

Americans Capture Two Key Air Bases

Aachen, Vital Nazi Rail City, Heavily Bombed By RAF In Night Raid

LONDON, July 14 (AP)—RAF bombers made a heavy raid last night on the German Rhineland city of Aachen, an important center of railway lines linking the reich with France and the low countries, the British announced today.

Twenty bombers were lost in the raid, the results of which were obscured by low clouds, the announcement said.

Scarcely had the night raiders returned when large formations of Allied aircraft, including numbers of U.S. Flying Fortresses, set out across the channel to continue the offensive by daylight.

Observers on the British southwest coast reported that hundreds of American planes participated in the daylight attack, which provided a thunderous overture to the French observance of Bastille Day.

The German radio acknowledged that a considerable number of buildings had been destroyed in the raid on Aachen and reported a large number of casualties among the civilian population.

The city, which has a normal peacetime population of 164,000 is situated about 30 miles southwest of Cologne. In addition to being a vital railway junction it is the site of important war industries and coal mining developments.

There are approximately 440 textile plants in the city and vicinity, as well as large tire and tube factories, glassware and chemical plants.

Aachen has been comparatively free from aerial attack until now, having been hit only 15 times before while other German cities in the Rhineland and Ruhr have undergone more than 100 raids.

The last attack on Aachen was in February, 1942.

German air raiders struck back last night at coastal districts in northeastern Britain, concentrating on one town where they caused some fatalities and damage.

The raid on Aachen was the RAF's first night raid on Germany since last Friday night, when Gelsenkirchen was the target. Monday night home-based British bombers made a round-trip flight of 2,000 miles to attack Turin, important arms center in northern Italy.

Another class of bombardiers—boasting experience equal to two score combat missions—will be graduated from the Big Spring Bombardier School in exercises set for 9:30 a. m. Thursday at the post theatre.

Jeff Williams, Chickasha, Okla. attorney and widely known speaker, will address the graduating class before they are commissioned second lieutenants in the air corps and presented with their silver wings by Col. Robert W. Warren, commandant.

Thursday's group is 43-10 — which means it is the 11th crop of bombardiers to come out of the Big Spring school in seven months of training activity.

Response on behalf of the class will be by C. W. Leasing Clark, wing commander for the class. Other 43-10 officers include P. H. Metzger, group commandant; R. Pell, squadron commander; R. A. Mulloy, squadron adjutant; J. G. McGlynn, first sergeant; Flight A — C. Geratlen, lieutenant; J. F. French, sergeant, and R. C. Fregosi, R. Gannon, H. H. Frederick, J. J. Gides, corporals.

Flight B — J. B. McNamara, lieutenant; A. A. McGrew, sergeant; E. H. Loring, E. F. Lotz, C. M. Helmsley, J. E. McLain, corporals. Flight C — A. Montello, lieutenant; R. J. Moerlein, sergeant; D. B. Mason, J. P. Morrison, E. C. Murphy, J. V. Muscarel, corporals. Flight D — G. E. Pihlar, lieutenant; G. A. Patterson, Jr., sergeant; E. E. Pierson, D. K. Phillips, J. C. Potts, and S. I. O'Connor, corporals.

Officials To Join In Dedication Of Legion Home
TEXARKANA, July 14, (AP)—One governor, two senators and two congressmen will be here tomorrow for the dedication of a new American Legion Home.

Yank Troops Closing In On Base At Munda

ALLIED HEADQUARTERS IN THE SOUTH-WEST PACIFIC, July 14 (AP)—Green-clad United States troops, in frequent gunfire exchanges with the enemy, moved stealthily forward through New Georgia's jungles today upon Munda.

It might well mark the beginning of the end of that Japanese air base.

The enemy's garrison appeared doomed to fight it out with what men and weapons were on hand. Reinforcement by sea had failed.

Remnants of a Japanese task force fled the disastrous task of the Kula Gulf above Munda, leaving behind the sunken hulks of a cruiser and from three to five destroyers to add to nine others lost there a week ago.

Support by the Japanese air force also failed. Yesterday eighteen enemy divebombers, protected by 18 Zeros, came over and pounded our positions.

The raiders never reached their objective, American Corsairs and Lightnings slashed into them at Langdale Point on New Georgia. Four Zeros and a Corsair, whose pilot parachuted to safety, were shot down. The bombers jettisoned their loads and fled.

Death rained daily on the garrison from swarms of American Avenger, torpedo and Dauntless divebombers. Yesterday 32 tons of bombs burst among encamped troops and upon anti-aircraft batteries.

Reinforcement or supply of the imperiled garrison by land was rendered virtually impossible by the wily American fighters.

On northeastern New Guinea, at the other end of the Pacific offensive, Liberators flying torpedoes and Mitchells dropped over 50 tons of bombs on Salamaua, the enemy air base toward which our jungle troops are fighting, and 21 tons on nearby Lae.

Coal Strike Investigation Under Way

PITTSBURGH, July 14 (AP)—The government made its first move under the Connally-Smith anti-strike act today by convening a special session of the federal grand jury here to inquire into the lingering coal strike that began June 20.

Nearly half the 16,000 still idle miners in the rich southwestern Pennsylvania coal field, most of whose output goes, directly to war-busy steel mills, were scheduled to return to work as the inquiry began.

United States Steel Corporation reported "a definite improvement" in the Fayette county fields where the strike has centered, and announced it would get 24,000 tons of coal from that sector today, as against 16,000 yesterday.

All the others among the nation's 821,000 miners returned previously, but more than half were out on June 25 when congress passed, over President Roosevelt's veto, the act which provides stiff penalties for interrupting production at government-operated plants.

District leaders of the United Mine Workers of America have insisted that the miners' work stoppage since they were ordered back to work by the UMW national policy committee June 25, are "illegal."

Meanwhile President Roosevelt's statement yesterday that the mines would be returned to private owners as soon as possible recalled the warning of UMW President John L. Lewis that the return under which the miners returned would "automatically" terminate if the operators took charge before signing a contract with the union.

NEW JAIL
ORANGE, July 14 (AP)—The Orange city commission voted last night to buy a two-story brick home and garage to be used as a new city hall and prison.

Old Glory Flies—Stripes snap in the Mediterranean breeze from the mast of one of the boats. The craft are designed to pour men and tanks onto an enemy shore. (AP Photo via Signal Corps Radiophoto).

Nazis Retreat Near Belgorod, Say Russians

MOSCOW, July 14 (AP)—German infantry and tank divisions have been pressed back on some sectors of the Belgorod front by Russian forces turning from defense to counterattack, a Soviet communique declared today.

The Red army launched its attack as the Germans reeled back after repeated and unsuccessful attempts to enlarge the wedge they had driven into the Russian lines at terrific cost in nine days of continuous fighting, the bulletin said.

The Russians declared the Nazis had "retreated with big losses," but it seemed apparent from front line despatches that the Germans still are holding stubbornly to much of the territory which they gained in the fighting a week ago.

Elsewhere on the Belgorod-Orel-Kursk front the action lagged. German effort at the northern end of the front which flared into action July 8 had all but died out.

The day's losses in German tanks and planes in all sectors of the central front brought the official totals to 2,772 tanks and 1,187 planes for the nine-day period.

Cows Are Tested For Tuberculosis

Testing of cows in Howard county for tuberculosis is progressing satisfactorily, K. E. McFarland, health unit sanitarian, said Wednesday after spending two days with Dr. B. N. Giles, USDA bureau of animal husbandry veterinarian.

Dr. Giles has completed checking the dairy herds supplying Big Spring and now is syringing out the Lamesa and Gall roads to make other requested tests. He has many requests for tests in town. His work is due to be finished within another week when he will have tested 10 per cent of the cattle population, enough to reaccredit the county.

Thus far, there have been no positive reactions.

Canned Foods Are Allotted For Civilians

WASHINGTON, July 14, (AP)—The war food administration (WFA) today allocated civilians 70 per cent of the nation's prospective supply of canned vegetables and soups and 53 per cent of the canned fruits and juices for the next 12 months.

Officials said this would provide a somewhat smaller per capita quota than allowed at present.

Total quantity allocated for civilians was 218,000,000 cases compared with 278,000,000 purchased in 1943 and an average of 225,000,000 cases in the 1935-36 period. The WFA pointed out, however, that these supplies were expected to be augmented by a record production of home-canned fruits and vegetables.

Bulk of the non-civilian supplies will go to the armed forces. Canned goods, because of their relative non-perishability and ease in storing and shipping, are among the most important foods for military use.

WPB Chief Says Heavy Production Of Low-Priced Clothing Can Avert Rationing

WASHINGTON, July 14, (AP)—Mass production of low priced clothing is the war production board's formula for averting the threat of textile rationing.

Chairman Donald M. Nelson declared today that WPB proposes to reverse what he called a growing wartime tendency toward concentrating of the manufacturing of expensive fabrics and to give the priorities "right of way" to garments and dry goods of the most-needed kind.

"We need not have clothes rationing in the United States," Nelson said. "There is an adequate supply of textiles and textile products to meet all military and essential civilian needs. The major problem is to see that the proper distribution and use is made."

Shortages in some clothing and dry goods lines—particularly cotton sheets, pillow cases and men's shirts and shorts—can be overcome, Nelson said, by focusing industry's effort on essential consumer needs and by directing production into "volume" lines instead of fancy goods.

Cooperation of the manufacturing industries and the wholesale and retail trade has been pledged, Nelson said, but the consuming mind to follow three rules:

Don't buy more than you need, don't buy it before you need it, and make it last as long as you can."

Map Plans For Getting Labor

County agents from Dawson, Borden, Scurry, Lynn and Gaines counties met Tuesday at Lamesa with representatives of the U. S. Employment Service and War Manpower Commission to map plans for securing autumn labor.

Among those attending the party were E. C. Logsdon, Abilene, acting area director for the WMC, Otto R. Rodden, manager of the USES office for the Big Spring district, and K. J. Edwards, district No. 2 extension agent.

Preliminary reports indicated that there would be a good migration of workers from the lower Rio Grande valley as in the past. Many farmers will have their same crew back, and there possibly will be a good volume of free-lancers. Too, recruiting of trans-border labor may alleviate the situation.

Jap Boasts Of War Production Level

By the Associated Press
Lieut. Gen. Tetsuo Suzuki, president of the Japanese cabinet planning board, announced today that Japanese war production had attained "unparalleled levels" in the last nine months, the Tokyo radio reported in a broadcast recorded by the Associated Press.

Bastille Day Move Martinique Joins Fold Of Allies

WASHINGTON, July 14, (AP)—Martinique, for many months the only French non-Axis-occupied territory to hold out against cooperation in the fight to liberate France, returned to the fold today and placed its ships and resources at the disposal of the United Nations.

It was significant to many observers that the formal transfer of allegiance comes on the 154th anniversary of the storming of the bastille—a revolutionary act that marked the birth of French freedom.

Heavy Allied Air Action Continuing

Liberators Batter Two Main Italy Airdromes

ALLIED HEADQUARTERS IN NORTH AFRICA, July 14 (AP)—Allied aircraft shot down 42 axis planes, sank two more enemy merchantmen north of Sicily and damaged two more destroyers in continued heavy air action yesterday, a communique from the Allied command post announced today.

Allied bombers spread a flaming carpet of destruction on two of the enemy's remaining airfields in Sicily, at Milo and Catania, and successfully beat off enemy aircraft which attempted to interfere with the Allied invasion operations, the communique said.

American and RAF fighter planes carried out sweeps and patrols over the invasion area, the beaches and shipping from dawn to dusk yesterday, the announcement said, at a cost of seven Allied planes.

Many vehicles carrying enemy troops were destroyed by the Allied fighters which attacked axis troop movements throughout Sicily during the day.

The day-long raids followed attacks by Allied night bombers on enemy airfields and communications in Sicily and southern Italy.

Milo airfield, which the Allied planes bombed heavily yesterday, lies a short distance southeast of the important Italian naval base at Trapani on the western coast of Sicily.

The Catania airfield, also bombed heavily, was a possible hindrance to the British Eighth army's drive northward along the eastern coast for Messina, key island city.

Enna, important communications center located in the heart of the island, also was attacked by the Allied bombers.

Also, heavy Liberator bombers from the Middle East command dropped nearly 425,000 pounds of high explosives and incendiaries on Crotone and Vibo Valentia airdromes in Italy yesterday, causing huge fires and "great damage," a United States communique announced today.

Hits were scored on three hangars in the daylight smash at Vibo Valentia, the communique said, and other direct hits were observed on the administration building and munitions sheds which exploded. The airfield is located near Reggio Calabria on the Italian toe.

At least eight aircraft were seen burning on the ground after the attack.

At Crotone, which is on the southern coast near the Gulf of Taranto, numerous oil fires were started and huge columns of black smoke were seen to rise from the airdrome.

Although Crotone is supposed to be the base for enemy fighter aircraft no fighters rose to meet any of the raiding formations and all the U. S. bombers returned to their bases, the communique said.

To Make Check On Petroleum Reserve

WASHINGTON, July 14 (AP)—The White House announced that the country's petroleum reserves would be checked up today at a conference in which the reserves would be considered in relation to war demands and the probable duration of hostilities.

Called to confer with President Roosevelt were Secretary of State Hull, Secretary of Navy Knox, Petroleum Administrator for War Ickea, Undersecretary of War Patterson and Herbert Feis, economic expert in the state department.

Strike At Continent

LONDON, July 14, (AP)—A great procession of American flying fortresses and other British bombers, Allied planes swept across the English Channel to pound continental targets this morning shortly after RAF raiders had returned from a night assault upon Germany.

Northern France apparently was the objective of the daylight raiders, which provided a thunderous overture to the French observance of Bastille Day.

British 8th Army Smashing Toward Catania Plain Area

ALLIED HEADQUARTERS IN NORTH AFRICA, July 14 (AP)—The American Seventh army has captured Comiso and Ponte Olivo, two of the enemy's 10 main Sicilian air bases, Allied headquarters announced today, and made a 15-mile advance upon Agrigento where large axis forces have been massing for counterattacks.

At the same time, the Allied communique announced that the British Eighth army of Gen. Sir Bernard L. Montgomery was rushing from captured Augusta upon Catania, half way up the east Sicilian coast, its way paved by scorching bombardments from air and sea.

Naro, only 12 miles from Agrigento, was captured in the surge of the Americans, the headquarters communique said, and the path of Gen. Patton's men too was being blazed by American warships which pounded Ponte Olivo before it was captured, and Porto Empedocle, only about three miles from Agrigento.

While fleets of bombers and fighters swept over the island from end to end and combed surrounding waters to lay down a fiery blockade, a motor torpedo boat flotilla made a rapier thrust at the jugular vein of Sicilian supply and penetrated Messina Strait, the two-mile neck of water between the island and mainland. There three enemy motor torpedo boats were engaged Monday night, and two of them set afire and driven ashore.

The pattern of the American advance on the western wing of the Allied front was punched out by the big guns of American warships which pounded enemy troop formations and tank columns behind Gela and in the Ponte Olivo and Porto Empedocle areas.

The Americans now hold a line stretching nine miles inland to Naro, 15 miles northwest of their westernmost beachhead at Licata.

Ponte Olivo is nine miles inland from Gela, and another of their beachheads, Comiso is about six miles west of Ragusa, whose capture, reported yesterday, was confirmed by today's communique.

Rapidly laying a solid grip to Sicily's eastern coast, the British Eighth army moved upon Catania against continued weak enemy resistance.

The semi-circular Allied line stretching across southeastern Sicily was now secure at all points and a direct thrust by the British into the Catania plain appeared possible without risk to their rear by an axis counterattack.

The strategic harbor of Augusta, the second major base in Allied hands through which Allied reinforcements and supplies could be poured, had been under Allied domination since Monday at 4 p. m. when a British and a Greek destroyer boldly sailed into the harbor. They held the port under their guns until British troops marched in early today.

The port and installations of the harbor, 19 miles north of Syracuse and 35 miles south of Catania, were undamaged.

Catania airport, next objective, was heavily bombed from the sea early yesterday morning, and formations of flying fortresses paid another of their devastating visits yesterday, leaving their targets in flames.

Canadian forces which made their initial landings at Pachino on the southeastern tip of Sicily and pushed on 20 miles inland to join forces with the Americans at Ragusa, also captured Modica, 10 miles northwest of Ispica.

"Town after town is surrendering" to the Canadian forces, said Ross Munro, Canadian war correspondent accompanying them.

"The lack of determined resistance is surprising even to the division staff," he said. "The infantry is advancing with incredible speed and it is practically impossible to keep in touch with their moves."

William Stewart, another Canadian correspondent, said Canadian landing operation casualties are extremely light and insignificant compared with the losses in last August's Dieppe operation.

A major test for the Allied invaders of Sicily has just ahead, military observers agreed today, predicting that sometime within the next few days—perhaps within the week—will be reached.

Two Persons Are Hurt In Wreck

James R. Gresham of Reagan suffered a back injury and Mrs. Gresham was treated for shock when their car, a Chevrolet two-door coach pulling a trailer overturned on Highway 80 about 3 a. m. Wednesday morning six miles west of town. Gresham is being treated at Cowper Clinic and Hospital where authorities said he was not critically hurt.

Mrs. Gresham, who was driving, told Highway Patrolman Bust Haynie that lights from a passing car blinded her causing her to lose control of the car.

The Greshams' daughter, who was also in the car, was uninjured. The family was returning to its home in Reagan from Arcton where they had been working in defense work. The car suffered considerable property damage.

City Manager To Deal With Water Problem

City commissioners Tuesday evening authorized the city manager to take what ever action he deemed wise to forestall a threatened shortage of water.

Unless there is a change soon in the situation at Powell and Moss creeks, B. J. McDaniel, city manager, said that residents would be asked to cease irrigating gardens, flowers and lawns. He anticipated that a special meeting of the commission might be called within a week to pass on plans he might develop.

Frank Covert, superintendent of the city lakes, said Wednesday that the level in Powell Creek lake was down to nine feet eight inches and that it would diminish more rapidly from here on out.

City wells are in good condition, reported McDaniel, with water tables at 109 feet, only six feet under the surface. It would be a physical impossibility to pump sufficient water through the mains from the wells to supply the city on the basis it has consumed water this summer.

Commissioners decided to hold action on the sewer project in abeyance until the last of this month pending word from the Army regarding its projected aid in the project.

Their annual auditor's report submitted by Marie J. Stewart was received by the commission.

Past Matron's Club Is Entertained With Lawn Party In Smith Home

Committees Are Appointed By The President

The Past Matron's club of the Order of the Eastern Star was entertained with a lawn party by Mrs. Lena McClenny and Mrs. Ollie Smith in the Smith home Tuesday evening. The hostesses were assisted by Miss Fern Smith.

Mrs. Nora Williamson, president, presided over the business session and urged all members to work at the Red Cross surgical dressing room. Packing committee appointed to work at the Red Cross sewing room included Mrs. Lena Koberg, Mrs. Mae Hayden, Mrs. Lena McClenny, Mrs. Ruby Read and Mrs. Nora Williamson.

Committee for visiting the sick includes Mrs. Ollie Smith, Mrs. Willie Mae McCormick and Mrs. Ruth Eason. The telephone committee is composed of Mrs. Willie Mae Dabney, Mrs. Beulah Carnrike and Mrs. Jessie Graves. Mrs. Elmer Boatler was appointed as reporter.

During the social hour each member told their secret ambitions in life, and refreshments were served.

Those attending were Mrs. Sylvia Lamun, Mrs. Willie Mae Dabney, Mrs. Minnie Michael, Mrs. Nora Williamson, Mrs. Ruth Eason, Mrs. Mae Hayden, Mrs. Blanche Hall, Mrs. Brownie Dunning, Mrs. Ruby Read, Mrs. Nettie Mitchell, Mrs. Agnes Young.

Activities At The USO

Competition night was held at the USO club Tuesday evening and prizes were awarded to the winners by local merchants. Members of the Hyperion club were hostesses and approximately 218 enlisted men and WACs from the Big Spring Bombarrier School visited the club during the evening.

Pvt. Joe Pickles won first place in pool and Mrs. Alice Mansfield took second. Ping pong awards went to Auxiliary Frances Burnstein and Pvt. Sydney Kersch and Pvt. Billy Newton won first place in Chinese checkers.

WEDNESDAY
1930 Hyperion as Game Hostesses
6:15—Hospital visiting hour at the post hospital.
8:30—Games and dancing with Bomba-Dears as hostesses.

THURSDAY
Woman's Forum and Beta Sigma Phi as Hostesses
7—Picnic for service men and their wives.
8:30—Games and dancing with Thursday GSO girls as hostesses.

FRIDAY
Lions Auxiliary as Game Hostesses
8:15 Learn to Dance. Ballroom classes taught by Mary Ruth Dittz.
9—Square dancing classes.

SATURDAY
Volunteer Service Women, Music Study Club and VFW Hostesses.
4-9—Canteen open — doughnuts and lead tea served.
8:45—Dance at the post with special services section in charge.
9—Recording hour at the USO.
Women of the Church of Christ have taken over the service of free alterations with Mrs. C. S. Kyle in charge. The work is to be done at the Red Cross rooms on Wednesday.

CALENDAR

THURSDAY
HOMEMAKERS CLASS of the First Christian church meets with Mrs. J. L. Milner at 8 o'clock.
VFW AUXILIARY meets at the VFW home, 9th and Goliad at 8 o'clock.
SEW AND SEW CLUB meets with Mrs. C. W. Ryal at 3 o'clock.
SEW and SEW Club will meet at 2:30 o'clock with Mrs. A. H. Ryal, Coleman Courts.

FRIDAY
TRAINMEN LADIES will meet at the WOW hall at 2:30 o'clock.
VICTORY BRIDGE CLUB meets with Mrs. T. J. Walker at 3 o'clock.

SATURDAY
OPEN HOUSE will be held at the country club at 9:30 o'clock.

DEAF? OR ONLY HARD OF HEARING?

Do not neglect this condition, even if you are only slightly hard of hearing!

AN AMAZING DEVELOPMENT THE NATIONAL SCIENTIFIC AURAL EXERCISER

No batteries — nothing to wear

Hear with the new NATIONAL One Of The World's Smallest Full-Range Instruments

A wearable, inconspicuous vacuum tube hearing aid. Crystal microphones. Works in all positions. Clear reproduction of music. Hear easily in church, theatre or group conversation. True perception, beyond the average. Finger tip volume control. Excellent for nerve deafness. Fully guaranteed. Good hearing is music to deafened ears.

Also we have various nationally known instruments at prices from \$35.00 up.

Ample battery supplies. Free demonstration, one day only, Friday, July 16th. Factory representative will be at Settles Hotel Ask for Mr. Tubb — Phone 1344

Cadets Are Honored At Post Dance

Approximately 200 cadets, their wives and dates attended an informal dance which was held in the post recreational building at the Big Spring Bombarrier School Tuesday evening honoring cadets of class 43-10 who will graduate Thursday morning.

The affair was sponsored by the school as a farewell entertainment for the class and a stag party in their honor, preceded the dance.

Music for the entertainment was furnished by the post orchestra and special services section presented a floor show at intermission. Cpl. Phil Tucker acted as master of ceremonies and a xylophone number was presented by Cadet Moeller. Sgt. Joe Kling sang "Ave Maria" and Cadet J. W. Miller presented a magician act. Concluding the program Betty Bob Dittz and Cpl. Phil Tucker were featured in a song and dance act, "I Can't Give You Anything But Love Baby."

Contests in waltzing and jitterbugging were held and prizes presented to the winners.

Dance To Be Held Saturday Evening

Another informal dance will be held in the post recreational building at the Big Spring Bombarrier School Saturday evening for enlisted men, their wives and dates.

According to announcement by Miss Elouise Haley, post hostess who is completing plans for the entertainment, a floor show will be presented at intermission and music will be furnished by the post orchestra.

Transportation will be furnished from the Bettles hotel and the dance starts at 9 o'clock.

Mrs. R. V. Foresyth Installed As Rebekah Lodge Noble Grand

Mrs. R. V. Foresyth was installed as noble grand of the Rebekah lodge Tuesday evening when the group met in the IOOF hall. She will serve as head of the lodge for a six month term and succeeds Mrs. Opal Tatum.

Mrs. Hazel Lamar and Mrs. Della Herring presided over the installation and other officers include Mrs. Clara Bender, left support to the noble grand; Mrs. Ruth Wilson, right support to the noble grand; Mrs. Maggie Richardson, warden; Mrs. May Roberts, inside guardian; Mrs. Josie McDaniel,

Rodeo Sponsor Is Named By C. of C.

The Colorado City chamber of Commerce has named as the town's official sponsor to the Snyder rodeo, which opens July 15th and continues through July 18th, Miss Otha McFarland daughter of Mr. and Mrs. R. G. McFarland.

The rodeo will be Miss McFarland's first public riding performance.

Lost Grave Marker Found In Walls

HENDERSON, Texas, July 14. (AP)—A grave marker lost for the past 40 years was found between walls of a freight building at Overton when workmen tore down the structure preparatory to erecting a new railroad station.

No one could explain how the marker got between the walls.

Reclassified

Fourteen Mitenell county men were reclassified as 1-A by the Mitchell county selective service board this week. They are Lawton B. Callison, Robert J. Green, Ocie W. Phillips, Francisco James, Edmund D. Feaster, Albert Butler, Raymond L. Richardson, Oda B. James, Lester B. Horn, Richard C. Lange, Leon T. Parish, John W. Birdwell, Lewis Shaw, and Sherman L. Erith.

The Nebraska state capital was moved from Omaha to Lincoln in 1867.

Junior Swank: This fashion leader of the nursery set cheers for her smart, washable cordurella playsuit.

Downtown Stroller

A remark destined to lose friends and alienate people was one FERN WELLS greeted us with the other day. It was a hundred in the shade and no shade. As FERN passed by she smiled and remarked, "Isn't it nice and cool?" Hummmmm . . .

We were day dreaming the other day and Mrs. CLYDE WAITS, SR., teased up saying we were like Mussolini, who was with his troops "in spirit." We were only there in spirit too, she laughed. All of which got us to wondering where the Mussos is anyway.

Mrs. H. C. HOOSIER stopped by to talk the other day and said that her daughter wanted to be a newspaper reporter too. We countered with the suggestion that she'd better discourage her daughter on that. That's odd why everybody always says that about their own job or profession.

Moving is a chore 'hat has endless angles to it, according to Mrs. RUBE MARTIN, who was in town the other day just long enough to get her things together to move to Abilene. She declares that Big Spring might be a hard town to find a spot to live in, but you haven't seen anything until you try Abilene. So be comforted newcomers.

One of the first to be reported with the Allied Invasion forces in Sicily was Capt. J. N. ROUTH, JR., who formerly taught school in Big Spring. Capt. ROUTH was quoted by Cedric Foster in a newscast and it was the first word his mother, Mrs. J. N. ROUTH of Abilene had had of him in more than two months. He was principal of West Ward school here prior to the war.

Mr. and Mrs. Harold Merrill of Midland visited Mrs. Paul Bradley recently.

Mr. and Mrs. J. A. Lowe of Long Beach, Calif. are visiting Mr. and Mrs. I. E. Chesney and Mr. and Mrs. S. B. Chesney.

Mrs. Frank Martin and sons are visiting in Dickenson.

Mrs. Ora Martin of Cleveland is visiting her mother, Mr. and Mrs. J. A. Kinard.

Mr. and Mrs. J. I. Biles and daughters, Beverly Joan and Ann have been visiting here with Biles' parents, Mr. and Mrs. J. D. Biles. Biles and daughter, Beverly, returned to their home in Woodbury, N. J. and Mrs. Biles and Ann went on to Clovis, N. M. for a visit. They will return to Big Spring for a short visit before leaving for Woodbury.

Mary Proctor and Betty Cowart of San Angelo are visiting with Mrs. F. B. Bialack.

Lieut. George Yates has been visiting with his parents, Mr. and Mrs. W. R. Yates. Lieut. Yates left Tuesday morning for his new station at St. Joseph, Mo.

Mrs. Clara Bender left Tuesday evening for Tulsa, Okla. to visit with her son and wife, Mr. and Mrs. J. B. Bender.

Louise McClenny will arrive from Denton Thursday morning to visit with her mother, Mrs. Lena McClenny, for the rest of the summer. Louise is a student at TSCW.

—VISITS AND VISITORS—

THINK WHAT OUR BOYS ARE GIVING

—Then Lend a little more!

Buy War Bonds

AT PENNEYS

IN THE wind-whipped Aleutians and the steaming jungles of the South Sea Islands—aboard shrapnel-raked bombers and fighting ships at sea—your boys and ours are giving all they've got to win this war.

In honor and appreciation of the tremendous job they're doing, we are devoting the month of July to the sale of War Bonds at Penney's.

In every department, at every counter at Penney's, you will find War Bonds on sale all this month. Buy Bonds at Penney's—all you can afford and a whole lot more!

War Bonds are backed by the full faith and credit of the United States of America—the strongest, most solvent financial institution in history.

And remember—you only lend Uncle Sam the money. He'll pay you back \$4 for every \$3 you put up, at the end of 10 years. And War Bonds will not decrease in value.

Buying War Bonds is the one big way everybody can help win this war and help back up our gallant boys overseas.

Buy War Bonds—today—at Penney's!

Dorothy D. Sain Directs Program At Club Meeting

Dorothy Dean Sain was in charge of a program presented Tuesday evening when members of the Beta Sigma Phi sorority met at the Bettles hotel in semi-monthly session. "Psychology and Scope of Color" was the program topic for the evening and Ann Darrow discussed "The Importance of Color on the War Front" in connection with the subject.

Dorothy Willis gave a paper on "The Importance of Color on the Production Front," and a quiz was held on "The Importance of Color on the Home Front."

Evelyn Merrill, vice president, presided over the business session, and it was announced that the next meeting would be a social. Eddy Ray Smith was appointed as recording secretary succeeding Omega Herod who has moved to San Angelo.

Those attending the meeting were Freda Bond, Janie Brimberry, Ann Darrow, Marie Dunham, Elizabeth McCrary, Tommie McCrary, Nell Rhea McCrary, Evelyn Merrill, Sara Reidy, Elizabeth Ross, Dorothy Sain, Mary Staggs, Dorothy Willis and Eddy Ray Smith.

Class To Meet Thursday

The Homemakers class of the First Christian church will meet with Mrs. J. L. Milner Thursday evening at 8 o'clock. All members are urged to attend.

German Shepherd Puppy Off To Serve With The US K-9 Corp

Pat and Mike Kenney are two sad little boys today for their best pal and playmate, 'Boy', left for camp Tuesday to serve with the K-9 Corps in the United States army.

Mr. and Mrs. Pat Kenney and their sons had been reading of the need for 'Dogs for Defense,' and when they learned that the army was needing German shepherds, they felt it their 'doggone' duty to give up Boy for the duration.

The government sent Boy's enlistment papers, he passed his physical, and was classed in 1-A awaiting call. Yesterday, his induction papers arrived along with the fanciest crate Boy had ever seen, but he knew something was wrong for he was scrubbed and brushed and was allowed to put on his best Sunday collar.

"It's always been rather hard to explain the meat rationing situation to Boy, and he can't understand why we cut down on his portions" Mrs. Kenney explained.

"So when I fed him a whole pound of hamburger meat as a farewell gift, he really was puzzled." A letter which came with the regulation dog crate from the Westmoreland Kennels, instructor center at Dallas, explained that because of his size and temperament, Boy would be trained as a scout dog for jungle warfare.

All the way down to the railroad station, Boy kept quiet and didn't seem to enjoy the automobile ride as much as usual. To the last he tried to be a good soldier, but when the train pulled out, he was crying . . . but so were Pat and Mike.

ACCEPT INVITATION

MEXICO CITY, July 14 (AP)—The labor ministry announced today that the International Labor Office, with headquarters in Montreal, has accepted an invitation to send a delegate to an industrial security conference here next week and a labor hygiene conference opening July 26.

TEST PETROLEUM JELLY THIS WAY

Press Molinee between thumb and finger. Spread slowly apart. Long three above Molinee's high quality. For minor cuts burns, bruises, etc. trioleine, 10c.

If You Suffer 'PERIODIC' FEMALE PAIN

With Its Weak, Cranky, Nervous Feelings

If at such times you, like so many women and girls suffer from cramps, headaches, backache, dizziness of "irregularities," periods of the blues—due to functional monthly disturbances—start at once—try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. It's famous not only to help relieve monthly pain but also accompanying tired, weak, nervous feelings of this nature. This is because of its soothing effect on over- or worn-out most important organs. Taken regularly — Pinkham's Compound helps build up resistance against such symptoms. Follow label directions.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

AT PENNEYS JULY STOREWIDE BARGAINS!

YOU CAN STILL COUNT ON PENNEY'S for Winter Bedding IN JULY

Yes, we have blankets and comforters . . . after 41 years of supplying America with warm bed coverings, we COULDN'T fail you now! But the supply is limited . . . and we urge you to plan carefully, and to buy with care and forethought!

The War Today— Broad Catania Plain May Be Scene Of Decisive Battle

THE WAR TODAY 80
By DEWITT MACKENZIE

The Sicilian invasion entered its fifth day with good fortune still pacing the hard driving Allies, but it seemed certain that concerted opposition was impending unless the axis did the unbelievable thing of quitting cold.

The first counterattack of any weight was that hurled by the Germans at our American forces under General Patton on the west wing yesterday. There is some passing speculation whether this assault was directed at the Yankees purely because of tactical necessity, or whether the embittered Hitlerites had in mind discrediting United States efforts for propaganda purposes. Be that as may, we took the attack in stride and smashed it.

Events are milling about so swiftly that he who makes forecasts is bullying his luck, but it looks now as though the broad plain of Catania—one of the battle-grounds of the ages—may continue its old role and become the scene of the decisive engagement in the fight for Sicily.

This fertile granary lies athwart the route which the Allied forces on the east wing are pursuing northwards towards the strategic port of Messina. The axis well may make its first big show of resistance here. The Catanian plain affords the best field for the operation of mechanized forces in this generally mountainous island, and tank divisions presumably will be used in strength by both Allies and axis.

The port of Catania on the edge of the plain is Sicily's second largest city, with a population of a quarter million. In its some 2,700 years of adventure it has been the center of many wars.

Despite its varied experience of hard knocks, however, Catania probably never was hit harder than it will be if it tries to resist the march of General Montgomery, with his famous British Eighth army and hard-boiled Canadians.

Catania is 59 miles by rail south

of Messina, the all-important port which is the island's railhead for the mainland's railroads. Trains are ferried across the narrow Strait of Messina, thus maintaining a vital communication.

Isolation of Sicily from the Italian peninsula demands that Messina be captured at the earliest possible moment. This will leave the axis forces on the island cut off from supplies and reinforcements, save for the few which might be moved by air.

Allied progress northward should be helped vastly by yesterday's capture of the great seaport of Augusta which lies between Syracuse and Catania. Augusta's harbor is one of the best in the Mediterranean.

Another important development is the capture of Florida, Palazzolo and Ragusa. These places lie across the tip of the southeastern peninsula astride which the Allied forces are forging forward. The significance of these captures is that they are communications centers.

It means that the American and other Allied troops on the west arm of the peninsula, and Montgomery's forces on the eastern coast, are in process of establishing communications across the tip of the peninsula for fast movement of men, equipment and supplies. This brilliant stroke also divides enemy contingents in that area.

Air power continues to play its major part magnificently. Axis communications are being neutralized and the defending airfleet is being smothered.

ton in some areas but detrimental to corn and other feed crops in many counties, especially in the drier parts of central and central west Texas.

Reports from crop correspondents over the state show an average boll, weevil infestation slightly less than a week earlier.

There was some variation in the outlook of the corn crop in a number of counties in central and central west Texas. Lack of sufficient moisture for the crop was measurably cutting the yield. For the state as a whole, however, prospective production was better than last year.

All ranges were reported at 84 per cent of normal condition compared with 85 per cent a month ago and 84 per cent for the 20 year average.

Sheep are in fair to good flesh and were reported at 83 per cent of normal condition July 1 compared with 84 per cent last month and 87 per cent the 20 year average for July 1.

Marketings (all rail plus Fort Worth truck receipts) of sheep during May were 358,000 head compared with 434,000 a year earlier.

Removal Case Out Of Court

AUSTIN, July 14 (AP)—The supreme court today overruled a motion by Attorney General Gerald C. Mann to reinstate quo warranto proceedings seeking the removal of Paul A. Martineau as special judge of the 94th district court in Nueces county.

The court held that because Martineau's term is for only eight weeks "it would be practically impossible for this question to be presented and determined by the court within the limited time prescribed by statute defining the term of the court."

Martineau was elected special district judge by the bar in place of Judge Allen Wood, who entered the naval reserve. The attorney general sought an opinion to determine the status of such office in cases where the office-holder entered the navy.

Earlier, the court had held that the district attorney of Nueces county was not empowered to institute such quo warranto proceedings before it, and Mann's action for reinstatement followed.

Texas Crops Make Normal Progress

AUSTIN, July 14 (AP)—The U. S. Department of Agriculture today reported generally satisfactory progress of Texas crops for the week ending July 11, and prospects for summer range feeds fair to good as of July 1.

Widely varying moisture conditions brought a parallel variation in progress of crops and farm work, and the same conditions were reflected in the condition of livestock and ranges.

Summarizing crop conditions, the USDA said:

Rains, with some storm and hail damage, delayed wheat harvest in the panhandle, but the additional moisture received would be of benefit to the feed crop outlook as a whole in that area. High temperatures were recorded over much of the state during part of the week, being beneficial to cot-

Resume Drilling On Cosden No. 1 Chester Jones

Drilling was resumed Wednesday on the Cosden No. 1 Chester Jones, diagonal southeast offset from the discovery Gutherie & Cosden No. 1 Allen in the Vincent pool.

After cleaning out and balling, cement plugs were drilled Wednesday morning at 3,965 feet where five and a half inch string had been cemented with 100 sacks. The test had been rigged with cable tools and was expected to make the remaining 50 to 75 feet into the pay zone within a week. Location is 600 feet from the north and west lines of section 5-25, H&TC.

Gutherie & Cosden No. 2 Allen, a northwest offset to the discovery test and located in the C NW SE of 57-20, Lavaca, was reported below 1,935 feet in anhydrite. The lime section is due to be picked up around 2,100 feet.

Near the important Sinclair No. 1 M. F. Davis in the East Howard pool, the M. & M. Drilling Co. No. 1 Davis & Hall was reported shut down at 2,565 feet in lime, waiting on tubing. Reports were that it will be acidized. Location is in section 44-30-1n, T&P, north of the T&P tracks. The Sinclair well, located in the southwest quarter of the same section, topped pay at 2,520 feet and was completed natural at 2,536 feet in lime for 395.82 barrels.

Cosden No. 1 Read, western out-post to the new Read pool on the eastern edge of the county, was still cleaning out following a 1,200-quart shot from 2,680-2,908 feet. After cleaning on the shot, it bridged at 2,583 feet. Location is 330 feet from the south and west lines of section 48-30-1n, T&P.

Mattie Lee Davis Services Held

COLORADO CITY, July 14—Funeral services were held here yesterday for Mrs. Mattie Lee Davis, former Colorado City resident, who died in Dallas.

She is survived by several sons and daughters, including Leatrice and Herman Davis of Big Spring, a brother, a sister and nine grandchildren.

FEEL GREAT!
IN GOOD HUMOR!

I LIKE TO GET UP!
I'M FULL OF PEP!

Why do thousands of Americans who feel headachy and sluggish and want to FEEL FIT . . . SHARP . . . and "ALIVE" turn to CARTER'S LITTLE LIVER PILLS? Why to CARTER'S—and ignore scores of simple laxatives, aspirins and indigestion remedies? Here is the answer! Simple—and crystal clear!

Next to your heart, your liver is probably the most important organ in your body! Each day, Nature expects it to produce about two pints of precious alkaline digestive juice. If it doesn't—your food may not digest properly! It may turn sour! Remain acid! You may become irregular.

Now, simple laxatives merely relieve irregularity. Aspirins just dull pain. Remedies for indigestion usually only neutralize acidity. But CARTER'S!

Within as little as thirty minutes, CARTER'S often start the flow of that precious alkaline digestive juice! It aids digestion! Neutralizes acidity! Relieves irregularity! Soon, you're on the road to feeling like a million.

If you feel dull, headachy, upset, get a 25¢ package of CARTER'S LITTLE LIVER PILLS at any drugstore today. Take as directed. Tomorrow see how fit and alive you'll feel!

Have a Coca-Cola = Saludos, Amiga

(GREETINGS, FRIEND)

... or how to get acquainted in Mexico

Americans soon feel at home in Mexico. Down there you'll hear a new kind of saludo as homey as Main Street. It's *Have a "Coke"*. It means "Howdy, neighbor" from Terre Haute to Tampico. All over the globe Coca-Cola stands for the peace that refreshes—has become the symbol of welcome between friendly-minded folks.

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

Yank Bombers Busy In The Far East

CHUNGKING, July 14 (AP)—Fliers of the U. S. 14th air force struck at the Japanese in the past seven days in bombing and strafing missions which ranged from the Yangtze river front to

French Indo-China, a communiqué from Lieut. Gen. Joseph W. Stillwell's headquarters announced today.

A motor vessel of between 6,000 and 10,000 tons was among 15 river craft destroyed or damaged near Canton, it said.

Five raids were made on the Haiphong, Hongway and Campha port area of French Indo-China.

Hits were scored on a plant which, it is estimated, supplied 80 per cent of the cement used for Japanese military installations

south of Formosa (Taiwan.) Extensive damage was caused in the Hongky-Campha area, the biggest coal-producing region of Indo-China, used for fueling ships between Japan and the South Seas.

No American planes were lost.

Texas Still Home To Much Travelled Air Transport Command Officer

Egypt, Brazil, Africa or Iceland are all fascinating countries to visit, but home is still Texas and that makes it the best according to Lieut. Jack Morris Mann, flight engineer with the Air Transport Command here visiting his mother, Mrs. Grace Mann, his son, Jackie, and his aunt, Mrs. Charlie Morris.

Lieut. Mann, who was reared in Big Spring and attended high school here, received military training at the Texas Military Institute in San Antonio. He was employed by a major airline before the war and was stationed in Lima, Peru.

Peru was so interesting that Lieut. Mann had made arrangements for his mother to bring his son and make their home with him. But then came war and the call to get in the spot where he was best fitted to serve. Since then he has seen the world with ATC.

Many spots visited fall in the realm of "military secrets," but those he can discuss make a long list.

Things always happen on long trips that span a continent and one that Lieut. Mann remembers the best, or maybe the worst, was a two week stop over in the jungles of South America. A matter of engines quitting in mid air, landing where a plane by all logic can't land, and then waiting for repairs all adds up to a few grey hairs that he can show.

Of all the spots he has visited he has found the natives friendly toward Americans but Scotland is the spot where Americans are really accepted as friends, he says.

The last trip was one of 16,000 miles but it ended up in Washington and meant a short leave to visit with his mother and son, so Lieut. Mann isn't complaining about that trip.

County Funds In Sound Condition

Recommending the transfer of \$151.80 from the Officer's Salary Fund to the Road and Bridge Fund, representing oil and gas used by the sheriff's department out of county storage during the first half of 1943, was the only transfer advised by county auditor, Claud Wolf in his June report to the county commissioner's court.

Actual status of fund accounts up to July 10th, as prepared by the county auditor, show the balance to be \$100,752.56.

Funds on hand up to July 11th of 1943 were \$99,614.13 making the county ahead \$1,138.43 this year not including funds invested in bonds.

Breakdown of figures shows \$52,208.03 in the road and bridge fund, \$8,815.23 in the jury fund, and \$21,597.16 in the general fund. Other funds are as follows: Officer's salary, \$6,138.25; permanent improvement, \$1,287.26; road refunding bond, \$3,014.06; special road bond, \$4,790.22; courthouse and jail, \$907.45; and viaduct warrants, \$1,799.82.

Balance to July 1st was \$97,237.84 with receipts from July 1st to July 10th amounting to \$3,316.03 to give the actual balance.

Disbursement funds for the month amounted to \$6,967.66 in the road and bridge fund and \$2,310.85 in the general fund. Funds spent in the officer's salary fund amounted to \$2,981.00; and permanent improvement fund, \$15.80. Interest and sinking expenditures amounted to \$5,005.66 with principal payment, \$4,103.00 and interest payment coming to \$902.66. July fund was \$327.25. Total checks issued in June amounted to \$17,578.32.

Few Purchases Are Charged

WASHINGTON, July 14 (AP)—American shoppers bought more goods last year than ever before, but fewer of them said "charge it" and fewer still arranged to pay on "time."

Reporting that the \$15,100,000,000 in retail credit sales during 1942 represented a 22 per cent decline from the previous year, the federal reserve's monthly bulletin termed the year's most striking retail trend "the very considerable increase in cash sales."

Total retail sales in 1942 were estimated at \$56,200,000,000, a gain of four per cent over the previous year and 23 per cent over 1940. Of the 1942 total, however, \$41,100,000,000—or 73 per cent—represented cash purchases as against only 64 per cent of the 1941 and 1940 totals of \$54,200,000,000 and \$46,800,000,000, respectively.

Installment buying fell from 13 per cent in 1941 and 1940 to only five per cent last year.

Claims Fonda Is Child's Father

LOS ANGELES, July 14 (AP)—A woman identified by her lawyers only as Miss Barbara Thompson has brought suit against Henry Fonda, 37-year-old screen actor now in the U. S. Navy, charging Fonda is the father of her child and asking \$2,000 monthly for its support.

Her complaint asserts that the child, Sharon, was born last June 21, and that she and Fonda never have been married.

Fonda's wife declared last night that the charges are false.

No Sugar Exports From Mexico

MEXICO CITY, July 14 (AP)—National Economy Minister Javier Gaxiola announced last night that no sugar is being exported from Mexico.

Some syrup and other products containing sugar are being sold outside the country, he said, but under the control of his ministry and only when excess sugar is used. Gaxiola said that to prevent unlicensed shipments of cattle to the United States, railroads have been forbidden to provide transportation for them.

"Crocodile tears" is used as a term of hypocrisy because the reptile cries when it fills its mouth with food.

JAP RELOCATION CENTER — Nearly 14,000 Japanese and Jap-Americans live at the Tullake, Calif., Relocation Center (above), the nation's largest single center which is located near the California-Oregon border.

Coca-Cola Starts New Theme In Advertising

Bottlers of Coca-Cola are using a total of 1,612 newspapers in 1,370 cities for a new advertising campaign launched this week, according to Jack Roden, Big Spring manager of the Texas Coca-Cola Bottling company.

Roden emphasized the universal coverage that is provided by newspapers and stated that more than 900 Coca-Cola bottling plants throughout the country are represented in this nation-wide use of this medium of advertising.

The part played by Coca-Cola, Roden recalled the famous decision written by the late Justice Oliver Wendell Holmes, of the United States supreme court, to the effect that "Coke" means Coca-Cola.

Following the introduction of the campaign in the nation's press, the theme will be featured in magazines, radio scripts, posters and other media in an extensive advertising schedule.

Rural School Fund Balance Foreseen

AUSTIN, July 14 (AP)—An unspent balance of \$250,000 in the state rural school fund by Sept. 1 was foreseen today by L. A. Woods, state superintendent of public instruction, largely as a result of teachers leaving county school systems.

Woods said some county systems had lost as much as 50 per cent of their teachers.

those little things that remind them of home."

In pointing out that the new advertising features "Coke," the friendly abbreviation of Coca-Cola, Roden recalled the famous decision written by the late Justice Oliver Wendell Holmes, of the United States supreme court, to the effect that "Coke" means Coca-Cola.

Following the introduction of the campaign in the nation's press, the theme will be featured in magazines, radio scripts, posters and other media in an extensive advertising schedule.

Knott News

The Rev. Cecil Rhodes and family are spending the week at Murphy where he is conducting a revival meeting.

Visitors in the L. M. Robinson home are his sister, Mrs. Lucy M. Smith and her grandson, Billy Smith, of Brownsville.

Mrs. J. L. Cross is visiting with relatives at Childress.

Mrs. Elgin Jones of Midland is visiting in the home of her parents, Mr. and Mrs. C. K. Smith.

Betty Raye Fryar, daughter of Mr. and Mrs. Shirley Fryar, has returned home from Lubbock where she has been attending school at Tech.

Annie Mae Brown of San Francisco, Calif., is visiting her parents, Mr. and Mrs. T. J. Brown.

Edna Mae Motley of Alplins is visiting her parents, Mr. and Mrs. J. W. Motley.

Mr. and Mrs. Porter Motley are visiting friends and relatives in Brownfield.

A revival meeting is in progress at the Methodist church. The Rev. Cockrell of Dunn is in charge of the services. The public is invited to attend.

Union Members Stage Siege

MEXICO CITY, July 14 (AP)—Members of the Union of Government Employees besieged union headquarters yesterday, leaving one man dead and at least five beaten or shot.

Police gave an ultimatum to the besieged group, ordering them to leave the five-story building and promising them protection from the opposition faction in surrounding streets. After the shooting, the 24 defenders had refused to open the door to admit police or doctors.

Late last night a police squad headed by Gen. Miguel Z. Martinez, police chief, forced their way into the building. Thirty-seven persons found inside were arrested.

LUNCHES WITH GARNER

UVALDE, July 14 (AP)—Jim Farley left here with Ralph Morrison of San Antonio for an unannounced destination after Farley had lunch with John Nance Garner at the former vice president's home.

Will Discuss Texas Timber

COLLEGE STATION, July 14 (AP)—The part of Texas timber in the war effort will be discussed at the 29th annual meeting of the Texas Forestry association, July 18, at Beaumont.

Elton H. Thompson of Houston, association president, urged representatives of Texas forest products industries, timberland owners and foresters to attend, declaring that the meeting would have a very important bearing on the future forestry conservation program of the state.

Plan Reconstruction Of Famed Building

TOLEDO, Spain, July 14 (AP)—The mayor of Toledo announces plans for reconstruction of the famous Toledo Alcazar, where nationalist troops were besieged from July 21 to Sept. 27, 1936 during the Spanish civil war.

Renowned Latin Composer Dies

MEXICO CITY, July 14 (AP)—Lorenzo Barcelata, composer of such songs as "Maria Elena," "Coconito" and "La Chuncha," died here yesterday of a heart ailment. He was widely known in the United States and Latin America.

SURPRISES!

CHICAGO—Roger Gale was taken by surprise when a woman drove up in an automobile at a northwest side plant where he is a watchman, handed him a package and said, "Here take this. I'm in trouble." Then she drove away. Gale got his second surprise after he unwrapped the package and discovered two sticks of dynamite. He called police and a bomb squad confiscated the dynamite.

NOT CLOSE ENOUGH

ABILENE, Kans. July 14 (AP)—A major, umpiring a service men's baseball game in which privates, non-commissioned and commissioned officers participated, called a close one on a sergeant. The sergeant turned, slowly and thoughtfully, and said: "Sir, it's daw-gawned hard to remember to call you major, sir."

Says Many Fronts Have Weakened The Luftwaffe

LOS ANGELES, July 14 (AP)—What's wrong with the Luftwaffe? Merely a matter of mathematics—a case of dividing a given force between a growing number of fronts, says Gen. H. H. Arnold, chief of the American Army air forces.

"Why is it (the Luftwaffe) not nearly so strong today?" the general echoed a newsmagazine's question in an interview. "Well, take any number and divide it again and again, to care for all your increasing combat fronts, and you have decreasing air power on any one front. It's mathematics."

In the Polish and French campaigns, Gen. Arnold pointed out, the Nazi air force functioned as a single unit.

The general had a good word for the P-40 Warhawk in discussing fighter aircraft.

"Don't sell the P-40 short. It has shot down more ships than any other single fighter."

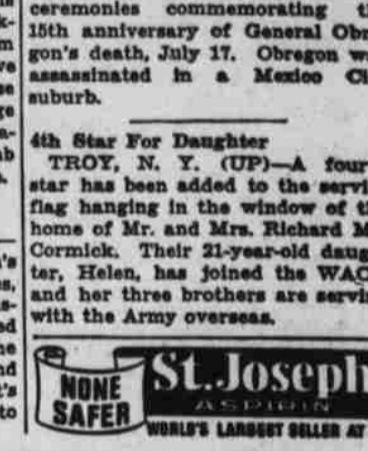

Russia, he stated, is receiving American planes in large numbers every month, and seems "highly satisfied" with them. China, likewise, will be further supplied, he added.

TO BURY ARM

MEXICO CITY, July 14 (AP)—The arm that former President Alvaro Obregon lost while fighting the revolutionist, Pancho Villa, at Celaya in 1915, will be buried at ceremonies commemorating the 15th anniversary of General Obregon's death, July 17. Obregon was assassinated in a Mexico City suburb.

4th Star For Daughter

TROY, N. Y. (AP)—A fourth star has been added to the service flag hanging in the window of the home of Mr. and Mrs. Richard McCormick. Their 21-year-old daughter, Helen, has joined the WACS, and her three brothers are serving with the Army overseas.

Mahon Coming To District

WASHINGTON, July 14 — Congressman George Mahon left Washington this week for Texas where he expects to visit and confer with the people in each of the 25 counties of the 19th district during the congressional recess. In commenting on the general situation prior to leaving Washington, Mahon said: "It must be frankly admitted that on the home front the situation is not altogether wholesome. There has been too much bungling and waste and too much bitterness even among high officials of the government. On the other hand there is no cause to despair; our country is fundamentally united and there will be no home front collapse."

And Police Still Are Wondering

BEAUMONT, July 14 (AP)—Who got hit by whom or was anyone hit at all? That was the question Beaumont police tried to clear up after they answered a call and found a negro lying in the middle of the street. Bystanders said he had been hit by a car. The negro was rushed to a hospital but upon arrival stepped nonchalantly from the ambulance and said: "Didn't nothin' hit me. I was just lying there waiting for the negro to come back who did get hit by a car."

FARM HAND

FULLMAN, Wash.—His higher learning got Washington State college educator W. R. Hatch his summer job at the Osborne Swales farm. Hatch is the farm translator. Swales couldn't cope with the Spanish of his Mexican hired hands.

"My Electric Appliances Are Getting Extra Attention Now!"

Electric appliance manufacturers are making war materials these days. That's why wise folks are taking extra care of their electrical appliances and appliance cords. They want them to last until the Nazis and the Japs, who really are to blame for your lack of new appliances, are given the beating they asked for.

Here are four helpful suggestions

- 1. Use Appliances and Cords Carefully**
Careful handling of appliances and cords will pay dividends in a longer and more useful life for your labor-and-time-savers. Keep cords from becoming twisted and kinked. Place appliances where they won't be knocked off of tables or shelves.
- 2. Make Minor Adjustments, Tighten Screws**
Watch out for loose screws or other conditions that need prompt attention. A screwdriver and a pair of pliers are handy articles to have.
- 3. Oil Fans and Motors Regularly**
Fans and refrigerator motors are working overtime these days. Be sure they are getting enough oil to protect them from dry bearings.
- 4. Call a Competent Repairman**
When real trouble develops in any of your electric appliances, the best thing is to take them to an electric repair shop, where they can be given expert attention. Remember, most electrical repairmen are extra busy these days, so allow ample time, if possible, for repairs.

C. S. BLOMFIELD, Manager

Americans Walk To 8th Win

Red Sox Infielder Is Proof Yankees Not Essential To Victory

PHILADELPHIA, July 14 (AP) — Like the guy who doesn't need money because he has a million dollars in the bank, the American league finally has proved it doesn't need the Yankees—as long as it can do the Bombers' trick with a bat.

While Manager Joe McCarthy didn't use a single member of his Bomber brigade in knocking off the National leaguers 5 to 3 last night in the 11th edition of the All-Star slugging party, the way it happened made you look quick to be sure it wasn't a Yankee putting on the crusher.

But this time it was Robert Pershing Doerr, the Los Angeles "Jule" who has been playing a lot of infield for the Boston Red Sox.

The Nationals went out in front with a run in the first inning and were just bouncing along behind Mort Cooper.

Then, in the second, before you or the \$1,288 cash customers knew what was cooking, the roof fell in, and it was the old Yankee story dressed up in a Red Sox suit.

Mort's fireball lost its control for just a couple of minutes and he walked Chet Laabs, the St. Louis Browns' nimble fly-chaser, and Jake Early, Washington's work horse catcher.

Then up stepped Robert Pershing Doerr, who had a curve ball off the finger he'd blistered a few hours before, apparently showing how not to light a cigarette. Bobby aimed it at the left field stands, and it just barely gapped its way into the lower seats. A yard shorter, and it would have been only a fly out.

That was your ball game, and for all the rest of the game meant to the final result, the boys might

just as well have gone to the movies for the rest of the evening. The Americans simply ambled to their eighth win in the 11 all-star games, which are rapidly turning into plain old-fashioned nightmares to the Nationals.

Waco School Holds Lead

HOUSTON, July 14 (AP) — The Waco Army flying school held the undoubted lead today in the Houston Post's semi-pro baseball tournament by virtue of a 6-4 win over Camp Wallace.

Sid Hudson and Birdie Tebbetts, major league battery of the Waco team, each got two hits and scored once as Camp Wallace lost a hard-fought game.

Brown Shipbuilding eliminated Aloe Field, 8-1, in the second game of a double header.

Roster Growing
CHICAGO, July 14 (AP) — The addition of Iowa's Bob Penaluna and Michigan State's Jack Fenton to the college all-star squad brought the roster up to 26 players today. Penaluna, a guard, is the 14th lineman and Fenton, a halfback, is the 12th back to be selected for the team which will meet the Washington Redskins, National football league champions, Aug. 25 in Doyce stadium, Evanston.

ANNOUNCES ATTENDANCE
ATLANTA, July 14 (AP) — The Southern association, one of the few minor leagues that decided to play baseball this year, drew a net paid attendance of 365,000 for the first half of its 1945 season ending July 4, President Billy Evans announced.

Sports Round-Up

By HUGH FULLEBTON
PHILADELPHIA, July 14 (AP) — "When you have two men on and someone hits a home run, the damage is done," remarked Billy Southworth, manager of the St. Louis Cardinals and the National league all-stars. . . . And that just about sums up last night's game in which the National leaguers took their customary shelling from the American leaguers. . . . Things looked quite rosy for the senior circuit until Mort Cooper walked a couple of guys in the second and along came Bobby (The Swinging) Doerr and boom. . . . Then the ball game was practically over. . . . But just to show you what optimists these baseball players are, the losers came into the dressing room talking about how hard Bill Herman hit a liner in the ninth and what might have happened if it had been a few feet higher.

QUOTE, UNQUOTE
More from Southworth: "This isn't like a world series. Seems like we ought to have a few more games. I'm just getting warmed up. . . . And, discussing his decision to yank Mort Cooper off the hill before his three-inning stint (AP) "I'm glad it was one of my own men. I felt more free to take him out. . . . Joe McCarthy, who wasn't especially jubilant about getting square with Southworth for what happened last fall in the world series: "Don't bother me. I've got to get dressed and catch a train."

BLISTERED MISTER
The blister on Mort Cooper's finger, which came from a misguided match, provided a lot of pre-game conversation but Mort tried his best to keep from using it as an alibi. . . . It bothered his control a little, he said, and that was the only real trouble with his pitching. . . . The accident recalled what happened to Johnny Beasley here last year, when his pitching hand was cut in an encounter with a would-be porter in the station. . . . But Southworth didn't get his

TEXAS YOUNGSTERS MAKE SEMI-FINALS
NEW YORK, July 14 (AP) — Bernard Barzen of San Angelo and Ed Ray of Taft, two unseeded youngsters from Texas, advanced to the semi-finals of the eastern junior singles tennis tourney at Forest Hills yesterday. Barzen defeated Linton Baldwin of New York, 6-0, 6-1, while Ray vanquished William Tully of New York 7-5, 6-3.

RED CROSS TO GET TOURNAMENT PROFIT
MIDLAND, July 14 (AP) — The Red Cross will receive all proceeds from the Midland country club invitation golf tournament scheduled Aug. 6, 7 and 8.

President Fred Hogan of the country club predicted more than 100 golfers from West Texas and New Mexico would enter the tournament.

FEMALE TEAMS SEEK SPOT IN BASEBALL
DETROIT — Women have moved to the front in business, politics and the armed forces and now they're seeking a prominent place in the Detroit Baseball School run by Councilman William Rogell. And the former Tiger shortstop hasn't made up his mind about the latest invasion of women.

Of the 434 teams enrolled in his school, two feminine baseball teams obtained enrollment cards, filled them out and demanded a place on the schedule.

It would be tough on the male athletes if the women won the tournament.

BABE RUTH NURSES BRUISED SHIN BONE
NEW YORK, July 14 (AP) — Babe Ruth came back from his Boston charity baseball appearance, nursing a bruised shin bone, where a foul ball hit, but elated over shooting a 69 in golf for the first time.

It happened last week at North Hills, he told his close friend, Jack Schaffer. He went around in a three-under-par 34-35, in spite of three-putting the 16th.

BECOMES SPAR
CHICAGO, July 14 (AP) — Elizabeth (Betty) Hicks, former national women's golf champion, was ordered to report today to be sworn in as a member of the SPARS, coast guard auxiliary. She will represent that unit of the armed forces in the all-American tournament at Tam O'Shanter country club next week.

STUCK AT HOME
RICHMOND, Va., July 14 (AP) — When Louis Miller, star University of Richmond athlete, joined the Navy's V-7 program, he had high hopes that when he was called to duty, he'd get away from Richmond for a change and "see the world." The other day he got the call to begin his work—at the University of Richmond.

One-Armed Ball Player Shows Marked Promise

MEMPHIS, Tenn. — If he had another arm to go with his stout left member—and it made him twice as good—then 26-year-old Fets Gray doubtless would be one of the baseball greats of all time. As it is, the amazing one-armed outfielder of the Memphis Chicks is proving himself more than just a diamond oddity—he's measuring up as a whole of a ball player.

When the season reached the half-way mark, the thin, blond Pennsylvanian maintained a batting average of .311, the best among his team's regulars, one of the best in the Southern Association.

Gray — swinging a normally heavy bat as a southpaw tennis player does a racket—is one of the toughest men in the league to get out. Through the first 50-odd games, he had whiffed only three times.

But he's at his best in the field. Exceptionally fast, sure-fingered and a good-thrower, he went 40 games before making his first and only error. He snags the ball, removes his glove and throws with a lightning-like motion that the human eye can hardly follow.

This is the second year in professional baseball for the coal miner's son whose right arm was amputated at the shoulder when a boy but whose love for the game rose even above that great misfortune.

He played with Three Rivers in the Canadian-American League last year and batted .351 in some half a hundred games.

Pete's main hope is to get a big league trial. "I think I can play in the majors," he says—and means it.

His opinion is shared by others. "Gray is above the Association average," says Manager Doc Frothro of the Chicks. "Judging him by his present standard I think he can go in the majors."

"I rate him with the best outfielders in the league," adds veteran Larry Gilbert of the Nashville Vols, "a brilliant fielder, a dependable hitter."

Even were he less a baseball player, Gray would be worth his salary as an attraction. The Memphis Chicks, playing losing ball,

The Home Front Today Nation's 'A' Gas Ration Book Holders Due For Equalized Allowances

By JAMES MARLOW and GEORGE ZIEGLER
WASHINGTON, July 14 (AP) — Why can't we get more gasoline for our automobiles? Will we have enough fuel oil for our homes next winter?

Here is the future picture—as of today presented by a member of Secretary Ickes' Petroleum Administration for War which is responsible for getting America's oil to where it is most needed:

No more than present allowances for eastern "A" card motorists; in due time, less gasoline for all motorists of the "A" type from coast to coast until all of them nationally are allowed an equal amount.

Fuel oil for homes will not be less than last year, will not be more, still will be rationed. Here's the PAW explanation:

Civilian supplies arriving daily on the east coast are far below the peacetime flow when almost every drop of the oil went to civilian use, and are not expected to improve enough to close the gap.

Facilities for getting supplies to the east coast will improve in the months ahead when completion of pipelines frees more tank cars for long hauls.

Then, more supplies will be moved out of other areas which now proportionately have more than the east since facilities to move them have been lacking.

As those supplies move eastward—although never in sufficient amounts to meet the level of peacetime civilian needs—the nation will be tapped from coast to coast to equalize distribution according to needs.

As this happens, non-essential driving everywhere must yield to more essential demands.

Normal peacetime oil supplies are far ahead of the attendance pace of last year when they led the league for a while.

"Gray is pulling them in all over the circuit like that," remarks Prothro. "He's quite a lad."

Buffalo Trail Council Scouts Enjoy Outing

Boy Scouts from the Buffalo Trail council made it to Camp Philmont in northern New Mexico all right last week and are having a great time in the pine covered canyons and mountains on the 200-section scout preserve.

This is the word from the council office in sweetwater. On the way up, at the invitation of the commanding officer at Camp Luna, Las Vega, N. M., 300 boys and 35 leaders spent the night in army barracks and continued the following day into the Cimarron canyon country.

Parents wishing to communicate with their sons may do so by addressing the letters in care of Philmont Scout Ranch, Cimarron, N. M. However, the camp will terminate Monday.

In addition to 34 scout leaders, S. P. Gaskin, area executive, and H. D. Norris, Big Spring, James Folk, Snyder, and Rex Palmer, Monahans, field executives, are directing activities of the camp.

Will Participate In Celebration

DALLAS, July 14 (AP) — Rep. Wright Patman (D-Tex) will participate tomorrow in a celebration commemorating the first anniversary of the activation of Camp Maxey divisions at Paris, he said here.

The representative said he and Senator Tom Connally will participate in the dedication of an American Legion home at Texarkana Friday.

BEAT THE HEAT

To help prevent heat rash (so called prickly heat) as well as to relieve and soothe heat-rash irritated skin, use Mezzana, formerly Mexican Head Powder. Just sprinkle this refreshing medicated powder well over such irritated skin. Costs little. Get Mezzana.

You call it Bread, your ancestors would have called it Cake

Your daily bread is nutrition in one of its finest and most appetizing forms—and today it saves ration points. We Americans can be grateful that our country produces an abundance of this perfect 'staff of life'.

We can be grateful, too, to science for the greatly improved quality of our daily bread. It has been tremendously enriched. Its texture is finer, its appearance and flavor more inviting.

Did you ever wonder how many millions of pounds of yeast are required each year to leaven the nation's bread? Did you know that yeast must be absolutely fresh when it reaches the baker? Thanks to a network of specialized delivery services plus modern refrigeration, bakers in even remote parts of America get their yeast fresh and on time.

The Baker's Yeast Division of Anheuser-Busch supplies bakers with yeast for a large part of the nation's bread. Now nearly 15 percent of our entire output goes to the Army. This service to civilian bakers and our armed forces resulted from applying to food the knowledge gained from years of laboratory work in producing the world-famous Budweiser.

Budweiser
In addition to supplying the armed forces with gilder paries, gun turret parts and food-stuffs, Anheuser-Busch produces materials which go into the manufacture of B Complex Vitamins • Rubber • Aluminum • Medicines • Hospital Diets • Baby Foods • Vitamin-fortified cattle feeds • Batteries • Paper • Soap and Textiles—so many & so.

We're Proud of Our Workmanship In Recapping and Extend To You AN OPEN INVITATION to see how Quality Recapping is Done

Maybe you would like to see how new mileage is added to your worn tire. Maybe you are interested in seeing how a tire is inspected, buffed, how cam-elback is annealed to the casing by curing in specially designed molds. We extend to you a standing invitation to come into our shop and see the work actually done. Ours is the only tire recapping plant in Big Spring.

A Specialized Field Developed By Tire Recappers

Recapping is not new. It has been done for more than 30 years. They knew every detail of recapping, how miles can be added to tires that would soon be ready for the scrap pile. Trucking companies have had their tires recapped for years because they found out it was more economical and gave more miles per dollar.

We can't give the mileage guarantee that we used to, due to the fact that the Government is preserving stocks of crude rubber. But when the Axis powers quit, then we will again give new tire mileage. Meanwhile the number of miles you receive depends on how you follow the rules of sane driving as suggested by the Office of Rubber Director.

Get The Best For What You Pay

Recapping prices are pretty well established. But all recapping is not alike. You are entitled to get every mile for your dollar. We pledge to give you every honest effort plus the skill of many years, to keep you rolling during the emergency. We'll tell you when your tires need recapping service or repairs. The day of wasting is over—we must all do our part in conserving our resources, and tires are one of your prime possessions.

REMEMBER — Drive Carefully . . . Keep Tires Inflated
Check Tires Frequently . . . Make Repairs Promptly . . . Recap in Time

Anti-Strike Bill's Main Provisions Not 'Vetoed'

By JACK STINNETT WASHINGTON—The moment Congress had slap-banged the administration by over-riding the President's veto of the anti-strike bill, political commentators here rushed to their typewriters to give the matter their interpretation and immediately some found themselves in a quandary.

It is true that, to all outward appearances, the President had received his worst setback in years and the worst ever handed a president in wartime, for the records fall to show that the veto of any bill, political commentators here rushed to their typewriters to give the matter their interpretation and immediately some found themselves in a quandary.

There is nothing equivocal about that sentence. In it, so far as I can find, President Roosevelt put himself on record for the first time as definitely favoring anti-strike legislation for the duration.

As is apparent immediately, the only two clauses which the President "actually vetoed" were those two which had nothing to do with or were inconsistent with the actual outlawing of wartime strikes and the penalties for inciting or participating in them.

Capital Comment— Tribute Paid To Marvin Jones

By GEORGE STIMPSON Herald Washington Correspondent One thing is certain. Marvin Jones starts out in his new job as war food administrator with the wholehearted good will and best wishes of his former colleagues in Congress.

the present moment," Kieberg said, "is one which has been fraught with terrible confusion and fracas right from the beginning. I have known Marvin Jones, Mr. Speaker, since the year when you, and he, and I first entered the University of Texas.

Then Ewing Thomson, an old neighbor spoke. "It is not necessary for me to pass any encomiums on Marvin Jones, although I have known him longer than any man in the House. He and I were reared in the same community of Cooke county. My father was his father's family physician. The men in this house who served with him for many years know of his high character, his outstanding ability, and his knowledge of the problems of agriculture and food. Speaking for myself and also as chairman of the Texas delegation, I am sure I voice the sentiment of that delegation and through them the sentiment of all the people of Texas in saying that we have the utmost confidence in Marvin

has grown, as inevitably he would, due to amazing qualities of manhood, personality, intelligence, patriotism, well directed and earnest effort. I voice the hope that the experiences and the judgment he has developed through the years will be given some opportunity to express itself and not to be too hindered, too harassed, or too entangled by red tape and attendant confusion between various agencies of government. I hope for the country and for Marvin Jones that he will be given an opportunity to do the kind of job I know he is

capable of doing." (Continued on Classified Page)

BLONDIE "AH, MEAT BALLS FOR SUPPER" "A week or so ago, it was pointed out here that Congress, by placing the Connally-Smith-Harnes bill on the President's desk for his signature or veto, had put the President on such a spot as he hadn't been on for years. It looks as if the President, with the help of Congress in over-riding the veto, has very neatly been taken off of it.

BARNUM & BUNNY "GEE!! GOOGLE SURE IS WORRIED ABOUT FINDIN' HIS SIDE-KICK -- HE STARTED OUT AT DAWN TO COMB THE HILLS OF TRINIDAD" "THERE'S NO TELLIN' WHERE THAT YARD BIRD IS LIABLE TO BE" "PARDON ME, MA'AM -- PUF-PUF - BUT HAVE YOU SEEN A LITTLE AMERICAN SOLDIER WANDERIN' AROUND TH' HILLS?? HE'S LOST AN' I JUS' GOTTA FIND HIM" "WELL--HOW TH' HECK DO I GET BACK TO PORT OF SPAIN?? YOU CAN POINT CANTCHA?"

BRIGHT DREAMS I was a soldier in the last war and after the war was over, I saw our bright dreams disappear, our stirring slogans become the jests of the cynical, and all because the fighting peoples did not arrive at any common postwar purposes while they fought. It must be our resolve to see that that does not happen again. While we fight, we must develop a mechanism of working together that will survive after the fighting is over. Successful instruments of either national or international government are the result of growth. They cannot be created in a day. Nor is there much hope of their being created amid the reawakened nationalistic impulses, the self-seeking, the moral degenerations, and the economic and social

STRANGE REQUEST
HOUSTON, July 14 (AP)—Written in longhand on the back of a political campaign card, the will of Miss Sallie F. Bedford was admitted to probate. "When I die," the unusual instrument declared, "I want Mrs. Maggie Nance to have my home. Her sister, Sallie F. Bedford."

Along the shores of the Great Lakes and the Mississippi River, \$765,000,000 worth of sea-going vessels are being built for war services.

Comment

(Continued from Page 6)

Jones and feel sure he will perform the duties of his new assignment with fidelity and efficiency.

"He did not seek this job. He already had a lifetime job on one of the highest courts in the land. He was drafted and accepted it, as a matter of patriotic duty. I feel in this critical hour when harmony, cooperation, and teamwork are so much needed he will receive the hearty members of this house without regard to party affiliation. We are in a dangerous war that calls for the best in all of us. I know Judge Jones so intimately that I can assure you he has none of the dictator about him. His one big thought now is his country and the winning of the war. He believes in representative government and will want to carry out the will of congress. Our duty is to determine policy and then give him the necessary legislation with authority to act. We can then forget the mistakes and differences of the past few weeks and solve the complex problem that is causing our people so much worry. Marvin Jones will do his duty and prove a great food administrator if we will our wholehearted support."

Marvin Jones has a great reputation to live up to. Every one of these words said about him by Worley, Kieberg and Thomason was said in dead earnest. Marvin Jones is that kind of man. I have known him myself for more than twenty years. The only question is whether anybody can do that job. If it can be done, Marvin Jones can and will do it.

FINES ARE VOTED
DETROIT, July 14 (AP)—William McCauley, regional director of the United Automobile Workers (CIO), said today the union's local 594 at Pontiac, Mich., has voted to assess \$5 fines against 17 of its members who actively participated in an unauthorized strike at the Yellow Truck and Coach Co. plant March 17.

The mate often refuses to leave a marlin hooked by a fisherman.

Minister To View Army Maneuvers

MEXICO CITY, July 14 (AP)—

Gen. Francisco Urquiza, assistant defense minister, will serve as Mexican observer at the forthcoming Louisiana maneuvers, acting for ex-President Lazaro Cardenas, now defense minister, the ministry has announced.

The ministry said Gen. Cardenas, who had planned to witness the maneuvers, had been invited to tour U. S. defense points and had accepted but had not fixed the date of his visit to the United States.

Gen. Urquiza plans to leave by plane Friday, stopping at Monterrey and continuing to Nuevo Laredo to cross into Laredo, Tex. He will be accompanied by Gen. Arthur Harris, U. S. military attache here, and three high-ranking technical officers of the Mexican army.

Medical School Now At Houston

HOUSTON, July 14 (AP)—Baylor University, the only surviving institution chartered under the Texas republic, gave its blessing last night to its pioneering 40-year-old offspring, the Baylor College of Medicine, at a banquet attended by 250 medical men and at an earlier history-making meeting of university trustees, which marked the college's opening here.

Meeting in Houston for the first time in Baylor's 102 years, the trustees approved the earmarking of \$50,000 in university funds annually for use by the medical college, confirmed appointments of 16 regular and 160 clinical faculty members besides seven new business staff employees, authorized the addition of 10 more regular faculty members and completed legal details to amend Baylor's century-old charter for its wartime exodus from Dallas.

E. E. Townes, Houston trustee, was elected a vice president and named chairman of the Houston committee to supervise administrative affairs of the college.

HOUSTON, July 14 (AP)—A 50-watt radio station, newly licensed for operation in Corpus Christi by Baylor University and Carr P. Collins of Dallas, will be used to broadcast Baylor's message to the world, Pat M. Neff, president of the university, said here.

The federal communications commission granted a permit yesterday for the station's construction at Corpus Christi where Baylor owns property.

Amanda Jane Ray Rites Thursday

Funeral services for Amanda Jane Ray, 71, who succumbed at her home at 12:15 a. m. Tuesday, will be held at the Nalley-Reeder funeral chapel Thursday afternoon at 3 o'clock with the Rev. Dick O'Brien, pastor of the First Baptist church, officiating.

Death is believed to have been caused by a heart attack. She was born December 3, 1871 in Llano and had resided in Howard county for the past 19 years.

Survivors include Mrs. Ray's husband, I. P. M. Ray; nine daughters, Mrs. W. A. Suthpen, Lamesa; Mrs. W. E. O'Brien, Fort Worth; Mrs. H. S. Mansfield, Levelland; Mrs. O. L. Bearden, Boasting Springs; Mrs. Joe R. Meador, Paducah; Mrs. Oliver Scott, Stinnett; Mrs. Clay Payne and Mrs. J. L. Marsh, Big Spring, and Mrs. Herman Marsh, Stillwater, Okla., and three sons, George Ray of Anadarko, Okla.; John F. Ray, Wichita Falls, and Charley Ray of Big Spring.

Other survivors include 45 grandchildren and 19 great-grandchildren.

Interment will be in the local cemetery.

Story
(Continued from Page 6)

ment after the war, unless now while we fight together we learn to work together in accord, respect, and understanding.

Common Council

What we need is a council to-day of the United Nations—a common council in which all plan together, not a council of a few, who direct or merely aid others, as they think wise.

We must have a council of grand military strategy on which all nations that are bearing the brunt of the fighting are represented.

And most important of all, as United Nations, we must formulate now the principles which will govern our actions as we move step by step to the freeing of the conquered countries.

And we must set up a joint machinery to deal with the multiple problems that will accompany every forward step of our victorious armies.

Otherwise we will find ourselves moving from one expediency to another, sowing the seeds of future discontents—racial, religious, political—not alone among the peoples we seek to free, but even among the United Nations themselves.

It is such discontents that have wrecked the hopes of men of good will throughout the ages.

The Register and Tribune Syndicate

10 Heroic Flyers Are Decorated

LONDON, July 14 (AP)—Seven wounded flyers and three uninjured ones brought the battered flying fortress "Old Bill" back from a raid over northwest Germany May 15 through incessant fighter attacks, landing without brakes or flaps, with one engine and the hydraulic systems shot out and the Plexiglas nose blasted off and top turret smashed.

The 11th man on the plane, Lieut. Douglas Venable, Jr., of Columbus, Ga., navigator, was killed on the way into Germany but the plane continued to bore through the defenses and planted bombs on the target.

Tonight headquarters of the European theater of operations of the U. S. Army announced the award of the unparalleled total of two Distinguished Service Crosses, eight Silver Stars and seven Purple Hearts to the men—the Silver Star to Venable.

The other decorations included: Capt. William B. Whitson, Denton, Tex., pilot, DSC, Purple Heart.

Fines Assessed For Failure To Post Car Stamps

Those delinquent on purchasing the federal Use stamp for their cars paid fines to the internal revenue representative, H. W. Axe, in a round up of the violators Tuesday.

Axe left notices in around 100 cars and of this number 15 persons paid minimum fines of 45 after they had presented excuses for not having purchased stamps.

The revenue man said that the remainder of the others given notices to appear, signed affidavits claiming that they had purchased the stamp before the deadline but had neglected to attach them to the windshield of their cars.

The maximum penalty for the law violation is \$25 and 30 days in jail.

The postoffice reported that it had sold around 200 stamps during Monday and Tuesday but Axe said a large number of cars, still on the streets, were without the stamps.

He will be here on a continued investigation of the Use stamp and other taxes until Friday when he will leave to return the first of the week.

"It is just as unpatriotic not to purchase the use stamp as it would be if citizens didn't pay income tax," Axe pointed out, "as the funds go directly to the treasury department for use in furthering the war."

The government representative said he would continue to seek all cars without stamps until all have complied with the law.

4-H Club Group Returns From Encampment

County Agent O. P. Griffin and 10 Howard county 4-H club boys returned Tuesday from Odessa where they participated in the annual district club boy encampment.

One boy, Don Spencer, 13, was top ranking Howard county representative in both the rifle shoot and pasture contests. In the ARA contest, Don was only 13 points under the grand champion.

George Barnes, beef cattle specialist for the state extension service, gave demonstrations to the boys in parasite control while R. R. Lanacster, pasture specialist, conducted a pasture demonstration and contest.

Among those attending from here were Steve Gay from Garner; J. L. Davis, Jr., Coahoma; Charles Munsell, Donald Cummins, and Donald Ray Jenkins of Midway; and Vancil Scott, Don Spender, Harold Simpson and Don Simpson of Gay Hill.

More Volunteers Assist In Sending Out New Gas Books

More volunteer workers, answering the call of the local ration board, were on hand Wednesday in the continued task of renewing "A" book applications before the deadline time of July 21st.

New workers included Edith Wright, Mrs. J. R. Manion, Mrs. L. Bunker, Marie Yett, Mrs. J. W. Denton, Jr., C. S. Neil, Mrs. Ben Carter, Mrs. Douglas Orms, Jane Read, Mrs. C. A. Jones, Mrs. H. N. Robinson, Dolores Gage, Mrs. Dan Conley, Mrs. Earl Shank.

In addition, Neil Brown is handling some applications at the comptroller's office and the Chamber of Commerce had Mrs. James Fowler and Jane Norris working there to speed the job.

The clerks reported that about 15 percent of the renewals are still coming in incorrectly or not completed and are having to be mailed back to the applicant.

The ration board members asked that all renewals be in the office by Thursday of this week in order that none might be left over after the deadline of July 21st.

John Roosevelt In Action At Sicily

ALLIED HEADQUARTERS IN NORTH AFRICA, July 14 (AP)—Lieut. John Roosevelt, son of the president, was one of the officers on an American destroyer which protected American landings in the Gela Bay area on Sicily last weekend, it was announced today.

Plan Studied To Increase Meat Supply

WASHINGTON, July 14 (AP)—D. C. speaker disclosed today that the Office of Price Administration is developing a plan designed to bring about a major increase in civilian meat rations.

Speaker, unofficial but authoritative capital spokesman, declared the plan has influential backing within OPA, but it has not yet been adopted officially and it still must hurdle the highly controversial issue of putting price ceilings on live hogs and cattle.

"OPA officials claim they can bring enough meat to market to increase rations by regulating livestock prices," D. C. said, "but congressional farm spokesmen, the meat packing industry and the livestock raisers all say it can't be done. The can't be done people made their position clear in a series of hearings held by OPA a few months ago."

Speaker said the plan hasn't been developed far enough to indicate just how much more meat might become available to civilians, but here is the keynote of the idea, as he put it:

"To get huge additional amounts of beef into the packing houses by removing the speculative incentive now keeping many farmers and ranchers from sending their cattle to market."

"OPA wants to increase meat rations—as soon as they can assure the meat supply," he said, "primarily to destroy the black market and other illicit activities in the meat field."

Wise Feed Use Encouraged By Purina Dealer

Farmers are unanimous in their willingness to do any thing reasonable in an effort to conserve feed, H. M. Neel, Purina dealer, said Wednesday after his first swing through rural districts to encourage wisest use of all feed stuffs.

Each Tuesday, he said, his business will close its doors so that excursions may be made into the rural districts to carry the governmental appeal for feed conservation.

On the 25 farms visited Tuesday, all operators agreed to undertake conservation methods. Neel distributed 100 suggestions applicable to cows, hogs and chickens where by existing feed supplies can be stretched to the limit and be made to yield more net gain.

"Most farms had from one to 25 cows, from one to 40 hogs and all the way from 100 to 50 chickens," he reported.

Transfers And Arrivals Announced

Public relations office at the Big Spring Bombardier School cadet graduation.

The evening meeting is replacing the usual Tuesday noon luncheon held by the club and Pat Kenney is in charge of the program.

AAFBS Notes—

Lieut. Andrew W. O'Connor, Chicago, Ill., has been placed on temporary duty at bakers and cooks school at Randolph Field where he will receive a course in specialized training. He has been serving as post mess officer at the local field.

Lieut. Roy G. Jennejohn has been assigned to the 265th base headquarters and air base squadron for duty with the station hospital. Former resident of Cudahy, Wis., Lieut. Jennejohn reported to the local school from Randolph Field.

A group of enlisted men from the 2052nd Ordnance have been transferred to Kelly Field. The group includes Cpl. Melvin Volk, Pfc. Bernard Brown, Pfc. Theodore H. Zwer, Pvt. William J. Black, Pvt. Howard M. Fischer, Pvt. Raymond R. Miller, Pvt. Hubert L. Shevnock.

Pfc. Jimmie Bevans has been transferred from the Enid Army Air field, Enid, Okla., to the Big Spring Bombardier school where he is stationed with the 2052nd ordnance.

Enlisted men reporting for duty from the Panama Army Air Base include Cpl. Raphael A. Guns, Pfc. Joseph E. Winfield, Pvt. Ellis F. Etheridge, all of whom have been assigned to the 2052nd ordnance company.

Wall Street

NEW YORK, July 14 (AP)—Moderate gains in a long list of leaders and a substantial rise in rubbers and specialties lifted today's stock market average to new high levels for nearly four years.

The advance was rather uneven with some early advances disappearing temporarily under profit selling but near the close fractional plus marks were well distributed, and the specially favored issues were up a point or more.

Despite some quiet periods the ticker had a busy day, recording transactions of approximately 1,700,000 shares, heaviest in about two months.

Contends Ceiling Prices Unlawful

WASHINGTON, July 14, (AP)—Senator Reed (R-Kas.) contended today the established ceiling prices on flour are "clearly unlawful" because, he said, they do not reflect a farmer's parity price for wheat.

The flour price ceiling, he said, reflect a price of 80 per cent of parity for wheat instead of full parity as required under the price control act.

Iceland has many geysers and hot springs.

From Lathe To Mike—From a lathe at Hughes Tool Company, where products are turned out that are vital to our men on the war fronts, to a radio microphone where morale building entertainment is created for people on the home front... this is the story of Emmitt Ward, sensational young lyric tenor. Emmitt will be heard each Wednesday night on the Grand Prize "Headliner Show" at 6:45 p. m. over Texas Quality Network. On this same radio show, Steve Wilhelm, Grand Prize commentator, has inaugurated a new feature. Texans who have particularly distinguished themselves in the war effort will be nominated to "Freedom's Hall of Fame", and a dramatized version of their particular exploit will be presented by the Grand Prize Victory Players.

Rotarians To Entertain J. Williams

Rotarians will entertain with a dinner at 8 o'clock Wednesday night at the Settles hotel honoring one of their outstanding members, Jeff Williams, attorney from Chickasha, Okla., who is well known as a speaker and lecturer over the country.

Wives will be included as guests in a Ladies Night event and guests from the Big Spring Bombardier school will be Col. Robert W. Warren, Capt. H. W. Wheeler, Capt. Joel W. Sailors, and Capt. W. E. Turner.

Williams, who has spoken here on two other occasions, is scheduled to make the principal address Thursday morning at the Big Spring Bombardier school cadet graduation.

The evening meeting is replacing the usual Tuesday noon luncheon held by the club and Pat Kenney is in charge of the program.

Clean Lots Urged By Sanitarian

Horse and cow lots must be cleaned and kept in sanitary conditions in the interest of public health, K. E. McFarland, sanitarian for the Hector-Midland-Howard county health unit observed today.

His remarks were prompted by the spread elsewhere in Texas of infantile paralysis and by efforts to combat the possibility of an outbreak here.

Several complaints have been received on lots which are maintained in unsatisfactory conditions, he said. Many are fertile breeding places for flies. Others offer menace through the diffusion of uncontrolled dust from the lots.

Addressing the Lions club Wednesday noon, he urged all members to cooperate in a clean-up campaign by seeing that their own premises are clean, that garbage cans are covered, and that the premises are ridged of rats and fly breeding places.

"How infantile paralysis spreads," he said, "is not definitely known, but there is strong evidence that it may be by flies and other insects and even by dust from unsanitary spots such as cow lots."

Repairs to the sidewalk on the corner of Third and Main street in front of the courthouse were being made Wednesday morning by the county.

Home from the army with a medical discharge is Temp Currie, son of Mr. and Mrs. T. S. Currie.

Residents of an eastern Big Spring neighborhood were in a state of mild alarm Tuesday. A knight of the road, seemingly imbued with the spirit of the grain, tumbled into an oil covered pit alongside the railroad track. Befuddled, he made his way to the top of one of the hills in the eastern end of town. In confusion, he removed all clothing except his socks and instituted a search for water on top of the dry rise. Finally, someone steered the man in the general direction of Birdwell Tank and brush. Peace returned to the neighborhood.

1st Lieut. Alton Bostick, who is serving in the field artillery, left Wednesday morning to return to Camp Howze near Gainesville, where he is stationed. Alton was a football star in Big Spring high school and was showing much promise at the University of Texas before enlisting.

Weather Forecast
Dept. of Commerce Weather Bureau

WEST TEXAS: Little temperature change this afternoon and tonight except not quite so warm in panhandle and South Plains this afternoon; widely scattered thundershowers today and tonight.

EAST TEXAS: Little change in temperature this afternoon and tonight except some cooler in extreme north portions tonight; scattered thunder showers today in the north and east portions tonight; fresh winds on coast.

Confer On Polio Spread Problem

DALLAS, July 14 (AP)—State health officers from Texas and Oklahoma confer here today with army officials on methods whereby the army may help civilian health authorities combat infantile paralysis in the five-state area of the Eighth Service Command.

Dr. George W. Cox of Austin and Dr. G. F. Mathews of Oklahoma City, state health officers of Texas and Oklahoma, will attend. The conference was called by Col. K. Emiller, of the U.S. Public Health Service and now on duty with the command as liaison officer between army, state and local health authorities and Col. W. Lee Hart, the command's chief medical officer.

Tires And Tubes Granted By Board

A large number of Grade I tires and passenger tubes were approved by the local tire panel of the ration board in session Tuesday morning.

Applications for 64 grade I tires were approved along with 11 grade III tires. The panel okayed in addition 32 passenger tubes, 23 truck tires, 10 truck tubes, 15 tractor tires and 17 retreads.

It is estimated that Italy has water power sites that would yield nine million horsepower, but only half of this has been harnessed.

Livestock

FORT WORTH, July 14 (AP)—Cattle 2,500; calves 1,000; common to good steers and yearlings 9.00-14.00. Canner yearlings downward to 8.00. Good beef cows 10.50-12.00; common to medium butcher cows 8.00-10.00; canners and cutters 5.00-8.50. Good heavy bulls 11.50-12.25; common to medium grades 8.00-11.00. Good and choice fat calves from 12.50-15.50. Stocker steer calves mostly 14.50 down.

Hogs 1.00; butcher hogs steady to 10c above Tuesday's level. Sows and pigs steady. Top butchers brought 14.00 with packers 13.85. Most good and choice 190-310 lb. butcher hogs at 13.00-14.00.

Sheep 10.00; good and choice spring lambs 13.00-75 with cull and medium grades 6.00-12.50. Aged

The White House and grounds of the White House cover about 16 acres.

Your Eyes are Here!

Your eyes are here! Through them you are able to watch the war around the world and around the clock.

In a single day you follow it from Britain to the Mediterranean, or look in on the fighting from the Aleutians to Africa. Through these eyes, you see this war as it really is—from the skies, the bridge of lurching warships and the inside of foxholes. Never has it been possible before to follow a war so closely.

You see all this because YOUR eyes are the trained eyes of Associated Press correspondents on every front. They report this war as speedily and as accurately as is humanly possible.

Your eyes are the most dependable on earth!
