown, a wealthy Englishwoman, died three years ago. Her closest friends were in the university. James Harris was born a slave in Virginia in 1860. The family of Mrs. T. U. Taylor, wife of the engineering school dean, brought him to Texas.

CROW CLUB ORGANIZED

LAMPASAS, Mar. 28 (AP)—Dead hawks and crows have become almost as valuable in the Adamsville community as spring fryers. The recently organized Adamsville Hawk and Crow club, with R. L. Harrell president, posted a bounty of 50 cents each for dead grown hawks and 25 cents each for dead grown crows, and 10 cents each for nest birds or eggs of either variety.

VETERANS OF FOREIGN WARS WILL HAVE BIG ENCAMPMENT AT DENVER ON SEPT. 13-18

September 13-18 has been announced as the week of the 37th annual national encampment of the Veterans of Foreign Wars of the United States at Denver, Colo., according to word received here by Commander Bartlett of the Pampa post.

The selection of the 1936 encampment city was made by the 36th national encampment last September at New Orleans. Definite dates just have been approved by the V. F. W. National Council of Administration.

Pampa's post will begin an intensive membership campaign designed to materially increase its representation at the Denver encampment. Commander Bartlett said local units of the veterans' group are allowed one encampment delegate for every fifty members. Commander Bartlett explained, in addition to registered delegates, the V. F. W. encampments invariably attract many thousands of visitors, he said, and Denver's reputation as a holiday resort is expected to draw large numbers of visitors from all parts of the United States.

Also lending particular interest to the scene of the 1936 V. F. W. encampment is the fact that it was in Denver that John S. Stewart Post No. 1, Army of the Philippines, was organized in memory of Captain John S. Stewart, killed in battle in the Philippines during the war with Spain. When the Army of the Philippines affiliated with two other veteran groups at Denver, in 1913, to form the organiza-

and his wife because of his criticism of the Nazi regime.

The situation was so bad, Simonds said, he and Mrs. Simonds were leaving the ship in Manila with the intention of protesting to Frank Murphy, United States high commissioner of the Philippines. Simonds told newspaper men that passengers went so far as to spit at Mrs. Simonds after he criticized their government in an interview at Singapore. He said the officers and crew of the Reliance treated him well.
