If it comes from a Howe, store we have it. Lewis Hdwe. (Adv.)

#### AUSTIN (UPI)- Atty. Gen. Crawford Martin said today he will rule on the constitutionality of the new Texas "open meetings" law if Cameron County Dist. Atty. F. T. Graham will submit another request and make it clear the matter is not already in court.

"We're not trying to duck the question," Martin said. "If it's not in litigation and he wants to make another request, we'll rule on it." Earlier this month Martin's office declined to rule on grounds the law was being tested in court. Martin said his assistants got that impression from Graham's opinion request. But Graham said, "There is no litigation pending. He

knows-well there isn't." Graham said Martin was trying to avoid making a ruling. Graham has declined to un-

dertake the first court test of the law because he thinks it may be unconstitutional. He said it is "so vague with respect to what constitutes a meeting that it may be unconefitutional " The Brownsville Herald has

filed a complaint with Graham but he declined to prosecute until Martin rules.

The Herald said its reporter. Tencha Sloss, was kept waiting for nearly an hour on Jan. 25 while the Brownsville Public Utilities Commission (PUC) met behind closed doors before a regularly scheduled meeting which was open but lasted only

about 15 minutes. The open meetings law prohibits closed meetings of public boards except to discuss hiring and firing, real estate purchases or security matters.
