

GOP Closes Ranks for Two-Year Fight in Congress

FINANCING COLD WAR IS NEXT ISSUE

WASHINGTON—(AP)—Presidents Truman's post-election foreign policy appears certain to be dominated by this single great issue.

How much money and goods is the United States willing and able to throw into the cold war against Russia?

Diplomatic authorities say that on Mr. Truman's answer to this question will largely depend the scope, perhaps even the effectiveness, of the whole stop-communism program during his second term in the White House.

The question arises specifically in connection with three critical areas of the world.

Western Europe—The non-Communist countries in this sector of the cold war front want both a military alliance and lend-lease arms aid. The cost of this new lend-lease has been guessed by military experts at from \$2 billion a year up and would make heavy demands on steel and other basic American industrial supplies.

China—The United States is confronted with an immediate crisis in China with the nationalist government's Communist army victories. The present U. S. civilian and military aid program amounts to \$400 million for the 12 months ending next April. Already the State Department is reviewing its China policy to determine what.

Commission Okays Bills, Hears Report

At its meeting this week, the City Commission approved bills for sewer ditch and alley construction, obtained title to an alley, and discussed specifications for water wells for the city's expansion south of town.

The Park Owen Construction Company completed its contract with the city with the digging of 1,535 feet of sewer ditch last month, and its bill of \$364.74 was allowed.

The W. R. Colville Construction Company was paid \$4,847.38 for 12,428 square feet of alley paving and 423 linear feet of concrete curb and gutter construction.

The city, by ordinance, obtained title to an alley in a block between Russell and Williston.

The State Highway Department recognizes Pampa's need for an underpass at Hobart and the Santa Fe tracks, Mayor C. A. Huff told the commission, following his recent appearance before highway officials at Austin, but the department has no funds available for its construction.

The underpass, which has been recommended several times by Guy Lott, resident highway engineer in Amarillo, is considered a project, and, as the highway nears reality, Pampa's chances for an underpass improve.

Civic and county officials from Gray, Roberts, and Ochiltree counties recently appeared before the State Highway Commission with an agreement that the three counties would pool their share of farm-to-market road funds and apply it toward the construction of Highway 70. Highway officials were pleased with the proposition, but no definite commitments have been made yet.

Traffic counts and pictures of traffic congestion were presented to the highway officials to show Pampa's need for an underpass at the junction of three main traffic arteries. An average of 4,000 vehicles pass the crossing each day, and on the last count, made Oct. 28, a total of 45 trains, some of which held traffic up for as much as 19 minutes, crossed the intersection in 24 hours.

Federal funds are available for highway construction for the next two years have already been committed, the mayor reported the highway officials as saying. The city will continue to make traffic counts at the crossing, and, as Highway 70 nears completion, it was reported today.

Dewey Back to Governor's Chair

ALBANY, N. Y.—(AP)—Gov. Thomas E. Dewey quietly went back about the business of being Governor of New York today.

The defeated Republican presidential candidate returned to the state capital from New York last night just nine hours after he had conceded the election to President Truman.

Dewey and his family got a warm welcome from a crowd of several hundred persons assembled at the rail station.

It was a crowd in sharp contrast to the yelling, shouting throngs which greeted him on his campaign travels.

This one was a sympathetic "singing" there was applause and some cheers but there was a note of restraint in keeping with Dewey's disappointment over losing the election.

U.S. Role in World May Strengthen

PARIS—(AP)—United Nations circles today predicted prompt strengthening of America's predominant role in world affairs as a result of President Truman's return to office.

While both the American and foreign delegations here still sought to overcome their surprise at the election news and its implications, several principal factors emerged.

There will be no waiting period before a new president takes office.

Furthermore, the President in the future can count on support from his party in both houses of Congress. The position of the American government thus is fixed firmly for at least the next two years.

The United States' bipartisan foreign policy is being strengthened. All comment from Republican leaders as expressed or received here has emphasized the continuity of bipartisan policies.

This was stressed in a statement from John Foster Dulles, member of the American Delegation and Republican foreign affairs expert. American delegation members noted that Gov. Dewey himself also emphasized this point.

These factors are expected to result almost immediately in the production of a more self-confident American delegation.

A one word comment by Russian Deputy Foreign Minister Andrei Y. Vishinsky—"amazing"—remained the reaction of nearly all U. S. leaders as the scope of Mr. Truman's victory became apparent.

Eliot Wins Nobel Prize

STOCKHOLM—(AP)—The Swedish Academy today voted the 1948 Nobel Prize in literature to Thomas Stearns Eliot, American-born British poet, dramatist and essayist.

Eliot will receive the award, worth about \$44,000 this year, at the Nobel Prize ceremony in Stockholm Dec. 10.

The Nobel prizes are provided by the will of Alfred B. Nobel, Swedish scientist and industrialist who died in 1896. The prizes in medicine was voted last week to Dr. Paul Mueller of Switzerland. The prizes in physics and chemistry and the peace prize have not yet been voted.

Eliot, who is 60, was born in St. Louis, Mo., but carved out his literary career in England and became a British subject in 1927.

His first work, a collection of poems titled "Prufrock and Other Observations" was published in 1917. In 1922 he expressed the story of the poet's life in a poetic cycle, "The Waste Land" prevailing postwar pessimism.

Traffic counts and pictures of traffic congestion were presented to the highway officials to show Pampa's need for an underpass at the junction of three main traffic arteries. An average of 4,000 vehicles pass the crossing each day, and on the last count, made Oct. 28, a total of 45 trains, some of which held traffic up for as much as 19 minutes, crossed the intersection in 24 hours.

Porter Carries Single Box As County Goes Democratic

By HENRY S. GORDON Pampa News Staff

Gray County continued to ride high on the Democratic bandwagon this morning as the complete unofficial returns of the major offices were tabulated.

Only one of the last three boxes to come in late yesterday, Box 10, gave a Republican a plurality. That was in the Senatorial race between Lyndon Johnson and Jack Porter. Porter carried with a count of 515 to Johnson's 466. The box gave former governor Coke Stevenson seven write-in votes and George Peddy four write-ins. Peddy was defeated in the July Democratic primary for the U. S. Senate.

President Truman had a clear majority over all of his presidential opponents when 5,823 voters gave him 3,699 votes to New York's Governor Dewey's 1,593. Dixiecrat candidate Gov. J. Strom Thurmond polled 384 while Henry Wallace polled only four votes. Socialist Norman Thomas scored two and the Prohibitionist candidate, Claude Watson, tallied 15.

Although feeling ran high among the voters, in general, against Lyndon Johnson, he still carried the county against Republican Jack Porter, 3,433 to 1,995. Morris, the dry candidate, collared 52; George Peddy, four and Coke Stevenson 19.

Landsliding his opposition for the governorship, Gov. Beauford Jester won easily over Republican Alvin Lane. Jester tallied 4,629 to Lane's 870. The two minor candidates, Gerald Overholt, Prohibitionist, collected only 17, and Progressive Wright two.

Gray County gave its nod of approval for another term in Washington for Eugene Worley when it gave him a victory over J. Evetts Haley of 4,469 to 930. This was a turn-around for Worley in Gray County over the 1946 result when he lost to Frank T. O'Brien, Amarillo attorney.

In the Texas Constitutional amendment drive, the county approved all but one authorizing the Legislature to set up a retirement fund for appellate and criminal district judges. This amendment finally fell by a score of 1,808 against to 1,699 for.

Voters heavily approved of county employees' compensation by 3,224 to 709. For legislative redistricting the county said "yes" by 2,895 to 738. Also carried were community property distribution, 2,972 to 730 gubernatorial succession, 2,954 to 651; \$3,000 homestead exemption, 3,262 to 522; county officers' salaries (outlawing the fee system) 3,052 to 587; ad valorem tax repeal, 2,521 to 920.

On the other state offices was enough to show that all Democratic candidates either won outright or remained there. So far as county officers were concerned, the general election was a mere formality.

In Box 10, the county's largest, there are approximately 1,327 eligible voters. Of these 1,044 went to the polls Tuesday. In the county as a whole 7,438 eligible voters appear as having paid poll taxes or rating themselves. Of this number 5,823 turned out to scratch out names and write in others.

Carson Goes Solidly for Demo Party

PANHANDLE—(Special)—Carson County's eight precincts lined up solidly behind the Democratic banner in Tuesday's general election.

While only 1,847 of Carson's 2,261 voting strength turned out at the polls, President Truman romped over Gov. Dewey for the presidency by almost 4,000 votes. The county split its votes for president giving Mr. Truman 1,301; Gov. Dewey, 413, and Gov. J. Strom Thurmond, 52.

The Johnson-Stevenson feud didn't cause Lyndon Johnson any harm either when the final tally showed Johnson polling 1,248 votes to Jack Porter's 498 in the live-wire U. S. Senate race.

Alvin Lane, Dallas Republican lost out to Governor Jester for the governorship by a count of 1,495 for Jester and 870 for Lane. Eugene Worley won easily over J. Evetts Haley, Canyon, by a score of 1,847 to 236.

Minor candidates for the presidency polled a total of eight votes—Henry Wallace Progressive 5; Norman Thomas, Socialist 1; and Claude A. Watson, Prohibitionist 2.

Each of the amendments passed easily except the eighth which won by only 18 votes. The amendments were: No. 1, County Employees' compensation, 3,224 for and 709 against; No. 2, Redistricting, 2,895 for and 738 against; No. 3, Community Property distribution, 2,972 for and 730 against; No. 4, Gubernatorial Succession, 2,954 for and 651 against; No. 5, Homestead Exemption, 3,262 for and 522 against; No. 6, Officers' salaries, 3,052 for and 587 against; No. 7, Ad Valorem Tax Repeal, 2,521 for and 920 against; No. 8, Judges Penalties, 551 for and 633 against.

All other county and state Democratic candidates for office were elected.

Paper Plays Pollsters

DETROIT—(AP)—The Detroit Free Press in its final edition today put this headline over the story of President Truman's election victory: "Truman: 304 'Pollsters: 0'".

ENGLISH QUEEN ILL. LONDON—(AP)—Queen Elizabeth is confined to her rooms at Buckingham Palace with the grippe, it was reported today.

PARIS—(AP)—Russia rejected completely today a Western plan for the control of atomic energy. Soviet Delegate Andrei Y. Vishinsky told the United Nations General Assembly the United States does not want international atomic control.

Vishinsky brought President Truman into the atomic debate again. He quoted the American President as saying recently in Milwaukee that the United States must continue to develop atomic weapons until the "correct" form of international control is in effect.

Gesturing with his arms as he spoke, Vishinsky told the assembly that this apparently meant the Americans would continue developing atom bombs until the Western control plan is adopted.

Such an attitude expressed by Mr. Truman means, Vishinsky said, that "you are in a vicious circle of contradiction."

The Russian demanded that the delegates approve the Soviet plan for atomic control. He stated that there is no basis for agreement now between the Western and Russian plans.

He charged that the United States does not want atomic control and that the Baruch plan is a "cunning maneuver" designed to wreck any control.

The Western plan, approved by a majority of the assembly's political committee, is based on proposals made June 14, 1946, by Bernard M. Baruch, then the U. S. delegate on the U. N. Atomic Energy Commission.

Nothing So Dead

Experts on Public Opinion Get Razed

By The Associated Press There was no lagging of gaggling as Texans continued to raze the public opinion experts who predicted President Truman would be beaten badly.

A saying of the day was: "Mr. Truman's Dr. Gallup down to a walk," and the Kluge News Herald ran a free want ad: "Wanted: nice, clean, dignified position, nothing to do with figures or percentages," signed: George Gallup and Elmo Roper.

George P. Kuykendall, West Texas business and religious leader and board member of Texas Christian University, recalled the sad poll of a magazine in 1936 (which predicted Landon would beat Roosevelt) and ceased publication soon afterward.

When the bulletin came over the news wire in the Waco Times-Herald last night and given up, editors shouted: "Dewey's conceded."

A printer back in the composing room shouted: "What's he got to be conceded about?"

The Oak Cliff Lion's Club was so sure several days ago that Dewey would win, its luncheon bulletin yesterday said: "In the 20 years existence of this club, this is the first time we have a program under a Republican administration."

At the meeting, 83 members of the club pleaded guilty to being Republicans and were fined 25 cents each.

Federal Judge Allen B. Janney, "Never Dewey today what you can put off four years."

Property owners who now are within 500 feet of a hydrant may be able to get reduction on their property insurance, Pepin said. Those persons who formerly lived farther than 500 feet from a hydrant probably paid a higher rate or an extra premium for insurance. If they are now within that distance from a hydrant, their insurance will be adjusted, he said.

The new hydrants are located at the intersections of S. Nelson and Oklahoma, S. Nelson and Crawford; Crawford and Faulkner; Crawford and Hobart; Banks and Oklahoma.

HST Will Try to Fulfill Promises

WASHINGTON—(AP)—Republicans closed their shattered ranks today for a two-year fight in Congress against a certain effort by President Truman to modernize the New Deal.

Mr. Truman returns to Washington and a welcome-home celebration tomorrow the hottest article in American politics, as the result of Thomas E. Dewey.

He will be off Sunday for a two-week breathing spell at Kay West, Fla.

When he comes back, it will be time to shape up the legislative program which he promised last night will be based on the Democratic Party platform.

Mr. Truman told a home-town story celebration in Independence, Mo., he wants every citizen to help him carry out his "tremendous responsibility for the peace and welfare of the world."

"I am going to do the very best I can to carry out that Democratic platform as I promised to do in my speeches around the country," he said.

That is a large order. Besides efforts toward winning a lasting peace, the platform pledged such things at home as (1) curbs on "Republican inflation," (2) "comprehensive" housing legislation and (3) tax reduction "whenever it is possible to do so without unbalancing the nation's economy."

The platform also called for (1) repeal of the Taft-Hartley Act, (2) repeal of an hour minimum wage to replace the present 40-cent figure, (3) extension of Social Security coverage, (4) a national health program, (5) federal aid to education (6) a farm price support program (7) repeal of the sales tax, and (8) strengthening of civil rights.

Electoral-chastened Republicans won't oppose all of those. In fact, Dewey was for some of them.

But if the Republicans were activities of Mr. Truman in Tuesday's voting, they weren't dismembered.

A lot of them won't be back in Congress. But the Republican leadership there will remain the Martin, Jr. (Mass.) bossing the House minority and Senator Robert A. Taft (Ohio) continuing to run things pretty much on the Republican side in the Senate.

Taft shrugged off the election results with the observation that they proved it is almost impossible to put an administration out of a prosperity boom.

Martin and Taft will not have much trouble working up opposition to Mr. Truman's proposals. Most of the 42 Republicans left in the Senate and the 174 remaining in the House are used to voting against the Truman administration. And there aren't many new faces among the Re-

publicans. Taft and Martin are likely to figure that the battered GOP's best chance for a comeback in 1950 rests with making Mr. Truman look bad on his campaign promises.

The President made the Republican-controlled 80th Congress the top issue in his campaign, calling it that "awful," "second worst" and "idiot" Congress.

Now his party has control by an apparent 260 to 174 margin over the Republicans in the House (there is one minor party member) and a certain 54 to 42 edge in the Senate.

Whether Mr. Truman can get much more in the way of legislation out of such a Democratic-controlled Congress remains to be seen.

Southern Democrats who have been Democratic about some of his policies will be back in the saddle as chairmen of many of the important committees.

They may have a new respect for Mr. Truman as a political windmill who can chop down the opposition in the ballot boxes. But a lot of them think the President carried Southern states simply because he was the Democratic candidate and not because for in-

More than a half-million Texans voted for President Harry Truman and Lyndon Johnson in Tuesday's general election.

Latest figures from the balloting in which all Democratic candidates swept to victory showed President Truman (Democrat) 578,085; Thomas E. Dewey (Republican) 213,962; J. Strom Thurmond (States' Rights) 74,733; Wallace (Progressive) 2,608.

Senators: John H. Brown (Democrat) 563,638; Jack Porter (Republican) 274,639; Sam Morris (Prohibition) 6,302.

By the time of its 6 p. m. count Wednesday the Texas Election Bureau had dropped all tabulations except those on President, senator, and the Constitutional amendment providing for judges' retirement. The vote was 201,982 in favor of that amendment, and 188,168 against it.

Returns were from 283 of 364 counties, 70 of which at that time there were enough votes out to change the result for the amendment, but the bureau said its margin for approval had been steadily maintained.

Seven other Constitutional amendments were approved by comfortable majorities.

In the aftermath of the voting came a statement from Republican Henry Zweifel of Fort Worth that his party would set up permanent headquarters at Austin. He said the showing was a good step toward Texas becoming a two-party state.

He invited "purged" Democrats to join the Republican Party.

Wright Morrow, national Democratic committee man, said the election was a good one for Texas means Texans will exert very strong influence in policies and affairs of the nation.

Two Texas labor leaders also commented. W. J. Harris, president of the AFL State Federation (See HALF MILLION, Page 16)

Directors of the Top o' Texas Rodeo Association have been requested to meet at 7:30 p. m. tomorrow in the Chamber of Commerce office to elect officers for 1949. W. D. Price, president said, "He is looking for a good one."

'Lineman of Week' Is Named In Southwest and in Nation

NEW YORK (AP)—A 21-year-old Northern youth who went South to play football is this week's college football lineman of the week.

Al Derogatis, a 215-pound Senior from Newark, N. J., who plays tackle for Duke University, was the honor yesterday in the weekly Associated Press poll.

Derogatis took the laurels for his play against Georgia Tech. Although handicapped by a bad knee, he blocked a Tech punt that set up Duke's only score. He was the fifth man in Tech's backfield virtually all afternoon.

Linemen nominated this week included Schwartzkopf, Texas; Blakely, Southern Methodist; Tinsley, Baylor; Lunney, Arkansas; and Eubank, Texas Christian.

AUSTIN (AP)—A Senior tackle who did a lot to keep surprising Baylor among the unbeaten ranks captured lineman-of-the-week honors today.

Cocaptain Buddy Tinsley, a 225-pounder from West Columbia, became the first tackle to earn the award in a poll conducted weekly by the American-Statesman. His selection by the athletic

publicity directors of the seven conference schools was based on his performance against TCU last Saturday night.

His leading rivals for the award this week were Tackle John Lunney of Arkansas, Center Max Eubank of TCU, and ends Dale Schwartzkopf of Texas and Blakely of SMU.

This was the fourth poll conducted this season. Previous winners in order, were Guard Odell Stautzenberger of Texas A&M, Center Dick Harris of Texas, and Center Joe Watson of Rice.

Payne, McMurry Holding Lead in Texas Conference

By The Associated Press

Howard Payne and McMurry hold the lead in the Texas Conference.

The Yellowjackets knocked Hardin out of the top spot last week by beating the Indians, 19-7. McMurry blasted Austin College, 19-6, to share the lead.

In another game last week, Southwestern won over East Texas Baptist, 41-0.

McMurry takes this week off and Howard Payne plays a non-league foe Saturday, East Texas Baptist.

Conference games match Austin vs Southwestern at Georgetown and Hardin vs Abilene Christian at Abilene.

Southwest Conference Already Has Large Gain in Attendance

By The Associated Press

Southwest Conference football has already attracted 647,463 paid admissions—a big gain over 1947 and an indication that the season total will go over the million mark.

A survey of the seven schools shows that 23 home games this year have attracted an average of 29,430—more than 4,000 better per game than 1947. Last year at this period 24 games had drawn a total of 618,117.

There are 13 more games to be played, three of them due to bring out around 185,000 fans. At the average of 29,430 per game the other 10 should shoot the

final total above 1 million—the heaviest attendance in the history of the conference.

The attendance by schools to date (number of games in parentheses):

School	1947	1948
Texas	213,000(2)	262,200(4)
Rice	104,847(4)	112,476(4)
SMU	94,000(3)	73,000(2)
Arkansas	84,854(5)	55,000(3)
TCU	45,000(2)	67,000(3)
Texas A&M	40,000(2)	36,000(2)
Baylor	36,416(3)	41,737(3)

Rock Stroud, a former star guard for the University of South Carolina Gamecocks, is coaching the freshman squad.

Victory Is Costly

NORMAN, Okla., (AP)—Victory may be sweet but costly for some fans attending the Oklahoma-Missouri Big Seven football game here Saturday.

It was a rich market for scalpers as sales as high as \$50 each for \$3.50 seats were reported today.

The University of Mississippi played its first night football game on Oct. 13, 1929, in New Orleans with the Rebels outscoring Loyola, 26-24.

Only six seniors are listed on the University of Alabama's 46-man football squad. Twenty-six are sophomores and 14 are juniors.

Lesson on UN Veto by Russia: The latest Soviet veto has accomplished at least one useful purpose. It has shown the so-called "neutral" governments in the UN, and particularly the Soviet Union, who's representatives framed the compromise resolution on Berlin.

WHAT WITCH HUNT: "No Communist, no matter how many votes he should secure in a national election, could, even if he would, become President of the present government. When a Communist leads the government of the United States—and that day will come just as surely as the sun rises—the government will not be a capitalist government but a Soviet government, and behind the government will stand the Red army to enforce the dictatorship of the proletariat."

SWORN STATEMENT: Nor is the Congress guilty of disseminating the sayings of Communists as propaganda for the Soviets. The publication which carries Mr. Foster's sworn statement is very much anti-Communist. The booklet is called: "100 Things You Should Know About Communism in the U.S.A."

But the result was the same. Russia would not lift the blockade. On the surface, the reason for refusal was petty. But it must be clear now to all the UN members that the Soviets do not want settlement.

The Kremlin has its bets down on all these possibilities. It is gambling on the chance that it can win all or partly by settling with the losers on its own terms.

There is every reason for sane co-operation between Hollywood and the (British) film-makers, but the British must realize they cannot have both protection for their home industry and a free world market as well.

LOOKING AHEAD

by GEORGE J. BENSON, President, National Bell Telephone & Telegraph Company

There is a propaganda against officers which, with a little more emphasis, might deter the men who are needed most from entering the ranks of the military...

By giving Mr. Foster a prominent position on the back cover of this booklet, our Congress hoped to show Americans that native Communists really condemn themselves whenever they open their mouths.

Fair Enough -- by Westbrook Pegler

NEW YORK — It is important that the boys who join the Army as draftees for the Roosevelt memorial war with Russia shall eat their spinach, hear no vulgarities but their own and write home once a week. But it will be very hard to hire good officers if the public continues to hold them all arbitrarily up to contempt as an incompetent, parasitic class.

There is abroad in the United States a propaganda against officers which, with a little more emphasis, might deter the men who are needed most from entering the ranks of the military...

Franklin D. Roosevelt, on the other hand, debauched not only his own office by his open contempt for honesty as an institution but every other office from the Supreme Court to the park service.

Franklin D. Roosevelt, on the other hand, debauched not only his own office by his open contempt for honesty as an institution but every other office from the Supreme Court to the park service.

Marines Land Tokyo Ike On U.S. College Campus

By NEA Service
NEW YORK (NEA)—Isaac Shapiro went on a solo camping trip in Japan when he was 14. That was four years ago, and he hasn't been home since. He wound up this year as a freshman at Columbia University to begin the last chapter of one of World War II's strangest stories.

An anonymous Marine colonel really wrote the last chapter of Ike's story. The Leatherneck isn't anonymous to Ike; it's just that young Shapiro, who made some lightning-like moves from a Japanese fortified zone to the U. S. Army to the Marines, doesn't want to put his benefactor on the spot.

After all, Ike points out, it was good Marine salesmanship that got him where he is right now.

His camping trip began soon after the Japanese armistice, when Ike got restless over long months of confinement in Yokohama's fortified zone. The camping idea was an excuse to get his father's permission to leave home; instead, he scamped off to Tokyo to see what the Yankees looked like.

He hadn't seen one before, as far as he could remember. Ike's White Russian father is a cellist and conducts the Tokyo Symphony, his mother a pianist; they kept their son fairly well sheltered at home and in Japan's parochial schools. But he learned English, as well as Japanese and Russian.

When Ike got to Tokyo, the Army almost got him. Outside MacArthur's headquarters, he helped out an Army captain who couldn't make himself understood to a Japanese bus driver. The officer offered Ike a job as interpreter, and even took Ike into headquarters to meet his prospective boss.

It was on the way out of the building, a few minutes later, that the Marines took over. A fast-talking Leatherneck lieutenant, with whom Ike stopped to

ISAAC SHAPIRO: Yokohama to Army to Marines to college.

chat, sold him on the idea of the same job, plus better food and quarters, at the U.S. Naval Air Base at Yokosuka.

One week later, the base became an all-Marine operation. Ike's new commandant, the colonel told him to stick around. Ike's been sticking around, so to speak, ever since.

The colonel - interpreter relationship ripened into a warm friendship between a war-wise officer and a willing-to-learn youngster. And the colonel decided to do something about Ike's future.

When he was transferred to Honolulu, the colonel sent for Ike, and got him into a Hawaiian high school. The report cards recorded nothing but "A," and the colonel began a letter-campaign to get Ike into a U.S. college.

This month Ike settled down to the four-year grind at Columbia, and the colonel sailed off for a tour of sea duty.

There will be a whale of a two-man reunion, come June, 1952.

Jester Names District Judge
AUSTIN (AP)—Paul Moss of Odessa will become judge of the 79th Judicial District Jan. 1 by appointment of Gov. Beauford H. Jester.

Jester named Moss to succeed Judge Cecil C. Collings of Big Spring who will advance to the Eighth Court of Civil Appeals Jan. 1.

Moss, a native of North Carolina, came to Texas in 1912, and has lived at Odessa since 1926. He served as city attorney from 1927 to 1934. He has practiced law at Odessa since 1926.

He is a member of the State and National Bar Association and a director of the Independent Petroleum Association of America.

Strike 'War' Creates Refugees

As the violent French mine strike continues, many of the miners' children are being evacuated to the safety of Paris. Here, a St. Etienne mother kisses her child, who will be cared for by a Parisian family until the trouble ends. (Photo by NEA-Acme staff correspondent Max Winter.)

Garbo Picks Story for Comeback

By BOB THOMAS
HOLLYWOOD — Here's the latest chapter in the screen return of Greta Garbo. She has settled on the story and the shooting location.

Robert Cummings, whose partnership with Garbo in "The Sign of the Cross" is reported on the "Bitter Victory," set that the silent Swede will definitely do the George Sand biography. It's her own baby—she and a writer have worked on a script for six years.

The picture will be filmed in Italy. Some town skeptics won't believe Garbo is returning to the screen until the film is made. We'll see.

Jimmy Stewart will have professional backing on the diamond in "The Stratton Story." Among the ballplayers in the picture are Jimmy Dykes, Bill Dickey, Gene Beardon, Max West, Red Berger and Mervyn Shea. The Hollywood stars Coast League team will portray the Chicago White Sox in the film, causing local fans to wonder if the hapless Hollywoodis son, John.

Chicken-Hungry Man Eats Beans

ORANGE —(AP)— Johnnie Lee, 47-year-old Orange Negro, who said he was chicken hungry, had beans for lunch in the county jail.

J. H. Barbee, Orange poultry raiser, had the chicken. Barbee heard a disturbance in his chicken house. He ran out, slammed the door and fastened its padlock. Then he called police.

Police Chief E. L. Nance said Patrolmen C. W. Reedy and Noble Graham found Lee inside the chicken house, a knife in one hand, a small club in the other and a beheaded hen on the floor. Lee was charged with chicken theft in Justice of the Peace Will Fountain's court. The charge is a penitentiary offense in Texas.

team will be better at acting. Xavier Cugat has discovered gold in Texas. His band will be paid \$10,000 plus expenses to fly to Galveston Nov. 8 and play for a private party at the Brooks Hollow Country Club.

Walter Huston says he doesn't want to face the rigors of another stage play. Now in "The Great Sinner," he'd like to limit himself to one picture a year with wonder if the hapless Hollywoodis son, John.

Oil Production Achieves Fourth Straight Record

TULSA —(AP)— American crude oil production soared to another record set since production came out of the September and early October slump, attributed by the journal to the refinery strike in California.

It was the fourth consecutive new high during the week ended Oct. 30, the Oil and Gas Journal reported.

The total daily average production was 5,603,925 barrels, a gain of 6,190 barrels over the previous week.

Two states set new records for the year. Oklahoma's production increased 790 barrels to 435,200 barrels, the state's third consecutive new high. California's was up 8,750 barrels to its new top of 964,750.

Other notable increases were by Illinois, up 3,200 barrels to 181,200; Michigan, up 3,400 to

48,900, and Mississippi 200 to 12,225. Kentucky gained 80 barrels to 25,400. Florida decreased 80 to 48,250. Largest declines were in the Eastern area, off 3,250 barrels to 64,000; Arkansas, down 1,450 to 187,120.

Indiana dropped 600 barrels to 25,400. Florida decreased 80 to 925. Alabama was off 100 to 1,350. Louisiana lost 600 to 480,600. Kansas fell 35 to 308,600 and Montana was off 85 to 25,400.

Production was unchanged in Nebraska, 350; New Mexico, 133,310; and Texas, 2,807,000.

Cows' milk is bottled or canned in at least 10 different grades and forms.

Weasels play a relatively minor part in the annual fur harvest because their pelts are so small as to be hardly worth the trapper's efforts.

Worry of FALSE TEETH Slipping or Irritating?

Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little FASTEETH on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy, gooey, pasty taste or feeling. It alkaline (non-acid). Get FASTEETH at any drug store.

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back. CREOMULSION for Coughs, Chest Colds, Bronchitis

Dulles Starts Work on Atlantic Defense Pact

By J. M. ROBERTS, JR.
AP Foreign Affairs Analyst
John Foster Dulles, working in collaboration with the current administration, already is making a start on one of the most ticklish pieces of business with which American diplomacy will have to deal in connection with the Atlantic Defense Pact.

That is the military relationship of Canada, the U.S. and the Western European Union with Scandinavia.

While the United Nations has been marking time awaiting the outcome of the American election, Dulles has been visiting Norway, Denmark and Sweden in behalf of their adherence to the pact.

Norway and Denmark are reported friendly toward the idea, but are bound tightly to Sweden, the only real military power in Scandinavia. And Sweden has been widely publicized as determined to stick to the neutrality which has kept her aloof from European wars for more than 100 years. U. S. and British diplomats have been unable to get her to take an unequivocal stand beside the Western Allies.

Yet my information is that Swedish neutrality is more publicized than real, and that both her heart and sinews will be in the right place in case of a military crisis. But she is located very near to Russia, and can see no profit in a formal taking of

sides at this time. In the meantime, she is building up her defense. Her air force now is second only to that of Britain in Western Europe. In addition, she is producing arms for Europe at an expanding rate, including aircraft engines for Britain. Her munitions industry is being standardized with Anglo-American.

One of the worries of Anglo-American military men is that, in case of war, Russia might attempt to occupy Scandinavian airfields. These are located along what would be one of the most important East-West bombing routes—far more important than the widely publicized but not yet feasible Arctic routes.

To meet this, Sweden has nearly half a million men to defend these fields—more than the Allies could muster now in any area of similar size.

Movie Fashion Designer Forms Perfect Dummy

HOLLYWOOD —(AP)— Fashion Designer Edith Head has combined anatomical parts of nine film actresses to form the perfect dummy.

This is a literal dummy, one used for fashion scenes in "Bitter Victory." A perfectionist, Miss Head had to make it the best. Choosing from the stars she has designed for, she picked this list (reading up to down—or vice versa, according to taste):

- Bust—Olivia De Havilland, 34
- Neck—Diana Lynn, 13 inches.
- Shoulders—Barbara Stanwyck, 1-2 inches.
- Waist—Loretta Young, 24 inches.
- Hips—Elizabeth Scott, 35 inches.
- Arms—Hedy Lamarr.
- Hands—Veronica Lake.
- Leg—Marlene Dietrich, of course.
- Feet—Mona Freeman.

Joel McCrea probably won't do "Tennessee's Partner" after all, and it looks as though his long-time association with Producer Harry Sherman is over. Joel will take a couple of months' rest after "Colorado Territory," and then may do an oil boom story for Warners. It would be his third in a row on that lot, and he makes no secret of his love for Warners.

Jane Russell tells me her husband, Bob Walford, will not give up pro football as reported. He'll see another season or two with the Los Angeles Rams. Meanwhile, he's seeking an auto agency in the San Fernando Valley. Jane would like to see him star in a Western series. He's got the looks and build for it.

Do You Really Want to Take Off That Ugly Fat?

Recently there has been a number of new reducing preparations on the market, some of them based on the diet and vitamin "plan." It is obvious that vitamins will not reduce the body weight, so one must depend on diet to reduce. But it is also obvious that one cannot go on a strenuous diet over a protracted period, and any weight lost will be restored if the former eating habits are gone back to.

So what to do? Well, here is a tip to you "overweight gals" who want to fight "the Battle of the Bulges" in a different way. Ask any well stocked Texas druggist for four ounces of Barcentrate. Mix with 12 ounces of grapefruit juice and take two tablespoonsful twice a day.

This preparation contains nothing harmful and the makers agree to refund your money on the very first bottle if it does not show you the way to lose ugly fat and help regain slender, more graceful curves. Barcentrate is low in cost and is not based on the diet and vitamin "plan." You need never know a hungry moment while reducing with Barcentrate.

Backache, Leg Pains May Be Danger Sign Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention. The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day. If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pain, leg

Chinese See Modern Tractor

In China, where hand labor still prevails, modern farm machinery is being demonstrated. Some of 600 farmers who gathered in Shanghai to observe latest farm equipment watch a tractor in action. (Photo by NEA-Acme staff correspondent Warren Lee.)

Scientist Says U. S. Oil Would Last a Century

America can be self-sufficient in oil for at least another century, Dr. Gustav Egloff of Universal Oil Products Co., told a meeting of the Independent Petroleum Association of America in San Antonio, Tex.

At present, America's production of crude oil comes from about 4,500,000 acres. He said: "There is geological evidence that oil deposits will underlie at least a billion acres of land in continental United States." "On this basis, over 99 percent of our potential oil-bearing areas are still untapped." Warning that synthetic fuels

Atom Ore Deposit Found in Greenland

NEW YORK — Greenland, the vast frigid isle off the Northern part of North America, looms as a great potential source of uranium, the raw material of atomic energy. This was revealed by a Copenhagen, Denmark, newspaper. It said that a rich deposit of galena—which contains radium, lead, and silver as well as uranium—has been discovered on

King Oscar's fjord in eastern Greenland. The ore, the paper said, occurs in an outcropping and will be easy to extract. About 2 million tons of the ore are classified as "proven reserves."

Besides this there is an unknown amount of "possible" reserves.

Greenland is owned by Denmark and the discovery is the first uranium found on Danish territory. The Danish Atomic Institute is headed by Dr. Niels Bohr, who took a leading part in the construction of the Hiroshima and Nagasaki atomic bombs.

Fact-Finders Foresee Good Health Year

NEW YORK — The record for the first nine months of the year indicates that 1948 may prove to be another banner health year in the United States, according to statisticians of the Metropolitan Life Insurance Company. The death rate for 1947 was 6.7 per 1,000, which is identical with that for the same period of 1947 and slightly below that for 1946, both excellent health years.

The heat wave of late August occasioned a temporary increase in mortality, the statisticians note, but the rise was not large enough to offset the favorable experience of the earlier months.

Particularly favorable mortality was recorded for white females, with a lower death rate registered at like age period than for the like part of last year. Among white males the mortality is lower this year than last at every age period but two—at ages 35 to 44 and 65 to 74—but even in these two instances the increase has been slight.

The statisticians report new low death rates so far this year for influenza, pneumonia, tuberculosis, syphilis, the diseases of childhood, whooping cough, and diphtheria. Measles shows a slight increase over last year, but this has been a "measles year," with the incidence of the disease about three times as high as in 1947.

In contrast to mortality from the acute infectious diseases in general, the mortality from the disease of middle and later life is somewhat higher than last year. For the principal chronic cardiovascular-renal diseases the rate is up 1.0 percent, for diabetes 1.3 percent, and for cancer 4.4 percent.

"These diseases, most prevalent at middle and old age, accounted for almost 75 percent of all deaths from disease in the first nine months of 1948, as compared with a little more than 60 percent ten years ago," the statisticians comment. "This rise is mainly due to two factors, the increasing average age of the policyholders, and the extraordinary success in the control of the infectious diseases."

C. V. Newton and wife wish to announce that they have purchased the business formerly known as Irwin Furniture, located at 809 W. Foster. They carry a complete line of home furnishings and invite their old and new customers to pay them a visit.

SUB DEB CLUB HOLDS DINNER

The Sub Deb Club held its acceptance dinner Tuesday evening at the Country Club. Pledges honored at the dinner were: Donna Conley, Donna Wilkinson, Pam Thornton, Linda Fraser, Gloria Stalcup, Delores McAdams, Zula Margaret Brown, Virginia Jones, Ann Berry and Jean Hendricks. Pledges were presented with

blue pompon chrysanthemums. After the meal, pledge rules were read and big sisters were assigned. Phyllis Schlegel, president, administered the pledge oath and pledge ribbons were pinned on by Betty Joyce Scott. Other members attending the dinner included: Joan Stroup, Peggy Hukill, Lela Ward, Junice Fahle, Barbara Gonorod, JoAnn Bennett, Johnny Sue Hart, Betty Howard, Barbara Scroggs, Dorothy Dixon, Barbara Ward, Carol Sloan, Jean Patton, Merdella Roberts, Ann Sidwell, Gertie Lake, Ottolene Patton and Mary Ellen

Pampans Will Take Part in Delta Kappa Gamma Regional Meeting

Several Pampans are scheduled to take part in the program to be presented at the regional meeting of Delta Kappa Gamma, being held in Dumas Friday and Saturday.

A musical skit, "Life of a Teacher," will be presented by Pampa's Beta Delta chapter. Mrs. M. Roy Sullivan, Mrs. Minnie Allen, Mrs. J. B. White, Mrs. Quentin Williams, Mrs. L. L. Owen and Miss Anna Belle Cox are to take part in the skit. The convention will open Friday evening with a dinner honoring presidents and vice presidents of the various chapters in the region and two state chairmen, Mrs. Julia Dean Evans, Amarillo, and Mrs. Lee Nowlin of Plainview. The dinner will be given by Mrs. Ruby Travis, president of the Dumas chapter, at her home. Following the dinner, a workshop will be conducted by Mrs. Nowlin.

Convention sessions, held in the school auditorium, will open officially Saturday morning with a coffee held in the Home Economics Room from 8:30-9:30.

The general assembly will begin at 9:30 a.m. with Mrs. Julia Dean Evans, director of the A Capella Choir in Amarillo High School and chairman of the State Music Committee for Delta Kappa Gamma, in charge of the singing.

The Gamma Theta Chapter of Borger will conduct a panel on "Out of the Rut into the Groove." The initiation ceremony will take place at 11:15 a.m. Miss Frances Brown, Dumas, and Miss Emma Walker, Dalhart, will be in charge. Miss Nelle Alexander from the West Texas State Demonstration School will be the principal speaker at the luncheon. Her topic will be "Growth Unlimited."

Delta Kappa Gamma members from 17 counties are expected to attend.

Hawkins. A call meeting of club members was held Monday at the home of Johnny Sue Hart, 1012 Twiford. Meeting was called primarily for finishing details of the acceptance dinner. A rummage sale was set for Nov. 20 and a food sale was planned for Saturday, Nov. 6, beginning at 9 a.m. at the Piggy Wiggy Food Store. Sub Deb members are also to sell mums for the Lubbock-Pampa game.

Unemployment In State Dropping

AUSTIN —(AP)— Texas unemployment is dropping to a minimum in the non-agricultural labor field, the Texas Employment Commission indicated. The TEC reported a sharp drop in unemployment at the end of September and said the seasonal upswing in retail and wholesale trade caused by holiday shopping will give jobs to 30,000 new workers by mid-November and 6,600 more by the year's end. Unemployment is only fractional in Dallas, Fort Worth, San Antonio and Houston, said the commission.

SHOWER FETES MRS. BERRY

A miscellaneous bridal shower honoring Mrs. Jimmy Berry was given Sunday afternoon in the home of Mrs. Cecil Chisum, Johns Lease. Mrs. H. D. Farr was co-hostess. The hostesses presented the bride with a gardenia corsage. Miss Ann Berry, sister of the bridegroom, presided at the guest register. The serving table was laid with a handmade lace cloth. Pale yellow mums formed the centerpiece. The cakes were white with yellow and green decorations. Mrs. R. A. Veal, aunt of the bride, served the cake. Mrs. L. E. Chisum presided at the punch bowl and Mrs. Harry Dulaney at the silver coffee service. Guests other than those mentioned were: Mesdames L. J. Berry, Jeff Guthrie, R. E. Boydston, T. O. Thompson, H. M. Sloane, H. L. Dumas, Virgil Adams, H. H. Heiskell, A. V. Sanchez, Mr. and Mrs. Roy Guthrie, Ann Guthrie, R. E. Warren, Jr., Bobbie and Charles Warren, Misses Joan Stroup, Alice Dumas and Mary Jane Russum.

Kit Kat Klub Tea Honors Rushees

Kit Kat Klub held a tea in honor of its rushees Sunday in the City Club Room.

The table was decorated with blue and white mums and blue and white candelabras. A corsage of blue and white mums tied with silver ribbon was presented to the rushees, officers of the club and sponsors.

During the program, Norma Manatt sang a selection and Beverly Brandt gave a monologue. Phoebe Osborne played piano selections throughout the tea. Naneen Campbell, president, made a speech and the club scrap book was shown to the girls. Refreshments were served to the following rushees: Jacqueline Merchant, Jane Wilson, Jean Hendricks, Adney Pursley, Claire Parks, Jill Chapman, Donna Wilkinson, Ann Perkins, Carmen Thurston, Lee Ann Leay, Vivian Brake, Charles McDaniel, Phyllis Littleton, Pam Thornton, Harriet Schwartz and Donna Conley. Members and sponsors present were Mrs. P. O. Sanders, Mrs. Jake Osborne and Mrs. Dee Patterson. Refreshments were served by Mrs. Betty Wilson, Phoebe Osborne, Dolores Miller, Berdene Laycock, Diana Crawford, Tike Noel, Laura Nell Berry, Eunell Nentzel, Martha Parks, Nancy Patterson, Virginia McNaughton, Jane Hampton, Theola Reim, Jan Sanders, Jewell Mosley and Arvilla Patterson.

Next club meeting will be held Tuesday in the home of Virginia McNaughton, 1305 Terrace.

Halloween Party Is Held for Girl Scout Troop 28

Seventeen members of Girl Scout Troop 28 gathered Saturday evening at the home of Mrs. Robert T. Coley, 1113 N. Stark-weather. They were attired in appropriate Halloween dress and were escorted to the home of Ruth Steward, Catlin Lease, where they were entertained with a wiener roast. Somers and witch's brew were also part of the party fare. Ghost stories were told in an old garage, lit only by a large jack o' lantern. Hovering over it was a skeleton. During the recital of the ghost stories, several "spooks" walked, amid screams from the girls.

Mrs. W. E. Hinton, leader of the troop, and Mr. and Mrs. Coley had charge of the party. Mrs. Coley is assistant leader of troop 28.

Wesleyan Guild Meets With Mrs. Denson

The Wesleyan Service Guild met in the home of Mrs. Malcolm Denson Monday evening for its regular meeting with Miss Alma Wilson presiding for the business meeting. The minutes of the previous meeting were read and the

treasurer's report was given. Mrs. Lee Harrah directed the study on the United Nations and discussed the Berlin Crisis. Miss Minnie Allen talked on the UNESCO. Mrs. W. R. Putty gave the devotional and used as her subject, "Christian Womanhood."

Refreshments were served to: Mesdames J. M. Turner, Diamia Wood, W. R. Putty, Lee Harrah, Harold Wright, George Newberry, HOLLAND GETS U. S. RICE WASHINGTON —(AP)— American rice valued at \$2,976,000 for Holland was the largest single item among \$21,773,992 worth of Marshall Plan shipments authorized by the Economic Cooperation Administration. Aubrey Jones, Tommie Hammonds, and Iri Smith, and Misses Alma Wilson, Charlie Neal Young, Minnie Allen, Ines Chubb, Lillian Mullinax and Ila Pool.

Tablets

A modern, medical, orally-administered treatment that gets real results.

HOT FLASHES?

Are you going thru the functional "middle-age" period peculiar to women (35-55 yrs.)? Does this make you suffer from hot flashes, feel so nervous, high-strung, tired? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! Pinkham's Compound also has what doctors call a stomachic tonic effect.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

FAB with SUPER-WETTING ACTION

washes everything **FASTER, CLEANER, WHITER, BRIGHTER** than any soap... in hardest water!

FABulous, new washday discovery from the Colgate-Palmolive-Peet laboratories gets even extra-dirty wash extra-clean!

It's fabulous the way women are switching to FAB with Super-Wetting Action because it gets all family wash cleaner faster!

Super-Wetting Action, a new, scientific washing principle. When you wash, FAB penetrates materials faster and more thoroughly than soap... pushes dirt out!

Rich suds... no soap scum... in hardest water! Yes, rich suds to get clothes extra-clean... and no "graying" soap scum. Wash gets whiter, cleaner with FAB.

NEW INGREDIENT GETS WHITE WASH WHITER... COLORS BRIGHTER!

Yes, a fabulous, new ingredient in FAB gets white wash whiter... colors brighter and clearer. And, besides, there is no soap scum to "yellow" white wash or "gray" colors. FAB also removes dulling soap scum left by previous soap laundings.

Even grimeiest overalls, work and play clothes get cleaner faster with FAB with Super-Wetting Action!

Faster And Better

FOR ALL FAMILY WASH AND DISHES

Easy does it—after the Game

Hot Dogs De luxe

Hot dogs in fancy dress! Slice them steaming hot down the middle and fill with chopped onions. Then wrap a slice of Cheddar cheese around the hot dog, pop into a roll, and toast handsy. Have mustard and relish.

Everybody likes **Hills Bros Coffee** Lots of Hot Coffee

Welcome the crowd after the game... to a feast without fuss. Big, steaming cups of Hills Bros. Coffee will please them with fragrance, and flavor. Blended from the pick of the world's fine coffees, Hills Bros. Coffee has a goodness that's deliciously its own. And, because of "Controlled Roasting," it's always uniform in aroma, flavor and strength. By roasting the blend a little at a time—continuously—this exclusive Hills Bros. process insures an even roast for every coffee bean—none overdone, none underdone. Its fragrant freshness is guarded in vacuum-packed cans and jars. Write for free 28-page booklet—"The Art of Coffee-Making." Address—Hills Bros. Coffee, Inc., 2 Harrison St., San Francisco 19, Calif.

Agriculture Department Sketches Farmer's Future

By BRUCE BOSSAT
WASHINGTON — (AP) — The farmer's future as sketched out by recent Agriculture Department forecasts appears likely to be less rosy than the boom times he has known since the start of World War II.

Step by step, the department has been scanning prospects in the various phases of the nation's farm economy. The findings have special meaning for the great grain-producing midwestern states, where prosperity has been riding high.

Here's what the department reports in official documents:

1. Farmers' net income, on the upgrade for several years now, may soon begin to turn downward.
2. Farm costs, which have risen sharply but less steeply than income, can be expected to eat up more and more of the farmers' cash returns as income gains slow down and expenses continue to climb.
3. The farmers' "real" income, in terms of what his money will buy in family living, already is dropping and probably will decline further.
4. The value of farm real estate—at record or near-record peaks in many big agricultural regions—may be close to the limit of its upward march. Assuming

continued high-level output in the U. S. economy, land values may go up or down 10 percent from here on. If a recession should occur, the farmer is warned to look for a slide of as much as 20 percent.

5. Farm real estate debt on Jan. 1 this year was 26 percent below the total outstanding in 1940. But there are signs that the debt reduction is being reversed. In 1946, farm debt was 29 percent below 1940.
6. The farmers' tax burdens are still growing. Real estate taxes continue to nose upward, and the income tax load has become much heavier.
7. In 1946, farm operators paid federal income levies of \$15,000,000, on income earned in 1947, they paid an estimated \$960,000,000.
8. Despite many storm signals, prospects are for new peak expenditures by farmers in 1949 for farm machinery, household equipment and furnishings.
9. Such outlays, however, are likely to cause farmers to dig deeper into their accumulated savings in the future than they have in recent years.
10. In this connection, it is noted that farmers' non-real estate debt in 1947 reached the highest level since the early 1930s.

Champ Cotton Picker Repeats

EUGENE SHINAULT, 45-year-old sharecropper of Walnut Ridge, Ark., beat out 210 other contestants to become the first man ever to win two national cotton picking championships, at Blytheville, Ark. Shinault and his wife, above, are shown awaiting the judges' decision as they sit on the cotton he picked. First prize money was \$1000. Mrs. Shinault also won \$25 in the women's division. He won his first title in 1946.

Texas Farmers Enjoy Prosperity

SAN ANTONIO — (AP) — Despite one of the most destructive droughts in many years, Texas farmers and ranchers are enjoying unprecedented prosperity, V. N. Johnson, vice-president of the Houston Federal Land Bank, declared. Johnson and 16 district bank presidents, accompanied by J. R. Isleib, Washington, U. S. land bank commissioner, are holding regional conferences in Texas.

Indication of the prosperity of farmers and ranchers is reflected in the no-foreclosure record of the Texas banks for the last year and a half, Johnson said.

He reported that \$230,000,000 Texas loans in 1935 have dwindled to \$100,000,000.

MARTIAL LAW IN GREECE
ATHENS — (AP) — King Paul signed a decree placing all of Greece under martial law. It was a move intended to strengthen the government's campaign against the Communist rebels.

Farmers Warned To Shelter Pigs

AUSTIN — Chilly and changeable weather of fall and early winter can lead to serious losses among droves of swine, according to a warning to farmers issued here.

"Unless hogs are given the proper shelter," the American Foundation for Animal Health declared, "the farmer is taking a gamble with a possible outbreak of swine influenza. Flu losses this season could be especially costly."

Swine influenza is a cold, fast-spreading disease caused by the combined action of a virus and germ, the foundation explained. One of the chief problems with swine flu is the fact that it weakens pigs and makes them easier prey to cholera, enteritis and similar diseases.

"The virus and germ seem to cause trouble principally where swine are improperly housed, or unduly exposed to cold and dampness. Dry, well-bedded, well-ventilated, draft-free quarters are therefore vital precautions against this disease."

Farmers also were cautioned to watch their pigs for the first signs of an influenza outbreak—symptoms like listlessness, loss of appetite, coughing, labored breathing and watery eyes.

"Immediate diagnosis and careful nursing help to assure recovery, and also help prevent spread of the disease to the rest of the herd and help prevent deaths from secondary complications," the foundation said.

Planting Finished In Winter Legume Building Crops

WINTER legume soil building crops planting is just about over, the Roberts County Soil Conservation District, announces.

The crops were planted during September and October and will grow all winter. They can be used for grazing in March and April after wheat pasture is over and before grass pastures are good.

After the fields are turned over during the last of April, the fields can be summer fallowed to conserve moisture. At the present time the seed is high enough that the seed crop would be worth as much as wheat if left to maturity. The fields should be inoculated with nitrogen fixing bacteria and fertilized with phosphate fertilizer.

The district said there are several more plantings of winter peas and hairy vetch in Roberts County. Spurge Moore, Henry Hoffer, T. S. Barclay, Clark M. at the s, Wayne Maddox and Earl Smith have plantings of Dixie Wonder peas, Austrian winter peas and hairy vetch.

Places where the winter legumes have made a satisfactory growth, they have improved the land so better crops have resulted.

Nobel Prize Winner Speaks at A & M

COLLEGE STATION — (Special) — Dr. James B. Sumner, Nobel Prize winner in Chemistry in 1946, addressed the faculty and graduate students of Texas A&M College, yesterday.

Doctor Sumner received his graduate training at Harvard University and has studied at a number of European institutions. He spent 1921-22 at the University of Brussels as a fellow of the Belgian American Education Foundation. In 1937-38 he was at the University of Stockholm and the University of Uppsala, Sweden as a Guggenheim Fellow. He has been professor of biochemistry at Cornell University since 1939 and at present is director of the laboratory of enzyme chemistry.

The objective of Dr. Sumner when he started studying enzymes in 1917 was to find out what life is and what makes things grow. He is the author of more than 100 research papers and several textbooks. The subject of Dr. Sumner's lecture at A&M will be "The Relationship of Enzymes to Life."

Automatic can-making machines produce as many as 21,000 cans an hour.

Mass Wheat Spraying Is A Success

TOPEKA, KANS. — The mass wheat spraying experiment carried out last spring by Great Plains farmers was a success. Capper's Farmer, reporting on the broadscale use of 2,4-D on weedy wheat from Texas to the Canadian border, says farmers saved millions of dollars in harvest expense and many millions of bushels of breadgrain.

The farm magazine, after checking the spraying experience in six wheat belt counties, finds that farmers have the answers about using 2,4-D in wheat which they lacked last spring when weeds threatened the crop. Some mistakes were made and everybody didn't get the same results, says a current article, but there is general agreement on main points.

"The greatest benefit from spraying was ease of harvest," reports the magazine article. "Green weeds weren't left in standing wheat to slow the combine, require more power and dampen grain. Swathing avoids these troubles but means another trip over the field, boosting costs.

Spraying increased yields in most areas. This would be expected because weed removal left more moisture, fertility and sunlight for wheat. Most common increase reported was 10 percent. In certain areas killing weeds didn't help yields. L. C. Aicher, superintendent of the Fort Hays Experiment Station, Kans., thought that was because rains came at the right time in the season to supply both weeds and wheat.

"Early spraying was best for weed killing and wheat growth. Weeds were killed before they robbed the crop of fertility and moisture. Smaller weeds were easier to kill. Wheat, sprayed before it was fully tillered or stood, had more time to recover from any setback caused by 2,4-D or the methods of applying it."

The farm magazine declares that just about every kind of weed that grows in the areas came up in the thin wheat. Sunflower and wild lettuce were hardest to kill. Bindweed and other perennials were sprayed to kill top growth and prevent seeding.

Six A&M Grads Work at Laredo

COLLEGE STATION — (Special) — Six graduates of the Industrial Education department of Texas A&M College are employed by the Laredo Junior College, W. J. Adams, president of the border school, has announced.

They are H. E. Kallena, '38; William Burdette, '44; W. F. Mahaffey, '45; G. A. Moore, '45; J. C. Colley, '45 and J. L. Boone, '45. Boone who recently received his master's degree in Industrial Education, is supervisor for the vocational program of that school.

Bailey (Pappy) Drennan, another A&M graduate, is head football coach.

DESERTERS
There were no Seminole Indians before 1775. They are members of a band which deserted the Creek tribe and moved to the Florida country.

Little Countries in U.N. Talk Back to Big Powers

By FRANCIS W. CARPENTER

PARIS—(AP)—The little fellows in the United Nations are talking back to the big powers and slowly, but surely, they are getting results.

They succeeded in keeping alive negotiations for atomic energy control. They are scrapping now to keep talks going on control of convention armaments.

The little nations refused to accept a Western power demand that they slap Russia for the Berlin blockade. Instead they came up with a plan which blamed no one and urged the big four Council of Foreign Ministers

to settle the Berlin crisis. Andrei Vishinsky, Soviet deputy foreign minister, killed the "neutral" plan with Russia's 28th veto in the Security Council late Monday, but a spokesman for the little fellows said they would keep trying for some formula to bring the big powers together.

Delegates of the small and medium countries in the United Nations know they inevitably would be drawn into any war which might result from the big power squabbles.

They also know that the big powers need their support for any successful war. Knowing these things, they are treading cautiously, appealing for moderation and negotiation, and absolutely refusing to close any door that might lead to peace.

Everyone here makes long speeches against war. The little fellows in private conversations complain that the big five have quarreled so much that they are hurting the U.N. and disturbing the peace.

They say fervently that they

12 War Plants Put in Mothballs For Emergency

WASHINGTON—(AP)—Twelve surplus war plants that cost the government \$146,168,000 have been put into a reserve pool for use in the event of another war.

In reporting this, the Federal Works Agency said the plants are the first of 100 or more that eventually will go into the national industrial reserve set up by Congress last July.

Within a short time, the agency said, it expects to take over from the War Assets Administration three more plants.

All will be reconditioned and then put "in mothballs." Normally these plants, having a service life of 20 to 30 years, would have been sold or leased as surplus.

Federal works also is to take over, repair, and keep in stand-by condition about 50,000 units of machine tools, manufacturing equipment and other property in the plants.

The plants already placed in are tired of year after year of big power politics and discord. That was the motivating power behind Mexico's resolution which called attention to the disagreements and urged the five great powers to take every step to compose their differences. For a rare moment, the five great powers agreed that was a good thing.

Then they went back at it again. At this moment no one can say how far the Mexican resolution will go toward achieving agreement.

But at least the little fellows have made a start—and they say they will not back down in their efforts to stop the bickering.

From where I sit... by Joe Marsh

"Husbands, Wives, and Marriage"

Maybe you read that survey published recently in a national magazine, entitled "Husbands, Wives, and Marriage."

It showed that among happily married couples, those who criticized themselves outnumbered those who criticized the other person. Among unhappily married couples, it was just the opposite—each tended to criticize the other.

That's the way it is in our town, as I guess it is in yours. Criticism, whether it's of a wife's taste for hats, or a husband's taste for pipe

tobacco and an evening glass of beer or ale, is a sure start towards unhappiness.

As for what made happy marriages, companionship within the home was listed most important of all. And from where I sit, a husband and wife who can spend an evening by the fire—with nothing more exciting than a mellow glass of beer, and a friendly conversation—are a truly well-matched couple!

Joe Marsh

Market Briefs

WALL STREET

NEW YORK, Nov. 3—(AP)—The stock market went careening downward today for one of the sharpest declines in a couple of years.

The Republican upset touched off heavy waves of selling from all parts of the country. Losses ranged from 1 to 6 points.

Slight signs of a rally appeared now and then but none of the recovery moves had any punch.

Turnover topped the 3,000,000-share mark for the full session, second largest total for the year thus far. Monday's business amounted to 1,220,000 shares.

Business was orderly throughout although a good deal of crowding and pushing was noted around some of the trading posts.

Most key issues opened a full hour or more later, some not for three or four hours. Selling orders were so far out of line with buying that it took some time for traders to arrive at a price.

Exchange officials said the widespread delay was almost without precedent.

Among the sharpest losers were U. S. Steel, National Steel, Youngstown Sheet & Tube, Chrysler, American Telephone, Commonwealth Edison, General Electric, Dow Chemical, Allied Chemical, Goodrich Tire, Montgomery Ward, Caterpillar Tractor, Coca-Cola, U. S. Gypsum, Nickel Plate, Santa Fe, Southern Pacific, Standard Oil (NJ), Phelps Dodge, Bendix Aviation, and Schenley.

Cities Service slumped more than 50 points at one time in the curb before coming back a little. Also down were Ashland Oil, Humble Oil, Panhandle Oil, Niagara Hudson Power, and Electric Bond and Share.

NEW ORLEANS FUTURES

NEW ORLEANS, Nov. 3—(AP)—Cotton futures rose 90 cents to \$2.30 a bale early here today but in the later dealings gradually eased off under profit-taking and hedge-selling. Closing prices were steady 20 cents to 31.85 higher.

Paris Franchise May Be Moved in Big State League
DALLAS (AP) - The possibility of moving the Paris franchise of the Big State League to Temple was discussed here yesterday.
At the Class B baseball loop's meeting, President J. Walter Morris was instructed to go to Paris Wednesday and sound out local people on the prospect of their purchasing the franchise for its appraised value of \$37,810. They will be given first option.

Banquet to Honor Scouter

Four school administrators and the Adobe Walls Council Boy Scout executive met yesterday to plan a luncheon meeting for school administrators Nov. 22 at which time Dr. Albert K. Fretwell, chief Scout of the Boy Scouts of America will be the principal speaker.

Preliminary plans were made by Huelyn Laycock, county superintendent of schools, Knox Kindard, city school superintendent, Leo Johnson, superintendent of schools at Phillips, Rex Reeves, superintendent of schools at LeFors and Paul Beisenherz, Scout executive.

Superintendents and principals from 40 communities in the Adobe Walls Area Council will be invited. The luncheon will be held at noon Nov. 22 in the Palm Room, City Hall.

Dr. Fretwell, who served for several years as chief Scout executive, is well known all over America as an accomplished speaker. He was professor of education at Teachers College, Columbia University, before he became chief Scout. Also, he will be the principal speaker at the 20th annual banquet of the Adobe Walls Area Council in Borger the night of Nov. 22.

FINANCING

(Continued from Page 1)

If anything should be recommended to Congress in January to meet the crisis.

Greece—Steadily mounting American expenditures in Greece have prevented the Communists from taking over the country but have not succeeded in wiping them out. A new and probably greater military aid program—compared with \$175 million this fiscal year seems likely to be presented to Congress next session.

Hence the new problems of these critical areas rise out of the prospect of important spending cuts apart from the multi-billion dollar European Recovery Program with its demands on both money and goods at a time when this nation's own production and consumption are at peak levels.

Democratic control of Congress is expected to ease somewhat President Truman's handling of these problems, especially where money is concerned. Administration officials who were confronted last session with the so-called "meat-axe" methods of Chairman Taft-N.Y. of the House Appropriations Committee, are jubilant at the switch in party control.

Yet in the Senate the Democratic administration still may have to rely to some extent on the expected support of the prestige of Senator Vandenberg (R-Mich.) in seeking approval for bi-partisan foreign policy legislation. In that body, however, the leadership of Vice President Elect Barkley, as president of the Senate, should prove a great asset to the White House and State Department.

In the department itself, Mr. Truman apparently will have to find a new team to replace the Marshall-Loyett combination when his cabinet is reshuffled. The revolutionary new foreign policies of his administration for the past 18 months.

Both General George C. Marshall, who took office as Secretary of State in January, 1947, and Undersecretary Robert A. Lovett, who moved in six months later, are understood to plan to resign on or before inauguration day, Jan. 20.

Speculation as to a successor for Marshall presently is wide open. Names which may come before Mr. Truman for consideration, however, include former Undersecretary of State Dean Acheson and former Economic Undersecretary Will Clayton.

Speculation as to a successor for Marshall presently is wide open. Names which may come before Mr. Truman for consideration, however, include former Undersecretary of State Dean Acheson and former Economic Undersecretary Will Clayton.

HST

(Continued from Page 1)

stance—he advocated repeal of the Taft-Hartley Act.

Mr. Truman won all but four Dixie states in the face of his proposals to legislate against race segregation and to strengthen other civil rights.

This probably won't stop at least 21 Southern members from joining in a filibuster if any such proposals get to the floor of the Senate. Senator Pepper (D-Fla.) is an in-and-outer in the filibuster camp.

To satisfy the labor support which helped him carry some of the big industrial states, Mr. Truman is committed to proposing repeal of the Taft-Hartley Act.

But many Democrats who rode back into office with him would have to turn political hand springs to go along on that one.

And the Republicans who didn't have to run or who came back are not necessarily convinced that a vote for the Taft-Hartley Act was fatal to those who didn't return.

HALF MILLION

(Continued from Page 1)

of Labor, said labor is "going to expect Congress to wipe the Taft-Hartley Law off the books."

Texas CIO Director Robert Oliver called the results "a mandate for Congress to enact the whole New Deal social program that President Truman campaigned for."

AGNES ELBERTA WILSON, Independent Executor of the Estate of William Carl Wilson, Deceased.

Rites Today for Mantooth Infant

The infant son of Mr. and Mrs. R. A. Mantooth, Jr., Lubbock, died in a local hospital yesterday.

Besides the parents, the baby is survived by two sisters, Judy Kay and Linda Gail, and grandparents, Mr. and Mrs. F. A. Mantooth, Sr., Amarillo, and Mr. and Mrs. Nath Franks, McLean.

Graveside funeral services were held at Hillcrest Cemetery, McLean, at 2:30 p.m. today with an Amarillo pastor officiating. Interment was under the direction of Clegg Funeral Home.

Woman Injured In Car Wreck

Mrs. James A. Harris of Skellytown was injured at 9 a. m. today in an automobile accident near Skellytown.

The extent of her injuries are yet undetermined. She suffered a hip injury. Her husband, an engineer for Skelly, was bringing her to a local hospital for hospitalization in the maternity ward when their 1938 Ford collided with a blue Buick, which Harris said was driven by George W. Booser, Jr.

The Ford was damaged considerably and the Buick was also damaged. A Duemmel-Car, municipal emergency ambulance took Mrs. Harris to Worley Hospital. Neither Harris nor Booser was injured.

Legal Records

Marriage Licenses

Suits Filed
The following divorce suit was filed yesterday in the office of District Clerk Don Patterson:
Vilma Switzer versus William I. Switzer.

EXPERTS

(Continued from Page 1)

to end, they would reach from now to a wrong conclusion."

Before the election people sang: "Don't sit on the grass, Harry, it's Dewey."

Today, they're singing: "Don't sit on the grass, Tom, it's Harry."

But there's a fellow in Parker County who probably didn't get a hang out of the election.

He showed up at a Weatherford polling place Tuesday and spent 10 minutes reading the king-sized ballot.

Then he handed the ballot back to the election judge.

"You can have this back," he said. "I don't see anyone I want to vote for."

COMMISSION

(Continued from Page 1)

is hoped that something can be done about the underpass when federal funds are next available.

The commission discussed specifications for three water wells, to be built south of town where surveys have shown an abundant supply of water exists for the expansion of Pampa's water system.

Bids on the drilling of these wells will be opened Nov. 23, and contracts will be let as soon as possible because the city is anxious to get the expanded system in operation by next summer, commissioners said.

Leaves From a Correspondent's Life Note Book

By HAL BOYLE

NEW YORK —(AP)— It is unlikely the next war—if there is one—will be fought as experts predict today.

For there is no trusty crystal ball to give an honest preview of just how nations will best each others brains apart a generation hence.

Top-ranking veterans of one war are often the poorest guessers on how the following war will be waged. They tend to overrate one new weapon too much. Or they rely too heavily on methods that won them victories in the past.

It isn't only the French Army as the old quip goes—that prepares in peace to fight the last war over again. All armies have a tendency to.

The other day I picked up for five cents at a second-hand book stall a copy of "The Riddle of the Rhine" by Major Victor Lefebvre. He was a British chemical warfare specialist in the First World War.

His book was published in 1923. It contained part of an article by Maj. Gen. Amos Alfred Fries, then chief of the U. S. Chemical Warfare Service, pointing out that poison gas caused 75,000 of the 275,000 American First World War casualties. Gen. Fries prophesied flatly:

"No other invention since that of gunpowder has made so profound a change in warfare as gas is making, or will make, in the future."

But did it? Gas didn't play as profound a role in the Second World War as grand rifles, powdered eggs or the Red Cross doughnut girls.

The high commanders of all Allied armies after 1918 appear to have predicted future battles too much in terms of static trench warfare.

A young upstart French captain, Charles de Gaulle, found promotion slow after 1928, when he dared prophesy the doom of France unless it build longer-range and more mobile tanks.

Billy Mitchell met an even rougher fate in the American Army for championing airpower too robustly.

But Germany proved that De Gaulle and Mitchell were right. She almost won the Second World War because of her early lead in tank and plane strength.

Today the atom bomb dominates much military thinking even more than poison gas did after the First World War, because there is no known defense against it.

But as to predictions that it will certainly be the major weapon of any war to come, or that it will in itself save the land—well, don't forget the Maginot Line was once more promising than Santa Claus.

Irwin Furniture Company Is Sold

The Irwin Furniture Company, 509 W. Foster, a business institution in Pampa since 1926, was recently sold to Mr. and Mrs. C. V. Newton. Mr. Irwin plans to retire from active business.

The Newtons have been in Pampa since 1941, and Mrs. Newton has worked at the Irwin store for the past six years. Mr. Newton recently sold his service station at 623 W. Foster to C. F. Carney.

ARMY TO TRY 38 JAPS

YOKOHAMA—(AP)— Thirty-eight Japanese went to trial Thursday in the last of the minor war crimes cases to be tried by the U. S. Eighth Army.
