PROPAGANDA EXPECTED

US Moves To Quash Hope for Early Talks

WASHINGTON (UPI) — The United States has moved decisively to quash any false hopes for early Vietnam peace talks, charging the Communists with cynical rejection of every American overture so far for negotiations.

Secretary of State Dean Rusk, apparently anticipating an intensified Communist propaganda drive to halt U.S. bombing of the north without corresponding reduction in Hanoi's military operations, said Wednesday that all diplomatic "explorations to date have resulted in a rejection" of President Johnson's so-called San Antonio formula for peace talks.

In a statement issued by his press officer, Rusk said that Hanoi's only response to U.S. peace probes has been to launch the major offensive undertaken against Saigon and South Vietnamese provincial capitals this month.

Officials said Rusk's declaration that the Communists had shown no interest in peace talks on honorable terms was made with full knowledge of the results of talks between Italian and North Vietnamese officials which Hanoi sought and which the foreign office in Rome disclosed Wednesday.

Johnson and Rusk, officials said, plainly felt that the new American statement was necessary because:

—The Hanoi approach to Rome and indications that North Vietnam is pushing its propaganda offensive through other channels make it clear that the Communists are preparing another psychological campaign to try to get the United States to stop bombing the north without anything in return.

—United Nations Secretary General Thant's trips to Moscow, London and Paris may give the false impression that some sincere Hanoi effort to open peace talks is under way when there is no evidence to substantiate this.

—Captured Communist documents disclose that North Vietnamese officers have told the Viet Cong that the all-out offensive against South Vietnamese cities, calculated to shake the faith of the population in the Saigon government, would be followed by negotiations leading to a coalition government in which the Reds would hold the upper hand.

Statements such as Rusk made Wednesday, declaring no hope for peace talks, have sometimes been the prelude to an escalation of the American military effort. No official was willing to concede that the administration was clearing the decks for escalation, but neither would they rule it out.

Allied Bombers, US Ships Hit Red Suicide Battalion

U. S. Seeking Information On Fate of Airman

WASHINGTON (UPI) — The U.S. government today sought information on the fate of the pilot of an American plane shot down by a Red Chinese jet near Chinese territory.

The pilot of a companion plane which landed safely in South Vietnam saw a parachute, a St 13 Department source said. But the Pentagon could not say if the pilot of the downed plane bailed out.

The unarmed, propeller driven A 1 Skyraider was shot down Tuesday over the Gulf to Tonkin five miles off China's Hainan Island by a MIG jet interceptor after it inadvertently violated China's proclaimed 12-mile territorial limit, defense officials said Wednesday.

Eighth Plane Lost
The dive-bomber was the eighth American plane lost over or near Chinese territory in the past three years. The Defense Department lists four of the planes as having been shot down and three as missing.

LITTLE HOPE — Little hope remains that bombing can check the flow of North Vietnamese supplies to the south, says outgoing Defense Secretary Robert McNamara "as long as combat requirements remain at anything like the current low levels." Photo from an official Communist source shows members of a "people's transport unit" using bicycles to carry ammunition and supplies down the Ho Chi Minh trail.

Marines Charge In To Kill Cong

By EUGENE V. RISHER
SAIGON (UPI) — Allied divebombers and U.S. warships bombarded a Communist suicide battalion in Hue's walled fortress today and American Marines and South Vietnam panther troops charged into the flaming ruins to wipe out the Viet Cong.

UPI correspondent Alvin B. Webb Jr., described the street-to-street, house-to-house battling that followed the bomb, rocket, shell, napalm and nausea-tear gas barrage as some of the bitterest of the war. He said the allies appeared to be suffering as many casualties as the Communists.

The allied thrust was aimed at pinning 300 to 500 Communists against the southern wall of the century-old fortress they invaded 16 days ago and wiping them out, ending the last gasp of the guerrillas' invasion of the cities campaign.

American troops also charged into Communists threatening Saigon once more. They reported killing at least 336 guerrillas in two days of heavy fighting on

the northwestern approach to the capital.

Officers of the U.S. Army 25th Infantry Division reported some 3,800 North Vietnamese 7th Division troops spreading out in a broad, flat, tree-lined triangle extending from a point 20 miles north of Saigon almost to the giant Tan Son Nhut war and airbase on the western outskirts.

In the air, as U.S. jets struck North Vietnam Wednesday, pilots reported shooting down two MIG7 jets and bombing every North Vietnamese airport except Gia Lam, Hanoi's municipal field which is off-limits to American airmen because it handles civilian traffic. U.S. spokesmen said

United States, South Korea in Agreement

By LEON DANIEL
SEOUL (UPI) — The United States and South Korea agreed today to coordinate their response to any future Communist North Korean aggression, a joint communique said.

The communique was issued at the conclusion of talks between special presidential envoy Cyrus R. Vance and South Korean officials.

President Johnson sent Vance Sunday to smooth over the resentment of some South Koreans who felt the United States was more concerned with getting back the captured intelligence ship Pueblo and her crew than with the Communists' attempt to assassinate President Park Chung Hee.

Vance, who helped smooth over the Cyprus crisis for Johnson late last year, headed home today saying he is satisfied with his results.

"I think it has been a successful mission," he said at the airport. "I am returning to Washington to report direct to President Johnson on the very useful talks I had here. The talks proceeded at all times in a most cordial and friendly atmosphere."

The joint communique said the two nations agreed to "promptly determine what action should be taken" under their mutual defense treaty if North Korean aggression continues. The nations reaffirmed "the commitment of the two countries to undertake immediate consultations whenever the security of the Republic of South Korea is threatened."

Vance had talked all night with South Korean officials. The unprecedented session started

at 9 p.m. and wound up at 6 this morning.

The communique said the two governments agreed to hold annual defense ministers meetings "to discuss and consult on defense and security matters of mutual interest and common concern."

Park "expressed his appreciation to President Johnson for his quick action in recommending to the United States Congress an additional \$100 million of United States military assistance to the Republic of Korea," the communique said.

Decision Delayed On Oil Allowable For Next Month

AUSTIN (UPI) — Texas Railroad Commission today delayed its decision on the March allowable for Texas oil because of demands from some purchasers that the commission immediately raise the February allowable to meet unexpected demands in the last half of this month.

Commission Chairman Jim Langdon said, "In view of the rather complicated formula that we are going to have to resort to the commission has decided to return to its offices to work this out."

He said the decision probably will be announced Friday.

He said the commission will decide whether to raise the February allowable, and the March allowable will depend on the first decision.

Humble Oil and Refining Co. and several other major purchasers said they need more oil immediately. Humble raised its February nomination to 617,000 barrels daily, an increase of 20,000.

Humble executive John Yeager said his company will need 613,000 barrels a day in March if the February increase is granted, or 636,000 barrels a day if the February allowable stays the same.

None of the 15 nominating companies recommended a lower allowable but some said they could not handle increases in both February and March.

Cold Weather System Disappears Rapidly

By United Press International
Little fresh snow greeted Texans in the Panhandle and South Plains today as the weather system that had dumped heavy winter snows on the area rapidly disappeared.

Much of the state was covered with low clouds but the U.S. Weather Bureau said it appeared most of the major precipitation was gone.

The storm dumped up to six inches of snow since Monday, blocked highways, closed schools and was responsible for at least eight deaths.

Skies cleared briefly in Northwest Texas early today but fog and low clouds rolled in to block the sun's rays.

The freezing line receded early today and was confined mainly to the Panhandle and the South Plains although it did extend into the Pecos River Valley in some locations.

The Department of Public Safety reported most major roads were open although icy in some places. Traffic was reported "about normal" through the Panhandle.

Most of Texas received some moisture from the storm, either in the form of snow, freezing rain or rain, but the high pressure area that had been holding the Canadian air mass over the state weakened Wednesday and allowed the air to move on.

Terror Grips Small Town With Publicity-Seeking Strangler

By LAWRENCE C. FALK
GAFFNEY, S.C. (UPI) — Terror gripped this textile town today. A publicity seeking strangler possibly has killed as many as four women and threatens to kill again unless he's caught.

A 15-year-old Negro girl may be the latest victim of the kidnap-slayer, who telephones newspaper editor Bill Gibbons in "Dear Abby" fashion to confess the killings.

Opel Dianne Buckson was jerked screaming into a car while waiting for a school bus Tuesday morning. No trace of her has been found and authorities expressed doubt she still was alive.

Seven FBI agents entered the investigation Wednesday night after waiting the 24 hours required by law before federal intervention in kidnap cases.

Residents arm

But that did little to ease the

Garbage Strike Plagues City In Tennessee

MEMPHIS, Tenn. (UPI) — Striking sanitation workers, ignoring an ultimatum to go back to work or be replaced, moved out along their normal routes today to deliver leaflets to garbage-plagued home owners.

A spokesman for the American Federation of State, County and Municipal Employees said about 500 of the strikers picked up leaflets detailing the issues in the dispute "which they will distribute to the people they normally serve."

A spot check of Sanitation Department substations showed that few, if any, of the more than 1,000 garbage collectors headed Mayor Henry Loeb's order to return to work by 7 a.m. They have been on strike since Monday.

Town for Sale Flooded by Mail

ACME, Wyo. (UPI) — Letters continued to flood the tiny post office at Wyoming's "town for sale" Wednesday asking for more information on the sale of Acme, a coal mining community of about 100 residents.

Mrs. Merton Bond, co-owner of Acme, said a two-line-for-sale advertisement in a Chicago newspaper has brought countless telephone calls and "many, many letters."

The advertisement read, "A town for sale. Inq. Box 175, Acme, Wyo."

"There have been many inquiries, but maybe after the excitement calms down we'll get down to business," Mrs. Bond said.

She said although Acme is a "very picturesque area," there have been few sightseers.

Her husband, Merton Bond, is a rural mail carrier and has other businesses that require his attention. Bond said taking care of the town, which he and his wife own completely, was getting to be too much trouble.

The community has 40 houses with indoor and outdoor plumbing, a general store, a post office and a three-room red schoolhouse.

Bond bought the town in 1963 from Gather Elyand, who received it as a gift while he was bookkeeper for the Sheridan County Coal Co.

Admits Third Slaying

The man also admitted, Gibbons said, slaying another woman, Mrs. Roger Dedmon of Spindale, N.C., whose body was found in adjoining Union County last year. He said the woman's husband, Roger, 28, sentenced to 18 years in the killing, "is serving my time."

Gibbons said the map had called again Monday night before the Buckson girl was kidnapped.

"If they don't catch me, there'll be more deaths," the man told Gibbons.

"I think he wants to be caught," said Gibbons. "But he's not going to give up. He likes his press notices."

Georgia Troopers Seize Sixty Negro Demonstrators

SOCIAL CIRCLE, Ga. (UPI) — State troopers Wednesday pulled demonstrators off the dirt road leading to the school and slowly moved busloads of young Negroes through the melee.

Bolden said the parents of about 15 Negro children would take their children across town later today and try to enroll them in the all-white Social Circle public school, which also has grades kindergarten through eight.

State troopers were under orders from Gov. Lester Maddox "to maintain law and order and not allow our patrolmen to be beaten."

Two troopers were treated for minor injuries Wednesday, and Bolden said several of the demonstrators were kicked and elbowed by the troopers.

Maddox promised to "use whatever force necessary to protect our officers."

Two persons were arrested and released under bond on assault charges Wednesday. They are Ann Nesbitt, a young white teacher at the all-Negro school, and Cynthia Harris, 14, an 8th grader at the school.

Both are accused of attacking state troopers.

Judge Instructs Jury in Trial

WHEELER (Sp) — Judge Grainger W. McIlhany of the 31st Judicial District Court instructed an eight-man, four-woman jury yesterday to return a verdict of not guilty in the murder trial of Melvin Simpson, 41, of Shamrock.

Separate trials were granted for the pair. She will be tried later and he must now face a charge of being an accessory to murder.

The directed verdict followed testimony by Simpson's mother and aunt that his wife had done the shooting. The state was unable to establish that Simpson was a principal in the shooting or that he had encouraged it.

Civic Groups Seeking Peace

ORANGEBURG, S.C. (UPI)—Civic groups worked Wednesday to establish a human relations council of Negro and white citizens to work toward racial peace in this farm town where street violence has claimed three lives.

An interim biracial group met Tuesday night and presented a list of names to Mayor E. O. Pendarvis to be used in drawing members for a permanent trouble-shooting panel.

The Justice Department took another move of its own Tuesday to try to solve Negro grievances which produced a series of clashes between Negro college students and police that ended in a fight last Thursday night in which three Negro teenagers were killed and 36 persons were injured.

The Justice Department asked permission to intervene in a private suit originated in 1962 to force desegregation of Orangeburg Regional Hospital. The department said that despite a court-approved 1965 desegregation plan the hospital still discriminated against Negroes.

Administration Officials Open Attack on News Media

Elk are the most polygamous of American deer, says the National Geographic. A woman's suffrage law was passed in the territory of Wyoming in 1969.

By STEWART HENSLEY WASHINGTON (UPI) — Struggling with intensified problems in Vietnam and trying to get the USS Pueblo and its crew out of North Korea, top administration officials have opened a "third front" in Washington, charging the press, radio and television art adding to the problems.

The entire session was permeated, in the view of most of those present, with an attitude of contempt for the press and world opinion as a whole.

The toughest talk by this official came in response to questions whether the Communist offensive in Vietnam — which disclosed the inability of the United States and its allies to fully protect Saigon and a large number of provincial capitals — caught the defenders by surprise because of a lack of adequate intelligence.

This, in turn, arises from an assumption on the part of newsmen that recent administration statements had given a clear impression that the Viet Cong had suffered such material and morale damages that they were unable to launch an attack of the scope which burst off Allied defenders in South Vietnam two weeks ago.

Lunch will be served by Friends Church Ladies

A number of Washington newsmen believe that the tension and strain of attempting to deal with the consequences of the Communist assaults in Vietnam and renewed troubles with North Korea are responsible for behind the scenes outbursts by administration authorities. Some of them come very close to charging the news media with giving aid and comfort to the enemy.

The official acknowledged that commanders were never satisfied they had enough intelligence. However, he said, "the point is I don't quite see why you have to start from the dissatisfaction. There gets to be a point when the question is: Whose side are you on? Now I'm (his official position) and I'm on our side."

The administration counters with the contention that it had never intended to give such an impression and that the newsmen's disillusionment is a product of their own misreading of previous statements.

Overriding efforts by a correspondent to ask whether he was implying press disloyalty, he then went on to say: "None of your papers or your broadcasting apparatuses are

When the boy comes to collect . . .

When your carrierboy comes to collect, please make sure you're ready. With the right change, if possible. He'll appreciate it with a broad smile and a "Thank you". You see, because he is in business for himself, your newspaperboy depends on the full collection of his route for his full profit. Repeat calls mean extra work with no extra profit. So—give the boy a break. And thanks!

Luncheon Meat Balls Bake in Squash

It's quick, it's easy to make these little meat balls from a can of luncheon meat to bake in acorn squash halves with sauce.

Easy-do and thrifty, too, are meat balls made from canned luncheon meat. Nestle them in small squash halves, touch with a brown sugar-vinegar glaze. Many of the smaller canned meat items like the 12-ounce can of luncheon meat used here do not even need refrigeration, points out Reba Staggs, home economist. It keeps in a dry, cool place like the shelf in cabinet, pantry or cupboard. It's smart to have on hand for slicing as a sandwich meat, in strips or cubes for a salad or baked with cloves and glaze for an entree of another kind.

1 egg, beaten
2 tablespoons milk
1/2 cup soft bread crumbs
1 cup brown sugar, firmly packed
1 teaspoon dry mustard
1/2 teaspoon salt
3 tablespoons vinegar...

Cut squash in half lengthwise and remove seeds. Place cut side down in shallow pan and bake in a moderate oven (375 degrees) for 30 minutes. Break up with fork or grind luncheon meat. Combine egg, milk, bread crumbs and meat. Mix thoroughly. Shape meat mixture into 18 balls using about 1 rounded tablespoon for each. Turn partially baked squash, cut side up, and place 3 meat balls in each. Combine brown sugar, mustard, salt and vinegar and spread over meat balls in squash. Bake in a moderate oven (375 degrees) for 30 minutes, or until squash is tender. (Makes 4 to 6 servings.)

MEAT BALL and SQUASH BAKE

COOK'S TOUR

By JEANNE LESEM UPI Food Editor
NEW YORK (UPI)—Kosher Arab food is on the menu of a nightclub here that bills itself as the only Israeli cafe in America. So are gefilte fish, chopped chicken liver and strudel—all dishes that are considered typically Jewish.

Lee Koppel, the Russian-born Israeli owner-manager of the cafe, sees nothing extraordinary in this bill of fare. "We haven't gotten along so well as neighbors (with the Arabs) but we've adopted their food and we love it," he said in an interview. "The typical diet throughout Israel is a mixture of foods that Jews brought with them from many countries. All those dishes which are considered typically Jewish, such as corned beef, gefilte fish, chopped chicken liver—were borrowed from other countries, such as Romania, Hungary and Russia."

"We've always borrowed freely from our neighbors. Israel is such a young culture, it has to. A tremendous number of restaurants in Israel feature Arab dishes—khummos, tehina, baba ghanous, shish kebabs. The first three are appetizers, the fourth, an entree. These and other Arab entrees are on the menu at Cafe Sahra, along with a Persian caramel dessert called rahat loughoum, and Turkish coffee, served Arab fashion—with cardamom added for flavor and aroma. Another Arab appetizer, falafel, is also popular. Falafel are

Food Buying Guide
The following guide to the nation's food buys for the weekend was prepared by the Departments of Agriculture and Interior for United Press International.

WASHINGTON (UPI) — USDA's Consumer and Marketing Service reports that weekend shoppers can make their selections from an excellent variety of meat and poultry and adequate displays of some fresh fruits and vegetables in food stores and supermarkets. Broiler-fryer chickens and turkeys should be conspicuously available as the most abundant meats. Also in the abundant category are pork items: chops, roasts, hams, and bacon. Smoked picnics and spare ribs may join this group in some areas. Featured at beef counters in most areas should be roasts and steaks. Fish fillets and steaks, fish sticks and portions, and canned tuna are fish buys to watch for, according to the U.S. Department of Interior. Lettuce is again the most abundant fresh vegetable. Good supplies of cabbage and potatoes should also appear at most vegetable displays. Grapefruit and oranges are the featured fruits in most areas with apples in this class in some areas.

MEAT COOKERY Quiz

Q. What's the name of these cuts of meat?
A. Sweetbreads. The largest ones are from young beef, the smallest from lamb, and the middle-sized ones come from veal.

Q. Where do they come from? How are they identified?
A. They come from the stomach as well as the thymus glands. Their color is creamy white, consistency very soft. They're very tender and have a delicate flavor.

Q. How are they prepared?
A. They may be broiled, fried or braised. They're usually precooked in water with acid (vinegar or lemon juice) to firm them and make them easier to handle before cooking by other methods. The acid in the water keeps this fragile meat white. They're covered with a thin membrane which is removed after cooking in water. They may be cooked further, whole or in pieces. For braising, they're soured or crumbled and cooked in a small amount of lard or drippings, covered, for about 30 minutes. For pan-frying, use the same procedure but do not cover. Turn with a spatula. For broiling, precook in water to cover, remove membrane, brush with melted butter or margarine, and cook until delicately browned.

Dinner In A Dish

There's something warm and casual about dinner-in-a-dish. It's ideal for serving the family on cold-nipped days when you want to create this type of atmosphere.

Individual servings of beef round steak go into this dinner. They'll look interesting when the beef steak is rolled around carrot strips to make what are commonly known as "birds" or bundles, claims meat authority, Reba Staggs. Potatoes and onions complete the parade of vegetables while condensed mushroom soup combines with the juices from the meat to give gravy over all.

SKILLET STEAK DINNER
1 1/2 pounds beef round steak, cut 1/4 inch thick
1/4 cup flour
1 teaspoon salt
1/4 teaspoon pepper
4 or 5 small carrots, cut in strips
1/4 cup lard or drippings
4 pared potatoes
4 small onions
1 can (10 1/2 ounces) condensed cream of mushroom soup

as jealous of her own recipe secrets as any French-trained male chef. She refused to give up a single one for publication.

room soup...
Cut steak into pieces about 3x5 inches. Combine flour, salt and pepper. Dredge meat with seasoned flour. Place 3 or 4 carrot sticks on each piece of steak. Wrap steak around carrots and fasten with a wooden pick. Brown roasts slowly on all sides in lard or drippings. Add potatoes and onions to steak and pour mushroom soup over all. Cover tightly and simmer in a slow oven (300 degrees) or on top of range 1 1/2 to 2 hours or until meat is tender and vegetables are done. (Makes 4 servings).

Crisp Cooking
Newest use for dad's propane torch (which is so safe it is accepted for mailing by the U.S. Post Office) is to brown a meringue, crisp steaks or singe fowl and game.

Special Sections
In a recent survey of shoppers 70 per cent said they would purposely shop at a "new item" section of their supermarket. Just goes to show women are always trying to find better products for the home.

CLOSED-CIRCUIT SURVEILLANCE is accomplished in Croydon, England, with television cameras mounted at strategic positions in the district. Each camera can be rotated 360 degrees by remote control from the central monitoring unit at the police station.

Washington Report

By U.S. REP. BOB PRICE
After considerable debate House Republicans were successful in adding an amendment to the Export-Import Bank bill that put some teeth in it. Rep. Paul Fino of New York had been successful when the bill was approved by the Committee in attaching a restriction on loans to any country engaged in armed conflict, declared otherwise, with the Armed Forces of the United States, or loans to any nation which furnishes by direct governmental action any goods, supplies, military assistance or advisors to any nation engaged in armed conflict, declared otherwise with the United States.

The Committee had, however, watered this restriction down with an exception to the trading-with-the-enemy clause which would have left the determination to some unnamed Congressional Committee to decide whether such a transaction was in the national interest. Rep. Chalmers Wylie of Ohio then offered another amendment and made it say what it was intended to say. The ban of loans to U.S. enemies or those doing business with our enemies was adopted and in the bill as it was passed.

This will prevent any such loan as one for Italian machinery for a Fiat automobile assembly plant in Russia and will also ban loans to any country furnishing materials to North Vietnam. Republicans attempted last year to attach a similar amendment to the Foreign Aid bill. It was defeated by 4 votes. One of the arguments used against the amendment then was that Great Britain would not be able to buy \$700 million worth of F-111 fighter planes from the U.S. The cry then was that we would lose the sale of those planes to the British if we penalized the British for trading with and supplying the enemy in North Vietnam. The British sent 63 ships with their cargoes into Communist North Vietnam last year.

But then the British decided they wouldn't buy the planes anyway and continued their trade with Communist North Vietnam. Actually, Export-Import loans to Communist bloc countries have been less than 2 per cent of all the banks' loans, but why should we loan anyone anything if they persist in trading with and furnishing North Vietnam the munitions and materials of war?

The purpose of the Export-Import Bank is to expand and facilitate the inter-national trade of the United States and in that respect it has done a creditable job. It's self-sustaining, is not competitive with commercial banks and has contributed substantially to the expansion of U.S. exports — something we need more of now to offset our unfavorable balance of payments situation. It even makes money which is something rare indeed for any institution with which the Federal government is involved or associated.

The bill passed by the House extends the authority of the bank for an additional 5 years and increases its lending authority from \$9 billion to \$13.5 billion, but requires no appropriated funds. I was glad to support the bill as it was amended.

SHAH VACATIONS
ST. MORITZ, Switzerland (UPI)—Shah Mohammed Reza, Empress Farah and their two children vacationed at this ski resort. The shah joined his family after stopping off at Vienna for a routine medical checkup.

HECKLE PREMIER
MELBOURNE, Australia (UPI)—Antiwar demonstrators with signs saying, "Why die for Ky?" heckled Australia's new Premier, John Gorton, at his first public appearance since being sworn in. Nguyen Cao Ky to the president of South Vietnam.

Television In Review

By RICK DU BROW HOLLYWOOD (UPI) —
Dreams of a television viewer:
—Someone takes a survey to find out who watches "The Wild, Wild, West," and discovers that no one even knows it's on.
—The Rat Patrol and "The Felony Squad" meet in a special one-hour broadcast and annihilate each other.
—The people in "Peyton Place" learn that one of the characters did something wrong in the deep, dark past, and everyone says, "So what! Nobody's perfect."
—Andy Griffith has a mental slip on a live variety show, and it is discovered that he talks with a Brooklyn accent.
—Somebody at NBC-TV says: "Nuts to these absurd fan letters about bringing back 'Star Trek' next season. It's a routine potboiler, and we've never paid much attention to letters like these in the past anyway unless we wanted to get a publicity ride. Let's bring back the really good series we've got: 'I Spy.'"
—Chuck Connors, star of "Cowboy in Africa," decides to follow his political bent, and moonlights by running for senator on a conservationist platform.
—Tommy Smothers and Ed Sullivan decide to start a discussion show.
—Marshal Dillon's gun gets stuck in his holster in a quick-draw situation, and he shoots himself in the toe.
—A cure is found for Ben Gazzara's terminal illness in "Run for Your Life," and the series is canceled.
—Tommy Smothers and Ed Sullivan decide to ask Norman Mailer to moderate their discussion show.
—A real estate agent persuades "The Big Valley" and "The High Chaparral" to merge their territories and start a tract house development.
—A contestant for "The Newlywed Game" gets on "The Dating Game" by mistake, and decides it's not a bad idea.
—Norman Mailer decides to start his own discussion show with Lawrence Welk. They win a Golden Globe award.

Wanda Mae Huff, Women's Editor

Arietas Club Has Travelogue Program

Mrs. Ralph Thomas and Mrs. Sherman White presented the program at a recent meeting of the Arietas Club held in the Luther Pierson's home. The president, Mrs. W. E. Arnathy, presided at the business meeting.

After committee reports were presented, a constitutional amendment was passed, and Mrs. S. C. Evans spoke on the Arietas Clubwoman. Mrs. F. A. Cary, president-elect for 1968, announced her committees.

Mrs. Cary introduced speakers for the day, on the subject, "Travel," with the sub-topic, "The time to enjoy a trip is not three weeks after unpacking."

The first speaker, Mrs. Ralph Thomas, spoke on "My European Tour." She listed six reasons for Americans to visit Europe: (1) to see a part of the world that is the background of many Americans; (2) to see and study art and science; (3) to visit religious shrines; (4) to enjoy historical spots; (5) to hear European music; and (6) to study languages of the continent.

Mrs. Thomas sketched her recent Grand tour, made by plane, through England, Holland, Luxembourg, France, Germany, Switzerland, and other countries. She gave tips on preparation for her trip, and listed the things and equipment that should be taken.

As she discussed each country she visited, she explained the customs, food, scenery, stories, clothes, and accommodations of each.

She mentioned historical significance of many places, religious or secular value, and educational merit and spoke of each country's economy, transportation, industries, and homes.

The second speaker, Mrs. Sherman White, spoke on "Let Us Go to Hawaii With Frankie" in which she discussed her recent trip through the western United States and the Hawaiian Islands.

She discussed scenic beauty of the Grand Canyon and of various California landmarks. She devoted her speech to life in the 50th state, the dress, the food, natural wonders, scenic marvels, entertainment, and hospitality. She emphasized flowers of the islands—and presented pictures of each flower as she described it. She spoke of hotels, beaches, parties, and music in Hawaii.

It was announced that the next club meeting will be with Mrs. Ralph Thomas. The hostess served refreshments from a table decorated in the Valentine motif.

Present at the meeting were Mrs. W. E. Abernathy, F. A. Cary, Cecil Dalton, H. Price Dosier, S. C. Evans, Lee Harrah, J. E. Kirchner, R. W. Lane Otis Nace, L. B. Penick, Luther Pierson, J. R. Spearman, Aubrey Sprawls, Ralph Thomas, Sherman White and Clyde Ellis.

Astrological Forecast

By CARROLL RICHTER

FOR FRIDAY, FEB. 16

GENERAL TENDENCIES: The morning brings difficulties unless you maintain attitude of charm and affection so that others realize you are really fond of them. Then the afternoon and evening if you are able to sit down with those you love or with whom you have any dealings, reach a new workable arrangement, cooperative.

ARIES (Mar. 21 to Apr. 19)—Show associates that you are devoted to them. Tell them your feelings. Buy some call and appreciative gift. Also be a company of more cheerful and interesting persons who can make living worthwhile.

TAURUS (Apr. 20 to May 20)—Cooperate more with co-workers instead of going off on some tangent somewhere, as you are tempted to do. Take time to purchase some new item or accessory that will make your wardrobe more modern.

GEMINI (May 21 to June 21)—If you wish to congenial in pleasures, they will come. This can prove to be a happy day evening for you. Be content to stay one place instead of rubbing around here and there. Don't waste so much energy.

SCORPIO CHILDREN (June 22 to July 22)—Do whatever will make your home more attractive and comfortable. A place where others will like to come. Make it charmingly colorful. The addition of a picture, other music, would be fine.

LEO (July 23 to Aug. 23)—Show partners that you are pleased with the association by some overt act, gift, etc. Labor more happily with them and accomplish more. Having dinner together in p.m. would be a charming gesture.

VIRGO (Aug. 24 to Sept. 23)—Think what you really desire from others and then put your plan in action in a positive and practical way. Confer with experts in business, etc. Gain whatever is vital to you.

LIBRA (Sept. 24 to Oct. 23)—Be sure that you dress elegantly early and be out calling on others who can help you to advance in life. Bid yourself of inhibitions. You should do something about some other drawback as well, and now.

SCORPIO (Oct. 24 to Nov. 23)—Find out exactly what is behind some situation you do not approve of. Instead of listening to others' theories, keep busy all day with business, also. Evening is a good time for the romantic.

SAGITTARIUS (Nov. 24 to Dec. 21)—Show good pals that you support them and will gladly carry through with their work, but later you see everything in a more clever system for gaining the respect of higher-ups who are important to you and can help you to advance. Put in a good day's work, too. Then out in the evening to the social places you enjoy.

AQUARIUS (Jan. 22 to Feb. 19)—You have to be systematic and tactful in carrying through with promises, made or you could get into trouble, but p.m. is fine for new outlets. Get into scientific, educational matters. Find your right element.

PISCES (Feb. 20 to Mar. 20)—Better keep busy at your work during a.m., and then be sure to confer with associates tonight. Don't trust your hunches during the day, but later you see everything in its proper perspective. Be calm, poised.

IF YOUR CHILD IS BORN TODAY...
The nature becomes more human, more cooperative with others. Social life appeals and much popularity is possible success in chosen field, and marital happiness is indicated to a marked degree.

DEAR ABBY: My husband is bringing this one "Alice." (Das ist Alles.)
Problems? Write to Abby, Box 69700, Los Angeles, Cal., 90009. For a personal reply, enclose a stamped, self-addressed envelope.

DEAR ABBY: I have a friend who has two adopted children. They are cute, but very spoiled. This friend seems to think that just because her children are adopted it's all right to brag about them all the time.

DEAR WIFE: Men who meet the public (in uniform and out) will be tipped, tempted, and even pinched occasionally. Give him lots of love. And trust him. If a man is happy at home, he won't know Sophia Loren from Phyllis Diller.

Shoppers Need to Watch Sales to Cut Costs

By AILEEN SNOODY

NEA Consumer Specialist

This is the time of year when a shopper comes out on top or is at home hating herself. Why? Well, the sales are on. There is nothing more aggravating than to buy an item a few weeks before sale time and then see it marked down at a good saving. There are many fortunate or shrewd enough to put aside extra dollars to fill in household needs. This is an ideal time, for example, to put ragged sheets and towels out for utility cloths and buy new ones on sale.

Here are some things to look for, if you have the chance while elbowing up to the counter, when selecting household linens:

—Is there a thread count on the towel or sheet label? The higher the count the finer the item.

—Do some sheets feel lighter when lifted than others? Lighter weight usually means a finer grade of sheeting.

—Are the hems wide, with close, even stitching and nicely turned corners?

—Does the light show through towels when you hold them up?

A well-woven towel shows even specks of light. In an uneven weave, the light is spotty.

—Does the towel feel soft to the touch and have fine, close looping, a tight underweave and sturdy selvages (edges)?

—Are dishcloths knitted with a lock-knit construction to prevent unraveling? Do the dish towels have well-stitched ends?

—Are tablecloth hems neatly and closely stitched and the corners mitered? Is the weave

—Did you check for excess sizing, a special starch, often used to disguise inferior goods?

Strike a sheet, dishcloth or tablecloth against a hard surface or rub part of it together. Powdering reveals excessive sizing.

—Do you take your linens to the laundry? Buy lighter weight, finer grade items to cut down on the per-pound cost.

Belts Are Big

Belts are an important part of spring fashions. Wear them high, low, at the natural waist—wide, narrow, fabric chain or leather. They are big on coats, suits and dresses.

Harvesters Seek District Championship Tomorrow Night At 8 Against Palo Duro

The Pampa Harvesters will be going after the district championship when they travel to Amarillo to tangle with the Palo Duro Dons at 8 p.m. tomorrow in the Palo Duro gym. Palo Duro lost its last game to Caprock by 59-48 Tuesday night. Thomas Weatherly had 15 for Palo Duro followed by Charles Jones, 11, and Bill Cunningham, 10.

Tuesday night the Harvesters escaped with a victory over the Borger Bulldogs in Borger by 68-54. Alvin Achord came off the

bench to spark for the Harvesters. Although the senior scored only seven, he stole the ball from the Bulldogs numerous times and grabbed a couple of clutch rebounds.

The Harvesters couldn't get a rebound in the first half against

Borger. In the first four minutes of the second quarter Pampa shot only twice and hit them both. They also had seven turnovers which put them in a bind.

Borger led at the halfway mark in the second period by 27-20

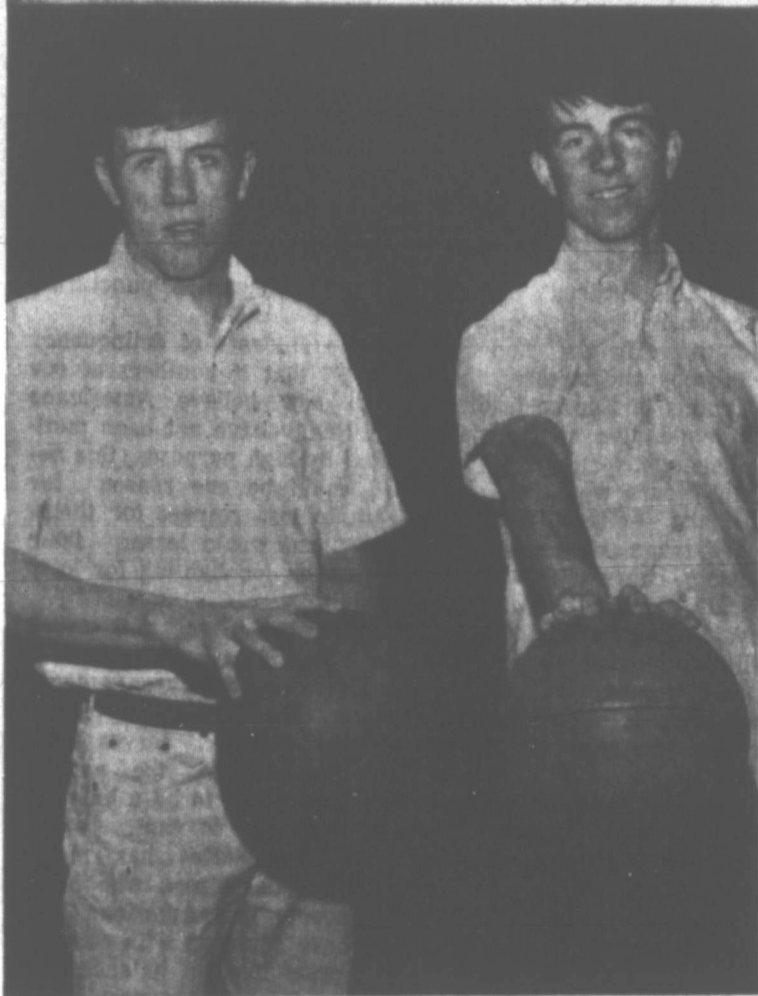

and went on to take a 35-31 lead to the dressing room at intermission.

Shortly after Pampa took the lead for the final time at 44-42 Achord swiped the ball and made a three-point play to put

the Harvesters out in front by 49-42.

Johnny Carlos was also hot for Pampa, hitting 12 points. Beau Bond had 14 points for the night and Bo Lang had 15. George Bailey added 16 for the Harvesters.

The Shockers will be playing at 6 p.m. tomorrow before the varsity game. The game is likely to be a sell-out, so anyone wishing tickets better get there early.

GREAT BALLS OF FIRE—A couple of top-notchers for the Harvesters, Jimmy Cornutt and Johnny Carlos, take time to clown for the camera before practice for their next game which is tomorrow night with Palo Duro High School in Amarillo.

Pampa Junior Seventh Grade Wins District

The seventh grade district crown is now sitting atop the head of Pampa Junior High coach Bill Potts after his cagers whipped Lee Tuesday by 28-25 to end the season with a 10-0 record.

Lee finished the season in second place with an 8-2 record, both losses coming from PJH.

The score was knotted at 25-all with two minutes to go but Ricky Smith hit a pair from the line and Danny Nickelberry hit one free toss to give PJH the title over Lee.

Smith was high-point man for Pampa with 11, followed by Tim Holt with eight and John Snow with six. For Lee Randy Blumer had 10.

PJH led at the end of the first quarter by 7-2 and at the half by 15-6 but with two minutes to go, their star rebounder, Richard McCampbell, fouled out of the game.

Canadian Takes Gold Medal

GRENOBLE, France (UPI)—Wor 1 Cup champion Nancy Greene of Canada, who wouldn't settle for anything less than gold, won the women's giant slalom at the Olympic Games today by an incredible margin of almost four seconds and Norway's Fred Anton Maier captured the 5,000-meter speed skating event in world-record time.

Miss Greene, a 24-year-old art student from Rossland, B.C., the silver medalist in last Wednesday's slalom, had a scintillating time of one minute, 51.97 seconds down the twisting 1,610-meter (5,282 feet), 68 gate

course. Annie Famose of France, winner of the bronze medal in the slalom, was second in 1:54.61 and Fernande Bochaty of Switzerland was third in 1:54.74.

It was an unhappy day for the United States ski team, although free of the injury jinx that has struck down six Americans in little more than a week.

Judy Nagel, the 16-year-old schoolgirl from Enumclaw, Wash., who led after the first run of the slalom only to fall in the second, was more conservative today and clocked a poor 1:57.39. Suzanne Chaffee of Rutland, Vt., the only other American among the top 15 seeds, also disappointed with 1:58.38.

Miss Nagel finished 12th and Miss Chaffee was 17th. Kiki Cutter of Bend, Ore., placed 21st with a time of 1:59.52 and Wendy Allen of San Pedro, Calif., was 22nd in 2:00.03.

Marielle Goitschel of France, the defending champion and winner of the special slalom earlier this week, had a time of 1:56.00 for seventh place.

Coaches Bag Top Prospects

By United Press International Southwest Conference coaches bagged a number of good football prospects Wednesday but non-conference and out-of-state schools also signed Texas schoolboy gridders to further deplete the supply of desired athletes.

The University of Texas signed Leon O'Neal, the first Negro football player ever to receive a scholarship from UT. O'Neal played end and line-backer at Killeen.

Texas Christian University inked a highly regarded running back from Panhandle. Tom Hanson's signing with TCU was regarded as one of the biggest coups of the day.

The University of Houston signed five football players, including the brothers of two former Cougars.

They are quarterback Ronny Peacock of Goliad, a brother of former defensive back Johnny Peacock; and Butch Brezina of Louise, brother of former line-backer Greg Brezina.

Warren Harrington and Leroy Fisher of Duncanville and Dick Burt of Fort Worth Eastern Hills also signed with Houston. Southern Methodist upped its list of signees to 32, including John Sanford, an end from Houston. Kashmere Gardens, SMU coach Hayden Fry was stuck in Abilene when snow and ice began falling there Wednesday.

Tulane University announced Wednesday that signing of 13 Texas high school football players. Coach Jim Pitman and his staff landed six players: from Dallas, four from Houston and three from the coastal area.

Ten Score More'n Lew

NEW YORK (UPI)—Would you believe that there are 10 major college basketball players in the country who are scoring more points a game than UCLA's Lew Alcindor? Or that there are 13 players averaging more rebounds a game?

Frank Selvy—while Murphy has averaged 39.3.

The other scorers who rank ahead of Alcindor, with averages between 35 and 26.9 points a game, are Elvin Hayes of Houston, Bob Portman of Creighton, Rich Travis of Oklahoma City, Jimmie Hill of West Texas State, Rich Mount of Purdue, Neal Walk of Florida, Bob Lanier of St. Bonaventure and Shaler Hallimon of Utah State. Alcindor's average is 26.8.

Houston Likely To Draw 1st Round Bye in NCAA

KANSAS CITY, Mo. (UPI)—Houston's top-ranked Cougars will possibly draw a first-round bye into the midwest regionals when the NCAA announces at-large selections Tuesday for its 1968 basketball championships.

As an at-large candidate from the NCAA's Region Six, the unbeaten Cougars could partici-

pate in either the Midwest or West playoffs.

Which playoff and whether Houston plays in the first-round is left to the discretion of the NCAA's University Basketball Tournament Committee headed by H. B. (Bebe) Lee, Kansas State University athletic director.

Should Houston be granted a

first-round bye, it is highly probable that the Southwest Conference champion would be forced into a first-round game March 9 at Utah against an at-large selection.

The winner of that game would face the Big Eight champion and Houston, providing it draws a bye or wins in the first round, would face the Missouri Valley champion March 15 at Wichita, Kan., in the Midwest regional.

Among teams — in addition to Houston — which warrant at-large NCAA consideration in the Midwest are 12th-ranked New Mexico State, Oklahoma City and the University of Texas-El Paso, known as Texas Western two years ago when it upset Kentucky for the NCAA title.

Grid Star in Jail

ODESSA (UPI)—A star football player was in jail today charged with assault with intent to murder after an assistant coach was seriously slashed by a razor-wielding assailant Tuesday.

Adolfo Nabarette, 20, was charged Wednesday with an attack on James Merle Langford, 28, assistant basketball coach at

Ector High School.

The youth, who was due to finish school this session, was surrendered by his parents and was held in lieu of \$5,000 bond.

Nabarette was leading rusher for Ector in 1966.

Bufs Game With ACC Rescheduled

CANYON—The West Texas State University-Abilene Christian College basketball game which was cancelled Dec. 16 due to hazardous driving conditions from Abilene to Canyon has been re-scheduled for Feb. 22. The game will be played in the West Texas State Fieldhouse. Tipoff is set for 8 p.m.

Other West Texas State home games for the rest of the season will find the Bufs playing host to University of Texas at El Paso Feb. 24 and 10th ranked New Mexico State Feb. 26. On March 4 the Bufs close their 1967-68 season when they entertain top-ranked University of Houston. Fans wishing to see the West Texas-Houston game are encouraged to make their ticket reservations as soon as possible because of an expected sellout.

SPORTRAIT

By MIKE O'BRIEN RACINE, Wis. (UPI)—You might expect Rudy Mano to like the three-official experiment in basketball this season. He and his three sons are believed to be the only father-son officiating team in the nation.

Mano likes it fine, but not, he insists, because it can mean a few extra bucks for himself and sons Mark, 26, Barry, 24, and Gregg, 21.

"That was one of my finest reservations—I thought they were trying to feathered this game," he said. "But after working a few games with the three-man setup, I think it improves the game. I hope they adopt it."

Mano, 46, is sincere when he says he isn't looking at the experiment from a financial standpoint. He doesn't have to look for work after having been an established official for more than 25 years. The Manos take any assignment within a 24-hour drive, and log about 30,000 miles a year in the process.

"Some people think three officials just mean more fouls and a slowing down of the game," Mano said. "But I've worked two college games and one high school game under this system, and there have been fewer fouls than under the two-man setup."

The idea is to have the third man stay in-the-backcourt to watch for violations in a press or a fast break.

"What has happened is that it deters stupid fouling back

Nicklaus, Two Others Favored in Phoenix Golf

PHOENIX, Ariz. (UPI)—Tom Weiskopf, a young golf pro moving into the really big money ranks, and a pair of dough heavy veterans, Julius Boros and Jack Nicklaus, were rated co-favorites today in the start of the 72-hole, \$100,000 Phoenix Open.

Weiskopf, 25, who won his first PGA title at San Diego,

Calif., last Sunday, is the year's leading money winner. He has \$32,056 in official PGA earnings and another \$6,053 in unofficial money in five tournaments this year.

The Andy Williams San Diego Open was his first tour victory and he appears headed for many more.

In Wednesday's pro-amateur prelude at the rain-soaked Phoenix Country Club course, he posted an even-par 36-35-71 and calmly reported "I'm playing well."

Boros, the granddaddy of all the tour pros at 47 and the defending champion here, had a 74 but that doesn't have to mean a thing.

"It was pretty sloppy out there," he said dourly. Boros has played in only two in a tie for 19th place in both tournaments this year, finishing in a tie for 19th place in both the Bob Hope Desert Classic and at San Diego. He has won \$3,600.

Others on hand to shoot for the \$20,000 top prize here included Al Geiberger, the 1966 national PGA champion who has started this year in fine fashion with \$29,000; Ray Floyd, St. Andrews, Ill., who was third at San Diego; Kermit Zarley, Seattle, Wash., winner of the 1968 Kaiser Invitational, and Dave Marr, the 1965 PGA titlist.

White Deer Tops Sunray

White Deer outlasted Sunray by 48-40 Tuesday night with Mike Hawpe leading the way for the Bucks with 18.

The Bucks finish the year with a game with Gruber at 8:30 p.m. Friday at White Deer.

In the girls 'A' game, White Deer beat Sunray by 37-31 as Peggy Cornelison hit 16 for WD. They play at 7 p.m. before the boys 'A' game Friday.

In the girls 'B' game Sunray triumphed by 23-22. Cindy Dikes had 13 for the losers.
