Tri-State Senior Golfers Meet At Annual Banquet By TEX DeWESE

Annual Banquet

By TEX DeWESE
The scales balanced on the entertainment side last night as an overflow crowd of golfers, their wives and guests gathered for the 37th annual banquet of Association at the Pampa Country Club.

As a prelude to today's first round of match play by some 170 senior golfers, it was a fun evening from beginning to end.
Highlighted by the humor of master of ceremonies Don Lane, Pampa's municipal judge, jazz music of Red Wedgeworth and his Dixieland Band, and a couple of excellent vocalists—the program included short talks by association officers and awards to the Colonel Bogey and Medalist Play

Emcee Lane introduced Roy Lester of Tulsa, Okla., association president, who was followed by Mayor Milo Carlson with a welcome address to the many out-of-town and outof-state golfers in Pampa for the second straight tournament

President Lester expressed the association's appreciation for Pampa hospitality and gave special recognition to the local tournament planners. Special mention also was given Mrs. Mark Heath and her committee in planning ladies' activities during the tournament which will run through Friday.

Included in the accolades for planning were Jewett Scarchairman of the chamber of Commerce Sports Committee; Hart Warren, Country Club golf pro and his assistants, and Mrs. Wiley Reynolds for banquet

yestercay's medalist play.

Space Walk Set For Tomorrow

SPACE CENTER Houston AP) - Apollo 15's astronauts wind up six days of moon exploration today, firing out of lunar orbit for the trip home and man's farthest-out space walk.

Before they leave, they'll add another dimension to one of history's greatest scientific expeditions. They'll eject into orbit a small satellite to probe additional moon secrets.

David R. Scott, James B. Ir win and Alfred M. Worden will complete the experiments in their flying science laboratory when they kick the satellite loose at 4:10 p.m. EDT.

At 5:20 p.m. they plan to trigger the engine of their spaceship Endeavour to break away from the grasp of lunar gravity and start the three-day trip back to earth

Worden will take the space walk Thursday-about 196,000 miles from earth and more than 40,000 miles from the moon-to retrieve film canisters from an equipment bay at

the rear of the Endeavour. Because the hatch will be opened, all three men will be exposed to the vacuum of space and will wear pressurized suite Before they retired Tuesday Bob Parker asked them if they

ENERGY FOR AMERICA

While the United States leads the world in over-all energy production, still growing

consumption makes the nation a net energy importer. The extent to which the coun-

try barely meets needs in two major energy sources and falls short in two others is dramatized in graph from an exhibit, "Energy: Fuel for Our Lifestyle." For easy comparison, gas, coal and electricity figures are in barrel equivalents of cubic feet, ton and kilowatt-hour units. Exhibit is by Owens-Corning Fiberglass.

PAMPA DAILY NEWS PAMPA, TERMS 65th YEAR Wednesday, August 4, 1971 TEANE DIXON

YOUR BIRTHDAY THU4SAY: Superficial day-to-day tu7rmoil conceals drastic inner changes. You wake daily to being a little different. Thursday's natives enjoy some seleticite artistic endowments, are wel intentioned, generally restless in nature.

ARIES (March 21April 19): Aside from letting somebody else make some o the decisions, you need to be free of extra unnecessary persona varnesshill;

TAURUS (April 209-May 20).: Use every connection you can to put your prograsm over. Bring your friends and relatives closer fogether for more meaningful projects.

GEMIABI (May 121-June 20): You're no the only convincing talker aroun Thursday, Stick to the things you reall know — be a skeptic until you ca verify tall stories and their origin. CANCER (June 212-July 22): Select you goals, verify your appointments, the stay on scheduyle despite temptin distractions.

LEO (July 23-Aug. 22): Make good our promise, finish what you have started, somehow or other. As the day wears on you are more and more satisfied with yourself and your schlaymants.

AVIRGO (Aug. 28-Sept. 22): Just about everything atirs your feelings. Be pragmatic, concentrate on here and now, and the things that work. LIBRA (Sept. 23-Oct. 22): Widen your range of observation; things a little farther away have a bearing on your projects. Fresh contacts bring in-

SCORPIO (Oct. 23-Novc. 21): Temporary plans laid out now porvide a framework for future progress.

SAGITTARIUS (Nov. 22-Dec. 21): Your morale tips the balance — proceed with thanksgiving at having done this well thus far puls full expectation of future luck.

CAPRICORN (Dec. 22-Jan. 19): In the calsh between your enterprises and others you ocme now to a moment of test. Be free to revise to cope with changing situations.

AQUARIUS (Jan. 20-Feb. 13): Find any excuse for a laugh. See the humoi in whatever is going on, while you strive to improve your share.

PISCES (Feb. 19-March 20): Meet world where you may and make best of it. Where you feel you've ea a larger portion, speak pu and c

Wall Street Chatter

NEW YORK (AP) - Stock market prices climbed broadly and sharply higher in response to labor developments. Trading was moderate.

Thew 2 p.m. Dow Jones of 30 industrial stocks gained 8.03 to 866.46.

Advances held an almost 3 lead over decliners on the New York Stock Exchange.

Analysts attributed the market's rise to a labor contract settlement in the steel industry which averted a strike and a strike settlement in the rail in-

They noted there was some concern about the Inflationary effect of the costly steel settlement. U.S. Steel announced a price hike within 24 hours of the contract settlement,

Other brokers observed the market was ready for a technical rally after its recent decline. Concern continued, however, regarding the economy and inflation, they added.

Other Big Board prices included Federal Pacific Electric, up 31/2 at 201/2. Ramada Inns, up 1 at 31; General Electric, up 1 U.S. Steel, up 21/8 to 2934; and Bethlehem Steel, up 11/8 at 231/8.

American Stock Exchange prices were generally higher.

Question Box

QUESTION: I am a young man of college age, but I do not have the money to go to college and probably would not wish to spend it on the types of colleges I read about. What books should I read to get a good general education?

Our answer: One of the most wonderfully educated men this country ever has known had very little schooling. He was Abraham Lincoln, a sound lawyer who emerged also a literary figure with few equals. The secret of Lincoln's selfeducation appears to be not the reading of many books, but the reading of a few good books well. These included the Bible, Robinson Crusoe, Pilgrim's

context is important to the Red China can get high-protein Geography is most pleasantly American reader who is trying wheat in Canada, but only low- comprehended by reading travel protein wheat from Australia. books in connection with study The expression, "power grows of the mouth of a gun," amounts of soft (low-protein) of maps or a large globe. minute wage agreement has form of an incomes policy. averted a threatened steel Such a policy could involve a strike but it leaves unresolved formula which labor and in

one in which miracles may be force up prices of numerous sume that the only possibility tempted by labor costing less sanctioning the program.

Price increases already have been announced for basic steel. Manufacturers who use steel licked. may be expected to follow with

The three-year, 31 per cent increase comes as no surprise. It follows a pattern. In the first half of the year wage increases

broadminded, can hardly be ex. the year. pected to seek less than that which they feel is obtainable. To do so, even in the name of statesmanship, would be to break faith with their mem-

The parallel situation for the steel companies is whether they should, for the good of the country, refrain from raising prices or, because of their obligations to shareholders, protect their profits.

Suggesting that the answer hardly perplexed them was the speed with which U.S. Steel announced an 8 per cent increase for most products less than 24 hours after signing an agreement with the steelworkers.

George Meany, AFL-CIO head, has suggested that the only way to free business and labor from such decisions is to toss the ball to the President.

Many economists also have been clamoring for strong presidential leadership on the wage-

Amarillo College **Expands Project**

The fall semester at Amarillo College will be marked by the expansion of the Electronics

Four degree programs -Biomedical Electronics Technology, Electronics Engineering Technology and Electronics Computer

The Associate in Applied for the successful completion of any of these four Electronics programs.

While the primary objective of each program is to prepare the student for immediate employment in the Electronics industry, these programs may be transferred into a bachelor's degree curriculum at a number of colleges and universities.

These Electronics programs at Amarillo College allow a student with no previous training or experience in Electronics to complete the first semester of his training before deciding upon the degree program he wishes to continue The core subjects taught during the first semester apply toward the completion requirements of all four programs.

For those interested in obtaining an FCC commercial radiotelephone license, a special sequence of Electronic communications courses will be offered for preparation for the FCC examination.

Both day and evening classes will be offered and all programs are approved by the Veteraans Administration for GI training.

Job placement service is provided for the student for both parttime work during training and for fulltime employment in the Electronics industry upon graduation.

Registration for the fall semester begins August 25. Further information about the Electronics programs may be obtained by calling or writing Dr. A. F. Adkins, Department of Electronics, P. O. Box 447, Amarillo College, Amarillo, Texas 79105.

Arabs On The Job

TEL AVIV (AP) -More than 20,000 Arabs from the occupied West Bank of Jordan were employed in Israel in the beginning of 1971. Another 8,500 Arabs from the Gaza Strip worked in Israel.

See More Students FRANKFORT, Ky. (AP) -Enrollments at Kentucky's public universities are expected to increase for the next four years before leveling off, the Council on Public Higher

Education reports.
