

Pay-As-You Go Tax Measure Up To FDR

WASHINGTON, June 3 (AP)—American income taxpayers today awaited President Roosevelt's decision whether they shall pick themselves up by the financial bootstraps and become current on their bills with Uncle Sam.

Before the president is a compromise measure approved by overwhelming votes in both houses of congress which will put 44,000,000 persons on a pay-as-you-go basis if Mr. Roosevelt signs it, as congressional leaders are reported to have received new assurances he will do. The measure was sent to the White House by a 62 to 19 senate vote yesterday.

If it becomes law, the average taxpayer will pay 25 per cent of the lesser of his 1942 or 1943 taxes—in addition to his current levies—as the boot-strap device to get himself on the pay-as-you-go basis.

This, and other major provisions will make collections current in this manner:

1. A full year's tax (the lesser of 1942 or 1943) will be abated for all persons who owe \$50 or less, with a notch provision giving a \$50 abatement to all up to \$66.67. Only 75 per cent of the lesser of 1942 or 1943 taxes will be abated for others, who will be required to pay the remaining 25 per cent in two annual installments.

2. A 20 per cent withholding levy on wages and salaries, above basic exemptions, will go into effect July 1 for current collection of income credited to 1943 taxes.

3. Taxpayers with other sources of income will estimate their 1943 liability and pay quarterly on it, beginning Sept. 15.

4. The first two installments paid this year on 1942 taxes will be credited to 1943 taxes.

"It will make tax collection at the source immediately possible—a device, whether we like it or not, which is indispensable to the war effort," Sen. Vandenberg (R-Mich.) declared. "It will substantially increase the federal tax revenue for 1943, 1944 and 1945. It probably stabilizes individual income taxes for the next two years."

Vandenberg's reference to "stabilizing" income taxes found support among his colleagues, many of whom said privately it would be impossible to boost individual rates in the search congress is scheduled to begin later in the year for \$16,000,000,000 in new revenues.

Steak To Cost More Points

WASHINGTON, June 3 (AP)—Steaks will cost from one to three more points a pound beginning Sunday.

The office of price administration, seeking to divert American appetites to pork, lamb, veal and variety meats, last night announced a general increase in point values of preferred beef cuts such as steaks and roasts.

Fewer points will be required for numerous items of lamb, veal and variety meats, while pork values generally remain unchanged.

Except for chuck or shoulder steaks, upped one point a pound, Round steak will require 15 points a pound, compared with 10 points for pork tenderloin.

Pork now is coming to market in relatively greater quantities than beef, GPA said. Beef slaughter between March 26 and May 21 was almost 10 per cent below expectations. Pork slaughter exceeded the forecast by about 15 per cent.

Four categories of canned fish—crabs, sea baring, sea muskels and a half dozen types which had been grouped as "all other"—in the official table—were removed from rationing.

Prisoners Of War Listed At 17,083

WASHINGTON, June 3 (AP)—The enemy now holds at least 17,083 American soldiers captive, Secretary of War Stimson reported today, and 11,307 of them are in the hands of the Japanese.

These figures are incomplete, he said, including only those whose names have been reported through the International Red Cross. On this basis, Germany holds 3,312 prisoners and Italy has 3,464.

Stimson, in a press conference at which he also mentioned that the virtually-completed conquest of Attu puts American forces "in striking distance of Japanese territory," said that food packages are being sent regularly to the prisoners in Germany and Italy but the Japanese have not yet agreed to such an arrangement.

Report Five From Airliner Rescued

LIBBON, June 3 (AP)—A Radio Roma message from Madrid said today a Spanish fishing boat had rescued five Britons from the Britain-bound air liner shot down Tuesday over the Bay of Biscay.

The survivors were taken from a rubber life raft, the message said. (They were not identified in this dispatch).

Axis Vessels Sunk In Daring Naval Attack

Allies Strike At Heart Of Italy's Sea Communications

ALLIED HEADQUARTERS IN NORTH AFRICA, June 3 (AP)—Allied merchant destroyers sank two Axis vessels and an escorting torpedo boat and drove an enemy destroyer ashore burning Tuesday night in an attack on a convoy off Capo Spartivento, Italy, it was announced today.

Capo Spartivento is at the toe of Italy.

The daring Allied naval attack struck at the heart of Italy's sea communications in defiance of the Italian fleet.

Together with two naval bombardments this week of Pantelleria, it indicated that in Italy's southern waters the Allies have achieved naval supremacy to match their air supremacy.

The Italians are dependent on the Strait of Messina between Sicily and the toe of the Italian mainland to sail cargo ships between the west and east coasts. Capo Spartivento stands at the southern approach to the Strait of Messina.

In the air war, American planes raided Pantelleria and the southwest coast of Sardinia yesterday without loss of a single plane.

The naval blow off Capo Spartivento like the two naval bombardments of Pantelleria was accomplished without loss of a single ship.

"Our force suffered no casualties or damage," said a communique issued from the headquarters of Gen. Dwight D. Eisenhower, allied commander in chief.

One of the sunken merchant vessels blew up after being set afire by the destroyers' guns, the bulletin said. Among the attacking force was one vessel of the Royal Greek navy.

United States war planes swept over Pantelleria almost at will yesterday, blowing up one building in the port area and damaging others and shot up radio installations and bivouacked troops in southern Sardinia.

Marauders, Lightnings and Warhawks maintained the merciless air offensive against Mussolini's fortified rock 45 miles east of the tip of Cap Bon peninsula.

Union Agent Is Shot To Death

St. Louis, June 3 (AP)—Joseph E. Newell, business agent of the St. Louis AFL Hosiery Engineers' union, was shot to death last night and police were searching for three men said to have been with him earlier in the day.

The officers were investigating reports that gangsters had attempted to muscle into Newell's labor province.

Two B'Spring Lads Meet Violent Death

Violent deaths, one by accidental shooting and the other by drowning, came to two Big Spring boys Wednesday evening.

Almost at the same time that Ramiro Romero, seven-year-old son of Mr. and Mrs. Leon Lujan, drowned in the Birdwell tank in central Big Spring, Kenneth Allen Carr, 15, son of Mr. and Mrs. W. L. Carr, was shot fatally near Lenora in March.

Ramiro, who could not swim, jumped into a deep hole while playing with companions in the earthen tank, which had claimed the lives of at least five others, and his body was not recovered for approximately 20 minutes by Ernest Salgado, one of his Boy Scout companions. Ernest and

two companions had started artificial respiration by the time Policeman Leon Callahan arrived at 5:08 p. m., but efforts to revive the child were futile.

Kenneth Carr was killed instantly when struck by the charge from a 12 gauge shotgun in the hands of a companion, with whom he was preparing to go hunting on the farm of his uncle, A. H. Hardin, where he was spending the week.

Besides his parents, he leaves a sister, Billie Catherine Carr, and a brother, Robert Lee Carr, his grandfather, P. A. Carr and maternal grandmother, Mrs. L. H. Hardin, Lenora; 11 aunts and uncles.

He was a member of the Wesley Methodist church, was in its intermediate department and also was a member of Boy Scout troop No. 9. Kenneth was born July 19, 1929.

Funeral will be at 10:30 a. m. Friday at the Nailey chapel with the Rev. W. L. Porterfield, Wesley Methodist pastor, officiating. Doyle Dunbar, Preston Dunbar, Keith Bailey, Douglas Moore, Cecil Cherry, Billie Rainey, James Morrow and Jack Deyer will be active pallbearers and all other members of Boy Scout troop No. 9 will be honorary pallbearers.

Catholic rites were to be said at 5 p. m. today in the Eberly chapel for the Romero boy. Besides his parents, he leaves four brothers, Joe, Paul, Alex and Jesus, and one sister, Ruth. Both were to be interred locally.

Roosevelt Expected To Take Some Action To Restore Production Of Nation's Coal

BULLETIN WASHINGTON, June 3 (AP)—President Roosevelt was expected to be prepared to order John L. Lewis' striking coal miners to go back to work on Monday, with a program of more drastic action in reserve if his first demand goes unheeded.

WASHINGTON, June 3 (AP)—President Roosevelt called the CIO-AFL labor war board to the White House for a conference amid increasing signs of some presidential action designed to end the stoppage coal production by John L. Lewis United

Mine Workers.

Observers of the tangled situation, which has half a million staying away from their jobs in the mines, saw at least three possible roads open to Mr. Roosevelt:

An order or appeal to the miners to go back to work, the invocation of sanctions such as a draft reclassification or denial of other work to the miners or a compromise with Lewis.

The possibility of any action before late today, or perhaps tomorrow, appeared remote, however.

There was evidence that the White House and James F.

Bynes, new war mobilization director, were working behind the scenes to bring the coal strike to a conclusion.

Nevertheless, Presidential Secretary Stephen Early said that he assumed that the war labor board's order that negotiations between the operators and miners be halted until men are back in the coal pits still stands.

The members of the combined labor war board meet periodically with the president to consider all matters pertaining to labor in the war effort. There was no specific indication that the chief executive would bring the coal dispute before it, although chances appeared to be good that he would go over the coal problems with the CIO and AFL leaders. The United Mine Workers have no representative on the board.

Those coming to the White House included President William Green of the AFL; Phillip Murray, CIO president; Julius Enos, secretary-treasurer of the CIO Electrical Workers union; R. J. Thomas, president of the CIO Automotive Workers union, and George Meany, AFL secretary. Early told the press he was neither forecasting or anticipating any White House

situation later on in the day. Statement of action on the coal. He asserted:

"On the coal strike front there isn't as far as I can tell now, any expectation of any announcement that can be given to the press at the present time."

Meanwhile, soft coal operators and United Mine Workers representatives resumed their joint wage conference this morning although both groups of operators have advised the war labor board they will obey its order not to negotiate the coal contract issues while production is interrupted.

DETROIT, June 3 (AP)—The will of Edsel Bryant Ford was filed for probate today and, because it bequeathed the greater part of his Ford Motor company stock to the Ford Foundation, attorneys estimated estate inheritance and transfer taxes might not amount to much more than \$12,000,000. Earlier reports, based solely upon conjecture, had placed the possible tax at as much as \$200,000,000.

Attorneys said the estate itself probably would amount to \$300,000,000.

Edsel Ford, only son of Henry Ford and late president of the Ford Motor Co., died last week at the age of 49.

The Ford Foundation, a non-profit corporation, was organized in 1936 for educational and other purposes. Gifts to organizations of its type are not taxable.

That portion of the Ford stock not bequeathed to the foundation is left in equal shares to Mrs. Eleanor Clay Ford, the widow, and each of the four children—Henry Ford II, Benson Ford, Mrs. Walter Buhl Ford II and William Clay Ford. The widow is made executrix.

The Ford Motor Co. is capitalized at \$100,000,000—20,000,000 shares at \$5 a share, of which but 3,452,900 shares were outstanding as of September 1, 1942. Ninety-five per cent of the company stock, known as "Class A," is non-voting; five per cent, known as "Class B" is voting stock.

Latest available data indicate Henry Ford held 55 per cent of the stock; Edsel Ford 41 1-3 per cent and Mrs. Henry Ford 3 1-3 per cent. Each held "Class B" stock in proportion to his or her holding of "Class A" stock.

Edsel Ford also owned or controlled a majority of the stock in the Manufacturers National Bank of Detroit. This bank stock, as well as the family estate on Lake Shore road, Grosse Pointe Shores, and all the deceased's personal effects are left to the widow.

All other real estate in Michigan held by Edsel Ford and several other pieces of property go to the foundation, while a mansion at Sea Harbor, Maine, the White Hart Inn in New Hampshire and a residence in Florida are left to Mrs. Edsel Ford.

The will was signed on July 15, 1936. The Ford Foundation was incorporated six months earlier.

Mass Raid On Kursk Costly To Germans

MOSCOW, June 3 (AP)—A force of about 500 German planes attacked the Russian base at Kursk yesterday afternoon and at least 123 were shot down, the Russians announced today, signaling a new and growing phase of the bitter aerial battle on the eastern front.

The naval air fleet represented the largest single mass of the Germans have concentrated in any sector for months and their reported losses marked one of the biggest single day's bags in any theater of aerial war.

A Moscow broadcast said 88 of the raiders were brought down by Soviet pilots and that anti-aircraft guns shot down 30 more, after some planes got through to the city "and haphazardly dropped bombs which inflicted material damage and casualties."

The Russians said they lost 30 planes and declared the tally of Nazi victims was incomplete.

(The Soviet noon communique as recorded by the London Soviet radio monitor, said 37 German planes were shot down northeast of Novorossik yesterday. Land action was minor except on the Kalinin front, where 2,000 Germans were killed in a two-day battle.)

(Today's German communique asserted that the Germans were engaged in heavy defensive fighting in their Kuban bridgehead and that "thrusts and attempts at piercing the German lines, made by Soviet infantry and tanks, collapsed in concentrated fire x x x or else were smashed before the troops were deployed for attack.")

(Nazi air attacks on railway installations near Kursk were extremely heavy, and German shock troops blew up numerous Russian dugout positions, the Germans said. They also asserted 83 Russian planes were shot down yesterday. The communique was recorded by the Associated Press from a Berlin broadcast.)

Nine Hurt Slightly In Train Collision

VINITA, Okla., June 3 (AP)—Eight passengers and the conductor of a northbound Missouri-Kansas-Texas passenger train were injured slightly early today as the train collided head-on with a freight train here.

Railway officials said the collision occurred after the passenger train headed onto a passing track on which there was a southbound freight. The engines were badly damaged, but the crews of both locomotives jumped just before the crash and escaped injury. Two mail cars of the passenger train were derailed.

Chinese Rolling Japs Back With Losses Of Thousands

Chiang's Army Opposite Enemy Stronghold

By The Associated Press

Chinese headquarters announced today that Generalissimo Chiang Kai-shek's armies had driven to the right bank of the Yangtze river opposite the Japanese key-stone base at Ichang, rolling up 30,000 enemy casualties, and the invaders were reported in retreat along the whole under Yangtze front.

Ichang, which lies on the left bank of the river, is the stronghold from which the Japanese launched their self-advertised climactic offensive to knock China out of the war several weeks ago. The Chinese command said 4,000 Japanese troops were caught in a trap farther down the great river.

Dispatches said Gen. Chiang's forces were sweeping on to spectacular new triumphs after winning a "Chinese battle of Stalingrad" around Chihpei, where the Japanese had orders to resist to the last.

Chinese quarters apparently believed the battle might mark a turning point in the six bloody years of war with Japan.

Officially confirming the Chinese claim of victory, a Tokyo broadcast tersely declared that Japanese operations in central China had been "successfully concluded and all Japanese forces have been brought back to their bases."

Tokyo said the 10th Chinese army and other forces had been annihilated in battles extending over a 100-mile front from Tungting Lake to the Yangtze river stronghold at Ichang.

Nearly one-third of 100,000 Japanese troops engaged in the offensive, aimed at China's vital "rice bowl" lands, were declared to have been killed or wounded as Gen. Chiang's armies displayed a surprising resurgence of power.

American air power was credited with playing a strong role in supporting the Chinese successes, and a communique from Lieut. Gen. Joseph W. Stilwell's headquarters said the 14th U. S. air force struck 10 heavy blows against the Japanese May 30-31, strafing enemy troops, smashing trains and river boats, and destroying aircraft in the skies and on the ground.

GIRL BAGS BALLOON

MOSCOW, June 3 (AP)—A Russian girl pilot, junior Lieutenant Lily Litvack, was credited today with destroying an observation balloon which was directing German artillery fire in the Kuban.

Ford Estate Tax Placed At 12 Millions

DETROIT, June 3 (AP)—The will of Edsel Bryant Ford was filed for probate today and, because it bequeathed the greater part of his Ford Motor company stock to the Ford Foundation, attorneys estimated estate inheritance and transfer taxes might not amount to much more than \$12,000,000. Earlier reports, based solely upon conjecture, had placed the possible tax at as much as \$200,000,000.

Attorneys said the estate itself probably would amount to \$300,000,000.

Edsel Ford, only son of Henry Ford and late president of the Ford Motor Co., died last week at the age of 49.

The Ford Foundation, a non-profit corporation, was organized in 1936 for educational and other purposes. Gifts to organizations of its type are not taxable.

That portion of the Ford stock not bequeathed to the foundation is left in equal shares to Mrs. Eleanor Clay Ford, the widow, and each of the four children—Henry Ford II, Benson Ford, Mrs. Walter Buhl Ford II and William Clay Ford. The widow is made executrix.

The Ford Motor Co. is capitalized at \$100,000,000—20,000,000 shares at \$5 a share, of which but 3,452,900 shares were outstanding as of September 1, 1942. Ninety-five per cent of the company stock, known as "Class A," is non-voting; five per cent, known as "Class B" is voting stock.

Latest available data indicate Henry Ford held 55 per cent of the stock; Edsel Ford 41 1-3 per cent and Mrs. Henry Ford 3 1-3 per cent. Each held "Class B" stock in proportion to his or her holding of "Class A" stock.

Edsel Ford also owned or controlled a majority of the stock in the Manufacturers National Bank of Detroit. This bank stock, as well as the family estate on Lake Shore road, Grosse Pointe Shores, and all the deceased's personal effects are left to the widow.

All other real estate in Michigan held by Edsel Ford and several other pieces of property go to the foundation, while a mansion at Sea Harbor, Maine, the White Hart Inn in New Hampshire and a residence in Florida are left to Mrs. Edsel Ford.

The will was signed on July 15, 1936. The Ford Foundation was incorporated six months earlier.

Mme. Chiang And The Windsors Asked About Driving

NEW YORK, June 3 (AP)—Madame Chiang Kai-shek and the Duke and Duchess of Windsor were among those stopped and questioned by OPA inspectors in the Memorial Day weekend drive against violators of the pleasure driving ban in the Metropolitan area, Mitchell Jelline, chief OPA district enforcement attorney, disclosed today.

He said that all three had valid reasons for driving and were questioned as a routine procedure in the enforcement drive. Both parties, he said, were occupants of hired automobiles.

French Form A Committee

ALGIERS, June 3 (AP)—The French executive committee was formally brought into existence today and given the name of the National Committee of Liberation.

The committee's personnel is the same as previously agreed upon with Gen. Henri Giraud and Gen. Charles De Gaulle as joint heads alternating in presiding.

Following the meeting at which the organization was formalized as the governing body for liberated French territory, political quarters reported important changes would be made in the leadership for Algeria and French Morocco.

They said General Georges Catroux, who was liaison officer between General Giraud and De Gaulle, would succeed resigned Marcel Peyroux as governor-general of Algeria and Gabriel Puaux, former high commissioner in Syria, would succeed Gen. Auguste Nogues as resident general of French Morocco.

The members of the National Committee of Liberation besides General Giraud and De Gaulle are:

Gen. Alphonse George and Jean Monnet as members selected by Giraud; Gen. Massigli and Andre Philip as members selected by De Gaulle; Gen. Georges Catroux, accepted by both Giraud and De Gaulle.

The meeting at which the committee was brought formally into being broke a two-day deadlock during which no meetings were held and during which tension was evident in Algiers.

Right Must Become Might, New Bombardier Graduates Told

Special certificates went to Lieut. Thomas H. Black, Evansville, Ind.; Lieut. Gustaf E. Johnson, Brockton, Mass., and Lieut. Lawrence Lifshus, Brooklyn, N. Y., members of the Big Spring Bombardier school team which won second place in the first round of the bombardier olympics. Lieut. Black also won the class trophy as best bombardier. Best student was Lieut. Herbert C. McKee, Freeport, Ohio, and best athlete was Flight Officer J. H. McCall, Jr., Birmingham, Ala.

Wings were awarded by Col. Robert W. Warren, commanding officer of the school, A/C Kirby Brooks, accompanied by the post orchestra, sang two numbers. Invocation was by Chaplain Lawrence while Chaplain James L. Patterson pronounced the benediction.

Top officers of the class were Lieuts. Allen, wing adjutant; Lifshus, group commander; J. H. Adamson, group adjutant; H. J. Kelly, Jr., squadron commander; W. G. Hamill, squadron adjutant; and H. E. Gibbs, squadron first sergeant; R. J. Baker, C. G. Jones, P. D. O'Phelan and F. P. Winands, III, lieutenants of flights A, B, C and D, respectively.

DR. W. R. WHITE

Responding to the address, Lieut. N. C. Allen, wing adjutant of his class, declared that while bombardiers could not insure a lasting peace, they could insure that the axie would be so destroyed that it will have no opportunity to rise in aggression again.

Democratic processes were contrasted by Dr. White with those of totalitarian countries to establish his belief that only the truly democratic way could be right in the sight of God. Their training, he said, should help hasten the day when "right shall be might."

Bombers Hit Japs Again

WASHINGTON, June 3 (AP)—Renewed aerial activity in the South Pacific with American bombers pounding Japanese positions on Bougainville was reported by the navy today in a communique which told also of bombing raids on Kiska in the Aleutians and a continued wiping out of small enemy groups on Attu.

Large fires were started at Tinian harbor and Numa Numa harbor by the bombers which struck the northeast coast of Bougainville. Two small enemy vessels off Tinian were bombed and one was damaged and beached.

The communique raised the known Japanese dead on Attu in the Aleutians to 1,791, and said that on June 1st, on Attu Island, United States army troops combed scattered areas and by noon had eliminated minor groups of Japanese troops encountered while that same day formations of army Mitchell and Ventura medium bombers, Lightning and Warhawk fighters bombed and strafed Kiska. Hits were scored on the Japanese main camp area, runway and gun emplacements. A number of Canadiana piloting Warhawks participated.

NEW YORK, June 3 (AP)—Allied Liquor Industries, Inc., today announced that a study of liquor supplies throughout the country disclosed normal stocks were adequate to last three to four years on a rationed basis.

Second Son Born To The Joe Pickles

It's another boy at the Joe Pickle home. The infant was born Thursday at the Malone and Hogan Clinic-Hospital and was named Joe Gary. His weight was 8 pounds and 4 ounces.

Mother and son are reported to be doing nicely.

They Call It Pacific

by CLARK LEE

Chapter 4
The Rus Brines was already in the office with Cronin, and we discussed plans for covering the war. We debated whether we should enlist, but decided we would be more useful in our own jobs.

When Manila bestirred itself and awakened, shortly after sunrise, the people of the city could not believe their eyes when they read the newspaper extras nor their ears when they radios repeated over and over, "Japan attacks America."

They had known how intolerably tense the situation had become, they had known that the United States and Japan were deadlocked with no solution in sight, but it was incredible that the lightning had struck so soon.

From our office we telephoned the cable companies. Up to eight-thirty in the morning they still had contact with Guam. The Guam manager reported: "Many Japanese planes are attacking us. We have been in and out of our shelter since six o'clock. Our

small forces are still fighting but the Japanese have landed and are advancing. This can't last long."

I knew that the Japanese were very well acquainted with Guam. Two years before, at a press conference in the Navy office in Tokyo, smiling Rear Admiral Kanawaya had contested the statement by American correspondents that Guam was of no military value. That was during the controversy in the American Congress over whether Guam should be fortified or not. Congress was afraid of offending Japan, so the project was dropped. Kanawaya had taken his pencil and rapidly sketched the principal harbor of Guam. "It is an ideal harbor," he said. "The depth here is fifteen fathoms, there thirty fathoms. By simply blasting the coral heads here—"

he pointed to a place on his map—"there will be ample room for ships of all sizes."

The cable companies got a few brief messages from Hong Kong. The Japanese were attacking overland from Kowloon and bombing the Hong Kong waterfront.

A message sent by Jimmy White came in from Shanghai. It ended abruptly in the middle of a sentence. It said, "Japanese seized International Settlement U. S. S. Wake captured in Whanepoo stop heavy machine-gun firing audible from Bund British gunboat went down with guns blazing under—"

An urgent press message came from Davao. Japanese planes were bombing the city, the most important on the southern Philippine

island of Mindanao. One Japanese plane had been shot down. An American Navy PBX had gone down in flames. The ancient aircraft tender 'Langley' had been attacked.

The attack on Davao had been long planned by the Japanese and carefully prepared. No less than twenty-five thousand Japanese had settled there, prior to the pre-war immigration restrictions, and some seven thousand of them were said to be of military age and Japanese army reservists. They were rumored to have been armed.

When we learned that the Japs had also bombed Singapore we realized for the first time the magnitude of the attack.

Then, in mid-morning, the war suddenly came closer. Our correspondent telephoned from the mountain resort, and summer capital of Baguio, only 125 miles to the north of Manila. Japanese planes had bombed Camp John H. A. Y., which they evidently thought was a big barracks but was actually a recuperation camp. An American woman and her baby were among the nine victims.

MacArthur's headquarters telephoned. The general issued a message of "serenity and confidence" to the people of the Philippines. His forces were on the alert and prepared to fight off attack.

The spokesman arranged to meet the press at 11 A. M., so I went over to headquarters at Fort Santiago in the Walled City. MacArthur's spokesman met us in a small room. He was Major LeGrand A. Diller.

Diller arranged for two daily press conferences, and fort he issuance of credentials. There was not much news as yet. He told us to come back at 4 P. M.

War came home to most Manila-ites that morning when the air raid siren blew for the first time. Until the first bombs dropped when the air raid alarm sounded. The police and street patrols had difficulty in keeping people from poking their noses out of doorways and windows.

Throughout that first day of the war, press telegrams kept pouring

in to the Manila 'Bulletin' office. The first Japs set foot on Philippine soil in the Bataan Islands north of Luzon. They first landed at Aparri on Luzon two days later and quickly overcame units of the Philippine constabulary, which withdrew to the south. Even when the Japs landed at Aparri, which was 250 miles from Manila over rough country, nobody worried very much.

There was not much fear because everybody thought the Jap planes would come over Manila and our boys would knock them out and it would be pretty as hell to watch. We said to each other: "The minute that first bomb fell on Pearl Harbor the United States got moving. From all over the United States those big bombers are flying to San Francisco. They'll hop to Hawaii and then on down to Australia and up here. They'll be here within a week. They Call It Pacific... Gal 2.. The aircraft carriers will ferry pursuit planes out from Hawaii."

At 4 P. M. that first day I went back to USAFFE headquarters. Major Diller looked serious. He said, "Japanese planes which bombed Aparri this morning and later bombed Tuguegarao continued on the way to Manila. They were met and turned back at seven this morning by fighters from Clark Field."

"However, at about one this afternoon Clark Field was badly bombed. Many planes were destroyed and it appears that casualties were heavy."

"I don't have any," he said. "There is only one telephone line to Clark Field and that has been cut."

That disturbed me. I said to Mel Jacoby of Time, "Haven't these people ever heard of the radio of the automobile? Can't they send up there and find out what happened?" Of course, the fact was that MacArthur and Diller and the others at headquarters knew the truth, but it was too grim for public dissemination at that time.

At six in the evening a very scared Manila physician came in to our office at the Bulletin. He had been driving past Clark Field.

"I saw planes diving through the sky and heard explosions. I thought it was practice. Then I saw planes blazing on the ground and a wounded man ran past me and crawled into a ditch and a plane came down and sprayed the road with machine-gun bullets. Santa Maria, I was terrified!"

His story precipitated our first skirmish in what was to be a three week's battle with the Navy censorship. The censorship had been set up early in the morning, after news of Pearl Harbor, and was operated by naval reservists who had no experience in their jobs.

We wanted, especially, to report that our soldiers were clamoring for planes and to tell the people back home that without planes the Philippines would be lost. Then and later in the war the correspondents objected not to the idea of censorship as a means of keeping military information from the enemy, but to the inefficiency, inconsistency, and lack of understanding with which censorship was administered.

The Manila censors kept our work pretty closely limited until the last week before Manila fell. Then they relaxed the censorship completely and everything went through. Those last days the censors were urging us, "Get the people of the United States to wake up and get going and send some airplanes out here. Tell them we must have help or we'll go under."

The telegrams that were coming into the Bulletin office sent us scurrying for maps. The Japanese had bombed Vigan, San Fernando, and Iba Field, and a number of other places in northern Luzon. Most of us had never heard of them. But the messages in each case said the enemy concentrated on the airfields, and in that way we learned for the first time that our Air Force had built and was building a number of outpost and dispersal fields down the eastern coast and in the north central areas of Luzon.

In another ten days the fields would have been completed and our planes dispersed from Clark Field and Iba. The Japs had ob-

P. O. Receipts Continue At Record High

Postal receipts continued their run-away pace during the month of May, reports disclosed Wednesday, and set another new record for the month.

The final figure was \$3,252,731, said Assistant Postmaster Nat Shick. This was far ahead of the \$2,154,444 tacked up for May last year. The receipts also contributed the unusual twist of rising at a time they normally ease off after the spring rush and in the face of the impending second quarter tax payments.

Building permits also jumped during May, amounting to \$13,885 the second month since the war began that a month has exceeded the total for the preceding year. It was the largest month since September of last year. Contributing largely to the total were four lease conversion projects for \$1,900, \$1,700, \$4,200 and \$5,400, respectively.

Says Resignation Will 'Clear The Air'

DETROIT, June 2 (UP)—Lou R. Maxon, deputy administrator of the OPA, said here yesterday that the resignation of Prof. J. K. Galbraith from the organization would probably "clear the air" but denied that there had been any "great personal controversy" between himself and Galbraith.

Six hundred British naval vessels are constantly on duty over 80,000 miles of sea routes.

That night a blackout was ordered in Manila. (Copyright 1943 by Clark Lee; The Viking Press.) To Be Continued

Seth H. Parsons Gets Commission

Seth H. Parsons, former member of the Big Spring high school faculty, has been commissioned as a second lieutenant in the signal corps and has been assigned to teaching a course in training management at the officer candidate school at Fort Monmouth, N. J.

He received his commission May 10 at Fort Monmouth, oldest corps base and main training station for the signal corps. Resigning from the school system here last autumn to enlist as a volunteer officer training candidate, he was assigned to Camp Kohler, Calif. Later, as one of 17 candidates, he was shipped to Camp Crowder, Mo., and only he, Wilbur Phipps, Houston, and Tom Brown, the movie actor, completed the course.

Lieut. and Mrs. Parsons now reside in Shrewsbury, N. J., one of many small towns adjacent to the base, which lies south of New York City. Recently, while on leave following his commissioning, they visited in New York, Boston, Mass., Hampton Falls, N. H. Their apartment is in a 200-year old house, in which Mrs. Parsons wrote that "George Washington might have slept—except that we don't want to put any ideas in the landlord's head."

In England, boots which can't be repaired are converted into fertilizer.

FOUR MEN LOST

BEAUMONT, June 2 (UP)—Four men probably drowned early today when the 100-ton tug Stella, owned by the D. F. Pleton company of Port Arthur, sank in the intracoastal canal near the Texas Company island.

Joe Kubel, the White Sox's first sacker, has been holding down an initial sack in organized baseball for 18 years.

Reduced! Freshen-up wallpaper now! One can cleans an average room! Good for shades, too!

Nazis After Churchill When They Shot Down Airliner?

LONDON, June 3 (AP)—Belief prevailed in some quarters here today that the Germans were gunning for Prime Minister Churchill when they shot down a Britain-bound air liner bringing Leslie Howard and 13 other passengers from Lisbon Tuesday.

Reports said there was a greater concentration of mail planes over the Bay of Biscay—where the liner was last heard from while under attack—than at any one time in many months, and they were said to be pouncing on every aircraft they spotted.

Steel Output Threatened By Coal Shortage

WASHINGTON, June 3 (AP)—Chairman Donald M. Nelson of the War Production Board said today that "United States steel production will drop sharply late this week unless a flow of coal to steel plants is maintained, and practical paralysis of the war production program will follow any serious curtailment of coal supplies."

In a special statement to the press on the strike in the coal industry, Nelson said, "I am not involved in the coal dispute, as such, but I am seriously concerned about the devastating and inevitable effect of any curtailment of the flow of coal to industry upon our output of the weapons of war."

While steel was listed as the principal industry threatened, Nelson said immediate damage may be done also to the production of benzol or aviation gasoline and synthetic rubber and also to the output of various chemicals used in explosives, plastics and medicine.

Electric utilities, he added, generally have fair reserves of coal but in many localities power also is threatened.

Connally Talks For His Home Town

WASHINGTON, June 3 (AP)—Senator Connally (D-Tex.) put in a good word for his home town of Marlin when he conferred with Brigadier General Frank T. Hines, chairman of the federal board of hospitalization, regarding the location of a site for a proposed 1,000-bed naval hospital.

Since an announcement was several weeks ago that such a hospital was proposed for the Houston naval area, which includes all southern and central Texas, 22 towns and cities have sought to become the site.

Well aware that as senator he could not back individual towns in his state without incurring the animosity of his rivals, the veteran Texas legislator pointed out the advantages of all potential sites. Among these, he said, was Marlin.

Food Conference Comes To An End

HOT SPRINGS, Va., June 3 (AP)—The United Nations food conference wound up its 16 days of deliberations today by formally approving resolutions calling on the 44 participating countries to join in post-war planning for a world freed from want.

It recommended the creation of an international agricultural authority to secure collaboration on production to increase the production, distribution and consumption of food.

Big Spring Hardware Co.

131 Main Phone 24

German controlled radio stations had put out various stories about the prime minister's whereabouts during the past week.

On Sunday one axis report said he had been in Gibraltar for several hours. The next day a dispatch from La Linea, Spain, said he was reported "somewhere in Africa" after spending 24 hours at Gibraltar.

The axis assumption apparently was that Churchill would return to England over the Bay of Biscay. The missing British airliner was manned by a Dutch crew of four.

Besides Howard, the following were listed among the passengers: Mrs. Rotha Hutcheon and her daughters, Patsy, 11, and Caroline, aged 18 months. Mrs. Hutcheon was returning to England from Canada, where she had been living for the past two years. To join her husband, Lieut. Col. A. G. Hutcheon of the British army.

Alfred T. Chenhalls, 48, London accountant and company director, a friend of Howard.

Kenneth Stonehouse, Washington correspondent of Reuters news agency, and his wife.

Mrs. Cecilia Amelia Falon, Tyrrell Sherington, a Shell company executive at Lisbon.

Ivan James Sharp, a London official of the United-Kingdom corporation returning from a business mission in Portugal.

Francis German Cowrick, Gordon Thomas Mas Lean, Wilfrid Jacob Berthold Israel, Israel, a Londoner, had been in Portugal several weeks.

Cowrick was returning from a business trip to Spain for a London engineering firm.

It was not known whether any of the passengers had a chance to take to rubber life rafts, but if they did it was regarded here as doubtful that the boats could have remained afloat in Tuesday's rough seas.

Local Men Finish Army Course In Bomber Maintenance

SAN ANGELO, June 3—Six soldiers from the Big Spring area have completed San Angelo Army Air Field's intensive 100-hour bomber maintenance course to become basic aircraft mechanics. It is announced by Colonel George M. Palmer, commanding officer of the bombardier school.

The men, members of the 51st Bombardier Training Squadron, which moved from Big Spring to San Angelo the first of the year, included:

Pvt. Jesse F. Campbell, son of Mr. and Mrs. Charles M. Campbell, 1105 West Sixth, Big Spring.

Pvt. Jack E. Hopper, son of Mr. and Mrs. Thomas Hopper, Knott Route, Big Spring.

Pvt. B. W. Hicks of Dumas, son of Mr. and Mrs. Tom B. Hicks of Big Spring.

Pvt. Francis E. Bond, son of Mr. and Mrs. Luther M. Bond, Coahoma.

Pvt. Glen W. Hillger, son of Mr. and Mrs. Bert H. Hillger, Garden City.

Pvt. Werner M. Garlington of Rotan, whose parents live in Corsicana.

Former Telephone Executive Dies

DALLAS, June 3 (AP)—F. M. Hoag, 63, president of Southwestern Bell Telephone company for 10 years before retiring in 1938, died today.

As southwest division plant superintendent at San Antonio, Hoag supervised communication facilities required in this area by the armed forces in World War I.

He served as general plant superintendent, engineer and assistant general manager for Oklahoma after the war, returning here in 1921 to become general manager for Texas.

In 1926 he was named head of the commercial department of Southwestern Bell in St. Louis and two years later was made vice president.

Survivors include Martha Clay Proctor of Bowling Green, Ky., widow; and two daughters, Mrs. Locke Furnell of Laredo, Tex., and Mrs. Sparks Rust of Del Rio, Tex.

Weather Forecast

WEST TEXAS: Little temperature change, except slightly cooler in South Plains and eastern portion of Panhandle tonight. Moderate to fresh winds.

EAST TEXAS: Continued warm this afternoon and tonight, except northwest portion this afternoon and northwest portion tonight. Fresh winds, occasionally strong this afternoon, diminishing tonight.

THE WAR TODAY: Bombing Should Soon Begin To Tell

By DEWITT MACKENZIE

The Anglo-American "experiment" of trying to bomb Corporal Hitler into near impotency is said in well-informed quarters to be proceeding splendidly according to plan, and it shouldn't be long now before the wear-and-tear begins to show in his fighting machines.

The effect of such a bombing is, of course, cumulative. That's to say, Hitler naturally has reserve supplies which are considerably

in advance of his immediate requirements. Thus even if all his war-production were halted at one time, it wouldn't necessarily stop his fighting-machine forthwith.

One of the results of this bombing already evident is that the Nazis are having to increase the manufacture of fighter planes in order to defend their industrial centers from bombing.

A Royal Air Force commentator in London yesterday said that greatly increased numbers of UBAAF bombers are needed for operations from Britain. He paid high tribute to American daylight bombing and said it contributed greatly towards making May the most successful month of the aerial offensive.

The point he had in mind undoubtedly is this: To bring the bombing drive to its peak of efficiency there must be constant day and night operations with big fleets.

This round the clock bombing keeps the Bochs constantly on the defensive at all points.

In order to give warplanes and crews adequate rest, it would be necessary to have three crews for each ship and each anti-aircraft battery. Hitler just hasn't got 'em.

The general theory upon which the efficacy of all-out bombing of Germany is based is being well substantiated. Remaining weapon, and he is being deprived gradually of his striking power by the Allied aerial assault.

The deterioration will proceed more rapidly with passing time. That is, it will if the slowing down of war production here at home doesn't cripple the great offensive.

Two Indicted On Charges Of Theft

COLORADO CITY, June 3—The grand jury which convened in Colorado City this week adjourned subject to further call after returning true bills in the case of George Edward Hale, charged with automobile theft, and Jack W. Bryant of Big Spring, charged with theft of a trailer. A negro, Amos Beal, was no-billed on a charge of burglary.

Hale, with two soldiers held here on desertion charges, broke jail in Colorado City Sunday night. He was captured in Sweetwater Tuesday night.

Public Records

Marriage Licenses

George Lee Jess and Lois Iva Petty, both of Monahans.

Walter E. Abbe and Margaret Monroe White, both of Big Spring.

Garry Thornton to add to building at 1307 W. 2nd street, cost \$100.

A. Cisneros to add room and stucco house at 200 NW 4th street, cost \$100.

W. I. Anderson to extend two rooms at 500 Owens street, cost \$150.

Henry C. Burnett Insurance Co. to hang sign at 115 Rannels street, cost \$15.

Warranty Deed

Annabel Birdwell to trustees of Ray E. Fuller post, VFW, \$5,000, part of section 44, block 83, township 1-N, T&P Ry. Co. survey.

Robert T. Piner to George H. O'Brien, \$150, lot 16 in Block 6 in Highland Park Addition to City of Big Spring.

Ralph Eugene Linn and wife to E. G. Christensen and wife, \$2,500, all of lots 23 and 24 in block 17 in Washington Place, an addition to town of Big Spring, 1926 District Court.

Handerson Crockett vs. Bernice Crockett, suit for divorce.

Responds—Declaring that for all their skill as bombardiers, ship could not insure a lasting peace, Lieut. Neil O. Allen, wing adjutant for class 45-B, said in graduation exercises Thursday at the Big Spring Bombardier School that he and his mates could set the stage by obliterating the axis.

Coloradoan Fined In Liquor Case

COLORADO CITY, June 3.—A Mitchell county jury found T. E. (Slim) Reed of Colorado City guilty of the illegal transportation of liquor in a trial before the county court here Wednesday. The jury affirmed his punishment at a \$250 fine.

Reed, with wife Lucille Ledbetter, was arrested after a midnight chase 12 miles south of town on May 8 when Sheriff Nick Narrel, a deputy, and two officers from the liquor control board in Big Spring recovered eight pints of whiskey from his automobile. Several dozen others were thrown from the speeding car, officers said.

Trial for Mrs. Ledbetter is scheduled for the July term of court. The car driven by the couple has been confiscated, Joe Ernest, county attorney said Wednesday night, but no disposition has been made of the vehicle to date.

Glasscock Club Boys To Receive Contest Pigs

Berry Duff, Glasscock county agent, was here Thursday to receive four Hampshire gilts and a boar for distribution to winners in the Glasscock county contest sponsored by Sears Roebuck & Co.

Winners, chosen in a "Cov-Hog-Hen" essay contest, were John Robinson, son of W. L. Robinson in the Hilger community; Tony Joe Willeke, son of A. J. Willeke, Donald Cox, son of John Henry Cox, Joe Cunningham, son of Phelps Cunningham, and Marion Wilkerson, son of Cecil Wilkerson, all of Garden City.

A committee composed of FSA Supervisor Fowler of Midland, Marvin Scott, Garden City vocational agricultural teacher and Duff selected the boys on the basis of their essays, their attitude and cooperation in the past and their facilities for the feeding-breeding project.

Under rules of the contest, each boy with a gilt is to give Sears Roebuck his choice of the litter to perpetuate the contest in the county. There will be prizes later on feeding and Howard and Glasscock counties probably will have a competitive show, said Duff.

The pigs were to be distributed to the boys by Duff and J. D. Frewitt, Texas A. & M. district extension service agent.

Ensign Is Missing After Air Crash

NEW ORLEANS, June 3 (AP)—Navy and coast guard crews searched today for Ensign Robert E. Frisch, 23, of Galveston, Iowa, missing since two planes collided yesterday over the industrial canal here.

Frisch's plane crashed into the Higgins Aircraft Corporation canal, leaving only the tail visible. Ensign Robert Sigel, Philadelphia, Pa., and Ensign Howard S. Tierney, Jr., of Green Farms, Conn., escaped uninjured when their plane crashed-landed in the canal. Tierney is a brother of Gene Tierney, the movie actress.

Few Ships Left At Gibraltar

MADRID, June 3 (AP)—Dispatches from La Linea said today that Gibraltar has been virtually clear of allied shipping.

Seventy merchantmen, including troop transports and tankers, passed through the Strait of Gibraltar from the Atlantic en route to North Africa at dawn yesterday, dispatches said, while another convoy of 80 freighters, six tankers and one hospital ship left Gibraltar harbor for the Mediterranean and North African ports.

No aircraft carriers or battle-ships, the dispatches said, now guard the Rock. The harbor is more deserted than at any time during recent months, with scarcely a score of freighters, of which four are under repair, at anchor there, it was reported.

Attack Is Fatal To Mrs. Joe F. Gregg

Last rites will be said at the Doris Roberts Chappel at 2 p. m. Friday by Maj. L. W. Canning for Mrs. Joe F. Gregg, 52, who Monday night fell victim to a heart attack.

Mrs. Gregg had resided in Big Spring for the past 15 years with her husband, Joe F. Gregg. Among survivors are eight children, including Ruby Gregg of Big Spring; two brothers and five sisters. Burial will be in the local cemetery with Nalley Funeral home in charge.

Deposition Offered In Dempsey Trial

WHITE PLAINS, N. Y., June 3 (AP)—Despite a barrage of legal objections, a deposition from a Los Angeles apartment house manager facing today an attorney for Lieutenant Commander Jack Dempsey, saying that Mrs. Dempsey, another woman, Benny Woodall and his sister, Mrs. Jackie Griffin, were together and intoxicated there sometime in November, 1942.

Dempsey, the former world's heavyweight boxing champion, is suing his wife for divorce. Woodall, a boxing trainer, has been named by Dempsey as a co-defendant.

Constipation Are Being Fined

The county clerk's office has recorded 143 notary public bonds in its files.

Clerks estimated that approximately 350 would be filed before the deadline of June 10. Although some 800 appointments were made for this county, a number of former notaries here have moved away or are now in the service.

Notaries' Bonds Are Being Fined

The county clerk's office has recorded 143 notary public bonds in its files.

Clerks estimated that approximately 350 would be filed before the deadline of June 10. Although some 800 appointments were made for this county, a number of former notaries here have moved away or are now in the service.

Battle Of Midway, Just A Year Ago Marked Turn Of Pacific Warfare

WASHINGTON, June 3 (AP)—The ultimate wreckage of Japan's ambitious scheme to smash American power in the Pacific and dictate peace in the White House is seen by authorities here in the history of 13 months of warfare following the enemy's decisive defeat in the battle of Midway Island, which was joined a year ago today.

Not since that battle has Tokyo been able or willing to launch a major new offensive, and now the initiative has passed so thoroughly

Here 'n There

A negro soldier had a sad story to tell military police Thursday, but he was richer only in experience for all his woes. He complained that he had been knocked in the head near a negro hotel, and relieved of approximately \$100. Police were checking but no developments were reported.

Departure of one negro man, slated as an inductee from Howard county, was delayed temporarily Wednesday when he availed himself of a last celebration and opportunity to talk back without having to reckon with a sergeant. However, he had to reckon with police.

Mrs. O. R. Rodden left Thursday for Ogerman, N. M., to assist her parents, Mr. and Mrs. J. R. Sanders in moving to Hot Springs, N. M. She plans to be gone for several weeks.

Mrs. S. H. Morrison remembered the police department for having assisted her recently when she slipped, fell and injured her ankle. Children of the Kate Morrison school had sent her a gardenia plant and after keeping it for a time, she sent it on to police along with a nice note of appreciation. "Made us feel like gentlemen," observed one policeman.

Proowler activity has been increasing, according to police records. They had calls to 616 San Antonio, 510 State, and 1300 Gregg in rapid succession Wednesday evening.

Mrs. Elva Lou Johnson, has been visiting with relatives and friends in Fort Worth, has returned here. She is an interviewer in the United States Employment Service office here.

Two negro men and a negro woman started a crap game and drew in two Mexican boys. Police raided the game and City Judge Tracy Smith ruled the negroes were old enough to know better and therefore were fined. The boys, after a stern warning, were released.

Capt. and Mrs. J. Gordon Bristow and son are visiting in town from Childress for a few days. The Bristows are former Big Spring residents. Capt. Bristow is stationed at the army air field at Childress.

Mrs. Clyde Thomas, Sr., and daughter, Ruth, have returned to Big Spring from Denton, where Mrs. Thomas attended graduation exercises at N. T. S. T. C. where Miss Thomas was here for two weeks visit before going to Fort Worth where she will be employed at Consolidated Vultee Aircraft company.

The county superintendent's office received a check Wednesday from the tax collector's office amounting to \$428.72 collected during May on current and delinquent taxes for distribution to rural schools.

Mr. and Mrs. Logan Baker and son, Woody, left this morning for Rush Springs, Okla., to attend funeral services for Mrs. Baker's father, C. W. Wood.

Ensign is Missing After Air Crash

NEW ORLEANS, June 3 (AP)—Navy and coast guard crews searched today for Ensign Robert E. Frisch, 23, of Galveston, Iowa, missing since two planes collided yesterday over the industrial canal here.

Few Ships Left At Gibraltar

MADRID, June 3 (AP)—Dispatches from La Linea said today that Gibraltar has been virtually clear of allied shipping.

Attack Is Fatal To Mrs. Joe F. Gregg

Last rites will be said at the Doris Roberts Chappel at 2 p. m. Friday by Maj. L. W. Canning for Mrs. Joe F. Gregg, 52, who Monday night fell victim to a heart attack.

Deposition Offered In Dempsey Trial

WHITE PLAINS, N. Y., June 3 (AP)—Despite a barrage of legal objections, a deposition from a Los Angeles apartment house manager facing today an attorney for Lieutenant Commander Jack Dempsey, saying that Mrs. Dempsey, another woman, Benny Woodall and his sister, Mrs. Jackie Griffin, were together and intoxicated there sometime in November, 1942.

Constipation Are Being Fined

The county clerk's office has recorded 143 notary public bonds in its files.

Notaries' Bonds Are Being Fined

The county clerk's office has recorded 143 notary public bonds in its files.

Constipation HEADACHES

If that's your trouble, PRU-LAX—the tasty laxative—may be just what you need to help relieve your constipation. PRU-LAX is a laxative—on a cathartic. It helps to stimulate "rhythmic activity" by aiding peristalsis of the colon. A compound of Senna and Cascara, combined with syrup and mild carminatives, it is pleasant to take. Constipation may be the cause of headaches, vertigo (dizziness), anemia, acne and other skin affections. Don't let it distress you. Get a bottle of PRU-LAX at your drugstore today. (Caution: Use this or any laxative only as directed.) (adv.)

Philathea Class Has Monthly Luncheon At Methodist Church

Columbine An Carnations Used In Decorations

The Philathea class was entertained with a monthly luncheon at the First Methodist church Wednesday afternoon and members of Mrs. Albert Smith's group

were hostesses. The group included Mrs. W. R. Cox, Mrs. Pat Harrison, Mrs. Louis Murdoch, Mrs. Wendell Leatherwood, Mrs. M. E. Coley, Mrs. R. L. Baber, Mrs. M. A. Cook, Mrs. Tom Slaughter, Mrs. H. D. Norris and Mrs. Smith. Yellow columbines and blue carnations were used in table decorations and were placed at vantage points about the room.

The afternoon program opened with a hymn "Jesus Calls Me," led by Mrs. Oren Waters with Mrs. C. W. Guthrie at the piano. Mrs. S. R. Nobles, who gave the opening prayer and devotional, was in charge of the meeting. Minutes were read and the treasurer reported that \$25.35 was in the class treasury. A social service report was read, and Mrs. Robert Hill was named class treasurer, succeeding Mrs. W. B. Graddy, who resigned.

Mrs. Pat Harrison who is moving to Fort Worth, was presented with a farewell gift from the group, and those attending were Mrs. Victor Flawellen, Mrs. C. Y. Clunkscases, Mrs. Garner McAdams, Mrs. Ralph Toler, Emma Gail Smith, Mrs. H. Clyde Smith, Mrs. Robert Stripling, Mrs. Bernard Lamun, Mrs. Harold Parks, Jimmy Parks, Mrs. George French and daughter, Mrs. S. R. Nobles, Mrs. C. W. Guthrie and son.

Mrs. Jake Bishop, Mrs. Emmon Lovelady, Mrs. F. B. Wilson, Mrs. Olie Cordill and grandson, Mrs. Robert Hill, Mrs. C. R. Moad, Mrs. Charles Watson, Jane Watson, Mrs. O. M. Waters, Mrs. J. D. Jones, Mrs. S. H. Newberg, Mrs. Joe Stephens and son and Mrs. W. B. Graddy.

Mrs. McNallen Returns From 3 Day Retreat

Mrs. W. E. McNallen, president of the Amarillo Diocesan council returned this morning from a three-day retreat held at St. Mary's Academy. During the meeting it was announced that the fall convention which was held in Lubbock last year would be held in Big Spring in October.

Mrs. W. E. McNallen

The retreat was devoted to prayer, meditation and inspirational services, and outstanding Catholic speakers included the Most Rev. Bishop Lawrence Fitz Simon, bishop of the Amarillo diocese and the Rev. Thomas McGrath, S. J., of Shreveport, La.

Mrs. McNallen, as president of the diocesan council, presided over the board meeting. A supper was held Wednesday evening as the concluding session of the three-day retreat.

Around 52 persons attended.

Personal Items From Coahoma

COAHOMA, June 3.—Pfc. Wallace Reid of Chanute Field, Ill., is home for a short visit with his parents, Mr. and Mrs. Howard Reid.

Bob and Bill Reid spent Thursday in the home of Mr. and Mrs. C. H. DeVaney.

Minnie Birkhead and the A. M. Sullivans are spending this week in Christoval.

Mrs. M. L. Watts and children, Beverly Ann and Lynwood, and Jimmy, and Mrs. N. E. Reid spent Tuesday visiting the H. C. Reids.

The young people of the churches have recently opened their recreation hall for every Thursday night which will continue throughout the summer.

Mrs. Earl Reid, Ritzy Reid, Mrs. G. R. Farris and Mrs. R. D. Arthur spent Friday in Lubbock with Earlyne Reid, who returned home with them for the summer.

Dan Clark of Abilene was a weekend guest in the home of Mr. and Mrs. Abbra Cranfill.

Mrs. Leroy Echols and daughter, Jane, and Mildred Brown, Mary Lee Knott spent Tuesday night and Wednesday visiting Amy Lee Echols, who is a student at Texas Tech. Amy Lee returned with them to spend the summer.

Marie Warren of Big Spring spent Sunday in the home of her parents, Mr. and Mrs. Wess Warren.

Waldon Dennis, who has been in California for the past several months, is visiting his parents and friends this week.

Arlton DeVaney spent Monday night with his grandparents, Mr. and Mrs. H. T. Hale.

Mr. and Mrs. Donald Lay spent Monday in Carlsbad.

Those who have recently returned from Lubbock are Buzzy Hubbard, Amy Lee Echols, Gray Birkhead, Ben Logan, Mary Lee Logan, Earlyne Reid, Harold Boswell and Herbert Linley.

Birthday Party

Mrs. Howard Reid entertained a group of friends and relatives in her home Friday evening with a party in honor of her son, Quinon, who celebrated his birthday this week. Dominoes and other games furnished diversion for the evening with prizes going to Mrs. H. C. Reid and the honor guest. The lace laid refreshment table was centered with a bowl of pink roses and green fern and the pink and green motif was also used in the refreshment plate and large birthday cake. After the gifts were presented refreshments were served to Mr. and Mrs. Howard Reid and family, Mr. and Mrs. Howard Reid and family, Bonnie and Sandra, Mr. and Mrs. Marvin Watts and family, Lynwood, Beverly and Jimmy, Mr. and Mrs. Earl Reid and daughter, Earlyne, Mr. and Mrs. Clay Reid and son, Randall of the R-Bar community, Mr. and Mrs. Jack Roberts and son, E. J., Mrs. N. E. Reid, Mrs. A. C. Manser, and Pfc. Wallace Reid of Chanute Field, Ill.

Bonnie Raye Reid and Louise O'Conner left Tuesday for Fort Worth where they expect to spend part of the summer visiting friends and relatives.

Mr. and Mrs. O. D. O'Daniel entertained with a fish fry at their home Friday honoring Pvt. and Mrs. Lowell Baird and Mr. and Mrs. Prentiss Bass of Fort Worth.

Others attending were Mr. and Mrs. A. C. Bass of Big Spring, Mrs. J. E. Brown and children, Windel, Roger and Mildred of Knott, Mr. and Mrs. E. T. O'Daniel, Mr. and Mrs. Leroy Echols and family, Amy Lee, Ray and Jane, and the host and hostess, Mr. and Mrs. O. D. O'Daniel and son, O. D.

AGED WOMAN DIES

AUSTIN, June 3 (AP)—Funeral rites were planned today for Mrs. James P. Hart, Sr., 97, widow of a former Austin city commissioner and one time district clerk.

Refreshments were served and those present were Jean Johnson, Mrs. J. B. Wheat, sponsor, Barbara Laswell, Helen Blount, Jonna McLaren, Wanda Rose Bobb, Bertie Mary Smith, Mary Joyce Mims, Betty Bob Ditta, Charlene Pinkston, Doris Nell Tompkins, Betty Jo Pool, Billie Ragdale, Patty McDonald, and the hostess, Margaret Jon McElhannon.

Refreshments were served and those attending were Mrs. Bill Edwards, Mrs. D. A. Watkins, Mrs. C. S. Edmonds, Mrs. Herschel Petty, Mrs. R. W. Halbrook, Mrs. Escot Compton, Mrs. Winslow, Mrs. Pickle and the hostess, Mrs. Anderson.

Mrs. Escot Compton will be next hostess.

Miss Lancous Notes

MARY WHEALY

Added to the other hazards of summer is the way you can pass up your best friends and never recognize them behind dark glasses. Why dark glasses make such a difference is hard to say but movie stars long ago discovered they were a slick camouflage.

Walking along the street unless you recognize your friends by their clothes, walk or hair do, you are likely to pass them by if they have their sun glasses on.

Sometimes you almost get a choice chum. You either end up by giving a startled "howdy" that someone else thinks is meant for them and gives you a blank stare, or you have to turn around and go back to speak to your friend.

Either way you figure it, dark glasses cut down on your visibility, and those inclined to be easily offended could spend the summer being unhappy.

Civilians might take a leaf from the army's booklet on how to win friends and recognize people, by wearing name tags as the soldiers do. Or easier yet, you might just

FOOD NUTRITION and Joint Rationing NEWS

The Big Spring Daily Herald

Here's Information On How To Obtain A Pressure Cooker

If you need a pressure cooker go to the Agricultural Conservation Association office at 801 Security. Ask for an application for purchase certificate for farm-

farm women and one urban woman.

If your application is approved, you will be sent a letter of approval, and also form to be filled out by the merchant, that a cooker has been located. You will then be issued a purchase certificate to go purchase the cooker.

In determining the eligibility of applicants for cookers the following items will be considered:

1. Maximum use of cookers—approximately 700 quarts, or the equivalent, during a 12 month period for a 7-quart cooker, other sizes in proportion; local conditions may vary this amount;

2. Applicants may be residents of rural or urban areas as use of cookers is not limited to farm families;

3. Applicants may be (a) individual families engaged in large quantity canning; (b) neighborhood pools, consisting of an applicant who has obtained the agreement of several neighbors to share the use of a cooker; (2) organizations, such as garden or home demonstration clubs, church societies, PTA's local school boards, etc., members of which have agreed to share the use of a cooker. In case of a joint application as in (b) and (c), each user is required to sign the appli-

cation in the space provided.

4. The applicant shall be a person who will assume responsibility for the proper care, use and circulation of the cooker.

Fresh Pineapple Canning Tips

Fresh pineapple is now being shipped into the state. Homemakers are urged to purchase for canning, fruit which is fully ripened, because this kind has the best flavor and contains more fruit sugar. Ripe fruit is orange in color and spines may be pulled out readily. Care should be taken not to buy over-ripe fruit, for this will result in waste. Under-ripe fruit should be wrapped in thick paper and kept a few days to ripen, at a temperature between 65 and 70 degrees.

Prepare For Canning

Here is how to prepare the fruit for canning. Cut off the stem and twist out the core. Place the pineapple on its side on a table and slice crosswise. Peel each slice. Cut out the core and shape the slices with a sharp round cutter or cut in pieces of any desired shape.

Juice or syrup for canning the fruit is best made from cooking the outer trimmings of the meat of the fruit, as the best flavor is the part next to the skin. Add cores and enough water to cover. Simmer until the fruit is clear, then strain the juice. Make a medium syrup with one measure of sugar to one measure of fruit juice. If less sugar is available, make the syrup with one-half cup of sugar to one cup of juice.

Process Like This

After sealing the jars, process in a water bath for 15 minutes for No. 2 cans, 25 minutes for No. 3 cans and pint glass jars; 30 minutes for quart glass jars. Use plain tin cans.

Cool quickly to prevent overheating as this affects the flavor and color. Clean and label containers before storing them in a cool dry place.

About Basic Foods For Those Lunches

If some members of your family eat one meal away from home, and you don't prepare it for them to take, you'd better find out what they're eating. Most away-from-home eating gets into a habit-run, so it will be about the same day after day.

Unless you are satisfied they're getting one or two of the basic seven food groups away from home, every day, better put them all into breakfast and dinner. You can get off to a good start with a breakfast of grapefruit or orange or tomato juice (Group II) or cocoa made with milk (Group III), cereal or toasted enriched bread (Group IV) with butter or fortified margarine (Group VII). If the family eats eggs for breakfast, you've caught Group V too . . . otherwise you'll want to put in meat, fish, eggs or peanut butter or dried beans or peas when planning that other meal.

Now for meal two, all you need to worry about is Group I (green and yellow vegetables, either one) and Group II (potatoes and other vegetables or fruits, not just potatoes.)

2-3 cup boiled rice.
*1-2 cup grated cheese.
1-4 teaspoon mace.
3 egg whites, beaten.
Lightly mix ingredients and pour into shallow greased baking pan. Bake 50 minutes in pan of hot water in moderate oven. Cut in squares, surrounded with creamed cabbage. (White sauce uses butter).

Garden Egg Fudding
4 tablespoons shortening.
1-3 cup sugar.
2 tablespoons light corn syrup.
1 teaspoon vanilla.
1 egg, beaten.
2-3 cup milk.
2-3 cup diced fresh rhubarb.
2 cups flour.
3 teaspoons baking powder.
1-4 teaspoon salt.
Cream shortening and sugar. Add rest of ingredients and beat a minute. Half fill greased muffin pans and bake 25 minutes in moderate oven (350). Serve with sauce.

Sauce
3 tablespoons sugar.
1-4 cup flour.
1-3 teaspoon salt.
1-2 teaspoon grated orange rind.
1-4 teaspoon grated lemon rind.
1-2 cup orange juice.
1-2 cup water.
1-2 cup diced rhubarb.
1 egg, beaten.
Blend sugar, flour and salt. Add rhubarb, juice, water and rhubarb. Cook slowly, stirring constantly for 5 minutes. Add egg, beat, serve at once.

For a quick dinner or supper

heat hard-cooked eggs in canned tomato soup (low in ration points) and serve over hot boiled rice, noodles or macaroni. A top layer of grated cheese "ups" nutrition if you can spare the cheese or ration points.

Goulash Extends Meat
(Point-rationed foods are starred)

Four For Dinner
Victory Goulash
Hot Buttered Rusks
June Salad
Sliced Oranges
Tea (hot or iced)
Victory Goulash

3 tablespoons flour.
1-3 cup cold water.
1-2 cup diced carrots and stock.
1-2 cup cooked fresh peas and stock.
1-2 cup diced celery and stock.
2 tablespoons chopped onion.
2 cups boiling water.
1 beef bouillon cube.
2-3 cup diced cooked meat (any left-overs).
1-2 cup boiled rice.
1 teaspoon salt.
1-4 teaspoon pepper.
Blend flour with cold water. Add to rest of ingredients and simmer 15 minutes. Stir frequently. Serve poured over hot buttered toast, rusks, split toasted

biscuits or crackers. The stock is the water in which vegetables are cooked. It should be saved and served in soups, stews or scalloped beans, or thickened and added to the cooked vegetables.

Saudi Arabia is larger than Mexico.

Nutrition in the Lunchbox

It takes a bit of doing to keep lunchbox meals in balance. And since the meal makes up a goodly portion of the daily fare for lunchbox diners, it behooves us to keep the nutritional standards high. We're offering a few tips for those portable meals which may be of help.

DOUBLE-DECKER SANDWICHES—If hearty sandwiches are to order, make double-decker ones with a combination of fillings such as jelly and cheese or peanut butter, meat and grated carrot salad filling, or egg and relish or cucumber spread. Vary the bread, too, using part white and part dark.

SOMETHING CRISP—Send the vitamins and minerals along in the lunch box in form of a whole carrot, a wedge of lettuce, a jar of cabbage cole slaw, some radishes, or a crunchy apple. Crisp foods add texture interest to sandwich meals, too.

TOMATOES—Take full advantage of the tomato season and include whole tomatoes in the lunchbox. It's better to send them whole than sliced in sandwiches. Or you might fill that thermos with fresh tomato soup or bouillon, or chilled fresh tomato juice. Tomatoes are rich in vitamins C.

FRUIT—Vary the fruit according to the season, and include dried fruit too. It will be appreciated.

PEANUTS—Pack in a bag of salted peanuts for added nourishment and satisfying enjoyment. They are vitamins B-rich.

Program Outlined To Help Insure A Profit From Raising Of Hogs

By O. F. GRIFFIN
County Agent

The raising of hogs and chickens, is where Howard county farmers can contribute most to winning the war. But the hog business must be profitable, or it cannot be continued. At the time most of our people got into the hog business, they had a lot of feed grain they could not sell, except at a very low price. Now it is very different. Maise is bringing twice, or more than twice, as much as two years ago. The easiest way out would be to sell the maise. But American soldiers do not eat maise, and we don't eat much of it ourselves. They do need lots of meat, and so do we. The thrifty hog raiser will still make a good profit out of hogs. With correct feeding and care a pound of hog should be secured from five pounds of maise. Even at \$35 per ton, this would make a pound of hog cost \$ 3-4 cents. I believe hogs are selling at about 14 cents.

But too, make a pound of hog from 5 pounds of maise and there must be none of it wasted. If it

is fed in such a way that a 5th of it is wasted, (and that is the case on many farms) then the feed cost of hogs is raised to approximately 11 cents if there were no loss anywhere else.

But on most farms there are other losses. One of these is due to the hogs being thirsty. Equipment for watering hogs is woefully deficient. In many cases water must be carried to the hogs in buckets. It is poured into a dirty trough. The hog cannot drink a lot at one time like a cow, but he drinks a little, and then roots the trough over or tries to lie down in it.

Now a hog waterer can be made from an old barrel, that will work on the same principle as the chicken waterers, that we see on every chicken yard. The bung must, of course, be air tight and the outlet correctly placed so the trough will not run over. A square trough, that the barrel will just set in, provides a drinking place at each of the 4 corners. An automatic waterer would not only save you the trouble of watering your hogs so often but would also

prevent the loss due to your hogs getting thirsty.

Then there are errors in feeding that cause losses. Two of these are common. They are failing to balance the hogs ration and wasting feed. The hog must have in his feed the elements found in his body, and in the same proportion. Grain contains more of some of these elements, and less of other elements. To make up for the shortage, there should be fed a protein supplement such as milk, soy meal, tankage etc. An excellent supplement is made of equal parts of tankage, soy or cotton seed meal and alfalfa meal. This fed, one pound per day to each hog will get good results.

Wasting feed or allowing hogs to waste it is almost criminal now, because each 5 pounds wasted means somebody will not get his pound of meat. Even self feeders sometimes allow hogs to waste their feed. The feed may go into the trough too fast, or the trough may be wide enough to allow the pigs to get their feet in it. Some have not provided covers and chickens scratch out the feed.

Hog pastures pay in more ways than one. They furnish green feed and allow the hogs to exercise and with reasonable care, pasture hogs should be free of parasites that cause losses.

We saw that if hogs waste one-fifth of their feed and the cost was raised from \$ 3-4 cents per pound to 11 cents. Now if we add 10 per cent for hogs being thirsty, another 10 per cent from failing to feed balanced rations, and still another 10 per cent from worms and other parasites, we bring the cost up above what the hogs will sell for. When this happens we soon get tired of raising hogs.

For the next month or two farmers are going to be very busy with their crops. Their hogs are likely to suffer for lack of attention. This would not be the case to such a large degree if plans were made, and equipment provided for feeding, watering, and sanitation, and to a still less degree if pastures had been provided.

The present time is a wonderful opportunity for that farmer who wants to get away from the slavery of one crop system. But we cannot make the change to hog raising simply by getting some hogs. A few farmers in Howard county are finding that out. But instead of trying to learn the hog raising business they sell off their hogs and quit. I cannot imagine anything that would please our

Jeffers Will View Berger's Rubber Plant

HOUSTON, June 3 (AP)—Berger, site of a synthetic rubber plant, is on today's itinerary of Rubber Director W. M. Jeffers, who said here yesterday that the rubber problem would be solved by the autumn of 1944.

Jeffers said that after an inspection of the Phillips plant at Berger, he would proceed to Los Angeles. Traveling with him are Col. Bradley Dewey, deputy rubber director, and Frank Crendon, assistant rubber director.

At an interview here yesterday, Jeffers said Texas and Louisiana plants were counted on for from 40 to 45 percent of the nation's synthetic rubber production.

Jeffers and other officials, including Under-Secretary of War Robert P. Patterson, Under-Secretary of the Navy James V. Forrestal and Deputy Petroleum Administrator Ralph K. Davis, had made a tour of Louisiana plants.

Patterson told interviewers "it is going to be a great task to keep up with the requirements of aviation gasoline, but I am confident it can be done."

With reference to crude production, Davis asserted "our inventories now are comparable to normal times and we are moving all the oil possible." He said that the P.A.W. had requested the drilling of 4,500 wildcat wells, "but so far the results are disappointing." Davis explained that the P.A.W. had no authority to increase the price of oil.

At a dinner last night where the visitors were welcomed by Gov. Coke Stevenson, Forrestal praised Texans' part in naval history.

Floyd Odium Heads RKO Movie Concern

NEW YORK, June 3 (AP)—A midwest clergyman's son who worked his way through college and who assembled scattered corporate wreckage left over from the crash of 1929 into a \$100,000,000 investment concern, today resumed formal direction of the fast-rising motion picture interests of Radio-Keith-Orpheum.

The elevation yesterday of Floyd E. Odium to the chairmanship of RKO followed four years of film stock buying by Atlas Corporation, which Odium heads.

Meat Extenders Are Easy On The Budget

By MRS. ALEXANDER GEORGE, AP Food Editor

Meat extenders can be economically good to eat as well as easy on ration points and the food budget.

With the advent of warmer weather, housewives will have to make meat-stretching dishes extra flavorful and appealing in appearance in order to keep the family satisfied.

Savory meat pies usually are great favorites with men and youngsters. A meat pie or meat loaf one day and fish the next is a good way to balance the menu. Then remember that hard-cooked eggs combine well with cream sauce or creamed vegetables. Eggs also are good scrambled with buttered asparagus.

MEAT PIE WITH CARROT TOP is something new and seasonable. Make up a regular brown stew, using an economy cut of beef, veal or lamb. Put in some cooked green beans, celery and onion. About 2-3 pound of meat will make enough for 4, when it is combined with sauce and vegetables. Brown the raw meat in fat, add flour to cover and cook

Frankfurter Noodle Loaf
1 pkg. fine noodles (8 oz.)
2 eggs
1 cup milk
1-2 teaspoons salt
1-4 teaspoon pepper
1 lb. frankfurters
1 cup medium white sauce
1-2 teaspoon prepared mustard
Cook noodles in boiling salted water 9 minutes, or until tender; drain; rinse in cold water. Beat eggs; add milk, salt and pepper. Split 2 frankfurters lengthwise; place in bottom of greased loaf pan. Cut remaining frankfurters in 1-3 inch slices; combine with noodle mixture. Pour into loaf pan, on frank-

furters. Bake in moderate oven (350 degrees F.) about 45 minutes. Combine white sauce with mustard; heat. Unmold loaf on serving platter; slice. Serve with sauce. Serves 4 to 6.

it slowly until well browned before adding the liquid. When the stew is thick and creamy season with salt, pepper and some herbs (marjoram and a small amount of thyme). Pour into a shallow, greased baking dish. Cover the meat blend with topping made like this: Mix 2 cups rich biscuit dough and stir in 1-3 cup diced cooked carrots and 3 tablespoons finely chopped parsley. Arrange over the meat and bake 35 minutes in moderate oven.

Egg whites give a delicate dalliance to FISH BOLD. Mix together 1-2 cups cooked fish (leftover from baked or pan broiled is excellent), 1 cup soft bread cubes, 2 tablespoons each chopped celery, green peppers and parsley, 1-2 teaspoon salt, 1-4 teaspoon poultry seasoning, 1-3 teaspoon paprika, 1-4 cup chopped green or ripe olives, 2 egg yolks and 1-2 cup hot milk. Let stand 5 minutes, stirring twice. Lightly fold in 2 beaten egg whites and 2 tablespoons melted butter or margarine. Pour into well greased pan and bake 30 minutes in moderate oven. Unmold carefully and cover and surround with egg, tomato or herb sauce. If there is any leftover, save it and put into an omelet or scrambled eggs for luncheon or supper the following day.

LAMB PATTY GRILL uses a low-ratio-point meat with flavor appeal. Mix together 1 pound ground lamb, 1-3 cup rolled dried bread crumbs, 1 tablespoon each finely minced celery and parsley, 1-2 teaspoon salt and 1-4 teaspoon each of pepper and poultry sea-

Fishing Gets Better In Competition At Grand Lake

MIAMI, Ohio, June 3 (AP)—Predictions that larger catches would be reported within the next few days as fishing conditions on Grand Lake continued to improve were made here today by followers of the third annual Grand Lake fishathon.

None of the bass brought in yesterday replaced the three pound, 13-ounce fish of Sammie Kidwell, Miami, for first place. W. L. Landie, Miami, took the lead in the crappie division with a two-pounder.

Raymond Clabaugh, Picher, won the daily prize yesterday with a two-pound, 14-ounce, and Capt. Fay Coli, Midland, Tex., just back from the North African front had a two pound, 10 and a half ounce catch.

The French Sudan in West Africa has a population of nearly 5,000,000.

Rio Grande Valley Wants To Be Sportsman's Paradise After War

McALLEN, June 3 (AP)—The Rio Grande valley is taking advantage of the lull in hunting and fishing to build up a post-war recreation haven in the tip of Texas.

When fires are obtainable, gasoline rationing no more and hunting and fishing equipment plentiful at the corner store, the valley will be ready to entertain the nation's sportsmen in the style to which they want to be accustomed.

Already more than 100,000 acres have been given over to bird conservation, in addition to wildfowl and fish preserves already established.

The black-bellied tree duck is almost extinct in America. There are not more than 800 in the entire nation, well down here along the lazy Rio Grande the tree duck is getting a fresh start.

And the bird conservation program includes what is probably the largest acreage set aside in the United States for preservation of the white-winged dove. The legislature created a restricted area of more than 100,000 acres as a sanctuary for the white-winged dove and chachalaca.

State Game Warden Charles G. Jones of Weslaco, an authority on valley wildlife, estimates the sanctuary has resulted in an increase of 75,000 white-wings during the past year.

The newest bird sanctuary is the 2,300-acre Santa Ana ranch which the United States fish and wildlife survey bought for \$30,000. One of the largest concentrations of chachalacas, once a famous bird in South Texas, now occupies

the ranch. There also are rare red-billed pigeons, hooded orioles, rare white-fronted doves and derby flycatchers.

Another great area will be added to the valley's game refuge soon when the Wilkey county water control and improvement district completes its program of converting the 8,000-acre Delta Orchards lake into a recreation site. The lake already is classed by fishing experts as one of the finest black bass grounds in Texas.

Green island, off the Gulf coast, is the oldest bird refuge. The 30-acre island was leased by the Audubon Society 21 years ago. It is not for hunters, however, being reserved exclusively for plumage birds and at the season's height accommodates 15,000.

Great Navy Coach, Bill Ingram, Dead

LOS GATOS, Calif., June 3 (AP)—William "Navy Bill" Ingram, one of the U. S. Naval Academy's greatest football players and a widely known football coach, is dead.

His death was discovered yesterday when he failed to rise for breakfast at his home here. He was 46.

Ingram was a marine corps major in charge of procurement in the San Francisco bay area. Previously he had been a chain store executive.

Texan Kills Wife And Then Himself

HOUSTON, June 3 (AP)—J. L. Primeaux, 46, killed his wife, Mrs. Marie Primeaux, 43, with a razor and then slashed his own throat here yesterday, according to a verdict by Justice of the Peace Tom M. Kase.

Investigators found papers on Primeaux's body which indicated that he had been granted a five-day parole from Texas state prison on June 1 to attend the funeral of a three-year-old grandson at Kemah, a fishing village on Galveston Bay.

No motive was established for the murder-suicide.

Guardsmen To Spend Day In Cotton Field

DALLAS, June 3 (AP)—Texas state guardsmen here, trained in commando tactics, will shoulder hoses Sunday for a march to the cottonfields in an effort to alleviate the manpower shortage on farms.

Cotton here is several inches tall—and so are the weeds and grass which retard the plants' development. The cotton, planted thick, must be thinned to a stand of about 12 inches, and weeds and grass must be eliminated.

Cotton choppin' farmers call it, but many of last year's cotton choppers are now pushing rivets, or bayonets.

A. B. Jolley, Dallas county agricultural agent, said the need for farm hands was critical. The Dallas chamber of commerce appealed to business firms and other organizations. Employees were asked to work on farms during their off days.

The Texas state guard, which has been put through a toughening process, including long marches, commando tactics and maneuvers, will take a day off—Sunday. The 20th battalion promised to put 200 men in the fields, come next Sabbath. Other units are expected to follow suit.

They will furnish their own transportation and hoses. A unit of the guard will prepare the necessary meals.

Non-military city dwellers who have a nostalgic yen to go back to the farm will take their turns, too.

Ben Criss, vice president and general manager of the chamber of commerce, said almost every type of business and profession will be represented in the cotton fields.

Hand-to-hand callouses will be new to the palms of some recruits; others were reared on farms, and still others have been toughened by handling a rifle.

Bull Fighter Ready To Train Soldiers In His Own Art

LOS ANGELES, June 3 (AP)—The U. S. army training command may have, upon request, the expert services of Rafael Palomar, senior Palomar, retired matador whose career embraced the dispatching of more than 60 bulls, said in making this offer yesterday.

"Every soldier should be given the advantage of instruction in bull fighting. Bull fighting calls not only for skill, but it teaches quick thinking in the face of danger. A man's heart quickens as the bull comes toward him; he must do the right thing at the right moment—or the results are painful and dangerous."

Yankees And Senators In A Deadlock

By JUDSON BAILEY
Associated Press Sports Writer

The St. Louis Cardinals may be the world's champions, or, as Manager Billy Southworth calls them, the world's greatest ball club, but the Brooklyn Dodgers have to be rated as the most dogged, determined gang of diehards in the major leagues.

This spring the Cardinals have sparked and glittered and won the admiration of all their rivals in the National League.

The Dodgers haven't looked good, a collection of old gears with aches and pains. No fewer than four of them were treated on the same afternoon this week by Dr. Robert Hyland.

Yet the Dodgers have held first place since the first day of the season.

Last night they seemed ready to fall. The Cardinals had humiliated all the Dodgers' strongest, fastest pitchers and were within half a game of taking over the lead. Southworth had Max Lanier ready, a southpaw who had beaten Brooklyn five times last year and once this spring.

Leo Durocher had to take a chance on the only lefthander he has on his staff, Max Mason, who couldn't dent a custard pie at arm's length and who hadn't pitched a complete ball game all season.

Mason still hasn't pitched a complete game, but he beat the Cardinals to even their four-game series and restored Brooklyn to a game and a half lead. The score was 3-2 and the raging Redbirds who had made 20 hits the day before, who had obtained Danny Litwiler from the Phillies and installed him as cleanup hitter, were limited to seven safeties.

Meanwhile, the American league scramble for first place became even closer than the National as the Chicago White Sox whipped the New York Yankees 3-1 and the Washington Senators squelched the Cleveland Indians 15-1 in a night game. This lumped the Yankees and Senators in a virtual tie for the lead, although New York had the benefit of a few percentage points, .576 to .568.

Detroit held onto third place by beating the Philadelphia Athletics 7-2 behind five hit hurling by Frank (Stubby) Overmire and the St. Louis Browns and Boston Red Sox divided another pair of extra inning games. The Browns took the first 7-2 in 12 innings and the Red Sox retaliated in the nightcap 3-2 in ten innings with Yank Terry pitching four-hit ball.

In the National League Cincinnati and Pittsburgh continued in a tie for third place. The Reds walloped the New York Giants 13-6 with an 18-hit assault on five pitchers after the Giants themselves had battered Bucky Walters off the mound with five runs in the first two innings.

The Pirates came from behind in a night game to beat the Boston Braves 3-2 with three runs in the ninth inning. Two of them came on a homer by Ebbie Fletcher.

The Phillies nosed out the Chicago Cubs 6-5 for Schoolboy Rowe and now have beaten the Braves seven times in eight games.

Grant, Mabry Advance In Net Tournney

SAN ANTONIO, June 3 (AP)—Bryan (Bitt) Grant, former U. S. tennis champion, and Clarence Mabry, Alice, are matched in the third round of the men's singles today in the state tennis tournament.

Grant, seeded No. 1, disposed of Tom Broad, Dallas, 6-0, 6-1 in yesterday's feature match.

George Ball, who downed Mendell Porter, 6-3, 6-1 yesterday, will play Lieut. Tom Gordon today.

John Hickman and George Dullning, who won their second-round matches Tuesday, will oppose Ed Ray of Tatt and Jim Daniel, respectively.

Rod De Llano, Laredo, and Carol Best, Robstown, met for the championship of the boys singles play. By winning the opening matches and advancing on default, De Llano and Best moved into the doubles' final against Bobbie Martin and Herbert Karren.

Bernard Eastman, state high school champion from San Angelo and seeded No. 1 in junior singles, won his third round match from Jack Levinson, Fort Worth, 6-0, 6-1. Mabry lost to Chick Harris, Corpus Christi, 6-7, 6-4.

Ethel Norton, San Antonio, No. 1 women's player, moved into the second round on a bye. Shelby Frissell, Austin, seeded No. 2, won her opening match by defeating Patty Nison, San Antonio, 4-6, 6-5.

HOSPITAL IN CALIFORNIA

WASHINGTON, June 3 (AP)—Senator Downey (D-Calif.) said today the war department had informed him it had approved construction of a 1,500-bed hospital in Balboa, Orange county, Calif., at a cost of \$5,000,000.

By HUGH FULLESTON, JR.
NEW YORK, June 3 (AP)—"Speed-up" baseball sounds like a good idea to a lot of folks, but Gray Will Harridge of the American league doesn't think it will work very well. For one thing, the ump's can't do much but hurry the players along between innings and if they try to cut short the pitchers' antics on the mound they're liable to hear a lot of pointed, ear-burning questions from the managers about whether they have a date that night. As for Billy Evans' plan of making a finger who is left on base go right to the mound without visiting the bench, Will thinks that when the weather gets really hot, Billy will find the boys need the breathing spell. Besides, Harridge adds, "we played a night game in an hour and 25 minutes recently and the fans didn't get enough. They had to flick the lights a few times to start them moving out."

ONE-MINUTE SPORTS PAGE

Gil Dods, Boston's triple-threat theologian, has it all figured out that Gunder Haug already has reached this country and is "out in the woods somewhere training for his race." . . . Charley Jones, Sammy Angott's manager, reports that he has six promising yearlings on his Goshen, Ky. horse farm and one of them, a son of Johnstown, has just the same markings as his pa. . . . Wony Home, the Miles, Ohio, middleweight, was born only 90 feet from the birthplace of the man who parades to the post, affording a view of his profile, you do not see all of his "angles," or points. True, he may seem more ungainly than prepossessing. But if you compare his measurements with those of other thoroughbreds, you'll get an idea of his remarkable development, especially in the matter of chest and girth. It would not be surprising if he has a heart approaching the remarkable size of that possessed by the great Byronby.

Count Fleet girths 73 inches. He measures 21 inches across the chest. He has a forearm of 21 1-3 inches. All this despite the fact he is not a "big horse"—he stands, right now, 15 3-4 hands (there are four inches to a hand).

Now, consider these comparisons, using other stars of various dimensions, such as Seabiscuit, Man o' War, Alab, War Admiral and Vagrancy, a strapping big filly. Only Seabiscuit girthed 72 inches, when he was five years old. Man o' War hit 71 3-4. His son, War Admiral, was 70. Alab, as a three year old last June, measured 71 1-2. Vagrancy girths 71 1-4.

The three-year-old Count Fleet has an exceptionally robust chest. His 21 inches compare with Seabiscuit's 17; War Admiral's and Alab's 18. The latter pair stood 15 3-4 hands. Man o' War stood 16 1-8 and Vagrancy measures 16 1-4, while Seabiscuit was shortest at 15 1/2.

Compared to the Count's forearm of 21 1-3 inches, Seabiscuit

SERVICE DEPT.—

Art Passarella, former American league umpire who's now calling them for Camp Grant, Ill., says that G-I shoes are the best things he's ever found to wear behind the plate. . . . Those loud moans from Lieut. Hobbs Adams of the Jacksonville, Fla., naval air base are music to the ears of some other grid coaches. Adams lost three quarters of his regular backfield when Chief Specialist George McAfee was transferred to Michigan. Vic Fusia to Cornell and Fred Gloden to Bucknell in connection with the Navy V-12 training program. . . . Joe Ruets, who resigned his commission in the Navy physical training department to become an aviation cadet, says his three quarters at the Del Monte, Calif., pre-flight school will be well spent because "I'm a little soft after spending eight months as an ensign and need to get back into condition."

LCRA Must Pay For Its Sand, Gravel

AUSTIN, June 3 (AP)—The lower Colorado river authority will have to pay four cents a ton for the sand and gravel it has taken from the river under a permit issued by the state game, fish and oyster commission early in 1939.

Attorney General Gerald Mann so ruled yesterday in holding the permit invalid, and suggesting that the commission demand payment at the four-cent rate.

Mann said the permission granted LCRA—to take out sand and gravel without cost—was "a privilege or subdivision city or state that could only be granted to town when the sand and gravel was used in building a road." Counties and cities also pay the four cents per ton but may apply for refund.

ENGINEER DIES

SOUTHERN PINES, N. C., June 3 (AP)—John F. Stevens, the engineer who directed construction of the Panama Canal, died at his home here yesterday after a long illness. He was 90 years old.

Buzz Borris, Navy's all-American

halfback of a few years ago, downed two Jap zeros in his first five minutes of flying in the South Pacific. He instructs now at Pensacola Air Base.

By FRED HAYDEN

AF Features

NEW YORK—What about Count Fleet, Derby and Frankness winner, favored to take-walk to a triumph in the Belmont Stakes here June 5 and tabbed by some as another Man o' War?

You've heard how Mrs. John D. Hertz's racer spent the early part of his life receiving the cold shoulder from expert critics; how he could have been bought for \$2,500 as an awkward yearling; how, early in his juvenile racing days, he showed some of the wacky traits of Whitaway—running out, jumping shadows, etc.

You've read about the colt being called a freak; that his power all comes from the "front," that his hind quarters reveal no hint of where his driving force comes from; that he runs with his head in the air, and so on.

But Reigh Count's brown-coated son is deceptive in appearance. When he parades to the post, affording a view of his profile, you do not see all of his "angles," or points. True, he may seem more ungainly than prepossessing. But if you compare his measurements with those of other thoroughbreds, you'll get an idea of his remarkable development, especially in the matter of chest and girth. It would not be surprising if he has a heart approaching the remarkable size of that possessed by the great Byronby.

Count Fleet girths 73 inches. He measures 21 inches across the chest. He has a forearm of 21 1-3 inches. All this despite the fact he is not a "big horse"—he stands, right now, 15 3-4 hands (there are four inches to a hand).

Now, consider these comparisons, using other stars of various dimensions, such as Seabiscuit, Man o' War, Alab, War Admiral and Vagrancy, a strapping big filly. Only Seabiscuit girthed 72 inches, when he was five years old. Man o' War hit 71 3-4. His son, War Admiral, was 70. Alab, as a three year old last June, measured 71 1-2. Vagrancy girths 71 1-4.

The three-year-old Count Fleet has an exceptionally robust chest. His 21 inches compare with Seabiscuit's 17; War Admiral's and Alab's 18. The latter pair stood 15 3-4 hands. Man o' War stood 16 1-8 and Vagrancy measures 16 1-4, while Seabiscuit was shortest at 15 1/2.

Compared to the Count's forearm of 21 1-3 inches, Seabiscuit

and War Admiral measured 17 1-2; Alab, 16 1-4.

Looking at the colt as he walks past you, you think he is, comparatively, very light behind. But if you take a rear view, you might be surprised. From that angle, from hip to hip, say, he does not look so "puny." And his legs, all the way down, bespeak something to delight his keener admirers.

Getting away from measurements, or "angles," this horse has something that always has been construed as one of the true requisites for greatness in any sport—the will to win, love of competition. Like War Admiral, he has run his usual splendid race and finished a winner with blood oozing around his ankle and foot. He probably enjoys running more than sitting or sleeping.

The bounding "Blitz" has never finished out of the money, won 15 out of his 20 races, the last nine in a row. In none of those nine was he extended or asked for his best. He had legitimate alibis in several of the five races he lost. And it doesn't seem there's a horse around of his age—or maybe older—capable of forcing the glamour boy to the limit.

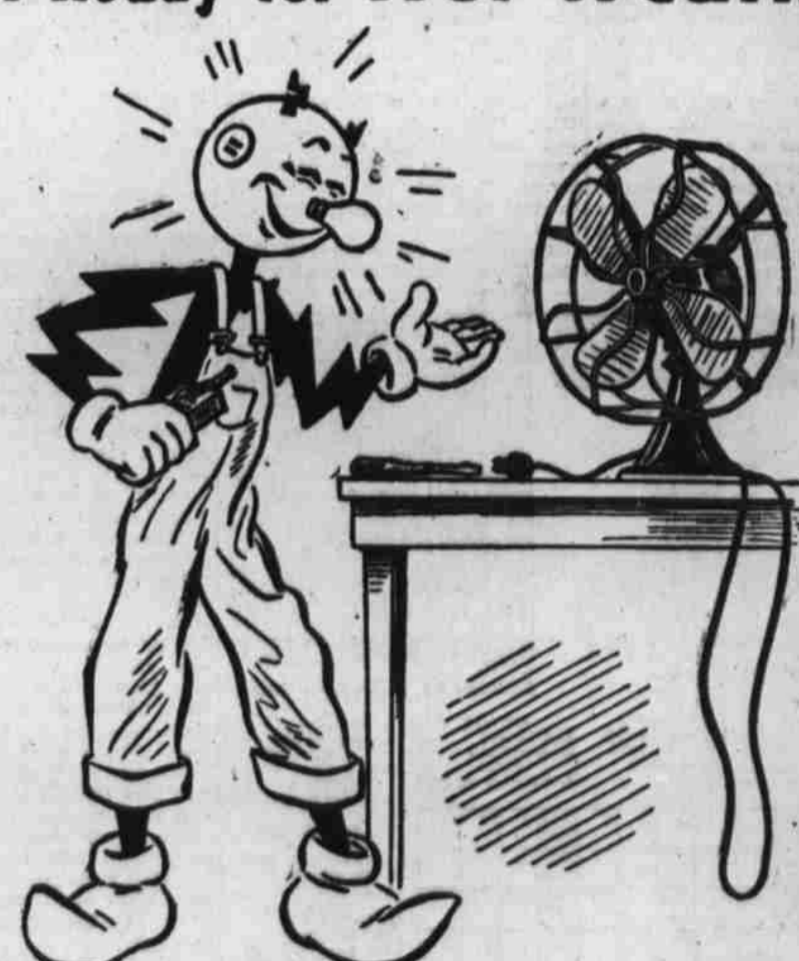

When Count Fleet won the Withers mile at Belmont Park the other day, he made it more probable than possible for him to become the second horse in history to capture the Triple Crown (Derby, Preakness and Belmont Stakes) and the Withers, which would duplicate the feat of Sir Barton in 1919. And a Belmont Stakes triumph would establish him as the sixth horse to take the triple tiara.

Actually, the big question regarding the 75th running of the \$25,000 added Belmont Stakes is not "who can give the Count some opposition?" It is: "Who are they gonna get to even run against him?"

Only two horses—Slide Rule and Tip-Top—ran against the champ in the Withers. They proved about as dangerous as a duel involving cream puffs at 20 paces. So it has been since last fall. The turf world must wait until midsummer, it seems, for such as Ocean Wave, Occupation and maybe Devil's Thumb to try to do something that the other three-year-olds could not accomplish.

The concertina was invented by an Englishman in 1829.

Get Ready for Hot Weather

- Clean and Oil Electric Fans
- Oil Attic Fans and Evaporative Room Coolers
- Check Your Electric Refrigerator

You've learned to depend upon your electric equipment to add to your comfort in hot weather, but this year this electric equipment needs YOUR help, more than ever. A little oil, a little care, and prompt attention by a competent service man when needed will prolong the useful life of your cooling and refrigeration equipment.

Editorial - Official Zone, Not Nation, In Peril In Rate Debate

If Governor Thomas E. Dewey wishes to know the feeling of having been torn verbally asunder, he has but to read the reply of Sen. Tom Stewart of Tennessee to his recent pronouncement upon the matter of freight rates.

The governor, according to his statement, "regrets that the subject of freight rates has become the subject of sectional political debate," and thus he attempts to meekly uphold one of the rankest economic injustices existing in our nation today.

Washington Daybook— Wartime Censorship Of Press Sets Precedents

(First of two articles on wartime news restrictions.) BY JACK STINNETT WASHINGTON—War-time censorship and news restrictions have had three important effects on the press...

Stewart, where the first tortured cry for relief from oppressive freight rates was raised years ago. The nation wasn't in particular peril then—but the official zone was—and that's what Governor Dewey really means now. Smoke him out, Sen. Stewart. Pour it on!

Then the governor suggested that the "matter of freight rates is so complicated and has such far reaching consequences that it should be left to the judgment of the (interstate commerce) Commission." Sen Stewart agreed that "making freight rates complicated has been the... black magic of railroad rate makers for half a century. They finally got them so complicated that they themselves did not know how they had gotten to the point they reached."

(1) On the surface, they have cut complications for the newsman and visiting bigwigs to the irreducible minimum. (2) They have simplified the job of the Secret Service, which is charged with guarding these visitors, in spite of the fact that war has increased Secret Service responsibilities a thousand-fold.

Hollywood— Funny Tales Fresh From Filmland BY ROBBIN COONS HOLLYWOOD—Joan Davis relays it: Coming out of a swank department store the other day with husband Sir Willis, she heard a couple of service men say, "Let's stand here a while and see if we see any movie stars."

SEE STALIN HOMEBODY BERKELEY, Cal. (UP)—Joseph Stalin is a "home statesman" and world revolutions are "off the map," so far as he is concerned, according to Sir Bernard Pares, authority on Russia, talking before the University of California.

Washington observers say it is this demonstration of lack of confidence in the president's secretaries that is the darkest of all. The press of this nation has demonstrated a dozen times over (as in the case of the president's trips) that it can keep a secret.

On the set of "Holy Matrimony" Gracie Fields tells many a tale about England. The other day she was talking about some of the remote outposts in the Orkney Islands, where she visited a long time ago with a traveling theatrical troupe.

Actress Collapses While On Army Tour

HOLLYWOOD, June 3 (AP)—Film Comedienne Martha Raye was under a physician's care here today following her return from New Orleans, where she collapsed after her first show on an army camp itinerary.

Dr. Lloyd Tainter, her doctor, said she was suffering from anemia, an aftermath of yellow fever which she contracted in Africa during a tour of army stations.

Negroes Strike At St. Louis Plant

ST. LOUIS, Mo., June 3 (AP)—Approximately 2,500 negro employees at one of eight production units of the St. Louis ordnance plant struck today, refusing to work under white foremen, Julian Kirk, public relations director for the United States Cartridge company, said.

White foremen have supervised work in the unit since its formation in July, 1942, but negro employees were selected this month for training as supervisors to replace them, Kirk explained.

"Keep going!"

Twilight, lovely golden dusk in the north this time of year, sifted down through the trees that night before. Penny stopped to make camp. This time she was too utterly exhausted even to think about a fire. She ate, almost ravenously, spread out her blankets, raised the mosquito net over its collapsible frame, and tumbled in.

At first she couldn't sleep at all. Her shoulders were bruised from pack-straps. Her feet ached. There were fleas on her body from mosquitoes, sandflies and gnats, in spite of all her precautions. For some reason, she held herself tense. And that implacable inner voice that had urged her on all day long wouldn't be still now.

"Keep going! Keep going! Keep going!"

By sheer force of will, Penny shut out the voice and fell asleep.

To be continued.

A. A. U. Secretary Dan Ferris says track and field performers are sub-par this year.

Martinique has an area of 355 square miles.

Remind Children To Take Care Of Their Security Cards

Parents of children who are going into employment covered by the Social Security Act were urged by Elliott W. Adams, manager of the Big Spring Social Security Board office, to caution them against the loss or misplacement of their account number cards because it has become an increasing problem to secure duplicate account numbers as quickly as it was before the scarcity of paper and clerical help became so acute.

A substantial number of the account numbers now being issued are to children under the age of 18 years. "It is only natural that children of this age do not realize the importance of the social security card as much as their parents," Adams said. "We are, therefore, appealing to the mothers and fathers to cooperate with the Social Security Board in the saving of time and money to the government. Last but not least, the young worker should be taught the value of his social security account number, because the amount of wages credit to his social security account number will determine the amount of insurance benefits to be paid when the worker or his survivors qualify."

Social Security account numbers may be secured from any field office of the board. They are not needed unless the applicant has a job or has been promised one. A duplicate number may also be secured in case the original is lost, "but what we want to impress upon everyone is—don't lose it—keep it—it may be hard to replace—it is your evidence that you are participating in the government's program for old age and survivors insurance," Adams stated.

Woman Makes Bond in Slaying Case

DALLAS, June 3 (AP)—Mrs. Jesse Hodges Raspasky, 64, charged with the slaying of her daughter-in-law, Mrs. Ruby Case, is free under \$15,000 bond.

Bond was furnished following an examining trial yesterday before Justice of the Peace W. L. Sterrett. O. O. Dickerson a customer in a cafe operated by Mrs. Case, testified he saw Mrs. Raspasky fire at Mrs. Case. Dickerson ran out of the place after the third shot, he told the court.

Former Missionary Accidentally Shot

GEORGETOWN, June 3 (AP)—Dr. John Wesley Simmons, 61, accidentally shot to death yesterday while hunting rabbits, will be buried here, Southwestern University authorities said.

Funeral arrangements had not been completed.

Dr. Simmons, former foreign missionary who was professor of religious education at the university, is survived by his widow and three sons, John, 12; Richard, 10,

Reports Take Time

LOS ANGELES, June 3 (AP)—The California Shipbuilding Co. finds it necessary to expend 40,000 man-hours weekly "in the unproductive labor of making government reports," says Rep. James A. O'Leary (D-NY), chairman of a house sub-committee investigating the shipbuilding program.

HEARING ON JUNE 18

AUSTIN, June 3 (AP)—The railroad commission will receive testimony at a hearing here June 18 on which it will base a statewide oil and gas proration order for July.

You and your family need **"A GOOD BREAKFAST"**

With rationing of foods for other meals and everyone burning up energy with hard war work, the whole family needs a good hearty breakfast of fruit, cereal, eggs, toast and coffee. Serve a different cereal every morning—Your folks will enjoy a variety.
