Major Snowstorm Hits Panhandle

Approval For Butz Certain

WASHINGTON (AP) — Dr. Earl L. Butz appears certain to win Senate confirmation today as secretary of agriculture despite bitter farm-state opposition and the obvious misgivings of some Republicans.

An Associated Press Poll showed 52 senators prepared to vote for confirmation, 39 opposed and eight uncommitted. Assistant Republican leader Robert Griffin said he counted 52 "hard" votes for Butz.

Two leading opponents foresaw a Butz victory also. Sen. Fred R. Harris, D-Okl., said he could count only 38 votes against Butz. And Sen. Harold E. Hughes, D-Iowa, said opponents figure on 42. Both men were hoping for a few more votes to strengthen the protest against a nominee they portray as a foe of family farming, a champion of agribusiness and an enemy of poverty programs, the environment and consumers.

Sen. Robert Dole, R-Kans., the GOP national chairman, said the opposition has a blatant political base, founded on Democratic hopes to make inroads in farm states during 1972's presidential election.

But Dole himself told newsmen he might have picked a candidate other than the 62-year-old Purdue University dean.

Senators' mail has been running heavily against Butz.

U.S. Planes Will Retaliate If Attacked

WASHINGTON (AP) — Pentagon officials say American war planes may retaliate against North Vietnamese air strikes over the Ho Chi Minh trail in Laos.

The hint came Wednesday from Pentagon spokesman Jerry W. Friedheim who reported the North Vietnamese may be preparing to threaten U.S. B-52 bombers and other aircraft attacking the enemy infiltration routes leading into South Vietnam from Laos.

Friedheim said there have been 10 separate instances over the last two months in which MIG 19 and MIG 21 jet fighters flew briefly into Laos, occasionally firing air-to-air missiles.

No U.S. planes were hit and there was some doubt as to what the North Vietnamese were up to, Friedheim told newsmen, adding:

"We certainly couldn't be surprised if they have in mind here developing a capability to threaten aircraft bombing and strafing the Ho Chi Minh trail."

Asked if the U.S. would bomb North Vietnamese airfields if American aircraft were attacked, Friedheim replied, "That would be an option open to us."

Texas Masons Elect Leader

WACO, Tex. (AP) — Sen. Jack Hightower of Vernon was elected leader of 250,000 Texas Masons today at the final session of the grand communication of the Grand Lodge of Texas.

Dr. Duncan Howard, a Waco dentist, was made deputy grand master.

Dan B. Jordan of Houston was elevated to grand senior warden.

Each of the grand (statewide) officers are advanced one position in rank, with Joe Steed of Mount Pleasant stepping down as grand master.

Still to be elected was the grand junior warden. The man elevated to this position can expect to advance through the ranks of the Grand Arch officers and become grand master in 1974.

TYPICAL STREET SCENE—You could find something like this going on at many street intersections in Pampa this morning. These high school youths are helping a bogged down motorist on N. Cuyler to get moving again. Police commended the turned out to assist in relieving traffic tie-ups caused by the heavy snow. (Staff Photo)

Jury Gives 10 Years In Estate Theft Case

CANYON—A 181st Court jury took little time to mete out a big penalty against a 42-year old Dallas attorney found guilty of a "massive swindle" as Randall County Criminal District Attorney George Dowlen termed it.

Lawyer Leon C. Horton was found guilty of charges that he committed theft by false pretext in connection with the transfer of stock shares from the portfolio of the 85-year old missing Dallas oilman Robert L. Roberts. The panel took only 20 minutes to assess him the maximum ten years.

In his summation for the state, Asst. Dist. Attorney Harris Hampton told jurors the jury behind the trial would outsell James Bond if committed to writing.

The case had grown out of a sequence of events beginning with the disappearance of Roberts and Miss Jesse L. Forsythe, 89, reported (and denied) to be a kinswoman of the eccentric oilman living at his suburban Dallas estate. At the time of the disappearances powers of attorney were filed in the Dallas County clerk's office giving Horton control

over various of Roberts affairs. Then, some 40 shares of Roberts' stock were transferred to Horton's own Heritage national Property Management Service Inc. Horton's trial was held in Randall County because some of the certificates in question were transferred to the management company through the Western National Bank, Amarillo.

Horton maintained in his testimony that the missing Roberts had an option to buy Horton's company and that he (Horton) operated Roberts' estate under orders from the missing man. He also told the jury he sent \$125,000 in cash and bearer bonds to Roberts by courier.

A Dallas accountant assigned to the case testified that more than 40 per cent of Roberts' estate is missing and that \$206,000 of it passed through the Amarillo bank with \$73,000 "going to the benefit of others" than the estate.

Randall County holds 10 more indictments against Horton for theft by false

pretext while a member of the Dallas Metro Authority said charges of theft of land and swindling are planned against Horton in Dallas County.

Paul J. Chitwood, Dallas, attorney for the estate of the Forsythe woman's estate stated that an attempt probably would be made to have the missing pair declared dead and their wills probated.

Texas Bribery Trial Moved To Abilene

By ROBERT HEARD
Associated Press Writer

AUSTIN, Tex. (AP) — The bribery trial involving Texas House Speaker Gus Mutscher was transferred today from Austin to Abilene.

Dist. Judge Tom Blackwell said there had been a great deal of publicity on the case in Travis County (Austin) and while he thought Mutscher and two other defendants could get a fair trial, "I think it is incumbent on the judge to transfer it."

The law requires that a case be transferred to an adjacent county unless it can be shown that the same news coverage "contaminated" those counties.

Both the prosecution and defense stipulated that counties adjoining Travis County had been so contaminated.

The case was moved to the 104th District Court of Judge Neil Daniel. The trial was scheduled to begin Jan. 10 in Austin. Presumably it will be to Daniel when to set it for trial in his court.

Dist. Atty. Bob Smith earlier estimated a delay of half a year or more if the trial site was changed.

Defense lawyer Frank Maloney said he would file a motion in the Abilene court for a speedy trial. He estimated the trial would begin in February or March.

Smith said he had no doubt that he would take the lead in the prosecution of the case.

All pre-trial motions were transferred to Abilene.

"Abilene is as good a place to try it as Houston or Dallas or El Paso," Smith said, rattling off several other names.

Malone said Abilene has a less crowded docket and "good judges."

MANCHESTER, N.H. (AP) — Sen. George McGovern, D-S.D., called today for a televised debate between Democratic candidates in New Hampshire's first-in-the-nation presidential primary next year.

Dollar Plunges To Record Lows On Exchanges

LONDON (AP) — The possibility of devaluation sent the dollar plunging to record lows on major European exchanges today.

Market conditions were generally described as hectic and state banks in Paris and London were reported buying substantial amounts of dollars to slow the decline in value.

In Switzerland, banks were limiting dollar transactions to a maximum of a million per customer.

The dollar-selling wave was sparked by reports from a Rome meeting of the richest Western nations that the United States is ready to negotiate a dollar devaluation of perhaps 5 per cent against gold within a general realignment of world currency values. The official price of gold is now \$35 an ounce and the unofficial price around \$43.

Exchange operators expected a cut in the dollar's value to be announced after a further meeting of the Group of Ten non-Communist nations in Washington Dec. 17-18.

European stock markets also brightened at the prospect of an early end to international monetary and trade uncertainties after 3½ months of the crisis set off on Aug. 15 by President Nixon's announcement of his new economic program.

On the Frankfurt foreign exchange, the dollar plunged to a record low of 3.29 West German marks, compared to Wednesday's close of 3.3035 marks. Today's rate represented an increase in the mark's dollar value of 11¼ per cent since May when the West German money was set free to find its own level in the market.

The dollar was also at a record low in Zurich at 3.9305 Swiss francs against Wednesday's closing of 3.9547. This was a dollar devaluation of 3¼ per cent from the previous parity of 4.06 francs.

In Paris the situation was more complicated because of the French two-tier system set up to keep a so-called "commercial franc" used for 90 per cent of transactions, pegged closely to the dollar.

The Senate vote sent the legislation to the House where the Banking Committee is scheduled to meet again today in an effort to finish work on its version.

The panel failed on an 18-18 tie yesterday to clear the bill it had tentatively worked out. But various compromises were to be offered to break the deadlock.

Though the Senate rolled up an overwhelming vote for the bill, many members said they voted for it with great misgivings.

There was some confusion surrounding the retroactive pay feature—the major Senate addition to what Nixon originally said he wanted.

The administration resisted such increases during the freeze and has continued this stand since the Pay Board was established, despite organized labor's vociferous objections.

The Senate provision would allow raises negotiated before the Aug. 15 freeze so long as these were not "unreasonably inconsistent" with the 5.5 per cent guideline established by the Pay Board for Phase 2.

Sponsors said they wanted to make sure teachers and most others denied their raises would now receive them.

Late in the debate, the administration sent word it would accept this language: some senators speculated the White House was short of the votes needed to strike it from

City Traffic Bogs Down; Snow To Stop By Tonight

By TEX DEWEESE

Pampa and the Texas Panhandle today were in the grip of winter's first heavy snowstorm that was expected to reach eight or ten inches by tonight.

The snow moved in around noon yesterday, let up for several hours last night and began falling again about 4 o'clock this morning.

The snow was so heavy it had reached a depth of 4 inches by 7:30 a.m., nearly seven inches by noon and the weather forecasters said it would continue through the afternoon with no letup expected until tonight.

Public schools were closed for the day after an early morning announcement they would be open. St. Vincent's Catholic School dismissed classes at 11:30 this forenoon.

Many motorists, heading for work early today, were caught in traffic snarls. Worst traffic tie-ups were on N. Hobart and N. Duncan streets.

Authorities said much of the jam was caused by confusion about the closing of schools. Parents who had dropped children off at schools were attempting to go back and pick them up when they learned a decision finally had been made not to hold classes today.

All city street personnel manned graders to clear streets of snow and all other available city vehicles to assist motorists and pull out stalled automobiles.

City traffic lights were placed on a "caution" blinker system at mid-morning to enable traffic to keep on the move.

The scheduled Santa Day parade was cancelled today. Chamber of Commerce officials said a new date would be announced, pending weather conditions.

The three-day Top O' Texas basketball tournament, scheduled to get under way in

the High School Field House tonight, was postponed.

Coach Robert McPherson of the Harvesters said the tournament will start tomorrow night if road conditions are such that visiting teams can get to Pampa. If the teams are unable to come, he said, the tournament will be cancelled.

Gray County Court House offices closed down for the day because of the snowstorm.

City Hall offices were open this forenoon but closed at noon to permit employees to return to their homes.

One of the worst traffic tie-ups in the area was on the Skellytown Hill on SH 152, eight miles west of Pampa. The White Deer-Skellytown area apparently received an even heavier snow than Pampa. Approximately 50 to 60 autos were bogged down in the snow and ice on the Skellytown hill at 9:30 this morning.

Many meetings scheduled for tonight had been called off. Lovett Memorial Library closed today. The National Theater Production of "Aladdin's Lamp" scheduled this afternoon in Pampa High auditorium was cancelled and will be scheduled at a later date.

The All-Region Band concert set for tomorrow in Amarillo was cancelled. The Pampa Youth Center closed for the day.

The heavy snow brought Pampa 73-inch of moisture up until noon today. That boosted the year's total precipitation to more than 27 inches.

The heavy snow brought Pampa 73-inch of moisture up until noon today. That boosted the year's total precipitation to more than 27 inches.

The snowfall was general over the Panhandle. Schools were closed in Perryton, Canadian, Hopkins, White Deer, Skellytown and several other communities.

The noonday weather forecast from the U.S. Weather Service at Amarillo

Unofficial measurements of 4 to 5 inches of snow were reported from around Amarillo toward Hereford, Friona and Dimmitt in the plains country and in the mountains near El Paso, where that city's trans-mountain highway was closed.

Motorists using other roads in those areas and icy paving in adjacent sections were advised to drive cautiously.

Visibility dropped to one-eighth mile at Amarillo as the white flakes fell briskly near dawn.

While the snow tapered down to around an inch at Lubbock, freezing rain mixed with ice pellets and snow coated roads and bridges with a treacherous glaze. Icing also occurred through a strip where rain was mixed with snow southward past Midland, Odessa and Big Spring.

Warnings against four inches of snow or more went up Wednesday night, and a special advisory early today predicted at least two inches more for the Panhandle-Plains before the storm moved on toward the east.

Even heavier snowfalls occurred in New Mexico, where 11 inches piled up at Las Vegas, and in parts of Colorado, Kansas and Oklahoma.

Rain was widespread over the rest of Texas, measuring as much as 2.28 inches at the Houston airport.

Thunderstorms roved the coastal plains as light-to-sometimes heavy rainfall extended from Victoria into Louisiana and from the Texas Coast northward past the Red River. Moisture amounts appeared to be generally heaviest near the coast.

Strong and gusty winds whipped the coastal sections.

Senate Permits Nixon To Continue Controls

WASHINGTON (AP) — The Senate has passed 86 to 4 a bill permitting President Nixon to continue wage, price and rent controls through April, 1973.

The measure also contains a provision designed to give retroactive wage increases to most employees who lost them because of the Aug. 15-Nov. 14 pay freeze.

The Senate vote sent the legislation to the House where the Banking Committee is scheduled to meet again today in an effort to finish work on its version.

The panel failed on an 18-18 tie yesterday to clear the bill it had tentatively worked out. But various compromises were to be offered to break the deadlock.

Though the Senate rolled up an overwhelming vote for the bill, many members said they voted for it with great misgivings.

There was some confusion surrounding the retroactive pay feature—the major Senate addition to what Nixon originally said he wanted.

The administration resisted such increases during the freeze and has continued this stand since the Pay Board was established, despite organized labor's vociferous objections.

The Senate provision would allow raises negotiated before the Aug. 15 freeze so long as these were not "unreasonably inconsistent" with the 5.5 per cent guideline established by the Pay Board for Phase 2.

Sponsors said they wanted to make sure teachers and most others denied their raises would now receive them.

Late in the debate, the administration sent word it would accept this language: some senators speculated the White House was short of the votes needed to strike it from

the bill and so decided to support retroactivity.

An AFL-CIO spokesman said labor lawyers were convinced the provision would obtain most of the retroactive raises labor is determined to get.

The House Committee has adopted a retroactive pay provision which the administration strongly opposes. It calls for payment of the raises unless they are "grossly disproportionate" to the guidelines.

The Senate bill also contains a section objected to by the White House which would give a 5.5 per cent pay raise to 1.5 million federal employees and 2.6 million military personnel Jan. 1. Nixon wants a delay to July 1 next year.

After a sharp fight Wednesday, the Senate adopted 50-36 an amendment by Sen. Alan Cranston, D-Calif., to exempt from wage and price controls newspapers, press associations, television and radio broadcasters, and magazine and book publishers.

Pakistani Jets Strike India's State Capital

Pakistani planes strafed the capital of India's Tripura State today, adjacent to East Pakistan's southeast border, an Indian government spokesman announced in New Delhi.

The spokesman said the Indian army had been ordered to take immediate "defensive action," indicating it would cross the border. The government used the same phrase in connection with the three previous advances into East Pakistan which it has admitted.

The Indian spokesman gave this account: Five U.S.-supplied F86 Sabre Jets bombed and strafed the city of Agartala, 60 miles due east of Dacca, and its airport for 20 minutes this afternoon.

A number of civilians were killed or wounded, but anti-aircraft guns prevented any damage to the airfield.

Agartala has been under heavy shelling since 8 p.m. Wednesday, with artillery shells smashing into heavily populated areas and in the surrounding refugee camps for Bengalis from East Pakistan.

The shelling has killed four civilians and wounded 37.

The Pakistani army reported two new Indian ground attacks, but Pakistani military sources said the

defenders held or repulsed all assaults.

Prime Minister Indira Gandhi responded today to U.S. suspension of military shipments to her government with a declaration that India will follow its own policy toward Pakistan and will ignore any Western advice that her government feels is against India's national interest.

"The times have passed when any nation sitting 3,000 or 4,000 miles away could give orders to Indians on the basis of their color superiority to do as they wished," Mrs. Gandhi told members of her Congress party outside her residence.

Mrs. Gandhi did not directly mention the U.S. decision to cancel \$2 billion worth of military export licenses and to refuse all future licenses. But in obvious reaction to the U.S. move, she said: "The country is not so weak as to be afraid of any aid being cut off. Today we will do what is best in our national interest and not what these so-called big nations would like us to do."

The prime minister called again for the Pakistani army to withdraw from East Pakistan and in a new demand said Pakistani troops should also pull back from India's western border.

She did not promise any reciprocal Indian withdrawal.

Major Snowstorm Hits Panhandle

Approval For Butz Certain

WASHINGTON (AP) — Dr. Earl L. Butz appears certain to win Senate confirmation today as secretary of agriculture despite bitter farm-state opposition and the obvious misgivings of some Republicans.

An Associated Press Poll showed 52 senators prepared to vote for confirmation, 39 opposed and eight uncommitted.

Assistant Republican leader Robert Griffin said he counted 52 "hard" votes for Butz.

Two leading opponents foresaw a Butz victory also. Sen. Fred R. Harris, D-Okla., said he could count only 38 votes against Butz. And Sen. Harold E. Hughes, D-Iowa, said opponents figure on 42. Both men were hoping for a few more votes to strengthen the protest against a nominee they portray as a foe of family farming, a champion of agribusiness and an enemy of poverty programs, the environment and consumers.

Sen. Robert Dole, R-Kans., the GOP national chairman, said the opposition has a blatant political base, founded on Democratic hopes to make inroads in farm states during 1972's presidential election.

But Dole himself told newsmen he might have picked a candidate other than the 62-year-old Purdue University dean.

Senators' mail has been running heavily against Butz.

U.S. Planes Will Retaliate If Attacked

WASHINGTON (AP) — Pentagon officials say American war planes may retaliate against North Vietnamese airbases if Communist MIG fighters attack U.S. planes flying air strikes over the Ho Chi Minh trail in Laos.

The hint came Wednesday from Pentagon spokesman Jerry W. Friedheim who reported the North Vietnamese may be preparing to threaten U.S. B-52 bombers and other aircraft attacking the enemy infiltration routes leading into South Vietnam from Laos.

Friedheim said there have been 10 separate instances over the last two months in which MIG 19 and MIG 21 jet fighters flew briefly into Laos, occasionally firing air-to-air missiles.

No U.S. planes were hit and there was some doubt as to what the North Vietnamese were up to, Friedheim told newsmen, adding:

"We certainly couldn't be surprised if they have in mind here developing a capability to threaten aircraft" bombing and strafing the Ho Chi Minh trail.

Asked if the U.S. would bomb North Vietnamese airfields if American aircraft were attacked, Friedheim replied, "That would be an option open to us."

Texas Masons Elect Leader

WACO, Tex. (AP) — Sen. Jack Hightower of Vernon was elected leader of 250,000 Texas Masons today at the final session of the grand communication of the Grand Lodge of Texas.

Dr. Duncan Howard, a Waco dentist, was made deputy grand master.

Dan B. Jordan of Houston was elevated to grand senior warden.

Each of the grand (statewide) officers are advanced one position in rank, with Joe Steed of Mount Pleasant stepping down as grand master.

Still to be elected was the grand junior warden. The man elevated to this position can expect to advance through the ranks of the Grand Arch officers and become grand master in 1974.

motorist on N. Cuyler to get moving again. Police commended the many teenagers who turned out to assist in relieving traffic tie-ups caused by the heavy snow. (Staff Photo)

Jury Gives 10 Years In Estate Theft Case

CANYON—A 181st Court jury took little time to mete out a big penalty against a 42-year old Dallas attorney found guilty of a "massive swindle" as Randall County Criminal District Attorney George Dowlen termed it.

Lawyer Leon C. Horton was found guilty of charges that he committed theft by false pretext in connection with the transfer of stock shares from the portfolio of the 85-year old missing Dallas oilman Robert L. Roberts. The panel took only 20 minutes to assess him the maximum ten years.

In his summation for the state, Asst. Dist. Attorney Harris Hampton told jurors the story behind the trial would outsell James Bond if committed to writing.

The case had grown out of a sequence of events beginning with the disappearance of Roberts and Miss Jesse L. Forsythe, 89, reported (and denied) to be a kinswoman of the eccentric oilman living at his suburban Dallas estate. At the time of the disappearances powers of attorney were filed in the Dallas County clerk's office giving Horton control

over various of Roberts affairs. Then, some 40 shares of Roberts' stock were transferred to Horton's own Heritage national Property Management Service Inc. Horton's trial was held in Randall County because some of the certificates in question were transferred to the management company through the Western National Bank, Amarillo.

Horton maintained in his testimony that the missing Roberts had an option to buy Horton's company and that he (Horton) operated Roberts' estate under orders from the missing man. He also told the jury he sent \$125,000 in cash and bearer bonds to Roberts by courier.

A Dallas accountant assigned to the case testified that more than 40 per cent of Roberts' estate is missing and that \$206,000 of it passed through the Amarillo bank with \$73,000 "going to the benefit of others" than the estate.

Randall County holds 10 more indictments against Horton for theft by false

pretext while a member of the Dallas Metro Authority said charges of theft of land and swindling are planned against Horton in Dallas County.

Paul J. Chitwood, Dallas, attorney for the estate of the Forsythe woman's estate stated that an attempt probably would be made to have the missing pair declared dead and their wills probated.

Texas Bribery Trial Moved To Abilene

By ROBERT HEARD Associated Press Writer AUSTIN, Tex. (AP) — The bribery trial involving Texas House Speaker Gus Mutscher was transferred today from Austin to Abilene.

Dist. Judge Tom Blackwell said there had been a great deal of publicity on the case in Travis County (Austin) and while he thought Mutscher and two other defendants could get a fair trial, "I think it is incumbent on the judge to transfer it."

The law requires that a case be transferred to an adjacent county unless it can be shown that the same news coverage "contaminated" those counties.

Both the prosecution and defense stipulated that counties adjoining Travis County had been so contaminated.

The case was moved to the 104th District Court of Judge Neil Daniel. The trial was scheduled to begin Jan. 10 in Austin. Presumably it will be up to Daniel when to set it for trial in his court.

Dist. Atty. Bob Smith earlier estimated a delay of half a year or more if the trial site was changed.

Defense lawyer Frank Maloney said he would file a motion in the Abilene court for a speedy trial. He estimated the trial would begin in February or March.

Smith said he had no doubt that he would take the lead in the prosecution of the case.

All pre-trial motions were transferred to Abilene.

"Abilene is as good a place to try it as Houston or Dallas or El Paso," Smith said, rattling off several other names.

Malone said Abilene has a less crowded docket and "good judges."

MANCHESTER, N.H. (AP) — Sen. George McGovern, D-S.D., called today for a televised debate between Democratic candidates in New Hampshire's first-in-the-nation presidential primary next year.

Dollar Plunges To Record Lows On Exchanges

LONDON (AP) — The possibility of devaluation sent the dollar plunging to record lows on major European exchanges today.

Market conditions were generally described as hectic and state banks in Paris and London were reported buying substantial amounts of dollars to slow the decline in value.

In Switzerland, banks were limiting dollar transactions to a maximum of a million per customer.

The dollar-selling wave was sparked by reports from a Rome meeting of the richest Western nations that the United States is ready to negotiate a dollar devaluation of perhaps 5 per cent against gold within a general realignment of world currency values. The official price of gold is now \$35 an ounce and the unofficial price around \$43.

Exchange operators expected a cut in the dollar's value to be announced after a further meeting of the Group of Ten non-Communist nations in Washington Dec. 17-18.

European stock markets also brightened at the prospect of an early end to international monetary and trade uncertainties after 3½ months of the crisis set off on Aug. 15 by President Nixon's announcement of his new economic program.

On the Frankfurt foreign exchange, the dollar plunged to a record low of 3.29 West German marks, compared to Wednesday's close of 3.3035 marks. Today's rate represented an increase in the mark's dollar value of 1¼ per cent since May when the West German money was set free to find its own level in the market.

The dollar was also at a record low in Zurich at 3.905 Swiss francs against Wednesday's closing of 3.9547. This was a dollar devaluation of 3¼ per cent from the previous parity of 4.08 francs.

In Paris the situation was more complicated because of the French two-tier system set up to keep a so-called "commercial franc" used for 90 per cent of transactions, pegged closely to the dollar.

The administration resisted such increases during the freeze and has continued this stand since the Pay Board was established, despite organized labor's vociferous objections.

The Senate provision would allow raises negotiated before the Aug. 15 freeze so long as these were not "unreasonably inconsistent" with the 5.5 per cent guideline established by the Pay Board for Phase 2.

Sponsors said they wanted to make sure teachers and most others denied their raises would now receive them.

Late in the debate, the administration sent word it would accept this language; some senators speculated the White House was short of the votes needed to strike it from

City Traffic Bogs Down; Snow To Stop By Tonight

By TEX DEWEESE

Pampa and the Texas Panhandle today were in the grip of winter's first heavy snowstorm that was expected to reach eight or ten inches by tonight.

The snow moved in around noon yesterday, let up for several hours last night and began falling again about 4 o'clock this morning.

The snow was so heavy it had reached a depth of 4 inches by 7:30 a.m., nearly seven inches by noon and the weather forecasters said it would continue through the afternoon with no letup expected until tonight.

Public schools were closed for the day after an early morning announcement they would be open. St. Vincent's Catholic School dismissed classes at 11:30 this forenoon.

Many motorists, heading for work early today, were caught in traffic snarls. Worst traffic tie-ups were on N. Hobart and N. Duncan streets.

Authorities said much of the jam was caused by confusion about the closing of schools. Parents who had dropped children off at schools were attempting to go back and pick them up when they learned a decision finally had been made not to hold classes today.

All city street personnel manned graders to clear streets of snow and all other available city vehicles to assist motorists and pull out stalled automobiles.

City traffic lights were placed on a caution blinker system at mid-morning to enable traffic to keep on the move.

The scheduled Santa Day parade was cancelled today. Chamber of Commerce officials said a new date would be announced, pending weather conditions.

The three-day Top O' Texas basketball tournament, scheduled to get under way in

the High School Field House tonight, was postponed.

Coach Robert McPherson of the Harvesters said the tournament will start tomorrow night if road conditions are such that visiting teams can get to Pampa. If the teams are unable to come, he said, the tournament will be cancelled.

Gray County Court House offices closed down for the day because of the snowstorm. City Hall offices were open this forenoon but closed at noon to permit employees to return to their homes.

One of the worst traffic tie-ups in the area was on the Skellytown Hill on SH 152, eight miles west of Pampa. The White Deer-Skellytown area apparently received an even heavier snow than Pampa. Approximately 50 to 60 autos were bogged down in the snow and ice on the Skellytown hill at 9:30 this morning.

Many meetings scheduled for tonight had been called off. Lovett Memorial Library closed today. The National Theater Production of "Aladdin's Lamp" scheduled this afternoon in Pampa High auditorium was cancelled and will be scheduled at a later date.

The All-Region Band concert set for tomorrow in Amarillo was cancelled. The Pampa Youth Center closed for the day.

The heavy snow brought Pampa 73-inch of moisture up until noon today. That boosted the year's total precipitation to more than 27 inches.

The heavy snow brought Pampa 73-inch of moisture up until noon today. That boosted the year's total precipitation to more than 27 inches.

The snowfall was general over the Panhandle. Schools were closed in Perryton, Canadian, Hopkins, White Deer, Skellytown and several other communities.

The noonday weather forecast from the U.S. Weather Service at Amarillo

Unofficial measurements of 4 to 5 inches of snow were reported from around Amarillo toward Hereford, Friona and Dimmitt in the plains country and in the mountains near El Paso, where that city's trans-mountain highway was closed.

Motorists using other roads in those areas and icy paving in adjacent sections were advised to drive cautiously.

Visibility dropped to one-eighth mile at Amarillo as the white flakes fell briskly near dawn.

While the snow tapered down to around an inch at Lubbock, freezing rain mixed with ice pellets and snow coated roads and bridges with a treacherous glaze. Icing also occurred through a strip where rain was mixed with snow southward past Midland, Odessa and Big Spring.

Warnings against four inches of snow or more went up Wednesday night, and a special advisory early today predicted at least two inches more for the Panhandle-Plains before the storm moved on toward the east.

Even heavier snowfalls occurred in New Mexico, where 11 inches piled up at Las Vegas, and in parts of Colorado, Kansas and Oklahoma.

Rain was widespread over the rest of Texas, measuring as much as 2.28 inches at the Houston airport.

Thunderstorms roved the coastal plains as light to sometimes heavy rainfall extended from Victoria into Louisiana and from the Texas Coast northward past the Red River. Moisture amounts appeared to be generally heaviest near the coast.

Strong and gusty winds whipped the coastal sections.

Senate Permits Nixon To Continue Controls

WASHINGTON (AP) — The Senate has passed 86 to 4 a bill permitting President Nixon to continue wage, price and rent controls through April, 1973.

The measure also contains a provision designed to give retroactive wage increases to most employees who lost them because of the Aug. 15-Nov. 14 pay freeze.

The Senate vote sent the legislation to the House where the Banking Committee is scheduled to meet again today in an effort to finish work on its version.

The panel failed on an 18-18 tie yesterday to clear the bill it had tentatively worked out. But various compromises were to be offered to break the deadlock.

Though the Senate rolled up an overwhelming vote for the bill, many members said they voted for it with great misgivings.

There was some confusion surrounding the retroactive pay feature—the major Senate addition to what Nixon originally said he wanted.

The administration resisted such increases during the freeze and has continued this stand since the Pay Board was established, despite organized labor's vociferous objections.

The Senate provision would allow raises negotiated before the Aug. 15 freeze so long as these were not "unreasonably inconsistent" with the 5.5 per cent guideline established by the Pay Board for Phase 2.

Sponsors said they wanted to make sure teachers and most others denied their raises would now receive them.

Late in the debate, the administration sent word it would accept this language; some senators speculated the White House was short of the votes needed to strike it from

the bill and so decided to support retroactivity.

An AFL-CIO spokesman said labor lawyers were convinced the provision would obtain most of the retroactive raises labor is determined to get.

The House Committee has adopted a retroactive pay provision which the administration strongly opposes. It calls for payment of the raises unless they are "grossly disproportionate" to the guidelines.

The Senate bill also contains

a section objected to by the White House which would give a 5.5 per cent pay raise to 1.5 million federal employees and 2.6 million military personnel Jan. 1. Nixon wants a delay to July 1 next year.

After a sharp fight Wednesday, the Senate adopted 50-36 an amendment by Sen. Alan Cranston, D-Calif., to exempt from wage and price controls newspapers, press associations, television and radio broadcasters, and magazine and book publishers.

60,000 San Antonio Bus Drivers Strike

SAN ANTONIO, Tex. (AP) — City bus drivers and mechanics struck today, forcing about 60,000 passengers a day to seek other transportation.

The walkout followed a 2 a.m. ballot, scheduled after the rejection Wednesday of management's latest offer by the 500-member union. They had worked without a contract since August.

Wilson Parker, union president, had predicted the men would vote for a work stoppage, the first since they struck for 16 days in 1969.

"I don't see any way round it," he said in advance of the pre-dawn ballot.

Parker said the union voted unanimously to reject management's offer of a seven per cent wage hike, following the recommendation of union officials.

He said the union was willing to accept an 8.23 per cent raise, which was offered by the transit system and voted down by the union

before the national wage-price freeze took effect.

The system's current seven per cent offer is subject to federal Pay Board approval, officials said.

Management said late Wednesday it had no further proposals.

Transit system general manager Norman Hill said the city-owned company will not go against the intent of the federal economic program by recommending a larger pay hike.

Parker said of management's position: "We feel like they're hiding behind the wage board."

SHOPPING DAYS TO CHRISTMAS

READ OUR ADS

S'NO SCHOOL TODAY!—Paula and Teresa McKay, 1120 E. Foster found this out on their way to classes this morning in the mounting snow fall. This was the scene on East Foster at school time this morning and duplicated in almost every block of the city.

(Staff Photo)

School District To Review Action On Married Students

HOUSTON (AP) — A federal court judge says pupils with an "unhealthy interest in sex" can get all the information on that subject "at the corner drugstore."

U.S. Dist. Court Judge Allen B. Hannay's comments were in an opinion in which he told Channelview Independent School District officials to take another look at district rules forbidding divorced pupils from taking part in extracurricular activities.

Hannay retained jurisdiction Wednesday in the case of Soni Romans, 16, a divorcee, and made it plain in his four-page memorandum and opinion that Miss Romans was on firm constitutional ground.

Miss Romans was married for 10 months before entering the Channelview district, where she has been an honor student.

The district bars married or previously married pupils from all extracurricular activities.

School officials said the rule was promulgated because officials believe such pupils would discuss sexual matters with non-married pupils if permitted to take part in extracurricular activities.

Such restrictions, however, do not apply to unwed mothers who return to school after having their babies.

Miss Romans alleged the school ruling is

discriminatory and unconstitutional and a hearing was held before Hannay last month.

She testified she had been advised by a school counselor to take drama and choir classes, then later found she could not take part in singing or class plays, which are part of class credit. She would also become ineligible for a national honor society, she said.

Hannay noted that Miss Romans' grades and behavior have been exceptionally good.

Nervous Youth Holds Up Bank

GLEN ROSE, Tex. (AP) — A nervous young man with a pistol robbed the First National Bank of Glen Rose of an undetermined sum Wednesday.

He brought his own bag, asked that the money be put into it, and then made off in white station wagon, driving south.

Officials said they could not establish immediately how much was taken but they didn't expect it to exceed \$200.

If the bandit had arrived a few minutes later, there might not have been a robbery at all because the bank always closes for lunch at noon. Today the employees were slightly behind schedule at closing up.

Glen Rose in Somervell County is about 60 miles southwest of Fort Worth.

Ochiltree Agrees To Redistrict

PERRYTON — A precinct redistricting plan that divides Perryton into almost for equal population units and leaves rural precinct boundary lines basically unchanged was unanimously adopted by Ochiltree County commissioners Wednesday.

The plan agreed upon was presented by Commissioner Erick Wilson.

Decision of the commissioners Court was the culmination of a series of events that started last August with a suit filed by Charles Taylor, Perryton druggist, asking for the redistricting of Ochiltree County precinct boundaries to create precincts of more equal population.

In September commissioners voted to instruct County Atty. Bob Close to oppose the suit. On Nov. 2, Judge Max Boyer of the 84th District ruled in favor of redrawing the lines on a one-man-one-vote principle.

The new precincts are: Precinct 1, from Loop Road south to 3rd Ave., with a population of 2,448; Precinct 2, from 3rd Ave. to 9th Ave., with a population of 2,457; Precinct 3, from 9th Ave. to 13th with a population of 2,356; Precinct 4, from 13th to 24th, with a population of 2,440.

It was indicated voting precinct lines probably will be changed based on an anticipated order from Judge Boyer modifying the November decision.

Another motion was approved to change justice precinct boundaries to coincide with commissioner precinct boundaries.

According to law, a county may be divided into not less than four nor more than eight justice of the peace precincts.

Bacteria Discovered

WASHINGTON (AP) — The Food and Drug Administration says the importer of Le Roiteite brand camembert and brie cheeses is recalling 4-and 8-ounce packages of both types after discovering they contain harmful bacteria.

The FDA said Wednesday 143 persons are reported to have fallen ill as a result of eating the French cheeses. Three were hospitalized.

Pre-Trial Hearing Starts For Speaker Gus Mutschers

AUSTIN, Tex. (AP) — A pretrial hearing in the first major criminal trial arising from the Texas stock fraud scandal begins today with both sides arguing that the trial should be held in another county.

House Speaker Gus Mutschers, the highest Texas official to face criminal charges since Gov. James E. Ferguson was impeached in 1971, is accused of accepting a bribe from Houston promoter Frank Sharp in return for the passage of two banking bills in 1969.

Mutschers also is charged together with his aide, Rush McGinty, and Rep. Tommy Shan-

Two Galveston Men Found Shot To Death

TEXAS CITY, Tex. (AP) — Two Galveston men were found shot to death here Wednesday.

They were identified as Grover M. Looney III, about 25, a drug store employe, and John Davidson, 28, an employe of a Galveston hotel.

Looney was in an automobile and Davidson was on the ground at the rear of the car. Both had been shot in the head and Davidson also had been shot in the chest.

Police chief Rankin Dewart said the immediate area on the south side of the town where the bodies were discovered was not inhabited. Several chemical plants were nearby.

Dewart said robbery was the apparent motive as wallets and identification belonging to both men had been taken.

The police chief said the car, which was registered to Looney, was parked at the side of the road. The ignition was off and all doors were locked except the one on the driver's side.

Dewart said he believed Looney was single. The marital status of Davidson was not immediately known, the chief said.

Ford Charged With Violating Clean Air Act

WASHINGTON (AP) — The Justice Department accused the Ford Motor Co. Wednesday of shipping some 200,000 1972 model cars and trucks to dealers in violation of the Clean Air Act.

At the same time it filed suit in U.S. District Court in Washington, the department and Ford entered a proposed consent judgment requiring Ford to pay \$10,000 in civil penalties and agree not to do it again.

The suit said Ford shipped the vehicles to dealers before receiving certification that the vehicles conformed with the emission standards set by the Environmental Protection Agency.

In a statement, Ford said it believes its consignment program did not violate either the spirit or letter of the law. Ford added that the vehicles were certified within the standards prior to their date of introduction.

Escalation

WASHINGTON (AP) — A state banking board has approved nine "phantom" bank charters, disregarding a warning that they sounded "like a Frank Sharp deal."

Phantom charters are a method for expediting holding company acquisition of existing banks.

Banking Commissioner Robert Stewart said the attorney general's office and board lawyer Will Knox agreed multi-bank holding companies do not violate Texas' constitutional ban on branch banking.

Only the courts can make a final determination of this, he added.

Jack Lewis, board chairman of Jefferson State Bank in San Antonio, criticized the phantom charter device and warned the board it would open the door to branch banking.

Knox told reporters last month that phantom charters enable holding companies to bypass the U.S. Securities and Exchange Commission, saving both time and money, in acquiring banks. Typical mergers involve exchanges of bank shares for holding company stock.

In a phantom procedure, the banking board charters a bank at the same location as an existing bank. The bank's name and directors are changed. After the charter is granted, the name is changed back, but control remains with the new owners. A bank's shareholders must approve such a merger.

Lewis, who worked for the state banking department in the 1920s, warned that multi-bank holding companies would be nothing more than branch banking.

He blasted the phantom charter device as "monkey business... illegal and morally wrong."

"It sounds like a Frank Sharp deal to me."

Authorities gave this account of the incident:

Taylor County Deputy Sheriff Jim Blackley and his wife, Nina, were taking Lee Dixon, 19, from El Paso to Abilene where Dixon was wanted in connection with a Monday night grocery store robbery.

Dixon, who wore handcuffs, leg irons and a "belly chain," asked to go to the restroom at a service station in Van Horn.

Inside the restroom, the deputy tried to help Dixon and a scuffle ensued, with Dixon getting Blackley's gun.

Dixon then commandeered a car driven by Joane Whittaker, 21, and Delores Brown, 36, both students at the University of Texas at El Paso who were traveling to Abilene.

Dixon made one of the girls drive while he sat in the back seat. He was unsuccessful in trying to shoot off his leg irons.

The youth gave himself up without a struggle at a police roadblock about 60 miles north of Van Horn. The girls were not hurt.

He remained overnight in the Culberson County Jail in Van Horn.

Banking Board Approves 'Phantom' Bank Charters

By LEE JONES
Associated Press Writer
AUSTIN, Tex. (AP) — The

State Banking Board has approved nine "phantom" bank charters, disregarding a warning that they sounded "like a Frank Sharp deal."

Burglarized

Brushing the snow from the police blotter revealed that an intrepid thief did the same to a car belonging to J.D. Hale, 1005 Twiford last night between 8 and 10:30. The car was burglarized including theft of a tape player leaving a damaged console behind.

Most people were thinking only of taking the best route to get there, including Orvis M. Martin who didn't quite make it. On East Craven Martin was making a turn needing impetus to get through a dip in the slick. His vehicle slid into a garage doing considerable damage to a Shasta camping trailer housed there.

John L. Morris, 2213 N. Wells, called the police station yesterday inquiring about a Sales Leadership Club. Some five weeks ago two young girls estimated to be 12 and 14 called at his home selling Christmas cards on the promise of three weeks delivery. The cards have not arrived and Morris noticed there were no names on the receipt he held. Police were checking with Girl Scouts and other such girls groups to see if they had any Christmas card sales underway.

Police men and their units were busy with the myriad problems the snowfall had created. No serious accidents and no injuries had been recorded but there was no optimism in this area based on past record and immediate observation of some drivers.

Traffic lights had been put on "flashing" early this morning and the move seemed to be aiding the "to work" traffic flow considerably.

Jack Lewis, board chairman of Jefferson State Bank in San Antonio, criticized the phantom charter device and warned the board it would open the door to branch banking.

Knox told reporters last month that phantom charters enable holding companies to bypass the U.S. Securities and Exchange Commission, saving both time and money, in acquiring banks. Typical mergers involve exchanges of bank shares for holding company stock.

In a phantom procedure, the banking board charters a bank at the same location as an existing bank. The bank's name and directors are changed. After the charter is granted, the name is changed back, but control remains with the new owners. A bank's shareholders must approve such a merger.

Lewis, who worked for the state banking department in the 1920s, warned that multi-bank holding companies would be nothing more than branch banking.

He blasted the phantom charter device as "monkey

business... illegal and morally wrong."

"It sounds like a Frank Sharp deal to me."

Escapee Surrenders To Police

VAN HORN, Tex. (AP) — A prisoner who broke away from a deputy sheriff enroute from El Paso to Abilene surrendered without a struggle less than an hour later.

Authorities gave this account of the incident:

Taylor County Deputy Sheriff Jim Blackley and his wife, Nina, were taking Lee Dixon, 19, from El Paso to Abilene where Dixon was wanted in connection with a Monday night grocery store robbery.

Dixon, who wore handcuffs, leg irons and a "belly chain," asked to go to the restroom at a service station in Van Horn.

Inside the restroom, the deputy tried to help Dixon and a scuffle ensued, with Dixon getting Blackley's gun.

Dixon then commandeered a car driven by Joane Whittaker, 21, and Delores Brown, 36, both students at the University of Texas at El Paso who were traveling to Abilene.

Dixon made one of the girls drive while he sat in the back seat. He was unsuccessful in trying to shoot off his leg irons.

The youth gave himself up without a struggle at a police roadblock about 60 miles north of Van Horn. The girls were not hurt.

He remained overnight in the Culberson County Jail in Van Horn.

OBITUARIES

MRS. IONA SEARLE
Funeral services will be held at 2 p.m. Friday in the Duenkel Funeral Home Chapel for Mrs. Iona Searle, 77, of Pampa, who died Tuesday in the Pampa Nursing Home.

Rev. Earl Maddux of the Fellowship Baptist Church will officiate. Interment will be in Memory Gardens.

A member of the Fellowship Baptist Church, Mrs. Searle had been a Pampa resident since 1929.

Survivors include five daughters, Mrs. Robert James and Mrs. Lawrence Martin, both of Pampa; Mrs. A.T. Miller of Lefors, Mrs. Tom Bonds of Gilbert, Ariz., and Mrs. Marie Jiffers of Little Rock, Ark.; two sons, Ernest Searle of Altus, Okla., and Jack Searle of Fort Smith, Ark.; 32 grandchildren, 34 great-grandchildren, and two great-great-grandchildren.

MRS. MAMIE FURRH
Graveside services were to be held at 2 p.m. today in the Haskell cemetery for Mrs. Mamie Furrh, 75, of Throckmorton, who died Tuesday in a Throckmorton nursing home.

Survivors include her husband, B.Q. Furrh, of the Crestview Nursing Home, Throckmorton; one son, Harvey B. Furrh of Pampa; one daughter, Mrs. Ruby Crow of Amarillo; three grandchildren, and three great-grandchildren.

GOOD BEGINNING—For the family that is always on the run, serve hot soup in an informal setting before dinner to spart

appetites and let family members relax, prior to the main course. Choose baked chicken and a favorite dessert for the post-soup period.

PAMPA, TEXAS 65th YEAR Thursday, Dec. 2, 1971

Pre-Dinner Soup Lets Family Relax

By Aileen Claire
NEA Food Editor

A family that eats on the run when school is in full swing can be slowed down a bit. Try serving a hot soup before dinner with members of the family sipping the hot beverage in the rec room or living room and hopefully chatting. Then sit down to a dinner of baked chicken and buttered broccoli and a favorite family dessert.

Spicy Tomato Soup
2 cans (10 3/4 ounces each)

condensed tomato soup
2 soup cans water
1/4 teaspoon ground cinnamon
Dash ground cloves

Stir soup in saucepan; gradually add water and remaining ingredients; mix with rotary beater. Simmer a few minutes. Garnish each serving with whipped cream, grated cheese, pat of butter or croutons. Makes 5 to 6 servings.

Baked Chicken
2 broiler-fryers, cut in pieces
1/2 cup melted butter or margarine
1/4 cup lemon juice
1 teaspoon dried tarragon
1 teaspoon salt
Dash pepper

Arrange chicken in shallow baking dish. Combine remaining ingredients; mix well. Brush chicken thoroughly with butter mixture. Bake in 350-degree oven one hour, or until tender, basting occasionally. Makes 6 servings.

By Carolyn Anderson
Fresh Fruit Cup
3 oranges
2 bananas
1 cup pineapple chunks
1/2 cup shredded coconut (fresh frozen if available)
frozen if available
1/4 cup honey

Section oranges. Add sliced bananas and pineapple. Add honey and mix gently. Spoon into compotes and sprinkle shredded coconut on top of each serving.

Other Fruit Cups
Combine grapefruit sections with sliced bananas and diced apple (unpeeled).
Grape fruit sections and orange sections with finely chopped dates and shredded coconut.
(These may be used as a first course or dessert.)

Old-Fashioned Coconut Pie
1 stick butter
1 1/2 cups sugar
3 eggs
3 tablespoons vinegar
1 teaspoon vanilla
1 cup coconut
unbaked pie shell

Blend sugar and butter and add eggs and blend well. Add vanilla, vinegar and coconut and bake one hour at 325 degrees.
Jean West gave me this delicious recipe. She not only is a wonderful cook—but also a wonderful person.—The American Way features

Two-In-One Pattern

Set the fashion with a handsome pantsuit or form-fitting coat-dress. You can make both by using this pattern, thus adding two outfits to your wardrobe that are sure to become your favorites.

Consult the Fashion Coordinator included in each Young Original for color, fabric and accessory suggestions.

B-130 with Photo-Guide is in Sizes 7 to 15 (bust 31-37). Size 9, 32 bust... jacket, 2 1/2 yards; pants, 1 1/2 yards; coat-dress, 3 1/2 yards... all of 54-inch.

Send \$1.25 for this smart Young Original pattern designed for women who sew. Write (name of your newspaper), Box 438, Midtown Station, New York, N.Y. 10018. Print full name, address with zip code, pattern number and size.

Cranberry Relishes Make Excellent Gifts

By AILEEN CLAIRE
NEA FOOD EDITOR

Tart-sweet flavor and a bright red color make cranberries an excellent choice for homemade Christmas gifts. Relishes always are appreciated and cranberries go well in Spiced Cranberry Conserve, Cranberry Chutney or Cranberry Date Relish. Put aside a few jars for the family

Q. What is the name of this cut of meat?
A. Beef Flank Steak

Q. Where does it come from?
A. Steak is from flank and consists of many elongated muscle fibers. It is oval in shape, has very little fat and sometimes surface is scored.

Q. How is it prepared?
A. By braising or broiling. A less tender cut, this steak is braised with one exception. It is the traditional cut used for popular London Broil. In this case it is broiled only to rare (3 to 4 inches from heat about 5 minutes per side) and carved diagonally across the grain into very thin slices.

BOSTON (AP)—Rep. Louise Day Hicks, D-Mass., says she spent \$101,703 in her unsuccessful campaign for mayor this fall.

She reported campaign contributions totaled \$44,495, leaving a \$57,214 liability. Mrs. Hicks said she was personally responsible for a \$38,000 loan.

when preparing a batch of holiday food gifts.

SPICED CRANBERRY CONSERVE
2 cups fresh cranberries, rinsed and drained
1/2 cup sugar
4 dried figs, coarsely chopped
1/2 cup dates, coarsely chopped
1/4 teaspoon cloves
1/2 stick cinnamon
1 can (8 ounces) pineapple tidbits
3/4 cup water
1 tablespoon lemon juice

Combine cranberries, sugar, figs, dates, cloves, cinnamon, pineapple and water in a saucepan. Bring to boil and cook, stirring frequently, for 10 to 12 minutes. Add lemon juice and remove cinnamon stick. Spoon into hot sterilized jars. Seal at once. Makes 3 cups.

CRANBERRY CHUTNEY
2 cups fresh cranberries, rinsed and drained
1 1/2 cups sugar
1 cup water
1/2 cup tarragon or cider vinegar
1/2 teaspoon allspice
1/2 teaspoon salt
1 cup chopped dried mixed fruit

Combine all ingredients in a saucepan. Bring to a boil, reduce heat and simmer, stirring frequently, for 10 minutes. Cool and chill. Or, spoon while hot into sterilized jars and seal. Makes about 3 cups.

CRANBERRY DATE RELISH
1 lemon
4 cups (1 Pound) fresh cranberries, rinsed and drained
1 cup pitted dates
1 cup sugar
1/4 teaspoon salt

Cut lemon into lengthwise wedges and remove seeds. Put cranberries, lemon and dates through food chopper, using medium blade. Blend in sugar and salt. Chill 1 hour or longer before serving. Makes about 4 cups.

HOMEMADE GIFTS—Decorative containers filled with cranberry relishes fit Yule giving. Delight relatives and friends with something that is strictly "you." The tart-sweet flavor and bright red color make this type gift an excellent choice for Christmas.

Trifle Not Insignificant

By AILEEN CLAIRE
NEA Food Editor

A listing of ingredients soon "trifle" is anything but insignificant. Traditionally a trifle is a dessert of sponge cake spread with jam or jelly, sprinkled with custard and whipped cream. Here is a Cherry Trifle to keep dessert lovers a trifle happy.

CHERRY TRIFLE
2 packages (3 ounces each) ladyfingers, split
1 jar (8 ounces) red maraschino cherries

cream sherry or other sweet wine
2 cups milk
1/2 cup sugar
1/4 teaspoon salt
1 tablespoon cornstarch
2 eggs
1 teaspoon vanilla
1 cup heavy cream
2 tablespoons sugar
1/2 teaspoon vanilla
Toasted slivered almonds

Separate ladyfingers and spread out on tray with soft

side up. Drain cherries, pour syrup into measuring cup. Add enough sherry to syrup to make 3/4-cup liquid. Sprinkle syrup mixture over ladyfingers and cover while making custard. Chop cherries and set aside. Heat milk in top of double boiler until hot. Blend 1/2-cup sugar, salt and cornstarch in large bowl. Beat in eggs. Gradually add the hot milk to egg mixture, stirring constantly. Return to top of double boiler and cook, stirring constantly over simmering water until thickened. Remove from the heat and add 1 teaspoon vanilla and chopped cherries. Cool custard to lukewarm, stirring occasionally. Line a 1 1/2-quart glass compote or bowl with ladyfingers. Layer custard with remaining ladyfingers. Chill about 4 hours. Whip cream with 2 tablespoons sugar and 1/2-teaspoon vanilla until soft peaks form. Spread cream over trifle and garnish with almonds.

OLD-TIME TREAT—Bread pudding rises to new heights when it is given a luscious topping of strawberry preserves and meringue. It is called "Queen of Bread Puddings."

Bread Pudding Rated "Elegant"

By Cecily Brownstone
Associated Press Food Editor

Dear Cecily: My Grandmother used to make a delicious dessert called Queen of Bread Puddings. It had a topping of jam and meringue. I can't find a recipe for this pudding. Do you have one? NOSTALGIC COOK

DEAR NOSTALGIC COOK Queen of Bread Puddings is indeed an old-fashioned delight that should not be neglected. Here is an up-dated recipe for it. It may be served warm or cold; when we did our taste-testing we found it equally good both ways. The strawberry preserves and the meringue really made this dessert outstanding—Good enough for company.—C. B.

straight peaks when beater is slowly withdrawn.

Spread strawberry preserves over pudding. Spoon meringue over preserves. Return pudding, without removing it from water, to 325-degree oven and continue baking until meringue is lightly browned—10 to 12 minutes. Serve warm or chilled.

Makes 6 servings.

Sprouts Italiano

By AILEEN CLAIRE
NEA Food Editor

The Holiday period starting with Thanksgiving and winding to a weary halt New Year's Day is filled with good things to eat. Here is a different approach to stand-by Brussels sprouts. This is Italian Style with a touch of garlic, oregano and prosciutto and promises to add a new taste to any holiday meal.

Italian Style Brussels Sprouts
2 tablespoons butter
2 tablespoons olive oil
1 clove garlic, crushed
1 1/3 cup minced prosciutto
1/4 teaspoon dried basil leaves, crushed
1/4 teaspoon oregano leaves, crushed
2 packages (10 ounces each) frozen California Brussels Sprouts, cooked as directed on package

1 pound small white onions, peeled and cooked
Salt and pepper
Heat butter and oil in large skillet; add garlic and prosciutto. Sauté over medium heat for 3 minutes. Add basil and oregano leaves, Brussels sprouts and onions. Season with salt and pepper to taste; cook just until hot. Makes 6 to 8 servings.

PADUCAH, Tex. (AP)—The Paducah High School has its own greenhouse, considered by Texas A&M University officials as the most modern such unit in the state.

The object is to train horticulture pupils, says Gene A. Bristo, vocational agriculture department instructor.

The greenhouse is 40x100 feet and was built during the summer.

QUEEN OF BREAD PUDDINGS
2 cups milk
1/4 cup (1/2 of a 1/4 pound stick) butter
3 slices (about) firm-type bread
2 large eggs
1 teaspoon vanilla
1/4 cup sugar
1/2 cup strawberry preserves

In a 1-quart saucepan heat milk and butter just until butter is melted; set aside to cool slightly.

Without removing crusts, tear bread into ragged dime-size crumbs to make 2 cups. Place crumbs over bottom of a 1-quart round glass casserole (6 1/2 by 2 1/2 inches) or similar utensil.

Separate eggs, putting yolks into a small mixing bowl and whites into another small mixing bowl.

Beat yolks until thickened and lemon colored. Slowly stir in 1/2 cup of the milk-butter mixture, then stir back into remaining milk-butter mixture. Stir in vanilla. Pour over crumbs in casserole. Place casserole in a square cake pan (8 by 8 by 2 inches). Add 3 cups hot tap water to the pan—water should be about 1 1/4 inches deep. Bake in a preheated 325 degree oven until a knife inserted halfway between center and edge comes out clean—50 to 60 minutes. Remove from oven (leave oven turned on) but do not remove casserole from water.

Beat egg whites until foamy. Beat in sugar, 1 tablespoon at a time; continue to beat until meringue stands in stiff

GAS
Cooking helps
your kitchen
stay clean

a GAS Flame consumes smoke and grease vapors

So, on a gas range, you broil with the broiler door closed. Smoke and grease vapors do not escape into your kitchen because they are consumed inside the broiler by the gas flames.

And with clean gas cooking, you have fast, accurate temperature control, instant on-off heat, and the Burner-with-a-Brain to guard against the mess of cook-top burning and boilover.

Gas ranges also feature self-cleaning ovens.

See your gas appliance dealer and find out about all the other wonderful features of a MODERN GAS RANGE.

The Worry Clinic

By GEORGE W. CRANE
Ph. D., M. D.

Bill's homosexual confession can give hope to similar victims of this juvenile emotional outlook. But it requires determination to break any bad habit, whether alcoholism, dope addiction or use of tobacco. Go through the proper motions and you'll soon feel the corresponding emotions.

CASE S-534. Bill X., aged 34, is a former homosexual.

"Dr. Crane," he began, "when I was in 8th grade, one of my men teachers initiated me into homosexual behavior."

"But I felt it was wrong though I couldn't break away from him."

"Even when I went to college, he would often drive up to the campus for a weekend with me."

"But I hated the secretiveness of our relationship, plus the fact it seemed abnormal."

"One day I read your column in which you told how another homosexual man had vowed to break off from this juvenile emotional stage and force himself to become a heterosexual adult."

"That gave me hope, so I finally declared a revolution and decided to start dating some of my coed classmates."

"At the outset, they held no physical attraction for me at all."

"And I literally had to force myself to kiss girl friends, for they did not ignite any inner desire whatsoever."

"Perhaps the coeds felt that I was was diffident and lacking in sexual verve, for it was many months before I began to warm up to an embrace with a girl."

"But I finally became accustomed to a certain coed and as time went on, I began to find it less repugnant to kiss her."

"In fact, by the second year, I was actually relishing my dates and looking forward to her kisses."

"After graduation, I proposed and we were married."

"We now have three children and are madly in love."

"Furthermore, I am relaxed, for I no longer feel that I am living in a twilight zone of the human race."

Controversial 'Children Of God' Going To Court

By GODFREY ANDERSON
Associated Press Writer

DALLAS (AP) — The controversial Children of God went to court Wednesday to seek release on a writ of habeas corpus of one of their members confined in a local mental home. They were defeated on points of law but vowed an immediate appeal of the case.

"God will have His way in the end," said Adria, a member of the religious sect's Dallas colony, which crowded the courtroom.

"The more they afflict them, the more they will multiply and grow," added Abel, pointing to a text from Exodus 1:2 in his little pocket Bible.

Central figure in the case was Miriam McClendon of Sherman, Tex., who was allegedly snatched away from the Children of God's colony at Fort Worth and confined in the expensive Timberlawn Psychiatric Hospital here since Nov. 5.

Miss McClendon, looking younger than her 18 years, seemed completely calm and collected as she testified. She wore her brown hair long on her shoulders, had granny specs, and the leather and brass ox yoke symbol of the Children was around her neck.

Her mother, Mrs. Juliet McClendon, was in court.

Before the case began the girl was warmly embraced by Dorcas and Judith, two members of the Fort Worth colony. They hung together for almost a minute in a kind of triple embrace, crying and moaning softly.

As Miriam went into court, the other girls called "The Lord is with you."

James Johnston, lawyer for the Children of God, argued there were irregularities in the way the girl was committed to Timberlawn. He claimed that she was only examined by two Sherman doctors—Dr. J. H. Stout, the family physician, and Dr. David H. Darling—for a few minutes, that she never had a lawyer to advise her, and that

constantly apprehensive lest I be shunned or ostracized.

"Dr. Crane, please release my case in your column, for it may give encouragement to thousands of unwilling homosexuals who wish to escape into the happy, relaxed state of heterosexual normalcy."

Homosexual Revolution
Thousands of homosexuals feel trapped in their abnormal erotic state and wish they could escape from their homosexual "twilight zone" of the human race.

Others, however, like the scared boy whistling as he passes the darkened cemetery, now loudly publicize their juvenile attachments to their own sex.

But this is like the boasting by leaders of the women's liberation front!

For those women are trying to "sell" themselves on their belief, for most of them know they'd gladly play second fiddle to any male who'd put a wedding ring on their third finger!

In fact, a recent poll showed that this women's liberation doctrine was popular chiefly with the unmarried and career women. (Sour grapes?)

The wives and widows were quite content to let the male sex remain dominant!

"But, Dr. Crane," the homosexuals report when they try to attain the mature heterosexual emotional stage, "it is really difficult at the start."

"For homosexuals are often in a torrid love affair with each other."

"To break off such an attachment is much like asking an engaged girl to give back the ring to the boy whom she worships and adores!"

Homosexuality is thus a bad habit, like alcoholism, drug addiction and even cigarettes.

It requires strong incentive, plus enough time for the heterosexual habit to develop.

So send for my "Tests for Sweethearts," enclosing a long stamped, return envelope, plus 25 cents.

(Always write to Dr. Crane Hopkins Building, Mellott, Indiana, 47958, newspaper, enclosing a long stamped, addressed envelope and 25 cents to cover typing and printing costs when you send for one of his booklets.)

she was not notified when a hearing on her case was held before the Grayson County judge.

Miriam described how she was removed from the Fort Worth colony of the Children of God and taken first to the Tarrant County sheriff's department and then home to Sherman by her mother and a minister. After seeing the two doctors and going through some formalities at the Grayson County courthouse, she said, her mother drove her to Dallas and Timberlawn.

Under cross-examination from Jack G. Kennedy of Sherman, representing Mrs. McClendon, Miriam agreed that her mother told her she thought she (Miriam) needed help. She said she didn't question her mother's interest in her welfare.

She was not chained, shackled or restrained in any way when her mother drove her to the hospital, she testified.

Kennedy claimed that the case brought by the Children of God was "a collateral attack" on the judgment of the Grayson County court. Arguing that the commitment order was valid as executed, he said: "This young lady must resort to other remedies for her freedom."

District Court Judge Spencer Carver, denying the writ of habeas corpus, said he found "no reason to believe that there had been any other motive than concern for the mental health of Miriam McClendon." He also found "no warrant from this evidence for any disturbance of the observation and treatment directed by Grayson County."

Before the girl was returned to Timberlawn, Mrs. McClendon, who is a language teacher at Austin College, stood talking with her daughter, an arm around her waist. The girl seemed near tears.

Mrs. McClendon said she was pleased at the court decision.

"My daughter is ill," she said. "There (at Timberlawn) she can get the treatment she needs. She had symptoms for about two years and they became more evident after she joined the Children of God."

It's Not Early To Cut Your 1971 Income Tax

(EDITOR'S NOTE: Ray De Crane is the author of "Cut Your Own Taxes," an income tax guide created especially for readers of this newspaper. In this article, De Crane points out the need for getting your 1971 Financial affairs in order before January, 1972.)

By RAY DE CRANE

CLEVELAND (NEA)—The remaining days of this year are decisive ones for those who would hold down their 1971 income tax bill to the smallest amount possible. Early January is no time to get an idea where you will stand with Internal Revenue. By that time the die is cast. You will already be locked in; nothing done after Jan. 1 will possibly change your tax outlook.

Now is the time to take an "early bird reading." Congress passed a new tax law this year. Some of the new provisions can be used to your advantage in trimming both this year's and next year's tax obligations.

The biggest opportunity comes in the area of deductions. For many years you have been offered the choice of either itemizing your deductions or of taking a standard deduction amounting to 10 per cent of adjusted gross income. The ceiling on this deduction was \$1,000.

Now the rate has been upped to 13 per cent and the ceiling has been raised to \$1,500. Next year it will be improved even more, to a 15 per cent rate and a \$2,000 ceiling. All right, you ask, how can this help me? How can I use the new rules on deductions to my advantage?

You know that you will be able to claim a standard deduction of \$1,500 for the year. Therefore, the payment of anything less than \$500 for additional deductible items in the remaining days of this year will simply be wasted from a tax standpoint. Wherever possible, defer these optional payments until next year.

This could include medical payments, the balance on a pledge for a church building fund or charity drive, even interest payments on a loan. Now let's put a slightly different twist on the same income bracket taxpayer and illustrate how an understanding of next year's tax rules, and the proper use of this knowledge, can save you money in two consecutive years.

This time we will assume \$12,000 taxpayer can total can total \$1,200 in deductions can obtain for his standard deduction. But he has an unpaid \$500 dental bill he is not obligated to pay until next June and a remaining balance of \$400 on a church pledge that is not due until next fall. What should he do?

If he can spare the money—it would even be advisable to take a loan, if necessary, and pay the

interest on it—he should by all means pay off the additional \$900 in deductible items before year end.

This year, then, he will itemize his deductions and get full credit for all of them. For next year, with his prepaid dental bill and church pledge out of the way, he should strive to hold down on his deductions and then claim the \$2,000 standard deduction next year. In this way he will have materially reduced his taxes in each year.

Unless you are in the \$100,000-and-over income bracket, there is no lowering of the tax rates for either this year or 1972. So there is no point in deferring income, where possible, from one year to the next.

The personal exemption has been raised to \$675 for this year and will go even higher in 1972. While this will serve to reduce your taxes in both years, there is little you can do to take advantage of this situation. Unless, of course, you are planning either a marriage or a divorce.

In that case, get married in December, but wait until January to get divorced.

There is one other important area where taxes can be reduced should you be a stock market investor.

Check your stock transactions for the year. Separate them into short-term transactions (those held six months or less before a sale) and long-term transactions (stock held longer than six months before being sold).

Within each group offset your gains against your losses, arriving at a net position in each. Now cancel your short-term gains against your net long-term losses. How do you wind up?

If you have a final short-term gain it will be fully taxable. Maybe you have a "paper" loss in your portfolio that you could take to cancel out this gain. The loss could be either short-term or long-term. If your final figure is a short-term loss, it is fully deductible up to a maximum of \$1,000 against other income in any one year.

Try avoiding winding up in a net long-term loss position. Your loss will only be applied on a 50 per cent basis in reducing other income up to the \$1,000 maximum in any one year. In other words, it will take \$2 of losses to offset \$1 in income.

If this be your position, look for the opportunity to take a gain—either short-term or long-term—in the final days of this year.

TV And Radio

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP)—Death is one of the most common commodities of television—in westerns and cop stories, mysteries and soap operas. Even so, the death of Brian Piccolo in Tuesday night's "Brian's Song" was painful to watch. Perhaps it was because the story dealt with two real people—Piccolo and his Chicago Bears football teammate, Gale Sayers.

The 90-minute "Movie of the Week" told of the great friendship between the two men, one white and the other black. The early part of the film concentrated on football, training camp practical jokes and locker room exhortations by the coach, which made it look like an old-fashioned Pat O'Brien movie. But when Piccolo became ill and underwent his first cancer surgery, the story took a sharp turn.

Despite excellent performances by James Caan as Piccolo and especially by Billy Dee Williams as Sayers, the attempt to show how their relationship affected each man's life didn't quite come off—it never seemed to get below the surface.

Earlier, "The Great American Balloon Adventure" seen on many independent stations, was a novel experiment in travelogue form. Armchair voyagers had a chance to see the United States largely through the eyes of Bob Waligunda, a 26-year-old balloonist, as he traveled cross country.

This too was a noble effort that only partly succeeded. The hour was most interesting when Waligunda was airborne, drifting leisurely over the Grand Canyon or tossing in the winds over the Rocky Mountains. It was less than fascinating at ground level.

SANTA'S 1929 VISIT TO PAMPA - Dancer, Prancer and all them there took a back seat to the "Model-A" because Santa took a back seat IN one of those tin-lizzie successors for his trip up - yep, UP Cuyler parades formed on South Cuyler and moved, rolled, marched north to Browning. Upon certain such occasions Santa also took a back seat to of the new oil-rich who generously scattered coins from a bag to the assembled small fry lining the parade route. (photo courtesy Mrs. Joe Carlton)

YEA, HARVESTERS! YEA, SANTA! - Even in 1929 the Green-and-Gold rivaled the red-and-green of the Yuletide season. The Harvester band and pep squad were always an official escort for Ol' St. Nick. Nobody had heard of the "midi" then but those "tams" were the topic of tongues along Cuyler that day. The girls were in green with gold letters; the leaders in gold with green letters. The heels stylish? The word was "sensible".

(Photo courtesy Mrs. Joe Carlton)

People In The News

LONDON (AP) - Princess Anne involved in a royal row over a reported romance with a commoner?
"Rubbish," declares Buckingham Palace.
And talk of a romance itself was described today by a pal-

ace spokesman as "pure speculative gossip."
U.S. columnist Earl Wilson reported that the daughter of Queen Elizabeth II wanted to marry Richard Meade, an Olympic horseman. He said the queen had forbidden the

princess to see Meade.

The royal spokesman said that Princess Anne, 21, had known the 32-year-old Meade for three or four years. "He is numbered among her friends," the spokesman stated.

WTSU Yule Season To Open Sunday

CANYON-The yuletide season makes its appearance on the campus of West Texas State University Sunday night with the annual Christmas Carol of Lights.

The miles of lights on the outside of five buildings will be turned on at 8 p.m. upon a signal from Dr. James P. Cornette, university president, and Miss Linda Lea Adams of Amarillo, the reigning Miss WTSU.

The public ceremony will take place on the lawn on the south side of the Old Administration Building, which was the first structure illuminated when the Carol of Lights program was inaugurated last year.

Four more buildings were added to the lighting program this year. Lights will silhouette the new Administration Building, the University Complex South, the Library and the Science Building.

Jim Holston, program director of the Activities Center, said it took approximately 7,500 light bulbs, strung on nearly three miles of wire to illuminate the buildings. The university maintenance department assisted in stringing the lights.

As the lights are turned on, the bells of the Joseph A. Hill Memorial Chapel on campus will chime. A 30-minute program will follow.

The Rev. Bill Webb of the Baptist Student Union will give a variation of the modern view of the Christmas Story. The university Chorale under the direction of Dr. Hugh D. Sanders, assistant professor of music, and a Brass Choir of Phi Mu Alpha Sinfonia, men's music fraternity, will present short concerts.

All the spectators will be asked to join in singing a number of traditional Christmas carols. Holston said he expected at least 1,000 students and Canyon-Amarillo and Panhandle area persons to attend.

During the program members of the Student Activities Council and of the Carol of Lights Committee will serve hot chocolate.

Donations to the Carol of Lights project are still being accepted, Holston said, and can be sent to the Activities Center at West Texas State University.

The lights will be turned on nightly through Jan. 1.

Kidney Flight

SAN ANTONIO, Tex. (AP) - The Navy, Air Force and Army joined Tuesday in rushing a young boy's kidney from Maryland to Texas for a possible transplant operation. The drama began Tuesday morning when the 12-year-old son of a high ranking naval officer died in the Bethesda, Md., naval hospital, local spokesmen said.

Officials said one of the boy's kidneys was taken to Boston, Mass., where a potential transplant recipient was waiting. The other kidney was shuttled here aboard aircraft from the military

GOODIES BY THE TRUCK-LOAD - Pampa's firefighters have always been an elite corps with a special spot in the hearts of the young because of the big red trucks always and the candy, toys and time at Christmas. Rarely was there a parade for any occasion when the big American-LaFrances were absent from the procession but Santa Day, 1929, was truly special because of this new machine with its almost locomotive power, the dignity of an ocean liner and some of the most exotic firefighting equipment of that day. (photo courtesy Mrs. Joe Carlton)

Sanders To Run For Seat Held By Sen. John Tower

AUSTIN (A.) - Barefoot Sanders, former state legislator, U.S. attorney in Dallas and a White House legal aide, scheduled a press conference Monday to announce as a candidate for the Democratic nomination for U.S. Senate.

Sanders, 46 year-old Democrat said Monday that he had made a decision to run for the seat now held by Sen. John Tower, R-Tex., after several weeks of sounding out supporters throughout the state.

Sanders mailed letters to a select group of supporters across the state over the weekend making known his political plans.

Tower who first won election to the Senate in a special 1961 election to succeed Lyndon B. Johnson, who had been elected vice president. Tower is expected to formally announce plans for a re-election campaign some time in January.

Former Sen. Ralph Yarborough, D-Tex., who was upset by Sen. Lloyd Bentsen, D-Tex., has said he is '90 per

Marks 30th Year

Walter E. Niver, engineer at Skelly Oil Company's Kingsmill Gasoline Plant here, will observe his 30th anniversary with the firm Saturday, and will be presented with a diamond-studded pin as a service award.

Niver began his Skelly career in 1941 at the Schafer Gasoline Plant as a laborer

Pioneer Earnings Up In '71

BOSTON, Mass. Pioneer Natural Gas Co. earnings for 1971 should be ahead of the 1970 figures, according to a statement by Burton P. Smith, company president, speaking before a group of security analysts in Boston.

Smith estimated the earnings would be in the range of \$1.15 to \$1.20 per share. This corresponds with 1970 earnings of 86 cents, after an extraordinary item of 15 cents per share.

Smith and A. F. Cox, president of Pioneer Nuclear Inc., a subsidiary of Pioneer Natural Gas Company, appeared before the group of security analysts and institutional investors. Smith highlighted the operations of the company for the past year and outlined to the group some of the growth potential of the West Texas area served by Pioneer.

'His wife's phone calls are frightening me'

By Abigail Van Buren

(© 1971 by Chicago Tribune-N.Y. News Synd., Inc.)

DEAR ABBY: I have been a lonely divorcee for nearly three years. I'm 45. Several months ago I met an attractive 50-year-old man who was (and still is) separated from his wife. This gentleman and I have been constant companions ever since our meeting, which is the nicest thing that has happened to me in a very long time.

Several weeks ago his wife started phoning me at all hours of the night. At first I was patient because I felt sorry for her. But now her calls have become frightening.

I have left my receiver off the hook for hours, but still the calls continue. I spoke to my companion about this, and he has spoken to her, but to no avail.

I don't want to get an unlisted number as I have friends all over the country who call me and come to town occasionally, and these calls are important to me.

My companion says his wife is emotionally disturbed, and I believe she is. What's the answer? Should I put up with her calls until she decides to quit? Must I stop seeing my gentleman friend? Or should I take legal action to stop the harassment?

NEEDS ADVICE

DEAR NEEDS: Don't take any legal action unless you are positive that both you and your constant companion are not vulnerable to some legal action from his wife. Until a man is divorced, he is married, you know, which places you in the position of cavorting with a married man.

DEAR ABBY: I am a boy, 15, and a high school sophomore. Recently we had school elections, and I was nominated for vice president of my class and I am wondering about the following situation:

Is it snobbish to vote for yourself in any kind of election? I'm not speaking only of the secret ballot when nobody else will know for whom you have voted, but in open elections when the voters raise their hands to cast their votes. I did this the other day (voted for myself in an open election), and now I feel terrible because I'm afraid some of the kids will think I am stuck up.

I would like your opinion on this.

DAVID

DEAR DAVID: The Rabbi Hillel said: "If I am not for myself, who will be for me?" The rabbi was right on!

DEAR ABBY: I am 41 and am getting married for the first time. My fiancée is 49 and has outlived two wives. My problem is what kind of wedding to have.

I have always dreamed of having a big church wedding with a white gown and veil, bridesmaids and all the frills, but I am afraid that some of my friends and relatives would consider this bad taste.

I want my wedding to be perfect, but I care a great deal about what people say.

My fiancée is agreeable to anything I decide. I can well afford to have a large, church wedding, but I am wondering if perhaps a smaller, more quiet wedding wouldn't be in better taste? What do you think?

UNDECIDED IN BOSTON

DEAR UNDECIDED: A large church wedding would not be in "bad taste" since this is your first. But since you have misgivings, I think you'd be happier with a smaller, more quiet one.

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90069. For a personal reply enclose stamped, addressed envelope.

For Abby's new booklet, "What Teen-Agers Want to Know," send \$1 to Abby, Box 69700, Los Angeles, Cal. 90069.

Your Horoscope

FRIDAY, DEC. 3
Your birthday today: Opens a half-year of revision, experiment, search for better, more effective daily living, perhaps change of vocation or relocation. Then it all settles to a reasonable and actively ongoing good deal. Today's natives have drive and courage beyond most currently existing challenges, so may not bother to extend themselves.
Aries [March 21-April 19]: Your creative efforts attract notice, comment, possibly strong endorsement or bitter resistance. Do the best you can but don't quit.
Taurus [April 20-May 20]: Family members are almost bound to organize opposition to whatever scheme you've started. Be sure you're right and go ahead with your own resources anyway.
Gemini [May 21-June 20]: Fill the day with all the diversions your usual living habits make feasible. Find time for favorite hobbies, reading, meditation, prayer.
Cancer [June 21-July 22]: Early optimism is confirmed as you devote yourself to career benefits, creative projects. Don't wait for others' ideas.
Leo [July 23-Aug. 22]: Being cheerful prolongs the beneficial impact of recent experience and publicity, although you now are inclined to yield center stage to others.
Virgo [Aug. 23-Sept. 22]: The most skilled advice you can get from experts should

still be examined in the light of common sense.
Libra [Sep. 23-Oct. 22]: Talking shop is tempting and you've got quite a lot going on—but the time and place and people simply are not appropriate.
Scorpio [Oct. 23-Nov. 21]: Tensions abound today. It's your option what you do to balance them. Be patient and gentle.
Sagittarius [Nov. 22-Dec. 21]: You're headed for some sort of showdown. It's just as well you have a weekend to turn things around.
Capricorn [Dec. 22-Jan. 19]: Straying off the reservation gets you no reward, upsets others. Stay home and gain your point.
Aquarius [Jan. 20-Feb. 18]: Being fair doesn't include gimmicks like letting other people get away with mischief. Keep order.
Pisces [Feb. 19-March 20]: You should know by now where you stand with everybody you've dealt with lately. Relax.

Marriage Announced

Mr. and Mrs. Robert Loyd Doan of Houston announce the recent marriage of their daughter, Randy Ann, to James Hervey Morris IV, son of Mr. and Mrs. James Hervey Morris III of Amarillo, in the All Faiths Chapel at College Station. The bride attended the University of Texas, Austin. She is the granddaughter of Mrs. Jess Clay of Pampa and the great-granddaughter of Mrs. O. T. Glascock of Shamrock. The bridegroom is a senior architecture student at Texas A & M. The couple is at home at 500B Milam College Station 1.

Lives Of Two Yankees Related To Forum Club

"Two Yankees Look At Texas" was the program presented by Mrs. Frank Stofa and Mrs. John Young at the meeting of the Twentieth Century Forum Club in the home of Mrs. Rodney DeFever, 1016 Mary Ellen.

For the program, the women told about the lives of two Yankees who have had a far-reaching effect on Texas, in general, and on Pampa, in particular.

One of these men was Timothy Dwight Hobart, who was born in Berlin, Vermont, in 1855, of a solid pioneer family, they told the club members. Giving up a respected position in education in 1883, he came to Texas to work for the New York and Texas Land Company. He learned to survey land, analyze soil and to be an expert Texas land man.

The women went on to tell that, after six years of hard work, Hobart was made manager of over a million acres of the company's Panhandle lands.

He married his childhood sweetheart, Minnie Warren, and they moved to Mobeetie, the women related. They knew many colorful people, including Temple Houston and Major George Storrs.

The women stated that they lived on several ranches before settling in Pampa in 1904, with their four children, Warren, Fred, Laura and Mary. They related how Hobart became manager of the White Deer Land Company, and in 1911, he took on the management of the J.A. Ranch in addition to his land work.

They explained that Pampa was part of the new era that followed the settling and developing of West Texas during and after World War I.

Oil and gas discovered in the Panhandle reached a peak in 1926, the women pointed out.

In 1927, Hobart was named mayor of Pampa, guiding the city through the boomtown years. His greatest interest in his last years, they said, was the Panhandle Plains Museum. He died in 1935 at the age of 80.

The second Yankee whose history was reported at the

By DEBORAH RANKIN
 Associated Press Writer

Women have had the right to vote and run for office in many nations for more than half a century but politics remains largely a male domain. Social change and women's lib have had little effect in increasing the number of female legislators.

There are 131 members of the United Nations. Only three of these have women heading the government—Prime Ministers Indira Gandhi of India, Golda Meir of Israel and Sirimavo Bandaranaike of Ceylon. Leading nations have women as heads of state, as in Britain and Holland, but they don't run the government.

It's unusual for a woman to be elevated to cabinet rank and even rarer for one to be named to a top-level judiciary post.

Nowhere does female political representation come close to matching the dominance of their sex in terms of population.

The closest approach seems to be the Soviet Union, where women account for about 30 per cent of elective posts and almost 54 per cent of the population. But the real decisions are made behind the closed doors of the Kremlin, a male bastion, and not in public parliamentary sessions.

By Chinese account, 17 per cent of the 3,037 deputies in the last National People's Congress were women. But parliamentary government is not an urgent affair in Peking—the last congress adjourned nearly seven years ago. And as in the Soviet

Union decisions are made by the Communist hierarchy.

Women make a strong showing in other Communist-led countries such as North Vietnam, where they constitute about one-fourth of the parliament. Women's political muscle is paltry by comparison in independent and Western countries, where female legislative representation averages about 5 per cent at best.

An Associated Press survey shows women have only token representation in the legislative bodies of many powerful nations.

The United States has 11 women in the 435-member House of Representatives and one woman senator among 99 male colleagues.

Canada has one woman in the 264-seat House of Commons and six in the 102-member Senate, which is appointed.

In Britain 26 women sit in the 630-member House of Commons; the 1,063-seat House of Lords includes 38 peeresses.

West German women occupy 6.6 per cent of legislative seats, a 2.1 per cent drop since 1919 when Germany's parliament was established.

Swedish women make up 14 per cent of the one-chamber parliament. They occupy 48 of 350 seats.

The Australian House of Representatives is all-male but the 60-member Senate includes two women.

Japan reports 13 women in the 252-member Senate and seven in the 491-seat House of Representatives.

In Chile, where wives cannot own property or open a bank account without their husband's permission, women make up 5 per cent of parliament; the percentage has not varied much in a decade.

Mexico's 211-member House of Representatives has 11 women; two of the 59 senators are female.

The first woman elected to the U.S. House was Rep. Jeannette Rankin of Montana. She entered in 1916, three years before the female suffrage amendment was adopted. Hattie Caraway of Arkansas, the first woman elected to the Senate, was appointed to fill

the unexpired term of her husband in 1931 and ran successfully on her own the following term.

There are no women in the U.S. Cabinet but there were two in the past. Frances "Ma" Perkins broke the ice in 1933 as secretary of labor under Franklin D. Roosevelt. Oveta Culp Hobby served as secretary of Health, Education and Welfare in the Eisenhower administration. No woman ever has become a Supreme Court Justice.

Two women serve in Britain's present Conservative government: Margaret Thatcher, secretary of education and science, and Lady Tweedsmuir, secretary of state for Scotland.

The Spanish parliament, the Cortes, has 554 members but only 104 of these are elected, the so-called family representatives. Women have had the vote in Spain since 1967, but they vote only for the family representatives. Five women are in the Cortes.

Alva Myrdal, chief Swedish delegate to the Geneva disarmament conference, is one of the country's two female Cabinet members, as minister of church affairs. Camilla Odhnoff is consultative minister for family affairs.

The Soviet Union, where women have had voting rights since the 1917 revolution, the

sole female Cabinet member is Ekaterina A. Furtseva, minister of culture. A protégé of the late Premier Nikita Khrushchev, she was once a member of the Politburo but was dropped in a political reshuffle after he fell from power. One female judge sits on the 20-member Soviet Supreme Court, which does not equal its U.S. counterpart in importance or power.

Christina Salmeron de Tamayo serves with four male judges on the Supreme Court in Mexico, where women won the franchise in 1952.

Dr. Turkan Akyol became Turkey's first woman Cabinet member this year, minister of health. A nonpolitical member of the government of Premier Nihat Erim, she has won praise for promoting birth control and public health programs.

Even at the highest levels a woman's entry into politics usually is through family ties. Mrs. Gandhi holds the post once filled by Nehru, her father. Ceylon's Mrs. Bandaranaike became the first female prime minister in 1960 when she succeeded her assassinated husband.

Mrs. Gandhi acknowledges that her father's eminence gave her the advantage of an excellent education and personal contact with influential citizens, but she insists it didn't guarantee success.

Politics Is Still Male Domain Despite Women's Liberation

Heisman Trophy Winner Has Fantastic Figures

NEW YORK (AP) — Would you like to have a quarterback who has completed 162 of 281 passes for 2,012 yards and 20 touchdowns and three running backs who have carried 745 times for 4,841 yards?
That's what The Associated Press All-America team, announced Wednesday, has in Heisman Trophy winner Pat Sullivan of Auburn, the quarterback, plus runners Ed Marinaro of Cornell, Greg Pruitt of Oklahoma and Lydel Mitchell of Penn State.
The AP All-America team will appear Thursday, Dec. 9, on The Bob Hope Special (NBC-TV, 9-10 p.m., EST).
Breaking down the running backs, Marinaro carried 356 times for a record 1,881 yards, Pruitt 160 times for 1,476 yards and Mitchell 229 times for

1,484 yards. Pruitt and Mitchell each have one regular season game left.
Marinaro also is major college football's all-time leading groundgainer with 4,715 yards. Mitchell has established an NCAA record by scoring 28 touchdowns while Pruitt has a shot at the standard of 9.62 yards per carry. He needs a super effort in Saturday's windup against Oklahoma State.
Should the running game suffer a relapse, Sullivan can crank up and unload to his favorite Auburn target, split end Terry Beasley. The speedy redhead caught 55 passes for 846 yards and 12 touchdowns. Doug Kingsriter of Minnesota is the tight end.
Forming the interior line are tackles Jerry Sisemore of

Majors To Remain Iowa State Coach

AMES, Iowa (AP) — Iowa State University and Johnny Majors ended speculation Wednesday whether the Cyclones' head football coach was moving by agreeing upon a new five-year contract.
Majors, 36, had been rumored as a prime candidate for a coaching vacancy created last week at Baylor University with the firing of Bill Beall.
The new contract extended to Majors runs through December of 1976. Terms of the contract were not disclosed.
Majors' old contract with the university had three years to run.
"There are many reasons for remaining at Iowa State," Majors said in accepting the

contract extension. "But the most important to me is my anticipation of a bright future for Iowa State football."
The action by the university came only a day after Majors was named Big Eight Conference Coach of the Year by The Associated Press.
Majors had guided Iowa State to 3-7, 3-7, 5-6 and 8-3 seasons. The Cyclones' 4-3 Big Eight Conference record this season is the school's best in 11 years.
The former Tennessee all-America will also guide the Cyclones in the Sun Bowl Dec. 18 at El Paso, Tex., against 10th-ranked Louisiana State. The bowl berth is the first in the school's 80-year-football history.

Are Cowboys Namath Bait?

DALLAS (AP) — "We're Namath's type of team on defense."
Ermal Allen, special assistant to Dallas Coach Tom Landry, says New York Jet quarterback Joe Namath "Goes for the bomb and takes his chances."
And Allen adds: "We've been giving up the big play on pass defense. That makes us Namath's kind of team."
Allen, who scouts each opponent for Landry as though he were a spy for Scotland Yard, studied Namath closely last Sunday when Broadway Joe made his first appearance of the regular season against San Francisco.
Namath is expected to start Saturday in a National Football League game against the Cowboys in Texas Stadium.

"Namath always has that flair where he gets 250 to 300 yards," Allen says. "But he also has some intercepted. He's not consistent like a John Brodie. He only has a 40 percent or so completion average."
Allen says "Namath has the No. 1 release in professional football. He can setup and throw the ball faster than anyone."
Allen says Dallas' No. 1 quarterback, Roger Staubach, is making fast strides in his release.
"Before the season Staubach was next-to-last," Allen says. "Now he is No. 4 or No. 5 in the league."
While Allen admires the quarterbacks on both teams,

Texas Tech Basketball Is Booming

Texas Tech struck a mighty lick for Southwest Conference basketball prestige Thursday night.
The Red Raiders stunned Kentucky 95-87 at Lubbock behind the 27 points by Greg Lowery and the 15-rebound performance of a towering 6-foot-10 junior college transfer, Ron Richardson.
The Hilltoppers were the third place team in the NCAA playoffs last year.
In other games involving SWC clubs, Mississippi upset Texas in Austin 79-78. Arkansas edged Georgia Southern 93-91, and Texas Christian rallied for an 87-78 victory over Oklahoma City on the road.
Lowery said the Red Raiders were "really looking forward to playing against Western Kentucky. I told people I talked to before the game to come on out because I knew we were ready to play."
Richardson, a junior college transfer from Compton, Calif., popped in 15 points besides his rugged rebounding.

Instant Replay Urged For Football Officials

HOUSTON (AP) — Houston Oilers owner Bud Adams and Oilers head coach Ed Hughes have television on their minds these days.
After watching an apparent touchdown catch ruled dead at the one-yard line in Sunday's 37-24 loss to Cleveland, Hughes is ready to suggest putting an official in the press box with an instant-replay handy.
"There's too much money involved in some of their decisions," Hughes said. "There's a lot of money involved for each player when it causes him to lose his Super Bowl share."
"I don't see why they

couldn't put an official on a television camera and let him overrule decisions on the field if they turn out to be wrong."
Adams was upset about an attempt to block out Oiler telecasts back to Houston when the Oilers played in Cincinnati two weeks ago and last week against the Browns in the Astrodome.
"Last week we were supposed to be the second game of a national doubleheader, that's why our game was at 3 p.m.," Adams said. "But they pulled us off and put Oakland and Baltimore on."
Adams said the Oilers' game at Cincinnati was shown only in Houston and Lufkin instead of the Southwest regional hookup.
"Because of our lackluster play, we're lucky just to get them to bring us back in here," Adams said. "When you don't have any more excitement on the field than we do, I guess you can't expect much more."

ABA Roundup

Two points in two games and now half a game separates three teams in the American Basketball Association's well-packed East Division.
That's the results of Wednesday night's only two ABA contests, the Floridians' 107-106 overtime squeaker over Dallas and Carolina's come-from-behind 118-117 nerve jangler against Pittsburgh.
The Floridians appeared en route to an easy victory over the Chaparrals as they grabbed a 51-38 halftime lead. But the Chaps fought back and forced the game into overtime as Rich Jones hit a 15-foot jump shot with 27 seconds remaining in regulation play.
But Mack Calvin sank a pair of free throws with 12 seconds to go in overtime to lift the Floridians to victory—and Dallas missed a chance to pull it out with six to go when center George Johnson failed to sink an eight-footer. Guard Steve Jones led the Chaps with

By ALEX SACHARE

"I'm not concerned whether we look good or bad," declared Maryland basketball coach Lefty Driesell, "only whether we win or lose."
Driesell's Terps, ranked sixth in The Associated Press preseason poll, looked something less than good against Brown Wednesday night, but did manage to defeat the Bruins 100-83 in one of the key games on the opening night of the 1971-72 college basketball season.
In the night's major upset, third-ranked Southern Cal., which lost only two games—both to UCLA—last year, fell before unranked Arizona State 95-78 at Tempe, Ariz.
In other games involving the Top Ten, No. 4 Marquette overpowered St. John's, Minn. 89-50. No. 5 Ohio State got by Georgia Tech at Atlanta 63-55. No. 7 Houston defeated Stanford 87-67. Florida, playing at home, upended No. 9 Louisville 70-69 and No. 10 Kentucky turned back Northwestern 94-85.
No. 1 UCLA, No. 2 North Carolina and No. 8 Long Beach State did not play.
"The young players were probably a little bit tight," conceded Driesell, speaking about his sophomore-studded line-up.
One of those youngsters, heralded sophomore Tom McMillen, scored 16 points and grabbed 10 rebounds, but was not overjoyed by his performance.
"I wasn't very nervous, but I became a little frustrated," the 6-foot-11, former Pennsylvania high school star said. "It seems like I always have a game like that my first game of the year."

11 junior Jim Andrews scored 37 points to power Kentucky over Northwestern. Forward Barry Moran scored 32 for the losers.
In other games involving teams among the Top Twenty, No. 11 Jacksonville overwhelmed Biscayne 110-75 as 7-foot center David Brent scored 23 points and grabbed 22 rebounds and guard Harold Fox sank 12 of 13 field goal attempts for 24 points; No. 12 South Carolina's five starters each scored in double figures to lead the Gamecocks past Auburn 84-63, and Wayne Grabiec scored 26 and Henry Wilmore added 21 as No. 13 Michigan topped Notre Dame 101-83, spoiling Digger Phelps' debut as coach of the Irish.
No. 14 Kansas exploded for 12 consecutive points shortly before halftime and went on to post an easy 75-57 victory over Xavier, O.; No. 15 Penn raced to a 26-9 lead and coasted to a 97-67 triumph over Kings College, Pa., at the Palestra, and No. 16 New Mexico State fell before little San Angelo 77-71.
No. 17 St. John's scored 13 consecutive points at the start of the second half and defeated the Italian National Olympic team 60-53; Tom Inglesby scored 27 to pace No. 18 Villanova to a 79-52 triumph over Philadelphia Textile at the Palestra; No. 19 Brigham Young had the night off, and Samford rallied in the second

half to upset No. 20 Oklahoma 74-72 at Norman.
In other major games, Brian Taylor exploded for 39 points to lead Princeton to a 99-68 romp over Rutgers, spoiling Dick Lloyd's debut as coach of the Scarlet Knights; Lehigh, with a pair of key free throws by Mike Drew in the final 35 seconds, scored a 69-64 upset over LaSalle; center Eric Minkin's jumper with four seconds remaining gave Davidson an 81-79 triumph over the Australian National team; Utah made coach Bill Foster's debut a winning one with a 97-79 pounding of Loyola of Los Angeles; Levi Phillips hit for 29 points as West Virginia downed East Carolina 103-86; junior Steve Downing's 31 points paced Indiana to an 84-77 win over Ball State and Fordham walloped Yale 119-82 to make Dr. Harold Wissel's debut as Fordham coach a successful one.
Top-ranked UCLA opens defense of its national championship with a game Friday night against The Citadel.
In tonight's big games, second-ranked North Carolina opens its season at home in an inter-sectional battle against Rice, seventh-ranked Houston travels to California and No. 8 Long Beach State plays its season opener at home against Corpus Christi.
In a doubleheader at New

York's Madison Square Garden, Manhattan meets Rhode Island Army battles Niagara, while in the opening round of the twoday Beanpot Tourney in Boston, Northeastern takes on Harvard and Boston College opposes Boston University.
TORONTO (AP) — Mohibullah Khan of Boston teamed with Ken Binns of Newcastle, New South Wales, Australia, Sunday to win the eighth annual international invitation open squash doubles tournament. Khan and Binns defeated Youssef Khan of Seattle and Rick Trumble of Toronto 15-9, 15-11 and 15-6 in the final.

TORONTO (AP) — The Toronto Argonauts and Joe Theismann proved to their critics Saturday they wouldn't fold under pressure by holding the Hamilton Tiger-Cats to a 17-17 tie to win the Eastern Conference title of the Canadian Football League.
The Argos produced their first EFC title since 1952. They took the two-game total-point series 40-25 on the strength of a 23-8 victory at Hamilton the previous weekend.
They will play for the national final next Sunday against the Calgary Stampers at Vancouver, B.C.

Cavaliers Flying First Class Now

"What the hell, let's fly first class," Bill Fitch said recently—and his Cleveland Cavaliers have been doing just that ever since.
And if the coach of the suddenly rampaging National Basketball Association club keeps his word, it'll be riding in the front of the plane for the rest of the season.
The Cavs, pulling within a game of idle first-place Baltimore in the Central Division, reeled off their fifth consecutive victory Wednesday night as Charlie Davis came off the bench to pump in 11 fourthquarter points and power Cleveland to a 116-110 triumph over Houston.
In other action, Chicago beat Cincinnati 109-101. Atlanta defeated Detroit 117-103. Los Angeles belted Boston 124-111. Philadelphia slipped by Seattle 108-98 and Phoenix bombed Portland 139-103.
Last Saturday night, following a victory in Atlanta—the Cavs' third in a row—Fitch decided to splurge a little and fly the team home first class.
An NBA ruling requires first-class treatment only on flights of two hours or more—the Atlanta-to-Cleveland run is less than that—but Fitch was feeling expansive.
"I told them," Fitch said of his players, "that if they won five in a row they'd go first class all season. I'm ready to take them first class if they're ready to meet the challenge."
They met it against the Rockets with balance. Butch Beard led the Cavs with 21 points. John Johnson and Bobby Smith had 20 apiece. Davis had 19 and Austin Carr 16 while Rick Roberson hauled down 18 rebounds.
"I believe in momentum," said Fitch. "They had it going for them last year at this time—but it was a different kind of streak." A year ago the Cavaliers were 1-26. They managed just 15 victories all season. Now they're 9-14.

Chicago's Bulls edged within 3½ games of first-place Milwaukee in the Midwest Division, and dropped Cincinnati to a tie with Cleveland, by riding Bob Love's big first half to a 15-point lead, then stifling Royals rallies.
Love finished with 36 points, 24 of them in the first two periods as the Bulls built a 55-40 margin. But Cincinnati chipped away at the lead, trimming it to as little as six points, before falling short. Guard Nate Archibald of the Royals led all scorers with 42 points, 29 of them in the final two periods.
Atlanta, with "Pistol Pete" Maravich getting his highest point output since returning from a bout with mononucleosis, snapped a six-game losing streak by handing the Pistons their fifth straight setback.
Maravich and Herm Gilliam had 23 points apiece, second only to teammate Lou Hudson's 26, and Walt Bellamy added 21 as the Hawks, leading only 65-64 midway in the third period, took advantage of several Detroit turnovers to turn the game into a rout. Jimmy Walker of Detroit led all scorers with 27.
Los Angeles, on a rampage of its own, rolled to victory No. 15 in a row—five short of the all-time NBA record set a year ago by Milwaukee—as guards Gail Goodrich and Jerry West combined for a massive 78 points against Boston.
West, shooting a blazing 73 per cent from the field, had 45 of them as the Lakers, cutting the Celtics' Atlantic Division lead over idle New York to half a game, opened their own Pacific Division margin to 5½ over the Golden State Warriors. John Havlicek had 36 points for Boston.
Billy Cunningham, playing in his 500th NBA game, led Philadelphia with 32 points, including two on the 22-foot

jump shot with 18 seconds to play that clinched the 7ers' victory over the SuperSonics, paced by Spencer Haywood's 36 points.
Phoenix, with Paul Silas hitting 25 points and Mo Layton and Connie Hawkins scoring 22 apiece, connected on a torrid 56 per cent of their field goal attempts and maintained a margin of at least 20 points in the second half over the Trail Blazers, led by No. 1 draft pick Sidney Wicks' 27 points.

GREMBERGEN, Belgium (AP) — The U.S. Olympic handball team Wednesday defeated the Belgian team 19-15.

Daniel B. Farrell of the New York Daily News won the \$250 first prize in the New York Racing Association's 11th annual Photo Journalism Awards Competition for his photo "Crucial Moment in the Belmont," which shows jockey Walter Blum dropping his whip at the head of the stretch and being forced to hand-ride Pass Catcher to victory in this year's Belmont Stakes.
David Pickoff of The Associated Press New York bureau won second prize of \$150 for "Limb or Limbo," a picture of the operating room scene that saved the life of Hoist the Flag, who suffered a leg injury this Spring.

Our Capsule Policy

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces can he develop to his utmost capability.

The News believes each and every person would get more satisfaction in the long run if he were permitted to spend what he earns on a volunteer basis rather than having part of it distributed involuntarily.

Not Enough Time?

If it's any consolation to looted, put-upon, managed, mis-managed and regimented taxpayers, the federal government has managed to trap itself in the coils of its own bureaucratic gobbledegook.

If you, as a tax-paying citizen or businessman, want to start a project with your own money that might contribute to polluting the environment, you must comply with the provisions of the National Environmental Policy Act. This includes, among other time and money consuming trivia, the obtaining and submission of estimates, surveys, charts and other bureaucratic clap-trap purporting to show that the project won't result in that awful condition known as "pollution." Having once obtained and submitted the dictated package, you then pray and wait—perhaps months or even years—for some bureaucrat who, by the very nature of the system, probably knows less than you do about the proposed project, to put his stamp of approval or reflection on your application.

Meanwhile, using your tax money, the federal government went placidly ahead with plans to explode a nuclear device 250 times more powerful than the blast that leveled Hiroshima despite protests by presumably knowledgeable people that the explosion might set off earthquakes, cause tidal waves, and release radiation in dangerous proportions. The reference, of course, was to the Amchitka Island explosion off the coast of Alaska.

Whether the federal government went through all the formalities required by the National Environmental Policy Act with which mere citizens must comply is not known. What is known,

however, that the government has this power to place the stamp of secrecy upon anything that might interfere with its plans. And this, it obviously did with respect to the Amchitka explosion.

Opponents of the blast, after getting testimony formerly stamped secret released by a court order, charged that the federal Atomic Energy Commission (AEC) violated the environmental act by not including adverse comment on the nuclear test in its environmental impact statement. The testimony, made by Nixon's chief environmental adviser, Dr. Russell E. Train of the Council of Environmental Quality, and ordered released by the U.S. Court of Appeals for the District of Columbia, showed that Train had concluded almost a year ago that the blast could trigger large earthquakes and release radiation at sea.

Although admitting (AP, Nov. 5) that "substantial questions" exist on whether the government complied with the National Environmental Policy Act "and whether, accordingly, the action is lawful," the Court of Appeals, nevertheless ruled that there was not enough time for a "judicial resolution of the matter."

Citing this ruling by the Court of Appeals, a conservation group charged that, "The result is to permit the carrying out of a federal action whose effect on the environment may be among the most significant in all man's history." The last minute plea was made to Chief Justice Warren E. Burger.

Commenting on the controversy, a White House spokesman was cited as saying that, "a careful study of the environmental risks had been made" (portions of which had been stamped secret and locked away from public view until revealed by the court order) "and a decision to proceed was made in the interests of national defense and security."

The seven-man abbreviated Supreme Court, to whom Burger submitted the matter, then backed up the White House by a four to three decision in an eleventh-hour crash action.

Question: Are the members of the Supreme Court, into whose hands the final decision was thrust, experts on nuclear blasts and environmental damage? If they are, it is news to us.

Quick Quiz

Q-Who was the most decorated American soldier of World War II?

A-Lt. Audie L. Murphy, with 23 military decorations, including the Congressional Medal of Honor, the nation's highest award for valor.

Q-How far do whooping cranes fly to their nesting grounds?

A-When the birds leave their refuge in Texas each spring, they fly 2,600 miles to a remote wilderness in northwest Canada.

BERRY'S WORLD

"I'll be glad to answer questions but tell me first, am I suspected of being subversive or am I a candidate for a government job?"

"You See, We Built in More Headroom This Time!"

The Slap That Was Heard Around World

BY PAUL HARVEY

The U. N. vote against the United States on China was a slap in our face heard around the world.

Will it knock us down or wake us up?

When the United Nations rebuffed the United States over the two-China issue two or three weeks ago, I was in San Francisco.

The dawn came up like thunder over Grand Street and the Golden Gate. News media amplified the thunder. The morning Chronicle chronicled: "Big Defeat for U.S. in U.N."

Then, hours later, the Examiner examined And its headline said, "U.S. Expects Long-Range Benefit" from U.N. vote.

As the passing parade speeds up, even professional observers became less comprehensive.

By the next day both those respected San Francisco newspapers had editorially decided the vote was of no lasting significance.

I hope they're wrong. Uncle Sam, with such a pathological hunger to be loved by everybody, has not understood his own increasing unpopularity.

His generosity begat resentment. His intervention became intrusion.

The religious rebirth he tried to export he saw abort.

Again and again his good intentions boomeranged.

Yet in these discredited policies he persisted.

Sam has needed an unwinnable war.

Sam has needed some unbeatable competition.

Sam has needed a kick in the wallet and a slap across his diplomatic face to force him to re-evaluate priorities, to desist meddling, to look homeward.

In the mirror of that that U.N. vote, we are what we are: a tiny 6 pct. of this planet's population.

We're not going to remake the world in our image: We shouldn't if we could; we couldn't if we wanted to, and we can bleed to death trying.

Our trillion-dollar economy, however impressive, cannot feed, finance, fortify and protect the world.

Our 6 pct. fraction of the world's mothers can't bear enough boy babies to police the planet one bloody bayonet at a time: No way.

What we can do with our superpower technology is to hold the bears and dragons at arm's length until they learn table manners.

And with enlightened self-concern we can beef up the home fronts, wean the burns and work at reviving our own ism-before it becomes a was-m!

We've bled when we had to; let's see if we can sweat when we have to.

Forget the international popularity contest.

The kind of love you can buy, you don't want.

For what it's worth, President Kennedy was most loved by the Japanese-but President Nixon is most respected by them. And never more than since the import surcharge!

At a very timely time the rest of the world has told us-93 to 35 to mind our own business. Let's.

Clearing House

Editor: Sometimes we wonder if some of the old re-treads, (like me) fail to remember the a d v i c e in the Bible--"remember the days of thy youth, when the evil days come not."

Our gang in the teens, didn't smoke pot or use drugs. We did feel kinda wicked lighting a dead grape vine and smoking it. The effect was a sore tongue. We did not steal or destroy.

However, it does seem that I recall a certain gang of boys who worked together, and they would pitch in on Saturday evening after work and buy a quart of gin. I knew some of them to become quite high and feel mighty wicked. Those boys might have bought more, if money had been more available.

In college, we even had called to our attention the matter of sex. Most of us were very "Churchy" and really I believe we were somewhat fearful, and that fear kept us pure.

Present day youth seems to have money and freedom of conscience, and as we remarked before, conscience gets a lot of credit that belongs to cold feet.

Maybe we were not as good as we think we were. Perhaps our memories are faulty--there is a poem whose author I cannot recall at the moment, worth reciting-- The poem:

I am not sure if I knew it truth. What his case or crime might be. I only know he pleaded youth. A beautiful golden Plea Youth, with its sunlit starry eyes. Its roseate velvet skin. A plea to cancel a thousand lies. Or a thousand nights of sin. The men who judged him were old and gray. Their eyes and senses were dim. He brought the light of a warm spring day. To the court house bare and grim. Could he plead in a lovelier way? The jury acquitted him.

It seems sure that after we get old, perhaps we should add to our daily prayers--"Lord make me as good as I have always thought I was."

Wit And Whimsy

Our critical friends do their Christmas rapping early. Too many people know only how to spell it as Christmas.

If you're looking for Christmas cookies, you're a lot younger than we are.

Most rigid production control in the world is exercised by the put-it-together toy people. Never do they fail to leave out one key bolt and nut.

When you've come to the end of perfect day--check again.

Your Health

By LAWRENCE LAMB, M.D.

Dear Dr. Lamb--For the past year I have had dreams every night, different ones, but every night. I am 61 years old, have high blood pressure, but take medication for the pressure. Is there any medical or psychological reason for these dreams? Can you explain them, please?

Dear Reader--It is normal to dream. Even people who claim they do not dream just are not aware of it.

If by dreaming you are referring to nightmares it may well be caused by the medicine you are taking for your high blood pressure. Rauwolfia, reserpine, or serpassil--all essentially the same medicine--and a number of medicines used in the treatment of high blood pressure that contain these drugs, are known to cause nightmares. These medicines are important in some cases of high blood pressure but we know that they have undesirable side effects, such as night-mares.

You should be sure to tell your doctor about this because he will be watching you carefully to be certain you don't develop toxic reactions to any medicine he may be giving you for high blood pressure. These drugs have a powerful effect on the mind, and some people are more sensitive to them than others.

Dear Dr. Lamb--I read column every day and certainly appreciate it. Would you please explain an ulcer on the bottom of the (underneath the large toe) that will not heal?

My father is 71 years old and has an enlarged heart. Six months ago he had this sore on his foot and had it opened up. He has it treated every week and has a fresh bandage on it. It doesn't seem to heal at all. Could this be arteriosclerosis? If so do you think it can be cured?

Dear Reader--Your idea that your father has arteriosclerosis is probably right. American men in his age group usually have significant amounts of fatty deposits in the arteries, which have often calcified.

The most likely cause of your father's enlarged heart is arteriosclerosis, too. If the arteries in the leg or foot are affected with a considerable amount of disease, wounds, sores or ulcers do not heal easily, if at all. The big toe is the most distant point from the flow of blood from the heart in the entire body and is especially prone to develop an ulcer on the basis of poor circulation. It is possible that the ulcer might heal eventually, but if it does it will be a slow process.

Sometimes wounds heal faster if the patient takes Vitamin C, about 500 milligrams a day is sufficient for this purpose. In these amounts it can't do any harm so you might try it, but don't expect miracles.

What Meany Meany Means No Control On Booze

Today we present a commentary by our delightful friend from Carthage, North Carolina, Mr. H.F. (Chub) Seawell, Jr. So, here he is again--prominent attorney, observer of politics and politicians in action, and dedicated Christian layman--Mr. H.F. Seawell, Jr.

Welcome back, Chub:

"Will Rogers used to say that all he knew was just what he read in the papers. Here lately, every time I look at the papers I see some kind of carrying--on about liquor--by--the--drink. Many years ago in The State Magazine, Cousin Carl Goerch published a beautiful poem that went something like this: Hush little restaurant and don't you cry, you'll be a bar room by and by."

"My personal opinion about liquor by any kind of drink is my own, based on my personal observation and common sense deductions. I have looked death in the eye many times, and one time while I was in the hospital praying for my brother, the doctor came in and thumped him on the stomach and it sounded like tapping on concrete."

"It is easy enough in this country to catch a disease without just giving yourself one. Liquor is the biggest liar I ever met. Old John Barleycorn will promise you everything and give you nothing but sickness, sorrow, tragedy and death. But in spite of this truth, the up--lifting liberals and psychopathic ideologists are constantly hollering and whooping about the same old satanic word, CONTROL. The best way to control liquor is to control it just like you would a rattlesnake, stomp the dickens out of it before it bites you. Liquor by the drink is just a way of opening up another outlet for getting bit by liquor and bring on a new crop of drunkards and more crime and suffering."

"Nobody ever controls liquor. But liquor will control you, and everything else it touches. It controls politicians who don't ever drink it. It controls newspapers. Down in my good old county of Moore and the Sandhills, an election on liquor by the drink is coming up. Two newspapers down there say they will not publish anything pro or con about the election by their subscribers. It doesn't take five Philadelphia lawyers with two yellows in their egg heads to know where that kind of public interest got started."

"This is said to be a free country and people should be permitted to express themselves pro and con about any matter of public interest. Since 90 pct of all crimes committed in this country are rooted and grounded directly or indirectly to liquor, and liquor traffic, it is a matter of utmost public interest that both sides be heard. All newspapers and newsmen are

constantly whooping and hollering about freedom of the press. Freedom of the press means both sides of any public question. When any newspaper takes a firm strong public interest and controversy, it isn't fit to stand up for freedom of the press or any other kind of freedom.

"I have my own personal views about liquor and any person can agree with me or disagree, that is a right you have in a land of freedom. If I know anything good about liquor, I'd be glad to say it. I don't want to do anything to lose my right hand, but I had rather cut it off than to do anything to help in the least to promote the traffic in liquor. Personally, I don't want to have a part in making it easier for a man to get something to put in his belly that will steal away his brain and drag barbed wire through his kidneys."

"Old Amos the prophet said one time that he saw God draw a plumbline, and the things of God were on one side of the line and the things of the devil were on the other side of the line. Which side of the line do you think liquor is on?"

"Call your next case."
--American Way Features

And I Quote

We realize there are other pressing needs in this country. But research and development is not the kind of thing that can be turned on and off like a faucet.

--Dr. Werner von Braun, deputy associate administrator of the space agency, warning against turning ourselves "away from the stars to the sewers."

The men in the striped shirts comprise the only jury to which there is no appeal.

--Woody Hayes, Ohio State University football coach.

We cannot permit one man to put himself above the interest of all the working people of this country.

--Treasury Secretary John B. Connally, on George Meany, president of the AFL-CIO.

They (price controls) are there for a purpose. When they've done their job they ought to go. There is no one involved in this who is enamored of controls.

--Donald Rumsfeld, director of Cost of Living Council.

If you take that guidance, you'll be wrong.

--Ronald Ziegler, White House press secretary, reacts to Henry Kissinger's 10-year-old son blurring out that Nixon's China trip will come "in early March."

If men of moderation have nothing to hope for, men of violence will have something to shoot for.

--Harold Wilson, former British prime minister, in a plea for compromise in North Ireland crisis.
