

## Two More Texas Counties Get Federal Emergency Relief Aid

WASHINGTON (AP) — The government extended drought emergency relief aid today to four additional counties in Texas and New Mexico.

Eligible livestock owners in Taos and Rio Arriba counties in New Mexico were declared eligible for feed grain at reduced prices from government held stocks. The same aid was extended to livestock owners in Carson and Palo Pinto counties in Texas.

The Agriculture Department also offered subsidies to cover part of transportation costs for hay shipped into the counties.

The extension brings to 28 the number of New Mexico counties now eligible for emergency drought help and makes 166 Texas counties likewise eligible.

## Two Pampa Beauties Play Roles In 'TEXAS'

Three personalities in the 130-member "Texas" company, now in its sixth season at the Palo Duro Canyon Amphitheater, have their roots in Pampa.

Two cast members are Jan Autry, who portrays Bonnie Bell Bates and Linda McNeill, who plays Madge Slocum. Glenda Holladay is a member of the hospitality crew.

Miss Autry, daughter of Mr. and Mrs. Joe Autry of Pampa, has been a member of the "Texas" cast for the past three summers. The 1969 graduate of Pampa High School has appeared in several WTSU productions including "The Merry Wives of Windsor," and "Finlan's Rainbow."

Her grandparents are Mr. and Mrs. W. C. Brawn and Mr. and Mrs. Kit Autry of Pampa.

Miss McNeill, a former Pampa resident, is a relative of Mr. and Mrs. Homer McNeill of Pampa. She is the daughter of Mr. and Mrs. Jack McNeill of Amarillo.

Her credits include performances in "Hello, Dolly," "Gentlemen Prefer Blondes," "The Sound of Music," "Music Man" and "King David." She is a member of the choir and Madrigals at West Texas State University.

## Unemployment In Texas Rose To 4.1% In May

AUSTIN (AP)—Texas' jobless ranks rose to 4.1 per cent of the labor force in May, compared to 3.8 per cent in April, the Texas Employment Commission reported today. It was 3.3 in May 1970.

The commission said unemployment in Texas increased by 15,500 in May from the previous month as the "influx of graduates seeking permanent jobs and undergraduates looking for summer work swelled the jobless rolls."

Total unemployment in Texas last month was 196,500.

## Possible Compromise On Pullout

WASHINGTON (AP) — A possible compromise for Congress to urge U.S. withdrawal from Indochina as quickly as possible—but set no date—surfaced Tuesday at a House-Senate conference on a two-year draft extension bill.

But House Armed Services Chairman F. Edward Hebert, D-La., who is also chairman of the conference, said it is "pretty obvious" Congress will not be able to pass the draft extension before the draft law expires at midnight Wednesday.

KATMANDU, Nepal (AP) — Crown Princess Aiswarya, 21, has given birth to a son who is direct in line of succession to Nepal's throne, a palace announcement said.

The crown princess is the wife of Harvard-educated Crown Prince Birendra, 25. The baby is the first grandson of King Mahendra.

PAMPA DAILY NEWS

WEDNESDAY, JUNE 30, 1971

JEANE DIXON

Your Horoscope

WEDNESDAY, JUNE 30. YOUR BIRTHDAY. WEDNESDAY. When your range and vision, see the positive possibilities, find ways of helping your economy work toward things. There are many opportunities to achieve sounder bases for your personal and career endeavors, provided you take the initiative to extend your full resources only under extreme challenge. ARIES (March 21-April 19): Your bright ideas lead you in strange situations, odd places. Be nonchalant; go on as if you were familiar with what you are doing. TAURUS (April 20-May 20): A change of circumstances is normal. Be alert for a bargain or a short cut in your favorite projects. GEMINI (May 21-June 20): Keep activities within your normal range and habits; avoid undue haste and over-promises. You'll be in the mood for a festive evening. CANCER (June 21-July 22): Surprise, discrepancy are the most likely features in events and news, particularly from distant places, about people you have missed seeing recently. Almost anything passes for a while in present conditions. LEO (July 23-Aug. 22): Be aware of ideas of what should be done are almost certainly different from the drift of circumstances. VIRGO (Aug. 23-Sept. 22): Review your possessions and position, think how to protect and improve matters. Legal issues become complex and beyond a single mind's grasp. Scales your skills without boasting. LIBRA (Sept. 23-Oct. 22): Do whatever is rational to bring justice to you and your work. State your potentials and skills without boasting. SCORPIO (Oct. 23-Nov. 21): Short cuts turn out too short for their use. Know your limits; put in full efficiency for thorough achievement while the going is good. SAGITTARIUS (Nov. 22-Dec. 21): Think first whether it is really your business or not. Then if your interests are at stake, pitch in and take control regardless of the opinions of friends or relatives. CAPRICORN (Dec. 22-Jan. 19): Paying attention to others and thinking how to before you take action saves you quite a lot of inconvenience. Give people time to think for themselves. AQUARIUS (Jan. 20-Feb. 18): Theories and systems-face revision to allow for exceptional circumstances. Some long-standing ideas are incomplete or inapplicable; think and learn from current situations. PISCES (Feb. 19-March 20): Impulsive moves proceed spontaneously all about you; watch reactions of your own emotional nature. Being discreet is essential, no matter what seems open to public view.

Steps Are Gone LEASBURG, Mo. (AP)—Tourists who complained about the 204 steps at Onondaga Cave on U.S. 66 now have ramps to make their walking and gazing easier. Eliminating the steps took 10 years of blasting and reconstruction.

Poor Drivers PRAGUE (AP)—A total of 70,977 accidents occurred on Czechoslovak roads last year, nearly 300 less than in 1969, the news agency C.T.K. reported. In the accidents, 2,026 persons were killed and 9,332 seriously injured.

Sheep Killer The kea, a New Zealand parrot that is crowlike in size and rusty green in color, is reputed to have acquired the habit of attacking live sheep for the purpose of obtaining the fat about the kidneys.

Homing Ability The American toad has been known to return to its breeding site after being carried a mile away. Scientists believe it is guided by the droning calls of its fellows in the "home" breeding pond.

# Highlights And Sidelights From The State Capitol

**By VERN SANFORD**  
Texas Press Association  
AUSTIN, Tex. — Gov. Preston Smith, in an unprecedented veto action, turned the job of rewriting the entire 1973 state budget to a special legislative session next year.

Smith took the axe to \$3.1 billion in state spending which he found "unnecessary and unwarranted" for the second half of the biennium. He announced his decision on a statewide television program, and said that he will submit to the lawmakers, before September 1972, a new 1973 budget proposal which will require no new taxes.

Smith made it clear that a 1972 special session is inevitable, anyway, because the Legislature did not appropriate welfare funds for the second year.

Governor's action may accomplish the following regardless of whether a new tax bill can be avoided next year (Texas Research League estimates a \$474 million biennial tax bill will be required in the 1972 special session):

—Legislators will have to take a sober second look at spending items in an election year when many are faced with general election contests.

—Fact that little additional federal aid is available for welfare spending, in spite of predictions by Smith, Lt. Gov. Ben Barnes and others, will be partially obscured, since the special session will not be confined to welfare alone but opened to the entire area of government spending for 1973.

Smith declined to reveal his future political plans but left dangling the prospect of a third term race.

Governor claims the public response has been almost 100 per cent favorable to his historic veto. Lieutenant Governor and House Speaker cooperation.

Court of Criminal Appeals reversed the death penalty of a man convicted of a 1967 knife murder of a Baylor University coed and ordered a new trial.

Trial of former San Marcos Police Chief Waymon Dial, for burglary, has been transferred to Harris County.

AG OPINIONS—Texas Water Quality Board may contract for the state with the federal government for federal grants or loans under the federal water pollution control act—subject to a 60-day limitation and the governor's approval—Atty. Gen. Crawford C. Martin was held.

In other recent opinions, Martin concluded that:

—El Paso can contract with the Council of Governments for a recreation area partly within the city limits, partly in the county and partly in Dona Ana county, New Mexico.

—National Guard Army Board has authority to determine the lowest and best bid and best interest of the state on armory construction which involves unknown factors on a fixed bid, price and congressional factors.

—Concentrated Employment Project federal funds are not subject to auditing procedures applicable to county funds.

—A city fireman, on returning from military leave, is entitled to credit for the time spent in service, in figuring city payroll longevity.

—Where the legislature has made specific lump sum appropriations, for hourly wages,

They wanted a 27 per cent boost.

A new law permits motorists to purchase deductible liability insurance if they are willing to assume the risk of the first \$250 damage their car may do to property. Another new act gives the State Insurance Board direction to promulgate rules for cancellation and non-renewal of policies.

SIX CITIES CITATION—Six Texas cities received plaques as winners of governor's community achievement award.

Cities were Victoria, Trinity, Mansfield, Taylor, Lamesa and Grand Prairie. Awards went for efforts to improve the quality of living.

PARKS APPROVED—A \$58,600 project for Lake Arrowhead State Park near Wichita Falls has been approved, with state and federal agencies splitting the cost.

Two park projects totalling \$510,400 were approved for Dallas; as were a \$274,613 land acquisition for Denton park; a \$75,200 park land purchased in Pasadena and a \$51,200 new park purchase in Terrell.

SHORT SNORTS

Gov. also named a 41-member Texas Film Commission.

District Judge Tom Davis of Vernon and Earl E.F. Daily of Houston have been appointed commissioners for the Court of Criminal Appeals.

Attorney Gen. Martin is the new president of the National Association of Attorneys' General.

Richard Keahey of Austin is now director of the Veterans Land Program and Jim Watson of Lubbock is General Land Office personnel director.

CITIES COLLECT \$35.5 MILLION—Texas cities which levy a one per cent local option sales tax received nearly \$35.5 million from January-March collections on sales within their boundaries.

Collection for the first quarter of 1971 compared with \$39.6 million for the final quarter of 1970 and \$36.5 million for the third quarter of 1970.

More than 400 cities levy local option sales tax.

Money goes to the state comptroller and is handed back to cities of origin. During the quarter ending March 31, the state retained \$719,756 as its service fee.

INSURANCE RATE HIKE ASKED AGAIN—Auto insurance companies were expected to request rate increases of more than 25 per cent at a hearing before the State Insurance Board June 30.

Companies six months ago were granted a 14 per cent increase, but were far from happy and insisted on more.

Construction of a million dollars worth of new ward buildings has been started at Rusk State Hospital.

After September 1, Texas Department of Public Safety law officer recruits must have a semester's college training or agree to get it within two years after enlistment.

Texas Parent-Teachers Association board of managers went on record as opposing busing to achieve school racial balance.

Construction in the state declined four per cent in May after a rise during the last three months.

A total of 162 Texans have lost their lives in water accidents during the last six months, Texas Safety Association noted in warning that the most-dangerous months for such accidents are just ahead.

State Banking Department has applications for new state banks in Richardson, Waco and Longview.

## San Antonio Youth Donates Kidney To His Ailing Brother

SAN ANTONIO (AP)—"It was a far-out thing to do."

That's how a teen-ager expressed his feelings Monday about giving one of his kidneys to an older brother.

Recipient Mike Mares Jr., 19, and his donor brother, Gary, 17, were reported in good condition at Bexar County Hospital, where the transplant surgery was performed June 22.

Gary was doing so well, in fact, he was being dismissed today.

If Mike's improvement continues at the same rate, "he can go home in four or five days," their surgeon said.

The youths are sons of Mr. and Mrs. Miguel Mares of San Antonio, who have five other children ranging down to two months old.

The brother-to-brother operation was the 12th performed by hospital's transplant team since it began such surgery about two years ago.

"We're real pleased," the surgeon said, noting that Mike had shown no signs of rejecting his brother's kidney.

"I feel pretty good for having

given it," Gary said. "It's kind of like giving him (Mike) a second life. Now he's a new Mike. That's what everyone says."

Their mother agreed, saying, "We noticed the difference in Mike right away—his color and everything."

Mrs. Mares said Mike's kidney problems began when he was 4 1/2 years old. For 13 years the family took him to John Sealy Hospital in Galveston each week for out-patient treatment and occasional hospitalization.

Eighteen months ago his Galveston physicians gave permission for Mike's case to be transferred to Bexar County Hospital.

Kidney experts there put Mike on dialysis (artificial kidney) treatment in January after determining he had end-stage renal disease, meaning his kidneys were not functioning. They decided on a transplant from a family member and began testing for suitability.

Mrs. Mares said she and her husband were found unsuitable. Then their second son, Richard, 18, was tested and considered acceptable.

## Retiring Baptist Leader Says Men Must Pay Price To Lead

GLORIETA, N.M. —Southern Baptist leader W.L. Howse, soon to retire as director of the education division, Southern Baptist Sunday School Board, gave his parting advice to teachers and leaders during his last official address here.

"We can't ask the world to stand still," he said. "Education in the future perhaps will focus upon helping people to cope with change. This is the great need in American education."

Speaking to more than 1,400 participants in a Teaching and Training Leadership Conference at Glorieta Baptist Assembly, Howse said that Southern Baptists must be willing to struggle to learn and to keep abreast of the times.

"We are what we make ourselves to be; our churches are what we grow them to be," he said.

Every leader must learn to handle criticism, for he will learn more from the criticism than he will from the compliments he receives, said Howse.

"A leader is paid to take hostility and not disassociate himself from the people," he

said. "Leaders of today and the future must learn to take hostility, improve themselves by it and go on to serve."

Referring to Romans 12, 1 Corinthians 12, and Ephesians 4, Howse spoke of commitment of one's gifts to God.

"Every Christian has a gift and all these gifts vary. If we can get these people to take their gifts and give them, merge them and balance them, we will have a great church," he said.

Howse said every Christian ought to be a tither, a visitor and a winner of souls. The Christian should decide that "the gift that God has given me is going to be invested for Him."

"It is what we do with what we have that God can use and bless," he said. "As Christians we will be happier than we have ever been before because we have given him control of our lives."

The Teaching and Training Leadership Conference is sponsored jointly by the church training and Sunday School departments of the Sunday School Board.

## Hot Dogs Lose 'All Meat' Tag

The U.S. Department of Agriculture has published in the Federal Register official notice of a May 5 federal court ruling banning the use of the phrase "all-meat" and similar terms on cooked sausage products, such as frankfurters and bologna.

The U.S. District Court for the District of Columbia, which said the terms are misleading to consumers, specifically ordered USDA to advise the packing industry of the ruling as a preliminary step in carrying out the order.

The court also ordered USDA to take necessary action to stop use of the "all-meat" or "all-beef" labels on cooked sausage products as soon as possible—and in any event within six months from the decision date or the final action on a USDA appeal, if one is made. The decision resulted from a Federation of Homemakers challenge of federal meat inspection regulations permitting such labeling. An appeal is still under consideration.

Copies of the announcement are available from the Meat and Poultry Inspection Program, Administrative Group, Consumer and Marketing Service, U.S. Department of Agriculture, Washington, D.C. 20250.

### Indian Manager Tries To Change Uhlaender's Plans

CLEVELAND, Ohio (AP) — Cleveland Indians manager Alvin Dark says he hopes to talk to Ted Uhlaender today to see if he can persuade the Tribe outfielder to forego his announced retirement plans.

Uhlaender jumped the team Sunday in New York, reportedly over the illness of his daughter, but Tuesday, in a tape interview with Don Calo of radio station WHK, said, "I'm quitting baseball ... right now there's nothing that will get me to come back."

Uhlaender, a native of McAllen, Texas, said he plans to devote fulltime to his father's wholesale hardware business in which he is a partner.

The Cleveland Plain Dealer contacted Uhlaender's father, Henry, and the newspaper quoted him as saying:

"Ted called me today and asked if I have room for him in my business because he wants to quit baseball. I told Ted 'Of course I've got room in the business' but I also asked him to take another day and think about things, and then decide for sure what he wants to do."

The Pampa Daily News

### Gun Safety Program Offered In Pampa

A five-week course in gun safety is being offered by Paul Edwards and the National Rifle Association in the Palm Room every Thursday night at 7:30 p.m. at City Hall.

All persons 12 years of age and up are invited to participate in the training which includes gun safety, a shoulder patch upon completion of the course and the use of a gun and ammunition while being qualified at the rifle range in Recreation Park. There is a \$2 fee to cover the basic expenses for literature but other than the original two dollars there is no charge.

Edwards emphasizes the fact that Texas has legislation pending which will require a course in gun safety or an equal course being completed before a hunting license will be issued. Many area hunters travel to New Mexico and Colorado during deer season and now will need a gun safety course before being allowed to hunt.

All persons 12 or older, both male and female are urged to attend the classes. Interested people can call Paul Edwards at 669-7240 or by going by 1044 S. Christy after 5 p.m. Or if unable to make these arrangements contact Bob Franklin at 669-2515 after 3 p.m.

Make plans on attending the classes and learn about guns and gun safety.

### No Charges In Shooting Case Of Grid Star

KANSAS CITY (AP) — No charges have been filed in the fatal shooting early Tuesday of Larry Roberts, 22, a professional football player who was to have reported to the Cleveland Browns rookie camp July 11.

The prosecutor has turned the case over to the grand jury for investigation.

Roberts died of a bullet wound in the lower chest.

Willie Earl Minis, 33, told authorities Roberts attempted to force his way into the Minis home about 1:30 a.m. Minis said he frightened away two other men who had been with Roberts outside his home.

Roberts was a running back at Central Missouri State College at Warrensburg and played in preseason games last year with Winnipeg in the Canadian League.

**RIGHT SPEED FAVORED**  
YONKERS, N.Y. (AP) — Right Speed, owned by the Castleton Farm of Lexington, Ky., and with Ben Webster handling the reins, is favored to win the \$25,000 Hilltop Trot at Yonkers Raceway tonight.

# On Closing The Canadian: The Rancher

By STEVE BOHLANDER Sports Editor

Concern about the closing of the Canadian River bed to the public for hunting with the exception of migratory waterfowl has drawn criticism from many areas. This is the first of a series representing the main areas involved.

The following letter was sent to J. Pearce Johnson, Chairman of the Texas Parks and Wildlife Commission, 608 Brown Building, Austin, Texas, by Dan W. Morrison, rancher:

Dear Mrs. Johnson:

"I would like to comment further on the subject of hunting in the Canadian River Bed.

"As of yesterday's date (June 24) the Pampa Daily News printed a list of five statements sent to you from the 'hunters' organization' concerning the condition in the State owned Canadian River Bed.

"My main contention is based on their, the hunters', statement that the 'river bed is self supporting for wildlife . . .

"I say that it is not. I have lived and worked on my father's ranch adjacent to the Canadian River in Roberts and Hutchinson counties for thirty-five years. I have seen it at flood stage and dry when the sand was like a desert for a mile across.

"In the last few years, since the building of Sanford Dam, I have seen the river bed produce vegetation. There is at this time some grass, but mostly young Tamarack, or 'Salt Cedar' bushes. I say that this type of forage is not what deer and turkey exist on; these being the principal game species involved.

"I was in the river bed this day and found no continuous stream of water and only a few small holes of water which are drying up. This condition is not self-supporting for wildlife. I was particularly looking for game or game tracks but I did not find any in the river bed.

"Please allow me to make these suggestions:

1. That the State Game Biologists make an on-site inspection of the Canadian River bed to determine if in fact it is self-supporting for game.
2. Make a survey as to numbers of game available for harvest, similar to the procedure used for game

hunting on the various State Wildlife Management Areas.

3. If they are game available, allow hunting by permit or drawings similar to the procedure used for game hunting on the various State Wildlife Management Areas.
4. Further, make trespassing onto private land a greater crime, even a felony, to keep the hunters honest.

"In this way, the sportsmen who claim rights by public ownership would be allowed participation in their sport of hunting. Also, the rights of land owners would be protected from encroachment by dishonest, disrespectful and unsportsmanlike hunters.

"To sum up the basic question, are there enough game in the actual river bed to allow any hunting?

"Are the hunters sincere in wanting to stay in the river bed to hunt?

"I know that the Texas Parks and Wildlife Commission is interested in the best decision for all parties concerned and most especially, what will best

benefit the game and wildlife of Texas. If I can assist in any way, please feel free to call on me."

Signed  
Don W. Morrison  
2101 Christine  
Pampa

In a telephone interview Morrison stated, "I don't have anything against the hunters. I like to hunt myself. I feel the Parks and Wildlife Department had a reason to close the riverbed and the hunters will just have to go where they get permission to go."

"If I were the hunter I would feel slighted by the Parks and Wildlife Department. I am sure," added another prominent rancher, Wiley Reynolds, "and I feel certain that other ranchers feel the same way. Personally we have never had trouble with the hunters along the riverbed, once in a while there will be one who abuses the privilege but in the majority we seldom have a problem."

When questioned about the fencing the bottomland in the riverbed Reynolds said, "If a rancher should run a fence across the river it would be more of a matter of saving money than keeping the hunter out. I feel the ranchers should be able to have the grazing rights and the hunters should be able to hunt."

"If the hunter pays taxes they have as much right to these lands—as the big rancher,"

Reynolds added, "I may not be in agreement with all of the landowners but I will be with all of those who use good judgment in land management."

The majority of the ranchers interviewed voiced opinions much the same as Reynolds when asked if the hunter should be allowed to stay in the riverbed. All feel that the state would do what it had to do to protect the wildlife and all felt the hunters would have a place

to hunt if the riverbed remained closed to the public.

The problem of fencing was pointed out as an economical solution of using grazing land that is needed. The major complaint by the ranchers came from one who referred to a fence started by hunters that burned off two sections of land.

The major question asked by the ranchers was, "Is there enough game to hunt in the Canadian River bed?"

### 10 Countries Compete For Rowing Title

HENLEY-ON-THAMES, England (AP) — Crews from 10 countries pull oars in earnest today to get this 136th Henley Royal Regatta underway for its four-day voyage.

There are 12 glittering prizes—regarded as the highest honors in world rowing—to be won and 37 overseas entries are among more than 200 competing crews on the one-mile, 550-yard course.

Undaunted by heavy rain, which has made the normally placid River Thames a swollen menace, regatta officials had everything ready for one of the great social occasions of the year.

Thousands of Henley devotees give the regatta a strawberry-and-cream atmosphere and women's fashions vie with the rowing for attention.

Competition is expected to be extremely tough with the best British crews out to stop the overseas domination of recent years.

**Mainly About Groom**

**By MRS. GEORGE BRITTEN**  
Names of students whose academic achievements qualified them for the dean's lists for the spring semester at Texas Tech University were released this week.

To qualify for the dean's list, students must have a grade point average of 3.0 or more and must be taking as many as 12 semester hours of work.

Honor students from Groom are: Billy Kieth Fields, junior, Agricultural Economics; Thomas B. Hudson, junior, Agricultural Economics; Juanita Miller, college of Home Economics; Shirley Fields, senior, college of Arts and Sciences.

Charles Wesley Britten, grandson of J.M. Britten of Groom, is among the 130-member "Texas" company of the 1971 season.

Wesley, son of Mr. and Mrs. Jim Britten of Amarillo, formerly of Groom, will perform in the "Texas" orchestra. He has attended West Texas State University and Del Mar College in Corpus Christi.

Mr. Frank Robinson of Panhandle left Wednesday for Norway to visit Olav Karstand and his family. Olav was a foreign exchange student who made his home with the Robinsons last year. Mrs. Robinson is the daughter of Mrs. Leta Phillips of Groom.

Mr. and Mrs. Orval Watts and family have returned home from Salome, Ariz., where they visited her parents, Mr. and Mrs. George Wilkinson and other relatives.

Mr. and Mrs. James Dickerson and family are with a group from the Baptist Church of Scottsdale, Ariz., on a church crusade in Utah and Colorado. James is the son of Mrs. Ellen Dickerson of Groom. His wife is the former Barbara Helm of Groom.

In 1946, the third atomic bomb was dropped—in a U.S. test over ships anchored at Bikini in the Marshall Islands.

**MEXICO CITY (AP)** — The heir of Mexican composer Manuel Ponce said today that Ponce wrote many compositions for Spanish guitarist Andres Segovia that were attributed to other composers.

Carlos Vazquez, a concert pianist and Ponce's legal heir, said in an interview that Segovia, faced with a lack of original compositions for guitar, asked Ponce to write baroque and classical music for him.

Vazquez explained that when he visited Segovia in 1964 in Madrid the guitarist promised to give Ponce credit for the compositions in his memoirs, but gave him permission to announce what he called their "joke" earlier in Mexico.

Ponce was born in 1882 and died in 1948.
