

Ag Chief Says He Wants To Increase Net Farm Income Level

WASHINGTON (AP) — Secretary of Agriculture Earl L. Butz says he wants to keep rural people in the countryside "instead of having them migrate to the crowded ghettos ... where they're ill-prepared for that kind of life."
To do so, Butz said in an interview with The Associated Press, the government will have to spend money "to make good and attractive rural communities."
Butz said also that those who can afford to pay "have no birthright for cheap, subsidized food."
Other points he made included:
—The government never will be completely "out of agriculture's hair."
—Net farm income should rise in 1972 over 1971 levels.
Questions and answers:
Q. There are many kinds of family farms, large and small. Are their problems different?
A. I like to define a family farm that's large enough, either in acres or in intensive cultivation, to provide the farm

family with a decent living. We have many small farms in America that aren't that large.
We have nearly three million farms in America. On better than one million of those farms the operator makes more income off the farm than he does on the farm. In some cases, the farm operator doesn't have opportunity to make off-farm income. And then he's either got to get credit to enlarge his operation, or get more acres, or intensify his farming practices.
Q. When you speak of increasing net farm income nationally, doesn't this mean increasing the profits of the larger farmers?
A. Increase the profits of all of them, we hope, when you increase the farm income nationally. I think the significant measure here is net income per farm, instead of the gross income, or the aggregate net income of all farmers.
Net income per farm is down a little in 1971 and I think it's going to be higher in 1972. Our projections for 1972 are about a

15.34 cent increase in farm income.
Q. You mentioned the small farmer and off-farm income being larger than what he nets from his actual farming operation. Then isn't the employment rate and wage rate more important to him really than the price of corn?
A. Well, I think they go together. The so-called part-time farmer, or the man who operates 80 acres and has an off-farm job, can operate those 80 acres, unless he has intensive cultivation, evenings and weekends, or with family help. He's got two sources of income. He's got fairly cheap living and his housing. But wages are important to him, you're right.
Q. In talking about rural development, does this embrace also jobs in town? Is this in the meaning of rural development to have more jobs to help this small farmer maintain his living standard by working in town?
A. Oh, yes, indeed it does. Rural development is a broad concept. When I talk about rural development, I'm talking about the rural community.

Q. Well, how are you going to do this? This is going to take money.
A. You're Dog-gone right, it's going to take money! In the President's reorganization proposal, he has a Department in which he proposes to bring together all the facts of government that bear on this thing.
We're putting money into that now through our Farmers Home Administration, for example.
Q. Are you putting a lot of the burden for rural development on Congress?
A. Well, I'd like to see this reorganization program go through where we can concentrate everything in government that bears on this. In the meantime, we're going ahead full speed in the AG Department.

New Government May Be Formed In West Pakistan

A spokesman for India's western command, giving a briefing at the headquarters in the Punjab, said that Pakistan mounted six "major attacks" since the cease-fire began.
A senior Defense Ministry spokesman in New Delhi told reporters three hours later, however: "This sort of thing is to be expected. I don't know what they classify as major. But we have not confirmed as major any incident so far as I know."

"Remember, there was a hot war with heavy fighting for 13 or 14 days and suddenly there was nothing. Violations are to be expected."

The spokesman said Indian forces were given "strict instructions to take no offensive action of any kind."
Radio Pakistan also accused India of major cease-fire violations on the border of West Pakistan but said: "We are exercising great restraint in the face of Indian violations of the cease-fire."

Defense Minister Jagjivan Ram told India's Parliament: "It will now be our endeavor to forge, through bilateral negotiations, a new relationship with Pakistan based not on conflict but on cooperation."

Prime Minister Indira Gandhi said India declared the ceasefire ending the 14-day war with Pakistan on its own and "not because somebody asked us to do so."
Her statement in Parliament conflicted with the version of U.S. officials that Washington pressed the Soviet Union to work out the ceasefire because Nixon was concerned that India planned to invade Pakistan and destroy Yahya's government.

His military regime threatened by nationwide demonstrations, President Agha Mohammed Yahya Khan of Pakistan on Saturday

promised to transfer power to a new government as soon as Deputy Prime Minister Zulfikar Ali Bhutto can return from the United States, Radio Pakistan reported.

Angered by the president's agreement to a cease-fire and his handling of the war with India, crowds marched in Islamabad, the capital, in Rawalpindi, in Lahore and other cities.

Robbers Get \$1 Million From Bank

WINDSOR, Ont. (AP) — Three robbers posing as cleanup men handcuffed employees of the Royal Bank of Canada's main branch Saturday morning and escaped with what the bank manager said "could be \$1 million."

Police said the three entered the building with the bank staff. Once inside they took handcuffs from their cleaners' pairs and shackled the staff, officers reported.

The manager, Ken Moore, said "They were just all of a sudden there; we don't know how they got in yet." There was no word on how they got the money out of the vaults.

Moore's estimate of the loot was considerably lower than that offered earlier by Windsor Police Chief Gordon Preston. He said the robbers got away with \$2 million.

Moore said the money was mostly in small U.S. bills, most of it receipts from Windsor Raceway and concessions at the track. The robbery took place at 9:50 a.m. Moore reported, but was reported to police about an hour and a half later because all bank employees inside were handcuffed.

Administration Defents Policy On Indopak

WASHINGTON (AP) — Spurred by the Indopak war, President Nixon plans to tell Moscow leaders next May that attempts to grab advantage from such flare-ups could jeopardize the over-all improvement in U.S.-Soviet relations, U.S. officials said Saturday.

And on the home front, the Nixon administration is prepared to counter critics by saying that, all in all, U.S. policy in the India-Pakistan conflict came out fairly well.

This outline on tactics emerged Saturday from a wide ranging account by administration officials of the ill-starred administration efforts to head off the war, of urgent Nixon contacts with Soviet leaders and others in behalf of a ceasefire after the war broke out, and of some plans for the future.

Crediting the United States with an important role in achieving the cease-fire ending the two-week war, the officials told of behind-the-scenes Nixon messages pressing Moscow to influence India against invading West Pakistan.

And they said the Soviets probably contributed to bringing about Friday's truce, though they accused the Soviets of helping to stoke the war in the first place.

A key to the administration scenario was understood to be information received in Washington that India planned to attack West Pakistan as soon as she could move her troops to the West after East Pakistan's fall.

According to this information, deemed reliable by Nixon and his top aides, India intended to wrest all of Kashmir from West Pakistan and to destroy the Pakistani army—a blow which in the U.S. view would have destroyed the Pakistani state.

Senior Cuban Spy Defects To America

LONDON (AP) — A senior Cuban intelligence officer has defected to the United States with details of a new Latin American insurrection setup, the Daily Telegraph said today.

The morning newspaper, without quoting a source, said the defector was now in the United States after contacting the U.S. Embassy in London. Embassy officials were not available for comment.

Video Taped Greetings To POWs

WASHINGTON (AP) — An offer to send video taped holiday greetings to prisoners of war has brought a heavy response from American families.

Melvin Bailey, a New York television producer, originated the idea and has been negotiating with embassies friendly to North Vietnam in efforts to get the tapes through to prisoners. Bailey has high hopes but no assurances the tapes will get through.

But POW families are showing up at television stations all over the country to make the one-to-five-minute tapes.

The camera ran all day Friday in New York City. As many as 30 were made in Chicago Thursday and more in Pittsburgh Friday night. Nine were taped in Newburgh, N.Y.

Richest Nations Reach Agreement On Money

DEMOS MEET THE CONGRESSMAN—Furr's main dining room was the scene of a Saturday morning breakfast served to a near-capacity crowd of area Democrats gathered to meet U.S. Representative Graham Purcell, Wichita Falls. Redistricting added the Panhandle to

Accord Praised By Nixon

WASHINGTON (AP) — Finance chiefs of the ten richest non-Communist nations announced agreement Saturday on a new system of money-exchange rates featuring a dollar devaluation of 8.57 per cent.

President Nixon called the settlement, reached after two days of negotiation, "The most significant monetary agreement in the history of the world."

As part of the settlement, the United States agreed to remove its 10 per cent import surcharge, a communique said.

Under terms of the agreement, the dollar will be devalued by asking Congress to raise the price of gold to \$38 per ounce.

"Upon passage of required legislative authority in this framework, the United States will propose the corresponding new par value of the dollar to the international monetary fund," the communique said.

The new pattern of currency realignment will be announced by individual governments, the communique said, although the reported agreement calls for revaluation of the west German mark and the Japanese yen by significant amounts to go along with the dollar devaluation.

"As far as the United States is concerned, we came a long way," Treasury Secretary John B. Connally said.

The communique said most of the countries involved plan to close their exchange markets on Monday.

As part of the agreement, Canada will temporarily maintain its floating dollar.

Connally said the United States would refrain from announcing revaluation of other currencies, saying that it is a decision for other countries.

Connally said the 10 per cent surcharge would be removed "right away, probably next week."

As part of the agreement, the ministers set up more flexibility in the international monetary system, allowing currencies to fluctuate between 2.25 per cent up or down with the new exchange rates. At present, currencies can fluctuate within 1 per cent or down from their stated values.

Nearly two hours before release of the communique, Nixon came to the conference scene to announce to newsmen the "most significant monetary agreement."

The President made the announcement at a hastily set-up news conference in a Smithsonian Institution museum building next door to the Smithsonian's administration building—known as the old red castle—where the finance ministers had been meeting for two days.

Nixon gave no details but said the agreement would lead to "a more stable world...competition would be more true prosperity."
Nixon said every negotiator would be asked who won.

Rep. Graham Purcell Meets With Panhandle Area Demos

by RAY BAXTER
Panhandle area Democratic leaders, office holders and — hopefully — future constituents gathered for breakfast Saturday morning at Furr's Cafeteria to meet Democratic Congressman Graham Purcell of Wichita Falls.

Credit for the near-capacity crowd was given jointly to the spirit of the party in the Panhandle and honest curiosity concerning the man who will face incumbent Republican representative and native son Bob Price in the next election for congressman from the thirty first district.

This coming match was brought about by the recent re-districting move in Texas.

In his introduction of Purcell, Judge Grainger McIlhenny noted that the district he had been serving was similar to the Panhandle in that it was made up of agriculture, petroleum, ranching and a number of county seat towns.

He also noted that Purcell was chairman of the subcommittee on grain and livestock and had a reputation not just for introducing bills but for getting them passed.

As if taking his cue from this, Purcell held the focus of his remarks chiefly on agriculture. His opening words were:

"Agriculture is the biggest business in the United States and the biggest customer of other businesses such as steel, lumber and the like, yet — agriculture is the most neglected so far as price-for-product is concerned of any industry involved in the U.S. economy."

He said the cost of wheat would have to go up at least 60 cents per bushel before the rise is felt in the price of

bread. He noted that most of the cost of loaf of bread today is in labor and transportation, not in the price to agriculture.

He expressed the opinion that much that is happening to "our part of the country" today is deterioration while he was for reconstruction. He admitted, too, that it is much easier to talk about doing something than to do it. He concluded his remarks with his formula for "doing."

"What this is going to take is a re-dedication to the principles of religion; what the Christian calls "Christ-like" and what other religions ascribe to in some form. Call it citizenship, integrity, patriotism — what you will — this must come. "I am ready to make this re-dedication. I hope you are."

Purcell's speech was preceded by the amenities when Pampa attorney Harold

Comer, acting as master of ceremonies, recognized visiting dignitaries and local leaders.

Ruth Osborne, Democratic committeewoman, presented Nancy Purcell, wife of the congressman, with a bouquet of roses. Mrs. Purcell is a native of Amarillo.

The Rev. Ralph Palmer, pastor, First Christian Church, gave both the invocation and benediction.

and companies from dealing in stocks illegally.

The petition seemed moderate enough. It was not until a room of the courthouse became filled with official depositions that told the details that the true breadth of the plot became evident.

The securities commission accused Frank Sharp, Houston promoter, of offering to loan money from his Sharpstown State Bank to several key state officials or employees.

This money would be used to buy stock in Sharp's National Bankers Life Insurance Co. The stock would be the collateral.

Then, says the SEC, Sharp and others manipulated the insurance stock so that it skyrocketed in value. The politicians sold the stock for large, quick profits.

Aim, said the SEC, was to influence state banking legislation so Sharp could get federal banking examiners off his back.

Indictments by a Houston grand jury in the SEC case—

Cambodia Has 300,000 Refugees

PHNOM PENH, Cambodia (AP) — Cambodia now has 300,000 war refugees and two-thirds of them are crowding the capital to escape fighting on three sides of Phnom Penh.

Tian Kim Chieng, commissioner general of the War Victims' Bureau, asserts they have been assimilated without major problems, but private relief groups are concerned about malnutrition and disease.

"It's not serious yet but you cannot plunk 200,000 people in a city of 700,000 and not have some problems," said one relief worker. He asked that his organization be unnamed because "we have to cajole the government to do more for refugees and they don't like criticism."

The heaviest influx occurred last month when 50,000 civilians poured into the capital, many from the

northeast front along Highway 6. Most appear to have found shelter with relatives or friends and in Buddhist monasteries. Chieng says only 1,000 families are housed in Phnom Penh's four government refugee camps.

"This shows they have been assimilated," Chieng insisted. "When they come in we give them food for two or three days and that's all they need. Most of them find jobs and housing and they don't come back for more aid."

He explained that only 1,500 of the 200,000 refugees in Phnom Penh depend entirely on the government for food, lodging and clothing. About 12,000 have found their own lodging but require food, while 76,000 seek "only occasional aid when they are sick and cannot work."

Refugees in provincial towns and villages, estimated to total 100,000, are worse off. Communist-led forces control most of the highways so the displaced persons depend on air transport for relief supplies. Cambodia has few available aircraft.

The Cambodian government spends 100,000 riels or \$714 a month in refugee aid. Private relief organizations, including the Red Cross and Catholic orders, provide \$1,070.

The United States spends millions on military aid to Cambodia but no money for refugee relief.

Harvesters, Coaches Honored At Banquet

By RICKEY WRIGHT

Harvester fans were crowded elbow-to-elbow at the banquet honoring the Harvester football players and coaches Friday night in Robert E. Lee Junior High Cafeteria.

The dinner was accompanied by a film which was a combination of several of the season's games with the named "Harvester Highlights of 1971."

Master of Ceremonies, Don Lane, took over to welcome all to the banquet and continued to talk and tell jokes.

Team physician, Dr. Joe Donaldson was recognized and given a plaque by one of the fighting Harvesters.

Head coach "Swede" Lee began his talk with introduction of other coaches. Each coach was presented a plaque from the players.

The booster club then presented each of the seniors with a wrapped token as Lee introduced each of them.

Lee then told what the seniors had gone through, tracing all the way back to

their ninth grade year. He also expressed his views of athletics to the maturing young men and predicted how far the Harvesters of 1971 would go in life.

The booster club then presented Lee with a Harvester scrapbook and a "coach of the year" plaque.

The football queen nominees were introduced with their escorts: Becky Gaily escorted by Johnny Roth, Janie Price by Tibby Rogers and Becky Taylor by Alvin Ferguson.

Becky Taylor was chosen by the team as 1971 reigning queen.

Following the crowning of the queen came the long-awaited event--The Fighting Heart Award.

Quarterback Dale Ammons was picked by the coaches for the award as the near-weeping Ammons thanked the coaches and the Harvesters for making it possible for him.

The next speaker was Darrell Royal. He talked about winning and losing and his personal ideas of the difference and importance of both.

PRETTY AND GLOWING—Becky Taylor beams with joy after she was crowned 1971 Harvester Football Queen by her escort Alvin Ferguson. Becky took the honor over Becky Gaily and Janie Price. All three girls were PHS cheerleaders and Taylor was head cheerleader. (Staff photo)

"Canned Food" Project Ends Tomorrow

Monday is the final day for the "canned goods for Christmas" project of Pampa's elementary schools, being sponsored jointly with the Salvation Army.

The project's goal is to collect 1,500 cans of food to be distributed to needy families for Christmas. School children are being asked to bring canned food, on a voluntary basis.

Purpose of the project, according to Dr. James Malone, school superintendent, is to insure that every family in Pampa will have available to them a complete Christmas dinner.

The project was planned and is being carried out by one fifth-grade student and one sixth-grade student in each elementary school, who were chosen on the basis of leadership ability, scholarship and caring for others.

Committee chairmen are Ashley Hulsey and Jim Hollingwood, Austin; Todd Cummings and Dale Ferris, Baker; David Anderson and Anne Kadingo, Houston; Barry Hedrick and Connie Maness, Mann; Gary Crawford and Rethia Bradsher, Lamar; Ronnie Gibson and Debbie Prater, Travis; and Elisa Malone and William Hubbard, Wilson.

Police Keep Watchful Eye On Night Prowler

"Let there be light!" The bowing prowler uttered these words and some other mumblings, raised both hands in the air and strode off.

All the resident of Seneca St. did was ask what he wanted prowling about her house, according to the police report. She had gone to investigate her barking dog and saw the tall, blond young man in her yard.

The following night he evidently had found light. He shined it in the bedroom

window of another residence in the same area and police were given the same general description. It closely follows that given of a blond young man who walked into a residence on North Somerville a few mornings ago, except for mustach and sideburns which may not have been visible at night.

Police are conducting a thorough investigation as well as redoubling their watch for night prowlers.

UT Coed Missing

AUSTIN, Tex. (AP) — A University of Texas coed, Diana Hinojosa, 22, is missing and police have put out a nationwide alert that "foul play" may be involved.

Miss Hinojosa, a senior from Hebbronville, 56 miles east of Laredo, was last seen by her friends around 10 p.m. Tuesday night when she told them she was going to the Lyndon B. Johnson Library, about five or six blocks away.

The woman's roommate, Bertha Lopez, told police Thursday morning she found a shoe in an alley about a block from where they lived which may have belonged to Miss Hinojosa.

A man reported hearing a sobbing voice say, "no, no, no, George" and a shot.

"I'm real worried about this case," said Police Chief Bob Miles. "We're real anxious to find out what happened."

Gains Expected In Cabot 1972 Lines Of Chemicals

EDITOR'S NOTE — The following article is reprinted from the December issue of the Oil, Paint & Drug Reporter.

Cabot Corporation expects that sales of its performance chemicals—carbon black, fine-particle silica and titanium dioxide—will show some real improvement in the year ahead.

The company outlined its prospects for the New York Society of Security Analysts last week, noting that this group of products accounts for a little over half of the firm's sales and operating net income.

From 1968 to 1971, it was pointed out, Cabot's sales of performance chemicals

showed an average gain of 7.5 per cent a year, and the overall figure included a 1971 increase of only 3 per cent.

Discussing carbon black, Robert A. Charpie, Cabot president, indicated that the company has been for many years and "intends to remain" the world's leading producer of the pigment.

About half of Cabot's carbon black production is in the US and the other half of its output is in Canada, Britain, four countries in continental Europe and two in South America.

"Historically," Mr. Charpie reported, "over the past ten to fifteen years, demand for carbon black in the United States has grown at a 6.7 per cent annual rate, while international markets outside the United States has grown on the average of 10-11 per cent per year."

Indications of Soft Market Outside of the US, Mr. Charpie indicated, "it does not now appear likely that our international carbon black business will score its usual 10 per cent or better growth in the coming year."

Cabot, he continued, has no plans for a major expansion in carbon black in the near term. In the past year, the company operated its US carbon black plants at around 80 per cent of capacity.

Cabot's fine-particle silica, which is used in a great variety of specialty chemical applications, has been a fast growth product. Mr. Charpie reported, though it did go through a static period of one year which lasted through March 1971. He added that the growth pattern has resumed.

The biggest problem in titanium dioxide during the past year, Mr. Charpie said, has been price-cutting, partly stemming from an

over-capacity situation. This price-cutting, he noted, came in the fact of sharp increases in raw material costs.

Cabot has been fortunate in that (1) it has been able to buy some of its rutile requirement under contracts (which expire in the latter part of 1972) from Australia at favorable prices and (2) it has been able to use upgraded ilmenite at its Ashtabula, Ohio, plant as an alternative raw material.

"While this upgraded ilmenite is more expensive than our rutile contract price," Mr. Charpie indicated, "it is below the current spot price for rutile."

The fact is, he went on, "titanium dioxide prices are grossly inadequate and our plant operated at a loss in fiscal 1971."

Cabot's Ashtabula titanium dioxide facility has a design capacity to produce 20,000 tons of the pigment annually; though it is operating routinely at above 25,000 tons a year.

Cuba Raps Statement By Nixon

MIAMI, Fla. (AP) — Havana radio has termed President Nixon's stated concern over the attack on the freighter Johnny Express "unheard of cynicism" and promised further reprisals against so-called pirate ships.

The broadcast, monitored in Miami Friday, was in reply to Nixon's statements Thursday after he met with Isabel Villa, wife of the wounded and captured captain of the Johnny Express.

At that time, press secretary Ronald L. Ziegler reported Nixon had expressed "grave concern" over the attack Wednesday and said the United States would demand the immediate return of Capt. Jose Villa, naturalized U.S. citizen. Nixon told Mrs. Villa he would do all he could to help her.

Broadcasting an editorial from Gramma, the official newspaper of the Cuban Communist party, Havana radio said: "The Yankee imperialists have perpetrated dozens of criminal attacks against Cuba, from organized bases in Central America, Haiti, the Dominican Republic, and from their own territory in the United States."

COPENHAGEN (AP) — Princess Margrethe, heiress to the Danish throne, will become the first member of Denmark's royal house to visit the Soviet Union since the Bolshevik Revolution.

A spokesman for the court said Thursday the princess and Prince Henrik, her French-born husband, will fly to Moscow in the spring for a semiprivate visit as guests of the Soviet government.

Soviet Premier Alexei N. Kosygin extended the invitation during his official visit to Denmark early this month, the spokesman added.

McCarthy Makes Bid For Demo Nomination

BOSTON (AP) — Former Minnesota Sen. Eugene J. McCarthy announced Friday he is again a candidate for the Democratic nomination for president of the United States.

McCarthy called a news conference to say he is a "de facto, de jure" candidate, since he has assented to filing of a McCarthy for President Committee in Massachusetts.

Before the nation's last presidential election McCarthy entered the New Hampshire primary and won 20 out of 24 convention delegates against then President Lyndon B. Johnson. Johnson won 49 per cent of the popular vote and McCarthy 42 per cent, but ultimately Johnson withdrew from the race and it was generally considered to have been McCarthy's showing in the

'Yes, There Is A Santa Claus'

NORTH CHATHAM, N.Y. (AP) — No, Santa, there is no Virginia this year.

No Virginia O'Hanlon Douglas this Christmas. She was buried May 17 here in the rolling Taconic hills.

Remember, she used to say, all the way until she was 81 and died. "I am anonymous from January to November." And remember The New York Sun? Well, there's no Sun this Christmas either.

But then it was gone long before Virginia.

Remember when Frank Church, associate editor of The Sun, told Virginia—then 8 years old: "The most real things in the world are those that neither children nor men can see."

He was talking about you, of course.

But perhaps he was talking also, in unconscious innocence, about the words he and she would leave

behind—to become a part of Christmas in America, when The Sun, Church and now Virginia were gone. As much a part of it as good will toward men, commercialism, and Scrooge.

"Dear Editor," she wrote. "I am 8 years old. Some of my little friends say there is no Santa Claus. Papa says, 'If you see it in The Sun, it's so.' Please tell me the truth, is there a Santa Claus?"

She grew up, married and became a public-school teacher and principal in New York City. Then she retired here with her daughter's family in a quiet community of century-old homes.

And spent her last two Christmases in a nursing-home bed, never forgetting Church's answer to her question in The Sun.

"Virginia, your little friends are wrong. They have been affected by the skepticism of a

skeptical age. They do not believe except they see. They think that nothing can be which is not comprehensible by their little minds. All minds, Virginia, whether they be men's or children's, are little...."

"Yes, Virginia—there is a Santa Claus. He exists as certainly as love and generosity and devotion exist, and you know that they abound and give to your life its highest beauty and joy. Alas! How dreary would be the world if there were no Santa Claus! It would be as dreary as if there were no Virginias. There would be no childlike faith then, no poetry, no romance to make tolerable this existence. We should have no enjoyment, except in sense and sight. The eternal light with which childhood fills the world would be extinguished...."

168,979 Criminal Record In Texas

AUSTIN, Tex. (AP) — The Department of Public Safety has coded and key punched 168,979 individual criminal records on convicted felons for computer storage and access.

The records are put on tapes and turned over to Central Texas College, Killeen, for use in Project Search (System for Electronic Analysis and Retrieval of Criminal Histories).

Search files are available to law enforcement agencies in other states, thereby improving the chances of getting a "make" on a suspect who operates across state lines.

PASADENA, Calif. (AP) — Hall of Famer Tom Hamilton, who retired last July as the Pacific Eight executive director, has a pair of 50-yard line tickets for life to Rose Bowl games. Adm. Hamilton held the Pacific Eight post since 1959.

Congress Adjourned

WASHINGTON (AP) — The 92nd Congress adjourned today until Jan. 18 after a skeleton crew of Senate and House members voted final approval to a compromise settlement of their foreign aid controversy.

The House quit at 12:59 p.m. EST but the Senate took a while longer, adjourning at 1:31 p.m.

Sen. Mike Mansfield of Montana, the Democratic leader, had stood with the adjournment resolution in his hand while Sen. Charles H. Percy, R-Ill., urged that the United States avoid any involvement in the conflict between India and Pakistan.

Sen. Harry F. Byrd Jr., Ind. Va., took over, complaining about the federal budget deficit, his speech holding up adjournment further.

The Senate took its final for-

eign aid votes with 54 members on hand, just three more than absolute minimum required to do business. The House didn't risk any roll call vote on getway day.

The House-Senate compromise cleared a resolution to continue foreign aid spending until Feb. 22 at a rate equal to \$2.84 billion annually. All told, the resolution covers \$3.2 billion in temporary spending authority, including also funds for the Peace Corps \$139 million for Cuban refugee relief, and some other items.

STAR AND PRODUCER

Red Cross News

BY LIBBY SHOTWELL
The Red Cross board met in the Starlight Room of the Coronado Inn with 14 members and guests present.

Mrs. Don George presided and the standing committees gave their reports. Mrs. Gerald Marlar told of the 50-mile swim boys and girls at the Pampa Youth Center were working on and stated they thought they would complete the 50 miles in time to have breakfast with the Red Cross board next month.

It was reported a Standard FA class has been taught by J. D. Ray for the LVN Class at Highland General Hospital, with 15 completing the class. Mrs. Don Wilson reported 24 active service cases during

the month and that 16 were new cases.

Hal Lilla introduced Don Losher who spoke to the group on the drug question in Pampa. He said 60 per cent of our high school boys and girls had at some time tried drugs. He told of the work with girls in Pampa at the Genesis House and urged the Red Cross board to help girls with rehabilitation.

Those who passed their standard first aid class taught by J. D. Ray at Highland General Hospital were Patricia and V. Anders, Pat Baumgardner, Debbie Beck, Bernelle DeMasters, Jeane Dykes, Gene Fletcher, Barbara Franklin, Dorothy Manning, Marie Morris,

Laura Reeves, Bernice Schilling, Bobbie Silcott, Glenda Tate, and Terri King. The VA Questionnaires are due in the special processing agency Jan. 15. Finance reports are due on that date. The Red Cross office will assist in filling out the forms.

Hospital Volunteers had a party at the home of one of the members, Mrs. Lee Harrah, 2401 Duncan. The chairman, Mrs. James Trusty, gave a Christmas Story to the group and coffee and cakes were served. Gifts were exchanged and members brought cans for a needy family for the Christmas day. Seventeen members and guests were present.

- Yam and Apple Casserole

Easy to assemble because pantry shelf yams are used. 2 cans (each 1 pound) whole yams. 4 medium apples, cored but unpeeled and cut into rings. 1/2 cup firmly packed light or dark brown sugar. 1 teaspoon salt. 1/2 teaspoon mace. 1/4 cup (1/2 of a quarter-pound stick) butter.

Cut yams in half lengthwise. In a buttered 2-quart round glass casserole (8 1/2 by 2 1/2 inches) or similar utensil, arrange in layers half the yams, apples, sugar, salt and mace; arrange remaining half of these ingredients in the same way; dot with butter. Bake, covered, in a preheated 350-degree oven until the apples are tender—about 50 minutes. Baste with juices at bottom of casserole. Makes 8 servings.

THE LOOK

Achieve the look that the top designers are showing with very little money, but lots of imagination. You can get inexpensive separates that will look like an original when put together. A halter body suit top with bare back and halter front matched with a multicolor flowing taffeta skirt will look a lot more expensive than it will cost. Or try a plain capped sleeve blouse under a cotton apron in checked gingham to create the "new" pinafore look.

HAIR HERE

A handy aid to any girl on the go is a collection of hair pieces. Dynel curls, braids and chignons make the transition from everyday to party look a simple one. Just brush your hair back and pin on wherever fullness is needed—at the nape of the neck, high on the head or at the sides. As a final touch add a jeweled pin, velvet ribbon or cluster of flowers.

**CYNTHIA CARTER
Pampa Girl
To Appear
With Choir**

Cynthia Carter of Pampa, daughter of Mr. and Mrs. Weldon Carter, 1906 Chestnut, is a member of the Hardin-Simmons University Concert Choir which has prepared a 30-minute color Christmas program scheduled to be shown over television stations in Texas, Oklahoma, New Mexico and Louisiana. Miss Carter is a sophomore at the university. The choir will appear on Channel 10, Amarillo.

Director of the H-SU musical group is Dr. James Cram, a member of the School of Music faculty.

"This program is not designed either as a formal concert or 'spectacular' production," explained Dr. T. W. (Jack) Dean, head of the H-SU School of Music. "It is a serious effort on our part to provide a simple but dramatic and meaningful presentation of our most cherished and traditional Christmas music."

EVERYDAY SUEDE

Suede is becoming an everyday thing. Long suede skirts, flared at the hip, can be dressed up or played down with a quick change of sweater. The long suede skirt looks its classic best topped with shirt and sweater with a big buckled belt at the waist. The belted suede jacket with large pockets in either matching or contrasting color with the skirt puts the finishing touches to a perfect outfit.

Polly's Pointers

DEAR POLLY—When our relatives' Christmas gifts are delivered, all for one family are in a large GREEN plastic garbage bag tied with red ribbons and with a Santa Claus on the outside. The gifts inside are each wrapped separately. These bags are more easily handled than a lot of small packages and the surprise of seeing what is inside helps to make this worth the extra trouble. The big bag can be placed under the Christmas tree if they like. —MABEL

Polly's Problem

DEAR POLLY — A long time ago our kids put decals and stickers on their wooden beds and doors. Now they are older and want these removed but detergents do not do the job and I am afraid to scrape them off for fear I will scratch the finish. Any suggestions? —BILL

DEAR POLLY—My Pet Peeve concerns buying a magazine that announces "50 Things to Make — Knit, Crochet, etc." only to find that I bought what amounts to be a catalogue for kits to be assembled and patterns and instructions to be ordered before I can make anything. —FRAN

DEAR POLLY—I disagree with Ellie's Pointer for running hot water in the tub and then the cold so that if baby hits the faucet it is cool and will not burn. Never, never run hot water into a bathtub, pail, etc., first. If you cannot run a combination, run the cold first. Small children seem to love hot water and could very easily be badly burned by hot tap water. All you need to do to make sure faucets do not burn is to run a little cold water at the very last and then the faucets will be cold. Also, remember to never leave young children in a tub unattended for aside from the danger of falling and even drowning they may open a hot water faucet and not be able to turn it off. —BARBARA

DEAR POLLY— My Pointer is for other mothers who worry about toddlers pulling the hooks off the Christmas tree ornaments. I sued twistles that come with plastic bags. Loop a twistie through the wire at the top of an ornament and twist tightly around a branch of the tree. This saves worrying about inquisitive youngsters who want to touch the "pretties" and might hurt themselves with the wire hooks. —MRS C. E. S.

PEW Society Has Luncheon

The Petroleum Engineers Wives Society of the Pampa-Borger area met this week in the Crown and Shield Room of the Pampa Club.

Lunch was served to 23 members, after which a program on window decorating was presented by Mrs. Ronald Harris.

Those attending from Pampa were Mmes. Bill Baker, J. C. Beyer, R. L. Adams, Mack Courtney, L. G. Garrett, Doyle Henson, E. L. Hudson, C. E. Kirby and J. C. Smith.

Groom Club Has Christmas Party

GROOM (Special) — The Thimblette Needle Club held its annual Christmas party Thursday, in the home of Mrs. Burniece Johnson, with Mmes. Betty Hudson, Glyn Kirby, and Marion Kendrick as co-hostesses.

A traditional Christmas dinner was served and gifts were exchanged. Attending were Mmes. Juanita Brooks, Doshia Cornett, Noreen Culver, Elsie Eschle, Velma Evans, Nettie Fields, Truman Goodlett, Myrtle Frances Hall, Velma Hickox, Mary Knorpp, Vivian Lacy, Emalea London, Ruby Milton, Cleo Nix, Jessie Faye Tucker, Helen Witt, Darlene Jones, Betty Hudson, Glyn Kirby, Marion Kendrick and Burniece Johnson.

TIES, TIES, TIES

Women's ties in wool challis are coming in full force with the very tailored look. Worn with suits or just pants and a shirt, the ties are brightly colored to accent the blacks, grays and browns which are such popular fashion colors.

SEAHATS

Hats take on the look of the sea with yachting caps, sailor caps in white sail cloth and the French seaman's hat with gold anchor or steering wheel emblems fixed to the top.

TAFFETA'S BACK

Taffeta's back both for the evening out on the town in sultry—black with rows of ruffles or for the stay at home hostess in plaids with puffed sleeves, sashed with a big bow and topped with a silk organza blouse to give the country-girl look.

Engagement Announced

Mr. and Mrs. J. C. Haines of Abilene announce the engagement and approaching marriage of their daughter, Mildred Diane, to Rodney Alan Bray of Lubbock son of Mrs. Thelma Bray, 1305 Hamilton, Pampa, and the late Clyde A. Bray Jr. The couple will marry Feb. 26, in the University Baptist Church, Abilene. The bride-elect, a graduate of Abilene High School, has a bachelor of business administration degree in secretarial administration from Texas Technological University, Lubbock where she was a member of the National Collegiate Association for Secretaries. She is employed by a Lubbock bank. The prospective bridegroom, a Pampa High graduate, has a BA degree in geology from Texas Tech and will receive his masters of business administration degree in accounting in December. He is a member of Beta Alpha Psi, accounting honorary, and Sigma Gamma Epsilon, geology honorary. He is a student assistant at Texas Tech.

Pampa Graduate Student Directs Christmas Event

Miss Linda Hubbard of Pampa, a graduate student at Texas Technological University, Lubbock, is the director of the holiday family production currently being performed at the Lubbock Theatre Centre.

The first two performances were Friday and Saturday, with the last slated for 2 p.m. today and 8:15 p.m. Monday.

The two-part program includes a collection of readings and musical numbers, entitled, "The Elves' Story of Christmas." The second half is the one-act play, "Why The Chimes Rang." Miss Hubbard compiled and directed the "Elves" portion of the program.

Miss Linda Hubbard

Following the play, a Christmas-carol sing-along will be held.

Party Held By Society

The Pampa African Violet Society met this week at the home of Mrs. Norman Walberg for a Christmas party.

A prayer, "Decorating for Christmas," was read by Mrs. Walberg. For the program Mrs. Lee Moore reviewed the Christmas story, "Memories—Once On A Christmas," by Dorothy Thompson, noted journalist and writer.

"Christmas is a time for memories, a time for recalling the scenes and happenings that are treasured always," Mrs. Moore stated. "It is also a time for love and a generosity of spirit, a time for

renewing family ties and friendships and for exchanging the thoughts, events, kind deeds and observances that have added to the true meaning and happiness of life."

Gifts were exchanged around a Christmas tree, and secret pals were revealed. Refreshments were served from a table decorated with a Christmas theme.

Next meeting will be Jan. 11, in the home of Mrs. Lee Moore, 915 Duncan.

Present were Mmes. Vernon Osborn, Holly Gray, Evani Jones, Charles Glison, J. E. Carlson, Lee Moore and Norman Walberg.

Is she a show-off
—or a real brain

By Abigail Van Buren
[© 1971 by Chicago Tribune-N. Y. News Synd., Inc.]
DEAR ABBY: I have a sister in law who is a terrible show-off. My husband, and his friends and relatives think she's real smart. She stops doing housework to listen to the news or debates on politics on the radio or TV. Then she reads a lot of newspapers, magazines and books. Believe me, her house looks like it. [I am a much better cook and housekeeper than she is.] She is always showing off how much she knows about politics and the happenings of the day. Men seem to enjoy listening to her views. They think she's a real "brain." I say she's a show-off. I would like your opinion. SIGN ME. BURNED UP

DEAR BURNED: The prescribed "treatment" for your kind of "burn" is obvious. Why don't you start reading and listening so that you, too, will be informed on politics and the happenings of the day? You need not compete, but you can contribute.

DEAR ABBY: My boy friend is 18 and I am the same age. We plan to get married next June, after which Albert is going to learn how to fly. [He wants to be a commercial airline pilot.]

Albert went to my father to ask him for my hand in marriage, and they had a long talk in which Albert told my father he was a virgin. My father said he thought that was very commendable, but he didn't want him practicing on me!

I never knew a man had to have special training to be a proper husband. I would like your opinion. OLD-FASHIONED

DEAR OLD-FASHIONED: I think if Albert just does what comes naturally until the automatic pilot takes over, he'll make out all right.

DEAR ABBY: My brother in law, Glen, is 30 years old. He has been living with Marcie, a very beautiful 21-year-old girl for the past two years. Glen was married, has a child, and his divorce became final a year ago. Marcie doesn't know his divorce came thru and Glen isn't telling her because he promised her he would marry her when he was free.

Glen has told my husband and others that he will never marry Marcie. Meanwhile Glen has been running around on Marcie behind her back. He uses my house as an excuse, as to where he's been. Abby, Marcie loves him and trusts him, but I think she ought to be told what kind of a rat she's mixed up with. My husband says I should keep my mouth shut.

It seems that men think this sort of thing is O. K. because if a girl is dumb enough to live with a guy without marriage she deserves whatever she gets. I would like your opinion. ON MARCIE'S SIDE

DEAR ON: When a girl agrees to live with a man without marriage, she takes her chances. Marcie took hers. Glen is a rat, for sure, but I still wouldn't "rat" on him.

CONFIDENTIAL TO "CURIOUS IN BALTIMORE": Yes, I received nearly 1,000 responses AFTER I reported the results of the "vote." But the "Don't Go's" continued to outnumber the "Go's"—nearly two to one. And you are correct, the majority of the "Don't Go's" were from women.

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90069. For a personal reply enclose stamped, addressed envelope.

Hate to write letters? Send \$1 to Abby, Box 69700, Los Angeles, Cal. 90069, for Abby's booklet, "How to Write Letters for All Occasions."

SUNDAY, DEC. 19
Your birthday today: All you need do for normal prosperity during the coming year is to continue diligent efforts in those activities which are known to pay off well for you. Today's natives tend to have sympathetic and genial personalities.

Aries (March 21-April 19): Look around you this Sunday, see your neighborhood and the larger environment beyond it for what it is and the shape it's in.

Taurus (April 20-May 20): Occupy your available leisure time considering how best to consolidate your activities to conserve time and energy.

Gemini (May 21-June 20): Make peace now wherever you've gotten into any disagreement—it may take some doing but keep at it. A new reapproachment promises well.

Cancer (June 21-July 22): If you can concede just a little, you can drive a very shrewd bargain in property today. Get firm commitment for future negotiation.

Leo (July 23-Aug. 22): So many details claim your attention you may as well just pitch in and do a day's work clearing them all up.

Virgo (Aug. 23-Sept. 22): Extra service comes your way this Sunday. Volunteer and choose what you want to do instead of winding up doing what you are averse to.

Libra (Sept. 23-Oct. 22): In pursuit of romantic or sentimental experience take the time to note where others' moods and emotional states drift. Nobody is to be rushed.

Scorpio (Oct. 23-Nov. 21): Take yourself out of competition altogether. Get an extra-long rest.

Sagittarius (Nov. 22-Dec. 21): Be sure you understand all the directions and details before taking action on plans worked out by others. Make up your own mind, perhaps revise some schedules.

Capricorn (Dec. 22-Jan. 19): Any effort to force issues backfires today. Be sure your information is accurate and your attitudes reasonably fair, enter debate in good confidence.

Aquarius (Jan. 20-Feb. 18): This weekend is time to complete many routines that might go over to next-end if you didn't push a bit. Get ahead of schedules where you may.

Pisces (Feb. 19-March 20): Do what is expected of you by your community, then seek comfort in solitary meditation, a restful atmosphere.

MONDAY, DEC. 20
Your birthday today: Imaginative experiment eventually takes over for you once you get thru a few more months of reorganization and consolidation efforts. The turning point will be quite definite. Today's natives are inclined to seek political challenge, vigorous occupations.

Aries (March 21-April 19): Begin the week in your own style—it's your initiative. Select your best organized deals for first attention.

Taurus (April 20-May 20): Trusted team-mates constitute the entire scene for you today. Boost your share in group ventures. Bring in new associates.

Gemini (May 21-June 20): In buying for sentimental reasons, remember it's a symbol or token only—the sum expended having little meaning beside the sense of your message.

Cancer (June 21-July 22): Having reflected on yesterday's learning, you begin a moderate week of peaceful personal progress.

Leo (July 23-Aug. 22): A forthright approach is the only workable medium now.

Ask for what is due you, collect old scores, write off what is definitely gone.

Virgo (Aug. 23-Sept. 22): Correct whatever you can reach today—it may be your last chance on many personal communications.

Libra (Sept. 23-Oct. 22): You'll be proud of your flexibility concerning things which turn out less significant than now believed.

Scorpio (Oct. 23-Nov. 21): Tidy up—there's more to do than appearances indicate and something to learn as you go along.

Sagittarius (Nov. 22-Dec. 21): New, experimental ventures need time and space in which to prove themselves before you go into them.

Capricorn (Dec. 22-Jan. 19): Differences develop on any excuse or none at all. Pay no serious attention until it's in your own bailiwick.

Aquarius (Jan. 20-Feb. 18): There's much to do of no great consequence but you feel better when all about you is neatly arranged.

Pisces (Feb. 19-March 20): Being extravagant to keep the pace is just not the thing to do now. Your own budgets and standards are good enough.

Daughter Continues Christmas Tradition

NEW YORK (AP) — during the holiday season, along with remnants of wrapping paper, Christmas card lists, light strings and ornaments, family traditions make their annual appearance.

It may be the reading of "The Night Before Christmas," going caroling, the yearly eggnog party, or the same old lopsided star at the top of the tree.

Our family tradition is the stypic pencil.

It all started the Christmas our daughter was 6. By promising to turn over to her older brother her assigned viewing time on our one television set, she had bribed him to take her shopping at the neighborhood 10-cent store.

Gay had made her purchases, except for finding a present for her father—a matter to which she was devoting lengthy search. However, her taste ran to the most expensive merchandise and Bren, better versed in finance, pointed out that she had only one dime left.

Since gift items available for that sum were somewhat limited, the remainder of the shopping expedition threatened to be a protracted as well as tearful one. Bren, impatient to get back to his favorite TV program, resourcefully directed his impetuous sister's attention to a stypic pencil—price 10 cents. He gave her the hard sell, predicting that it might even save her father's life by stemming the bleeding should he cut himself while shaving. Gay bit—and bought.

On Christmas morning Daddy welcomed the gift with such enthusiasm that Gay smugly took full credit for the choice. During the year Daddy tactfully managed to nick himself a few times and to remark to Gay that her first-aid item was more useful than a tourniquet.

Having been so successful the previous year, Gay decided to stick with a winner the next Christmas, and again there was a stypic pencil waiting under the tree for her father, even though the price had gone up to 15 cents.

By the time she was 8, Gay's allowance had grown, but so had her sense of humor, and she purchased a stypic pencil for old times' sake, along with another present. From that time on the gift showed up every year, sometimes wrapped in glowing foil with fancy bow, sometimes a tiny package hidden in the tree.

Jack the Ripper couldn't have used up those stypic pencils as fast as my husband acquired them.

A couple of years ago we were facing our first Christmas without the kids. Bren was in California and Gay was going to school in Paris. Gately, we decorated

the tree but the lights didn't seem as bright as usual. Then, on Christmas Eve, Gay walked in the door. She had turned in her ticket for a scheduled class trip and used the money for a surprise visit home.

She brought us a lot of lovely things, but her father's favorite present was the French version of a stypic pencil, in a squat metal case instead of a thin glass tube, and bearing the label: "Hemo Stick, pour les

ALL-TIME WINNER—Pearls are winners for the holiday fashion look. They're part of the great elegance plot. Fluted gold ball drops a cascading bedazzlement of seed pearl tassels (left). A gold-toned chain is interwoven with strands of seed pearls to provide a delicate contrast. Baroque pearls are in, too. Flat baroque patterns (right) swing free and are interspersed with spraying links of tailored antique gold. Everything's suspended from an antique gold wheel chain so you get plenty of shimmering movement.

Polly's Pointers

DEAR POLLY — Christmas at our house is always full of love and sharing so I would like to share a family tradition that was started 22 years ago on our daughter's first Christmas. Her father bought a reindeer bank, put some change in it and set it by the tree. Each year it has been put there, coins have been added and they were counted many times by our little one, who always carefully returned them to Randolph, the deer. As she grew up, Randolph was always on our hearth. When she married, the accumulated money was used to buy Christmas ornaments for their first tree. This Christmas will find a new little deer and the tradition will start all over again.

—Mrs. I. L.

Polly's Problem

DEAR POLLY — Recently I finished a needlepoint picture and then glued it on cardboard to go inside the frame just as the directions said. The glue came through the needlepoint so I wonder if any of the readers can tell me how to remove this. As yet I have not used anything on it.

MRS. V. C.

DEAR POLLY — My Pet Peeve concerns cup and glasses that have depressions in the bottoms. They fill with

water when in the dishwasher and splash on the dry things which then have to be dried with a towel. I wish they were all made with flat bottoms.

—MRS. R. McL.

DEAR POLLY — When wrapping Christmas gifts do not discard the cardboard tubes the decorative paper comes rolled on. They are useful for keeping Christmas tree light strings from getting tangled. Simply make a slit about an inch long at each end and start one end of a string in one slit, then wrap the rest of the string around the tube and secure the other end in the other slit.

—N. F.

DEAR POLLY — My husband gets several more shaves from his aerosol foam shave after storing the can upside down when it seems nearly empty. I also do this with roll-on and spray deodorants.

Marriage Record Topped

MANCHESTER, Ky. (AP) — Edd and Margaret Hollen have been married 82 years, seven months and 10 days. Edd, 105, and Margaret, 99, of Bear Branch, were married in the Kentucky mountains on May 7, 1889.

According to the Guinness Book of World Records, the previous record for conventional marriages was 82 years and one day held by Frederick Burgess and Sarah Ann Gregory of London, England. She died June 22, 1965.

"I think the Lord has blessed us mighty well," said Mrs. Hollen. Their health is relatively good, according to their 67-year-old son Carlo Hollen, with whom they live.

Both have lived most of their lives in Clay County except during World War I when Edd worked in an Ohio factory. He didn't remember where. "I'm proudest of my children," Mrs. Hollen said. Six of nine children are still alive and the Hollens have 38 grandchildren.

Said Edd of his wife: "Yes sir, she's been a good wife... she's been all right."

I made a purchase in a department store recently and handed the saleswoman a \$10 bill. "This isn't our charge plate," she said.

"I'm not charging," I said. "I am paying cash."

"Huh?" she replied.

AUSTIN (AP) —

Preliminary counts of sandhill cranes in West Texas indicate a drop in population, say Parks and Wildlife Department biologists.

However, these early counts sometimes do not give an accurate picture of things to come, they said.

After they counted approximately 112,800 birds, reports came in from game management officers and the public that a great many more sandhills were invading West Texas.

"Look," I explained, "subtract the \$7.50 I owe you, then give me the change."

"I've only worked here a week," she said, edging nervously away from me. She signaled to her supervisor. "What's this lady trying to pull on me?"

"It's money, dear, the supervisor explained.

"They didn't cover this in training class," the clerk said.

"It doesn't happen too often," the supervisor explained. "But every six months or so we have one."

It really wasn't an unnerving experience for me. I have grown used to disgruntled customers lining up behind me in a store while

the manager grimly sorts through my identification papers. I do not mind being fingerprinted or photographed, although I fear someday they may spindle or mutilate me.

I gave up long ago ordering packages sent to c.o.d. because I disliked being charged a penalty for paying cash. I understand, of course, that paying cash causes the store to lose the interest money they could earn on my revolving charge.

I have been forced to buy a few things on time payments although I would have preferred writing a check. Surely everyone has had this problem. It usually happens when you attempt to discover the price of an item and the clerk keeps saying, "What do you mean, 'What's the price' I told you, it's \$10 a month."

Schoolboy Roundup

By The Associated Press

Savoring championship victories in Friday night's round of action are San Antonio Lee, which squeezed by favored Wichita Falls 28-27 for the Class AAA title, and Jacksboro, which defeated Rosebud 20-14 for the Class AA championship.

San Antonio Lee quarterback Tommy Kremer fired a 29-yard touchdown pass to Richard Osborne with 2:21 left in Friday night's Irving clash with Wichita Falls to tie up the score. Kramer calmly kicked the extra point to give San Antonio Lee the one-point victory margin.

The Volunteers rallied from behind after Gary Lancaster of Wichita Falls dashed 15 yards for a touchdown to put his team ahead 27-21 with less than 6 minutes to play. Kramer's last-minute touchdown pass was his third of the night. The scrappy junior hit Gary Haack with a 4-yard touchdown pass and nailed Pat Rockett with a 50-yard scoring strike.

Osborne drew shrieks of excitement from the crowd of 23,097 in Texas Stadium when he returned the second half kickoff 86 yards for a touchdown.

Plano Captures AAA State Title

By JACK KEEVER
Associated Press Writer
AUSTIN, Tex. (AP) — A killing fumble into the end zone as Gregory-Portland was about to score a go-ahead touchdown enabled Plano to edge the South Texans 21-20 Saturday for the Class AAA state schoolboy football championship.

Blue-chip college prospects Marty Akins of Gregory-Portland and Pat Thomas of Plano lived up to their advance billing in a game that

wasn't decided until Akins' 35-yard field goal attempt into a 5-mile an hour wind was wide with 9 seconds left.

A crucial 15-yard clipping penalty against tackle Randy Albrecht after Akins had run to the Plano pushed the Wildcats back and forced Akins to kick from farther out. He had driven Gregory-Portland from its own 20 to near the Plano goal line, using

just over two minutes, before missing the field goal after what appeared to be a low-snap from center.

It was halfback Jay Callaway's fumble after he had dashed three yards to the lip of the Plano goal line midway in the fourth quarter that was the crushing blow. Mike Avery jumped on the loose ball in the end zone and Plano took over on its 20.

Louisiana State Picks Iowa Apart

EL PASO, Tex. (AP) — Caggy Bert Jones picked apart Iowa State's young defensive secondary for three second-half touchdown passes and ran for another Saturday to lead Louisiana State to a 33-15 football victory over the Cyclones in the 37th annual Sun Bowl.

The loss was a heartbreaker for Iowa State, which was making its bowl debut after 76 years of college football frustration.

Jones, who threw just nine touchdown passes during the regular season, completed just two of five aeriels in a very tightly played first half.

But with LSU leading 6-0 moments after the half, he went to work.

He connected on a 37-yard scoring pass to split back Andy Hamilton to give the Tigers a 13-3 lead.

Moments later Jones hit split end Gerald Keigley from

21 yards out to give LSU a commanding 19-3 lead.

Iowa State refused to quit.

The Cyclones, hurt through-

out the game by four lost

fumbles and an interception, came back to tighten it up on a pair of touchdown passes by

quarterback Dean Carlson.

4---Walking and Climbing

By Robel Straubhaar
Director, Crested Butte
(Colo.) Ski School

After you have become accustomed to your skis so that they don't feel like buckets of cement, you should learn to walk correctly on the flat. It is a most important step for the beginner and an excellent conditioning exercise. The technique of walking is natural.

First put on your skis on a flat surface. Holding your poles by the grips, start to walk by sliding the skis over the snow. Look around. Don't look at the skis. Feel what your feet and legs are doing while supporting yourself with the poles. Once you have started and you feel comfortable, lift your poles off the ground and try your balance without support. In

this maneuver the skis remain flat on the snow.

Climbing. Walk to a slight incline and turn your skis parallel to the slope. Now, push your knees slightly in toward the hill. You are now edging the ski into the hill holding yourself from sliding back down the hill. Support yourself again with the poles and making small steps walking uphill sideways. The edge control and the transfer of weight from one to the other are very im-

portant to feel your ankles, feet, and legs and try different movements: sideways, forward, backwards. This gives you the feeling of the whole ski under your foot.

In my ski school at Crested Butte, Colo., we stress these important fundamentals of skiing so beginners can quickly become acquainted with the feeling of their skis.

Marinaro Is Picked For All-Star Squad

NEW YORK (AP) - Ed Marinaro, Cornell's record-breaking running back, and three members of Penn State's Lambert Trophy champions were named to the Eastern College Athletic Conference Division I all-star football squad.

Penn State's representatives are running back Lydell Mitchell, who set an NCAA record by scoring 29 touchdowns this season; quarterback John Hufnagel

and offensive tackle Dave Joyner.

Marinaro's selection marked the third consecutive year he has made the team. Named for the second time are offensive end Mike Siani of Villanova, guard Bill Singletary of Temple, linebacker Sam Picketts of Rutgers and defensive back Tom Myers of Syracuse.

Sophomore of the Year is Colgate quarterback Tom Parr.

Professional Roundup

By BRUCE LOWITT
Associated Press Sports Writer

Everything's all but settled in the National Football League except for—where else?—California, where San Francisco and Los Angeles go down to the wire in the playoff berth battle.

With the exception of the National Conference West, which will send only one representative into postseason play, all entries—divisional winners and "wild card" clubs—have been determined.

And going into Sunday's 14th and final weekend of regular season action, the 49ers, with an 8-5 record, hold a half-game margin over their arch-rivals, the Rams.

San Francisco can repeat as NFC West winner with a victory over the visiting Detroit Lions—and can back into the title as well if the Rams tie or

the Cowboys, Redskins, Colts or Dolphins win their divisions, all four clubs will be in the playoffs, along with Cleveland, Kansas City, Minnesota and either San Francisco or Los Angeles.

If the AFC and NFC East standings remain as is with Baltimore and Dallas winning, Miami and Washington will have the lose in their game several hours earlier in the day against the Steelers in Pittsburgh.

Sunday's other games have New England at Baltimore, Green Bay at Miami, Cleveland at Washington, Minnesota at Chicago, Buffalo at Kansas City, Atlanta at New Orleans, San Diego at

Houston, Philadelphia at the New York Giants and Cincinnati at the New York Jets.

Baltimore's defending Super Bowl champions, can win their division, the AFC East, by turning back the Patriots. Miami trails the Colts by one-half game.

But regardless of whether "wild card" slots at the runners-up with the best records in each conference.

And if the Dolphins vault into the top spots, the Colts will be the runner-up and the "wild card" squad.

The 49ers, with John Brodie throwing to Ted Kwalick and Gene Washington while Vic Washington and Ken Willard

do the running, are No. 2 in NFC offense. The Lions are third, led by quarterback Greg Landry and running back Steve Owens.

The Rams, fourth in NFC of-

fense, are paced by second-best ground gainer Willie Ellison. But the Steelers will counter with Terry Bradshaw tossing to Ron Shanklin and Dave Smith.

PAMPA, TEXAS 65th YEAR SUNDAY, Dec. 19, 1971

Hoosiers Smother ND, 94-29

BLOOMINGTON, Ind. (AP) - Indiana University held Notre Dame scoreless for 13 minutes in the first half and went on to overwhelm the Irish 94-29 in college basketball Saturday.

The 12th-ranked Hoosiers, now 5-1, trailed 5-4 in the opening minutes but raced away to a 45-13 halftime lead. The Irish, 2-5, were able to hit only two field goals in the first half.

The game dedicated the Branch McCracken Memorial Floor in the New IU Assembly Hall.

Individual scoring honors went to guard John Ritter with his all-time high at Indiana of 31 points.

The Irish only hit 13 per cent from the field, connecting on 8 of 61 shots.

Irratic Chargers May Need A Coach

HOUSTON (AP) - The erratic San Diego Chargers try to win their first game of the season on the road against the Houston Oilers Sunday in what could be the final game for Ed Hughes as Oiler head coach.

Hughes' rocky relationship with the Oiler front office took a downward turn Monday when Hughes fired offensive backfield coach Walt Schlinkman, who had been with the Oilers 11 years.

Oiler Owner Bud Adams and General Manager John Breen praised Schlinkman's work for the Oilers. Hughes said his working relationship with Breen "could be better."

That heightened speculation that Hughes, who has posted a 3-9-1 record this season, would

be dismissed after only one year of a five-year contract.

The Oilers have fashioned a late-season surge of sorts, winning their last two games, and could move out of the AFC's Central Division cellar if they win and Cincinnati loses its finale.

Rookie Dan Pastorini, who threw a desperation pass completion that led to Houston's last-minute 20-14 victory over Buffalo last week, will start at quarterback.
