Dock, Coal Workers Go On Strike

Over 80,000 Miners Stay Off Their Jobs

WASHINGTON (AP) — Coal miners streamed off their jobs in more than 20 states today while negotiators continued efforts to reach a settlement and the Nixon administration expressed that the strike would be short.

A spokesman for Secretary of Labor J. D. Hodgson said "The secretary has been in touch with the parties several times" and would send in federal mediators if the walkout lasted beyond Monday.

The United Mine Workers, representing some 80,000 soft coal miners, called a Monday meeting of its National Scale and Police Committee which must approve any new contract to replace the one that expired Thursday night.

A source said the contract talks were resuming between the union and the Bituminous Coal Operators Association.

Although the strike halted virtually all soft coal production in the nation, most miners do not operate during the weekend and a Monday settlement would hold the loss down to two days' production.

The UMW has called its 125-man National Scale and Wage Policy Committee to a meeting in New York Monday, indicating no possibility of a contract settlement before then. The committee is empowered to approve any contract agreement.

Source said, however, that this did not rule out the possibility of a contract-extension agreement between the union and the Bituminous Coal Operators Association.

The association's spokesman said it was proposing an extension, but the union made no response to the proposal.

The union is seeking to boost the current top wage of \$37 per day to \$150, double the current 40-cent-per-ton royalty to the miner's welfare and retirement funds and other contract improvements.

Red China Marks 22nd Anniversary Without Fanfare

TOKYO (AP) — Communist China celebrated its 22nd National Day anniversary today with several departures from past observances of its 1949 takeover of the mainland from the Nationalists.

A correspondent for Japan's Kyodo news service reported from the Chinese capital that "the Chinese appeared to be in a festive spirit as the Oct. 1 National Day celebrations were held in Peking and other major cities across the country."

The account added that a "jubilation atmosphere prevailed in the capital as Peking residents flocked to sing and dance at six celebration sites."

But the report also noted that the national government and newspaper statements commemorating the anniversary were omitted this year.

Another change noted by foreign newsmen in Peking was that a traditional banquet on the eve of National Day usually hosted by Premier Chou En-lai, was replaced by a reception given by the Foreign Ministry.

Radio Peking didn't report on the reception until this morning. In past years, the radio broadcast the banquet and the contents of Chou's speech the night of the event.

Officer, Placed On Probation, Quits His Job

Police Chief Jim Conner announced shortly after 11 a.m. today that Patrolman John Chaney, 25, who was placed on three-month probation last Wednesday, resigned from the police force this forenoon.

Chaney was put on probation for threatening bodily harm to Pampa News photographer James Taylor at the scene of an accident Sept. 17.

The patrolman told Taylor he would whip him if a picture Taylor had taken at the accident scene appeared in the newspaper.

Chaney was reprimanded and put on probation following an investigation by City Manager Mack Wolfard and Chief Conner.

Chief Conner said today that Chaney first informed L. Gene Augler last night of his intention to resign.

Chaney gave his verbal resignation to the police chief and turned in his uniform and equipment this forenoon.

Chaney had been a member of the department since November last year.

LIONS WIN STATE HONOR — Pampa's two Lions Clubs were honored at meetings yesterday noon and last night for topping a state record in their annual broom sales. They sold \$8,700 worth of merchandise for the benefit of local and state Lions Club charity projects. Presenting the top award to Jean Martindale, left, president of the Noon Lions Club and Richard Kastrin, 2nd, president of the Evening Lions Club, is Vernon Crawford, Fort Worth, representing the Lighthouse for the Blind. (Staff Photo)

Year-Round Registration Begins For Texas Voters

AUSTIN (AP) — A new era begins today for Texas voters.

—From now on, voters will be able to register the year around, not just from Oct. 1 to Jan. 31.

—Those 18-21 years of age will be eligible to vote in all elections—local, state and federal.

—A new provision authorizing voter registration depicts means that each office building, apartment, college dormitory, labor union, civic club, or any such group can have its own voter registrar.

—The three major changes are the result of legislation approved by the 62nd legislature earlier this year or federal action.

For most voters, registration starts today.

The effect of the changes likely will mean close to a million new voters in the state in 1972.

In 1968, the last presidential voting year, there were 3.07 million votes cast for presidential candidates. State officials think there may be more than 4 million votes cast for president in 1972.

The new voter registration rules may result in more than 5 million eligible voters in 1972 including an estimated 600,000 in the 18 to 21 category alone. There were 4.07 million eligible in 1968 and 4.15 million in 1970.

The 26th Amendment to the U.S. Constitution opened the door to 18-21 year olds in all elections, after an earlier U.S. Supreme Court decision held that young voters could vote in all federal elections. Texas was one of 38 states ratifying the congressional action during the recent legislature.

The new law got added clarification, increasing the potential number of young voters, when a Tyler federal court ruled Sept. 29 that college and university students may vote where they live, not just at their parents' home address.

Representatives of the Texas Intercollegiate Student Association (TISA), which includes most of the universities and colleges in Texas, will meet Oct. 9 at Rice University, Houston to plan a statewide campaign for campus registration.

Oct. 1 is not a new date for the beginning of voter registration but this is the first time registration will last throughout the year, according to a law change approved by the last legislature. Under the former system of annual registration, and the poll tax system before that, a person had to register between Oct. 1 of one year and the next Jan. 31 to be eligible to vote in the party primaries or the general election.

The new law says permanent registration begins today and once a person has registered, he will be automatically re-registered so long as he votes at least once each three years.

U.S. Optimistic About Proposal Seating '2 Chinas' In World Body

UNITED NATIONS, N.Y. (AP) — Secretary of State William P. Rogers plunged into a series of meetings with foreign leaders amid official U.S. optimism about seating both Chinas in the United Nations and other major issues.

As Rogers today launched a three-day visit to the U.N. General Assembly opening during which he expects separate talks with some 70 foreign ministers, U.S. officials told newsmen:

—Despite some predictions to the contrary, chances for victory in the U.N. move to seat both Communist China and Taiwan in the United Nations are improving.

—Prospects are good for a U.S.-Soviet missile curb agreement, though it may not come by the end of the year.

—The U.S. diplomatic initiative for Israeli-Egyptian accord is very much alive. And it interim Suez agreement reached, the United States of

would like U.N. mediator Gunnar V. Jarring to play an active role in seeking an overall settlement of the Arab-Israeli conflict.

—The Soviets are interested both in their proposed European security conference and in talks about mutual force cuts in Europe, a negotiation preferred by the Western allies. And both Moscow and Washington want the West and East Germans to agree as soon as possible on procedures to carry out the new Big Four agreement in Berlin.

Rogers has met three times over the past week with Soviet Foreign Minister Andrei A. Gromyko, winding up with a two-hour luncheon session at the Soviet Embassy in Washington Thursday.

The two signed agreements to modernize the Washington-Moscow hot line by linking it through communications satellite systems and to cut the risk of accidental nuclear war by

Mansfield's Plea For Pullout OK'd By Senate, 57-38

WASHINGTON (AP) — Heading Democratic leader Mike Mansfield's plea to "stop the slaughter" and "bring an end to this horrible war," the Senate has called for total U.S. withdrawal from Indochina within six months.

The vote was 57 to 38, but the chance of House agreement is doubtful.

A similar amendment to the draft-extension bill won 61-33 Senate approval last June but failed in the House. A watered-down version was approved by both houses.

Sen. Charles W. Whalen Jr., R-Ohio, who sought House approval of the Mansfield amendment in June, said he is considering trying again.

"I wouldn't predict victory but I don't think we'll lose any," he said, adding that "some members would like to be on record" for one of the anti-war amendments before having to run for re-election in 1972.

Mansfield's amendment was attached Thursday to the \$2-billion military procurement authorization bill, and Senate leaders set next Wednesday for final passage of the measure.

Still to be acted on are amendments seeking to restore military pay raises dropped from the draft bill and to set a \$200-million limit on U.S. spending to support the so-called "secret war" in Laos.

In other votes Thursday, the Senate rejected 51 to 42 an amendment by Sen. Thomas F. Eagleton, D-Mo., to delete \$3.3 million added by the Senate Armed Services Committee for the new Main Battle Tank.

Approved, 45 to 43, was an amendment by Sen. J.W. Fulbright, D-Ark., to curb the bill's provision to break the United Nations trade embargo with Rhodesia and permitting imports of strategically valuable chrome ore.

Starting in low key, with both sides expecting Mansfield's amendment to win approval again, the debate nevertheless ended with sharp exchanges between Republicans and Democrats.

Hospital Budget For '72 Reviewed At Board Meeting

Members of the Gray County Commissioners Court sent the proposed hospital budget for 1972 back to the hospital board for review at their regular meeting this morning.

County Judge Don Cain noted that the increase between 1970 and 1971 was \$25,000 while the proposal for 1972 is a decline of \$319,000 with the possibility of ranging to \$399,000. The variance here is due to minimum wage bills pending and future of the "freeze."

One provision in the proposal to meet the increase was a six dollar a day increase in private and semi-private rooms.

Judge Cain emphasized that the panels move was not a criticism of the board's proposals but an extra effort to lighten the taxpayers' burden.

In other action commissioners authorized borrowing \$50,000 from the county depository at four per cent interest for 60 days to pay current salaries and bills. This will be repaid from October tax receipts.

Except for routine business matters all other items on the agenda were tabled pending further information.

All Deep-Sea Ports Across Nation Closed

NEW YORK (AP) — Dock workers from Maine to Texas struck today, confronting the government with the nation's first coast-to-coast shipping strike. Some ports were operating in Texas.

Last-ditch talks to settle a guaranteed income dispute between the 45,000-member AFL-CIO International Longshoremen's Association and the New York Shipping Association broke up hours after a midnight contract expiration.

Longshoremen at Great Lake ports were not affected by the strike and remained on the job. Other U.S. locals were pledged to follow New York's lead, but four of Texas' six ports were reported open as usual. Only Beaumont was struck, and Port Arthur had no ships in port.

West Coast ports have been struck since July 1 by the International Longshoremen's and Warehousemen's Union.

Some longshoremen in Texas struck today and others stayed on the job in the nationwide walkout by members of the International Longshoremen's Association.

Dock workers struck in Beaumont but did not do so in Port Arthur a few miles away.

Workers at Houston and Galveston went to work at the usual time of 7 a.m.

Brownsville dock workers also were on the job today, as were those in Corpus Christi.

The five longshoremen's locals at Beaumont announced they were posting pickets, about 500 workers will be on duty at the Beaumont longshoremen said they will work the one ship in port which has military cargo. Two other ships in port there will be picketed.

At Houston, Local 1273 sent 67 gangs to work and Local 372 supplied 60 gangs—a total of about 1,600 men. The clerks and checkers local at Houston, dispatched about 400 persons to work with the gangs.

Locals No. 370 and 851 in Galveston dispatched the normal number of work crews.

The Houston deep sea locals voted Thursday morning not to strike. William Belcher, business agent for local 872, said there were no plans for the local to reconsider the no-walkout action today.

The three locals at Port Arthur said they had received no instructions from national headquarters to strike. The question was academic at Port Arthur since there were no deep sea ships in harbor.

Tankers, which move very quantities of goods from Texas ports, were not affected by the nationwide strike.

Explosion Tears Up Street And Hurts 31 Persons

PORT ANGELES, Wash. (AP) — An explosion tore up a street and demolished the main floor of a Port Angeles hotel and restaurant late Thursday. No deaths or critical injuries were reported.

A hospital spokesman said 31 persons were treated for minor injuries suffered in the blast and a fire that followed, with 12 admitted for hospital treatment.

2 Unidentified Men Found Calling At Homes With Spurious Queries

Investigating in answer to a complaint, Pampa police officers found that two unidentified men had called at a number of homes in the 600 block on Wells Street asking a variety of questions.

At one home one of the men was asked what he represented and he told the woman the National Secretary Association, but questions ranged from husbands' occupations, number in families to medical aid, social security and cemetery plots.

Police reported a check with the Retail Merchants Association confirmed that the men were not a part of any of that firm's operations.

One of the men was dark complexioned, stockily built, about 5' 10" tall with stained teeth and wearing a sport coat. His age was estimated at about 30 years. His complexion was described with brown hair, slender build, about 5'11" and about 22 years old.

Police stated they could find no credible association these men represented and Pampa residents did not have to admit them to their homes or answer any questions.

Riverbed Reopened To Public Hunting

AUSTIN (AP) — The Parks and Wildlife Commission has decided to let hunters for the first time shoot deer in a state park.

The recently enlarged six-member commission selected the Pedernales Falls State Park in Blanco County for the public hunt, Nov. 13-15.

Such hunts were approved by the recent legislature.

State biologists said the hunt because it is opening later, deer tend to a level to prevent damage to the habitat.

It will cost a hunter—if his name is drawn from those who apply—\$4 to hunt at the beautiful 4,900-acre park, the former Circle Bar Farm Ranch, which was bought for nearly \$1 million in 1970 from Mrs. C. A. Wheatley of San Antonio.

The commission voted 6-0 to reopen the Canadian riverbed free public hunting because that is what the commission's lawyer told it to do.

In other action, the commission set a statewide closing date of Feb. 15 for quail season, the latest date in history. The season, however, will be two weeks shorter than usual in most areas because it is opening later.

Biologists said heavy rains and flooding had held down the bird population by ruining nesting areas.

The commission voted 5-1 to prohibit the capture of peregrine and prairie falcons in Texas as to prohibit them from extinction.

The commission issued a ruling June 4 closing all statewide riverbeds, streams and railroad rights of way to public hunting. This affected the Canadian riverbed.

But Atty. Gen. Crawford Martin said Sept. 15, in an official opinion requested by the Parks and Wildlife Department, that the commission had no authority to turn the riverbeds into a game refuge with controlled hunting.

"The attorney general is saying we can't do what we attempted to do," said Pearce Johnson, commission chairman.

Eleven Burglary Cases Cleared Up Following Arraignment Of Youth

With the arrest and arraignment of Jack Ray Robnett this week, authorities report they have cleared up 11 burglary cases for the city and one for county officers.

Robnett, 21, of Pampa was specifically charged with the burglary of A-1 Rentals and Downtown Motors. Justice of the Peace E.L. Anderson fixed bonds at \$1,500 on each count.

City police report that Robnett has signed statements admitting to recent burglaries of the Firestone Store, 120 N. Gray; Houston Lumber Co., 420 W. Foster; Hogan Construction Co., 512 E. Tying; Pampa Roller Rink, 123 N. Ward and Jay's Lounge, 618 E. Foster.

The Pampa Police Department has entered these cases into its records as cleared. A spokesman stated there were no plans to file charges other than the two for which Robnett was arraigned.

City police said that, contrary to some news reports, there would be no further investigation into the marijuana incidents of Wednesday night. There is another drug investigation underway. A Pampa high school girl has been questioned concerning the report that she was selling diet pills at the school.

Trio Supported By Gus Mutscher Appointed To Ethics Commission

AUSTIN (AP) — Texas House members have elected a three-man slate backed by Speaker Gus Mutscher's "team" as their voice on the new State Ethics Commission.

The "team" slate defeated one consisting of anti-Mutscher dissidents who pushed throughout this year's regular session for strong ethics legislation.

House Clerk Dorothy Halling reported that a mail balloting resulted in the electors of Reps. John F. Boyle of Irving, Clyde Haynes Jr. of Vidor and Jim Nugent of Kerrville.

Nugent, 48, was House sponsor of the ethics bill creating the commission, which passed in the closing minutes of this year's regular session. A sixteen-year veteran, he is chairman of the House Rules Committee.

Boyle, 35, is in his first term as a House member and attracted little attention during the session.

Haynes, 46, is in his sixth two-year term. He broke with Mutscher in the closing days of the session when the speaker failed to deliver a congressional district in which Haynes felt he could run and win.

Members Jones of Lubbock and Bill Clayton of Springlake campaigned actively by telephone for election of the Nugent-Boyle-Haynes slate, according to well-informed sources.

Jones and Clayton both are leading members of Mutscher's "team" and hold major committee chairmanships.

Running a close second was a slate consisting of Reps. Bill Blythe, Houston Republican; Frances Farenthold, Corpus Christi, and Fred H. Henderson. All are members of the anti-Mutscher "dirty 30" coalition of Republicans and liberals.

Each of the cooperating communities in the project will offer a 5 acre plant site to a prospect in addition to underwriting a portion of the expense of the exhibit.

'Children Of God' Sect Evicted From Promised Land On Ranch

Members of the Children of God have been featured many times on TV show since his Church in the Home, also known as American Soul Clinic, "adopted" them in early 1970.

The Rev. Mr. Jordan's ranch near his promised land on a 400-acre ranch six miles from here.

"We have to be off the place no later than Monday," said Amos, former Southern Baptist evangelist minister who acted as spokesman.

He and Louis Ingersoll, known to the "children" as Abel, keeper of the sheep, said the eviction came after a disagreement with the ranch owner, The Rev. J. Fred Jordan, a noted Los Angeles TV producer who has a Sunday television show.

Dock, Coal Workers Go On Strike

Over 80,000 Miners Stay Off Their Jobs

WASHINGTON (AP) — Coal miners streamed off their jobs in more than 20 states today while negotiators dispatched by the Nixon administration expressed the hope that the strike would be short.

A spokesman for Secretary of Labor J. D. Hodgson said the do not operate during the week-end. He said that the settlement would hold the loss down to 150 and would set in federal mines the date of the longest strike in the industry.

The UMW has called its 125-man National Scale and Wage Policy Committee to a meeting in New York Monday, indicating the possibility of a contract settlement before then. The committee is empowered to approve any contract agreement.

Sogross said, however, that his did not rule out the possibility of a contract extension agreement between the Union and the Bituminous Coal Operators Association.

Although the strike halted virtually all soft coal production in the nation, most mines

E. M. KELLER

Funeral services are slated for 4 p.m. Saturday in the Carmichael-Whitley Funeral Chapel for E. M. Keller, 1905 Ripley, who died at 2:45 a.m. today in Highland General Hospital after a lengthy illness.

Rev. Dan B. Cameron, pastor of the First Baptist Church, will officiate. Entombment will be in Memorial Gardens Mausoleum, with Masonic funeral services by the Top O' Texas Lodge No. 1381. Masons are requested to meet at the lodge at 3 p.m. The casket will be closed during the services.

Rev. Dan B. Cameron, pastor of the First Baptist Church, will officiate. Entombment will be in Memorial Gardens Mausoleum, with Masonic funeral services by the Top O' Texas Lodge No. 1381. Masons are requested to meet at the lodge at 3 p.m. The casket will be closed during the services.

Mr. Keller had been a trucking contractor for over 50 years, owning and operating E. M. Keller and Company here. He was a member of the First Baptist Church. He belonged to the Cuba, New York, Masonic Lodge No. 296 and the Top O' Texas Lodge No. 1381 of Pampa. A veteran of WWI he was a member of the American Legion Post 234 of Pampa and Post 934 of the 40 and 8. He was a member of the American Petroleum Institute.

He is survived by his wife, Gladys, of the home; two daughters, Mrs. Wayne Stewart of Alamogordo, N.M., and Mrs. J. G. Goodwin Jr. of Wichita Falls; one son, E. M. (Bob) Keller, Jr., of Pampa; one brother, C. L. Keller of Elgin, N.Y.; one sister, Mrs. L. E. Kellogg of Portville, N.Y.; and eight grandchildren.

Memorials may be sent to Gilchrist, P.O. Box 1, Berger.

MRS. LOUISE ELLISON
Funeral services for Mrs. Louise Ellison, 53 of 710 N. Banks, will be held at 2 p.m. Saturday in the Carmichael-Whitley Funeral Chapel, with Rev. E. Waterbury, of the Pampa Chapel officiating. Burial will be in Fairview Cemetery.

Mrs. Ellison died at 2:20 p.m. Thursday in Highland General Hospital. She had been in ill health for about three years.

Born June 20, 1918, in Navarro County, she moved to Pampa 10 years ago from Jenison, Ala. She was a member of the Baptist church.

She is survived by three daughters, Mrs. Brenda Kenney of Fort Worth, Mrs. Linda DeArman and Mrs. Jane Barber, both of Pampa; three sons, Leon Ellison of Jenison, Ala., Glenn Ellison of Fort Worth and Jimmy Ellison of Kearnes; and one sister, Mrs. Ruby Reeves of Pampa; one brother, Willie Albritton of Amarillo; and seven grand children.

\$2.50 Judgement
BOISE, Idaho (AP)—A Mountain Home Idaho woman has won a \$2.50 judgment for a roll of film after three hours of testimony before a magistrate.

Eleven Burglary Cases Cleared Up Following Arraignment Of Youth

With the arrest and arraignment of Jay Robert Robnett this week, authorities report they have cleared up 11 burglary cases for the city and one for county officers.

Robnett, 21, of Pampa was specifically charged with the burglary of A.I. Rentals and Downtown Motors, Justice of the Peace E. L. Anderson fixed bond at \$1,500 on each count.

City police report that Robnett has signed statements admitting to recent burglaries of the Firestone Store, 120 N. Gray, Houston Lumber Co., 420 W. Foster, Hogan Construction Co., 512 E. Tying, Pampa Roller-Rink, 123 N. Ward and Jay's Lounge, 618 E. Foster.

The Pampa Police Department has entered these cases into its records as cleared. A spokesman stated there were no plans to file charges other than the two for which Robnett was arraigned.

City police said that, contrary to some news reports, there would be no further investigation into the marijuana incidents of Wednesday night. There is another drug investigation underway. A Pampa high school girl has been questioned concerning the report that she was selling diet pills at the school.

Trio Supported By Gus Mutscher Appointed To Ethics Commission

AUSTIN (AP)—Texas House members have elected a three-man slate backed by Speaker Gus Mutscher's team as their voice on the new State Ethics Commission.

The "team" slate defeated one consisting of anti-Mutscher dissidents who pushed throughout this year's regular session for long ethics legislation.

House Clerk Dorothy Hallman reported that a man balloting resulted in the election of Reps. John F. Boyle of Irving, Clyde Haynes Jr. of Vidor and Jim Nugent of Kerrville.

Nugent, 48, was House sponsor of the ethics bill creating the commission which passed in the closing minutes of this year's regular session. A six-term veteran, he is chairman of the House Rules Committee.

Boyle, 35, is in his first term as a House member and attracted little attention during the session.

Haynes, 46, is in his sixth two-year term. He broke with Mutscher in the closing days of the session when the speaker failed to deliver a congressional district in which Haynes felt he could run and win.

Reps. Delwin Jones of Lubbock and Bill Clayton of Springlake campaigned actively by telephone for election of the Nugent-Boyle-Haynes slate, according to well-informed sources. Jones and Clayton both are leading members of Mutscher's "team" and hold major committee chairmanships.

Banning a close second was a slate consisting of Reps. Bill Bixby, Houston Republican; Frances Fautenthal, Coppus Christy, and Fred Head, Henderson. All are members of the anti-Mutscher "dirty 30" Coalition of Republicans and liberal Democrats.

Mrs. Hallman said 124 of the

150 House members returned ballots, although some cast votes only for one or two of the three House places on the commission.

Most of the votes came in after Mutscher's indictment last Thursday on charges he accepted a bribe in return for his efforts to pass two banking bills wanted by Houston promoter Frank Sharp.

The House election completes the 12-member commission which has the duty of investigating alleged breaches of the state's conflict of interest law. Other members are:

Mrs. Margaret Harris Amisler, Baylor Law School professor; and M. Roark, Houston lawyer, appointed by Chief Justice Robert W. Calvert of the Texas Supreme Court.

J. W. Hassell Jr., Dallas attorney; and William H. Gardner, Austin former Houston Post writer and executive, appointed by Judge Spurgeon Bell, chairman of the Judicial Qualifications Commission.

Randy David Jacobson, San Antonio; and John Sutton Jr., University of Texas law professor, named by presiding Judge John E. Olson Sr. of the Texas Court of Criminal Appeals.

Sens. A. M. Aldin Jr. of Paris, Charles Herring of Austin and Charles Herring of Austin and by the Senate.

Tom Jones In London
LONDON (AP)—Singers Tom Jones and Engelbert Humperdinck are combining on a nonmusical venture.

They announced Monday they're joining a real estate group to build the biggest theater constructed in London since World War II.

Pampa To Open Industrial Development Booth At Ohio
Pampa is among six towns in the service area of the Southwestern Public Service Company joining the electric company in the sponsorship of an industrial development booth at the 41st annual convention of The Wire Association.

The booth will be open from 10:30 a.m. through 2:30 p.m. at the Sheraton-Cleveland Hotel in Cleveland, Ohio.

Each of the cooperating communities in the project will offer a 5-acre plant site to a prospect in addition to underwriting a portion of the expense of the exhibit.

Wire industries, especially those which produce small wire products such as paper clips, staples, insulated wire, were in the list of target industries determined to be suitable for this area, in a study made by Southwestern Public Service Company recently.

The booth at the Cleveland exhibit is an extension of the company's Target Industries program. Coordinators for the electric company are Larry Milner and Evin Schenfeld.

James McGee will be Pampa's representative in manning the booth.

'Children Of God' Sect Evicted From Promised Land On Ranch

Members of the Children of God have been featured many times on his TV show since his Church in the Home, also known as American Soul Clinic, adopted them in early 1970. The Rev. Mr. Jordan's ranch near this ghost town in West Texas has been known as the Texas Soul Clinic and its Children of God population has mushroomed until Wednesday morning there were some 360 young adults and 40 children, he said.

"We have to be off the place no later than Monday," said Amos, a former Southern Baptist evangelist minister who acted as spokesman.

He and Louis Ingersoll, known to the "children" as Abel, keeper of the sheep, said the eviction came after a disagreement with the ranch owner, The Rev. J. Fred Jordan, a Los Angeles TV producer who has a Sunday television show.

"First to be evicted were leaders of our group at a ranch he owns at Coachella, near Indio, and a building he owns where some 90 of our Children of God were housed in Los Angeles," Ingersoll said.

He said the 90 residents of the building and their leader had to sleep in MacArthur Park Sunday and Monday night.

"But I understand they have been allowed to get their belongings and are enroute to our communes in San Diego and in the Pacific Northwest."

Amos also is moving his wife Abigail and four children, ages 2, 7, and 9, "wherever the Lord sends us with our Children of God," said the sect "has found the real meaning of Jesus through communal living like that of the early church."

"The Lord will have to open the door for us now," said Amos. "We got this letter yesterday. (Wednesday) morning from the American Soul Clinic in California telling us to leave there within ten days and it was three days old when we received it."

"Most of us stayed up all night packing! Many of the house trailers and a lot of our people moved out today."

Barbeque Tickets Still Available For GCFB Members
Members of the Gray County Farm Bureau report there are still tickets available for the annual convention meeting Saturday night.

The affair will be at the County Barn east of Pampa beginning at 7:30 p.m.

In addition to an address by State Senator Max Shetman, photos will be discussed and endorsed for the coming year.

Farm Bureau Leaders emphasize this is a family affair.

ERNEST HAWKINS of Fleming Appliance invites you to stop by 1312 North Hobart and see the new line of RCA color televisions and electronic equipment.

Full Line Of Whirlpool & RCA Products At Fleming Appliance

If your old TV is on the blink or the old washing machine just cannot seem to cut it on wash-day, Ernest Hawkins or Glen Fleming are the men to see today.

Hawkins is sales representative, and Fleming is owner-manager of Fleming Appliance, 1312 N. Hobart.

Together, they have many years' experience in appliances and electronic equipment.

A large stock is maintained so that you will always have several models from which to choose in the price range you desire.

When something does go wrong with your TV or appliance, Fleming Appliance is staffed and equipped to do factory warranty work in their repair shop.

The service department can repair Whirlpool and RCA products as well as all other makes.

"We feel we have one of the most complete parts department and best trained personnel in the area," says Hawkins.

Fleming Appliance has on display Whirlpool washers, dryers, refrigerators, ranges and freezers in addition to RCA televisions, stereos, radios, tape player, eight track and cassette tape players for the home and automobile.

Whether you are ready to buy, or just looking, Glen and Ernest invite you to come in visit with them.

Radio and Television

By JERRY BUCK
 AP Television-Radio Writer

HOLLYWOOD (AP) — Chuck Jones looks at things in an unconventional way and that will be reflected in "Curiosity Shop," the children's show he has created for ABC-TV.

Jones is a freckled, red-haired man who is very low key but for years turned out animated cartoons about such hyperthyroid characters as Bugs Bunny, Road Runner and Willie Coyote.

"Curiosity Shop," aimed at children 6 to 11 years old and to be shown on Saturday mornings began Sept. 11, starts each show with a familiar object or subject. From there it may go to a connecting idea or into a flight of fancy.

Jones said, "I think trivial information is the most important and a lot of that will come from Professor Trivia, a woman who lives in a book. I'm not interested in how many tons of steel there are in the George Washington Bridge. But I am interested in how many fox terriers marching in lockstep it would take to destroy the bridge."

He smiled at the thought "Trivia is so interesting. There are many creatures in the sea. All fish have vertical tails and all mammals have horizontal tails. I like to pass information like that on to kids so they can impress people."

Jones, winner of three Academy Awards and producer of the Pogo and Dr. Seuss specials for television, was sought out by ABC after television's children's programs came under heavy criticism nearly two years ago.

All three networks appointed executives to oversee children's programming for the first time and to bring about improvements. At first Jones was a network vice president, but recently he gave up the title to work exclusively on "Curiosity Shop" as executive producer and to supervise a new animated version of "A Christmas Carol" for ABC done in the style of the original manuscript illustrations.

Jones said, "I feel that what television needs now is to exploit talent. To set up conditions where talent can flourish. That's the way Harold Ross ran the New Yorker magazine. I feel what we need is not to work with safe ideas, but to work with safe men with creative ideas. A safe man is an experience."

CINCINNATI (AP) — Astronaut Neil A. Armstrong toured the campus and moved into his new office as a full professor at the University of Cincinnati Monday.

State Legislator Demands Reform In Texas House

BAYTOWN— State Representative Price Daniel, Jr. Wednesday called for all Texans, regardless of political philosophy or party affiliation, to join in a united effort to bring about reform in the Texas House of Representatives and to enact meaningful ethics legislation.

Daniel, a moderate Democrat and announced candidate for Speaker of the Texas House, 63rd Session, said: "The allegations in the recent indictments and report of the Travis County grand jury illustrate the glaring need for reform in the Texas House. The people of this State should not accept the indictments, or even any convictions that may follow, as the cure to the problem, but rather should demand an end to the concentration of so much power in the hands of the Speaker and his top lieutenants. Under the present system, a few influential friends and well placed House members can and do control the fate of legislation and the spending of State funds."

"Reform is urgently needed to restore democracy to the Texas House, so that all House members might be free to vote the dictates of their consciences and represent the best interests of the people of the State, rather than being subjected to intimidation, coercion and pressure by the Speaker and his top lieutenants," said Daniel.

Eban Proposes 'Five Roads To Peace' In Middle East

UNITED NATIONS, N.Y. (AP) — Foreign Minister Abba Eban of Israel proposed today "five roads to peace" in the Middle East, including direct talks with Foreign Minister Mahmoud Riad of Egypt at the United Nations.

In a major address before the 26th U.N. General Assembly, Eban said, "I proposed to Foreign Minister Riad that we take out guidance from the spirit which inspires the international life of our age.

"Let us meet here this month under the auspices of the United States to discuss the details and principles of a Suez Canal settlement — or under the chairmanship of Ambassador Jarring.

Gunnar V. Jarring is Secretary-General U Thant's special representative for Middle East negotiations.

Both Riad and Eban are conducting separate talks here on a Mideast settlement.

Nation's Crime Increases By 11%

WASHINGTON (AP) — Led by a 20 per cent increase in the number of policemen killed in the last eight months, violent crime increased by 11 per cent across the nation in the first half of 1971, the FBI has reported.

The jump in violent crimes exceeds the 10 per cent hike recorded during the first six months of 1970, but an overall 7 per cent rise in serious crimes compares with an 11 per cent rise last year, said the report issued Wednesday.

The report noted that 80 law enforcement officers have been murdered from January through August. One hundred were murdered during all of 1970, 67 of whom were killed in the same eight-month period. Of the 80 murdered this year, the report said 96 per cent were shot.

RALPHIGH, N.C. (AP) — Manager Joe Lee of Johnson Jewelry Store opened his store safe Tuesday morning and started crying. At 10 a.m. he was still fighting back the tears.

Hot Water For Washing Suggested

WASHINGTON (AP) — Government scientists say the family wash can spread disease viruses most easily cold water, recommended by manufacturers of some detergents, if used to cleanse bed clothing and wearing apparel.

Christian Science

Is the Good that will be the title of public lectures under Christian Science auspices in Pampa on Tuesday Oct. 5, Edward C. Williams, C.S.B., a Christian Science teacher and practitioner from Indianapolis, Indiana, will speak under sponsorship of the Christian Science Society. The lecture will begin at 8 p.m. at the church, 901 N. Frost St. The meeting is open to the public at no charge. Williams has devoted his full time to the public practice of Christian Science healing since 1922 when he gave up a career in public relations with a large public utilities firm. During World War II he served as a Christian Science minister for the Armed Services. He is currently on tour as a member of the Board of Lecturership of The First Church of Christ, Scientist, Boston, Mass. More attention needs to be paid to the source of thought and action. This is a theme to be brought out Sunday at Christian Science church services. These words of Christ Jesus will be read: "Every tree that bringeth not forth good fruit is hewn down, and cast into the fire. Wherefore by their fruits ye shall know them." The subject of the Bible Lesson-Sermon is "Unreality". Commentary from Science and Health with Key to the Scriptures by Mary Baker Eddy includes: "Man walks in the direction towards which he looks, and where his treasure is, there will his heart be also. If our hopes and affections are spiritual, they come from above, not from beneath, and they bear as of old the fruits of the Spirit."

First Baptist Church

Rev. Dan Cameron, pastor of First Baptist Church, will be the pulpit for both worship services Sunday. At the morning worship he will continue the series of sermons from the book of Leviticus. David Campbell, minister of music, will direct the sanctuary choir in singing the choral worship selection, "We Are Living, We Are Dwelling" by Zabel and present Hoyte Phillips who will sing a tenor solo. The offertory will be played by Miss Eloise Lane, organist, and Mrs. David Campbell, pianist; and they have chosen "Lead me to Calvary" by Smith Hustad. This service is broadcast over radio station KPND and televised on Channel 12, cable TV. Visitation begins at 9:30 a.m. Tuesday for the ladies, and 7 p.m. for the men. Wednesday evening activities begin at 5:30 with the fellowship supper and is followed by Prayer Meeting at 6:15. The pastor will continue teaching the book of Revelation with this lecture taken from the third chapter. The First Baptist men will have their regular monthly breakfast meeting at 6:30 a.m. Thursday. The featured speaker will be Jerry Walker, former Pampa Harvester football player and all-State tackle; lettered four years at Texas Tech; was captain of the team and chosen and All-American while playing for Texas Tech.

Central Baptist Church

The Sunday school attendance at Central Baptist continues to climb as the church enters the third week of its "More Than Before" Sunday school attendance campaign. The attendance has been up the last two weeks by more than 86 people per week. Last Sunday climbed to 328. This Sunday the church is expecting an even greater number to be present. The pastor, Bryan Halliburton, will continue his series of sermons during the evening service on the parables of Jesus which are unique to the book of Luke. This Sunday's sermon will be based upon the parable of the man building a tower. He will announce his evening topic. Activities are planned for junior and senior high students after church Sunday evening. Senior high will go bowling after church and junior high will have a pizza feast. All youth who are in Sunday school at Central Baptist are invited. The church has "Spireno" scheduled for revival Nov. 15-21. The group has been used mightily of the Lord in recent revivals. Two weeks ago at El Paso, in a local church revival more than 800 decisions were recorded and more than 250 baptized into the church. The church worship services are broadcast over KGRO.

Revival Center

A revival meeting will begin Sunday morning at Revival Center Church, 1101 S. Wells St. The service Sunday night will be at 7 p.m. and the evangelistic services each week thereafter will be at 7:30 p.m. The evangelists are Rev. Georgia O'Reille and Rev. Doris Chabiss, Amarillo. Rev. Ruby M. Burrow is pastor.

First Christian

The Rev. Ralph T. Palmer will deliver the sermon Sunday morning for the worship hour at 10 a.m. This sermon will be a continuation of a series on the Ten Commandments. Sunday's message deals with the Commandment "Thou shalt not commit adultery" with scripture selections from Matthew 5:27-30. Communion will be shared by families in the sanctuary as they recognize this as World Communion Sunday. There will be a special children's worship conducted during the remainder of the worship hour by Mrs. Ralph T. Palmer. The sanctuary choir will present the anthem. Church school hour begins each Sunday at 9:45 a.m. There is a class available for all ages. Youth group activities will begin with snack supper at 5:30 p.m. followed by each study group at 6 p.m. The official board of First Christian Church, Robert Rasmussen, chairman, will meet Wednesday, at 8 p.m. Each member of the board should be present. The Christian Men's Fellowship will hold the monthly meeting October 9 at 7 a.m. Jack Chisum, chairman of this organization, will be arranging for the special program. Also on October 9 the Chi Rho age youth group will hold a Bake and Rummage Sale at the church. The Public is invited to attend.

First Presbyterian Church

The Day of world-wide communion will be observed at the First Presbyterian Church, this Sunday, with the observance of the Lord's Supper at both worship hours, 8:30 and 11 a.m. Communion will be taken to the shut-ins on Sunday afternoon by the Pastor, the Rev. Martin Hager and the Elders of the church. The communion sermon will be entitled, "And They Recognized Him" from the text, Luke 24:13-35. The Old Testament lesson will be taken from Isaiah. Assisting Rev. Hager with both services will be the Ruling Elder Ralph Ford. The Minute for Mission speaker will be John Maxwell. Soloist for both worship services will be Miss Elena Donald. The church choir will robe and process for the 11 a.m. worship hour. The choir is under the direction of Mrs. Carol Mackey and meets each Wednesday at 7:30 p.m. for rehearsal. Church organist is Donnie Jones. He will present as the offertory "I Call to Thee, Lord Jesus Christ". The Senior High Fellowship is planning a picnic Sunday afternoon. They will meet at the Church at 2 p.m. Sponsors for this group are Dr. and Mrs. Kent Hicks.

Lamar Full Gospel Assembly

The congregation at Lamar Full Gospel Assembly will have as guests at both the 11 a.m. worship service and the 7 p.m. evangelistic service, Rev. and Mrs. E.L. Bohannon Jr. The Bohannon's are missionaries to the Fiji Islands. They recently returned after four years in Suva, Fiji Islands. Their work there included Bible teachings, village preaching, translator and director of the International Correspondence Institute. The Fijis include more than 300 islands, over 100 of which are inhabited. They are located in the South Pacific between Hawaii and New Zealand. For almost 100 years they have been a crown colony under British rule. On Oct. 10, 1970, Fiji became an independent nation. Rev. and Mrs. Bohannon make their home in Springfield, Missouri. They have one son born in Fiji Islands.

The Weekly Message of Inspiration...

St. Vincent's de Paul Catholic Church

Father Francis Hynes C.M.
"How do I love thee... let me count the ways!"

St. Paul was in prison when he wrote this letter to the Christians at Ephesus. He encouraged that community and revealed to them the glory of God's kingdom. "May you be able to grasp fully with all the saints the breadth and length and height and depth, and to know that the love of Christ surpasses all knowledge."

The saints - the baptized faithful - are immersed into the very life of the Blessed Trinity. They are made sons of the Father, strengthened and sanctified by his Spirit, sharing the life of the Son who dwells within them. They receive these graces individually and at the same time are united in the whole Christ that is the Church. This life comes through faith and it flourishes upon love. Through the unity it brings and the power it engenders, we become able and more than able to do all that God asks of us.

The kingdom of heaven is founded on love; not the love of self-interest, but the love that embraces all men. The material concerns of the Pharisees would permit them to "rescue" one of their farm animals on the Sabbath, but would object to healing the man who had dropsy. Christ follows up this incident with a parable.

His kingdom will have no first places or "last" places as there are at a wedding feast. Instead, all members will be fully aware of their own worth in the eyes of God and in this humility will enjoy the fullness of God's love and glory. It is the same for the saints who are still on earth. Humble, hidden acts are the mark of the Christian, while those who seek praise before men already have their reward.

The love of Christ and the power of the Spirit he sends us from the Father enable us to do great things. If we demand recognition from the world, we wreck the love and unity that grace can forge. We use the things of God for our own benefit. We forget that everything we have comes from God. "Through Him we can do all things, without Him we can do nothing." We rescue our ox and donkey to maintain our income and neglect our brothers in Christ who are suffering dire necessity. We join the rat race that pushes humans to the top of the world's honors' list and fail to see ourselves as we stand before the Father. Or, rooted in love and founded on love we can be filled with all the fullness God has to give.

And the love of St. Paul towards the Christians at Ephesus - "How do I love thee... let me count the ways" - brought him a martyr's crown and brings us daily the real meaning of Christian living.

Australia Made Greatest Gain In History In 1970 Toward Petroleum Self-Sufficiency

HOUSTON, Tex. (AP) — Australia made its greatest gain in history in 1970 toward petroleum self-sufficiency. This report is one of the highlights of an annual review of worldwide petroleum developments as made annually by the American Association of Petroleum Geologists.

A series of nine copyright articles in the association's bulletin also reports a production boom in Nigeria, a major natural gas discovery in New Zealand, and a continued exploration boom in Southeast Asia.

This year's series was prepared by 13 authors and assistant authors, all professional geologists who volunteered to gather and interpret foreign drilling data.

K. Anthony Snow of Tulsa, Okla., prefaced the series by commenting the group's assignment was a big one which was made more difficult by the censorship placed on drilling statistics in foreign countries and by other diplomatic problems.

The Southeast Asia article, for example, reported an increase in exploration activities, particularly drilling and seismic surveys, but added that restrictions by several governments and companies in the Far East on release of information had made data gathering extremely difficult.

Australia's impressive gain was attributed to the prolific Gippsland Basin fields of Victoria coming into production. "Commencing production in March, Halibut Field was producing 200,000 barrels of oil a day by December," the Australian article reported.

United States And Russia Sign Disarmament Side-Agreement

WASHINGTON (AP) — The United States and the Soviet Union signed two disarmament side-agreements today and pledged to pursue their efforts for a mutual curb on their missile systems.

Signing for the United States at a State Department ceremony, Secretary of State William P. Rogers said the two new accords reflect the "new imperative of the nuclear age."

The agreements provide for modernizing the Washington-Moscow hot line by using satellite communications, and for prompt consultation to avoid nuclear war by accident.

Rogers spoke of the major nuclear arms curb agreement being sought by the two superpowers in their Strategic Arms Limitations Talks (SALT) due to reconvene in Vienna in November.

He said "considerable progress has been made in this larger endeavor, but much remains to be done" in the negotiations on limiting antiballistic missile (ABM) and offensive missiles of the two sides.

In similar vein Soviet Foreign Minister Andrei A. Gromyko hailed the side accord as "the first tangible result" of the two-year-old SALT negotiations and added:

The 1963 hot line set up for instant contact between the White House and Kremlin in case of crisis has been routed so far through transatlantic cables and European land lines. A backup link uses radio.

With the development of communications satellites, the two nations agreed to update their emergency communications link by using two satellite systems. One is the Western Intelsat system already in operation. The other is the new Soviet Molniya-II slated to be operational by 1973.

The accord aimed at preventing nuclear war by accident provides that each country will maintain and improve its safeguard arrangements against accidental or unauthorized use of its nuclear weapons.

Skellytown News

A Fellowship Supper was held recently in the fellowship hall of the church in honor of Rev. Murie Rogers and wife, Wanda, on their sixth anniversary as pastor of Skellytown First Baptist Church. They were presented a swag lamp from the members. Harry and Ruth Carter had a beautiful cake baked and decorated for the occasion.

Mr. and Mrs. John Kramer had as guests in their home this week their sister and husband, Mr. and Mrs. D.C. Dicks, Highland, Calif.

Rev. and Mrs. Willard Teague and three sons left recently for Lausanne, Switzerland, they will be there one year attending school to learn the French language. They will be stationed in West Africa as missionaries for the Assembly of God Churches. Mrs. Teague is the former Jerlene Harris, daughter of Mr. and Mrs. Levie Harris, Skellytown.

Darrel Wayne Terry, formerly of Hobbs, is now living in Lubbock and attending Texas Tech College. He spent the weekend with his grandparents Mr. and Mrs. John Kramer and uncle and aunt, Mr. and Mrs. D.C. McCarthy.

Mrs. Kate Enoch is visiting this week with her niece and husband, the Rev. and Mrs. Gordon Patterson, Sayre, Okla.

Mrs. Tempest Adams returned Saturday from Dallas, where she visited several days with her daughter and family, Mr. and Mrs. Tom Lyon and daughters.

Mrs. Jack Cornwell and son, Terry Don, Debra Simmons and Mrs. Guy McKenney were in Amarillo Saturday where they attended the Tri-State Fair and the Charley Pride show.

George Thompson, Dallas, spent the weekend with his mother, Mrs. Anna Mae Thompson.

Mrs. Oma Pierce, former resident now living in Durant, Okla., and her sister, Mrs. Iva DeSpain, spent the weekend in Borger with her daughter and husband, Mr. and Mrs. Merle Tolbart. They visited Mrs. M.L. Mills.

Mrs. Walt Shair is a patient at the North Plains Hospital in Borger.
