East Pakistan Appeals To India For Ceasefire

The Pakistani commander in East Pakistan has appealed to the Indian army chief of staff for a cease-fire, the government in New Delhi announced today. India ordered a halt to the bombing of Dacca and gave the Pakistanis 16 hours to surrender.

Gen. Sam Manekshaw, the Indian chief of staff, replied that he would order a cease-fire as soon as the Pakistanis confirmed their surrender, an Indian spokesman said. The appeal was from Lt. Gen. A.

K. Niazi, who previously had vowed to fight to the last man.

The exchange between the two generals came as an Indian army spokesman reported Indian troops fired mortars into Dacca from less than two miles away and the battle for the East Pakistani capital "is in its final stages."

Indian troops also were reported within four miles of Chittagong, East Pakistan's largest port. Its harbor area was hit Tuesday by an air and sea bombardment.

Manekshaw warned that "if you do not comply with what I have stated you will leave me with no other alternative but to resume my offensive with the utmost vigor at 0900 Dec. 16."

This is 10:30 p.m. EST, today. Manekshaw told Niazi he had ordered the bombing pause at Dacca as a "token of my good faith."

The Indian army chief made clear a surrender would be required before India would agree to a cease-fire. Radio Pakistan conceded

that Indian troops were putting pressure on Dacca after opening up with an artillery shelling Tuesday.

In New Delhi, members of Parliament demanded a government statement of reports that ships of the U.S. 7th Fleet, led by the nuclear-powered aircraft carrier Enterprise, are headed toward the Bay of Bengla.

Shipping Minister Raj Bahadur told members "not to be unnerved or give undue importance" to the reports. Washington sources said the

ships had been ordered to mark time short of the Bay of Bengal until it was decided whether an evacuation of East Pakistan was necessary.

The Army spokesman in Calcutta told newsmen Dacca is surrounded and leading elements of Indian columns, advancing from the northwest, north and south, have opened up with mortars on the city from 3,000 to 6,000 yards.

The spokesman said waterways east of the city have been crossed and no further waterways remain between Indian forces and Dacca.

THE FINAL PAYOFF—Bill Dunn, left, new manager at the Coronado Inn, was a pleased spectator as Mrs. Vela Hamilton, hotel auditor, handed the check to George Scott, president of the Community Hotel Co. of Pampa, for his signature to make the final payment on the original \$500,000 hotel mortgage. The check was for \$1,986.69. (Staff Photo)

Final Mortgage Payoff Made On Coronado Inn

By **TEX DEWESE**
It's always a great feeling when final payment is made on the mortgage. And that's what happened yesterday when directors of the Community Hotel Co. of Pampa met and authorized the final check to pay off the original \$500,000 mortgage

loan on the community-owned Coronado Inn. The last check in the amount of \$1,986.69 was signed by George Scott, president of the hotel company. Liquidation of the 11-year-old mortgage was a happy occasion for the hotel directors.

connection with recent improvements and operations totals approximately \$50,000. It was pointed out at the meeting that an extensive refurbishing program may be necessary next year.

The new hotel manager, Bill Dunn, and the executive board members were asked to make a study of present improvement needs and report recommendations for consideration at the board's next meeting. Dunn also gave a report to directors on current operations at the hotel.

Car Buyers Begin Receiving Excise Refunds

DETROIT (AP) — Buyers of new cars began receiving excise tax refunds this week after President Nixon signed repealer legislation, knocking out the tax retroactively to last Aug. 14.

Ford Motor Co. anticipated congressional and presidential approval of the excise tax refund—amounting to an average of about \$200 a car—and had refund checks prepared in advance.

Some 200,000 went into the mail Monday, the company said, and up to 50,000 more will be sent out daily until about one million are distributed to those who bought Ford cars or light trucks between Aug. 14 and Dec. 10.

The other major domestic automakers—General Motors, Chrysler and American Motors—said they are asking new car buyers to sign applications for refunds before sending out checks.

Cates Presented Plaque BY TSTA

State Rep. Phil Cates of Pampa was among state legislators honored at a banquet sponsored last night in Caprock High School in Amarillo by District XVI of the Texas State Teachers Association.

Cates was presented with a walnut-based bronze plaque by TSTA "in sincere appreciation for special efforts in support of public education in Texas."

The presentation to Cates was made by Bill Potts of Pampa, Dist. 16 TSTA president.

County Commissioners Make Six Appointments In 3 Areas

The Gray County Commissioners Court, meeting in executive session, made six appointments in three areas of county government, according to Judge Don Cain.

Dr. Joseph W. Gates was appointed to another two-year term as County Health Officer.

Ernest B. Wilkinson and Eben B. Warner Jr. were named to the Gray County Airport board for two year stints. In making these appointments the

commissioners unanimously passed a resolution praising the work of retiring board members Ray Chastain and Stuart Youngblood.

Similar plaudits were placed on record for Jim Hathaway, McLean, who is leaving the hospital board. He is succeeded by J. W. Meacham, also of McLean.

Pampans D. W. Bond Jr. and E. L. Henderson were named to the hospital panel.

The closed session came at the end of the regular meeting at 10 a.m. yesterday.

The possibility of severing at least one of the suits for a hearing before a single judge also was contained in the order.

Named to the panel were U.S. Circuit Judge Irving L. Goldberg of Dallas and U.S. District Judges William Wayne Justice of Tyler and John H. Wood Jr. of El Paso.

Judge Justice was the only jurist originally assigned one of the four suits. That complaint was filed in Tyler by state Sen. Oscar Mauzy of Dallas and was the only suit that did not claim a need for a three-judge panel.

Mauzy asked for a declaratory judgment on the constitutionality of the new reapportionment plan of the Texas House.

The other three suits sought declaratory judgments but also asked for injunctions, a

request that usually calls for a three-judge panel.

Judge Brown said in his order that the panel has the power to decide whether "one or more or all of the issues in each of the cases is for determination by a three-judge court or a single judge."

He also said the panel also can decide "the nature, kind or character of relief to be granted or the form or content of any decrees and orders whether separately or consolidated."

U.S. District Judges Adrian Spears of San Antonio, Carl O. Bue Jr. of Houston and Robert M. Hill of Dallas last week consented not to be designated part of a three-judge court to hear the cases. Each originally had been assigned one of the three other suits.

Judge Goldberg earlier had withdrawn his name from a three-judge panel to hear a suit here attacking the reapportionment of congressional districts in Texas.

U.S. District Judges Adrian Spears of San Antonio, Carl O. Bue Jr. of Houston and Robert M. Hill of Dallas last week consented not to be designated part of a three-judge court to hear the cases. Each originally had been assigned one of the three other suits.

Judges To Hear Suits Against Redistricting

DALLAS (AP) — A three-judge panel has been named to hear all four suits against the new redistricting plans for the Texas House and Senate.

Chief Judge John R. Brown of the 5th U.S. Circuit Court of Appeals named the panel, and ordered the judges to hear the suits in Austin "at the earliest possible time."

The panel will attempt to issue its decision before the Feb. 7 deadline for filing for primary elections in state races.

The possibility of severing at least one of the suits for a hearing before a single judge also was contained in the order.

France And Britain Try To Stop War

UNITED NATIONS, N.Y. (AP) — Hopes for U.N. Security Council action on the India-Pakistan war hung today on a British-French effort.

The two permanent members who abstained in the voting on earlier unsuccessful resolutions calling for a cease-fire and troop withdrawal were working on "a mild but open" resolution, a French source said.

The council met briefly Tuesday afternoon, then recessed at Britain's request to allow for consultations. A session was tentatively scheduled today.

In an attempt to avoid vetoes from the Soviet Union, China or the United States, the British and French delegates were reported working on a resolution mixing a strong call for a cease-fire and political settlement in East Pakistan with only low-key mention of troop withdrawals.

The council was unable to act last week because the United States and China, favoring Pakistan, wanted to call for a cease-fire and withdrawal while the Soviet Union, backing India, wanted to call for a ceasefire and political settlement with no mention of troop withdrawal.

The French and British said they sought something which combined the reality of the situation in East Pakistan with the need for unanimous council action.

Poland put forward a resolution, calling for the transfer of power in East Pakistan "to the lawfully elected representatives of the people headed by Sheik Mujibur Rahman." It also called for a 72-hour cease-fire, followed by the withdrawal of all Pakistani troops and then of all Indian forces.

China indicated it would veto the Polish proposal, which also stood little chance of winning support from other delegations.

TSTA Gives Smith Award

AMARILLO, Tex. (AP) — Awards were presented to Gov. Preston Smith and several legislators Tuesday night at the Texas State Teachers Association's banquet honoring their contributions to Texas education.

Main speaker at the affair was Wayne Thomas of Hereford, chairman of the Coordinating Board of Texas Colleges and Universities. Presentation of the plaques was made by Pat Hughes of Hereford, legislative chairman of District 16, TSTA, besides Smith, plaques were presented to Sen. Max Sherman of Amarillo and to Reps. Ben Bynum and Bryan Poff of Amarillo.

Rev. Ralph Palmer, pastor of First Christian Church, will give the invocation opening the program, consisting of music by the Pampa High School Concert Choir and the Pampa Junior High School Choir, plus trumpeters and narrators furnished by the high school music and drama departments.

The general public is invited to be at the park and participate in the lighting ceremony.

Call Of Criminal, Civil Docket Set

According to the office of Gray County Judge Don Cain, there will be a call of the criminal and civil docket in county court at 10 a.m., Jan. 2, 1972.

The purpose at that time will be to set cases for trial by jury beginning the week of Jan. 25, 1972.

Pampa Man Charged With Slaying Brother

John L. Colbert, 36, 521 Elm, apparently succumbed within seconds after being struck by a shotgun blast about midnight last night.

His brother, Miles Colbert Jr., 22, was charged with murder with malice this morning in the court of Judge Ed Anderson and was denied bond.

According to police investigators, the shooting occurred at 512 Oklahoma.

address of a two-room dwelling where, according to a witness, the younger Colbert was in bed in the bedroom. The police report said John Colbert left the room once on orders from his brother then re-entered. Soon after the shot was heard and John Colbert staggered from the bedroom to the porch of the house where he was lying face down when officers arrived.

The younger man allegedly

had the weapon, a single shot 12-gauge gun, in bed with him.

Judge Ed Anderson, as coroner, ruled the victim dead at the scene. The blast of shot had struck him in the upper right chest but did not go completely through his body. He was taken to Carmichael-Whately Funeral Home.

John L. Colbert was born at Mangum, Okla. and moved to Pampa in 1958. He is survived by two daughters, Mrs. Linda

Williams and Mrs. Sharon Wilson, Dallas; two sons, John L. Jr. and Robert, Dallas; his parents, Mr. and Mrs. Miles Colbert, Pampa; five sisters, Mrs. Helen Duke and Mrs. Lorette Watie, Pampa; Mrs. Laverne Crenshaw, Oakland, Calif.; Mrs. Ontario Metier, San Diego, Calif. and Mrs. Jewel Adams, Denver, Colo.; two brothers, Aron, Denver, Colo. and Miles Jr., Pampa.

Catholic Father Sets Up Anti-Drug Program

By **RAY BAXTER**
"I believe there are better ways to put my head where I want it."

This was the answer given by members of the Top O' Texas Kiwanis Club last night when one of their number asked ex-drug addict George Starkey if anything could get him to return to the "habit."

Starkey had accompanied the guest speaker, Father Joseph Tash, Amarillo, who had been invited to talk about his work with drug users in the Amarillo area. Focus of that work is being centered on a building supplied by the city of Amarillo and known as "Kairos House." Kairos is from the Greek meaning a "new beginning." Starkey will be one of three full-time workers staffing the rehabilitation center.

Father Tash told the assembled Kiwanians that his group had been granted use of the building, a city facility, despite a bid by another agency after city officials had considered a report they requested of him on drug use in Amarillo.

That report substantiated that at least ten per cent of Amarillo teenagers were using drugs either experimentally or regularly. An ex-drug user questioned by

the commissioners gave them a conservative estimate of 10,000 teenage drug users — roughly half the Amarillo teenage population by school records.

The young Catholic clergyman described preparation of the building for their use as beginning literally with a question: "Father Tash, could you use a—?"

"Yes we could. Thank you!" Implementia donated thusly has ranged from carpet samples, fabric samples, furniture to a large commercial-type freezer from an Amarillo business firm.

"Before we left the office of the man giving the freezer," Father Tash recounted, "he was thanking US for allowing him to have a part in the program."

Those reached thus far in the program have been doing the equipping and decorating. In addition to Starkey there will be two other staff members, all ex-drug users and all qualified to recognize users who might need medical help from the clinic at

Northwest Texas Hospital one minute and thirty two seconds away from Kairos House.

The program will be two-fold: 1) "talk-down" session wherein users experiencing strong or bad reactions but needing no medical attention will be talked down to a normal situation once again. 2) A self-help unit where those being rehabilitated will work at various handicrafts and other efforts such as their "Operation ID" where they etch identification on most readily stolen items for a fee.

The first month the phone was in use, the center received 640 calls. Now they average about 100 per month.

Formal dedication of Kairos House is set for Sunday.

Father Tash closed with enumeration of their various needs that clubs such as the Kiwanis can provide and with a statement that gave church people listening pause for consideration. He said:

"As a clergyman, I tell you there is more love generated and felt between these helping each other than in any church service I have ever attended."

Jury Convicts Goliad Rapist

GOLIAD, Tex. (AP) — A five-man, seven-woman jury today begins deciding on the punishment for convicted rapist Richard Alton Littles, 26, but the panel will not be able to consider assessment of the death penalty.

Littles, of Goliad, was found guilty Tuesday of the April 17 rape of a 5 1/2-year-old girl, who testified she was enticed into his house after he told her that her sister was inside.

Judge Joe E. Kelly of 24th District Court refused to allow the state's application to seek the death penalty. He pointed to appellate court decisions disallowing capital punishment in cases in which the life of a rape victim was not taken.

SHOPPING DAYS TO CHRISTMAS

Six Pampans Injured In Two Car Accidents

There were injuries in two of the accidents investigated by the Pampa Police Department yesterday but indications are that they cannot be charged to the weather, foggy as it was.

A car driven west on Harvester Ave. by Bill Dale Bush, 16, 1112 Prairie Drive, collided with a vehicle being driven south on Charles St. by Duane Russell Brown, 16, 2216 N. Dwight.

Brown had stopped for the traffic control sign on Charles and proceeded into the intersection. The impact of the other car knocked his into a utility pole then a parked car damaging the grill and bumper of that vehicle.

Both passengers in the Bush car were taken to Highland General Hospital by Metropolitan Ambulance for examination and treatment. They were Terry Weatherford, 15, 2133 Williston and Chuck Jeffries, 16, 1077 Prairie Drive.

Neither Brown nor his passenger were injured. Bush was cited by the investigating officer, Ken Kieth, for unsafe speed.

In another mishap at the intersection of Bond St. and South Hobart a 23-year old mother and her three children were injured when the car she was driving south on Cuyler struck a vehicle entering via

left turn from Bond. Mrs. Mary Parks, 1048 Cinderella and her sons Thomas Earl, 8; Gary Don, 4 and Karl D., 1 were treated at a local clinic.

The driver of the other car, Mrs. Linda McPherson, 29, 2601 Navajo, showed no visible injuries and was taken home by her husband according to the police report.

Highlights Sidelights From The State Capitol

AUSTIN, TEX.—Insurance bounced back into the news on three fronts here last week.

State Board of Insurance Chairman Larry Teaver promised, after a public hearing, to review all aspects of the new catastrophe pool for windstorm coverage in high risk coastal areas.

Agents and property owners complained of price gouging and of companies' allegedly unloading on the pool properties which should be insured at standard rates. Companies denied the charges.

Board also took under consideration an Allstate Insurance Company proposal to cut auto coverage rates up to 20 per cent for new-model cars equipped with shock-absorbing bumpers.

All 1973 and later cars must have bumpers which can withstand a five miles an hour front-end crash and a two and a half miles per hour rear-end wallop without damage.

Allstate proposed to allow

discounts to become effective with 1972 model cars equipped at owners' expense with the tested shock-absorbing bumpers.

Initial reduction would be 10 per cent in premiums for the five mph front, two and a half mph rear safety protection. The cut would reach 20 per cent for cars which can be crashed at five mph into a test barrier, front and rear, with no damage to the vehicle.

Board members heard support and opposition for proposed new rules to curb arbitrary cancellations and non-renewals on property and casualty insurance. Under the regulations, auto insurance in effect 60 days could be cancelled only for failure to pay premiums or where driver's licenses have been suspended or revoked. Companies could cancel coverage at annual expiration dates by giving 30 days written notice.

Teaver advised a rule that almost equals that of England and India.

Indeed, our constant clamor for longer week end holidays and a shorter work week, is indirect proof.

For European royalty, plus the nobles, barons and knights, were envied by the serfs or peons.

And that "freedom from toil" became enshrined as the badge of aristocracy.

Many Americans now quit working at 40 to intimate they are thus patricians!

Lower caste folks envy the upper castes, even though the latter are often degenerate non-producers.

Unions constantly try to reduce the work week, due to this same envy!

Judy's father thus secretly aspired to be included in that fraternity of patricians!

In England, thousands of ambitious men likewise yearn to be "knighted," just for this same silly envy of the top castes.

Even though Judy's father is a very successful business tycoon, and with his earned wealth can now join the socialites of North Carolina at Country Club affairs, he still feels as if he is an alien.

So he aspires to have his grandchildren admitted to that socialite "caste" even if his daughter must wed a dissolute ne'er-do-well member of the envied upper caste.

Back in ancient Rome, the slaves also envied the free Romans and sometimes managed to purchase Roman citizenship.

But there was a caste system even then between those who were "born" Romans versus those who bought Roman citizenship!

Why does Judy's father shun the worthy young man who has proved his mettle, and urge her to marry the socialite?

COURTS SPEAK—Texas Supreme Court ordered Cooke County district court trial of a teenager's suit against his father for alleged negligence on the job which led to a serious permanent injury.

Case was the first in which the state's top court had considered whether parents should be immune to actions brought by their children due to events outside the normal family relationship.

In two other cases, the Supreme Court sent applications for savings and loan association branches in Hallettsville and Bay City back to Commissioner W. Sale Lewis for further proceedings. Lewis had approved the applications, but had not filed a required concise statement of underlying facts supporting his finding, court opinions concluded.

AG OPINIONS—Laws prohibiting dumping of refuse within 300 yards of public highway highways and anti-dumping statutes pertaining to public and

private properties and public waters are both valid and can be harmonized, Atty. Gen. Crawford C. Martin held.

In other recent opinions, Martin concluded:

Flight schools are subject to new Texas Proprietary School Act.

Texas Water Rights Commission can test any claim of a right to use water under water code provisions by the legal requirement of past beneficial use of water without a formal adjudication of all claims on the stream.

Legislators are entitled to 16 cents per highway mile for use of personally-owned airplanes on official business trips.

Authority exists for establishing a central services account for Texas Tech University and Texas Tech University School of Medicine.

Procedure for assessing the Harris County domed stadium for taxation is unchanged by legislation passed this year.

Exempt leasehold estates on taxable property are to be valued at the price they would bring at voluntary sale for cash based on value, of comparable improvements on

non-exempt property.

A hydrologist employed by the Rio Grande Compact Commissioner can be paid \$11,616 a year, although the commissioner himself is limited by law to \$6,000.

LAND BIDS
ACCEPTED—Bonus bids of more than \$1.7 million on oil and gas leases were accepted by the School Land Board for the permanent school fund.

Seventy-six bids covered 39,843 acres of state-owned lands and averaged \$44.77 an acre.

Meanwhile, Land Commissioner Robert Armstrong said revised rules and regulations for oil drilling pollution control in coastal waters will require all oil spills or other mishaps to be reported to the land office within 24 hours of discovery. Written notification will be required of all operations on state leases.

APPOINTMENTS ANNOUNCED—Charles E. Wright Sr. of Austin, an AFL-CIO local official, was named by Gov. Preston Smith to the board of regents of Texas State Technical Institute.

Smith also announced these appointments:

American Revolution Bicentennial Commission—Mrs. H. K. Allen of Temple.

State Commission for the Deaf—Landy W. Hillis Sr. of Robstown, Dr. Jack N. Walker of Seguin, Dr. Audrey W. Kelton of Port Lavaca, Mrs. Shirley Ann Pacetti of Houston, Ralph H. White of Austin, and Louis B. Orrill St. of Dallas.

Texas State Board of Public Accountancy—Robert J. Hibbetts of Amarillo and Angus H. Cockrell Jr. of San Antonio. Lloyd J. Weaver of Fort Worth was reappointed.

Battleship Texas Commission—Frank E. Tritico of Katy and (reappointments) C. H. Taylor of Houston and Mrs. Margaret Ezzell of Port Neches.

Texas Commission on the Arts and Humanities—Mrs. S. Allen Guiberson of Dallas, the Reverend George S. Heyer Jr. of Austin, Edward R. Hudson Jr. of Fort Worth, Dr. Lorrin G. Kennamer of Austin, Mrs. Roy Riddel Jr. of Houston and Mrs. John M. Wallace of Galveston.

PARTY RULES

permitted retroactivity for those paid less than the minimum wage before and after the August freeze.

CONROE GETS GRANT—The city of Conroe got the first state matching grant of \$443,000 for construction of wastewater treatment facilities on the west fork of San Jacinto River.

The city's \$1.77 million plant was started November 8, with an estimated completion date set for August, 1972. Federal aid will finance 55 per cent of construction and the state 25 per cent on a loan basis. State grants were made possible by passage of a state constitutional amendment.

SCHOOL SITE SELECTED—A 200-acre site in south Tarrant County has been accepted for a new state school for the mentally retarded.

Worry Clinic

By GEORGE W. CRANE
 PH.D. M.D.

Judy's father has turned his back on his own kind. For he secretly envies what he regards as an upper caste system in America. Instead, he should be the champion of the young man who belongs to that "Eternal Fraternity of Merit."

CASE S-545: Judy J., aged 19, wants to get married.

"Dr. Crane," her family physician began, "Judy is an attractive girl with a lot of what you term 'horse sense.'"

"And that is all the more remarkable because her father is a wealthy self-made man here in our state of North Carolina, who gave Judy everything her heart desired."

Judy has two suitors.

One is the ne'er-do-well son of a leading socialite family. I doubt if he will ever amount to anything, for he is a typical playboy.

The other young man didn't even go to college but has established a successful business of his own.

In fact, he has followed much the same route that Judy's father used to attain wealth.

Oddly enough, however, Judy's dad violently opposes her marrying the self-made young man.

Instead, he is doing everything possible to get Judy into this socialite family whose inherited wealth is all that keeps them in the forefront of our Country Club set.

Why does Judy's father shun the worthy young man who has proved his mettle, and urge her to marry the socialite?

New Texas Almanac Tells State Story

Figures from the 1970 U. S. Census, a history of the Texas tidelands and many other new features are found in the 704 pages of the 1972-73 Texas Almanac, published by the A. H. Belo Corporation, publishers of The Dallas Morning News.

While data from the decennial U. S. Census are expected to be among the most widely used material in the new publication, editor Walter B. Moore said that there are many other features not found in the previous edition. Among these are:

A history of telephones in Texas, prepared by leaders in the telephone industry.

A history of grain sorghums in Texas, co-authored by J. Roy Quinby, sorghum researcher who received the Hoblitzelle Award for his achievements.

The tidelands history prepared with the collaboration of Judge Price Daniel, formerly U. S. Senator and Governor of Texas; and Attorney General Crawford Martin, both active in the successful program to save this rich asset for Texans.

Election results, listings of county, municipal and state officials, amendments to the Texas Constitution and those to be voted on in 1972, appointive boards and commissions, officials of state and regional civic and trade organizations and many other listings are expected to make this edition widely used as a reference for business offices.

schools, public offices and other centers, Moore said.

A night view of San Jacinto Monument appears on the front cover of this edition.

A new Texas map, in color, with major highways, distances and other information supplements 254 county maps, updated from maps prepared by the Texas Highway Department.

The county maps are published with information about each Texas county supplied by chambers of commerce, county agricultural agents and others.

Tourism and recreation are featured, with many photographs in color and black and white of Texas scenes.

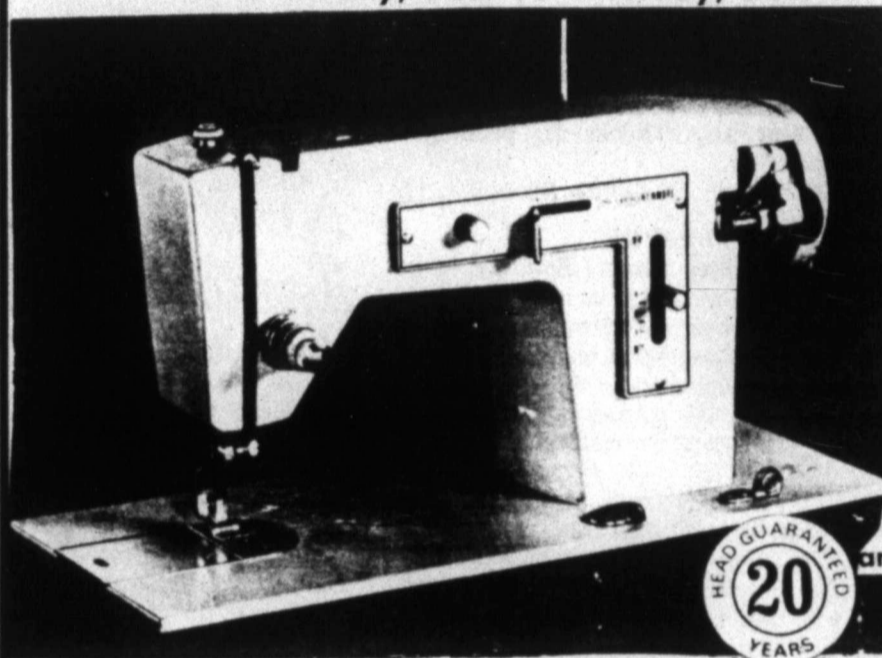

Each of the 24 Standard Metropolitan Statistical Areas, the urban concentrations in which most Texans live, has an editorial page devoted to it.

Joe M. Dealey, president of The Dallas Morning News, points out that this is the 46th edition of the Texas Almanac that has been published since 1857. "We believe that this edition will maintain the high standards that have characterized previous issues and have caused this to be known as 'The Encyclopedia of Texas,'" Dealey said. "By publishing it, we hope not only to provide a useful reference, but also a tool to attract new industries and individuals who will build the economy of the nation's fourth most populous state."

A parent's prayer is a memorable one

By Abigail Van Buren

DEAR ABBY: Two weeks ago I was flying from Los Angeles to Chicago, and had as my seat partner, a soldier on his way home from Viet Nam for a short leave. Waiting for him at home was his young wife, a small son, and a new baby daughter which he had never seen. His enthusiasm was easy to share and we talked the whole way. Before we parted, he smiled and said, "Thanks for talking to me. You remind me so much of my Mom." Then he added, "I have to go back to Viet Nam for five more months, then I want to come back and be the best Daddy in the world. May I share something with you?" He then pulled from his wallet a well worn piece of paper — or perhaps I should say TWO pieces, because it had been literally worn in two and all around the edges. It was something which he had torn from your column several years ago, he said. "I have read it over and over," he said, "and I want to be that kind of parent." I pray to a kind God to protect that young man, and give him a chance to come back home. The world needs more parents who feel that way. Thanks for printing it again. It should be printed often.

JUST A "MOM" IN LONG BEACH, CAL.

A PARENT'S PRAYER

"OH, GOD, make me a better parent. Help me to understand my children, to listen patiently to what they have to say and to understand all their questions kindly. Keep me from interrupting them, talking back to them and contradicting them. Make me as courteous to them as I would have them be to me. Give me the courage to confess my sins against my children and ask them forgiveness, when I know that I have done wrong. "May I not vainly hurt the feelings of my children. Forbid that I should laugh at their mistakes, or resort to shame and ridicule as punishment. Let me not tempt a child to lie and steal. So guide me hour by hour that I may demonstrate by all I say and do that honesty produces happiness. "Reduce, I pray, the meanness in me. May I cease to nag; and when I am out of sorts, help me, O Lord, to hold my tongue. Blind me to the little errors of my children and help me to see the good things that they do. Give me a ready word for honest praise. "Help me to treat my children as those of their own age, but let me not exact of them the judgments and conventions of adults. Allow me not to rob them of the opportunity to wait upon themselves, to think, to choose, and to make their own decisions. "Forbid that I should ever punish them for my selfish satisfaction. May I grant them all their wishes that are reasonable and have the courage always to withhold a privilege which I know will do them harm. "Make me so fair and just, so considerate and companionable to my children that they will have genuine esteem for me. Fit me to be loved and imitated by my children. Oh, God, do give me calm and poise and self-control."

GARRY C. MYERS

Dr. Myers was co-founder and editor of Highlights for Children, a magazine for children, founded in 1946. Dr. Myers died July 19, 1971, and his widow, Caroline Clark Myers, continues to carry on the publication in her late husband's fine tradition.

MR. AND MRS. JAMES RAY FERGUSON

Sharon Woodruff And James Ferguson Wed

Sharon Gail Woodruff became the bride of James Ray Ferguson of Wheeler recently in the Calvary Baptist Church of Pampa.

The bride is the daughter of Mr. and Mrs. Marvin Woodruff, 1101 Neel Road, Pampa. Parents of the bridegroom are Mr. and Mrs. Ernest Ferguson of Plainview.

Rev. M. B. Smith of Pampa, pastor of the Alameda Baptist Church, officiated for the double-ring ceremony.

The couple was married before a setting of candelabra and basket arrangements of gladioli. The kneeling bench was covered with white satin.

THE BRIDE

The bride was given in marriage by her father, with the "her mother and I" vowal. She wore a floor-length gown of white satin crepe, designed with a scoop neckline, empire waistline and a gathered skirt. Her elbow-length veil of lace fell from a white satin headpiece. She carried a white Bible topped with a cascade arrangement of white carnations and yellow rosebuds.

ATTENDANTS

Miss Wanda Kay Ferguson of Plainview was maid of honor. She wore a floor-length gown of lace over yellow satin, and she carried a bouquet of white and yellow carnations.

Joe T. McNutt served as best man, and Phillip Borron was the usher.

Out-of-town guests included Mr. and Mrs. D. A. Rhudy of Sherman and Mr. and Mrs. Raymond Walker of Ford, Kans.

Talk Given On Foods

The Top O' Texas Home Demonstration Club met in the Reddy Room of Southwestern Public Service company for a program on festive foods, presented by Mrs. Mildred Prince, assisted by Mrs. Peaches Stevens of Borger.

After the program, gifts were exchanged. Mrs. Jerry Jones was hostess.

Next meeting will be a Christmas party for members and their husbands Saturday with Mrs. Gerald Rasco, 1619 Christie.

Guests were Mmes. Nedra Tinnye, Rosalie Hollingwood, Roseate Robinson, Nancy Weatherley, and Nelva Musgrave.

Members present were Mmes. Jerry Jones, Jerry Blakemore, Aaron Penland, Gerald Rasco, Ken Holt, Jess Kirkwood, Jerry Lebow, Bob Muncy, Donald Bigham, O. E. Bradford, Fred Epperly and Bill Hacker.

New Applications Explained By Group

The Texas Commission on the Arts and Humanities today announced the institution of new application procedures. The executive director of the Commission, Maury Coats, stated: "We are looking for the best ideas for projects that will bring the highest quality experience in the arts and humanities to the people of Texas no matter where they live."

The simplified, new preliminary application permits the applicant to write down his ideas for a project, then utilize the staff of the Commission to aid in further completion of the application. Applications to all of the Commission's programs will be accepted at any time during the year, but should be made a minimum of six (6) months prior to scheduled implementation of the project.

The Grants Application Committee of the Commission reviews all applications. If accepted, the Commission staff will assist the applicant in completing the detailed secondary application form for presentation to the full

Commission. The preliminary screening does not assure funding of the project by the Commission but it does justify the effort of completing the secondary application form.

New advisory panels will advise the Commission on each project submitted. They will cover the fields of visual arts, music, theatre, dance, creative writing, and the humanities.

The members of the advisory panels will be appointed by the chairman, subject to the approval of the Commission, for terms of two years. There will be no reappointments to the panels for consecutive terms, nor will any Commissioners be panel members.

Financial support is presently available to assist arts programs on a dollar-for-dollar matching basis. The Touring Program of the Texas Commission on the Arts and Humanities is designed to make it possible for communities to sponsor professional performing and visual artists within their own communities.

Your Horoscope

By Jeane Dixon

THURSDAY, DEC. 16

Your birthday today: A brightness comes into every corner of your life this year and next as you reach out for higher expressions of your spirit. Material enterprises become interesting challenges in which old methods are phased out. Today's natives remember more details than is good for their peace of mind, usually imagine even more than they remember.

Aries [March 21-April 19]: Trust your first impulse in the swift rush of today's little moments of decision. Take care of routines in orderly fashion.

Taurus [April 20-May 20]: Your budget and financial arrangements would benefit from your attention and re-evaluation. Long-range goals come into sharp focus.

Gemini [May 21-June 20]: The moderate, middle course offers the best going. Stay out of other people's discussions for at least a few more rounds.

Cancer [June 21-July 22]: Originality provokes some shock, sales resistance—proceed gently but definitely to sell your favorite ideas.

Leo [July 23-Aug. 22]: Fresh commitments arise spontaneously in course of routine work. Be wary of how open your pledges are.

Virgo [Aug. 23-Sept. 22]: You can be very helpful by being calm while other people offer emotional over-expressions, impulsive promises.

Libra [Sept. 23-Oct. 22]: In keeping up with fast-breaking events make notes of all ideas as you come by them, as there'll be plenty.

Scorpio [Oct. 23-Nov. 21]: Enough must be done on all sides so that you can pick out favorite activities if you begin early. Project cheerful humor.

Sagittarius [Nov. 22-Dec. 21]: Strive for reason and normal expression on this rather ordinary day. A definite bit of work firmly in hand offers a sense of achievement.

Capricorn [Dec. 22-Jan. 19]: Careful selection becomes a main factor in your success now. What fits in one situation may be all wrong in another.

Aquarius [Jan. 20-Feb. 18]: You may settle for expedients with reasonable assurance as things are subject to great revision fairly soon, and you can move on and up.

Pisces [Feb. 19-March 20]: Now is the time to remember everybody who has done nice things for you.

First Baptist WMU Studies Missions

The WMU of the First Baptist Church met recently for a program concerning the Lottie Moon Christmas Offering. The goal of the church is \$10,000. Mrs. George Henderson presided over the business meeting where it was voted to send \$75 out of the treasury, besides the donations, to help a missionary to the Indians in New Mexico pay her dental bill. Mrs. Bill Greer announced that she had distributed Bibles to the jail in Perry, Okla. And also to the Pawnee Indian Mission in Oklahoma.

Mrs. Ed Anderson announced that Mrs. Louis Tarpley is chairman of another Bible study group.

Mrs. Win Cates, program chairman, used a quote from William Carey as the basis of the program—"Expect Great Things from God! Then Attempt Great Things from God."

Miss Claudia Everly, who was in charge of the part dealing with Europe and the Middle East, introduced Mrs. Jack W. White who talked about the training of leaders for this part of the world. She showed slides she had taken of the Baptist Seminary in Madrid, Spain.

Mrs. Lula B. Owen talked on church development, and Miss Melbie Bird Richey told of the importance of radio and television.

Miss Everly spoke of the work being done in Pakistan and asked for a special prayer for James McKinley, a missionary to Pakistan, who used to preach at White Deer.

Mrs. Mike Porter used a chart showing how much money each country would receive from the \$1,625,000

Lottie Moon Christmas Offering. She stressed the importance of each person giving all she can so that the missionaries can have the necessities to proclaim His Word.

After a special prayer for Europe and the Middle East, South East Asia was discussed. Mrs. David Campbell told of things to be thankful for in Southeast Asia, which included 386 missionaries and 258 ordained native pastors. Mrs. Gary Clark led prayers for special projects in Southeast Asia, and Mrs. Richard Van L. Kluyve led a general petition for needs in Southeast Asia.

Mrs. Win Cates told of some of the personnel who are needed in this area. They included doctors and nurses, hospital staff members, seminary workers, evangelists, social leaders, business managers, writers and agricultural leaders.

Mrs. Bill Greer led prayer for specific needs in Thailand, Malvasia, Viet Nam, Laos, Philippines, Guam and Indonesia. Some of the financial needs stressed by Mrs. Sam Condo included housing, automobiles, buildings, hospitals, and money for radio and television.

After a covered-dish luncheon the group reconvened, and the needs of South America and Africa were studied. Mrs. James Kirkwood, Mrs. Onis Price, Mrs. M. W. Horne, Mrs. L. V. Hopp, and Mrs. Dan Cameron led the study concerning South America; and Mrs. Win Cates, that of Africa.

Approximately 35 women attended.

The Pampa Daily News

A Watchful Newspaper

EVER STRIVING FOR THE TOP O' TEXAS
TO BE AN EVEN BETTER PLACE TO LIVE

Our Capsule Policy

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces can he develop to his utmost capability.

The News believes each and every person would get more satisfaction in the long run if he were permitted to spend what he earns on a volunteer basis rather than having part of it distributed involuntarily.

Indecency And Force

The mail today brought us a plain white envelope with only a post office box as a return address. "Aha," we grinned slyly to ourselves. At last we're going to see some of that highly-touted pornographic literature that is supposed to arrive, unsolicited by us poor, helpless victims, in just such an envelope.

Alas, it was only a solicitation for support (money, that is) from some committee or another to stamp out indecent literature by stricter federal laws.

As we dropped it into the round file, which would have been the end, also, had it been porny material, the thought occurred that it was somehow fitting that both kinds of mailings are sent out in plain white envelopes. For both can be labeled indecent.

The one is indecent because it is offensive to some people's ideas about privacy and the sanctity of sexuality. The other is indecent because it seeks to force certain ideas about sexuality upon all people. But in concepts of sexuality, what is indecent to one may be beautiful to another. On the other hand, to be forced by others must be hateful to all.

One involves a voluntary offering and a voluntary acceptance or rejection, with full freedom of choice. But force, once allowed to operate, operates crushingly against

all, with no freedom of choice. Pornography occasionally does come unsolicited, but far more often because it is invited. Furthermore, it pays its own way or it fails to exist at all. There have to be enough buyers before there can be a supply. Without the profit the supplier goes out of business. So-called adult bookstores around the country have been closing by the score according to recent reports in the Wall Street Journal because purveyors of such have found they drastically overestimated the demand.

But the purveyors of force, those who would tell other people how to live their lives and make all decisions for everyone, go on and on, uninvited, seemingly ever-increasing, on the strength of one cause or another, always "for the good of the people," and always involving the indecent use of force.

Upon further reflection, perhaps there is only one absolute indecency—the use of initiated force in any form, by anybody, for any cause.

Would anyone care to help stamp out indecency? Strictly voluntary, no committees, no dues, no fund campaigns and solicitations. Just refuse to use force of any kind against your neighbor, ever! Sounds simply enough to give it a try, doesn't it?

'Acting Your Age'

There would seem to be enough "isms" in the language already, but maybe there's room for one more. "Agism" is a word coined by Jane Buchholz, family relations specialist at the University of Wisconsin.

Like racism or sexism, agism is a form of discrimination. It is a set of conscious and unconscious prejudices based on the assumption that one age is inferior to another. It can be practiced by older people against themselves as well as

by younger people against older people.

A common belief is that there is something bad about growing old, she says. The older a person gets, the more he wants or tries to be middle-aged again.

Yet when people in their 30s try to act like teen-agers, they're frowned upon. Why then are the elderly encouraged to be younger?

A popular image of growing old is that you become senile, ill, forgetful, useless and a burden on your children. Old people believe this to be a proper image of the elderly. When it helps them get care and attention, the image becomes a self-fulfilling prophecy.

Studies have shown, however, that satisfaction in life does not depend upon age, she says. What slows people down is not so much their age as their attitude toward their age.

Inflation: Creeping And Galloping Kinds

In popular terms, inflation is of two types: creeping inflation and galloping inflation. Creeping inflation is supposed to be the type we are now experiencing, although the term is not quite lusty enough to describe a dollar that has lost somewhere between 56 and 67 per cent of its purchasing value since 1939.

Galloping inflation is the type that went on in Germany after World War I, in France after the revolutionary period, in China recently, and in several Latin American countries today. To illustrate: four years ago a friend gave me a piece of Bolivian currency, the size of our dollar bill—10,000 Bolivianos. He said it was worth 4,600 present day American dollars in 1935. I asked him what it was worth today? He replied, "80 cents!" That's what might be called galloping inflation!

I wish to suggest that inflation in this country has many catastrophic potentials than has ever been the case in any other country. Everyone knows that we are the most advanced division-of-labor society that has ever existed, and thus, further removed from self-subsistence. Indeed, we are so specialized today that everyone of us in this nation—even the farmer—is absolutely dependent upon a free, uninhibited exchange of our numerous specializations. In any highly specialized economy one cannot effect exchanges by barter; the system will break down.

Let us inquire about this disease, which resumed its

course, and has infected every nation, including our own. What, precisely is it?

This disease has many popular names, some of which are socialism, communism, and state interventionism. Other names are Fabianism, fascism, nazism, the welfare state, the planned economy.

Is there a characteristic which all these programs have in common? Yes! It is a belief in the employment of organized police force—government—not with the emphasis on keeping the peace, but rather on controlling the productive and creative activities of individual citizens. Their aim is to take over more and more of the responsibility for the welfare of the entire citizenry. All of these programs are authoritarian to the core; their essence is statism; they are the antithesis of the free market, private property, limited government way of life.

Let me give an example of how faith in free man is lost. Suppose I were to ask, "Should government deliver the mail?" Almost everyone would say "Yes." There are numerous reasons, one of which is that government has pre-empted this productive activity for so many decades that people now take government mail delivery for granted.

Researching the matter, I discovered that we deliver more pounds of fresh milk every day than we do pounds of mail. And, I discovered that we deliver the milk more promptly, efficiently, cheaply than we do mail—although milk is more perishable than letters. Then I asked myself a logical question: Why do we not leave mail delivery to the open market as we do milk?

Free men have found out how to deliver gas from a hole in Texas to a home in New York at very low prices. Free men deliver 64 ounces of oil from the Persian Gulf to our Eastern Seaboard—halfway around the earth—for less money than government will deliver a one-ounce letter across the street.

But...it's the very men who've performed these free market miracles who have lost faith in themselves to deliver a letter. The evidence to warrant faith in free men and what they can accomplish exists in such profusion—like the air we breathe—that most of us take no thought of it.

Why this regression? Why this loss of faith in free men? Why our headlong plunge into all-out statism? It is safe to say that no one knows the exact answer, for cause underlies cause ad infinitum. The deepest cause I have been able to identify is a loss of moorings: the people have all but forgotten the spiritual antecedent of the American miracle. In my view, we either accept the idea that men's rights are an endowment of the Creator—as so forthrightly proclaimed by the writers of our Declaration of Independence—or we submit to the idea that they are an endowment of the collective which, in this context, is the state. Accept the former or be victimized by the latter! I have never heard of a convincing third alternative.

—Leonard Read

Question Box

Question: In 1872 the Supreme Court of the USA (12 Wallace, P. 553) stated: "The legal tender acts do not attempt to make paper a standard of value. We do not rest their validity upon the assertion that their emission is coinage, or any regulation of the value of money; nor do we assert that Congress may make anything which has no value money. What we do assert is, that Congress has power to enact that the government's promise to pay money shall be, for the time being, equivalent in value to the representative of value determined by the coinage acts, or to multiples thereof." For further discussion of this subject see the book by Attorney Paul Bakewell entitled "13 Curious Errors about Money," Caxton Printers, Ltd., Caldwell, Idaho, \$2.

The Federal Reserve Act of 1913 is the creation of Congress and cannot overrule the Constitution by allowing the Fed to do what Congress is not authorized to do by the terms of the Constitution; as even the implied power doctrine would require that any paper currency, including Federal Reserve Notes, contain a promise by the government to pay specie. So how can Congress pretty well do as it pleases?

—R.L.F.

Answer: As long as Congress and the executive are in agreement, and are supported by decisions of the Supreme Court, there seems no way to stop them from doing as they please.

Attorney Bakewell points that out fairly well in his excellent discussion of the illegality and unconstitutionality of what the politicians have done to the nation, particularly since 1934, when Americans were forbidden to own gold in coin or bullion form. He also points out that Supreme Court decisions of 1870 and 1872 contradicted each other. Yet the court had declared that an interpretation of the Constitution by the court is "The supreme law of the land."

The Supreme Court has made many rulings that actually contravene the Constitution, in the estimation of many scholars. And when all three branches of the national government stick together, there seems little that can be done to stop them.

STRAIGHT TALK

TOM ANDERSON

One Term Only

Several months ago "Liberal Republican Mark Hatfield stunned the Congress by proposing a Constitutional Amendment putting a 12-year limit on terms of office for Senators and Representatives. Horrified Congressmen buried the proposal so deep it won't even get a committee hearing. Imagine! An end to the seniority system! Within six years, 64 present senators (41 Democrats and 23 Republicans) would be out of office. About 180 members of the House, having served six or more consecutive 2-year terms, would be forced to retire.

Under Hatfield's plan, they would be eligible for office again after a two-year absence. There would be great gains and losses, Democrat vs. Republican, liberal vs. conservative: Fulbright, Godwater, Javits, Eastland, Ervin, all would have to go. And "youngsters" like Hatfield, Kennedy, Tunney, Buckley, could quickly get key committee chairmanships. But that's not the main point. The main reason to make a move in that direction is to get better, more responsive government.

And I would go much further than Hatfield proposes. Several years ago, I suggested a Constitutional Amendment limiting all Congressmen, Senators, Presidents and Supreme Court appointees to one term: four years for Congressmen, six years for Senators and Presidents, and nine years for Justices (one on and one off each year).

I hear that Lyndon Johnson advocates one six-year term for the President in his new best-selling novel, "The Vantage Point." This bothers me. But I still think I'm right.

What a boon to good government! The caliber of men offering themselves for public office would be greatly upgraded. Men of stature and accomplishment would snake themselves available to serve their nation for one term.

"But it takes one term just to learn the ropes!" say the cynics. That's the point. Wouldn't you rather have a big man, making honest mistakes, than a Hale Boggs or a Claude Pepper?

Character is infinitely more important than experience. Possibly no other men ever came into the Presidency so qualified by experience as Lyndon Johnson or Richard Nixon. But I wouldn't buy a used car from either of them.

Perhaps the seniority system has been good for the South. Whether it still is is debatable. Regardless, as an ardent Southerner, I'm for what's good for the country. The seniority system and the one-party system are wrong.

Not only have our Senators, Congressmen and our Presidents shamelessly increased their own salaries, expense accounts, emoluments and graft, while admonishing us to live

frugally and hold down inflation, but they have also provided for their old age at our expense. They should get nothing after leaving office, except a "thank you" if they've been real statesmen.

It's Worth It!

One Senator, Milton Young, an old and "Liberal" Republican from North Dakota, has threatened to resign from the Senate if President Nixon's re-organization plan abolishes the Department of Agriculture. I can think of many good reasons why the Department of Agriculture should be abolished, but none any better than bringing about the resignation of the left-leaning, bubblehead from North Dakota.

Unions Ruining U.S.A.

Labor unions are doing their part to make America a second-rate economic power. Never before in our history, until this year, have we bought more from other nations than we sold to them. One vital ingredient in making the U.S.A. through the years the world's foremost economic power, was that we always sold more than we bought. Formerly we could compete with the world on virtually everything. Now we can compete with the world on virtually nothing. Reason? There are several, but none more important than our unionists who have unceasingly demanded and got more and more pay for less and less production per manhour.

Whereas we used to be far ahead of the world in technology, we have lost the lead and are now, thanks again to our union dictators, anti-technology. Technology temporarily does away with jobs. Union leaders want ever more jobs for ever higher pay, so the leaders can ever more get elected.

Further, we have exported our secrets, our know-how and even our factories to our competitors.

Also, our taxes are among the world's highest. In many instances, because of high taxes and low profits, American industry has not been able to plough back earnings into new equipment and technology with which to compete with their European and Japanese counterparts.

Thus, Japan's growth rate is now 84 per cent ahead of ours. Europe's 60 per cent ahead. Many of our leaders don't care about that, though, because their goal is to level us down so that we may more comfortably merge with our world brothers in a socialist one-world government.

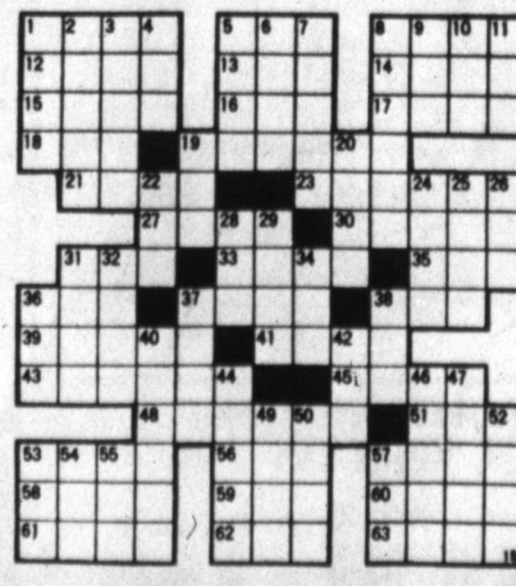

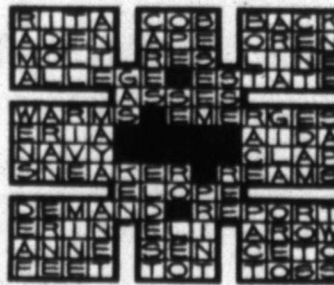

Tax-Supported Pornography? Charlton Heston, President of the Screen Actors Guild, says the American film industry desperately needs federal support to keep from collapsing.

That's the most exciting news since Jackie Kennedy's decision to leave this country.

Pampan Given Freemasonry 33rd Degree

A Pampa man, Travis McMillan, became the forty-sixth Texan to hold Freemasonry's thirty-third degree at 10 a.m. Saturday. The coveted degree was conferred by the Dallas consistory at the Scottish Rite Temple in that city. He holds joint membership in Pampa Masonic Lodge 966 and Lodge 955 at Odessa. He was sponsored for the degree by the Scottish Rite Temple at El Paso. McMillan, field foreman for Humble Oil company, lives at 1220 Garland.

U.S. Ready To Devalue Dollar

By FRANK CORMIER
Associated Press Writer
ANGRA DO HEROISMO.
Azores (AP) — President Nixon announced Tuesday his readiness to devalue the dollar as part of a reevaluation of world currencies. In a communique concluding their summit conference here, the American chief of state and President Georges Pompidou of France said: "In cooperation with other nations concerned, they agreed to work toward a prompt realignment of exchange rates through a devaluation of the dollar and revaluation of some other currencies."

many of which maintain hoards of dollars as reserve currencies. With other principal currencies revalued—the trend has been upward in such currencies as those of Japan and Germany—the effects on trade could be beneficial all around. At least that is the hope of governments and their banking authorities. The Nixon-Pompidou statement said the realignment of parities for the world's principal monies "could be accompanied by broader permissible margins of fluctuation around the newly established exchange rates."

History lesson: Can you name which U.S. presidents bore the following nicknames: "American Fabius"; "Hero of New Orleans"; "Preacher President"; and "Prince Arthur"? They were George Washington, Andrew Jackson, James Garfield, and Chester A. Arthur.

RCA

We can think of lots of reasons why XL-100 AccuColor by RCA belongs on your family gift list

- 1 It's built to last—100% Solid State with circuitry designed for extended life.
- 2 All chassis tubes eliminated—no chance of tube failure, a major cause of TV repairs.
- 3 RCA's AccuMatic color monitor makes color tuning a snap. The touch of a button locks color and tint within a normal range.
- 4 A.F.T. pulls in the best picture signal electronically—no tuning meters or other complicated controls.
- 5 AccuBrite picture tube, RCA's finest, features radiant phosphors surrounded by a black matrix for bright, sparkling color.
- 6 Twelve plug-in AccuCircuit modules control most set functions. Should an AccuCircuit failure occur, technician simply locates the faulty board and snaps in a replacement.
- 7 There's no warm-up wait with solid state—you get instant picture and sound.
- 8 Solid state devices run cool—no heat damaging problems.
- 9 Greater efficiency of solid state circuits means lower operating costs—power consumption is about 1/3 that of tube-type sets.
- 10 RCA's XL-100 AccuColor is backed by P.S. ... RCA's Purchaser Satisfaction program.

Harvesters Edge Plainview 'Dogs

Close games seem to be the trend for the Harvesters as they edged their bitterest enemies the Plainview Bulldogs, 63-61. Pampa fans were glad to see the Harvesters win this one as the Bulldogs were the team that stopped Pampa in bi-district play last season. 6-6 senior Mike Edgar was high point man of the game

with 13 points. Gary Haynes and Willie Carreathers of Plainview followed with 10-9 closely behind. Scoring for the rest of both teams were: Pampa-Richard with five field goal attempts and no scores and two free throws missing both. Donnie Cain had six field goal attempts for only one score worth two points with no free

throws. Gary Haynes had five fieldgoals out of seven attempts. Bill Simon came up with five baskets out of eight attempts and Freddy Wilbon ended with seven field goals no free throws and the winning basket.

Plainview-Curtis Thompson scored five field goals out of 13 attempts also he had seven out of eight free throws. Leroy Buckner has seven field goals out of 14 attempts. Willie Carreathers had nine field goals out of 20 attempts, with two free throws out of three Mike Anderson had two field goals out of four attempts, and Billy Washington had one field goal out of four attempts and two free throws out of three attempts.

After putting down Pampa's 18 point lead in the fourth quarter Plainview still lost the bout. With five seconds to go Mike Edgar and Richard Bunton were trying desperately to sink the basket that would break the 61-61 tie. Finally after several vain attempts Edgar passed to Freddy Wilbon who easily popped the net to set the score at 63-61.

There was a minimum of fouls, but Leroy Buckner did manage to reach the five foul dismissal zone. Richard Bunton and Bill Simon were the closest to Buckner with four fouls each. Donny Cain also had three and Mike Anderson had two. The rest on both teams had only one or none.

Thursday the fighting Pampa Harvesters will trek to Wichita Falls to attend the Midwestern Invitational Tournament.

NBA Roundup

By THE ASSOCIATED PRESS

Are the Milwaukee Bucks, holders of the National Basketball Association record for consecutive victories before Los Angeles broke it recently, getting jealous of the Lakers' streak? Apparently so. While the Lakers, who have been grabbing all the recent headlines, extended their record string to 22 victories, beating Portland 129-114 Tuesday night, the Bucks quietly reeled off their sixth straight triumph, downing Houston 106-88.

Elsewhere in the NBA, Phoenix topped New York 110-100. Seattle trounced Detroit 103-86. Buffalo defeated Philadelphia 117-110. Boston tripped Chicago 116-108, and Cleveland edged Baltimore 88-85.

Los Angeles, unbeaten since Oct. 31, used a balanced attack in subduing Portland. Five Lakers scored at least 20 points, with Will Chamberlain and Gail Goodrich leading the way with 24 points apiece. Chamberlain also grabbed 18 rebounds, blocked seven shots and had eight assists.

Jerry West also had a strong game for the Lakers, getting 23 points, 15 assists and seven steals. Sidney Wicks topped Portland with 31 points.

Milwaukee, which established the previous record of 20 straight victories last season en route to the league title, was paced by Oscar Robertson's 29 points. Kareem Jabbar, the defending scoring champion

and current leader, chipped in with 25 points for the Bucks.

Phoenix, beating New York for the first time in nine attempts at Madison Square Garden, got 24 points from Neal Walk, 23 from Dennis Layton and 21 apiece from Connie Hawkins and Dick Van Arsdale. Dick Barnett topped the Knicks with 25 points and Walt Frazier had 24. 19 in the final period.

Spencer Haywood returned to Detroit, the city where he starred in high school and college, and fired in 31 points and grabbed 14 rebounds, pacing Seattle's victory over the Pistons. Detroit's Bob Lanier took game scoring honors with 35 points.

(More Sports P-12)

Veteran Walt Hazzard's 26 points and rookie Elmore Smith's 23 points, 22 rebounds and eight blocked shots helped Buffalo beat Philadelphia for the first time in five meetings over two seasons. The 76ers' Billy Cunningham led all scorers with 29 points, while teammate Hal Greer scored 17 points and moved into fifth place on the all-time list with 20,883 points.

John Havlicek collected 16 of his 33 points in the third period, helping Boston spurt past Chicago. Bob Love was high for the Bulls with 28 points.

John Warren and Butch Beard each converted two free throws in the final 30 seconds, sealing Cleveland's victory over Baltimore. The Bullets' Archie Clark topped all scorers with 24 points.

Midwestern Tourney Will Host Harvesters

The Harvesters will vie for top honors in Wichita Falls' first Midwestern University Invitational High School Basketball tournament Dec. 16, 17 and 18, in Midwestern Coliseum.

The tournament, destined to be one of Texas' biggest schoolboy tourneys in future years, will break the 16 participating teams into two eight-team brackets. The Gold bracket will include only class AAAA and AAA schools, while class AA, A and B teams will duel in the Maroon bracket.

In the Gold bracket first round play, the Harvesters will meet the Burk Burnett Bulldogs. The Harvesters went over the century mark the first week of this season and their scoring machine is not yet completely tuned! Last season they took district with 19 wins and 13 losses, a percentage of .593. The green and gold are slated for a tourney favorite.

the Gold bracket include Wichita Falls Hirschi Huskies, Childress Bobcats, I.M. Terrell Panthers, Wichita Falls Coyotes, Borger Bulldogs and Wichita Falls Rider Raiders.

Schools comprising the Maroon bracket include the Petrolia Pirates, Pottsboro Cardinals, Bowie Jackrabbits, Wichita Falls Notre Dame Knights, Midway Falcons, Nocona Indians, Archer City Wildcats and Vernon Northside Indians.

After the first round winners are established on Dec. 16 and 17, the championship playoffs will run the morning and evening of Dec. 18. The final playoff game in the Maroon bracket will be at 9 p.m. Saturday followed by the Gold bracket title game at 10:30 p.m.

The event is sponsored by the Big M Club and the Wichita Falls Board of Commerce and Industry. Tickets are now on sale at all participating high schools.

Bowl Picks Include Upsets By Underdogs

By HERSCHEL NISSENSON Associated Press Sports Writer

NEW YORK (AP)—The time has come, the walrus said, the time that tries men's souls: the regular season's dead and gone, it's time to pick the bowls.

Saturday, Dec. 18
 Sun Bowl at El Paso, Tex., Iowa State (8-3) vs. Louisiana State (8-3)—First bowl game ever for the Iowans, who scored 147 points in their final three contests. LSU allowed only 18 in its final three. Both teams on three-game winning streaks. Make it four for ... LSU.

Pasadena Bowl at Pasadena, Calif., Memphis State (4-6) vs. San Jose State (5-5-1)—Your guess is as good as mine. Ergo, by comparative scores, it was Houston 34-20 over San Jose and 35-7 over Memphis. The winnah ... SAN JOSE STATE.

Monday, Dec. 20
 Liberty Bowl at Memphis, Tenn., Arkansas (8-2-1) vs. Tennessee (9-2)—Bill Battle's only losses in two seasons as the country's youngest head coach were to veteran rivals—Auburn's Shug Jordan (twice) and Alabama's Bear Bryant. Why not Frank Broyles? ARKANSAS.

Monday, Dec. 27
 Fiesta Bowl at Tempe, Ariz., Florida State's defense hasn't allowed more than 18 points in a game and Arizona State's offense hasn't scored fewer than 18. ARIZONA STATE.

Tuesday, Dec. 28

 Sugar Bowl at New Orleans, La., Auburn (9-1) vs. Oklahoma (10-1)—Auburn's All-American passing quarterback (Pat Sullivan) against Oklahoma's running quarterback (Jack Mildren). Alabama's Wishbone destroyed Auburn and now comes the king of them all.

College Roundup

By HAL BOCK Associated Press Sports Writer

In this holiday season of huge dinners and luscious desserts, turnovers are nice to have. Unless, of course, you happen to be the coach of the college basketball team serving them.

Navy, Columbia and South Florida all gave their coaches tough moments from too many turnovers Tuesday night.

Navy bowed to 18th-ranked Princeton 73-58, Columbia went down, 88-70 against Fordham and Florida whacked South Florida 98-77 on a light schedule Tuesday night. Eighth-ranked St. John's, the only member of the Top Ten teams in action, needed an overtime period to subdue American University 83-76.

In other major games, Massachusetts nipped Connecticut 69-67, Villanova routed Merrimack 108-77, Hofstra dropped Manhattan 69-60, Purdue ripped Indiana State 106-84, Cincinnati topped Bowling Green 83-72 and Davidson routed Richmond 100-66.

The Midshipment of Navy committed 26 turnovers and Princeton took advantage of most of them to roll to an easy victory. Brian Taylor and Ted Manakas scored 18 points apiece as the Tigers rolled to their fourth victory in five starts.

Columbia scored the game's first six points but Fordham countered with the next 13 and rolled over the Lions. Ken

OKLAHOMA.

Cotton Bowl at Dallas, Tex., Penn State (10-1) vs. Texas (8-2)—At last, Penn State against Texas. What a match this would have been two years ago. Watch for running duel between State's Lydell Mitchell and Jim Bertelsen of ... TEXAS.

Rose Bowl at Pasadena, Calif., Michigan (11-0) vs. Stanford (8-3)—Forewarned by Ohio State's misfortunes against Stanford last year, the Wolverines should make this a happier California journey for Coach Bo Schembechler than two years ago. MICHIGAN.

Orange Bowl at Miami, Fla., Nebraska (12-0) vs. Alabama (11-0)—What a way to usher in the new year. Nebraska returns to the scene where it won the national championship a year ago by defeating Louisiana State after Texas and Ohio State lost earlier bowl games. Bob Devaney eager for revenge against Bear Bryant following two bowl embarrassments in mid-1960s. Alabama has Oklahoma's Wishbone but doesn't have Oklahoma's outside speed to worry ... NEBRASKA.

Charles led the attack with 17 points including six during the early spurt. Columbia contributed to its own downfall with 35 turnovers.

South Florida folded under a relentless Florida press that forced 23 turnovers in the first half as the Gators romped. Tom Miller and Jerry Hoover led the attack with 25 points apiece.

Mel Davis drilled in 33 points and grabbed 21 rebounds to help unbeaten St. John's overcome American U. Greg Cless' basket with just under three minutes left in overtime, put the Redmen on top to stay. Kermit Washington paced the losers with 30 points and 20 rebounds.

The University of Buffalo ran its home-court unbeaten string to 23 straight with a 112-91 thrashing of Ohio Northern. Neil Langelier led the victory with 26 points.

Villanova's Hank Siemontkowski celebrated his 21st birthday by scoring 25 points and grabbing 11 rebounds in the Wildcats' victory over Merrimack.

Iowa State set a school scoring record with a 106-85 victory over Illinois State. Tom O'Connor's 19 points led five players in double figures as Iowa State erased the school scoring record of 105 set against Oklahoma 16 years ago.

Massachusetts converted nine consecutive free throws in the last three minutes to squeeze by Connecticut. John Betancourt's 26 points paced the winners.

Trevino Wins Award

NEW YORK (AP) — Golfer Lee Trevino has been named Sports Illustrated Magazine Sportsman of the Year by Women's Lib Invades Motorcyclist's World

Sports Illustrated Magazine. The magazine announced Tuesday that its editors had

voted the colorful Mexican-American the honor over such athletes as heavyweight champion Joe Frazier, tennis ace Stan Smily and major league baseball stars Vida Blue and Roberto Clemente.

Trevino's main accomplishment was a sweep of the U.S., British and Canadian Open titles in the space of a month. He won six tournaments and earned \$221,000, finishing second to Jack Nicklaus in the golf tour's money list.

that was enough for me. Mrs. Linker, perhaps mindful that Janice is their only child, says that the races make her a bit nervous, but she says she has enough confidence in her daughter not to worry too much.

Confidence is one of Janice's attributes, too, although she admits that things become "rather scary" a time or two in races.

With Jim McDaniels holding the key to both baskets, the Carolina Cougars pulled within a step of the cellar door and kept Virginia from creeping closer to the penthouse.

But Roger Brown, who finished with 29 points, and Mel Daniels, who had 27, quickly put Indiana back in front and in control the rest of the way. Steve Jones led the Chaparrals with 24.

The problem started last May when Janice obtained her first bike, and it increased after she got her initial taste for racing in an event last July. Since then, she has acquired 13 trophies, five of them for first place finishes, and one of them is large enough to reach almost to her waist.

One of those times was at the starting line when she gave her bike too much throttle. The cycle bucked up on the back wheel, depositing Janice on the dirt. That, she says, is not the best way to win a race.

McDaniels, Carolina's 7-foot rookie from Western Kentucky, poured in 39 points on one end of the court Tuesday night and hauled down 23 rebounds on the other end to power the Cougars to a 125-121 triumph over the Squires.

That lifted the last-place Cougars within half a game of the Floridians and New York Nets, tied for fourth place in the American Basketball Association's East Division, and left Virginia two games back of the idle, first-place Kentucky Colonels.

Her father, CWO Billy R. Linker, of Ozark, doesn't mind seeing the house fill with those tall, bronze awards, however. He raced motorcycles himself several years ago, and presently serves as a flagman at the Dohthan track where his ninth-grade daughter races.

However, before the laps were finished, she caught up with the rest of the competitors, including some which had more powerful 125-cc and 175-cc engines. Janice is not perturbed by the fact that motorcycle racing is a bit unusual for young girls. She just gives a wide, attractive smile, then roars away on the bike—usually to win.

The Cougars led by as many as 21 points before the Squires cut the gap to 117-115 in the closing minutes. But a hot hand at the free throw line kept Carolina in command the rest of the way.

Larry Miller added 27 points and George Lehmann had 24 for the winners while Julius Erving had 30 for Virginia. Pittsburgh, collecting its fifth successive victory, rallied from a 108-101 fourth-quarter deficit to turn back Memphis as John Brisker pumped in 34 points and George Thompson clicked for 33 for the Condors. Johnny Neumann's 29 topped the Pros.

Sports

But Roger Brown, who finished with 29 points, and Mel Daniels, who had 27, quickly put Indiana back in front and in control the rest of the way. Steve Jones led the Chaparrals with 24.

Larry Miller added 27 points and George Lehmann had 24 for the winners while Julius Erving had 30 for Virginia. Pittsburgh, collecting its fifth successive victory, rallied from a 108-101 fourth-quarter deficit to turn back Memphis as John Brisker pumped in 34 points and George Thompson clicked for 33 for the Condors. Johnny Neumann's 29 topped the Pros.

The Pacers blew a 16-point halftime lead as Dallas moved in front 92-91 with 5:06 to play.

Larry Miller added 27 points and George Lehmann had 24 for the winners while Julius Erving had 30 for Virginia. Pittsburgh, collecting its fifth successive victory, rallied from a 108-101 fourth-quarter deficit to turn back Memphis as John Brisker pumped in 34 points and George Thompson clicked for 33 for the Condors. AS WE CELEBRATE Christ's birthday within the next few days, soberly and with reverence, we're conscious that all thoughtful parents wish to provide a good home and environment for their families—limited only by economic abilities—which vary with circumstances.

This Office Provides A Service To Each And Every Family regardless of financial limitations, and we want you to feel free to call us promptly about a HOME you can buy—even before Christmas and do away with those worthless rent receipts.

FOR EXAMPLE, we have a I.A.R.G.E. 1865 square feet north side home in excellent condition already financed on a 6 percent interest rate loan requiring only \$1,150 cash equity and the assumption of the existing loan balance of approximately \$10,000. MLS 778

THEN THERE IS a nice little 3-bedroom home we have to offer for only \$4,250 which we can sell you for \$500 or more down and owner will carry the remaining balance at 7 percent interest for an approved buyer. Close in to downtown, too. MLS 723

AND OF COURSE this 1160-square foot 3-bedroom home with attached garage in Jarvis Sone (Highland) area near Travis elementary and Lee Junior High occupied by a widow, and the place is clean as a hound's tooth—too large for her, which we offer at appraised value \$12,700 requiring about \$675 down in cash. MLS 766

THE LAST WE'LL MENTION TODAY is a reconditioned nice 2-bedroom home this lady is real proud—but she just married an Okie and will move there soon as you buy this little jewel for \$3,750. Cash. MLS 771

Television And Radio News

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP) — Television has developed its own holiday customs. Among them are the Christmas programs, most designed for young viewers, and the networks collect them and bring them out each year for another broadcast.

In recent days there have been repeat showings of "Santa Claus Is Coming to Town."

In 1872, Union troops were defeated by Confederates at the Civil War battle of Marye's Heights, outside Fredericksburg, Va.

In 1937, Japanese soldiers captured Nanking, China.

"The Littlest Angel," "Rudolph, the Red-Nosed Reindeer" and "Frosty, the Snow Man." Coming up tonight is "The Little Drummer Boy," and there will be more before the holiday season is over.

Networks appreciate programs that can be repeated year after year—so much of their product gets one or two exposures and then disappears. Programs like the

Charlie Brown series seem to be as indestructible as redwood charming adults on the second and even fifth time around while new young viewers are added to the audience.

In the most recent Nielsen ratings, ABC's repeat of "Santa Claus Is Coming to Town" ranked fifth in the popularity list, and CBS's "Frosty the Snowman" was sixth. Both did better than "Gunsmoke."

People In The News

NEW YORK (AP) — A spokesman for a shelter for slum children in Harlem says Jacqueline Kennedy Onassis worked with children there for one day a week during the spring and summer months.

The McMahon Memorial Temporary Shelter spokesman said Monday that the former first lady had asked that her work at the shelter be kept confidential. Mrs. Onassis' secretary, Nancy Tuckerman, said even she hadn't known about Mrs. Onassis' volunteer work until a newsman had called to ask her about it and she confirmed it with Mrs. Onassis.

MINNEAPOLIS, Minn. (AP) — Fresh from a checkup at the Mayo Clinic, evangelist Billy Graham says he is looking forward to representing President Nixon next month at presidential inauguration ceremonies for Liberia's Dr. William Tolbert.

Graham and Tolbert, a Baptist minister and a former head of the Baptist World Alliance, have long been friends.

Graham said Monday the undisclosed illness which brought him to Mayo last week will not require surgery and has "nothing to do with cancer."

Legendary Amazon Women Tribes 'Are More Than Just A Legend'

MEXICO CITY (AP) — Tales of a tribe of tall, blonde women warriors in the Amazon jungle are more than just a legend, according to explorer Gene Savoy. Savoy recently returned from a reconnaissance expedition into the jungle to find out if the tribe described by the Spaniards in the 1500's and reported as recently as last year really existed.

"We found real evidence of the Amazons," the 44-year-old seasoned explorer, a native of Bellingham, Wash., stated. "It's turning legend into fact."

The Spanish explorers, whose accounts led Savoy to Vilcabamba, the lost city of the Incas, to the discovery of an indigenous white race and to the ruins of 40 ancient cities, all in the South American jungle, said the women ranged in height from five feet, six inches, to five feet, ten inches.

According to the Spaniards, they lived near a high, windswept mountain, barren at its summit, and had access to the Amazon River. Their treasures, the Spanish chronicles read, "would enrich the world."

Savoy said he found the mountain on the 50-day expedition which took him down the Amazon, named after the tribe of women, from Manaus to Santarem in Brazil.

"There can be no other mountain that matches that description," Savoy explained. It would have provided building material for stone roads in the area, also mentioned by the Spaniards and sighted during his expedition, he added.

Savoy found a tableland of forests with high mountain peaks, inexplicably barren at its northern end. Two tributaries of the Amazon, interrupted by 72 waterfalls, ran along while an alligator-filled swamp behind it added to its inaccessibility. Hostile

tribes ringed the region, considered "taboo" locally. Natives in the area produced specimens of what may have constituted the "treasures" in the form of amethysts, one weighing 5,000 karats, and emeralds, Savoy said.

From one of two small airplanes used on the expeditions, Savoy said he sighted evidence of contour farming, while land explorations yielded large ceramic pieces, both indications of human habitation.
